HON. F. B. CARVELL IS MINISTER PUBLIC WORKS

"Tory" Government No Longer Exists, But a
Real Union of Canada's Ablest Men—
Carvell Gets Most Important
Portfolio

Canada now has a real National Government, made up of an equal number of the ablest men in both the great political parties. The "Tory" government no longer exists. The new cabinet is recognized as a union cabinet, as much Liberal as it is Conservative, yet claiming to be neither the one or the other. The government of Canada is now in trim for the best possible service toward winning and ending the war—and all other matters sink into insignificance beside this all-important problem.

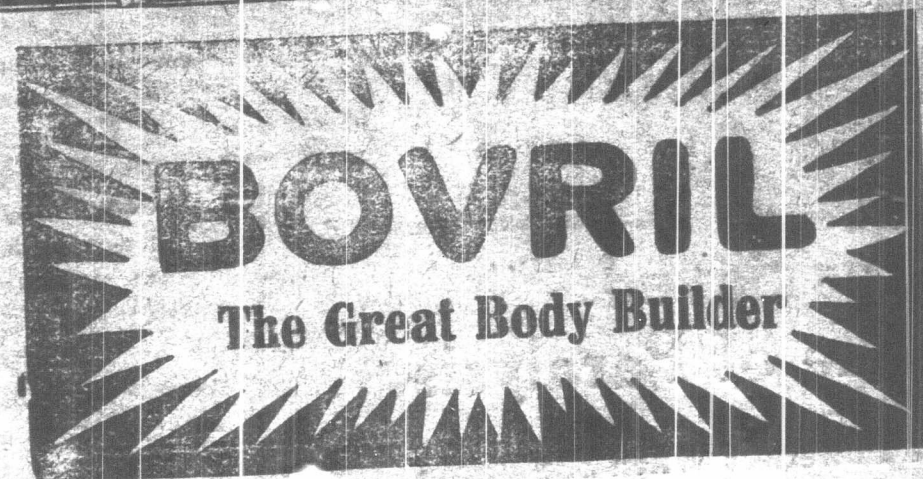

HON. FRANK B. CARVELL
Minister of Public Works in the Dominion Government

That this union should and could have been effected three years ago is admitted by all. But the stranglehold of Patronage and Graft was hard to break. That a union government was not established before parliament prorogued is to be regretted. In such case extension of parliament would have been a reasonable proposition and an election deferred for a time. As it is an election is absolutely necessary.

Months ago Hon. F. B. Carvell was sought by Premier Borden to enter his cabinet. He was offered his own choice of portfolios. At the same time Mr. Carvell was urged by the Liberals, and by Sir Wilfrid Laurier himself to take the leadership of that great party. On either hand the man from Carleton was offered an open door to fame and triumph. Yet he hesitated. Canada's need was for a national government and the sinking of party differences. Carvell believed this, yet he knew that to enter a government where union was merely pretense would be but to betray his followers. Therefore he hesitated—not in doubt, but to make sure that union was to be real, honest, in absolute good faith. So it was that Frank B. Carvell,

Letter from Pte John K. Glass

John K. Glass, son of John Glass of Windsor, enlisted with the 14th and was wounded in action a few weeks ago. The following letter to his mother was written Sept. 12 at Northamptonshire War Hospital in England: "Have not heard from you for about a month. Am wondering what has become of you. Sent a card the night I arrived in England telling you my address. Tell Mary I got her boots. They were too big but will wear three or four pairs of socks in them."

Well, I can hardly write now; don't know whether you can make it out or not.

There are thirty-six of us here and we are having a fine time. My wound was not serious. My fingers are stiff now but they will soon be better.

Well, I suppose you read about the good work the Canadians did at Lens.

Mother, I was about the first to climb out of the trench to go over the top and advance through a regular assault. The noise was something awful. A man don't get scared any; it is something like hunting, only on a larger scale.

I got the man that got me so am satisfied. He turned a machine gun point blank at me and only hit me once, but I shot him and bombed the machine gun. Don't worry about me. I am getting along fine.

