PECULIAR POLITICAL SITUATION IN BRITAIN

Only One Man in the Field for Premiership

No Concentrated Opposition to Lloyd-George, but Asquith Opposes Election as Untimely, and Labor Party Has Programme of Its Own

London, Nov. 18.—(By the Associated Press)—In normal times the country would be in a fever of excitement over the election. Interest in politics, however, is now submerged under the greater interest in the closing events of the war.

The political situation is peculiar, because there is only one man in the field and there is no concentrated opposition to him. All factions approve of Premier Lloyd George's reconstruction plans, as far as they go. What opposition exists is divided into two sections.

The first is the old Liberal organization, led by former Premier Asquith, which opposes the election as untimely, principally because only forty per cent of the soldiers, according to their estimates, will be able to vote. They say the soldiers have the greatest claim to a vote in the settlement of the war.

The other section is the Labor party, which has its own programme, including the nationalization of railways, mines and other public works, with compensation to the owners.

Lord Northcliffe's papers and the leading Liberal organs invite the premier to be more specific in the statement of his plans and ask him to tell how he proposes to secure land for the soldiers, which is one of the chief planks in his platform. They ask how he will pay for this land and how he will finance his proposal for the extensive building of workmen's houses. Lloyd George partially answered these questions on Saturday last and says that the cabinet has not had time yet to prepare bills.

JUDGE'S TRIBUTE TO SUCCESS OF ALLIED ARMIES

Eloquent Address at Opening of County Court—Three Theft Cases on the Docket

At the opening of the adjourned sitting of the November Circuit of the county court this morning, His Honor Judge Armstrong paid a glowing tribute to the success of the allied armies. "It seems proper," said His Honor, "that at this opening day of the first court of justice held in this court house since the signing of the armistice, that some reference should be made to that great event. Over four years ago the greatest war in the world's history was forced upon unprepared and unwilling peoples by the unscrupulous Kaiser, lustful for world domination. For nearly four years it appeared as though the fate of the world was hanging in the balance. In the early summer of this year the enemy had advanced with alarming rapidity and Paris was bombarded by the big guns of the hateful Hun. Had Paris fallen and had the Channel ports then in great danger been lost to us, then indeed the outlook would have been black. But suddenly there came the change. Victory followed victory to Great Britain and her Allies until at last the Hun was beaten to his knees. Ten days ago our enemies cried for an armistice and the ex-Kaiser fled his country. The armistice signed, as it is, in terms dictated by the Allies, though not a present declaration of peace, contains such guarantees as will ensure to the victors the carrying out of such just terms as may be imposed by the Allies.

"In this great achievement the chief burden has been borne by Great Britain whose arms have won brilliant victories in no less than seven different and far distant campaigns in Europe, in Asia and in Africa. Her glorious navy has patrolled the seven seas searching out and destroying the enemy when it could be found, conveying troops and supply ships, keeping the food avenues open to the Allies and closing them to our enemies, thus contributing vastly to the successful outcome.

"We in Canada are to be thankful that we have taken our part in common with the other Dominions and with India in upholding the arms of the latter Country in this just cause, a part no more than was our due, cast upon us not only by our heritage but for the preservation of our own liberty and that of the world. Now that the end is in sight, now that the mightiest of a world wide domination and servitude is past, let us all join in the sentiment: 'Thanks be to God who has given us the victory.'

"The city of Saint John and the province at large are to be congratulated on having largely over-subscribed their allotment of the second victory loan, so the men who so generously and ably avoted their time and their talents to its end the best thanks of the country are due.

The criminal docket consisted of three cases as follows: King vs. Ackinson, McLellan and Durbin; King vs. Whitman; King vs. Garland; theft.

Attorney-General Byrne was present, and will prosecute in the cases of the King vs. Ackinson, McLellan and Durbin. In these cases the defendants are charged with stealing from the C. P. R. Daniel Mullin, K.C., is appearing on be-

MANY SOON WILL SHED THE KHAKI

Some of Soldiers Here to be Discharged Before Sunday—Depot Battalion and Artillery the First

Before Sunday of this week some of the boys living under the strict routine of military life will shed their khaki clothes and be back in civilian attire.

This information emanates from military and the overseas section of the army office which will thus be the first to enjoy the privileges of demobilization will not be large at first the squads will gradually increase in size as the days pass.

Every preparation and facility is being afforded for the early disintegration of the Depot battalion, the 9th Siege battery and the overseas section of the artillery depot. All draft-giving units in Canada will be the first to demobilize as the others may be required for a while yet.

Harvest leave, upon which many draftees are now out of barracks, has been extended indefinitely. The men will later be notified to assemble for formal discharge.

An interesting though not important question has been asked by some of the soldiers, as to the disposition of their uniforms and accoutrements. The Times has been informed that overseas men will probably be allowed to retain their regimentals as souvenirs, but some of the newly drafted draftees may be returned to the government.

MORE THAN SIX AND A HALF MILLIONS WITH QUARTER-MILLION COMING.

Figures compiled at the central office of the Victory Loan committee last night showed that the provincial total amounted to \$10,811,000. This does not include the city and county of St. John, which aggregated \$6,437,400. It is estimated that there is about \$20,000,000 more to be added to the provincial figures, and several thousand more to the city total. According to these figures one out of every seven of the entire population of the city and county of St. John purchased a bond. The number of applications in the city and county totaled 11,577.

CONDENSED NEWS.

The direct cost of the war for all belligerent nations to last May 1, was \$178,000,000,000, and the cost will amount to nearly \$200,000,000,000 before the end of this year.

Unless food and medical supplies in large quantities are sent to Persia, with workers to conduct relief measures, deaths will stalk through the country during the coming winter, threatening the entire population.

half of Ackinson and McLellan and William M. Ryan in behalf of Durbin. The following are the grand jurors: James W. Barnes, Fraser W. Hevaston, Harry L. McGowan (foreman), Henry Dolan, H. Montgomery Jones, Joseph W. Cameron, Thomas Nagle, William H. Turner, John McNeely, William A. Johnston, George Dick and Richard S. Fitzgerald.

The following are the petit jurors: Henry E. Brown, Robert A. Corbet, Charles A. Jones, J. Frederick Emery, Frederick R. Patterson, Albert R. C. Clark, Brady E. DeBove, Frank C. Woodley, Wright C. Broadbent, Wellington H. Dunham, James Gault, Alfred G. Staples, C. Gordon Flewelling, Edward G. Trearntin, George E. Holder, J. Gordon Likely, Frederick H. Trifts, Howard W. Plummer, Ernest A. THE OTTAWA CONFERENCE

Nova Scotia will be represented at the conference between the provincial governments and the Federal government which is in session in Ottawa by (left to right), Hon. G. H. Murray, premier; Hon. R. M. McGregor, minister without portfolio, and Hon. O. T. Daniels, attorney-general.

WORST TIDAL WAVE IN THE HISTORY OF THE ST. LAWRENCE

Houses and Railway Lines Are Swept Away

DAMAGE IS GREAT

Part of Quebec City Flooded—Trains Wrecked—Men Blown From Trestle—Schooner Wrecked—Other Vessels in Precarious Position

Quebec, Nov. 18.—The worst tidal wave that ever was recorded in this district struck the lower section of the water front yesterday. Thousands of dollars worth of damage was caused in the business section of the lower town, where cellars and even first storeys of wholesale business houses were flooded.

