The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole \rightarrow signifie "A SUIVRE", le symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. CONSTITUTION

OF

The Church Society of the Diocese of Toronto,

INCORPORATED BY THE STATUTE OF CANADA

7 VICTORIA, CAP. 68,

FOR PROMOTING THE FOLLOWING OBJECTS:

- FIRST**—For the encouragement and support of Missionaries and Clergymen of the United Church of England and Ireland within the Diocese of Toronto, and for creating a Fund towards the augmentation of the Stipends of poor Clergymen, and towards making provision for those who may be incapacitated by age or infirmity, and for the Widows and Orphans of the Clergy of the said Church, in the said Diocese.
- SECONDLY**—For the encouragement of Education, and for the support of Day-Schools and Sunday-Schools in the said Diocese, in conformity with the principles of the said Church.
- THIRDLY**—For granting assistance, where it may be necessary, to those who may be preparing for the Ministry of the Gospel in the said Church, within the said Diocese.
- FOURTHLY**—For circulating in the said Diocese the Holy Scriptures, the Book of Common Prayer of the said Church, and such other Books and Tracts as shall be approved by the Central Board or Managing Committee of the said Association.
- FIFTHLY**—For obtaining and granting aid towards the erection, endowment and maintenance of Churches, according to the establishment of the said Church, in the said Diocese; the erection and maintenance of Parsonage-houses; the setting apart of Burial-grounds and Church-yards; the endowment and support of Parsonages and Rectories, according to the same establishment, and the management of all matters relating to such endowments.

I.

That before the Society shall enter upon business at any of its Meetings, the following Prayers be said:—

PREVENT us, O Lord, in all our doings, with Thy most gracious favour, and further us with Thy continual help; that in all our works begun, continued, and ended in Thee, we may glorify Thy holy Name, and finally by Thy mercy obtain everlasting life, through Jesus Christ our Lord. Amen.

O GOD, from Whom all holy desires, all good counsels, and all works of piety and charity do proceed, we beseech Thee to visit with Thy favour our Sovereign, Queen VICTORIA, and so rule her heart, that she may in all things seek Thy honour and glory. Prosper with Thy blessing the designs of this Society. Comfort with Thy grace those benefactors who contribute to its support. Bless the ministry of Thy servants, the Clergy; the endeavours of all who are engaged in spreading the knowledge of true Religion in this Province, and the labours of those Missionaries who are promoting the same in foreign parts. And may Thy Holy Spirit direct all our consultations to the advancement of Thy glory, and the good of Thy Church, through Jesus Christ our Lord. *Amen.*

O MERCIFUL GOD, who hast made all men, and hatest nothing that Thou hast made, nor wouldest the death of a sinner, but rather that he should be converted and live: have mercy upon all Jews, Turks, Infidels and Heretics, and also upon all those Heathen Nations on whom the light of Thy glorious Gospel hath not yet shone: especially the INDIANS of this Continent. Bless the means used for their civilisation and conversion, and take from them all ignorance, hardness of heart, and contempt of Thy Word: and so fetch them home, blessed Lord, to Thy flock, that they may be saved among the remnant of the true Israelites, and be made one fold under one Shepherd, Jesus Christ our Lord, who liveth and reigneth with Thee and the Holy Spirit, one God, world without end. *Amen.*

OUR FATHER, which art in heaven, Hallowed be Thy Name. Thy kingdom come. Thy will be done in earth, As it is in heaven. Give us this day our daily bread, And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation; But deliver us from evil: For Thine is the kingdom, The power, and the glory, for ever and ever. *Amen.*

AND WHEN BUSINESS IS ENDED:

ALMIGHTY GOD, Father of all mercies, we Thine unworthy servants do give Thee most humble and hearty thanks for all Thy goodness and loving-kindness to us and to all men: more particularly, for the providential support by which this Society hath been enabled to spread abroad the knowledge of Thy sacred truth. But above all, for Thine inestimable love in the redemption of the world, by Thy blessed Son, for the means of grace, and for the hope of glory, which Thou hast given us in the same our Lord and Saviour Jesus Christ; to Whom, with Thee and the Holy Ghost, be all honour and glory, world without end. *Amen.*

THE grace of our Lord Jesus Christ, and the love of God, and the fellowship of the Holy Ghost, be with us all evermore. *Amen.*

XIX.

That four Sermons be preached annually in the several Churches, Chapels, and Stations, of this Diocese, in aid of the funds of this Society, at such times as the Lord Bishop shall appoint; that of these collections the proceeds of one shall be annually invested for the benefit of infirm Clergymen, and the Widows and Orphans of Clergymen deceased; that the proceeds of two of the said annual Sermons shall be devoted to the maintenance of Travelling or Resident Missionaries in this Diocese, and that the proceeds of the fourth shall be appropriated to any other object embraced within its Constitution, as the Society may from time to time direct.

XX.

FIFTH ANNUAL REPORT
OF
The Incorporated Church Society,
OF THE
DIOCESE OF TORONTO,

PRESENTED AT THE ANNUAL MEETING AT TORONTO,

HELD ON WEDNESDAY, JUNE 2, 1847.

HOLY SCRIPTURE teaches, that "every good gift and every perfect gift is from above, and cometh down from the Father of lights," and that all preventing and co-operating grace is derived from the same sacred fountain, while to Christians is conceded the high and inestimable privilege of being workers together with Him, and of being used as His instruments in works of piety and mercy. Hence it is manifest, that every exertion which is made for the propagation of the Gospel, whether by individual members of the Church, or by the Church herself, in her corporate capacity, as "the body of Christ," must be made in a spirit of faith and trust, and in the way which has been divinely appointed; for such labours alone can expect to receive that grace of perseverance, which is promised to obedience, and so being watered by the continual dew of the Divine blessing, to effectually realise the solemn and important ends proposed. Bearing this great truth in devout remembrance, The Church Society of the Diocese of Toronto commences the Fifth Annual Report of its labours, by recording its humble thanks for the considerable measure of success, with which it has pleased Almighty God to continue to bless its exertions during the past year, in behalf of the various objects, for the accomplishment of which the Society received its Act of Incorporation.

In reviewing the labours of the Society during the last twelve months, it will be found, that though no new object has been carried out, and though it has been impossible to take final action on several important measures, in which the

clergy and laity feel a deep and mutual interest; yet that all things, it may be said, are in a healthy and satisfactory state, and proceeding gradually, but, it is hoped, securely in their legitimate course. Year by year more systematic measures are taken for concentrating the business of the Society, and for putting every thing in a more efficient train of action.

The attention of the Society has been much engaged from the first in devising some method for making a moderate but secure provision for the Widows and Orphans of the Clergy in this Diocese, but it has not as yet been able to adopt any definite plan of operation. In the course of deliberation many questions have come up incidentally, and many difficulties have arisen, which require the most patient investigation; besides which, it is a matter of such grave moment, and from the smallness of our means demanding such nice calculation and management, that the Society may surely be pardoned for acting on this occasion with extreme caution, and for not engaging hastily in any plan which, after working for a few years, might then suddenly fail to afford the assistance so much required.

So likewise with regard to Education: the Society brought this matter up in its last Annual Report, and called upon its members to bear in mind, that one of the objects, for which The Church Society was incorporated, is "the encouragement of Education and the support of Day-schools and Sunday-schools," in conformity with the principles of the United Church of England and Ireland; but from the peculiar difficulties, occasioned by the Common School Act, now in force in this section of the Province, the Society has hitherto found itself unable to engage in any system of religious education, and no grants have been made to any school. Still, however, the subject is being carefully weighed; the unremitting exertions which the Bishop of this Diocese has made in the cause of education through a long series of years, are well known, and whenever the proper time for acting in this matter shall arrive, the Society will, with his Lordship's recommendation and sanction, adopt such a system as shall combine an ordinary secular education, with daily religious instruction in the Holy Scriptures, the Catechism; and the Liturgy, and which shall at the same time be adapted to meet the wants of the country, and be proportioned to the means which may be annually placed at the Society's disposal for this purpose. It is hoped that this time is not far distant, and that such assistance will

be obtained from the Government in this matter as we can make available, consistent with the teaching of the Church. By the minutes of the Committee of Council on Education, issued from Whitehall, in August and December, 1846, provision is made for the instruction "of Pupil Teachers, in Church of England schools, in the Holy Scriptures, Liturgy, and Catechism, the parochial Clergyman assisting in the examination." And, in furtherance of this object, the Home Government have lately caused the necessary money estimates to be placed before the Imperial Parliament, which have passed by a very large majority. The moral effect of this measure will be felt in all the Colonies and dependencies of the Empire, nor is it unreasonable to expect that our own Colonial Legislature will follow so just an example, and, under the same limitations, provide for the members of the national Church in the Dioceses of Quebec and Toronto the like religious instruction, as may now be obtained in every Diocese throughout England and Wales. At least the same privileges will ere long be undoubtedly conceded to the members of the Church of this great Empire, as are now, in this Colony, exclusively granted to the Romanists.

