

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 4, 1913.

The St. John Evening Times is printed at 27 and 29 Canterbury Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

THE WAR NEWS.

The British have made some further gains in France, and the French have captured a blockhouse and some entrenchments. These gains are important because they follow the splendid achievement of a week ago, and prove the growing power of the Allies along the western front.

Young men should not forget the recruiting meeting at the corner of Mill and Union streets this evening. Capt. McCaskill aptly describes the Germans, Austrians and Turks as "the incorporated and consolidated murderers of Europe."

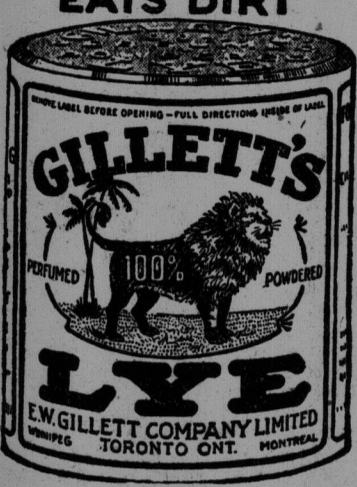

The bad weather in France and Flanders is coming. Do not forget the comforts for the Canadian soldiers, which are gladly received and sent forward free of charge by the Soldiers' Comforts' Association.

The citizens of St. John regret very deeply the news that Lieut. F. Morton Smith is missing, and the universal hope is expressed that he may yet be safe. He was one of those who sacrificed much to enter the king's service.

Today's cables indicate very clearly that events are shaping up for important developments in the Balkans. Apparently Germany has decided to strike a blow in that direction for the relief of Turkey.

The German use of poisonous gases did not have the desired effect. They tried liquid flame last week, with no better success. Their most devilish ingenuity is not a match for the courage and skill of the British and French, who resort to such devices.

GILLETTS' LYE EATS DIRT

LIGHTER VEIN.

"Be careful, sir, be very careful—and remember that you are on oath!" ominously said the pince-nez young attorney, whose brow bulged like the back of a snapping turtle.

"I'm in trouble with my girl," said the first youth disconsolately to his friend. "You admit you overheard the quarrel between the defendant and his wife?"

"Yes, sir, I do," stoutly maintained the witness. "Tell the court, if you can, what he seemed to be doing."

"He seemed to be doing the listening," Harper's Magazine.

There is an innate sense of justice in human beings which rebels at seeing one person punished for another's fault.

The adjutant was lecturing to the subalterns of the battalion. "In the field," he said, "it is now incumbent upon an officer to make himself look as much like a man as possible."

Every one laughed. "That I mean," he explained, "as much like a soldier as possible."

Who will help to provide music at the recruiting meetings? Bulgaria must decide very soon. It is now a matter of hours.

It goes without saying that the Patriotic Auction is the social event of the week in St. John. Also it should be a most successful business event.

The county valuers have discovered larger sources of municipal revenue. The county is also to pay a fairer proportion of the total. The labors of the valuers have not been in vain.

Sir John French says, "The operations of the British forces have been most successful, and have had great and important results." This statement by the field marshal is the most cheering we have heard for some time.

The great offensive of the Allies on the western front now is well into the second week and seems to be maintained stoutly and with success. The war news continues to be more cheerful than for some months past.

ALL READY FOR GREAT AUCTION

Opening Cup of \$50,000 Campaign Tonight

ST. ANDREW'S RINK, 7.45

Delivery Arrangements Have Been Added to the Preparations—You Can Buy Almost Anything and Bargains Are All Around You

Everything is ready for the patriotic auction tonight. Who is going to buy the patriotic pumpkin? Well, it's the same in appearance and other respects as any other of its kind, but tonight will show what causes the little patriotic to be applied—through the patriotic pumpkin being placed in auction in St. Andrew's rink at 7.45 p. m. Mayor Frink, more than \$100 will be had for the patriotic pumpkin. How much will you bid? Immediately following the sale of the pumpkin, auctions will be opened in various parts of the rink on various classes of staples. The week of bargains will be started. The \$30,000 auction will be on!