Along the line of the Q. R. L. H. & P. the tracks between the city and Saint Anne de Beauport were wrecked on various stretches. Traffic will be suspended for at least two days. At Bois Chatel summer houses were carried away a considerable distance from their foundations, piling up on the track.

On the C. N. R. a passenger train from Shawinigan was wrecked at six-thirty this morning, the engine tumbling down an embankment. The crew jumped and escaped injury.

Two men were blown into the river from a trestle over the Quebec and Lake St. John Railway. They were carried down stream, but were rescued and taken to the hospital.

Vessels in Danger.

Quebec, Nov. 19.—Caught in the terrific gale of last night, two vessels are in a precarious position down the Gulf. A schooner, the identity of which has not yet been ascertained, was swept ashore at Fox River, Gaspé. She will be a total wreck. The crew swam ashore. The steam barge J. A. Tremblay is flashing danger signals somewhere in the Gulf. Her message reads:—"Help, need immediate assistance."

Fire and Flood.

Quebec, Nov. 18.—Advises reaching here say that Betsan is in flames. One side of the village is under tidal wave. Immense property damage is reported. No lives have been lost.

STORM, RAIN-FALL AND HIGH TIDES PRODUCE SEVERAL LOCAL FLOODS

After thirty-eight hours of continuous rain fall the probabilities today do not hold out much prospect of better weather conditions. Up to two o'clock this afternoon 3.10 inches of rain had fallen.

The tide during the storm reached its maximum velocity between eight and nine o'clock this morning, when it was blowing forty miles an hour, but since that time it steadily decreased and was blowing ten miles an hour early this afternoon.

The water today was exceptionally high, due to one of the usual spring tides, coupled with the heavy rain fall and high winds. Many of the streets in West St. John were partially submerged and pedestrian travel was greatly impeded.

At the Marsh bridge the water flooded the street, making it almost impassable. It flowed up near the branch of the Bank of British North America on one side and at a point beyond Cooper's corner on the other. The marshes in that district were entirely submerged.

The tide in the harbor today was quite high and for a time caused considerable inconvenience to traffic on the Great Lakes to the maritime provinces, attended by rain which has now turned to snow in northern Ontario and in Quebec.

British and Russian forces on Sunday recaptured the Russian seaport of Baku, on the west coast of the Caspian Sea.

TO REDD'S POINT.

The steamer War Fundy, which has been docked in West St. John, will be removed to Redd's Point, where work of fitting her up will be continued.

British and Russian forces on Sunday recaptured the Russian seaport of Baku, on the west coast of the Caspian Sea.

Occasional Showers.

Maritime—Strong breezes and moderate local gales southeast to southwest, occasional showers today and on Wednesday.

Order Maintained With an Iron Hand; Berlin Is Quiet

Robbers Punished with Immediate Execution; Dr. Solf. Wants Opportunity for Economic Intercourse with Territory on Left Bank of the Rhine

Amsterdam, Nov. 18.—A Berlin telegram under date of Nov. 13, which has been received here, says that during the twenty-four hours before its despatch, not a shot had been fired in Berlin and that the physical crisis appeared to be over. Order, it is said, was maintained with an iron hand and robbers were punished by immediate execution. At that time the life of the city was returning to normal.

Rad Guards Not Wanted.

Amsterdam, Nov. 18.—Delegates from all the soldiers' councils met in the Reichstag chamber in Berlin on Friday to discuss the institution of the Red Guard, according to advices received here. The proceedings were enlivened by divergencies of opinion, some advocating the Red Guard as civil protection and others opposing the plan as implying a lack of confidence in the soldiers.

Premier Ebert frankly declared in an address to the delegates that there was no necessity for the Red Guard, remarking: "If the enemy sees anarchy amongst us he will dictate conditions which will entirely destroy German economic life. Therefore, go forward to common work for the future."

Amid prolonged applause resolutions were unanimously adopted that the representatives of the garrison of Greater Berlin should employ all means to maintain order, achieve a social republic and increase soldiers' pay.

Sixteen Politicians Executed.

Berlin, Nov. 14, via Amsterdam.—(By the Associated Press)—As a result of the execution of sixteen politicians, sixteen members of the police force have been executed. The police complained that they had been kept in ignorance of the progress of the revolution by higher officials, who deserted or hid when the headquarters of the police were attacked.

Modification of Armistice.

London, Nov. 18.—Germany wants the terms of the armistice modified so that she can have economic intercourse with the territory on the left bank of the Rhine, as before the armistice, Dr. Solf, the foreign secretary, says in a wireless despatch received here. The message is addressed to governments of Great Britain, Italy, France and the United States.

To Summon Assembly.

Amsterdam, Nov. 18.—Friedrich Ebert, the German premier, told the Vossische Zeitung on Friday that the government was firmly determined to summon the constituent assembly, but that it was impossible to effectively hold the elections before January, by which time the troops will have returned home. He considered untenable the objection that delay would hinder the gathering of the peace delegates.

Marcelline by German Band.

Berlin, Nov. 14.—(Via Amsterdam by the Associated Press)—For the first time since the founding of the German empire the "Marcelline" was played by German bands heading a procession down Unter den Linden today.

Present indications are that saner counsils will dictate governmental policy in Germany. The convening of the constituent assembly is being urged in solemn tones and political quarters not identified with the present cabinet on the sole ground that it will facilitate peace negotiations.

RESTORING THE WIRE SERVICE

Reports from the Western Union and C. P. R. Telegraph Companies today bring the cheering news that they are making fair progress in restoring their service east of Salisbury, which was completely cut off by the havoc caused by the recent heavy wind and snow storm. The Western Union have four wires through to North Sydney, and the C. P. R. have one through to Halifax and expect to have three more up today.

An idea of the tremendous damage caused can be gleaned from the fact that the Western Union have about 150 men employed making repairs. In addition to the regular linemen, forty men from Sackville went to work to rush temporary lines through, and this staff was augmented by seventy-five employees the company rushed to the scene from Bangor, Me., in a special train, which passed through the city on Sunday. Twenty experienced wiremen will leave Boston this evening to assist in restoring the service on a permanent basis.

It is impossible at the present time to get an estimate of the damage done, as every bit of spare material has been sent to the scene, and as it is not known how much new copper wire will have to be used. A large quantity of the old wire is said to have been so badly bent and broken that it will not be fit for use again.

At normal times the Western Union has twelve wires running through to North Sydney and the C. P. R. have nine going through to Halifax. The temporary wires are fairly burning with delayed messages and everything possible is being done to catch up in the work. Owing to the wet weather the wires are not acting as well as they would under more favorable conditions, but despite this fact work is progressing.

The C. P. R. have a large crew of men working along the Tantramar marshes and despite the handicap of wet weather they are making good progress. The work is being supervised by A. C. Fraser, local superintendent of the company.

