TWO CHILDREN DIE IN BATH, N. B. FIRE

NEIGHBOR IS BADLY BURNED TRYING RESCUE

Little Sons of Gideon Brooks Victims In Blaze

PARENTS ABSENT Father at Work and Mother Attending Entertainment in Town Hall

Special to The Times-Star. BATH, N. B., May 14.—Little Freddie Brooks, aged four years, and his baby brother, Earl, aged eight months, children of Gideon Brooks, were burned to death early this morning, when their home, in which they had been left alone, was completely destroyed by fire.

ATTEMPT AT RESCUE When the fire was first discovered William Gorman attempted to enter the building from the front but was driven back by the setting flames.

NO INQUEST Commissioner Frink was Mayor at that time. He said this afternoon that the party were in this city the first week in August, just after war was declared.

GATHER FOR HYDRO MEET AT MONTREAL N. B. Representatives and Others Prepare For Meeting Tomorrow on Grand Falls.

MONTREAL, May 14.—Premier P. J. Veniot and Hon. J. E. McLeod, Minister without portfolio in the New Brunswick government and other representatives of that province, as well as representatives of the government of the United States, the State of Maine, the International Paper Company, the Grand Falls Company Ltd. and others interested, were in Montreal today in readiness for the hearing before the International Joint Waterways Commission tomorrow, of the application of the New Brunswick government to develop hydro power at Grand Falls on the Saint John River.

MANY AT FUNERAL Late Australian Premier Buried Today—Streets Thronged For Ceremony.

WELLINGTON, N. Z., May 14.—An impressive ceremony marked the funeral today of the Premier, W. F. Massey, who died last Monday. Dense throngs lined the streets, harked and silent as the hearse and the attendant cars passed from the parlour grounds, along the main street of the capital to Point Hassell, the place of burial.

CABINET IS SCORED Saskatchewan Progressives Criticize Choice of June 2 For Elections.

SASKATOON, Sask., May 14.—"For a government which boasts constantly of its virtues, and its fairness, the setting of the date, June 2, for the elections appears in the light of a discreditable piece of political knavery," says an election manifesto released last evening, by the Provincial Progressive Association of Saskatchewan.

Prince Will Stop At Nipigon If Cap Is Not Set For Him

Replying to Mr. Macdougall's renewed invitation for a moose hunt, the secretary expressed the Prince's delight at the proposal and stated that he would certainly make arrangements to stop off at Nipigon on his next visit to the E. P. ranch, which, he hoped, would be next fall—that is, provided you don't try to marry him off," the letter concluded.

Cabinet Takes Steps To Bar Foreign Communists From Great Britain

CHINA WORRIED OVER GEN. CHANG'S ACTIVITIES

Egotism of "Native Born" U.S. Women Casts Cloud Over Work of International Council Meet

WASHINGTON, May 14.—Discord continues to feature the quinquennial convention of the International Council of Women, which formally closed its sessions last night with a farewell banquet addressed by Lady Aberdeen. Controversy between the National Council of the United States and the auxiliary of the American Legion continued throughout the sessions. The latter, whose president is Mrs. O. D. Oliphant, claims that the quinquennial convention was an "occasion for a colossal waste of American money that might have been put to better use," and declares that at the convention meetings the native-born women were shown to the background of which they so effusively wear allegiance, and she hopes that the international representatives will not form their impressions of the country from the utterances of the convention's opponents.

SIR H. RIDER HAGGARD IS DEAD IN ENGLAND

LONDON, May 14.—Sir H. Rider Haggard, the author, died here today. He was born at Bradenham, Norfolk, June 22, 1856. He engaged in government service in South Africa and while a young man became celebrated as a writer of romances and tales of adventure with African backgrounds. From 1882 to 1894 scarcely a year passed without the publication of a novel by him.

SENATE TO PROBE CANTEN PAYMENTS

Senator Griesbach, Not Satisfied With Fund Distribution, Starts Move. OTTAWA, May 14.—Payments out of the Canadian Expeditionary Force canteen fund to returned soldiers or organizations, prior to the passage of a bill in authority such payments, will be investigated by a special committee of the Senate. A motion for such an investigation was adopted yesterday at the instigation of Senator General W. A. Griesbach, of Edmonton. He said that he was unable to satisfy himself that payments out of the fund had been satisfactorily accounted for.

YACHT ARRIVES AIRMAN IS KILLED

HALIFAX, May 14.—A forty foot motor yacht, "IV" class yacht, built at Oslo, Norway, for Philip Benson, of Boston, was landed here today, after being damaged by a collision with a tug in the harbor. The yacht, after being damaged by a collision with a tug in the harbor, was damaged by a collision with a tug in the harbor.

BRIGANDS KILLED

SOPIA, May 14.—Seven brigands have been killed by troops seeking those responsible for a recent raid on the town of Hazarik. The band extorted 400,000 leva from the inhabitants by holding various citizens for ransom, and upon leaving, took several hostages.

Claim Dawes Plan Cannot Be Fulfilled

BERLIN, May 14.—The National Federation of German Officers, in conference here today, condemned the Dawes reparation plan as incapable of fulfillment, criticized the government for not sending to the foreign powers a disclaimer of Germany's war guilt, and opposed the security pact proposed by the government.

MANCHURIAN MOVING TROOPS TOWARD PEKING Is Expected to Occupy City Without Fighting CHANGED MIND Had Declared Policy of Military Not Interfering in Politics

1,200 GUESTS DUE AT N. Y. RECEPTION

NEW YORK, May 14.—A squad of police guarded the town house of John B. Rockefeller, Jr., today as a preliminary to the reception of the 1,200 guests due at the marriage of Mr. Rockefeller's eldest child, and only daughter, Abby Rockefeller, to David Merriweather Milton.

LEACOCK GLOOMY

Believes League of Nations, as at Present, Unable to Function. MONTREAL, May 14.—Professor Stephen Leacock of McGill University speaking on the "Outlook for the World" here yesterday, took a somewhat pessimistic view as to the possibilities of the League of Nations as at present constituted. The League existed, he said, but had nothing to enforce its decisions. He gave unqualified approval to the recent action of the British government with regard to its work.

TO TRY SALVAGE

Reindeer Leaves Halifax At Attempt Refloating of Str. Hans Jensen. HALIFAX, May 14.—The salvage steamer Reindeer left here last night for Whitehead, about 125 miles to the eastward, where she will attempt to refloat the Danish steamer Hans Jensen, which ran ashore last Friday while en route from New York to Montreal.

GAS TANK EXPLODES

Seaman Drowned and Another Badly Burned in Boston Patrol Boat Accident. BOSTON, Mass., May 14.—Jos. H. McGee, a seaman on a coastguard patrol boat, was drowned last night; W. E. Mills another seaman was badly burned about the face, and hands, and two more men escaped injury by leaping into the water, when a gasoline tank on the boat blew up, and showered them with burning gasoline.

New York Village Nearly Wiped Out

AUSABLE FOKS, N. Y., May 14.—Fire destroyed most of the business section of this village early today. A score of stores, several business blocks, and two churches, were burned beyond repair. The fire department, aided by apparatus from Plattsburg, Saranac Lake, and Lake Placid brought the flames under control.

BALDWIN GAVE FIFTH OF ESTATE TO COUNTRY

Bought £150,000 War Loan and Gave It to Government

THANK OFFERING

Belief That Example Would Be Followed by Others Not Realized. LONDON, May 14.—That Prime Minister Baldwin gave a fifth of his fortune to the nation at a time when its financial needs were urgent is revealed by Wickham Steed in an article in the Review of Reviews.

SCOTCH GIVES WAY TO MILK

NEW YORK, May 14.—Milk has replaced hard liquor as the favorite beverage among Fordham University seniors. When the beverage question was put to members of the class of 1925 the dairy product finished first in number of votes by a wide margin.

PRINCE IS CHEERED BY 3,000 CHILDREN

Inspects Volunteers at Port Elizabeth—Wears Welsh Guards Uniform. PORT ELIZABETH, Union of South Africa, May 14.—The Prince of Wales today visited the sports ground here, and spent an hour inspecting volunteers from the various services, while 8,000 children, many of them descended from the first British settlers, who landed in 1820, cheered incessantly.

HIS BRAKES FAILED

Coroner Declares Death of Lunenburg Automobilist Was Accidental. LUNENBURG, N. S., May 14.—Dr. A. E. G. Forbes, coroner, stated last night that the death of Charles A. Alcorn, who was found dead in his automobile half sunk in the mud at the side of a wharf here on Tuesday, was purely accidental, and due to the fact that the brakes on the car were inoperative.

NEWSPAPER SOLD

Cyrus H. Curtis Purchases Philadelphia North American—Price About \$1,500,000. PHILADELPHIA, May 14.—Cyrus H. Curtis, magazine and newspaper publisher, has purchased the Philadelphia North American, it was announced here last night. The price is reported to have been about \$1,500,000. It is said that the North American after May 23 will be merged with the Philadelphia Public Ledger.

Senate Laughs At Suggestion That Members May Be Fewer

OTTAWA, May 14.—The possibility that the proposed inter-provincial conference on senate reform might result in a reduction in the membership of the Senate, was suggested yesterday in the upper chamber, as a reason for the delay in filling the seven vacant seats in the Senate. Senator Loughheed, opposition leader, said that his impression was that the government had not filled the vacancies because it was awaiting the outcome of the proposed provincial convention on the Senate.

Assaulted

SAM MCBRIDE Member of Toronto City Council, who, with Controller MacGregor, another member of Toronto's City Council, engaged in a pugilistic encounter which resulted in Alderman McBride being badly mauled. In the police court yesterday MacGregor was fined \$50 and costs on a charge of assault preferred by McBride.

MOORE FOLLOWS PLOT AGAINST CHAMBERLAIN

Action May Prevent Holding of Glasgow Conference. LONDON, May 14.—Alarm over the growth of communism in Great Britain, which has been voiced recently, seems to have invigorated the British Cabinet, and now it is understood, the advisability of refusing all foreign Communist permission to enter this country, for the annual conference of British Communists at Glasgow on May 31, is being considered.

CATHOLICS FORM BELGIAN CABINET

Expectations Are That New Administration Will Not Last Day. BRUSSELS, May 14.—After a ministerial crisis which lasted 38 days, M. Van De Vyvere yesterday succeeded in forming a new cabinet. Since the resignation of Premier Theunis, on April 5, Belgium had been without a cabinet.

STIFF OPPOSITION

The ministry was recruited exclusively from the members of the Catholic party, which has 80 deputies in the chamber. It will be opposed by the Liberals and Socialists, who control more than 100 of the 188 seats in the chamber.

The Weather

Table with weather forecasts for various locations including Toronto, Philadelphia, and others.

M. P., FATHER OF 13, SAYS STATE SHOULD AID LARGE FAMILIES

Arthur Hayday Tells of Struggle for Existence in Old Country.

By MILTON BRONNER. LONDON, May 13.—Ever-widening opportunities for more education to fit children to go up in the economical scale. Increasing opportunity for the working class to own its own homes. Some form of state subsidy to the working man with a large family to support them on the average scale of wages now paid in the industry. According to Arthur Hayday, it is to adopt the three above planks. And Hayday is a Labor-socialist leader in England, who has represented the big industrial city of Nottingham in Parliament for the past year.

A. Hayday with his wife and eight children. Five more are still living.

Weddings

Gray-Curry. Many in Saint John will be interested in the wedding of Miss Ella Curry, granddaughter of Mrs. Jeremiah Lipton, 80 Sheriff street, who was married to Ernest H. Gray, of Beacon street, Boston, on April 20. Miss Curry is the daughter of the late Mrs. Curry, formerly Miss Mary Upton, of Sheriff street, but later a resident of Boston. The ceremony was performed in St. Aidan's church by Rev. Dr. John T. Cragg, who officiating at the following additional officers: Vice-presidents, Mrs. W. J. Hart, second, Mrs. G. W. J. Scott, secretary-treasurer, Mrs. F. A. Scott, additional member of the executive, Mrs. Herbert Mayes, Mrs. G. Earle Logan, Mrs. John Montgomery, Miss Hilda Brittain, Mrs. Charles Wright, Mrs. LeBaron Clarke and Mrs. C. W. Pollock.

