31ST YEAR

TRAVERS SAYS TRUST CO. \$175,000 Loan and \$120,000 Deposit Merged FORCED ADDED SECURITY

Former Manager Declares That Farmers' Bank Branches Were Milked of Notes to Provide \$300,000 Collateral for Consolidated Debts on Eve of Collapse—Hughes Charles' Story Told.

For just about ten minutes at the close of the hearing of the conspiracy charges against the provisional directors of the Farmers' Bank, J. J. Warren and J. R. Stratton, Dr. Beattie Nesbitt and C. H. Smith in police court yesterday afternoon, those present in the court room had one more view of the old dominant Travers, who drove thru the organization of the bank, crushing all obstacles before him. And out of the evidence the closing moments of the hearing it is possible that further charges will be laid to-day.

On a sudden the air of the courtroom grew tense. Matthew Wilson, K.C., counsel for J. J. Warren, had been pressing Travers on cross-examination, seeking to have him say plainly and without qualification that the deposit slip given by the Trusts and Guarantee Company to the bank at the time of the visit of Secretary Knight of the Bankers' Association represented a bona fide transaction.

Had \$120,000 Deposit. "Yes," with the added qualification, "as far as it goes," was as far as he could get Travers to go. A moment later Crown Attorney Corley took the witness for re-examination.

"It might as well all come out," said he as he took the witness. He then proceeded to draw from Travers the statement that, in its closing days, the bank owed the trust company, on a loan secured by Keeley Mine and other stocks, the sum of \$175,000, and also a deposit of \$120,000, which would rank as an unsecured claim upon the same basis as any other deposit.

Travers declared that he needed more money and went to the trust company's office to negotiate a further loan. There he discussed the making of a further loan. He discussed the affairs of the bank and company with S. C. Morden of the company, and Matthew Wilson, K.C., who was acting as its solicitor.

The company proposed to withdraw its deposit of \$120,000. Travers says that he told them that the bank could not meet the withdrawal, and, in fact, must have more money to go on with.

Asked More Security. Either Mr. Wilson or Mr. Morden told him that they were not satisfied with the security for the loan, nor with the unsecured condition of the deposits, and someone, Travers could not say whether it was himself or one of the others, suggested that the loan and deposit be consolidated in a new loan for which additional security be put up and that further moneys might be forthcoming to enable the bank to go on.

Travers pointed out, he said, that under a section of the Bank Act, it was an offence to give credit on an undue preference over other creditors by way of added securities. He was told that, if this was the case, it would relieve him of criminal responsibility, and that, as they were supplying the pressure, he would be released. The loan and the deposit were consolidated as a new indebtedness of \$225,000, and \$300,000 worth of notes were called into the head office of the bank from the branches and put up as security for the consolidated debt.

Got No More Funds. No money was then advanced nor was Travers able to secure any further advance, but he says that on one or two occasions Mr. Wilson and Mr. Morden told him, when he urged that the bank must have money or close its doors, that it might as well suspend one day as another. This was a story drawn from Travers by Mr. Corley.

When this evidence was given, Magistrate Denton remarked that it did not appear to be an offence to take an undue preference while it was going on. Mr. Wilson rose to say that at the supreme court decision held that, where there was pressure for a debt, it had been held that the giving of such preference or additional security was not held to be criminal.

"And you supplied the pressure?" queried the magistrate, who then, with Mr. Corley, discussed whether or not it would be competent to charge conspiracy where a number of men had agreed together to have an undue preference given to one creditor over others.

Company Paid in Full. At the close of the hearing Mr. Warren stated that the company had been paid in full. It was afterwards stated that this had been done under protest. Mr. Warren asked that it be stated that the Trusts and Guarantee Company is well and strong financially.

The hearing adjourned till 11 o'clock this morning, when it is likely that Magistrate Denton will decide whether or not the defendants will be committed for trial. Mr. Corley did not think that he will have any further evidence to submit. When this case is closed the crown will go on with the charge against Mr. Stratton and Mr. Warren of illegally accepting the currency of the bank as a pledge for a loan of \$58,000, contrary to the Bank Act. Tomorrow, before Judge Winchester, in county judge's criminal court, the charge of making false statements to the government, upon which President

Mr. Hughes Charles' Letter.

