MACKAY MUST GO SAY TORONTO LIBERALS

Mackenzie Club Almost Unanimous in Declaring That Opposition Leader is Out of Sympathy With Party...

"As the Liberal party has led in every reform, and as the time is now ripe for advanced legislation looking to the welfare of the people, this club is of the opinion that the party leader should be a man in hearty sympathy with advanced legislation...

"We as a club request our representatives at the coming meeting of the Ontario Liberal party to use their influence and votes for the selection of such a leader as will cheerfully aid the work of securing such advanced legislation..."

President Fielding was in the chair, and had no trouble in keeping the audience of 18 men in order. In the discussion which followed, the proposed disengagement of the provincial leader in opposition, there was scarcely a dissenting voice...

No Ties That Bind. C. H. C. Fortner opened the discussion by stating that he was not in sympathy with the Hon. Mr. Mackay, because the Liberal leader was not in sympathy with the Liberal party...

"I am a Liberal," he said, "but I would rather see the party defeated than see him again the leader. I have had to blush for him on the street, and before my Conservative friends..."

Dr. W. J. Bryans believed it was the privilege of the meeting to discuss the subject, for it was only by free speech that the proper view would be reached. He thought the question up for discussion was similar in many ways to that of a church minister being censured by his congregation...

Imperial Wireless System

LONDON, Oct. 26.—(C. A. P. Cable.)—An early announcement may be expected to the effect that negotiations have been concluded between the Post-office Department and the Marconi company for the erection of a chain of wireless telegraph stations round the world...

Connection with the western hemisphere will be effected by means of the station already existing at Glace Bay, and it is proposed to establish another station at Montreal to communicate direct with the West Indies...

From Glace Bay it will be possible to communicate direct with Vancouver, where a large power station is to be established which will provide direct communication with Hongkong.

FRANK TALK FOR SIR JAMES WHITNEY

Delegates at South Ontario Conservative Convention Declare Eastern Ontario Does Not Get a Square Deal—Charles Calder Again the Candidate.

WHITBY, Oct. 26.—(Special.)—T should like to point out that there is a section of the Province of Ontario between Toronto and Kingston, with a population of 400,000, that has not been fairly dealt with by any government...

There are samples of the plan talk handed out by Dr. Kaiser of Oshawa at the convention of the Liberal-Conservative party of South Ontario in convention here this afternoon, for the benefit of the Whitney government and the special behoof of Charles Calder, M.L.A., who was again chosen to contest the riding. If Mr. Calder would engage to use his influence with the government and in the legislature to see that Eastern Ontario got an even measure of justice, the doctor promised him that he would be given the unanimous support of the party...

SUIT BROUGHT TO DISSOLVE THE STEEL TRUST

Action By the United States Government a Surprise to Wall Street—The Giant Corporation Will Fight the Action to the Last Ditch.

TRENTON, N. J., Oct. 26.—The government's long-planned suit to break up the so-called "steel trust," was begun here to-day in the United States circuit court. It is the most sweeping anti-trust action ever brought by the department of justice.

The government asks not only for the dissolution of the United States Steel Corporation, but for the dissolution of all constituent or subsidiary companies which are alleged to have combined in violation of the Sherman law to "maintain or attempt to maintain a monopoly of the steel business..."

"I am a Liberal," he said, "but I would rather see the party defeated than see him again the leader. I have had to blush for him on the street, and before my Conservative friends..."

HYDRO LIGHT TO-NIGHT

As Result of Conference Power Will Be Turned on in North Toronto. Mayor Brown of North Toronto had a conference with Mr. Sweeney of the Hydro-Electric and Engineer James of the town last night and as a result hydro electric power will be turned on this afternoon at three o'clock.

IT'S PRESTON ONCE MORE East Durham Conservatives Well Satisfied With Present Member. MILLBROOK, Oct. 26.—(Special.)—J. Preston of Bethany was the unanimous choice of East Durham Conservatives at the nomination meeting held at Millbrook to-day. Mr. Preston was the only name brought before the convention, and was nominated with much enthusiasm.

WILL INSTALL "BOTTLED" LIGHTS. It is likely that without much pressure the hotelmen of the city will follow out the recommendation of the license commissioners and install electricity in hotels now using gas.

Mr. J. Usher of the firm of Usher, Strathy & Co., informed The World yesterday of another York Township farm sold for a high figure. This one is what is known as the Mercer farm on the York Mills side-line, east of Yonge street, and about 6 1/2 miles from the corner of King and Yonge streets.

LITTLE ALECK: Who's afraid?

EVIDENCE ALL IN IN M'RAE MURDER TRIAL

Accused Takes Stand in His Own Defence—Declares He Fired Gun to Clear Out Jammed Cartridge. CORNWALL, Oct. 26.—(Special.)—As far as the evidence went, the trial of F. D. McRae, ex-reeve of Lancaster Township, charged with the murder of William Shaw, the carpenter, ended this evening, and by mutual agreement the addressing of counsel and the charge of Mr. Justice Sutherland were deferred till 9 a.m. Friday.

The accused, F. D. Magee, was the last witness. He denied most emphatically that he was excited at the time he fired the rifle, although he had previously been under considerable excitement. He also brought in rather new evidence, to the effect that his brother, D. C. McRae, had asked him, "Farquhar, where is your rifle?"

Under a very severe cross-examination by Mr. Blackstock, the witness denied telling Rosser where the shot gun was, as when he shot at a crow a few days earlier—the gun was at D. C. McRae's. He had not asked anyone to go for his rifle, and his only object was to frighten the intruders.

Arabs Repulsed. TRIPOLI, Oct. 26.—The Arabs to-day made a violent attack against the Italian positions between El Mesri and Gomalash. They were repulsed with heavy loss. The Italian casualties were only a few wounded.

William Ward of Ward's Island was operated upon at the General Hospital yesterday and was reported to be resting easily last night. East Toronto Conservatives. The East Toronto Conservative Association will meet to-night in Society Hall, Danforth-avenue, to appoint delegates to the East York Conservative convention in the Y. M. C. A. Hall, East Toronto, on Saturday afternoon.

THE CHALLENGE

ITALIAN REVERSE AT TRIPOLI ALMOST ROTTEN Situation Regarded as Serious—European Residents Fear a Massacre. MALTA, Oct. 26.—The Italian reverse at Tripoli on October 23, according to steamship passengers who have just arrived here, amounted almost to a rout. An Italian outpost during a reconnaissance encountered a Turkish force, which retreated. The Italians followed and found themselves suddenly attacked on all sides.

DR. SHEARD CHAGRINED BY WHITE APPOINTMENT

Fears Domination of Trusts—Sentiment is Approved by Ward One Conservatives. The predominant note at the annual meeting of the Ward One Conservative Association last night seemed to be one of resentment at the appointment of Hon. W. T. White to the cabinet ministry. "It was grievously disappointing to me," declared Dr. Charles Sheard, "that it should have been found necessary to appoint as finance minister a gentleman, the greater part of whose life was spent as vice-president of a trust company. I thought that at least a man could be found in the Conservative party to bear out the ideals of that party."

Plan Advance into Interior. ROME, Via the Frontier, Oct. 26.—Reports received here to-day from Tripoli say that General Canova, commander of the Italian army of occupation, has completed an elaborate plan for an advance into the Tripolitan interior. The movement will be made thru the formation of a chain of forts so strongly fortified as to make them impregnable to the enemy.

FOO-CHOW HAS FALLEN. SHANGHAI, Oct. 26.—Chinese official telegrams report that Foochow has fallen and that the customs have been seized by the rebels. A despatch from Hankow says that in an engagement Tuesday, chiefly artillery, the rebels were driven back, but the imperialists failed to follow up their success.