The Opening

With their usual thoughtfulness, the City Council have had the necessary arrangements for every night this week in connection with the auction. They will form up in King Square about 7.15 o'clock. His Honor Lieutenant Governor Wood will officially declare the big movement in aid of the patriotic fund, open. The band will play the national anthem, Mayor Frink will place the first article in auction and the bids will be called for on various household commodities from all parts of the rink. Among the articles to be sold tonight will be a few of those new electric table lamps made especially for the auction at a cost of between \$15 and \$20 by James Fleming, manufactured from aluminum shells. There will be various other things of usefulness and value of special attention tonight, being directed to groceries, provisions, dry goods, furniture, drugs, drug sundries and crockery. And you all prepared to bid? Pick out what you want—then buy it. Then get ready for the things that you want for household purposes that you cannot find at the auction.

Delivery Arranged

For those who do not attend to the matter themselves arrangements have been made with the White's Express Co. whereby very large quantities of goods will prevail on goods delivered from the auction. Ten cents will be charged for the first and five cents for each additional package from St. Andrew's rink to any part of the city, with ice bags on all packages to be sent to St. John's. Delivery will be charged for barrel delivery from the Queen's rink, while for any special articles other agencies can be arranged. The prices are exceptionally low, and if the buyers choose they can take advantage of them or have other transporters do the work.

Professional Auctioneers

For the auctions to be held beginning tomorrow in both the Queen's and St. Andrew's rinks, professional auctioneers will be engaged, but for the opening tonight it has been decided to have the sale conducted almost entirely by four local professional auctioneers, R. F. Potts, L. Webster, F. J. Lantlan and Commissioner F. L. Potts. They will keep things moving from the time of the sale of the patriotic pumpkin by the mayor until 10 p. m. Tomorrow morning at 11 o'clock a sale of country produce, vegetables, fruits, etc., will be conducted in the Queen's rink, lasting until 12 o'clock, and resuming from 8 to 4 p. m., and from 8 to 12 p. m. in St. Andrew's rink the auctions tomorrow will commence at 2 and continue to 5 p. m., and be continued in the evening from 7 to 10 p. m. Live stock will be auctioned on Wednesday at 8 o'clock in the Queen's rink, and a handsome seven-passenger Cadillac touring car at 4 o'clock. Other special sales will be announced later.

Everybody's Going

Be early tonight! There's going to be a very large crowd present. And try to be on hand early for every sale. Watch for special hours on certain fixtures, to be announced tomorrow. It is going to be one solid week of bargains—no one can afford to stay away. Housewives will be interested in the announcement that a continual sale of home-cooking fresh daily, will be conducted by the Daughters of the Empire, while the same is true of fancywork. The booths to be found in St. Andrew's rink. The women will also have soft drinks and ice cream on sale in a booth erected for the purpose. The rink today possesses a most attractive appearance, with the various classes of merchandise, nicely assorted by the departmental managers, and with flags and bunting arranged about the walls by Capt. A. J. Mulcahey.

The Patriotic Fund

Every dollar, every cent you spend at the auction will go to the Patriotic Fund. It makes not a particle of difference whether your purchase is small or great—the proceeds will go to the same worthy object, and it is to be especially borne in mind that while this is a patriotic movement it does not follow that any article of merchandise is expected to bring more than it is worth. There will be bargains in all lines of goods, you should be present to get your share, and by so doing, by bidding your own prices you render service to yourself, you help the dependents of the patriotic fund, and you "do your bit" towards that \$50,000. Anything you want to buy? Get ready now to bid!

SUBMARINES CROSS FROM CANADA TO GIBRALTAR

Four submarines have safely crossed the ocean from Canada to Gibraltar under their own power. The parts were made in the United States and shipped to Montreal where the craft were assembled in the St. Lawrence yards. After thorough tests they started, conveyed by the cruiser Canada and the converted cruiser Calgarian. They made their way to St. John's Newfoundland where freight supplies were taken on board, and thence set out for Gibraltar. Provision had been made to tow them if necessary but this was not needed.

All this week—the patriotic auction!

INSECT'S BITE CAUSES DEATH

Miss Hallock Was to Have Been Married and Had Just Completed Trousseau

New York, Oct. 4.—Miss Claire Burnett Hallock of Smithtown Branch, L. I., who was to have been married on last Tuesday at the home of her mother, Mrs. Anna B. Hallock, to George Louis Py, Jr., a bank clerk of Brooklyn, died last week in Dr. Ross' Sanitarium at Brentwood.

The cause of Miss Hallock's illness mystified Dr. Turrell, the family physician, and Dr. Ross. Finally they found a red mark on the back of her neck that led to an explanation. The physicians announced that she died of anaphylaxis, a special form of death caused by the bite of an insect. It is a rare disease here.

