Forces Under General von Der Goltz in Fierce Struggle With Letts

LONDON, Oct. 11.—The advance guard of Col. Avaloff-Bermond entered and occupied Riga Wednesday evening or Thursday morning, according to the Daily Mail's Helsingfors, Finland, correspondent.

COPENHAGEN, Oct. 10.—German troops under Gen. von der Goltz, together with Russians under Col. Avaloff-Bermond, attacked the Letts, thirty kilometers from Riga, and occupied Shlotsk, which is outside of the demarcation line, according to a report issued by the Lettish press bureau at Riga.

The report adds that the attack was repulsed with sanguinary losses.

The forces of Gen. von der Goltz include imperial German forces, with tanks and airplanes, says the report, which adds that the Germans attempted to bomb Riga but were repulsed.

The Letts claim that their losses were small.

A state of siege has been proclaimed at Riga as a precautionary measure. Reserves are being formed among those who are unable to go to the front. Soldiers who were starting toward the front were showered with flowers.

The Lettish bureau says the Germans and Russians attacked on the front of Stolai, 30 kilometers from Riga on the shore of the Gulf of Riga, and occupied the coastal town of Shlotsk and also attacked the coastal towns of Dubbeln, 30 kilometers from Riga.

The Letts claim to have inflicted sanguinary losses on the attackers and to have destroyed an armored train at Stolai station and cut up two companies of Germans with machine gun fire. Fighting continues on the whole front.

Another despatch from Riga says the Germans attacked repeatedly during the night in overwhelming numbers and with all modern weapons, but that the Letts successfully counter-attacked.

The despatch adds that both soldiers and civilians are filled with enthusiasm and that volunteers are joining the ranks day and night.

Lettish soldiers who have been fighting with the British and French at Archangel, have just arrived at Riga by steamer and rushed to the front.

While the allied battleships at Riga are preparing, according to this despatch, to open fire on the German force at Riga, German advice from Mitau, 27 miles south of Riga, declare that the Russian and German forces in that vicinity have reached an agreement in regard to the gradual evacuation of the country. This has been telegraphed to the representatives of the entente at Mitau.

Foch's Reprisal Against von Der Goltz

PARIS, Oct. 10.—General Von Der Goltz, the German commander in the Baltic provinces, is persisting in his refusal to evacuate the region, the supreme council has been informed. The council this afternoon received a telegram to this effect from the French mission in the Baltic states.

The reply of Marshal Foch, who was instructed by the supreme council to draw up the entente answer to the latest German note concerning the evacuation of German troops from the Baltic provinces, will inform the German government that the coercive measure contemplated in the entente's early reply, viz., the suspension of the supply of foodstuffs and raw material and the refusal of all financial facilities, will be carried into effect if Germany does not comply with the orders of the peace conference. The German reply had attempted to plead lack of power to force the German soldiers to

comply with its orders and protested against a re-imposition of the blockade.

The note of Marshal Foch will fundamentally state that an allied commission will be sent to the Baltic provinces to watch the execution of these orders.

The note, which has been examined by the supreme council, will be sent shortly, probably tomorrow. In the text mention is made of the latest incidents in the Baltic provinces brought to the attention of the council and particularly the German attack against the Lettish forces, of which the Lettish government made complaint to the peace conference.

Warships Ready

COPENHAGEN, Oct. 10.—British and French warships in the harbor of Riga have cleared for action, according to a despatch from Riga to the Lettish information bureau, on account of the attack by German troops under the command of General von der Goltz, upon the Lettish army defending Riga.

COPENHAGEN, Oct. 13.—The Letts have recrossed the Duna river in the direction of Mitau and occupied the suburbs of Riga on the left bank of the river, according to a telegram to the Lettish press bureau from Wenden, Livonia, fifty miles northeast of Riga.

COPENHAGEN, Oct. 13.—Allied cruisers are aiding in the defence of Riga against German attacks, which for five days have been incessant and stubborn, according to a communication issued by the Lettish foreign office Sunday. Riga is being bombarded by the Germans.

The communication follows: "For five days the Lettish forces before Riga have been engaged in beating off incessant stubborn German attacks.

"The Germans are bombarding the unfortified town of Riga. Cruisers belonging to the allied powers are participating in the defence.

"The Germans have been repeatedly repulsed in attempts to ford the Duna river."

Letts in Desperate Plight

COPENHAGEN, Oct. 13.—The situation of the Lettish troops in Riga is desperate, according to despatches from Helsingfors. The German and Russian troops are expected to force the passage of the Duna river, which separates the main body of Col. Avaloff-Bermond's troops from the main portion of Riga, at any moment.

The old town of Riga and the port have been greatly damaged, it is stated. Many civilians have been killed or wounded.

Steamer Held Up

LONDON, Oct. 13.—The steamer Lake Fray, belonging to the United States Shipping board and carrying relief supplies to Riga, has been ordered not to proceed further until the situation at Riga clears. The steamer has put into Hango, Finland.

Germans Issue Denial

BERLIN, Oct. 11.—An official statement is published denying formally the allegation in the Lettish appeal to the entente, that German troops in the Baltic provinces have done everything possible to support Bolshevism and have attacked the Letts from the rear.

The German rejoinder declares this statement is contrary to the truth, and is an abhorrent measure of agitation against Germany.

Germany has not broken the peace, but, on the contrary, has done everything to enforce the terms of peace in the case of misled troops in a portion of the Baltic provinces. It is a matter of record, it is declared, that the Baltic troops (Germans), have not been the attackers, but that their return to Germany has been delayed and hindered by hostile acts of the Letts and Estonians.

The statement avers that it is the Letts who are assisting Bolshevism in every possible way, including measures to prevent Russian troops reaching the front against the Bolsheviks.

