THE EVENING TIMES.

THE WEATHER. Fair, and decidedly cold tomorrow.

VOL. I, NO. 115.

ST. JOH N. N. B., MONDAY, FEBRUARY 13, 1905.

ONE CENT.

COLD WEATHER, TERRIFIC STORMS.

The United States Experiences an Unprecedented Blizzard--Mercury Goes Far Below Zero Mark--Cold Weather in the West.

This is the first thaw since the seventh of January. Early this morning a snow storm set in, when about two inches of snow fell, turning to rain. The velocity of the wind reached 20 miles an hour. The barometer fell very rapidly during the last 12 hours. The streets present a very uninviting appearance with the large quantity of salt and sand which has been used by the street railway company. The sidewalks are very treacherous, and pedestrians find it hard work to get around. There is little or no sand on the sidewalks, and they are consequently in a very dangerous state.

The Street Railway company were kept busy last night in keeping the road open. Both sweepers were sent out about one o'clock and were kept going over the circuit, so that the tracks could be kept free of snow and sleet. The cars are not hampered to any extent this morning, however.

In Montreal. Montreal, Feb. 13.—(Special)—The storm of yesterday and last night has seriously delayed trains on both C. P. R. and G. T. R. The passenger trains have been able to get through to Montreal but the C. P. R.'s Halifax through train came in two hours late. The freight trains however on the Eastern section of both lines have been tied up since yesterday afternoon, it being impossible to move them. It is expected to have the moving again this afternoon. The snow fall in this immediate district is about eight inches, but at Richmond P. Q., the fall is estimated at eighteen inches.

In Chicago. Chicago, Feb. 13.—Today was the coldest of the winter in Chicago. At 7 a. m. the government thermometer recorded 18 degrees below zero, a fall of 23 degrees in 12 hours. At 8 a. m. the mercury stood at 15 below zero and the observer predicted that it would not rise much higher during the day. The intense cold was accompanied by a high wind from the northwest. Snow ceased falling early last night and the sky was clear to-day. Street traffic was not interrupted.

Halifax Afloat. Halifax, N. S., Feb. 13.—(Special)—A southeast rain-storm set in here early this morning and continues this afternoon. The streets are in an awful condition now, melting rapidly, and slush in some places up to the knees. If the weather continues it is feared many places on the lower streets will be flooded.

THE WIGWAM OF SACOBI Will No More Be Gladdened by His Youthful Bride. Fredericton, N. B., Feb. 13.—(Special)—There has been a serious rupture in the wigwam of chief Anthony Sacobi, of St. Mary's reserve, with the result that his youthful wife, a bride of one month's standing, has left his bed and board and declares she will not return.

FREDERICTON NEWS. Fredericton, Feb. 13.—(Special)—Chief Game Warden John Robinson, is in the city today on his way from an official visit to Victoria and Madawaska counties. He says the game law is being well observed in the upper section of the province.

ANOTHER BLOCK. Cape Breton Again Snow-bound --- Outgoing Trains Cancelled at Sydney. Sydney, N. S., Feb. 13.—(Special)—A heavy snow storm is in progress here this morning and it looks like another complete tie up of teams and railroad services. All afternoon outgoing trains have been cancelled. Saturday's afternoon fast express from Halifax is not expected to reach the city until tomorrow. The road is already badly blocked.

Sydney, N. S., Feb. 13.—(Special)—A heavy snow storm is in progress here this morning and it looks like another complete tie up of teams and railroad services. All afternoon outgoing trains have been cancelled. Saturday's afternoon fast express from Halifax is not expected to reach the city until tomorrow. The road is already badly blocked.

GERMAIN ST. BLOCK GULEE BY FIRE.

Three Story Brick Building Badly Damaged by Flames at Noon --- Fire Department Slow in Responding --- A Spectacular Blaze.

About 12.25 o'clock this afternoon a Times man was passing the corner of Church and Germain St. smoke was seen to be issuing in volumes from the three story brick building occupied by Jas. Tufts and Sons, also by other business firms. The fire broke out in the third story. It was almost impossible owing to the intensity of the smoke. The top flat was entirely gutted, and the dense smoke issuing through the windows made it almost impossible for the firemen to successfully combat the flames.

