Following up their gains on Sunday, French troops yesterday captured the Village of Soyecourt, and part of the Village of Forest, which was captured on Sunday, as well as along a front of 20 kilometres (12 1/2 miles).

British troops successfully repulsed heavy counter-attacks against the positions carried on Sunday, and retained all ground, with the exception of a portion of the Village of Ginchy. Here they were compelled to give ground, retaining hold of part of the village, despite heavy counter-attacks. Hard fighting continues in that section.

SOLDIERS' ABSENCE INJURED RECRUITING

Authorities Say Appearance of Men in Streets Stimulated Campaign.

WILL NOT BE STRIKE

Employers Agree to Demands of Molders and Core-Makers.

HAMILTON, Ont., Tuesday, Sept. 5.—Recruiting has slackened in Hamilton because comparatively few soldiers are stationed here now, according to the military authorities, who argue in support of their belief that when the three battalions, 120th City of Hamilton, 173rd Canadian Highlanders, and the 265th Trencher's units were organized here the public was never permitted to forget that the Canadian Mounted Rifles is the only unit stationed here, and the streets have lost their martial aspect of last winter. It is not yet known what troops will be located here during the winter, but it is expected that it will bring to the outside units, as orders to recruit for their local battalions are not expected.

As a result of the recruiting campaign conducted by the Canadian Mounted Rifles in this district fifteen recruits have already been attested. The recruiting staff expect to have a large number signed up before the week closes. Many local officers who leave soon for overseas are paying last visits to their relatives and friends.

Strike is Off. It is not likely that there will be a walk-out of the molders and coremakers this morning, as it is stated that the employers have agreed to the demand for 25 cents a day increase in wages.

Word was received yesterday by the Hamilton Yacht Club from Hon. J. D. Hazen, minister of marine and fisheries, that the club will not be permitted to build on the old site at the Burlington pier, and the officials are at a loss to obtain a location. No objection, however, will be raised to the clubhouse being built on the water lots. But this will not likely be done, as the cost to fill in would be about \$10,000.

Labor Day Demonstrations. The annual Labor Day demonstrations were held in Victoria, Dundurn and Harcourt streets yesterday, and thousands of them were in attendance on foot and in vehicles in the morning to these parks. Interest, however, was somewhat less than that of the Herald office to the five-mile post on the Beach road and return. These men competed with W. Jamieson first, 56.21; Thomas Ellis 1 min. 40 seconds behind the winner, and H. Winfield third.

The soft ball tourney for union men was won by the postmen. The city soft ball tourney, championship went to the St. Thomas team, and the city tug-of-war contest by default to the St. Lawrence team, which captured the silver shield. During the afternoon a splendid program of sports was held. E. Cross of Toronto was a prominent winner, taking the 100 and 300-yard races.

fighting, showing that the Brusiloff drag-net is still in good working order.

Bulgarian and German forces invading eastern Roumania are reported heavily engaged along the Roumanian frontier between the Danube and the Black Sea. Bucharest announces that the enemy has been repulsed at Basardjik. In the southeastern portion of the Dobrudja. Confidence is felt that the Roumanians will be able to hold their own until the arrival of Russian aid, which cannot be long delayed, as Slav forces crossed the border from Bessarabia into the Dobrudja promptly upon Roumania's declaration of war.

All goes well in eastern Transylvania, where Roumanians have occupied the important Towns of Borsack and Sekell without serious opposition.

Reports of a general Bulgarian retirement from Greek territory seem to have been rather premature. Fresh Bulgarian attacks upon the Serbians in the Lake Ostrovo region have been repulsed.

ALBERTA'S OIL FIELD.

Further News of the New Well Near the City of Peace River.

The Edmonton Bulletin of Monday, August 28th to hand contains further particulars of the new oil well near the Town of Peace River, in Alberta, as follows:

Under-ripping to enable the casing to be extended down to cut off the flow of salt water, which is entering the hole and spoiling the oil, periodically with considerable force, has stopped further drilling operations temporarily at the J. D. Arthur well, 12 miles north of the Town of Peace River, but in case further drilling is resumed it will be to the point where the well will be filled up to the point where the casing is struck and made into a pumping proposition. It is estimated by those in charge of the drilling, who are experienced Californian oil men, that the well as a producer would yield 3 barrels per day at the present time, which is a great many in the California and Oklahoma fields are yielding at present.

The first flow of oil was struck on July 28, and drilling was immediately suspended, as there was no means at hand for casing the well, and the head driller left for Edmonton to secure apparatus for controlling the flow. After drilling was stopped the well was capped until it began running over the top.

The oil is very dark and of good body and resembles the heavy black crude oil of the California fields.

