PORTUGAL'S KING AND CROWN PRINCE SLAIN, YOUNGER SON WOUNDED, QUEEN ESCAPES

FUSILLADE OF BULLETS SWEEPS ROYAL CARRIAGE IN SIGHT OF THOUSANDS

King and Royal Family Returning to Lisbon From Holiday Trip When Six Men Fire Volley From Carabines—Swift Retribution For Three.

QUEEN FIGHTS FOR HER SONS NEW KING BUT SLIGHTLY HURT

LISBON, Feb. 2.—King Carlos of Portugal and the Crown Prince Luiz Philippe, were assassinated on Saturday afternoon at 5.30, and the city is in a state of uproar.

The king's second son, the infant Manuel, was slightly wounded, but Queen Amelie, who strove to save the crown prince's life by throwing herself upon him, was unhurt.

A band of men, waiting at the corner of the Praco do Comercio and the Rua do Arsenal, suddenly sprang towards the open carriage, in which the royal family were driving to the palace, and leveling carbines, which they had concealed upon them, fired.

The king and crown prince, upon whom the attack was directed, were each shot three times and they lived only long enough to be carried to the marine arsenal nearby, where they expired.

Almost at the first shot the king fell back on the cushions dying, and at the same moment the crown prince was seen to half rise and then sink back on the seat.

Queen Amelie jumped up and threw herself toward the crown prince in an apparent effort to save his life at the cost of her own, but the prince already had received his death wound.

No more beautiful day could be imagined than that which hereafter will mark the date on which King Carlos and Crown Prince Luiz met their deaths at the hands of assassins.

Returning from a sojourn at the king's estate at Villa Vicosa, accompanied by the queen, the crown prince and the infant Manuel, the sovereign seemingly was in happy mood, when he stepped into the carriage in waiting at the railroad station. Thousands of spectators, gaily attired, in combination with the bright decorations set out to welcome the royal family, made an animated scene. The people were allowed to circulate as freely as they pleased, and, for a short time, so great were the crowds, the driver of the carriage had difficulty in making a start.

The entire court, ministers and ladies-in-waiting, and many army officers, were in the station when the train drawing the royal family pulled in. The weather was glorious, almost like summer, with warm, soft breezes blowing in from the ocean.

It was because of the beautiful weather that an open carriage was in waiting for the royal family, and when they took their places they were greeted with some lifting of hats, but mostly in silence.

Then, as the carriage turned into the Rua do Arsenal, there was a cracking of guns, and a shower of bullets made their way into the bodies of the king and crown prince, and the little prince, who proved an easy target.

The assassins, numbering six in all, boldly ran up to the sides of the carriage and poured in a hail of lead before the stupefied escort could intervene.

The king and crown prince, half rising, fell back into the cushions, the blood gushing from many wounds.

QUEEN'S HEROIC CONDUCT.

The coachman brought his whip across the flanks of his horses, and, with a bound, they dashed away, disappearing into the arsenal quadrangle. The panic-stricken people, who had fled on all sides, could see the queen leaning over the crown prince and her younger son, who also was bleeding from wounds by assassins' bullets.

How many shots were fired no one can say, but it was a veritable fusillade, coming from the right side of the street. The effort of the crown prince, who was sitting opposite to the king, to rise, was pitiable, and without avail, for he adjusted himself sufficiently to pitch forward and fall over the prostrate body of his father.

Queen Amelie, uttering a scream that could be heard by all, who had become frenzied by the attack, threw herself towards her sons, shielding their bodies with her own.

She frantically struck at the murderers with a bouquet of roses, which she had been carrying, but even in the face of this the men fired again and again.

As he saw his father and his brother fall, Prince Manuel whipped out a revolver and discharged it at the men, but was himself struck on the right arm by a bullet from a carbine. A footman in the carriage also was wounded, and it was stated that a bullet grazed the queen's shoulder, but did not do her harm.

MURDERERS PURSUED.

Only mounted police accompanied the carriage, as the king had refused military escort. The attack came from the rear, for it was found afterwards that the king had been shot in the back of the neck, and it was so entirely unexpected that the murderers had emptied their carbines and revolvers almost before the police knew what was going on, and had turned to flee into the crowds that, now panic-stricken, had pressed back before their weapons.

The guards charged upon them, pursuing them down the street and riddling three of them with bullets. Hundreds of the people joined in the pursuit and the others of the band of assassins were made prisoners.

The royal carriage had by this time been driven into the quadrangle, and the gates of the arsenal were shut. The grief of the queen and Prince Manuel was heart-breaking. Within a few minutes the queen mother, the dowager queen, Maria Pia; the Duke of Oporto, the king's brother, and the ministers of state assembled, all weeping bitterly.

LISBON IS QUIET.

The news of the assassination spread like wildfire, and thousands of people, bewildered and terrified, poured into the streets. Soon the troops and police occupied all the prominent places, and the people hurried to their

EVENTS WHICH LED TO ROYAL TRAGEDY PREMIER IS BLAMED

Parliament Dismissed in May and "Dictator" Assumed Control—Assassination Climax of Wide-spread Plotting.

Carlos I. was born Sept. 23, 1863, the son of King Luis I. and his Queen, Maria Pia. He married Maria Amelie, daughter of Philippe, Duc d'Orleans, on May 22, 1886. He succeeded to the throne Oct. 19, 1889.

The crown prince, Luiz Philippe, Duke of Braganza, was born March 21, 1887.

In April, 1893, an attempt was made on King Carlos' life as he was being driven thru Lisbon, but it met with complete failure.

On Jan. 20, 1894, an anarchist made an attempt upon the king while the latter was returning from the palace in an open carriage after a drive. The anarchist threw a heavy stone which narrowly missed the king's head, but hit the side of the carriage, injuring him severely.

On her return from a visit to London early in December Queen Amelie took back a letter to King Carlos from King Edward in which the British King gave it as his opinion that the dictatorship endangered the crown and recommended a return to the constitutional form.