CHARITIES BOARD

Last Meeting Until After Summer is Held—Report For April Submitted. The last meeting of the Associated Charities for the season was held yesterday afternoon in the Billie Rooms, Germain street, with Mrs. Thomas Walker presiding, in the absence of the president. The business was expressed for the parcel of ready-made garments from DeMonts Chapter, I.O.D.E. A vote of sympathy was passed to the relatives of the late Mrs. R. D. Christie, who for many years was a faithful member of the board. Much routine business was conducted and plans were made for the summer for special cases of appeal, when no meetings will be held. Miss Robertson was granted her usual holiday, which will be taken at her own discretion.

ARE LIFE MEMBERS

Certificates Presented to Two at Louise Lewin Mission Band Meeting. Life memberships were presented Miss Muriel Kirkpatrick and Miss Dorothy Rice at the home of the Louise Lewin Mission Band of the Patville Methodist church yesterday afternoon. The at home was held in the church parlors from 8 to 5 o'clock and was much enjoyed. Members of the W. M. S. were special guests. Miss Muriel Kirkpatrick, president, was in the chair during the business session. Miss Hazel Craft read the scripture portion. The secretary's report was read by Miss Bertha Linton in the absence of Miss Lisa Craft.

N. Y. Canadian Club Names Maritimer

NEW YORK, May 13.—Duncan W. Fraser was elected president of the Canadian Club of New York at the annual meeting last night. Mr. Fraser is a native of Pictou county, N. S. Sir Frederick Williams-Taylor is the new first vice-president, and E. P. Hungerford, formerly of Montreal, second vice-president. The band has had a large increase in membership and during the year has raised \$80. The Easter offering amounted to \$18. Rev. J. M. Rice made the presentation of life membership certificates and commended the work of Mrs. Arthur Long as leader. Recitations were given by Miss Mildred Crosby and Miss Norman Linton, a duet by Miss Margaret Stout and Miss Dorothy Rice and a chorus by the boys and girls of the Mission Band. The girls of the band served delicious refreshments. Houses to Let. See the want ad page.

MRS. N. P. McLEOD IS LEAGUE PRESIDENT

Vote \$25 For War Memorial by Carleton G. W. V. A. Auxiliary.

The Women's Service League, auxiliary of the Carleton G. W. V. A., at its annual meeting last night voted to give \$25 to the Saint John war memorial fund. The league has accomplished a splendid work in aiding soldiers and their dependents in distressed circumstances and the money was voted to "Honor the Dead" as so much of the work had been done to aid the living. The meeting was held at the home of Mrs. John Montgomery, DeMonts street, with Mrs. Norman P. McLeod, president, in the chair and 24 members present. The league was organized in November and the reports showed that in its short time of existence it had made a creditable record. One new member, Mrs. E. J. Smith, was welcomed. The meeting unanimously elected Mrs. McLeod as president for the ensuing year and chose the following additional officers: Vice-presidents, first, Mrs. W. J. Hart, second, Mrs. G. W. J. Scott, secretary-treasurer, Mrs. F. A. Scott, additional member of the executive, Mrs. Herbert Mayes, Mrs. G. Earle Logan, Mrs. John Montgomery, Miss Hilda Brittain, Mrs. Charles Wright, Mrs. LeBaron Clarke and Mrs. C. W. Pollock. The league will not meet during the summer months and will resume activities in October.

Widow Posing For Figure On Tomb

NEW YORK, May 13.—A marble statue of his widow is to be a part of the design on the tomb of the late Alfred H. Smith, formerly president of the New York Central Lines, according to Charles Keck, sculptor. Keck Tuesday admitted that Mrs. Smith was posing for the hands, arms and face of the undraped female figure in the decorative group which will mark the grave in Kensico Cemetery. A professional model has posed for the body, Keck said. In the group which is carved, Mrs. Smith, holding up the lamp of knowledge, will be symbolic of "inspiration." A male nude, with one hand resting on the winged wheel of progress, will represent "achievement" and will typify Mr. Smith.

Plaintiff Not Ready; Case Dismissed

The Circuit Court resumed its sittings yesterday afternoon with Mr. Arthur Crockett presiding. The case of Archer vs. the Great Eastern Garage was set for hearing but as the plaintiff was not ready to proceed, the court dismissed the case on the application of the defendant's counsel. This was an action brought to recover a commission alleged to be due the plaintiff as the result of an agreement regarding the sale of a motor car in 1922. The motor car was on exhibition at the Moncton motor show and the agreement was to the effect that if the car was sold as a result of his having been on show, the plaintiff was to get the commission. The defence was that the car was not sold. M. B. Innes appeared for the plaintiff and W. M. Ryan for the defendant. Court adjourned until June 16.

Paper Mill Is Ready To Start In Quebec

QUEBEC, May 13.—Work on the plant of the Anglo-Canadian Pulp and Paper Mills, Limited, near City of Quebec, which has been proposed for some time, and which will have a capacity of 400 tons of newsprint per day is nearly done. The plant will begin before the end of the present year it has become known with the return from England of Frank W. Clark, who represents the Rothermere interests in Canada.

ORDINATIONS ARE ATTENDED BY MANY

Ceremony Last Evening in St. Andrew's Church—Where They Will be Stationed.

With the solemn service of ordination for ministers of the Presbyterian Church, three candidates were ordained ministers in St. Andrew's church, last night, by Rev. Hugh Miller, moderator of the Saint John Presbytery. The candidates were C. L. Blanchard, of Bathurst, N.B. and William M. Byers, of New West Annam, N.S., graduates in theology of Pine Hill College, Halifax, who have been licensed by the Halifax Presbytery and have been appointed to congregations in New Brunswick by the Saint John Presbytery. There was a large congregation present and the combined choir of St. David's and St. Andrew's churches led in the special music which gave an added inspiration to the service.

DELIVERS CHARGE

When the candidates had taken the vows required they were ordained by the laying on of hands and the ordination prayer was offered. Rev. W.

In Parliament Today

THE SENATE will sit. IN THE HOUSE—Trade treaties and the estimates of trade and commerce will probably come up.

INTRUDER HAD GONE

Police officers were despatched late last night to a section of Leinster street on complaint of a resident that there was a man lurking in the yard of a house. On the arrival of the officers through search was made but no person could be found there.

Little Ones of City Go A-wandering

James Boyne, aged four, strayed away from home yesterday afternoon and was found wandering about the South Market wharf. The youngster

Royalty Will Open Canada's Buildings

Canadian Press Despatch. TORONTO, May 13.—It is announced here today that King George and Queen Mary will open Canada's new buildings in Trafalgar Square, London, England, with keys made from metals taken from the mines of Northern Ontario.

Yesterday In Parliament

IN THE SENATE—Senator Giesbach moved that a special committee be appointed to inquire into the content and disablement funds, and the sale of poppies by the Great War Veterans' Association. The boundary treaty between the United States and Canada, was approved. IN THE HOUSE—An amendment to the Industrial disputes investigations act was put through all three stages, after some debate. Salaries of the state department were voted.

OPERATED ON AT 91

Captain W. B. McLean Doing Well After Surgical Attention in Hospital. Captain W. B. McLean, who is proud of his 91 years, has maintained the record for vigor of sea captains in the North End by undergoing successfully a serious operation at the General Public Hospital, where he is resting comfortably and receiving his friends. He was operated on last Saturday and has regained his strength with wonderful recuperative powers. He retired 15 years ago from the service, and has resided at 184 Main street, with his daughter, Mrs. Robert Wisely. If he progresses as well for the next few days as he has done since Saturday, Captain McLean will be as active as ever and able to enjoy life much better. His mind is clear and he is considered the most interesting member of any company he may be in, one of his grandchildren said today.

Fables On Health

FOR POISON IVY TREATMENT

MANY a picnicer, a few days after returning from a trip in the woods, begins to feel itching sensations about the face or arms. Then is a good time to start doctoring for poison ivy.

Some persons are immune from poison ivy. Others think they are immune until they get it. The safest thing to do is to go to some Boy Scout and learn what the plant looks like, and then stay away from it.

If affected, a good remedy is to bathe the affected parts with a solution of lead subacetate three or four times a day.

Be careful that the blisters do not break, permitting the liquid they contain to run over other parts of the skin. This is the way it spreads.

A good solution is made from carbolic acid, one dram; glycerin, one-half ounce; zinc oxide, four

LITTLE JOE

NO WONDER SOME PEOPLE DON'T GET ANYWHERE WHEN THEY SPEND MOST OF THEIR TIME WONDERING WHY.

drams lime water, one pint. Mix and shake well before applying.

A mixture of powdered blue-stone and buttermilk is good. Use one teaspoon of the powder to one cup of milk. Sop this on frequently. If the poison becomes too painful, see a doctor.

Situations Wanted. See the want ad page.

Adventures of the Twins

By OLIVE ROBERTS BARTON.

"THE STORK TALKS HIMSELF WELL." "You were asking about my relatives," said the lame stork in Doctor Bill's hospital. "I'll tell you about them if you are sure you won't get tired listening. There are a great many."

"Oh, no!" said Nick, politely. "We won't get tired. It's interesting to know about birds we never see."

"You may see some of my relatives in the Zoo," I am sorry to say," remarked the stork. "But not all. Well, I shall begin."

"First of all there is Billy Blue Heron. He is not as particular about the place he lives as we storks are. You may find him anywhere near water, almost. He likes to eat fish—and I am afraid he is in disgrace a lot of the time as he eats the children of birds also. We are not so proud of Billy in our family, so we aren't—although I heard one time that he had received a medal for eating more rats and mice and snakes than any other bird around. Billy isn't always blue—sometimes he has green on him, and black. But he has a big brother who is enormous. He is as large as I am and has a black crown. He is very handsome."

"Is that all?" asked Nancy.

FLAPPED PALMY SAYS

MORE than one new hat is worn out.

cutly, and sleeps all day. Must have gotten his dates mixed up. He has eyes like a cat—or an owl. He's a beauty, too! As purple as an Easter egg. But speaking of Easter eggs: There is still another cousin of ours of whom we are very proud. He is not only very big but he has all the colors of the rainbow. He is called the Goliath Heron.

"And then," sighed the stork, "we have another, still another heron cousin who causes us much sadness. He is a pure white heron and people hunt him for his feathers—called egretts. His really his wife they are after, as her feathers are so much finer than his."

"I know! I know!" nodded Doctor Bill. "It's a shame, too!"

Suddenly the stork began to laugh. "We have a funny cousin," said he. "He thinks he can sing, but he sounds more like a bass drum. He's called Roamer, the Bittern. You should hear him. And oh, I must tell you about Sarn Spoonbill and one is called Bob Boatbill. They have bills like shovels, they say, and they must be sights."

"Is that all the relations you have?" asked Nancy.

The stork looked surprised. "My goodness no! I haven't begun," he remarked. "Now I'll begin to tell you about the crowned crane of Africa—a real king among birds—and the red stammingoes who fly as fast as aeroplanes and sit on mud nests in the water. Sometimes they are called red gessie. They are very beautiful and the adjacent bird is also a cousin of mine."

And so he went on and on and on, talking about his relations.

When he had finished Doctor Bill said: "You must be tired now. I'd better be attending to your lame wing, Mister Stork."

The stork looked surprised. "Why, I feel entirely cured! I must have talked myself well," he said.

Doctor Bill just looked wide and said nothing. To Be Continued.

