

FIGS AGAINST RECIPROcity FARMERS DROVE MILES IN RAIN TO HEAR MR. BORDEN IN ALBERTA YESTERDAY PACIFIC SPEECHES AT LONDON DINNER

Debate in United States Senate is On in Earnest.

Opponents of Bill Declare Taft had No Right to Make Reciprocal Proposals to Canada without Congress' Authority.

Washington, June 28.—The fight against Canadian reciprocity in the senate was opened formally today by Senator Cummins of Iowa, who in presenting a number of amendments to the bill, denounced it as obviously unjust. He protested against the "usurpation of legislative power" by the President and declared he did not believe the President could lawfully make a proposal to Canada or accept one from that country. He declared Congress was the only power who could make the proposal for reciprocity. Senator Cummins announced that he would co-operate in any attempt to get lower duties in other tariff bills.

Washington, June 28.—This was a day of bitter arraignment of the Canadian reciprocity bill in the Senate. Beginning with Senator Cummins' attack on the measure as legislation unjust to the agricultural interest of the country and concluding with Senator Borah's denunciation of the bill as a betrayal of the farming interests, the debate was all antagonistic to the agreement, and critical of the President and his methods. The Senate gave but partial attention to the speeches, although they were among the most important that will be made against the bill. Several times a call of the senate was demanded. Senator Nelson of Minnesota, finally proposed that as so little attention was given to the subject, the senate take a recess until November or December.

Senator Cummins, who will continue his speech tomorrow, attacked not only the contract of the reciprocity agreement itself, which he said put the whole burden of free trade upon the farmer without giving him any benefit in the way of reduction of duty on manufactured products, but he criticized also the power exercised by the President to negotiate it and to bring it to the point of a definite agreement between the two countries.

"I know that the day has come for the farmer," declared Senator Cummins, "the day in which he is to be excluded from the benefits of the protective tariff. The decree has been written. It needs only the official signature for the time to begin to exclude him from the company of the manufacturers of the United States."

Senator Borah's criticism was based on the record of the Republican party, as the advocate of protection for the farmer. He quoted at length from Republican platforms, campaign documents, campaign arguments and resolutions of policy to show that the abolition of the protection on farm products was a reversal of all Republican policy.

Senator Borah said both political parties were now striving for the vote of the cities and the support of the press.

"The administration now in control," said Senator Borah, "came into power on a pledge to protect the American market for the American farmer. The time was when the farmer was not disputed within this chamber, that such legislation as this was destructive of his prosperity. Then every Republican in the senate was his attorney. Now, because he calls in a New York attorney to present his case before the finance committee, he is accused of being the friend and companion of the trusts and the big interests."

Senator Bristow of Kansas, insurgent Republican in today's reciprocity debate, declared that President Taft does not represent the majority of the Republican party on the reciprocity bill.

"He does not represent the majority of the Republicans in the House or Senate," said he, "and I do not believe he represents the majority of the Republicans of the country."

**KILL BILL BECAUSE IT HINDERS POLICE**

Albany, N. Y., June 28.—The Grady bill prohibiting the photographing and measuring of suspected criminals, was vetoed tonight by Gov. Dix on the ground that it would "hamper the police in securing the most usual and simple means of identification of suspected criminals and add a difficulty to securing evidence of crime and clues to its detection."

**ARBITRATION TREATY PRACTICALLY COMPLETE**

Washington, June 28.—After a conference between President Taft and Ambassador Bryce of Great Britain, an announcement was made at the White House that the arbitration treaty between Great Britain and the United States was practically complete, and with the exception of a few comparatively unimportant details the terms of the treaty had been agreed upon.

Ships Lying Helpless At the European Docks

Dock Hands Strike has Completely Tied Up Trade in Half the Ports of Europe--Stewards and Crew Strike on Empress of Britain and Men on Other Liners Join.

Liverpool, June 28.—Work at the docks here is practically at a standstill. Four thousand additional dockhands joined the strikers today. The Cunard, Canadian Pacific Railway, Dominion, White Star, the Ellerman and other combined lines are equally affected. There is no question of wages involved in this extension of the strike movement. The dockmen are fighting simply for the recognition of their union and the non-employment of non-unionists. The crews of the steamer Haverford of the Red Star Line and other liners at the docks have deserted their vessels in sympathy with the wharf employes.

The Haverford was due to sail for Philadelphia at noon and all her passengers had gone aboard when the seamen, firemen and stewards walked off the ship. The strikers joined the crews of each big liner to join them. In a short time the movement had spread so rapidly that all the trans-Atlantic vessels were deserted.

London, June 28.—The National Federation of Transport Workers, representing more than 100,000 shore workmen met this afternoon and approved of the fight for better conditions and the recognition of their unions. It was decided that unless the shipping strikers were settled by Saturday to hold another meeting next Monday with a view to determining upon more drastic action.

Amsterdam, June 28.—Work on the docks here has practically ceased. The striking dock men are parading the streets. Large forces of cavalry and infantry are guarding the docks and sheds. The carters employed in moving cargoes threaten to join the strikers unless their pay is increased before Saturday next.

Manchester, June 28.—Three thousand dock hands here joined the seamen's strike today. The shipping business locally is paralyzed.

Hull, England, June 28.—Considerable rioting on the part of the strikers occurred here today. The police made several charges into the crowds of disturbers, but were not in sufficient force to control the situation, and the militia was summoned.

The strike leaders this afternoon succeeded in quieting the men and a truce was declared until tomorrow on the announcement that the Board of Trade had intervened in the strike question, and was sending G. R. Ankwith, controller general of the labor department to confer with the owners and the men.

FIGHT ON VETO BILL IN LORDS

Marquis of Lansdowne Will Press His Amendments--Debate Likely to be Continued all Next Week.

London, June 28.—The real struggle over the Parliament bill dealing with the veto power of the House of Lords began this afternoon when the Lords entered upon committee stage with the Marquis of Lansdowne, leader of the opposition in the upper chamber and his followers, apparently determined to press the official amendments as announced by the marquis at the reassembling of Parliament on June 26.

The amendments provide for the exclusion from the operation of the measure of bills such as that relating to Irish home rule, for a joint sitting in case of a disagreement between the two Houses, and for a referendum to the country in other cases. Urgent whips had been sent out by both parties and the benches were crowded with members.

Debate on the bill is likely to be prolonged until the end of next week.

A TRAGEDY AT A PICNIC

Saratoga Sunday School Outing Marred by a Drowning--Aged Woman Throws Herself into the Hudson.

Saratoga, N. Y., June 28.—A drowning tragedy marked the German Lutheran Sunday school picnic on Mount McGregor today. George Priester, a 12 year old lad who could not swim, was frolicking in the water while he held on to the gunnel of a rowboat. He lost his hold and sank into deep water, while his mates ashore and those in the boat stood aghast waiting in vain for him to rise again.

Yesterday's Meetings Proved Great Success

Western Farmers Not in Favor of Laurier's Separatist Policy--Gradual Growth of the Sentiment Against Reciprocity.

Edmonton, Alberta, June 28.—R. L. Borden continued his tour of Northern Alberta today. He visited Wetaskiwin in the constituency of Strathcona, and was accorded a hearty reception, farmers driving in from all parts of the district in spite of the heavy rains.

Mr. O. Bush, president of the Conservative Association of Strathcona, presented two resolutions, the first expressing the opinion of members to the separation policy of the Laurier government and his belief that Canada should be given a voice in determining the foreign policy of the Empire, and also make a substantial contribution to the defence of the Empire.

The second resolution expressed the unbounded confidence of Strathcona Conservatives in Mr. Borden's leadership and in the policy he had laid down. On behalf of the farmers of the district Mr. Bush also stated that there was a difference of opinion among them with respect to reciprocity, but he assured Mr. Borden that notwithstanding the present meeting the foreign policy of the Empire was favorable to reciprocity and were not convinced by Mr. Borden's arguments against it.

Mr. Borden spoke in Edmonton, tomorrow he starts on his return east, speaking at Vegreville and Lloydminster. He had an excellent meeting at Vegreville, where James Bower, president of the United Farmers of Alberta, presented a memorial setting forth their demands for the declaration of the great part of the ten thousand members of the association were favorable to reciprocity and were not convinced by Mr. Borden's arguments against it.

DELIVERED PARCEL BY AIRSHIP

Aviator Carries a Parcel From New York Department Store And Delivers it on Ocean Liner at Sea.

BAD FIRE IN WOODSTOCK

The Small & Fisher Company's Plant Badly Damaged--Several Buildings Gutted--C. P. R. Conductor Seriously Ill.

Woodstock, June 28.—One of the most destructive fires that has occurred in the town for a number of years broke out in the Small & Fisher Co's machine shop about 1.15 o'clock this afternoon.

