Joe: Sir William Hearst could appoint a commission. It would be too bad to throw discredit on any more public officials. We've got to concentrate on abolishing the bar. Stout: Yes, McCullough abolished two bars with his little saw.

government to pass any federal law on the subject of prohibition.

To Kill Margarine.

But if the senate would throw out a bone-dry prohibition bill, the house would with even greater certainty defeat any legislation designed to permanently legalize the manufacture, sale and importation of oleomargarine.

To get out of this awkward corner, Hon. Arthur Meighen has introduced a bill which reads as follows:

All orders and regulations of the governor-in-council heretofore passed under the authority of the war measures act, 1914, shall continue in force, notwithstanding that war no longer exists or may exist, until the end of the present session of the parliament of Canada; subject, however, to the authority of the governor-in-council at any time to rescind or repeal in whole or in part any of the said orders or regulations.

But will this bill get through parliament before the peace treaty is signed? The Liberals will hold it up in the house, because they cannot assent to blanket legislation legalizing all the orders-in-council against which they have inveighed. Even government supporters will demand a list of the orders-in-council that are thus to be validated, and many of them will object to this hasty validation. Even the house passed Mr. Meighen's bill it would probably be rejected by the senate, or so badly disgraced by amendments as to be unrecognizable. Raising may be unrecognizable. Raising may be unrecognizable. Raising may be unrecognizable. Raising may be unrecognizable. Raising may be unrecognizable.

What makes the government's position more difficult is that no one can even conjecture how long the session is going to last.

### PASS SEWER BYLAW AT SPECIAL SESSION

**City Council Rushes Thru the Measure to Start McKittrick Work.**

Hamilton, April 17.—In special session tonight the city council gave the bylaw covering the construction of the McKittrick sewer by Brennan and Hollingsworth its third reading, to permit of a start being made on this important work on Monday. The contractors have their full complement of men ready for work and the material is on the ground. Had the special meeting not been called to pass the bylaw the work could not have started until April 29.

Ald. Newlands was the sole objector, he engaging in a tilt with E. R. Gray, city engineer, because that official had not imparted to him, as chairman of the works committee, the information that concreting, not included in the plans, was not necessary. The engineer said he first mentioned the concrete work because he thought the plans called for it. When he found out they did not he was satisfied.

### CIGAR COMPANY BONUS IS AROUSING DOUBT

**Union Circles Not in Sympathy With Reported Action of Concern in Dividing Yearly Profits.**

Hamilton, April 17.—D. J. Walsh, president of the local Cigar Makers' Union, stated tonight that union circles were not in sympathy with the recent report that the employees of the Hilda Cigar Company were to have ten per cent. of the yearly profits divided among them.

"It is simply camouflage as to the real state of affairs as the company has had difficulties with the union owing to the employees being on strike for the past nine months. There are no union men now in the employ of the Hilda Cigar Company, they are strike-breakers," declared Mr. Walsh.

When the strike was called, over 200 men went out but the majority of them have obtained employment in the trade or in other lines.

### ARREST GRIMSBY MAN.

Hamilton, April 17.—On a charge of false pretences, Orlando Dennis, of Grimsby, was brought to town tonight. The complaint is M. Saltman.

### COMMITTEE DEFERS ACTION ON SHELTERS

**Aldermen Will Await Report on Paving of the Market Square.**

Hamilton, April 17.—The property and license committee took no action tonight regarding construction on shelters on the market square with concrete and the estimated cost of that work.

An application from the Guy for permission to deliver two half-ton lots of coal on one wagon was laid over until the next meeting. Granting the application will necessitate changing the bylaw. Secretary of the Mount Hamilton Progressive Association that a convention of the city council was referred to a sub-committee.

Alderman Gurry called attention to the fact that the sheds were being over-run with beggars and thought this practice should be stopped. If they were unable to work, the city should provide for them, he said. No action was taken.

### START ROAD REPAIRS ON McNAB STREET

**Reconstruction Begins on Small Scale, But Any Relief Appreciated By Storekeepers.**

Hamilton, April 17.—Road repairing in a small way started on McNab street today, but not before it was time. Certain sections of the street for the past month has been in a bad way and when the big trucks, which make their routes 65-75 miles for the purpose of avoiding the traffic on James street, would hit the bumps, the various offices and business houses rattled to their foundations. In fact, the shaking and bumping has been so severe on different occasions that plate glass windows have been loosened from their fastenings.

It is a complaint that the McNab street dwellers have is that the dust is generally inches thick, and when there is the slightest blow the dirt, whirled in a blinding fashion and penetrates the buildings and offices.

### THREE MOTOR BANDITS GOING TO BURWASH

**Two Year Terms Are Imposed by Magistrate Jeffs—Fined Several Charges.**

Hamilton, April 17.—Two years in Burwash, less one day, were the sentences imposed upon Arthur Stage, Robert Adams and John Rankin, the three young auto bandits who appeared before Magistrate Jeffs today. Rankin, who had been previously out on suspended sentence. Other charges against the trio included breaking into the dressing rooms at the cricket grounds, and the Barton pumping house.

H. G. Beckett presided and made the presentations, Geo. L. Sprague, principal, spoke briefly, expressing appreciation of the keen co-operation given him by the pupils. There was a large attendance of pupils and their parents.

### Magistrate in Burlington Sends Dr. Geo. Barr to Trial

Hamilton, April 17.—Dr. George Barr, the 53-year-old physician of Burlington, appeared before Magistrate Jeffs in that town this afternoon and was sent up for trial in connection with the death of Theresa Kow, the Brantford girl, who died following an illegal operation which is alleged, the accused performed. He will come up for trial at the fall assizes here.

No plea was entered by the aged physician following the advice of his counsel, G. W. Bell. Bail has not yet been arranged.

### Man Who Fell Forty Feet Reported to Be Recovering

Hamilton, April 17.—George Cousins, 273 North Ferguson avenue, who fell a distance of 40 feet at the steel plant was reported to be doing nicely, by the hospital authorities tonight. Cousins was included breaking into the dressing rooms at the cricket grounds, and the Barton pumping house.

### DEFERS SENTENCE.

Hamilton, April 17.—With tears in his eyes, Alexander Steele, East Barton street storekeeper, thanked Magistrate Jeffs tonight when he was allowed to go on deferred sentence. Steele was charged with obtaining goods on false pretences from the James Turner Company.

### Not Wanted.

There are two things that a great many of the residents of ward three do not want. One is the T. H. and B. elevated coal docks and the other is the coal yard that Ald. Charles G. Cooper is endeavoring to have located in that section of the city. A huge petition has already been drawn up and will be presented on Monday night to the works committee, which has already appointed a sub-committee to report back on the application.

When the council turned down daylight saving they did so on the grounds that they always had the interests of the people at heart in preference to everything else. We hope that they will live up to this rule and despite the fact that one of their number is grandfather to the application for building the yard, turn down the coal yard request and order the T. H. and B. to remove their coal dock, which is claimed to be a contravention of a city bylaw.

### Out in the Rain.

Owing to the fact that it took so long to start work on the new government buildings here we thought all the red tape was on parliament hill, but now we begin to think there are a few miles of it in the department run by Chief of Police Whitley. For the past fortnight the men on the beat have had to waddle around in the rain, running all sorts of chances from influenza and other kinds of epidemics that are generally brought on thru emulating the duck.

Nice new shiny raincoats, guaranteed waterproof, were purchased for the men, but we understand that they are hanging in the lockers where they won't get wet. It is said that the coats will be given out when the men discard their winter overcoats. One would think that the time to hand out the raincoats would be during the rainy season, but then it might simply be a case of seasoning the men. Who knows?

### PRESENT THE PRIZES AT TECHNICAL SCHOOL

**Large Attendance of Pupils and Their Parents at Technical and Art School Functions.**

Hamilton, April 17.—Prizes and honor certificates were presented tonight to the pupils of the technical and art school who topped their respective classes and departments. The three major prizes in the household science department were won by the following: Miss J. Wilson, Gurney steel range; Miss Hilda Blackwell, 100 pounds flour; Miss M. Sharp, bread mixer.

H. G. Beckett presided and made the presentations, Geo. L. Sprague, principal, spoke briefly, expressing appreciation of the keen co-operation given him by the pupils. There was a large attendance of pupils and their parents.

### Barton Township Committee Draws Up Fire Regulations

Hamilton, April 17.—Barton township fire protection committee held a meeting in the Lloyd George School tonight for the purpose of drawing up the rules and regulations for the Barton fire department. The members of the committee are: J. H. Stevens, Reeve; George F. Webb, John E. Peart, John Fenrose and John Fish.

Mr. and Mrs. C. E. Peacock have returned after an eight-week trip thru California. They returned by way of British Columbia.

### Highway Court Magistrate Collects \$200 From Speeders

Hamilton, April 17.—In the highway court here today, Magistrate Davidson collected fines totaling \$180 from speeders who hit the bumps on the Toronto-Hamilton thoroughfare.

In the case of the Wood Milling Company his worship served decision until the speedometer could be tested. It cost D. Magnolia, an Italian, \$5 and costs for traveling 40 miles per hour with his motorcycle.

### HOUSING SHORTAGE GROWS IN ACUTENESS

**Proposal Before Controllers to Ask Big Loan From Ontario Government.**

Hamilton, April 17.—No action to relieve the serious housing shortage here can be expected until Tuesday at the earliest, tho the situation is one that is daily becoming more acute and will require considerable money and time to remedy. The board of control now has before it a recommendation that a survey be made of the city at a cost of \$1,000, and that the government be asked for a loan of one million dollars to finance the work.

With returned men flocking into town by the hundreds and wanting to start up housekeeping with their families, who during the winter probably shared a home; with rents going up and houses being constructed that are beyond the pocket of the ordinary person, the outlook is none too pleasant. To make matters worse, the housing shortage is not a pay higher rents than they would think of paying at any other time.

If conditions do not improve with the coming of warm weather, there is every possibility that tents will be in great demand here this summer and the beach and shores of the bay turned into a tent colony. This would be a most unfortunate family over until the fall, when it is expected that the housing scheme will be under way and a great many moderate priced homes ready for rent.

A real estate man told The World last night that he thought the city should adopt the housing scheme as proposed by the government, as that would result in a sufficiently number of homes for the working class would be constructed. The majority of builders were going in for the more expensive type of house, he stated.

### WORKMEN TO CONFER ON DAYLIGHT SAVING

**Call a Special Meeting for Next Week to Discuss Question From Viewpoint of Citizens Generally.**

Hamilton, April 17.—Daylight saving will be discussed from the viewpoint of the workman at a special meeting of the General Workers' Union early next week. The workers feel that as the manufacturers presented their views on the situation at yesterday's meeting, when they passed a resolution to invite the city council to get together to take further action on the matter, they should also give the public their side of the controversy.

Generally speaking, the workmen at present are not in favor of the new time, and there is not the slightest chance that they will endeavor to influence the city council from taking a flop on the question should the business men succeed in convincing them that daylight will be loser under two times.

### INADEQUATE STAFF MADE ESCAPE EASY

**(Continued From Page 1)**

the ground that his muscles needed expansion. Again, he managed to break a part of the stove in his cell. Storms were brought into the cell three different times after this by prisoners of the jail. This at least is a statement made by the wife of Curcell the death watch alleged to have been doped for the occasion. McCullough was out of the cell on two different occasions, once when the cell was being cleaned out, and again when the third stove was installed. However, the jail authorities point out that the three supervision of arrangements would defeat any collusion that might have been attempted.

Honest as the Day.

Those who are intimately acquainted with Death Watch Curcell are emphatic in their opinion that Curcell was as honest as the recommendations of his pathologist are easily affected, that he is a man of religious sympathies and that his record as a soldier is the one of his four brothers all enlisted, and the youngest was killed in Flanders. Mrs. Curcell stated to the press that she had received a package from the prisoner enclosing her husband's two returned buttons, but nothing else. These were attached to the coat McCullough wore when he escaped.

