GERMANS' VIOLENT ATTACK HAS FAILED; ALLIES REPULSE THEM

Official Announcement at Paris Says This of Desperate Fighting at Roye

Long and Hard Struggle Ahead, is Belief in London and News From Paris is of Same Tenor—Vienna Begins to Fear That Russians Will Lay Siege to Austrian Capital

Paris, Oct. 3—[3.03 p. m.]—The official announcement issued this afternoon, declares that the violent attack of the Germans at Roye has been repulsed by the Allies.

London, Oct. 3—Though the German right is less than fifty miles from the Belgian frontier, never since the outbreak of the war, apparently, have the people of Great Britain been more reconciled to the idea that the struggle yet to come, will be long and terrible.

When the Germans first began to retreat, after their rush toward Paris, hope ran high that some master stroke would bring complete rout to the invaders. Now, however, many observers emphasize that even should the so-called battle line be terminated the Germans could only fall back on equally strong entrenchments.

WHERE WORK IS HOTTEST

There is nothing on the French battle line this morning, to indicate a marked change in the situation. The fiercest fighting is still centering on that part of the battle line stretching due north for about forty miles, in an almost straight line from Roye. The vicinity of the little town of Albert has again been the scene of vigorous action, where the allies claim progress and, though it seems incredible, the latest announcements asserted that the remainder of the vast line was quiet with the exception of the region around St. Mihiel, from which the Germans were driven from their southernmost lodgment.

From Petrograd there continues to pour in uninterrupted claims of Russian successes on the frontier of Poland, and from Galicia, where the Russian and combined German and Austrian forces are at death grips before Casow, has come nothing to indicate which side has taken the first honors in the preliminary skirmishes.

A belated despatch reaching London from Copenhagen asserts that Emperor William has recently been at Breslau where he decided on a fourfold offensive movement against Konowo, Warsaw, Lodz and Galicia. When this was under way, it was added, he expected to return to the western theatre of war. From the southeastern tip of Galicia, that is to say, Bukowina, filters news of the advanced Russian forces unheeded from for days.

It was said that the entrance to Transylvania was already under way and that a battle between the Austrians and the combined Russo-Serbian forces was in immediate prospect.

The British critics seem unable to agree as to whether the recent revival of German activity in Belgium means a serious attempt to take Antwerp and other points, or whether the operations merely intend to harass the Belgians and prevent them from tampering with the German lines of communication.

ALARM IN VIENNA

Vienna, it is said, according to roundabout despatches, purporting to emanate from the Austrian capital, is preparing for a siege and there is even talk of removing the seat of government. However, though these reports come from various sources, none is confirmed. The decision of the assembly to mine a certain area of the North Sea, has given England an added feeling of security. While no alarm has ever been manifested heretofore, the move is hailed as one exulting from the Dover Straits and the channel without interfering with the southern exit from the Thames or the routes to Ostend, Dunkirk, Calais and Boulogne.

FIGHTING TERRIFIC

Paris, Oct. 3—After having tried in vain recently, in the north of France, to break through the strong line of the allies, the Germans have renewed their fierce attacks between Roye and the region of Arras. Their latest efforts in which they have been hurling their forces against the French and English in trying to gain a decisive victory, have had no better results.

The French, in an official statement, frankly admit a slight falling back at the left of one of their detachments. On the other hand the allies have not only successfully opposed the terrific onslaughts of the enemy at other points, but have made gains as well.

The Allies continue to pour in their troops at points where they are needed to replace those worn out by the hard fighting or in filling gaps in the ranks. It is assumed that Great Britain's native troops, whose arrival at Mareselles last week, has only just been announced, are either at the front, or in its vicinity. They have greatly strengthened the French line which, it is roughly estimated, now numbers 750,000 men.

"It is on our left," says Lieutenant Colonel Rousset, the military critic of the Petit Parisien, that the battle takes on the most imposing proportions. When one considers that after hardly a month of fighting the enemy was nearly at the gates of Paris, it can be seen how much territory we have gained on the Germans who counted on crushing us.

"The enemy has brought to its right large forces, hoping to break our offensive, and at the same time, it returns to attempt the passage of the Meuse. It is making thus a visible effort on two wings, and at the same time guarding the rest of the front in an expectant attitude. This is the old tactic of flanking, which reappears unfortunately, for it has no more the merit of secrecy than that of surprise. We know it too well now, to have it still imposed on us."

HEAVY WORK IN TRENCHES

The troops in the trenches are suffering severely in the chilly nights and consequently a number of British supply officers have visited Paris and have purchased all of the available supplies of warm clothing, furs, comforters and sweaters. Each man in the field has been supplied with a blanket, a waterproof sheet and an overcoat, but the districts where the fighting is proceeding, are subjected to thick mists, making a sojourn in the open air unendurable.

KEEPING UP THEIR COURAGE

Berlin, Oct. 3—The following official statement was given out at army headquarters the evening of October 2:

The right wing of the German army in France has repulsed efforts on the part of the French to outflank it. To the south of Roye, the French have been dislodged from their positions.

The situation on the centre of the battle front remains unchanged. German troops advancing in the Argonne region have won substantial advances in a southerly direction.

East of the River Meuse French troops from Toul undertook energetic night attacks, but were repulsed.

In the eastern arena of the war an advance of Russian forces across the Niemen river against the Germans in the province of Suwalki seems imminent.

REPORTS FROM BOTH SIDES IN BOSNIA

London, Oct. 3—The Nish, Serbia, correspondent of Reuters has forwarded the following Serbian official communication:—

"The Serbian and Montenegrin troops which are marching on Sarajevo, Bosnia, have left the line between Srebrenitz, Ajdovina and Humana and after desperate attacks in the Igrichta and Karivca, (Continued on page 2, second column.)"

SELLS HER PRODUCE, GIVES PROCEEDS TO PATRIOTIC FUND

Frederickton, N. B., Oct. 3—Mrs. S. J. Dorcas, of Fern Hill, brought a load of farm produce to city this morning, sold it and turned the proceeds, amounting to \$16.80, over to the Patriotic Fund.

ANOTHER \$1,000; NOW ABOVE \$36,000

The local Patriotic Fund this morning climbed past another milestone, and is now well over the \$36,000 mark. The addition of a \$1,000 contribution from the St. John Railway Co. assisted much in boosting the total. Other contributions acknowledged this morning were: E. T. P. Sheven, \$5; Ladies' Auxiliary, \$1; A. M. Moncton, \$41; R. D. Thompson, \$5; Thos. Cunningham, \$5; (second contribution), \$50; S. W. Wilson, \$25.00; W. D. Baskin, \$10; Chas. G. VIENNA PREPARES FOR RUSSIAN INVASION

Venice, Oct. 3—Latest reports from Vienna show that the population is seriously alarmed over the possibility of a Russian invasion. Official notices in all the papers have announced the closing of many favorite Sunday excursions from Vienna, into the surrounding forest, because the highest points are fortified. This has produced much uneasiness. The report is being circulated that the work of transferring state treasures and archives has already begun.

BASKET BALL

A lively game of basket ball was played on the gym floor of the M.C.A. last evening between the third and fourth floor dormitory men. The fourth floor, captained by S. Wilkinson, won the game, 18 to 13. The lineup: Leggo ... right forward ... Somerville Wilkinson ... left forward ... Knoll Tom ... right guard ... Thorne Hutchinson ... right guard ... Dawson Flewelling ... left guard ... Major Fred Myles referred to the satisfaction of all.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stuart, director of meteorological service. Synopsis—The pressure remains high over the Great Lakes and middle states, but a disturbance now developing over the western states will probably be near the lakes by Monday. The weather has turned cooler and showery in the western provinces and continues fine from Ontario eastward. Fair and warmer. Maritime—Moderate westerly winds, fair and moderately warm today, Sunday. New England—Generally fair tonight and Sunday; moderate temperature, southerly winds, becoming variable and increasing.