The fire is supposed to have originated in the motor room of the machine shop, and when the firemen arrived the building was completely enveloped in flames, and the intense heat made it difficult for them to fight. A high wind was blowing and the fire spread to the moulding shop which was badly gutted before the flames were extinguished. Had the wind been blowing from the west nothing could have saved the town from destruction.

The plant was leased by Alex. Dunbar & Sons, who had about twenty men at work, and were very busy. They had a small insurance on part of the plant, which they owned. The buildings and a part of the plant were owned by Albert Hayden and others, and were not insured.

Conductor McKibbin of the C. P. R. was stricken with peritonitis this morning and was taken to his home where he lies seriously ill.

A BOSTON LAD'S "AWFUL CRIME"

Played Sunday Baseball With His Chums And Was Sent To Jail By Fat Headed Judge

Boston, Mass., June 28.—Thirteen year old Jimmie Conway, of South Boston will accept no more invitations to play ball in the streets on a Sunday. Twenty-three hours in Charles street jail has taught him the enormity of

A Big Lumber Deal Is Reported in Kent Co.

Swedish-Canadian Lumber Co. Makes Heavy Property Purchases from Richard O'Leary, of Richibucto, and the Kent Electric Co.--Development in Albert Oil Fields.

Special to The Standard. Moncton, June 28.—A big lumber deal is reported from Kent county, being the purchase by the Swedish-Canadian Lumber Company, Limited, of all the lumber lands and mills of Richard O'Leary of Richibucto, as well as the property of the Kent Electric Company.

The O'Leary property consists of about fifty square miles of crown lands, and a large amount privately owned. This makes the Swedish-Canadian concern the largest ever operating in Kent county, as they had previously purchased from O'Leary & Vaughan the McLeod & Atkinson property on the Kouchibouguac River, and later bought from Curran Bros, the extensive Jardine mill and lands at Richibucto.

Mr. Nordin, general manager of the Swedish-Canadian concern says it is the intention to enlarge the plant at Richibucto, and probably run night and day next season. The Kent Electric Company supplies light to both Richibucto and Rexton. The price paid to Mr. O'Leary is said to be in the vicinity of \$150,000.

Reports from the Albert oil and gas field continue to be of a satisfactory nature. Well No. 21 shows great indications of oil. It is now down 1971 feet and will be shot soon. Manager Boggs thinks it may be a gusher as the indications are the best he has yet seen. Well No. 22 shows a production of 2,000,000 feet of gas per day at a depth of 1300 feet.

At a meeting of the city water and light committee tonight it was reported that the tramways and electricity company had promptly paid its first quarterly rental of \$2,500.

Geo. Waring, of St. John, representing the insurance companies; John Huestis, of Windsor, representing the Albert Mfg. Co., of Hillsboro, and P. S. Archibald, C. E., of Moncton, referred, met in Moncton today as a board of arbitration on a claim of \$5,000 insurance in connection with the recent fire at the Hillsboro Company's works. The insurance people offered \$2,500 but the arbitrators allowed the full amount. E. Fairweather, St. John, was present on behalf of the insurance companies. The Albert Co. had prepared for a new mill to replace that destroyed by fire, to cost \$100,000, and tenders are being asked for.

THE RETURN OF THE "DEAD"

Charles L. Weymouth, Said to Have Been Murdered, Pays Jail Visit to His Supposed Slayer.

Biddeford, Maine, June 28.—Instead of his body being found in the Maine woods, Charles L. Weymouth, for whose supposed murder two men and a woman have been under arrest for several days past, returned from Sherbrooke, Que., to Biddeford alive and well today. When the two young daughters of Mrs. Maud Snow, the woman arrested as an alleged accessory to the imaginary crime told the authorities that Weymouth had been beaten to death at the Snow home in Dayton, September, 1909, and his body buried near by, many residents of this section were skeptical.

Today Weymouth visited the county jail at Alfred, where Mrs. Snow, Joseph Buzzell and Orlan P. Merritt have been held in connection with the case. The three prisoners were liberated as soon as Weymouth's identity was officially established.

Biddeford, Me., June 28.—After remaining in Maine a few hours, just long enough to prove to the satisfaction of the authorities his identity and thus securing the release from custody of the two men and the woman charged with having been concerned in his supposed death, Charles L. Weymouth left for his home in Sherbrooke, Que., tonight.

He found no difficulty in convincing the county officers that a mistake had been made and a few moments after his arrival, the three people who have been held in jail at Alfred, Joseph Buzzell, Orlan Merritt and Mrs. Maud A. Snow, were set free. Mrs. Snow is the mother of the little girls, Beatrice and Gladys, whose story of the alleged killing of Weymouth and the burial of the body in a mysterious spot in the woods led to the unfortunate arrests.

SNOW STORMS ON THE GREAT LAKES

Cold Weather Brings Winter Wraps Out in Duluth--Lake Steamers Held Up By Snow Storms.

Duluth, Minn., June 28.—Steamers down the Lake are sending in wireless messages stating that they are late because they have been held up by a snow storm this side of the Canadian Soo. Snow fell in abundance, according to the reports, all last night. During the storm, most of the freighters anchored and rode safe until the snow fell ceased.

Forty-one degrees and a stiff east wind blowing through the city streets anchored and rode safe until the snow fell ceased. A heavy snowfall was also reported in Duluth today, despite a brilliant sun.

Notable Utterances at Gathering of London Pilgrims.

Hon. A. J. Balfour and John Hays Hammond Speak of Arbitration Treaty Between Great Britain and United States.

London, June 28.—The dinner of the Pilgrims Society tonight in honor of John Hays Hammond, the special ambassador to the Coronation gave occasion for four speeches which were considered by all present the best exhibition of after dinner oratory heard in London for a long time. The speakers were Arthur J. Balfour, former prime minister; Mr. Hammond, Augustin Birrell, chief secretary for Ireland, and Chauncey M. Depew, former U. S. senator.

There was a scene of enthusiasm when a message was read that as the result of a conference between Secretary of State Knox and Ambassador Bryce, a treaty had been practically arranged for the arbitration of all differences between the two countries.

After a felicitous reference to the presence of Mr. Hammond as the representative of the great democracy of the west at ceremonies dating back to immemorial antiquity, Mr. Balfour observed that Americans had their problems of empire and other difficulties just as Great Britain had, and whatever temporary quarrels had from time to time appeared between England and the United States, the realities of history were too strong for them. They could not help being in sympathy with each other.

Both countries had the same ideal of liberty, both had the same ideals, and surely it was predestined that in the world's history of the future, the English and American peoples should work together for the cause of civilization and progress.

He could not help thinking of what had recently passed with regard to the arbitration treaty and he pointed out the inherent truth of this. Both nations were democracies and democracy was not a machine to run by itself. It was one of the most difficult forms of government to work the world has ever seen.

Special Ambassador Hammond in responding to Mr. Balfour's toast, expressed on behalf of his countrymen, appreciation of the presence of Mr. Balfour and other distinguished British statesmen and complimented the Pilgrims societies of London and New York for giving the presence of the respective peoples to become better acquainted. He alluded to the difficulties surrounding the diplomatic representatives in choosing a topic for public utterances. For this reason he had chosen the subject of Peace, as one that would not offend the most sensitive and one particularly appropriate since the Coronation had brought together in friendly concourse the representatives of all the nations of the world.

Governments might still incline to misunderstandings said the speaker, but the great producing classes, who had built up the industries of the nations and were its bone and sinews, were in favor of universal peace. It was a felicitous coincidence that the Coronation of King George occurred at the moment so exceptionally auspicious for the Anglo-American relations, and he believed that the arbitration treaty between the United States and Great Britain would speedily be followed by similar treaties with other powers, paving the way for universal peace. Every patriotic Englishman, every patriotic American, in respect of political bias, should join in a fervent prayer for the speedy consummation of this noble purpose.

Secretary Birrell proposed "The American visitors," to which Mr. Depew made a felicitous speech in response.

JUSTIFIED IN USING AN AXE ON HER HUBBA

Ottawa, Ont., June 28.—According to Magistrate O'Keefe this morning, Mrs. A. Paquette was quite justified in using the axe on her husband last week to defend herself, but he did not believe in using an axe unless in extreme cases.

The magistrate let the accused go on suspended sentence. He warned her that an axe was a formidable weapon to use except in cases of extreme emergency. The bench, however, considered that the prisoner was goaded to use the axe and had done so without intent to kill. Paquette, arraigned on a charge of drunkenness was also released in view of his punishment with the axe.

THE SECOND DAY OF THE SUMMER SCHOOL

Interesting Lecture at Rothery Sunday School Conference, Last Evening—Cricket Match Feature of Afternoon

Yesterday the second day of the Summer School and Conference for Sunday school workers at Rothery showed a steady increase in the interest in the work of the schools...

The day commenced with Holy Communion, the celebrant being Ven. Archdeacon Forsythe of Chatham, assisted by Rev. W. R. Hibbard of Rothery...

