MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., FRIDAY, JULY 2, 1920

**A HUNGRY WORLD.**  
(Toronto Globe.)  
Predictions of a surplus or sufficiency of food based upon fanciful estimates of supplies below the equator are deplored by the British food controller, Hon. Mr. McCurdy. "Every untrue story of a glut of foodstuffs in some parts of the world," he says, "puts some producer out of business for the season, and so reduces crops that would otherwise be available. In this country during 1919 nearly 8,000 acres of land growing wheat and potatoes went out of cultivation because British farmers believed the stories of world gluts and falling prices. The British consumer is paying higher prices

and has less supplies available because of that unfounded optimism."  
If the reports be true that the German crops will be much below normal Europe will have to tighten its belt still more this year. The German food mission has been in Great Britain pleading for help on the ground that without heavy importations Germany will not be able to maintain even the present rations, which are less than half the 3,000 calories a day essential to working efficiency. In the whole of Central Europe the condition is the same. Any possible store in Russia that might be released by agreement with the Moscow government would be speedily absorbed even if the railway equipment could be found to transport it. A hungry world desperately needs the crops of the United States and Canada. Not even during the war was a greater harvest on this continent necessary to the sustenance of Europe than is demanded this year. A

crop in Canada like that of 1915 would be providential for other nations besides the dominion.

Moore's interesting story, "The Silver King" appears along with several other good stories in this issue of Canada's national sportsmen's monthly. **GETTING WOMEN IN FARM WORK**

One Camp in Niagara District Building Special Quarters.

(Toronto Globe.)  
That girls have made good on Ontario farms, filling all sorts of positions, from that of fruit-picker to general farm hands is evidenced in the fact that the farmers are offering inducements to get them on the land again this season. War-time agencies have ceased to operate some of them, while others are turning their attention to different problems, so the farmer has to start out on his own to a great extent, to get and keep his help. The government does not interfere, excepting in case of dissatisfaction on either side.  
To meet the changed conditions many farmers are preparing quarters calculated to attract girls to the country, and they are co-operating to reopen the most successful of the camps run in wartime by the Y. W. C. A.  
A big camp at Fenwick, in the Niagara district, is to be accommodated in a fine new house put up for the purpose, in which the girls will keep house themselves. The farmers are paying the cook and other help and most of them are offering \$2 a day, but are not paying railway fares. In spite of this girls are coming from as far as New Jersey, Detroit and Montreal, to work on Ontario farms. The demand is great and the girls are responding. A good many stenographers are taking their holidays in this way, also many high school girls and W. A. A. C.'s and women of the Land Army, who have come out from England, are entering the work in numbers some camps being made up almost entirely of these women, who have seen war service in England and France, and

BOY SCOUT HANDLES A SWOON CASE EFFICIENTLY.

St. Catharines, Ont., July 2.—A lady who is a guest at the Welland House is selling a pleasant little story in praise of a Boy Scout. The other evening when thousands of people were gathered to see the "Human Fly" scale the walls of the hotel, ending in his falling, several women and girls fainted or became hysterical. A Boy Scout who was in the vicinity where a woman fell over in a swoon at once took charge of the situation with the ability of a veteran. He got the crowd back, and then administered first aid to the woman and she soon recovered. The lady who relates the incident says the Boy Scout handled the crowd and the situation considerably more coolly and efficiently than the average policeman would have done.

SCIENCE PROVES THE DANGER OF BLEEDING GUMS  
Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhoea (a disease of the gums) often suffer from other ills, such as rheumatism, malaria, nervous disorders, or weakened vital organs. Many have been traced in these cases to the Pyorrhoea germs which breed in pockets about the teeth. Four out of five people over forty have Pyorrhoea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the mouth of the infecting Pyorrhoea germs. Guard your health and your teeth. Keep Pyorrhoea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's or the Gums.

Forhan's For the Gums will prevent pyorrhoea—or check its progress—if used in time, and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean. 35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send price to us direct and we will all tube postpaid.