No Inspection.

That there is no inspection made of the windows and iron bars of the "death cell" at the Toronto Jail, was the admission of Sheriff Frederick Mowat last night to The World. The sheriff said that the staff of jail guards at present was quite adequate, there being three death watches to guard McCullough, the condemned murderer, and a staff of eleven other regular guards who would answer the sound of the alarm bell from the death cell. Each of the three death watches, spent eight hours a day in the cell with McCullough and they were hired to go on the respective reliefs that they were on by Sheriff Mowat. Curcell had been engaged to do the night duty with McCullough, and was regarded by Mr. Mowat as being of satisfactory type of man for the position he was given.

In answer to a question as to what qualifications a man required to secure a position as death watch, the sheriff replied that the most satisfactory man that he is honest, strong enough to master a prisoner, and intelligent. When he employed Curcell he said he had received many recommendations on behalf of the guard that satisfied him enough to employ him and place him in a position of trust.

The Guards.

Regarding the inspection of the death watch cell he said that the three guards relieved each other daily and while they were on duty they were visited on inspection by one of the jail officials whose name the sheriff was not disposed to divulge last night.

Pressed further as to why a thorough inspection of the cell and windows was not made, he stated that with a man continuously in the cell with a prisoner it was not considered necessary. "If the men are honest as the inspection of the cell would have required, but if they are dishonest anything can happen," he concluded.

### DEWART COMPLAINS PROBE INADEQUATE

**(Continued From Page 1)**

today I suggested to the committee that a small committee of the house be appointed to go into these matters and give them fuller consideration during recess. That would include the ordinary council.

Every Opportunity.

Hon. T. W. Mc Garray replied that the house had given Mr. Dewart two ways of investigation, the royal commission and the public accounts committee. The government had done all in its power, and it was not the government's fault of any inaction that the committee had not been held. But if there were any other insinuations or innuendoes the commission down town is still in session, and Mr. Dewart would be ready to hold any number of sessions. He is very patient.

J. H. Dewart: What, Patient!

(Laughter.)

Hon. Mr. McGarray: If something more had been brought out, it was owing only to the slowness of the gentlemen who were called upon to bring it out. They had not availed themselves of the service of the council of the commission—(laughter)—but the opposition had its counsel before the commission. Perhaps Mr. Dewart might have his own office at home smiled at the ease with which the government had granted the dual investigation. It was something that had not been done before.

J. H. Dewart: The two were sitting at the same time.

Hon. Mr. McGarray replied that he noticed Mr. Dewart preferred the committee to the commission. In all seriousness, vague charges were never before given such a varied opportunity for investigation. From his reading of the evidence he did not expect much more would transpire; but the commission would afford the opportunity if it was desired. It was too late for Mr. Dewart to ask for a special committee.

Mr. Dewart repeated that he had asked the chairman of the committee the day before.

Hon. Mr. McGarray: I believe the commissioner will consent to sit as long as he wishes.

TORONTO SINCE HAMILTON 1886

Paris, April 17.—The drafting of the final form of the peace treaty is proceeding rapidly in order to have it ready for presentation to the German delegates when they arrive at Versailles a week hence. The document, as framed, begins with an introduction in the form of a protocol, setting forth the complete list of belligerent powers taking part in the war and now making peace. The designation of plenipotentiaries of each country and with powers to sign.

Then comes a declaration of impressive brevity, and in thirty words, stating that on the conclusion of the treaty and the exchange of ratifications, the war shall come to an end.

Following upon the declaration of peace, the present intention of the peace delegates is to have the covenant of the League of Nations occupy the place of honor in the treaty, and to be the first subject treated in detail. It will thus take the priority it had in the program of the peace conference.

Many Subjects Included.

Then, in succession, will follow the military, naval and aerial terms, reparations, responsibilities, the Rhine frontier, the Sarre region, Alsace-Lorraine, Poland, the status of Danzig as an international port, Germany's Schleswig-Holstein frontiers and a large number of special subjects, including the labor convention adopted at the last plenary session of the conference, international ports and waterways, and extended economic and financial provisions not directly connected with reparations.

The textual form of all these subdivisions has been completed, so that the work at present going on is chiefly fitting together the parts into a homogeneous whole.

Will Exceed 70,000 Words.

This is being done by international experts representing the five great powers. The work is largely formal, as the council of four and the commissions have adopted the various parts now being fitted together.

It is estimated that the treaty, as a whole, will exceed seventy thousand words, or the contents of a large, closely printed volume. The text is

### NATIONAL RAILWAYS SHOWING PROGRESS

President Hanna Says Conditions in the West Favor Development.

President D. B. Hanna of the Canadian National Railway system returned yesterday from an extended inspection tour through the west, which took him as far as Victoria, B.C. Seen by a World reporter at the head office, Mr. Hanna said that he had found conditions quite satisfactory in the prairie provinces, and also on the Pacific coast. Seeding, he said, was well advanced, and the weather favorable. On the Pacific coast retail trade was unusually brisk, but there was some uncertainty as to the immediate outlook for the lumber industry.

"I was greatly struck," said Mr. Hanna, "with the development going on in the Rainy River district. The country is settling up between Rainy River and Fort Frances, along our northern line, and also up toward the National Transcontinental. Much credit for this is due, I believe, to the provincial government, which is building highways and spending a good deal of money in opening up this part of the province. All thru the western provinces we found a most friendly feeling toward the Canadian National Railway. We are planning a good deal of new construction work in the west, and will furnish railway facilities to many settlers who have been badly in need of such accommodation for years."

Asked as to the directors' meeting of the Canadian National held in the city yesterday, Mr. Hanna said that the main purpose of the meeting was to arrange for the extensive program of construction and betterments which had been authorized by the Dominion government. In the near future an inspection will be made of the lines east of Toronto, with a view of arranging for all necessary betterment and replacement work.

### CREDITORS REORGANIZE SUN BRICK COMPANY

New Company Will Be Called Sun Brick and Tile Company, With Capital of \$475,000.

At a meeting of the creditors, bondholders, and the shareholders of the Sun Brick Co., at Osgoode Hall yesterday, before the official referee, J. A. C. Cameron, it was agreed by all parties to reorganize the company under the name of the Sun Brick and Tile Co., Limited. With the exception of a slight modification in the first proposal regarding the Sun Land Co., which will guarantee the second mortgages, all the proposals were carried.

The bondholders, creditors, and shareholders will take securities in the new company, which will have in its capitalization \$125,000 in bonds, and \$350,000 in shares.

The statement showed unsecured claims of \$272,000, secured \$150,000, and preferred \$3000. Sir Henry Peulat's claim was for \$221,982, and the T.E. I. had one of \$13,702. A nominal deficit of \$135,401 was shown. The Sun Tile and Brick Co. will take over the plant and 35 acres, and the Sun Land Co. will take 700 acres in the Don Valley.

### REV. DR. J. GOFORTH'S CHINESE MISSION

Rev. Dr. John Goforth, Toronto Presbyterian missionary in northern China, has sent a report to the mission board which states that the return of peace conditions has enabled the missionaries in Honan to resume the publication of their newspaper. A successful effort is being made to reach "the scholar class," and the mission classes include eleven B.A.'s and one M.A.

### Bloor Baptists Give Pastor Car and Increased Salary

Members of Bloor Street Baptist Church last night unanimously voted an increase of \$500 to the salary of the pastor, Rev. W. A. Cameron. This increase makes the living worth \$4500 per annum.

A group of Mr. Cameron's parishoners are presenting him with an automobile, in order that he may pursue his pastoral visitations more comfortably and efficiently. Mr. Cameron has been in charge of this church for ten years, and is much liked and respected by his congregation.

### Sir J. Woods Banquets Y.M.C.A. Secretary at National Club

Sir James Woods gave a dinner at the National Club last night in honor of Herbert K. Caskey, who has recently been appointed national secretary for the foreign mission work department of the Y.M.C.A. This is a new position created by the new conditions as a result of the war.

Representatives of the boards for foreign missions of various denominations were present, also representatives of the various departments of the Y.M.C.A., as well as a number of prominent business and professional men of Toronto.

"THE THREE MUSKETEERS." Dumas' title has been applied to three young fighting poets, Robert Nichols, Robert Graves and Siegfried Sassoon. They have all written very noble poetry, and Mr. Nichols confers to Convocation Hall on Friday, April 25, to speak of the kind of work that is being done by the younger men in England today. Mr. Nichols has a fine voice and reads with power and feeling. Mr. Stephen Leacock lectures on May 2. The proceeds of these lectures go to the Garrett Anderson Memorial Fund, the Franco-British Aid and the University War Memorial.

### VETERANS COMMISSIONAIRE CORPS MAY BE ORGANIZED

The matter of the creation of a corps of commissionaires was taken up by representatives of the G.W.V.A. and discussed with the business council of the repatriation committee at a recent meeting which was held at the board of trade rooms. The G.W.V.A. representatives are of the opinion that such a corps could be created with a considerable amount of success in the repatriation of men who have reached the meridian of life and who as a result of disabilities incurred whilst on service are now no longer able to follow out their original occupation with any measure of success on the labor market.

SERGEANT MERRILL, V.C.

Sergeant William Merrill, who is announced as one of the great V.C. M.M. heroes of the Fourth Battalion, was primarily a member of the Second Eastern Ontario Battalion, and was with the Second Battalion in all his shows up to May 23, 1915, when he was shrapnelled at four in the morning by a whizz-bang, at that time a novel feat, as the whizz-bang is now assumed to have gained his military medal at the Battle of Festubert in May, 1915.

SERGEANT MERRILL, V.C.

Sergeant William Merrill, V.C. M.M., who is today vividly associated with the "Mad Fourth," one of the premier battalions of the C.E.F., gained his first-hand training and his military medals while serving with the 45th Infantry, 2nd Brigade, 1st Division, Eastern Ontario Battalion. Bill Merrill enlisted with the colors on August 9, 1914, and his company marched with the Second Battalion on Sept. 3, 1914, finally landing at Sainte Nazaire with the battalion on Feb. 12, 1915, he entered the "Armenian" and fought both detachments of the Rifle Brigade, and later received his real baptism of fire near Wietste, St. Julien, from April 22, 1915, to May 25 when he was shrapnelled in the chest, then a novel feat in the war game. This was in the vicinity of Festubert and Neuve Chapelle. It was many months before he saw the trenches again, and when he did so it was with the Mad Fourth, with which unit he finally earned his V.C.

### GENERAL TURNER TAKES THE WATER

Launching of Ocean-Going Steamer Was Thoroughly Successful.

The launching of the ocean-going steamer General Turner, which took place at 4 o'clock yesterday afternoon from the foot of Bathurst street harbor front, was accompanied by features not usually witnessed among the mud and sands of a city's docks. In addition to the decorations of the vessel which was to find her future home on the ocean wave, the event was marked by the presence of the Rameses patrol of Shrimers, in all the bravery of gala attire, accompanied by their band, and crowds of people numbering some thousands witnessed the launching from every point of vantage.

As the hour approached people began to possess themselves of the sand and gravel heaps and the tops of sheds and scaffolding about were soon the property of a small boy and more venturesome adults. A platform erected and outlined with red, white and blue bunting had been prepared for those who would officiate, and from there J. Brown, wife of Potentate A. J. Brown, performed the christening ceremony.

No Precise Start. Prior to the launching the vessel stood high on her docks, the slanting staves upon which she would slide into the water thickly coated with grease to help her in her descent. Workmen were heard giving anti-like strokes to the blocks which still kept the vessel in position, and the people watched the various steps with intense interest. "Will they drop a handkerchief?" a woman was heard to ask. But there was no such precise start. The hammering continued for about twenty minutes before the vessel was seen to move, and with a quick slide she plunged into the water, seeming for a moment as if she were going to turn a somersault, but righting herself as she came fully in contact with the water.

