TIDE HAS TURNED LIBERAL GAINS NOW ANNOUNCED

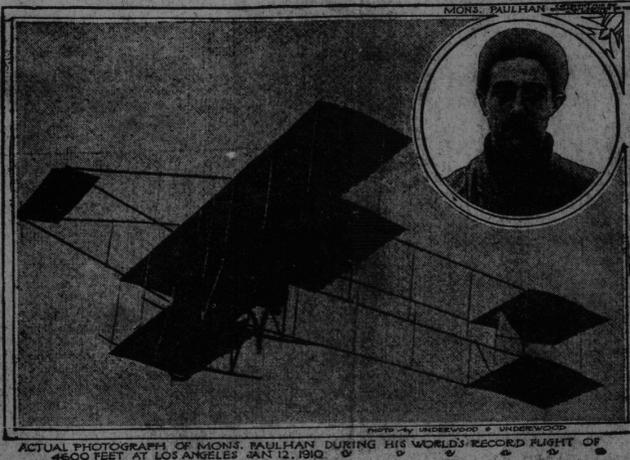

LLOYD - GEORGE, CHANCELLOR, ELECTED IN WALES BUT HIS MAJORITY HAS BEEN CUT DOWN A LITTLE

Liberals Hope to Keep Unionists Down to 270 So That Nationalists Will Not Have Balance of Power—Liberals and Laborites Now Have 233 to Unionists' 219

(Toronto Telegram Special Cable). London, Jan. 24.—The Liberals hope that the declaration of the great majority for Lloyd-George in Carnarvon district, will make a glorious opening of the second week of polling. Of seventeen Saturday polling declared on Monday, the Unionists took one seat, and that in Ireland. The Unionists expect little in Monday's declarations, but will be disappointed if they fail to gain ten seats out of 288 pollings. The Unionists are holding in England 182 seats against Liberal, Labor and Nationalist combined, 185 of the remaining 104 English seats, the Unionists talk of carrying seventy-five and figure that with twenty-five Unionists in Ireland, Scotland and Wales, this would give Balfour 300 in the new parliament against Asquith's Liberals following of 285. The Monday's pollings and Tuesday's declarations will give almost final form to the new parliament and show whether the Unionist strength will attain a maximum of over 300 members or remain at the minimum of 270.

MERGER OF 50 CANADIAN CANNERIES

Ontario and Quebec Men in \$7,000,000 Combination—Former M.P.P. Dead—Loss at Elk Lake Fire \$200,000

Toronto, Jan. 23.—(Special)—It is officially announced that a merger of the Ontario canneries, with three or four exceptions and all but a few in Quebec, has been completed. The merger will be capitalized at \$7,000,000, and comprises more than fifty factories. The reason for the merger, according to G. T. Grant, of Montreal, who engineers the deal, is to avoid production and ruinous competition. Mr. Thomas, Ont., Jan. 24.—(Special)—George Cook, aged 22 years, a Pierre Marquette Railway brakeman, was instantly killed near Stanley on Saturday evening. He was running on a snow plow which had been sent out to restore communication with Port Stanley, he fell off, and was left in pieces. He was unmarried and lived here with his parents.

RELIGIOUS WAR; AND 100 KILLED

Serious Conflicts in Russia Between the Sunnites and the Shiats—Machine Guns and Troops Sent

St. Petersburg, Jan. 24.—More than 100 persons have been killed and many wounded as the result of serious religious conflicts between the Sunnites and the Shiats during the past two days. The Sunnites demand the replacement of the Shiats officials by Sunnites. At the request of the Bokhara authorities, Russian troops and machine guns have been sent to the scene of the fighting from Samarkand, capital of a province of the same name, in Asiatic Russia, adjoining Bokhara.

IN PREACHING AND PRACTICE THEY DIFFER

York County Tories do Not Take Kindly to Suggestion They Once Fought For—Government Meeting Tonight

Fredericton, N. B., Jan. 24.—(Special)—Premier Hazen arrived here this morning to attend a meeting of the government called for this evening. It is understood that the date of the legislature opening will be fixed at this meeting. When the old government was in power here the Tory members of York county council were constantly complaining because the government council appointed one of their members of board of health. They wanted to appoint them all. It was on outrage, they said, and would be remedied as soon as their party came into power. At last week's meeting a Liberal councillor, in order to test the sincerity of the Tories in this matter, moved a resolution asking the government to amend the law so that the council appoint all three members and received such hearty encouragement that he withdrew it. There is a marked difference between Tory preaching and Tory practice.