Samples of the oil have been sent away for analysis owing to the lack of facilities in Peace River at the present time, and the results are being anxiously awaited.

A small sample of this oil was received at the World office last night and certainly shows a splendid specimen, as set out in the above quotation.

## The First Step Toward the Smart Costume--The Correct Corset

And for each person her own particular make and model, for figures are as different as feet, and corsets  
require as careful choosing and fitting as shoes.

HENCE THIS IMMENSE DISPLAY OF NEW FALL DESIGNS FROM THE FOREMOST CORSET  
MAKERS OF THE UNITED STATES AND CANADA

**OH, THE TRANSFORMING POWER OF A GOOD CORSET!** It is first factor in converting dowdiness into style. It is chief means of changing careless ungainliness of dress into trim nicety.

But it must be a corset exactly adapted to the figure of its wearer—a model of modish line which fits with perfect comfort, allowing easy, natural movement of the body and absolute freedom to the vital organs.

In order that every one who comes hither in search of a corset may procure the model best suited to her particular requirement, the Department is equipped with the complete lines of a whole host of the best corset-makers in the United States and Canada. In addition to those in regular attendance in the fitting rooms, well known New York corsetiers make visits of many weeks to the department at the beginning of each season.

Long of skirt, medium high of bust and slightly "nipped" at the waist, the Fashionable Corset for Fall is presented in a wide and comprehensive display in which the following "makes" are featured in designs for slim, medium and stout figures of short, average and tall stature.

This is Interesting

VERILY every cloud has its silver lining, and every new souping, Autumn-tinted cloak is gaily patterned on the reverse side. Flour de soie in charming stripes, Persian and Dolly Varden effects in the silk employed for the purpose—truly the most fascinating silk which has been offered for coat linings for many a season. Paris and New York are using it in their smartest suits and fur wraps, and the silk department is displaying it in alluring colors and patterns at \$2.00 and \$2.50 a yard—36 inches wide.

The early Fall list of new books is rich in interesting productions by able writers. Boyd Cable, the author of "Between the Lines," has a new story, "Action Front," price \$1.25. By Patrick MacGill, of "Red Horizon" fame, is another tale of the war, "The Great Push," price 65 cents. "Tish," by Mary Roberts Rinehart; "The Heart of Rachel," by Kathleen Norris, and "When a Man is a Man," by Harold Bell Wright, are three novels already assured a place among "best sellers." They are \$1.25 each. Included, too, is Hilda Selous' "General Sketch of the European War (second phase)," at \$1.50; volume 13 of "Nelson's History of the World," at 25 cents; and "England's Effort," by Mrs. Humphrey Ward at 65 cents.

Views of Toronto in really attractive form at a moderate price are not common. Exhibition visitors will therefore appreciate the booklet of "Van Dyck Photographures" of Toronto and its environs, which is featured at 50 cents. The pictures are in soft sepia finish, mounted on gray mats and arranged in "loose-leaf" style, ready for framing. They include the new General Hospital, the Hunt Club, Convocation Hall, beauty spots in Rosedale and High Park, a splendid panoramic view of the city from the C.P.R. building—20 "points of interest" in all. They are procurable at the Stationery Department.

"I cannot sing the old songs" is a plaint oftentimes due, not so much to sentiment, as to poor memory. This trouble is set right by certain selections entitled "Old Favorites Songs" Collection Number 1 includes the words and music of "Land of the Leal," "Scots, Wha Hae," "The Harp That Once," "Ben Bolt," "Huntingdon Tower," "Believe Me If All the Endearing Young Charms," and "Old Caken Bucket." In collection Number 2 are "Drink to Me Only With Thine Eyes," "I Dreamt I Dwelt in Marble Halls," the "Marseillaise," the "Russian National Hymn," and many others. The price of books 1 and 2 is 10 cents each.

Nice it is to know that the clever little "cut-out" animals and nursery novelties, which have won such admiration in the Infants' department, are Canadian made. Silverlocks and her three bears, Little Red Riding Hood, besides no end of the bunnies, foxes and squirrels familiar in the modern literature of babyland, figure in the quaint collection. Hand-painted on wood, they make a hand-painted play-things. Prices run from 50 cents upward.

### Smart Serge Dresses From New York

And, of course, according to current mode, they are long-waisted, loose-fitting and straight of line, with a marked fondness for pleated skirts and plain coat sleeves.

IT'S THE ALL-CONQUERING VOGUE on Fifth Avenue. At the present moment, this easy-fitting navy serge gown. Fashion has chosen it for the introducing of the new slim silhouette, and the well-dressed woman has adopted it with enthusiasm.