An addition of only one has been made, during the past year, to the number of Missionaries. This has again arisen from an impossibility of procuring Clergymen, and not from a want of funds for the purpose, as the Society is now in a position to support from ten to twelve Missionaries. It must be likewise remembered, that the temporary investment of the Missionary Fund, beyond the sum specially invested by an order of the Society, occasions no loss to the Church, and that there is a manifest propriety in husbanding resources for the present, which will be speedily diminished, when a sufficient number of Clergymen can be procured. It is only from the Diocese itself that we can look for persons, who shall be prepared to undertake the office of a Travelling Missionary: for when Clergymen come out from the Mother Country, they are generally advanced in years, and they have often found themselves unadapted for this office, however zealous and earnest they may be, from being previously unaccustomed to such a manner of life. In accordance with the Constitution of the Society, the investment of the Missionary Funds is only temporary, it being intended that such funds shall be immediately applied to their legitimate purpose, whenever the Society can be furnished with additional Missionaries.

INCOME AND EXPENDITURE.

The following is a brief account of the Society's Income and Expenditure for the past year. Previous to the present Report, it has always been customary to include, under the head of Actual Income, the amount of receipts from sales in the Depository, and also of the rents received from lands held in trust for special purposes, but the officers of the Society are of opinion, that such a system, if persevered in, might unintentionally mislead the members of the Church in this Diocese, with regard to the amount of the Society's resources, actually available from year to year; and it has therefore been deemed advisable, that, for the future, the account of the actual Income for each year, should be confined to the amount of charitable contributions received during the year, and of dividends arising from monies invested for the general purposes of the Society. It will be proper to state, that the accounts have always been kept separate, but that heretofore it has been usual to publish in the body of the Report merely the gross amount of all actual receipts during the year,—a practice, which has been this year discontinued for the reasons above stated.

Balance from last years' account.....	£ 442 18 4
Receipts of the Society for the year ending 31st March, 1847.....	£1921 13 3½
	<hr/>
	£2364 11 7½

This statement exhibits a small decrease in the Society's Income. Last year the sum of £1970 8s. was received under the head of Charitable Contributions, and dividends on monies invested for general purposes, while during this year the actual income has amounted to £1921 13s. 3½d. This, however, may still be considered to evince a satisfactory state of things, as it must be remembered, that during the past year it has pleased Almighty God to afflict parts of the Empire with famine, meet which distress great exertions have been made in all quarters, and the considerable sums which, during the last four months, have been raised in this Diocese for the relief of the sufferers, have no doubt somewhat diminished the Society's receipts during the same period.

It is gratifying to be able to state, that the labours, which have been entered into in behalf of the Society, have for the

most part called forth corresponding exertions throughout the Diocese for local purposes. Here, as elsewhere, it has been generally observed, that every exertion, which has been made for Diocesan purposes by any Parochial Association or Mission, has been so far from impeding the accomplishment of objects strictly Parochial, that, on the contrary, the Clergyman has generally found an increased readiness evinced on the part of his people to assist him in local matters.

THE ANNUAL SERMONS.

There has been a decrease of upwards of £145 in the proceeds of the three sermons, preached during the past year, under Article XIX. of the Constitution, in behalf of the Society. This is a matter to be deeply regretted, as the steady working of the Society must depend largely upon this source of revenue. There are in the Diocese of Toronto 106 Missions, but collections have been this year received from only 84 Missions in behalf of the Widows and Orphans' Fund, 83 for the Missionary Fund, and 73 for the Bishop's Students' Fund. This circumstance, taken in connexion with the fact that there are yet many Missions in which no Parochial Associations have been formed, makes it necessary for the Society to call most urgently upon all the Clergy to assist in carrying out the objects for which these sermons are intended severally to provide. Justice requires that common exertions should be made by all in behalf of measures calculated to promote the common advantage of all. Take, for instance, one of the objects of these Annual Sermons—the Widows and Orphans' Fund. In the case of a death in any Mission, where the Clergyman had constantly neglected to bring this subject before his people,—and thus had never made any contribution,—under such circumstances, assistance could hardly be claimed from this fund with any degree of justice. In matters connected with charity, we do not look at the amount given, but

at the spirit and heart, in which the gift is made; as from local circumstances some parishes are able to contribute much more than others; but it must be understood that, in a Society incorporated for charitable purposes, there exists a reciprocal obligation for mutual help, between the Society on the one hand, and those who contribute on the other, and therefore that, as a general rule, the Society cannot render assistance in any quarter, except where hearty and zealous exertions are made in its behalf—according to the circumstances of the Mission.

GRANTS.

The following grants have been made by the Society during the past year:—

Towards repairs in the Parsonage at Woodstock	£12 10 0
The expenses of a Missionary visit to the Indians at the Sault St. Marie, by the Rev. Dr. O'Meara	5 15 0
Do. Rev. J. McIntyre, in visiting certain Indians in his Mission.....	3 7 6
The travelling expenses of a Catechist serving Mimico Church	10 17 6
To the Church at the Manitoulin.....	10 3 10

Grants have likewise been made of a Bible and Prayer Book for the use of the Congregation at Queenston. Of a Communion Service Book for the use of St. Mark's Church, Barriefield.

In the Simcoe Travelling Mission, Books and Tracts have been given to the value of £2 10s.

Two Travelling Missionaries are entirely supported by the Society, and the stipends of two more Travelling Missionaries are paid in part; while four resident Missionaries are likewise in part supported from the same source.

During the year salaries have been paid to two Indian Interpreters, and a small grant has been made to one Catechist and Schoolmaster.

Assistance has also been given from the Bishop's Students Fund, to four Divinity Students in the Diocesan Institution at Cobourg; one of whom, having found himself in circumstances to do so, has liberally returned to the Society the sum, which had been granted to him.

DEPOSITORY.

The issues have been to the value of £860 15s. 2d. By a comparison with the last Annual Report, it will be seen that the sales have decreased by rather more than £150. It is, however, satisfactory to know, that this decrease, which appears in the Depository sales of this year, may be attributed to circumstances over which the Society had no control. It was occasioned by the death of our London Correspondent, whose successors in his business refused, without any previous notice, to serve us on the same terms, and thus unexpectedly disappointed us in the receipt of our Miscellaneous Stock last fall, at a time when it was too late for us to obtain it from any other quarter. It is of great importance that every exertion should be made to increase the sales in the Depository, as it has ever been the object of the Society to disseminate useful and orthodox books of a doctrinal and devotional nature, and such works as set forth the Divine and Apostolic constitution of the Church of Christ. For, it must be remembered, that it is only on Scriptural and Catholic grounds, that the Church of England can be truly Protestant, and her members taught to resist successfully the erroneous doctrines advanced by Romanists and other Dissenters.

There have been circulated through the medium of the Depository, as follows :

Testaments	865
Prayer Books	1649

PROPERTY INVESTED IN STOCK.

During the past year the sum of £197 10s. has been invested on account of the Widows and Orphan's Fund, and the sum of £149 temporarily—both in the stock of the Upper Canada Bank; the sum of £2 15s. in Land Scrip; loaned

from Septuagesima Fund, £100; invested in lands including disbursements which are charged to the parties interested in the lands, £372.

Under this head it will be necessary to repeat, that during the past year the Society's attention has been again directed to the following important matter; the Widows and Orphan's Fund: and a careful report has been likewise submitted on the subject of building Parsonage Houses, and on the best system which can be adopted of loaning out small sums to aid in their erection; but, as was stated above, it has hitherto been found impossible to bring these matters to any safe and practical issue. The smallness of the means at the disposal of the Society calls for the most careful deliberation before any important measure is definitely adopted, as any false step would materially throw back, if it did not absolutely ruin, the particular measure taken in hand.

The Society takes this opportunity of acknowledging the kind and valuable assistance which the Parsonage Committee have received from the Rev. Dr. Beaven.

LANDS.

Some very valuable donations of lands have been made to the Society during the past year, the particulars of which will as usual be given in the Appendix. Active measures will be immediately taken to obtain endowments for those Missions not already so provided, and in furtherance of this object, a plan has been suggested by his Lordship the Bishop of the Diocese, which; it is hoped, when fully matured, will receive the hearty cooperation of every member of the Church in the Diocese.