Murder in Front of Hotel at Radisson

John Brounch Accused of Stabbing Arnold Garth in Neck. Both Men Concerned Said to be of German Extraction

ARNOLD GAARTH, a returned soldier of Radisson is dead, John Brounch, the father of a soldier, is said to be under arrest, and is held on a charge of murder. This, in short, was the message to reach the provincial police headquarters' office on Saturday evening, a message which announced another murder that is said to end a feud between two men over an incident of recruiting.

According to reports received yesterday, Arnold Garth was stabbed in the neck and the jugular vein severed. Brounch is accused of causing the death of Garth by using a sharp knife.

The story as reported to the police is that Garth, the victim of the affray, had induced John Brounch's son to enlist for service overseas. John Brounch, the father, became vexed at this and is said to have vowed to get even with Garth. Garth returned from service some months ago and on Saturday met

Valuable Salt Deposits Found in South Alberta

WINNIPEG, Oct. 10.—Brine from springs in eastern Alberta having the appearance of mud volcanoes has been found to assay 98.1-2 per cent. salt, establishing Alberta as one of the richest salt producing areas in the world, according to W. O. Saunders, representing the British capital interested in Canada's natural resources, who is en route to England to make his report. He will return to Canada in four months. In the same neighborhood conglomerate deposits were unearthed which contained fine specimens of garnet, agate and other rare mineral products, he declared.

In the eastern section of the province, near the border, Mr. Saunders stated, salt deposits, rising from numerous springs in a shallow lake, were found. These "mud volcanoes" are throwing up brine, 98.1-2 per cent. of which is salt. The lake itself, into which these springs flow, contains 62 per cent. salt as compared with 37 per cent. in Salt Lake, Utah.

POLICE REACH BUDAPEST

PARIS.—The arrival of 1,800 British soldiers, forming part of the international detachment to take over the police service at Budapest after the departure of the Rumanians, is reported in despatches from the Hungarian capital. Two thousand Italian soldiers are also expected.

JUGO-SLAVS FIRE ON ITALIAN SHIP

BARL, Italy.—The report that the Italian steamer Epiro, with 200 Italian troops and other passengers aboard, was fired on by Jugo-Slavs from Rondons Island, near Cattaro, September 30, is confirmed.

Only a few shots were fired against the steamer, then only about 100 yards from the shore, but a cavalry soldier, who is in the hospital with bullets in one shoulder and leg attests to the truth of the incident.

Belgium Breaks With Luxembourg Over Referendum

BRUSSELS.—Economic negotiations between Luxembourg and Belgium have been broken off by Belgium as a result of a result of a referendum in Luxembourg, under which France became Luxembourg's financial ally. The Belgian minister in Luxembourg has been recalled.

Britishers to Settle in Mexico

EL PASO, Texas.—Thousands of British subjects will immigrate into Mexico about the middle of October, according to the "Excelsior," a newspaper of Mexico city, copies of which have just reached here. The colonists will settle in Durango and Chihuahua. Arrangements for their passage into Mexico are to be made by General Critchley of the British army.

Steep Creek Murderers To Hang on Friday

Dr. Joseph Gervais, Victor Carmel, and Jean Baptiste St. Germain, the three Steep Creek murderers will step on the gallows next Friday morning between six and seven o'clock at Prince Albert jail to expiate their crimes and satisfy justice which sentenced them to die for the murder of Lajoie, sheriff's officer McKay, and Charles Horsley. Lajoie was murdered in 1917, and McKay and Horsley, in November, 1918.

Last week, according to reports received in Regina, the sheriff at Prince Albert was notified by authorities at Ottawa to be ready to proceed with the execution of the three men on Friday, October 17. Further the sheriff was told that no further reprieve was possible.

Brounch in the livery stable at Radisson. A quarrel ensued and the two men were separated. Later they met in front of the hotel and, it is alleged, Brounch, during the second scuffle, used a sharp knife, plunging it into the neck of Garth. Garth ran into the hotel, came back with two comrades, but just as he came to the middle of the road he fell dead. Brounch was immediately arrested.

Constable Smith, of the provincial police, took charge of the prisoner and searched him, but could find no instruments on him. Late at night, in visiting the prisoner in the cells, a sharp knife was found, according to the report of the police officer.

The post mortem performed on the body of Garth by Dr. Scratch, revealed that death was due to loss of blood from the severed jugular vein. A jury was empanelled immediately and at the inquest held yesterday returned a verdict that

Kiev Now in Hands of Bolsheviks

STOCKHOLM, Oct. 10.—The newspaper Folkes Dagblad reports that the Bolsheviks have recaptured the city of Kiev. No intimation of the possibility of an impending capture of the great South Russian centre has been received, and though it was recently stated that Bolshevik bands were in this region in the rear of the Poles and Gen. Denikine, these two armies are well advanced beyond the vicinity of Kiev, but are not yet in touch with one another.

Bolsheviks Willing to Make Peace if Allies Withdraw

PARIS.—Geor Tchitcherine, Russian Bolshevik foreign minister, in a message sent broadcast by wireless and received here, says: "Our intentions regarding peace remain the same as when the Bullitt mission arrived. We are ready to make peace at any moment, provided military operations are stopped immediately and the blockade is lifted. We have not imposed, and we do not wish to impose, communism on anybody."

Win. C. Bullitt, a member of the American peace delegation, in testimony given recently before the senate foreign relations committee, said he had been sent to Russia in February of this year to learn the terms upon which the soviet government would agree to stop fighting and make peace.

The Lenine peace proposals, Mr. Bullitt said, included, among other things, an armistice for two weeks, subject to extension, raising of the economic blockade, immediate withdrawal from Russia of all allied troops, no further military aid to be given to anti-soviet governments and recognition of responsibility for Russian's foreign debts.