APPEAL FOR HALIFAX SCHOOL FOR BLIND

THE CITY SCHOOLS WILL CLOSE TODAY

Attractive Programmes Prepared in the High School and in St. Vincent's—List of the Graduates.

The public schools in the city will close this morning for the summer holidays.

As is customary peculiar interest is centred around the closing of the high school, the graduation class this year, numbering 65, there are also 10 from Grade XII.

The honor list of the graduates is headed by Fred Manning and there are eight others in the honor division as follows:

Fred Manning, Grace Young, Willis Jones, Irene Garter, Marjorie Milligan, Alice Melvin, Gypsy Hayes, Lillian Brown, Edith Everett, Irene Garter, Arthur Green, Gypsy Hayes, Mary Hayes, Harry Holman, Willis Jones, Zola Lamoreaux, Ripal Mahony, Charles Malcolm, Ruth Manks, Fred Manning, Vera Corbett, Lizzie Cowan, Raymond Cronin, Jean Currie, Herbert DeVeber, Frank Donnelly, Andrew Driscoll, Walter Dunlop, George Elliott, Edith Everett, Irene Garter, Arthur Green, Gypsy Hayes, Mary Hayes, Harry Holman, Willis Jones, Zola Lamoreaux, Ripal Mahony, Charles Malcolm, Ruth Manks, Fred Manning, Alton Marshall, Marion Maxwell, Alice Melvin, George Melvin, Frank Miller, Edie Millidge, Marjorie Milligan, Lewin Montgomerie, Aubrey Turpin, Minnie Macdonald, Walter McIntyre, Leonard McGuire, Stanley Nelson, Edward Owens, Gertrude Peterson, Walter Reed, Kenneth Robb, George Robertson, Helen Shillington, Walter Smith, Mabel Staples, Mabel Stubbs, Fred Thompson, Alice Toole, Lillas Vincent, Mabel Williams, Frank Wilson, Rae Wilson, Hortense Woodrow, Grace Young.

The students receiving Grade XII diplomas are: Mollie Lindey, Gustie Emerson, Mary Carter, Mary Ross, Ethel Wigmore, Sarah Collins, Blanche Coes, Harry Rowley, John O'Regan and Alex. Rossa.

The closing exercises will be held in the assembly hall, commencing at 10.45. The hall is being prettily decorated for the occasion, the class motto "Palma non sine pulvere" being prominently displayed and there will be the usual exhibit of botany portfolios.

Principal Nyles will preside and Rev. W. F. Gaetz will deliver the address to the graduates. The valedictorian is Fred Manning.

The programme arranged for today's closing is as follows: Selection—High School Orchestra, Essay (The Pleasures of School Days)—Miss Grace Young, Latin solo—Leonard McGuire, Scenes from "As You Like It" (Shakespeare)—Presented by members of the graduating class, Declamation (Cicero)—J. Willis Jones, Valedictory—Fred Manning, Address to the class—Rev. W. F. Gaetz.

Presentation of diplomas and honor certificates.

God Save the King.

In St. Vincent's High School an interesting programme will be carried out as follows:

March—Miss McIntyre, Greeting chorus, Presentation of diplomas by Dr. H. S. Bridges, Supp. of city schools, The Youthful Pilgrims—Prologue, Miss H. Scully, Faith, Miss J. Walsh, Youth, Miss D. Kennella; Science, Miss M. King; Counsel, Miss G. Murray; Charity, Miss H. McMurray; Hope, Miss I. Quigg; Humility, Miss G. Killen; Purity, Miss D. Mullaney; Zeal, Miss K. O'Neill; Pride, Miss G. Ryan; Indolence, Miss G. Wetmore; Measurure, Miss M. Connolly; Music, Miss C. King.

Farwell song—Grade I.

Presentation of Alumnus gold medal to Miss Marie A. Dolan, class '10, by the Right Rev. T. Casey, D.D., Bishop of St. John.

Presentation of Ellis gold medal to Miss Marie A. Dolan, class '10, God Save the King.

The graduates are: Genevieve Mary, Mary Genevieve Wetmore, Kathleen O'Neill, Mary Elizabeth Connolly, Mary Dolores Mullaney, Josephine Gertrude Walsh, Christine Augusta Ryan, Mary Helen McMurray, Genevieve Killen, Isabelle Quigg, Ann Dora Kinsella, Helena Gertrude Scully, Monica Freda King, Celestine King.

The Alumnae Association will entertain the graduates this evening in Keith's assembly rooms.

Supr. H. S. Bridges, with members of the school board and prominent citizens will attend the closing exercises.

In several of the other schools in the city special exercises will be carried out.

The graduates of the High School will be tendered a reception in the assembly hall of the school by the Alumnae Association.

ST. JOHN CRICKETERS TO PLAY IN CHATHAM

An eleven of the St. John Cricket Club left last evening for Chatham where a match against the local club will be played today.

The side is made as follows: F. R. Fairweather (Capt.), T. D. Popham, J. C. Dempster, H. L. C. Sturdee, A. J. Sollows, A. Tucker, E. Young, T. Gilbert, George McKean and E. R. Walker. C. E. Macneil will umpire.

Circuit Court

The non-jury case of All-Chalmers Bullock Ltd. vs. Charles H. Hutchings, William Robertson, William R. Johnson and Josiah B. Lewis was commenced yesterday morning in the circuit court before Mr. Justice Barry.

This is an action on a promissory note amounting to \$1,250, with interest given by the defendant for mill machinery. The defendants claim that the machinery is not up to specification.

Several witnesses were examined at both sessions yesterday, and the trial will likely be concluded this morning.

J. King Kelley and Dr. W. H. Wallace, K. C., appeared for the plaintiff and W. W. Allen, K. C., for Wm. Robertson and Josiah Lewis; E. T. C. Knowles for Charles H. Hutchings and George Gilbert for William Johnson.

AUNTIE PATERSON—"I don't believe his own mother will know him, Mr. Taft; he's lost weight so."

GOLD STRIKE IN ALASKA

Ruby City, the Latest El Dorado in the North Land—Stampede Has Already Set In.

Tacoma, June 28.—A cable despatch from Ruby City, Alaska, says that a gold discovery there has brought a big stampede from Iditarod, Fairbanks and many Yukon points. A new city has been established on the left bank of the Yukon opposite the mouth of the Melzi river.

The discovery was made by Fernando and Johnson on Long Creek, 25 miles from Ruby City. Pay averages a dollar a square foot of bedrock. This has been uncovered for several hundred feet. This section has been prospected in years past and gold has been mined where city now stands at the mouth of Ruby Creek.

No other gold has yet been found in that country, but the general belief is that prospecting will uncover more and better pay. Very little prospecting can be done this summer, as the ground is frozen and boilers will be needed. The country all staked widely. There is no work for outsiders.

MEXICO ORDERS A CANADIAN'S ARREST

Preliminary Steps Taken Toward Extradition of T. Sidney Saunders, Manager of Bank of Montreal Branch.

Mexico City via Galveston, June 27.—Life in Mexico promises to be a moving picture show of investigation within the next few months. General Francisco I. Madero has finally admitted in a public statement that if he is retaining possession of notes, contracts having relations with the government through special concessions. He insists it will be a general and not a special inquiry into any one company.

Changes in the personnel of the board of directors of the national railways are also included in the Madero programme. Another step in the investigation line is the order for the arrest of T. Sidney Saunders, manager of the Bank of Montreal at the time of the failure of the United States Banking Company here. The court, in whose hands the United States Bank now rests, has issued an order for the arrest of Mr. Saunders. This is stated in preliminary to asking extradition papers, as Mr. Saunders is not thought to be in this country. The charge is retaining possession of notes, contracts in certain operations between the United States Bank and the Bank of Montreal just before the failure.

This case has an international aspect and the alleged part played by British diplomatic representatives here under instructions from Downing Street has been the subject of wide comment here.

Another investigation which is soon to see light is that of General Manuel Mondragon, chief of ordnance. It has been charged in some quarters that some of the ammunition sent out was so bad as to be responsible for federal defeats during the revolution. General Mondragon is now said to be in Europe.

Eight miles of marriages were in the parade accompanying the flower battle in Chapultepec park in honor of General Madero. Four abreast the carriages extended from Independence monument in the Paseo de La Reforma around Chapultepec castle. Literally tons of natural flowers were used in the battle. This afternoon and tonight San Francisco street was packed with carriages.

THE DOLLAR PRINCESSES.

Washington, June 28.—Representative Snubath's resolutions calling on Secretary of State Knox to find out why "only two dozen of our dear princesses in Europe designated as dollar princesses have been permitted to take part in the Coronation," was introduced yesterday in the House committee on foreign affairs and tabled.

LATE SHIPPING.

Quebec, June 28.—Ard. Simrs, Manchester Commerce, Heath, Manchester, Monmouth, Turnbull, Bristol, Balfour, Gifford, Sydney; Lady of Gaspe, Bouchard, Gaspe.