**CIRCUS ENJOYED BY LARGE CROWDS**  
Howe's London Shows on Lancaster Grounds a Feature of Holiday Attractions.

Howe's Great London Shows proved a big holiday drawing card and Clarke's field in Lancaster was a busy spot all day. Afternoon and night a large business was done for the circus always lures. You may have seen a dozen already but when the next one comes you'll want to go to the circus again. Fine weather served to swell the attendance yesterday and favorable reports are being sent to the circus about the numbers who went in the afternoon and the evening patronage. It was a good performance. The menagerie comprises several large elephants, some camels, bear, tiger, lions and other animals and, as always, the kiddies took great delight in feeding peanuts and sweets to the elephants and enjoying something to brag about to their less favored playmates. In the main tent there are two rings and a centre platform programme. The acts are well diversified and include clever acrobats and highly trained animals. The parade opening the performance showed some beautiful horses, which later were seen in their less favored playmates. The ring, dashing cowboys, Arabs, clowns and other circus features. The lady performers are excellent in their work. They present a fine tight wire act, well done aerial exhibition, spirited equestrianism and other acts. An outstanding one was when three swung by their teeth above the platform and whirled around in varied costumes. Their butterfly representation in this act was very taking. A family of man, woman and children ranging down to a lot of two years old proved a great attraction in acrobatic acts, and a company of male tumblers and gymnasts gave a remarkably fine exhibition of pyramid building and rapid handprints. Then there were rolling skating experts, other clever tight rope work, a very good troupe of bicycle riders and a remarkable contortionist garbed as a frog. Living staturary groups were well presented. With the animals, performing dogs, elephants and a donkey gave diversity to the circus programme. Then there were rolling skating experts, other clever tight rope work, a very good troupe of bicycle riders and a remarkable contortionist garbed as a frog. Living staturary groups were well presented. Before the opening hour the latter part of the performance was a society dinner.

**What "luscious" means**  
*The Standard Dictionary says:*  
 "Luscious, lush (adj). Very grateful to the sense of taste; rich, sweet and delicious; hence, delightful . . . to any sense, or to the mind; as, luscious fruit, luscious odors, etc."  
*The Century Dictionary says:*  
 "Very sweet, succulent or savory; delicious; very pleasant to taste; hence, extremely pleasing to any of the senses or to the mind, enticingly delightful, etc."

More than mere "sweetening" is LANTIC Brown Sugar—it's a *luscious* flavour! Pure as LANTIC Fine Granulated, this exquisite and health-giving product of the sun-flooded tropics has in each tiny particle the rich syrupy "bouquet" of the sugar cane.

And this delicious sugar flavour of the cane gives character and flavour to simple, substantial sweets. Very plain cakes and desserts lack zest and piquancy when made with white sugar. That bit of zest, that dash of piquancy—it comes with LANTIC Brown Sugar.

Borden Resigns

Announcement at Party Caucus Yesterday

Hon. N. W. Rowell Tenders Resignation as President of Privy Council.

(Canadian Press Despatch.) Ottawa, July 1.—With the announcement of the retirement of Sir Robert Borden...

Standing out with the retirement of Sir Robert Borden was the choice of a new name of the party. There were many suggestions...

Among the cabinet members there is also an agreement to stand firmly by the man who is ultimately named by the whole of the government supporters.

A significant fact also is that prior to the general caucus the Liberal-Unionists held a gathering in camera and decided to stand by the man chosen by the larger gathering...

On being urged to reconsider his resignation, however, Mr. Rowell promised to consult with his friends and to communicate his decision to the prime minister as soon as possible.

The Tory Platform

Planks Adopted in Caucus Yesterday by "The National Liberal and Conservative Party."

(Canadian Press Despatch.) Ottawa, July 1.—The platform of the National Liberal and Conservative Party founded at the government caucus today, is as follows:

Constitutional. Firm adherence to British connection in full confidence that Canada will find its amplest scope for development, usefulness and influence as a member of the British Commonwealth.

Press Comment. The Montreal Gazette in editorial comment on the retirement of Sir Robert Borden says:

"Sir Robert Borden will go down in history as the great Canadian war minister. He proved himself equal to an occasion that called for courage, patience, confidence and inflexible determination. Not for one instant did Sir Robert waver. His sense of duty dominated him; from the path he marked out there was no turning."