Eleanor Likes Plaids

PLAIDS also predominate in the cape of red and white kasha with the wide border of red all around, which is worn over a straightline frock or red faille silk. It is a favorite of Eleanor Boardman.

There is only one way to get rid of boils and that is by going right to the seat of the trouble—the blood—as the bad blood must be made pure before the boils will disappear.

BURDOCK BLOOD BITTERS

cleanses the system and removes all the foul matter from the blood, in a way that few medicines will do.

Mrs. Chas. Rankin, Bulyes, Sask., writes:—"A few years ago my husband had a terrible time with boils. On one arm he had 16 between his elbow and wrist, five on the back of his neck, and several more on different parts of his body. He tried everything he could think of, but got no relief until he took Burdock Blood Bitters, and to his surprise it completely relieved him, of his boils, in a very short time."

B.B.B. has been on the market for the past 46 years; be sure you get it when you ask for it; put up only by The T. Milburn Co., Limited, Toronto, Ont.

BLACKHEADS

Blackheads go quickly by a simple method that just dissolves them. Get two ounces of peroxide powder from your druggist, rub this with a hot, wet cloth liberally over the blackheads—and you will wonder where they have gone.

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

Verdun, Montreal, Quebec.—"I am one of thousands who have taken Lydia E. Pinkham's Vegetable Compound and I have great faith in it. I can safely say it has relieved my troubles and I shall never be without a bottle of it in my house. Since my last baby was born I suffered from pains and backaches and would feel so tired I could not do anything in my home. Since I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine I feel so different. I recommend it to all my friends and hope it will cure other women who are suffering from the troubles I had."—Mrs. THOMAS H. GARDNER, 821 Evelyn Street, Verdun, Montreal, Quebec.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for the new mother. It is prepared from roots and herbs, contains no harmful drugs and can be taken by the nursing mother.

It is worth in restoring the mother to normal health and strength is told again and again in just as many letters as Mrs. Gardner writes.

A recent canvass of women users of the Vegetable Compound shows that 98 out of every 100 women taking the medicine are benefited by it. They write and tell us so. Such evidence entitles us to call it a dependable medicine for women. It is for sale by druggists everywhere.

Let Tanlac restore your health

If your body is all fagged-out and run-down, if you are losing weight steadily, lack appetite, have no strength or energy—why not let Tanlac help you back to health and strength?

So many millions have been benefited by the Tanlac treatment, so many thousands have written to testify to that effect that it's sheer folly not to make the test.

Tanlac, you know, is a great natural tonic and builder, a compound, after the famous Tanlac formula, of roots, barks and herbs. It purges the blood stream, revitalizes the digestive organs and enables the sickly body to regain its vanished weight.

You don't need to wait long to get results. Tanlac goes right to the seat of trouble. In a day or so you note a vast difference in your condition. You have more appetite, sleep better at night and the color begins to creep back into your washed-out cheeks.

Don't put off taking Tanlac another world-famed tonic. That's the first precious day. Step into the nearest important step back to health and drug store and get a bottle of this vigor.

TAKE TANLAC VEGETABLE PILLS FOR CONSTIPATION

TANLAC FOR YOUR HEALTH

Tanlac Restored Her Health

"Typhoid fever reduced me to 95 lbs. and left me weak as a rag. Failing to get relief from other sources I tried Tanlac and after 6 bottles had gained 20 lbs. Now I enjoy a fine appetite and feel like a new woman. As a nurse I give Tanlac to all my patients."

CURRENT MUST BE SUPPLIED AND OVERMAN

Utilities Board Gives Judgment on Petition of C. W. Lewis

TRANSFORMERS ARE TO BE FURNISHED

Lewis Must Pay Any Arrears—Decision Cites Matter of Jurisdiction.

Under a judgment delivered today by the New Brunswick Board of Public Utilities the commissioners of the Andover and Perth Electric Light District are ordered to supply current to Charles W. Lewis, millman, of Andover and to supply the necessary transformers to make such current available to Mr. Lewis, on the condition that the arrears, if any, of Mr. Lewis to the commissioners be paid.

Copies of the judgment have been forwarded to those parties interested, through their solicitors.

The board held that the action of the commissioners in having power users furnish their own transformers increased the rate and this the commissioners had no right to do without having the schedule approved by the board.

JURISDICTION.

On the question of the board's jurisdiction in the case the judgment sets forth that "Under sub-section B of Section 1 of the act by which this board was established, this board was given jurisdiction over the corporation, company or person, producing, transmitting, delivering or furnishing heat and light, the sub-section concluding: 'and also means and includes any city or incorporated town that now or hereafter owns, or may own, operate, manage or control any plant or equipment for the conveyance of telephone messages or for the production, transmission, delivery or furnishing of heat, light, water or power, either directly or indirectly, to or for any other city or incorporated town, or any street railway.'

"The use of the words 'city or incorporated town' in the ordinary sense would include city or incorporated town which is constituted as an overabundance of caution on the part of the legislators to make sure that even cities and incorporated towns dealing with other cities and incorporated towns are still subject to our board, or, as the alternative, that it was intended that cities and incorporated towns, as long as they did business in their own name, and not in the name of people to whom they were responsible at elections, were not subject to our board.

"On this latter assumption, this board has never pressed its jurisdiction on cities and incorporated towns doing business within their own boundaries.

WITHIN AUTHORITY.

"The commissioners of Andover and Perth Electric Light District are a body corporate, with all the powers and privileges incident to a corporation, but are not a city or incorporated town and therefore not excluded under either interpretation of the sub-section from our authority. As a matter of fact, as required by the act under which this board functions, the Andover and Perth Electric Light District filed a schedule of rates, tolls and charges with this board under date of July 6, 1910, over the signature of Charles H. Elliott, secretary of the commissioners.

"It was argued by Mr. Hayward that the petitioner was unjustly discriminated against by the commissioners of the Andover and Perth Electric Light District, and charged more than other people, firms or corporations for a like and contemporaneous service, and basing his position upon the fact that at the meeting of June 26, 1916, on motion of one, Dr. Earle, it was decided that no transformers for power purposes be supplied in future, other than those already established, except by resolution of the ratepayers.

"It is Mr. Hayward's contention that this resolution was aimed at the petitioner, and there is no doubt that if, after Mr. Lewis was forced to buy his own transformers, exceptions had been made by resolution of the ratepayers, there would have been established an unjust discrimination against Mr. Lewis in favor of other customers, namely, the charge of supplying his own transformers.

DISCRIMINATION FLEA.

"Under the circumstances before us we do not think it necessary for us to decide whether this was a discrimination against Mr. Lewis as compared with the other customers or not, since, under Section 12 of the act under which we operate, and as amended in 1912, any public utility is also guilty of unjust discrimination, which directly or indirectly, by any device whatsoever, charges, demands, collects or receives from any person, firm or corporation a greater or less compensation for any service rendered by it, in or effecting or relating to the production, transmission, delivery or furnishing of heat, light or power than that prescribed by the act under which we operate, where it is definitely stated that no change shall, after the filing of the schedule of rates with our board, be made in any of the rates, tolls and charges, except upon 30 days' notice to the board, and all such charges shall be plainly indicated upon existing schedules or by filing new schedules in lieu thereof 30 days prior to the time the same are to take effect.

RATES OF 1910.

"The application of Mr. Lewis to the commissioners of the Andover and Perth Electric Light District was for a service covered by and included in the filed schedules. The rates, tolls and

London House

F. W. DANIEL & CO. HEAD KING ST.

charges under the schedule of July 6, 1910, are the lawful rates, tolls and charges until the same are altered, reduced or modified as provided under the act. The Andover & Perth Electric Light District filed no amendment to their schedule with this board, but took it upon themselves to increase the rates, tolls and charges to Mr. Lewis, and to others, by the method—a most unusual method—of forcing the petitioner and others to pay in addition to the rates, tolls and charges already filed with the board, the cost and installation charges of the transformers. This board did not have an opportunity to pass on these additional charges made by the company, constituting a rate which undoubtedly penalized the heavy consumers.

BOARD'S ORDER

"This board therefore orders that the commissioners of the Andover & Perth Electric Light District be required to furnish power to the petitioner, Charles W. Lewis, at his mill at their meter therein, and to install all necessary transformers and apparatus for the purpose of delivering such power at his said meter, such installation to be made subject to the payment of the arrears, if any, due by the said petitioner to the commissioners of the Andover & Perth Electric Light District. The judgment is dated May 13, and signed for the board by E. S. Carter, clerk. M. E. Hayward represented the petitioner and F. R. Taylor the commissioners.

Marie Corelli Will Before English Court

LONDON, May 13.—The will of the late Miss Marie Corelli came before Mr. Justice Eve in the Chancery Division a few days ago on a summons taken out by Alexander Strachan Watt, an executor of the will dated June 6, 1922.

His Lordship was asked to decide whether Mr. Watt, as an executor, ought to admit a claim by Miss Bertha Vyver, of Mason Croft, Stratford, tenant for life of the estate to the sum of \$32,335 deposited by the testatrix with the Bank of Scotland, and to any part of \$16,660 withdrawn from deposit at the bank by testatrix during her lifetime. There were further questions as to how royalties on books and copyrights owned by Miss Corelli were to be dealt with as between capital and income of the estate.

Social Notes of Interest

Mr. Douglas and Lady Hasen have issued invitations for the marriage of their daughter, Ada Althen, to Mr. Douglas Lawson Macaulay, on Wednesday, May 27, at St. Paul's church.

Mrs. Silas Alward left Tuesday evening for Newmarket, where she will visit her sister, Mrs. Howard Wilcox, and Mr. Wilcox.

Lieut.-Colonel and Mrs. W. H. Harrison, who were in Atlantic City and other American cities, have returned home.

Miss Alice Hegon left last evening for Montreal to visit her sister, Mrs. Basil Stead, and Mr. Stead.

Mrs. G. B. Hegon and Miss Gladys Hegon, who had been in New York, are also visiting Mr. and Mrs. Stead.

Mrs. Gerald Foster left last week for Windsor, N. S., where she will visit her father, Mr. Read, and Mrs. Read.

Mr. and Mrs. Frank N. Robertson have moved to their summer home at Ononete.

Mrs. Clarence Knapp, of Sackville, is visiting her sister, Mrs. Frederick Esty, Elliot Row.

Major General H. H. McLean, of Rousesay, is a guest at the Ritz-Carlton, Montreal, for a few days.

Mrs. A. D. Taylor and her brother, Mr. W. B. Wisely, and Mrs. Wisely,

Fragrant and Pure "SALADA" TEA

is kept deliciously fresh in airtight aluminum foil packets. Never sold in bulk. Try it.

all of Minto, with Mr. and Mrs. C. H. McLean, of Winthrop, Mass., are guests of Mrs. Robert Wisely at 184 Main street, coming here on account of the illness of Captain W. B. McLean, who is recovering.

Mrs. J. Leonard MacGregor, of Saint John, and Mr. R. B. Sledrick, Kingston, N. B., were at the Canadian Office, London, England, recently.

Miss Harriet Roberts, daughter of Mr. and Mrs. Harry J. Roberts, Douglas avenue, is expected home today from Halifax, where she has been attending Dalhousie University. Miss Roberts is entering the senior class next year at Dalhousie, having maintained her high standard of efficiency that she established here at the Saint John High School where she won distinction during her whole career. She was the guest for a few days after the closing of Sheriff Hall, the girls' residence, of her aunt, Mrs. B. Smith, Halifax. Miss Elizabeth Morton, grand-

daughter of Hon. J. G. Forbes, who graduated from the High School with Miss Roberts and who has also passed her Junior year at Dalhousie University, is expected home this week. She has been visiting Miss Elinor Barnstead, of Tower Road, Halifax.

Rev. W. M. Fraser, of St. Andrews, arrived in Saint John last night and registered at the Royal Hotel.