This is the letter, read in court yesterday, which H. Hughes Charles of Montreal wrote to Sir Edmund Walker, when Sir Edmund was general manager of the bank of Commerce and Mr. Charles was manager of the Peterboro branch of that bank. Yesterday he swore that it contained a correct account of the conversation between Mr. Stratton and himself, relative to the loan of the Trusts and Guarantee Company to the Farmers' Bank, by which the bank was able to make its deposit with the finance department and secure the certificate to open its doors for business: Peterboro, Dec. 10, 1906.

"Dear Mr. Walker: "I do not know whether the conversation I had with Mr. Stratton was to be considered by him as private or not, but it took place openly at an afternoon tea on yesterday week and (here follows a name which was not read) and ladies were present.

"He asked me how I would like to buy some stock in the Farmers' Bank and I told him that I thought that it was a poor institution, and did not think it would go on anyway; then he said he had made them an advance of \$80,000 to make their cash deposit with the government. I asked him if he was not taking a great risk and he said no, he got everything they had as security. I asked him what he meant by that and he said the farmers' notes which had been given for stock, and that he had ample margin and was getting 8 per cent and a bonus.

"He did not say whether the advance had been made by the Traders' Bank of which he is vice-president, or by his trust company but I rather think it must have been the latter.

"I was on the train on Friday evening when I was returning from Toronto and he volunteered the information that his loan had been repaid in full with interest and bonus.

"Yours truly," B. E. Walker, Esq., General Manager, Toronto, Ont. (signed) H. Hughes Charles.

This is the letter of which Mr. Stratton, in a published statement, has said: "I am entirely at a loss to understand what conversation could have taken place that would lead Mr. Charles to make such statements as the letter is said to contain."

APPLAUSE FOR SPEECH AGAINST RECIPROCITY

An Unprecedented Outbreak of Feeling From the Galleries of House of Commons—Hon. Rodolphe Lemieux Tries to Minimize Effect of Toronto Demonstration.

OTTAWA, Feb. 21.—(Special.)—Tradition was annihilated in the house of commons shortly before 8 o'clock this afternoon. Dr. Spruille was denouncing the reciprocity pact in vigorous terms. He had reached the point in his argument which showed that the meaning of the arrangement was the absorption of Canada's trade by traders of the United States, and Canada would find their destiny confined to absorption by the republic. At this point there came an outburst of applause from the public gallery.

The sergeant-at-arms looked for instructions. The applause, however, ceased as suddenly as it had begun and the officials of the house thought it better to take no notice of the transgression. This is said to be first occasion on which the commons has received applause from the galleries since confederation.

Hon. Rodolphe Lemieux spoke in reply. It was the first important deliverance by the postmaster-general since his return from South Africa. Towards the close of his speech he took a hint at Montreal and Toronto business men who had declared against reciprocity. They included, he said, a number of the most prominent trustees and insurance men, who feared that the agreement would mean fusion.

B. Ames (Montreal) moved the adjournment of the debate. Leaving the Imperial Drum. G. Kyle (Edmonton, N.S.), continuing the debate on the reciprocity pact, gave an enthusiastic endorsement of the government's proposals, more particularly because of the good effect he thought they would have on the industries of the Maritime Provinces. At the outset Mr. Kyle remarked that but little new ground has been broken by opposition speakers. The imperial drum had been beaten and the staking horse of annexation had been trotted out, there had been an abundance of pessimistic views and lachrymose sentiments, but no real arguments against the proposals. If a reciprocal agreement in natural products was to be of advantage in 1911, why would it not be equally advantageous in 1911? queried Mr. Kyle.

Mr. Kyle, with the idea of refuting the argument that Canadian railways will suffer, referred to the announced determination of the C. P. R. to proceed with the construction of the shorter grain route from Victoria Harbor to Montreal.