MOTT'S FINDINGS OF NO VALUE; DECLARES THE INQUIRY A BURLESQUE

F. P. Brady, of I. C. R. Commission, in City Today, Discusses Investigation Into Nash's Creek Accident—System Not to Blame; Accident Was Fault of Men

That the findings of W. A. Mott, K. C., who represented the provincial government at the recent inquiry into the Nash's Creek accident are of no value and the inquiry itself was but a burlesque is in short the comment of F. P. Brady and the I. C. R. commission who with E. Tiffin of the commission arrived in the city this morning. Asked as to a successor to Mr. Butler the two commissioners said they knew nothing of the government's intentions in the matter. With reference to a suggestion that there was some idea of increasing the terminals and yard room here Mr. Brady said that there was nothing of the nature in view but added that they were always ready to meet requirements should occasion arise. There were no changes in view or any further reductions planned. "Are the commissioners to avail themselves of any of the suggestions of Mr. Mott?" Mr. Brady was asked by a Times reporter. "He has not given us any good advice," was the reply. When requested to make a statement with reference to Mr. Mott's finding, Mr. Brady made the following comment:—"Mr. Mott is a railway man, he is a lawyer and I will not criticize a lawyer and I think if Mr. Mott was wise he would not criticize a railway man."

BARBER STABS SWEETHEART

Italian in Toronto Includes Her Chum, too, in Slashing—Barrister in Trouble

Toronto, Jan. 24.—(Special)—In a jealous rage, because his sweetheart, with whom he had quarrelled, continued in her refusal to "make up" with him, Joseph Schell, a young Italian barber, who is also known as Joseph Francella and Carisano Fratello, on Saturday evening stabbed and seriously wounded the girl and her chum. The girls, whose names were given to the authorities in St. Michael's hospital as Margery Harvey and Nettie Bennet, were both wounded in several places, but unless blood poisoning sets in they will recover. The Italian escaped from Shuter street, where the stabbing took place, but was caught in Queen street several hours later. With a charge of forgery against him, Duwald Campbell, barrister and solicitor, of McCaul street, was placed under arrest on Saturday evening. Campbell is alleged to have made a number of misrepresentations in regard to a piece of property in St. George street, by which he is said to have realized about \$2,500. The charge against him is that he represented himself as solicitor of the owner of the lot, and a raised mortgage on the property. The Ontario legislature will open on Tuesday.

LIFE SAVERS LEAVE SCHOONER; WILL AID NO FURTHER

Monomoy Point Men Get It Too Hard From Revenue Cutter Running Them Down

Urbaham, Mass., Jan. 22.—As a result of the narrow escape from death today, of Captain Joseph Kelley and a member of his Monomoy Point Life Saving crew, when their boat was run down by the revenue cutter, Acushnet, Captain Kelley and his men who have been standing by the stranded schooner S. G. Haskell, ashore on Hancock's Shoal, have left the schooner, feeling to aid further in the effort made to float her. The schooner is still fast where she struck, and the captain and his wife and the crew are still aboard. The life savers who returned to their station tonight, will hold themselves in readiness to take off those on the schooner if necessary, but as the weather is not threatening and the sea fairly smooth, there is no immediate danger of the vessel going to pieces. She is not sinking. Today's accident to the life savers, following the injury of two of their number Thursday night, when they were on board the schooner. In the first accident, the Acushnet forged ahead before a hawser which she had sent aboard had been secured fastened around the schooner's masts. As the cutter gained speed the end of the hawser, the life-savers say, whipped around the deck and knocked down two of their number, injuring them. The accident today, when the cutter threw two of the life-savers into the water almost under the Acushnet's propellers, proved too much for the nerves of the coast patrolmen, who thereupon declined to assist the cutter further. The schooner stood well the pounding she received during the gale last night. She lost her rudder, however.

BEGGING AGAIN; ONCE MORE IS ARRESTED

James Mackin and Edward Higgins, aged nineteen, pleaded guilty to lying and lurking in an alley off Carnation street on Sunday morning about 3 o'clock, and being unable to give a satisfactory account of themselves.

Policeman Marshall said that about midnight on Saturday he heard some loud shouting in an alley off Brussels street, and on going there found the two prisoners with another young man, whom they said they were talking home. Later, about 3 o'clock, he saw them in Carnation street. When he reached the spot Mackin had disappeared, and Higgins was standing in the street holding a coat, which he said belonged to Mackin, who had gone into the alley nearby, as he was sick. The policeman followed in to the alley, but could not find Mackin. He did find, however, that a small door in the rear of Weatherhead's stable had been opened. The police arrested both Higgins and Mackin, whom they found in the street later. The prisoners this morning said that they were on their way to a restaurant when arrested. The coat which was found on Higgins was Mackin's property and was not stolen, even though letters in the pocket were not addressed to him, though they had been opened. Mr. Weatherhead and Mr. McAleer, of the stable in Carnation street, said that the doors of the stable had been opened by somebody on Sunday morning, but they did not know by whom. The prisoners were remanded. David Higgins was fined \$8 on a charge of drunkenness.

