## TEUTONS' DRIVE HALTED AT SEVERAL POINTS AND RUSSIANS ON OFFENSIVE IN PLACES; BRITISH BOMBARD THE BELGIAN COAST

### ONE AMERICAN SENT TO DEATH IN HESPERIAN

This fact Reported to U. S. Consul at Queenstown—London Hears Sinking of Allan Liner was the Result of Dispute Between Von Tirpitz and German Chancellor—No Official Statement Yet From Vessel's Captain.

London, Sept. 8, 3.34 a. m.—The American consul at Queenstown, according to the Daily Mail, has received information that a man named Wolf, aged 21 and born in New Jersey, was lost in the sinking of the Hesperian.

Due to Dispute.  
London, Sept. 8, 2.07 a. m.—A despatch to the Daily Telegraph from Rotterdam says: "It is freely rumored in Berlin that the sinking of the Allan Line steamer Hesperian was deliberately designed by the party of Admiral Von Tirpitz, the German minister of marine, to bring to a climax the difference between Von Tirpitz and Dr. Von Bethmann-Hollweg, the imperial chancellor, over the last note to President Wilson concerning the use of submarine boats against liners."

Allan Line Will Not Talk.  
London, Sept. 7. (Montreal Gazette cable)—Pending the arrival and interview with Captain Main, of the Hesperian, the Allan Line declines to say anything in regard to the defensive measures taken.

The loss of life is attributed to the swamping of a boat by the exhaust pipe, while another boat was upset by being lowered before the preceding boat was cleared.

The Canadian Red Cross Society had mailed by Hesperian a large number of replies to queries about wounded men. These were on forms, and no copies were kept. Lady Drum-

mond asks that recent enquirers repeat their demands.

Captain Main Leaves for Home.  
Queenstown, Sept. 8.—Captain Main, of the Hesperian, left Queenstown for his home in Glasgow last night.

News of the safety of a ten-year-old boy has been received here by wireless from an unnamed steamer. The boy is believed to be the missing son of Mrs. Gorog, who, with four daughters, was saved from the Hesperian.

Officers' Affidavits  
Washington, Sept. 7.—Commanding officers of the sunken liner Hesperian in a joint affidavit forwarded to the State Department today declared that from the fragments of steel which fell on the deck it was "indubitably" shown that the ship was struck by a torpedo.

Commander Main and the first and second officers of the Hesperian made the affidavit which was cabled by American Consul Frost at Queenstown. They asserted that the torpedo struck the ship about eight feet below the water line and that the steel fragments flew about the deck with large quantities of water.

They also declared that there was a strong odor of high explosive and that the Hesperian had a six-inch gun on board which had been painted a service grey and would not have been conspicuous even at short range and probably would not have been observed at all through the periscope of a submarine.

### AUSTRO-GERMAN ADVANCE ABOUT EXHAUSTED, RUSSIANS ATTACKING AT MANY POINTS

Czar Takes Over Command of Russian Forces--Centre Army Making Stand Against Prince Leopold's Forces--Stirring Event Expected in Both Theatres In Which Allies Will Cooperate -- Great Artillery Attack of Allies in West Continues.

London, Sept. 7.—The news that Emperor Nicholas had placed himself at the head of his army, which he announced in a telegram to Raymond Poincaré, president of France, and the visit paid by the French commander-in-chief, Gen. Joffre, to the Italian army, foreshadows, it is believed in military circles here, stirring events on both the eastern and western fronts in which the armies of all the Allies will co-operate.

It is declared, that the Russians already are nearly, if not quite, holding their own against the Austrians and Germans, whose advance at most points has been brought to a stop, and in places are carrying on active counter-offensive.

Riga remains the danger point, but the fact that the Russians continue to occupy the town after the Germans have advanced to the Drina, southeast of Riga, leads the military writers to the conclusion that the Russians feel pretty sure of their ability to defend the river and in time to push sufficiently far westward to relieve the pressure on the forces on the shores of the Gulf of Riga.

Westward of Drinsk and Vilna the Russian offensive has now held up the Germans for more than a week, and to military observers those two towns seem fairly safe, unless the invaders are able to bring up strong reinforcements.

East and southeast of Grodno the Russians have taken up new positions across the River Schara and its numerous tributaries, and are protecting the network of railways which run eastward and northward to the interior of the country.

Russian Centre Making Stand Against Prince Leopold's Army  
To the southeast again, among the forests and swamps to the northeast edge of the Pripiet marshes, a great battle is in progress between the army of Prince Leopold of Bavaria and the Russian centre, the latter having at last elected to make a stand. Amid the Pripiet marshes the German Field Marshal, Mackensen, is working hard for a decisive result. He reports that he has taken two Russian positions.

Still another battle is being fought for the triangle of fortifications further south, of which Rovno and Dubno remain in the hands of the Russians. The Austrians and Russians are facing each other across the Sereth river in Galicia, where the fighting is continuous. The stands which the Russians are making suggest that their supply of munitions is ample. A Petrograd correspondent says the ammunition shortage of the Russians has been corrected, and that while the production is slow it is increasing, and growing in activity and method.

For the thirteenth successive day the Allies have bombarded German positions in the west, only varying their artillery activity by occasional air raids, sapping and mining operations and bomb-throwing. In this fighting the Germans also are taking part, and success rests first with one side and then the other.

Similar activity is noticed on the part of the Austro-German army along the northern frontier of Serbia, where the Teutons are strengthening their positions on the Rivers Save and Drava, presumably preparatory to a new offensive movement.

### ENEMY'S POSITIONS ON THE BELGIAN COAST BOMBARDED

Hostile Airships Again Visit East Coast of England—Number of Casualties not Known—Autumn Floods Started Along Eastern Front and German Advance Checked.

Bulletin—Dunkirk, Sept. 7, 11.25 p. m.—A British squadron bombarded all the positions along the Belgian coast as far as Ostend this morning.

AIR RAIDERS AGAIN VISIT ENGLAND.  
London, Sept. 8, 1.50 a. m.—A German air raid on the east coast of England occurred last night. The official statement regarding the raid says:

"Hostile aircraft re-visited the eastern coast Tuesday night and dropped bombs. It is known that there have been some fires and some casualties, but particulars are not yet available. The number of casualties will be communicated to the press as soon as they can be obtained."

BRITISH SUBMARINE GETS ANOTHER TURKISH TRANSPORT.

London, Sept. 8, 1.40 a. m.—An Athens despatch to the Exchange Telegraph Company says that a British submarine operating in the Sea of Marmora has sunk a Turkish transport which was carrying 28-centimetre guns from Constantinople to Gallipoli.

GERMAN ADVANCE CHECKED.  
Copenhagen, via London, Sept. 8, 2.40 a. m.—A despatch to the Politiken from Berlin says:

"The autumn floods already have started all along the eastern front. The rivers everywhere are overflowing their banks, and the German advance has been checked."

### FARMERS OF CANADA PLAYING THEIR PART WELL

Hon. Mr. Burrell Congratulates Agriculturalists Who Are Producing the Food for Men at the Front.

Toronto, Sept. 7.—Hon. Martin Burrell, minister of agriculture, the chief speaker of the Farmer's Day Luncheon at the Exhibition today, congratulated the farmers of the country on the way they had fulfilled their part in the war by supplying food for the men actively engaged at the front. He said: "This year we should be thankful that there will be plenty of fodder, and that there is a tremendous stimulus to the raising of all forms of live stock. There are more cattle, and the healthy, stimulating effect of the war on the improvement of this industry is very apparent. Never was there a day when so broad and sincere an effort has been made to put agriculture in its proper place. The government has done what it could to assist in the marketing of live stock, by securing information about foreign markets, and by stipulating co-operation among the farmers as to shipping. Another message I have to give you is that the Prime Minister while abroad consulted with the British Admiralty and arranged for safe transportation across the Atlantic for the Canadian crops."

Hon. Mr. Burrell was frank in intimating the present intention of the government regarding the situation. "I do not say it is impossible, but I do say it is not at all probable that the government will seriously consider buying the wheat crop," was his statement.

### SCANDINAVIAN REACHES ENGLAND WITH MORE TROOPS

Took Over 61 Officers, 1,234 Men and 73 Nurses from Canada.

Ottawa, Sept. 7.—It is officially announced that the Scandinavian arrived in England on Saturday with 61 officers, 1,234 men and 73 nurses, a total of 1,368 on board, consisting of the following:

No. 5 General Hospital, 31 officers, 203 men and 72 nurses.

Infantry reinforcements from Eastern Ontario, five officers and 248 men.

Infantry reinforcements from Montreal, five officers and 250 men.

Infantry reinforcements from Winnipeg, Highlanders, three officers and 150 men; 90th Rifles, five officers and 249 men.

Medical reinforcements, eleven officers, 132 men and one nurse.

Details, one officer and two men.

### GREAT BRITAIN WILL ACCEPT UNITED STATES' REPRESENTATIONS

Washington, Sept. 7.—Great Britain is prepared to accept representations through the British embassy here for the release of American-owned cargoes of German and Austrian goods now held abroad by the British order-council.

After a conference today between the State Department's foreign trade adviser, William E. Fleming, Sir Richard Crawford, commercial attaché of the British embassy, and T. S. Sharretts, counsel for the American Importers' Association, it was announced that the controversy over such goods would be satisfactorily settled within the next three or four days.

### GLOUCESTER CHARGES ARE FALLING FLAT

One Lone Spectator Attended Yesterday's Hearing in Bathurst—Three Witnesses on Stand.

Special to The Standard.  
Bathurst, Sept. 7.—The Chandler probe into the so called Gloucester county charges was resumed here today. Commissioner Chandler presiding. Only a few witnesses remained to be heard and their evidence was concluded today.

That very little faith is put in the Carter-Venot allegations was amply evidenced by the fact that only one lone spectator, outside those directly taking part in the inquiry, attended the proceedings.

At the morning session Mr. Eaton, manager of the Royal Bank was on the stand. His evidence dealt with the sale of the Knowles farm, and was to the effect that he sold the property to A. J. H. Stewart for \$1,200. At the time of the sale, however, he stated, he did not know that the Farm Settlement Board had any connection with the transaction. He held the property as security against the liabilities of Knowles. He had no dealings with members of the Farm Settlement Board, and did not know until afterwards what Mr. Stewart intended to do with the property.

At the afternoon session Dosithe Chaisson was heard in connection with the building of the Shippigan Lameque Barron Road. He was followed by Nicholas Hachey. This concluded the evidence for the Carter-Venot side.

At tomorrow's session A. J. H. Stewart, M. L. A., and Martin Ruben-chaud, M. L. A., will both take the stand and make their own statements, which will bring the enquiry to a finish.

As the whole case is well understood here and throughout the county, the enquiry has failed to provide the sensations Messrs. Carter and Venot anticipated.

### HON. MR. COCHRANE ON INSPECTION TRIP OF N.T.R. AND G.T.P.

Speculation in Ottawa as to Whether Trip Presages Taking Over Western System of G. T. P. by Government.

Special to The Standard.  
Ottawa, Sept. 7.—Hon. Frank Cochrane, minister of railways and canals, leaves tomorrow for a trip of inspection over the N. T. R. and G. T. P. He will be accompanied by Mr. E. J. Chamberlain, president of the G. T. P.

They will go by way of Scotia Junction and Cochrane to Winnipeg and then through to Prince Rupert. On the way back Hon. Mr. Cochrane may inspect the Hudson Bay Railway now in course of construction from Le Pass to Port Nelson.

There is some speculation here as to whether the trip which the minister of railways and president of the G. T. P. are about to take presages a radical change in the control of the G. T. P. It is said that the Grand Trunk Railway would not be averse to having the government take over its western system on account of the difficulty of financing it owing to the war.

While the C. N. R. has its financial difficulties too, its prospects are said to be brighter than some have supposed. Since the agreement with the government in the spring of last year the company has paid off millions of indebtedness and has obtained a heavy loan in New York.

The bumper crop in the west will give the C. N. R. a very large amount of business, for it serves perhaps the best grain growing belt in the west.

### STEAMER SUNK

London, Sept. 7.—The Norwegian steamer Vitalia from New York, August 19, for Rotterdam, has been detained at Falmouth by the British authorities. On an eastward voyage last winter the Vitalia was held at Falmouth more than a month.