THANKSGIVING TIME. This is the season of our Thanksgiving. It marks also the first step we take into winter—an indifferently pleasant, but rather tedious five months of cold weather, during which we must protect ourselves with warm clothing and with furs. It is fortunate that in Canada we have such a splendid supply of furs upon which to draw. No country in the whole world can present a stock so rich to that of your demand here. The Dinesen Company, the pioneer furrier of Toronto, has a Thanksgiving display now in the show rooms. It is worth a visit. Nothing has been overlooked in the line of new fashions or in fur wares.

St. Stephen's Sale of Wares. The second day of the sale of wares in aid of St. Stephen's parish building fund held in Victoria Hall yesterday, was highly successful. Many articles were disposed of, and the total amount of the sale is expected to be \$1,000. The last day of the sale, theatricals are given each night.

CHINESE THRONE BONS TO WILL OF PEOPLE

Complies With Demands of National Assembly, and Dismisses Obnoxious Minister—Constitutional Government as Reward for Cessation of Hostilities.

PEKING, Oct. 26.—The throne to-day surrendered to the Truchenguan, China's national assembly, and in compliance with the demands of the assembly dismissed Sheng Huan Hual, minister of posts and communications; ordered Prince Ching, the president of the cabinet, before a board of inquiry, where he doubtless will be severely dealt with, released from custody the president of the Szechuan provincial assembly and other leaders in the riots at Chengtu, and, in fact, agreed to all that the assembly asked, with lack of dignity inconceivable to western observers.

A year ago the throne treated the national assembly at times almost with contumacy. The ministers refused to appear before the assembly, and the budget and other bills submitted to the assembly for consideration were later put aside for others more suitable to the Palace of the Grand Councillors. Until even a month ago the throne, defiant of the people, issued edicts embodying drastic measures, one in September against the anti-foreign railway agitators in Szechuan.

The Times Have Changed. Now, the first resolution of the newly-convened assembly, carrying consequences of tremendous character, has been granted without a single day's consideration. Sheng Huan Hual has been stripped of his rank, Prince Ching, the prime minister, and Natung and Hsu Shihchang, vice prime ministers, as well as several viceroys, who only obeyed the throne's commands, have been handed over to an inferior board, while the members of the provincial assembly, who provoked the uprising in Szechuan, have been released from prison.

Changing Fortunes of War. PEKING, Oct. 26.—The Official Gazette announces that General Yintchang, commander of the imperial troops, has telegraphed that two rebel regiments on October 23 attacked Santakiao, 15 miles distant from Wuchang. The government troops repulsed the rebels. On Monday the rebels, using four guns, forced the third brigade of imperialists to retire and occupied Tauchichong. On Tuesday there was some scattered skirmishing, during which some rebels were captured and others defeated. According to the consular reports, the day the southern provinces are comparatively quiet. Canton and other rebel centres are reported remarkably peaceful.

FOO-CHOW HAS FALLEN. SHANGHAI, Oct. 26.—Chinese official telegrams report that Foochow has fallen and that the customs have been seized by the rebels. HAMILTON HAPPENINGS

STREET LINES NOT MARKED

Hamilton Builders Find It Hard Not to Encroach on City Property.

Owners of buildings which encroach on the city's street lines will in future be forced to pay a rental of ten per cent. of the assessed value of the land encroached upon. This principle was laid down this morning by the board of control. It developed that street lines in this city are not marked in any way, and that builders frequently have great difficulty in finding out the street limit of the property. In one case it was stated a manufacturing concern had built on a frontage of fifteen feet belonging to the city.

A \$4000 autopistol wagon for the police department, was decided upon by the controllers this morning. The order for the car goes to an American firm.

Up to C. M. Hays. Mayor Lees has notified that President Chas. M. Hays of the Grand Trunk has accepted the invitation to be the guest of honor at a banquet at the Royal Hotel next Saturday, when the big railroad comes here to hear the city's arguments in favor of better station accommodation by the C.P.R.

The drowning of Mrs. E. H. Shepherd at the beach last summer is recalled by a writ for \$5000 damages just issued here by Mr. Shepherd against the Turbinia Steamship Co., to whose alleged negligence the fatal accident is attributed.

Through Sleeper to Ottawa To-night for Tipton-Ottawa Game To-morrow.

A through sleeper for Ottawa for the Tiger rosters for their game in Ottawa to-morrow via C.P.R. will leave T. H. & B. station at Hamilton, 8.20 p.m. Oct. 27, and will arrive Ottawa 6.30 following morning. Occupants may remain in sleeper until 8 o'clock to-morrow morning. Return sleeper for Hamilton will leave Ottawa 11.20 Saturday night, arriving here 8.50 Sunday morning. This is the shortest and fastest route by over two hours. Sleeping car tickets, etc., City Office, C.P.R. cor. King and James-streets.

WOMAN WAS RESCUED

Fire on East Queen Street Caused Flutter of Excitement.

Wild excitement and about \$5 damage resulted when fire broke out in the rear of the Prince George Pressing Parlor, at 14 East Queen-street at 12.10 o'clock this morning. The alarm was turned in by Patrol Sergeant Luton, who heard a woman scream and saw her upon the ledge of the second storey window. He shouted to her not to jump, and running to the patrol box phoned in an alarm.

Meanwhile Policeman Clark (858) had entered the building and taken Mrs. Alward from the front first storey window. Mrs. Stock, with her young daughter and George Henry Call, who live with her in front of the first storey and Mr. Alward, who, with his wife, occupies the rear part of that floor, made their way, with the assistance of Z. Bissonette into his apartments over the barber shop at No. 116. Mrs. Hunt, who occupies the upper flat with her husband, who was not at home for the first time since they were married, was carried down a ladder by fireman.

Mrs. Stock was rather unlucky, as she had only moved into the premises Tuesday.

The fire started in a pile of hay at the rear of the cleaning shop. The cause is unknown. The shop is owned by George Malliard, who does not live on the premises.

WINTER ECZEMA

Cured by Zam-Buk

Mrs. P. W. Drummond of Thetford Mines, Que., writes: "Every fall, as soon as cold weather set in, my little daughter's face and hands would be covered with rough watery patches, which before long turned into scabby sores. These would itch and smart terribly, and would remain on her face from fall until spring. This happened for three years, and we could get nothing which did her any good, until a short time ago I started using Zam-Buk, and now, after using half a box of some of the sores have entirely disappeared, leaving her skin as smooth and clear as it could possibly be."

Zam-Buk is also a sure cure for ulcers, abscesses, ringworm, blood-poison, scald sores, chapped hands, cold sores, and all skin diseases and injuries. See a box, all stores.

HONORED SUPREME REGENT.

Fully three hundred members of the four local councils of the Royal Arcanum turned out last night in St. George's Hall to tender a reception to Rev. F. T. McFadden, D.D., of Richmond, Va., supreme regent of the Supreme Council of America.

An interesting feature was the presentation and initiation of twenty-five members of the William Ray memorial club by the degree team of the Grand Council, headed by Regent J. C. Griffin and Vice-Regent J. C. McMullin.