Mother, I remember Old Thornton and Frank Goodman, for they are helping to do great work at Lens. We have got the most of it now.

I am having a ten days pass and think I will go to Scotland. Tell dad not to worry or work too hard.

From your loving son
John

(The good report from the two Hartland boys mentioned will be read with pleasure by their friends.—Editor.)

An Unseasonable Snow Storm

A notheast snow storm set in Thursday night and Friday morning dawned upon a world covered with several inches of the wintry mantle. Everywhere, in the localities where the storm prevailed, shade and fruit trees were badly damaged by the weight of snow which clung to foliage that had not yet been shed. Some farmers had not their harvest gathered and the snow, with the unfavorable weather before and after, was the cause of considerable loss. There are still many acres of potatoes to be dug and for nearly two weeks the weather has been most unfavorable; yet the whole of September was fine and just why some farmers are behind in their work seems a mystery.

Six years ago, on Oct. 10, there was a very heavy snow storm and much grain was ruined.

A rainy summer is almost invariably the forerunner of early frosts and early winter conditions.

William G. Tinker

The death of William G. Tinker, a well known Hartland boy, occurred on Sept. 18. For years he was employed by the B. & A. railroad as train despatcher in the Bangor offices. He was baptised at the age of 14 by the Rev. S. W. Bennison uniting with the Baptist church here, and living ever after a consistent Christian life. He was in declining health for the past five years. Besides his wife and one daughter he leaves to mourn, two brothers, Frank, of the freight department at Ottawa, and Holland of Eau Claire, Wisconsin, and one sister, Mrs. Hugh McGregor, of Bocabee Cove, N. B.

No Advance in 3 Years

With war-time prices so terribly high for nearly every article of food, it must be a particular satisfaction to those who love good coffee to know that there has been no advance in the price of Red Rose Coffee for three years—and the great increase in the sale of Red Rose Coffee this year shows that the price is appreciated.

People everywhere seem to be using much more coffee than they did before.

Red Rose Tea is economical on account of its superior quality—but Red Rose Coffee is economical both on account of its quality and price, a combination hard to maintain in war-time.

DR. A. M. FISHER KILLED AT FRONT

Son-in-law of Hon. F. B. Carvell Makes Supreme Sacrifice

The County has been called upon to mourn the death of many of her young men who are fighting the empire's battles. To those names must now be added that of Dr. Arthur M. Fisher, the news of whose death in France, October 12, was received causing a shock to his relatives and friends throughout the province.

Dr. Fisher graduated from McGill early in 1914 and after practicing a year with Dr. Carrow of Montreal, he volunteered his services to the Canadian Medical Corps. He waited some time and, not being accepted, he applied to the Imperial authorities early in May, 1915, and was taken on their A. M. C. On May 24 he was married to Miss Mildred Carvell, daughter of Hon. Frank B. Carvell and left for England a week later. He did hospital work in England for some time and went to the Mediterranean where he was attached to a hospital ship. He was at the landing and evacuation of Gallipoli. He made two trips on the hospital ship and when it was torpedoed he was rescued after a narrow escape from death. He afterwards went as medical officer on a ship to India carrying wounded Indian soldiers.

Returning to England he underwent a serious operation for internal trouble and while convalescing came home in July, 1916. Returning in October, he was promoted to a captaincy and was sent to Malta and spent the winter in a base hospital. In the spring of 1917 he went from a hospital in Woolwich to France, the transfer being made at his earnest request. In the last letter received he told of being attached to a field ambulance unit in

which, it is supposed, he was killed. No particulars have yet been received.

His young wife and mother are prostrated and the heartfelt sympathy of the whole community goes out to them in their sorrow. The brave young man gave his all that others might live. His excellent course at college and splendid personal qualities since earliest youth have won for him a worthy fame among all classes of people. He was twenty-eight years of age and is survived by wife, mother, Mrs. Williamson Fisher, and two brothers, Carleton at home and Frank, in the west.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is resistant with life, has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scour robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; then the hair falls out fast. Surely get a 25-cent bottle of Knowlton's Danderine from any drug store and just try it.