British Mines Now Block Mouth of River Thames And The Straits of Dover

German Course Has Made it Necessary For Britain to Use Mines — Quixotic To Refrain Longer

London, Oct. 3—The admiralty's announcement of the decision to lay mines in the North Sea is regarded as the most important development of yesterday. The Chronicle says:—"No one can blame Great Britain in this matter, she has only reacted instinctively and after very long delay to a method of warfare which she has always disliked and deprecated, but it has become evident that no abstention from mine laying on our part will lead the Germans to abstain and in view of their submarine activities it would be quixotic any longer to neglect this defense which our enemies employ so lavishly. "One may be sure that the British mines, unlike the Germans, will comply with international laws; that they will be anchored and will be so constructed that if their moorings break they become inactive. "The mine fields now being developed are within the area stretching from the Goodwin Sands to the neighborhood of Ostend and from the lightships of the Essex coast to positions not far from the mouth of the Scheldt. That is to say, they block for defensive purposes the Straits of Dover and the mouth of the Thames, with of course, sufficient channels left clear to enable neutral and allied shipping to pass safely under pilotage. "The Daily News says: "It is regrettable that we should be compelled to take this course, since it exposes neutral commerce to some risk. It has, however, been forced upon us by the violence against our will and in carrying it out we shall take precautions to prevent neutral merchantmen from suffering. We are quite certain that neutral states will appreciate the reasons which govern our decision."

RELIEF IN NEW BRUNSWICK FOR HOLDING SESSION

British Trade Commissioners Now in Nova Scotia—Moncton Patriotic Fund

Moncton, Oct. 3—The British trade commissioners, who are making inquiries in Canada and Newfoundland regarding timber resources, arrived in Moncton yesterday afternoon from Montreal. The British colliery owners, becoming anxious regarding the supply of timber for coal mines, largely supplied from Baltic points, before the war began, have sent the commissioners to Canada to investigate the possibility of supply from Canada. The colliery owners are taking this action in co-operation with Hamilton Wicks, British trade commissioner in Montreal. The representatives are: W. Windham, representing the Board of Trade; N. Cummins and D. B. Harwood, of the Timber Trade Federation of the United Kingdom; E. B. Whalley, of the Mining Association of Great Britain; and R. G. Gomm, secretary of the board of trade. The commissioners said they were traveling to Halifax and would go on to Sydney en route to Newfoundland, where they would carry on an investigation this evening in the maritime provinces, holding sessions in Nova Scotia and New Brunswick. They plan to hold only one session in New Brunswick, and this will be at St. John. They expect to meet lumbermen who are operating along the St. John and Michichi rivers and at other points in the province. From St. John the commissioners will proceed westward. A patriotic meeting will be held in the Grand Opera House on next Monday evening to start a patriotic fund and subscription list, which was started a few days ago by Mr. Gutelius, agreeing to make a day's pay a month to the patriotic fund. It is suggested that this amount be credited to the city fund. Albert T. Weldon who has been appointed assistant general freight agent of the I. C. R., arrived in Moncton on Thursday from Montreal. He is well known in Moncton, having been formerly employed in the I. C. R. general offices, leaving this city about fourteen years ago to take a position in the freight department of the I. C. R. in Halifax. He was for a time secretary of the Halifax Board of Trade, and afterwards divisional freight agent of the I. C. R. in Halifax. About five years ago he went to Montreal to become general freight and passenger agent of the service of the I. C. R. He has many friends in this part of the province. In the police court yesterday afternoon Abram W. Belyea was sent up for trial on a charge of attempting to kill William L. McMahon by shooting him. The accused pleaded "Not guilty." Belyea's counsel will make application for bail to Judge Borden. J. C. Streider, who has been superintendent of the Metropolitan Life Insurance Company here, has been transferred to Halifax. His successor is Frank L. Ral, of Fredericton.

ITALIAN BOAT SUNK BY FLOATING MINE

This May Make Strain on Relations With Austria More Severe

Venice, Oct. 3—(Via Rome and Paris)—A report has reached here telling of the sinking of another Italian boat, and the death of her crew of fifty men, at a point near Trieste, as a result of coming in contact with a floating mine. There is alarm all along the Italian coast at the presence of Austrian mines at sea. Water traffic with Austria has been suspended and goods destined for Austrian ports are being abandoned on the docks. Rome, via Paris, Oct. 3—Giuglielmo Marconi, inventor of wireless telegraphy, has completed an inspection of the wireless stations throughout Italy, and reports finding them efficient. He also has planned new stations, which will be erected when necessary.

MEXICAN SITUATION STILL UNSETTLED

On Board S. S. West Virginia, Matatlan, Mexico, Oct. 3—(By wireless to San Diego, Cal.)—The Mexican handling the fighting on the night of September 30. The fighting between government and rebel troops continues there, but so far foreign property has not been molested. Enough of General Carranza's troops are expected to arrive soon to control the situation. The American cruiser Yorktown is at Acapulco looking after foreign interests. The military command at Matatlan has seized the Occidental Bank on orders from Mexico City.

ELMER WARD OF CHIPMAN KILLED

Fredericton, N. B., Oct. 3—Elmer Ward, of Chipman, aged twenty-five, a brakeman on the Valley Railway, was crushed between two cars at Barony last night. He was brought to the Victoria Hospital here, but died soon afterwards. The body was taken to Chipman this morning.

GERMANS PUT THE BAN ON SCOTCH WHISKEY

Berlin, Oct. 3—General meetings have been called for today to begin a campaign against the consumption of Scotch whisky and French liquors in Germany.

Japs Prepare For Big Assault On The German Stronghold

Their Work Done Under Constant Shelling From Forts and Ships — Another Mine Sweeper is Sunk

Tokio, Oct. 3—An official announcement states that another Japanese mine sweeping boat at Kiao-Chow has been sunk after striking a mine. The casualties are given as four killed and nine wounded. The mine dragger was known as the Kayomaru, and was sunk in Leoshan Bay. The German forts and ships, it is also announced, are constantly shelling the Japanese army, which is slowly preparing for the big assault on Tsing Tau, a German stronghold. A German aeroplane from Tsing Tau has made two attempts to attack Japanese warships. Neither was successful. Japanese aeroplanes went in pursuit of the German aircraft and were subjected to bomb fire. A captive balloon which has been seen above Tsing Tau has been heated down. It is believed to have been damaged, but to what extent is not known.

RELIGIOUS HOUSES SHATTERED BY GERMANS

More of Their Special Kind of Warfare in Belgium—The Bombarding of Antwerp

(By Edward Rowan.) Antwerp, Oct. 2—It is increasingly evident that the German attack on Antwerp is only a half-hearted affair designed in the hope of so occupying the attention of the Belgians as to prevent them from tampering with the German lines of communication. Belgian aviators report that the German artillery is bombarding the forts to the southeast of Antwerp, supported by only small bodies of infantry. At the same time the Germans accomplished what passes with them as a great victory in their war against Belgium and civilization, for at Liery the place the shock was irresistible as the apex of the triangle pierced the infantry line, while the sides advanced onwards and continued to charge the enemy. The latter were easily overladen and offered no resistance to the terrific charges. The Cossacks adopted a special formation, advancing in a triangle instead of a line. When the charges took place the shock was irresistible as the apex of the triangle pierced the infantry line, while the sides advanced onwards and continued to charge the enemy. The latter were literally cut to pieces.