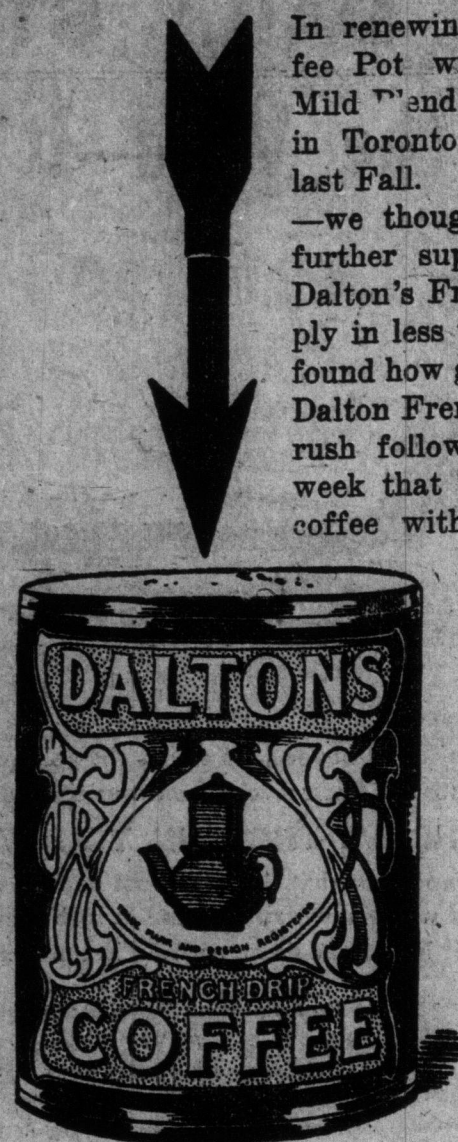

The Height of Perfection in the Culinary Art.

The meals served in the dining, parlor-library-canteen and buffet cars of the Grand Trunk Railway System will suit the most fastidious. The finest edibles that the market can produce, combined with skilful cooking, make it a pleasure to enjoy a steak, chicken, or chop, cooked as you want it, while riding over a smooth double-track road at fifty or sixty miles an hour.

Overcome by Gas. (Special.)—Two workmen, Wilbur Ludlow and Douglas Waldron, employed by the city, had a narrow escape from death when they were overcome with gas while putting in a main at Grant Hall.

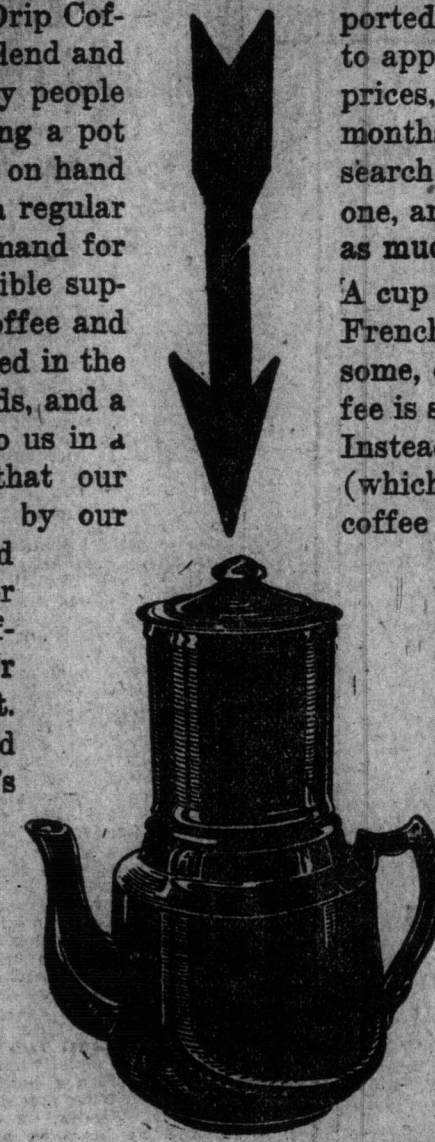

20,000 Dalton's French Drip Coffee Pots Free

So that you can make coffee as it should be made

In renewing our free offer of a Dalton French Drip Coffee Pot with one tin each of Dalton's Strong Blend and Mild Blend Coffee, we have to apologize to many people in Toronto who were disappointed in not getting a pot last Fall. We thought we had an ample supply on hand—we thought we had arrangements made for a regular further supply—we were mistaken. The demand for Dalton's French Drip Coffee cleared out the visible supply in less than a week; people who tried our coffee and found how good it was—how economical when used in the Dalton French Drip Coffee Pot—told their friends, and a rush followed that swamped us. It proved to us in a week that Toronto people knew good coffee—that our coffee without the harsh inner shell—roasted by our special quick process, and ground specially to remove the chaff and for use in the Dalton French Drip Coffee Pot, was appreciated as superior to anything they had been able to get. Coffee lovers called, telephoned, and wrote to tell us so. How Dalton's French Drip Coffee had a flavor—an aroma that they had previously found unobtainable. "Not a headache in it"—"No coffee indigestion"—"So economical, too"—were some of the comments.

The Coffee Pots were all im-

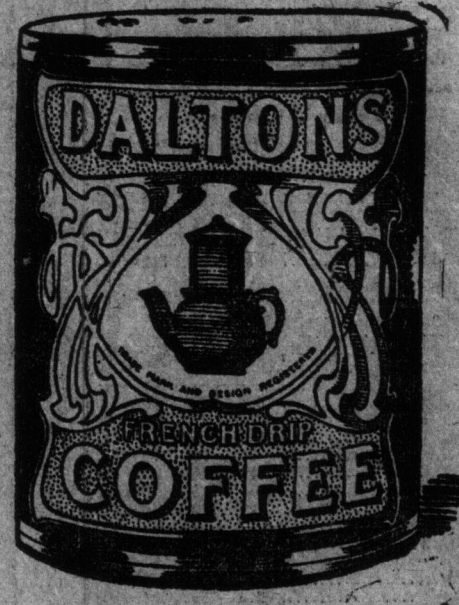

ported, and our cabled orders for larger quantities seemed to appeal to the manufacturer as an opportunity to raise prices, and finally we were told we would have to wait months for a proper supply. Then followed months of search for another manufacturer, and finally we found one, and now we are able to offer a larger pot (holds half as much again).

A cup of Dalton's French Drip Coffee—made in a Dalton French Drip Coffee Pot—is the most appetizing, wholesome, delicious beverage. This is because Dalton's Coffee is so different.

Instead of roasting Coffee in a cylinder, over a slow fire (which drives out much of the flavor), we throw the coffee through an intensely hot flame, which roasts it so

quickly that the volatile oils and rich flavor are held captive in the berry. A strong air-blast colors the freshly roasted coffee and also blows away any dust or chaff. The Coffee is then ground and another air-blast drives off the inner coat or lining of the berry. It is this inner coat—tough, indigestible, and laden with Tannic Acid—that makes ordinary Coffee bitter and gives you headaches and indigestion when you drink it.

Dalton's French Drip Coffee

Dalton's French Drip Coffee

Dalton's French Drip Coffee is free of Tannin and tough fibre and contains no chicory. This is why you can drink Dalton's French Drip Coffee for every meal, every day, and be all the better for it.

It gives you all the good of the coffee—the fragrance, satisfaction, deliciousness of the finest coffee in the world. It will agree with you, even though you cannot drink ordinary coffee.

A Word About Price

We have had to increase the price of Dalton's French Drip Coffee from 40c to 50c a tin. Because the coffee markets of the world have gone away up, and faced with the problem of raising the price or reducing the quality, we unhesitatingly raised the price, knowing that you would rather have the Dalton French Drip Coffee quality maintained. Even at 50c a tin, however, used in the Dalton French Drip Coffee Pot, our coffee is cheaper than any other coffee at 35c—and the difference in quality and flavor would be enormous.

How to Make Good Coffee

Boiling drives off the aroma and increases the bitterness of ordinary coffee. The only way to make good, wholesome coffee is to use Dalton's French Drip Coffee in a Dalton French Drip Coffee Pot or Percolator. Ordinary percolators are very expensive, and are apt to get out of order. We have secured sole rights for a reliable French Drip Coffee Pot. Coffee made in Dalton's French Drip Coffee Pot is readily distinguished by its delicious aroma and the absence of bitter taste, and by the enjoyment with which people drink it who cannot drink ordinary coffee made in the regular way.