A very pleasant evening was spent, and before leaving refreshments were served. We are very sorry to lose Miss Grantham from our midst, but our loss is but not her gain.

A coffee bill was given last Tuesday evening in the old school house which was well attended, as a large number were present, some coming from Perth, Andover and Fort Fairfield. Music was furnished by Sanford Jamer of Andover and Perley of Indian Point. About \$18.00 clear of expenses were realized from the sale of the neckties which will go toward repairs on the building where the affair was held.—Fort Fairfield Review.

A Ford Car Takes the Place of all These Things

WHEN you own a Ford you can do away with many articles that are a source of continuous expense to the man who still drives a horse. For instance, not only your driving-horse and buggy, but the single harness, blankets, whips, currycombs, brushes, horse-shoes, pitch-forks, feed-bins, etc.

In their place you have a speedy, dependable, dignified, roomy Ford Car—complete in itself. It is vastly superior to the narrow, cramped buggy that travels so slowly. And when a Ford is standing idle it does not eat three meals a day, and it requires no "looking after."

A Ford will save you time, trouble, and money. It is the utility car for the busy farmer and his family.

Believes She Was Saved From Stroke of Paralysis

All One Side Was Cold and Powerless When She Began Using Dr. Chase's Nerve Food.

A dead nerve cell can never be replaced. In this way it is different to other cells of the human body. But feeble, wasted nerve cells can be restored, and herein lies hope.

In this fact is also a warning to take note of such symptoms as sleeplessness and loss of energy and ambition, and restore the vitality to the nervous system before some form of helplessness results.

Nervous prostration, locomotor ataxia and paralysis are the natural results of neglecting to keep the nerves in healthful condition. The use of Dr. Chase's Nerve Food when you suspect there is something wrong, will soon restore vitality to the nervous system, and thereby prevent serious developments.

Mrs. Merritt Nichols, R. R. No. 3, Dundalk, Ont., writes: "I take pleasure in telling you the great benefit I have derived from the use

of Dr. Chase's Nerve Food. I was so nervous I could not sleep, and found it hard to get my work done at all, but, having no help at the time, had to do the best I could. Finally my left arm became powerless and cold, and this continued to get worse until my whole side was affected, head and all. I decided to try Dr. Chase's Nerve Food, and the first box helped me so much that I used several, and believe that this treatment saved me from having a paralytic stroke. It has built me up wonderfully, and I can recommend it most heartily, believing that if more Nerve Food were used there would be much less sickness."

Dr. Chase's Nerve Food cures in nature's way by nourishing the feeble, wasted nerves back to health and vigor. Fifty cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

CRISIS OF WOMAN'S LIFE

Change Safely Passed by Taking Lydia E. Pinkham's Vegetable Compound.

Wagoner, Okla.—"I never got tired of praising Lydia E. Pinkham's Vegetable Compound because during Change of Life I was in bed two years and had two operations, but all the doctors and operations did me no good, and I would have been in my grave today had it not been for Lydia E. Pinkham's Vegetable Compound."

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through the crisis.

Read this letter: Hamilton, Ont. WAR BURDEN IN CANADA

Military and Naval Activities of Canadians are not Confined to European War Areas

Ottawa, Oct.—Besides the military organization she maintains overseas, Canada keeps up a considerable establishment at home. Coast defences have to be looked after at Halifax, Sydney, Quebec, St. John and Esquimaux. Again, Canada has the duty of guarding at home internment camps, railway bridges, etc., requiring a large number of men, besides hospitals and camps.

In addition to this, there is in home waters the Canadian Naval Service, which since war began has absorbed 5,300 Canadians as officers and men, with its associated services all under direct Canadian control.

Although far removed from the central seat of war, Canada is under the necessity of keeping up a healthy military organization at home because this a world war and, in its many ramifications, may raise its horrid head from any point of the compass. The first guarantee of efficient activity at the front is efficient organization and perfect order at home. A-9.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

London Visitor Tells how all Belligerents have Eye on Times to Come

Ottawa, Oct.—The true benefit of the Military Service Act will not be realized in full even when the needed reinforcements arrive at the front and the Canadian Expeditionary Force returns to its work strengthened and reinvigorated. This is the opinion of a London business man of high standing who is now visiting Canada on a Government mission.