S. S. TEACHER TRAINING

City Institute Reorganizes With Rev. J. H. Anderson Principal

The council of the City S. S. Teacher Training Institute, organized last year, and carried on successfully, met in Leicester street Baptist church on Thursday evening. The chair was taken by the president, Rev. Wellington Camp. The report of the executive was presented by J. W. Flewelling and reviewed the work of last year from the point of view of enrollment, attendance, program and finances. After the adoption of the report, the council was re-organized for the ensuing year. Rev. W. Camp was re-elected president, and R. Hunter Parsons, secretary. It was unanimously resolved to conduct a teacher training institute on similar lines to that of last year, and the following executive committee was appointed to direct the work—Rev. J. A. Anderson, principal; Donaldson Hunt, vice principal; J. W. Flewelling, secretary-treasurer; Rev. J. C. B. Appel, A. Bury, B. J. Lege, Miss Alice Estey and Mrs. R. C. Cruikshank. The executive was instructed to make arrangements for a Saturday afternoon class for teachers in the International Uniform League. Mr. Anderson, as principal of the institute last year, made a statement regarding the course of study provided, and pointing the way to a possible permanent curriculum of study, covering two or three years terms and embracing within its scope comprehensive Biblical studies, religious pedagogy, both theoretical and practical, Christian missions and the history of Christian doctrine, all intended to minister to a large measure of efficiency in the work of the Sabbath school. Considerable discussion followed as to the time which should be devoted to the institute during the coming winter. It was finally decided that it should be opened for a period of fifteen weeks, meeting on Tuesday evening of each week, five evenings before Christmas and ten following. The first night meeting will likely be the last Tuesday of October. The attendance at the meeting was large and representative.

CHOLERA INFANTUM CLAIMED EIGHT LITTLE ONES THIS WEEK

Last Year's Record Exceeded—Twenty Three in September—Time For Some Action

Eight more little lives fell victims to the dread cholera infantum this week, making the total for the year so far eleven more than last year. September this year has been a particularly fatal month, and twenty-three deaths were reported, as compared with only eight in September, 1913. This great increase is attributed to the fact that the fly season was somewhat later this year than usual. It is felt that the time for concentration in curtailing the number of fatalities resulting from this disease among children, and the sooner it is done the better it will be for all. Altogether eighteen deaths were reported at the office of the board of health this week, due to the following causes: Cholera infantum, eight; pneumonia, three; and inanition, senility, dysentery, hydrocephalus, heart disease, hemorrhage of bowels and cerebral spinal meningitis, one each.

MANY AT FUNERAL OF JAMES MASSON

The funeral of James Masson was held this afternoon and was attended by a large and representative gathering of Fairville citizens, besides friends from the city. The funeral was held under the auspices of Union Masonic Lodge and the service was conducted by Rev. Gilbert Farle. The Massons in full regalia preceded the hearse and the Cavalry Cornet Band was in attendance. Interment was in Greenwood. Among the floral tributes which covered the coffin was a set piece emblem of the Masonic lodge, a cross of carnations from the Fairville fire department, besides numerous other floral offerings from relatives and friends.

THE LONG BATTLE. Tremendous fighting on the left of the Allied line goes on as a result of German reinforcements and a determined effort to break the French and British attempt to envelop the German right.

London and Paris do not disguise the fact that the enemy is still capable of immense resistance, but the British and French generals are evidently still satisfied with the situation and confident of their ability to drive the Germans across the border.

Highly important is General French's statement that recent offensive movements of the enemy have been made without cohesion, his assaults being delivered by small bodies with very little co-operation with those on either side.

He notes, also, that the artillery fire of the Germans has deteriorated both in control and direction. London this morning is more than ever inclined to believe that the struggle will yet be long and terrible.

The British navy will plant mines in part of the North Sea and the Dover Straits. It does so with reluctance, but warfare of the German stamp makes it necessary.

The "Made in Canada" movement progresses. They are not few who predict a great revival of prosperity in the Dominion after the war. Now is the time to open the avenues of trade.

IT'S A LONG WAY TO TIPPERARY. A London newspaper, a bit prosaic, objects to "It's a Long Way to Tipperary" as a battle march. It puts forward the opinion that when "the lean locked ranks go roaring down to die" they might do much better in the way of a battle song than this mushroom product of the music halls.

NO ADVANCE IN PRICES!

To be ready for the Exhibition we arranged this year to have all our fall goods in stock much earlier than usual. It was a good move, as the war has played havoc with all kinds of leather. Prices are hourly advancing, and the material is growing scarce. Our customers will have the advantage of our forethought, as the old price, \$3.50 to \$6.00, will continue until we are compelled to pay more. NOW is a good time to secure your Fall Boots.

GALLIGAN BABIES ALL COME ON 22ND DAY OF SEPTEMBER

Spokane, Wash., Oct. 3.—September 22 was Galligan day in Spokane for three reasons. These reasons were: Alice Galligan, Billy Galligan and Jack Galligan. These three children of the same parents all celebrated their birthdays simultaneously. Alice was born on September 22, 1907, Billy on the same day of the same month in 1911, and Jack on the same day in 1914. Peter J. Galligan, supervisor for a Spokane insurance company, who is father of the children, says: "This sets a record for the number of children born on the same day in one family, so far as I am aware, and you may be sure the event will be observed with due ceremony in the Galligan household hereafter."

RECRUITING IN MONTREAL While the Westmount regiment has been brought up to full strength, the Irish regiment has more men than it can train at the moment and the French Canadian corps. Welshmen of Montreal are forming an entirely French Canadian corps. Welshmen of Montreal at a meeting held in the army of the Grenadier Guards last night took the first step in the formation of a Welsh company. Thirty joined No. 5 company of the Grenadier Guards in a body and it is hoped to obtain so many more recruits that that company will in future be definitely and permanently associated with the land of St. David.

RELIEF AT ONCE CURE CERTAIN Conclusive Evidence That Dr. Chase's Ointment Cures Itching Piles. The manager of a woollen factory situated in a pleasant town east of Toronto has sufficient orders for flannel to keep the mills running night and day for some months. He was short of help. He advertised in the Toronto papers for forty women and girls to tend the looms. The work is not considered as a sort of requiring skilled labor. It is not hard, and a girl of average intelligence can learn it in a few hours. The news is informed that only eight applications for the forty vacancies were received. When the eight learned that the mills were not in Toronto they declined to take positions, even though the manager undertook to pay their transportation charges and in spite of the fact that loom-tenders make from \$9 to \$16 a week. Naturally, with this manager, the stories of unemployment in Toronto do not awaken much sympathy.

the business men's company has some sixty recruits. About thirty-five men have applied for commissions and these are now being drilled. After some time eighteen or twenty will be selected and provisionally appointed lieutenants. Qualified officers have been secured as company commanders and in the higher ranks, Lieut. Col. F. W. Fisher commands the regiment. There are now 250 men of the Irish regiment drilling, but there are more than double this number of recruits. It was found impossible to train more than a limited number in the beginning. The officers, all of whom save the adjutant, are unqualified, are holding a separate class for instruction and expect to have a provisional school established soon. It is hoped to have more instructors from Valcartier owing to the departure of the contingent.