### ENGLAND SENDS MORE GOLD TO NEW YORK

Third Shipment Within Month—Securities Valued at \$14,000,000—Total Shipment Said to Exceed \$80,000,000

New York, Sept. 7.—Gold and securities, said to exceed \$80,000,000 in value, the third and largest shipment from England to New York within a month, arrived in this city tonight from Halifax, to which Canadian city it was brought from England. Guarded by forty armed men, the special train carrying the gold and securities left Halifax yesterday and crossed the border late last night.

The shipment, which is consigned to J. P. Morgan & Company, the financial agents of the British government in this country, included 11,850,000 English gold sovereigns, equivalent to about \$58,000,000, and \$7,850,000 in United States gold coin, and securities valued at \$14,000,000. The total value exceeds by \$30,000,000 either of the previous shipments.

It was announced that the six steel cars would remain sealed until early tomorrow, when the gold will be taken to the sub-treasury here. Automobile trucks, guarded by armed men and mounted police, will carry the gold and securities through the city.

It was expected the gold would not be within the treasury vaults until much before noon tomorrow.

The first large shipment of gold and securities to strengthen the British credit in this country was received here August 12, and consisted of about \$19,500,000 in gold and \$30,000,000 in securities. Nearly \$20,000,000 in gold and securities, worth about \$25,000,000, comprised the second shipment, which arrived August 29. In each case the gold and securities were carried to Halifax by ship, and there put on board a special train for New York.

### MAJ. BARRE DID SPLENDID WORK

When Hesperian was Torpedoed—The List of Wounded Officers and Men Aboard Ill-Fated Allan Liner.

Special to The Standard.  
Ottawa, Sept. 7.—Sir Thomas Shaughnessy, president of the C.P.R., forwarded to General Sir Sam Hughes a cable message from Captain Main of the Hesperian, stating that Major H. Barre had done splendid work in aiding the officers of the ship when she was torpedoed. General Hughes replied that Major Barre's conduct was only in keeping with his splendid services at the front.

Following is the list of officers and men who were returning on the Hesperian: Major H. Barre, 14th Batt.; Maj. P. A. Guthrie, 10th Batt.; Lieut. H. Quintal, 14th; H. Maxwell, Scott, 15th; S. A. Dion, 3rd; Geo. Rothnie, J. R. Reilly, 4th; Capt. R. C. G. Geggie, Depot Co. A.M.C.; Capt. P. J. Stern, 1st C.D.A.C.; Capt. A. W. Morley, 8th Batt.; Lt. Col. Buell, 4th; Quartermaster Sgt. G. T. E. Martin, subordinate staff headquarters; Lieut. Col. Allan, 20th; Lieut. R. W. F. Jones, 2nd; Lt. Stavelle, 4th Batt.; Lance Corp. A. Nourse, 11th; Privates Abercrombie, 15th; S. K. Kavanagh, 11th; Corp. T. Abrams, 11th; Pte. W. H. Elliott, 49th; Pte. A. M. Ross, J. Holland, 25th; P. Greaves, Eaton Battery; C. Lingsley, 15th; A. Belanger, 12th; P. Gauther, 23rd; J. A. Horroby, Reserve Artillery; E. Stevens, A. Senior, S. Hicks, G. Rabbit, J. Collins, Blackwood, all of the 9th Battalion, Bugler A. Royle, 30th Batt.; H. W. Eames, P. Williams, T. Banton, W. Ribbons, all of the 20th; G. Mokley, 12th Batt.; Privates J. Devlin, 24th Batt.; H. J. McAllister, 30th Batt.; E. N. Mayer, P. Dolan, both of the 23rd Batt.; S. Bentley, 22nd Batt.; D. J. Campbell, M. L. Eadley, both of the 9th; H. H. Shaw, 30th; Sergt. A. Harriman, 15th; Sergt. E. McKnight, 12th; S. L. Chambers, 9th Batt., and Sergt. D. B. Campbell.

"Prince Ernst," says the despatch "had to listen to a string of complaints and reproaches. The Sultan (said Germany with indifference to the fate of the Ottoman Empire, which he said had been abandoned by its allies, bereft of munitions and money, and was sustaining single-handed the desperate and unequal struggle in the Dardanelles and the Caucasus, whereas Emperor William had promised to come to Turkey's aid."

"Prince Lauenburg, completely taken aback by the Sultan's outspokenness, replied that German action in the Balkans had been delayed because the central powers had had to devote their main strength to the eastern front."

### SULTAN SAYS TURKEY'S ALLIES FAILED HER

Taxes Germany With Indifference to Fate of Ottoman Empire by Throwing Whole Burden of Dardanelles Struggle on Turkey.

London, Sept. 8.—The Times' Mylone correspondent, in a despatch printed today, gives what he claims are the particulars of the first visit of Prince Ernst, Hohenzollern-Langenburg, acting German ambassador to Turkey, to the Sultan in Constantinople August 10.

"Prince Ernst," says the despatch "had to listen to a string of complaints and reproaches. The Sultan (said Germany with indifference to the fate of the Ottoman Empire, which he said had been abandoned by its allies, bereft of munitions and money, and was sustaining single-handed the desperate and unequal struggle in the Dardanelles and the Caucasus, whereas Emperor William had promised to come to Turkey's aid."

"Prince Lauenburg, completely taken aback by the Sultan's outspokenness, replied that German action in the Balkans had been delayed because the central powers had had to devote their main strength to the eastern front."

### FIRST CABINET MEETING SINCE THE PREMIER'S RETURN

Special to The Standard.  
Ottawa, Sept. 7.—The cabinet met for several hours today, this being the first session since the Prime Minister's return from England. Sir Robert afterwards stated that he had no announcement to make. It is understood that there was a general discussion of matters relating to the war, and that many routine matters of a pressing nature were put through.

divulged by a German prisoner, whose story was that an attempt would be made against the elevator.

### PRISONER REVEALS PLOT TO DESTROY CANADA'S HARVEST

London, Sept. 7.—A French soldier passing through London, tells of a German-American plot to destroy the Canadian harvest. This, he said, was

# CZAR TAKES COMMAND OF RUSSIAN ARMIES

### Announces Fact in Message to Gen. Joffre—Not Stated if Grand Duke is to be Superseded—Severe Criticism Lately of Conduct of the War by Russian Authorities.

Paris, Sept. 7.—In a message to President Poincaré, Emperor Nicholas has announced that he has placed himself in command of all the Russian armies. Since the outbreak of the war Grand Duke Nicholas, cousin of Emperor Nicholas, has been in command of the armies of Russia.

It is clear whether Grand Duke Nicholas has been superseded by the Emperor. During the last few weeks there has been severe criticism of the conduct of the war by the Russian authorities. The minister of war, Gen. Soukhomlinov, resigned and the formation of a coalition government has been under discussion. The source of dissatisfaction, however, has been principally the inadequate supply of munitions of war, and so far as the cable despatches from Russia have shown, there has been no criticism of the Grand Duke in this connection.

## GREAT BRITAIN LIFTS BAN ON LIVE CATTLE

### Will be admitted if intended for slaughter at port of landing—Big drop in price of beef expected.

London, Sept. 7.—Live cattle intended for slaughter at the port of landing will be admitted to England beginning Sept. 21, thus abrogating the prohibitory order issued by the Board of Trade more than five years ago.

## CODY'S

Cody, Sept. 3.—Mr. Rupert Perry, who has spent the past year in the west, has returned home and is the guest of his father, Mr. Frederick Perry.

## PLASTER ROCK

School was reopened last week by the Principal, Miss Coates, assisted by the Misses Ross and Coy teachers of intermediate and primary departments.

## PROMINENT YARMOUTH MAN DIES IN BOSTON

Wm. Henry McKerson, engaged in fishing industry, dies as result of accident sustained few months ago.

## UPHAM

Upham, Sept. 6.—School opened here on Monday with Miss Fairweather in charge.

## HOPEWELL HILL

Hopewell Hill, Sept. 4.—At the first meeting of the quarterly official board of the Methodist church held Tuesday afternoon at Albert the following officers were elected for the coming year.

## MONCTON HAS \$50,000 FIRE

### Wooden Block Wiped Out—Fire Started in Livery Stable—Eight Horses Burned to Death.

Moncton, N. B., Sept. 7.—During the early hours of this morning Moncton was visited by a serious conflagration which started in the Moncton livery stable on Mechanic street and spread with such incredible rapidity that within a short time a large block of wooden buildings with eight horses and other valuable contents had been destroyed with an estimated property loss of over fifty thousand dollars.

For a time it was feared that portion of the city east of the fire zone would be destroyed as a high wind prevailed at the time. Good work by the firemen, however, prevented the fire spreading east of Marks carriage factory. The conflagration had its origin in Moncton livery stables, formerly owned by L. H. Heade and eight horses were burned. The estimated losses follow:

Curling rink, \$6,000; insurance, \$4,000. Marks carriage factory building and stock, \$10,000; insurance, \$3,400. No. 1 fire station, sheds and contents, \$12,000; insurance, \$9,750. Tramway Company warehouse, loss \$5,000; no insurance.

King Edward Hotel, Duke street, damage \$1,500, covered by insurance. Ambrose Lezere, furniture in King Edward Hotel, \$1,000 loss. Thomas McAllister loss on furniture, \$500.

N. B. Telephone Company, loss \$300 on Hillside LeBlanc, loss \$430. Equipment loss in livery stable estimated at \$5,000 with some insurance.

The total property loss is about fifty thousand with insurance of about \$20,000.

## THE VAST WEALTH CANADA'S FISHERIES REPRESENT

### Fisheries Day at Toronto Exhibition—Hon. Mr. Hazen in Interesting Address Gives Hearers Wealth of Valuable Information About This Great Industry Which His Department is Doing So Much to Develop.

The first Fisheries Day in the history of the Canadian National Exhibition was officially observed on Friday of last week and was most successful. One of the features of the day was an address by Hon. J. D. Hazen, Minister of Marine and Fisheries. The Toronto World of Saturday morning last publishes the following report of Hon. Mr. Hazen's address.

Fisheries Day at the Canadian National Exhibition brought another big crowd to the grounds. National sentiment and public approval are this year backing the fair in a manner almost unexampled. The fact that the British Empire is at war touched, was dealt with in detail by Hon. J. D. Hazen in his address to the directors, and their guests at luncheon. The streams, rivers and lakes abound in fish. The 3,000 miles of coast line, with its cooves and inlets, provides rich fishing places in quality and quantity. The safety provided by these makes the occupation less hazardous.

These points were brought out to stimulate Canadians, and when a great natural resource is linked up with a desire to serve something but success can be the outcome.

If Canadians needed a demonstration as to what they have to fight for, they received it yesterday. It was brought home in a profound way what would be the great loss should a conquering power wrest it from the British Empire. Ninety-four thousand people find employment throughout the Dominion in its fisheries. The annual income at the present time is between \$31,000,000 and \$34,000,000. There is today an investment of \$24,500,000 in the industry. These facts give a slight idea of what the fishing industry in Canada means.

The Sunday School committees appointed at Hopewell Hill were Mrs. Howard Stevens and Everett Newcomb. At Albert, Mrs. Clifford Atkinson, Mrs. Ezra Barbour and Miss Gertrude Smith.

Charles Barbour, Elijah Fullerton, of Albert and Fred G. Moore of Hopewell Hill were appointed as a committee for Hopewell Hill and Albert for temperance and moral reform.

## SIR MONTAGUE ALLEN ACCEPTS PRESIDENCY OF PENSIONS' CLAIMS BOARD

London, Sept. 7.—Sir Montague Allen has accepted the position of president of the Pensions Claims Board.

Lady Allan has taken up her residence at Folkestone. Major Maurice Alexander, field cashier of the Canadian troops, will probably join the board.

Charged with Assault. John Keith was taken in charge last evening on Pond street by the police on a charge laid by Morris Gordon, who states that Keith assaulted him. Keith is now at the central police station and the case will come up before the magistrate this morning.

Yesterday's meeting of the round table conference on the subject of the fishing industry was a most interesting discussion of the various speeches, given and are still to be read by the man on the spot, the words of the speaker who are in a position to know whether these meetings are of any value.

The answer to the question of whether it was felt that in this time of war it was not a duty towards the Empire to do what was in the power of the individual to do for his country in the way of the fishing industry was given by the speaker.