Trade With Maritime Provinces. Dealing more particularly with the benefits which would result to the Maritime Provinces under the agreement, Mr. Kyle said that with the exception of coal and steel, reciprocity between the Maritime Provinces and Ontario would be an exchange of the manufactured products of the latter for the cash currency of the people by the sea. At times, he admitted, there was a market for Maritime potatoes in mid-Canada, and fish to a limited extent came as far east as Montreal, but the natural markets for such products, was to be found in the United States. The people

of the Maritime Provinces, who occupied the chair, said he deemed it a great honor to be president of the Toronto Board of Trade in the year of the inauguration of the Ontario Associated Boards of Trade, which he referred to as Ontario's trade parliament.

A. J. Young, M.L.A. of North Bay, in proposing the toast to "New Ontario," said: "We people in the north are trying to show you what a heritage we have."

The banquet tendered the Ontario Associated Boards of Trade by the Toronto board at the National Club last night was a decided success both in the number who attended and the enthusiasm that prevailed. The main objective of boards of trade, almost since the first organization, has been the promoting of the commercial welfare of the municipality, and it is only in recent years that they have broadened their aims to include other phases in the life of the district in which they act.

The gathering last night, at which representatives from every district in Ontario were present, was remarkable in that interest centred on the subject of agriculture, and development of natural resources. The boards of trade in this province are recognizing that agriculture is the nucleus of Ontario's prosperity and importance as a part of the Dominion and agricultural development has been made one of the objects of the first provincial chamber of commerce.

President R. S. Gourlay, who occupied the chair, said he deemed it a great honor to be president of the Toronto Board of Trade in the year of the inauguration of the Ontario Associated Boards of Trade, which he referred to as Ontario's trade parliament.

A. J. Young, M.L.A. of North Bay, in proposing the toast to "New Ontario," said: "We people in the north are trying to show you what a heritage we have."

The police detectives have a clue that may lead to apprehension.

A DEAD-FALL

WILL THE BEAVER WALK INTO THE TRAP?

MAKING CANADA THE LOOSE FRAGMENTS OF A NATION

Another Annexation Proposal.

BISMARCK, N. D., Feb. 21.—Annexation of Canada came before the legislature to-day when Representative Sorlie introduced a resolution declaring that the measure pending before congress and the Canadian Parliament, relating to the free exchange of farm products, shows that the two countries have interests in common.

It is also contended in the resolution that the people of the two nations can both be served under the same government. Pointing to the fact that Western Canada is largely populated by citizens of the United States, the resolution asks North Dakota members in congress to use their influence in bringing about a peaceable annexation treaty.

Monster Meeting of Protest Against Reciprocity Deal Was Held at Hamilton—Resolution Passed Calls on Government to First Ascertain the Opinion of the Whole Country on the Question.

HON. GEO. E. FOSTER PRINCIPAL SPEAKER

HAMILTON, Feb. 21.—(Special.)—Association Hall was crowded to-night at a mass meeting of citizens held for the purpose of protesting against the proposed reciprocity agreement between Canada and the United States.

The speaker of the evening was Hon. Geo. E. Foster, who denounced the government for its foolishness in proposing to enter into a ruinous agreement with the United States at a time when Canada was just on the threshold of the promised land, as it were, and he pointed out a number of ways in which the country was sure to be disastrously affected. He was heartily cheered at the conclusion of his address, and by a standing vote the vast audience adopted a resolution of censure on the government.

The resolution was as follows: "Resolved that citizens of Hamilton, assembled in mass meeting, believe that the sober sense of the country as a whole is against any change in the trade policy under which Canada has grown to her present limited state of prosperity.

"That we hereby record the bounden duty of every Canadian to resist to the last anything that might endanger our status as a component part of the British Empire, and that we feel that a treaty such as proposed might easily prove to be the entering of a wedge that would eventually result in the separation of our interests from those of the mother land.

"That we hereby record the untimely opposition of our countrymen to the proposed reciprocity treaty with the United States, which treaty would involve the country in dangers not yet fully realized, and we consider that the government should first ascertain the opinion of the whole country on this question and receive a definite mandate thereon before committing it to a change so revolutionary as this reciprocal trade policy, threatening not only the trade but also the more vital interests of Canada as a nation.