Meantime whistles blew and a great shout went up as people rushed from all sides to get out of reach of the on-coming waters which the hull of the boat had displaced. The outpour of water mounted above the sand hills, and reaching the shore, chasing the spectators to safer quarters. Meantime the "bottle" had been broken and the General Turner had been "well and truly" christened and launched.

### CANADIAN EXPORT GOODS.

The Heintzman & Co. Piano in Popular Favor in New Zealand.

Seeking for a piano of undoubted high-class construction for the sister colony of New Zealand, the choice has fallen on the famous Canadian-made piano of "The Olde Firm" of Heintzman & Co., Ltd., Toronto. An order of present date from Mr. W. B. Leyland—member of one of the largest and best-known business houses in New Zealand—for a baby grand piano for Mr. Leyland's own home. "Everything must be of the best" were the clear and specific instructions given in placing the order, and that the particular instrument shipped this month will in all details measure up to the stipulated requirements. There will be no doubt in the minds of the thousands of Canadians who for sixty-five years have pinned their faith without disappointment on this beautiful instrument.

### HUMBERSIDE AT-HOME.

In honor of the boys returned from overseas who were pupils of the Humberside Collegiate in the state of Chihuahua, Mexico, which were confiscated during the revolutions, will be given last night, at which about three hundred guests attended. A musical program followed by a dance, and refreshments provided in five evenings' entertainment. W. D. Lattin, president of the Literary Society, was in charge of arrangements.

### DEATH RATE SEVEN LESS.

Deaths from influenza number 54 in March, as compared with two for the corresponding month last year, according to Dr. Hastings in his report, while the deaths from pneumonia, which head the list, are given as 106, an increase of 12 over March, 1918. The total deaths from various causes is 572, as compared with 579 in 1918.

### MINISTRY OF HEALTH.

The Toronto board of health yesterday went on record as endorsing the Dominion government's proposal to appoint a minister of public health.

### Life Assurance Premiums Reduced

If you are insured under an Imperial Life profit-sharing policy your premiums can never be increased. On the contrary, you can use the profits allotted to you every five years to reduce future premiums. So, the longer your policy remains in force, the smaller will become the yearly payments required to maintain it.

If you outlive your family's need for protection the policy may be surrendered for its cash value. Thus an Imperial policy will take care of your family if you die—it will provide for your old age if you live.

### W. H. CLANCY BURED MAY DAY BANQUET AT ST. MICHAEL'S FOR REAL FIGHTERS

Prominent G. T. R. Passenger Agent Served Public Forty Years. Business Men to Act Host at Each Table at Armories.

From St. Michael's Hospital yesterday morning the funeral took place of Mr. W. H. Clancy, formerly city passenger and ticket agent of the G. T. R. system at Montreal, but for some years a resident of Toronto, and thru his long connection of over forty years with the railway, known to a large part of the traveling public.

Mr. Clancy entered the service of the Grand Trunk in 1874, and after seeing service as clerk in Stratford, Cobourg and Toronto, was appointed to Montreal, where he remained until he retired under the pension plan of the company in 1914. To be near his only sister—Sister Immaculate Heart, of St. Joseph's community—he then came to Toronto, living at the Elliott House until attacked by his last serious illness.

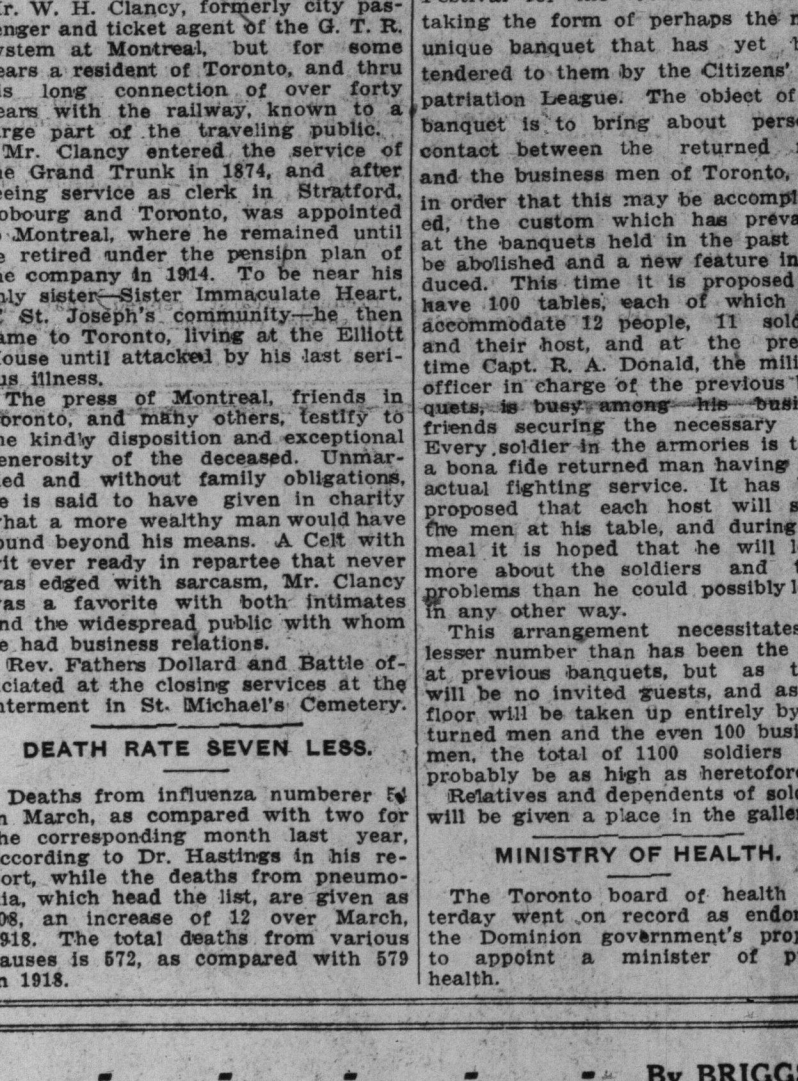

The press of Montreal, friends in Toronto, and many others, testify to the kindly disposition and exceptional generosity of the deceased. Unmarried and without family obligations, he is said to have given in charity what a more wealthy man would have found beyond his means. A Celt with wit ever ready in repartee that never edged with sarcasm, Mr. Clancy was a favorite with both intimates and the widespread public with whom he had business relations.

Rev. Fathers Dollard and Battle officiated at the closing services at the interment in St. Michael's Cemetery.

There is to be a great May Day festival for the returned soldiers, taking the form of perhaps the most unique banquet that has yet been tendered to them by the Citizens' Repatriation League. The object of this banquet is to bring about personal contact between the returned man and the business men of Toronto, in order that this may be accomplished the custom which has prevailed at the banquets held in the past will be abolished and a new feature introduced. This time it is proposed to have 100 tables, each of which will accommodate 12 people, 11 soldiers and their host, and at the present time Capt. R. A. Donald, the military officer in charge of the previous banquets, is busy among his business friends securing the necessary 100. Every soldier in the armories is to be a bona fide returned man having seen actual fighting service. It has been proposed that each host will serve the men at his table, and during the meal it is hoped that he will learn more about the soldiers and their problems than he could possibly learn in any other way.

This arrangement necessitates a lesser number than has been the case at previous banquets, but as there will be no invited guests, and as the floor will be taken up entirely by returned men and the even 100 business men, the total of 1100 soldiers will probably be as high as heretofore. Relatives and dependents of soldiers will be given a place in the gallery.

ODDS AND ENDS OF LEGISLATION CLOSURE

Clause Dropped by Public Trustee Board Administration

PRIVATE FOR

Waterloo County Gives Wood Province

Yesterday was a busy day in the Legislature, with many measures being introduced and the session continuing until the afternoon of Thursday. The premier moved the adjournment of the house until the afternoon of Thursday.

The general session of the Legislature will be a public one, any funds coming from the general session will be used for the benefit of the province.

Col. Pratt moved the adjournment of the session until the afternoon of Thursday.

Hon. Mr. Henry was no reason why he should be brought down to the Premier's House. He explained that it was a private matter and not a public one.

The object of the bill was to register the lands of the province and to remove the trees which were on the lands.

Mr. Proudfoot explained that the bill was a private one and not a public one.

The bill was introduced by Mr. Proudfoot and was a private one.

The bill was passed by the House and will be presented to the Queen.

# ODDS AND ENDS OF LEGISLATION CLOSE SESSION

## Clause Dropped Making Public Trustee Executor or Administrator.

## PRIVATE FOREST GRANT Waterloo County Resident Gives Woodlands to Province.

Yesterday was a day of odds and ends in the legislature amending and modifying before they finally passed many measures that had been wanted to the last stage. Prorogation will be on Thursday next.

The premier moved that when the house adjourns it stand adjourned until the afternoon of Tuesday, April 24.

Attorney-General Lucas said he would drop out of his public trustee bill the clause providing that the trustee act as executor or administrator. The general scope of the bill as it passes the house is that the trustee will be a public official to administer any funds coming into the government. He will only be empowered to invest such funds in Ontario or Dominion government bonds. The public trustee will be a charitable trustee.

Col. Pratt moved for a return of the acreage sown to flax by the department of agriculture in 1917. To whom was it sold price per bushel? What was the quantity of flax fibre produced and copies of all communications with the agent-general in London.

Hon. Mr. Henry replied that there was no reason why the return should not be brought down.

Premier Hearst introduced a bill respecting private forest reserves. He explained that it relates to a gift from a private owner in the county of Waterloo to help the reforestation of old Ontario by private co-operation. The object of the bill is to have such lands registered as to their title with the forest reserves of the province in perpetuity, so that no one may cut or remove trees without the consent of the minister. He asked the indulgence of the house to facilitate the passage of the bill.

Mr. Proutfoot said he had read the bill and desired to say a word of appreciation of Mr. Snider of Waterloo county, who by giving this land practically to the crown, had created a precedent of private co-operation in the policy of public reforestation.

Premier Hearst said the house would certainly express its appreciation and the bill was then advanced through all its stages.

During discussion of the marriage act, H. H. Dewart, speaking with a good deal of heat, said the bill was not the same as the committee dealt with and approved of so far as he was concerned, he declared that no

minister of the crown had the right, after the bill had left the committee, to come at the last minute on the floor of the house with an amendment.

Withdrawn Objection.

Mr. Proutfoot said he would withdraw his objection in view of the explanation of the minister that he did not affect the principle of dealing with bills in committee.

In moving the second reading of the bill regulating natural gas in western Ontario, Premier Hearst said the situation in that part of the province called for conservation. The supply is rapidly diminishing.

J. C. Elliott, West Middlesex, approved.

When the bill to amend the motor vehicles act came up for third reading, J. C. Elliott again moved that there be a public inquiry into the increase in the speed of the motor vehicles. The motion was lost.

Premier Hearst, in moving the ministry of labor bill, said, generally speaking, the labor bureau of the government has done good service to the province. A head for the department is demanded.

Mr. Elliott moved an amendment to the provincial highway resolution to the effect that the house was voting in the dark without having plans, specifications and cost per mile of the various sections of the road. The motion was lost.

In putting through the Hydro-Electric Radial Railway bill, Attorney-General Lucas said the bill will include the exact wording of the agreements between corporations in the Hydro union not to grant franchises or enter into franchise agreements without the consent of the Hydro commission. There is a further clause in the bill forbidding a city from selling its stock in a railway company without its consent.

H. H. Dewart: Why?

Attorney-General Lucas: To prevent the entrance of a private corporation, for instance.

Mr. Dewart: This alters the legal status of a city owning stock.

Attorney-General Lucas: In point of fact it does; but in spirit it does not.

On motion of Hon. Mr. Lucas a recess committee was appointed to consider all amendments to the mechanics and wage earners' liens act.

## HYDRO EMPLOYEES SHARE IN SUPERANNUATION

Participation Clause in Hydro-Electric Bill is Passed by Legislature.