KETCHEL TURNS DOWN OFFER OF THREE FIGHTS

Wants to Meet English Champion Before Considering Australia Chances—Jeffries at Salt Lake

Grand Rapids, Mich., Jan. 24.—Hugh McIntosh, the Australian promoter, called Stanley Ketchel and offered him three bouts that would net him \$40,000. One would be with Tommy Burns, another with Bill Lang, and the third with an unknown. Ketchel's reply was a single word, "No." Ketchel wants to meet Thomas, middleweight champion of England, first, then he would be willing to meet Tommy Burns. Salt Lake City, Jan. 24.—The possibility that this may be the next battle ground added interest to the sights of Salt Lake City when James J. Jeffries looked at them today on a quiet ramble. He was impressed, he admitted, by the offer of a summer cottage in Parley's Canon, as training quarters. "If the fight is held here," said the big pugilist, "and the place is as it has been described to me, it would be an ideal spot to train." The Canon cottage, 6,000 feet above the sea, is 82,000 feet higher than the salt air amphitheatre, in which it is proposed to hold the contest. The surroundings are wild and rugged.

SMUGGLED TOBACCO SEIZED AT NEW YORK

New York, Jan. 24.—Twelve thousand cigars and 1,500 cigars have been seized aboard the steamer Blucher, which arrived here from Hamburg. Collector Loch said the search was ordered because he had reason to suspect that the cigars and cigarettes would be smuggled by an employee of the vessel. Witnesses from the Blucher will be summoned before the collector to tell what they know of the case. It was not a customs house employee but a customs broker's clerk who was arrested charged with underlanding an automobile, says Mr. Loch.

NEW YORK IN THICK OF FRAY FOR REDUCTION IN THE COST OF LIVING

GRAND JURY PROBING MEAT QUESTION; PEOPLE RALLYING AGAINST HIGH PRICES OF FOOD NECESSAIRES

Many Sign Pledges to Eat No Meat—Inquiry Into Cold Storage Situation is Begun—Government Begins Action Against Big Packing Concerns on Charges of Combination

New York, Jan. 24.—New York today is in the thick of the fray for a reduction in the high cost of living. A grand jury investigation into the meat question is pending, a prosecutor's inquiry into the cold storage situation has been begun, meetings in protest against high prices for food products have been called and pledges of abstention from meat are being numerously signed. The move to refrain from meat eating, while playing a considerable part in the local campaign, is fast becoming an important factor in many quarters as some other phases of the movement against high prices. Considerable stress is being laid upon the investigation of the relation of cold storage to the increased cost of food products to the consumer, while probing into the alleged meat combine is expected to develop interesting data for remedial action.

QUARTER MILLION PEOPLE WATCH SEINE IN ITS DESTRUCTIVE CLIMB

One-Fourth of France Under Water—Tempest of Rain and Wind Breaks Over Paris Adding to the Horrors of the Situation—Water Famine Threatens and There is Fear of an Outbreak of Typhoid

Paris, Jan. 24.—The flood situation in Paris reached a more critical stage this morning. The Seine has risen nine inches since 2 o'clock and now registers 7.33 metres at Pont Royal. This is the highest the river has been since 1872 when it reached 8.8 metres, the highest point recorded in the history of France except in the year 1615. A terrible tempest of rain and wind which broke out over the city at daylight adds to the horror of the situation. Although the waters of the Seine affluents above the city are still rising rapidly, the city authorities were hopeful that the maximum stage of the waters would be reached by night fall. The river presents an awe-inspiring spectacle. A quarter of a million people through the stone parapets and quays in a dreary rain watching the yellow tide which is crowded with driftwood, wine casks and other wreckage rushing seaward. Firemen, police and troops are working like mad at all the bridges, dismantling blockades resulting from the floating debris and it is hoped that all the bridges will be saved. Traffic on several of the truss bridges, however, has been stopped. All the cellars along the quays are filled with water. One of the chief dangers is the weakening of the foundations of the buildings along the waterfront by the seeping waters. The retaining walls of the foreign office are surrounded by water. The streets around the chamber of commerce are declared unsafe and all traffic there has been forbidden. The tunnel between the Quai D'Orsay and the Quai D'Anatole is a rushing stream. The basement of the Palais de Justice is full of water and the first floor of the central police station is untenable. Water Famine Threatens The partial crippling of the water supply threatens the capital with a water famine. The police are making a house to house canvass, notifying the inhabitants to boil all water used for drinking purposes and thereby avoid the danger of a typhoid epidemic. The surface and underground railways, which are barely sufficient under normal conditions to cope with the traffic, remain partially suspended, although in no worse condition today than yesterday. Railroad traffic, however, now is demoralized and completely suspended in the southwest of Paris and in the valleys and plains are inundated and the cities and towns are in darkness. Troops everywhere have been ordered to the work of rescue, but often they encounter the greatest difficulty in driving the peasants to places of safety. The cities of Montargis, Macon, Chalon Sur Saone and Epertay and the entire champagne country are experiencing the most disastrous floods since 1856. The water in many of the villages along the Saone and Marne reaches to the roofs of dwellings. The factories and mills have stopped work at Mezieres, Sedan and other places in the Meuse valley. Great damage has been done to the beautiful French automobile roads. The Garonne and Dordogne rivers are rising rapidly. The village of Cernac is surrounded by a lake. The rivers Rhone and Loire are falling in the lower reaches. The situation is greatly improved at Lyons, Limoges, Troyes, Amneville and Auxerre. It is impossible to estimate the property loss as a result of the floods but it will reach millions of francs. Fortunately the loss of life has been small.