TRAFFIC INTERRUPTED BY WASH-OUTS

Moncton, N. B., Nov. 18.—Traffic has been interrupted on the northern division of the Canadian Government Railway system by washouts in Quebec, according to reports received at C. G. R. headquarters here. Ballast has been entirely washed out for a distance of about 300 feet between Lewis and St. Joseph. The high tide and gale resulted in washing out the C. G. R. track for half a mile on the joint section between Point Levis and Hallow. The culverts mileage 15.8 has been swept away. A large crew is at work repairing the track.

NO NEW FACTS ABOUT KITCHENER'S DEATH

Government Has Nothing to Add to Story that Warship was Sunk by Mine—Reparation Question Not Settled

London, Nov. 18.—(Canadian Press despatch from Reuter's Limited)—In the house of commons today in answer to questions, Right Hon. T. J. MacNamara stated that it had not been possible to save or examine the wreck of the cruiser Hampshire on which Lord Kitchener was lost. The government was unable to publish the report of the official inquiry. The ship had been sunk by a mine.

Mr. Croft asked for a definite statement that the peace terms would include full reparation by Germany, including the cost of the war to the Allies. Mr. Bonar Law replied that the government had arrived at no decision.

Sir Richard Cooper asked if the commons would be given an opportunity to express an opinion before the appointment of the British delegates to the peace conference was confirmed. To this Mr. Bonar Law replied in the negative.

HER EXPERIENCE

In answer to a communication appearing in Monday's papers asking that V. A. D. workers be given more support in their diet kitchen labors and other engineering activities, a lady requests The Times to say that she had offered her services on three different occasions, but has not yet been called on. Therefore, the lady correspondent thinks it is hardly fair to suggest that the women of St. John are derelict in their duty towards this most worthy philanthropy.

WEATHER REPORT. Issued by the Department of Marine and Fisheries. R. F. Stewart, director of meteorological service.

Weather report graphic showing a sun partially obscured by clouds, with a thermometer and a windmill.

Synopsis.—The disturbance which was over the Great Lakes yesterday remains almost stationary with a secondary development over Maine. Gales have occurred in most localities from the Great Lakes to the maritime provinces, attended by rain which has now turned to snow in northern Ontario and in Quebec.

**BIG SERIAL OF THRILLS COMING**

**"The Woman in the Web," New Vitagraph Chapter Play by Albert E. Smith and Cyrus Townsend Brady, to be Shown Here for Fifteen Weeks**

The Opera House announces the forthcoming fifteen-chapter Vitagraph serial, "The Woman in the Web," the first episode of which will be seen Friday night of this week, an episode to follow each successive week. This serial, while different in type from its two totally different types from its two predecessors, "The Fighting Trail" and "Vengeance—and the Woman," has many unique touches and many thrills, even more gripping than those which made for the amazing success of the recent Vitagraph adventure chapter play, "The Woman in the Web." The story of "The Woman in the Web" was written by Albert E. Smith, president of the Vitagraph Company, and Cyrus Townsend Brady, who were the authors of "Vengeance—and the Woman." Mr. Smith is conceded to be one of the greatest devisers of stunts in picturedom and Dr. Brady in the front rank of fiction writers, so the combination is ideal for motion picture production.

**Tribute from Kansas City to Great Britain**  
(Editorial, Kansas City Star, Nov. 4th, 1918.)

Turkey's surrender is a British victory which all the nations allied against the Central Powers will acclaim with the greater heartiness and joy because the opening of the war against the Turk was attended by military and naval disaster.

British courage and British perseverance were undaunted by the failure at Gallipoli, which, in addition to being a sore setback to the empire's arms, was too spectacular to leave any comfort to its pride. The attack on the Straits was under the eye of the entire world, the republic was complete and seemed to be final. When the fleet sailed away the apparent verdict was that Germany's fabric of a Mittell Europa was a movement against which abandonment its purpose of breaking the threatening spearhead that Turkey's adherence to the Teutonic alliance had directed against India.

The frontal attack had failed, but Turkey's long flank in Asia Minor, although far more difficult of access and a movement against which involved enormous tasks of transport and communication, lay open. That forbidding road that Napoleon had failed to penetrate Britain set itself to follow, and across the baking sands of Syria and the waterless tracts of Arabia its indomitable armies toiled and fought, not as on the European fronts under the encouraging notice of the world, but unseen of friendly eyes and for long periods at a time almost unheard of.

General Townsend's campaign which at first held out strong hope of a juncture with the Russian Army operating downward from the Caucasus terminated unsuccessfully at Kut, but Allenby's forces operating across Palestine and the expedition to Mesopotamia slowly reaped this disaster and everywhere forced Turkey's boundaries back. It was this great flank attack, almost unparalleled in history, before which Turkey fell. Allenby's progress had reached a point that, when Bulgaria's surrender released the Allied army in Macedonia, placed Turkey within a vise. With victorious armies at her front and rear, in Europe and in Asia, cut off from her allies and facing certain defeat there was nothing for her to do but to surrender to the energy, the persistence, the unyielding determination of a foe that never quits, whom no disaster can discourage and who never fights better than after a reverse.

The Turkish bag is Britain's almost exclusively and if this were her sole contribution to the final victory the debt her allies would owe her for it would be almost beyond estimate. Turkey was the bridge over which Germany expected to march to the conquest of Asia. Britain destroyed that bridge and thereupon definitely shattered the grandiose project of Mittell Europa with its threat to all Western nations and its certain menace to future world peace. Well done, Britain!

**ORDER MAINTAINED WITH AN IRON HAND; BERLIN IS QUIET.**

(Continued from page 1).  
In view of the close economic relations between the country west of the Rhine and the remainder of Germany, the preservation of which is necessary to the continued peaceful development of Germany," Dr. Solf asks the modification of some dozen points concerning this region.

For instance, he asks permission for German owners to exploit as heretofore the coal pits and iron ore mines and the general free use of the Rhine for transport within the old boundaries of the German empire.

The foreign secretary also asks permission for free navigation by way of Rotterdam and the coast for the provisioning of Germany; the continuation of industrial pursuits on the left bank of the Rhine for the use of the remainder of Germany, and free railway traffic in occupied territory.

The old frontier of the empire, including Luxembourg, Dr. Solf suggests, to be regarded as the customs boundary and customs duties are to be levied by Germany.

Dr. Solf declares that without these modifications Germany will "advance toward more or less Bolshevik conditions which might become dangerous to neighboring states."

# Got a Cold?

**Peps will give you relief!**  
Simply dissolve a Peps tablet in your mouth. Your breath carries the medicinal Pine vapor, which is released, to all parts of the throat, nasal and air passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and heals the inflamed membranes and fortifies you against coughs, colds, sore throat, bronchitis and grippe. Peps contains absolutely no harmful drugs and are therefore the safest remedy for children.

**FREE TRIAL** Cut out this across it the name and date of this paper, and mail it (with 1c stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 5c. box.

## PECULIAR POLITICAL SITUATION IN BRITAIN.

(Continued from page 1).  
London, Nov. 18.—Herbert H. Asquith, former premier, in delivering an election speech at Westminster tonight, said that the whole future international development of the world was in the crucible it was now a blunder and a calamity that the country should be plunged into the turmoil of a general election. He said his case against holding an election was greatly strengthened by the fact that the men most entitled to express an opinion on the reconstruction of affairs—the soldiers in the field—would be unable to vote. The house of commons which will be brought into existence, he said, will be of a nature as to lack the right authority. He said that he was prepared to give fullest support to any government which grappled with the problems of reconstruction on progressive lines, but he did not believe that the lion and the lamb lie down together, it sometimes is found that the lion has not lost its taste for live mutton.