These models in the little Gray and Rose Rooms are some of the smartest of their kind, authentic in style and exclusive in treatment. Thus: With the swagger little pointed pockets on its skirt embroidered in the fashionable red wool embroidery is a navy serge gown of the straight, loose-fitting order, with soft black satin girdle and turn-over collar of white satin. Price, \$22.50.

A smart model in the same fine blue serge shows black charmuse serving for the upper portion of the bodice and the front panel of the skirt, gold embroidery appearing at the junction of the two fabrics. Price, \$32.50.

With its girde modishly embroidered in heavy red floss is an attractive serge gown with pleated skirt, the bodice made becoming with collar of white organdy. Price, \$30.00.

In redingote style with under-bodice effect and skirt panel of black satin, the girde embroidered in odd tones of blue and yellow wools, is a picturesque gown in fine navy serge, at \$32.50.

At this price, too, is a graceful princess model ornamented with soutache braiding and many buttons. Price, \$22.50.

And at \$75.00 is a Paris model—by Lucienne—the back and front in princess style, the skirt laid on at the sides in carriage plaits, with deep, flat tunic of black satin, the bodice showing vestee and collar of flesh color organdy.

### Such Beauteous Kimonos From Japan

In heavy Crepes, lustrous as satin, embroidered magnificently in cherry blossoms, chrysanthemums and other flowers that make the little Island Kingdom "Flouery."

WHEN THEY RETURNED FROM JAPAN a few months ago, our buyers told glowing tales of the kimonos they had procured—kimonos more lovely they thought than any which had ever before come across the ocean to Canada.

A few days ago the gowns arrived. And, verily, they exceed our most flattering expectation of them.

They are in true Jay style with long box sleeve and loose sash. The materials are unusually beautiful in weave and color, including some fabulously handsome crepes in exquisite, soft tones of blue, pink and mauve. As for the lavish embroidery—hand-done by deft-fingered men—it is suggestive of the sumptuous regalia of an Eastern princess. All are lined with silk. For instance: In dove gray Japanese silk, a kimono embroidered in mauve chrysanthemums and natural cherry blossoms. Price, \$10.50. At this price, too, is a mauve silk kimono embroidered in pale pink and white roses.

In pale blue silk crepe of fine weave is a dainty gown embroidered in pale pink roses. Price, \$11.00.

Embroidered on the sleeve with the small circle and emblem denoting—according to Japanese usage—the wearer to be a person of rank, is a charming model in mauve or willow blue brocade crepe de chine. Price, \$20.00.

At this price, too, is an attractive kimono in plain mauve crepe de chine, embroidered in pink roses.

In an alluring American Beauty shade in fine silk crepe is a very artistic gown—price, \$22.50.

Gladiola pink is the interesting tint of another kimono, with chrysanthemums embroidered on the sleeve. Price, \$17.50.

In the superb quality of silk crepe known technically as "Kabe," is an alluring gown in pale shrimp pink exquisitely embroidered in natural tinted cherry blossoms. Price, \$45.00.

And reaching the climax of loveliness, is a superb kimono of Kabe crepe in robin's egg blue embroidered with shaggy petalled roses in delicate pink and white, with yellow and bronze butterflies posed here and there among the blossoms. This is a noble specimen of Japanese needlework, its price is \$70.00.

ANNA PAVLOVA IS SEEN IN WONDERFUL PICTURE

Famous Dancer Stars in "Dumb Girl of Portici" at the Strand.

Artistic beyond any other film production yet viewed in Toronto is the great motion picture spectacle, "La Duma de Portici" (The Dumb Girl of Portici), which commenced a week's run at the Strand Theatre yesterday.

Featuring Russia's greatest danseuse, Anna Pavlova.

In this wonderfully tragic story of a poor little dumb girl's love, Pavlova's greatest possibilities as a pantomimist are given unlimited scope; and as the adored daughter of a simple fisherman her dramatic ability soars to great heights, appealing universally.

Every scene in this elaborate production is an artistic achievement in itself, and combined they form one of the most beautiful spectacles of the motion picture world.

As a dramatic artist, Pavlova's ability finds wonderful expression in this part of Penella, sacrificed in the great cause of liberty.

Her marvelous facial expressions have always been to her as the voice to a legitimate actress, and on the screen this art is not lost in the least degree.

Her dancing is a feast for the audience. She is admirably supported by Douglas Gerrard, as Alphonse, "The Dumb Girl" will be shown at continuous performances for the whole week.

Charlie Chaplin, the inimitable fun-maker, appears in the holiday bill in his latest record-breaking success, "The Count," in which he and his irresistible companion in fun, Edna Purviance, are seen at their best.