It is of the utmost importance at such a time that the people should be speedily informed of the excellence of fish as a food and of the facilities now available it is quite practicable to lay fish of all kinds down in any part of the country. There seems to be a widespread opinion that fish is not a nourishing food and that consequently it may not repay the cost of the fisherman's strength. The sooner this impression is dispelled the better.

## HALIFAX EXHIBITION

Special Fares via Canadian Government Railways. Round trip tickets will be sold, plus 25c. for admission coupon, from all stations in New Brunswick at first class one way fare, good going Sept. 7 to 15th inclusive; good for return until Sept 17th.

## Imperial Queen of All Filmdom SWEET MARY PICKFORD

"FANCHON THE CRICKET" Five Reels of Absolute Heart-Case. MARY PICKFORD, the world's foremost motion picture star, is utterly fascinating in the role of Fanchon, a mischievous imp of a girl, the score and by-word of the village, who, under the subtle influence of love, gradually develops a goodness of disposition and a general best toward vicious principles whereby she eventually gains the heart of the man she loves, and triumphs gloriously over the env, hatred and uncharitableness of the rustic community of which she had been a despised and rejected member.

# THE KING AND KITCHENER AT SHORNCLIFFE

## MEETINGS HELP TO STIMULATE RECRUITING

Committee feels that campaign is highly successful—Other plans.

Yesterday's meeting of the recruiting committee resolved itself into a round table conference on the psychology of the crowd. There was an interesting discussion on how and where the various speeches, which have been given and are still to be heard, affect the man on the street, whether the words of the speakers appeal to those who are in a position to enlist, and whether these meetings are doing any good.

The answer to the discussion was very decidedly in the affirmative. It was felt that in this campaign the matter of influencing a man to decide as to his duty towards his country depends, to a marked extent, upon his own capacity to appreciate to his own use the information which is placed before him. It is believed that this decision is up to the individual, and that all the speakers can do is to point out to those who hear the conditions under which the stipends of the Empire is required. The truth thus expounded must of necessity work its own effect on the minds of the men. Whether they shall come forward or not is a matter of personal conviction, and they should be left to make the decision for themselves. At the same time it is believed that by presenting actual conditions in the clearest possible manner, and at the most frequent opportunities, there may be created an influence which will in time make the decision for themselves. Where such chances are not afforded. Therefore, while the present recruiting campaign has not, to the present, produced an excessive number of men for service, it should not be regarded as otherwise than entirely successful, for it is implanting in the minds of the men the thought that they must serve their country in whatever capacity they are able to do so.

The suggestion to hold indoor meetings after those on the square was also brought up, and the opinion expressed that there would be no difficulty in securing audiences for those who felt the least bit of interest in the matter of recruiting would follow the speakers to learn everything possible of the situation. This feeling it was which induced the committee to promote last evening's after meeting in the Imperial theatre. Arrangements have been made for other indoor meetings this week, the programmes of which are announced elsewhere.

### OBITUARY.

**Willard Milburn**  
Hopewell Hill, Sept. 7.—The death occurred on Sunday evening of Willard Milburn of Mountville. Mr. Milburn had been suffering with heart trouble for the past three weeks but on Sunday seemed to be better than usual and ate heartily with his family at the midday meal. After retiring about ten o'clock one of his family noticed ten minutes later he was breathing heavily and called others of the household and in a very short time life was extinct. He is survived by his wife and seven children, three daughters and four sons, one of the latter absent on the harvesters' excursion. Three sisters and one brother also survive. Mrs. Wilmet Cochrane of Curryville, Mrs. Ainsley Steeves of Moncton, Miss Jane Milburn of Curryville and Assa Milburn, also residing in the latter place. The funeral will be held today from his residence. Services will be conducted by Rev. Harry Pierce of Surrey at the house and cemetery in Curryville, where interment will take place.

**Jeremiah Kennedy.**  
Jeremiah Kennedy, of Brussels street, a mason in the employ of Contractor William Cain, was found dead about nine o'clock yesterday morning at the back of the Cathedral, Waterloo street, where he had been building a brick wall. Mr. Kennedy, who was about 58 years old, had been in ill-health for the past two years, but, feeling qualified to work, asked Contractor Cain for a job this morning. The unfortunate man was set to work on the wall, and was alone when found, he was lying on his back and conditions showed that death must have been instantaneous. The body was removed to Fitzpatrick's undertaking rooms and prepared for burial. Besides his wife, he leaves three sons and two daughters to mourn their father's loss.

**William Givan.**  
Word has been received in the city of the death of William Givan, a former resident of the city, as the result of an automobile accident, in Everett, Mass. No particulars have been received, further than that he had left his home in Everett and was going along the road when he was struck by an automobile, and lived only a short time after.

He was well known around St. John, and was a popular man in the City.

## KING GEORGE AND KITCHENER GREATLY PLEASED WITH CANADIANS AT SHORNCLIFFE

SPECIAL TO THE STANDARD  
Ottawa, Ont., Sept. 7.—Sir Robert Borden today received the following cable from Sir George Perley, Canadian High Commissioner in London:

"Very happy to know you and your party have had quick and safe voyage. Have just returned from inspection by the King of Canadian troops at Shorncliffe. We were all justly proud of our men and the King and Lord Kitchener both expressed their great admiration for their fine physique and soldierly appearance."

London, Sept. 7.—Addressing the Canadian Cavalry Brigade recently, Field Marshal French commended Canada for showing a magnificent example to Empire volunteering, and also acknowledged the good work done by the brigade. He was anxious to see the brigade mounted, in order to see what fine cavalry soldiers they were. In thanking Col. Seely and the brigade for the work done, he expressed the belief that their record would go down to posterity as one of the most splendid in British history.

## OFFER OF HARTLAND PEOPLE TO PRESENT A MACHINE GUN ACCEPTED

Hartland, N. B., Sept. 3.—The following letter from the Acting Minister of Militia to M. L. Hayward, secretary-treasurer of the machine gun fund, should be sufficient to clear up any doubts regarding the disposition of moneys collected for the purchase of machine guns, either here or in other places where the movement has been started. Ministers office, Ottawa, 31st August, 1915.

Dear Sir:— Answering your favor of the 27th instant, the government will gratefully accept the contribution of the people of Hartland for the purchase of a machine gun. We are suggesting to donors of machine guns that they forward the money subscribed to this department who will arrange the purchase of a gun and credit the donors with the gift. To provide the many gifts the public are making, the government has placed an order for Lewis machine guns of the latest type, which cost \$1,000 each, and delivery is expected the latter part of October or the beginning of November.

Thanking you for your patriotic endeavor, Believe me, Yours faithfully, JAMES A. LOFGHEED, Acting Minister. M. L. Hayward, Esq., Barrister, etc., Hartland, N. B.

## W.C.T.U. EXECUTIVE NAMES COMMITTEES

Newcastle, Sept. 7.—Executive W. C. T. U. met last evening, the president, Mrs. MacWha, presiding. The following committees were appointed: Credentials, Mrs. J. L. Eagles and Mrs. J. S. Perry; greetings and courtesies, Mrs. A. G. Adams, Mrs. J. W. Miller, Mrs. John Patterson; finance, Mrs. A. C. M. Lanson, Mrs. H. H. Coleman, Mrs. T. A. Clarke, Mrs. J. S. Perry; resolutions, Mrs. L. R. Hetherington; plan of work, Mrs. J. Seymour; press, corresponding secretary, The White Ribbon Bulletin report says: The White Ribbon Bulletin has more than doubled its subscribers in New Brunswick and Prince Edward Island since last year's convention report.

The following delegates are from St. John attending the W.C.T.U. convention which opens here this morning: St. John—Mrs. Christie, Mrs. E. S. Henniger, Mrs. J. Seymour, Mrs. J. Patterson, Mrs. J. L. Eagles, Fairville—Mrs. O. D. Hanson, Mrs. Mabel Bonnell. Woodstock—Mrs. Arthur Delong, Mrs. B. Potter. Hartland—Mrs. A. Plummer, Mrs. T. Simms. Cambridge—Mrs. D. Wilson, Mrs. Geo. E. White. Perth—Mrs. Bertie Baird.

**DAUGHTER OF KINGSTON, ONT. MINISTER SURVIVOR OF HESPERIAN DISASTER**  
Kingston, Ont., Sept. 7.—Rev. R. E. Fornier received a cablegram this morning stating that his daughter, Miss Robinson, had been a passenger on the steamship Hesperian and that she had been saved. She is now at Queenstown. She left with the Queens University stationary hospital and was on her way home on furiously. Cornet Band, and later took an important part in the management of the Everett band. He was about 32 years old, and was the son of Margaret and the late Wm. Givan. His mother resides in Boston, and was intending to leave for a visit to St. John on Sunday night, when the news of her son's death came, and she was prostrated by the news. Two uncles and two aunts of the man live in St. John. The uncles are Joseph and Patrick Martin, and the aunts are Emma and Tilley Martin. He was known by a wide circle of friends, and the news of his death will be heard with deep regret by many.

## A CHANCE TO ASSIST ARMY SERVICE CORPS

St. John Company needs many things which citizens may supply.

Friends of No. 5 Co. Canadian Army Service Corps—would you like to send them something that would be of use to them in their going to the front? They are almost entirely St. John boys. They are commanded by the most part by St. John men as officers. Their name stands for remembrance of the excellent record they enjoyed as soldiers while quartered here last winter, and the reputation they sustained as a body of volunteers of which any city might well be proud.

Soon they will be going to the front. It is not known when. It may be this week and it may not be for a month or two, but the certainty is that they are going. While the men are well fed, it is recognized that their rations do not include the dainties and delicacies to which they have been accustomed at home, nor are they supplied with various other articles which are not in the class of luxuries, but practically amount to necessities. These are expected to be secured elsewhere than from the government. If the men want them, need them, was impressed upon the women of St. John last week by Miss Arnold, Canadian Field Commission, in her address before the Women's Canadian Club.

Socks and tobacco head the list of articles in the soldiers' comfort category, followed by sweets, cakes, cocoa, wax candles, writing paper, pencils, postage stamps, soap, towels, vaseline, oxi-bones, and a variety of other things, including wristlets with thumbs, which Miss Arnold says are very useful articles and badly needed. It is planned to send forward to Major McKean, through the Soldiers' Comfort Commission, any contributions of such articles as mentioned for the use of the men when they go to the front. The shipment being planned for about November 1. Citizens desiring to help in making a generous gift of comforts for the men of No. 5 Co. can send their donations to Mrs. D. B. Pidgeon, at her apartments, 12 Chipman Hill. The appeal being made for comforts for these volunteers comes entirely from their friends at home. They have made no criticism upon their families, and returned recently to their overseas, being content with the soldiers' lot, but those at home feel that the men in the uniform of that corps would feel themselves more in the minds and hearts of those left behind if some such action as suggested could be successfully executed, and it is their belief that it will find hearty support.

## WEDDINGS.

**Girvan-Wilson.**  
The home of Mrs. Elizabeth Wilson, Olive street, West Side, was the scene of a pretty nuptial event on Saturday afternoon at 4:30 when Mrs. Wilson's daughter, Miss Gladys E., was united in marriage to Edward C. Girvan, salesman for Messrs. Waterbury & Rising. Rev. Dr. J. A. Morrison, pastor of the Carleton Presbyterian church, performed the marriage ceremony, which was witnessed only by immediate friends and relatives of the bride and groom. The house was prettily decorated for the occasion with smilax and sweet peas. The bride, who was dressed in white silk with tall, brown travelling suit, wearing a hat of corresponding shade and carrying a beautiful shower bouquet of white roses. Mr. and Mrs. Girvan left on a honeymoon vacation to Boston and returning will reside at 2 Olive street, St. John West. Both bride and groom are very popular, the bride being organist in the Carleton Presbyterian church and the groom being a member of St. David's choir. The presents received were extensive and beautiful, consisting of cut glass, china and table ware, among them being a handsome electric reading lamp from the staff of Messrs. Waterbury & Rising. Dunfield-Vicknell.

**Anagnan, N. B., Sept. 6.**—A quiet but pretty event took place here Thursday afternoon at 4:30 o'clock at the beautiful home of R. C. Dunfield, when Miss Frances Vicknell became the charming bride of Harry Dunfield. The couple were unattended. The bride was gowned in white silk with pearl trimmings. Only a few of the friends of the contracting parties were present. The nuptial knot was tied by the Rev. Mr. Addison of Pettitodick. The bride and groom are prominent in society and church work at this place. A number of valuable presents were received. The groom is a brother of Major Dunfield, now with the 25th Battalion, J. H. Dunfield of John E. Moore Lumber Co. is another brother. Mr. and Mrs. Dunfield's many friends extend to them best wishes for a long and happy married life.