The lower floor is occupied by Jas. Tufts & Sons, H. E. Gould, florist, W. O. Dunham, up-holsterer, and A. E. Clarke, photographic supplies. The alarm brought out the entire strength of the fire department. The first to arrive, was the Salvage Corps, which was followed a few minutes later by No. 3 and 1 No. 2. The fire broke out in the third story. It was almost impossible owing to the intensity of the smoke. The top flat was entirely gutted, and the dense smoke issuing through the windows made it almost impossible for the firemen to successfully combat the flames.

MINISTER ARRESTED. Charged With Raising Two Dollar Bills to Tens. Huntington, W. Va., Feb. 13.—Rev. Washington Hagar, minister, has been arrested, charged with passing two dollar bills that had been raised to ten dollars. He was arrested in a large apartment house where she was employed. The late Peter Barron was worth over \$4,000 nearly all of which went to Michael Barron, husband of the prisoner.

OTTAWA NEWS. Ottawa, Ont., Feb. 13.—(Special)—Hon. W. S. Fielding will sail from London, England, on Wednesday by the Baltic for New York. He will be here about the end of next week. Commander Spain has received cable stating that the Canada arrived safe at Bermuda on Friday and leaves today for Massachusetts and Providence.

IT WILL PAY YOU, IF YOU ARE IN BUSINESS TO ADVERTISE IN THE TIMES. An air of gloom pervaded City Hall this morning. The collapse of the Newman Brook bridge was regarded as a portent. There was no telling what might happen next. The ribs of the new ferry steamer might fall in, the new warehouse on the McLeod wharf might start by the people who live in these houses will have to pay water rates on seven-eighths of the supply.

THE M. & B. BLOCKED. Trains Held at Buctouche on Account of Heavy Snowfall --- Chatham Has It Also. Moncton, Feb. 13.—(Special)—The Moncton and Buctouche railway is completely blocked by Saturday's storm. The road is badly drifted, and the train is unable to leave Buctouche. Another storm would block the line for the rest of the winter. A plow will be sent out from Moncton tomorrow, and an effort made to keep this end of the line open.

TOOK HIS OWN LIFE. Brantford Farmer Hanged Himself to a Beam in a Shed. Brantford, Ont., Feb. 13.—(Special)—Hanging from a rope in an outhouse in the rear of his residence the lifeless body of Joseph Jellis, a retired farmer about 70 years of age was found yesterday. In order to accomplish the deed the man had drawn his feet up from the floor as the fumes were low. Jellis was well off financially and had seven grown up children. No motive is assigned for his act.

THE SITUATION AT LODZ. Warsaw, Russian Poland, Feb. 13.—Advices from Lodz say that a number of men resumed work this morning, but after a couple of hours they again walked out. The town is quiet, but shaking off reactionary influences and now proceeds in good faith to summon the zemsky zabor, he rally in his support the moderate liberals and perhaps arouse a genuine enthusiasm in the country.

THE SITUATION AT LODZ. Warsaw, Russian Poland, Feb. 13.—Advices from Lodz say that a number of men resumed work this morning, but after a couple of hours they again walked out. The town is quiet, but shaking off reactionary influences and now proceeds in good faith to summon the zemsky zabor, he rally in his support the moderate liberals and perhaps arouse a genuine enthusiasm in the country.

OYAMA HAS THE BRUNT OF FIGHT.

Russians Still Pounding at His Position But Without Success --- Hamburg-American Liners Sold --- The Strike Situation --- Quiet at Lodz.

Tokio, Feb. 13.—2 p. m.—The Russians continued to bombard Oyama's center and right on Saturday last. The Japanese continue the construction of defensive works on their right, to the south west of Montan, where they are erecting an emplacement for a battery of 24 guns. The Japanese recently surrounded a Russian cavalry detachment near Hsien Chang, killing three of the enemy and wounding seven.

GRIPPENBERG'S SUCCESSOR. St. Petersburg, Feb. 13.—A telegram from Sashetan says, General Kaubars (commander of the third Manchurian army) has taken over the command of the second Manchurian army recently vacated by General Gripenberg.