She was taken ill just after arranging her trousseau. She complained of fever and dizziness. Dr. Turrell found her in no pain, but with constantly increasing weakness. He called Dr. Ross in consultation, and she was taken to the latter's sanitarium.

The best efforts of the physicians could not stay the poison from permeating the girl's system, and when it became apparent that she must pass into a coma Mr. Py was notified and got to her bedside only in time to speak a few words.

FOOD SOURING IN STOMACH CAUSES INDIGESTION, GAS

Wonder what upset your stomach—was it the food you ate? Well, don't bother. If your stomach is in a revolt; if sour, gassy or upset, what you just ate is the culprit. It's the food that is souring in your stomach, and it's the food that is causing the indigestion, gas, head aches and other troubles. It's the food that is causing the indigestion, gas, head aches and other troubles. It's the food that is causing the indigestion, gas, head aches and other troubles.

"Pape's Diapiesin" Ends all Stomach Distress in Five Minutes

Millions of men and women today know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a danger instead of a help, remember the quick, surest, most harmless relief is Pape's Diapiesin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

COUNTY WILL PAY BIGGER SHARE OF TAXES UNDER THE NEW VALUATION

The report of the county valuers, to be presented to the municipal council tomorrow, will show an increase in the valuation of about \$18,000,000, the total being about \$50,000,000. As most of the increase has been found in the county it is expected that this will make the proportion of taxes to be paid by the county about sixteen instead of twelve per cent, as in the past, the balance being contributed by the city.

DISMISSAL OF SIX FOR HAZING

Midshipmen at Annapolis Naval Academy Must Learn How To Obey

Washington, Oct. 4.—Dismissal of six midshipmen, suspension of four others one year without pay and the demotion to the next lowest class of fifteen others was announced by Secretary Daniels as the result of the recent hazing investigation at Annapolis Naval Academy.

Those dismissed are Robert S. Lamotte, first class; David Glick, second class and Alexander R. Bolling, Charles B. Tulley, Edward H. Hill and Dwight C. Cook of the third class. The Navy Court, which investigated the charges, recommended the dismissal of nine.

Secretary Daniels issued the following statement:

"This action is taken with the determination that hazing of all kinds is to be ended at the naval academy. There is no room at the academy for any man who cannot obey the law of the United States Congress. It has been estimated that it costs \$12,000 to educate a man for the navy. In the navy the first duty is to obey orders. If, at the academy, a man cannot obey the orders of the superintendent and an act of congress, he demonstrates that he lacks the first and essential quality required for a naval officer.

These midshipmen are not punished as a deterrent to the others, but for their own sins. But all others at the academy will take notice that hazing has ended. If there is any midshipman at the academy who is resolved to violate the law against hazing, he should separate himself from the service. If any one supposes that violation of the law is to be condoned he will find that dismissal is sure to follow."

In all the 1915 years of the Christian era there have been only 240 without wars. Seven millions of men have died in battle since that time.

RECRUITS WANTED—ARMY SERVICE CORPS

Recruits wanted to join the Army Service Corps of St. John (Home Service). After a sufficient number have been enrolled, a course of instruction, lasting six weeks, will be opened at St. John. This will consist of night classes, so as not to interfere with the daily employment of the men.

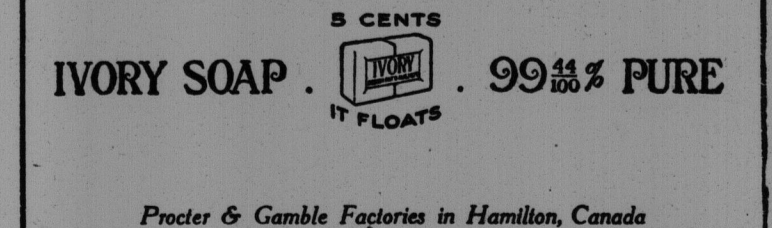

Men who join this unit and attend this school will, in all probability, get a chance on overseas service at a later date, if desired. Applications will be received by F. T. Barbour, of G. E. Barbour Co., Ltd., or the undersigned,

H. R. GUNTER, Lieut., Chief Commanding, No. 7 Co., C. A. S. C., Fredericton.

PATRIOTIC FEATURES ADD TO INTEREST THIS YEAR IN THE LOCH LOMOND FAIR

Dance To Follow and Their Will Be Music and Speeches

The patriotic features of the Loch Lomond agricultural fair, always a popular event on its own merits, are arousing additional interest in this annual institution this year. The fair will be held on the afternoon of Wednesday, October 13, and will be followed in the evening by a patriotic dance, the proceeds of which will be devoted to the funds. The Carleton Cornet Band have volunteered their services and will furnish music both for the fair in the afternoon and the dance in the evening.