At last night's session of the legislature discussion was held round the provision in the Hydro-Electric bill allowing municipalities in the Hydro union to give their local Hydro employees participation in the superannuation scheme of the Hydro Commission. The Liberal members held that the subject might be allowed to stand until the civil service commission report was brought down.

H. H. Dewart suggested that any superannuation scheme should be a well considered system, and be made to apply to the entire civil service.

Premier Hearst replied that the civil service commissioner has already taken up consideration of a scheme. The clause passed.

## TO SPEAK HERE

## WILLIAM H. RIDGWAY

of Coatsville, Pa., a busy business man and International Sunday School worker, who gives two addresses in Danforth Avenue Methodist Church this afternoon and evening.

## S. S. UNION WILL HEAR W. H. RIDGWAY

Prominent International Sunday School Worker Visits Toronto.

The Toronto Methodist Sunday School Union holds its twenty-first annual meeting in Danforth Avenue Methodist Church today. There will be afternoon and evening sessions, for which a unique and interesting program has been arranged.

The executive has been fortunate in securing for two addresses, one at 7:30 o'clock and another at 8:25, Mr. William H. Ridgway, one of the most prominent business men of the great steel industries in and about Pittsburgh, but who makes it possible to give a share of his time to Sunday school work, so that today he is a worker of international reputation. The address in the afternoon will be inspirational, and in the evening his subject will be "The Sunday School and Big Business."

Mr. Ridgway has for a number of years conducted "The Busy Man's Corner" lesson records in The Sunday School Times.

The opportunity to come under the spell of such a man as Mr. Ridgway will no doubt be fully appreciated by the Sunday school people generally in the city.

## REV. DR. C. A. EATON Hammers the Reds

Speech at Empire Club Was Stinging Denunciation of Bolshevism.

Rev. Dr. C. A. Eaton, speaking at the Empire Club, yesterday, hammered Bolshevism in hearty style and foretold its failure as distinctively a class movement. It was, in his opinion, the opposite extreme of reversal of Russianism, employing the same methods.

"Bolshevism was born in the bowels of Prussianism; it is the illegitimate child of Prussianism laid on the doorstep of the world."

Men, he said, had died to uphold the cause of honor and liberty against Prussian autocrats, and how much rather would they die to uphold their honor and dignity against a lot of unwarmed, bowhiskered nobodies, who didn't know their right hand from their left.

"The universe is against you. God is against you. Nothing is permanent but that which is founded on the principles of justice."

The Bolshevist ideal was that the lowest should triumph, and if it continued the result would be that the world would eventually be ruled by Hottentots and head hunters. Trotsky, said the speaker, had brought Russia so far down in a few months that the country would take hundreds of years to recover.

The speaker, now that the war was over, did not have in speaking the Germans with rose water. They assassinated the peace of the world, and instead of putting them on the back and making peace, let them have their medicine. They tried to get world domination and now they have a bellyful of what they deserve." He thought that the next five years would be more trying than the last.

As a step towards improvement it was necessary to realize the failure of democracy. There still existed unequal conditions among men. There was no place for men who were useless. "Pinch off the parasites, whether they be coolies or humming birds," he said.

Of the league of nations, he thought there were 90 to 95 per cent. of the people of the United States in favor of some kind of a league, the he was not sure that the beautiful dream which "the president brought over on one of his too frequent visits to his native land" were satisfactory at all. He urged that the Canadian government comb out all the undesirable aliens who were teaching a doctrine which was to undermine the government of the country.

A resolution was passed endorsing the proposition to give vocational training similar to that given to disabled soldiers to boys who were "too young when they enlisted to have learned a trade before going overseas.

## British Will Not Countenance Strikes in Cologne District

Cologne, April 16.—In consequence of the spread of the German strikes to the Cologne district, Lieut.-Gen. Sir Herbert Plumer, in command of the British forces on the Rhine, issued a proclamation today ordering the immediate return of the men to work and threatening the strongest measures against persons promoting or countenancing strikes in the British zone of occupation. The general offered military mediation if other means of settlement failed.

An squadron of British airplanes flew over the affected district today.

### I. L. P. CONVENTION WILL MEET TODAY

Representatives from every branch of the Provincial Labor Party of Ontario will attend today's convention, which is to be held at the Labor Temple.

The convention will probably consider a three-point plan of organization and trades unions may affiliate with this object in view. Same, progressive moderation will be the touchstone of the convention. In this circumstance it must be borne in mind that today's convention is that of the I. L. P. in Canada and not that of the Canadian Labor party, which is to be held in October of this year.

The Canadian Labor party, if organized, may include all manner of political bodies as a means of concentrating the forces of the labor movement under one head; the I. L. P., on the other hand, as at present constituted, is moderate in its platform and does not permit of socialist or ultra-radical sentiment as such influencing its policy. It is understood, indeed, that socialists as such are debarred from membership.

### MEAT PACKERS' UNION JOINED BY THOUSANDS

Nearly 2500 employees of the meat packing industry have joined the Meat Packers' Union during the past five weeks, which is claimed to be an unprecedented record for new unions.

Herbert Lewis and Harry Braithwaite, who are interested in this union, stated that it was a distinct evolution of the ideal of craft unionism and that it formed a proof of the trend of the times.

### GENERAL STRIKE STRIKE IS LIKELY

A general strike within the ranks of the Canadian Brotherhood of Railway Employees, aided by international bodies, is likely to occur next week unless Hon. Gideon Robertson, minister of labor, and F. C. Acland, deputy minister of labor, are successful in effecting conciliation between the Canadian Express Company and its employees. A. R. Mosher, grand president of the Canadian brotherhood, is now in conference with Senator Robertson, and Mr. Acland is expected in Toronto today.

### JUMPED A FREIGHT.

W. J. MacPherson, general organizer for the Canadian Brotherhood of Railway Employees, last night reported the case of a new messenger of the Canadian Express Company, who was sent north with only a one-way pass (northerly). Noting conditions at a northern junction he decided to return home. He had no pass for a south-bound trip and was refused passage by the conductors of southbound trains. Riding a freight after a long tramp westward, now on strike, he was later, penniless and minus a job.

### ADDRESSING STRIKERS.

Walter Brown of the Boot and Shoe Workers' Union, and W. C. Hagen of the Machinists' Union addressed last night's session of the Canadian Brotherhood of Railway Employees in its session of the Trades and Labor Council will take up the question of the strike, and is expected to vote its sympathy with the men who are fighting both for an eight-hour day and for the reference of the mitigate basis dispute to the labor board.

The strike Canadian Brotherhood of Railway Employees, numbering 14,000, awaits instructions from A. R. Mosher, grand president.

## PRATT STANDS UP FOR COLONEL PRICE

## MEMORIAL TO MEMBERS

J. C. Elliott Suggests Commemorative Scheme Within Precincts of House.

The recent discussion of Col. Price's attack upon profiteers was again referred to in the legislature yesterday when it transpired that the young member for Parkdale is ill.

Col. Pratt withdrew the motion standing in the name of Col. Price (Parkdale) in favor of memorializing the Canadian government to institute and have tabulated the profits made during the war by all public contractors on munitions and war supplies with a view to having paid into the exchequer of the Dominion all profits in excess of a fair percentage on invested capital.

Col. Pratt said: "I think it but fair to say that Col. Price did give distinguished service overseas. Furthermore, I have been under the trunk lid section and knew that he was under the extreme satisfaction of the imperial authorities, and I know also that Col. Price when in France did exceedingly meritorious duty and while retaining his rank did actually serve as a lieutenant. He paid a great deal of his own expenses. It is a positive fact that he was at great expense in raising his battalion and maintaining his position. I am sure this house is not in favor of any attack upon this young lieutenant in his serious illness. (Applause.)"

Premier Hearst spoke in terms of sympathy with Col. Price and touched upon the same terms. He suggested that somewhere in the house a memorial be erected to the members of the house who had offered their lives in the war and to the sons of members as well. He said a memorial committee should be appointed.

Premier Hearst paid a tribute to the sons of the house in his turn joined with the premier in saying the proposal could not well come from them.

Mr. Proutfoot referred individually to the members on both sides of the house whose sons had either been killed or served, paying particular tribute to Hon. Thomas Crawford and Hon. W. D. McPherson.

Mr. Finard in a short speech said the French-Canadian people of Ontario resented the war losses of the province and speaking for them he pledged their sincere desire to see a fitting memorial erected.

Mark Irish, referring to his services in furthering the memorial suggestion, later J. C. Elliott moved for the appointment of a committee with the names of Mr. Finard, Mr. Proutfoot and himself on the list. It went through unanimously.

### CARRIERS WILL WAIT.

Alex. McMorris, general secretary of the Letter Carriers' Association of the west, stated yesterday to the press that the association was not satisfied with the concessions made by the government. However, the civil service commission, he said, was recommending certain amendments to the present act relative to the postal services in May, and the carriers would be willing to await these recommendations before taking further action.

### EMPLOYES RESUME WORK.

Four hundred employees of the Berger Manufacturing Company have returned to work after a strike lasting two days. A representative of this firm, which is allied to the Tip Top Tailors, stated yesterday that the employees had been granted a 25 per cent. increase in wages, time and a half overtime, double time for holidays and a 44-hour week.

### TRIED TO FIRE TRANSPORT.

Boston, April 17.—A German agent, allowed on the transport Patricia to look out for German property, attempted to set fire to the vessel last night as it was nearing Boston with more than 2,000 American soldiers, according to Major Frank W. Cavanaugh of the 102nd Field Artillery, one of the officers on board.

The man was formerly a second officer on a German merchant ship.

### CODY DETAILS HIS TRIP TO EUROPE

Showing How Incidentally He Did Much Work for Province.

### FROM YPRES TO RHEIMS

Visited Whole Front as Chaplain of the Queen's Own.

Before the adjournment of the legislature last night, Premier Hearst announced to the government's intention that the question of extending the vote in rural municipalities to the voters and daughters of farmers be left over till next session, and in the interval there will be full consideration of the question.

Speaking in reply to Col. Pratt's motion, in the colonel's absence, for an explanation of his trip to Great Britain and France, Rev. Dr. Cody said he went on his military capacity of senior chaplain of the Queen's Own, at the invitation of the imperial ministry of information. There were incidental duties he found himself able to perform for the province. He had the opportunity of conferring with the leading educational authorities in England and Scotland. The late Agent-General Reid had given a dinner in his honor, at which the veterans were present, among others Brig. Don Hogarth. (Applause.)

He had met General Ross—(applause)—in France. General Ross was invited by the British authorities to be chief medical officer of the British forces, but the office could not be accepted. The dinner consisted of fish, soup, ham and sweets, and was "dry" as to liquors. He had neglected to ask the price of the dinner. (Applause.)

As to his itinerary in France, he had visited the whole front from the Ypres salient down to Rheims.

Dr. Cody incidentally mentioned in connection with a report he had made to Lord Milner on the working of the Kiaki Club, and the possibility of following the work up in Canada, that a few days ago Premier Hearst had received from Lord Milner a communication saying he had given favorable consideration to the suggestion that young English students be allowed to finish their education in overseas universities. It was his (Dr. Cody's) expectation that many young gentlemen from England, Scotland, Ireland and Wales might finish their university courses as the proteges of the imperial government. (Loud applause.)

In connection with his expenses, Dr. Cody mentioned that he had an accountable warrant for \$1900, at the suggestion of the auditor, and had returned \$775 to the treasurer, after paying New York expenses.

## "Congratulations, My Daughter, You Are Looking Fine"

"AND why shouldn't I look well after using Dr. Chase's Nerve Food?"

"Is that what has made such a change in your appearance? You were so pale and thin, I was rather anxious about your health."

"Why, I have gained fifteen pounds, and I feel so well, too."

"And you have such a good, healthy color. Your blood must be rich and red."