New York, June 28.—Ard: Str Nantux from Hillsboro, N. B. Sch Oliver Amer from St. John, N.

Avonmouth, June 28.—Str Royal Edward for Montreal.

INSPECTOR AT THE CAMP

General Drury Visited The Troops Yesterday And Was Well Pleased—71st Regiment Invited to Boston.

Special to The Standard. Sussex, June 28.—The weather was warm today but a gentle breeze made the day pleasant for those on duty at the camp. The men stood the work well and there is not a single case in the hospital. The day's work started with Woodruff, schemes of advance and rear guards. Tomorrow the battalion will drill in the attack.

General Drury arrived on the morning train in uniform and proceeded to the camp grounds. He left for Charlottetown, P. E. I. on the afternoon train. He made a rigid inspection of the 6th and 71st regiments in battalion and company drill and was very well satisfied with the progress that the troops are making. The general also visited No. 8 Ambulance.

The 71st Regiment will be their annual business meeting tonight. Business of the past year was gone through and reports of the various committees were submitted. The regimental officers for the ensuing year are as follows: Lt. Col. H. F. McLeod; majors, W. H. Gray and G. W. H. Thompson.

He had received an invitation from the army and navy veterans association of Boston, Mass., to visit Boston in 1913. The general stated that the City of Boston would grant \$1200 and the British Consul of that city \$600 towards defraying the expenses of the regiment. Lt. Woodbridge is an honorary member of the association at Boston, and it was largely through him the invitation was extended to the 71st.

The guard tent has not been tenanted very much. Tonight four young men thought any kind of dress would do in the town in, and told the guards that they would do as they pleased. They were promptly arrested and placed in the guard tent.

Town Engineer C. D. Mills with a crew of men started to lay the extension of water and sewerage pipes to the 71st.

THE KAISER'S YACHT WAS BADLY BEATEN IN REGATTA AT KIEL

Kiel, June 28.—The American yacht Biblof, won the 6th international regatta, and so captured the Emperor William cup offered for the winner of the series of sonder class competition. She won three out of five races. But the Beaver and Cinn each got one. The German yachts were badly beaten, third in the race being the best they got.

Owing to the weather the cruising race today from Eckernforde to Kiel, a distance of 45 miles was an exciting one. Several boats arrived here with spars or bowsprit missing.

The fastest time, but was beaten on time allowance by the Nordstern. His majesty's old Meteor now owned by Prof. C. Harries, of Kiel and by the English boat Waterwitch.

On the race from Kiel out to Eckernforde yesterday the Emperor's Meteor was defeated by the Germania, owned by Lt. Krupp Von Bohlen and Halbach and the Waterwitch.

Many yachtsmen accompanied the races. The prize for the big schooner class was the westward cup presented by Alexander S. Cochrane, of New York, owner of the yacht Westward. Princes Henry, of Prussia also donated a cup.

WHERE AWAY DOMINION DAY?

The Pleasant Picnic Spots on the Kennebecasis Can be Reached EASIER and CHEAPER Than Any Other.

Buy a Round Trip Excursion Ticket Good Till Monday, July 3, on I. C. R. to Rothery and on S. S. Premier from Rothery to Long Island, Moss Glen, Clifton, Fair Vale, Gondola Point, or "The Willows," Reed's Point.

ROUND TRIP TICKETS 50c. CHILDREN HALF PRICE. Connection Every Day at Rothery with Sussex Train Morning and Evening.

THE CHINESE FAMINE OVER

No More Relief Will be Accepted by the Red Cross Society—Tardiness Cost Many Lives.

Washington, June 28.—After several months of extreme suffering, resulting in hundreds of thousands of deaths the Chinese famine is coming to an end. Reports from the consular officers in various sections of the affected district forwarded to the State Department by Minister Calhoun bring the news that the crops are now being harvested and there is no longer need of assistance from the United States.

The American Red Cross upon receipt of this information announced that no further contributions for the Chinese relief fund are desired. The total amount received by the organization for this work was \$80,300, practically all of which has been expended. In addition to this a larger sum has been raised by religious publications through their readers, and the army transport Buford carried off to China last winter a cargo of provisions and clothing contributed by commercial organizations and people throughout the country generally.

It is said that had all the aid contributed by American people been available a month or three months earlier, thousands of people who perished from starvation could have been saved. In the last six months the relief funds were drawn on by the agents of the Red Cross and the American government in China for the distribution of one cent per day for each person. It was found that one cent purchased sufficient rice to maintain a life one day.

The plague which has ravaged a portion of Manchuria is also reported to be almost stamped out.

FATAL COLLISION ON PHILADELPHIA RAILWAY

Philadelphia, Pa., June 28.—The engineer and one passenger were fatally injured and 20 other passengers were badly cut, bruised and scalded tonight when an express train bound for Chestnut Hill collided with the entrance of the Philadelphia and Reading Railway tunnel at 21st street and Hamilton avenue. Benjamin H. Dolan, aged 43 years, is the injured engineer. One of his legs was broken in three places, and he was so badly scalded that physicians despair of saving his life.

The passenger who is believed to be dying is Ernest W. Evans, aged 27, of Asbury Place, Chestnut Hill. His face is badly crushed and he was severely scalded.

CANADIAN LOCOMOTIVES

Toronto, June 28.—Canadian Locomotive issue largely over subscribed. Owing to the large amount of applications received for Canadian Locomotive Preferred stock, which has been offered through Amelius Jarvis and Co., the subscription lists were closed today, Wednesday, at noon, instead of Friday and allotment of shares will be made as soon as possible.

HARRY W. MACHUM

Business Associates Present Casket of Silver to Popular Representative of Manufacturers' Life Insurance Co.

Harry W. Machum was agreeably surprised last evening at his residence 177 Canterbury street, when a number of his business associates gathered to present him with tokens of appreciation of faithful and successful service as representative of the Manufacturers' Life Insurance Company.

Yesterday marked the twenty-first anniversary of his connection with the company, and a strange coincidence, today is also the twenty-first wedding anniversary of Mr. and Mrs. Machum, so that last night's gathering was a doubly happy one.

In recognition of the twenty-one years of efficient service, the Manufacturers' Life Company, presented Mr. Machum with a magnificent casket of silver. The casket, which is of polished oak, is in itself a valuable gift, and bears the appropriate inscription:

Presented to Harry W. Machum by the Manufacturers' Life Association; in recognition of 21 years of efficient service.

The presentation was made on behalf of the company by J. E. Macdonald, Toronto, general superintendent of the Manufacturers' Life Insurance Company. The following telegram from Geo. A. Somerville, the general manager, conveyed the company's expressions of appreciation:

"The directors and officers of the company heartily congratulate Harry W. Machum on completing twenty-one years of service with the company, and wish him many happy returns of the occasion."

The agents of the company, also took advantage of the occasion to express appreciation of his worth and presented him with a handsome silver candelabra. C. W. Temple, of Sydney, made the presentation on behalf of the agents.

Following the presentation Mr. Machum briefly expressed his surprise and appreciation of the gifts.

Among the guests were several representatives of the company from different parts of the Maritime Provinces.

DIG GIFTS FOR OLD HARVARD

Cambridge, Mass., June 28.—Gifts to the amount of \$1,200,000 received by Harvard University during the past year, were announced by President Lowell to the two thousand or more Harvard men gathered for the alumni meeting in the Quadrangle behind Sever Hall late today.

Almost simultaneously with this announcement, William C. Boydon, of Chicago, handed to President Lowell a check for \$100,000 as the gift of the class of 1886 to the University, the sum to be invested in the college funds and only the income to be used.

The meeting was presided over by Major Henry L. Higginson, class of 1885 and for the first time women were admitted, some two hundred being present.

MAY SHIP COAL FROM WEST BAY

Special to The Standard. Parroboro, June 28.—The County Court closed its sittings yesterday. There was only one case for trial and the property value involved was less than five dollars.

General Manager Butler, assistant General Manager McDonough, Mechanical Superintendent Maxwell, Marine Superintendent McLean and Manager Sharpe were in town last evening inspecting the facilities for shipping coal, and the possibility of West Bay as a shipping place.

J. R. Cowan and family arrived from Montreal this morning to spend the summer at Partridge Island.

STOCKING BURSTS AND SPILLS GOLD SHOWER

Seattle, Wash., June 27.—Miss Rose Culver, a woman real estate broker, is out about \$300 as a result of her stocking bursting, scattering gold coins and bills over the pavement. The gold was heavy, but the stocking would not hold. She had held it had not been for the new style of street cars recently adopted. The stops are high and as Miss Culver attempted to mount, the seam of one stocking parted, letting loose a shower of gold. Much of the gold was picked up by persons who as yet have not answered the reward notices published by the real estate dealer.

Ryder-Barnaby.