Throwing Down Our Ideals. Hon. Mr. Foster said that for the last forty years he had been making sacrifices and he asked if we were now to throw down our ideals. If we did, we said, we would be the loose fragments of a nation. The proposed trade agreement was not a real reciprocity pact anyway, said he. The United States

A SIGNIFICANT RESOLUTION

WINNIPEG, Feb. 21.—The Winnipeg Grain Exchange, by a large majority, passed the following resolution: "Resolved, that in the opinion of the members of the Winnipeg Grain Exchange, the proposed measure of reciprocity in trade between Canada and the United States of America, now under consideration at Ottawa and Washington, if ratified, will not be in the best interests of Canada."

GOVERNMENT SHOULD WAIT, SAYS BOURASSA

Should Not by Indecent Haste Make Americans Believe Canada Hungry for Reciprocity.

MONTREAL, Feb. 21.—(Special.)—The opposition is so very pronounced here against the Washington arrangement, that Mr. Bourassa, who came out at first against the measure, is now obliged to declare in his paper, Le Devoir, that the ministers at Ottawa should wait. Mr. Bourassa says that Ottawa cannot decently ratify the agreement before the result is known at Washington. Mr. Fleiding addressed Mr. Bourassa, stating that the Canadian Government would suspend the operation of the new tariff up to the time the American authorities have manifested by their legislation and their administration acts their good faith.

This, however, is not sufficient, for, according to Mr. Bourassa, about many people will be doubtful about accepting the opinions of Sir Wilfrid Laurier and that of Canadian and other annexationists of yesterday, and the Nationalist order also wants the Parliament of Canada to down this annexation question once and for all. He wants the house of commons of Canada to make an explicit and formal declaration that the representatives of the Canadian people are firmly determined to conserve intact the political autonomy of Canada and the which binds them to Great Britain.

Fun for Playgoers. A barrel of fun is in store for those who attend the big musical production, "The Girl in the Train," which, with that favorite comedian, Frank Daniels, at the head, will be seen at the Princess Theatre Thursday night and for the balance of the week and Saturday matinee. "The Girl in the Train" is hilariously funny and has been a decisive hit everywhere produced this season.

THE BEST SPRING HAT. If you buy a hat to-day it should be a new spring hat. The imported one that comes with the name of a big maker on the inside band is the one for you, for that ensures you will have something exclusive in style and quality. The Dinesen Company is sole Canadian agent for Henry Heath of London and Dunlap of New York. These hats are the world's leaders. The spring blocks are now all on sale.

WATERED STOCK TYRANT OVER MASSES

Over-Capitalization and Mergers Which Raise Prices Exorbitantly Go Together in Ontario, Declares J. W. Johnson—Alleged Canning Monopoly Vigorously Assailed—Bill Finally Withdrawn.

Cabinet ministers and the members of the Ontario Legislature at large paid close attention to the speech of J. W. Johnson, West Hastings, upon the question of watered stock yesterday afternoon. The sequel was an animated debate with the mover, a government supporter, refusing to accede to his leader's suggestion to withdraw the bill. The prime minister had been given to understand that the measure was introduced to enable the mover and the hon. member to discuss the position of affairs with respect to over-capitalization.

All might have gone smoothly but for the fact that Allan Studholme rose with a denunciation of anybody who would be weak-backed enough to withdraw a good measure just because his party didn't like it. Mr. Johnson retorted quickly the imputation and declared that he would press the motion. When the vote was taken it was lost, of course, and Mr. Johnson did not call for a division, but it occasioned a very heated debate.

Watered stock a Tyrant. Mr. Johnson declared that "watered stock made the poor man poorer and the rich man richer. It was an instrument of tyranny, the evil of which had been exemplified in the United States. It was applied in effecting mergers and combinations. The burden of the cost to the consumer was the promise of an increased production and a reduced price. The results were inevitably the reverse.

"Extortion," was not a strong enough word to describe the way the express companies had filled their coffers. The Canadian Express Co. had, with a capital asset of \$249,000, watered its stock up to \$2,000,000, and the Dominion Express Co. had beaten this a long way.