All the belligerent nations, this visitor says, are fighting today with one eye on the future. The desire of all is to go through the war with a business and industrial organization as firmly stabilized and normal as possible. The industrial value of the Military Service Act will be that it will leave at their tasks those whose work is needed in the national interest and help to insure future prosperity. Assurance of this coming benefit helped to make the draft law more popular in England than was ever expected, despite its drastic provisions. A-10.

George C. Watson

In the death of George C. Watson on Friday, Oct. 12, Hartland lost its oldest citizen, he being 87 years of age. Mr. Watson had been in fair health and was a wonderfully well preserved man up to a week before his death. During the summer he was able to do some gardening and was at his work when seized with an illness.

The deceased was born at Jacksonton and lived their up to 27 years ago when he sold his farm, came to Hartland, and established a furniture and undertaking business which he successfully conducted up to ten years ago. Since then he has lived in retirement. He is survived by his wife, who was a Miss Drysdale of Woodstock, one son, Prof. W. F. Watson of Antwerp, Ga., and one daughter, Mrs. L. R. Hetherington of Riverside, Albert Co. Mr. Watson was a man of sterling character, a staunch defender of high ideals, a Baptist by faith and for many years a prominent member of that denomination. GLENN MURDER CASE BEING TRIED

As The Observer goes to press much interest is manifest in the trial of William Glenn for the murder of Harry Wiley at Divide last June. The trial commenced at Woodstock on Tuesday and is being prosecuted by Attorney-General Byrne and Hon. W. P. Jones. Hon. F. B. Carvell is defending the prisoner and a plea of insanity is entered.

The Tapley-Shannon poisoning case is also being heard. Both cases will be fully reported for the next issue of The Observer.

HON. F. B. CARVELL IS MINISTER PUBLIC WORKS

(Continued from first page)

first to be sought for the coalition government, was the last to enter.

The Observer congratulates Mr. Carvell on the wisdom of his course and bespeaks for him the united support of Carleton-Victoria. There should be, and is likely to be, no opposition to his return to parliament.

It is expected that Mr. Carvell will make a statement to the electors at an early date. Probably in the form of an address to a public meeting. His word to the electors is eagerly awaited. But in regard to this the people are urged to consideration, for, in the hour of his triumph, sorrow and dismay greeted him at the threshold of his home. The calamitous result of war crushed upon him and upon those of his that are more to him than all else.

Following are extracts from the local dailies;

(Daily Telegraph)

The selection of Mr. Carvell for the important office he now fills will be pleasing to a very great majority of the people of Canada. There were, undoubtedly, strong elements which desired him as the war-time leader of a Liberal government, and which were confident that a Liberal party victory would result from a straight contest. There surely was abundant evidence to justify that view. Mr. Carvell adds a great measure of strength to the new ministry. West and East alike recognize the soundness of his views on tariff questions and matters allied to the tariff and the cost of living, and the country recognizes in him a fearless and militant enemy to the evil forces in our public life represented by graft and profiteering. His rugged honesty and inflexible determination are well known characteristics. His experience in public affairs and his special knowledge concerning all such enterprises as are included in the Department of Public Works render the choosing of him for that portfolio a natural one.

(Evening Times)

The people of New Brunswick will feel that they are ably and well represented in the union government. The record of F. B. Carvell leaves no doubt on that point. He is straightforward, courageous and honest. No man has been more abused, and the revelations of the last few years in this province and at Ottawa have fully explained the reason for the savage attacks upon him. There is no compromise with graft where Mr. Carvell is concerned, and as the people of the country gradually learned that it was his integrity and hatred of graft that caused him to be made the target of abuse they learned to respect and honor him the more. Not only in his native province, but all over Canada Mr. Carvell's acceptance of a place in the cabinet will be regarded as an assurance that graft and the patronage evil will have an uncompromising enemy. Mr. Carvell, moreover, is thoroughly sound on the question of prosecuting the war, and an able advocate of much more than mere conscription of men.