Prince of Wales Becomes Owner Alberta Ranch

WINNIPEG, Oct. 11.—Prior to leaving the west, H.R.H. the Prince of Wales, at a luncheon in the Royal Alexandra hotel today, made an announcement which brought shouts of applause from his guests. This was that he had purchased a ranch, so that the prince in future will be a part of the big country over which he has just travelled. He told his guests, representative men of the four western provinces, that he had commissioned one of the biggest stock men of Alberta to purchase a good ranch, and on it the prince will put the very best stock obtainable. Besides the idea of developing a ranch, the prince stated that it was his desire to provide employment for a number of his comrades who saw service with him overseas.

France's Wheat Crop

PARIS, Oct. 10.—An official estimate given out by the ministry of agriculture shows that the wheat crop for the current year will be 48,438,170 hundredweight, compared with 61,435,840 last year and 76,936,065 in 1914.

Dominion Parliament in Special Session

Legislation making it possible for a province to have absolute prohibition, either of importation or manufacture, or both, of spirituous beverages, was introduced in the house on October 7 by Hon. C. J. Doherty, minister of justice. Before a province can bring about bone-dry conditions, however, there must be a plebiscite taken under the authorization of the resolution amendment by the provincial legislature. When this has been done, and a plebiscite is duly taken, then whatever the plebiscite provides for will be brought about by proclamation, issued in accordance with the proceedings provided in the Canada Temperance act, of which the bill introduced is an amendment.

Replying to a series of questions by W. F. MacLean, the minister explained that the present law in Ontario, in regard to such a referendum is being taken, does not deal with the question of the importation or manufacture of liquor. The province, he said, takes the position that they cannot deal with that question. "This," added the minister, referring to the bill he had just introduced, "would be a method whereby, in virtue of Dominion legislation becoming operative by the vote of the electorate of a province, importation into that province or manufacture in it would be prohibited."

Mr. MacLean: "Then Ontario would have to have a special referendum on this question in order to avail itself of this bill?"

Mr. Doherty: "Upon a petition this government would hold a referendum in the area of the province on whose behalf the petition was made."

Hon. Charles Maclellan: "Does the minister provide for this coming into effect on the majority of the total votes cast, or on a majority of the voters on the list?"

Mr. Doherty: "It is a provision of the Canada Temperance act, which I think provides simply for a majority."

Another bill introduced by Mr. Doherty amends what is generally known as the Doherty act, a piece of legislation designed to strengthen provincial legislation prohibiting the sale of intoxicating liquors.

Second reading was then given to an act to amend the Criminal Code. The amendment provides that no alien shall have in his possession any firearm or offensive weapon without having a permit.

Mr. S. W. Jacobs strongly opposed the bill. Why, he asked, should aliens be thus discriminated against? Was not a pistol as dangerous in the hands of a British subject as of an alien? There should be one law applicable to all alike.

Mr. Maharg also opposed the amendment. It would have been all right, he said, in war time, but not when the country is at peace. If these aliens were fit to live in the country they should not be discriminated against in a matter of this kind.

Mr. I. E. Pedlow thought the bill would work hardship to numerous classes.

bers of aliens who have perhaps lived sixty years in the country, but had never been naturalized, many were good, reliable farmers, he said.

Hon. C. J. Doherty replied that the bill was designed to make aliens show their good faith by being willing to apply for a permit if they desired to carry firearms. The criminal records of the country would, he thought, show that a large majority of crimes of violence had been committed by newly-arrived aliens.

An amendment moved by Mr. Jacobs, the effect of which was to place all citizens on the same plane with the alien, as far as carrying weapons was concerned, was lost on division by a vote of 34 for and 65 against.

Second reading was then given to an act respecting patents of inventions, and the house went into committee on this bill. The bill provides, among other things, that the minister of trade and commerce

A STAKE IN CANADA.

One of the best features of Canada's Victory Loan campaign, is their Canadianizing effect. The investor, whether of foreign birth or native born, has a stake in Canada. He has faith in the country and in its future and he will stay in it.

Across the line it has been found that the foreigner has been saving a great deal more money per head than the average native-born American. Evidence of this is supported by officials of the leading banks, who estimate that over a million and a quarter of these people are about to leave the United States and return home, carrying with them something like about four billion dollars.

In the Victory Loan native-born Canadians should lead the way by going their full limit, and the foreigner should follow his lead. The financial and industrial conditions of Canada will become sound in proportion as they buy Victory Bonds, and Canada will continue to be a country in which life and work are worth while for Canadians, whether native-born or naturalized.

Canada's Victory Bonds are a splendid means for concentrating wealth in the hands of the people who make it and who may be relied on to make Canada. They are the best investment into which those who wish Canada to become greater and stronger can put their savings.

PLAIN SPEAKING ON WHEAT SITUATION

Up to Western Farmers to Assist in Financing Sale of Crops.

"If through timidity," said Sir Thomas White, "we said we would not borrow any more money to make advances to Great Britain, it would mean that the grain raised on Canadian farms would remain here and would never get into the elevators, and be sold in the markets of the world, and there would be a panic all through the west and throughout the country."

Plain speaking, that; but the situation is one that demands plain speaking. The farmers and merchants of the west must make success in the forthcoming Victory Loan a certainty.

They can do it. It is Victory Loans which bring the \$2.15 figure for wheat to the west. It is simply up to the farmers to invest every cent they can scrape up in Victory Bonds.

Canada must stand on its own legs in this matter, and the farmers are urged to stand on theirs, and be independent of somebody else's support.

Buying Victory Bonds is a matter of sound common sense.

DOCTOR PRAISES ZAM-BUK

"For sixteen years," writes Dr. A. P. Shibley of Washington, D.C., "I have used Zam-Buk in my practice, and am convinced that there is nothing to compare with it for skin troubles, from roughness and irritation to chronic skin diseases. Zam-Buk, without a doubt, has wonderful curative properties, and when I have occasion to recommend a balm to my patients, I always recommend Zam-Buk. I have found the results from its use to be perfectly satisfactory."