**LOST ON CIRCUIT GAME.**

Some young men of the city who are mourning the passing of a few hard earned dollars as a result of the visit of a circus yesterday, said Commissioner Thornton this morning. It appears that a thriving business was done with a black game which was operated on the grounds, and the commissioner on one or two cases succeeded in having an amount of money refunded to players who had lost. Sergeant Detective Power and Detective Donahue and Biddiscombe were on the grounds most of the day and reported everything fairly quiet.

**AN INTERESTING VISITOR.**

J. David Fraser, who has been spending some time in Nova Scotia will arrive in St. John this afternoon for a three-day visit. He is superintendent and manager of the Welcome Hall Mission, Montreal. Mr. Fraser arrived in Montreal as a tramp, after having spent a large fortune in dissipation. He visited the Welcome Hall Mission, was converted, and made that mission his life-work. Rev. R. Johnston, pastor of the American Presbyterian church recently said of him:—"There has been no greater blessing to Montreal than the coming of David Fraser."

**TO CONSIDER AN  
 INQUIRY IN GEO.  
 CARVELL MATTER**

Further Statement of Interest is Made in Parliament by Minister of Railways.

In addition to what was reported from Hansard last week concerning the case of George Carvell and over which the Minister of Railways, Mr. Reid, the following paragraph appeared in the report:

J. D. Reid—The hon. member also referred to Mr. Carvell. Perhaps the hon. member would take the matter up with Mr. Carvell and see whether the statements I have made would not be satisfactory. If a commissioner were to go to St. John we would require evidence to be taken from the local manager and the whole staff. It would take time to have an investigation. If a commissioner did go, it would have to be distinctly understood that it would only be for the purpose of clearing him from the charge of being implicated in the theft.

Mr. Copp—That's all he asks for. Mr. Reid—I could not possibly agree on any terms to an investigation as to carelessness and so on, with a view to retaining him. I have great sympathy with any man with a family who is lying under a charge, or who feels that his reputation has been injured. A man's reputation is really what he prizes most. No amount of money is to be compared with a man's reputation, and it is only on that ground an investigation could be considered. I have tried to do all I can publicly, by putting a statement on Hansard, to satisfy the people of St. John and Mr. Carvell and his family. I will try and consider the other request the hon. member has made.

**EDITORS EXPRESS  
 APPRECIATION.**

Letter to C. B. Allan, Tourist Association Secretary, from Recent Party of Visitors.

That the members of the National Editorial Association of America, who were guests of the city a short time ago, were pleased with their reception and what they saw here, is expressed in a letter of appreciation received today by Mr. C. B. Allan, secretary of the New Brunswick Tourist Association. The letter is as follows:—

Dear Mr. Allan:—I am glad to hear of the National Editorial Association of America while guests in your community was one of such cordiality and so strongly expressed your feelings of friendship that we wish you to know that we appreciate most heartily the many fine things you did for us.

Your and your committee left nothing undone to make our stay a pleasant one and we carried away memories of St. John that will never be forgotten. Your cordiality in particular has had much to do with giving us new ideas concerning the relations of Canada to the citizens of the States; it has done much towards cementing that friendship which is so closely knit and which will always endure and will grow more intense as time goes on.

Through your zealous solicitude for us and your pronounced endeavor to show us the advantages and resources of the Dominion, we leave for our homes with a far broader knowledge of the industrial and social life in Canada than we possessed before.

We are confident that our sojourn in the Dominion will find more closely knit ties of lasting fraternity between the peoples of these two great countries whose interests are so largely mutual. Though we live under separate flags, may our hearts always beat as one.

Yours sincerely,  
 WILL WILKE,  
 President,

 Secretary,

 POLICE COURT**

The prisoners' box in the police court was not large enough this morning to hold the eighteen persons arrested by the police over the holiday, and it was necessary to utilize the chairs occupied by the spectators. Angus Williams was charged with being drunk and also with destroying bridge property in Douglas avenue. Caretaker Shanks, of the bridge at the Reversing Falls, said the accused destroyed the wire fence. Williams pleaded guilty to both charges and was remanded for sentence.

William McDonald, charged with being drunk and having liquor in his possession other than his private dwelling, pleaded guilty to the drunkenness charge and not guilty to the other. He was also remanded.

Sixteen men charged with drunkenness pleaded guilty and were remanded. The magistrate questioned them and found that they had paid from eighty-five cents to \$14 for the "stuff." One of the numbers was too sick to appear in court.