Mr. and Mrs. William C. Clarke, of 208 Duke street, and their youngest son, Graeme, left on the Boston train last evening for a short visit to Portland, Me., and Boston.

ANGRY FOREVER. CAMBRIDGE, Mass., May 13.—Professor W. B. Cannon of Harvard University has discovered a method of operating on the brains of animals which makes them permanently angry and at the same time removes all sense of pain. The cat's hair stands up, its claws are drawn out and it scratches and spits.

URGES CANADA START EXPORT OF CHILLED MEAT

Thornton Promises Consideration of Suggestion by Sir Henry Drayton

WOULD HELP LIFT C. G. M. DEFICIT

Move Likely to Cause Rate War, However, Is Argument.

OTTAWA, Ont., May 13.—A policy which if adopted would, it is claimed, serve the double purpose of helping to pull the Canadian Government Merchant Marine out of its deficit and also greatly assist the agricultural and packing industries of Canada was outlined at this morning's sitting of the committee on national railway and shipping by Sir Henry Drayton, and promised careful consideration by Sir Henry Thornton. Sir Henry Drayton urged the ad-

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes:—"After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep at night, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S HEART AND NERVE PILLS

to decided to try them. After taking one box I felt a slight improvement. I have now taken five boxes, and I have gained 35 pounds in weight. I am now more than able to do all my own housework as well as considerable outside work. I cannot recommend Milburn's H. & N. Pills too highly for those suffering as I did."

vantages of the Government's ships going vigorously into the business of carrying chilled meats to the United Kingdom. At the present time, said Sir Henry Drayton, the Government ships were steadily losing money in carrying meat to Europe. A concerted movement for that business of carrying chilled meat would be of great value to all the interests concerned and the Government lines should take the initiative by giving the lowest possible freight rate based on the space taken, either actually or by contract. "There is in this course," said Sir Henry, "tremendous opportunity for doing something for the agricultural industry and for the packers."

SITUATION LOOKED INTO. "We have made an investigation of this situation," said Sir Henry Thornton, "and it was revealed that there already was a large amount of unsalable space for chilled meat shipments. We had a large amount of cargo space that could have been used for chilled meat, but the cargo was not offering. The only solution to that situation would have been to make a material reduction in the freight rate."

COULD GET AGREEMENT. "Then why not a co-operative effort on the part of all the member lines of the North Atlantic conference?" asked Sir Henry Drayton. "They could get a general agreement for a reduction in freight rates by which the chilled meat business could be greatly stimulated. Let the Canadian Government Merchant Marine make a start, if necessary. Some one would have to take the initiative."

MERIT IN SUGGESTION. "There is a great deal of merit in that suggestion," replied Sir Henry Thornton. "I would feel that it was an adventure on which the Canadian Government Merchant Marine could very properly and advantageously embark. It might, however, provoke a rate war."

"I do not see great peril to the Dominion in a rate war," said Sir Henry Drayton.

WOULD ENJOY RATE WAR. Sir Henry Thornton said: "There is nothing I should enjoy so much as a rate war on this theory, for I think we would probably win."

Sir Henry Drayton said: "The Canadian Government Merchant Marine is losing money handling cattle at \$20 a head. Now five chilled meat carcasses can go into the space occupied by one five steer, on the carriage of which you are today losing money."

PRESENT RATE \$150 PER CWT. It was stated that the rate today on chilled meat was \$150 a hundred pounds.

During the sitting Sir Henry Thornton intimated that further inquiry would be made into the possibilities of this business. In answer to other questions he stated that in the current fiscal year \$18,940,625 would be spent under the head of investment in road and equipment on the Canadian National Railways as compared with \$30,446,588 in the fiscal year just closed.

Yokohama has made a remarkable recovery from the devastation wrought by the earthquake in 1923.

4 CARS DERAILED NEAR SACKVILLE

No One Injured But Traffic Held Up For Several Hours.

SACKVILLE, May 13.—Four cars of the Canadian National express from Saint John to Halifax went off the rails about a mile and a half past Sackville station at 11:35 o'clock tonight. There was nobody hurt but traffic on the road will likely be held up until 4 or 5 o'clock tomorrow morning while the train is being put back on the track.

The train, which left Saint John at 10 o'clock, Atlantic standard time, had got about one and a half miles past Sackville when the accident occurred. The baggage express, second class and first class cars left the rails while the engine and the pullman, on opposite ends of the train, remained on the track.

It is understood that the track is pretty badly torn up for a short distance but, as far as could be learned, there is no other damage. No persons were hurt, according to a report from railway officials here. The wrecking train from Moncton was on its way to the scene shortly after the wreck occurred and it was estimated that it would take four or five hours to restore the line to working order.

MASONIC. The special service at Trinity church for the Masonic fraternity is to be at 3 o'clock on Sunday afternoon. The lodges are called to meet at Freemasons' Hall at 2:30 and will there form in procession and go directly to the west entrance of the church. The usual practice as to dark clothing will, of course, be observed; but in view of the short distance to the church, the brethren are not to regard the wearing of silk hats as necessary. The special service will be in printed form for the more ready use of the congregation.

THE YIELD OF WHALES. The yield of all from an adult whale is about 14 1/2 tons.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength.

Presentation To Mrs. C. Franklin

The members of the Friday Night Bridge Club met last night at the home of Mr. and Mrs. J. B. Jones and made a farewell presentation to Mrs. Clyde Franklin of a handsome leather handbag, fully fitted. Mr. and Mrs. Franklin have been with the Carroll Players in Saint John during the last three seasons. When the presentation was made to Mrs. Franklin last night by Mr. Jones, he expressed the pleasure the members of the club have had at their meetings and their regret at Mrs. Franklin's coming departure.

Mrs. Franklin was taken by surprise and greatly touched. She replied feelingly. Bridge was played during the evening and at the close delicious refreshments were served. Besides the members of the club there were several guests present including Mrs. Lansdowne of Sussex.

"The workmen had come to see to the drains and lingered for days over the job. The old lady of the house, impatient at their slowness, told the foreman just what she thought of him. Indignant, he replied: 'Be careful what you say, madam, or I will sue you for damages.' 'Very well, then,' came the answer. 'I shall damn you for sewerage.'"

JOHN SCOTT OF POST OFFICE STAFF DEAD

Caretaker Was Veteran of South African War and Freeman of City.

Very many in Saint John will regret the passing of John Scott, caretaker of the city post office, who died at his home last night after a lengthy illness. There are few men who have been so outstanding among the citizens of Saint John that they have been held worthy to receive the freedom of the city and Mr. Scott was one of those few men.

He was a veteran of the South African War and served throughout that campaign with such distinction that he was awarded the South African War Medal with the four bars, Transvaal, Driefontein, Paardeberg and Cape Col. When he returned to Saint John, in recognition of his valor in service, the freedom of the city was bestowed upon him. The war medal was presented by no less a personage than His Majesty King George V, who as the Duke of Cornwall and York was then on tour of the overseas Dominions. The presentation took place on July 1, 1901.

TWO SAILORS LOST

Stray From Lunenburg Ship in Fog While Trawling on Quero Bank.

CANSO, N. S., May 13.—The loss of Ephraim Purdy and Philip Hammond, both from Newfoundland, was reported today on the arrival of the Lunenburg fishing schooner Marion Elizabeth, Captain John Westhaver. The men strayed from their ship while hauling trawls in their dory on Quero Bank last Sunday when a dense fog settled down on the banks.

DAMAGED IN COLLISION. Automobile No. 12,859 collided with an automobile owned by Frank T. Mullin in Union street, at 8:15 o'clock last night. The Mullin car had a bumper damaged but the other car escaped any damage.

HER NERVES SO BAD SHE COULD NOT SLEEP

Mrs. Grace Kitchen, St. George, Ont., writes:—"After having a severe attack of pneumonia I was left in a weak and run down condition. Better LAWNS FLOWERS VEGETABLES POTATOES and other field crops

We receive dozens of letters like this:— Toronto, Ont., Sept. 8, 1924. Dear Sirs:— This summer having seen testimonials from several people that had used your Soilgro, I decided to procure some and give it a fair trial, which I have done with exceptionally good results. I may say I was some time managing the Horticultural Dept. at Macdonald College, St. Anne de Bellevue, Que., and had considerable experience in this kind of work. I consider it as a fertilizer for all kinds of flowers, vegetables and lawns. The best I have ever seen. (Sgd.) T. J. GIBBS.

Soilgro feeds any plant that has roots. It consists of beneficial bacteria which stimulates and increases plant growth. It can be used with or without fertilizers with good results. For the man in town, therefore, it eliminates the muss and objectionable odor of barnyard manure on his lawn or garden.

Send a \$6.00 cheque or money order for enough Soilgro to last all summer on a good sized lawn and garden or an acre and a half of potatoes, roots or grain.

24th OF MAY IS AUTOMOBILE DAY

Many New and Old Cars Open Up Their Running Season on May 24. Is Your Car Ready For the Road? First Outdoor Holiday of the Year

"The spring is here—the delicate-footed May With its slight fingers full of leaves and flowers; And with it comes a thirst to be away.

In lovelier scenes to pass these sweeter hours."

The post must have been thinking from lately. When I first start up the engine it runs fairly well; but after it becomes warm it seems to miss, and at low speed jerks like a galloping horse. I have had the valves ground, and the ignition gone over, and have tried all sorts of carburetor adjustments without avail. Could you give me some idea that would eliminate this trouble?

When an engine runs at low or medium speed like a loping horse, it is one of the positive indications of a rich mixture, and although this type of trouble points directly to carburetion, very often the trouble is due to some external gasoline source. A defective vacuum tank that will allow raw gasoline to be sucked into the intake manifold will give strong indications of a rich mixture, upon which no carburetor adjustment will have effect. Other than this, consider back pressure—the exhaust manifold and muffler clogged with soot and carbon, to where the engine is working against itself? Another point is the air shutter, or choke valve. Often this gets out of adjustment with the control on the dash, so that when it is supposed to be wide open, it may be only partially opened. This would give a rich mixture at all engine speeds. Watch these points carefully, and if the mechanics of the engine and the ignition are in proper condition, turn attention to the carburetor. As to carburetor adjustments, these must be found by experimenting; and when the principle of carburetion is understood this can be done without trouble.

Battery Cables.
Q. Is it a good policy to periodically run over the cables of a battery?
A. Some batteries remain in the car many months without being taken out. Just because the car apparently acts O.K., do not take too much for granted. Battery cables and connectors are being eaten away constantly and should be cared for properly, along with the battery. It is not uncommon to find a clamp cable connector almost completely eaten away. Such a connection between the battery and cable is very dangerous to the entire electrical system, and sooner or later will cause endless electrical trouble if not properly taken care of.

Keep all battery connections free from corrosion. This can be done by washing once a week with a dilute solution of ammonia and then thoroughly greasing the terminal.

FILLING THE VACUUM.
A vacuum tank which has run dry can be filled by closing the throttle and turning the engine over with the starting motor. This remedy should be enough time to draw sufficient gasoline into the vacuum tank for starting purpose. After the engine is started the vacuum tank will take care of itself.

Rich Mixture, Probably.
Q. I have a 4-cylinder McLaughlin which has been giving me considerable trouble.

Mufflers are designed to give quietness of operation, rather than to retard the exhaust gases; but after a muffler becomes clogged with soot and carbon, it does not do that. If a car has a cut-out, if it is opened at every suitable opportunity, much of this soot and carbon will not lodge in the muffler, and the engine will give better service.

WHO'S WHO IN THE AUTOMOBILE TRADE

Newsy Items About Some of Saint John's Dealers

H. E. Brown & Son, Ltd.
Messrs. H. E. Brown & Son, Ltd., opened up their battery service station in 1920, and have built up a wide connection with motorists in Saint John and surrounding district. They also are dealers in tires and accessories, gasoline and oils. Their premises are located at 371-377 Haymarket Square.

