I reside in Campbellton, and during the 10 or 11 years I have been there I never saw any should have been on duty. Every man seemed to me to have as much work as he could do. I have made the foregoing changes in the business of the ADVANCE for two reasons.

The first is because many patrons who have been given credit, have abused the privilege to such an extent as to make the business of publishing the paper a non-paying one, and it is necessary, in my own interest and that of those who do pay, that I should no longer continue to furnish the AD ANCE to those non-paying subscribers.

The second reason is, that I wish to meet the competition of the other than the country and therefore, cost little for production in comparison with a local paper like the ADVANCE, the type of which must be set up especially for it.