DENY METHODIST WOMEN EQUAL RIGHT IN CHURCH AFFAIRS

Committee's Strong Recommendation Voted Down in General Conference — Lost by Narrow Margin (Montreal Gazette report) Ottawa, Sept. 29.—Though a special committee of the general conference of the Methodist church reported to the conference this afternoon in favor of giving to women the equal rights with laymen in the administrative affairs of the church, it was voted down today. By the terms of the constitution governing the conference any matter affecting a radical change in the constitution requires a three-fourths vote of the total vote cast. A standing vote was taken first and resulted 200 for and 102 against. Some of the delegates called for the year and says with the result that a slight change in the vote was noted; this time 194 yeas and 99 nays being recorded. The latter vote of course was the decisive one. Thus to have carried the report 220 votes were required. This is the third time the general conference has turned down the question of extending the same privileges to women as are enjoyed by the laymen of the church. Each time it has been lost by a narrow margin. The committee reported that it had voted solidly against the proposal to admit women into the ministry. Cyrus A. Biggs, of Hamilton, urged that if women were to be given equal rights in the church it should not be with the laymen only, but with ministers too. He moved an amendment embracing what he desired, but this was lost by a big majority. The following is the report in part of the committee which the conference turned down: "Nine memorials on the admission of women to the courts of the church were considered together, and the following resolution was unanimously adopted: "Whereas these memorials come from widely scattered conferences with their authors, namely, British Columbia, Alberta, Saskatchewan, Manitoba, Hamilton, Toronto, Montreal and Nova Scotia; "Whereas the work of the church on all our circuits, missions and stations is greatly aided by the self-sacrificing services of the women of our churches; "Whereas they are equally affected with laymen by any church legislation which may be enacted; "Whereas Methodism has ever been in the vanguard in recognizing women's rights to exercise her gifts and graces in the service of her Lord and the advancement of His kingdom; "Whereas the church has already recognized the right and ability of women to occupy a place on our quarterly boards; "Therefore your committee on memorials recommends that the discipline be so amended that women may have equal rights with laymen in membership on all church courts, boards and committees." For and Against Postmaster Joseph Gibson, of Ingersoll, Ont., one of the most able speakers among the laymen and a great champion of equal rights for women both in and out of the church, made a strong appeal for the adoption of the report, J.

ELY'S CREAM BALM OPENS CLOGGED NOSTRILS AND HEAD—CATARRH GOES

Instantly Clears Air Passages; You Breathe Freely; Nasty Discharge Stops; Head Colds and Dull Headache Vanish. Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone. End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately. Don't lay awake to-night struggling for breath, with head stuffed; nostrils closed; hawking and blowing. Catarrh or a cold, with its running nose, foul mucous droppings into the throat, and raw dryness is distressing, but truly needless. Put your faith—just once—in "Ely's Cream Balm," and your cold or catarrh will surely disappear.

Work For All

If the men and women of Canada will buy nothing but "Canadian-Made" Goods from now to January First, every workman in Canada will be employed and the country will enjoy a period of prosperity hitherto undreamed of.

Canadian manufacturers are doing their duty under present stress in endeavoring to keep plants running and men employed regardless of profits.

Good Canadians will show enlightened patriotism, as well as sound business common sense, by buying only "Made in Canada" goods, thus building up their own prosperity and looking after those who remain at home.

And "Made in Canada" goods offer equal value with those made anywhere else in the world.

QUIT MEAT IF YOUR KIDNEYS ACT BADLY
 Take Tablespoonful of Salts If Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.
 The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.
 When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.
 Jad Salts is inexpensive and cannot injure; makes a delicious water-cure; liberates uric acid, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

HOW TO LIVE WELL AND SAVE THE PENNIES DURING THE WAR
 (By Miss Canada)

Savory Drippings
 As a substitute for butter in seasoning vegetables there is nothing better than sweet, savory drippings. Not all meats supply fats that are savory in the sense in which the word is employed here. The following fats may be employed alone or in combination for seasoning vegetables: The fat from fried sausage, ham, bacon and pork, and from roast pork, veal and chicken. Fats trimmed from poultry, veal, pork and ham may be fried out carefully and saved for use in cooking vegetables. Such fats have a flavor which comes from seasoning, as in sausage, from smoke, as in ham and bacon, or from broiler material, as in poultry. The fat skimmed from the water in which poultry has been boiled and the fat skimmed from the gravies of most roast meats may be clarified and also employed in the preparation of vegetables for the table.
 Great care must be taken that all these fats are clean and sweet and that the temperature at which they are fried out shall not be so high as to impair the flavor.
 When rendering the trimmings of fat meat, add a small onion or a shallot (do not cut them), a few leaves of summer savory, and thyme, a teaspoonful of salt and a little pepper. This seasoning is enough for half a pint of fat. Keep the drippings covered and in a cool, dry place.
 Dry or tough meats can often be made tender and of a good flavor by brining. They are shut in a close covered pot, with salt pork stock, and chopped vegetables, and cooked slowly in the confined steam.
 This is a good way to cook tough meats: Saute to keep the juices, and then stew until tender, and serve with thick gravy.
 Remember that the success of frying depends upon two things—having enough fat completely to cover the articles cooked in it and having the fat smoking hot.
 When ironing between buttons on a shirtwaist place the buttons down on a folded towel and iron on wrong side. The result will be very pleasing to both ironer and wearer.
 Olive oil is injured by being kept in the light. When used at the table it should be put in a dark-colored bottle.

In The Midst Of War's Alarms
 Patriotism takes no account of consequences. But, "consequences" are vital—just as vital to the man who must stay at home as to him who goes to defend his country's honor. Prudent men protect their families against these "consequences" by means of life insurance.
 An Imperial Income Policy will enable you to provide that, in the event of your early death, a definite, dependable, monthly income will be paid to your widow as long as she lives, or to your children until all of them are old enough to be self-supporting.

Allies Gain Slowly But Surely

London, Oct. 2.—9.30 p. m.—The battle of the Aisne, as it is still called, although the armies contending in it have spread far beyond that river, has been in progress just three weeks now, and no decision has yet been reached. The reports coming from Paris earlier in the week that the results of the Allies' operations were about to be attained were premature, and from all appearances there must be more hard fighting before either side gives way.
 The heaviest blows are being given and taken in the western area, where, according to today's French official communication, an extremely violent battle continues, especially in the Roye district, where the Germans have concentrated considerable forces. The communication added that the action was extending more and more northward, and that the fighting front now extends to the district south of Arras.
 This, apparently, was a modest account of the northward advance of the French, for private telegrams received in London tonight announced that the French actually had reached Arras. Stubborn resistance is being offered by the Germans in the vicinity of Roye, where earlier in the week they succeeded in occupying the heights which, however, they later were compelled to give up.

GERMAN ATTACK ON ANTWERP
 The Germans, who are supposed to have had the assistance of heavy Austrian guns, apparently have failed in their first attempt to break the outer line of forts at Antwerp. Official reports and statements by correspondents say that none of the Belgian forts have been severely damaged, and that the German infantry attacks were repulsed with heavy losses to the attackers.
 The battle which promises to be the greatest and most important of the eastern campaign has commenced near Cracow, Galicia, where an Austro-German army, estimated to number 800,000 men, is endeavoring to check the Russian advance.

RUSSIANS DRIVING GERMANS BACK.
 The German plan of an invasion of Russia from East Prussia has failed, according to Russian official reports. These reports say that the Germans got as far as the western bank of the Niemen river, but found strong Russian forces in the hills on the eastern bank. Being in low and marshy ground, the Germans, according to the Russian viewpoint, were at a disadvantage and could not advance.

\$100 Reward, \$100
 The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is **Chancre**. Hall's **Chancre Cure** is the only positive cure known to the medical profession, and is being a constitutional disease, requires a constitutional treatment. Hall's **Chancre Cure** is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient relief by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for a free copy of the book. Address: **F. J. OFFERS NOVA SCOTIA A SHIP FOR BELGIAN SUPPLIES
 The Furness Withy Company have made an offer to the government of Nova Scotia, through J. Howard, agent-general for the province, in London, to provide a ship for the transporting of special supplies to Belgium. The Imperial government will probably send over a ship later to convey to England the gifts made to Great Britain by western and eastern Canada, although Quebec province is attending to the shipping of its cheese and the Dominion government's gift of flour is also being sent forward in instalments.