Mr. Asquith contended that the country was as much agreed on peace aims as it had previously been in accord on war aims, and that the international council chamber would act with the indisputable mandate of a united people. Moreover, he said, there was no vital divergence about needful transitional measures at home necessitating immediate elections. Referring particularly to the restraint in criticism and in debate which has prevailed, Mr. Asquith said: "We must get back as soon as possible to the old atmosphere of freedom. There is no government and no parliament but will benefit thereby. I advise the Liberals to take a straightforward course, to keep their eyes open and their hands clean." Mr. Asquith declared that the value of free trade had been proved by the war, because it had enabled Great Britain to bear virtually the whole heavy burden of the alliance. Referring to numerous points of policy advocated by Premier Lloyd George, which people can fully support, he declared in the strongest language conflicts between members of the Liberal party. Compulsory Service Must End. He said he would refuse to countenance opposition to any Liberal candidate who had been true to his pledges to the party. He said that the abnormal conditions under which the country has been living for the last four years must be ended. He referred not merely to restrictions on personal liberty and freedom of speech, but said even compulsory military service must be ended.

London, Nov. 18.—The programme for the surrender of the German fleet, as the result of conferences held between British and German naval authorities, is that the ships will leave German ports on Wednesday and will be taken over by the Allies on Thursday. King George and the Prince of Wales will review the grand fleet at Rosyth on Wednesday. Later the fleet will sail for the rendezvous assigned for the surrender ceremony.

First Section Leaves. Copenhagen, Nov. 19.—The first section of the German fleet to be delivered to the Allies left Kiel on Sunday for the North Sea. This section of the fleet comprised the battleships Bayern, Grosser Kurfurst, Kromprinz Wilhelm, Markgraf, Koening Albert and Kaiserin, and the battle cruisers Seydlitz and Moltke. U-Boats Will Come. London, Nov. 19.—Considering the surrender of German ships to the Allies a German wireless message received here says that a meeting of U-boat crews at Wilhelmshaven on Nov. 18, it was resolved to take the submarines out whenever the necessary orders were received.

ANTI-JEWISH OUTBREAK. Stockholm, Nov. 19.—Anti-Jewish outbreaks, with numerous fatalities to Jews have occurred in several towns in the western part of Polish Galicia, according to the Jewish press bureau here.

## FRENCH TROOPS ON THEIR MARCH TO THE RHINE

**Welcomed Everywhere by the Inhabitants—Pitiable Condition of Former Prisoners—Hungarian Abandoned Much Material**

Paris, Nov. 18.—Progress by French troops advancing to occupy territory west of the Rhine is traced in the official statement issued at the war office today. The text of the statement follows:

"Our troops continued their march this morning and are being received with growing enthusiasm by the people of the occupied regions. The enemy has abandoned enormous quantities of material, locomotives, railroad cars, automobiles and magazines of all sorts. Thousands of French, Russian, English and Italian prisoners are entering our lines from German prisons. Their condition is indescribable.

"In Belgium we have passed the railroad running between Beurnin and Florenville. Further east we have reached the line of Hoffage, Bertrix and Strainmont. Our troops are also in the Janoigne region south of Neuf Chateau. "In Lorraine we have occupied St. Marie-Chausse, on the south bank of the Nied river, and are on the road toward St. Avold. We are in the region of the heights of the Saar. Our troops have made solemn entrance into Saarburg, Dieuse and Mohrhangen.

"In Alsace we have crossed Col Saeverne and have installed our advance guards at the gates of Wasselheim and Moelsheim. Further south we are in the proximity of the Rhine from north of New Breisach as far as the Swiss frontier.

"The people of the occupied regions do not cease to give our troops touching evidences of their love for France."

## Specks Floating Before His Eyes

When specks start to float before the eyes, when everything turns black for a few seconds and you feel as if you were going to faint, you may rest assured that your liver is not working properly. The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of a medicine which will clear away all the waste and poisonous matter from the system, and prevent as well as cure all the troubles arising from this accumulated mass which has collected in the system. Keep the bowels open by using Milburn's Laxa-Liver Pills and you will have no liver trouble of any kind. They will clear away all the waste and effluvia which has collected and make the liver active and working properly.

Mr. John R. Morrison, Grand River Falls, N. S., writes: "Several months ago I was troubled with a sour stomach, and had specks floating before my eyes. I took five vials of Milburn's Laxa-Liver Pills which cured and cleared my blood before any length of time. I told my friends about it and they got some, and they, too, find themselves cured since they took them. I recommend your pills very highly."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price to The T. Milburn Co., Limited, Toronto, Ont.

## "Mother's Tender Flowers"

Watch the tongue of your young! Children droop and wither if you permit constipation poison to be absorbed into their delicate systems. Hurry! Give Cascarets to clean the little clogged-up liver and bowels. Children love harmless Cascarets because Cascarets taste like candy—only 10 cents a box! Grand!

When a child's tongue turns white, breath feverish, stomach sour, mothers can always depend upon safe old "Cascarets" to gently, yet thoroughly clean the little liver and bowels. Cascarets are just dandy for children. They taste like candy and no child need be coaxed to take them even when cross, bilious and sick. Each 10 cent box contains directions and dose for children aged one year old and upwards.

## PRICE OF ANTHRACITE GOES UP \$1.05 PER TON

Ottawa, Nov. 18.—Inquiry at the office of the fuel controller as to new prices on anthracite coal elicited the following information:— The price charged for anthracite coal in Canada is based upon the prices in the United States and these are fixed by the United States fuel administration. In an official dispatch from Washington an increase of \$1.05 per ton is authorized on domestic sizes, the revision being made to meet increased labor costs. Emphasis is, however, placed on the fact that the new price schedule is effective only on coal mined on or after November 1.

## COMMONS CONGRATULATE KING ON ARMISTICE AND ON HIS PART IN WAR

London, Nov. 18.—The House of Commons today passed a motion, moved by Andrew Bonar Law, chancellor of the exchequer, in the absence of Premier Lloyd George, who is suffering from a slight cold, congratulating King George on the conclusion of the armistice and the prospects for a victorious peace, and for his unselfish devotion to the task in which the nation is engaged. "Where phantom kings are falling," said Mr. Bonar Law, "our sovereigns are passing, without escort, through the streets and meeting with tributes of respect, devotion and affection."

## STEAMER ABANDONED AT SEA HAD LANDED PASSENGERS AT HALIFAX

Boston, Nov. 18.—The steamer Caspacia, which has been abandoned in a storm off Cape Race, sailed from this city for St. Johns, Nfld., November 9, with passengers and a large cargo. She touched at Halifax where some of the crew and all but one of the passengers are believed to have been landed and resumed her voyage to St. Johns on Friday, after being detained a day by bad weather. The steamer had only recently been put in service by the Nova Scotia Steamships, Limited.

## BAN LIFTED ON IMPORT OF U. S. DRIED FRUIT

Ottawa, Nov. 18.—The Canada Food Board announced that the United States food administration has notified the country that all restrictions on the export of dried fruits into Canada, with the exception of peaches, apples and prunes, have been released. Canadian importers, however, still require an import permit from the Canada Food Board.