Senior Joao Franco Castello Branco, president of the council and minister of the interior and premier of Portugal, has since July, 1897, been "administrative dictator" of the country. Under his guidance the late King Carlos shot up the parliament house, dismissed the deputies and silenced the press. Recently interviewed by William Maxwell, now correspondent of an English newspaper, the premier impressed him as a strong, honest, capable man engaged in a Herculean task.

Senior Franco, says Mr. Maxwell, with his slight figure, black hair, dark complexion, little mustache and small black eyes suggests a familiar type of Japanese. His temperament is combative and when he speaks it is with vigorous, incisive eloquence. He professed himself to be an independent patriot, aiming at the raising of his country to a higher place among European nations.

His life has been more than once threatened, and he was compelled to sleep in a different house each night and go about protected by a guard.

While there had been considerable disruption in political affairs in Portugal for a long time, the strained relations between King Carlos and parliament were brought to a head only on May 11 last, by the dissolution of the chambers. The state councillors addressed a letter to the king protesting against the state of absolutism which resulted from the dissolution, and they declared that the king and the country had been placed in a dangerous position.

The crisis in the political situation arose from the fact that the cabinet, which represented exclusively the new Liberal group, found its program of reforms obstructed by both the old Conservative and Progressive parties, and decided to ask for the dissolution of parliament, in order to bring about

the promulgation of a number of measures by means of decrees.

The cabinet was of the opinion that thus having established its determination radically to reorganize the affairs of the country, could appeal with the fullest confidence to the people in a general election. The opposition attacked the king for dissolving parliament, declaring this to be an unconstitutional step.

Senior Franco, the premier, published a decree dissolving the chamber, and stated that after seven months of political strife, he had found it impossible to govern with a parliament and to carry out his legislative program, which included a policy of social and economic reforms and efficient party control of the administration.

In this manner he established a veritable dictatorship, and since then has governed with an iron hand.

Reports emanating from many parts of Portugal, and thru Madrid in Spain, within the last few months, have indicated that trouble was brewing for Portugal, and that revolutionists were at work. After numerous minor risings had been put down, the police on Jan. 23 came upon a widespread plot to overthrow the monarchy and proclaim Portugal a republic.

The plot was organized by a small group of advanced republicans and secret republican and labor organizations, armed with bombs and revolvers, to complete the work of revolution in the streets.

But the police raided the meeting places of the conspirators and made a number of arrests, seizing quantities of bombs, and other weapons, and since their other raids have been made in Lisbon, with the result that the police

FIERCE STORM SWEEPS EAST COAST

Ships Torn From Moorings—Wharves and Bridges Carried Away—Nets Lost.

HALIFAX, N.S., Feb. 2.—(Special)—The worst storm in years swept over Halifax and other parts of Nova Scotia last night. There was wholesale destruction along the waterfront, and telegraph and telephone lines were levelled so that communication along the coast and other parts of the province is cut off.

Several schooners in the harbor were driven ashore, and the government quarantine steamer Argus was forced from her moorings and driven ashore on the Dartmouth side of the harbor.

The homebound mail steamer Gramplan, with passengers, which was to have sailed last night, was forced to remain in port until this morning. The wind blew sixty miles an hour, and was accompanied by a blizzard of snow. At midnight this turned to rain, which fell in torrents. Accompanying the snow, rain and wind was a terrific electrical storm.

Lighting struck the 125-foot chimney of the Nova Scotia Insane Hospital at 2 o'clock this morning and tore out forty tons of bricks from its outer covering. Some of the debris fell thru a window into one of the rooms, and a seamstress was injured slightly.

The succession in Portugal has given a great deal of anxiety for several generations. The late Queen Maria II, Maria Pia, had been married, but her husband died almost immediately. Very shortly after messages were sent to Germany and a marriage arranged between Prince Ferdinand, cousin of Queen Victoria, and the prince consort, Dom Fernando, as he was known, became the father of a large family.

Queen Maria and Dom Pedro, emperor of Brazil, were brother and sister, and there were two parties aspiring to the throne. This caused the death of Pedro V, was not long on the throne till he died of a peculiar disease—some said pestilence and some said cholera.

TORONTO RAILROADS BLOCKED BY SNOW AND MILK'S SCARCE

Colonel and Mrs. J. B. Maclean Were Guests of Late Monarch While Sojourning at Lisbon.

It seems strange that decades of progress, science and invention have failed to prevent a snowstorm playing the mischief with railway transportation. In spite of snow-guards, snow ploughs, some gangs of men and "eternal vigilance," the train service gets paralyzed when a blizzard comes along. This isn't a peculiarity to Toronto and the province, all railways everywhere experiencing the same difficulties.

So it is that because of the stormy weather of Friday night, Saturday and Sunday, trains to and from Toronto have been getting stalled in out of the way places, or running hours behind schedule.

But if the steel tracks are in bad shape, timely repairs aren't as far worse, and the inconveniences to the rural residents are severe.

They will also have their reflections in the city for on account of the interrupted transportation a milk shortage of from half to three-quarters the usual supply is threatened in the city today.

If you are compelled to eat your breakfast food without milk to morning, it may give you some consolation to know that there are hundreds of others who have noted a shortage in the supply of milk.

It is all owing to the blizzard which sprang up on Friday night, laying the country roads many feet deep in snow. The heavy snow, extending from among the producers, but with roads almost impassable, the greatest difficulty is being met with in getting the product to points where it can be shipped.

Chas. E. Potter, manager of the City Dairy, said that the snow was likely to be considerable of a shortage today and to-morrow also. The heavy snow, extending from among the producers, but with roads almost impassable, the greatest difficulty is being met with in getting the product to points where it can be shipped.

Mr. Potter understood that the Treasurer branch of the C.P.R. was offering to buy the Canadian Northern had not been able to get a train into Toronto since Saturday.

What milk was ready for distribution had been brought to the city from points within the county, some farmers having contrived to run the snow-blocked roads and beyond in the west, or, in the east, from Vaughan Township.

"We have had plentiful supplies all along and had nearly a day's supply ahead, but with Saturday and Sunday receipts shut off, we are up against it," he explained.