WANT 100,000 HORSES.
 French Buyers Are Authorized to Spend \$12,000,000.
 St. Louis, Mo., Oct. 2.—An order for forty-five hundred cavalry horses and mules has been placed with local dealers by representatives of the French government. This order will cost France approximately \$750,000.
 Eight representatives of the French government here declared they were authorized to buy 100,000 horses at an expenditure of about \$12,000,000.

GREAT COAL DEPOSITS NEAR PRINCE RUPERT
 Great anthracite coal deposits have been discovered in the territory through which the Grand Trunk Pacific Railway runs in British Columbia. D. A. Thomas, the Welsh coal magnate, is now credited with the intention of making an early start on the mining operations in the Grousehopper district, which is estimated to contain 1,141,440,000 tons of coal. Plans are made for a short line of railway from the coal fields to Nasoga Bay, fifty miles north of Prince Rupert. The product in the Grousehopper district is said to be the only hard, smokeless, steam anthracite coal in the world outside of Wales, Pennsylvania and West Virginia. The opening of the Panama Canal will enable naval and other vessels using hard coal to come through the Canal with a small amount of fuel in their bunkers and replenish their supplies at Prince Rupert or Nasoga Bay with coal from the British Columbia mines.

 GERMANY'S GOOD FAITH

When Winston Churchill, the first lord of the admiralty, in his Manchester speech on the 18th of last October, renewed his proposal in behalf of the British government that Great Britain and Germany agree to take a year's holiday in battleship building, Grand Admiral von Tirpitz' naval secretary of state for Germany, replied: "The German navy has a purely defensive function, and no aggressive purpose." Yet within less than a year Germany declares a war so stupendous as to stagger humanity, while the whole armed camp of Europe leaps to the challenge.—New York Independent.
 Prince Arthur of Connaught is said to possess more decorations, insignias, and orders than any other man in Europe.

"I believe the Canadian apple to be the finest in the world."
 SIR GEO. E. FOSTER

Canadians! Enjoy Canada's National Fruit

Never before have you had the opportunity to enjoy the best Canadian Apples. Europe bid so high for the cream of our crop that Canadians have had to content with "seconds" and inferior imported fruit.
 Now that the war prevents Europe from getting our choicest apples, this Department is suggesting to the apple growers of Canada that they market their choicest product here in Canada—where it belongs. Now you may enjoy the great, luscious, ruddy-cheeked prize-winners of apple-edom on your table every day—fruit which in the past has graced the tables of Europe's nobility.
 The crisp, sharp flavor and luscious sweetness of Canada's apples are unmatched. The health-giving qualities of this fruit have earned the favor of physicians of the world over—and now we can match real luxury of enjoyment with economy. For this year's crop is abundant—and especially fine.
 Join the Apple Consumers' League. Membership fee: One Canadian apple per day. Buy them by the barrel or the box. Let the children have as many as they want. Healthful, appetizing and a splendid preventative of children's digestive troubles.
 Keep them at the office—one before luncheon and dinner is a far better appetizer than any cocktail.
 Serve them of ten—in any of the 269 ways they can be prepared.

APPLE LORE
 The ancient Greeks prized the apple above all other fruits. The Hesperides, three maiden daughters of Erosus and Nox, were guardians together with Ladon, the hundred-headed dragon, of the tree bearing golden apples. Gathering these apples was the twelfth great labor of Hercules. The tree was presented by the Goddess Earth to Hera on her marriage with Zeus.

Everybody Loves A Lady Fair

And a Lady Can Have a Fair, Clear Complexion by Using Stuart's Calcium Wafers After Each Meal.

You women ought to hear some men rave over a beautifully clean and shell clear skin. There is nothing that so charms a man or a woman as this. Where there are pimples, blotches, liver spots, etc., the blood is diseased and these effects disappear at once. That's what Stuart's Calcium Wafers do almost beyond belief.

Stuart's Calcium Wafers are known to hundreds of thousands of men and women. Perhaps some of the faces you admire now were made beautifully free from skin blemishes by Stuart's Calcium Wafers.

You won't be always worrying about what your friends and strangers think of your "broken-out" face, if you give these wonderful little wafers a chance. That's because they give you the seat of the trouble, the blood driving out all impurities, strengthening it, toning it up. And when the blood is clear the skin is free from blemishes.

Stuart's Calcium Wafers are perfectly harmless and may be taken freely by any one. They contain absolutely no mercury, no poisonous drugs, no opiates. Stuart's Calcium Wafers contain Calcium Sulphide, and a mild alternative every doctor prescribes them a hundred times a year. They use the most effective blood-cleansers known to man.

It doesn't matter whether you have blackheads and pimples "something awful" or boils, tetter, rash, carbuncles, eczema, liver spots or a muddy complexion, try Stuart's Calcium Wafers and get a surprise in a short time.

PRESENTATIONS TO POPULAR MANAGER OF OPERA HOUSE

When W. H. Dimock, stage manager for the Thompson-Woods Stock Company rushed into the manager's office at the Opera House yesterday and told W. C. McKay, who has been manager here all summer, that there was trouble among the stage hands and all efforts to restore peace had failed, Mr. McKay became much agitated, fearing a failure of the show for the evening.

Mr. McKay, however, that he was no longer manager in St. John, and the men would have to appeal to his successor, Mr. Zimmerman. He was informed that Mr. Zimmerman had intervened but without result. The men said that Mr. McKay had hired them and it was to him they would look for a settlement of their difficulty.

Imagining all sorts of complications, Mr. McKay descended to the stage where he found the stage hands gathered in a circle and before he knew what had happened he was made the recipient of a handsome case of pipes, accompanied by an appropriate address.

Mr. McKay was greatly surprised and pleased by the presentation and the manner in which it was made and thanked the men heartily for their goodwill.

Mr. McKay, who left this morning for another field with the Thompson-Woods Co., was entertained at dinner by several friends, who presented to him a gold mounted cigar. He has made many friends since coming to the city who will regret his departure.

WATERY RASH ITCHED AND BURNED. On Arms. Would Tingle and Itch. In One Great Mass. Looked Scaly. Used Cuticura Soap and Ointment. Rash Disappeared.

So. Burton, Ont.—"My skin trouble started about seven years ago. My arms began to tingle and itch. A watery looking rash, very fine and close together, would break out every summer. It would itch and burn as the trouble progressed and it became worse when I scratched it. It looked scaly and scaly and in one great mass. My arms were so disfigured I could not wear short sleeves. I could not help scratching it all the time and when I had taken a bath it would itch and burn for about an hour. My flesh was sore from scratching.

I used all kinds of soap and used sulphur baths but nothing would relieve me. At last I saw the advertisement of Cuticura Soap and Ointment in the paper and I sent for a sample. The samples helped me so much I got a cake of Cuticura Soap and a box of Cuticura Ointment and began bathing with the soap and water as hot as I could bear it, then I would take a little of the Ointment and put on the skin. I did this every night and morning. I used only two cakes of Soap and one box of Ointment and in less than six weeks the rash had all disappeared and now my arms look natural again." (Signed) Mrs. Andrew Johnston, May 29, 1914.

Samples Free by Mail. A single cake of Cuticura Soap and box of Cuticura Ointment are often sufficient when all else has failed. Sold throughout the world. Sample of each mailed free, with 25-p. Skin Book. Address post-card "Cuticura, Dept. D, Boston, U. S. A."