An event of much interest in fashionable circles took place in German street church at 4 o'clock yesterday afternoon, when Thomas Escott, manager at St. John for the Canadian Fairbanks Co., Ltd., was united in marriage with Miss Annie Alexandra, daughter of Mr. and Mrs. W. H. Barnaby. The ceremony was performed by Rev. F. S. Porter, pastor of the church, in the presence of about one hundred and fifty invited guests and a great number of spectators.

The church was decorated in green and white for the occasion and presented a very attractive appearance. The full choir was present and assisted with the music, rendering "The Voice that Breathed O'er Eden" as the bridal party entered the church, and "O Perfect Love" during the ceremony. After the wedding ceremony a reception was held at the home of the bride's parents, 207 Prince Street, which had been made beautiful with floral decorations in green and white being the predominant colors.

Fredericton, June 28.—One of the prettiest weddings seen here in some time was solemnized at quarter past eight this morning at the cathedral.

Woodstock, June 28.—A wedding of much interest to the people of Woodstock and Carleton county was solemnized in St. Luke's church this morning, when Miss Elizabeth Howard Neales, youngest daughter of Mr. Thomas Neales, was united in marriage to the Rev. Douglas Haviland, rector of Grand Falls and Edmundston Episcopalian churches.

At nuptial high mass, which was celebrated in St. Peter's church, at 5:45 o'clock yesterday morning, by Rev. J. O'Rourke, S.J., Miss Sarah M. McFadden, daughter of Mr. and Mrs. Hugh McFadden, became the bride of Walter H. Lowmyer, the bridegroom.

A wedding took place in St. John's Baptist church at 5:30 yesterday morning when William E. Hullah was united in marriage with Miss Grace Collins. Very Rev. W. F. Chapman, V.C., performed the ceremony with Nuptial Mass.

The Cathedral was the scene of a pretty wedding at 6 o'clock yesterday morning, when Rev. A. W. Meahan united in marriage Francis L. O'Brien and Miss Mary Elizabeth Nichol, daughter of John Nichol, 31 St. David Street.

mean a meal in a moment — for a cube makes a cupful of rich delicious beef-tea. 4 Cubes, 10c.

McDonald-Kennedy.

Halifax Recorder: A pretty wedding was celebrated with a Nuptial Mass in St. Mary's Cathedral, Tuesday morning, the principals being Miss Annie Kennedy, only daughter of John Kennedy, of Antigonish, railway contractor, and Daniel A. McDonald of Edmundston, N. B. The officiating clergyman was the Rev. John C. Chisholm, Antigonish. The bride was given away by her father, looked extremely pretty in an attractive costume of navy blue and cream, lace carrying a large showed bouquet of white carnations.

In the Carmarthen street Methodist church yesterday morning at 8:15 o'clock Miss Lena Maud Evans, daughter of Mr. Thomas W. Evans, 137 Biltmore Street, was united in marriage to John Hugh Seely, of the St. John Railway staff, in the presence of relatives and immediate friends.

At Wedgeport on Tuesday morning, Miss Irene LeBlanc and Capt. Rudolph LeBlanc were quietly married in the presence of a few relatives and friends.

Special to The Standard. Newcastle, N. S., June 28.—Harry Dean, musical director in the Halifax Conservatory of Music, and Miss Beulah Ferguson, a late teacher in the same institution, were married at the residence of the bride's father, John Ferguson, this afternoon, by Rev. Mr. MacArthur. Miss Florence Ferguson was bridesmaid, and she was accompanied by her brother, John Ferguson, who acted as flower girl.

Ottawa, June 28.—In St. James' church, Hull, this morning, the wedding of Miss Lella M. Wright, daughter of the late Lt. Col. Joshua Wright, to Thomas Clifford Douglas of Edmonton, Capt. Gordon Wright, B.C.E., Halifax, gave the bride away. The out of town guests were relatives from Toronto, Brighton, Ottawa and Halifax.

GOING INTO CONSUMPTION. When your throat rattles, your lungs are inflamed, you are coughing, and you are stuffed with cold—don't fear consumption—use Catarrhose and get well. It clears the throat, cures hacking, relieves tight chest and soreness of the bronchial tubes, to clear away Catarrh of the nose nothing could be better. Catarrhose is Nature's own remedy—it heals any throat, lung or bronchial trouble. Prescribed by many specialists and used by thousands every day. 25c. and \$1.00 at all dealers.

THREE NEW BRUNSWICK GRADUATES AT HARVARD. Cambridge, Mass., June 28.—With the usual brilliant academic display and the attendance of a notable gathering of the alumni, Harvard University today graduated over eight hundred men from its various departments. Many Canadians are among the number. The exercises were held in Sanders Theatre, following an imposing procession of degree men, alumni, faculty and guests.

## AN OFFICIAL VIEW.

The Secretary of Agriculture of the United States has given his views of Reciprocity in a late number of the Editorial Review. They are interesting as bearing on the much talked of Farmers' Market which is to be opened up to Canada, and we commend them to Mr. Pugsley's Reciprocity organs for careful study and enlightenment.

His conclusions are these:— 1. Farm help in Canada costs about the same as in the United States. On that score the United States farmer is at no disadvantage on the ground of cheaper labor.

2. The comparative value of lands in the United States farmer is enhanced by the fact that the Canadian summer is shorter by a month in the fall and that the killing frost comes in a month earlier, thus hardening his wheat crop and almost entirely preventing him from maturing corn. As the invariable tendency of continued grain growing is to exhaust the soil and render profitable crops less possible, the Canadian farmer will be more and more handicapped by the advantage that climate confers on his more Southern neighbor for rotation of corn with grain. In vegetables the United States producer has and will continue to have the advantage of earlier production and sale when prices are highest, of greater variety, and in the Southern sections of cheaper labor.

3. The advantages to the United States, he says, will be in their free access to Canadian woods, in getting a free market for their vegetables, fruits, seeds, flax, hatched wire fencing, and draft horses. The citrus fruit growers of California will have the Northern market open to them, agricultural machinery makers will greatly enlarge their sales, millers will get Canadian wheat, mill it and build up their export flour trade, whilst the bye-products will greatly help the United States dairy industry. Many farmers in the United States are fast reaching the point where they raise little or no wheat, because it exhausts the soil, and they find it more profitable to sell nothing from the farm except finished articles, like horses, meats and dairy products. For these they possess the best of home markets owing to the system of protection and the industries and population it develops. As to barley the United States produces more than it needs and annually exports a large amount. Some high grades of Canadian barley could be imported with benefit to the breweries and pearl barley manufacturers.

These conclusions are valuable as reflecting the views of the head of the Agricultural Department of the United States, whose sources of information are of the best, and whose outlook is not limited by special interests. A careful study of the points made will enable the Canadian farmer to better answer the question as to where he is to come in, should this agreement be passed, and his competitors from the South be enabled, with their natural advantages, to enter freely into his home market, and at the same time to effectually meet his products in their own.

The conclusions of the Secretary of State are perplexing to Canadian advocates of the Taft-Fielding pact, who support it because they say it is especially a boon to the Canadian farmer in that it opens for him a 90,000,000 market with rich profits and higher prices. They ignore the fact that the pact opens up the Canadian market to the agricultural products of the United States, that the two go together. In the matter of these products the United States has twelve producers to every one in Canada, and have a large surplus over and above the needs of their own people which they must sell somewhere. They have even against the Canadian duties as we have previously shown, marketed large quantities in Canada in competition with Canadian farmers.

Is it not reasonable to believe that with the duties removed they will sell much more in Canada, and thus take a larger portion of the home market from our farmers? There can be no doubt of this. It is true that with the present United States duties, Canadians have sent agricultural products into that country, but in much smaller quantity, and it is also true that if these duties were removed they would likely sell more. But certain facts are to be kept in mind and are briefly these: The United States has more varied and longer seasons and can thus produce earlier crops, more frequent crops, and taking climate into account, cheaper crops than Canada can. The United States produces a large surplus of the very same commodities that Canada produces, and that therefore we must compete against an over supply in their market. The system of gathering, storing, transporting and distributing these products as in the United States, is almost perfect, and they can reach all our important markets with facility and despatch, as they nearly all lie in close proximity. On the contrary our system is in its infancy and imperfect, and we can reach only a small portion of the United States market at easy distances, whilst the great bulk of it is practically inaccessible.

Taking the average, the prices for these commodities are as high and often somewhat higher in Canada than in the United States, a fact which will lead to their import therefrom and to increased competition. Today our farmers are protected in their home market and have higher prices. If this pact passes our farmers will have lost the advantage of their protection and consequent better prices. As matters now stand we have for our surplus an inexhaustible market in Great Britain where we are met with no home surplus, where prices are good and the demand constant. We have been at great pains to establish the quality of our products in the Old Country and have succeeded. To what good end should we relinquish this market, and go to work anew to establish connections with the United States, at best an inconstant market, and where we have continually to meet a large home surplus?