RUSSIA BUYING SHIPS. London, Feb. 13.—The Times this morning prints the statement that the Hamburg-American steamship Company's steamships Deutschland and Hamburg are to be sold to Russia for \$3,500,000 and \$2,000,000 respectively.

WORKS STILL IDE. St. Petersburg, Feb. 13.—Quiet continues in this city. The Pullout Iron Works and four other works are still idle.

GREAT FIRE IN MOBILE. Caused a Loss of Over a Quarter of a Million. Mobile, Ala., Feb. 13.—Fire that has thus far caused a loss of a quarter of a million broke out early today and is still burning. The famous Battle House is in ruins and the flames have swept on to the adjoining buildings.

MOTHER AND CHILD PERISHED WITH THEIR BURNING HOME NEAR BRIDGEWATER, N. S. Halifax, N. S., Feb. 13.—(Special)—A despatch from Bridgewater this morning says that at Day's Spring yesterday, a settlement five miles from Bridgewater, fire broke out in a house occupied by two families, Kenneth Leary and Edward Redhiser. At the time the fire was discovered both husbands were away from home. Some neighbors who were attracted to the scene by the flames, succeeded in getting the children from the burning building with the exception of one child of the Redhiser family. The mother, in spite of the protest of those assembled, re-entered the burning building and mother and child both perished. Mrs. Redhiser leaves six children.

THE M. & B. BLOCKED. Trains Held at Buctouche on Account of Heavy Snowfall --- Chatham Has It Also. Moncton, Feb. 13.—(Special)—The Moncton and Buctouche railway is completely blocked by Saturday's storm. The road is badly drifted, and the train is unable to leave Buctouche. Another storm would block the line for the rest of the winter. A plow will be sent out from Moncton tomorrow, and an effort made to keep this end of the line open.

TOOK HIS OWN LIFE. Brantford Farmer Hanged Himself to a Beam in a Shed. Brantford, Ont., Feb. 13.—(Special)—Hanging from a rope in an outhouse in the rear of his residence the lifeless body of Joseph Jellis, a retired farmer about 70 years of age was found yesterday. In order to accomplish the deed the man had drawn his feet up from the floor as the fumes were low. Jellis was well off financially and had seven grown up children. No motive is assigned for his act.

THE SITUATION AT LODZ. Warsaw, Russian Poland, Feb. 13.—Advices from Lodz say that a number of men resumed work this morning, but after a couple of hours they again walked out. The town is quiet, but shaking off reactionary influences and now proceeds in good faith to summon the zemsky zabor, he rally in his support the moderate liberals and perhaps arouse a genuine enthusiasm in the country.

Financial and Commercial.

TORONTO MARKET.

More Activity and More Interest in Local Stocks Last Week.

(Toronto News, Friday.) The local stock market has presented a much broader aspect during the week, and there has been some improvement in individual stocks...

THE SOO STOCK.

A Lot of Bull Talk Later, Says a Montreal Paper.

(Montreal Witness, Friday.) There has been a lot of bull talk lately about the stocks of Minneapolis, St Paul and Sault Ste. Marie, and quite a considerable flutter has been the result...

APPLE EXPORTS.

Show an Enormous Decrease Compared With Last Year.

Table showing apple export statistics for various years and destinations like Liverpool, London, and Glasgow.

GRAND TRUNK RAILWAY.

The earnings of the Grand Trunk railway system from Feb. 1 to Feb. 7, show a decrease of \$263,589...

EXPORTS.

ANOTHER AGITATION AGAINST COAL DUTIES.

Government Organ Le Canada Starts It--Montreal Witness in Support--The Other Side Set Forth in the Montreal Gazette.

A great deal of surprise was expressed in Montreal on Thursday last in both political camps over the evidently inspired article which appeared in the government organ Le Canada, with the evident intention to test public opinion in the advisability of removing coal duties.