"The Weaker Strain," a problem story of the "Who's Guilty?" series, rounds out a bill of unusual interest and excellence.

PRESENT ENTERTAINING BILL AT HIPPODROME

"Apostle of Vengeance" Film of Human Interest—First-Class Vaudeville.

A very entertaining bill is presented at the Hippodrome this week. Its feature is the Triangle five-part film, "The Apostle of Vengeance," with W. S. Hart, a play religious in that it deals with the conflict of the doctrine of love in the "Valley of Hate," and it is a vitally human play in that it deals with the struggle of human passions.

It avoids unreality and hypocrisy, it aways the audience with a deep appeal. It is a story of the impact of human and divine love upon a Kentucky mountain feud. The "Tree Concert" is an entertaining pastoral comedy sketch. Howard, Kibel and Kennedy and Melrose are very amusing acrobats. The Dunn Sisters got a good reception on Monday.

Alvin and Williams have some new patter and a couple of charming songs.

"The Tossing Austins" do a very amusing sleight of hand act. An attractive offering is completed by a Keystone comedy.

BIG ATTRACTION AT STAR FOR THE HOLIDAY WEEK

"Tourists" Greeted by Large Audiences Yesterday—Live Up to Notices.

Capacity audiences greeted the "Tourists" when they appeared on the stage at the initial performance at the Star Theatre yesterday afternoon.

For a holiday week attraction the "Tourists" live up to advance notices. "Trip to Paris" is the title of the first half. Gus Pay and Ernest Schroder as Yiddishers, are in Paris for a good time.

While at the exposition grounds they catch sight of their wives, who are also out for a good time. The trouble which the Hebrews have in eluding their wives causes many a laugh.

The play will be repeated tonight and tomorrow. The comedy and travel pictures are of a high order.

"On Trial" is described as a supreme success on the program of the Royal Alexandra, where it was given its first performance last night, and no exception can be taken in the statement as applied to the class of plays to which it belongs.

It is frank, melodrama, and its acting interest is keen and prolonged throughout every act and scene.

The novelty of the method is in its application. For the purpose of the combination or re-combination of familiar elements to all we can expect at this stage of dramatic art, but full credit must be given to an author who has so ingeniously evolved such a wholly ingenious play out of the stock materials of melodrama.

One may think of Dion Boucicault's "Kathleen Mavourneen," if not of "Hamlet," as the nearest approach to this play; of Evelyn Thaw and her story as supplying a hint to the plot; and of the method in its application. For the purpose of the combination or re-combination of familiar elements to all we can expect at this stage of dramatic art, but full credit must be given to an author who has so ingeniously evolved such a wholly ingenious play out of the stock materials of melodrama.

EVERGREEN OPERA IS AT THE GRAND

Production of "Bohemian Girl" by Aborn Company Very Creditable.

HAS BEEN MODERNIZED

Jeannette Wells and Albert Parr Were Splendid in Leading Roles.

Lovers of light opera may attend the Grand Theatre this week with the assurance that they will witness one of the finest presentations of Balfe's evergreen opera, "The Bohemian Girl," that have been given in Toronto for a great many years.

Without doubt the chief attraction of the piece is its wonderful music, the piece being old and worn. The charming songs which have been whistled in many countries, such as "I Dreamt That I Dwelt in Marble Hall," "The Heart Bowed Down" and "That You'll Remember Me," never grow old and, rendered in such an excellent manner as they were at yesterday's matinee, evoke spontaneous applause.

Some little provision has been made by the Aborn Company for the presentation, but it is safe to say that the change has added to the attractiveness of the piece. An introduction of a number of Arabian scrobbles is made in the fair scene in the second act, and near the conclusion the famous "Ballet of the Hours" from "La Gioconda" is given, which is a great praise must be accorded Miss Jeannette Wells for her work in the title role. Not only has she a charming voice, but she is an accomplished actress and possesses a winning personality which would make her a favorite with the most critical audience.

Her light soprano voice is well modulated and admirably adapted to the part. Albert Parr gave a masterful interpretation of the role of Thaddeus, the Polish noble, and he was responsible in a great measure for the success of the piece. Phyllis Davies was good as the Queen of the Gypsies, and Albert Wallerstedt, who is of little color at first, created considerable enthusiasm with his songs in the second and third acts. He played the role of Count Armbheim, the Governor of Presburg, Francis Tyler has a good voice, and as "Devil's hoof," the gypsy chief, introduced a little comedy work.

THE REGENT PROM APPEALS TO FLIM FANS

Blanche Sweet Seen in "Public Opinion"—Orchestra Has Feature.