At least one of the smaller dealers will not deliver milk this morning. His usual supply having been cut off, it is said that there are 190 storm-bound passengers at Richmond Hill.

A livemilk train that was asked by a milk dealer if he could bring in a sleigh load said he wouldn't take 500 to do it. In parts Yonge-street is 6 feet deep with snow.

The C.P.R. train from the east arrived yesterday with just three cans of milk when its usual load is 40 to 50.

Railways Paralyzed.

The railway service in and out of Toronto was completely demoralized yesterday. The greater part of Saturday, Saturday and Sunday, heavy snowstorms prevailed in every direction outside of the city, and the result was that trains were many hours behind time, while several were cancelled altogether.

The Canadian Northern Ontario was the worst sufferer. The snowfall right up its line was especially heavy Friday and Saturday and last night two of its trains were still stalled. The train due from the north at 10:10 Saturday morning was at Richmond Hill and the train due at 3 o'clock Saturday morning was still at Mount Albert. Both trains being tied up meant that no trains left going north either Saturday or Sunday.

Two snowstorms are working south and the other north, but the drifts in some places were six feet deep, and the wind was clearing the drifts were blown back again.

C. P. R. Did Well.

Superintendent Osborne of the C. P. R. was at his office at Saturday and Sunday, and by night his generalship of the forces at his command had produced quite satisfactory results.

"But it's the men on the road who have done the work," said the superintendent.

"They have done splendidly. The storm was worse than the blizzard of four years ago. In some of the cuts,

THE LATE KING CARLOS.

King Carlos was a notable figure among the crowned heads of Europe. He was a bon vivant and early showed a literary and artistic bent of mind. He was fond of music and was skilful with the brush. Despite the fact that he was very stout, the king was a great athlete, being particularly skilful as a swimmer and known as one of the most remarkable revolver shots in the world. He was fond of hunting, and devoted a great deal of time to that sport at his estate of Villa Vicosa. The king was devoted to Queen Amelie, who was famous as the most beautiful queen in Europe.

Of the crown prince little is known, except that he appeared to be very different from his father in disposition. It recently was reported that the crown prince had had a disagreement with the king over the abdication of Carlos in favor of his son, and that the crown prince had been banished from Lisbon, but this was denied, and shortly after the circulation of this report the two were seen in close companionship.

The polished table was done with crimson carnations in cut glass vase on a linen centre embroidered in crimson and green with edge of deep ecru lace, surrounded by solitary vases of red and white tulips and strands of Mrs. Frederick W. Tanner, in blue silk gown and lace hat, poured tea, and was assisted by Miss Hughes, Mrs. James A. Hughes and the Misses Evans. On Thursday evening, Jan. 30, Mr. and Mrs. D. Wright celebrated their thirtieth wedding anniversary at their home, 469 Spadina-avenue. A goodly number of their most intimate friends were in attendance. Much time and pains had been taken in arranging the decorations, and preparing the supper, which was served at 8 o'clock. The Rev. Mr. Wallace, who occupied the chair, then presented a lengthy program, consisting of speeches by I. Wardell and others, singing and recitations. The Medlock Orchestra rendered many beautiful selections throughout the evening. Mr. and Mrs. Wright were the recipients of many useful and costly presents, while Mr. Wright presented Mrs. Wright with a handsome pearl crescent. A splendid concert, arranged by Mrs. G. R. Baker, was given to the patients and staff of the Toronto Hospital for incurables on Thursday evening. Mayor Oliver occupied the chair. Every piano is also fully guaranteed by the Mendelssohn Piano Co., whose record of 24 years' experience is a guarantee in itself. Trial Offer to Out-of-Town Members. To our out-of-town buyers we offer to mail descriptive catalogue, and further, to use for them our knowledge and experience in making good selection, and on receipt of reference as to reliability, to ship piano on the understanding that the piano is to be thoroughly examined and tested before they forward us the cash payment. If satisfied, cash payment to be at once forwarded, whilst, if for any reason piano should not prove as represented, or satisfactory, the piano is to be returned to us within six, fifteen days, we agreeing to pay return freight. In a word, we not only guarantee satisfaction, but ask no payment until you yourself decide the question of satisfaction. Could any offer be more fair to an out-of-town buyer?

The member shall pay the cash deposit as soon as accepted by and enrolled in the Club, and the piano is delivered at once, the obligation of the member being to pay the monthly or quarterly payment until the purchase price is met. There is no interest charged; there are no extras. A fine stool is supplied with each piano, and in lieu of supplying a piano box (necessary with out-of-town members), the first tuning will be done free of charge for members within or contiguous to city limits.

As our special purchase is for but fifty pianos, the club limit is fifty only. We need scarcely say, therefore, that prompt enrollment is advisable. The extraordinary character of this club offer cannot fail to impress you if you will but take the time to examine into the merits of the instruments. Think of it! A good, guaranteed, new piano at less than the price of a second-hand instrument; also that the offer is made by the firm of Goulay, Winter & Leeming, whose knowledge and standing in the trade are, after all, your best guarantee.

PERSONALS.