"I knew you were suspicious of anything that our doctor did not prescribe, so I said nothing about it to you."

"Well, I will not have any doubts about Dr. Chase's Nerve Food in the future after what a healthy looking girl it has made of you."

"Yes, and I feel so differently, too. I was so nervous and irritable that I was very easily annoyed and upset. Then I would have those fearful nervous headaches. But, thank goodness, that is all over, and I know what to give credit to for the change."

"I am very glad you are so well again and think Dr. Chase's Nerve Food a very valuable medicine, since it has done you so much good."

Miss Gertrude M. Burrell, Clementsport, N.S., writes:

"I have used Dr. Chase's Nerve Food with splendid results. For a number of years I was afflicted with nervousness, and six years ago had a complete breakdown. I had no control of my nerves and had terrible hysterical spells. I could not sleep, had night sweats, awful dreams and nightmares. My physician gave me medicine to put me to sleep every night, and another kind to take every two hours during the day, but it did not seem to do any good only while I was taking it. I never really expected to get well. Reading about Dr. Chase's Nerve Food one day, I gave it a trial, and the results from the first box encouraged me, so I continued its use, and found my nerves getting steady and stronger. My appetite improved and I gained in strength, ambition and flesh. Now I am able to do considerable work, and can highly recommend Dr. Chase's Nerve Food as a good tonic for the whole system."

(Alonzo W. Daniels, J.P., says: "It gives me great satisfaction to vouch for the testimony of this young lady and the benefit she has received from your wonderful discovery.")

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

#### Who Put Veronal Into the Coffee of Leader McKenzie?

The Lloyd George government was returned to power after the signing of the armistice and given a mandate to conclude a treaty of peace. Mr. George made specific pledges as to what that treaty would contain, and he said in the house of commons on Wednesday that every pledge he made would be implemented. Yet he was called upon to defend himself in the house and did so successfully that he returns to Paris with a mandate from the parliament as well as from the people of the United Kingdom. Everyone is free to discuss the peace treaty, and more than once the peace treaty, and more than once the peace treaty, and more than once the peace treaty.

#### Northcliffe and Lloyd George.

If Lord Northcliffe has no better case than The Times made yesterday against Lloyd George, the British premier has surmounted another crisis in his career. The feeling in Great Britain had been growing in feverish intensity, and there was not wanting the fear which had been fostered by interested parties that the government was going to give away in peace what had been gained in war. There is a wide difference, however, between treating Germany with stern justice, and leaving Germany in a position to retaliate, or to organize another raid on civilization.

**Is Love Blind?**  
CHAPTER LXII.

"As I had decided to go ahead with my plans—simply putting off the time when I should take the public into my confidence, I continued to shop for the things which one always needs after the principal part of what one attempts is finished. I was in a small, exclusive decorator's shop on the avenue. I was trying to match some fringes for a lamp shade I was having made. Several people were in the shop, and I was obliged to wait some little time before I received attention. I wandered about looking at many dainty confections, when my notice was taken by a beautiful woman."

#### Now for Mount Pleasant.

By the action of the city council this week, there is no immediate sign of any improvement in the transportation problem of North Yonge street. Matters stand as they were prior to the agreement brought down by the two city officials, Messrs. Bradshaw and Harris, and there is a possible opening in the 1917 act.

**MY SONG.**  
Whatever be the depth of woe,  
Along the paths that I must go,  
I'll sing my joy for all the love,  
That's lavished on us from above,  
And count no loss of treasure-gone,  
When things go wrong.  
I'll sing the sunlight, and the bright,  
Soft, smiling stars that gleam at night;  
For gifts of good,  
That God hath spread along my way,  
The lit of birds in tuneful play,  
The whole day long.  
I'll sing my joy,  
Of gratitude.

opened in the legislature for many years than Sir William Hearst's intimation that the government would be prepared next session to consider a bill on preferential voting, by which we understand proportional representation to be meant. We have urged the measure for years, but it is in no sense a partisan or party affair. It implies absolute justice for all parties and in Great Britain the great leaders of all shades of politics favor it. A few second raters and the machine politicians have objected, but it is believed that before long the British parliament will adopt for the whole country, what has been partially adopted in the universities and in Ireland.

"Yes, that's his wife! Stunning, isn't she?"  
"Yes, what he can see in that Blanche Orton is beyond me. She isn't had you know, she isn't whole enough to really compromise herself. But the way she leads men is something awful."  
"I'm not at all sure," said the other woman, smiling.  
"No, but Tom claims they aren't to be trusted either. He says that when they aren't together they're together, and—then, 'Oh, see Sue, this piece is exactly the color we wanted.' They bought some of the material and left the shop. I immediately home. I had several other errands on my list, but they would have to wait. I could do no more than tremble with indignation, and cold with something like fear. Could they all be mistaken?"  
"Rough, but kindly, Mr. Frederick Loiraire, and this woman, I wished I had asked the clerk her name. I wondered if she were socially prominent. She was beautiful, wasn't she? I had noticed a limousine with two men on the box. Of course it might belong to the other woman."  
"I paced feverishly up and down the room upon my return home. I clasped and unclasped my hands, so nervous I could not keep still a moment. Was he really a visionary? Visionary I knew he was to a certain extent; but I always had considered that he had a lot of hard business sense also. When at first he was continually on the verge of making a fortune, I worried a great deal. But now when he had been so successful I had forgot ten to worry. I could do no more than try to pay my attention, when he talked of 'hoping to put this deal thru' and other expressions he used when talking of his financial affairs."  
"I know he is not dishonest!" was my constant reiteration as I walked back and forth. "He pays all his bills; he is so generous—he will lend or give to anyone who asks. Oh, I wish I could make them all see how fine and lovable he is!"  
Then came the thought: "They say he is not practical." That was what Mr. Frederick had said. What difference did it make if he was not practical? He had been successful. It was no sin to talk in thousands instead of small sums. If he made half a million instead of a few thousands, it only proved his superiority.  
"I might have known that when one has to argue oneself into the acceptance of a thing there was something wrong somewhere. But I didn't. I loved my husband intensely. I believed in him to the utmost. I was jealous at times, principally of Blanche Orton. I hated to stay alone when he remained out with his busi-

Remain at the person in question's home. Of course, there may not be any legal reason why the whiskey should be returned to the government. However, it was not paid for, nor could it be paid for now. And then, on the other hand, when one remembers that Mr. Archibald is not a drinking man, why should it not be sent back? It could then be sent on to the vendors and sold to some thirsty person for a few odd dollars.  
But right now the main thing is to congratulate the inspector, and say: "Well done, and more power to you!"

### JOHN CATTO & SON TORONTO

### RURAL DECREASE SHOWN BY CENSUS

City Population Increases to  
Almost Inappreciable  
Extent.

That the total population of Ontario in the year 1918 was 2,578,177, an increase of 17,724 over the previous year, but a falling off of 2,075 from the total of 1916, is shown in the second municipal bulletin of the bureau of municipal affairs, which has just been issued. In townships, towns and villages, there was a decrease in population during 1918, but in cities the increase is 39,374.

The total assessment of the province for 1917 was \$2,027,861,860, made up as follows: Townships, \$698,900,181; villages and towns, \$253,401,104; cities, \$1,065,850,575. The total increase over the previous year is \$22,883,313.

#### More Municipalities.

In 1918 there were 759 organized municipalities in Ontario. In 1918 there were 900, besides 10 districts that have no organization similar to the county council. The total of 900 includes 551 townships, 149 villages, 133 towns, 23 cities and 38 counties.

Municipal taxes imposed in 1917 were \$88,134,017, an increase of \$2,450,000 over the previous year. The total was made up as follows: Townships, \$9,462,175; towns and villages, \$5,589,415; cities, \$2,088,227.

The total debt of the province was \$226,754,890, an increase of \$1,056,878. There is a decrease, however, in the cities of \$575,450.

The report contains the following figures with regard to Toronto: Assessed population, 1918, 473,829; assessed area, 16,480 acres; total assessed, 1917, \$598,533,531; assessed population only, \$1,009,285; municipal debt, Dec. 31, 1917, \$11,138,382; school debt, Dec. 31, 1917, \$2,152,982.

### WINDING-UP ORDER AGAINST STEEL WORKS

Mr. Justice Master has granted an order winding up the Alloy Steel Works, Ltd., incorporated in October last with a nominal capital of \$1,500,000. The head office of the company is in Toronto, and the site on Logan avenue, for which the company paid \$65,000, and upon which \$42,500 is still owing as the principal asset.

### NOT HIS WHISKEY.

It was stated in police court yesterday that Sam Panser, an express agent, had been caught with 14 cases of whiskey on his wagon. Magistrate Denison accepted Panser's statement that the liquor was not his, but that he had been hired to bring it from the Union Station, and dismissed the case.

### GRAND STAND TENDERS.

Tenders were opened for the reconstruction of the portion of the grand stand at the exhibition grounds, damaged by fire, the lowest being Steel Construction, \$20,400; plumbing, \$893; masonry, \$8,762; sheet metal, \$729; painting, \$7,761; carpentry, \$1,512; total, \$47,167. The tenders were referred to the city architect and works commissioner.

### To Grow Hair On Bald Heads

Specialist Gives Simple Recipe That Works Fine.

Thousands of people suffer from baldness and falling hair who, having tried every advertised hair tonic and hair-grower, without success, have resigned themselves to baldness and its attendant discomfort. Let their case be their hope! The following simple home prescription has made hair grow after years of baldness and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist—Bisby Rum & Co., Lavonia, de Compose 2 ounce Menthol Crystals one-half drachm. If you wish it perfumed add 1 drachm of any favorite perfume. This preparation is highly recommended by physicians and specialists and is absolutely harmless, as it contains none of the poisonous and alcohol so frequently found in hair tonics. Ladies using this prescription should be careful not to eat fat or the food or where hair is not desired.

### THORO BAD CHARACTER GETS NINETY DAYS

Upon the sworn oath of Plainclothesmen Ward and Scott, in the police court yesterday, that they had never known John Parker to do an honest day's work in his life, Magistrate Kingsford committed the convicted man to the jail farm for ninety days.

Parker confessed to two previous convictions for selling liquor and one for selling morphine, and admitted that he got found in his possession at the time of his arrest with the balance from liquor profits after having paid two O. T. A. fines. T. O'Connor, counsel for the accused, strongly contended that as a breach of the O. T. A. was not a crime, Parker could not be convicted on the ground that he was living on the avails of crime. He will appeal the case.

### WOMEN'S HISTORICAL SOCIETY.

At the regular meeting of the Women's Historical Society, held in the Sherbourne House Club yesterday afternoon, Miss S. Mickie presided. A most interesting paper on "Slaves in Canada" was read by Mrs. W. T. Hallam. The president spoke of the thrift stamps, giving strong endorsement to the movement. A Red Cross tea was held at the close of the program.

### CHATHAM SUICIDE.

### ANALOGY OF MERCHANT SHIPPING APPLIED TO AERIAL NAVIGATION

#### Forty-One Articles in Draft Convention Prepared by Commission--Provision for Carriage of Identity Papers and Arbitration for Settle- ment of Disputes.

Paris, April 17.—"The seventh and eighth meetings of the international convention on aerial navigation, which body is also the aeronautical commission of the peace conference, were held on April 15 and 16," says an official report issued today.

"The commission had before them full reports from their commercial, legal, financial and technical sub-committees. There were 41 articles in the draft convention and six annexes.

"On the question of aircraft, an analogy of merchant shipping has been followed to a certain extent, the main principle being that the nationality should be governed by the nationality of the owner of the aircraft. The convention has decided as a matter of principle that international jurisdiction in the case of crews are to be recognized as universally necessary in international flying.

"The right of flying over a state from frontier to frontier is recognized, subject to the safeguard that the state flown across may compel landing for the interest of national security or in other words, where reasonable suspicion exists that the flight is not a bona

fide, innocent flight. There are also provisions for the carriage of various papers of identity on the aircraft and prohibition against the carriage of dangerous articles.