Republic, and when the Canadian tariff was being revised, eight years ago, there was a hope shared by many that the tax would at last disappear.

that the duty imposed by the Canadian government on soft coal from the south is 60c per gross ton of 2,240 lbs., while the American government charges 60c on every net ton of 2,000 lbs. imported from the Dominion of Canada, which is equal to 67.53c per gross ton of 2,240 lbs.

FIELD DAY FOR TASTY PEOPLE!

JAP SILK At 33c Yd. These are to be the Bargains for Tomorrow. PILLOW TOPS At 25c. Up. They are this season's samples--all new. JAP WASH SILKS AT 33c. IS VERY CHEAP.

THE EVENING TIMES, ST. JOHN, N. B., MONDAY, FEBRUARY 13, 1906

AMERICAN PRAISE OF SCHOOLS AT GUELPH.

Mr. Thomson of Boston Transcript Writes of Ontario Agricultural College and Woman's Industrial Institute--Great Success in Farming and Raising Fine Stock--Signal Victories Over American Exhibitors--Girls Trained to Be Good Housekeepers and Helpmates.

At Guelph, Ont., one finds an educational institution of more interest than many politicians. It is the combined Ontario Agricultural College and Macdonald Institute, the latter for the grounding of young women in domestic service.

"Stock and Seed Judging," "Poultry Raising" and "Dairying." Tuition, board and laundry cost "resident" students, i. e., those of Ontario, from \$60 to \$70 for six months.

Many of its American rivals during the long period of depression that vanished some eight years ago, attempted to attract and retain students by giving courses in engineering and other branches not strictly agricultural.

The McDonald Institute. Interesting as the college is, the "Macdonald Institute" is more so. It imparts a fond hope that the education of girls in the business of being efficient wives, housekeepers and helpmates may hereafter be carried on much more successfully than at present.

A Sturdy Lot. The young men, a most intelligent looking and sturdy lot, are farmers' sons. Those who take the advanced courses successfully become instructors, more often managers of large farms, most often skilled operators of their inherited or promised lands.

Frightful Dreams. Terrible Pains and a Frequent Desire to Urinate. Such were the troubles of Mr. Joseph Leland, Alma N. W. T. He happily found relief in DOAN'S KIDNEY PILLS.

DOAN'S KIDNEY PILLS. Here is what he says--"I was troubled with dull headaches, had frightful dreams, terrible pains in my legs, and a frequent desire to urinate. Nothing but Doan's Kidney Pills recommended for kidney trouble, I decided to give them a trial. I procured a box, and was very much surprised at the effect they made. I take a great deal of pleasure in recommending them to all kidney trouble."

Students from other provinces, from the States and from foreign countries generally are charged \$18 more for tuition, board and laundry. During the summer about thirty thousand farmers, mostly from Ontario, visit the place for a day or two to learn what they can of its methods and achievements.

One of the most interesting exhibits is a great collection of root-tubers and fruits, done in wax, with a fidelity to the models as astonishing as that of the glass flowers at Harvard. The visitor is particularly amazed to perceive that a delightful odor of apples pervades the room where the several hundred models of this fruit are kept.

In the practice of housekeeping students are trained by parties in running the dormitories, kitchen, dining-rooms, etc., in the established establishments, which is equivalent to learning how to manage a large, beautifully kept, yet cheap hotel. The young women of the institute pay about the same for board, tuition and laundry that is exacted from the young men of the college.

A Beautiful Country. The beautiful lawns and fields of the combined institution at Guelph are in summer but a rather uncommonly fine sample of all that one sees in traversing, during this season, that great "golden country" which lies in the happy and fat peninsula between the Great Lakes. Here the landscape has, on the whole, taken its permanent, highly humanized aspect. The farmsteads, the villages, mostly of stone and brick, seem as if rooted in and grown from the soil.

Doan's Kidney Pills help the kidneys to drain of the poisonous impurities which have collected, thus cleansing out the kidneys, bladder, and all the urinary passages. They correct inability to hold the urine, and thus obviate the necessity of getting up many times at night to urinate. Their good results will be immediately felt in all cases of kidney trouble.