## YOUR PRINTING

**Mr. Business Man,**  
Quality and quick service are the two great essentials you demand. We are equipped to furnish you with both. Phone Today Main 1910

**The Standard Job Printing Co.**

## Interesting Contest For Boys and Girls

WATCHES AS PRIZES

- The following are a list of words which have had some letters taken from one or both ends, can you supply the missing letters? If so, complete the words in the space provided, attach three coupons to same and address not later than September 15th, 1915, to:
- UNCLE DICK, THE STANDARD, ST. JOHN, N. B.
- To the boy or girl who sends me in the most correct list, the longer the words the better chance, I shall award a BEAUTIFUL WATCH.
- .....aritim.....
  - .....oderatio.....
  - .....ilwa.....
  - .....oos.....
  - .....laim.....
  - .....rovinc.....
  - .....ratulat.....
  - .....nograph.....
  - .....applica.....
  - .....sortmen.....
  - .....ransport.....
  - .....ndar.....

For example the first word might be "maritime," but possibly you may be able to find a longer one. In the event of a tie, neatness of writing will be taken into consideration.

## CANVAS OF CITY FOR PATRIOTIC AUCTION COMMENCES TODAY

Country districts visited later; executive offices opened; campaign gets encouraging start for that \$50,000.

Canvassing begins today in the interests of the big \$50,000 patriotic auction. If members of the committee of the Daughters of the Empire do not call upon you at your house or place of business today, you may be sure that they will do so within the next few days. Will you have your mind fixed as to what form your donation will take—cash or goods? And will you give them a generous receipt? The object of the auction must by this time be familiar to all—it is hoped by the executive in charge, representatives of the Daughters of the Empire, Knights of Columbus, Rotary Club and the Order of Elks, to secure in one week, October 4 to October 9, the magnificent sum of \$50,000 for the patriotic fund. What will your share in the movement be?

As has before been said, anything of saleable value may be given in goods, while donations of cash will be also most acceptable. Already a fine spirit of patriotic generosity is being manifested. "Are you one of the only patriotic auction workers?" a member of the committee was asked yesterday by a well-known King street merchant, and on being answered in the affirmative, the dealer said: "Well, I think it is a great scheme. It is certain of success," and before the two parted the dealer had promised a handsome and valuable set of furs as part of his contribution towards the general stock-in-trade for the auction. Donation slips will be kept by all canvassers. Each receiving a promise of a gift, duplicate copies of the slip will be made, one given to the contributor, the other kept by the committee member and recorded in the offices of the general executive opened yesterday under the direction of H. A. Porter at 131 Prince William street. Thus a check will be made of the promises of gifts, and when the time comes for delivery, toward the latter part of the month, the committee will know what class of goods to expect, from what source, what quantity, etc., and be the better prepared for its proper arrangement for sale, when St. Andrew's Rink is thrown open for the most pretentious event of its kind ever conducted in this city or province.

The English mail this week will close at five o'clock today instead of Thursday as usual.

## TO PUT ON FLESH AND INCREASE WEIGHT

GOOD ADVICE FOR THIN PEOPLE. "I'd certainly give most anything to be able to gain a few pounds and stay that way," declare many thin men and women. Such a result is usually not impossible despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat and flesh making food elements must be so prepared in the digestive processes that the blood will accept and distribute them throughout the body. There is a preparation called Sargol, which works on this basis and which is sold by nearly every druggist on a positive guarantee of weight increase or money back. Hundreds have testified to weight increase from its use.

Sargol does not of itself make fat but is simply a combination of ingredients of acknowledged merit that, taken with meals serves to better enable the digestive organs to separate the fattening elements of the food and to prepare them in a form which the blood can readily absorb. Sargol comes in tablet form, is pleasant and easy to take and its action is perfectly natural and harmless. Sargol is sold by all druggists everywhere who are authorized to refund the full purchase price if weight increase is not obtained.

NOTE—Sargol is recommended only as a flesh builder and while it has produced excellent results in cases of nervous indigestion and general stomach disorders care should be taken by those using it who do not want to increase weight.

## STEAM BOILERS

The following new "Matheson" built boilers, are on hand at our works, and are offered for immediate shipment:—  
2—"Inclined" type on skids, 50 h. p.  
1—Locomotive type on skids, 20 h. p.  
Also "Used."  
1—Return Tubular type .40 h. p.  
Complete details and prices will be mailed upon request.

# The St. John Standard

Published by The Standard Limited, 82 Prince William street, St. John, N. B., Canada.

H. V. MacKINNON, Managing Editor. ALFRED E. MCGINLEY, Editor. United States Representatives: Henry DeClerque, Chicago, Ill. Louis Klebahn, New York. British Representative: Frederick A. Smith, 29 Ludgate Hill, London, E. C.

ST. JOHN, N. B., WEDNESDAY, SEPTEMBER 8, 1915.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved"—H. M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

### "TOO MUCH POLITICS."

The St. Andrews Beacon, in discussing the address made by Hon. George Clarke before the Union of New Brunswick Municipalities, in Fredericton, is inclined to criticise the Premier for his statement that there is "too much politics" in New Brunswick, and the Times sleepily reproduces the criticism with the note that the editor of the St. Andrews Beacon is a "strong Conservative" and "has no axe to grind." The first statement is an admission from the Times that the editor of the Beacon is a sensible man, and the second that he is in a position to approach the consideration of weighty matters free and untrammelled by any considerations of the box office. Just what an advantage this is to a newspaper editor the gentleman in the Times office can testify from past experience—true, a long time past, but undoubtedly still held in fragmentary memory.

But, admitting the mentality and independence of the Beacon editor, was he quite fair when he scored Premier Clarke for the statement that there is "too much politics" in New Brunswick? Was not the Premier absolutely correct in his appraisal of conditions? Is it not a fact that there is a lamentable tendency on the part of the partisan Grit press to withhold credit from the Clarke Government for really excellent administration of the affairs of this province, simply because the newspapers criticising it represent a political party which was practically swept out of existence in the last election? It is to the interest of the gentlemen behind those papers to replace the Clarke Government by a set of men allied with their own political party and for that their editorial employes are prepared to withhold credit where credit is due and apply censure without good reason.

Their activity in this line is not confined to provincial affairs. Readers of those newspapers are familiar with the outcry in which they indulged when the Canadian boot charges were first made—they applied censure where it was not due. Yet, when the evidence showed that only one-half of one per cent. of all the boots supplied to the Canadian soldiers were defective, when those same soldiers wrote from the trenches that the Canadian boot was in every way superior to that supplied by the British Government, those newspapers took no steps to correct the misrepresentations they originally made. They permitted the untruth to go to the country without correction. Was not that very fact evidence of the truth of Hon. Mr. Clarke's statement as far as their treatment of public questions is concerned?

And again, the Canadian Minister of Militia and Defence in the work of organizing and equipping the Canadian contingents performed his task so well as to merit and receive the commendation of His Majesty King George. It was easier for Sir Sam Hughes to win from the Empire's Sovereign the proud title of Knight Commander of the Bath than to secure one word of praise or congratulation from the Telegraph or Times. If the recipient of the King's honor had been a Liberal those newspapers could not have found type large enough to tell of his virtues. Being a Conservative, his success was passed over as slightly as possible. One more case of "too much politics"?

Returning to the affairs of the Clarke Government we find the Telegraph and Times following out the same old policy. That government can do nothing good, can accomplish nothing worth while because it is Conservative. If it could be replaced by a Liberal administration it would at once assume all the virtues, even though the change would entail upon the people a return to the period of the school-book ring, the Central Railway steal and the suspense accounts, to the neglect of the public services, to rotten bridges and tree-choked roads, and to the general conditions of incompetence and graft marking the regime of what the Telegraph and Times came to call the "Pugsley-Robinson plunderband." Is the editor of the St. Andrews Beacon, a "strong Conservative" and a man "who has no axe

to grind," prepared to assist the Telegraph and Times which, of a certainty, have axes to grind, in their campaign to bring a return of conditions which they themselves condemned when it was their "political policy" to do so? If he has no axe of his own is he not turning the grindstone for them?

### THE CANADIAN FISHERIES.

Hon. J. D. Hazen is to be heartily congratulated upon the very great measure of success attending his efforts to develop and stimulate interest in the Canadian fisheries. It was through his interest in the fishing industry that the Canadian fisheries exhibits were initiated at the National Exhibition in Toronto, the greatest annual institution of its kind in the world, and the popular appreciation of the exhibits last year was so pronounced that the management of the Fair has decided to make Fisheries Day one of its established features hereafter.

The first Fisheries Day was observed on Friday of last week, and The Standard, this morning, republishes an address delivered by Hon. Mr. Hazen on that occasion. The Minister has made a study of this great Canadian resource and has lost no opportunity of bringing the advantage of fish as a staple food to the attention of Canadians. Largely as the result of his efforts in this direction facilities for delivering the product of Canada's rivers, lakes and coast waters have been greatly improved, until now dwellers in the interior of Canada can obtain at reasonable cost, supplies of fresh fish for the table.

The work to which Hon. Mr. Hazen has devoted so much attention will be of value not only to the men engaged in the fishing industry but to every Canadian, inasmuch as it will aid in placing at their disposal a palatable and nutritious article of food which should play a larger part in the daily menu. It should also be an important factor in solving the problem of the cost of living as fish not only possesses a food value equal to that of meat but is appreciably cheaper. Hon. Mr. Hazen has done excellent service in every division of the department entrusted to his care but in no case has his work been of greater value to the people of Canada than in the campaign he is now so successfully conducting to stimulate and develop the Canadian fisheries.

### THE RECRUITING CAMPAIGN.

Results were more than satisfactory yesterday in the campaign for recruiting the 64th battalion in this city and it is now believed little difficulty will be experienced in filling the ranks of the 64th and the next unit to go forward. Speakers at last night's meeting in King Square brought the need of the hour forcibly home to hundreds of young men in the large audience present and there is no doubt that the results will be even better than at present indicated.

It is sincerely to be hoped that this will be the case, for the need for men to fight the battles of the Empire was never greater than at this moment. The next six or eight months will provide the critical period of the war. In that time the success or failure of the plans to free the world from the thralldom of Prussian militarism will be determined. If the young men of this city and province desire to embrace the opportunity of aiding in such a glorious cause they should not delay. They have had sufficient time in which to think it over and the demand now is for action. If our young men intend to live up to the traditions of their city and their ancestors their place is in the recruiting office. There can be no further excuse for shirking a duty that by now must be very apparent to every man of fighting age.

Kingston, Sept. 7.—On Sept. 15th the first course of cookery will be opened at Barriehfield Camp under the instruction of Sergt. Major Korrison of the Royal Military College, formerly of the British permanent forces. Twenty men have already been taken on for the course from different parts of Canada.

## NINETEEN MEN WERE ENLISTED YESTERDAY

Fine meetings last night showed good results — The speakers.

Word was received in the city last evening through Col. B. R. Armstrong, commander of the 3rd Garrison Artillery, and local recruiting officer, that Col. Campbell, officer commanding 64th Battalion, had received instructions from militia headquarters to continue recruiting as long as he could get the men to come forward. There will be no limit to the number of men required, and the recruiting officers are instructed to take every man who is physically fit. The supply of men needed is unlimited and recruiting will be carried on indefinitely. There is no possible doubt that the 64th Battalion will be recruited up to strength in a few days if the men continue to come in, but the militia authorities want more men. After the 64th will come other regiments, and after that, still other regiments, and as long as the men continue to come in recruiting will be carried on. The mobilization point will be Sussex, and the men taken on will go as infantry. No other branch of the service will be organized.

Another large recruiting meeting was held last evening in King Square and fully two thousand people were crowded around the platform and marquee, listening to the excellent speeches made by returned heroes and others who have enlisted for foreign service. The results obtained from last evening's meeting and those held previously were most encouraging to the citizens' committee. In all nineteen young men signed the honor roll of the 64th Battalion during the day and enlisted for service abroad. The meeting last night was presided over by E. A. Schofield, and the speakers were Rev. Dr. Morrison, John Nuttall, who has two sons at present in France, Lieut. Brooks, of the 50th Battalion; Rev. M. E. Connor, who has enlisted as a stretcher bearer; Capt. H. H. Smith, of the Royal Canadian Grenadiers and Sergeants; N. Knight, of the 1st Gordon Highlanders. The Temple band was present and played several selections on the King Edward band stand.