During the last year the second instalment has been paid on certain lands in the Home District, in several townships not otherwise provided with glebes; in the hope that the members of the Church in such townships will repurchase them for the endowment of their respective townships; in which case the Society will assist the purchasers to a moderate extent, if their circumstances require it, and will, as far as its means allow, extend this system to other districts: and with this object in view, will be glad to receive information from all quarters, of lots of land eligible for glebes. The land department of the Society is entirely managed by the Assistant Secretary, who, as secretary of the Land Committee, has by his exertions brought this branch of the Society's operations into a very methodical and orderly system.

DISTRICT BRANCHES.

Considerable efforts have been again made by some of the District Branches, and the Society trusts that every exertion will be used to second the labours of the Parent Society, and that the District Branches will each year more effectually cover the face of the Diocese, and direct the attention of the people to the necessity of making a permanent provision for the ministrations of the Church in each township.

The District Branches are still 9 in number :

Newcastle and Colborne District.

The Committee of this Branch Society report, that the arrangements which have been made for carrying out the Travelling Mission, have not been altogether those which the Committee would have chosen, had circumstances permitted a choice. The conjunction of the duty of Assistant Minister at Cobourg with that of Travelling Missionary will not allow him to appropriate more than three-fourths of his time to ministrations in the distant settlements, and though it is true, that a proportionate decrease has been made in the assessments for Missionary operations from the several parishes in these Districts, yet it is obvious, that we should do our parts in raising sufficient funds for the employment of a Missionary, whose time should be wholly given to the work, as soon as the Bishop can ordain a Clergyman for this office.

Your Committee take this opportunity of bearing testimony to the zealous and judicious manner in which the present Travelling Missionary has devoted the due proportion of his time to the arduous duties of his Mission. The encouragement he has received compels your Committee to regret that more cannot be done in this interesting field of the Society's operations. In several successive Annual Reports the necessity of having at least two Travelling Missionaries in these districts has been brought forward. In fact there can be no question whatever, that, were every member of the Church within the bounds of this Association to exert himself as he ought, the very desirable object might in due time be accom-

plished of placing a Missionary in the exclusive charge of Cartwright and Mauvers, and another in Seymour and Percy, while a third might be profitably employed in the Colborne District. And in saying this we have of course in view the assistance which we might expect from the Parent Society, and the exertions to contribute towards the maintenance of their minister, which the townships, where he laboured, must admit it to be their duty to make.

Midland and Victoria District.

A Report has been received from the Kingston Parochial Association, which appears to be the only Association in that district. A resident Missionary at Barriefield is considerably assisted by this Association, at which place the Rev. Wm. Greig is now labouring diligently and successfully in the room of the late Rev. T. Pope.

Prince Edward District.

No Report has been received.

Niagara District.

The Report from this well-managed branch exhibits a small increase of funds over the past year, and a continuance of that steady and warm attachment to the Church, which has characterised its proceedings from the establishment of the Society. During the past year public meetings, in furtherance of its objects have been held in the churches at Port Dalhousie, Port Robinson, Thorold, Chippewa, Stamford, Dunnville, and the Lake Shore Township of Dunn. A similar meeting was appointed to be held in the church at Jordan, but it was omitted in consequence of the illness of the Rector. These meetings were generally well attended, and had, the Committee would hope, a salutary influence on those who were present. The Clergy of the district, who attended, were assisted at Thorold and Chippewa by the Rev. Dr. Beaven, at Chippewa and Stamford by the Rev. R. Garrett, at Dunnville and the Lake Shore by the Rev. F. Evans, and at the Lake Shore by the Rev. Wm. Stewart Darling and Thomas Champion, Esq. The Committee entertain the confident expectation, that at an early day this district will be provided with a Travelling Missionary, the whole of whose time will be devoted to supplying, with the services of the Church, and the preaching of the Gospel, those portions of the District which are without the ministrations of a settled clergyman. And

they would make this arrangement a ground for a renewed appeal to those of their fellow-churchmen within their bounds who have hitherto done little or nothing in this good cause, and also to those who have failed to throw even a single mite into the treasury of the Lord.

London District.

Since the separation of the Brock and Talbot Districts, there remain within its limits but seven stations, where Parochial Associations could be formed with any prospect of success: namely, the town of London, the township of London, St. Thomas, Delaware, Goderich, Adelaide, and Port Burwell; Associations have been organized in each of these places, but reports have been received only from three of them, viz., the town of London, the township of London, and Port Burwell. The particulars of these reports will be found in the Appendix.

Brock District.

The Committee of this Branch express their regret that their annual report should exhibit a falling off in the amount collected during this year, in the Rectory of Woodstock. It will however be seen, by comparing the accounts of the past year with the present, that the contributions from the district for general purposes have increased; and those for special purposes are likewise stated by the Secretary to be large. The amount of appropriation for local purposes is larger this year than formerly, which accounts for the remittance to the Parent Society being smaller. This Branch has conformed itself strictly to Art. xviii, which provides that "all monies not required to be expended for local purposes, and remaining unappropriated at the general annual meeting of the District Branch Association, shall be forthwith transmitted to the treasurer of the Society at Toronto."

The Hungerford Parochial Association is in full operation, and the return made from that parish is highly satisfactory. No returns have been received from any other stations in the district.

Talbot District.

A report has been received from this District Branch, which states, that the District Branch has not been able to do any thing this year for the general purposes of the Society, owing to the exertions which have been made for local matters, but they confidently express a hope to be able to do so for the future.

Gore and Wellington Districts.

This well managed Branch continues its prosperous course. An active and zealous Travelling Missionary is engaged in those Districts, from which Mr. Mockridge was removed, to take charge of a settled parish. The Rev. D. Fraser has been but a few months in his present sphere of duty, and yet the results of his exertions are already apparent, and are most satisfactory.

Application has been made by this Branch to the Bishop of the Diocese, for the appointment of a second Travelling Missionary, which they feel persuaded the Members of the Association will consider as causing an additional claim upon their zealous co-operation.

This Branch has, during the past year, had to deplore the loss of the late lamented Treasurer, Thos. Stokoe, Jun'r., Esq.

The following parishes have recently rendered their Annual Reports, in each of which it will be perceived there is a gratifying increase upon the success of the former year:—

“The *Guelph* Parochial Committee reports its income for the year just closed as being £44 1s. 3d., an increase of £6 over the previous year. This amount includes a donation of £5 by the hands of W. A. Thring, Esq., from an anonymous friend of the Church in England. Their Depository was in a flourishing state, and the sum of £13 had been expended in the purchase of a Lending Library.

“In the parish of *Galt*, a locality in which, until the last few years, the ministrations of the Church had never been enjoyed, the claims of the Society have likewise been met in a liberal manner. Their report exhibits an increase in the number of subscribers as well as in the amount of subscriptions. The former is 225, the latter £31 11s. 10d., including a donation of £5 from William Dickson, Esq. The Committee of this Parochial Association gratefully acknowledge a munificent donation towards their Church on the part of Messrs. Dickson and Shade. These gentlemen held bonds for monies advanced to the Building Committee to the amount of £130, which, in consideration of the difficulties still to be encountered in finishing the church, they most generously cancelled. They also acknowledge a donation of 100 acres of land from Mr. Hiscott, of Niagara, for the Church in Beverly. The Depository of this parish is likewise represented as being in a very prosperous condition.

“The *Dundas* Committee report, as paid over to the District Treasurer, the sum of £43, being upwards of £13 more than the income of 1845; and the number of their subscribers has been increased from 95 to 163. These cheering results, the Committee trust, will act as an incentive to still more vigorous exertion, and that they will be enabled, at their next anniversary meeting, to render a like pleasing account of their stewardship.

"The *Ancaster* Parochial Association reports its receipts as £17 5s., being £5 more than the amount raised in the preceeding year, whilst the number of subscribers has increased from 35 to 84; and the Committee justly remark, that although the amount of collections has not kept pace with the number of subscribers, yet the great addition to the number of the latter evinces a growing interest in behalf of the Church Society.

"In the Mission of *Binbrook and Saltfleet*, the Society has not only maintained its former reputation, but exhibits an increase in the number of resident subscribers as also in the amount of their subscriptions. Although the whole amount paid over to the Treasurer in both years is the same, the last year's income included donations from non-residents, which, if deducted from the whole income, would leave the amount of subscriptions from residents £20 5s., whereas the amount of similar subscriptions this year has been £25, being an increase of nearly £5; the additional £5, which make up the £30, was a donation from the Binbrook Committee, from their funds for local purposes.