Brown & Putman, Ltd.
At the corner of Union and Peel streets, Messrs. Brown & Putman, Ltd., operate the Alemite Service Station. This is one of Saint John's newest and most modern stations, built on the latest plans for rendering quick and efficient service. Motorists can have their wants attended to under cover, the driveway being large enough to handle four cars at once.

H. Horton & Son, Ltd.
The large organization of H. Horton & Son, Ltd., was founded by the late Henry Horton in 1847. The business was incorporated in 1903. This is one of the largest leather houses in Eastern Canada, and caters on a large scale to the motoring public. Some time ago their retail store was entirely remodelled, and silent salesmen, wall fixtures and showcases of the most modern type installed.

United Automobile Tire Co.
The United Automobile Tire Company is well known throughout New Brunswick as large dealers in tires and tire accessories. The company is under the management of O. W. Wood, who has spent many years in business in Saint John.

Maritime Vulcanizing Co.
The Maritime Vulcanizers, Ltd., operate a modern tire repairing plant at 88 Princess street, Saint John, and also carry a full line of tires and tire accessories. Their plant is one of the largest and most up-to-date in the Maritime Provinces. W. F. Crawford is manager.

BETTER AND BETTER

Dependable ten years ago, and five years ago, and more dependable than ever today, Dodge Brothers Motor Car simply represents the latest phase in a process of continual betterment.

The first cars Dodge Brothers built established a world-wide reputation. The cars they are building today incorporate the accumulated refinements of those ten intervening years.

That important improvements in the comfort and appearance of the car are made from time to time, implies no basic departure from Dodge Brothers traditional policy of progressive rather than seasonal development.

MANUFACTURER GETS WORD FROM OTTAWA

Says Amendment to Criminal Code Is Being Considered by Cabinet.

TORONTO, May 14—The Globe this morning says:

"Impenitence of at least one year, without the alternative of a fine, will be the penalty contained in the amendment to the Criminal Code to stop the smuggling of merchandise into Canada, according to a well-known manufacturer, who said, last night, he had received word from Ottawa that the Government proposed to take drastic steps to stop the illicit traffic in merchandise between the United States and Canada."

"This manufacturer was one of a number who had spent many thousands of dollars in gathering evidence to show the extent of the traffic. He believed imprisonment without a penalty would have the desired effect."

TEARLES CALLED ON FOR \$20,000 AWARD

Movie Star and Wife Sued Because Dog Bit Seven Year Old Boy.

WHITE PLAINS, N. Y., May 14.—Under a sealed verdict handed up by a jury in the Supreme Court presided over by Justice Morchauer here, Conway Tearles, movie star, and his wife, Mrs. Adele Rowland Tearles, are assessed \$20,000 damages in favor of Jacques Weisberg, a seven-year-old boy, and his father, Max Weisberg, his guardian, for severing dog's teeth which received more than three years ago.

Rev. G. F. Johnson, Retired Minister, Enjoying Life in Calgary at 75.

"He's out working in the garden," was the reply given to a representative of the Calgary Herald when he inquired for Rev. G. F. Johnson, aged 75, who observed the fiftieth anniversary of his ministry in the Methodist Church of Canada on May 10.

RADIO IS PROTECTED

Guaranteed From Royalty Liabilities to Authors in Broadcasting.

OTTAWA, May 13.—An amendment to the present copyright act, whereby a radio receiver is guaranteed against liabilities of any kind for royalties and assuring an authorization to cover his works in respect to radio broadcasting, was approved by the special copyright committee of the House today.

500 Seek Job as Acting Double For Sir John Martin Harvey

LONDON, May 13.—Between 400 and 500 applications from all sorts of people answered an advertisement searching for a "double" of Sir John Martin Harvey, the well-known actor. Sir John is taking his original character of Sidney Carton in a film production of "The Only Way," and someone is required to take the part of Charles Darnay, who must be the exact counterpart of Sidney Carton.

Justice's Home

Gambling Den

ENGLEWOOD, N. J., May 13.—The police here made a raid on the home of Justice of the Peace Henry Gordon and found 27 mm. shooting caps, playing cards and drinking whiskey, the police said. Several men tried to jump out of the windows, but all were caught and arraigned. Later in the day Gordon was held in \$1,000 bail for selling liquor and in \$250 bail for operating a disorderly house. The others were fined from \$15 to \$100 each, and Alfred Gocker was sent to jail for three months.

LEKEL TO PASS

HYDRO PLANS GO CONDITIONALLY

WASHINGTON, May 13.—The United States members of the International Joint Waterways Commission will leave here tomorrow for the final hearing in Montreal Friday on the application of the New Brunswick Electric Power Commission for permission to construct and operate a great hydro electric power project at Grand Falls on the Saint John River.

MAINE WANTS FULL SHARE OF

Power From Grand Falls Plant

Under permission of the commission to file briefs and statements, such briefs and statements have been filed by Attorney-General Raymond Fellows for the State of Maine, by the Government of the United States through the State Department, and by the International Paper Company and Grand Falls Co.

C. N. R. Serves Notice System Must Be Guarded

From Loss of Water.

The State of Maine takes the position that it is anxious for development of the Saint John River, but the development must be with due regard to full protection of property rights in Maine, and assurance that Maine will get her share of the power. It is pointed out that the project will result in at least 20 miles of boundary. Maine suggests conditional approval of the improvement, with the understanding that the present project is not to be built. Recognition of present and vested rights is also demanded.

U. S. TOURISTS HELP

EUROPEAN TRADE

WASHINGTON, May 13.—Expenditures of American tourists abroad have mounted until they form one of the large items in the international import and export balances of the world, aggregating \$600,000,000 last year, according to the Department of Commerce.

Expenditure of Visitors From

America Said to Total \$600,000,000 Annually.

WASHINGTON, May 13.—Expenditures of American tourists abroad have mounted until they form one of the large items in the international import and export balances of the world, aggregating \$600,000,000 last year, according to the Department of Commerce.

Lord Mayor of London

Offers Some Advice

The Lord Mayor of London recently called the attention of visitors to the fact that there is much of London that is missed by the tourist through ignorance of the procedure necessary to "open a call." For example, a courteous written request, made a few days beforehand, will admit you to the great Bank of England, where can be seen fantastic wealth in bullion and notes.

Was Samuel H. Gordon, 72,

of Strudwick, N. S., and Came to Canada in 1882.

CANADIAN PRESS DESPATCH. NORTH SYDNEY, N. S., May 13.—Samuel H. Gordon, Strudwick, veteran telegrapher worker, died here today at the age of 72.

Austin Is To Run

Portland-New York

After a lapse of about eight years, passenger service by water between Portland and New York is to be resumed on Sunday, June 14, according to an announcement by the Eastern Steamships Lines, Inc. The steamer Calvin Austin, which was a familiar vessel in Saint John, has been assigned to the route.

Leviathan Ex-Purser

Jailed For Smuggling

NEW YORK, May 14.—Victor X. DeCaro, former purser of the Leviathan, pleaded guilty to a charge of attempting smuggling of uncut diamonds, was sentenced to six months in the Essex county, New Jersey, jail today by Federal Judge Hand after a confession, because the United States laws require

"A Fine Body of Men"

The members of the Royal Canadian Mounted Police shown above are on duty at the British Empire Exhibition, Wembley, patrolling the Canadian Pavilion and, incidentally, showing the visitors what splendid young men the Dominion produces. The party, consisting of ten troops, under the command of instructor C. H. Hill, was photographed at Waterloo Station—a part of London especially well known to all ex-soldiers who proceeded overseas, and which they still affectionately refer to when they become remissive. When the above troops disembarked at Southampton from the Canadian Pacific S. S. Minnetonka they were warmly welcomed and although they are there on duty and under strict discipline, they do not find this kind of "active service" by any means unpleasant.

LIT MATCH UNDER

AUTO; BADLY HURT

NEW YORK, May 13.—A moment after Henry Dealy crawled under his car and lit a match, a terrific explosion of gasoline fumes destroyed his automobile, wrecked a portable garage in which it was stored and burned Henry and his brother Arthur painfully about the head and arms.

GIRL 7, HELD

LT-GOV. COCKSHUTT FAVORS SAINT JOHN PORT EXPANSION

Continued from Page 9.

of this generation to realize, but which in days to come will be realized and in which the Maritime Provinces should largely share.

"These are mere suggestions, probably so familiar to you that they need not have been referred to, but these thoughts occur to us in the central provinces when thinking of the promise of your future. But however that may be, almost any country on the sea holds a key position among the nations of the world.

APPROVES CONFERENCE.

"Early in this year a large number of Ontario men visited the cities of Quebec and Montreal. They met men from various parts of the Province of Quebec and discussed business problems. Personal contact was made, friendly feelings strengthened and we believe the result will be beneficial to both provinces. In the Prairie Provinces where there is characteristic optimism, a strong desire exists, not for greater isolation, but for more sympathetic intercourse. The idea of conferring together is in the air and I believe it is to be commended.

MARITIME MISSION.

"Not long ago Mr. Belding, of this city, visited the West. He was heard in Ontario and in the far provinces. He made a very favorable impression on the public bodies which he addressed and on the men with whom he conferred. Shortly afterwards, I had occasion to be in Manitoba and Saskatchewan and found that the view taken of his visit there was the same as that held in Ontario. Your case as he put it awakened much interest. His vivid story of the situation in the Maritime Provinces is not likely to be soon forgotten, and when interest and sympathy are once aroused, public opinion can go a long way. I am referring specially to his mission, because you have in this one instance evidence of the importance of the personal touch and direct dealing among business men. Others from the Maritime Provinces will also be welcomed by us very heartily.

PROVINCIAL PROSPECTS.

"What applies to the country generally, applies with even more force to the province individually. Each province has extensive territory and diversified resources, and true prosperity lies in the wise development of these resources by the people themselves. We occasionally forget the latent power that we possess and allow it to lie dormant. The call of the hour is emphatically the call for business enterprise, for combined or co-operative action or individual productive energy to trans-

STOCK-TAKING TIME.

"Every sincere effort by seriously-minded men to eliminate waste and unnecessary overhead cost, to arrive at sound conclusions as to policy and the administration of public affairs will no doubt be welcomed by all thoughtful citizens. Many men are of the opinion that the time is opportune for a sensible business-like stock-taking of our Canadian assets and liabilities. This, perhaps, could best be done by the provinces singly or by such combinations of provinces as might, for geographical reasons, be found convenient, keeping in mind that in any proposed re-adjustment the principle of give and take should be necessarily in order to produce the best result.

"If we can return home feeling that our province has your sympathy in its complicated problems, as you have our earnest best wishes in yours, this visit will give us the greatest possible pleasure."

ure. The East, the Centre, and the West have thrown in their lot together to work out our destiny. We are co-partners in our patriotic undertakings. May we have reason to feel that there are no junior or senior partners among us, but that we are all on an equal footing."

GLAD TO BE IN SAINT JOHN.

Canon Cody said he was glad to be back in this historic part of Canada, the oldest incorporated city in British North America. He paid a tribute to Governor Cockshutt for his efforts to unite the forces of Ontario for the common welfare. These had not been confined to his own province alone but had been extended to include the province of Quebec and had brought about the recent exchange of views by representative business men in the two provinces which had resulted in a better understanding.

Governor Cockshutt had gone to the western provinces to get in touch with conditions and problems there and was now in the Maritimes on the same mission.

PAST MUST BE KNOWN.

"The people of Canada must face their difficulties together, Canon Cody asserted. The first thing necessary to accomplish this was remembrance. We must know the past in order to understand the future, he said, for the past provided the foundation on which the future should be built.

UP TO "OURSELVES."