TO MEET IN CONNECTION WITH PATRIOTIC FUND

While it is expected that the Patriotic Fund will be considerably augmented by the Patriotic Auction, further financial assistance will be required to provide funds to meet the growing demands of the war. A campaign for this purpose will be inaugurated soon after the close of the Patriotic Auction. A meeting of the delegates of the several organizations that will take up this work is called for 8.30 tomorrow afternoon at the Board of Trade rooms, to arrange the necessary plans.

ESTATE VALUED AT \$16,900

The estate of the late James S. Creighton of Woodstock was sworn in at the sum of \$16,900, and left in trust to brother-in-law, Charles Mackinlay, of Halifax. After several small bequests, the widow was left \$2,000 and also the income of the residue of the estate during her lifetime, after which it is left to the children of his niece, Mrs. Wiley, of Halifax.

Is Your Milk Supply Drawn From Clean Cows?

Much of the sediment in milk is due to the uncleanly condition of cows, and carries with it, too often, the germs of disease which milk especially, multiply with alarming rapidity. In the light of these facts, therefore, it rests with you, as apparent, to learn something of the source of your milk supply.

Conscription Must Come If More Men Do Not Volunteer

Archdeacon Raymond compared the struggle through which recruiting had come in Canada with those which marked the progress of the raising men for the Civil War in the United States. There was no difficulty in getting men; they had to offer bounties as high as \$700, but later they had to resort to raffles. Riots broke out in New York. It is true, but the solid sense of the country recognized that it was the only thing that would meet the huge demands.

McCaskey stated that when the men came back they would dictate to any of the political parties what should be the pensions of the wives and children of the men who had fallen by their sides. Captain Harrison's Appeal. A rousing recruiting meeting, the first to be held, was held at the extended rooms at the corner of Union and Mill streets on Saturday night. The chief speaker was Rev. and Hon. Captain T. Harrison, chaplain of the 64th battalion. F. J. G. Knowlton presided. H. A. Thompson also spoke. Rev. Mr. Harrison said: "I am here tonight in the first place to try and obtain recruits for his Majesty's forces, and to talk with you concerning this great war. I feel quite sure there is not a man in this room but will agree with me that as an Empire we did not seek this fight, and I am quite certain that you will all agree and agree satisfied that it is a righteous war."

CENTENARY RALLY DAY OF PATRIOTIC NATURE

Members of Sunday School on Foreign Service Are Honored—A. M. Belding, Speaks of Loyalty. The young men from Centenary congregation who are at the front were remembered yesterday afternoon at the annual Sunday school rally, when special reference was made to them by Rev. Mr. Belding, rector of the church. In three cheers, reverently given, with a prayer that God may have them in His keeping, the services opened with a patriotic character, in the hymns and responsive reading, and the orchestra, led by Morfon L. Harrison, played national airs. The superintendent, J. E. Arbuth, presided, and had on the platform with him Rev. Mr. Belding, Mr. Belding, A. M. Belding, and Mr. Myers, who is the superintendent of a Methodist Sunday school in Edinburgh. Mr. Belding delivered an address on Loyalty, defining the term in its broad sense, and then dealing with that phase which finds expression in faithful devotion to our country. The speaker considered the reasons why British subjects are loyal and should prove it by sacrifice in the present crisis. He pleaded for an intelligent loyalty, based on knowledge of world history, and of the principles for which the British Empire stands, and which are in the minds of the true patriot when he sings God Save the King, or offers his life to ensure the safety of the Empire, British and German alike, and conduct were contrasted, and the hope expressed that when the war is over the lessons now being learned will not be lost, but that loyalty will find expression in devotion to every task of the reconstruction period, making for the higher life of Canada and the Empire. Judge Knowles gave a very interesting review of the history of Centenary Sunday school. It was a branch of the old German street Methodist Sunday school, which at its last meeting before the new one was opened had more than 400 scholars and teachers in attendance. The first Centenary church was built in 1830, and the Sunday school opened in 1840. There are still living four members of that school. To one of them, Mr. Godwin, special reference was made yesterday. Judge Knowles told of the destruction of the first church in 1871, when nearly every pewholder also suffered severe loss. The present structure was opened in 1878, and a new phase of the school life began. Reference was made to John E. Irvine, H. J. Thorne, John Hutchings and other well known citizens who had filled the office of superintendent, and to the interest manifested in music, temperance, mission and other activities by the school, which is now entering upon a new season's work with large attendance and bright prospects. Mr. Myers conveyed greetings from his Edinburgh Sunday school, which is so large that both morning and after-noon sessions are held, with afternoon classes for adults. There are twenty teachers in the primary department. Less attention has been paid in the old country than in Canada to Sunday school work, but the interest is growing. Mr. Myers is a Canadian who has spent five years in Edinburgh. He noted the fact that one of Rev. Mr. Belding's sons, who he saw present, had been born in what was also his own native town. The meeting closed with the National Anthem and the benediction by the pastor. At 5:30 the Young People's League entertained their friends in the church parlors with refreshments and music. Yesterday was therefore a notable day at Centenary.