"NATURALIZED" GERMANS

Most of Them Continue to Have An Ardent Sympathy For the Fatherland. (London Financier.) An interview yesterday with a naturalized Englishman—a German by birth—expressed in The Financier that an alien can no more change his instincts by the act of naturalization than a leopard can change his spots by feeding on alien territory.

The gentleman in question—a stock exchange man—was pro-German in a super-sense, as his every word expressed keen sympathy with the Kaiser and his forces. He absolutely pooch-pooched the idea of German atrocities, and facetiously suggested that every "respectable" British newspaper employed an "atrociously editor" for the manufacture of horrors inflicted on innocent people by the enemy. Moreover, his faith in the triumph of "German culture" was absolute. Of such is the stuff that kind Britain has taken to her bosom as loyal citizens.

Striking Presentation of Reasons Why American Sympathy is For Allies

Under the heading "Leadership versus Lordship" the well known New York weekly Journal, The Independent, publishes a striking article, which may be quoted in part.

Never before in the world's history has the distinction between leadership and lordship been so sharply drawn.

The restless, overwhelming massing of intelligent sympathy throughout the western world upon the side of England, Belgium and France in this appalling struggle has come about, as our German friends will one day understand because the western world instinctively grasped the essential fact that democracy and leadership have been assailed by lordship.

NOTHING SUCCEEDS LIKE SUCCESS

It is a glad and proper thing to be the originator of a proved success. The article that has caught on to the public taste may be less than your finger nail, or bigger than your whole body—size doesn't count—nothing really counts but this: That you have worked your way to the discovery of a commodity that supplies a known and felt want, and that the great wide-eyed public have unanimously taken up your new production and made it a success.

It has been exactly like that with H. P. Sauce. The delicious relish, made by the Midland Vinegar Company, of England, the largest firm of malt vinegar brewers in the world, has been an unqualified success from the first day of its distribution until now.

THE STAGE AND ITS PEOPLE; MANY WELL REMEMBERED HERE

Players Known In St. John And Their Season's Plans

David Bispham in Drama—Marjorie Davis in Stock—Zoe Barnett, Jere McAuliffe, George Bachus and Others in "Big Time" Productions—Local News

David Bispham, well known in St. John, is going to forsake music for the drama this season. The well-known baritone, formerly of the Metropolitan Opera, later of the concert, vaudeville and lecture stage, is going to portray Benjamin Franklin in a new play of that name based on the life of the famous American and written by Louis Evan Shipman. It will be the first time Mr. Bispham has ever faced an audience without singing. The play was written for him and the singer has expressed his satisfaction with it. Mr. Shipman and Mr. Bispham will be jointly interested in the production, which will be made in December.

George Bachus, who played in this city with Harkins, is in New York in "The Comes Up Smiling". Marjorie Davis, last year's ingenue with the Thompson-Woods stock here, opened this week in Lowell, Mass., with the same management in "A Fool There Was" in which Sam Meharry played the lead.

The Henry B. Harris Estate has announced that it will present Rose Stahl in a new play by Channing Pollock and Renold Wolf, rehearsals of which will start at once. The title for the play is in debate.

Lyn Harding, who was leading man for Grace George on her St. John visit, is now playing in the English music halls in a sketch of the Franco-German war, "For France," written by J. O. Francis, author of "Change". Mr. Harding plays an old peasant of the Vosges country, a veteran of Napoleonic days, who gives his life in the Prussian invasion.

Peace Endeavors. Andrew Carnegie, in an effort to spread the idea of world-wide peace, has become a theatrical backer. He is to furnish the money for David Bispham to produce a symbolic spectacle, "The Prince of Peace," by C. H. Macaulay, a well-known cartoonist and writer.

In "The Prince of Peace" a history of the world will be epitomized and unfolded in a series of stage pictures, showing the devastation following in the train of wars. The drama shows Christ as the first apostle of peace, and is woven together and made human by the use of the character in legendary history, Cartaphilus, the Roman door-keeper for Pilate, who struck our Saviour as He came out of the Hall of Judgment. His character is made the Dante, the philosopher-observer of all that occurs in the centuries down which he travels.

Mr. Macaulay, who is the author of "The Red Tavern," has always been an advocate of universal peace. His career under the management of Charles Frohm early in December in a new play, "The Shadow," by Marie Nicodemus and Michael Morton, authors of "The Prodigal Husband." The play was to have been produced next month in Paris. Madame Repane, but owing to the war these plans have been abandoned and Miss Barrymore will be the first actress to appear in it.

Ethel Barrymore will begin her season under the management of Charles Frohm early in December in a new play, "The Shadow," by Marie Nicodemus and Michael Morton, authors of "The Prodigal Husband." The play was to have been produced next month in Paris. Madame Repane, but owing to the war these plans have been abandoned and Miss Barrymore will be the first actress to appear in it.

Change of Managers. The new manager of the Opera House for the ensuing season, James E. Emme, has taken over the affairs of the Thompson-Woods Company. With those who have met him since his arrival here he has already established himself as an "all-round good sort," and best wishes for his successful handling of an important post will be extended to him. Those who knew him in St. John regret the departure of W. C. McKay, who has been the instrumental agent in the time and place for his advancement in the theatrical field in years to come. Best luck to both.

Spokane music lovers are not to be deprived of their usual winter entertainment because of the European war, which has caused at least a few prominent musicians to shoulder arms. Through the instrumentality of Mrs. H. W. Allen, six renowned artists have been engaged for a series of concert dates in the 1914-15 season. Josef Lieberling, Madame Alma Gluck, Madame Olive Fremstad, Efram Zimbalist, Ewa Willems and George Barrere are in the list. The first concert will be that by Fremstad on October 5.

It was three years ago that Rosemary Theby secured her first professional engagement with the Vitagraph Film company, where she remained for two years. She is now with the Lubin company, and for the last ten months she has been playing leads opposite her director, Harry Meyers.

She has been in "The Drug Terror," "His Wife," "The Price of a Ruby," and what is considered the first society drama ever produced by the Lubin company, "Madame Coquet."

to appear in the play on any stage. Jere McAuliffe, formerly a frequent visitor to St. John, is playing in New York in "The Belle of Bond Street," an up-to-date version of "The Girl from Kays."

Believing that the time was ripe for such a venture and that France's position in the present European war would justify the project, a New York manager offered E. H. Sobern a thirty week's guarantee at \$2,000 a week to revive "If I Were King." Sobern, who is now enjoying a long rest at his summer home, declined the offer.

Zoe Barnett, who made herself a prime favorite in "The Red Rose," when first it played in St. John, has scored a hit in "The Debutante" in support of Hazel Joseph Riter, manager of May Robson in "Martha by the Day," says Miss Robson will appear in a Broadway theatre early in October.

Josef Lieberling, Madame Alma Gluck, Madame Olive Fremstad, Efram Zimbalist, Ewa Willems and George Barrere are in the list. The first concert will be that by Fremstad on October 5.

Henrietta Crosman, who played in St. John some years ago, makes her first appearance in motion pictures in the emotional drama of mother love and sacrifice, "The Unwelcome Mrs. Hatch," by Mrs. Burton Harrison, released by the Famous Players Film Co. Miss Crosman plays the title role, that of the wronged wife and exiled mother, who is forced to let her only child be reared without knowledge of her real mother's existence.

Rose Coghlan has signed a contract with the Lubin Manufacturing Company, to play the leading role in "The Sporting Duchess," which the firm will produce as a motion picture. Some years ago "The Sporting Duchess" was brought direct from the Drury Lane Theatre, London, and had a phenomenal run in New York and other big cities. Miss Coghlan brings the star. The production promises to surpass the original stage version.