TWO CONTINENTS ARE SCoured FOR EVIDENCE

New York, Jan. 24.—Two continents have been scoured for evidence and witnesses from far and near who have been caused by subpoena to attend the trial of the government's libel suit against the Free Publishing Company set for today in the United States Circuit Court here.

The infant company, publishers of the World, is charged with libel in connection with stories printed during the last presidential campaign regarding the government's Panama canal purchase. Paris and Panama have been visited by commissions to investigate and secure evidence and the defence is credited with the intention to summon various well-known men to give testimony. Policeman Marshall said that about midnight on Saturday he heard some loud shouting in an alley off Brussels street, and on going there found the two prisoners with another young man, whom they said they were talking home. Later, about 3 o'clock, he saw them in Carnation street. STORY THAT EARL PERCY'S DEATH FOLLOWED DUEL, IS REVIVED

London, Jan. 24.—(Special)—Gossip about the tragic fate of the young Earl Percy is now rife in London society. Percy, according to the latest version of the matter, is said to have made a disparaging remark about the wife of a leading cabinet minister. The woman's brother, learning of this, sought out the earl and invited him. The outcome was a duel in Paris, pistols being used, in which Percy was severely wounded. The earl, the doctors say, would have recovered, but for that fact that he insisted on working on an address, the result being that he developed pleurisy which ended fatally.

PROBING THE TRUST

Chicago, Jan. 24.—Preparation of the case of a prosecutor's inquiry into the cold storage situation has been begun, meetings in protest against high prices for food products have been called and pledges of abstention from meat are being numerously signed. The move to refrain from meat eating, while playing a considerable part in the local campaign, is fast becoming an important factor in many quarters as some other phases of the movement against high prices. BRITISH ELECTIONS

Today's special cable to the Toronto Telegram and Evening Times shows that estimates made in advance of tomorrow's pollings are not to be relied on, but the Liberals are being hard pressed. The Unionists thus far have secured 192 seats in England, against 165 for all other parties, but 104 are yet to be heard from.

Lloyd-George swept his constituency and has the satisfaction of knowing that Wales is at his back.

Lord Northcliffe is boasting about what "we" have done in the British elections. Of course he means what "I" have done.

London, Jan. 24.—Prof. Martin Ekenburg, the Swedish scientist, who on being arrested in London last fall charged with complicity in several bold outrages in Sweden became temporarily insane, was committed today for extradition to Sweden.

Each stately tree spreads wide its arms and holds The fabric of the winter on it thrown. The stream is sleeping 'neath the gleaming

Along its banks are trailed the snowy vines That wreath it into a quaint and odd device. An arabesque of curving, sweeping lines; The meadows are as billowed seas of snow

The winds shout madly from the empty north As though some angry god with spears Had driven them in sudden fury forth To make the barren forest shake and shiver

In frightened flight they race across the day And beat at windows and at close-shut

Until with muttered threats they flee away To seek the snow sea's farthest frozen shores.

Then comes the dusk, and all is strangely still; The moon sends down its flood of silver light; The little stars are weirdly far and chill; The world is in the clutch of winter's night.