The effect of the merging of small companies for the purpose of getting control of a certain output was noted in the formation of the Canadian Canning Company, Limited, and the subsequent consolidation with the Dominion Canners, Limited. They controlled 80 per cent. of the canned goods consumed in Ontario, and where we used to get three cans of tomatoes for a quarter, we get only two now. Where corn used to sell three cans for a quarter, it is now ten cents a quart.

Canning Company's Capital. The Canadian Canners, started by merging 24 factories, then the Dominion Canners added 14 more. Thirty thousand dollars each would be a high valuation to put on the 48 factories, so that \$1,440,000 would be the limit of their tangible assets. Yet the capitalization was \$5,700,000. The difference of \$4,260,000 is watered stock, and the company had, under its charter, the reserve power to issue \$12,000,000 more of stock.

In 1910 the company made a profit of \$400,000, which was 27 per cent. on its actual assets.

These figures were made by eliminating competition and getting control.

## TWO SIDES TO A STORY SO W. J. MCGART FOUND

Stormont Member Wanted to Show Increased Cost of Department Without Indicating Results.

Lively passages between the premier and members who were disinclined to abide by the traditional usage of parliamentary procedure and a stirring debate on the question of watered stocks, appearing in another column, afforded visitors to the Ontario Legislature an interesting afternoon yesterday, at the parliament buildings. In addition, a number of bills were introduced, or given second or third readings.

Hon. J. S. Duff moved the second reading of the pure milk bill, the provisions of which were recently published in The World. The minister of agriculture said that the bill enacted into law the recommendations of the milk commission.

Hon. W. J. Hanna expressed a willingness to furnish the "official" work and results" were included. Mr. McGart objected to any addition to the order. It contained all he wanted to know.

## LECTURES ON TRAINS

The farmers of the southwestern portion of the province will be pleased to learn that the provincial department of agriculture and the Michigan Central Railroad are co-operating in placing instruction in butter on the farm, Niagara-on-the-Lake, and between St. Thomas and Courtwright.

## T. AIRD MURRAY READY

Would Act as Expert on City's Water Problem.

In view of the possibility of his name coming before the board of control in connection with the investigation into the needs of the city water department, T. Aird Murray has written the mayor giving an outline of his qualifications and experience. The letter will be placed before the board of control.

## PLAYGROUNDS ASSOCIATION MEETING.

The annual meeting of the Toronto Playgrounds Association will be held in the council chamber of the city hall at 4.30 to-day, and considerable interest attaches to the event, particularly with regard to the election of officers.

## SUGGEST A BOYCOTT.

LONDON, Ont., Feb. 20.—The city council tonight defeated a motion ask President Hays of the Grand Trunk Railway to resign his position, and to suggest a boycott of the railway.

## SENATOR WOULD CALL JUDGE BARRON TO TASK

Wants to Know if His Honor Handed Out a Knock to Public Ownership of I. C. R.

OTTAWA, Feb. 21.—(Special).—Senator McSweeney called the attention of senate to-day to what he regarded as an "extraordinary" interview had in Toronto with Judge Barron and telegraphed all over the country.

## "Bronchitis"

This is an acute inflammation of the mucous membrane lining the air tubes in the lungs.

## THE PEACE RIVER COUNTRY.

Owing to the development in that part of Western Canada west of Edmonton and the business impetus that is now going on in that territory, and in order to adequately take care of the trek into the Peace River country, where 16,000 new homesteads will be offered for free entry by the Dominion Government this year, a daily (except Sundays) passenger train will be operated by the Grand Trunk Pacific Railway between Edmonton and Edson, Alta., commencing on Monday, Feb. 13.

## Few Typhoid Cases.

That the hypochlorite treatment of city water has proved its value is the opinion of Dr. Brown, superintendent of the General Hospital. There were two cases at the present time. He also has noticed that when the official report of the bacteriologist shows a decrease of bacteria in the water, the number of cases of this disease falls off.