We Paid \$100,000 For Liquezone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Liquezone, the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals in this country and others. We cured all kinds of germ disease with it--hereditary, the most difficult cases of gonorrhea. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it--try it at our expense. Test it as we did, see what it does. Test it on all given diseases, we do, and a million of others do. You will see it, not only to get well, but to keep well. And it will save nearly all of your sickness.

Kills Inside Germs. Liquezone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas--largely oxygen gas--by a process rarely used in the laboratory. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

MORNING NEWS IN BRIEF. Local. The annual meeting of the 8rd Regt. R. C. A. officers will be held next Saturday evening at the residence of Lt. Col. W. W. White.

Provincial. Harry G. McDougall has been appointed town clerk of Truro, N. S., as successor to W. D. McCallum, who for many years, held that position. The salary will be \$1,000.

General. Vincent Anderson, twenty-seven years old, a resident of Bangor (Me.), attempted suicide by cutting his throat at Quincy, Mass., yesterday.

Death of Edward Walker, Mill Owner, of Bass River. Harcourt, Feb. 11--Prof. and Mrs. Morris, have given a show in the hall the last three nights. Mrs. Morris displayed great strength, breaking horseshoes, and iron bars, etc.

And the Price Is Right. Only \$3.75 per load, \$5.85 per ton, \$7.50 per chaldron, delivered. Don't burn poor coal when you can get the best so cheap.

News of Sport.

CANADIAN CURLERS WIN IN WINNIPEG BONSPPEIL.

Montreal Hockey Team to Visit the Province-- The Price-Logan Race--Moncton Curlers Defeat St. Andrews--Commercial Men as Hockeyists.

CURLING.

Canada Wins.

Winnipeg, Man., Feb. 10.—Canada won the big international match of the bonspiel last night by 12 points. Flavell, the crack Lindsey skip, was the only Canadian to lose. Thompson, of Bowmont, N. D., playing a game that was above reproach. Gordon, of Duluth, played in hard luck against McCann, of Neepawa, the latter getting a four-end on the last round, when the score stood 9 all. "Mac" Rochon, formerly of Fort William, now of Winnipeg Granites, won away from Stong, of St. Thomas, N. D., at the start, and played in his usual good form and won the game. Stong played a strong uphill game, but could not beat the Granite crack. Edwards, of Drayton, N. D., went into the game before MacKenzie, of Indian Head, by a score of 12-6.

The total score was Canada, 47; United States, 35. The international now becomes an open event to all Canadian rinks, and all the eastern rinks are eligible to compete. Loyal, of Montreal, was knocked out of the Grand Challenge tonight by Maclean, of Holland, by a score of 13 to 11. In the Empire, Scott's, Toronto rink, won rather handsily from Rattray, of Pipestone, in their Empire game yesterday morning. They were never in danger, and the first score showed the Ontario men five up. Score—Scott, 12; Rattray, 7.

Moncton Defeats St. Andrews.

Four rinks of Moncton curlers arrived in the city Saturday afternoon and played a match with St. Andrews in the evening, winning the match by a score of 58 to 52 points. The following is the score by rinks: Moncton, St. Andrews, A. McLeish, R. G. Halcy, E. McConkey, C. McLeish, T. E. Henderson, H. H. Harvey, E. H. Allen, A. Watson, B. P. Craigton, F. C. Beaton, C. B. Triton, C. B. Allen, W. E. Edwards, Dr. J. M. Magee, F. P. Hamilton, D. T. Nevins, W. C. Bell, J. U. Thomas, W. N. Rippey, G. A. Kimball, W. H. Lindsay, W. T. White, D. W. H. Roberts, C. S. Robertson, Geo. Ackman, T. McA. Stewart, B. W. Maddison, F. S. White, B. W. Maddison, 20 skip, 14-3. Total, 58-52. Majority for Moncton, one.

Tes Shots.

Majority for Moncton, one. Sandy was snowed under by skip Allan. Kimballhead Magee made 18 points each, their opponents making only 13 and still the club was beaten. Frank White with McA. Stewart lost to Maddison by a score of 20 to 6. Come Frank, old boy, this will never do. Four rinks of the Thistle curlers go to Fredericton tomorrow.

HOCKEY.