"The Committee of the *Nelson* Branch report with pleasure an increase of about £8 over the past year, the amount collected for this year being upwards of £21, which sum must be considered large when the various local improvements effected during the past year are taken into consideration. It is gratifying to hear this Committee record with pleasure and thankfulness, that in no instance were the claims and necessities of the Church heard with coldness or indifference; her prosperity and extension seemed to be an object dear to the hearts of all.

"The *Brantford* Association regret that, in consequence of heavy local claims pressing upon them, the sum of £260 having been subscribed to liquidate the debt upon their church, they are unable to take as active a part in the operations of the Society as they could have wished; they express a hope, however, that they will be able to contribute their usual proportion to the Missionary Fund.

"A similar regret, arising from somewhat similar causes, has been expressed by the Committee of the *Oakville and Trafalgar* Association; at the same time, they communicate their intention to contribute a fair proportion to the Missionary Fund.

"The *Mokawk and Tuscarora* Association have again remitted the sum of £7 10s.

"The *Hamilton* Parochial Association are pleased to find a small increase in their subscription-list during the past year. The number of subscribers has advanced from 97 to 139, and the amount of subscriptions from £59 6s. 3d. to £81 7s. 11d. They cannot, however, close their eyes to the fact that the progress of the Society in this parish has not been proportional to that of other parishes in the united Districts, to the increase of our own population, or to the rapid improvements in other respects which are witnessed on every side. They fear there is yet too much indifference and lukewarmness, and too little individual effort; that too low an estimate is formed of personal responsibility, and consequently too low

a standard of personal exertion adopted. They have much pleasure in recording two instances of generosity on the part of individual members of the Church. One a donation to the Church of two furnaces, which supply the building with hot air, and which were erected by D. C. Gunn, Esq., at his own individual expense. The other a donation to the Mission Fund of the Parent Society of £14 12s. 6d. from Geo. L. Beardmore, Esq. The Committee take this opportunity of stating that the funds raised in this parish in 1845 were expended as follows:—

Insurance on the Church.....	£14	17	0
Sunday-School	11	10	0
One-fourth to Toronto.....	16	3	5
Mission Fund.....	22	14	0

The Depository, which has hitherto been rather cramped for want of means to increase its stock, is to be replenished immediately with Bibles and Prayer Books, and other publications of a religious and instructive nature."

Eastern, Johnstown, Bathurst, and Dalhousie Districts.

From the Report made by this Branch, it appears, that returns have been received from Brockville, Prescott, Cornwall, Richmond, and Williamsburgh' only, although there are 14 Missions in the District. The Secretary, in his Report, which was adopted by the Branch Society, at its Annual Meeting held on the 11th of February, says,—

"It would be well, therefore, to do here what has long been done in other portions of the Diocese. Let the Clergy make it a point of duty to visit the different parishes within the bounds of this division of the Church Society, for the purpose of endeavouring to arouse the members of the Church to what is expected of them in this respect. Two weeks spent in this way might be made the means of exciting the members to greater liberality, and thus of greatly increasing the funds of the Society. These observations relate principally to those parts whence no Reports have been received; for your Secretary has much pleasure in being able to say, that in the parishes whose Reports have been sent to him, the members generally have contributed according to their means. But the Secretary would wish again to impress on the minds of the members of the Church, that the increase of their liberality should always be commensurate with any increase which the Almighty Disposer of all events may be pleased to cause in their worldly substance, and that, without this, they have no well-grounded hope of long continued prosperity. God has always made his people feel, that to forget to give to his Church according to their means, is the sure way of calling down a righteous judgment."

Deep regret is expressed that the necessities of the Church should have required the removal of the Rev. Mr. Tremayne, who was Travelling Missionary in this district, to another

sphere of duty. Mr. Tremayne had, to a great degree, collected congregations which had been scattered and accustomed to attend the services of dissenters, which congregations have again in some degree been unfortunately scattered, owing to the removal of the Travelling Missionary.

On this subject a resolution was adopted at the meeting, That a respectful memorial be drawn up and presented to his Lordship the Bishop of the Diocese, requesting him to send as soon as possible a Travelling Missionary, to supply the place of the Rev. Mr. Tremayne.

Home and Simcoe Districts.

The Rev. Geo. Bourn still continues to be engaged in his laborious office of Travelling Missionary in the Simcoe District. He has forwarded a very interesting report of his labours in that quarter, an abstract of which will be published in the Appendix. In the course of his labours, the Missionary has been much opposed by those who preach the Socinian heresy. He has however had the satisfaction to find, that when the people were made aware of the danger of such doctrines, they immediately forsook this false teaching.

The extent of this Mission is so large, and the fatigue of incessant travelling so great, that Mr. Bourn finds his strength materially impaired.

Contributions have been received from Barrie, Orillia, Innisfil, Essa, Medonte, West Medonte, Coldwater, Oro, Penetanguishene, Tecumseth, West Gwillimbury, and Mono, in the Simcoe District.

The Home District is still without a Travelling Missionary. This is much to be lamented, and will naturally be a ground for additional exertions to render efficient the means which are in operation for training men for the work of the Ministry.

Contributions have been received from the City of Toronto, Thornhill, York Mills, Georgina, Loydton, Vaughan, Scarborough, and Chinguacousy, where the number of subscribers has this year been doubled.

The amount contributed by each Association will be seen by reference to the abstract of Treasurer's Accounts in the Appendix.

The Society has much reason to be thankful for the labours which have been so liberally undertaken in its behalf during

the last twelve months, and gladly acknowledges what has been done during five successive years, as an earnest of more vigorous and well combined exertions for the future. The same spirit of religious inquiry which manifested itself at the first, still continues to develop itself in a sober and satisfactory manner; and as Christian knowledge, when rightly received, leads to Christian practice, the happiest results may be expected to flow gradually from such a state of things. It is generally true, that in proportion as men appreciate their privileges as Churchmen, so in like manner do they learn to realize their responsibilities, and to remember the duty incumbent upon them of providing, as far as lies in their power, for the temporal wants of the Church whilst militant on earth. All are seriously invited to consider, that it is not enough to make provision for the annual necessities of this Society; but, as we labour for future generations, that a permanent endowment in land is needed in every township within the Diocese. And this endowment must almost entirely come from voluntary contributions; for the Canadian Church, like the Primitive Church, is poor and struggling, and her Clergy, for the most part, have little beyond the bare means of subsistence; and thus, under God, she depends solely on her principles for spiritual strength, and on the free offerings of her children for temporal support, in the great struggle in which she is engaged.

Much has been done, in various ways, and some valuable lands have been given to the Society, but more yet remains to be done; and as every year adds to the difficulty of obtaining grants of land, it is confidently hoped that all the members of the Church, whether of the clergy or the laity, will immediately take this matter into serious consideration, and second the Society in its labours on this point. It cannot be disguised, that each Colonial branch of the Church will, year by year, be more completely thrown upon its own resources, and that the venerable Society for the Propagation of the Gospel in Foreign Parts will, as the country becomes settled, reasonably expect to be gradually relieved from the heavy burden, which it has faithfully borne almost alone during so many years.

We must begin to look in earnest to ourselves, and this Society seems destined to be the chief engine for making a provision for the temporal wants of the Church: in such a position it is satisfactory to be able to reflect, that a combina-

tion of the humblest efforts will produce much. If, for example, as was stated in the last Annual Report, but one shilling were, upon the average, paid by each member of the Church in the Diocese, the present income of the Society would be trebled, and the Society would find itself in a position to carry out, to a great extent, its most important objects.

The members of the Society will take an interest in the fact, that arrangements are now being made, by which the number of Dioceses of the National Church will be largely increased during the present year. The Home Episcopate is to be augmented by four, and the Colonial Episcopate by four additional Bishoprics. This measure which will increase the number of Dioceses from 66 to 74, will add largely to the efficiency and stability of the Church through every portion of the Empire.

The Society has to deplore the loss of the Reverend Mr. Fidler, Missionary at Fenelon Falls, who has been suddenly removed by the hand of death, in the prime of life and in the midst of an exemplary and useful career. One Vice-President of this Society, the Honourable Mr. Justice Hagerman, has likewise been called away from this transitory world. In Mr. Justice Hagerman the Society has lost a warm friend and a zealous advocate.