"The final provisions include an arbitration clause for the settlement of disputes and a clause which definitely places the convention on a peace basis as not affecting the rights and duties of belligerents or neutrals in time of war. Aircraft are then placed in a class apart and may not fly over their own countries, except by the special authorization of the state visited, in which case their treatment shall be in accordance with the usual rules prevailing in the case of a ship of war.

"The convention contemplates the formation of a permanent international commission on aerial navigation, which will keep in close touch with all new developments and act as a clearing house for all information on questions of air navigation between the respective states.

"The commission directed that a complete draft dealing with the various amendments proposed shall be prepared for their next meeting."

### TRUSTEE OBJECTS TO KICKING CHILDREN

Corporal Punishment Carried  
to Extreme, Says Mrs.  
Courtice.

### NO PRESENTATIONS ON FRONTIER QUESTION

#### Dr. Hunter Protests Against Giving Silver to Retiring Chairman.

Dr. John Hunter broke up the harmony at the board of education last night by registering a protest against the annual presentation of a case of silverware to the retiring chairman. He said it was like the titles of objects at Ottawa, which did no honor to the possessors. The protest was a sequel to the presentation made to Dr. G. J. Steele, who had been away recuperating after his illness with influenza.

Mrs. E. Courtice added zest to the meeting by complaining that corporal punishment was carried to an extreme. A certain principal recently whipped a small girl, a young woman teacher whipped a little eight-year-old girl, and a principal struck or kicked a small boy on the leg for being late.

Dr. Caroline Brown said that there were reports of discourses talk by dentists to pupils in regard to the pupils' cleanliness and attire.

Trustees McCrae and C. A. B. Brown pointed out that the bylaws fully provided for disciplining any of the teachers. The matter was referred to the management committee.

#### ITALY SEEKS DECISION ON FRONTIER QUESTION

Paris, April 17.—The Italian delegation to the peace conference is making a strong effort to obtain a decision to return to Rome without the question in which Italy is vitally interested, settled.

As the Italian chamber of deputies meets April 24 and as Premier Orlando is expected to make a report to that body, it is said that he does not desire to return to Rome without the question in which Italy is vitally interested, settled.

### EIGHT CROCKS OF LIQUOR.

Described in the police court yesterday as a manufacturers' agent, with an office on West Adelaide street, Richard Simonsen was fined \$500 and costs for four months for selling liquor. Plainclothesmen Waterhouse and McMahon found eight crocks of manufactured whiskey in Simonsen's office.

### PETER MCCARTER DIES.

The death occurred yesterday of Peter McCarter at his residence on Richmond street, Richmond Hill. He is survived by his widow. The funeral will take place on Saturday to the Mausoleum.

### CHILD HIT BY AUTO.

Little Bertha Black, nine years old, of 511 West Queen street, was hit by an automobile yesterday on Spadina avenue. She was immediately taken to the Western Hospital, where she was found to be suffering from a lacerated cheek. She was able to go home.

### DEFAULTER IS LET OFF.

Alexander Sharp pleaded guilty in the police court yesterday to having failed to report for military duty. Sgt. McClean informed the court that Sharp's three brothers served in the imperial army, two of whom were killed and the third lost a leg.

"His family has done enough," said Magistrate Kingsford as he remanded the accused for sentence.

### REFERENDUM FOGS EVEN LEGISLATURE

#### Dewart's Amendment to Omit Prescription Clause is Lost.

When the legislature was in committee on the Ontario temperance act, Mr. Proudfoot made a vigorous protest against the provision for consent of the attorney-general before the Ontario License Board may be sued.

Hon. W. D. McPherson defended the restriction.

Mr. Proudfoot called for the liquor business, to make money, you should say so. My opinion is that you should let doctors have liquor for their patients at the price they can secure it from the distillers.

Mr. Pinar: I believe you should allow the patient to retain the medical prescription he has paid for. While the prescription is being held by the agent the patient may die.

Hon. W. D. McPherson said the clause was aimed at bogus prescriptions.

Mr. Pinar pressed the point, and warmly vindicated the doctors from the odium cast upon them.

Mr. Proudfoot called for a more definite statement of the relations of the government with its agencies.

Premier Hearst: The government only aims at eliminating the dangers that existed under the system of vendors. We will consider how the sale thru the agencies can best be facilitated.

Tom Hook put this question: Suppose a family in which there are many members, one of whom obtains whiskey by prescription. He recovers without using the entire quantity. If another member partakes of the whiskey, does he infringe the act? (Laughter.)

Mr. Proudfoot: The bill is an honest endeavor to get over the dishonest possession of liquor.

Dr. Nixon: It is impossible then for the government to draft a clause that is comprehensible to the ordinary individual?

There was a close debate on the clause dealing with bona fide medical prescriptions. Mr. Proudfoot declared the wording "however obtained" ridiculous. It should be "improperly obtained."

H. H. Dewart moved an amendment. When the clause gives rise in the house to such differences of opinion, he said, I do not think it should go upon the statute book.

Hon. Mr. McPherson: The clause has been very carefully drafted.

Dr. Nixon: Then I must be one of the unfortunate individuals who must bow to the superior intelligence of the people who drafted a clause that the house cannot understand and that is certain to cause infinite trouble.

The amendment was lost.

Harper, customs broker, 39 West Wellington street, corner Bay, Adelaide 4682.

DR. J. NOBLE BETLER.

Dr. John Noble, of 219 Carlton street, who has been seriously ill since Monday evening, is reported as progressing "quite nicely." His attending nurse stated to the World last night that Dr. Caven, who is in charge of the case and who called on the patient yesterday, had given a very encouraging report on the condition of Dr. Noble and stated that he considered the complaint to be under control. Dr. Noble's health has been falling for some time, altho he continued his practice up to Monday last.

# Baseball Several Leafs Still Missing Program Today Marathon Toronto Man In Boston Race

## F. HERCHE IS FIRST ON HOSPITAL LIST

### Takes to His Bed—Leaflets Play Exhibition Game Today.

The Leafs got in a good workout at the island yesterday. A strong wind was blowing, but it failed to ease up on the boys. They put in three good hours and brushed up on the team play for their game today with the Pittsburgh All-Stars, the negro team of Buffalo.

Morton Snider, Wagner and Hill were all missing, but Manager Gibson is going right on with the work and drilling the available men. George got his first setback yesterday when Fred Herche, leading pitcher last year, was reported on the sick list. Herche took a knock on Wednesday night, and the doctor ordered him to bed. He is threatened with appendicitis, and it is not known just what today if an operation is necessary.

Today's game with the Buffalo team will give Manager Gibson his first real test on the ability of his candidates. The Leafs intend to use his regular pitchers today, and then will know just what they can do.

The following men will be used: Catches—Gibson and Gee; Pitchers—Alchebe, Quinn, Hansen, Heck or Peterson.

First base—Onslow.  
Second base—Anderson.  
Short—Dusse.  
Third—Purtell.  
Left field—Whitman.  
Centre field—Brookridge.  
Right field—Westlake.

The game is called for 3 p.m.

Charlie Reid, former manager of the Philadelphia Nationals, has been appointed manager of the Reading, Pa. team.

## SUMMER SEASON STARTS

The summer season starts today, the first since 1914 with the world at peace. There will be soccer and baseball and many meetings, including the annual of the Ontario Amateur Lacrosse Association in Labor Temple, and the Ontario Football Association in Sons of England Hall. The outdoor incidents include a warming up of Mooney Gibson's Leafs with a Buffalo team of colored gentlemen, and several soccer games.

## CALGARY FAVORS WHITEWASH DOSE

### For All Athletes, Also Would Mix Amateurs and Pros.

Calgary, April 17.—Calgary's athletic bodies, representing four to five thousand athletes, went on record last night as favoring the whitewashing of all athletes in Canada this year, and the members of his majesty's land and sea forces, as they return from the front.

These bodies also favored the mixing of amateurs and professionals under certain well-defined restrictions, such as are observed in Great Britain without detriment to the amateur's standing, and they also endorsed a definition of an amateur as a "participant in sports who does not accept payment in money or other form, directly or indirectly, for playing that sport, and who does not sell or otherwise dispose of his prizes for money or other material consideration."

## Will Consider Cases Of Boxers at Shows

A special meeting of the officers and board of governors of the Ontario branch, A.A.U. of C. will be held at the Canadian Forerunners' Hall, 22 College street, on Thursday evening next, April 24, at 8.30 o'clock.

The suspension of several boxers recently for boxing at unlicensed shows will be discussed, as well as reports of other activities of the branch.

Permission has been granted the Riverside A.C. to put on several bouts at the Base Hospital on Friday evening.

## GUELPH ORGANIZES CITY BASEBALL LEAGUE

Guelph, Ont., April 17.—At a largely-attended meeting of the baseball fans held at the Y.M.C.A. the prospects for the coming season were fully discussed, and it was decided to organize a league, to be composed of six or eight clubs. Last season there were two leagues, but, as many of the same players were members of teams in both leagues, it was thought better to have one league this year. The following officers were elected:

Hon. president, Mayor Carter; president, Jas. Cookman; vice-president, Geo. Whiclave; secretary, H. C. Allan; treasurer, W. Kiefer; patrons, F. E. Parridge, J. H. Taylor, H. Quarmby, E. Barreman, Chas. Burgess, J. S. Wheeler, Lieut.-Col. Delamere, Capt. A. C. Mackintosh, J. M. Purcell, Lieut.-Col. Cogland.

A committee was appointed to draw up a constitution for the league and present it at a meeting to be held a week hence. It is the intention of this league to affiliate with the Ontario Amateur Baseball Association and compete in the championship games.

## LACROSSE MOGULS MEET THIS MORNING

### Clubs Pay Fees Prior to the Elections and Discussions at Labor Temple.

The Ontario Amateur Lacrosse Association will hold their annual convention this morning at the Labor Temple, starting at 10 o'clock. Many important amendments have been proposed, and the meeting should provide some interesting debating. The national game is undergoing a great comeback, and the entry list promises to be the biggest since the good old days before the war.

There was a great gathering of boozers at the game the previous night last night when Secretary Dundas held court to receive fees, and the result will indicate many new clubs in line for the coming season.

There will be elections for president, vice-president and the council. The nominations are:

President—E. A. Doyle, Newmarket, and W. Westwood, St. Catharines.  
First vice-president—Woody Tegar, Toronto, and Bert Booth, Orangeville.  
Second vice-president—A. G. Davis, Brampton (acc.).  
Secretary—J. E. Dundas, Toronto (acc.).

Council (ten to be elected)—L. A. Bala, Peterboro; Len Smith, E. S. Coombs and E. Sullivan, Toronto; W. Clapper, Aurora; Bert Booth, Orangeville; Len Robinson, Collingwood; W. Whitty, Strirling; F. B. Smith, Toronto; Lieut. Bill Hancock, Owen Sound; J. Shannon, Elora; Fred Jacob, Toronto; Harry Halpin, Sudbury; R. E. Van Dusen, Tara, and T. E. Spiers, Mount Forest.

## SOCCER BENEFIT ON CARD TODAY

Soccer men are always ready to help in any deserving cause, and their past record with show, but it is questionable if they ever played a game for a more deserving institution than the one they are playing for today, namely, the Pearson Hall Institute for Blind Soldiers. Not only the seniors but the juniors are also helping, as they also will play a game as a curtain-raiser to the seniors' game. No other games are scheduled for today, and consequently the whole of the soccer support starting at 7 o'clock. The two games, which will be played at the Dunlop Athletic Field, at two o'clock the juniors will take the field, and will play for one hour, and at 3 p.m. the seniors will stage their game. Barry, the blind one-armed hero from the Beaches, and a former hockey player, will start the senior game, and will, no doubt, be accorded a hearty reception. The United District Football League and the Toronto and District Junior League are expected to send supporters to turn out and support this worthy cause.