"Everything depends on ourselves and the men and women of Canada have never failed to look at the bright side of things, or to have unbounded faith in their country, and the confidence to win goes far towards winning. If business co-operation among all the provinces is desirable how much more among the neighboring Maritime Provinces themselves? Much hope might reasonably be founded on an organization such as has been suggested in the press for this latter purpose. Effectiveness will depend on the spirit in which common interests are considered and on the existence of a real desire that no mere sectionalism will be permitted to interfere with attainment of the public good.

REDEMPTION BY WORK.

Attempts at redemption by talk were no substitute for redemption by work. The people of Canada should take off their coats, roll up their sleeves

N. B. CHILD OF IDEALISM.

New Brunswick was the child of idealism, Canon Cody said. The Loyalists had refused to give up their allegiance to the British crown and had carved homes for themselves here in a veritable wilderness.

CANADA FULL OF SURPRISES.

Canada was full of surprises, he declared, and the greater part of the natural resources of the country were as yet unknown. New Brunswick had great timber resources and these should be exploited scientifically. The lumber should be carried out simultaneously. Fire was the most terrible enemy of the forests, he said, and the need for effective means of fighting this danger was of paramount importance.

Animal's Friend Makes Plea As Summer Moving Time Here

A lover of fair play for animals has sent this plea to The Times-Star: "Are you going away on a summer vacation or to a change of residence? Please do not leave your cat behind, for, if you think that she is capable of caring for herself, you are mistaken. The cat is a domestic animal and needs to be cared for. Animals cling to life, and the cats live for a long time, a miserable existence and a nuisance to all in the neighborhood where left by their owners. Multiply the number by as many as you like and you have an estimate of the trouble given to those nearby in the most fashionable residential section of this city, when starving pussies are left by thoughtless owners to forage for their food and shelter.

"Do not leave any creature to starve in the streets or in your backyard. They are a menace to the health of the community, as well as a nuisance.

"A common practice, which should be actionable, is to leave a whole litter of kittens with the mother, and often the same is done with puppies, which, as they grow, are given away to small children, to anybody, and when the females become a trouble as they soon do, are left in the streets to become a nuisance. The Animal Rescue League stands ready to receive these defenceless creatures to give them a merciful end. Strays are put to sleep without charge."

and get to work to make things hum from coast to coast.

The Maritimes had less foreign admixture than any other part of Canada and the racial problem should be easy of solution.

"Per via rectas," "by the straight roads," he recommended as the best motto for business, industry and politics.

SHOULD CUT EXPENDITURE.

The country must curtail expenditure wherever possible in order that taxation might be lightened. Governments seemed to be bent on spending money to suit the wishes of their supporters. The riches of Canada were potential rather than actual and the overhead costs for transportation were too great.

TWO SPEAKERS PRAISED.

Sir Douglas Hazen, Chief Justice of New Brunswick, in moving a vote of

REDEMPTION BY WORK.

Attempts at redemption by talk were no substitute for redemption by work. The people of Canada should take off their coats, roll up their sleeves

N. B. CHILD OF IDEALISM.

New Brunswick was the child of idealism, Canon Cody said. The Loyalists had refused to give up their allegiance to the British crown and had carved homes for themselves here in a veritable wilderness.

CANADA FULL OF SURPRISES.

New Brunswick had great timber resources and these should be exploited scientifically. The lumber should be carried out simultaneously. Fire was the most terrible enemy of the forests, he said, and the need for effective means of fighting this danger was of paramount importance.

HOLDS CLOSING MEETING.

In His Name Circle of The King's Daughters held its closing meeting of the season at the home of Mrs. J. J. Machum, St. James street, Monday evening. Mrs. T. B. Mullin, the president, was in the chair for the short business session, when plans were made for the fall sale. Members arranged to do sewing for the sale and to have "sunshine" bags, during the summer as a means of raising funds. Mrs. Machum served delicious refreshments and a delightful social hour was enjoyed.

HAS CLOSING MEETING.

The Women's League of St. David's church held its closing meeting of the season yesterday afternoon with Mrs. W. A. Simonds, president, in the chair. Reports of money raised during the year were most gratifying. Plans were made for the annual tea in November and various committees were appointed. The next meeting will be in November.

A little higher in price, but — what a wonderful difference a few cents make

No other Small Car has so many Big Car Features

People who have seen the NEW Chevrolet marvel at its beautiful lines, finish and body fittings. But, Chevrolet quality goes deeper — mechanically the NEW Chevrolet is such that you would expect it to cost much more.

The huge production of Chevrolet — bigger than that of any other quality car — makes possible the present low prices.

1. The new Fuel Tank is rigidly fastened to the rear of the steel channel frame. Filler may be located on the left side. A steel cover protects the tank and adds to its appearance.
 2. New, Larger Brakes — eleven-inch drums. Positive brake operation is applied through strong steel pull rods. The brake adjustment is very easy to regulate and readily accessible.
 3. New Rear Axle completely new. Larger, stronger, heavy-duty driving axles quickly deliver the power to the rear axle housing taking the dead weight of the car.
 4. New automatic brake equalizing device evenly distributes the power to the service brakes.
 5. New semi-elliptic Rear Springs — mounting for better road-ability. Each shackle bolt is easily lubricated through its Abertite fitting.
 6. The New Frame is strong and sturdy. It has five heavy cross members, one more than was previously used — furnishing a strong foundation for the Chevrolet chassis.
 7. New Disc Clutch — completely enclosed. Four friction surfaces instead of two; it has no internal adjustment; it requires no lubrication. Simple yet delivers all the power to the rear axle without slippage.
 8. New steering control of semi-reversible type worm and gear construction with fore-and-aft linkage to front wheels makes steering easy, sure and safe.
 9. The Chevrolet Motor — Bufiled — has unusual power at all speeds, under every driving condition — quick get-away in traffic — low fuel consumption. Practically all moving parts are completely enclosed.
 10. Cool Tires on open models; 23-J-68 Low Pressure tires on closed models.
 11. New Honeycomb Radiator same size and capacity as formerly, but with a new, more beautiful nickle-plated radiating shell.
 12. New semi-elliptic front springs of chrome vanadium steel.
- The combined length of one front and one rear spring is 50", which represents 85% of the car's wheel-base.

Use NESTLÉ'S MILK so creamy!

Much creamier than bottled milk, thus producing better results in baking and cooking.

Nestlé's is also excellent for table use — on cereals and fruits, and in tea and coffee; for it is creamy to the last drop.

For all household purposes

Johnny Twice as Handy Now

EXCEPT Johnny himself, no one is so pleased that he has a bicycle as his mother.

When she wants urgent errands done, Johnny does it in jiffy. And it's really surprising how many messages there are for a boy to run. But Johnny can do twice as many as he used to, and still have more time to play, thanks to his C.C.M. Bicycle.

Johnny doesn't have to leave quite so early for school either. Cycling is so much faster than walking or running.

And Johnny is so happy since he got his C.C.M. that mother and father are happier, too.

Father says cycling is a clean, healthy sport and attracts clean, healthy boys.

Johnny now chums around with the cycling bunch, the Boy Scout leaders and other lads who love wholesome play and the great outdoors.

Think of the comfort it must be to mother and father to know Johnny is playing with the right boys instead of loitering on street corners or in lanes with a "gang".

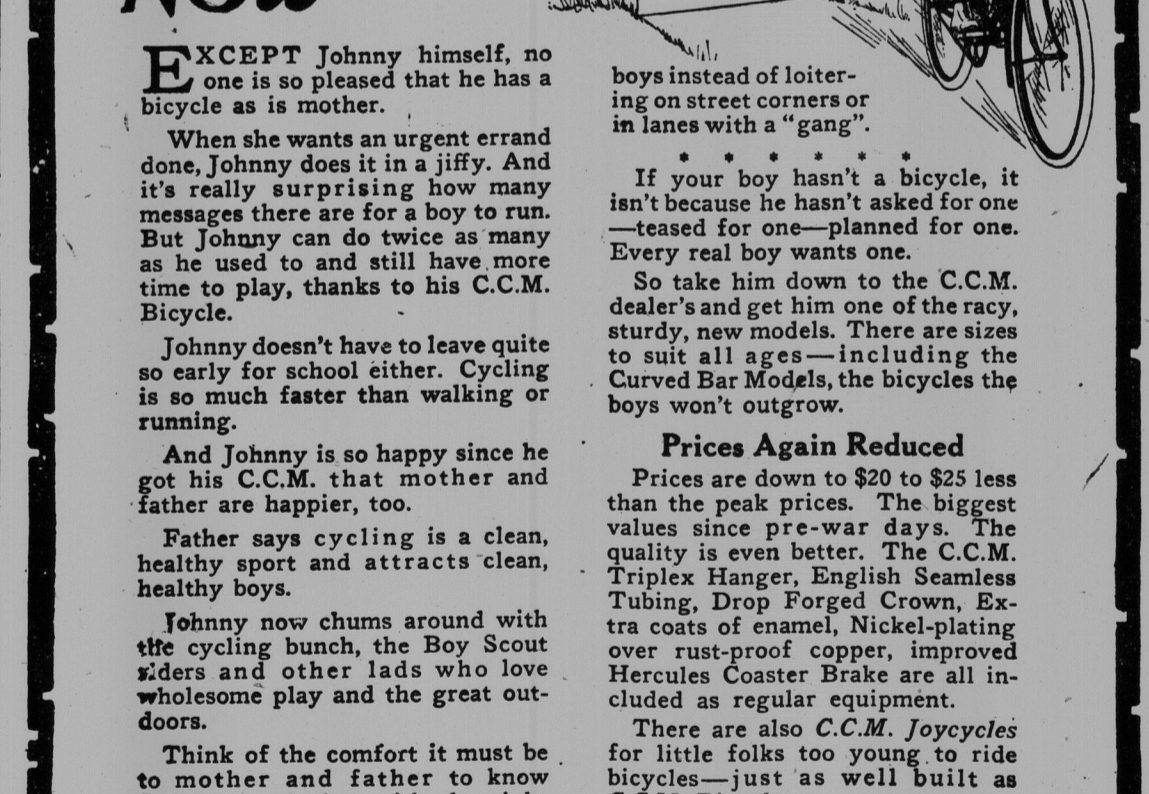

If your boy hasn't a bicycle, it isn't because he hasn't asked for one — planned for one. Every real boy wants one.

So take him down to the C.C.M. dealer's and get him one of the racy, sturdy, new models. There are sizes to suit all ages — including the Curved Bar Model, the bicycles the boys won't outgrow.

Prices Again Reduced

Prices are down to \$20 to \$25 less than the peak prices. The biggest values since pre-war days. The quality is even better. The C.C.M. Triplex Hanger, English Seamless Tubing, Drop Forged Crown, Extra coats of enamel, Nickel-plating over rust-proof copper, improved Hercules Coaster Brake are all included as regular equipment.

There are also C.C.M. Joycycles for little folks too young to ride bicycles — just as well built as C.C.M. Bicycles.

WILL CONFER ON SMUGGLING

U. S. and Mexico Get Together to Check Border Runners

Immigrants, Narcotics, Liquor on One Side, Valuable Merchandise on Other.

WASHINGTON, May 14.—Smuggling across the border of Mexico and the United States has reached such menacing proportions that the two governments have agreed to send representatives to a conference in El Paso, Texas, tomorrow, to combat the evil.

Under the original agreement the conference was to deal with the suppression of illicit traffic in narcotics, liquor, tobacco and general merchandise.

Through no figures are available on the number of aliens who are smuggled across the Mexican border illegally each year, labor department officials declare that the number is very large.

PROTESTS MADE

Liquor smuggling has become so flagrant that protests have been pouring into Washington from citizens and officials of the border states, demanding reform.

THE WORLD'S GREATEST MONUMENT.

It is indeed a soulless people who evince no desire to perpetuate, by some means, the memory of those who have performed signal service to their race.