The Society would, in conclusion, acknowledge the generous assistance which the two Venerable Societies at home still continue to afford to this Diocese: and the reports which have been kindly sent us by the Sister Diocesan Societies of Nova Scotia, Quebec, and New Brunswick, from a perusal of their contents, enable us to rejoice in their continued prosperity. It may be added, that the Church Society of Nova Scotia is about to apply to the Colonial Legislature for an Act of Incorporation similar to our own.

In conclusion, the Society calls upon its Members to bear in mind, that all are associated in the great work of being the humble instruments used for propagating the Gospel in the Church, and setting forth "the faith once delivered to the Saints." It is a great and arduous task: but let the work be done in faith, and let it be remembered, that "the battle is not to the strong," nor "the race to the swift," and that though men are the instruments used in this work of mercy, that the Almighty alone can render such instruments efficient. In this case, there is much to encourage labour, for we are striving in the cause of truth; and, what will cheer us in

many a dark hour of disappointment, we know that truth is eternal, and, however vilified for the time, must in the end prevail. As a sense of religion spreads amongst us, we shall all grow in self-denial and humility, and we shall be induced each year to labour with increased earnestness for that branch of the Holy Catholic Church, in which our lot has been cast, which was originally planted by Apostolic hands in this vast Empire, and which, having been mercifully enabled to return to its primitive faith, through the Divine blessing vouchsafed to the labours of our pious reformers, now stands as a city on a hill, alike remarkable for the purity of its doctrine, the Apostolicity of its orders, the mildness of its Ecclesiastical discipline, and the venerable simplicity and solemn dignity of its public worship.

INDIAN MISSION.

*Rev. R. Flood, A.M., Missionary to the Muncey Indians, to the
Rev. W. H. Ripley, A.B., Secretary.*

CARADOC, June 25th, 1847.

MY DEAR SIR,—If you consider the following brief outline of my late proceedings in England worthy of insertion in this year's Report of the Church Society, the same is at your service, according to promise:—

Suffering from rheumatism for some years, I thought it advisable at the close of the past year to cross the Atlantic, to try what good effect a milder winter than ours might produce upon a constitution already much impaired, and at the same time to bring before the members of the National Church the peculiar difficulties under which I laboured for want of funds towards printing a translation of our Liturgy into the Muncey language, as well as for building a place of worship for the converted Indians under my charge,—a step which I long deferred taking, in the hope that the Government, to whom I frequently applied on the subject, would ultimately be induced to build them a Church. The following document, with which the late Governor General was pleased to furnish me, when I called upon him on my way to New York, excluded all hope of assistance in that quarter:—

[Memorandum.]

CIVIL SECRETARY'S OFFICE,
INDIAN DEPARTMENT,

Montreal, 16th October, 1846.

The Rev. Mr. Flood, Missionary to the Indians, residing at Muncey Town, being about to proceed to England, to endeavour to raise by private subscription a sum of money, for the purpose of erecting a Church at Muncey Town, in the District of London, County of Middlesex, for which desirable object there are no funds at the disposal of the Government, the Governor General avails himself of the opportunity to express his approbation of Mr. Flood's exertions, and he trusts that the result will be satisfactory to Mr. Flood and beneficial to the Indians under his charge.

CATHCART.

It is with much pleasure I have to record the sympathy and kind interest which the worthy Secretaries of the Societies for Propagating the Gospel in Foreign Parts and for Promoting Christian Knowledge, manifested upon presenting to them the letters of introduction with which his Lordship the Bishop of Toronto furnished me. The latter Society took up the objects of my mission in the kindest manner, by undertaking to print, at their expense, a translation of the principal part of the English Liturgy into the Muncey language, as well as by making the munificent grant of £100 towards the erection of the Church at Muncey Town. I was under the necessity of confining myself to London while the Muncey Prayer Book was passing through the press, which occupied a good deal

of my attention, that it might be on the whole as complete and free from error as possible, as being the first attempt made to translate into that language. I had, at the same time, opportunities of making appeals in reference to the other object of my mission to England, soliciting subscriptions towards building the Indian Church, which were generally responded to, especially by the Bishops, to whom I applied in the first instance.—His Grace the Archbishop of Canterbury, with whom I had the honour of an interview, entered into the subject of Missions among the North American Indians most warmly, and by whose remarks I was much cheered and comforted, as I have been led, I doubt not through the good Providence and direction of Jehovah, into this peculiar sphere of labour, shortly after I settled in this part of Canada.

After my hands were disengaged from this department of labour, one of the Secretaries of the Society for Propagating the Gospel in Foreign Parts expressed a wish that the Rev. Dr. O'Meara, who was staying in town at the time, and myself, would be pleased to go on a deputation to the North of England, in behalf of the Society, which I cheerfully undertook, although not a Missionary myself of the venerable Society, yet knowing, as I did, that they had Missionaries in my locality who are not surpassed, in faithfulness and zeal in building up the walls of our Zion, in any other quarter of the globe. While engaged on this tour, I rejoice to say that I never experienced greater kindness and attention from both clergy and laity in the whole course of my existence, many of whom did not forget the objects I had in view in crossing the ocean, as their wite was freely given. I must not omit to mention, that many excellent ladies at Leeds, Hull, and Windsor, most kindly promised to make up articles of clothing for our Indian children, when I stated at public meetings, held at those places, that such dresses would be invaluable, as insuring their regular attendance at school during our inclement winters.

I must not omit stating, in conclusion, that shortly after our return from this mission to the North, which occupied nearly seven weeks, the Rev. Ernest Hawkins, the talented and devoted Secretary of the Society, was kind enough to write a letter of introduction by me to Charles Groves, Esq., of Liverpool, where I purposed staying a few days previous to my departure by the Boston packet. This worthy gentleman, who, I believe, is actively and prosperously engaged in commercial business, took such a lively interest in my affairs, that I fear he must have, for the time, forgotten his own, as he had not for a moment lost sight of mine. When I informed him, in reply to the question, how long could I stay, that it could be only four days, (as the *Caledonia* was to sail on the 20th April), he seized his pen, remarking that every moment of time was now precious, and wrote a number of letters, addressed to the principal merchants and men of business, begging ones of course, which, I need scarcely say, were attended with good results. His subscription of £5 headed the list of the Liverpool subscribers; but here his labour of love did not terminate. He so interested two Clergymen in my behalf, the Rev. Mr. North, of Liver-

pool, and the Rev. Mr. Baily, of Berkenhead, that I had their permission to occupy their pulpits to plead the cause of our poor Indians, on the only Sunday I remained. The sum thus collected for my object, amounted to £50, in only a few days; and I have no doubt, had time permitted, that, with the assistance of such an excellent man as Mr. Groves, who has, in more instances than in this of mine, proved himself to be the warm and disinterested friend of our Church, I would have had no difficulty in raising there the sum I now fall short of, £200, towards completing a brick Church, which I feel now desirous of erecting for the Indians of Muncey Town.

Your's truly,

RICHARD FLOOD.

The present arrangement of Services at the different Churches and Stations in the District.

The first Sunday in each month, I have service in the house of Mr. Craig, the west part of Medonte, at X o'clock.

The afternoon of the same day, in the lower part of Oro, at IV o'clock, twenty miles from my first station.

The Tuesday following, in Coldwater, a small village, twenty-four miles from my last station. Before service I hear the children say their Catechism and give them some instruction. At XI o'clock service commences. At VI o'clock, I have a Bible Class in Mr. Gill's house. The next morning call on all the people in the village before I leave.

The second Tuesday in each month, I have service in Essa, 51 miles from the last station, at X o'clock; in the afternoon, in Innisfil, at II o'clock, 10 miles from the first service, and in the evening at V o'clock, five miles farther north.

On Monday following, I have a Bible Class at the house I stop at, which is my home, at VI o'clock in the evening.

The last Sunday in each month I preach 14 miles from my home, in Mulmur Church, at XI o'clock, and 5 miles farther off, in the Township of Adjala, at III o'clock.

The following Monday, 9 miles from Adjala, on the Fourth Concession in Essa, I have service at XI o'clock.

On Tuesday, 18 miles from the last station, at VI o'clock in the evening, I have my Bible Class in Innisfil.

On Wednesday, 8 miles from the last station, I have service in the afternoon, at III o'clock, in Innisfil.

On Thursday, go to Shanty Bay, 13 miles from Innisfil; on Saturday, go on to Medonte, 15 miles, to be ready for the Sunday service.

These are my regular monthly appointments, besides which, four times in the year, I preach in Nottawasaga, on the 8th Con., 35 miles from Barrie; and in St. Vincent, on the 4th, 6th, 7th and 9th Con., but I have no stated times for visiting these places, as I must be guided by the state of the roads, and as the months contain five Sundays.