Members of the medical profession are noted for their caution in recommending a remedy—only doing so when they have absolute confidence in it. The fact that Zam-Buk is so highly recommended by doctors of the world over, and that in Dr. Shibley's experience it has stood the test of sixteen years' constant use, puts it, undeniably, in a class by itself.

In the home, in the office, shop and factory, on the farm and when travelling, Zam-Buk should be kept always handy. It is indispensable for all sores, eczema, boils, ulcers, blood-poisoning and piles, as well as for cuts, bruises, burns and scalds. All dealers 50c. box.

Bureau of Labor is in Position to Give 2,000 Men Employment

"The bureau of labor is now in a position to place some two thousand men," stated the Hon. Chas. A. Dunning, as the result of the canvass of available winter work which has just been made by the bureau, "and," added the Saskatchewan minister of agriculture, "special concessions are being offered in the way of an advance of travelling expenses where this may be necessary to assist farmers in straitened circumstances."

Mr. Dunning explained that owing to the financial position of many of the settlers a special arrangement has been completed whereby traveling expenses may be advanced to men going to the lumber camps from any of the government employment offices. The lumber companies are offering a wage of \$75 per month, together with board and blankets. Men going to work on construction or extra gang work of the C.N.R. will be furnished with free transportation upon application to any C.N.R. agent. For railway work 40 to 42 cents an hour is being offered and much of this work will continue well into the winter.

While it is realized that practically every settler has stock which will require attention, nevertheless it is felt that under the circumstances many homesteaders might club together, pay one of their number a wage to remain at home to feed and care for the stock of the others, while they go out to work. This would permit of a considerable number accepting work and thus improving their financial position.

Distribution of Clothing. As a further step in connection with the general work of relieving distress caused by a succession of

crop failures in certain parts of the province, the government has completed arrangements for the distribution of clothing and providing employment for settlers in the bad crop areas, according to an announcement made by Hon. C. A. Dunning recently.

For the collection of clothing an appeal is being made to the more fortunately situated people of the province, and for this work the government sought and was readily accorded the hearty co-operation of the I.O.E., the Red Cross, Women's Grain Growers and Homemakers' clubs. Clothing collected by the women's organizations, referred to will be banded and shipped to a central distributing warehouse in Regina where a staff is provided for sorting, fumigating and reshipping to work in need. Local associations making shipments should place on each shipment, or inside the bundle, the name and address of the organization making the donation, and ship collect by express or freight, whichever is cheaper, addressed to the Saskatchewan Government, Bureau of Labor, Regina. The method to be followed is substantially the same as in 1914 when the bureau received and distributed tons of clothing to families.

Distribution of clothing will be made through the reeves and councillors of the municipalities in the affected districts, and applications from parties desiring clothing should be made to their local councillor. In the districts where no municipal organization exists applications should be made through the local women's organization, local minister, or other responsible party.

The clause in Mr. Jacobs' bill, which made provision for the filling of vacancies which occurred within 60 days was also changed. The amendment provides for the filling of such vacancies within six months.

The afternoon sitting on October 9 was devoted to consideration of the bill under which the operations of the grain board will be continued after the proclamation of peace.

D. D. McKenzie was disposed to think the method of handling the Canadian wheat crop adopted by the government was absurd, while Mr. Robb complained that the price of wheat was lower in Canada than in the United States because of the wheat board's control of importation and exportation of wheat.

Sir George Foster vigorously defended the plan adopted and it was likewise approved by Hon. T. A. Creer. Sir George told the house that approximately 50 per cent of the surplus wheat crop had been disposed of by the grain board. He would not undertake to state the ultimate price the farmer would receive, because the sale of the remainder of the surplus would spread over several months.

On second reading of the bill to permit the temporary manufacture, importation and sale of oleomargarine, Donald Sutherland, J. H. Sinclair and other members renewed their objections, but Dr. Michael Clark, who defended it as a food, and as a free trader favored this importation. Finally, Frank Glass, Middlesex, moved the six months' hoist and after some further discussion, this was declared lost without a division.

In reply to Mr. Campbell, the minister of railways said that 425,000 ties were taken from the Hudson Bay railway during the years 1917 and 1918, and turned over to the Canadian National railways.

Negotiations which will result in the acquisition by the government

may extend the time prescribed by the Patent act for the filing of documents or payment of fees in connection with patents, if it is shown that the patentee was prevented from doing these things by reason of active service.

The bill was reported and given third reading.

Double representation of constituencies in the Dominion parliament will not be permissible in future if amendments to S. W. Jacobs' bill to change the House of Commons act agreed to by the privileges and elections committee are approved by parliament.

Mr. Jacobs' bill, as originally introduced, provided that a member elected for two seats must, within thirty days, make a choice as to the seat he proposes to represent.

The committee, on October 8, after considerable discussion, agreed to an amendment providing that no person shall be eligible for election to the house of commons in more than one electoral district at the same time. The further provision is made that if a man accepts nomination in two constituencies such nominations will be null and void. The law will apply to by-elections as well as to general election contests.

of the Grand Trunk railway system were completed on October 10 and the details of the arbitration plan were placed before the parliament. This will give members of the house an opportunity to study them when parliament resumes on Tuesday after Thanksgiving holiday.

When the house met at three o'clock, Sir George Foster, the acting prime minister, was able to announce that legislation would be introduced. In the afternoon, the resolution embodying the terms of the agreement were made available and at the evening sitting Hon. Arthur Meighen read a mass of correspondence concerning the negotiations, setting forth the terms of the agreement as covered by the resolution presented and placed on the order paper of the house.