New York, Nov. 18.—Stocks were dull but firm at the opening of today's session, leaders of the more important divisions showing gains of fractions to a point. Investment rails, steels, including the independent group, and motors and oils were the prominent features, with Industrial Alcohol, but the undertone soon became irregular on Mexican Petroleum's two-point reversal. This condition was overcome before the end of the first half hour, however, when United States Steel, coppers and active specialties rose substantially.

WHAT SAY THE CHURCHES?

What is to be the effect of the war upon the churches, and upon the people through the churches? In response to the invitation of the Presbyterian Church of the United States representatives of nine Protestant denominations are to meet in Philadelphia early next month to consider "organic union of the evangelized churches in America."

directed attention and their relation to the cost of daily necessities during the troublesome period of reconstruction.

President Wilson is going to the peace conference. He breaks precedent, and he adds to the distinguished company about the conference table. It was a great temptation to resist and few will criticize Mr. Wilson for wishing to be there.

"Field Marshal von Hindenburg in his message to the German army said that the threat of famine caused the acceptance of the armistice," says Marcel Hutin of the Echo de Paris.

Demobilization has its complications, but they're coming home, anyway, those red-blooded Canadians who have won fame and done so much to win the war.

Things to be thankful for: The war is over, the influenza epidemic has subsided, the cold weather is delayed and the coal supply may be conserved a bit.

New York Sun—The German naval officer who regretted that the German fleet had to be surrendered without being beaten unknowingly expressed the sentiments of every British and American sailor.

WITH THE GROCERS

The following comment on the market situation as regards food stuffs will appear in Canadian Grocer this week.—Coffee is one of the first items which seems to have responded to the signing of the armistice.

According to the Grain Growers' Guide, whose information is based upon the company's own statement, one milling organization in its last financial year made a net profit of \$3,551,921, which is equal to 136 per cent on its common stock. It had \$1,955,000 available as net profit for distribution in dividends after paying bond interest and war taxes, and it set aside the vast sum of \$1,596,000 as a special contingent account "to take care of a sudden change in values."

The case of another milling company shows that the dividends on the common stock during the last year were eight and a half per cent, although only \$150,000 of the \$1,200,000 of common stock represents an actual investment. The Toronto Globe asks why a distinction was made between the profits on meat and the profits on flour, inasmuch as both are necessities of life, and flour is perhaps more necessary than meat.

There should be no disposition to select one industry more than another for special treatment, but the government can scarcely overlook the bearing of the figures to which the Grain Growers' Guide and the Toronto Globe have sharply

THE SOLDIER'S MOTHER.

(Rev. George Scott.) Somewhere in France they say he lies, A rough heavy cross above his head, My brave sweet hero, and the skies By day and night their radiance shed.

And they believe it yet I know Last night into my room he crept; He stood there in the twilight glow; Happily he thought his mother slept.

Some foolish dream, some childish fears Had roused him from his little bed, His eyes were wet with unshed tears, Yet when I stroked his tumbled head

He nestled closely to my side Until the stars grew dim with dawn, Till from the ocean's tumbling tide The clouds of night were all withdrawn.

And yet I thought that yesterday A kindly neighbor standing there Watched me in such a pitying way Dark horror froze me in my chair.

And then he spoke of some one dead— Ah me, it was a cruel word, Then something snapped within my head He'll never know how keen the sword.

With which he pierced this very heart, Yet I forgive him, for I know His honest nature scorns the art That deals the coward's subtle blow.

Somewhere in France they say he lies, My brave sweet boy with sunny hair, Little they guess his mother's eyes Have watched him in his little chair.

Still they believe it, though these hands Have pressed him closely to my breast, And life was shot with golden bands And everything was for the best.

Somewhere in France they say he lies, And yet I know he is not dead, When darkness steals across the skies He creeps into his mother's bed.

LIGHTER VEIN.

The weather last night failed to keep the crowd away from the fair which is being conducted in St. Andrew's rink under the auspices of the City Cornet Band and the Navy League. Officials said that the attendance exceeded their expectations and patrons remarked that there was a good crowd present in view of the decidedly adverse conditions.

DISASTROUS FIRE IN CAMPBELLTON

The Hotel Dieu Hospital and the convent school of the Sisters of Charity in Campbellton were completely destroyed by fire last night. There were no pupils in the convent, but there were thirty patients in the hospital. All were removed to safety by the sisters, assisted by neighbors. The loss of the hospital and equipment is \$25,000, and the school \$14,000. They are covered by insurance. The former was a wooden structure and the latter a brick edifice, which was only completed last year.

ALL ABOARD ILL WITH GRIP AND SHIP IN STORM

Boston, Nov. 18.—Officers of the steamship City of Bombay, which arrived here today from India, report that on Friday while several hundred miles off the coast they picked up a wireless call for help from the British steamer Normandy. The message said that all hands on board the Normandy were ill with influenza and the vessel was helpless in a storm.

DOMINION OVER THE MARK BY \$176,000,000

The Dominion of Canada victory loan has been oversubscribed by \$176,000,000. The objective was \$500,000,000 and the official figures show that \$676,000,000 has been subscribed.

SEVERELY BURNED

Miss Kathleen Mooney, proofreader with the Globe newspaper, was very badly burned at her home, 77 Orange street, a little after the supper time last evening. She and her father, Patrick J. Mooney, were in the sitting room together when in some so far unexplained manner the flames from an oil stove caught the young lady's dress and before they could be extinguished she was badly burned about the body and arms.

Government Ownership of Ocean Cables Coming?

New York, Nov. 18.—Action of the postoffice department in Washington in taking over control of ocean cable lines was declared to be "apparently preliminary to government ownership" in a supplementary statement tonight by Clarence H. MacKay, president of the Commercial Cable Company and allied corporations. Mr. MacKay said that the very vastness of the cable systems, as a project for federal management, "is staggering" and asked what the government was going to do with many thousands of miles of undersea lines controlled by numerous foreign companies and extending to numerous foreign countries on the Atlantic, Pacific and Indian oceans.