The Economy of It

Dalton's French Drip Coffee at 50c a tin is really the cheapest GOOD coffee that money can buy. Careful tests show that TWO pounds of Dalton's will last as long as three pounds of ordinary coffee when used as directed. It is economical because all the flavor is retained by our special process of roasting and grinding—but more especially because it is ALL Coffee, no chicory, no tough indigestible fibre, no tannin, no bitterness.

SPECIAL INTRODUCTORY OFFER

We feel so sure that you will find either Dalton's Mild Blend or Strong Blend French Drip Coffee just the coffee which you have been looking for that we have authorized your grocer to give you one of these handsome pots (worth \$1.30) absolutely free with your first purchase of a 50c tin each of Mild and Strong Blend. You buy two tins of our coffee—one of each blend—to give it a fair trial, and we give you means of testing it FREE, satisfied that you will use nothing but Dalton's French Drip Coffee thereafter.

CITY'S GREENHOUSES TO SUPPLY HOSPITALS

Suggested That Flowers Be Sent to Gladdeu Patients—Orchids For Duchess.

Representatives of the city parks committee decided yesterday, while on an inspection trip, which took in the municipal greenhouses at the exhibition grounds, to recommend to the city council that the flowers from those greenhouses be sent to the city hospitals instead of being allowed to bloom and die in obscurity as at present.

Ald. Graham, O'Neill and May of the parks committee and Acting Parks Commissioner C. E. Chambers and a party of newspaper men, went on the trip. Places where it is proposed to establish public parks were gone over and discussed. At the greenhouses it was found that the flowers were seldom used, usually dying on their mother plants.

It was suggested that a bouquet of orchids from the civic hot-house specimens, should be presented to the Duchess of Connaught, with the compliments of the city when their royal highnesses visit here. The duke will come here in his official capacity of governor-general of Canada, probably on Nov. 27. Wonderful progress has been made with the production of flowers since the greenhouses were opened. A great many thousand plants are now in flower and many more are in bud. The houses are open to the public.

So far as the parks were concerned, much property up along Davenport-road, which the city will probably secure for park purposes, was visited.

Mark Hamburg at Home

Now that Hamburg is a name of local honor and repute, it may not be met as for Toronto to brag about the great pianist who revived in Massey Hall last night the great traditions of the most famous pianists of the past. But the world has already heard Mark Hamburg as among the greatest, and his program sustained and increased his reputation. The thoughtful grace and delicacy of Hofman, the brilliancy of Paderewsky, the colossal tone effects of Busoni, the tenderness and profundity of Sauer, are not lacking in work that has a charm of ease and technical purity all his own. In dynamic effect, as in the Bach-Liszt Prelude and Fugue in A minor, his powerful left hand execution recalled nothing so much as the grandeur of ocean surges plunging and plunging again, while the fugue itself recalled nothing with marvelous delicacy of tone and feeling. The Schumann Fantasia in G major displayed the poetry and imagination of the performer in the exquisite treatment of the allegro. Rose-petal softness distinguished the tones that swelled and sank in the andante, and the fute-like effects obtained in the closing passages were a triumph of cantabile. A lovely Grieg ballad preceded a Chopin suite, whose loveliness was enhanced by poetic interpretation. The extraordinary velocity of the B flat Poloise evoked an instant encore, which was yielded to the Barcarolle following.

The list numbers were beyond praise, and the second Rhapsodie met with an ovation and an encore number was given. Mr. Hamburg's father was present and evidently enjoyed his son's success. The audience was highly appreciative. A. E. S. S. presiding.

PUBLIC AMUSEMENTS

Miss Marie Doro will be the star at the Princess Theatre next week, opening at a special Thanksgiving Day matinee on Monday, in "A Butterfly on the Wheel," a highly interesting play which was a great success in London last season. The play deals with the subject of divorce and in London it was thought to be a plea for reform in divorce court methods. The sale of seats for the engagement, which will include usual matinees on Wednesday and Saturday, is now on.

New Play at Shea's. At Shea's Theatre next week, "A Romance of the Underworld" will be the headline act. Manager Shea has secured this production for a week at his Toronto playhouse.

"A Romance of the Underworld" is said to be the greatest production ever attempted in vaudeville. Paul Armstrong has been so successful in the legitimate field that he was called upon to write something in vaudeville, something that would compete not only with the legitimate but also with the legitimate. This Mr. Armstrong has accomplished in "A Romance of the Underworld." It has taken a cast of 22 to make the story complete, and three scenes are shown.

Special Mat To-day the Grand.

A special matinee performance of "The Rosary" will be given at the Grand this afternoon. The extra matinee was found necessary owing to the big demand for seats at the regular performances.

A Popular Comedienne.

Comedy will once more reign when Grace George and the New York Playhouse Company move into the Royal Alexandra Theatre for a week's engagement, beginning Oct. 30, with a special Thanksgiving matinee. "Just to Get Married," Cecily Hamilton's and Payne, sensational comedy acro-

comedy, will no doubt afford the Royal Alexandra's patrons enough sensation to satisfy the most exacting, as the play is said to be a clever vehicle that affords Miss George abundant opportunities which she at once takes advantage of. Her abilities as a comedienne are fully recognized at home and abroad, and if her new play is of equal high quality, the resultant entertainment should be a most pleasing one. There has been a big demand for seats since the sale opened yesterday.

Rugby Gossip

Argonauts are practicing hard and figure on a good game with Montreal on Saturday. An unfortunate accident happened to an intermediate player named Laidlaw, who broke his leg in the practice between the intermediates and seniors. Laidlaw was following up a kick-off and in an attempt to dribble the ball in some unexplainable manner his leg was broken. Dr. Lawson was at the practice and the injury was given prompt attention and the player then sent to the hospital.

Division of the Spoils

NEW YORK, Oct. 25.—All records for attendance and receipts for a world's championship series were broken. The National Commission to-night gave out the following figures: Attendance for six games, 178,861. Total receipts, \$242,040. Of this amount the players received \$129,916.11; each club received \$30,168.72; and the National Commission's share was \$82,055.17. With the victory goes 60 per cent of \$25,584.27, or \$15,350.56, of which each player will receive the remainder, \$1,164.26, or \$39.82 for each New York player.

Cobourg Hockey Club

COBURG, Ont. 25.—(Special.)—At the annual meeting of Cobourg Hockey Club, held in the opera house here, the following officers were elected: Hon. president, O. P. Allison, hon. vice-president, E. W. Hargrart, George Bond and T. McIntosh; president, Dr. E. W. Hayden; vice-president, C. J. Webster; secretary, L. H. Wilson; treasurer, W. H. Maber; manager of junior team, M. Fieldstein; executive committee, T. Mulhall, T. Bulger, George Plasket, T. Turpin, A. Peterson.

Prices Were Low at MAHER'S HORSE EXCHANGE.

The attendance was very fair at yesterday's sale at the exchange. There was a large number of horses on hand and a fair percentage was sold, the bidding was dragsy and the purchases were mostly of the cheaper price horses. The following are some of the sales reported: Alex. Wood of Halifax, N.S., purchased a full carload of horses for shipment east. T. C. Street of Newmarket got a fine bay mare for \$220. H. Yates of Sault Ste. Marie bought the fine imported pony "Princess of Mayfield" and another mare of fair quality for \$25. W. Tiboud, city, secured a bay mare for \$18. C. Sandralle, North Bay, purchased a pair of bay geldings, D. McGregor, city, a pair of black and bay geldings for \$30. F. J. Berry, city, a good broodmare for \$15. A. Boyd, city, secured a couple of good city workers worth the money. J. Brennan, city, a city worker, P. Mead, city, secured a pair of city workers for \$50.

OPENED S. A. TEMPLE.