Payment for common and preference stock will be made by the issuing of new non-voting four per cent stock redeemable after 30 years, instead of acquiring 999-year lease. The debenture stock will be taken over and the Government being responsible for interest.

Foster's Weekly Weather Bulletin

WASHINGTON, D.C., Oct. 11. — Warm waves will reach Vancouver about Oct. 10, 14 and 19, and temperatures will rise on all the Pacific slope. They will cross crest of Rockies by close of 11, 15 and 20; plains sections 12, 16 and 21; meridian 90, great lakes, middle Gulf States, Ohio-nesses valleys 13, 17 and 22; eastern sections 14, 18 and 23, reaching vicinity of Newfoundland about Oct. 15, 19 and 24. Storm waves will follow about one day behind warm waves and cool waves about one day behind storm waves.

These storms will dominate the weather of this continent from near Oct. 10 to near Oct. 24. Temperatures will fluctuate, but while the season calls for a general trend downward of about 9 degrees, I expect the average trend to be upward more than 10 degrees from Oct. 9 to 21 and then a cold wave that will bring a great fall, causing frosts to threaten northern parts of the cotton belt.

The two principal storms of the month come within this 14-day weather period and they will largely increase the amount of precipitation which will continue to be in about the same sections as for the past three months. These principal storms of October will occur during the five days centering on Oct. 12 and 25 and last storm will probably develop two sets of storms, one, described above, the other a tropical storm which may develop into a hurricane.

These hurricanes are not well understood; they constitute one cause of the occasional failures of these forecasts. The hurricanes often destroy the transcontinental storms, turning a high temperature wave upside down and into a cold wave or blizzard. Mr. Glines, of Winnipeg, did more than any other man in furnishing means for solving these great weather problems, but he died before we reached the important question of tropical hurricanes. The transcontinental storms and the cropweather controlled by them have been solved. If the tropical hurricane was solved—and it can be—North America would be immediately benefited. Whoever provides for solving that problem will accomplish a great work for his or her race.

These storms will greatly benefit the principal Winter wheat sections, particularly where Winter grain is sown for pasture, but in the Spring wheat sections, north of the high ridges that run east and west, precipitation will continue short because the moisture must come from the Gulf of Mexico and will be precipitated on the south side of those ridges. Precipitation will continue to be heaviest in the cotton States and in the Arizona-New Mexico country.

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is to diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the tissues. In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

FREE TRIAL Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Peps, 50c. box.

OUR ORGANISED GRAIN GROWERS

Commendable Work Amongst Non-English Speaking People

An interesting visitor to the recent convention of Constituency executives, which was held in the city of Regina on September 17th and 18th, was Rev. A. M. Wick, of Kyleville, in the Kindersley federal constituency.

Rev. Mr. Wick is a Swedish clergyman, who, in addition to preaching the gospel on Sundays, is a busy farmer on the week-day, having taken up a homestead in this district during the year 1911. His is another case of finding the busy man to accept additional duties, as Mr. Wick was appointed a member of the constituency executive, and amidst his multifarious duties, found time to attend as a delegate to the recent convention. When he is not otherwise employed he is also the president of the local Grain Growers Local.

A Live Rural Wire

It was in no vain, boastful way that Mr. Wick related to a member of the Central office staff some of the work which is being done amongst his people along educational lines and in the interests of good Canadian citizenship and it is safe to say that when Canadian people as fully realise the important task, and forsooth, the really easy task, of making good Canadians out of foreign population and set about it in the same good earnest as is being done by Mr. Wick the foreign problem will cease to exist.

That Mr. Wick is something of a real, rural live wire is clearly established by the work which he has already accomplished. Last Grain Growers' Sunday he organized services in his district, which were so largely attended that the edifice was insufficient to accommodate the crowds who came from far and near to the doors. All the ministers of the district, irrespective of their denominational leanings, were invited to attend and participate in the services.

Caring For The Flock.

In addition to caring for his own people, however, Mr. Wick has the unique distinction of undertaking work, which probably no other minister in Canada has assumed. It is quite customary for English-speaking ministers to attempt to care for the spiritual welfare of the foreign population, but the cases are rare indeed, where ministers in charge of foreign churches are attempting to care for the spiritual welfare of the English-speaking population. But this is exactly what Mr. Wick is doing. As there are no other churches in that portion of the province, and as there are a number of English-speaking Protestants scattered throughout the Swedish colony, Mr. Wick conducts services in English for their benefit.

Interested in G.G.A.

As an illustration of the keen interest taken in that district by the Swedish people, in the work of the Grain Growers' Association, Mr. Wick informed the writer that there are five locals in that district, over which he has ministerial charge; viz: Clearwater, North Landing, Horse Butte, Whitebear and Nokota.

During the month of August they put on a membership drive and formed a new Local, which is called Neosho Local, and as a result of the drive, it commenced with a membership of 95. At the

conclusion of the drive, which took place in the middle of the harvest, they all left their binders and hay-rakes in the middle of their fields and took a day off to celebrate the occasion.

To Form Co-operative Society.

As it is expected that the proposed C.N.R. extension from Eston to Dublance will be completed next summer, arrangements are being completed for erecting a Co-operative elevator and a Co-operative Store in that locality, which is known as the White Bear district, next spring. Canvassers are out already soliciting capital to the amount of \$50,000, which will include the above locals, to be formed into one big co-operative society.

Exploiting Foreign Vote.

Discussing politics in general, especially amongst his own people, Mr. Wick entered a heartfelt protest against the attempts made to exploit the foreign vote, for purely political purposes. "No attempt," declared Mr. Wick, "has been made by either of the old political parties to instruct the foreigners in Canadian institutions and ideals and the main instrument employed is the importation of intoxicating liquors around election times."

In this connection Mr. Wick paid a very high compliment to the educational work of the Saskatchewan Grain Growers Association as "the only organization in Canada which has undertaken the task of bringing the foreign people together and making good Canadian citizens of them."