The annual meeting of the Boy Scouts' Association of the city was held last evening in the Y. M. C. A. A. C. Skelton, president of the association, occupied the chair and gave an interesting address to the Scouts, as also did H. O. Bamana. Routine was carried out, having to do with the work the Scouts had accomplished in the last year. All the scoutmasters or assistant scoutmasters were present each one representing his

"Oh! This Shopping" "It certainly gets on my nerves. I come home all fagged out, and nearly always have a splitting headache. 'Yes, they say we women always like shopping. But if everybody feels as tired out afterwards as I do, it is no joke. 'I wonder if it is my nerves. I never could stand much sightseeing, anyway. The strain on the eyes seems to exhaust the whole system. 'I suppose I shall not be able to sleep to-night, and that will put me in fine condition for to-morrow. 'Why don't somebody invent a good medicine for the nerves? 'But what was that Mrs. Crary was telling me about? I believe it was Nerve Food—Dr. Chase's Nerve Food. I have heard so many talking about the way this Nerve Food helped them that I must give it a trial. And this is what Mrs. Crary of 515 Cedar street, Peterboro, Ont., writes about her experience with this well-known food cure: 'I was suffering from a rundown condition of the system, nervous debility and sleeplessness. I lost a good many nights' sleep, and sometimes after going to sleep would wake up with a start, and then lie awake for hours. I also had frequent headaches and pains through my back. I got so that I could hardly do any work. I had taken doctor's medicine, but it did not seem to help me. Through reading in the newspapers of the help others had derived from the use of Dr. Chase's Nerve Food I started taking this medicine. The first box helped me, so I continued, taking about five or six boxes. I found that I was a great deal better, able to sleep well and do my work without any trouble. My headaches and nervousness are gone. My mother lives with me, and she has also found great benefit from the use of the Nerve Food. I cannot speak too highly of Dr. Chase's Nerve Food for nervous trouble of any kind.' If you could only read the letters which come to this office from day to day telling of what Dr. Chase's Nerve Food is doing for women, and men, too, in all parts of Canada, you would not be long in doubt as to the most satisfactory treatment for tired bodies and exhausted nerves. All we can do is to pass along the good words by publishing an occasional letter. It remains for you to benefit by using this blood and nerve builder to restore energy and vitality to your exhausted system. You can obtain Dr. Chase's Nerve Food from all dealers, or Edmanson, Bates & Co., Ltd., Toronto, 6 boxes for \$2.75. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

## SCHOOL SHOES

### Serviceable School Shoes

For All Ages of Children  
From Kindergarten to High School

THE two cardinal points in the selection of children's shoes are First: Correct Fit. Second: Sturdy wearing qualities—

This is, however, not so easy as it sounds, as years of experience are really required to determine just how growing feet should be fitted and just how to strengthen shoes where the wear comes hardest.

We offer to you our years of expert study on these very points and ask that you entrust to us the care and safety of your children's feet as well as the protection of your own purse.

JOHNSTON LODGE OFFICERS.

At a meeting of Johnston Lodge, No. 24, L. O. L., last evening, the following officers were elected: Master, K. D. Spears; deputy master, N. J. Courtie; chaplain, Arthur Green; secretary, Edward Pye; financial secretary, William Simpson; treasurer, Robert Willis; director of ceremonies, Porter Brown; lecturer, S. M. Chisick; chairman of committee, G. W. Tingley; committeemen, H. C. Lawton, Fred Thompson, Nelson Withers and George Elliott; auditors, D. R. Webster, H. C. Lawton and K. D. Spears. The election was conducted by H. C. Lawton, district master.

WITH UNITED BODY  
BEHIND HIM, MAJ. JOHNSON  
CONSENTS TO STAY

The resignation of Major Gordon M. Johnston as president of the G. W. V. A. was put before a meeting of the veterans' organization last night but the gathering was not unanimous for acceptance. There was a motion that the association had full confidence in their president and after pressure was brought to bear he consented to remain as president throughout his term.

Incidental to a motion that he resign because he had not accepted there was considerable discussion as to the G. W. V. A. and the possible opinion formed by the public from a report with respect to their stand on the day of the recent citizens' parade. Arguments at times were heated and references to what transpired between certain committees and officials of the city forcefully made. However, all finally cleared away and there was the unified expression of opinion by all present that the G. W. V. A. stood independent of any society, organization, political or religious body and yet was friendly to them all.

## Better Babies

A constipated infant begins life heavily handicapped. Constipation means infinitely more than mere failure of the bowels to move regularly and thoroughly. It means stagnation of waste matter, production of irritant and poisonous substances, and their absorption into the blood by which they are carried all over the body. Cells are poisoned, growth interfered with, and a soil prepared in which germs of disease easily take root and develop. Constipation in infancy is a bad habit, but giving an infant drugs to force the bowels to move is a crime. A baby is like a bud—both may easily be blasted.

The Nujol Treatment for Constipation is not only absolutely harmless, but is in the highest degree efficient.

Nujol is not a drug, does not act like any drug. Nujol helps Nature to overcome the bad habits by re-establishing natural, easy, thorough bowel evacuation, as regular as clockwork.

Every drop of Nujol taken into the body comes out of the body. But in its passage through the intestinal canal, it keeps the bowel contents soft and moist, makes it easier for the intestinal muscles to act, absorbs poisons and helps to discourage germ growth. Get Nujol if your druggist and give it according to directions.

**Warning:** Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Imitation Nujol. You may suffer from substitutes.

## TOOK BRONCHITIS AFTER THE MEASLES

Measles is a disease that is very hard on children, and it generally leaves the system in such a debilitated condition that it is liable to attacks of some other trouble. One of the most common of these is bronchitis, which starts with a short, painful, dry cough, a feeling of tightness through the chest and difficulty of breathing, accompanied by a wheezing sound from the lungs.

There is a raising of phlegm from the bronchial tubes which is very often streaked with blood.

Bronchitis although not really dangerous, should never be neglected as some serious lung trouble is most liable to follow if it is.

Dr. Wood's Norway Pine Syrup will loosen the phlegm, soothe and heal the irritated bronchial tubes, and in a short time the bronchitis will disappear.

Mrs. Murdoch McLean, Adanac Apts., Winnipeg, Man., writes: "About two years ago my little girl had bronchitis; took them after having the measles. I tried several cough remedies, and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup. After using three bottles she has never had any sign of it since. I can honestly recommend it as being a grand medicine."

The genuine Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper three pine trees the trade mark; price 50c. and 90c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## LOT OF RHEUMATISM NOW, RUB AWAY PAIN

Here's instant relief! Linger up sore, stiff muscles and joints with "St. Jacobs Liniment."

Count fifty! Pain gone. Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Apply soothing, penetrating, "St. Jacobs Liniment" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Liniment" is a harmless rheumatism liniment which never disappoints and can not burn or discolor the skin.

Limber up! Stop complaining! Get a small trial bottle of "St. Jacobs Liniment" at any drug store, and in just a moment you'll be free from pain, soreness, stiffness and swelling. Don't suffer! Relief awaits you. "St. Jacobs Liniment" has relieved millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

## USING TWO BUILDINGS FOR NIGHT SCHOOLS

The instructors in the free evening school, which was opened last evening in the Centennial building, Brussels street, were kept busy enrolling pupils and completing the organization of the various classes.

Dr. H. S. Bridges, superintendent of schools, has considered it advisable to move the arithmetic and writing classes from the Centennial building to the King Edward school, where the principal's room has been equipped for evening school work. The mechanical drawing classes will continue in the Centennial building.

The school opens with the prospect of a successful year's work. Many former pupils have returned to resume their studies, and several new faces were seen at the desks last evening. All displayed a degree of earnestness and zeal that was most gratifying to their instructors.

Those who intend to take advantage of the free instruction that the evening school affords are expected to enter immediately, so that all may start together. Those taking the mechanical drawing course will report at the Centennial school, Brussels street, and those taking up reading, writing and arithmetic will go to the King Edward school, at the corner of St. James and Wentworth street.

It is the hope of the school board, which is providing this instruction free, that many returned soldiers will take advantage of this opportunity for improvement. The mechanical drawing department will be in charge of W. S. Vail, who will conduct classes at the Centennial school from 7 until 9 o'clock on Monday, Tuesday, Thursday and Friday evenings of each week. The classes in the King Edward school, each evening, are taught by the principal of that school, Rex R. Cormier.