AWAY GOES ALL STOMACH MISERY

No Indigestion, Dyspepsia, Gas On Stomach or Heartburn Five Minutes Later

If you had some Diapsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Pepp's Diapsin and take a little just as soon as you can. There will be no sour

risings, no belching of undigested food mixed with acids, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness, Intestinal griping. This will all go away, besides, there will be no undigested food left over in the stomach to

poison your breath with nauseous odors. Pepp's Diapsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50 cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

OBITUARY Miss Eva A. Clayton

Deep sympathy is extended to Mr. and Mrs. Joshua P. Clayton in the loss of their eldest daughter, Eva Alma, who died on Saturday night at 11.30 o'clock. Miss Clayton contracted a severe cold while skating about two years ago and it developed into pneumonia and, although every care was given, her illness terminated in tuberculosis. Although sick so long she showed wonderful patience and great Christian fortitude.

This portion of the public who had occasion to call at Mr. Clayton's office in Fernhill will recall the bright, sunny girl, who, as her father's right hand assistant, administered to them in their hour of need, and with many a kindly word, and a right word in the right place often made things seem a little brighter.

For the last five years Miss Clayton had been her father's regular assistant in his office but since the age of twelve had been his closest associate and from him inherited her great love of nature and deep interest in the study of the flower language. What makes her death particularly

sad is that Miss Clayton was to have been married last year but owing to continued ill health the wedding had to be postponed (twice, time to time).

Miss Clayton was born in Marysville, York Co., (N. B.) twenty-four years ago, and leaves besides her parents, six brothers and three sisters. For a number of years she had been a member of St. Mary's church and the Rev. Ven. Archdeacon Raymond will conduct services at her father's residence, Fernhill, Tuesday at 2.30 o'clock. The funeral will be private.

Miss Lily G. Smith

A telegram to friends in this city yesterday announced the death of Miss Lily G. Smith, daughter of C. N. Smith, of that city. She died in Montreal on Saturday night. Mr. Smith formerly lived in the North end. His family removed to Montreal last March.

Mrs. Jane R. Matheson

The death took place yesterday morning of Mrs. Jane R. Matheson, widow of the late Thomas Matheson. Mrs. Matheson had been ill for a long time and her death was not unexpected. The deceased lived for several years with her sister, Mrs. Charles Campbell, of Nauyasewak.

She was 85 years of age. She leaves besides her sister at Nauyasewak another sister, Mrs. E. K. Thompson, of this city. Burial will take place this afternoon at Greenwood cemetery.

John J. Lindsay

John J. Lindsay, an old and highly respected citizen, died very suddenly at his home, Celebration street, last evening. Mr. Lindsay was around yesterday enjoying his usual good health. He attended church in the morning and ate a very hearty dinner.

About 4 o'clock in the afternoon he complained of a severe pain in his chest. Fearful that it might be something serious his family decided to call in medical assistance, and Dr. Thomas Walker and T. D. Walker were sent for. Everything possible was done but it proved to be of no avail for Mr. Sinclair died soon after 6 o'clock.

Heart failure is given as the cause of his death. Although a comparatively old man, Mr. Lindsay was very active up to the time of his death. He was employed with the Intercolonial railway as checker and has spent something like thirty years in the railway's service. The deceased also took a prominent part in church work, he being steward and treasurer of the Zion Methodist church. He leaves a wife and one son and one daughter. His son, H. L. Lindsay, is at present employed with H. E. MacDonell, general freight agent of the C. P. R. The daughter, Miss Hatty M., resides at home. He is also survived by three brothers and three sisters living in Boston.

Returns of Elections Up To Saturday Night Make Interesting Situation

Results Make Chamberlain Happy—Great Vote Has So Far Been Polled—Questioned if Asquith Will Take Office—As to Home Rule

London, Jan. 23.—Winston Churchill, speaking in Cornwall yesterday, said that the democracy in Yorkshire and Lancashire had given their support which has not been carried to a speedy success.

Mrs. Chamberlain says Joseph Chamberlain is rejoicing at the trend of the election and is glad to have lived long enough to see his fiscal policy so widely adopted.

Though there is a flicker of promise in Saturday night's declarations, the Liberals can hope for little more than a Pyrrhic victory. It is only reasonable to anticipate from the week's pollings that Asquith's government will be government in substance.

The Nationalists are assured of the control of the house according to all political prophets. The report was circulated today that Premier Asquith would resign and the Conservatives would form a government.

London, Jan. 23.—(Special)—The following are some of Saturday's pollings: Yorkshire (Sowerby)—Higham, Liberal, 6,811; Hinchcliffe, Unionist, 4,781.

Yorkshire (Spen Yalley)—Whitaker, Liberal, 4,847; Kelly, Unionist, 3,488; Williams, Labor, 254.

St. Andrew—Millard, Liberal, 1,597; Gray, Unionist, 1,469.