Mr. Wick also made the interesting announcement that a movement is on foot for the establishment of a new Swedish paper, which is being started by the former editor of the one which is now being published in the city of Winnipeg. The latter was compelled to resign his position on account of his refusal to comply with the demands of certain capitalists who appear to have secured control, and who desire to dictate a policy which the organizer of the new venture declines to subscribe to.

CUNARD LINE BUYS "IMPERATOR"

Announcement has been made from the Cunard offices in New York that former Hamburg American liner Imperator had been acquired by the Cunard Steam Ship Company, Limited, under assignment from the British ministry of shipping and at the earliest practicable date would sail under the Cunard House flag from New York to England. It is probable that in due course, the Imperator will join the two famous Cunarders "Aquitania" and "Mauretania" in providing a weekly service from New York to Cherbourg and Southampton. It will be recalled that the Imperator, one of the largest ships in the world, was in Hamburg when

the war broke out and stayed there until after the signing of the armistice. When she was assigned to the work of repatriating American troops. When she was launched, shortly before the beginning of hostilities, the Imperator received wide attention because of the luxurious nature of her appointments and her enormous size. She is 919 feet long, has a beam of 90 feet, is of 30,000 tons register, and 62,000 horse power. There are nine decks from the water line to the bridge and they contain a Pompeian bath and swimming pool, a complete Turkish bath establishment, a gymnasium, and a Lacerte restaurant and winter garden in addition to the usual public rooms. The Imperator is at present in dock in the Hudson river refitting before assuming her new role as a passenger ship. An announcement as to her sailing dates will shortly be issued by the Cunard Line.

DISASTROUS FLOOD IN SPAIN

MADRID, Spain. — Many casualties have resulted, it is feared, from the floods and from the excessive rains throughout the country, particularly in the city of Cartagena, the inhabitants of which spent a night of terror last night, owing to the inundation of the lower parts of the city. The town was in complete darkness, owing to the interruption of gas and electric light service. The inhabitants, who had taken refuge in the upper floors, crowded the windows and balconies, appealing for help. The mounted police did their utmost to rescue them, swimming their horses neck deep in water to rescue the terrified inhabitants, but were eventually obliged to abandon their efforts in consequence of the rising waters.

First reports gave twenty-two casualties in Cartagena, and it is feared that there have been many more victims, especially in the suburbs. Damage from the floods is widespread, particularly in the provinces of Valencia, Alicante and Murcia. Railroads are out of commission in many places. Traffic in Valencia, a town of almost 200,000 inhabitants, is stopped. Telegraph and telephones are down. No newspapers are published.

(55. Instalment.) But the strongest influence of all was the love of the old premises where he had run about when he was a boy, just as Tom had done after him. The Tullivers had lived on this spot for generations, and he had sat listening on a low stool on winter evenings while his father talked of the old half-timbered mill that had been there before the last great floods which damaged it so that his grandfather pulled it down and built the new one. It was when he got able to walk about and look at all the old objects, that he felt the strain of this clinging affection for the old home as part of his life, part of himself. He couldn't bear to think of himself living on any other spot than this, where he knew the sound of every gate and door, and felt that the shape and color of every roof and weather-stain and broken hillock was good, because his growing senses had been fed on them. Our instructed vagrancy, which has hardly time to linger by the hedgerows, but runs away early to the tropics, and is at home with palms and banyans—which is nourished on books of travel, and stretches the theatre of its imagination to the Zambesi—can hardly get a dim notion of what an old-fashioned man like Tulliver felt for this spot, where all his memories centred, and where life seemed like a familiar smooth-handled tool that the fingers clutch with loving ease. And just now he was living in that freshened memory of the far-off time which comes to us in the passive hours of recovery from sickness.

"Ay, Luke," he said, one afternoon, as he stood looking over the orchard gate, "I remember the day they planted those apple-trees. My father was a huge man for planting—it was like a merry-making to him to get a cart full of young trees—and I used to stand in the cold with him, and follow him about like a dog."

Then he turned round, and leaning against the gate-post, looked at the opposite buildings. "The old mill 'ud miss me, I think, Luke. There's a story as when the mill changes hands, the river's angry—I've heard my father say it many a time. There's no telling whether there mayn't be summat in the story, for this is a puzzling world, and Old Harry's got a finger in it—it's been too many for me, I know."

"Ay, sir," said Luke, with soothing sympathy, "what wi' the rust on the wheat, an' the frin' o' the ricks an' that, as I've seen 'i' my time—things often look comical: there's the bacon fat wi' our last pig runs away like butter—it leaves nought but a seratchin'."

"It's just as if it was yesterday, now," Mr. Tulliver went on, "when my father began the malting. I remember, the day they finished the malt-house, I thought summat great was to come of it; for we'd a plum-pudding that day and a bit of a feast, and I said to my mother—she was a fine dark-eyed woman, my mother was; the little wench 'ud be as like her as two peas."

Here Mr. Tulliver put his stick between his legs, and took out his snuff-box, for the greater enjoyment of this anecdote, which dropped from him in fragments, as if he every other moment lost narration in vision. "I was a little chap no higher much than my mother's knee—she was sore fond of us children, Gritty and me—and so I

LITTLE INFECTIOUS DISEASE IN REGINA DURING SEPTEMBER

With 41 cases of infectious diseases registered, the city's health bill for the month of September made a very good showing, according to figures just compiled by the city medical health officer. This is a reduction of 35 per cent. over the total for the corresponding month of last year, when 64 cases were recorded.

The only disease last month which registered a number of victims was typhoid fever, of which there were 20 cases. Of this number, however, 11 were from outside points, leaving 9 cases in the city.