A small enrollment fee is collected from each pupil. This, however, is returned at the end of the term on the basis of attendance.

That His Excellency the Duke of Devonshire purposes to pay his official visit to St. John on December 4 was a message received by Mayor Hayes yesterday from Colonel Henderson, secretary of the Duke.

FORMER QUEEN ILL BUT IS NOT DEAD.

London, Nov. 18.—The report of the death of the former queen of Bavaria is untrue, according to a Munich despatch received by the Central News by way of Amsterdam. The despatch adds that the queen is seriously ill.

Marie Theresa lost her position as queen on November 8 when her husband, King Ludwig, was forced to abdicate. Her death was reported last week by the Tageblatt, of Munich.

## BEAUTIFUL HAIR THICK, WAVY, FREE FROM DANDRUFF

Draw a Moist Cloth Through Hair and Double its Beauty at Once

Save Your Hair! Dandruff Disappears and Hair Stops Coming Out

Immediate?—Yes! Certain!—That's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after an application of Danderine. Also try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, charming lustrous hair, and lots of it, if you will spend a few cents for a bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

## A Very Large Display of Blouses

You will be pleased to see the great variety of blouses which are suitable to be combined with a separate skirt for informal and semi-formal wear. Blouses are certainly "doing their bit" this season in enabling women to dress attractively and economically!

Here are dressy styles, far superior in appearance to the "shirtwaist" of old. Georgettes, of course, are most popular, but they are often combined with satins or crepe de chene. You can buy lovely blouses here for very reasonable prices.

Dainty Voile Blouses in plain tucked design with guipure edging on collar and cuffs, Swiss embroidery front blouses with square collar or popular slipover styles with V or round necks.

Attractive Crepe de Chene Blouses in dainty flesh, white, mais or dark shades such as black or navy; fine tucked fronts or trimmed silk embroidery, or beaded design; popular pullover collarless or with round or square front with back collar.

Sheer Georgette Blouses. The daintiest of the season's showing, of extra fine quality embroidered or beaded fronts; slipover styles are among the most popular.

## DANIEL

LONDON HOUSE HEAD OF KING STREET

"MOPPING UP" TO BE DONE

(From the Philadelphia Public Ledger.)

It is a far simpler proposition to start a war than to stop it and clean up after it. This must be especially true of a world-wide and whirlwind war like that just closing. Its destruction has been felt on four continents. Especially has it shaken Europe like a monstrous moral earthquake, toppling over thrones long deemed immovable, tearing empires to pieces and releasing into the light of day almost forgotten races crushed bloodless for centuries beneath their imperial weight. Such a cyclonic war wrecks accustomed human institutions as Hun savages wreck a conquered town; and the work of reconstruction, readjustment, recuperation—the building of wise, just and free new institutions for the housing of new nations and new and hitherto undreamed of aspirations—is a task of transcendent importance that can neither be hurried by the reconstructors nor exposed to harassment by still sullen reactionaries.

The first obvious duty before the American and Allied armies will be to stand resolute guard over the conditions of the various armistices. There will be garrisons on enemy territory, patrols along enemy transportation lines, and always a sufficient force close at hand to make an enemy rising visibly futile. Until the peace conference finishes its work—by no means a short job—the Allied bayonets cannot be removed from the breasts of the Central enemies.

HOW TO GET RID OF RHEUMATISM

"Fruit-a-lives" Point the Way to Quick Relief

Verona, Ont. "I suffered for a number of years with Rheumatism and severe Pains in my Side and Back caused by strains and heavy lifting. When I had given up hope of ever being well again, a friend recommended 'Fruit-a-lives' to me and after using the first box I felt so much better that I continued to take them; and now I am enjoying the best of health, thanks to your wonderful fruit medicine."

W. M. LAMPSON, Fruit-a-lives are sold by all dealers at 50c a box, 6 for \$2.50, trial size 50c, or sent postpaid by Fruit-a-lives Limited, Ottawa.

HARDWARE MARKETS

(Hardware and Metal.) A sharp advance in turpentine is recorded this week, amounting to twelve cents per gallon. This may be termed one of the first signs to reflect conditions which have followed signing of armistice and is in line with situation as outlined in Hardware and Metal during the past few weeks.

There is no indication that the peak has yet been reached. Government reports from the United States show production for the past season is no more than required for United States needs. It is further pointed out that next year's production will not be any larger than that of the past season. With the heavy demands to be met from overseas, it is not hard to determine how prices will go. It is also true that users face a situation which may develop into one of decided seriousness, due to shortage which may arise.

Linseed oil is another line which has undergone revision upward. Advances of four to five cents have been registered, and indications point to even higher levels as well within the realm of possibility. Prices on seed have been recovering from recent depression during the past two weeks, and since Monday of this week sharp advances have been registered. Prices on seed have been recovering from recent depression during the past two weeks, and since Monday of this week sharp advances have been registered.

Another line of horse nails is included in the list to go to higher levels, prices today being up just one cent per pound over former figures. Laced leather has advanced today being up about twenty-five cents per pound over previous quotations. The steady decline in available supplies of all leathers is reported by factors extending to this class of goods and resulting in increased prices.

Other lines included in the list to follow the upward trend of this week, are drills, blowers, forges, mouse and rat traps, charcoal and wheelbarrows. An advance of about 5 per cent. is reported also in stocks and tires, screw plates, pipe taps, hand taps, reamers, etc., immediately effective. Vises, hand soap, manila, and gimlet bits have also gone to higher levels.

The trade as a whole looks forward to a period of marked prosperity for Canada. No reason for depression is reported, over the approach of peace, rather is the feeling in evidence that having faced four years of war, in which many dark days were strewn, prosperity should come, and every effort to keep conditions bright exerted. No immediate recession in values is looked for. Stocks are low and replacement is impossible for some time to come with the majority of lines. This will probably mean a steadily maintained basis of quotations.

Mayor Hayes has received advice that the directors of the Canadian Northern railway expect to be in St. John's some time within the next two weeks and that in all probability they will be accompanied by Gen. F. B. Carvell, minister of public works.

TUESDAY TO BRING THEM HOME. It. Dickens kn worruk all the week for sixteen shillings if he looks. OPI not. Ye'd better kape Dickens." And out he strode.

Dickens as a Rival. A bookseller advertised for a porter for his book shop. Among the applicants was an Irishman gifted with more muscle than wits. He walked into the shop and glanced about rather uncertainly. Finally his eyes rested on a big notice suspended high above the door over a table covered with books: "Dickens' Works All This Week for Sixteen Shillings." This announcement at once came in to get the job, he shouted to the proprietor: "but OPI not care for

Canadian women are right behind the Canadian troops in the trenches. Women nurses are now stationed in hospitals 5 miles in the rear of the actual fighting line. Many of our Canadian women are unable to take up the duties of nursing at the front, but they should know how to take care of their own at home and for this purpose no better book was ever printed than the Medical Adviser-a book with chapters on First Aid, Bandaging and care of Fractures, Taking care of the Sick, Physiology, Hygiene, Mother and Babe, which can be had at most drug stores, or sent 50 cents to Dr. Pierce, Courtwright St., Bridgeburg, Ont.