## Canadian Golfers Lose at Pinehurst

Pinehurst, April 17.—The north and south champion went down in defeat in the second match round of the mid-April tournament here today, losing to Leslie Deane, Pierce of Ekwanok by 2 and 1. H. C. Fowles, the Oakmont veteran, will oppose Pierce in the semi-finals. The other survivors are Tom Morrison of Oakmont and Frank Danforth of North Fork. The latter defeated C. W. Watson, Jr., the medalist, in today's rounds. All Canada's representatives were eliminated in the course of the day's proceedings.

Will all members of the Henry Palmer Football Club note that Saturday's game with St. David's will be played on Earl Grey school grounds, Sunday morning at 11 o'clock. The following players are requested to be on hand not later than 2.30 p.m.: Pope, McQue, Morris, Coker, Parker, Palmer, Fleming, Strongtham, Brown, Black, Jibbston, Britney, T. Palmer, Barry, Purchase. A practice will be held Friday morning on Frankland school grounds.

## SET NEW RECORD.

Montreal, April 17.—The feature of the weekly handicaps of the swimming department of the M.A.A.A. last night was the fastest time made by Harold Fisk in the 40 yards back stroke. Fisk swam from scratch, and after overcoming a handicap of eight seconds against him, and in winning, beat his own Canadian record.

Fisk established a record of 23.3 seconds for the 40 yards back stroke. This time will not stand as a record, as it was made in an open event.

## BRANTFORD CRICKET.

Brantford, April 17.—The Brantford Cricket Club will open the season with initial match against the St. George's of Hamilton on May 24.

## THE HILLSIDE Y.M.C.A.

The Hillside branch, West End Y. M. C. A. at the corner Christie street and York street, are planning big things in the athletic line this summer. Track athletes already begun well by sending its long distance runner, Harry Hillside, to compete in the Boston Marathon tomorrow.

Any out-of-town or local Y.M.C.A.'s or clubs who are preparing any open athletic events this season are asked to write the secretary.

## AMATEUR BASEBALL

St. Francis' of the Western City Senior League will practice Saturday afternoon. A full turnout of players is requested to enable us to get a line on the team for the coming year. Manager King is arranging a number of exhibition games, details of which will be announced later. Players are asked to report at the clubhouse at 2 p.m.

The S.O.E. B.B.C. of the Y.M.C.A. Senior League will hold a practice this morning at 10 o'clock and Saturday afternoon at 2 o'clock at the Dufferin Co. office, New Toronto, on Tuesday evening at 8 o'clock. All players are asked to be on hand and any others wishing to join a fast senior team will be made known to us. Communicate with the secretary, Wm. E. Turner, 350 St. Clarence avenue.

The Lake Shore Senior Baseball League held a meeting at the Goodyear Rubber Co. office, New Toronto, on Tuesday evening, at eight o'clock. Mr. F. G. Edwards, president of the league, was in the chair. The supporters of the league are well-balanced teams. Goodyear and Gutta Percha will be the only teams of last year's league. Dufferin's Baseball Club and Grand Trunk Baseball Club have taken Brown's Brass and Regalite. The supporters of the league will be glad to hear that Mr. T. Gloster has been appointed umpire for the coming season. The league will hold a meeting Monday evening, April 21, at 8 o'clock.

The Inter Church League indoor baseball game last night resulted: North Parkdale 78, High Park 9.

Two championship games of basketball will be played on the Hamilton Y.M.C.A. floor here Saturday night. The junior Y. will clash with the London juniors in the first game of the home and home series. For the western Ontario title, and the Hamilton Y. will meet the City Playgrounds of Toronto in the first game for the juvenile championship of Ontario.

## PAID OVER TWO HUNDRED THOUSAND FOR SOUTH AMERICA'S FASTEST RACE HORSE

By way of England the news comes from Buenos Ayres that Botafogo, the fastest race horse ever bred in South America, has just been sold by Diego Alvarez for \$200,000 and the privilege of breeding ten mares to him. The purchaser is M. A. Martinez de Hoz, internationally prominent as a breeder of race horses, hackneys and short-horn cattle, and the consideration probably represents more money than ever was paid for a horse of any breed in any country.

Only one other horse in the world has been sold for \$200,000. This was Prince Palatine, winner of the St. Legor and other great races in England eight years ago. J. B. Joel paid \$200,000 for the son of Persimmon, but the privilege of breeding ten mares to Botafogo would more than overbalance the excess of \$9000 in money paid for Prince Palatine if stud fees in the Argentine Republic are anything like they are in England, where Mr. Joel's horse commanded \$2000 before he ever got a foal.

Botafogo is a four-year-old colt of the wonderful native South American horse Old Man, that outkicked the English Derby winner Diamond Jubilee among winning sires there a year or two ago. He was the son of Bend Or, and was out of the French mare Moissonneuse, by Dollar, the horse whose life size statue in bronze stands at the entrance to the Empire track in Yorkville, Korea, the dam of Botafogo, was sent to South America from Kentucky in 1910, and was sold there with a foal by Ben Strome for about \$1200. She was foaled in England, but raced in this country as a two-year-old and as a three-year-old, showing very indifferent form at Worth, St. Louis and other merry-go-rounds in the west. Her sire, Raeburn, was a son of the great St. Simon, and her dam, Ella, was by Bircaldine, the grandsire of Omar Khayyam. Ulla and Korea were imported by John N. Camden, president of the new Kentucky Jockey Club, according to the American Stud Book.

It is just a little more than a year that the first news reached the United States concerning the remarkable exploits of Botafogo. He had run a mile in 1.37.2-5 in one of his winning races, setting a new record for the distance in the southern hemisphere and doing it with incredible ease. He was unbeaten at last accounts and in all his races had shown such decided superiority over all rivals that few could be found to start against him. Afterwards

SEINE REGATA OPENS ONE WEEK FROM SUNDAY

Australian and New Zealand Crews Training on Thames—Americans Boastful.

Paris, April 17.—The crews who will take part in the international regatta on the Seine Sunday, April 27, are dipping their blades in some of the most famous rivers in the world...

The dark horse of the race is also Lorraine. The men representing these provinces are training in secret on the Rhine.

The roster of the American crew which looks like an all-American selection, follows: Row, Sergeant Collis S. Cole, Yale; (2) Private Royal Bird, Cornell; (3) Sergeant Dolly, Cornell; (4) Captain James H. Baker, Cornell; (5) Lieutenant Tommy Jefferson, Harvard; (6) Captain Roy Pullen, University of Washington; (7) Captain Harry Cabot, Harvard; stroke, Lieut. H. S. Brooks, Cornell; also eligible, Lieut. Guy Gale, University of California, Berkeley.

This crew, under the coaching of Capt. C. D. Wiman, Yale, has adopted a combination of the Yale-Harvard stroke which is working efficiently.

The reason for the withdrawal of the English crew is that when they came to the Seine for training they did not like the French type of boat, which is heavier than the English, and decided not to compete.

BRANTFORD MAYOR NOW "OTYAHGWAGOH"

Nation of Onondaga Indians Confer Honorary Chieftainship Upon Chief Magistrate MacBride.

Brantford, April 17.—A very interesting as well as impressive ceremony took place upon the Six Nations reserve, the occasion being the conferment of an honorary chieftainship upon His Worship Mayor MacBride of Brantford.

The mayor, after giving a short address, was given the distinction of choosing to which nation he would care to belong. His choice was the Onondagas. Consequently after the realistic work had been done there was a fire named by the Onondagas as a fire-keeper; henceforth his worship is entitled to sit as a fire-keeper at council meetings.

The mayor, in receiving the chieftainship from the Six Nations Indians, bears the distinction of being one of the very few white men to be made a chief, the last one being His Royal Highness the Duke of Connaught, former governor-general of Canada. Mayor MacBride hereafter will be known as Chief Otyahgwagoh, "holds the people together."

AIRPLANES BOMB MOBS IN PUNJAB

Machine Guns Also Used From Air in Quelling an Insurrection.

Simla, India, April 17.—Airplanes were used Tuesday in coping with the disorders that have broken out in the Punjab. A mob attacked a passenger train in this district and wrecked the railway station at Gujranwala. Airplanes were sent from Lahore, and the mob was bombed and subjected to machine gun fire from the air.

APPEALS AGAINST SHARPE SENTENCE

The British Whig Declares Military Er in Sending Officer to Prison.

Kingston, Ont., April 17.—Major W. J. S. Sharpe, former Canadian officer of the third military district, was sentenced to one year at Burwash Reformatory and cashiered from the service for being absent without leave. Commenting on the case tonight the British Whig says: "Public opinion appears to be that the military court-martial sentence given Major W. J. S. Sharpe for absence without leave is decidedly excessive. Major Sharpe's confinement under arrest and his untidy and disgrace without his being sent to prison with floggers, thieves and the like, is a disgrace without parallel in the history of the British army."

**NORTHCLIFFE PRESS CRITICIZES PREMIER**

Labor Paper Also Skeptical, But Other Journals Take Favorable View.

**WAS GREAT TRIUMPH**

Belief Expressed That Pledges Will Be Embodied in the Peace Terms.

London, April 17.—While opinions are divided regarding the substance of the address of Premier Lloyd George before the house of commons yesterday, there is a general agreement by the London press that it was a great parliamentary triumph, as, indeed, was shown by the rousing cheers of his audience, and the expressions of individual members in the lobbies. With the exception of the laborite and Northcliffe newspapers, none of the morning journals condemn the premier's statements wholly, while several warmly applaud. These admit that Mr. Lloyd George revealed nothing of the peace terms, but they do not complain.

The Telegraph, for instance, says that his general account of the terms will "give deep satisfaction," and adds that he "demolished the whole structure his critics built on his supposed departure from his pre-election pledges."

Favorable to Premier. The Express declares its full belief in the premier's statement that his pledges will be found embodied in the peace terms, and says that it remains the complete confidence of the nation. The Graphic is equally favorable and says, incidentally, that Mr. Lloyd George's statement "justifies the assumption that President Wilson has abandoned his opposition or alleged opposition to the sternest views of those powers which suffered most in the war."

Those who attack individual members of the peace conference when the chief concern of everybody is the public interest, are condemned by The Chronicle, which says: "If the peace terms eventually disappoint any sane expectation, the fault will lie less with the statesmen in Paris than with the peoples they represent."

The Post, which stands for the exaction of most severe terms from Germany, says that the premier's address is susceptible of various interpretations, and that, although Mr. Lloyd George declared his readiness to print the terms of peace alongside of his pledges, "it would be preferable to see the terms alongside of the demands of justice and security, and according with them in every particular."

The Daily News admits there may have been serious reasons for withholding information as to the terms of peace, but in the absence of evidence "mere declarations that all pledges will be kept are idle. It is true that some of them have not been kept."

Pledges Contradictory. Making a similar point, The Herald, the labor organ, says: "All the premier's pledges cannot be kept, for they are as contradictory as his speeches. The newspaper declares that Mr. Lloyd George, "if the international situation where he found it and completely missed his opportunity."

The premier's rejection of any idea of military action in Russia meets with considerable approval. The Telegraph and Express say it will be received with general relief. The Daily News agrees, but says that doubt remains regarding the logic of the policy. It asks how it is possible to supply arms to the Kolchak government and contends that such a policy can succeed only on the assumption that Bolshevism is moribund.

Skeptical of Russian Policy. The Post is also skeptical of the Russian policy and says: "The allies will be lucky indeed if they are not compelled to reverse it." The Mail, owned by Lord Northcliffe, confines its comments virtually to the premier's "gross diatribe" against Lord Northcliffe, who says the paper "cares as little for Lloyd George's hostility as his friendship."

The Post also says that the allies will be lucky indeed if they are not compelled to reverse it. **COURT-MARTIAL ON KINNEL RIOTS**

Six Canadians Soldiers Are Placed on Trial for Mutiny.