After the open air meeting another was held in the Imperial theatre for the men only, and here Sergt. N. Knight was again the speaker. The theatre was well filled, and those who heard Sergt. Knight were impressed with the facts that he laid before them. So enthusiastic was the meeting that when the call for recruits was made thirty men jumped from their seats and signified their intention of joining the colors. Recruiting officers and medical examiners were on hand and six of these successfully passed all physical tests and became members of the 64th Battalion. The names are: William Pevey, Birmingham, England; Harold Clifford James, Moncton, N. B.; F. J. Northrup, St. John; J. Crummev, St. John; John Cook, St. John; Patrick McCort, St. John.

Those who signed on during the day and last evening are as follows: Ernest Chesley Coates, St. John; B. G. H. Gomme, Georgetown, Demerara; James Howard Clifford, Moncton; Benjamin Adams, Gaspé, Que.; George Moses Fountain, Buffalo, N. Y.; Freeman LeRoy Gardner, St. John; Cecil Howard Bainter, Moncton; John Harding, St. John; John Miller, Bathurst; Herbert Taylor, John P. McGinley, Freeland K. Devunne, St. John; Abram Risher.

E. A. Schofield in opening the meeting on the square last evening, made several announcements. On Wednesday night a grand indoor meeting will be held in St. Andrew's Rink. The first speaker introduced was John Nuttall, who said: I did not have to tell my boys to go, they went of their own accord. Born in the Old Country, married in St. John, my boys are real thoroughbred Canadians and they have gone across the water to do their little bit. Tonight I see around me many mothers and fathers who have done exactly as I have done. They have sacrificed their sons in order that they might fight for their King and country. These boys have given up splendid positions and homes.

Rev. Dr. Morrison was the next speaker. He said: "It has been asked me: Why don't I go? Let me tell you this, when this war broke out I went to the medical examiner, I told him I wanted to enlist, not as a chaplain. I have been praying and preaching for 22 years, but I want to go with a gun to shoot. The doctor told me that a man with a lung like mine that I had winter before last could not go. I heard afterwards in Halifax that there was a preacher over in St. John who when asked if he would go as a chaplain, said, no, Thank God, I can shoot. I have a brother who gave up a lucrative position in Montreal, too. I have two cousins, one a minister of the Gospel, they are both at the front."

Dr. Morrison made a strong plea for recruits and he spoke of the dreadful work of the Germans. Alexeo Thodat, a Russian, who has seen service, was also on the platform. Lieut. Brooks and Rev. M. E. Connor also spoke. Captain H. H. Smith also made a strong plea for men. Those who went forward to Sussex

### IN THE COURTS.

In the police court yesterday morning four drunks were fined \$5 or two months in jail.  
Clay Clark, arrested on the charge of assault, was remanded.

Afternoon Court  
In the Police Court yesterday afternoon several interesting cases were heard before the magistrate. Philip Troski, a coachman in the employ of William Donohue, was fined \$20 for soliciting passengers and breaking the rules at the Union Depot. He was reported about two weeks ago by I. C. R. Policeman Roberts. The case has been up before the magistrate several times and has had to be postponed, the accused failing to put in an appearance. He was allowed to go providing he pays his fine by Saturday.

The case against Captain Millar, charged with assaulting a sailor, James Verge, was allowed to stand over until Friday at twelve o'clock noon, the complainant failing to appear against him. In the meantime the police are endeavoring to locate the sailor, who on account of his injury was an inmate of the hospital for two days.  
William Webber, manager of the New Brunswick Overall and Pant Mfg. Co., was on the stand, having three

charges laid against him. He was charged with having a defective stove pipe and a barrel containing rubbish on his premises besides keeping the chains of his elevator exposed thus endangering the lives of his employees and all others in the building. He was fined \$20 which was allowed to stand providing he made the necessary changes in his establishment. If not the fine would be collected.  
John Fitzgerald was fined \$16 or four months in jail for being drunk, disorderly and creating a disturbance on Brussels street. John McGorman was given two months in jail with hard labor for being drunk. Several remands were brought into court and were further remanded.

**THE CAMPAIGN FOR PATRIOTIC FUND INCREASE**  
City divided into sections and people will be asked to make monthly contributions.

The simultaneous campaign in favor of the Patriotic Fund which is in the hands of a representative committee of St. John men will begin if at all possible on Monday of next week. The city will be divided into a number of districts and an equal number of societies will be responsible for the collections in these sections. The organization meeting of the general committee was held at half past four o'clock yesterday afternoon in the Board of Trade rooms with Senator Thorne in the chair. Representatives were present from the Board of Trade, the Rotary Club, the Knights of Columbus and the Automobile Association. This committee had been chosen a few days ago by Mayor Frink's original patriotic committee of one hundred citizens, and for the purposes of the present campaign it has power to add to its numbers to whatever extent may be deemed necessary in view of the work to be undertaken.

**House to House Canvass.**  
It was decided on motion that the proper method of raising the necessary subscriptions for the Patriotic Fund will be by a house to house canvass of the entire city in which every one will have opportunity to contribute. And in as much as there are doubtless a great many people who would like to do something in this matter but who are not in a position to give any considerable cash contributions, it was decided as well that the plan of securing subscriptions payable monthly over a certain period should be adopted. No cash contributions will be declined but the efforts of the collectors will be towards something which will ensure to the Patriotic Fund a regular income for as long as the war lasts.

Having settled this point the com-

The Misses Greany, Pitt street, left for Halifax yesterday morning. Thomas Gorman left in the noon train Tuesday for Halifax, accompanied by his daughter, Miss Elizabeth, who will commence her studies at St. Vincent's Academy.  
Miss Nellie Lynch, Harris street, left for Halifax in the noon train, yesterday. She was taking home her sister's children, Constance and Evelyn Lewis, who were visiting here.  
Miss Scully of St. John West left yesterday for Halifax. She was accompanied by her sister, Mrs. Edward P. O'Toole of this city.  
Howard P. Robinson returned yesterday from the United States, where he has, for some weeks, been receiving medical treatment. Mr. Robinson's health is much improved.  
Mrs. Isaac Gaunce of Carletonville, Kings county, is visiting Mrs. John C. Standing, DeMonts street.

**Police Relief**  
The monthly meeting of the Police Relief Association was held yesterday afternoon in central station. Matters of routine were dealt with.

**RENEWAL LEASES AND INCINERATOR BEFORE COUNCIL**  
**Commissioner Potts Suggests That City Sell Lots or Take Over Improvements.**  
**VERY LOW LEASES**  
Site for Garbage disposal plant will be necessary soon, say Commissioners

Commissioner Russell's recommendations for renewal of leases of city lands were subjected to some questioning by Commissioner Potts, at the meeting of the city commissioners yesterday afternoon.

The first section of the report on the leases was as follows: That seven year leases be granted from May 1, 1913, to Robert L. and W. H. Howe, lot 831, Guys ward, at \$11; to Alice Parsons, lot 199, Guys ward, at \$11; and to Robert L. Adams, lot 316, Brooks ward, at \$10. The commissioner explained that the dollar lease had gone over and a year's payment had been accepted.

Commissioner Potts thought there should be a further report and he asked that the consideration be laid over till the next meeting. Commissioner Russell withdrew the resolution.

The second section of the report recommended leases as follows: For seven years from May 1, 1914, Robert H. Armstrong, lot 950, Dukes ward, at \$6, being 10 per cent advance. Frederick A. Peters the following lots in Block A, Prince ward, No. 3 at \$9.00; No. 4 at \$12.10; No. 5 at \$13.20; No. 9 at \$13.20; No. 10 at \$13.75; and part of No. 12 at \$12.00. Sarah M. Carleton, lot 888, Guys ward at \$13.20. All these were increased over the former rental.

Commissioner Potts pointed out that these lots, under rental to Mr. Peters might be needed for a site for the incinerator. He thought something would soon have to be done in that direction, and the matter of granting the leases should be left over for two weeks in order that the scheme could be looked into more closely.

Commissioner Russell objected to any delay. There was no money available in his department to purchase buildings.

Commissioner Potts pointed out that the incinerator would be needed and

**SYDNEY FIREMEN ON WAY TO CALAIS**  
Merry party visited fire stations here last night—H. S. Crane in charge.

A merry party of firemen from Sydney, C. B., arrived in the city yesterday afternoon, accompanied by a piper. They are guests at the Dufferin Hotel here and spent last evening visiting the local fire stations.

The party is in charge of H. S. Crane, agent for the Eastern Steamship Company. They will leave this morning for Calais, where they will take part in the firemen's tournament to be held in that city. Chief A. E. Sullivan is in command of the Sydney men and is accompanied by the following: C. H. B. Hillock, Frank L. Fry, H. McKenzie and wife, Dook McLean, Bob McKenzie, D. O. Callaghan, Chas. Hardt, Harry E. Vail, M. Mahar, Dan A. McQueen, John Keel, Clarence De Mont, G. Whitlock, N. Nathanson, Wm. Parmenter, Paul O'Neil, Dan McDonald, Chas. McDonald, Joseph E. McGilley, Hannon Ferguson, A. C. McDonald, J. J. Richardson, Sid. F. LeLacheur.

The question of garbage disposal would be a vital one within six months. He and Mayor Frink had been appointed to look over the situation, and he thought it might be that these lots would be wanted for that purpose.

Mayor Frink said there were nearly five acres at the foot of Broad street, and this might be available for some purpose.

Commissioner McLellan thought some action should be taken by the council in order to secure authority to take over the leases of city lands at reasonable prices.

Mayor Frink suggested that there might be some opposition to the placing of the incinerator on the site mentioned, but he had visited the incinerator in Westmount, and it was considered one of the beauty spots of that city, and was not considered objectionable.

The further consideration of the leasing of these lots was laid over with the consent of Commissioner Russell for two weeks.

Renewal leases were granted to William Baxter of one half of lot 416, Queens ward, at an annual rental of \$6, being an increase of twenty per cent over former rental. Charles H. Ellis was given a renewal of lease to lot 927, Guys ward at \$13.20 per year. Commissioner Potts moved that this lease to Mr. Baxter be not granted but that an offer be made him for the property. He said there was another part of a lot under lease to him for fifty-five cents a year. This was not seconded, however, and the lease was granted.

**CITY WATER MAINS WILL BE CLEARED OF ALL CORROSION**  
Commissioner Wigmore Given Authority to Have Work Done as Soon as Possible.

The city commissioners at the meeting yesterday afternoon gave Commissioner Wigmore permission to have the two twenty-four inch water mains leading from Little River to the Marsh Bridge cleaned at a cost of about \$4,000.

The commissioner in his report recommended that the offer of the National Water Main Cleaning Co. Inc. to clean the twenty-four inch water main, approximately 35,300 feet in length, at the rate of 11.2 cents per lineal foot be accepted and that a contract be entered into with the company accordingly.

Commissioner Wigmore explained that this company and another in Halifax were the only concerns doing this kind of work. He had secured figures from each and found the United States concern much cheaper. He presented letters and telegrams from different cities approving the work done by this company. An offer had been made previously but it was considered too high and the present figure was in the opinion of the commissioner about right.

The company agreed to restore the pipes to practically their original capacity. The pipe to be cleaned had been in use nearly fifty years.

Commissioner Potts asked if the pipe would not be worn thin but Commissioner Wigmore said pipes filled up inside rather than wearing out.

The mains from Little River into city line were to be cleaned. The amount involved would be about \$4,000.

In answer to Mayor Frink, the commissioner said only two men would be brought in. All others employed would be local men. The work will extend over a fortnight.

Mayor Frink said he thought the whole matter had been abandoned. He wanted to know if the \$4,000 could not be better expended in giving employment to men here. He thought it had been considered that as the pipes

had been in place for forty years there would be a certain amount of damages of part of pipe being blown out.

Commissioner Wigmore said the corrosion was retarding the flow of the water and with the surface smoothed out the pressure on the pipe would not be so great. He believed the corruptions would be removed without injuring the metal of the pipe.

Mayor Frink had grave doubt as to the risk to the mains which had been in place for forty years.