Staffordshire (Handsworth)—Thompson, Unionist, 14,594; Jackson, Liberal, 9,485.

BOYCOTT SPREADS. Boston—60,000 residents have made verbal agreement not to eat meat. Rochester, N. Y.—Endless chain of anti-meat post cards started.

Cleveland—City Council will probe high food prices; beef at wholesale falls off 15 cents a hundred pounds.

Providence, R. I.—Meat dealers say business has fallen off considerably. Baltimore—Thousands of buttons seen on the street, bearing the inscription, "I don't buy meat, do you?"

New York—Laboring men and others are signing anti-meat pledges; Mrs. Anita Comfort-Brooks, prominent clubwoman, suggests that a million housewives join in forcing prices down.

Washington—Department of Justice will bring suit against the beef trust, with headquarters in Chicago. St. Louis—Three hundred families on meat strike.

JUDGEMENT GIVEN FOR WALLBERG

Judge Cassels Awards Him \$90,000 in Moncton Case Appeal

Hon. Sidney Fisher in Important Address on Agriculture—The Cost of Living in Canada—More I. C. R. Men Get Imperial Service Medals

Ottawa, Jan. 23.—Justice Cassels has handed down his judgment yesterday in the case of Wallberg vs. the King.

This case arose out of certain work done by Wallberg in connection with sewerage and water system of Intercolonial Railway buildings at Moncton (N. B.).

The contractor claimed \$105,940 and brought a claim in the exchequer court for that amount. By consent of the parties a reference to ascertain the fair value of the work done was made to L. A. Audette, K. C. registrar.

Canada and Agriculture. Ottawa, Jan. 23.—A large number of citizens of Ottawa attended a luncheon of the Canadian Club yesterday.

Among the new agricultural nations Canada was 50 per cent ahead in yield of wheat per acre, with 21 bushels of hard winter wheat and 21 bushels of summer wheat.

However, Canada was behind the older and more scientific countries in France, the yield was 80 1/2 bushels; Germany, 30 bushels; England, 33 bushels, and Scotland, 41 bushels per acre.

He declared that the farmers of Canada were not yet availing themselves, as they should, of the information on proper methods of farming, which is freely offered to them by federal and provincial systems which are the best in the world.

Canada's wheat is now in demand but will be more so. In fifty years the United States will have a population of 200,000,000 and will be importing food largely.

In Western Canada last year 7,000,000 acres produced 147,000,000 bushels of wheat. There are in those provinces seven times that area of land still available for wheat.

Mr. Fisher said that the cost of living in Eastern Canada, which was now being discussed, afforded some interesting problems. The price of flour last November was \$5.00 and \$5.20 in Montreal.

The New Brunswick (general directors) have decided to petition the legislature for an act compelling embalmers to take out licenses before they can practise.

In German street Baptist church yesterday, Rev. S. S. Poole, of Dorchester, delivered the sermon, and was listened to with close attention.

His Flesh Horribly Burnt. His drugist sold him a cheap acid corn cure, what he should have bought was Putnam's Corn Extractor; it's purely vegetable and acts in 24 hours.

DEATH LIST IN G. P. R. WRECK NOW NUMBERS THIRTY

More Bodies May be Found by Divers—Heroic Work of Conductor

Montreal, Jan. 23.—An official list of the dead from the Wabwood wreck was today issued by D. McNeill, vice-president of the Canadian Pacific, showing that as far as is known thirty people perished in the disaster.

This list is as yet incomplete since there are still several unidentified dead. At a late hour this evening it was also stated that the work of pulling the first car out of the river had not been completed.

In addition to this a Montreal man named C. Carey was known to have been on the train, but no trace of him can be found. Whether he was on the train at the time of the accident is not known.

Four dead were taken out of the dining car, all of them drowned. Nineteen more victims of drowning were taken out of the first class car, and nine died from injuries received in the second class car, which was smashed by colliding with the bridge.

It is stated that none of the victims or their remains were injured by the fire which destroyed this car, and that earlier reports to this effect were incorrect. Outside of this second class car all the victims of the wreck were drowned when the car sunk in the river.

Mr. McNeill stated this evening that his information was that there were twenty injured in the hospital at Sudbury, many of whose names were of a minor nature. Twelve other passengers sustained slight injuries but were able to proceed to their homes with little delay.

Mr. Isaacs, who returned to Montreal on yesterday's morning train, and who was asked about the case, expressed himself as being highly indignant over the affair. He characterized the whole thing as a purely and simply a case of blackmail of the grossest type.

Mr. Isaacs said he had a very good case and would fight it to a finish. He also said that he had begun a counter action against the girl's father for detraction of character, and meant to sue him for a large amount.