Miss Blanche Sweet in a photoplay written especially for her, entitled, "Public Opinion," presented by the Jesse L. Lasky Company, heads a program of interesting motion pictures, which opened for a two days' presentation at the new Regent Theatre yesterday.

The play shows how public opinion can be influenced and misdirected, how a slight incident can misguide the application of the law. Edith Fox, Edythe Chapman and Elliott Dexter are also seen in the play.

Other pictures include "The Regent and the Orchestra," "The Afternoon of Heaven," showing Peking, China, and a comedy. The orchestra is featuring "Aida," by Verdi, under the leadership of John Arthur. The entire program is one to appeal to motion picture theatre-goers.

MOVE UP INTO SECOND PLACE WIN BOTH HOLIDAY GAMES

Staged Thrilling Finish to Capture Morning Fixture—Thompson Scored a Shut-Out in the Afternoon.

The Leafs did very well on the holiday, thank you. Blackburne's boys entertained their cousins from the south shore and had a couple of tight battles to keep up the record of the town. The Leafs beat Rochester 5 to 4 in the morning social, and the afternoon gathering also came our way, 2 to 0. The only thing to blight our holiday was the fact that those drafted Bisons won two fixtures also.

The morning rumpus was a great source of amusement for the good crowd. The players and the umpires staged a "ragging" match all morning with the ump's coming out on top. Lefty McTigue ragged too much and was retired in shame. The rest of the players were allowed to stay, but it was a hot morning. The whole trouble was over McTigue's shift when throwing to first base. Two balks were called on him, and to say it riled him is putting it mildly. We see-sawed with the Hustlers for the lead thruout, and had to stage a real ninth inning finish to grab the parcel.

Thompson and Hill had a nice-twirling contest in the afternoon. The Toronto man won when his team bunched their hits. The morning fixture opened like one of those sleepy games where it is hit back and forth for something to break. Break it did. After the first two men were out, the game was over. It was not only after the hottest kind of an argument. Old Buck Freeman, of inland home-run fame, has seldom worked harder. The players ragged him thruout, but Buck stuck to his guns, as McTigue can vouch for.

The whole trouble arose over McTigue's throwing to first. The first two were disposed of, but Leach and Mac got McTigue threw to first, and it looked like a balk, but was not called. Leach then went towards second and was awarded a base when Freeman called a balk. The roar was loud. McTigue hit Jacobson, and Smith made a play on Sign's grounder. Devlin hit to deep short to score Leach. McTigue talked back all the way to the bench, but got thru the second all O.K.

More fireworks were in the third. Sloan singled, and then Leach forced him at second. Leach moved off to the middle station again, and was seldom worked harder. The Leafs went 2-0 in the fourth, calling back No. 2. McTigue was hot under the collar and kept right after Buck when the next batter came up. It ended by McTigue being chased and the Leafs left without a pitcher warmed up. Herbert took his time getting his souper thawed out, and the game was delayed some time. He retired the next man for the third out.

The Leafs evened it up in their half. Kitchell's single, Herbert's sacrifice and Trout's nice double did it. A double and a single put Rochester out in front again in the fifth. The Leafs went 2-0 in the sixth by scoring two in this session. Kitchell beat out a bunt and Herbert did the unsightly act. Trout was the real pinch artist again, a single this time, that counted Kitchell. Murray's double made the other run possible.

The Leafs loosed got on equal terms again in the sixth. Hale singled, and Sloan did likewise. The Leafs were ten feet, but Kitchell messaged it up and secured again by the enemy in the next. Sign walked and Devlin sacrificed, and Murray walked for four. Kitchell and Sloan got Hale's roller and threw to Truesdale to head off McAuley. The put was made, but as Frank turned to throw to first to complete the double-play, his arm hit McAuley's leg, he was unable to throw the ball. Sign scored.

We won it in the ninth, with two out. Viox rolled and stole a base. Sloan hit Smith hit safely. Kitchell's hit let the manager in. Thompson batted for Herbert, but fanned. Viox rolled and stole a base, and Sloan obliged by dropping the ball to let Smith score with the winning run.

Freddy Welsh Awarded the Decision Charley White Lasted 20 Rounds

Chicago Challenger Repeatedly Clinched—Welsh Did the Leading Throat—White's Friends Chased Referee After the Bout—The Story by Rounds.

COLORADO SPRINGS, Col., Sept. 4.—Fredrick Welsh retained his title of champion lightweight pugilist of the world today after going through a round with Charley White of Chicago. Referee Billy Roche awarded Welsh the decision on points.