BROCKVILLE, Oct. 25.—(Special.)—The new Salvation Army Temple, erected in Brockville at a cost of almost \$10,000, was formally opened to-night by Commissioner Rees of Toronto. The chief executive officer was accompanied by Col. Pignire, Brigadier Hargraves and others. Hon. G. F. Graham presided at the function, and was supported by Senator Derbyshire, Mayor Patterson and other prominent citizens. The attendance filled the building to its capacity, citizens turning out in great numbers to the function, which was conducted amid great enthusiasm.

No Use Talking, Mutt Is a Great Describer By "Bud" Fisher. A cartoon strip showing a dog named Mutt and a man talking about the American League and National League. Mutt says: 'WHY THEY CLAIM THAT ONE HAS MORE RESILIENCY THAN THE OTHER. THAT'S WHY THEY MEANS TO BOUNCE.' The man replies: 'NOW HERE'S ONE AMERICAN LEAGUE BALL AND ONE NATIONAL. WELL TEST 'EM. YOU TURN AROUND AND KEEP YOUR EYE ON THAT BRICK WALL AND I'LL THROW THE BALLS AND YOU SEE WHICH ONE BOUNCES THE MOST.' Mutt says: 'NOW THAT'S THE AMERICAN LEAGUE BALL AND... AND THAT'S THE NATIONAL LEAGUE BALL.' The man asks: 'WHICH ONE DO YOU THINK BOUNCES THE MOST?' Mutt replies: 'OH, ABOUT THE SAME.' The man says: 'I DON'T WANT TO IMPOSE ON YOU, MUTT, BUT SOMETIME WHEN YOU'VE GOT A PAIR OF SPIKED SHOES, I'D LIKE TO HAVE YOU SHOW ME NOW SADDRESS SPIKED BAKER.' Mutt replies: 'SURE.'

WHO WANTS ANNEXATION?

The Telegram is still suffering from the Muckel hairball, which interferes with its memory and other functions. It has received a possible real estate boom as an objection to the annexation of North Toronto. It also includes The World as a negligible quantity among those elements which may be ignored in the necessity "to surrender to these ambitions for the sake of the larger good."

There is only one way to overcome this danger, as The Telegram regards it. It is the plan followed in many American cities of requiring the real estate men to improve their property.

But when The World proposed this plan for local real estate, what did The Telegram say or do? What does The Telegram always do when anyone else proposes anything?

The World has absolutely no interest in the annexation of North Toronto beyond the public interest. The Telegram has 18 columns of real estate advertisements and on Saturdays a still larger display. It ought to be aware of the real estate situation.

WIDER CANADA. If the late government had taken the same pains to federate Newfoundland and the West Indies as they did to negotiate with Washington for fifteen years past, there is not the slightest doubt that they would still be in power.

Mr. Borden has an opportunity now to show what can be done in consolidating British interests on this side of the Atlantic. Sir William Grey-Wilson, a cousin of Earl Grey, who has been governor of the Bahamas for six years past, in an address to the Canadian Club yesterday brought out the essential facts of the situation in a statesmanlike way.

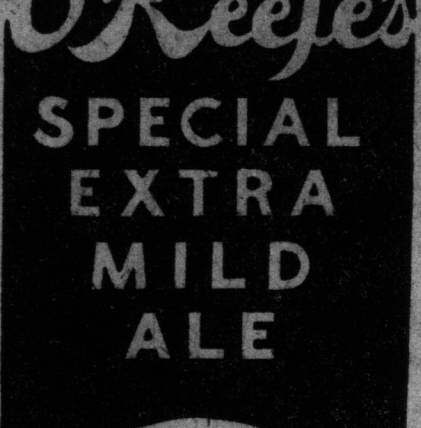

At present the islands import 80 per cent. of their American requirements from the United States and 2 1/2 per cent. from Canada. Sir William urged that something be done to divert the 80 per cent. to Canada. The Bahamas have an ideal climate. With all their tropical and semi-tropical possessions people go there from the United States in multitudes. It is three days' sail from New York, 17 hours' from Florida.

The house of assembly desires the appointment of commissioners by Canada and the islands to enquire into the whole situation and report. This would commit neither party to action, but it would lead, Sir William believed, to an understanding which would soon bring about the union of the whole of the British territories in the West Indies with Canada.

ENCOURAGING LAND SETTLEMENT.

As outlined by the Duke of Sutherland, the scheme to promote land settlement in Canada in which he has secured influential local assistance appears to be eminently practical. As at first reported, he was understood to contemplate the introduction of an extensive tenant system, about which doubt naturally arose whether it would not conflict with the national policy in that regard. Canada does not need nor want a land system that will tend to produce evils similar to those from which British suffers, and it is satisfactory that what the duke contemplates is a ready farm purchase on reasonable terms with a subsidiary scheme whereby farm laborers without capital will be afforded an opportunity to gain experience in Canadian agricultural methods, and to

earn the money necessary to enter upon farms of their own.

In the shape now presented, objection is obviated. The class of immigrants to be assisted is that which Canada desires. Ontario wants farmers and farm laborers also, for its fertile clay belt, and can offer opportunities better adapted for the British agriculturist than are those in the wheatlands of the west. The provincial government cannot expect to divert immigrants to North Ontario, where nothing is offered them but a vast unclarified area, when improved farms can be obtained on favorable terms.

BRITISH TARIFF REFORM STILL ACTIVE.

Canadian newspapers that profess to believe in the policy of free trade—really in existing world circumstances one of free imports—are everlastingly assuring their readers that the movement for tariff reform in Britain has been and is financed by a few wealthy manufacturers, who want protection in their own interests. This statement never had any basis of fact and has been strikingly disproved by the publication in The London Morning Post of the lists of subscriptions received respectively by the Free Trade Union Fighting Fund and the Tariff Reform League. Both sets of figures, being subscriptions of one pound upwards, have been analyzed and certified by Messrs. Leake & Co., chartered accountants. The result shows that from January to August, 1911, the Free Trade Union's total amounted to \$10,043, 17s 2d, contributed by 966 subscribers, while from Jan. 1 to Sept. 30, 1911, the Tariff Reform League's total was \$7073 2s 2d, contributed by 1223 subscribers.

It should be noted also that the fighting fund is only one of the free trade funds, and even at that is greater than the entire income of the Tariff Reform League for the period covered. An interesting commentary on the assertion so frequently made by the same Canadian free trade newspapers, that tariff reform has been killed beyond resurrection, is afforded by various statements occurring in an appeal for funds issued by the Free Trade Union no longer ago than May of this year. One of them is to the following effect: "We have not only to defend what we already hold; if free trade is to gain a final victory over tariff reform, the ground which has been lost in recent years must be won back."

AT OSGOODE HALL ANNOUNCEMENTS.

Oct. 26, 1911. Judges' chambers will be held on Friday, Oct. 27, at 10 a.m.

Peremptory list for divisional court for Friday, 27th inst., at 11 a.m.: 1. Copeland v. Toronto Railway Co. (to be continued).

Master's Chambers. Before Cartwright, K.C., Master. Wilson v. Hull-Stewart (Macdonald, Mott and G.) for plaintiff. Motion by plaintiff for consent for an order vacating certificate of his pendens. Order made.

Toronto General Trusts Corporation v. McKeown Trusts. S. Denison, K.C., for plaintiffs. Motion by plaintiffs for a final order of foreclosure. Order made. Erlanger v. Leonard-F. McCarthy for plaintiff. Motion by plaintiff for an order for commission to examine defendant as a witness in the action. Order made.

Myles v. G. T. R. Co.—W. G. Thurston, K.C., for plaintiff; F. McCarthy for defendant. Motion by plaintiff for an order setting aside the appointment for examination. Reserved.