CASE OF BLACKMAIL SAYS R. D. ISAACS

R. D. Isaacs, of this city, who was arrested at Sherbrooke (Que.), on Tuesday morning last, charged with cloping with a 19-year old girl named Rheault, of that place, returned to St. John yesterday. The warrant of the arrest was issued at the instance of the girl's father. Isaacs was taken before Police Magistrate Mulhens of Sherbrooke, and allowed to go after furnishing bail to the amount of \$1,000. The case is to come up at an early date.

C. P. R. steamship Montcalm arrived off Brown Head from this port bound to Bristol.

Steamship Manchester Importer arrived at Manchester last Saturday from this port.

The Boston barkentine Rachel Emery, Capt. Vezic, arrived at Skondi, Africa, yesterday, after a fair passage.

The name of the former Battle line steamer Mantonia, recently sold to Italian, has been changed to Onesta. She sailed on the 24th December from Barry for Savona.

Donaldson line steamer Lakonia sailed yesterday for Glasgow with a large general cargo, among which were ten horses and 80,000 bushels of grain.

Saturday's Boston Herald says--A cod weighing 85 pounds was brought to Yarmouth yesterday by the schooner Ethel B. Penny. The fish was caught on a trawl on Middle ground and measured five feet in length. It will be sent to New York for exhibition purposes.

The Norwegian steamship Karen, Capt. Pederson, arrived Friday at Boston from Havana and Matanzas, with a cargo, including 12,000 bags of sugar, 44 bales of tobacco and 10,000 cigars. After discharging and taking on board return cargo, she will sail for St. John to-day, loading for Havana.

A carrier pigeon Friday flew about the fishing schooner Strider, about 15 miles from Boston light, and after being fed by the crew resumed its flight toward the land.

Two Nova Scotia fishermen, Captain Alden Manning and Wm. Fitzgerald will be recommended by Bahern of Whitehead to the Carnegie Hero Fund on account of their rescue of the crew of the Lottie B. Ladlow, on Wednesday afternoon, Jan. 6, the day after the little haddock fleet had been blown off the coast by a furious gale.

The steamer Aspy made her trial trip on Tuesday afternoon, a few invited guests being on board. The weather was rainy and a heavy sea outside, but the boat behaved splendidly and gave evidence of her excellent sea-going qualities. The Aspy was built by Joseph McGill, Sherburne, and was launched last spring and towed to Yarmouth, where, on account of the fire at the New Burrell-Johnson Iron works, she has been detained until the present. She is 124 feet over all, 25 feet beam and 9 feet hold. She is 24 tons gross and 20 net. On her trial trip she made a speed of 12 knots, and worked highly satisfactory to all concerned. Her compass was adjusted on Wednesday and she sailed for Sydney yesterday. She is owned by the North Shore S. S. Co. and will ply between Sydney and Aspy Bay, with Capt. Burke in charge. TOO MANY DOORS TO SALOONS IN FAIRVILLE

Commissioners Make a Visit and Order Them Closed—Trip Result of Complaints Made

For some time past reports have been current that liquor was being sold illegally about Fairville, and about five days ago objections were filed protesting against the granting of licenses in that district. There are six bars in Fairville, and it is thought that four of these at least will have to make improvements or changes to their premises, before they are allowed to continue the sale of liquor. On Saturday afternoon the liquor license commissioners visited some of the saloons, and did not find everything altogether to their liking, so a number of changes will have to be made. The statement is that there is more than one door to the bars, which is contrary to law. The doors which were not used for public entrance have been ordered closed, and the work of plastering them was also ordered to be done away with. A. A. Wilson said this morning that the temperance federation had been trying for some time to have some action taken in this matter, but up to Saturday nothing had been done.

MORE ACTIVITY IN REAL ESTATE HERE SHOWN

Quite a Number of Transfers Since First of Year—Last Year Best Since the Big Fire

Evidence of the faith in St. John real estate as a good investment are shown by the large number of transfers recently made, as filed in the office of the registrar. Last year the number of transfers was greater than in any previous year since the big fire in '77, when, on account of many documents having been destroyed, new ones had to be prepared. It is generally considered that activity in real estate is a good barometer to show prosperity in a community, so when it is stated that since the first of the present year, there has been an average of about one transfer of property registered each week-day, it would tend to show that the people here have confidence in the future of the city. Many properties have been sold within the past year, or are now being held at figures very largely in excess of their valuation eight or ten years ago. In every direction now there is evidence of St. John's awakening, and of a display of that optimism which has been noticeable in the western towns and cities. This is St. John's growing time.