The Next League Games.

On Thursday next the Moncton Victorians will go to Fredericton, where they play the Trojans in the N. B. H. L. series. On Friday night the Backville team will play the Neptunes, and the Moncton Septettes will meet the Mohawks. Despite the fact that the local players have not won an outside game, these matches should be good exhibitions and there may be some surprises in store for the followers of the game, as both the home teams have improved greatly since their last defeats.

A Rough Game.

Montreal, Feb. 13.—In a rough

Use The Reliable Kendrick's Liniment Always Reliable Always Satisfactory. Sales Increasing. G. R. VANBERBOK, Montreal, N. B.

yard race were Robson and Price, and the former won by three feet in 18 1/2 seconds. The next event which was also for 200 yards was between Robson and Logan. In turning the corner in the last lap Logan fouled his opponent, knocking him down, and was able to finish with a good lead. The judges gave the race to Robson. Time, 18 1/2 seconds.

The half mile race was between Price and Robson. The competitors started from the same side of the rink and made quite a pretty race. In making the final turn in the last lap the competitors came into collision and Price went down, allowing his opponent to finish with a good lead. A foul was claimed on behalf of Price but was not allowed.

The concluding race was a one mile contest between Robson and Logan. The race was very stiff, and the competitors were in a close race until the beginning of the twelfth lap, and soon afterwards Logan, who was leading by a very stiff race, had the misfortune to fall. He quickly regained his feet, however, but was some twenty yards behind his opponent at the finish. The race was a very close one, and the competitors were in a close race until the beginning of the twelfth lap, and soon afterwards Logan, who was leading by a very stiff race, had the misfortune to fall. He quickly regained his feet, however, but was some twenty yards behind his opponent at the finish.

The next important event to occur among the speed skaters will be the meet for the United States outdoor championships. Three events are carded: A half mile, a mile and five miles. The meet will be held at Verona, N. J., on Monday afternoon next, Lincoln's birthday. It is expected that beside the entry of all the best American skaters, a good many star Canadians will invade Verona Lake in search of honors. On Saturday last some of the Canadians assured Mr. Slayback, manager of Verona Lake, that they would go to Verona and try to get back some of the honors from Morris Wood, who was the one or two others, would make him skate hard, he should, unless mistakes occur. He has a trouble in retaining his laurels. The meet, as a matter of fact, should be a struggle for place honors. Beside the championship ship events there will be a one mile novice race. In case of unfavorable weather the meet will be held on Washington's birthday, Feb. 22.

Commercial Men Play.

A very interesting game of hockey was played at Dorchester last Thursday night between the "Commercial Travellers" and a Dorchester team. The game was closely contested and ended in a tie, score 3 to 3. Ten minutes overtime was played but the result was the same.

The teams lined up as follows: Travellers—Geo. Oulton, C. P. R. office, goal; G. H. Horne, Dorchester, point; Geo. A. Cox, Halifax, C. point; Geo. E. Dawes, St. John, center; R. Chambers, Miramichi, right wing; J. H. Prichard, St. John, wing; A. J. Smith, Royal Bank, wing. Dorchester—Cecil Oulton, goal; Geo. Fairweather, point; John McDonald, C. point; Darcy McGrath, center; Edwin Oulton, over; H. Manston, wing; G. Sherrard, wing.

On account of the train being late Mr. Fred Munroe, one of the best hockey star players, could not reach here to take his position on the team. In the contest Prichard received a nasty cut in the forehead by the puck, which delayed the game a few minutes. Mr. G. M. Fairweather is also carrying a black eye from a whack with a stick on the ice. Chief Keeper Hutchinson refereed the game more or less to the satisfaction of both teams.

Montreal Team Coming.

A young man from this city attending McGill University at Montreal has written friends in this city stating that the Westmonts of the Canadian Amateur Hockey League are contemplating a tour of the maritime provinces and hope to include Fredericton in their itinerary. The full senior Westmont team, with the exception of Gales, will make their trip—Fredericton, N. B.

Hockeyist Killed.