**UNSELFISHNESS WILL WIN ON JULY 10TH**

Votes of Men and Women Who Are Willing to Sacrifice Their Own Preference that the Province May Be a Better Place to Live in Will Defeat Light Wines and Beers.

The voters of this province will have an opportunity on July 10 to display their patriotism and unselfishness. Many men who are not opposed to beer and liquor will vote for prohibition and against the sale of wine and beer because they know that total prohibition will make this province a better place in which to live. They are going to forget their own preference for the general good. They know that social and economic conditions are improved by the absence of liquor. They know that prohibition is good for every business but the liquor business. They know that a dry province is the best in which to bring up a family. They know that prohibition lessens crime and reduces taxes. They know that in a few years prohibition will be almost general everywhere.—(Adv.)

Eaton's Bootery, Forced to Seek Larger Quarters, Now at 207 Union Street.

We're all out for a bigger St. John and so it is with pleasure that we note expansion of business and industry, one of the surest signs of community growth. Here is a concrete example, which may be accepted not only as instancing improvement in St. John conditions but as a tribute to private business acumen and satisfaction of the people in their trading with the firm referred to.

This is Eaton's Bootery, established only two years ago by Messrs. Max and Morris Koniemsky, at 203 Union street and already forced to seek larger quarters because of steady expansion of business.

The basic idea upon which the business was founded was this: to give to the women of St. John a shoe store devoted solely to their needs, thus affording to them a greater confidence and freedom in making their footwear selections. That this feature has the hearty endorsement of lady shoppers is evidenced in the need of larger quarters for the Eaton Bootery. This they have secured and after today will occupy the store at 207 Union street, next door to their former place of business.

**THE COLLEGE INN CONTINUES ITS ORIGINAL SELF**

Proprietor and Founder Still Pulling the Strings—A New Department.

The article in this morning's paper about the new management of the delicatessen department of the College Inn was doubtless misleading. In fact, the anxiety of many of our customers kept the phones at 105 Charlotte street busy incessantly.

No—there has been no change of the paramount directorship of this new and wonderfully popular store. There has, however, been an appreciable addition to the delicatessen section of the store. That is, the erection of a clubhouse and tennis courts. A large winning raft for the beach has already been procured.

**BUSINESS CHANGE SPELLS PROGRESS**

Eaton's Bootery, Forced to Seek Larger Quarters, Now at 207 Union Street.

We're all out for a bigger St. John and so it is with pleasure that we note expansion of business and industry, one of the surest signs of community growth. Here is a concrete example, which may be accepted not only as instancing improvement in St. John conditions but as a tribute to private business acumen and satisfaction of the people in their trading with the firm referred to.

This is Eaton's Bootery, established only two years ago by Messrs. Max and Morris Koniemsky, at 203 Union street and already forced to seek larger quarters because of steady expansion of business.

The basic idea upon which the business was founded was this: to give to the women of St. John a shoe store devoted solely to their needs, thus affording to them a greater confidence and freedom in making their footwear selections. That this feature has the hearty endorsement of lady shoppers is evidenced in the need of larger quarters for the Eaton Bootery. This they have secured and after today will occupy the store at 207 Union street, next door to their former place of business.

**PARLIAMENT PROROGUES**  
The Principal Measures Passed During the Session.

Ottawa, July 1.—Parliament was prorogued by the government-general this afternoon, after a session lasting rather more than four months. The principal measures during the session were:

The franchise act, increase in pensions, estimate of state insurance for returned soldiers, further provision for soldiers' land settlement, continued authority for the supervision of the marketing of the wheat crop, provision for the naval service, for assistance to shipbuilding and for the air service. Taxation reduced broke fresh ground in the imposition of a new form of taxing luxuries.

Bathurst, N. S., July 1.—At a large and enthusiastic convention of the Liberal party of Victoria held here today today, G. H. Buchanan, who for some years represented Victoria in the provincial parliament.

**News Notes About Prominent Baptists**  
(Maritime Baptist.)  
Rev. T. D. Bell will close his work on the Temperance Yale field at the end of August after four years of faithful and energetic service. As yet he has entered into no further engagement. His address is Pinder, N. B.