Mrs. J. A. Wickett will receive for the first time in her new home, 678 Broadview-avenue, on Wednesday, and afterwards on Mondays. Mrs. T. R. Hughes (nee Evans) held her first reception since her marriage in her home in Withrow-avenue on Friday afternoon. She was wearing her wedding gown of Brussels net and lace, and was assisted in the drawing room by her mother, Mrs. Evans, and Mrs. Hughes. The polished table was done with crimson carnations in cut glass vase on a linen centre embroidered in crimson and green with edge of deep ecru lace, surrounded by solitary vases of red and white tulips and strands of Mrs. Frederick W. Tanner, in blue silk gown and lace hat, poured tea, and was assisted by Miss Hughes, Mrs. James A. Hughes and the Misses Evans. On Thursday evening, Jan. 30, Mr. and Mrs. D. Wright celebrated their thirtieth wedding anniversary at their home, 469 Spadina-avenue. A goodly number of their most intimate friends were in attendance. Much time and pains had been taken in arranging the decorations, and preparing the supper, which was served at 8 o'clock. The Rev. Mr. Wallace, who occupied the chair, then presented a lengthy program, consisting of speeches by I. Wardell and others, singing and recitations. The Medlock Orchestra rendered many beautiful selections throughout the evening. Mr. and Mrs. Wright were the recipients of many useful and costly presents, while Mr. Wright presented Mrs. Wright with a handsome pearl crescent. A splendid concert, arranged by Mrs. G. R. Baker, was given to the patients and staff of the Toronto Hospital for incurables on Thursday evening. Mayor Oliver occupied the chair. The solos of the boy soprano, Master Wilfrid Morrison, were a delightful feature. The others taking part were, Miss Margaret George, a contralto, with a charming voice; Robert Shaw, tenor soloist of the Metropolitan Church; Charles Fullack; Robert Wilson, comic; and F. M. Bell-Smith, whose readings from Drummond's "Habermast" were thoroughly enjoyed. E. Bowles, organist of Dunn-avenue Methodist Church, made a most acceptable accompanist. Mrs. George Ross and the Misses Rosa, 36 East Adelaide-street, will receive the first and second Mondays of each month for the rest of the season. Mrs. Strother, Rosedale, will receive on Monday, Feb. 3. Mrs. R. A. Cameron Little of 205 St. Clarens-avenue will receive on Thursday, and afterwards the first Fridays during the season. Mrs. Sydney E. Heesin, 10 La Plaza, will receive to-day and the following Monday, and not again this season. Mrs. Malloch, 327 College-street, will receive on Tuesday and Wednesday, Feb. 4 and 5, and not again this season. Mrs. W. K. Thompson, 18 Tyndal-avenue, will receive on Feb. 3, and afterwards on the first Monday of each month. Mrs. George Lambert Robinson, 2 Beaumont-road, will receive on the first Mondays in February and March. Mrs. T. L. Gallagher, 183 Park-road, Rosedale, will receive on Monday and Tuesday, Feb. 3 and 4, and afterwards on the first Monday of each month. Mrs. Alex. Willis, Howard-street, will receive the first and second Mondays in February, and not again this season. Dr. and Mrs. James Algie, Aiton, Ont., have moved to Toronto, and are now settled in their new home, 78 Devon-street, corner of Dovercourt-road. Miss Algie receives on the first and fourth Tuesdays of each month during the season. Mrs. T. Worthington Jull, 134 Crescent-road, will receive on Wednesday, Feb. 5, and afterwards on Monday. Mrs. S. Herbert Wood (formerly Miss Hazel Southworth) will receive for the first time since her marriage on Tuesday afternoon, Feb. 11, from 4.30 to 6 o'clock, and in the evening from 8 to 10.30. Mrs. Norman Somerville (nee Shipley) will receive for the first time since her marriage, at her home, 34 Crawford-street, to-morrow, from 4 to 6, and afterwards on the first Thursday of each month.

SIMPSON MANAGERS BANQUET

A sumptuous repast and a Jolly Evening for All. On Friday evening last, at 8.45 precisely, in the banquet hall of the King Edward Hotel, the managerial staff of the Robert Simpson Company's 40 departments sat down to the second annual banquet. The great table was arranged in double width with huge electric candelabra down the centre, from which wires strung with tiny electric bulbs extended to a deep border of ferns and daffodils. Across one end of the salon a framed white sheet extended, behind which a piano and orchestra were encoined. Later in the evening pictures, hitting off the points of the different members of the staff present, were thrown from a lantern amid general hilarity. Thoughtful speeches on the store's history, Canada's future and the responsibilities of the manager, were delivered by J. B. Campbell, the chairman; Ivor Brock, J. R. Gregory and I. E. Brock respectively. Songs, stories, character sketches and stump speeches carried a remarkably spontaneous program well on into the morning. The committee have every reason for self-congratulation as to the result of their efforts.

Jarvis St. Choir Recital To-Night

The final rehearsal of the Jarvis-street choir for their concert to-night took place on Saturday, and a delightful musical evening is assured. The choruses of the cantata, which is to be sung, are bright and tuneful, and the solo very graceful, both in regard to the singers and the organ parts. But perhaps the most interesting feature of the evening will be the production for first time here of three or four of the larger compositions of the organist, who has attained a very

NEEDN'T WORK AT ALL

But if They Do, They Must Put in 9 Hours a Day. CINCINNATI, Feb. 2.—Efforts of the United Typothetae of America to force the International Printing Pressmen's and Assistants' Union of North America to live up to alleged agreement whereby the eight-hour day would not be instituted until after Jan. 1, 1909, met with defeat to-day. United States Judge Thompson handed down a decision in which he says the union committee did not have the power to bind the union by the agreement. He entered into with the committee, the Typothetae. The Typothetae was granted a temporary injunction somatium, ago to prevent the Pressmen's Union from calling a strike. Judge Thompson held that the agreement made by the officers of the union of which appear in Part II, of a very well-balanced program. During the performance of each piece those not seated will be detained until the end of that piece. No admission fee. The collection will be taken at the door.

CAUGHT PICKING POCKETS.

Sent to Industrial School for Five Years. ST. CATHARINES, Feb. 1.—For some time past the members of the local Y.M.C.A. have missed various amounts of small change and a number of articles from pockets, and the facts were reported to the local secretary, who kept his eyes open, with the result that a young lad, Arthur Beyers, employed as pianicker, was suspected and accused. He was caught stealing from a member's pocket. Two weeks ago the boy was arrested for stealing \$10 from the till at Thomas' restaurant, but was let go on suspended sentence. He was taken before the magistrate yesterday, when he pleaded guilty and was sent to the Victoria Industrial School at Mimico for five years.

THE PORTUGUESE ASSASSINATIONS.

With appalling dramatic suddenness, Portugal has been plunged either into the throes of a revolution or the uncertainty attending the accession of a young and inexperienced prince to a disputed throne.