## TELLING THE TRUTH.

Commenting on a reference in the Toronto Globe to Reciprocity as "the most important political issue that has been raised since Confederation," the Hamilton Spectator pertinently calls attention to the way the Globe and the Government it endorses treat this most important issue. If the agreement is what our con-

temporary says it is, remarks the Spectator, no right-thinking man, no honest public interest-seeking newspaper, would question for a moment the desirability, nay, rather the absolute necessity, of securing from the electors of the country before the die has been cast and the agreement ratified, an expression of opinion. Has this been the attitude of the Globe and the Laurier Government? Not by any means.

From the very introduction of the measure in the House the effort of the Government has been to, if possible, prevent an appeal to the electors and force the pact through Parliament, thus disposing of the "most important political issue that has arisen in Canada since Confederation," much in the same manner as routine matters of little or no importance are treated. And what has been the Government attitude toward the Conservative Opposition, which has manifested that there must be an election appeal before ratification is voted in the House? An attitude of extreme hostility at every point, going so far as to charge the Opposition before the people with the "offense" of forcing an election when there was no need for one—forcing an election, mind you, on an issue which the chief reform organ now admits is the most important the people have had to consider since Confederation.

Never since the Laurier Government came into power has it hedged and twisted so much in defending itself as it has over the Reciprocity Agreement. It had opportunity at the outset to keep the Reciprocity question out of politics and give the people a chance to express their opinion on it without regard to party affiliation. But that opportunity was neglected, and the result has been demoralization within the party ranks. There will be more demoralization before the fight is over, for the people in casting their ballots in the next general election will be thinking not only of Reciprocity, but of the danger of continuing in power a government which was not only willing but anxious to force upon them a change in policy so important as to be called the most important in the country's history, and that without consulting their judgment in the smallest measure.

## A WORD TO YOUNG LAWYERS.

It is apparent that the city of Chicago, like other cities nearer home, has more lawyers than are needed for home consumption. Mr. John E. W. Wayman, the State's Attorney, in a recent address before the graduating class of the Chicago Law School, said that the social standing of a lawyer was not as high as that to which he was entitled from his long studies to gain admission to the bar. When a new lawyer is introduced to company, he continued, "instinctively, they will clasp their pockets and then say, 'I'm glad to meet you.'"

Then he went on with the following sound advice: "In a few days you will enter your offices and sit down in the greatest solitude you ever experienced. Loudly and tensely you will wait for that dear sound, the footstep of an approaching client. But when you greet him don't let him know how glad you are to see him. Treat him cordially, but not effusively, and above all things, proceed to get some money out of him. First find out how much he has and how willing he is to part with it, and then compare this with your needs. Charge him accordingly. Another 'don't' for you is to not take law business from your relatives. All you will get out of it is abuse and there's no money in it. Above all things don't quarrel with the judge. If you beat him at repartee he will send you to jail for contempt of court and more often he can beat you anyway. Besides, it's a good thing to have him on your side.

"I must not forget to add that it is never right to argue a legal proposition with a layman. When you state an opinion don't give him your reasons. Be right and then let him think there is nothing more to be said."

Returning to the lack of social standing of lawyers, Mr. Wayman said it was due to the "shysters" and that it was the duty of lawyers to stand together and exterminate the shyster, whom he described as a man who has no regard for the sanctity of the law. As was fitting, under the circumstance, at the conclusion of his address, the school conferred the degree of Doctor of Laws upon the speaker.

Mr. Pugsley's Reciprocity organs seem much exercised as to accuracy of the figures quoted by The Standard to show the preponderance of imports of farm produce and livestock into Canada from the United States over the exports. The statistics will be found in the Dominion reports of the Department of Trade and Commerce and are compiled from the United States returns. We are now open to a suggestion from the Telegraph that, like all other returns from the same source, they have been falsified and the valuations increased for "political purposes."

## Current Comment

(Toronto World.)

The Lord's Day Alliance has condemned the eating of certain wholesome and refreshing foods on Sunday. The Lord's Day Alliance has condemned the Sunday smoke. The Lord's Day Alliance has condemned the week-end auto and bicycle trips, by means of which hard-working men may get a breath of pure air. The Lord's Day Alliance has condemned the use of the parks on Sunday for such healthy and natural sports as tobogganing, etc. The Lord's Day Alliance is doing its best to make illegal every decent and healthful Sabbath recreation. This persecution of the public by a small body of tyrannical and illogical men has gone far enough. The Lord's Day Alliance must be shown that this is a free country, and that the liberty of the citizen is not a thing to be lightly trampled with.

(Vancouver News-Advertiser.)

The London Standard of Empire interprets President Taft's New York speech by saying that the President explained "his clear desire to build up a United States-Canadian commercial union which should strangle the growth within the British Empire of the practical ideal of Imperial union based upon preference." It is the hope of the Standard of Empire that the speech will be most carefully studied in the Empire's premier Dominion and in England.

(Chicago Record-Herald.)

A New York philosopher has come to the conclusion that there are two ways to get up in the world. You can build your own ladder and climb it, or you can find that of some fellow who has left his to chase butterflies and climb that.

(Boston Transcript.)

When a rich American has something which you, as emperor, need, and you as emperor have a decoration which you do not need and the rich American does, you swap, and it is called an exchange of international courtesies.

(Kansas City Times.)

Individual drinking cups for horses are advocated by the National Team Owners' Association. Pretty soon they will be demanding that blacksmiths have individual manure sets.

(Vancouver Province.)

The bathless bathing suit has made its appearance in Chicago. It is exclusively for beach parade purposes, and shrinks when the water is approached.

## BROKEN-DOWN NERVES

Hopeless Condition Cured by "Fruit-a-tives"

Milford-Haven, Ont., Aug. 30th, 1910. "I was a complete invalid, three years ago, with Stomach Trouble, Constipation and Broken-down Nerves. I could not sleep at night and my Doctor did me very little good. I was almost helpless until I began to take 'Fruit-a-tives' in small doses. I have taken about three dozen boxes in all, and Thank God, today I am well and strong—able to do my own work—and have a baby fifteen months old, and six children in all. I would not be without 'Fruit-a-tives' in the house, and I can highly recommend them to any suffering as I did."

MRS. D. GUINEY. Nervousness is not a disease in itself, but the result of some of the vital organs becoming diseased. In Mrs. Guiney's case, her nervous condition was caused by a very weak stomach and torpid liver. "Fruit-a-tives" strengthened her stomach—helped digestion—made the liver active—and cured Constipation. Then she took "Fruit-a-tives" in small doses. "If your nerves are 'all unstrung,' take 'Fruit-a-tives.' 50c. a box, 6 for \$2.50, or trial size 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa."

## POLICE COURT.

Before the Police Magistrate yesterday morning, Charles Kane, who also appeared for drunkenness, was charged by Mrs. Mary Till with assaulting her on Brussels street on Tuesday evening. The prisoner pleaded not guilty to both charges, and asked a stay of proceedings until he could get a lawyer. A. A. Wilson, K. C., soon arrived, and Officer Wittrien, who made the arrest, told of Kane passing him on Brussels street, intoxicated, of Mrs. Till shortly afterwards complaining to him of Kane having insulted her. The complainant stated that she had come through the alley from Waterloo to Brussels street, near Union, on her way home, and on Brussels street was accosted by the prisoner, refusing to move when ordered to do so, and using offensive language. The defendant denied the charge, specifically, and after the officer had testified that she had come through the alley from Waterloo to Brussels street, near Union, on her way home, and on Brussels street was accosted by the prisoner, refusing to move when ordered to do so, and using offensive language. The prisoner was allowed to go, his employer, Stanley Elkin, becoming responsible for his appearance.

William Stafford was charged with obstructing the sidewalk at the corner of Charlotte and South Market streets, refusing to move when ordered to do so, and using offensive language. The defendant denied the charge, specifically, and after the officer had testified that she had come through the alley from Waterloo to Brussels street, near Union, on her way home, and on Brussels street was accosted by the prisoner, refusing to move when ordered to do so, and using offensive language. The prisoner was allowed to go, his employer, Stanley Elkin, becoming responsible for his appearance.

Col. J. L. McAvity, reported for furious driving automobile on the holiday, gave an explanation and was excused. Fred Worden, coachman, charged with violating the C. R. regulations at the I. C. R. station, likewise escaped a fine.

THE WATER EXTENSION TO SUSPENSION BRIDGE

Water and Sewerage Board, at Mayor's Suggestion, Appoints Committee to Look into Proposition which may mean Development of the End of Douglas Avenue—Routine Business Dealt with.

At the meeting of the Water and Sewerage Board yesterday afternoon, a committee was appointed on the suggestion of the Mayor to look into the proposition of extending water and sewerage facilities in the direction of the Suspension Bridge.

The engineer recommended that a main sewer be laid in Barker street at an estimated cost of \$2,000, and this was adopted.

The engineer recommended that the drivers of the single teams in the department be given their present wages of \$10 a week.