Following is a list of the transfers of property filed at the office of the registrar since the first of the present month: Property of Johanna Mahoney, in Dock street, to Lillian H. Weber. Property of Laban L. Sharp, in Guy ward to Mabel E. Sharp. Property of John A. Sinclair, Sewell street, to Clarence D. Robinson. Property of William McKee's heirs, in St. James street to Frederick I. McKee. Property of George Maxwell and wife, in Rodney street, to John Emmerson. Property of Mrs. James B. Gillespie, in Orange street to Alfred Burley. Property of Julia E. Bourke, in Orange street to Isabella Lee. Property of household property in Chapel street, Charles Colwell to Chas. E. Colwell.

Property of T. Edmund Fairweather, in Charles street to Kennedy Fairweather. Property of M. Blanche D. Carmichael and husband, Paddock street, to Margaret Power. Property of Catherine McJunkin's administrators, in Camden street, to Kenneth J. MacRae. Property of Herodius Colwell and husband, corner Main and Alberta streets, to J. W. Morrison. Property of Herodius Colwell and husband, Main street, to J. W. Morrison. Property of John Anderson, in Union street, to Alexander Anderson. Property of Addie M. McLean, Dock street, to Beatrice Brown. Property of Alfred Barley and wife, Orange street, to St. John Real Estate Co. Property of the heirs of James Reynolds, in Union street, to Frederick W. Rouse.

DAMAGE BY THE DOCK STREET FIRE

The Hooping Boys, the Hose and the Chief in an Incident at the Fire

Edward Bates and Samuel C. Drury have been appointed to appraise the damage in yesterday's fire in Dock street. The cause of the blaze has not been learned. There was an unusually large crowd out to watch the fire, and when a number of boys in the crowd started to hoot at Chief Kerr, he ordered the firemen to turn the hose on them. This would have settled it but the firemen in swinging the stream back to the fire caught the chief and knocked him down. This was the signal for another outburst on the part of the boys, and again the hose was turned in their direction, and further comment drowned out.

The estimated losses and insurance on the fire are: Miss Mary Lawrence, owner of damaged building, loss, \$8,000; insured in Norwich Union for \$4,000. Linton and Sinclair Co., Ltd., practically destroyed, loss \$5,000, insured in New York Underwriters Co. for \$2,000; in Commercial Union for \$1,000, and in the Phoenix of Hartford for \$500. J. W. Goddard, stock practically destroyed, loss \$2,000; insured with Nova Scotia Fire Insurance Co. for \$1,000. St. John Mercantile Co., Ltd., stock in warehouse damaged by water only, loss \$1,000; insured in Liverpool, London and Globe Insurance Co. for \$3,000. R. E. Fitzgerald, plumber in adjoining building, also damaged by water and smoke, fully recovered by \$500 in Commercial Union and \$500 in the Sun.

SUBURBANITES CASE PRESENTED TO I. C. R. TODAY

E. Allan Schofield of the Schofield Paper Co., called upon Messrs F. P. Brady and E. Tiffin of the Intercolonial commission this morning on behalf of the I. C. R. suburbanites and asked for some change in the summer time-table. Mr. Schofield submitted a schedule drawn up by the suburbanites, as told in the Times some days ago. The commissioners were favorably disposed and Mr. Schofield feels that the prospects of the desired changes being made are very bright indeed.

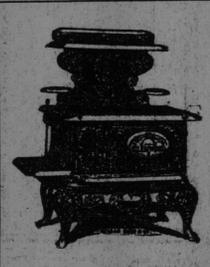

Paul W. Hillis, the popular manager of the Colonials, playing an engagement at the Opera House, on Saturday evening entertained several of the newspapermen of the city to a theatre party, and afterwards to a luncheon in White's restaurant. The party consisted of eight of the "boys," and a very enjoyable evening was spent with Mr. Hillis as host.

A good time is expected at the meeting of Court Intercolonial, I. O. F., in Forrester's hall, Charlotte street, this evening at 8 o'clock. After the officers for the coming term have been publicly installed, a programme will be carried out and refreshments served. All members are invited to be present.

THE OAK HALL MID-WINTER CLOTHING SALE Has Scored a Tremendous Success!

It has been a wonderful sale so far, in value-giving as well as in volume of business and there'll be a week more of the remarkable bargains. But with the best sort of clothing on sale at one-third to one-half under the generally prevailing prices, wouldn't it be strange indeed if the opportunity did not win immediate and wide-spread recognition.

The second and last week should be even more fruitful of results than the past week, because with a grim determination to clear out more goods than ever before we've made the astonishing low prices still lower in many instances.

To get the fullest benefit out of this bargain feast you must come to the store as early and as often as you can.