MRS. SMITH'S NEW VERSE FOR NATIONAL ANTHEM At a meeting of Royal Standard Chapter, I. O. O. F., held on Friday evening at the home of Mrs. A. P. Crockett, King square, committees were appointed for the various sessions of the patriotic auction. The chapter was unanimous in that a request be made to have the following verse sung after God Save the King: God save our splendid men; Send them safe home again; God save our men; Send them victorious, Patient and chivalrous, They are so dear to us, God save our men. It was decided, also, to observe in some special way Alexandra Day, December 1. An appreciative letter was read by Miss Travers, the secretary, from Lieut. Col. Kirkpatrick for the songs and reading matter sent by the chapter to his men at Valcarlos. Anything you want to buy? You'll find it at the patriotic auction. Fires are so scarce in Holland that the city of Rotterdam with a population of over 400,000 has practically no fire departments, while the numerous canals offer an ever ready water supply to fight any fires which might occur. Bargains in everything—at the patriotic auction.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs." Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicate "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach; and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs." Its action is positive, but gentle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt. Six days of calomel in any line of goods you choose. Buried on Sunday. The funeral of Mrs. Ann Palmer took place yesterday afternoon at 2:30 from the residence of her son, Thomas, 145 Durham street, to St. Peter's church. Burial services were conducted by Rev. Father O'Hare, and interment was in the new Catholic cemetery. The funeral was attended by a large number of friends. Sons and grandsons acted as pall bearers.

MARCHAND AT HEAD OF COLUMN, CAME IN HAND, WHEN HIT Paris, Oct. 4.—Brig. Gen. Marchand, when he was wounded in the fighting in the Champagne district, was marching at the head of a column with a walking stick in his hand and a pipe in his mouth, according to a young colonial infantryman who was beside him when he fell. "Our division was quartered between Perthes and Souain when we received the order to prepare to attack at 9:30 o'clock on Saturday morning," said the infantryman. "At this moment, amidst a hail of bullets, Gen. Marchand appeared. After making us a short speech, which we didn't hear because of the roar of guns, our chief stepped to the head of the column, came in hand and pipe in mouth, and marched off towards the enemy like a simple officer at the head of his company. "Our colonial division, with a Moroccan division, brigades of Zouaves and the Foreign Legion, formed the first

GERMANY'S DISAVOWAL MAY YET BRING RUPTURE WITH UNITED STATES Washington, Oct. 3.—Germany has failed to satisfy the request of the United States that the sinking of the Arabic, with a loss of American lives, be disavowed and liability for the act assumed by the imperial government. This became known after a conference tonight between President Wilson and Secretary of State Lansing at which the latter submitted a note given him yesterday in New York by Count Bernstorff, the German ambassador. While the situation has improved to the extent that there is no danger of an immediate break in diplomatic relations, as the note affords an opportunity for further negotiations, it was stated reliably that final refusal by Germany to meet the American viewpoint on the Arabic case might bring about the threatened rupture.