As in most European continental countries enjoying representative government, Portugal has produced a government of political parties divided into Conservatives, also called Regeneradores, Progressists or Liberals, Independents and Republicans.

The present premier, Dom Joo Franco Castello Branco, is the leader of a new political party known as the party of Liberal regeneration. Since his entry upon office he has made strenuous efforts to restore the national finances.

Maxwell, the famous war correspondent of The London, England, Daily Mail, political course, declaring that the people were not averse to it as a temporary expedient.

Internationally the situation may develop grave difficulties, in which Great Britain is specially interested under the numerous treaties with Portugal, entered into since the beginning of the eighteenth century.

LICENSEHOLDERS MAY APPEAL TO GOVERNMENT

If People Had to Pay for Compensation, Agitation Would Simmer Down.

The License Holders' Association will hold a meeting on Tuesday to consider a plan of campaign, in general, for future battles against the ideas of local option and the cutting out of licenses.

To the World yesterday a prominent member of the License Holders' Association said the only remedy for all this fighting and spending of big money, if the existence of licenses was to be maintained at all, was to get the provincial government to provide a law of compensation.

Such treatment seem honest. Law and government should proceed in a more sane way. A moral crusade cannot ignore public opinion. It cannot afford to put itself in the wrong, as has been done in this case, for the support of all moderate men is estranged.

EVENTS WHICH LED

Continued From Page 1. Believed they had the revolutionists well in hand.

Each day, however, brought new evidence of the ramifications of the plot to remove the heads of the state and establish republicanism in the country.

A treaty with England, however, not only provides for assistance from that country in the event of foreign invasion of Portugal, but is also designed to safeguard the crown against any danger from revolution in the form of an attempt upon the monarchy itself.

Dom Miguel de Braganza, head of the house of the line of Braganza, which formerly reigned in Portugal, the pretender to the throne, is likely to come to the front again because of the death of King Carlos and the crown prince.

The death of King Carlos and the crown prince was the late King Miguel I, Duke of Braganza, who selected the throne for his nephew, Queen Maria II, daughter of Emperor Pedro I. of Brazil, and was king of Portugal from 1826 to 1834.

There have been numerous rumors of rebellion with the object of placing Dom Miguel on the throne, but recently by these rumors not given serious consideration. Last June Dom Miguel, thru the medium of the newspapers of Vienna, announced his intention to fill any vacancy in the Portuguese throne arising from the constitutional dispute in that country.

It was long stated that the result of the political crisis in Portugal might not determine whether a new and better order of administration should prevail, but whether monarchy or republicanism should be a republican form of government.

The republicans believed that, by exposing the practices of the monarchist parties, administered a blow to the prestige of the king and the policy would be unable to give the royal family adequate protection at Villa Vicosa, had arranged for their removal to Lisbon, taking many precautionary measures for their safety.

It seems altogether some thirty men concerned in the plot were arrested among the trees along the Villa Vicosa in the vicinity of the landing stage and at other points along the route. A group was stationed in the Praes do Comercio. There were a dozen men in this group, and all of them were long cloaks to conceal their weapons.

It is even stated that the Portuguese Government has provided the several men prominent in the Republican party, including one ex-minister, belonging to the regeneration party, with arms and other munitions along the route. The Portuguese Government has requested the Spanish authorities to guard the frontier.

TRAGEDY SHOCKS NATIONS

AROUSES SPANISH FEARS Strictest Precautions Will Be Taken to Guard the Life of Alfonso.

MADRID, Feb. 2.—The assassination of King Carlos and Crown Prince Luiz Philippe has created general sorrow in Spain, but at the same time it has awakened the fears that once obtained, that a recurrence of anarchistic deeds is not improbable in this monarchy, where the propaganda of the anarchists already has secured for them a strong foothold.

Especially in Barcelona, where the anarchistic and revolutionists are notably powerful, did the news of the assassination create great excitement. It is understood that for a long time there has been active communication between the medical revolutionists of Portugal and Spain, having in view the action as secured at the psychological moment.

These facts induced the government to-day to take a firm grip on the Spanish situation with the intention of forestalling a possible outbreak of violence in the monarchy. A meeting of the council of state was held to-day, at which it was decided to observe special precautions at the frontier.

The foreign office to-day issued a statement that the assassins numbered six, all of them being armed with carbines and revolvers. They were paid by political agitators, enemies of the government. One of the slain was a Frenchman, according to the statement, and encircling his body was a belt filled with gold for the profit for his share in the murderous act.

Simultaneous with the assassinations, the statement also says, an armed band surrounded the home of Premier Franco, in the outskirts of the city, but was beaten off by the guards.

The dissidents had announced that grave events would develop in the situation in Portugal, but it was not imagined that they would take the grave turn they did.

Sorrow at Berlin. BERLIN, Feb. 2.—News of the assassination of the King of Portugal and the assassination of the Crown Prince, which was reported in the morning, was communicated to the emperor about 6 o'clock in the morning, he was greatly distressed, as he was especially fond of the crown prince, of whom he saw much during his visit to Portugal in 1905.

The emperor at once telegraphed to the queen and Prince Manuel his condolences, and later directed that the court should go into mourning for three days. He also recalled the invitations to the court ball, which was to have been held on Wednesday next.

The general official view here appears to be that the death of King Carlos and the crown prince is a great misfortune for Portugal, as it was believed that the king would have succeeded in establishing reforms.

LONDON, Feb. 2.—Official announcement of the tragedy at Lisbon was received at the Portuguese legation between 2 and 4 o'clock this morning. The general official view here appears to be that the death of King Carlos and the crown prince is a great misfortune for Portugal, as it was believed that the king would have succeeded in establishing reforms.

VIENNA, Feb. 2.—The statement was made at the Portuguese legation to-day that the assassins of the king were anarchists and not subjects of the Portuguese monarchy.

The Portuguese minister here telegraphed to his government that he was convinced that Dom Miguel de Braganza, the pretender to the throne, is in no wise connected with the affair. Dom Miguel has for some time past been traveling in Italy, and he is now staying in Rome.