I also have an occasional Service in the North of Mono.

MEDONTE.—The people are preparing to build a Church on a lot of land given for that purpose by John Craig, Esq., the logs for which are on the ground and squared, and there is no doubt the Church will shortly be erected. The congregation is on the increase.

ORO.—The Service at this place being late, the people, who are principally English and Members of the Church, cannot attend in great numbers.

COLDWATER.—A most interesting station. Many of the people have been led to repentance, and are endeavouring to lead godly and religious lives. The Missionary baptized at this Station a mother and seven children, three of whom were adults. At this Station the children are regularly Catechised, which is found to do great good. The Services are well attended by a highly respectable class of settlers, who are very attentive and thankful for the opportunity of attending once a month at Church, and greatly desire to have a Sunday Service. The Evening Bible Class is well attended.

ESSA.—The Service on the Fourth Concession is not numerously attended, it being a thinly settled neighbourhood.

The Congregation on the Town Line between Essa and Innisfil is large, although the majority of the inhabitants are not Members of the Church, and are too ready to go to hear any one, no matter what their profession is, if they call themselves preachers. A better principle is, however, beginning to work amongst them.

INNISFIL.—The attendance at the Bible Class has doubled. The settlers are very regular in their attendance at public worship, and appear much disappointed when obliged to be absent. On the Penetanguishene Road, in this township, there are two Stations,—one at Jemby's Corner, the other at Myer's School House. At Jemby's Corner the people are

building a Church on a suitable lot of land given by Col. Duggan, of Toronto. The building is to be framed and rough-cast outside, 36 feet by 26 feet. At Myer's School House there is a week-day service, as well as one on Sunday; the settlers are mostly English and Church people.

MONO.—St. John's Church continues to be well attended; the Church-yard has been neatly fenced. The lot on which this Church is built was originally set apart as a glebe, on the faith of which the Church was built, it has nevertheless been necessary to purchase it from the Crown, and it will require very great exertions to raise the funds to meet the instalments as they become due. The congregation at St. Mark's, in the western part of the township, is a very encouraging one; they are regular in their attendance and devout in their behaviour. There is a Bible Class of 14, regular and anxious to be instructed, all men. The Missionary says, "I cannot leave Mono without speaking of the last Confirmation, which I have every reason to believe was one of the greatest blessings that ever rested on the township."

MULMUR.—The Service is held in the Church, though not finished, although it has had a good deal done to it. The attendance is regular.

ADJALA.—The attendance at this place is very regular: there are a great many Roman Catholics living in this Township, a few of whom are in the habit of attending the Service.

Townships occasionally visited.

In **NOTTAWASAGA**, service is held in a building erected by the Independents in the VIIIth. Concession. There are only a few Church families living in the Township, and those much scattered.

In **ST. VINCENT** there are four Stations, and good congregations at each. There are few places which more need the visits of the Missionary than this. Mr. Bourn is the first Clergyman of the Church who has gone so far back. He says, "I found some settlers who had been living there for 18 years, during which time they had not once heard the Church Service. Most of them had got their children baptized by the Methodists, but some of them had kept their children until the day that a Clergyman of their own Church could visit them."—"There was great joy amongst the old country people when they heard once more the prayers they so often repeated in their early days." The Missionary found that Satan had taken advantage of the neglected state of this Township to scatter very widely the pernicious heresy of Socinus. After giving some account of the extent of the evil, he says, "Thus are these people left, they have Methodist Preachers teaching in the same house, and on the same day that these doctrines [of Socinus] were cried up, and none lifted up his voice against them, till God enabled me to do so, then they followed."

The Missionary, in concluding his report, says, "I pray that the Church Society will soon be able to find a Missionary, who is better able to stand the fatigues of travelling, under which the strength of your first Missionary has given way."

The population of the Dioceses is an approximation from calculations based on the census of 1831 and 1841, and the average increase has been taken for the six years which have elapsed since the last census. The number of benefices is taken from the report of the Church Commissioners, and does not include the many parochial districts in which new churches have been built and new parishes formed, which must be numerous, as within the last 20 years 1200 new churches have been built in England and Wales, and 400 more are now building, and the majority of these have had parishes assigned to them.

The population of the Dioceses is an approximation from calculations based on the census of 1831 and 1841, and the average increase has been taken for the six years which have elapsed since the last census. The number of benefices is taken from the report of the Church Commissioners, and does not appear to include the many parochial districts in which new churches have been built and new parishes formed, which must be numerous, as within the last 30 years 1280 new churches have been built in England and Wales, and 400 more are now building, and the majority of these have had parishes assigned to them.

5. Armenian Church.
 There are no particulars given which can be depended on. This Church is reported to be governed by 4 Patriarchs, and to have had in the last century from 50 to 60 Bishops.
6. Chaldean and Mesopotamian Churches.
 We have no statistics to be depended on with regard to these Christians. Recent travellers have stated, that they have adhered to the simple truths of the Gospel and primitive teaching, much more than the other Eastern Churches.
7. Abyssinian Church.
 This Church is governed by one Archbishop, who is consecrated by the Patriarch of Alexandria.
- NOTE.**—If correct information can be obtained, fuller tables of the Eastern Churches will be furnished next year.
- The whole number of Christians is taken by a distinguished geographer (Baltz) at..... 250,000,000
 Of these the Bishop of Rome reckons, as acknowledging his jurisdiction 130,000,000
 But it is believed that this number is somewhat exaggerated—this, however, leaves 130,000,000
 Of whom nearly 100,000,000 are distributed in National Churches, under the jurisdiction of Bishops tracing their succession from the Apostles.
 The Swedish and Danish Christians are not reckoned in these National Churches, as the succession of their Bishops cannot be traced, and the Church of England cannot, therefore, allow the validity of their Orders.
 The Archbishop of Canterbury presides over the largest territorial province of the Church in the world.

INDIAN MISSION.

Rev. F. A. O'Meara, LL.D., Missionary to the Indians at the Mahnetoahngeng, to the Rev. W. H. Ripley, A.B., Secretary.

☞ This report came too late for insertion in its proper place.

MAHNETOAHNGENG, August 3, 1841.

REV. AND DEAR SIR,—It is, I believe, already known to most persons in the Province, who take any interest in the spread of religion within its bounds, that the Church of England Mission at Mahnetoahngeng, Great Mahnetoolen Island, is composed for the most part of Indians who have left the United States territory at the invitation of the British Government, having always been looked on with distrust and dislike by the Americans, since the active part they took on the side of England in the last war, and that they are differently situated from the other bands of Aborigines settled here and throughout the Province, the latter having, I believe, without exception, large incomes arising from the sale of the hunting-grounds of their fathers to the British Government, whereas the Indians settled at Mahnetoahngeng have no such advantage. They were led to expect, when they removed to the Island, that every thing necessary for their progress in Christianity and civilisation would be supplied by the bounty of the Government to which they committed themselves. They soon learned that a Christian village was incomplete without the village spire, and that a Christian congregation was incomplete without a suitable place set apart for the public services of religion, and they consequently asked that a suitable church should be built for them by the Government. At first there was every appearance of their desire being acceded to; the plans and specifications for such a building were even sent up from head-quarters, with directions to the resident Superintendent to proceed with its erection; but in a short time this work, already begun, was put a stop to, and the Indians informed that the Government had no funds available for building the proposed church. Already nine years had passed over the mission, and it had pleased God so far to bless the labours of His servants who had successively occupied that field, so that a considerable number of the Aborigines were brought in from heathen barbarism to partake of the blessings of Christian civilisation; but yet no place better than the small school-room of the mission received this church in the wilderness within its walls, when in the fall of last year the present Missionary, despairing of procuring assistance from the Government to enable him to finish even the frame building which the Indians themselves had commenced, resolved to apply for leave of absence, in order that he might visit Britain, and lay the case of his mission before the benevolent Christian public in England. In pursuance of this resolution, he took leave of his assembled people in an address, in which he endeavoured to direct them to Him who would be with them during the absence of their Minister, and keep them from all the dangers which the proximity of an erroneous system of religious instruction would expose them to; and having at Toronto armed himself with letters of introduction from his respected Diocesan to some of the heads and leading members of the Church in Great Britain, he took his departure from Boston by the Steamship *Caledonia*, the 1st of November, 1840, having, before going on board, been committed to the protection of Him who holdeth the storms and the winds in the hollow of His hand by the Minister and congregation of Grace Church, Boston, with whom he had also the privilege of partaking of the Holy Communion on the same day, and on that day fortnight, after a rather stormy passage, landed very early in the day in Liverpool. I will not attempt to describe the sensations which fill the bosom of one, whose love for Britain neither time nor distance can abate, when, after nine or ten years spent in a distant land and among far other scenes, he feels that he is once again treading the soil of a Mother Country, which every son and daughter she has produced has just right to be proud of, but will proceed to give a brief account of my labours in the cause which induced me to leave my people on the shores of Lake Huron, to solicit the aims of happy, generous England. As soon as I arrived in Dublin, where an aged mother, brother and sisters, whom I had not seen for nearly ten years, reside, I waited on his Grace the Archbishop of Dublin, and presented the letter of introduction with which my Diocesan had kindly furnished me to his Grace, who, I was delighted to find, entered most warmly and kindly into the subject of my Missionary work. His Grace inquired much with regard to the language, and as to the progress I had made in being able to address the Indians in their own tongue, and several times expressed himself quite convinced of the importance of a people being instructed, with regard to religious truth, through the medium of their own language. The Archbishop introduced me to the Provost of Trinity College, with whom I had a very interesting interview at his official residence, during the course of which he asked many questions with regard to the Missionary work in Canada in general, and among the Aborigines in particular, and said that if he were a young man, such a work as that which I described mine to be would be just what he would like.