## Cured His Rheumatism In Three Weeks.

James LeB. Johnstone, a prominent member of the Citizen's Band, of Chatham, writes: "I contracted rheumatism by exposure, five years ago, and was ailing for two months and in great pain all the time. I got Father Morrissey's No. 7 Tablets and took them for about three weeks, when the rheumatism all left me and I have had no return of the pains since."

## Father Morrissey's "No. 7" Tablets

Rheumatism is generally brought on by exposure, but is really caused by Uric Acid in the blood. This Uric Acid is an irritating poison, formed from the waste matter of the body. The kidneys should remove it, but when they fail it poisons the blood, and settling in the joints, causes Rheumatism. "No. 7" Tablets clear out the clogged-up Kidneys and stimulate them to perform their task of filtering the Uric Acid out of the blood. When this is done the Rheumatism simply and naturally vanishes. "No. 7" Tablets cost 50c. At your dealer's.

THOUSANDS OF YEARS BEHIND THE TIMES

There are tribes in South America who still make implements out of STONE—they have not got around to iron and steel yet.

There is also THE "STONE AGE" SMOKER who still pays ridiculous prices for "imported" cigars.

Both are made from choice Havana tobacco by Cuban workmen. YET "NOBLEMEN" COSTS HALF THE PRICE.

WATER SUPPLY.
Three experts are to inform us what we are to do about the waterworks, and incidentally whether five of the six city papers have failed absolutely to appreciate the sagacity of their distinguished contemporary.

Buffalo is the latest United States city to move in the direction of government by commission and charters conferring powers to that effect are now under consideration by the senate and assembly of the State of New York.

Under the Buffalo charter, if it carries as framed, candidates will be nominated by petition of 300 voters and a recall election can be held if asked by fifteen per cent of the votes cast for mayor.

Editor World: What a deplorable condition our waterworks are now in; practically nothing to drink but tap-water.

It is now too late to widen the lane-like dimensions of Yonge-street, but the rounding of the corners would be a great advantage to all affected.

THE CURSE OF THE NATION IS CONSTIPATION
"FRUIT-A-TIVES" ALONE Cures This Disease
A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined.

FRUIT-A-TIVES, the famous fruit medicine, will always cure Constipation because it acts directly on the liver, relieves the congestion, increases the quantity of bile—and strengthens the bowels.

Government by commission continues to make good wherever it has been adopted, both as regards economy and efficiency.

APPLAUSE FOR SPEECH AGAINST RECIPROCIITY

Continued From Page 1.

ple of the Maritime Provinces had been trying to coax the residents of this part of Canada to buy their fish, but with little success.

Dr. Sprague (Cdn. Rep.) answered the argument of Mr. Kite that there was no inter-provincial or English trade in fish by showing that out of \$15,000,000 fish produced last year \$5,000,000 had gone to England but only \$1,500,000 to the United States.

Was it a wise policy to say, as the member for Richmond argued, that the natural resources of Canada were for to-day and not for to-morrow? "What about posterity?" asked Mr. Sprague.

Preserve the Home Market.

Canada wanted nothing but the opportunity to work out her own problems, and to preserve the home market for Canadian farmers.

Mr. Sprague (Cdn. Rep.) pointed out that until the order of 3 cents per pound had been placed on fresh meat the Canadian industry was dormant.

So, too, the prohibition of the import of butter and other dairy products had developed the native industry, and these Canadian products had a leading reputation in the markets of the world.

Dr. Sprague (Cdn. Rep.) pointed out that the splendid stock of the eastern provinces would be driven out of its natural market in the west through competition with the cause and broncho.

"Reciprocity can mean only one thing," said Hon. Rodolph Lemieux, "the development of progress and ultimate grandeur of both countries."

Chicago Market Turns Firmer But Other Markets Are Weak

Wheat Options Score Small Advance on Short Covering Movement—Winnipeg Futures Easier—World's Visible Shows Decrease.

CHICAGO, Feb. 21.—General covering by shorts caused anxious to escape having open trades to-morrow, while the exchange will be shut, gave a lift to-day to the wheat market here. Besides, there was a big decrease shown in the world's available stock. Closing prices were steady at a net advance of 1/4¢ to 1/2¢ to 1/4¢.