As the gong sounded at the close of the twentieth round, Roche stood for several moments before rendering his decision. He then reached out both hands toward the boxer, and many of the spectators believed he was about to award the fight to White. Welsh went over to Roche and placed his hands on the referee's shoulders and it was raised aloft. The next instant into the arms of the champion swarmed his friends and they were shouting and unpleasant incident marred the beginning end of the day's program. Shortly before two o'clock, a portion of the bleachers on the south side of the arena collapsed, and several persons were more or less seriously injured.

When Referee Roche announced his decision in favor of the victor, his adherents appeared for the moment spellbound. Then began a fusillade of hundreds of cushions which were hurled from all directions at the referee. He was rushed thru the crowd by friends and police to a waiting ambulance. While a portion of the crowd evidently figured the challenger, Charley White, as a slight edge, the champion's friends went into the arena from the side and hand was lifted in the air as a token of approval. White's friends were in the ring when the referee awarded the decision to White.

Round 1—Welsh led twice with left to head and they went into a clinch. A series of clinches followed with Welsh blowing being struck. White landed a head to head. White sent right to head and left to body. The men were in a clinch and did a lot of clinching. The crowd called for them to break away. White sent left hook to stomach and right to head. White led with left to head and White blocked and they ran into a clinch. White landed a head to head. White sent two rights and lefts to head and body. The men were in a clinch. White landed a head to head. White sent right to head and left to body. White missed left hook to the head. White sent left and right hooks to body and head. White missed left to head. White countered with right to Welsh's ear. All the while White was in White's corner.

Round 2—They ran into a clinch and wrestled about the ring. White sent right and left hooks to body and repeated as Welsh made a right foot point clean blows were struck, the referee being kept busy prying the men apart. White sent right to head and left to body. White missed left hook to the head. White sent left and right hooks to body and head. White missed left to head. White countered with right to Welsh's ear. All the while White was in White's corner.

Round 3—Welsh fiddled for an opening and clinched. White landed a head to head. White sent two rights and lefts to head and body. The men were in a clinch. White landed a head to head. White sent right to head and left to body. White missed left hook to the head. White sent left and right hooks to body and head. White missed left to head. White countered with right to Welsh's ear. All the while White was in White's corner.

Round 4—White sent right to head and left to body. White missed left hook to the head. White sent left and right hooks to body and head. White missed left to head. White countered with right to Welsh's ear. All the while White was in White's corner.

### ORTH'S CLUB MARK IS STILL A RECORD

Pitchers Unable to Come Near His Batting Record—How He Did It.

NEW YORK, Sept. 4.—Albert Orth, who now wears the mantle of authority and other habiliments of an umpire in the National League, has celebrated the twenty-first anniversary of his connection with the major leagues.

It will tax the credulity of many to the utmost limits to believe it, but a matter of fact and sober truth, "Al" Orth pitched his first game in 1895.

In the remainder of that season Orth played eleven games for the Quakers. He was credited with pitching ten games, and he lost only one.

Orth remained with the Phillies to the close of the 1901 season. In that period he pitched ninety victories and lost sixty games.

In 1902 Orth jumped to the American League, landing with "Tom" Loftis' Senators. His pitching arm lost some of its effectiveness, but in 1903 he again fastened his batting average to well over the 300 mark.

In 1904 Orth jumped the Yankees, and he won 14 and lost 3 games for Clark Griffith's team, which was the runner-up in the 1904 pennant race.

FOREST HILLS, N.Y., Sept. 4.—Master racket wielders from east and west will contest here tomorrow for the title of the 1916 national singles tennis championship.

In either case, was the victor severely pressed, and the playing of the two matches consisted less than two hours.

Each winner demonstrated that his control of racket and ball and his court places today the tennis player who is too great, today at least, for the player who appears him.

# YORK COUNTY AND SUBURBS

## CENTRAL ONTARIO GRAIN CROP EXCEEDINGLY POOR

The Average Wheat Yield From Fifteen to Twenty Bushels to Acre.

## OATS LIGHT IN WEIGHT

Root Crops Are Not Very Promising, Particularly Potatoes.

Now that harvesting is practically over in the central Ontario counties and threshing well under way the farmers are in a position to size up the yield for the grain crops. Generally the turn-out of fall wheat is small, running from 15 to 20 bushels to the acre, while barley is a fair average crop, the kernel is small and shrunk on most of the farms. Oats are light in weight, running from 30 to 50 bushels to the acre, with an abundance of straw. Very few peas were this year sown in the counties of York, Ontario or Peel, and these will not average more than half a crop. Some of the farmers in Markham and Scarboro Township after starting to thresh their alfalfa decided not to proceed, but in other cases the turnout has run from three to four and in odd places considered not a bad showing. Clover bids fair to be the best in years, the heads being filled with fine seeds. Last spring the price for this seed ranged from \$15 to \$20 a bushel. Buckwheat, thousands of acres of which was sown this year in Ontario on examination is found to contain little seed, and much of it will not be cut unless conditions improve very soon. Ensilage corn is less than half a crop, and the same is true of all the root crops, while potatoes in some parts are almost an absolute failure. The farmers are busily engaged in tearing their hay in the city, prices ranging from \$14 to \$16 a ton.