The engineer recommended that a sewer be laid in Germain street, west for about 200 feet, extending westward from Ludlow street, at an estimated cost of \$300.

The engineer recommended that the water course on the city line between St. James and Germain streets used as a public sewer be closed at a cost of \$600.

The engineer submitted a plan for a sanitary sewer in the head of the Market Slip to cost \$250.

A recommendation to lay a 6 inch sewer pipe to serve the property of John Carrier on Watson street at an estimated cost of \$50 was adopted.

The engineer reported that the sewer passing through Jane Harper's premises on Harrison street was a private sewer owned by B. J. Dowling and Chas. Miller and that the leak in the neighborhood had been stopped.

The engineer reported that a number of permits had been issued to property owners to connect with the sewer on Nelson street.

The engineer reported that M. N. Powers had met with an accident on City Road, having run his team into a barricade surrounding a street excavation. He wanted damages.

The chairman said the meeting would deal with a recommendation of the engineer to install a sewer on Barker street.

Ald. Smith wanted Dr. Melvin to give the board a lecture on the need of better sewerage facilities on the West Side.

Dr. G. G. Melvin, Medical Health Officer, appeared and called attention to the need of sewerage facilities in Kitchener and Barker streets. He said 25 families were interested.

The engineer said the meeting would deal with a recommendation of the engineer to install a sewer on Barker street.

The engineer reported that a short sewer be installed between Lancaster street and City Line. The matter was referred to the engineer to report.

THE WATER EXTENSION TO SUSPENSION BRIDGE

Water and Sewerage Board, at Mayor's Suggestion, Appoints Committee to Look into Proposition which may mean Development of the End of Douglas Avenue—Routine Business Dealt with.

At the meeting of the Water and Sewerage Board yesterday afternoon, a committee was appointed on the suggestion of the Mayor to look into the proposition of extending water and sewerage facilities in the direction of the Suspension Bridge.

The engineer recommended that a main sewer be laid in Barker street at an estimated cost of \$2,000, and this was adopted.

The engineer recommended that the drivers of the single teams in the department be given their present wages of \$10 a week.

The engineer recommended that a sewer be laid in Germain street, west for about 200 feet, extending westward from Ludlow street, at an estimated cost of \$300.

The engineer recommended that the water course on the city line between St. James and Germain streets used as a public sewer be closed at a cost of \$600.

The engineer submitted a plan for a sanitary sewer in the head of the Market Slip to cost \$250.

A recommendation to lay a 6 inch sewer pipe to serve the property of John Carrier on Watson street at an estimated cost of \$50 was adopted.

THE CANADIAN NEWSPAPER DIRECTORY FOR 1911.

We have just received from the publishers, Limited, of Montreal and Toronto, a copy of the 1911 Edition of the Canadian Newspaper Directory. This is the seventh edition of this valuable work, which fills a very real need in Canada, and deserves a place on the desk of every business man, whether he is an advertiser or not.

THIN AS A RAIL, ARE YOU?

Every day spending as much energy as you make—if the balance goes a little further, well, you get thinner. On the finger line today—tomorrow may be too late! Better use Ferronine. It builds up a little gain the first week, but the gain keeps growing. Next week, not quite so thin. Keep right on, lots of fat won't hurt at all. Your blood is enriched, cheeks grow rosy, your heart and nerves grow strong and you don't tire so quickly. Joyous robust health, a sturdy frame and a cheerful mind—all these come with Ferronine. You'll try it, only 50c. at all dealers.

The Camaguey Company, Limited

5 per cent. First Mortgage Bonds, due 1946 Interest Payable June and December. The Company owns and operates the Electric Lighting and Street Railway business, together with 200 acres of land suitable for building lots in the City of Camaguey, Cuba, and net earnings show a steady and regular increase for the years 1907, 1908, 1909, 1910, 1911. Additions now being made should add considerably to revenue. The net earnings for the year ending December 31, 1910 were more than sufficient to pay the Bond Interest twice over. Further particulars gladly given on request.

Royal Securities Corporation, Limited 164 Hollis St., Halifax Toronto Montreal Quebec London, Eng.

IRREGULAR IN TONE

New York, June 28.—Transactions in stocks were marked today with the same degree of irregularity which has prevailed most of the time for the last fortnight. Public participation in the market has fallen to a low point, leaving the bulk of trading to the professional operators. Large speculators are not disposed to engage in enterprises of magnitude, pending the receipt of definite information as to the crops, and confine themselves to day-to-day operations, the varying character of which has given the market its irregular appearance. Though alternate periods of depression and recovery today, there was noticeable the continued effort to depress prices, particularly United States Steel which has been a significant feature of the market recently. London prices for Americans were for the most part higher before the opening here, but the gains were not transferred to this market where a vigorous selling movement was instituted at the opening. After a series of fluctuations, the market was decidedly weaker late in the day, and closed with losses of a point or more for many of the active stocks.

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh & Co. New York, June 28.—The stimulus furnished by the recent Harriman decision appeared to have completely run its course today and the stock market once more relapsed into midsummer dullness. This was entirely in accord with conservative expectations inasmuch as it is generally realized that the future of the country's business is dependent upon the crop outcome this year to a greater than ordinary degree, and that the month of July is a crucial one for corn, spring wheat and cotton. Hence, as a whole, was rather colorless, but in the late afternoon professional traders seized upon the action of the Wash. directors in reducing the disbursement on the debenture 4 per cent. bonds as a pretext to sell the market. Technical conditions were ripe for a reaction, inasmuch as there has been a large volume of speculative buying following the Harriman decision and apparently very little support from the so-called big interests. The best opinion seems to be that a vigorous upward movement at the time would be premature and a moderate reaction followed by irregular movement of prices pending crop developments would be welcome to the more conservative element. The prospect for ultimately higher prices remains unimpaired, especially as crop conditions appear to have undergone improvement as a result of the recent general rains throughout the country. LAIDLAW & CO.

CLOSING STOCK LETTER.

By direct private wires to J. C. Mackintosh & Co. New York, June 28.—Conflicting interpretations of the weather map were the rule this morning, but the market early seemed technically strong enough to respond to some of the vigorous buying by some of the prominent bulls. This buying appeared to be based upon the assumption that the market had discounted the recent rains in the Southwest and that the element of accident during the crucial month of July was all in favor of higher prices. On the other hand, however, there was heavy pressure to sell, as while the map indicated dry and hot weather at many points in the Southwest, professional traders showed the chance in favor of summer showers even if these did not prove to be heavy. There was no news worthy of the name. Routine reports, from the belt as a whole, however, indicated satisfactory conditions for record breaking yield. Nevertheless, cotton seems to be supporting itself around the 13 cent mark and the conservative bulls do not seem to be alarmed by the possibility of a 14,000,000 bale crop, contending that this supply will be none too large to meet the world's requirements of the staple. It is still a weak market pure and simple.

 Montreal—68, 84  
 Quebec—66, 86  
 St. John—60, 72  
 Halifax—58, 70  
 Lower Lawrence and Gulf—Moderate winds; a few local showers, but mostly fair and moderately warm.

**AROUND THE CITY**  
**To Hold Auto Runs.**  
 A meeting of automobile owners in the city was held last evening at the R.Y.K.C. club house, Millidgeville. In addition to routine matters transacted it was decided by the association to hold a series of club runs during the months of July and August.  
**Wandering Boy Found.**  
 Shortly after noon yesterday a small boy was found wandering about Brussels street by Policeman Ross and was taken to the central station, where he was called for later by his mother, Mrs. James Greer, and taken to her home on Brittain street.  
**Hatheway-Murray.**  
 In St. Luke's church yesterday morning Miss Louise Murray, daughter of E. S. R. Murray, was married to Samuel B. Hatheway, of Fredericton. The ceremony was performed by the rector, Rev. R. F. McKim and only near relatives were present. Mr. and Mrs. Hatheway left for Nova Scotia on their honeymoon. They will reside just above Fredericton, where the groom has a fine residence.  
**A Girl Injured.**  
 Last evening a girl employed in the Chinese restaurant on Mill street met with a very painful accident, while reaching through a window for some food, a piece of glass gave her a severe cut on the forearm. Dr. Baxter was summoned and it took about a half dozen stitches to close the wound. The young woman lost a lot of blood before the doctor arrived and the wound was a most painful one.  
**Will Be Ordained Tonight.**  
 J. Wilder Williams, who has been acting pastor of the Tabernacle church for some time, will be ordained as a minister of the Baptist church at a special service to be held in the Tabernacle this evening. The council of the church, which consists of the pastors and two delegates from the Baptist churches of the city and Fairville, will meet at 3 o'clock this afternoon, to make the arrangements for the ordination ceremony.  
**Public Utility Commissioners.**  
 A meeting of the board of public utility commissioners was held in the city yesterday, but only routine matters were dealt with. The commissioners will remain in the city today to go over the evidence in the telephone case. It is not expected that a decision in the case will be reached for some time, as the evidence is very voluminous, taking up over 700 pages of type-written copy. The board does not have before it any complaints in regard to public utility companies in other parts of the province.  
**A Fine New Grocery.**  
 The store on the corner of Charlotte and Duke streets, for many years occupied by Vanwart Brothers, has a new tenant, Fiddes and Company. The new firm opens today with a full line of groceries, meats and provisions. The interior of the store has been entirely renovated. A modern refrigerator has been built, a new sanitary floor put in, the walls decorated. Six assistant salesmen have been installed which assist in displaying to the best advantage the very complete stock carried. The store as a whole is one of the brightest and most up to date in the city and being particularly attractive should make for the new firm many friends.  
**Arrested for Theft.**  
 Detective Patrick Killen, who is a terror to thieves, jumped into the limelight again last evening about 8:30 o'clock when he arrested an 18 year old young man who gave his name as Alex. Coombs, hailing from New Glasgow, N. S., on suspicion of stealing one blue sack coat and a pair of trousers, the property of John McGuire, also a brown suit of clothes the property of Edward Farris, from the latter's house, Mill street yesterday. The young man had only been in the city about 24 hours from Bangor, Me., and it did not take him long to get into trouble. When searched at the central police station last night he had \$1.10 and a ticket for Moncton in his pockets.