Liverpool, April 17.—The general court-martial convened by the commander-in-chief of the western command for the trial of a number of Canadian soldiers who are alleged to have been concerned in the rioting at Kinnel Park last month, opened here today. Between seventy and eighty men were originally placed under arrest, but a considerable proportion of them have already been dealt with, and only about a dozen cases remain to be tried. Major-General Burdall is presiding.

Six prisoners, Privates A. Dickson, R. Archer, V. Costushko, and J. Wallace and Sappers English and McKenzie were charged today with having joined in a mutiny in his majesty's forces. Alternative charges are that they were present when soldiers combined to resist authority and failed to use their utmost endeavors to suppress the attempt. An experienced court-martial officer, Major E. C. Weyman, was appointed by the Canadian authorities to undertake the defence of the military police, and all the men elected to avail themselves of his assistance.

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas On Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid stomach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretion or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bismarck Magnesia with their meals.

Get a box of Bismarck Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid, milk or citrate and in the bisulphate form is not a laxative. Try this plan and let what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

**Every Coal Order Placed Now Helps Keep Down the Price**

In the past practically all the coal used in the homes of Toronto was sold and delivered in five months.

Every coal dealer was forced to maintain equipment enough to handle a year's business in five months. Seven months of the year that equipment lay idle—piling up expense.

We coal dealers have got to make a living. If the people of Toronto insist on ordering their coal all in one rush, we have to pass on to you the expense of handling it that way. 100,000 tons of coal delivered in five months costs twice as much to handle as 100,000 tons delivered in twelve months.

If you will order your coal now, we can spread the expense of our yards over the year.

We can keep down the cost of handling coal, But the matter rests with you.

**ORDER COAL NOW**

Order coal now and help to keep the cost of handling from going higher. Keen competition has kept the price of coal low in Toronto; lower than in many American cities much nearer the mines. Service has been good in Toronto. You have had the coal put in your cellar. In most cities it is dumped on the road in front of the house. You have had courteous drivers bring your coal—men careful not to leave unsightly traces of their work.

If only for the sake of keeping down the price, you should order your coal now. And by doing so you will reap a number of benefits.

YOU WILL HAVE YOUR COAL. Remember the winter of 1917-18. Save yourself that agony of worry this year.

You will provide employment for a large number of men—and returned soldiers will have first choice of the positions.

You will have your coal in the cellar before your Spring house-cleaning.

Order now as much coal as you can store in your cellar.

We have no control over freight rates or the price of coal at the mines. Weather conditions and conditions at the mine ensure present purchasers delivery of well-prepared, fresh-mined coal.

But costs are rising every day. Bags which we formerly bought for 3½c now cost us 17c. Feed for horses and gasoline for trucks are high. Wages are at their war level. We are making less money with coal at \$11.50 per ton than we made when it was \$10.00.

SAWYER-MASSEY SHARES IN DEMAND

Price Advances Sharply on Light Transactions—Steamships Issues Strong.

On the eve of a four-day holiday, the Toronto market yesterday displayed more activity than might have been expected, the springing up of a sudden demand for Canada Steamship issues being a large contributory factor. The combined transactions in Steamships common and preferred made up a total of 745 shares, or not much less than one-half the aggregate for all stocks. The common, after a firm opening at 4 1/2, advanced to 4 3/4, closing at the top for a net gain of a point, while the preferred rose 1/2 to 7 1/2, and also held the full price for the movement, which appeared to have its origin in Montreal.

Another feature of note was the sharp advance in the Sawyer-Massey shares, the common, for which was bid on Wednesday, opened at 8, and, on sales of a few broken lots, moved up to 12, with the closing bid 12 1/2. The bid was preferred, for which the bid on Wednesday was 2 1/2, started out at 2 3/4, and sold up to 3 1/2, with 26 at the closing bid and 3 1/2 asked. The preferred, for which the bid on Wednesday was 2 1/2, started out at 2 3/4, and sold up to 3 1/2, with 26 at the closing bid and 3 1/2 asked.

The announcement that a strong British bank was seeking to acquire 10,000 shares of the Royal Bank at \$200 had a stiffening effect on the price of the shares, which sold yesterday at 21 1/2, an advance of 1 1/2. The war loans were quiet, and inclined to be slightly easier.

The day's transactions: Shares, 1829, including 50 mining shares; bonds, \$70,100.

RAILWAY EARNINGS

The Grand Trunk is the only one of the three Canadian railways to show an increase in gross earnings for the second week of April. The figures are as follows:

Table with columns: Railway, Earnings, Decrease, Increase. Includes Grand Trunk, Canadian National, and others.

BANK CLEARANCES

Toronto bank clearings this week are \$8,200,000 in excess of the corresponding period, a year ago, but \$1,460,000 less than in 1917. Following are the figures:

Table with columns: Week, Year ago, Two years ago. Includes Toronto, Montreal, and other cities.

BANK OF FRANCE

Paris, April 17.—The weekly statement of the Bank of France shows the following changes: Gold in hand, increase 803,323 francs; silver in hand, decrease 137,242 francs; treasury deposits, increase 2,872,733 francs; general deposits, decrease 2,416,985 francs; advances, decrease 13,249,702 francs.

BANK OF ENGLAND

London, April 17.—The weekly statement of the Bank of England shows the following changes: Total reserves, decreased \$110,000; circulation, increased \$1,225,000; public deposits, decreased \$219,000; other deposits, increased \$1,115,000; notes reserve, decreased \$1,317,000. The proportion of reserve to liability this week is 19.03 per cent; last week it was 18.50 per cent. Rate of discount, 5 per cent.

THRIFT

Thrift means, first, the sane accumulation of money; secondly, the investment of the accumulated funds in unquestionable security at a reasonable rate of interest.

On our Guaranteed Trust Investment plan we receive sums of five hundred dollars and upward, guaranteeing income at a satisfactory rate, together with safe return of the principal sum.

MONTREY MAKES TWO-POINT GAIN

Firm Tone in Mining Market on Eve of Four-Day Holiday Period.

While there was somewhat of a pre-holiday feeling in the mining, as in other markets yesterday, trading was on a fairly broad scale, as the day's transactions of more than 114,000 shares indicated, and the tone was firm, although issues extended recent gains to any considerable extent. The tenacity with which stocks are being held is very encouraging indication, and, with the Easter holiday season over, it would not be surprising should the market look on the genuine breadth which has been so long awaited.

The most conspicuously strong stock yesterday was McIntyre, which added two points to its advance, selling at 17 1/2, this being the firm, although issues extended recent gains to any considerable extent. The tenacity with which stocks are being held is very encouraging indication, and, with the Easter holiday season over, it would not be surprising should the market look on the genuine breadth which has been so long awaited.

The day's transactions: Shares, 1829, including 50 mining shares; bonds, \$70,100.

MINING NOTES

W. C. Offer, one of the owners of the Preston property, is in the Porcupine camp making preliminary preparations to reopen the property. Some ore was shipped from the Preston, and during this work one shaft was sunk 50 feet and another 200 feet. It is reported that a new company has been formed to take over the Preston and install a plant.

Early in May the shaft of the Wisconsin-Skead Company will be de-watered and the development work resumed. It is intended to continue the shaft 100 feet, establish a level at that depth and develop the veins uncovered on surface.

The indications that additional exploration work is to be done on mining claims in the Doherty district, a few miles south of Porcupine, will probably be encouraging news for those owning claims in that vicinity. The rock formation is, chiefly diabase, but in some instances is overlaid with belts of conglomerate. The geology, therefore, may rightly be termed favorable for the deposition of silver.

The output of gold at the mines of the Rand in March was 712,379 fine ounces, valued at \$2,025,592. This compares with 626,728 fine ounces, valued at 2,074,647 pounds sterling in February, and 616,281 fine ounces, valued at 2,987,614 pounds in March, 1918.

It is understood the shaft driven to a depth of 300 feet on property acquired near North Cotek from the Nipissing Central Railway by the Mining Corporation of Canada, did not encounter contact. Cross-cutting operations are now under way, and it is also proposed to diamond-drill for the purpose of ascertaining the depth of the contact.

Cross-cutting is being carried out at the 300-foot level on the property west of North Cotek station, secured by the Mining Corporation of Canada from the T. & N. O. Railway.

It is reported that work is to be resumed on the Gold Reef property in northeastern Tisdale. The Gold Reef has some narrow rich veins. The Excelsior Mining Company had the property under lease in 1916 and produced some gold.

It is planned to reopen the old Huron property at Porcupine Lake in the near future. The Hunter was one of the first properties in Porcupine to be developed underground.

PRICE OF SILVER. New York, April 17.—Bar silver 101 1/8. London, April 17.—Bar silver 45 15-16d.

MONEY AND EXCHANGE. The directors of the Bank of Commerce have declared the usual quarterly dividend at the rate of 12 per cent per annum. The quarterly dividend of 3 per cent is payable on June 1st to shareholders of record May 15.

SARNIA'S BOND ISSUE. The city of Sarnia is asking for tenders on an issue of \$111,932, made up as follows: \$21,082, 6 per cent; \$55,900, 6 per cent; 20 instalments, for incinerators; \$35,000, 6-1/2 per cent; for incinerators; \$15,000, 6-1/2 per cent; for waterworks; \$11,000, 6-1/2 per cent; ten instalments, for paving. Tenders close April 24.

WEST SHINING TREE CLAIMS IN DEMAND

Wasapika Deal is Followed by Purchase of Two Other Properties.

The \$400,000 to be paid for control of the Wasapika gold mine in West Shining Tree, is the largest sum ever paid for control of a gold mine in Northern Ontario. The Hollinger was bought out and out, for \$320,000. The \$80,000, which the McIntyre-Porcupine is to pay for control of the Newray is all applicable to development and cannot be considered as an ordinary purchase. The buyers of the Wasapika have, however, to provide for development in addition to the payment of the \$400,000.

The Churchill originally owned 84 acres one claim removed from Wasapika. The two claims it recently acquired contain together 153 acres. This gives the Churchill a compact block of 236 acres, the eastern and northern boundaries of which march with the boundaries of the Knox-Sutherland, both properties remarkable for consistent ore bodies of the ground up to the Wasapika boundary the Churchill has been able to finance development on an extensive scale. Work will be started just as soon as the necessary arrangements can be made. The authorized capital of the company is being increased to \$2,000,000.

Four properties have now become active in the vicinity of the Wasapika, namely, the Knox-Sutherland, Caswell-McKay, Atlas and Churchill. None of them are working during the summer.

Development Work to Be Undertaken in Deloro Township. Porcupine, April 17.—According to reports that will be considerable activity in Deloro township, Porcupine, this coming summer.

It is expected that the Anchoche property, which was under option to the Coniagas Mines of Cobalt, will be again worked, this time by an English syndicate, and it is reported that work will be started on May 1.

The Little Pet, controlled by Buffalo interests, headed by C. L. Sherrill, will be reopened during the summer. The property has a small mill and has produced some gold.

Adjoining the Little Pet is the Porphyry Hill, controlled by the same interests, on which it is proposed to do considerable diamond drilling this summer.

The New Imperial plans to go ahead with development work. Underground work has been done to a depth of 200 feet and it is planned to continue this work.

CANADIAN SECURITIES FINDING WAY BACK. British Holders Take Advantage of Exchange Rate to Sell.

Bond dealers report that since the first of the year there has been a considerable business in Canadian securities held in Great Britain, which is now finding their way back to Canada. Sales of this class were heavy during a portion of the war period, especially in 1916, but since then, until the beginning of this year, the business had been quiet. As it stands now, there is considerable interest in the British securities in selling securities to this side, owing to the high rate of dollar exchange, or contrarily, the low rate of sterling exchange. As a result of this, the securities may be sold at a good price, although usually not as high as was originally paid for them. One principal cause of this selling is in the settling up of estates in the old country.