Dr. W. B. Hinson was one of the special speakers at a week's conference conducted by the Baptist churches of Vancouver recently. During July and August Dr. Hinson will fill the pulpit of the First church, the pastor Dr. Gabriel Reid Maguire, being absent in connection with Chautauqua circuits in the United States.

Rev. H. L. Kempton, who has been for seven years pastor of the Crescents Heights Baptist church, Calgary, has accepted a call to the church in Salem, Ohio. Mr. Kempton is an Acadia man, class of '00, but his life as a minister has been spent in the west.

Rev. R. S. Gregg has been called to Bear River and will begin his work there on Sept. 1. This will leave the Oromocto field without a pastor.

Rev. J. Harry Puddington is now well on his fourth year as pastor of the church at Springdale, N. S. He also serves the little church at East Dalhousie. The church's appreciation of his ministry may be judged by the fact that the pastor's salary has been raised \$200.

Rev. C. B. Freeman, D. D., has resigned the pastorate of the First Baptist church of Saskatoon, having accepted the position of financial secretary of Brandon College. This adds one more to the circle of Acadia men at Brandon, which now includes President Whidden, Prof. W. H. Wright and Prof. Jos. E. Howe.

A few weeks ago Rev. B. D. and Mrs. Knott were given a pleasant surprise in honor of their fifteenth wedding anniversary. A purse and a bouquet of fifteen carnations were presented.

Here is something new, a moderator of a Baptist church. In a calendar we have received of the Shady avenue Baptist church of Pittsburgh, Pa. H. W. Eastman is so designated. But a study of the document showed that he is a deacon who is acting as general chairman while the church is pastoring. He is a New Brunswicker, born at Forest Glen, and will be remembered that she will be in the maritime provinces in the latter part of August.

In a letter to the secretary of the Canadian Baptist Foreign Mission Board, Miss Flora Clarke of Vianagram states that she has secured passage on the S. S. Herfordshire of the Bibby Line, due to leave Colombo, Ceylon, on July 12, and that she expects to reach England early in August. The date of her departure thence will depend entirely on arrangements for passage to Canada, which Thos. Cook & Son, London, England, are making for her at her request, but it is altogether probable that she will be in the maritime provinces in the latter part of August.

Nearly two months ago we announced that Mrs. Harry E. Stillwell was to sail from Vancouver on May 6 via the S. S. Empress of Asia to bring home to Canada her aged mother who has now been advised by our medical staff in India that it is not advisable, for reasons of health, that she remain longer there. Mrs. Stillwell is in receipt of a cablegram dated June 22 at Viazapatam, saying that Mrs. Stillwell arrived in Madras, India, on June 17. It is more than probable that her traveling companions, Rev. D. A. and Mrs. Gunn, reached India at the same time and that they are now at Tuni, thus relieving Rev. C. L. Timpany and Dr. E. G. Smith of the added burden, they have been carrying, for the three months since Rev. A. A. Scott and family left on furlough for Canada.

**Willed Burial at Sea.**  
London, Eng., July 2.—Because a friend of hers had been lost at sea, Miss De Burgh Lawson, a septuagenarian, left motor boat and lowered into 20 fathoms instructions in her will that she was to be buried at sea. The body, enclosed in an ordinary wooden coffin, with lining of lead, was conveyed to sea in motor boat and lowered into 20 fathoms of water.

cook bridge. Smith was heading for Moncton, from which city he was sentenced for breaking and entering. The other prisoners who made their getaway were William Van Buskirk, Joseph Adams and George McDonald. Jailor Sweeney went to the corridor of the jail for the purpose of looking at the prisoners in their individual cells for the night when without the slightest warning all four of the prisoners sprang upon him. Sweeney was overcome by the combined

attack, was thrown heavily to the floor, kicked brutally in the face and other parts of the body. His face was disfigured and there are many bruises on his body.

### Profit Prospects Based on the Lesson of History

This chart shows the advance of British and French Government credit after the Napoleonic Wars. Observe that its advance amounted to over 20% within two years after Peace was declared and 25% within eight years. It was the same story after the Franco-Prussian War and the American Civil War. It is a fundamental of finance that marked fluctuations in Government securities only occur in times of great international disturbances of a military nature. The disappearance of such disturbances is invariably followed by a rapid advance in price. Further, all great wars are succeeded by a period of economic adjustment during which capital accumulates and seeks investment of the safest character—i.e., Government Bonds—thus bringing an advance in the price of such securities. The conditions of to-day being similar to those existing after the Napoleonic Wars, it is a fair assumption that Dominion Government Bonds will advance in price and return a substantial profit to the investor. The prices at which Government Bonds may be bought to-day are approximately the lowest they have ever been. Eventually they will be much higher.