While in Dublin, I attended three meetings, for the purpose of giving some account of my Missionary labours, and endeavouring to interest the hearers in the object for which I visited

Britain. The first of these was the Dublin University Association of the Church Missionary Society, which was particularly interesting to me, as from that Association I may be said to have gone forth to the Missionary work; and if I have had any share of success in that work, I feel no doubt it was vouchsafed to the prayers with which I was sent forth by my fellow-students, who then formed that Association. Our successors, whom I had on this occasion the privilege of addressing, seemed much interested in the details of Missionary labour given by Rev. Mr. Flood and myself.

The next meeting I attended was, by the invitation of his Grace the Archbishop of Dublin, of the University branch of the Society for Propagating the Gospel in Foreign Parts, which has been lately established under the Archiepiscopal auspices, and seems likely to be attended with beneficial results, in removing from the mind of the Irish clergy much of the prejudice that existed against the Society. After a most luminous and interesting speech from Rev. Dr. Hinds, in which he stated and ably combated many of the objections raised against the Society, I was called on to address the meeting, and was listened to with much indulgence, while I mentioned some facts from my Missionary experience which tended to confirm the observations made by Dr. Hinds. I was astonished to learn that this is the only branch of the Society for Propagating the Gospel in Foreign Parts in existence in the city of Dublin, though the Archbishop warmly supports that Society. His Grace gives a dinner to the members of the Association and such of his clergy as are favourable to its operations on the first Thursday of every month, to which I was invited for the first Thursday in January, but was obliged to be in London before that time.

The third meeting at which I spoke in Dublin was a District Association of the Church Missionary Society, assembled at Hatch Street, where I had the privilege of addressing a most respectable audience on the subject of Missions among the Red Indians of Canada, and several donations were handed in to the Rev. Mr. Day after the meeting, for the Church at Mahoning. During the whole of my stay in Dublin, I was fully occupied in giving information to different persons interested in the Missionary labours of the Church among the heathen, and I trust so much interest has been by this means excited on behalf of the Aborigines of Canada, that, when it pleases God to remove from Ireland the calamity that at present hangs so heavily upon her, the Red Indians will not be forgotten in the renewed exertions for the spread of the Redeemer's kingdom in the world which will then be made.

On the 3d of January I left Dublin by the Royal Mail Steampacket for Liverpool, and thence proceeded immediately to London, for the purpose of prosecuting my object in that wealthy and liberal city, having availed myself of the kind condescension of his Grace the Archbishop of Dublin, to procure from him a letter of introduction to the Archbishop of Canterbury. Of course my first step on arriving in London was to solicit the permission of the Bishop of London to plead the cause of my Indian converts within his Lordship's diocese, a permission which, in the kindest manner, was granted me by his Lordship, together with other substantial proof of his interest in the Missionary work among the Indians.

On the first reception day at Lambeth, being the next Tuesday after my arrival in London, I waited on his Grace the Archbishop of Canterbury, and presented my letter of introduction; and any who have the pleasure of knowing that truly venerable father of the Church of England, will not need to be told that I experienced the very kindest reception, and was listened to with the greatest interest, while giving his Grace some account of what our Church is doing for the Aborigines of this Province. I had subsequently another interview with the same venerable Prelate, when I was accompanied by the Rev. Mr. Flood, who, equally with myself, left the palace full of admiration of the manner in which we had been received by the venerable head of our Church. There is something in the aged Archbishop, independently of his high position in the Church, which tends to make an interview with him in the highest degree interesting. He is, as it were, the connecting link between us and the worthies of the last century. His Grace has seen and conversed, as a cotemporary, with the men whose works form the most valuable auxiliaries to us of the present day in the prosecution of the work of the ministry.

Having secured the countenance of the Archbishop of Canterbury and the Bishop of London, my next step was to prepare an appeal, stating the object for which I had come to England, a copy of which I send you with this; and when the appeal was printed, which was done at the expense of the Society for the Propagation of the Gospel in Foreign Parts, I waited on several individuals in the metropolis, whose names are well known in connection with every project, whose object is the spread of true religion in the world; and in general, both Mr. Flood and myself met with the kindest reception and a ready acknowledgement of the claims of the Red Men of this Province on the Christian sympathies of Englishmen, and I am sure that had the year not been so unpropitious as it was, would have obtained sufficient funds for all the objects contemplated in our appeals. I must not omit to mention the reception I met with from that amiable nobleman, Lord Viscount Morpeth, whom I called on at an early period of my stay in London, and had the honour of an interview with his Lordship, during the course of which he shewed a vivid recollection of the pleasure he had derived from his visit to Lake Huron, during the summer of 1842.

In the month of January, Mr. Flood and I attended two public meetings, to give an account of our Missionary labours among the North American Indians. One, a meeting of the Church Missionary Society, at the Music Hall, Stone Street, near Bedford Square, which was crowded with a most attentive audience; and the other, a meeting to establish a Missionary Association, in connection with the Society for Propagating the Gospel in Foreign Parts, at Mortlake, on the Thames. A third meeting was anticipated at this place, in consequence of the claims of the Society not having before been brought before the people; but it turned out an exceedingly well attended meeting, and Mr. Flood and myself were listened to with the greatest interest and attention. By the time the meeting was over, it was beyond the hour for the last omnibus to

London, we were glad to accept the proffered hospitality of the Rev. Mr. Coppleston, Rector of Barnes, who manifested much interest in the details of Missionary work which he heard from Mr. F. and myself.

The Society for Propagating the Gospel in Foreign Parts, having arranged a succession of meetings in Yorkshire, for the establishment of Parochial Associations and increasing the efficiency of those already formed, at the request of the Secretary, Rev. F. Hawkins, B.D., Mr. Flood and I left London on the evening of the 11th of February, by railway, to Leeds, where we arrived on the morning of the 12th; long before day-light, such is the almost annihilation of distance that steam has wrought in the Mother Country. Having waited on the Vicar and several of the Clergy during the course of the day, I found that notice had been given that I would preach in the evening at the Parish Church, for the Society, which I accordingly did, and on the next day proceeded by railway to Bradford, about fourteen miles from Leeds, in order to keep appointments in that neighbourhood, which had been made for me for the Sunday. The first was at Low Moor, about three miles from Bradford, from which town I went to it on horse-back, the ride being through a manufacturing region all the way. I preached twice at Low Moor Church, namely, at the morning and afternoon services; a peculiarity which I noticed in most of the congregations in manufacturing districts was, that the best attendance was always in the afternoon, the forenoon service being very thin indeed. My evening sermon, for the Society, was at the Parish Church, Bradford, where a full and attentive audience was collected. In the evening Mr. Flood joined me, he having preached for the Society at another of the churches of the town the same evening. During the course of the ensuing week, Mr. F. and I were present and assisted at meetings for the Society at Leeds, Bradford, Wilsden, the two former of which were exceedingly large and respectable. At Leeds the Rev. Dr. Hook, the Vicar, presided, and our appeal on behalf of our peculiar objects, seconded as it was by the Vicar's influence and liberality, was well responded to, and would have been much more so, but that the constant appeals to their charity, on behalf of the starving Irish, had nearly drained the pockets of the liberal. The Bradford meeting, which opened with a tea drinking, for the benefit of the Society, was very largely attended, both by rich and poor; but I am sorry to say, that, though a very rich town, our appeal on behalf of the Indian Missions was not so well responded to as in many very inconsiderable places where we subsequently were; but in every place our brethren, the Clergy, manifested the greatest interest on behalf of our object, and in some cases themselves accompanied Mr. Flood and me in our canvass for aid to our respective missions.—It is a pleasing fact, that Clergymen of the Church of England, of whatever shades of opinion they may be on other points, all feel that helping forward the Missionary work is as much a part of their duty as Clergymen, as any other belonging to their sacred office. This is a cheering fact to those who seek the prosperity of our Zion, seeing that the promise of the Divine presence to the Ministers of Christ in their work is so intimately connected with the command to go forth and teach all nations.