WHO IS TO BE NEXT NOVA SCOTIA GOVERNOR? THREE NAMES ARE HEARD Ottawa, Oct. 4.—The Lieutenant-Governorship of Nova Scotia will not be filled before the middle of October. The appointment is the personal prerogative of the premier, and the more so in this case as the vacancy occurs in his native province. Sir Robert has not indicated his choice but Senator David McKeen is prominently mentioned in connection with the position. Others are Hector McInnes, K. C., and John Stanfield, M. P. Chicago, Oct. 8.—In the tightest league race ever staged the Chicago Federals narrowly won the flag by winning the second game of a double-header from Pittsburgh, after having dropped the first game. Three runs in the sixth inning of the second game, however, settled the ownership of the emblem. The enormous crowd went wild over the victory. The Federals were Pittsburgh, 5; Chicago, 4; Pittsburgh, 0; Chicago, 8. The first game went to eleven innings, while the second was called after the visitors' half of the seventh inning. The league race was in doubt until the final game was played today, as for weeks past there had been a constant shifting of positions on the part of Pittsburgh, Chicago and St. Louis, the Missouri city not being eliminated until yesterday, when a defeat by Kansas City put it out of the running. The three teams finished with only a little over three points separating them.

SAYS ST. JOHN BOYS IN FIRST CONTINGENT SEEM TO BE FORGOTTEN

No. Receiving Anything in The Way of Comforts From The Home Town

A suggestion that steps might be taken to keep in mind the St. John men who went over with the 12th Battalion in the first contingent, and who went to the front at reinforcements for other battalions is given in a letter from Private Fred Edwards, now with the 15th Battalion (4th Highlanders). Edwards says he needs nothing for himself, as his father, to whom the letter is addressed, looks after his comfort, but says there are at least twenty St. John men in his own battalion, to say nothing of the others scattered elsewhere, who never receive from their home town any of the little comforts which go so far towards brightening the life of men in the trenches. Portions of the letter are as follows:
 "We came out of the trenches last night and are in a rest camp for a few days. We have pretty good times when we are out of the trenches, we have all games every day and concerts nearly every night, and they are fine. We have a dandy ball team and best pretty well every team we play.
 "Do you know, Dad, I have often wondered if the people of St. John have forgotten the boys who left with the first contingent, because they never seem to think of them when they have anything to send to the troops. It is all sent to the second contingent in England, and the boys of the first, who are scattered among the different battalions at the front get nothing. It is not that I want anything, for I get all I want from you at home, but I know of at least twenty St. John boys who have not received a single thing from St. John since they left. In fact there has not been a single thing sent to any of the boys who first left St. John by any of the societies, as far as I know, except some chocolates at Christmas, while the 20th have all they want sent to them for the asking.
 "I think it is a shame the way they have been forgotten, just because they have been broken up and scattered among the different battalions."

SUPERINTENDENT WOODS OF MUNICIPAL HOME PASSES AWAY

In Other Days Prominent in Athletics and in the Polymorphian Club

The many friends of Edward C. Woods, for many years superintendent of the St. John Municipal Home, will learn with regret of his death, which occurred at an early hour this morning. In early life Mr. Woods was one of the best known athletes in the city. He was a splendid specimen of physical strength, and excelled in many sports. For many years he was a member of the crack four-oared crew of the Neptune rowing club. Other members of this crew were J. McKelvey of H. M. Customs; Albert A. Winchester, superintendent of streets, and the late Dr. DeVeber. Mr. Woods was prominent in many keen contests at a time when aquatic contests were wont to arouse general enthusiasm in St. John.
 Mr. Woods was also an active member of the famous Polymorphian Club, which led in the celebration of the one hundredth anniversary of the landing of the Loyalists, in 1888. On this occasion he was chosen, on account of his fine physique, to be the Indian Chief who, at the head of his tribe, welcomed the exiled Loyalists to their forest-clad homes.
 Mr. Woods was in every sense of the word a "good comrade." His heart was as big as his body. He was at the same time a man of excellent executive ability. Called at a very early age, on the death of his uncle, William Cunningham, to fill the difficult and responsible position of superintendent of the Municipal Home, he has discharged the duties which devolved upon him with marked ability and fidelity. Everything connected with the management of the institution down to the compounding of the doctor's prescriptions passed under his hands. He had the satisfaction of seeing the institution develop under the progressive policy of the commissioners into one of the best conducted municipal homes in the dominion. The duties of his position of late confined his attention largely to the work of the institution. His kindly nature nevertheless made him always a welcome member of any society which he was a member of.
 In addition to the athletic organizations with which in early life he was connected, he belonged to several other societies, and was a member of Albion Lodge of the Masonic fraternity. He leaves his wife, three sons and one daughter to mourn his loss. The sons are: E. Lorraine, Gordon D., and Douglas B., and the daughter, Miss Annie G. Two brothers and one sister also survive. They are Fred and Frank Woods, of Boston, and Mrs. Shannon, also of Boston. The warm sympathy of a large circle of friends will be extended to all in their bereavement.