Andrew Mack, after seeing himself in the screen production of "The Ragged Dicks," said, "That's the first time I know pictures could sing." Of course, he meant that the pantomimic action almost conveyed the meaning of the missing lyrics.

Augustus Thomas, an eminent playwright, who is responsible for "The Nightingale," in which Miss Barrymore will make her screen debut under the auspices of The All Star Feature Corp, and the first release of the Alco, considers this his latest work, the best effort of his many triumphant years. Kathryn Williams is wondering whether her Parisian costumes are. She ordered two evening costumes and three other suits of exclusive design from that war-torn country, expecting to have them ready for the "Never Do Well," a great Selig production to be made in the Panama Zone this fall. No word has been received for the last month, and the Selig leading woman does not know whether to wait or prepare to have her sensitive wardrobe here for the feature.

"It is my luck," moaned the fair Kathryn, in referring to the matter, "I have a suspicion that they started the war to

FOR HEAT AND LIGHT BURN ROYALITE

ALL kerosene is not alike—there are many varying grades and qualities. Royalite is the registered trade name of The Imperial Oil Company's pure, high grade, extra refined kerosene. When properly used it will not give any smoke or soot, and it is always absolutely uniform.

The Imperial Oil Company is the largest refiner in Canada. Because of its extensive manufacturing resources and its system of delivering direct from the refinery to the store or the consumer, it can offer Royalite at a price which, considering the quality, is remarkably low.

You can get Royalite everywhere—in villages as well as cities and towns. You can also get Rayo Lamps, and Perfection Heaters and Stoves, for which The Imperial Oil Company is general distributor.

Royalite Oil plus the Rayo Lamp means a big light for little money. Royalite Oil plus Perfection Heaters and Stoves means most heat at lowest cost.

TOY MAKERS WILL FIGHT GERMAN TRADE

Manufacturers in Great Britain Form an Association to Replace German Goods

(Montreal Journal of Commerce.) London, Sept. 30.—The war on German trade is beginning to take definite shape. The toy-making trade is making a serious and determined attempt at establishing their industry in this country on such a permanent basis that German competition in years to come will be found to have died a natural death.

At a meeting he held on September 23, the presidency of David Waterford, the following resolution was unanimously passed:

In view of the enormous trade so far done almost exclusively by Germany in the manufacture of toys for British and Colonial markets, this meeting considers the time appropriate for a determined attempt to be made to organize the toy industry in Great Britain. It considers this step to be in the interests of the rural workers, the cripples, the weakly, the infirm, and the unemployed, or those not fully employed; and the meeting hereby resolves to form the British Toy Association, in order to focus public opinion and to unite the activities of individuals, committees and associations interested in the making of British toys, in order that the work may be developed upon sound and national lines.

The fear has been expressed in several quarters that cheap toys are impossible without the employment of child labor and sweating. This question was fully entered into, and a resolution was passed providing that all the necessary steps should be taken by the British Toy Association to safeguard the interests of its workers in this particular. It was decided to make the preliminary organization a matter for voluntary effort and afterwards to develop the operations of the association on a commercial basis.

ANXIOUS FOR IT. A farmer was having trouble with his horse. It would start, walk twenty yards or so, then stop for a few seconds and start again, to repeat the performance. After watching this exhibition for some time a friend overtook the farmer during one of the horse's long waits.

"What's the matter? Is it lame?" he asked. "Not as I know of," replied the farmer, crossly. "Then what's wrong with it?" "Oh, he's so feared I'll say 'Whoa!' and he won't hear me," replied the farmer, "he stops every now and then to listen!"

NOT ABSENT OR TARDY ONCE IN EIGHT YEARS

Spokane, Wash., Oct. 3.—Lack of tardy or absent marks has become one of the cardinal principles of school teaching and here is a record in that line that is the pride of numerous instructors in the Spokane public schools. William J. and Aza E. Suberlin graduated from the eighth grade of the Cooper school last June and are now in the North Central high school. They started to school together at the Irving building in Spokane and the boy has been neither absent nor tardy in eight years. His sister has not been tardy and missed but two days in that time, caused by the school physician sending her home on account of enlarged tonsils.

William is fourteen and his sister a year younger. Their father is a mail carrier. The children have kept step together in the same class all through the grades.

Monday IMPERIAL THEATRE The Musical Forward Act 50 Views Our Boys off to War Splendid New Film Features

Off To War! A Novelty! Otherwise! Famous Version of 'The Count of Monte Cristo' With James O'Neil WED. THUR.

The umpires will be Klem and Byron of the National League and Dineen and Hildebrand of the American League. There will be three official scorers, J. G. T. Spink of St. Louis and one man to be picked by the Philadelphia baseball writers and one by the Boston writers.

No change was made in the rules for playing world's series games. As heretofore, four games must be won by a club to claim the championship. In the event a game is played in Boston or Philadelphia, in case of a tie game or a postponement the clubs will remain in the city where the game was scheduled to be played until it is decided.

When it came to tossing the coin to decide where the first two games shall be played, Chairman Herrmann of the National Commission flipped a silver dollar and Mr. Gaffney called "tails." The coin dropped head up, and Connie Mack with a smile said "Philadelphia, 9 and 10."

One important item regarding the coming world's series is an accomplished fact. The business of receiving, passing on the filing applications for seats in the reserved sections by Secretary Nickerson of the Boston National League club and his big corps of assistants, was completed yesterday afternoon.

Each applicant whose application has been honored will in a day or so receive notification by mail that his ticket is awaiting him on receipt of the sum named on his position card. The date of the actual purchase of the tickets remains to be decided upon.

O'Connell will be present as a spectator in one of the boxes, while Governor Walsh and Mayor Curley will occupy seats in the gallery. Other prominent dignitaries will also have seats in the boxes. The box sections will be graded as a natural matter of course by the members of the national commission, Governor Tenner, president of the National League; Dan Johnson, president of the American League, and the leading officials of the minor leagues.

The matter of prices has been misunderstood by a number of fans. As in the last world's series, the scale of prices will be \$5 for each box seat, \$3 for each grandstand seat, \$2 for each third base bleacher seat and seat on each day in the temporary bleachers row on Duffy Lewis cliff.

J. B. Gould of Exeter, N. H. has raised this year the largest potatoes in his experience of about sixty years. The largest of the lot weighed six pounds and six ounces.

The offices will remain open for the reception of applications as long as possible. But it is a matter of fact that the work on the applications is completed. All that remains is the allotment of tickets.

Regular patrons of the game in Boston and Boston fans in general will naturally be given preference. Particular pains have been taken to insure that each applicant is given an equal chance with everyone else to secure his request.

"Cheer Up"

Every day conditions are getting better.

Every day Canadian markets are expanding.

Every day more men are finding lucrative employment.

The man who goes after customers now is moving with the tide. His business is going to increase. He is going to reap a deserved profit.

The names of some of those who are taking advantage of this opportunity will be found in the advertising columns of The Telegraph and The Times.

They are the kind of men who are worth supporting.

A PLEASANT TIME

Excellor Bible class of Calvin Presbyterian church entertained the men of the congregation at a banquet in the schoolroom of the church last evening. The schoolroom was very prettily decorated for the occasion and the tables were tempting to the appetite. After partaking of the good things provided by the ladies the only toast of the evening, that to the king, was enthusiastically drunk. Rev. R. P. McKim and Rev. Dr. J. H. McVicar addressed the men in a very interesting and helpful manner. Short addresses were given by the minister and members of the congregation, interspersed with musical selections. Social fellowship combined with entertaining and instructive talks made a very pleasant and profitable evening which cannot fail to increase interest in the church and its work.