The members of his immediate family and other relatives held a council here to-day, and their immediate advisers assured the family that Dom Miguel had no connection whatever of obtaining the throne, notwithstanding the strong republican movement.

Princess Maria, who is the daughter of Prince Manuel, they declare, possesses the sympathy of the majority of the Portuguese people.

Move Safety Deposit Boxes

Under an Escort of Police Trust and Guarantee Company Officials Had 16 Hours of Interesting Labor.

Did you see 2000 safety-deposit boxes walking from 14 West King-street to 43-45 West King-street, any time between 1 p.m. Saturday and 4 a.m. Sunday?

They took the trip under escort from a dozen policemen, and the vigilant eye of the officials of the Trust and Guarantee Company, marshalled by General Manager J. J. Warren.

The Trusts & Guarantee Company, Limited, have moved their offices from 11 West King-street to 43-45 West King-street, and are this morning open for business in their new premises.

The moving took place all afternoon and night Saturday. It was no easy task transporting ten tons of safety-deposit boxes, and the fact that the moving occupied 16 hours is a faint idea of the great work involved.

All last night the new offices of the Trusts & Guarantee Co. were guarded on the outside by police and special detectives furnished by the Holmes Electric people. Inside in close proximity to the safety deposit boxes, a man with a shotgun kept watch.

Experienced men speak highly of the rapidity and the care with which the Trusts & Guarantee Company made its change to its new quarters.

Fusillade of Bullets.

(Continued From Page One.) homes and barricaded the doors and windows, to await in fear the unknown future.

The strictest measures were taken by the officers in charge of the troops to suppress the slightest sign of disorder, but their work was light. There have been no disturbances in Lisbon in the last 24 hours, and Sunday passed off only in the deepest gloom, the populace mourning on every hand.

The bodies of the king and crown prince rested in the royal palace, and beside them the queen sat through the night, sometimes with her hands pressing the forehead of King Carlos and sometimes stroking the face of the dead crown prince.

The bodies of King Carlos and Prince Luiz were embalmed to-day and will lie in state, according to the custom of the court. The funeral will probably be held on Feb. 10.

THE NEW KING.

The condition of the newly-proclaimed king, Manuel, is satisfactory to the physicians in attendance. His wounds are not severe, and if there are no complications, of which there are no signs now, he is expected to make a speedy recovery. He carries his arm in a sling and declares that he suffers no pain.

A solemn proclamation from Manuel II. announces that he will uphold the constitution and preserve the integrity of the kingdom. In this proclamation, which is addressed to the Portuguese people, he says: "An abominable crime has stricken me in my heart, as a son and a brother. I know the nation shares my sorrow and indignation, and detests the horrible act, which is unprecedented in history. I am called upon by the constitution to preside over the destinies of the nation, and, conformable therewith, I shall do my utmost to promote the good of the fatherland and merit the affection of the Portuguese people. I swear to maintain the Catholic religion and the integrity of the kingdom and to observe myself and enforce observance by all of the nation's political constitution. I also declare that it is my pleasure that the present ministers shall remain in office."

shock experienced at the Portuguese legation here over the announcement of the assassination of the king and crown prince that, at first, despatches from Madrid, giving an official view of the morning when Cardinal Merry del Val communicated to him the tragedy in all its details.

"Poor Amelia," said the holy father, "she may now really be called the saint queen." After sending a telegram of condolence, the Pope asked the cardinal to go personally to the Portuguese embassy and express the papal sympathy.

Senior Martins d'Antas, the aged Portuguese ambassador, was ill in bed when cautiously notified of the death of the king and crown prince. He burst into tears, and amid sobs only was able to murmur that the murderers were weak.

The Pope has ordered a funeral service for the king and prince in the St. Peter's Basilica on Thursday. The service in the presence of the sacred functions for an indefinite period.

Dowager Queen Margherita, to whom the announcement of the tragedy at Lisbon was first communicated, was in Rome.

That indigestion is responsible for more sickness than any other disease is certainly true. Some doctors go so far as to say it is a national curse.

This Big February Stocktaking Sale is the Sensation of the Hour

If you had fifty thousand dollars invested in fur and had a big staff of experts on your pay roll which had assisted in making DINEEN'S FURS popular, what would you do?

Do you not think it would be reasonable for you to keep that staff busy even if you should be forced to sell those manufactured fur garments at less than cost?

That is the argument for the February Stocktaking Sale. We need the money to keep the "pot a-boiling." We want to keep our staff right "under our wing."

Animals Suffer Terribly From Cold and Many Die—Blockade at Brockville.

BROCKVILLE, Feb. 2.—(Special)—Brockville and vicinity have just experienced the most violent snowstorm in many years. It started at 3 o'clock Saturday morning and with the exception of a short interval lasted for 24 hours, a stiff northeast gale drifting the "beautiful" over the tops of the fences and making going about town exceedingly heavy. Communication with the rural district was almost completely shut off by the blocked condition of the roads. More than three feet of snow fell on the level. Only milk vendors plowed their way in with great difficulty.

As a result of the storm business in town was paralyzed, there being absolutely no shopping, as housewives found it impossible to get out. Railway trains reached here hours behind time, and many regulars were cancelled. This was done in the case of the two G. T. R. trains which pass thru here about midnight from Montreal to Toronto. The Grand Trunk has been up against a stiff proposition on the Brockville-Montreal division. In

several places the snow has drifted to a depth of ten feet.

This afternoon the company managed to get a plow thru which marked the first communication between these two points since yesterday afternoon. Considerable freight is stalled here, including a train of 24 carsloads of cattle for Montreal. The animals have been exposed to the elements in zero weather, on a siding, for the past 24 hours, and several have died. It is expected that few of the entire trainload will be alive when Montreal is reached. The stock is valued at \$30,000.

NERVY TILL TAPPER.

Gets Six Dollars in Cash as Customers Watch Him.

Walking deliberately behind the counter when several people were looking at him, and taking \$6 in silver from the till in G. B. Lore's store, 275 West Bloor-street, on Saturday night at 7:30, is the accusation against Thomas W. Weir, aged 30, living at 28 St. John-street. Weir was arrested by Acting Detective McMullan and locked up in No. 7 police station. No money was found on him.