Commissioner Wigmore said he was going on the recommendation of Engineer Goldsmith, who had inspected the water system here. There should be 100 pounds pressure at the Marsh Bridge but it is not that now. There was about 55 pounds at the Marsh Bridge.

The resolution was seconded by Commissioner McLellan. The statement has been made here that Mr. Goldsmith had made an examination of the pipes and his recommendation should be carried out. The price before was considered rather high.

Mayor Frink pointed out that one of the mains was little better than a sewer pipe. Up till about two years ago the old main gave a great amount of trouble. "We are wasting eight million gallons a day here," said he. "Five millions gallons a day are coming in and two millions a day would be enough. Only about 35,000 people are drawing on the Loch Lomond supply. How much will the pressure be increased at Marsh Bridge?"

Commissioner McLellan said the pressure would be increased by 15 pounds if the pipes were cleaned.

The waste of water in St. John is due to lack of meters. He would not want to recommend meters on all services, but he believed that was the best plan.

Commissioner Wigmore said meters were being installed and 100 would be placed in service during this year. There was considerable waste, but meters would stop much of it.

The motion was then put and carried.

**ST. JOHN FAMILY INTERESTED IN RAID**  
Mrs. Crampton, of Brussels Street, hears of brother's children being killed.

German air raids over England have struck home to at least one St. John household. Mrs. Crampton, of Brussels street, has received a letter from her brother, Frederick Harrison, in England telling of the havoc wrought in his home during the last attack.

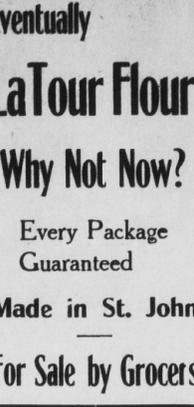

Mr. Harrison has been employed on a coal-carrying steamer supplying the navy ever since the war started, and has never yet seen a submarine, a hostile vessel of any type, or in fact any creation intended to do damage to his home land. Yet on his last voyage German airships raided the East Coast of England and dropped bombs at various points.

At the town of Gooke, where is Mr. Harrison's home, a bomb exploded in his house when his family was asleep, and by this explosion two of his children were instantly killed. In an adjoining room his wife and two other children lay asleep, but at the time of writing he had not been able to obtain accurate information as to their safety or otherwise.

Cable reports stated that in this town nine women and four children had been killed, and Mrs. Crampton is naturally very anxious as to whether the other two children mentioned in these despatches were of her brother's family.

Gooke, in Yorkshire, is a flourishing town, about twenty miles from Hull, and is a shipping point of some importance on the river Humber.

**Gas In The Stomach Is Dangerous**  
Physicians Recommend the Use of Magnesia.

Sufferers from indigestion or dyspepsia should remember that the presence of gas or wind in the stomach invariably indicates that the stomach is troubled by excessive acidity.

This acid causes the food to ferment and the fermenting food in turn gives rise to noxious gases which expand the stomach, hamper the normal functions of vital internal organs, cause acute headaches, interfere with the action of the heart, and charge the blood stream with deadly poisons, which in time must ruin the health. Physicians say that to quickly dispel a dangerous accumulation of wind in the stomach and to stop the food fermentation which creates the gas, the acid in the stomach must be neutralized and that for this purpose there is nothing quite so good as a teaspoonful of pure bicarbonate of magnesia taken in a little water immediately after meals. This instantly neutralizes the acid, thus stopping fermentation and the formation of gas, and enables the inflamed, distended stomach to proceed with its work under natural conditions. Disordered micturition is obtainable in powder or tablet form from any druggist; but as there are many different forms of magnesia it is important that the bicarbonate which the physicians prescribe should be distinctly asked for.

**Formal Fall Opening Costumes and Coats**  
**Today and Thursday**

The gathering together of the very best styles as featured in New York and Toronto.

We make a study of this department, sparing no expense to have what is absolutely correct. We contend, therefore, that we can give you more real style in our garments than you usually find in ordinary ready-to-wear departments and withal at very moderate prices.

We have some exceptionally smart garments for your commendation at our formal opening to be held today, Wednesday and following days, and will be very much pleased indeed to show them to anyone interested in pretty things.

Come in and see us during these show days. You needn't buy unless the goods themselves invite you to do so.

Yours truly,  
**F. W. DANIEL & CO.**

**AUTUMN MILLINERY OPENINGS TODAY**  
War has had its effect on the styles and materials.

Today the annual autumn millinery openings, wholesale at least, take place and the town is entertaining the accustomed number of milliners from outside points. This fall there is little need to talk of the fashions for the coming season, as the variety at the command of wholesalers is extremely limited. The war has interfered to a very material extent not only with the quantity of imports but with the manufacture of novelty lines, with the result that the outstanding features of the present display are not very different from those of last year.

There is little choice in colors. Dyes are scarce and those shades requiring the use of imported dyes are not in evidence. Blacks and whites are the predominant colors. There are also navy blues in very dark shades and browns in the deeper shades. Anything else is in the way of an oddity, for these will be the prominent colors this year. And the trimmings too are by no means varied. There has been the utmost difficulty in securing English and French goods and trimmings will be confined chiefly to the lighter with fewer wings and plumes than in other seasons.

One feature of this year's trimmings is found in the general use of hand-made stuff, apparent in all designs. There are really no novelties in shape, such as might have been expected in time of war, but the hats as a rule favor the wide brim soft effects and the materials velvet, with felt as a substitute later on.

**MRS. JOHN A. LIPSETT BURIED YESTERDAY**  
The funeral of Mrs. John A. Lipsett, who died Sunday morning after a short illness, took place yesterday afternoon from her late residence, 100 Exmouth street, to St. Mary's church. Rev. Dr. W. O. Raymond conducted the service at the church and grave.

Floral tributes were numerous and attested the sincere sympathy of a large number of friends.

Mrs. Lipsett was a daughter of James Stephenson of the Marsh Road and leaves beside her husband and two sons, three sisters, Mrs. F. B. Tapley of Montreal, Mrs. Percy Stephenson of Edmonton, Alta., and Mrs. Rufus Henderson of this city, also four brothers, Marshall of Gerry, N. H., John T., James A. and Geo. A., all of this city. Mrs. Lipsett had a large circle of friends and relations and her death, coming so unexpectedly, will be a severe shock to them.

# FATHER AND SON DROWN

## James Matchett, of Boom Road, and 12 year old son lose lives crossing the Northwest Miramichi.

Newcastle, Sept. 7.—A terrible accident happened at Boom Road yesterday afternoon, when James J. Matchett, farmer and lumberman of that place, was drowned with his twelve year old son Guy. Mr. Matchett and his son set out to cross the Northwest Miramichi in an express wagon, the boy driving and the father sitting in the rear leading a colt he was taking to pasture. No one saw the accident, but John Mullin and his son noticed the horse struggling and went out in a boat to rescue it. They got out the horse in a hole 20 feet in diameter and about 16 feet deep, made much deeper by the recent freshet. The wagon being attached they looked round and saw two feet floating. Then they found Mr. Matchett's body, then his son. The latter's clothes were torn. It is supposed he got tangled in the rising and the father perished in trying to save him. There appeared to be still some life in the father, but all attempts at resuscitation failed. Everyone was supposed to know there this hole was and to avoid it, but the boy evidently forgot, where it was. Deceased was about 55 years old and leaves a widow, Elizabeth, daughter of Thomas Johnson of Redbank, and following children: Fred, Boom Road; Mrs. James Parks, Upper Derby; Mrs. Robt. Mullin, Boom Road; Henry, Eliza and Roberta at home. Funeral took place this afternoon, Rev. J. F. McCurdy, conducting services, interment in St. Stephen's cemetery, Redbank.

Palmer, Amherst; Leonard Williamson, Browns' Plat; Bryon Le Jeane and wife, New York; J. H. Stadelman and wife, Washington, D. C.; J. Doody, Halifax.

EXHIBITION AS USUAL.  
The exhibition at Charlottetown will be held as usual this year.  
The prizes in live stock have been increased fifty per cent, an increased grant having been received.  
There will be three days horse racing, and the largest purses ever offered on a race track on P. E. Island will be completed for. There are eight classes of races. Six of these are taken the entries to which have closed, and all are well filled.  
Very low rates on all railway lines have been secured.

CANADIAN PRISONERS' FUND.  
Mrs. Richard O'Brien, for the Women's Canadian Club, has received a check for \$5.00 from Dr. Harry N. Broadbridge, a guest at Royal Hotel, for the Canadian Prisoners' Fund.

### INTERESTING LETTER FROM ST. JOHN SOLDIER

An interesting letter was received yesterday by H. M. Leo of St. George street, West St. John, from his son, Corporal Charles F. Leo, who is with the Second Ammunition Column, now at Otterpool Camp, England.  
The letter is dated August 21st and the writer states among other things that on that afternoon he met a fellow named Andrews at the camp. He was wounded and was in the hospital at Reading. Andrews' father works with Charles Dingley, the carpenter, and both are in the employ of Samuel Drury in St. John. Andrews was in the First D. A. C. and with Corporal Eddie Clark went to an artillery battery. Andrews was wounded with shrapnel in the legs and hands. He said that while he was in the Reading hospital the King and Queen visited them. Andrews and a chap from Winnipeg were the only Canadians in the hospital and the King told him how proud he was of the Canadian boys. The Queen, on hearing of his injuries, cried like any good British woman would. She must love every one of her boys too.  
"We certainly should be proud to fight for such monarchs as we have," the King has been visiting the boys in the hospital every chance he gets. This morning Gen. Sam Hughes visited the convalescent home which Harry Andrews is in now, and spoke of his boys. (That's what he calls them.) He told them that he considered them the best there were. He said they didn't know when to stop when they started at the Germans.  
Speaking of a conversation with another wounded soldier, Corporal Leo said this man told him the time the Canadian sergeant was crucified two hundred Germans were taken prisoner, just after it. They were handed over to two battalions in a trench. (They were Toronto and Montreal battalions.) When the guard marched in to march the prisoners off, the fellows started to throw dead Germans to them. They shot the two hundred Hunns out of revenge. The Germans dread the Canadians more than any one else.  
"The latest word is that we expect to get over to France in a couple of weeks. I hope this is so, so that I can get used to it before the winter starts in on us. It will then be up to you folks at home to get some woolen socks over to me. We wear the heavy grey socks together as they are the easiest on the feet. I am as well as ever and enjoying life as it comes to me. No fellow can say that his life is not the right kind, that is if he is strong at all."

### TO QUICKLY REMOVE UGLY HAIRS FROM FACE

(Beauty Notes.)  
Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without any redness or irritation. Be sure to be certain that it is delatone you buy.

CITY ASSESSMENT COMMISSION.  
The City Assessment Commission will hold a public session on Wednesday evening, September 8th, 1915, 8 o'clock, in the Common Council Committee Rooms, City Hall, Prince William street. The Commission will welcome all who are interested and who desire to present their views.

CIVIC PAY DAY.  
Cashier Willet yesterday paid out \$7,119.96 in salaries to civil officials for the half month ending August 31, as follows:  
Market ..... \$ 185.23  
Fire and salvage ..... 1,418.50  
Office ..... 1,552.03  
Ferry ..... 876.50  
Sundry officials ..... 1,172.14  
Police ..... 1,915.16  
Total ..... \$7,119.50

The Scandinavian.  
The Allan Line Scandinavian arrived at Liverpool at 4.30 a.m. on Monday.

POS-LAM HEALS HOT WEATHER SKIN TROUBLES  
Skin troubles, which cause so much annoyance in hot weather; rashes, inflammations, so-called "summer" eruptions, prickly heat, stings, hives, pimples etc., are promptly relieved and eradicated by Pos-lam. Itching stops; burning skin is comforted.  
Pos-lam clears the complexion red and inflamed noses. Surprising are the results after one application.  
Eczema, acne, scab, rheum, and stubborn skin diseases are controlled and healed by Pos-lam.  
If ordinary soaps irritate, try Pos-lam Soap, medicated with Pos-lam and superior for daily use on the skin.  
For samples, send 4c. stamps to Emergency Laboratories, 32 West 26th Street, New York City. Sold by all Druggists.