Fred Brock, February 9.—Robert Fraser, aged 16 years, son of Mr. and Mrs. Fraser, of this town, while engaged tonight in playing hockey, fell on the ice and broke his neck, dying within fifteen minutes. Young Fraser was playing forward on Mackie & Ryan's employees team, against a team representing Delahay & Company's employees. The game had been started about five minutes when Fraser was skating towards the nets, after the puck which had been sent spinning down the ice on long shot. He was seen to fall backwards, his feet shooting into the air, and he striking the ice on the back of his neck. When Fraser did not rise promptly the players went to his assistance, and it was thought he had been merely stunned. He was removed to the dressing room and the game proceeded, a player being retired from the opposing team for the time. In a few minutes, however, word was passed that the injuries were serious and the game was stopped. Doctors were summoned, two were with him as he died and a third arrived a moment later. An inquest will probably be held.

BASEBALL.

Big Jack McLean.

St. Louis, Feb. 6.—Big Jack McLean, the Cambridge (Mass.) catcher of the St. Louis Browns, has been traded to the Boston Doves in return for pitcher Thelma. McLean is a giant and made many friends here when he was with the Boston team. He was with the Boston team when he was with the Boston team. He was with the Boston team when he was with the Boston team.

TENNIS.

Tennis Championship.

Tuxedo, Park, N. Y., Feb. 11.—The sixth annual tournament for the Squash championship of America, opened today at the Tuxedo Tennis and Racquet Club with an entry list of twelve, representing many of the leading squash clubs of this country and Canada. Following are the scores: Preliminary round: H. Finck, N. Y. R. & T. C., beat G. I. Scott, T. & R. C., 12-1, 12-0. E. Hale, N. Y. R. & T. C., beat Austin Potter, Boston, R. & T. C., 12-2, 12-1, 12-10. Jay Gould, Lake Wood, beat Wm. Post, N. Y. R. & T. C., 15-1, 15-7. C. Clark, N. Y. R. & T. C., beat S. G. Averell, N. Y. A. C., 15-3, 15-6. First round: W. Adams, Rockaway Hunt Club, beat N. Lavote, Quebec, Garrison Club, 15-1, 15-4. Roland Malloy, N. Y. A. C., won by default from F. F. Carey, Tuxedo, T. & R. C.

ATHLETIC.

A New Record.

Boston, Feb. 13.—A new indoor record for the forty yard dash was made by W. D. Eaton, of the Cambridgeport Gymnasium, at the meeting of the Boston Athletic Association, Mechanics' Hall, Saturday night. Eaton's time was 24 seconds one fifth of a second better than the previous record. In the relay Harvard met her old rivals, Yale and Pennsylvania and lost each. The forty yard dash invitation brought together a number of college men. Eaton jumped to the front and won his heat with little difficulty and in the final with fine burst, crossed the mark nearly a yard ahead of his nearest competitor, McCarty, of Georgetown, record time of 4 2/5. Another

performance was in the forty-five yard handicap high hurdle race, Casleman of Colgate, with a four foot handicap, winning in the fast time of six seconds.

Another Rhodes scholar at Balliol was Mr. Rose, son of Rev. Dr. Rose of Hamilton, formerly of Ottawa. Dr. Rose is well known in St. John where he has preached anniversary sermons, and his son was the leader of his class in McGill University. He is a big fellow and a fine athlete.

Dr. Parkin said that no arrangement had been made for him to take up the position of colonial editor of the Times. He does not know as yet whether he will be able to give much attention to newspaper work in future.

While in the city Dr. Parkin will stop with W. S. Fisher, and will leave for England tomorrow, via New York.

YACHTING.

Seven Yachts Entered.