MRS. DUVAL CANCELLED SAILING TO WAIT FOR MRS. CORBET; COMING TOGETHER

Mrs. J. L. Duval, who was to have sailed from England with her family recently, cancelled her passage, but in a letter received by friends here on Saturday, announced her intention of starting soon again in another steamship. The chief reason for the delay was that she might wait for her sister, Mrs. Corbet, who is in England on a visit to her husband, Captain G. G. Corbet, M. D. They intended to leave together.
 This will be Mrs. Duval's second attempt to return, as she left the old country on the ill-fated Hesperian with the body of her husband, Major Daval, which was lost when the steamer was torpedoed. She then returned to England until other arrangements could be made.

SYRIANS OF CITY SUBSCRIBE \$100 TO PATRIOTIC FUND

The Syrians citizens of St. John, who have already shown their patriotism by giving several of their members to the first contingents, and who now have another volunteer in the 44th, have again shown their willingness to share the burdens of the war by a substantial contribution to the Patriotic Fund. None in St. John follows the war news with more interest or is more deeply interested in the success of the Empire than the Syrians of the city. As a testimony to their practical interest they met yesterday and discussed the claims of the Patriotic Fund. The suggestion for a contribution was enthusiastically received, and in a short time the sum of \$100 was subscribed and the money was turned over to C. B. Allan this morning.

ECHO OF THE RAID ON THE LUMBERMEN

(Chatham World)
 The government, it is understood, has cancelled the order-in-council which provided that no increase in stumpage should be imposed for ten years. The passing of the order, it is asserted, was demanded by land lessees as the price of their contributions to the Flemming-Berry campaign fund, and there is great indignation at its repeal, especially as the men who were led by Mr. Flemming have received only half their money back.

WIDENING OF MILL STREET MATTER NOW BEING TAKEN UP

Mayor and Commissioner in Conference With C. P. R. Superintendent—An Idea of the Plan

Negotiations between the city and the C. P. R. with a view to taking over a strip of the railway property in Mill street for the purpose of widening the street have been begun. Several weeks ago a committee was appointed by the common council to deal with the matter, and on Saturday Mayor Frink and Commissioner Potts met H. C. Groat, general superintendent of the C. P. R., to discuss the plan. At the close of the conference the mayor said that satisfactory progress had been made.
 It is understood that the plan in view to secure a strip fifteen feet in width, of the C. P. R. property running from the corner of Main street to the boundary of the I. C. R. property opposite the union station, and the same from the I. C. R. This would give an opportunity to widen the street for the entire block which is now one of the most congested in the city.
 An alternative scheme which has been suggested would include the expropriation of the land occupied by wooden buildings on the eastern side of Mill street from the corner of Paradise row to the I. C. R. station, and allowing the property to be used in use as needed, when a strip might be secured from the face of the I. C. R. property in front of the station to make the widening of the street complete.

ARMY SERVICE CORPS FROM HERE AT LEAST TEMPORARILY SPLIT UP

Thought They Would Come Together Again When Property Established in France—Letter From Private Allaby

The members of the Army Service Corps, who left here last spring and have since been in training in England, are the time being at least split up. A letter received today from Pte. K. S. Allaby, formerly of North End, said that the members of the regiment, various units of the second division, he and some others are temporarily attached to the 1st Central Postal Directory Headquarters Staff. Whether this arrangement would continue after they reached France was not definitely known, but it was thought that on arrival across the channel, once lines and best known members of the unit would be brought together again. The working of the whole divisional train, it is thought, would be the same as that of the St. John boys would be a headquarters company, and the other three companies working in the same way.
 "I left the boys of No. 5 Company in a spirit of restlessness," wrote Private Allaby, "and wanted to get to the front. They wanted to get across to France or better still to 'Somehow in Germany,' and then saw Scotland, we expected to meet soon on French soil. This is September 20, and we are all prepared to break up and go to the front. We are anxious to show what their training has brought, to test their efficiency in the broader field of service."