J. & S. SPLANE & CO.,  
10 Water Street.

### MUNICIPAL ELECTIONS IN YORK COUNTY

## Contests in ten parishes, but elections furnished few surprises.

Special to The Standard.  
Fredericton, Sept. 7.—Municipal elections in York County today furnished few surprises. There were contests in ten parishes and the results in all were known here tonight with the exception of McAdam and North Lake. Interest centred very largely in the contest in St. Marys, where Coun. A. B. Neill was re-elected with Howard Young in a three cornered fight in which Clarence Goodspeed, a former Liberal standard bearer in the provincial contest, was a very poor third. Those elected in the contests of which the results have been heard are: Canterbury—Coun. Hugh Smith and ex-Coun. Clarence A. Grant. Dumfries—Coun. Thomas Brewer and Hiram Manuel. Kingsclear—Coun. T. C. Everett and Benj. Goodell. Prince William—Coun. Robt. Graham and Frank Saunders. Queensbury—Coun. Chesley Hallie and Alex. B. Jones. St. Marys—Coun. A. B. Neill and Howard Young. St. John's—Coun. Douglas and Bertie Clarkston. Town of Maryville—Coun. D. Pickard and Elwood Allen.

### LOST THEIR WAY IN WOODS, FOUND IN A STATE OF EXHAUSTION

Mechanic Settlement, Sept. 1.—Mr. Robert Scott, Waterford, was the guest of Mr. and Mrs. R. L. Moore, first part of the week.  
A party from this place went picking blueberries last Tuesday morning about noon. Two of the party went in search of water, thinking it was quite near. They were gone so long their friends became alarmed and went to look for them. They found them in a very exhausted condition, where they had been wandering around for about two hours.  
Miss Ada Chambers visited her sister, Mrs. McNair, Sunday.  
R. L. Moore is building a new warehouse for A. W. Carleton, Penobscus.  
The three-year-old child of Robert L. Moore was bitten on the eye by a dog. Fortunately the wound is not deep and the wound of lost her eye, brother, Stuart at the time went to the pantry to get some shot to destroy the animal and in so doing his hand in some way upset a bottle which fell and broke. A piece of the glass entered the eye. Miss Constantine was in the house at the time, so by her skillfulness the glass was extracted after an hour's work.

MALE HELP WANTED.  
WANTED—New, reliable man to sell Pelham's Peerless fruit trees, flowering shrubs, berry bushes, etc. Our agencies are valuable and terms generous. Write Pelham Nursery Company, Toronto, Ontario.  
AGENTS WANTED—Salesmen \$50 per week, selling one-hand egg-beater. Sample and terms 25c. Money refunded if unsatisfactory. Collette Mfg. Company, Collingwood, Ont.

## MORE CAUTIOUS ATTITUDE IN TRADING FOLLOWS SINKING OF HESPERIAN

Traders inclined to await further details before making new commitments on either side of the account—No change in Foreign Exchange situation—Another arrival of gold and U. S. securities from England totalling about \$180,000,000.

New York, Sept. 7.—The light dealings and relatively narrow price changes accompanying today's market were ascribed to caution arising from the sinking of the British liner Hesperian. Traders were plainly disposed to await further details regarding that episode before making new commitments on either side of the account. Public interest was again lacking to a noticeable degree, although much of the day's general news was of a favorable nature.

Conditions affecting the foreign exchange market were without material change, despite the arrival at Halifax of another large consignment of gold and American securities from London, making an estimated total of about \$180,000,000 from that quarter within the past few weeks. Offerings of bills on London were light at first, but later they were of sufficient volume to depress demand sterling almost three cents under last week's closing quotation. Continental exchange was irregular, francs and lire also yielding, while marks were more steady.

Stocks opened at one to two point declines, reflecting the marked heaviness of our securities in London. From that level there were immediate recoveries, followed by another set-back. Later the list settled into a

## CLOSING LETTER OF N.Y. MARKET BY E. & C. RANDOLPH

(McDOUGALL & COWANS)

New York, Sept. 7.—Increased firmness in the railroad stocks was the feature of the day's trading, although there was a sharp advance in the war order issues at the close chiefly as a result of covering of shorts.

The street is becoming hopeful of an adjustment of the foreign exchange difficulty, and if that matter were satisfactorily disposed of, some large contracts, which have been held up temporarily would shortly be closed. The motor stocks were also strong, and it was rumored that an extra dividend would be declared on Studebaker before long, and that at a meeting of the General Motors directors this month, the long expected dividend action will be taken on the common stock. The exchange market was easier, last week's advance having discounted the arrival of the consignment of forty-five million dollars gold and securities, but there is nothing to indicate a return of the demoralized conditions seen on Monday of last week. It will probably be some time before Germany makes a report on sinking of Hesperian, and the probability is that Berlin will disavow the incident, and that after some correspondence the whole matter will be dropped.

Temporarily declines caused by any change of its aspect should be availed of for the purpose of purchasing stocks. Sales 373,000. Bonds \$2,500,000.

E. & C. RANDOLPH.

Late Gossip Of The Sporting World At Home And Abroad

BASEBALL IN THE BIG LEAGUES

AMERICAN LEAGUE

Chicago 10, Detroit 8. Chicago, Sept. 7.—Chicago defeated Detroit, 10 to 8, in one of the most exciting games of the season.

Cleveland 4, Cleveland 1. Cleveland, Sept. 7.—St. Louis defeated Cleveland, 4 to 1, in eleven innings today.

Philadelphia 6, Washington 5. Philadelphia, Sept. 7.—Philadelphia and Washington split even here today.

Washington 7, Philadelphia 4. Washington, Sept. 7.—Philadelphia cut Brooklyn, 7 to 4, in the National League pennant race.

Jersey City 3, Providence 0. Jersey City, Sept. 7.—Rena stopped today's game after Jersey City had scored the only run of the contest.

Brooklyn 7, Philadelphia 1. Brooklyn, Sept. 7.—Brooklyn cut Philadelphia's lead in the National League pennant race to one game today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

SOME BONER BY O'MARA

"Boners" will be made and "boners" will be forgotten, but the one that O'Mara pulled in a recent Giant-Dodger game ought to be written in indelible letters on the pages of baseball history.

Jack Coombs was on second and Outfielder Myers was on first. O'Mara stepped to the plate and bunted.

Where was O'Mara all this time? Probably rounding second, you say? Not at all. Mr. O'Mara, having bunted refused to run.

He was a fool, despite the fact that the ball was a foul, yelled O'Mara. "It was foul, I say, d'ya hear me?"

Then O'Mara started back toward the home-plate. Once again his teammates tried to hustle him to first, but O'Mara threw them off.

He made 11 hits off Ragan, but they were well scattered. Double plays helped to hold down the visitors' score in the early innings.

Brooklyn 7, Philadelphia 1. Brooklyn, Sept. 7.—Brooklyn cut Philadelphia's lead in the National League pennant race to one game today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

St. Louis 3, Chicago 0. St. Louis, Sept. 7.—Chicago pitched a no hit, no run game here today.

FIVE HEATS, NO WINNER

Hartford, Conn., Sept. 7.—After five heats today, replete with thrills in every one, the 2.10 class pace was put over until tomorrow before a winner can be decided.

The fourth heat was a thriller. Geers sending Russell Boy out for the front and with Geers in second place and Judge Ormonde, driven by Valentine, leading, the latter was seen to swerve out and force Russell Boy to one side, just winning out by a head.

Only heat winners will start tomorrow. Summary: 2.10 Paces, three in five, \$2,000 (Unfinished).

Russell Boy, b s, by Rustic Patenter (Geers) 2 2 2 1 1 Hal Boy, b g (McMahon) 1 3 8 4 3 Peter Farron, b s (Murphy) 1 3 8 4 3 Lustrous McKinley, b s (Rodeney) 5 5 3 3 4 Acotite, b s (Cox) 3 7 4 5 0 Thistle Patch, blk s (Snow) 7 4 6 6 0 Anna Carl, blk m (Garrison) 8 8 7 7 0 Judge Ormonde, blk s (Russell) 6 1 1 ds Ashlock, ch g (Crossman) 2 2 2 2 2 Time—2:05 1/4, 2:05 1/2, 2:04 1/2, 2:05, 2:06.

Two-year Trot, two in three, \$2,000. Volge, ch f, by Peter The Great (Andrews) 1 1 1 1 1 Libya, b f (Nolan) 2 3 2 3 2 Setzer Mac, ro g (Lasselle) 3 2 2 2 2 Time—2:25 1/2, 2:19 1/2.

2.10 Trot, three in five, purse \$1,000. Mithral, b m, by Star of Patch (Murphy) 1 1 1 1 1 Duches, ro m (McDonald) 4 2 2 2 3 Guy Nella, br m (Geers) 2 3 3 3 4 Air Dale, b h (Hodson) 3 4 4 4 4 Henry F, b g (Andrews) 5 ds Time—2:11 1/4, 2:07 1/2, 2:09 1/2.

SOME LUCKY PLAYERS

Ball players always enjoy a big laugh over the strange cases of Geo. Whitted and Hub Perdue. When the Boston-St. Louis train was negotiating last Summer the Braves were in a place and the Cardinals were making a noise like pennant winners.

"Good, good," cried Perdue when informed, "I'll get away from these talkers and land with a club that is running third and may win a pennant."

Whitted took a different view, and he came sulkily into the Boston clubhouse, slammed his suit case disgustedly to the floor and exclaimed: "Fine luck, eh? I was with a good club and had to be traded to a tail-end."

The order of things became reversed. The Cardinals slackened their gait and the Braves made their great march toward a pennant. Whitted and Perdue met in St. Louis in the Fall.

"Ain't it tight?" growled Hub. "That trade knocked me out of sharing in the world's series divvy."

Whitted balked on going to the Phillies, and now since the Phillies look like money-setters Perdue has this to say of the ex-Cardinal.

"Honest, that fellow Whitted is so lucky that if he fell into a sewer he would come up with a watch and chain or a baby grand piano."

CALAIS FAIR HORSE RACES

St. Stephen, Sept. 7.—The Calais fair opened today with good exhibits and a large number in attendance. Interest, of course, centered for many in the horse racing.

The 2.20 trot and pace resulted as follows: Eola Patchen (Southard) 2 2 1 1 1 Nellie Grey (Lawlor) 1 2 2 3 3 Miss Colombo (McKinnon) 3 3 4 2 Black Boss (McBride) 4 4 3 4 Zom Q, (Jackson) was distanced in the first heat.

Time—2:18 1/4, 2:18 1/2, 2:19 1/2, 2:20. The 2.14 trot was unfinished and went over until the morning; the present standing being: Myla H. (Davis) 2 1 1 2 3 Alito (Dowse) 4 2 3 1 1 Prince Aldine (McKay) 3 3 2 2 2 Lady Fondly (Love) 1 dr. Time—2:17, 2:22, 2:18, 2:17, 2:21 1/2.

This race had many sensations. In the first heat Alito was outside the flag and was clearly distanced, but was allowed to start in the second by Mr. McDonald and Mr. Gamage, two of the judges. Mr. Doyle, the third judge and starter, protesting.

In the second heat, Lady Fondly had the pole and was started with Alito next to her and a length ahead. Going around the first turn, Mr. Dowst attempted to take the pole and shot in ahead of the big mare with not lead enough to clear. Lady Fondly struck the wheel of his sulky and both horses and the two drivers went into a heap.

Prince Aldine coming fast and close on the others also went into the pile, and for a few seconds three men, three horses and three sulkeys were all in a heap. The men came out unhurt, and two of the horses were able to start in the other heats, but Lady Fondly had been punctured in the breast by a spoke and was otherwise too sore to start again, and probably will not start again this week.

M'LOUGHLIN LOSES TENNIS CHAMPIONSHIP

Forest Hills, N. Y., Sept. 7.—A new national tennis champion was crowned here today when William M. Johnston, of San Francisco, defeated Maurice E. McLaughlin, also of the Golden Gate City, in a gruelling four-set match for the singles title.

The 19-year-old Californian dashed the hopes of his more famous opponent by winning at 1-6, 6-7, 7-5, 10-8, and thus preventing, for another year at least, the former champion's hope of clinching permanent possession of the huge silver-all-comers bowl.

With two legs already to his credit on the trophy, McLaughlin made a sensational battle to take it back to San Francisco with him for all time but neither physically or with racquet wizardry was he able to compete with his younger opponent.

Both the victor and vanquished had their fashes of brilliant and poor play, but at all times the pace and strain was terrific, and in the long run Johnston's youth served him better than the greater experience of McLaughlin.