**PERSONAL.**  
 Dr. W. P. Broderick returned on last night's train from Philadelphia, where he has been attending a class reunion.  
 The closing of Miss Dole's private school for the summer vacation was celebrated yesterday by a picnic to Sealde Park. The pupils and their friends had a most enjoyable outing.  
 T. Fred Powers, who took serious ill on Sunday was reported yesterday as being greatly improved, and his recovery is now looked for by the physicians in attendance.  
 Miss Hazel C. Gibbon, daughter of J. S. Gibbon, recently completed the Homemakers' Course in Domestic Science at MacDonald College at St. Anne de Belle View, Que. She made the highest marks both terms and was valedictorian at the closing on June 15th. Since then she has been visiting friends at Wakefield, Que., Ottawa, Britannia on the Bay and Montreal.

**POLICE SERGEANT AND OFFICER CLASH**

**Reported Mix-up Between Police Sergeant Campbell and Policeman O'Neill—Case May Come Before Department.**  
 There promises to be a mix-up in police circles today when reports are entered to the Chief. It is said that last evening, on Charlotte street, Sergeant James Campbell, in doing his rounds, met Policeman O'Neill, and accused the policeman of drinking liquor. Immediately on the accusation being made, Officer O'Neill called the sergeant a "liar." A number of citizens saw the policeman and claim that he did not in any manner appear to have been drinking. What the outcome of the affair will be will probably be better known today.  
 Chief Clark is at present away in Ottawa at the convention of the Canadian Chiefs, and Deputy Chief Jenkins is in charge. The clash between the sergeant and the patrolman was generally known along Charlotte street last night and was the chief topic of conversation.

**DRUGGISTS HOLD ANNUAL MEETING**

**Members of New Brunswick Pharmaceutical Society Gathered at Ben Lomond House Yesterday.**  
 The annual meeting of the New Brunswick Pharmaceutical Society was held at Loch Lomond yesterday, about 40 delegates being present from all parts of the province. One question discussed was the sale of powerful poisons in general stores, a practice which was said to be on the increase though in the opinion of the delegates it was held to be contrary to law.  
 It was decided to bring the matter to the attention of the public authorities and if it was found that the laws do not suffice to stop the practice, to take measures to secure the necessary amendments.  
 The delegates convened at 10 o'clock yesterday morning at the rooms of the St. John Pharmaceutical Society in the Market building, but immediately adjourned and proceeded by bus to the Ben Lomond House where the party had dinner.  
 In the afternoon a business session was held at the hotel with S. A. R. McDonald, of Fredericton, in the chair. Most of the session was taken up with business of a routine or technical nature.  
 Officers for the ensuing year were elected as follows:  
 President—R. Harry Robb, St. John.  
 Vice-President—Arthur J. Ryan, Fredericton.  
 Secretary—B. Fred Chestnut, Fredericton.  
 Treasurer—Geo. Y. Dibble, Fredericton.  
 Registrar—E. R. W. Ingraham, St. John, West.  
 A council was appointed consisting of the officers named above and the following: A. D. Johnston, St. Stephens; J. W. Wiley, Fredericton; Alonzo Staples, Fredericton; E. A. Burdill, Fredericton; A. W. Coombs, St. Mary's; R. W. George, St. Mary's.  
 After spending a social evening at the lake, the party returned to the city about 11 o'clock.

**A LIQUOR CASE IN THE POLICE COURT**

**Michael Harney was Fined \$60 and Costs for Selling Liquor on Saturday Night, June 17th.**  
 In the police court yesterday afternoon there was a case against Michael Harney, the proprietor of the Vendome Hotel on the corner of Prince William and Duke streets.  
 Night Detective Lucas made the charge and gave evidence that he saw men coming from the hotel in an intoxicated condition on Saturday night the 17th inst. Daniel Mullin, K. C., appeared for the defendant and stated to the court that the defendant, who was not in court, was unable and unable to come out of the house. The case was proceeded with in his absence and James McCormell of the West End was called on and testified that on the night in question he went to the hotel to inquire for a friend and purchased from the proprietor a bottle of gin.  
 Two other witnesses were called, but testified that while they were in the hotel that night they did not purchase or see any liquor sold.  
 Mr. Mullin, in view of the evidence, asked that a minimum penalty be imposed.  
 In summing up the case the magistrate said that a defendant, if found guilty and in default of payment of a fine, could be sent to jail for not less than three months. He thought that it was intended that a defendant could be sent to jail for a term not to exceed three months and that some of the inspectors might take the matter in hand and have it pointed out to the government. In this case he would not impose the costs, but would fine Harney \$60 or in default of payment he would be sent to jail for a term of three months.

**THE GROWTH OF MANUAL TRAINING IN PROVINCE**

**T. B. Kidner, Superintendent of Manual Training, Talks Interestingly of His Work—He goes West in August.**  
 T. B. Kidner, provincial superintendent of Manual Training, was in the city on an official visit to the schools. As Mr. Kidner leaves for the West in August to take the position of Director of Technical Education at Calgary, this will be his last inspection trip. Today he will visit the Kingston Consolidated school to attend the closing exercises.  
 Asked if any new developments were contemplated in connection with his work, Mr. Kidner said that three new departments would be opened at the close of the vacation. The Chatham school board intended to open a manual training and domestic science school, provided with up-to-date equipment on the upper flat of the fine high school building, and a manual training department was also being equipped at St. Martin's. In each place work would be begun with the reopening of the schools.  
 Speaking of the prospects of the Summer School of Science which opens at Fredericton next month, Mr. Kidner said the enrollment to date was larger than ever before. Applications for attendance at the classes would, however, still be received, as there was no limitation upon the number of entries. There is, however, a limitation upon the number of entries to the classes in the six weeks' course of military drill provided for male teachers under a grant from the Federal Department of Militia.  
**Five H. Holiday Trip.**  
 Those who are in doubt where to spend the holiday might well consider the beauty spots of the Kennebecalls which are reached so easily now by the I.C.R. to Rothesay and the S.S. Premier, which meets the train there. The particulars can be found in the announcement on the second page of this issue.  
**Furnishings for Men.**  
 We are prepared to supply the wants of any line in gents furnishings. Any man knowing what value is will find it with us at the People's Dry Goods Store, 14 Charlotte St.

**BRANCH LINE OWNERS ARE NOT SATISFIED**

**Federal Government's Plan for Acquiring Branch Railways will not Allow Sufficient Return to Owners.**  
 A good deal of dissatisfaction with the terms of the resolution under which the federal government proposes to take over the branch line railways in the Maritime Provinces, is said to exist among the owners of the roads in question, and it is understood a delegation of the interested parties intend to proceed to Ottawa and lodge a protest with the Minister of Railways.  
 It is claimed that Mr. Graham's proposition does not offer any adequate inducements to the branch line owners to hand over their lines to the government. The resolution provides that the government may take control of the roads on a valuation determined by the Exchequer Court which shall be based on the report of the government engineer which in turn will be based on a valuation determined by the price paid by the owners, adding interest, but deducting any aid received from the federal government and any amount necessary to put the road in a safe and efficient condition.  
 The government proposes to allow the owners 3 per cent. on the valuation so fixed during the first five years, 3 1/2 per cent. during the second five years, and 4 per cent. for the balance of the term of the lease.  
 It is claimed that under these conditions the owners of the roads will be able to get no returns for the money expended on repairs or improvements, and that the rental allowed them is inadequate, as they could get more than four per cent. if their money was invested in other enterprises.

**Painless Dentistry**  
 Teeth filled or extracted free of pain by the celebrated "HALE METHOD."  
 All branches of dental work done in the most skillful manner.