Receipts at Primary Centres. Receipts of wheat in car lots at primary points, with comparisons, are as follows: Chicago, 18,000; Minneapolis, 12,000; Duluth, 10,000; Winnipeg, 20,000.

World's Visible Supply. Bradstreet's estimate of the world's visible supply of wheat has decreased 2,500,000 bushels, as follows: Wheat, 1,200,000,000 bushels; corn, 1,200,000,000 bushels; rice, 1,200,000,000 bushels.

Supplies of Grain. Stocks of grain at Chicago are estimated as follows: Wheat, 1,200,000 bushels; corn, 1,200,000 bushels; rice, 1,200,000 bushels.

Foreign Crop Summary. Broomhall's weekly crop summary is as follows: United Kingdom—The crop outlook continues to show improvement.

ST. LAWRENCE MARKET. Receipts of farm produce were 200 bushels of grain, 20 bushels of hay, and a few dressed hogs.

Market Notes. Joshua Imham bought 100 lambs, alive at \$2.00 but they were selected, 3 dressed hogs at \$10 per cwt.

whatever, and while it is hardly to be expected that prices should decline every day, the rallies seem more feeble.

Montreal Grain and Produce. MONTREAL, Feb. 21.—Business in Montreal grain and produce markets was very quiet owing to the limited demand and the decline in prices of 1/4¢ to 1/2¢.

FARM PRODUCE WHOLESALE. Hay, car lots, per ton, \$12.50 to \$13.00. Potatoes, N.B. Delawares, 1.30 to 1.40.

### To Coin Collectors

If it suddenly started to rain \$5 gold pieces there might be one man in the world running up to the observatory to find out "why," but we doubt if the astronomers would be indoors. Well, don't stop to ask why we are cutting prices in the Men's Store, get after the gold pieces and find out afterwards.

### We Are Cutting Prices in the Men's Department

If you doubt this statement, come to the Store; we can prove it.

### Curtains and Portieres at Cut Prices

During the season we have made up many Over Curtains and Portiere Hangings for samples and display purposes. There are velour, monk cloth, Egyptian cloth, screened linen, casement cloth, silks, etc. Many single curtains, some pairs. In a few cases there are two pairs alike; some are good as new, others show slight signs of decorative use. Should you be able to utilize any article in this offering, you will appreciate the price at which they are to be cleared. Bring measurements, as the assortment includes short, medium and long lengths. Your choice Thursday at half price.

## Mahogany Furniture at Great Reduction

In a few days our February Furniture Sale closes. These samples for to-morrow's selling are illustrative of the whole sale. Here are first class solid mahogany pieces going at a price which would not be out of the way for furniture of cheap woods. Perhaps at ordinary times you are not in a position to fill your house with mahogany. This is an extraordinary time—it is the time of the sale—and mahogany and other furniture which many of us would like but, to put it bluntly, can't afford, is brought within the reach of people with moderate means.

### Spring Suits for Tasteful Women

Look out for these examples of the new spring wear. If you can't come to the department every day, read over this short description, which is given in the hope that it will help you to choose what you want for this spring. We know that we have your exact requirement, but space forbids us to describe more than two or three suits daily.

Here are three of the latest and most effective styles, fresh from the makers this week:

Firstly, a nobby and serviceable suit of all-wool imported tweed, coat is 26 inches long, lined throughout with light shaded silk, shapely notched collar and revers, in-laid with satin, has two side pockets with breast pocket, fastens with four shaded bone buttons; skirt has front and back panel to knee line, continues with deep bias piece around bottom, headed with self strappings. This suit comes in mixtures of green, light and dark grey shades, \$25.00.

Second is a jaunty up-to-date suit, made of all-wool black and white anchored check; coat is semi-fitting back and front, lined throughout with light colored satin, seams are heavily stitched, front and back are correctly trimmed with small self-buttons, and wrist part of sleeves to match. Skirt has wide front panel to knee line, and is slightly semi-pleated on side gores to bottom of skirt, \$23.50.