ALMOST LYNCHED

It happened to a local druggist that sold a cheap acid corn salve instead of the reliable Putnam's Corn Extractor. Substitutes burn the flesh. Putnam's cures the corn. Use only the best—Putnam's.

TOOK \$274 FROM SLEEPER.

Then Thieves Woke Him Up and Said Farewell.

As he was taking a snooze on the Hamilton express from Hamilton to Toronto yesterday, two foreigners relieved Herbert Ford, 167 Lisgar-street, of \$274, jumped off at Burlington, tapped on the window and waved him a round farewell.

When the train started Ford was wide awake and wondered about the two men waving at him. He felt for his savings for some time, which he had drawn from the bank to take a trip to New York. The money was gone, and so was a brand new grip filled with clothing.

As soon as he arrived in the city he notified the detective department, giving a description of the men he thinks got his money.

Ford was a bartender at the St. Albans Hotel, Bathurst and Bloor.

Rev. B. J. O'Connell.

MOUNT FOREST, Feb. 2.—Mount Forest was shocked to-day on learning that the Right Rev. B. J. O'Connell, pastor of St. Mary's Roman Catholic Church, died suddenly during the night. Deceased was 64 years of age and was born in Limerick, Ireland. He retired about 10 o'clock last night, apparently in the best of health, but this morning when Miss Crowe, the housekeeper, called him, there was no response, and in investigation she found him dead. Dean O'Connell has had charge of this parish for the last 30 years.

DON'T LIKE THE WAY MEN ARE HIRED IN JUNCTION

Say Needy Ones Are Passed Over for Rich—York County Roads Generally in Bad Shape.

TORONTO JUNCTION, Feb. 2.—Considerable resentment has been expressed of late by the unemployed in the Junction in having men of a local citizen who are by no means destitute, while others who are on the point of starvation are unable to get any work at all.

This ill-feeling reached a climax about 9 o'clock Saturday morning, when a few of the unemployed appeared and demanded the removal of a local citizen who was working with the shoveling gang.

They appealed to Councilor Howell, as chairman of the Citizens' Benevolent Association, but he was powerless to take any action, and then they turned to Councilor Whetter, chairman of the works committee. Mr. Whetter, when he learned of the circumstances, had the man in question discharged at noon, and promised work to the complainant on Monday afternoon. One of the men stated afterwards that he had absolutely no money and was a long time to know how he was going to exist till Monday.

Was Right on Job.

The street foreman states that he hired the offending citizen on Saturday because he was on the spot shortly after 6 o'clock in the morning, and several other men could be got at that time either to run the snow plows or commence shoveling, just as the time they are wanted.

On the other hand, it is explained that the unemployed men, not having cash, were not able to get any work, but as the snow was not started work at 7 a.m., as is required. The fact remains that, even if they had money, they were not there in not enough work for everyone, as over 30 were turned away on Saturday morning, the reason being that the men are anxious to get something to eat, and the sympathy of the numerous instances within the past few days where men have gone from door to door asking for the privilege of removing the snow from the walk for a remuneration, and even to enable them to buy something to eat.

C.P.R. Helps Out.

The situation has been temporarily relieved to some extent by the C.P.R., who at 12 o'clock to-day telephoned to the Junction and had the men a snow plow. The firm sent the men around an hour, 20 men had made tracks for the C. P. R. office. The required number was obtained shortly afterwards.

Storm Works Hove.

The regular meeting of the town council takes place to-morrow evening.

At a late hour to-night there were 33 cars in the Union Stock Yards for to-morrow, but only 10 were slated to be at different places on both the C. P. R. and Grand Trunk tracks.

The officials have snow plows at work and expect to have the cars in by to-morrow.

The annual meeting of the Local Orange County Lodge of West York will be held at the St. James Hall on Saturday, at 1:30 p.m. Officers of primary and district lodges are requested to bring with them members of the order will be made welcome.

The opening ceremonies of the new Salvation Army Hall on South Keele-street will take place next Saturday and Sunday. At the formal opening on Saturday afternoon Mayor Baird will preside, and there will be addresses by the mayor and by several prominent citizens of the town. There will be special services on Sunday night.

A private meeting of C.P.R. employees, including representatives from the engineers, conductors, firemen, brakemen and section men, was held Saturday afternoon in St. James Hall. It was held for a reliable source that the object of the meeting was to devise some means of protecting the employees of the company and aiding them financially in cases of accident.

The customs receipts at the port of Toronto Junction for the month of January amounted to \$2,282.15, an increase of \$245 over the same month of last year.

Vital statistics for January are: Births, 27; marriages, 6; deaths, 8.

NORTH TORONTO.

Ratepayers' Association Sillyly Attended, But Interesting.

NORTH TORONTO, Feb. 2.—The Ratepayers' Association meeting in the town hall on Saturday evening was thinly attended.

W. G. Ellis, president, was in the chair, and said that he represented the committee appointed to wait on the town council at their last meeting re Metropolitan Railway matters, and received the promise that the council will do their utmost to comply with the prayer of the association.

Those who were present spent the evening in an informal talk on the question of representation by the ward system, both for council and school board, but could not reach a definite conclusion as some ratepayers thought it ill advised to go back to the ward system in electing councillors and would even favor the election of school trustees by the whole town, instead of by the ward system, as at present.

The next subject proposed was the fire limit and building regulation by-law, and it was thought advisable to leave this entirely in the hands of the council and the legal department.

Another matter for consideration was the formulating of a by-law making provision to compel prospective builders on

Yonge-street to build their premises sufficiently back from the street, line to be widened in the future, so when that time comes and the street has to be widened, the expense would be reduced to a minimum.

Messrs. D. D. Reid, W. G. Ellis and E. J. Jury were appointed a committee to wait on the council on Tuesday evening next to discuss this question with the people's representatives.

Same Old Story.