## ASKS EMINENT COUNSEL TO SUPPORT APPLICATION

H. A. Newman, B.A., solicitor for the Citizens' Express and Freight Campaign executive committee, has advised the board of control that application asking for extension of the delivery limits and for the abolition of manifest charges, has already been filed with the railway board, and also served on the express companies operating in Toronto. The committee appreciate the efforts of your board in endeavoring to find out just what assistance can be given the campaign in successfully prosecuting the application filed," stated Mr. Newman. "The committee with sufficient funds to complete the advertising campaign, also, as it has been considered advisable to retain expert counsel to support this application, in that the express companies interested have in their employment eminent counsel to oppose the application, the committee feels that the best possible case should be made, and that such a case is absolutely necessary to secure the success of the application on behalf of the committee, and the City of Toronto, and humbly suggest that the fee for such counsel be paid by the corporation of the City of Toronto.

## SPORTSMEN'S UNIT SIGNALLY HONORED

Col. Greer's Crack Battalion Furnished Main Guard for Duke.

## ON VISIT TO BORDEN

Choice of General Logie Naturally Proud of the Distinction.

By a Staff Reporter. CAMP BORDEN, Ont., Sept. 4.—The Sportsmen's Battalion was signally honored yesterday in being picked out of the whole camp of 25 or more battalions to furnish the main guard for the Duke of Connaught. Col. Greer's men have been long since noted for having one of the smartest guards in this camp, and day in and out the keenest rivalry of platoon and company has existed in the battalion, until at the present time, no smarter guards are turned out by any body of troops.

General Logie went that the camp Saturday trying every guard along the line and his choice fell on the Sportsmen's Battalion. Col. Greer was correspondingly proud of the honor.

Lieut. Fletcher was naturally greatly tickled over the choice of his platoon, and his hard work with them since last winter has borne fruit. The final trout Sunday night was a severe test, and any man making an slightest mistake in the rifle and the commands were given with lightning rapidity by the B.S.M. The result was one of the best main guards this camp has ever paraded or can turn out.

Recruiting Figures. Lt.-Col. Geo. H. Williams, chief recruiting officer for the Toronto military district, has issued figures showing that Toronto and Hamilton have led the Dominion in the enrolment of troops for the Canadian expeditionary force.

While the figures apparently indicate Hamilton, in proportion to population, even exceeded Toronto, this is Toronto men who have been recruited from outside units for Kingston, Montreal and Nova Scotia.

The figures show that Toronto has given 35.9 per cent. of its eligible male population in Toronto and Hamilton about 75 per cent. of the total men of military age in Toronto and Hamilton about two-thirds have offered themselves.

This military district has now supplied \$1,532 men towards the half million called for by the whole of Canada. Of this, \$1,532 is 2402 over the allotted quota of 79,130.

Colors will be presented to the 118th Kitchener Battalion from North Waterloo on Monday Sept. 11, in the newly-named city of Toronto. This will be the fourth battalion belonging to the city of Toronto and Nova Scotia. Borden to receive colors since coming from Ontario and having themselves.

MANY IMPRESSIONS GAINED IN DUG-OUT

Even Civilian Feels Fairly Safe in Underground Quarters.

RESPECT FOR ENEMY Fighting Qualities of Germans Admitted by Seasoned Campaigners.

BY THOMAS T. CHAMPION.

Canadian Associated Press Cable. LONDON, Sept. 4.—"I suppose you will give them the usual amount about the splendid spirit of the Canadians in the trenches. Do you think the old folk at home want to be told that?"

The remark came from the major, whose dugout I was entering for the night. It was addressed good-humoredly enough, but there was a suspicion of sarcasm in the first sentence and a note of exostulation in the second. I hastened to assure my host of the fact that I had not the least intention of charging upon the splendid spirit of the Canadians in Flanders.

Touching my friend, the major, and the story of which he was doing me the honors, an officer of the trench staff had brought me up as dark was coming on. The dugout was about 12 feet square and five feet deep. One had to bend double to get in, and the entrance was small, but carefully camouflaged with canvas. A couple of candles stuck safely in the trench side between the heavy timber supports, gave an abundance of light. The major, tunic off and pipe between his lips, reposed comfortably on his overcoat, staring absently between puffs and remarks at the torturously hot and cold air which he was breathing.