On the following Saturday Mr. Flood and I repaired to Wakefield, in the neighbourhood of which Sermons and Meetings were appointed for the Society. Three sermons for the Society were preached by me on Sunday, one in the fine old parish church of Wakefield, and two at churches in the neighbourhood, and two public meetings were held; the one at Wakefield was particularly gratifying, as brethren of all shades of opinion within the Church assisted on the platform. I shall never forget the emotion with which the excellent Vicar of Wakefield, Mr. Sharpe, addressed the meeting in allusion to the circumstance of so many being met together there without regard to Theological views, as brother Ministers of the same Church, to rejoice together at the success which their common Church had had in carrying the Gospel into the remote corners of the world, and to aid in the continuance and further extension of these labours. In our canvass in this neighbourhood for assistance in the objects for which we went to England, we were accompanied and materially assisted by the Clergyman of one of the district churches of Wakefield; and both Mr. Flood and I were able, from our own knowledge of the operations of the Society, to remove many objections which were made to it.

Another meeting was held in a country church at some distance from Wakefield, where the church bears an inscription which informs the stranger that the edifice was erected and endowed at the expense of a bulkier, who employed the money which God had given to his honest exertions, in raising a church in a populous neighbourhood. The meeting was held in the National School-house, a building which many neighbourhoods in Canada would have rejoiced to have had for a church, where an attentive and seemingly deeply interested audience assembled to hear what Mr. Flood and I had to tell them of the operations of the Missionaries of the Society for Propagating the Gospel, in general, and of our Missionary work in particular.

From Wakefield we returned by railway to the neighbourhood of Leeds, and attended a meeting at Thorne, a village on the road between Leeds and the metropolis of the North of England, where we found the School-house crowded by an attentive audience, who evinced their interest in the facts which were brought before them illustrative of the progress of religion in this Colony, by the amount of the contributions. We were entertained at the house of a Leeds merchant who lives in the neighbourhood of Thorne, and who by his kind attentions to us seemed to wish us to understand that he conceived his household honoured by the presence of two Missionaries of the cross. After the meeting at Thorne, Mr. Flood and I next repaired to the Archdeaconry of Craven, and held a meeting at Skipton. Mr. Flood went on by stage to Halifax, where his appointments were for the Sunday, while mine were at Skipton, where I preached for the Society at the parish church in the morning, to a very good congregation, and at the district church in the afternoon, when I had the thinnest congregation that I had yet addressed in England. Besides the two appointed sermons for the Society, I was requested by the Vicar to preach again in the evening at the parish church, which I did to

nearly as good a congregation as I had in the morning. This amount of exertion in such large churches proved too much for me, for I was seriously unwell the next morning, so much so as to make me fear that I should be unable to proceed to Halifax that day, but by the aid of medicine skillfully administered by the medical man of the town—who refused to take any fee from me—I was well enough to take the stage from Skipton to Bradford, and thence proceeded to Halifax. My only companion in the van from Bradford to Halifax was a woman with a child about five years old, and I was horrified to see the mother give her infant spirits till he became so intoxicated as to be extremely troublesome to me. I arrived at Rev. Mr. Haigh's just in time to accompany Mr. Flood and the Clergy assembled at Mr. Haigh's to the meeting, which was very well attended, the large school-room belonging to Trinity Church being crowded with a respectable and attentive audience, who manifested a lively interest in the details of Missionary labour that were brought before them. On the day following the meeting, Mr. Flood and I visited several wealthy members of the Church in the town, in order to plead the cause of our Indian Missions. We met with a great deal of prejudice against the Society for Propagating the Gospel, much of which we were enabled to remove by a statement of what we knew of the benefits conferred on this colony through the instrumentality of the Society. Another meeting in the neighbourhood of Halifax, which was crowded to excess, closed our labours for the Society in that district, from which we proceeded to the city of York, in the neighbourhood of which another series of sermons and meetings had been arranged by the Agent for the Society in the Province of York. The evening of the day that we arrived in York had been the time appointed for a meeting at some distance from the City, and therefore Mr. Flood and I had barely time to visit the magnificent and far-famed York Minster before we took coach for Thorpe Arch, a pretty village about 12 or 13 miles from the City, where two meetings were appointed, one at the school-house at Thorpe Arch and the other at a school-house within two miles of it. From Thorpe Arch we returned by stage to York, and I proceeded to Bolton Percy, where it had been appointed that I should preach for the Society on Sunday morning. The Rector of Bolton Percy is son to the Archbishop of York, and takes a great interest in the progress of Church Missions, an interest which was fully participated in by all the members of his family. Mr. Harcourt took me on the Saturday evening to see the church in which I was to preach on the following day; it is one of those buildings which abound in that part of Yorkshire venerable for its great age. One cannot walk up the stairs without thinking how many generations have worshipped here from the time of its foundation to the present day. It was interesting to notice in this as well as in some other old churches which we visited, the marks on the walls of the chancel where sedillas, crosses, &c., had been removed at the time of the Reformation. I preached to a large and attentive congregation at this church on the following day, and after the service proceeded by hackney-coach to York, where I arrived just as the bell of St. Mary's church, at which I was to preach that afternoon, was sending forth its last tolls before the commencement of service. I preached again in the evening at St. Mary's Le Pavement. I was surprised at the ignorance of the P. G. Society's operations that prevails among Churchmen in and about York. I trust the system which the Society has lately adopted, of having an Agent expressly for the Northern Dioceses, will tend to remove this ignorance and to improve the income of the Society in that part of England.

Leaving York on the following day, I took part in meetings for the Society at Newtown Kyme, Tadcaster, Sherburn, Cawood, (where we were shewn the gate of the Archbishoppal palace from which Cardinal Wolsey was led a prisoner towards London), Selby, on to Kingston-upon-Hull, where Mr. Flood remained to preach for the Society, while I went on to Beverley, where I preached thrice, once in the beautiful minster of Beverley and twice in St. Mary's Church.

At Hull a large meeting was held on the Monday evening, at which the Ven. Archdeacon Wilberforce presided, and we were happy to see almost all the Clergy of Hull, of every shade of doctrinal opinion, assembled on the platform, to hear what God is doing through the instrumentality of the Church for the conversion of the heathen in this part of the world. Here our labours for the Society concluded, and Mr. Flood and I returned to London, to pursue the objects for which we had come to England, and in which, such was the interest excited on behalf of the Aborigines of Canada, we should have been able to procure all we required, but that the season was so very unpropitious to the success of our efforts. While in Yorkshire I had received a note from Rev. Mr. Gould, Curate of Windsor, stating that he would be glad if Mr. Flood and I could assist at a meeting for the Society, to be held at Windsor, after our arrival in London from our northern deputation tour, and having accepted this invitation, on the appointed day Mr. Flood and I went down to Slough by railway, and thence to Windsor by omnibus. The meeting at Windsor was highly respectable and very numerously attended.

As a great part of the donations to the Lake Huron Indian Mission have been paid into the Societies for Propagating the Gospel and for Promoting Christian Knowledge, and as I have not as yet got any account of the precise amount in the hands of these Societies to the credit of this mission, I cannot say exactly the amount which will be available for objects contemplated in the appeal, but I think I am safe in saying that there will be between £400 and £500 currency.

As the frequency of fires at Mahnetoahng renders it unadvisable to erect a frame church, the plans and specifications for a small stone building have been prepared, but this cannot be raised for less than £800 currency. The aims of members of the Church in this Province are earnestly solicited towards providing for their poor Red brethren the blessing of a suitable place of worship. Donations towards this object will be thankfully received by Rev. H. J. Grasset, M.A., Rector, Toronto; Rev. A. Sanson, Rector, York Mills; and at the Church Society's House, King Street, Toronto. I remain, Rev. and dear Sir, your obedient servant,

F. A. O'MEARA.