LARGEST SHIPMENT OF WESTERN SHEEP COMING TO REGINA

The first thousand head of sheep purchased by the livestock branch of the Saskatchewan department of agriculture for resale to the farmers of the province will be shipped to Regina from Western ranges on Oct. 15.

The flock comprises all ewes ranging from one to four years. They are of range foundation, sired by Oxford and Shropshire rams. They are being sold at cost in carload lots or able increase in the value of livestock singly. An indication of the remark is the fact that they are selling at an average price of \$15 as compared with between \$30 and \$45 a head a few years ago.

SISTER ST. VITALINE, OF GREY NUNS, DIED SUNDAY AFTERNOON

After but a week's illness, Sister St. Vitaline, sacristan at the Grey Nuns' hospital, died on Sunday afternoon from heart failure. On the Sunday before she had prepared the altar for service, then had complained of being ill and asked one of the other sisters to light the candles. She went to her room and at the end of a week succumbed to the sickness that had attacked her with so little warning. The Mother Superior was called from St. Boniface, and accompanied by Sister Longton, took the body yesterday to St. Boniface for interment. Sister Vitaline had been here for a number of years. She was one of the sweetest and gentlest of the nuns, and those who were associated with her at the hospital are deeply saddened by her passing.

MEMORIAL FOR FATHER SUFFA

Rev. Father Habets, O.M.I., of Windthorst, and Rev. Father Gabriel, of Southey, took part in the service held Monday morning at St. Mary's church in memory of Rev. Father Suffa, who died from influenza on October 13, 1918. The church was crowded for the service. The eight o'clock service at the Holy Rosary was also in memory of Father Suffa, and was largely attended.

MR. H. O. DORNHOLT of Kelfield, Sask., informs us that he has been suffering for many years with rheumatism, constipation, and also with belching, but after using Forin's Alpenkreuter he is now feeling well and wants to express his gratitude for the remedy. This well-known herb remedy is not sold through druggists. Write for information to Dr. Peter Fahmey & Sons Co., 2501 Washington Blvd., Chicago, Ill. Delivered free of duty in Canada.

NORMAL SCHOOL SESSIONS

The second sessions of the Normal School for the training of the Normal School will be held at the following points in the province from January 5 till March 12, provided a class of at least twenty-five can be assembled at each point—Regina, Saskatoon, Moose Jaw, open to teachers holding Second or First Class academic standing, who

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no bad time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pallen, Carpenter, 601P Macdonell Avenue, Manhattan, K. E. I'll send out this notice and show it to any other who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

MEMONITES FINED

In the provincial police court at Swift Current, nine Mennonites, residents of Amphion school district, were charged with not sending their children to school as required by the Saskatchewan School act. It is stated that although most of the men could speak English they all refused to do so, and an interpreter had to be found.

As the charge was read each man pleaded guilty, and each in turn stated that it was not his intention to send his children to school.

Justice of the Peace J. E. Mennaway therefore fined each man \$10 and \$5.50 costs, to be paid forthwith or a distress warrant to be issued against the goods of the accused. Five of the men paid. Three absolutely refused to pay, and one was given seven days in which to pay. Those who paid were Jacob Wiebe Jr., M. Kienelson, John Wiebe Jr., Jacob Wiebe Sr., and Henry Wall Jr. Distress warrants were issued against the balance of the men and will be served by provincial police at once.

These men were warned that this procedure will be gone on with every month as long as they refuse to obey the law.

DEAD BODY OF WOMAN FOUND

The dead body of Mrs. Mary Tarasoff was found in a field on section 13-31-2 west of 2nd meridian by neighbors, who immediately notified the provincial police detachment at Canora. The field where the body was found is about eight miles northeast of Canora, and according to the reports there are suspicious circumstances surrounding the death of Mrs. Tarasoff, which will be probed at an inquest to be held.

Later reports state that Mrs. Tarasoff had been killed by a bull.

GAME GUARDIANS GIVE OUT WARNING

Fur trappers who have been anticipating the season, are warned by P. Bradshaw, chief game guardian of Saskatchewan, that pelts taken before November 1 render the trapper liable to a heavy fine, and confiscation of the furs. What is even more serious from an economic standpoint is that the fur of the muskrat is not prime before that date and even if the trapper who breaks the law is not caught and punished, the furs taken in October or earlier are not worth half what they would be if taken a month or so later in the season.

TWO CHILDREN ARE INJURED IN STORM

SHAUNAVON. — The severe wind-storm on October 8 blew down the coping from Stevenson Bros.' new store, injuring two small children on their way to school, the sons of E. L. Durham and K. M. Ross. The little Ross boy suffered a compound fracture of the leg and a bad scalp

Manitoba

GALICIANS AND SOLDIERS CLASH

LUNDARE, MAN. — A fight in a pool room behind locked doors between returned soldiers and Galicians, during which billiard cues and pop bottles were vigorously wielded, resulted in several participants being severely but not seriously injured. It is apparent that there has been an undercurrent of bad feeling between the young Galicians and returned men for some time and the trouble arose when a veteran got into a dispute with a half breed. The Galicians immediately attacked the returned soldier and the only other returned man in the room rushed to his aid. The two men managed to hold out for fifteen minutes when the doors were broken in by comrades and the attackers were beaten off. The police are investigating.

SIX CENTS CHARGE NOW ON WINNIPEG CARS

WINNIPEG. — The city failed in its plea for the continuation of the injunction against increased street car fares and consequently the six-cent fare goes into effect immediately. The public utilities commissioner allowed the higher fare on Friday. Saturday a temporary injunction was issued restraining the company from charging more than five cents for a single ticket, but the company won the case when argument was made for the city for a continuation of the injunction.

WINNIPEG. — Intoxicating liquor, rye whiskey, Scotch whiskey, Irish whiskey, cherry whiskey, gin,

Wound. The other lad was more fortunate and suffered only a few bad cuts.