BEWARE

Don't feed your horses new hay for a month yet until the new crop is well seasoned. We have lots of good old hay on hand. Please give us a call.

BOY SCOUTS Would You Like to Win a Watch?

There is a Line of Type missing out of the following article which was published in the Scout Corner last week, can you find the words? If so, write on a bit of paper what you think the missing words are, fill in the following coupon, pin it to same and forward to the SCOUT EDITOR, THE STANDARD, ST. JOHN, N. B.

not later than Sept. 9th. To the Boy Scout whom I consider has sent in the most correct sentence, I shall award a GLENDID WATCH as First Prize.

When framing a picture it is a good plan to paste a piece of brown paper over the back to keep out the dust. If this is done by pasting the paper in the ordinary way, a lot of creases will be left, and the paper will not fit properly. A better method is to wet the paper, all round. Now paste these edges, lay the paper over the back of the picture, and allow it to dry. When dry, the paper will be quite tight and smooth.

STANDARD COMPETITION For Boy Scouts.

Full Name..... Address..... Name of Patrol.....

**Around the City**

**Assessment Commission**

The City Assessment Commission met yesterday afternoon and the work of hearing information from other cities was continued. Hon. J. B. M. Baxter was present and gave some information regarding methods of assessment.

**Sacred Concert Collection.**

As a result of the collections taken at the sacred concert in King Square Sunday night \$244.45 was realized. The members of the City Cornet Band feel indebted to the women who so ably assisted in making the collection. The money is to be devoted to patriotic work.

**Board of Health**

The Board of Health met yesterday afternoon and most of the time was spent in going through the regular work. Several people applied to the board for an extension of time to have patent closets installed in their homes. The dispute with the New Brunswick Telephone Co. was again discussed, and it was given out that the telephone company had agreed to the terms of the board, which are that the line be transferred to the company for \$50, provided the rates for a private service should remain the same as before.

**Baseball for Soldiers.**

Mrs. James O'Donnell, 382 Main street, has received a letter from her son, John, who is now in France with the Canadian Division Signal Company. He says that the weather is pretty bad, rain nearly every day and pretty cold at night. They have received two baseball outfits from St. John, one from Hon. J. B. M. Baxter, and one from Commissioner McLellan, and the boys play ball every day they can, and enjoy it very much. He asked to have some papers sent to him, so that he might read of what was going on around St. John.

**Ladies' Recruiting Meeting**

There is to be a ladies' recruiting meeting in the Opera House tomorrow afternoon at 2:30, under the auspices of the combined chapters of Daughters of the Empire and the Ladies' Recruiting Committee. A band will be in attendance, several good speakers will be heard and there will be vocal selections by prominent soloists. Wives and mothers of St. John men who have gone to the front will occupy seats on the platform. The Opera House has been tendered to the committee through the courtesy of the Klark Urban company and the management of the Opera House.

**Heavy Traffic**

Yesterday was an exceedingly busy day in and around the Union Depot. All trains arriving in the city were well crowded and the Pacific Express from Halifax was delayed forty minutes on account of the heavy traffic. A special from Point du Chene was run in over the I. C. R. to accommodate about 200 tourists returning to the states from Prince Edward Island. They left last evening on the Governor Cobb. The steamer D. J. Purdy from Fredericton also carried a heavy passenger list to St. John from up river points.

**PERSONAL.**

Miss Isabel Gormley left last night for Boston. After a short visit in Boston she will spend several weeks with relatives in New York.

Gunner Roy H. Calhoun has returned to Halifax after spending a few days with his parents in West St. John.

**Attractive Ladies' Wear.**

Ready made garments for ladies are being produced ready to wear in better styles every year. Manufacturers are becoming more proficient. The styles are such that the individual is easier to fit and altogether it is a great convenience for ladies to be able to go to F. A. Dykeman & Co.'s store and choose from their vast stock just the garment she may desire. Their stock this year, shown in their enlarged premises in without doubt the most attractive to be seen in St. John.

**TAKE OFF YOUR FINE CLOTHES AND ENLIST WITHOUT DELAY**

**Sergeant Norman Knight, at the Recruiting Meeting Last Night, Made Strong Plea for the Men of St. John to Join the Colors.**

Sergeant Knight, who has seen active service in two of the great battles of the present struggle, was one of the speakers at the recruiting meeting in King Square last night. His address which follows should be read by everyone in St. John.

"I want to know tonight if there are any Jeremiahs or Ezekials in the crowd, because if you are here, you are the fellows I am after tonight. Are there any? Come a Jeremiah, where are you? Now that may seem a little funny to some of you. In Great Britain Jeremiahs and Ezekials, who go about with lamentations everlasting upon their lips are called croakers, in other words, it is the croakers I am after tonight and I guess you know what I mean. Do you know what the greatest hindrance to recruiting in this city tonight is? It is the dirty old croakers and the City of St. John is full of them.

"Now, I have been around some today, yesterday I had only seen a little, but I have been in a few barber shops today. I have been in a few public places. I have had my ears open. They did not know who I was and I have heard a lot of grumbling and what in the world the old croakers are grumbling at I don't know.

"I heard one of your business men advise a young man not to enlist because he would not get his pay. What is the matter with such a citizen as that? The dirty cowards who go skulking around some places.

**A Dollar a Day.**

"I was told when I first went into the recruiting business—three days ago—that I should play strongly upon the dollar a day. I said to the gentleman: Are you willing to take a risk on your life for a dollar a day? The same man I am speaking to are every bit as good as you are and a dollar a day is not a bit more adequate than what you get. I am glad they get a dollar a day. I got 24 cents; that is what they get in the British army. A dollar a day to the soldier, he should get it, but why anybody should go around croaking when some little entanglement in the pay office system crops up to keep the pay away for a little while, I do not know. The boys are well fed and well clothed. They are well looked after when they are about here. Why do they need a dollar a day? It is all coming to them. I am sure that the Dominion Government is good enough for a dollar a day for ever man they have.

"If you are croaking along the pay line, please shut up. After this mind your own business. If you haven't any to mind come up and we will enroll you in the King's business. The man who goes to the front with a right intention is not so much concerned about his pay.

**The Food Proposition.**

"Another thing is the food proposition. Now, I claim, gentlemen, that the meal I ate today over on the line was a meal sufficient and good enough for any man. If I always get as good food I will be very happy. You would not feed a lap poodle on the same food that you would feed a great Dane, would you? I have seen ladies give their poodles cream puffs, but you put the same cream puff before a great Dane and he would turn up his nose. It is meat they want, good hearty meat. There are too many of you fellows fed on cream puffs, too many of you fellows licking ice cream. I like ice cream in moderation, but it does not make sufficient for the soldier.

**Need of Men.**

"We need men. When we get the men it won't be long before the German Empire goes to smash, before German power is effaced from all the world and it will never again be able to list its head. It must be smashed and when you go my brother, and when you take off those fine clothes and you stop eating your fine food and you get back to your forefathers, who were men of honor and might and esteem, then we will have peace. We will have prosperity and safety again and we will have honor one man to the other.

**In Scotland.**

"I wish I could see you separately. I see a young fellow out here hugging up to a girl who won't let him go. If I were a girl I would not look at him. The girls of Scotland would shame every one of you. One little town on the County of Aberdeenshire, Scotland, 1102 in the colors, and New Brunswick for a contrast one in 100. Isn't something wrong? Have you become so bloated with prosperity that you cannot think longer? I plead with you, my friends, as a man born in the Maritime Provinces, in your sister province.

"Mother have you got a boy you are holding on to him? You love him well but the mother who sends her boy loves him as well, but she loved that boy's honor more. My dear mothers in this crowd tonight do not stand in the way of your boy by doing right. It may seem hard but God never asked a sacrifice of a mother yet but what was repaid for it. Give up your boy."

**AN EXAMPLE FOR ALL YOUNG MEN**

**David B. Doig, sixty-eight years of age, wants to enlist.**

One of the maddest men in the city today is David B. Doig, who until a short time ago was connected with the city water department and who since he retired from active work there has been trying to keep busy in private enterprises. Mr. Doig is a Scotchman by birth, a Britisher in the truest sense, and this war has stirred him as it has stirred but few of the men of St. John.

He wants to enlist. He is determined to enlist, and he has offered himself three times. The trouble is that he has passed the age limit at which recruits are now being signed. But with that obstinacy, which is one of the outstanding traits of Scotchmen, he insists that age is not the only consideration. Mr. Doig has explained to the recruiting officers that he is a good shot. This is true. He has declared that in his veins the blood runs just as freely as when he was forty years younger. He looks as though it did. He is positive that when working on the water department he could walk faster and longer than any of the men under him. His former employes testify that this is absolutely correct. And more than all, he wants to fight for the home land.

But David B. Doig is placed on the

**CITY COUNCIL DID BUSINESS**

**Routine matters before Commissioners yesterday -- Petition against Garage Bylaw.**

The City Commissioners met yesterday afternoon and at their meeting took up the matter of the street railway. Mayor Frink had received a letter from Weldon & McLean, the railway representatives, and this was considered in a private session with the city solicitor, Hon. J. B. M. Baxter. After the private session it was said that there was nothing further to make public at present.

Those present at the meeting yesterday afternoon were Mayor Frink, Commissioners Wigmore, McLellan, Potts and Russell with the common clerk.

The common clerk reported that he had received a petition protesting against the passage of the by-law relating to the erection of garages in the city. He was proceeding according to law in the matter and would make a further report to the council when he had verified the signatures to the petition. A letter from F. E. Wilton in reference to the petition was filed.

Commissioner Potts asked for a bond issue of \$245 to cover the cost of building a retaining wall in Charlotte street, but Mayor Frink voted against it and the motion was lost.

An application for the erection of an electric sign was referred to the Commissioner of Public Works and the engineer with power to act.

Commissioner Potts reported that the retaining wall in Main street, which was considered at a previous meeting of the council, had fallen in and needed repairs.

A communication from the Militia Department at Halifax in reference to the wharfage charged against a government boat was referred to the Commissioner of Harbors.

E. W. R. Ingraham called the attention of the council to the condition of a retaining wall which was encroaching on his property. The letter was filed until later.

The Commissioner of Finance and Public Affairs reported that the payments for the month of August and needed repairs to the following payments:

Treasury Department	\$ 649.93
Public Safety Department	650.42
Public Works Department	1,498.05
Water and Sewerage Dept.	2,160.33
Harbors, Ferries and Public Land Department	2,763.21

These were approved.

The meeting then went into private session.

**FORMAL FALL OPENING**

**Costumes and Coats -- Today and Thursday.**

The gathering together of the very best styles as featured in New York and Toronto.

We make a study of this department, sparing no expense to have what is absolutely correct. We contend, therefore, that we can give you more real style in our garments than you usually find in ordinary ready-to-wear departments, and withal at very moderate prices.

We have some exceptionally smart garments for your commendation at this our formal opening to be held today, Wednesday, and following days, and will be very much pleased indeed to show them to anyone interested in pretty things.

Come in and see us during these show days. You needn't buy unless the goods themselves invite you to do so.

Yours truly,  
F. W. DANIEL & CO.

**Fashion Followers Thronged Marr's Millinery Showrooms At Fall Opening, Yesterday**

Yesterday's announcement of the opening display of fall and early winter styles in feminine headwear drew hundreds to the showrooms and store of the Marr Millinery Company, Limited, their large sales staff having been taxed to the utmost during the entire day right up to closing time.

The exhibit is, in every respect, the finest and most widely varied gathering of millinery productions ever shown at Marr's, being regarded by many as far superior to any fall millinery showing ever witnessed here.

Particularly popular were the exclusive pattern hats which form an exceptionally strong feature, while beautiful silk velvets, chamoise, velours and jauntily fashioned sport hats proved strong favorites.

Every new model, every popular prevailing color and material is represented in the Marr display, to which is added, today, a fresh arrival of the very newest developments from the leading millinery producers of Canada and the United States.

The sacred rite will also be given at Oromocito and other missions, under the pastoral care of Rev. Chas. F. Carleton, Peterborough. The Rev. A. J. O'Neill, of Silver Falls, accompanied His Lordship.

**Going Shooting This Season?**

There is no more enjoyable way to spend your vacation, and we can fit you out nicely with a reliable SHOT GUN—one that will stand the knockabout in the woods, and yet, won't cost you a great deal of money.