There was social skating on the Eglinton rink on Saturday evening, with a band in attendance and the rink filled with skaters, when all of a sudden, as has been the case in every previous social skating night, the electric lights went out and the rink and town were plunged in darkness.

Quarterly meetings were held in the Eglinton Methodist Church to-day. The Fellowship meeting was held in the morning, and the sacrament of the Lord's Supper administered in connection with the evening service.

The funeral of the late Patrick Purcell of West Eglinton-avenue will take place at 10 o'clock to-morrow (Monday) morning to St. Monica's R. C. Church on Broadway-avenue, and from there to St. Michael's Cemetery.

AURORA.

Budget of News From All Over the Town.

AURORA, Feb. 2.—The Athletic Association concert will take place on Feb. 12 in Mechanics Hall.

Trinity Club will hold one of their fortnightly entertainments in Trinity Hall on Wednesday evening.

John Boag, the well-known horseman, while in town on Tuesday evening, lost a valuable horse containing \$100. Mr. Boag did not notice his loss until his return home, and when he came into town on Wednesday morning he was informed that it had been picked up by Mrs. F. A. Damer, who lately returned it to the rightful owner.

The Senior Epworth League will hold an especially interesting meeting to-morrow night.

Considerable dissatisfaction prevails in town in the manner in which a number of residents fail to remove the snow from their sidewalks. Legal proceedings are threatened.

Quarterly services were held in the Methodist Church this morning, Rev. A. Bedford officiating.

MILLIKEN'S CORNERS.

Popular Youth Scarborough Man Meets Tragic Death at Orillia.

MILLIKEN'S CORNERS, Feb. 2.—(Special)—The body of Henry A. Miller, the eldest son of William Miller of this place, whose tragic death took place at Orillia, was brought here yesterday afternoon to-day. Young Miller, who was 22 years of age, has only left his father's home a few months, and was employed as a fireman on the G. T. R. It was while engaged in his duties that he fell from his engine at Orillia, receiving injuries from which he died.

The delay in the removal of the body from Orillia to his home here was due to the sympathy of the entire community in the sad event. The funeral will take place on Tuesday afternoon at 1 o'clock at Ebenezer Cemetery.

WESTON.

A Number of Public Meetings Shortly to Be Held.

WESTON, Feb. 2.—St. John's A.Y.P.A. will hold its first meeting at St. Mark's Toronto Junction to-morrow (Monday) night.

On Tuesday evening Arch. Warren of Toronto will give a lecture under the auspices of the A.Y.P.A. in St. John's Hall.

The Musical Club will give a concert in the town hall under the auspices of the Weston Bowling Club on Tuesday night.

On Thursday night the Riverside Cemetery company will hold their adjourned meeting in the town hall.

The building snowstorm of Friday night and yesterday has rendered it very difficult to make any progress on the public highways, many of them being filled from the snow. A great deal of cutting will be necessary before traffic is again normal.

WOODBIDGE.

Ladies Will Be Treated to Sleigh Ride Prior to Public Meeting.

WOODBIDGE, Feb. 2.—On Tuesday, Feb. 4, the regular meeting of the Women's Institute will be held. A sleighride will be arranged for the ladies of the A.Y.P.A. in St. John's Hall.

The Ladies of the A.Y.P.A. will give a concert in the town hall under the auspices of the Weston Bowling Club on Tuesday night.

COUNTRY ROADS DEMOLIZED.

Saturday's Storm Out in York County Worst in Three Years.

The heavy storm of Friday night and Saturday has left its impress on the York County roads, which in many places are now impassable, and will be only considerably better as the snow melts.

Following so closely on the storm of a week ago, the heavy fall of snow has simply obliterated the roads, and the melt is now a local condition, and the melt is now a local condition, and the melt is now a local condition.

SCISSORS PIERCED SIDE.

Most Unusual Accident in Hull Bar Room.

OTTAWA, Feb. 2.—Acleard Bolduc was in Teller's Hotel at Hull on Saturday evening. He stepped up to the bar and slipped to the floor. In his left inside pocket was a pair of scissors, which were driven between the ribs until they pierced his heart. Death was practically instantaneous.

Have You a Lame Back?

If the lameness is due to Lumbago or Rheumatism in the muscles the following treatment is almost certain to relieve at once. Rub the back and sides thoroughly with "Nervine"—the more rubbing the better. The pain destroying properties of Nervine will sink through all the cords and muscles that are affected—the tension and stiffness will ease off—lameness will depart after the first or second application. It is then advisable to put on a Nervine Porous Plaster which will continue to supply warmth and protection to the tender spot. Those who have used this treatment say it never fails to cure muscular pain in any part of the body.

EAU REVOIR TO TURPIN.

Popular Railroad Man Honored by His Conferees.

A. C. Turpin, who for a considerable period has been the general freight and passenger agent of the Rock Island Railway in Toronto, was summoned to the King Edward Hotel on Saturday to attend a specially convened meeting of representative railway men of the city. Mr. Turpin was tendered a complimentary address and was asked to accept on behalf of Mrs. Turpin and himself a pair of magnificently hand carved chairs as a token of regard from his former conferees and business associates in this city. Since the death of the year Mr. Turpin has occupied a responsible position in the Rock Island office in Chicago, being withdrawn from the Canadian field for this purpose.

Saturday was the first opportunity permitted the Toronto representatives of Canadian and American roads to prove their appreciation of Mr. Turpin's many qualities as a citizen and a railway man. Mr. Turpin having returned to wind up the business of his office here. J. D. McDonald, district passenger agent of the Grand Trunk Railway, presided at the gathering, which was attended by nearly fifty representatives of various railway offices and the presentation was made by J. A. York of the Burlington office, who read the address to Mr. Turpin.

The guest in reply expressed his deep regret at leaving Toronto and the severance from so many good friends. Other complimentary addresses were made by Messrs. Geo. Barnes of the Wisconsin Central, R. H. Bennett, Chicago and Northwest; J. A. Richardson, Wabash; C. E. Horning, Grand Trunk; A. J. Taylor, Chicago, Milwaukee and St. Paul; P. G.