Containing his gas mask seemed him as a pillow. He had to keep his knees drawn up to avoid the trench staff. Before this he had a lot of about 10. Likewise without tunic-dugouts certainly are a bit stuffy in the early hours of the night.

When I asked the major about the position of the trench staff, he pointed out a long frame raised a foot, with canvas nailed across it. It gave a man a place to lie down, but he never yet had been used to sleeping in my clothes and with my boots on.

Talk on Usual Lines. The brigade officer who had brought me up stayed chatting with the major for a little time. The talk ran on the usual lines.

"Fairly quiet today," remarked the major. "The Boche put one or two in above today, but they were not very serious. What have you heard of that bust-up in the 'batallions'?"

"Seven men hit," was the reply. "It was just in the same spot where the same thing happened on Monday."

"Because my men are doing a job where the Boche put in his shells this afternoon."

"He knew my name, and he man out-thrust in his hand round the canvas covering of the entrance."

"When Scotty comes tell him I want a word with him."

"He's right here now, sir." The head was withdrawn and another appeared in its stead.

"I should like 'Lovers' Walk and then along Sandy avenue," suggested the other. "They put one or two into the village, but they were not very serious."

The major and I remained chatting, and I gave him such news of personal matters as he seemed to have any interest in.

"Well, I must beat it," said my guide of a few hours before. "Best way back is along Regent street, isn't it?"

clock-work regularity, each cutting the purpose of the commanders, while the French and English acted together as if one army.

The first stage of the infantry action was entirely on the flank and at Mouquet Farm, where the Australians were at it again.

Guillemont the Goal. Later in the morning the big business of the day began from Deville Wood southward thru to the Somme. All the murderous power on both sides, the machine guns, was exerted to the utmost.

Two weeks ago this village was the most completely devastated of any on the front, and the British had been pounding it day after day with every calibre of gun.

Guillemont, one section of the Prussian Guard resisted their advance in Fallemont farm and Wedgewood, and here all the afternoon concentrated their fire in a brilliant advance.

The French right, under the protection of an amazing hurricane of shell fire, co-operated in a brilliant advance.

From a hill, the blue of their soldiers, and the khaki of the British could be seen side by side as they charged, and, as the trenches were taken, the green figures of the Germans filling back to the rear as prisoners, completed the spectacle under an unbroken stream of shells.

The guns were so thick behind both the British and French infantry, and the action was so furious that it appeared imagination.

Kaiser's Vanished Hopes. Prussian Guard prisoners taken said the German Emperor had let it be known to his troops that there would be no winter campaign.

The decision was coming in this summer fight, and in the fighting of the next month. As for food, they had never wanted for it.

The fiercest struggle of all was for the possession of Ginchy, which commanded high ground. When the Australian Front co-operated with the corps headquarters, the British had more than half the village, and the struggle amidst the ruins, hidden by curtains of shell smoke, was bitterly continuing.

CATTLE PRICES DOWN IN MONTREAL TRADING

Canning Stock Alone Held Steady—Lambs Were in Demand.

TRADE IN HOGS ACTIVE Quotations Were Well Maintained—Grass Fed Calves Were Wanted.

MONTREAL, Sept. 4.—At the Montreal Stock Exchange today the feature of the trade was the weaker feeling in the 25c per 100 pounds, with the exception of canning stock, which was steady.

A feature of the small-meat trade was the stronger feeling for shipment to the United States. Another feature was the advance in sheep and pounds. There was also a stronger feeling in the market for choice grass-fed calves, and prices were higher than a week ago, with a good demand for such.

Hogs were steady, and an active trade was done in selected lots, at \$11.75 to \$12.15; medium lots at \$11 to \$12, and the fourth and heavyweights at \$10 to \$10.75, while some sold at \$9.25 to \$9.65 off cars.

Butcher cattle, choice, \$8 to \$8.25; good medium, \$7 to \$7.25; common, \$5.50 to \$6.50; canners, \$4 to \$5.50; butchers' cattle, choice cows, \$6.25 to \$6.50; do, \$5 to \$6; milkers, choice, each, \$3 to \$3.50; common and medium, each, \$2 to \$2.50.

Sheep, ewes, \$7.25 to \$7.50; bucks and culls, \$6.25 to \$7. Hogs, off cars, \$11.75 to \$12.25.

Every hat will be different and will show the leading features of the new millinery, in both shape and materials, such as the high-crowned, close-fitting effects, and the large-brimmed sailors, side rolls and drooping brims; metallic trimmings in flowers, ornaments and ribbons will be much in evidence, as well as smart wings and soft effects, in French novelties. Prices will be