Clark v. United Trusts—S. Denison, K.C., for defendants; R. D. Moreland for plaintiff. Motion by defendants for an order requiring the action to proceed under rule 194, etc. Motion enlarged for a week.

Northern Crown Bank v. Electric Advertising Co.—F. Arnold, K.C., for plaintiffs; R. C. Lovelace for defendants. Motion by plaintiff for judgment under rule 194, etc. Motion enlarged until Nov. 1 next.

Gottman v. Warner—L. F. Heyd, K.C., for plaintiff; W. R. Smyth, K.C., for defendant. Motion by plaintiff for an order striking out jury notice as irregular. Order made. Costs in cause to plaintiff.

Traders' Bank v. Moon—D. I. Grant for plaintiff; J. T. White for defendant. Motion by plaintiffs for judgment under C. P. 203. At defendant's request, motion enlarged for one week.

Single Court.

Before Trench, J. Re Estate of Ellen A. McNeill—G. F. Rutten, K.C., for executor and residuary legatees; J. E. Jones for children of Richard Davern. Motion by executors and residuary legatees for the will of Ellen A. McNeill, for an order construing the 18th clause of the will, on the question of whether the legacy of \$1000 to her said brother, Richard Davern, who predeceased testatrix, leaving issue, lapsed or not. Judgment: The children of Richard Davern claim that the legacy bequeathed to their father goes to them, while the residuary legatees claim a lapse and that it goes into the residue. The whole trouble in the case, it seems to me, has arisen from a misconception of the law by the testatrix, under which she apparently assumed that it was necessary to expressly provide that in case any of the legatees predeceased her, their legacy should go to the residuary estate, and by implication assumed that if a legatee predeceased her leaving issue, it can not be a lapse. Beyond a conjecture of what the testatrix thought would happen under the law if a legatee predeceased her leaving issue, I can find no sufficient language in this will to indicate either an intention to prevent a lapse or to give the legacy in question to the issue of the residuary estate. It is to be hoped that the residuary legatees agree that the testatrix executed her will under the misapprehension of the law relating to lapsed legacies, and that the will should be construed accordingly. The testatrix would probably have done had she correctly understood the law. The order will therefore be that the \$1000 legacy lapsed, and passed under the residuary clause of the will. The costs of all parties out of the estate.

Re Dale Estate—J. P. Hellmuth, K.C., for executor; J. P. Hellmuth, K.C., for executor of Robert Dale estate. Appeal by the executor of Robert Dale from the surrogate court of the County of York. Enlarged one week.

Tarball v. Tarball—W. R. Smyth, K.C., for plaintiff; J. T. White for defendant. A motion by plaintiff for an order continuing injunction. By arrangement between plaintiff and defendant, the price of the action is enlarged for one week. Injunction continued meantime.

Verner v. City of Toronto—G. H. Watson, K.C., for plaintiff; H. Howler for the city. Motion by plaintiff, John Verner, for an injunction restraining defendants from purchasing certain lands or passing any bylaws to purchase the same, or raising money for the purchase thereof, or from expending any money in connection therewith, or in the erection of an isolation hospital thereon. By consent of parties, the price of the action is enlarged for one week. Defendants undertaking not to do anything in the way of building or disposing of debentures in meantime.

Foster v. Mitchell—L. F. Hellmuth, K.C., and C. L. Dunbar (Guelph) for defendants; F. E. Hodgins, K.C., for plaintiff. An appeal by defendant from the report of the local master at Guelph. The question in dispute is as to the principles that govern in the taking of the partnership accounts between the parties. Reserved.

Re Martin Estate—A. R. Lewis, K.C., for executor; E. C. Chisholm for the infant. Motion by the executor of the estate under the Settled Estates Act for an order approving of the sale of a house, part of the settled estate, for the price of \$2000, and the purchase of another for the sum of \$3000. Order made. The house to be purchased to be held on the same trusts as the previous one. Deficiency in price and costs out of the estate.

Re Zuber and Hollinger—G. H. Watson, K.C., for Zuber; H. J. Sims for Hollinger. Motion by John Zuber for an order setting aside an arbitral award in favor of Hollinger, and judgment that Joseph Zuber should pay to Ed. Hollinger \$14,000 as a just and proper amount to be paid for all the interests of Ed. Hollinger, arising in any manner whatsoever in connection with the assets of the Walper House. Mr. Zuber also to pay the arbitration fees. Reserved.

Before Clute, J. Diehl v. Carritt—G. H. Kilmer, K.C., for the Ewin of Sturgeon Falls; R. B. Henderson for the plaintiff and receiver. F. Aylesworth for committee of bondholders. Motion by the municipality of Sturgeon Falls for leave to distrain for the taxes for 1911. Order made authorizing the receiver to borrow money and pay the taxes, and giving a first charge on the assets. Costs of motion to be added to the sum borrowed and to be paid by the receiver.

Divisional Court.

Before the Chancellor, Britton, J.; Middleton, J. Coscia v. Northern Navigation Co.—R. J. Towers (Sarnia) for defendant; Northern Navigation Co. J. D. Montgomery for defendants, the Point Edward Elevator Co., D. L. McCarthy, for plaintiffs. Separate appeals by defendants, the Northern Navigation Co. and the Point Edward Elevator Co., from the judgment of Clute, J., of April 22, 1911. This was an action by Alfred Coscia, an infant, by his next friend, to recover \$10,000 damages for injuries resulting in the loss of a leg while unloading grain from the steamer Saronic of the Northern Navigation Co., into the Point Edward Elevator, which injuries were alleged to have been caused by

It does not take long for Dr. Chase's Ointment to prove its magic healing power. A single night is often sufficient to produce the most startling results. Internal treatment for skin diseases is nearly always disappointing. By applying Dr. Chase's Ointment to the diseased parts relief is obtained almost immediately, and gradually the sores heal up and disappear. Here are two letters which will interest you: Mrs. Chas. Gilbert, Haystack, Placentia Bay, Nfld., writes: "I was a sufferer from salt rheum for ten years, and had about despaired of ever being cured, so many treatments had failed. Reading of Dr. Chase's Ointment, I commenced using it, and was entirely cured by eight boxes. I want to express my gratitude for Dr. Chase's Ointment, and to recommend it to all sufferers."

Mr. Stanley Merrill, Delaware, Ont., writes: "For years I was troubled with my hand cracking, often becoming so sore that I could hardly do any work. I got some of Dr. Chase's Ointment, and happily find that one or two applications of same to the affected parts make them well. I have had no trouble since using the ointment for some hands."

FRENCH WARSHIP IN DANGER.

TOULON, France, Oct. 26.—An alarming outbreak of fire occurred to-day on board the French battleship Justice, a sister ship of the Liberté, which was blown up on Sept. 25. The fire is believed to have been due to a short circuit. A shower of sparks fell in dangerous proximity to the magazines, and the commander of the battleship immediately ordered the forward magazines flooded. The fire was got under control and no great damage resulted.

WILL ASK OTTAWA TO ORDER WIRES BURIED

City Wants All Poles Removed Within Three Years—Won't Ask For Harbor Loan.

That the city attempt to get legislation ordering all companies to bury overhead wires within three years was the decision arrived at by the board of control yesterday. They will advise the council to get a report from Corporation Counsel Drayton on an application for Dominion legislation to that effect. They also advised that the city seek the support of other municipalities in getting such legislation.

The board will hold a conference with the harbor board with the object of furthering the proposed transfers of property, improving the ferry docks and service, providing for proper dock accommodation at the exhibition, improving the eastern gap, filling in the old western gap and acquiring Lakeside Park on the island. They decided to finish the new city wharf at the east end of the harbor before handing it over to the harbor board. That question was brought up by the receipt of the approval of the harbor commissioners of having 24 feet of water alongside the wharf.