CARE OF THE CHILDREN

Kitchener, Telegraph Children's bureau have been established in many of the progressive cities of Canada, and the investigations show that large numbers of babies die because of the lack of skilled care and nursing, and whenever this is made available, there are marked reductions in the rate of infant mortality. Up to the present there has not been a children's bureau organized and staffed for mothers to gain information that will assist them to give the proper attention to infants. It is rightly maintained that nothing pays a city better than the welfare work carried on among the children of the community.

"PARSON" DAVIES DEAD IN VIRGINIA

Prominent Sporting Man Who Managed John L. Sullivan and Brought Out Peter Jackson.

Word of Charles Edward ("Parson") Davies, well known in the sporting world, died at Bedford, Va., on June 28. The funeral will be in Chicago. "Parson" Davies was born in Antrim, Ireland on July 7, 1852. He was 9 years old when he was brought to New York with his brothers and sisters by their parents. He remained in New York until he was 19 years old and his parents tried to have him become a priest, but he would not do so.

Before he was 21 he and his brother went to Chicago and soon after entered the liquor business. Then he blossomed out as a manager. He first took John J. Sullivan, in hand. Then he went into partnership with Dan O'Leary. The "Parson" later quit the walk and took up the wrestling. He managed many of the prominent mat artists. He later shifted to the fighters, Jack Burke, the "Irish lad" being the first scrapper he managed. He later managed the great Peter Jackson of Australia. Davies also was manager at one time of Jack Ashton, John J. Sullivan, Joe Choynski and Bob Armstrong. He organized an Uncle Tom's Cabin Company, and Jackson played Uncle Tom, while Davies acted as the lawyer and auctioneer.

He was a man of great nerve and was very popular. He was never married. He was once worth \$200,000 and was extremely generous with his money. In 1898 he was stricken with paralysis, and had been a sick man ever since. It was in his capacity as manager of the famous walker, Dan O'Leary, that he gained the title of "The Parson." The late W. H. Vanderbilt occupied a box in Madison Square Garden, Davies, who had O'Leary in the race, was out on the track attending to and encouraging his man. The clean-cut, classical features, quiet demeanor and excellent taste with which Davies was dressed attracted the attention of the millionaire, and he asked who Davies was. The name stuck to Davies ever after wards.

What Will People Say?

To a certain extent we are always subject to the critical eye of the public. What more noticeable than an ill-dressed man? A man's character can often be read by the way he dresses. He doesn't have to dress extravagantly, but he can dress correctly — by having his clothes tailored-to-order at Gilmour's. Or by purchasing 20th Century Clothes or their other good ready tailored makes. There he is assured of good fabrics, correct styles, masterly tailoring — and genuine economy. Suits to order, from \$55. Suits, ready tailored, \$30 to \$75.

Gilmour's, 68 King St. Tailoring, Clothing, Furnishings. Open This Evening; Close Saturday at 1.

Champion After Challenger. New York, July 2.—Jack Dempsey, world's heavyweight champion, is speeding to New York to force Georges Carpentier, French champion, to sign articles for a battle before the Frenchman leaves America.

Jack Kearns, wiring from Colorado on his trip to the Atlantic coast, says Dempsey is a boxing champion. He wants to hook up with the best man Europe ever had, and will not stop hounding him until a match is made. Kearns will arrive here for a conference July 7.

new one in this crazy old world. It is a sensible bid for popularity, and, after all, boxing fans forgive and forget when they see a champion who is willing to meet them all.

So confident is Dempsey that he can defeat Carpentier that he is considering a show tour, meeting all comers on the road. A big production company is eager to send Dempsey out on the circuit as soon as he is actually signed to meet Carpentier.

London, July 2.—(Canadian Associated Press)—The first cricket match this season between Gentlemen and Players' teams was won by the Players' by an innings and eighty-seven runs.