The women at home, who are worn out, should take this reliable temperance, herbal tonic, Dr. Pierce's Favorite Prescription.

"Woodstock, Ont.-"For womanly wants I have found Dr. Pierce's Favorite Prescription to be the best. I bought it many years ago when I was very weak and it has proved to be a splendid tonic during expectation. I have been recommended by Dr. Pierce's Favorite Prescription to all sufferers from woman's weakness."

**HE HAS HIS TROUBLES.**  
A sidelight on the waning epidemic is furnished in a pathetic incident that happened in The Times office this forenoon. A colored resident of the North End with tears in his eyes, asked to have an advertisement inserted forbidding the charging of board and goods to his name if purchased by his wife. He explained that a short while ago the mother and child were hospitalized with the influenza where the child succumbed. A two-year-old child survives. Last evening there was a dance in the Indian town district which the conscientious mother attended in spite of urgent protestations from the husband, who pointed out the bereavement in the home and also his wife's state of health. A two-year-old child is with the mother. So the distracted husband seems to think his cup of trouble is pretty nearly overflowing.

**LOOK FOR RECORD WINTER SEASON.**  
Preparations Made for Greater Traffic Than Were Before; First Mail Steamer at End of Week

Local steamship officials are of the opinion that the winter port trade this season will establish a record unprecedented in the history of the port. This is attributed to the fact that St. John is due to receive a large proportion of the soldiers of the Canadian army, who are expected home this winter, and also that there will be a large amount of freight both going to and coming from Europe.

The first mail steamer will arrive here on Saturday or Sunday and in addition a couple of freighters are due this week. Preparations have been completed to afford adequate accommodation for these as well as all others scheduled to come here during the winter.

The C. P. O. S. staff is expected to arrive in the city from Montreal during the week and as the building up of the usual winter port organization has been going on for some time they will be able to commence operations without any delay. So far as it is known, there will be no changes in the personal of the staff, as most of the employees who were working last year will be available again this winter. The offices are already to accommodate the members of the different departments and all that remains to commence activities is the arrival of the steamers and the staffs.

**PARCELS FOR PRISONERS OF WAR.**  
Postmaster Sears has received the following from Ottawa:  
Post Office Department, Canada, Ottawa, November 15, 1918.  
The Postmaster, St. John, N. B.

The postmaster is informed that a notification has been received to the effect that all individual parcels for prisoners of war are being stopped and that the Canadian Red Cross Society is sending food in bulk to such prisoners.

Any parcels therefore received in future addressed to prisoners of war interned abroad are not to be forwarded but are to be returned to the sender.

**TO ESTABLISH HUTS FOR WOMEN IN THIS CITY**

**Y. W. C. A. to Make Provision for the Foreign Brides of Our Soldiers During Demobilization Period**

Huts for women is a new idea in war work but its coming and strange to state, this city of St. John is to be one of the first places to use them.

On a late train from Toronto Miss Lane, a secretary of the Young Women's Christian Association, will arrive here to instruct the local executive as to the establishment of these shelters and how they are to be utilized.

The need for the huts is as follows:—During the war a large number of Canadian soldiers have taken unto themselves English, Scotch, Welsh, French and Belgian brides. These young women will be coming home with their soldier husbands, but the military arrangements make no provision for their reception or housing.

Even if the wives are finally not allowed to accompany their husbands on the transports they will have to be cared for anyway. So the Young Women's Christian Association has delegated unto itself this task and will see that it is carried out faithfully. The work will be systematized with the Y. W. C. A., and will affect every port of debarkation.

So many new conditions are arising out of the stoppage of the war and so many more are contemplated that philanthropic bodies are busying themselves already in preparation for the rush sure to ensue. St. John, as the winter port of Canada, will see a great deal of these activities.

The huts to be set up in St. John comes under the National Service branch of Y. W. C. A. work. They may not be huts in the real "hut" sense of the word, but suitable accommodations in immigration sheds or other convenient places in which the women of the war may be kindly cared for by other women while being transferred to their trains or awaiting forwarding to the various dispersal stations of Canada.

**DISTINGUISHED MEN MAY ADDRESS CLUB**

Ambassador Gerard, Harry Lauder, F. A. Mackenzie and A. G. Racey, on the List

The Women's Canadian Club has a wonderful group of speakers in local response and the prospects are very bright that all will materialize on local platforms between now and the first of February. If plans carry St. John will be the envy of clubfolks all over.

In the first place Ambassador Gerard, author of that bold book "My Four Years in Germany" and representative of the United States in Berlin during the war and at the time of the crisis between Uncle Sam and the Kaiser, writes to the president of the club, Mrs. G. A. Kuhring, that nothing would give him greater pleasure than to speak here after the New Year if he can arrange it. Mr. Gerard seemed pleased with the invitation to speak on tour in this part of Canada and will write later giving possible dates and plans.

Harry Lauder has written that in a week or so he will make known his schedule for his St. John engagement at the New Year's and will possibly squeeze in a couple of hours to tell the ladies of the Canadian Club and the public about the war and its work as he has been mixed up with it. With the conclusion of hostilities Mr. Lauder is expected to have an especially interesting story.

Then comes Capt. F. A. Mackenzie, Canadian author of vivid and powerful pen, author of several notable books on the war and newspaper correspondent of the front line whose writings have thrilled Canadians. His subject for St. John is "Through Hindenburg Line With the Victorious Canadians." It will be the first presentation of this lecture, for which a national itinerary is being mapped out, and St. John will thus have the honor of its premiere.

Another kind of patriot—for the above list takes in the diplomatic, the entertaining and the literary—will be A. G. Racey, familiarly known as the cartoonist on the Montreal Star. He is going to lecture and draw for the Women's Canadian Club in the near future. Mr. Racey has a method of dissecting the ex-Kaiser and his propaganda and of creating a furor.

**MCDONALD-CHISHOLM**

A wedding which was witnessed by the family circles of the contracting parties only, and which interests a large number of friends and acquaintances throughout the city and elsewhere, took place in the Cathedral of the Immaculate Conception at 6.15 this morning, when Edward J. McDonald, victualer, led to the altar Margaret A. Chisholm, daughter of Mrs. Margaret and the late Alfred Chisholm of this city. Rev. William Duke sang the nuptial mass. The bride was becomingly attired in a navy blue tailored suit with hat of corresponding shades. She also wore a seal cape trimmed with red. There were no attendants. Mr. and Mrs. McDonald and relatives repaired to their home at 27 Richmond street, where breakfast was served.

From various parts of the city and province the newly-married couple have received tokens of good will and congratulation in the form of cut glass, art pieces, fine china, silverware and ornamental and useful furniture. Mr. McDonald presented his bride with a seal coat richly trimmed. Owing to the prevailing epidemic the happy couple are not taking any wedding trip, but will do so later. During the forenoon congratulations were showered upon them by phone, telegram and in person, and the hospitality of the home was warmly extended.

**Mormon Leader Dead.**  
Salt Lake City, Utah, Nov. 19.—Joseph P. Smith, president of the Church of Jesus Christ of latter days Saints (Mormon), died at his home here early today after a long illness. He was eighty years old.