The clause on the minutes to the effect that the city ask the government for a loan of \$3,000,000 was struck out. Controller Church said that one of the ministers had promised that \$3,000,000 would be spent on the harbor.

Controller Church presented a resolution providing for a new head being appointed for the works department, including the waterworks, who would be given complete charge of the entire department, with a free hand to reorganize, and that Engineer Rust be retained as consulting engineer. In order to get further details of the order under which a man would be appointed, the matter was held over until next week. A special meeting will be held on Nov. 1 in order to discuss the motion. At that meeting the mayor will present a report from the electrical commission.

COMPANIES DEMAND THE RIGHT TO VOTE

C. M. A. Want Same Privilege From Ontario Government as Quebec Gives.

G. M. Murray, secretary of the Manufacturers' Association, stated to the World yesterday that the association was making every effort to obtain an amendment to the assessment act that would give incorporated companies the right to vote on money by-laws. These companies, he said, paid a big percentage of municipal taxes and yet have no voice in the expenditures.

After considering the matter for some time the Ontario Government, he said, had promised to make the necessary provisions in the Assessment Act, but they decided to withhold it until the revision of the Ontario statutes. These should have been completed two years ago, but they were not ready yet, and Mr. Murray believed that no effort was being made to hasten the matter.

"Meanwhile," said Mr. Murray, "the association has got after the Quebec legislature and they at once fell in with the idea, with the result that all corporations in Quebec are, at the present time, being notified that they will be entitled to vote in the next election. They are being asked to have their board of directors nominate the man who will be authorized to vote. This is a matter of significance," he went on to say, "to all these Ontario companies who have branches in Quebec, and pay taxes there because they, too, will have a vote if they authorize some one to poll the vote and make the necessary registration with the clerk of the municipality where the taxes are paid."

MOTOR CAR RACES

Editor World: Four Thursday morning issue mentions "Mr. Hazelwood," (presumably the writer) as an official timekeeper. Allow me to say that I have never been asked to fill this position, and, if I had been so asked, I would very promptly and emphatically have refused. For the very good reason that automobile races worthy of the name cannot be safely driven on a half-mile track, and with attempt to do so is simply "tempting Providence" and risking human life with criminal recklessness and foolhardy daredevilism. No member of the McLaughlin Motor Car Co., Ltd., is interested in, or controlled by it will be permitted to go into a real genuine race on an unbanked half-mile track. In the writer's opinion, the authorities should forbid such racing as dangerous to the public, to say nothing of the participants. When a suitable and safe track is available, McLaughlin-Buick cars will be entered by the company, and properly adjusted for such work, but until that time commensurate and an appreciation of the dangers involved will outweigh the desire for advertising or glory. Yours very truly, McLaughlin Carriage Co., Ltd. Manager Toronto Branch.

The Canadian Northern Railway Will Run Evening Train Through for Hunters Next Saturday.

For the convenience of those who desire to go up on Saturday night it has been decided to run the 3.15 p.m. train through to Baywater, 70 miles north of Farry Sound, leaving Farry Sound 4 a.m., arriving on the hunting grounds about daylight, so that hunters will be able to make camp conveniently. The Hunters' Special will run as advertised, leaving Toronto Union Station 11 p.m. Monday, Oct. 30. Plenty of accommodation on coaches and sleepers. For all information apply ticket office, corner King and Toronto-streets, and Union Station.

Makers of Protestantism. Beginning with next Sunday evening, the pastor of St. John's-st. Methodist Church will preach the first of a series of sermons on "Makers of Protestantism." Sermons of this series will follow each other at about monthly intervals.

One-Time Mayor States on Stand That Architect Worked Overtime—Witnesses From Afar.

The man who was mayor of Toronto in 1892, when Mr. Lennox was supervising the beginning of the city hall, gave testimony yesterday in the Lennox case. R. J. Fleming, the then mayor, opined that Mr. Lennox should be paid for services outside his contract. Outside witnesses, from Montreal and Buffalo, testified yesterday in the Lennox case. R. J. Fleming, the then mayor, opined that Mr. Lennox should be paid for services outside his contract. Mr. Smith, one of the Buffalo witnesses, who was brought by Corporation Counsel Drayton to testify in reference to the elevator question, held the opinion that it would have been impossible to secure fair competition on the specification. Elwood Gringer corroborated this evidence. J. H. Hutcheson of Montreal said that he considered the proper course for Mr. Lennox to follow would have been to employ a foreman to conduct the work for him. Four or five thousand dollars a year would secure a competent man, and he should be able to conclude the work in two years. Arthur C. Webb, a special accountant, went over the books of the Bennett & Wright firm with Judge Latchford, Mr. Drayton and a counsel for

time of taking over the contract. Mr. Lennox had a great deal of trouble. Mr. Lennox took the grounds that he could not get on with the work without taking possession. The council favored the completion of the work by day labor, the witness testified. He knew that Mr. Lennox was assiduous in the city's service, and it was his opinion that he should be paid for services outside his contract.

The Grand Trunk Railway System have recently placed orders for 20 switching engines and 10 Richmond Compound consolidated engines. Ten of the switching engines are to be built by the Lima Locomotive and Machine Works, Ltd., 40 by the Montreal Locomotive Works and the Richmond Compound engines by the American Locomotive Co., Schenectady, N. SPECIAL TRAIN TO PORT M'NICOLL ON HOLIDAY

The New C. P. R. Terminal on Georgian Bay.

The J. C. Hayes Co., Ltd., have arranged for a special train to Port McNicoll on Thanksgiving Day...

Few are aware of the immensity of the work being done by the C. P. R. to make Port McNicoll one of the greatest terminals on their system.

When you consider that the passenger traffic handled by this corporation on their steamers Manitoba, Alberta, Athabasca, Assiniboia, and Keewatin, which go via Port McNicoll, to say nothing of the immense freight traffic, it is a sure thing that Port McNicoll will be an important centre.

The sale of lots there has been phenomenal, and you cannot do better than go up and look the proposition over.

WANT REAL LABOR MAN

Ontario Government Enquiring Into Movement to Out Secretary Hahn.

BERLIN, Oct. 26.—(Special.)—Hon. Dr. Reaume has sent a clerk from the department of public works to investigate the application of the Berlin trades and labor council, who are asking that a successor be appointed to Ex-Mayor Hahn, who is an off-holding with the Ontario government as secretary of the government free labor bureau here.

The contention of the T. and L. Council is that Mr. Hahn, not being actively identified with organized labor, should not hold the office, and Stephen Weidner, a member of the Cigar-makers' Union, has been recommended by the Trades Council as his successor.

The clerk in question met a committee from the T. and L. Council to-night, and will make his report back to his chief in Toronto, who will then finally dispose of the matter.

WANTED CLEAN SWEEP.

"Don't stop it, don't stop it!" These are the words with which Jacob Brenner says he was greeted by Mrs. Jacob Smitzer, when in answer to her cries of fire, he rushed from his place across the road to her little grocery store in West Richmond-st., on Oct. 2. He says that the woman seemed anxious that the fire have a clear sweep. Mrs. Smitzer and her husband appeared in police court yesterday morning charged with arson. Sergeant Unbach swore that he saw nothing of any tobacco which the Equity Insurance Company says was made the basis of a \$250 claim, and that \$3 and \$10 were claimed for a pillow and mattress which did not show any damage.

The case was adjourned a week from yesterday morning's police court.

Winnipeg Grain Market.

WINNIPEG, Oct. 26.—A very poor trade was experienced on the wheat market to-day on almost all grades. This may be accounted for thru someone cabling the other side that the grain standard board had materially lowered the grades of Nos. 1, 2 and 3, and in response, information has been received from a number of houses that they did not care for new business until they had seen the new samples.