Third style is a smart, stylish, new spring suit of navy, French Panama, with white hairline stripe; coat is lined throughout with satin, mannish collar and revers, has stitched overpiece, giving it a strictly tailored appearance; fastens with three metal buttons, the fashionable skirt is made with tailored lap seams, \$29.50.

**The Best Pen \$1.25**

This pen serves here for a line of demarcation. It will serve you longer than any other fountain pen you ever had. You must draw a line between one of the "all frills" expensive pens and the cheap and nasty. This is a good, large, strong, workmanlike, unpleakable pen, with a gold nib that no ink made can corrode. It is "The Simpson Giant," \$1.25.

**Pocket Diaries for 1911**  
300, regular price 25c, special, 5c.  
400, regular price 35c, special, 10c.  
500, regular price 75c, special, 23c.  
200, regular price \$1.00, special, 35c.

### Some Examples of Spring Dress and Silk Goods--2nd Floor

**Standard Quality English Navy Serge**, pure wool, thoroughly shrunken, 44 inches wide, 44c per yard.  
**Shepherd Check**, English worsted finish, standard quality, various sized checks, makes perfectly, and wears for ever. 42 to 44 in. Price 44c per yard.  
**Bonnet's French Silk**, a perfect black silk; 3,000 yards of this beautiful peau de soie, 20 in. wide, in three qualities, 75c, 88c and \$1.00 per yard.

These are just three examples picked from the hundreds that make up one of the most complete arrays of dress and silk goods in Canada. We mention them for Thursday's selling because they will be given prominence on our counters on that day.

### New Spring Ribbons

Anyone walking through the main floor of the Store cannot help noticing the beautiful display of Ribbons. Well, Dame Fashion has asked for them this year, and we have laid in a stock to please the most fashionable dame in Toronto. Amongst the most favored are black and white stripes, broken Paisley stripes, peacock effects, plaids and Dresdens. The 1911 designs are quite original and most attractive. They are here in any quantity, and you only have to go and handle them to assure yourself that the quality is there, too. Here are two examples that will play an indispensable part in the spring millinery and lingerie of the well-dressed woman:

**Wide Duchesse Satin**, of heavy quality. We have received a shipment of 6-inch heavy quality Duchesse Satin Ribbon, of exceptional value; in all the season's best colors. Regularly worth much more than Thursday's price. Thursday, per yard 25c.

### New Spring Linens and Staples for Thursday

Ever since the first of February we have been unpacking and arranging new goods. One of the most important showings is New Linens, the pleasure of the oldest household, as well as very newest. Our shelves and counters are loaded with beautiful new linens of all kinds. The following will give you some idea of Thursday's showing:

**Satin Damask Table Linens**, handsome designs for square or round tables.  
**Satin Damask Luncheon Appointments**, spoke hemstitched or scalloped lunch cloths and serviettes in new sizes and designs.  
**New Fancy Linens**, finest Venetian or Cluny lace, Swiss embroidery, Irish embroidered goods, etc.  
**New Linen Pillow Cases**, plain or embroidered, extensive range.  
**Irish Embroidered Bed Spreads**, from the most famous embroidery districts of Ireland.  
**Bedroom Towels**, beautiful lines in buckaback, diaper and damask weaves.  
**New Figured Huckabacks**, the most complete range ever shown in Toronto.  
**Hemstitched and Scalloped Table Cloths**, New Dress Linens, brown Hollands, cream Hollands, white dress and blouse linens, new corded check and stripe linens.

### Probabilities FOR To-morrow Heavy Showers of Hosiery with a Drop in Prices

The weather prophet is often wrong, but our hosiery buyer is always right. Hosiery will continue to pour down from stock-room to counter, at greatly reduced prices, till the end of the month. Simpson's hosiery advertises itself on sight. This has been proved over and over again, during the sale, by the return of the customer for a larger supply. These buyers did not get the same treatment as did poor Oliver Twist when he wanted more, but in all probability went away perfectly satisfied. However, don't leave it till the last day if you want a really complete selection.