Mount Edith Cavell is a glorious monument to a glorious woman. As long as the hills stand, it will remain.

EXPORTS OF FARM PRODUCTS DROP

United States is Getting Smaller Amounts of Canadian Grown Goods.

OTTAWA, May 13.—Exports of Canadian farm products to the United States are considerably smaller than they were two years ago and have fallen off tremendously from the totals reached in the years just after the World War.

Other Products.

In spite of the higher tariffs, however, exports of a few Canadian farm products to the United States are increasing.

LIQUOR TRAFFIC

Under the original agreement the conference was to deal with the suppression of illicit traffic in narcotics, liquor, tobacco and general merchandise.

THE EVENING TIMES-STAR, SAINT JOHN, N. B., THURSDAY, MAY 14, 1925

DENTISTS SEEK TO FOLLOW WORK IN HOSPITAL

City Society to be Told of Procedure to Follow

FIRE PROTECTION TOPIC DISCUSSED

Commissioners of G. P. H. Take Up Business From Last Session.

At the adjournment meeting of the Board of Commissioners of the General Public Hospital yesterday it was reported pointing of the new nurses' home had been found necessary and the

contractors were putting it in proper shape. The subject of pointing the main building was laid over for further consideration. Mr. Kelly said the Saint John Dental Society was seeking permission for its members to follow their professional work in the hospital. Dr. Roberts said this involved a new service and large equipment would be needed.

The society was to be informed of the proper procedure to bring the matter before the board. M. E. Agar, president, was in the chair. Others present were Commissioners Mrs. J. V. McLellan, Alexander McMillan, Dr. W. W. White, W. E. Emerson, J. King Kelly, K. C. J. L. O'Brien and Hon. Dr. W. F. Roberts and the superintendent, R. H. Gale.

Mr. Gale reported on the matters referred to by the efficiency committee previously. Concerning special diet equipment he recommended installing a steam warming closet. The cost would be \$110. Authority to install the closet was given.

FIRE PROTECTION.

For fire precautions, Mr. Gale recommended that 10 fire extinguishers, some fire axes and new hose be purchased. Several fire escapes continued, several metal doors installed, steam pipes insulated, paint shop removed to the engine room, nitro-cellulose films be destroyed where possible, monthly inspections of electric wiring made and that the engineer be fire marshal for the institution.

The matter of fire precautions was referred to a special committee consisting of Dr. White, Mr. O'Brien and Mr. Emerson.

A price on asphaltting beneath one balcony was submitted and it was decided to have an estimate on continuing the concrete walk in front of the main building which was considered more necessary.

The sterilizing room is being prepared for tiling. Mr. Gale said lack of ventilation had been a fault in that room in the past and he advocated installing a suction fan. The cost would be \$85. Authority was given for the purchase of the fan and for cancelling the contract for tiling the ceiling of that room if possible. The special committee was given power to act.

TO MAKE REFUND.

A thermostat mixer to provide an even temperature of hot water in the doctors' washup room of the operating theatre was ordered purchased at a cost of \$84.

Information was received that the Municipal Council would issue bonds to refund to the hospital \$4,179 expended for the new X-ray department.

Dr. H. A. Massie, interne, asked leave of absence in June to write medical examinations and offered to supply a substitute. Permission was granted.

Galvanized bins for food supplies were ordered purchased at a cost of \$65.

Miss E. S. Bunnell, dietitian, will resign her duties on July 31. The matter of securing a successor will come before the next meeting.

TO CALL FOR TENDERS.

Mr. Kelley, for the coal committee, recommended the purchase of 200 tons of coal at \$5.75 plus cartage, carrying on the present contract. Tenders for coal would be called for before July.

The market conditions made it inadvisable to call for tenders now. The recommendation was approved.

A steam flow gauge installation will be begun this week or next week.

A report on coal consumption was asked for and will be prepared.

The coal committee recommended that plans be prepared for installation of a smaller steam pipe from the power house to the kitchen and to the nurses' home and advocated calling for tenders for the work. The larger pipe

Westclox

Arousing the Empire

THEY tell us that we are the only alarm clock factory in the British Empire. That Peterboro, Canada, on the dial of Westclox means that in alarm clocks we represent Canada.

That gives us two incentives to make good clocks. The other is the trade mark Westclox on the dial. The clock that wears it can be proud of the Made in Canada on its dial, just as Canada can be proud of the clock.

When you look for good timekeeping and a punctual call, choose clocks with the trade mark Westclox on their dials.

For a low priced watch to give dependable service, look for the same trade mark.

WOMAN RESCUED BY NEW YORK FIREMAN

Policeman Also Goes Into the Water to Help—Victim in Hospital.

NEW YORK, May 14.—While a crowd of several hundred persons looked on a fireman and a police sergeant jumped into the water from the Battery sea wall Sunday afternoon and saved a woman from drowning. Other firemen pulled the three from the water.

The woman, Mary Lorus, 45 years old, was taken to Bellevue Hospital, suffering from submergism. She said she had become faint while standing on the sea wall and had lost her balance.

A passerby, seeing the woman fall into the water, ran to the quarters of Engine Company 27, at the Battery, and notified the firemen. Fireman Frederick Gatuna, attached to the fireboat John Furry Mitchell, who was on duty jumped into the water and swam to the woman's assistance. Hundreds of persons in Battery Park gathered at the wall to watch the rescue.

Sergeant Duncan Cameron and Patrolman David McFadden of the Old Slip Station, on motor patrol, were attracted by the crowd. Cameron, seeing that Catana was apparently having difficulty in keeping the woman's head above water, also jumped in.

Cameron and Catana worked their way to the wall, a distance of about 20 feet. Other firemen in the meantime lowered a ladder and helped Cameron and Catana carry the woman up the ladder to the sea wall. After ob-

taining dry clothing the rescuers returned to duty. The water was more than 25 feet deep where the woman fell in.

Small Boy And Dog Subdue Fire In Home

NEW YORK, May 14.—The barking of a police dog and the quick wit of seven-year-old Richard Berens, son of Dr. Conrad Berens Jr., probably averted a serious fire at 19 Sutton Place recently.

Richard, who sleeps in a front bedroom on the top floor of the three-story dwelling, was awakened by the continued barking of his pedigreed police dog, "Stroup." He saw one of his front window curtains ablaze. Richard's parents were asleep in the front room of the floor below, and the bather and cook in the rear of the house.

Richard jumped out of bed, ran to the window and pulled the curtain from its place. Then he fetched two cups of water from his bathroom and was pouring water on the blazing curtain when his father, also aroused by "Stroup," arrived to finish the job. Some one on the street saw the blaze and turned in an alarm, but the apparatus was not needed.

POSTCARD HOAX.

LONDON, May 14.—Over 100 people called at the office of Gowin Mitchell, a well-known Sheffield solicitor, in answer to postcards asking for a personal call. The callers discovered that Mr. Mitchell knew nothing of the postcards and that the whole affair was a hoax.

The names of the people asked to attend the office had evidently been chosen from a directory. They all began with the letter "N."

fish is good for you because—

Fish is rich in the very elements your system needs. Fish gives you protein—to build bone and tissue. Fish puts iodine into your system and iodine is the greatest preventative of goitre and thyroid trouble. Fish foods furnish you with insulin—the greatest element of all for counteracting diabetes. Wise indeed is the person who makes fish a regular part of the daily diet.

Seeks to Join Police But Lands In Court

NEW YORK, May 13.—Bernard Lamb's ambition to become a member of the police reserve today resulted in his arrest and appearance before a magistrate, who held him in \$1,000 bail for violating the Sullivan law.

Early today as he stood on a street corner in the Bronx, Lamb confided to a friend that he had applied for membership in the reserves and showed a pair of handcuffs and a pistol he had bought in hopeful anticipation of his initiation into that body. The friend examined the weapon critically and remarked: "It looks phony to me."

Indignant Lamb loaded it and fired it in the air to prove that it was a genuine gun. A police heard the shot and arrested the candidate to the force.

AGAINST MOVE TO APPLY PEACE ACT IN STRIKE

Plan Rejected by Glace Bay Council on Mayor's Deciding Vote

ALDERMAN SPLIT, FIVE AGAINST FIVE

Will Await Government Steps in Attempt to Settle Wage Dispute.

SYDNEY, May 13—The first move on the part of any incorporated town to invoke the power of the industrial peace act to end the situation obtaining in the Nova Scotia coal industry as a result of the wage difficulty between the miners of District 26, United Mine Workers and the British Empire Steel Corporation, was started and for the present at least, finished tonight, at Glace Bay, when at a meeting of the Town Council, a motion that the Council hold a special meeting to discuss the advisability of applying for a board of arbitration, was lost on the casting vote of May D. W. Morrison.

N. S. MOVE AWAITED.

After some discussion, during which several councillors expressed the opinion that the government had full power to move under the act without the necessity of express application from any source, it was thought wise to allow the matter of applying for a board to stand over for a day or two. The resolution was accordingly withdrawn and a motion that a special meeting of the council be held to consider the matter of calling for an arbitration board was substituted. The vote on the motion split, five-five. The Mayor declared the motion lost.

N. A. ROGERS AGAIN IS SUPERINTENDENT

Queen Square Methodist Sunday School Hears Good Reports For Year.

The annual meeting of Queen Square Methodist Sunday School was held last evening with the pastor, Rev. Neil MacLachlan presiding. There was a large attendance of teachers and officers. The report of the Superintendent, N. A. Rogers, was given, showing the school was in good condition and that the attendance during the winter had been much above the average.

Secretary Reports.

The secretary's report showed an average attendance of 186. The total enrollment, including cradle roll and home department, was 298. Sunday school missionary offerings totalled \$184.55.

Election of Officers.

2 Card Parties Are Enjoyed By Many

Large numbers attended the card parties in East Saint John and Fairville, last night. At the Stella Maris church hall there was the largest crowd yet, cards being played at 64 tables. The prize-winners were as follows: Ladies, first, Mrs. E. Mackin; second, Miss Katie McCrossin; gentlemen's, first, Dennis Callaghan; second, Michael Christie.

AT 77 STARTS AWAY FOR ENGLAND IN DORY

Captain E. Maude Goes Voyaging With Hundred Days' Provisions and Copy of Shakespeare—Pacific, Panama Canal and Atlantic.

P. C. E. contributes the following in the Vancouver Province: Captain Eustace Maude, 77 years of age, is off to England, by way of the Pacific Ocean, the Panama Canal and the Atlantic Ocean. He goes in command of the Half Moon, described as a twenty-five-foot, sloop-rigged dory, but—judging from the picture of the Province—more nearly a ship of whale-boat or Scandinavian "double-end" design. She is provisioned for one hundred days, and carries fifty gallons of water, fifty gallons of gasoline, spare sails, spars and cordage. Also she carries one copy of the works of William Shakespeare. In this vessel Captain Maude, 77 years of age, will essay the passage of the two oceans, with Shakespeare as sole companion, with such memories as an old sea captain may cherish, and—who doubts it?—with such a faith and such a courage as to make him and his venture a symbol—a symbol which lifts the hearts of men.

DO YOU KNOW Where Mary Buys Her Hats?

Mary always has the most adorable Hats! All the girls think so. Some of her hats are large and some are small, but each one has that reguious "I-don't-care" attitude, that youthful verve and beguiling originality which distinguishes Hats that are "personalities" from Hats that are just Hats! Every girl in her crowd longs for a Hat that's as smart as Mary's. And—whisper—she buys them at the Marr Millinery Co. Limited.

Mary knows just how to tilt her hat at the auiciest angle. But then, so do the other girls—it's really a matter of Hats. Let a girl be "hatted" at the Marr Millinery Co. Limited and she can be just as smart as Mary.

SEES SPREAD OF CITY TO NORTH TO LARGE AREA

Commissioner Frink, in Report, Refers to Millidgeville Plateau Possibilities

STATES ROOM FOR CITY OF 200,000

Says Mechanical Sweeper and Incinerator Saint John Requirements.