There was a slight for inspection to-day only 250 cars, against 70 yesterday. The weather over the wheat belt was good.

\$11500—HOME-MADE never before duplicated; large brick house of 12 rooms. Finished in hardwood, billiard room in basement, two bathrooms and extra lavatory. Light and hot water heating; room for garage in rear.

RENT—This house may be rented for \$75 per month.

EXCHANGE, rent or sell—We have three houses in Rosedale, which we will either rent or sell for \$12,000, or trade for farm property near Toronto, on radial line.

ALBANY AVE., 10 roomed house, hot water heating and electric lighting; all modern conveniences. For quick sale, \$2000.

KINGSTON ROAD—Within short distance of city, on radial car line, 12 acres may be purchased. A residence, garage house, and plant 500 ft. long, with windmill and numerous outbuildings. Are some of the improvements existing on this fine property. It is ideal for a country home, or at the price, would be a good property for cutting up into building lots. We will be pleased to furnish any further information.

SHERBOURNE ST., near Bloor, a 2 1/2 ft. lot, may be bought for \$250 a foot. In view of the falling prices in the neighborhood it should be a good buy. A splendid site for club or centrally located.

LOTS—Glen Grove lots are recognized as one of the best real estate investments available; we have them listed at from \$15 to \$20 per foot.

GLENCAIRN AVE.—A lot of 61 feet on this street. This part of Glen Grove is already built up and the lot is surrounded by many expensive houses. Big chance to realize profit.

MOORE PARK—Two splendid 50-foot corner lots on St. Clair avenue, east of Yonge street; \$60 per foot; both lots are taken, or \$2 per foot if sold singly. Many expensive houses are situated in this district. It is a chance to realize price, as lots in the immediate vicinity are selling for \$25 per foot.

GLENVIEW AVE.—A very choice 50-foot lot for \$25 a foot; see particulars, as it is well just at the corner of a big chance to realize profit.

WANTED—On Kingston road, 2 to 5 acres at reasonable price.

STONES—Yonge street, near Bloor—Two large stones, with basements, new fronts and entirely remodeled; in splendid retail centre, one with 1000 sq. ft. per year, and the other of slightly smaller frontage, with heating, \$2000. Let us show you these.

FARMS—Several 20-acre farms within 10 miles of Toronto, with a monthly payment of \$50 down and \$1 a month, until the total price, \$200, is paid. These farms are ideal for fruit growing and poultry raising. Investigate this opportunity.

MALVERN—At this, the first station out of Toronto, on the C.N.R. line to Trenton, we have 5 acres, admirably adapted for site of automobile club, with perfect stream for stocking with trout. Fifty minutes from Toronto by automobile over Kingston and Markham roads.

100 ACRES—Having on it large 12-roomed pressed brick house, furnace, telephone, dumb waiter, and all conveniences of city houses; 100 ft. grounds are large barn and orchard of seventy-five odd trees. Within three hundred yards of Malvern station. There is also a stream running through these grounds. For quick sale, \$15,000.

THREE millions of acres—We have this quantity of C.N.R. lands in Northern and Central Alberta, from which you can choose, at prices from \$10 an acre up. The finest wheat country in the world.

WELLAND LOTS—The town with the cheap power and big industries. The town that is growing. You can make money out of our lots in this place; priced at \$10 to \$20.

140 ACRES choice land within three miles of Toronto. Will sell in lots from 5 acres upwards. Price two hundred and fifty dollars and up per acre. Buy direct from owner. Thos. Hartley, Downview. ed

LAWRENCE PARK BARGAIN

FOR SALE—We have been instructed to sell a beautiful lot in Lawrence Park at a sacrifice price. It overlooks a nice creek, and being corner lot is a good buy. It can be subdivided and may be built on two frontages. It figures about \$18 a foot and is worth \$25 to \$30. J. C. Hayes Co., 154 Bay-street, Main 710.

AN ESTATE must be closed. Large central building containing 84 rooms, suitable for office building or hotel. Cost over \$100,000. Can be purchased for quick sale for \$20,000. \$25,000 cash. J. C. Hayes Co., Limited, 154 Bay-street. Phone M. 760.

Wall Street Is Apprehensive Interest Centres in Steel Recessionary Period in New York Market—U. S. Steel Directors Meet—Upward Movement in Toronto Stock Exchange.

EDWARD EARL, President of the Nassau Bank, New York City.

NEW YORK, Oct. 26.—Operations in the steel market today were quiet. It was not until after the close of the market that the knowledge of the government's suit for the dissolution of the United States Steel Corporation reached Wall Street.

United States Steel is now selling nearly 25 points below the high price of the stock. The decline has been generally attributed in large part to selling by holders, who feared such an action as was begun to-day by the government.

A WEEK SPASM. Wall Street underwent a weak spasm yesterday for a change, the market drifting into a recessionary period, in which quotations were marked down from large fractions to upwards of a point all thru the list.

The street was flooded with rumors, one of these being to the effect that a cut in the Bell dividend was imminent. Close followers of trade conditions pooked this as more or less of an absurdity. With the insiders stepping from under the market, prices seem to prove easily vulnerable, but there is no idea that the situation will be allowed to get out of hand.

Cotton Markets. Erickson Perkins & Co. (J. G. Healy), 11 West King Street, report the following prices on the New York cotton market:

Dec. 1.23 1.22 1.23 1.23 1.23 1.23. Jan. 1.19 1.19 1.21 1.21 1.21 1.21. Mar. 1.21 1.21 1.23 1.23 1.23 1.23.

London quotations on Rio showed an advance, the buying here quickly responded. In the early trading the shares sold at 114, or unchanged from yesterday, but the ensuing advance carried them up to a full point to 115 1/2, with but little stock coming on the way up.

Some of the other issues reflected the upward trend, with the Maple Leafs and Cement the features in this regard. The latter stock got up to a new high at 30 1/2, a gain of over a point for the day, and closed bid at 30 1/2. Maple Leaf common was up nearly a point at 4 1/2, and was in good demand thruout, closing bid at the top figure with offerings falling to 4 1/2.

Speculation was of a quiet nature, but there was an excellent call for securities, both of an investment and speculative nature.

Bank Rates Unchanged. LONDON, Oct. 26.—The Bank of England discount rate remains unchanged at 4 per cent.

Increased the Dividend. The directors of Norfolk and Western Railroad at their meeting in New York yesterday put the stock on a 6 per cent. basis, an increase of 1 per cent. from the previous declaration.

Offering Locomotive Bonds. The investing public will shortly be offered the first mortgage 6 per cent. gold bonds of the Canadian Locomotive Company, by two prominent local financial houses. These bonds are not

Here's your Overcoat for Thanksgiving Day

\$9.95

Very classy coats they are, too—the kind that look well at the football game, and yet are dressy enough to wear to church. They're overcoats you would expect to pay **Fifteen Dollars** for. They're in Fall or Winter weights; black chevots and melton, as well as grey and brown tweeds. Get here early Saturday morning for a choice at **9.95**

There are hundreds of fine coats in our stock, all great values, and perhaps the finest production of all is a heavy English Nap Overcoat, in light and dark grey; it is double-breasted with a shawl collar and belt at back; lining is tweed, and there are wool wristlets. A perfect winter coat. Saturday **38.00**

A Thanksgiving Suit, within the reach of everyone, is a Bannockburn tweed; it is made in grey and brown, single-breasted, and is the correct thing for this season; sizes 36 to 44. Saturday **13.50**

At \$15.00—An English Tweed Chesterfield Overcoat, single-breasted, with self collar and Raglan shoulders, stitched seams and mohair linings; sizes 36 to 44. **15.00**