ACCIDENTS KEEP TWO FROM FRONT

Frank Smats, Young St. John Belgian, and Harry Dryden

BOTH KICKED BY HORSES

Men Had Passed For Service and Were Eager to Sail—They May Yet Get Across to Where The Fighting Is

Two members of the detachment of volunteers from the 3rd regt. Canadian Artillery who left St. John for Valcartier to go into service with the overseas forces will not be included in the contingent now bound for England. They are Frank Smats, a young Belgian and Harry Dryden, of North End, and the reason for their not being in the first detachment to sail is not because of any unfitness in the early stage of their volunteering, but from injuries sustained at almost the time they were about to sail.

Each was kicked by a horse but Dryden probably sustained the more severe injuries. Smats had been working here since coming from his native land and when the call for volunteers was issued he was one of the first to respond, was accepted and passed satisfactorily. He was most eager to get to the front and he regretted his injuries not so much because they prevented him from going to the front with the Canadian troops. He is now trying to arrange through the Belgian consul to get transportation to his homeland to aid his fellow-countrymen in their noble fight.

The accident to Dryden occurred while he was aiding in embarking of the horses of the artillery aboard transports at Quebec. One of the animals kicked him in the side and knocked him overboard. He was picked up and rushed at once to the hospital where he remained for about ten days, hoping that the injuries would not deter him from being accepted. He had already passed his examinations as master gunner. The doctors in the hospital refused to have him registered as fit after the accident, as they feared internal injuries, so he was forced to return home.

FORMER OFFICER OF 62ND PRISONER

Van der Osten Was Lieutenant In Local Regiment

"FACING STARVATION"

Letter From Him Received by Col. J. L. McAvity—Wife is New Brunswick Lady and Relatives Try to Send Money

A former officer of the 62nd regiment, St. John Fusiliers, is now a prisoner of war in Berlin. From that storm centre of the European conflict this week came a letter to Col. J. L. McAvity, officer commanding the regiment, telling of hardships being endured by E. R. Van der Osten, who last year was a popular lieutenant in the unit, and who was well known about St. John as a financial promoter. He and his wife are now held captives in the capital of Germany, and as he said in his letter to the colonel "we are facing starvation, because I cannot do anything, and am closely watched, having to report to the authorities every three days."

Mr. Van der Osten was in St. John for some little time. He had spent several years in Canada, and, first settling in Toronto, he became an officer of the 2nd Field Co. C. E. in that city. Later he removed to St. John, where on representation made by influential citizens here and in other parts of Canada he was gazetted an officer in the 62nd Fusiliers being sworn in on April 25, 1913. His brother officers took kindly to him, for he had a very genial disposition.

While in New Brunswick he married a sister of Mrs. A. J. Gregory of Fredericton, and through that source endeavours have been made to send to himself and wife \$1,000 for their relief. It is understood that this sum has been established by the British military authorities. It will no doubt be greatly welcomed by the distressed officer and his wife. Van der Osten had become a British subject of Canada and in his letter wrote that on August 4, he had been taken to the British military camp at Colonel Russell, for instructions, and to find out when he and his wife should leave Germany. That same day at 7 o'clock England declared war against Germany, and not more than an hour later Van der Osten was placed under arrest, and is now held on his word of honor not to leave the country, though it is highly probable that he could succeed in doing so even without this pledge.

Ranking high in Hanoverian court circles, Van der Osten was one of the guests of honor at the marriage of one of the Kaiser's sons to a princess of Prussia, when it will be recalled that local papers made reference to the fact that "St. John was represented at the brilliant function." He and his wife left this city in January. While here he is remembered by his interest as a promoter, in the development of mining properties around Plumpton, and in the St. John and other areas. All who knew him and his wife will sympathize with both of them in their plight, and trust that the fortunes of war may not be too severe upon either of them.

TWO NEAR TRAGEDIES

North Shore Boy Accidentally Shot By Companion While Hunting

Bullet Lodges in Clifford McDonald's Knee—Wm. Johnson Near Death While Out After Partridge

Chatham, N. B., Oct. 3.—Yesterday afternoon in the Keating woods, about two miles from town, Clifford McDonald, sixteen year old son of Mr. McDonald, was accidentally wounded in the knee by a shot from a rifle in the hands of a young companion, Wm. Johnson, who was hunting partridge. Both were climbing a fence when the rifle was discharged, and the bullet entered the knee of McDonald, who was lying on the ground. The wound was very serious unless complications set in.

William Johnson, of the Dominion Express Company here, had a narrow escape while out hunting partridge early this week. He was crossing a clearing when he was fired upon from close by. He could hear the bullet singing as it passed.

The Man In The Street

The man in the street says he can stand all the horrors of war except the efforts of a man who insists on departing from the policy advocated in that popular motto "Business as usual."

The only kick the small boy registers is based on the fact that the school officials show no inclination to depart from the policy advocated in that popular motto "Business as usual."

Since the Kaiser has affirmed his intention of proceeding to Berlin, the Kaiser must postpone his Paris visit for the sake of politeness if nothing else to be "at home" to receive him.

The war correspondents could easily add to their vocabulary and secure a rich flow of phrases merely by standing and listening while the man of the house puts up the hall stove.

Going up to the series

Those last winter suits that you discarded this spring would be very becoming to some of the Belgian refugees this winter. What do you say?

The notornian and conductor on the Kaiser's corner street car line appeared very proud this morning on their freshly decorated and painted cars. Some class to those East Enders.

If the Kaiser does not hurry up and get his dogs of war back into safety, they are going to get their tails tramped on. "Tails is the word—that's the way they'll be going."

Another thing this war is doing is providing us with new names for streets, steamboats and Pullman cars.

While several amateurs insist on showing their ability in English, the agony is not half so fearful as the thought of what Russian war poems must look like.

AMATEURS TO GIVE THREE OPERAS TO SWELL THE PATRIOTIC FUND

Pinafore, The Pirates and Patience To Be Presented

Three of the Gilbert & Sullivan favorite operas are to be given this winter in St. John by amateur talent under direction of Professor John Lloyd, in aid of the patriotic fund. Those who saw his success with "The Mascot" here last year in aid of the Playgrounds Association, will anticipate the forthcoming presentations with much pleasure. The operas to be given are "Pinafore," "The Pirates of Penzance" and "Patience."

The first named is especially familiar to Mr. Lloyd who played in the all-star cast at the Tremont Theatre, Boston, in a revival of Gilbert & Sullivan pieces there when "Pinafore" was one of the biggest hits.

A WARNING.

A correspondent in Westmorland county writes that a young man, about twenty-four years old, has been going about in the Shediac district attempting to get money from people on the pretence that an edition of The Telegraph is to be printed in French and circulated in that county. The correspondent sends a receipt of \$2.00 which he paid this man. The receipt is signed by J. S. Fraser.

The Telegraph does not know this man, and he has no authority whatever to collect money or take subscriptions. Any money so taken is money obtained under false pretences and would subject the collector to imprisonment.

The Telegraph desires to warn everybody in New Brunswick against any such scheme. Persons collecting money for The Telegraph or Times will, if required, show proper authority from the Telegraph or Times company.

The Telegraph is asking the French newspapers of New Brunswick to issue warning covering this case.

Get Ready For The Long Winter Evenings By Putting In A SLIDING COUCH

Which Will Serve as a Cosy Corner During The Day and Make a Double Bed at Night

THE one illustrated is strongly constructed with the famous "Hercules" fabric which is absolutely unshrinkable and is equipped with a splendid double filled cushion with first-class cotton felt.

THE PRICE IS \$11.70

but it should not be judged by that as we consider it far better value than many which sell at higher prices.