In a report on his department to the Common Council today, Commissioner of Public Works J. H. Frink visualizes city expansion north as between the existing city limits and the Millidgeville Plateau. He sees room for a city of 200,000 people on a comparatively level area and construction to link this area with the city will eventually be undertaken, he predicts.

The report reviews the work of the year in the public works department and makes reference to the need for a mechanical street sweeper, the necessity for an incinerator.

Douglas Avenue

In part the report says:—

The extension of Douglas avenue to the new provincial highway bridge has been held in abeyance for a long time, maintaining its position as between the Government of New Brunswick and the Canadian Pacific Railway; the case having been finally heard before the Public Council in England and a decision given against the Government. The way having been cleared by this decision, it may be reasonable to expect that the paving will be continued to the bridge, or that an overhead structure may be placed in this locality so as to remove her former home at Newcastle Creek were invited to celebrate the event. Flowers and pretty gifts were presented and a dainty supper served, with a birthday cake and all the desirable things to make such a party enjoyable. Games and music were participated in during the evening.

Produce Bike Or Pay For It

ADMITTING that he stole a bicycle valued at \$30, a juvenile told Magistrate Henderson in the police court this morning that, in turn, the machine had been taken from him, and that he was not able to produce it. His Honor set the hearing over until next Tuesday, and in the meantime the juvenile will try and find the wheel and return it to the rightful owner. Failing that by Tuesday, he will be compelled to pay its value.

Local News

GETTING ON WELL

Boy Clark, son of Mr. and Mrs. A. S. Clark of Lepreau, N. B., who was successfully operated on in the General Public Hospital, is reported resting as well as can be expected.

ENGAGEMENT

Mr. and Mrs. Charles C. Brown announce the engagement of their daughter, Frances, to Raymond Gerald Conway, of this city, the marriage to take place early in June.

UNDERGOES OPERATION

Friends of William H. White, 180 Douglas avenue, who was operated on at the General Public Hospital on Tuesday, will be glad to know that he is making satisfactory progress toward recovery.

BIRTHDAY CELEBRATED

Mrs. S. P. Porter, matron of the Y. W. C. A., was given a nice birthday surprise last evening at the residence, King street east, when the girls in residence and a few friends from her former home at Newcastle Creek were invited to celebrate the event. Flowers and pretty gifts were presented and a dainty supper served, with a birthday cake and all the desirable things to make such a party enjoyable. Games and music were participated in during the evening.

IS SEVEN YEARS OLD

Raymond Morrow, seven-year-old son of Mr. and Mrs. Fred Morrow, of Main street, Fairville, was given a delightful birthday party yesterday afternoon by his mother. Miss Beatrice Simpson assisted Mrs. Morrow in leading the children in games and serving at the tea hour. The table was very prettily decorated with cakes, candies and all the favors that please little folks. Those present were Miss Marie McKinnon, William Simpson, Robert Chisner, Ralph Lunnerman, Robert Chisner, Lloyd Totten, Miss Audrey Lunnerman, Miss Helen Snodgrass and Miss Mildred Morrow.

SISTER GERTRUDE'S FUNERAL SATURDAY

Superior of Saint John Infirmary Dies After Few Days Illness.

The Community of the Sisters of Charity suffered a great loss by the death of Sister Mary Gertrude, who passed away early this morning after a short illness with pneumonia. She was superior of the Saint John Infirmary, taking charge of the institution after the death of Sister Patrick. Although she had been critically ill, hopes were held for her recovery, but all the skill of the attending physicians and the loving care of other Sisters of the Community were unavailing and at 8:45 o'clock this morning life departed. During the night several of the doctors were in constant attendance, as well as Sisters of the Community and Rev. Charles Boyd, chaplain of the Infirmary.

29 Years in Community

Sister Mary Gertrude was 44 years of age and was a member of the Sisters of Charity for 29 years, making her final vows on August 7, 1895. She was born in the United States, but resided in Moncton for a short time prior to entering the novitiate of the Sisters in this city. She was formerly stationed at St. Patrick's Industrial School and later was appointed superior of the Infirmary's Home. From there she went to the Infirmary as superior.

Her name in the world was Miss Annie Saunders, and she is survived by two sisters, Mrs. Hilliard and Mrs. Kenny of Miller's Falls, Mass., who were with her during her last hours.

Sister Mary Gertrude was regarded as a highly competent administrator and was greatly esteemed by all the members of her community, as well as all of the medical profession and others with whom she came in contact during her work of mercy at the Infirmary. The body will remain in the Infirmary until Saturday morning and then will be taken to St. Vincent's Chapel, Cliff street, where solemn high mass of requiem will be celebrated at 9 o'clock.

Mrs. S. P. Porter, matron of the Y. W. C. A., was given a nice birthday surprise last evening at the residence, King street east, when the girls in residence and a few friends from her former home at Newcastle Creek were invited to celebrate the event. Flowers and pretty gifts were presented and a dainty supper served, with a birthday cake and all the desirable things to make such a party enjoyable. Games and music were participated in during the evening.

IS SEVEN YEARS OLD

Raymond Morrow, seven-year-old son of Mr. and Mrs. Fred Morrow, of Main street, Fairville, was given a delightful birthday party yesterday afternoon by his mother. Miss Beatrice Simpson assisted Mrs. Morrow in leading the children in games and serving at the tea hour. The table was very prettily decorated with cakes, candies and all the favors that please little folks. Those present were Miss Marie McKinnon, William Simpson, Robert Chisner, Ralph Lunnerman, Robert Chisner, Lloyd Totten, Miss Audrey Lunnerman, Miss Helen Snodgrass and Miss Mildred Morrow.

Local News

GETTING ON WELL

Boy Clark, son of Mr. and Mrs. A. S. Clark of Lepreau, N. B., who was successfully operated on in the General Public Hospital, is reported resting as well as can be expected.

ENGAGEMENT

Mr. and Mrs. Charles C. Brown announce the engagement of their daughter, Frances, to Raymond Gerald Conway, of this city, the marriage to take place early in June.

UNDERGOES OPERATION

Friends of William H. White, 180 Douglas avenue, who was operated on at the General Public Hospital on Tuesday, will be glad to know that he is making satisfactory progress toward recovery.

THIRTY SHRINERS WILL GO FROM CITY

Hundred From New Brunswick to Montreal For Dedication of Hospital.

Thirty members of Luxor Temple, Myrtle Street, are expected to leave Saint John tomorrow afternoon for Montreal to attend the dedication of the Shrines Hospital for Crippled Children in that city. Special pullmans will be attached to the first Montreal train, leaving here at 5 p.m., daylight time, and it is expected this number will be swelled to at least 60 by the time the train pulls out from McAdam, as members of the temple from the western part of the province will join the Saint John delegation at that point.

Members of the temple from Moncton and North Shore points will travel by the C. N. B. and it is expected there will be at least 100 from New Brunswick at the dedication ceremony. This is the biggest event in Shrine history in eastern Canada and preparations are being made to celebrate it fittingly.

SCHOOL EXERCISES AGAIN AT IMPERIAL

High School Programme There at Closing—Rev. J. Dunlop to Address Graduates.

Graduation exercises of the High School, which this year promise to be particularly interesting, will take place at Imperial Theatre as upon the two previous years. The theatre has again been offered the Board of School Trustees for this purpose and has been gratefully accepted because of the ample accommodations afforded and the opportunity to display the high standard of the school and its programme of best advantage. Rev. James Dunlop will deliver the address to the graduates.

The schools will close for summer holidays on Tuesday, June 30. Usual terminating exercises of a special character will mark the occasion in all buildings throughout the city, including institutional schools in orphanages, hospital and other branches of the institution.

His Worship Mayor Potts this morning received a request to attend the Victoria Day exercises at the High School and deliver an address to the pupils. He will accept the invitation.

FLAGS IN CANADA

Lieut. J. H. Kimball, R. N. V. R. of Saint John Has Part in Booklet Production.

An attractive blue bound booklet entitled "Flags in Canada," has just been received, and is said to be the first of its kind published in Canada.

The Canadian coat of arms is illustrated in colors, and there is a short essay on it by Commodore Walter Hogg, O. B. E., R. C. N., director of the Naval Service.

The Canadian national flags are also shown in color, and there are some 20 pages devoted to "The Correct Display of Bunting in Canada—Ashore and Afloat." This section was planned by Lieut.-Col. LeGrand Reed, and it was published in part in "The Sailor" some time ago. As a result of some suggestions offered by Lieut. John H. Kimball, R. N. V. R. of Saint John, he was asked to collaborate in the production of this section of the booklet, and it appears as their joint effort. There are 12 sketches of flagpoles ashore and of sail and power yachts afloat, showing the proper positions in which the various flags should be flown, and beneath each of these there is reading matter (subdivided into lettered paragraphs) telling of the flag appropriate to mast, head, peak, yardarm and staff.

The booklet is well printed with clear type on a good quality of paper, and is of interest and value to everyone who has a boat afloat or a flagpole ashore, or to anyone who is interested in the use and usages of flags.

GOOD SHEPHERD W.A.

Closing Meeting For Season Hears Reports on Various Activities of Auxiliary.

The closing meeting of the W. A. of the Church of the Good Shepherd, Fairville, was held yesterday, with a good attendance of members. Mrs. Amy Bender, president, was in the chair. Mrs. Thomas Pile gave a Bible reading and a short address on the aims of the W. A. Mrs. Charles Hill, treasurer, reported a good balance in the funds. Mrs. Hannah Maguire reported that a sale for the Indian boy at McKay School, Saskatchewan, had amounted to \$50 and would be sent forward. Miss Mary Hoyt, secretary, reported a day fund, and Mrs. Colin Gilchrist for the Little Helpers. Mrs. J. Graham, secretary, read the monthly report of the board, after which refreshments were served. The Dorcas meeting will be held each week for most of the summer.

Those present yesterday were Mrs. Bender, Mrs. F. J. LeRoy, Mrs. J. White, Mrs. John Byers, Mrs. Colin Gilchrist, Mrs. H. Maguire, Mrs. H. Graham, Mrs. J. Smith, Mrs. H. Blagden, Mrs. William Maguire, Mrs. Gerhard DeGier, Mrs. T. Pile, Mrs. William Gibb, Mrs. Arthur Appleby, Mrs. J. Mitchell, Mrs. A. O. Patrick, Mrs. J. Darling, Mrs. Charles Hill, and Miss Mary Hoyt.

Congoleum Rugs

Now people are realizing more than ever the qualities and advantages of these wonderful rugs. Beautiful patterns, which cannot be equalled except in expensive woven rugs, the durable, smooth finish which will retain its beauty and can be brightened up in an instant with a damp mop. Then, too, they lie flat without the use of tacks and will never curl or turn up at the edges. All the latest patterns, in all sizes, are on sale here.

INCINERATOR

The necessity of an incinerator is being made more apparent year by year and this useful piece of civic apparatus cannot be much longer delayed, as the conditions existing at the asphalt plant for the burning of waste paper and other material are of the most primitive character, and must be a source of annoyance to the residents and cesspools of this immediate vicinity; besides serving more or less as a menace. This matter, of course, has been dealt with before, but, as usual, the financial condition of the city has prevented its installation. Plans and estimates of cost have been prepared and submitted by different manufacturers, and all information as to the layout, cost, etc., is available at any time should the Council decide to go on with the construction.

FOR CANNING PLANT

Mayor Gets Letter Asking About Exemption For Proposed Industry.

Mayor Potts this morning received a letter asking what exemption the council would be prepared to grant a canning industry in this city. The lines are proposed to be can berries, vegetables and meat. The matter will be taken up with the members of the council and those interested. It may be asked to make a formal application to the council for whatever exemption they wish. No names are given out as yet.