Mr. Allison V. Armour, of the committee in charge of the transatlantic yacht race for Emperor William's cup has suggested three modifications in the conditions of the race which have been accepted by the Emperor's representative, Rear-Admiral Von Sodenbren, and representatives of the Imperial Y. C., among whom are Professor Builey and Count Van Hahn. It is now agreed that the start shall be on Tuesday, May 14, instead of on May 15, that the yachts must be more than eighty tons net register, instead of 100 tons, and that auxiliary yachts, although required to remove their propellers before starting, may have them on board during the race instead of leaving them in care of the committee. The limit of 100 tons was lowered to admit the entry of the schooner yacht "Fleur de Lys," of 95 tons, owned by Dr. Lewis A. Stimson, of the New York Yacht Club. Lord Brassey's old "Sunbeam," which has long demonstrated her cruising qualities, having been around the world two or three times, will probably enter, and the "Rensburg," owned by the yacht "Hamburg," has decided to also race her. It is likely that there will be two British contestants, the "Valhalla," owned by Col. the Earl of Crawford, and the "Sunbeam," and probably five American yachts.

DR. GEORGE R. PARKIN TALKS ON RHODES SCHOLARSHIPS.

He Will Arrive in the City Tonight From Moncton, Where He Conferred With Dr. Allison in Reference to a Representative From Bermuda.

Dr. George R. Parkin will arrive in the city tonight from Moncton where he went on Saturday to confer with Dr. Allison of McGill University in reference to the Rhodes scholarship for Bermuda. It seems that the Bermuda government, which has the right to choose the Rhodes scholar, has referred the matter to the Rhodes trustees. There are two applicants for this scholarship—Smith, who is studying in England, and Arthur Motry of this year's senior class at McGill University. The object of Dr. Parkin's conference with Dr. Allison was to collect information in regard to Motry's qualifications for the scholarship.

GOLF.

Golf Invention.

The latest English golfing invention relates to golf clubs, particularly to those of the "putter" type and has for its object increasing of the accuracy of the blow, says "Golf Illustrated." The face of striking surface of the club as heretofore constructed has been made flat, but according to this invention the club face is concave curved so that preferably the face becomes part of a circle. The radius of the curve may vary in accordance with requirements and it may be convenient to employ more than one curved surface suitable for use with different shafts. The head of the club may be formed of wood or metal and curved through out, being the same or approximately the same thickness at any point or the thickness may vary according as it may be found desirable to distribute the weight and to get the required balance.

MISCELLANEOUS.

Auto Racing.

Havana, Feb. 12.—The first international automobile run in Cuba was won today by car owned by a Cuban, E. K. Conill, and driven by a Cuban, Ernesto Carriabarran. The race was won by Conill in 37 minutes and 24 seconds. Carriabarran's time over the course, which was 100 miles, was 40 minutes and 15 seconds. The race was held on the Havana-Havana road, which is 100 miles long. The race was won by Conill in 37 minutes and 24 seconds. Carriabarran's time over the course, which was 100 miles, was 40 minutes and 15 seconds.

THEORIES ABOUT FOOD.

We hear much nowadays about health and hygiene, about diet, about vegetarianism and many other things along the same line. Restaurants may be found in the large cities where the most, pastry or coffee is served and the food crank is in his glory, and arguments and theories galore are advanced to prove that most was never intended for human stomachs, and almost make us believe that the food of our ancestors who lived four score years in robust health on roast beef, pork and nutmeg was grossly ignorant of the laws of health. Our forefathers had other things to do than to worry about the food they ate. A warm welcome was extended to any kind of bacon to accords. British contestants, the "Valhalla," owned by Col. the Earl of Crawford, and the "Sunbeam," and probably five American yachts. Detroit, Mich., Feb. 10.—Members

of the yachting committee of the Country Club are discussing a proposition to build a 30-foot "Canada" cup class boat, after the design of George Wilds. Mr. Wilds proposes not to charge one cent if the boat does not prove the fastest triboiler in the American fleet. It is possible that the project may develop into a full fledged one to have Detroit represented in the great contest.

—Bessie. "How do you and Harry get along?" Nettie. "Oh, he's awful! He brought some caramels one night, and when he asked me if he was glad he did, I told him I'd prefer pop corn."

—Bessie. "And what did he say to that?" Nettie. "He didn't say anything; but the next evening he came and brought a lot of pop corn with him! I was so provoked I could hardly treat him decently, the stupid!"

—Bessie. "How do you and Harry get along?" Nettie. "Oh, he's awful! He brought some caramels one night, and when he asked me if he was glad he did, I told him I'd prefer pop corn."