FIVE-TON LOAD OF WHEAT HAULED TO SUCCESS MARKET

SWIFT CURRENT. — The biggest load of wheat ever hauled into Success was delivered a few days ago to the Saskatchewan and Western Elevator company by Wm. Lindstrom, of Stewart Valley. The load amounted to one hundred and fifty-eight bushels and a half and weighed in at close to five tons.

WAITING STATEMENT OF THE RELIEF PLANS

SWIFT CURRENT. — No information has yet come to hand concerning the disposition of relief in this section of the province, and while it is expected the business will be handled through the rural municipalities, the joint policy of the federal and provincial governments has evidently not been definitely arrived at as yet.

SENTENCED FOR FRAUD

HARRY ROMANIUK, of Krydor, Sask., started on a campaign of high financing some time ago by forging cheques and obtaining goods under false pretences. The provincial police were notified of his doings and this week brought him before Judge MacIntosh and charged him with the offences. Romaniuk pleaded guilty and was sentenced to six months in jail and assessed a fine of \$200, in default another six months. Most of the cheques forged were on the Bank of Commerce, and the goods were obtained from the Robert Simpson Co., the T. Eaton Co., and the Christie Grant Co.

ASSAULTED CHAMBERMAID

MOOSE JAW. — Vendel Kleisenger, who came to this city from Regina, was given thirty days in the common jail by Magistrate Lemon when convicted of a common assault upon a chambermaid in Ladh lodge. According to the evidence, Kleisenger induced the girl to enter his room on pretence of asking for a towel and placed his hand over her mouth and attempted to remove \$90 from her stocking. Informant declared that the accused knew that she had the money in her stocking.

SASKATOON G.W.V. BACKING MACNEIL

SASKATOON. — That the G.W.V. A. take steps at once toward starting a co-operative store in Saskatoon, was a proposal that met with much favor at the meeting held a few days ago. Several members stated that their gratuity was gone already, and they had slim hopes of seeing the winter through without help of some sort. The meeting, on the motion of George Nettercot, S.C.R., passed a hearty vote of confidence in Dominion Secretary C. G. MacNeil. No action was taken on the suggestion that Flynn be politely hung.

Rheumatism

A HOME CURE GIVEN BY ONE WHO HAD IT

In the spring of 1892 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case. I want every sufferer from this form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long looked-for means of curing your rheumatism, you may send the price of it, one dollar, but understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 241 F. Gurnee Bldg., Syracuse, N. Y. Mr. Jackson responsible. How To Avoid Backache and Nervousness

TOLD BY MRS. LYNCH FROM OWN EXPERIENCE

Providence, R. I. — "I was all run down in health, was nervous, had bad aches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headache disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was." — Mrs. A. Lynch, 100 Plain St., Providence, R. I.

Backache and nervousness are symptoms of nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment. Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

brandy and rum to the estimated value of \$20,000, was seized by the city police morality department at the corner of Notre Dame avenue and Charlotte street. S. Gold, head of the firm of Gold & Cheik, alleged to have been carrying on the business of wholesale bootlegging, was filling bottles with liquor, surrounded many modern appliances to facilitate, when arrested.

WILLIAM IVENS TO HEAD LABOR TICKET

WINNIPEG. — Rev. William Ivens, one of the strike leaders now out on bail awaiting trial on charges of sedition, was selected at a labor convention as a candidate for mayor. S. J. Farmer was also nominated, but Ivens secured the majority of votes by a small margin. A full slate of aldermanic and school trustees candidates was also named. The convention was called under the auspices of the ex-soldiers and sailors' labor party and the Dominion labor party. Later reports state that Ivens will not run as candidate for mayor.

TO CAPTURE ALL RURAL MANITOBA DOMINION SEATS

WINNIPEG. — Great efforts will be made by the farmers' party in Manitoba to capture the federal seats at the next elections according to Rod McKenzie. In 12 or the 15 Dominion constituencies in the province the farmers are likely to put forward candidates. The candidates have not been selected yet, but Mr. McKenzie said it could now be definitely stated that practically every rural riding in Manitoba would be contested by a direct representative of the farmers' party.

SEIZE SEDITIOUS PAPERS FROM FINNS

PORT ARTHUR. — The mounted police conducted raids in Port Arthur and Fort William seeking seditious literature. They found a quantity at different places and in Port Arthur arrested six Finlanders. About an equal number were arrested in Fort William. The Port Arthur prisoners, much like the caricatured Bolshevik in general appearance, have been remanded to Tuesday next for hearing before the police magistrate.

PENTICTON SAW MILLS BURN DOWN

PENTICTON. — The Penticton saw mills, together with the planer mill and dry kiln, were burned to the ground. The fire started from unknown causes. The plant was valued at approximately \$50,000 and is a total loss as no insurance was carried.

DEAD DESPERADO BELIEVED TO BE FOUL MURDERER

VANCOUVER. — A desperado, known in Los Angeles under the name of Nyland, and in Vancouver as George Leaf, who killed himself in Los Angeles last Sunday to avoid capture after a gun fight with the police, has been identified as the man held responsible by the local police for the murder here 13 months ago of Thomas J. Roberts and Harry Eamen, who were shot in a card game. The man's real name is thought to be Lehtinen, and finger prints taken of him in Lethbridge, where he broke jail, and sent to the Los Angeles police, led to the identification.

B. C. TORIERS WOULD RESTRAIN ORIENTALS

VANCOUVER. — A resolution expressing the opposition of the Conservative party of British Columbia to granting the franchise to Orientals in Canada was adopted unanimously by the provincial Conservative convention. Business sessions during the morning and afternoon and a theatre party at night brought the convention to a close. Other resolutions adopted urged encouragement of steel and shipbuilding industries in British Columbia.