GLENN NOT GUILTY

"Not guilty on the grounds of insanity" was the verdict brought in by the jury after being out twenty minutes, yesterday afternoon in the case of William Glenn, charged with the murder of Harry Wiley. The fact that Glenn killed Wiley was not disputed by the defence but the question was raised as to whether at the time of the murder, the defendant knew that he was committing a wrong act.

Hon. F. B. Carvell opened for the defence, and in outlining his case, said that the defence did not deny that this unfortunate affair had occurred and the shooting had been done by the accused. If this man, Glenn, was insane he was not guilty of murder. Dr. W. D. Rankin swore that he had seen Glenn several times and asked him questions and found his mind very much unbalanced.

Full report of the trial will be given next week.

Boy Killed In Woods

A very sad accident occurred at Arthurette, on Sept. 15, when Percy Gillies, son of Mr. and Mrs. C. S. Gillies, was killed by the accidental discharge of the rifle which he was carrying. The boy, who was only fourteen years old, had gone into the woods alone with rifle. It is supposed that he tripped on a fallen tree and that

trigger of the gun was caught as the gun fell and so the gun went off. The bullet entered the abdomen and went out at a shoulder, causing instant death. Although search parties were sent out the day of the accident it was not till Monday, two days later, that the body was found.

The unfortunate boy was a member of the boy scouts in that district. He was a bright manly lad and was well thought of by all those who knew him. The funeral took place on the 20th and was held from the Baptist church. The coffin was literally covered by the beautiful flowers that were sent by the friends of bereaved family. The members of the boy scouts were present at the funeral and formed an aisle through which the body of their companion was carried. Besides his parents, he is survived by four sisters.

Proclamation

CANADA

GEORGE the FIFTH, by the Grace of God, of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India.

To all to whom these presents shall come, or whom the same may in anywise concern—GREETING:

A Proclamation calling out the men comprised in Class 1 as described by the Military Service Act, 1917.

J. H. Keenan
The Deputy Minister of Justice,
Canada

And Whereas that part of our militia of Canada known as the Canadian Expeditionary Force is now engaged in active service overseas for the defence and security of Canada, the preservation of our Empire and of human liberty; and it is necessary owing to the exigencies of the war to provide reinforcement for our said Expeditionary Force in addition to those whose enlistment or circumstances have permitted them to volunteer:

And Whereas by reason of the large number of men who have already left agricultural and industrial pursuits in our Dominion of Canada in order to join our Expeditionary Force as volunteers, and by reason of the necessity of maintaining under these conditions the productiveness or output of agriculture and industry in our said Dominion, we have determined by and with the advice and consent of our Senate and House of Commons of Canada that it is expedient to secure the men so required; not by ballot as provided by our said Militia Act, but by selective draft: such reinforcement, under the provisions of the Military Service Act, 1917, hereinafter referred to, not to exceed one hundred thousand men:

And Whereas it is accordingly enacted in and by the provisions of an Act of our Parliament of Canada, known as the Military Service Act, 1917, that every one of our male subjects who comes within one of the classes described and intended by the said Act shall be liable to be called out on active service in our Canadian Expeditionary Force for the defence of Canada, either within or beyond Canada; and that his service shall be for the duration of the present war and demobilisation after the conclusion of the war:

And Whereas the men who are, under the provisions of the said Act, liable to be called out, are comprised in six classes of which Class 1 is, by the provisions of the said Act, defined to consist of all our male subjects, ordinarily, or at any time since the 4th day of August, 1914, resident in Canada, who have attained the age of twenty years, who were born not earlier than the year 1885, and were on the 6th day of July, 1917, unmarried, or are widowers but have no child, and who are not within any of the following exemptions:

EXEMPTIONS:—

1. Members of our regular, or reserve, or auxiliary forces, as defined by our Army Act.
2. Members of our military forces raised by the Governments of any of our other dominions or by our Government of India.
3. Men serving in our Royal Navy, or in our Royal Marines, or in our Naval Service of Canada, and members of our Canadian Expeditionary Force.
4. Men who have since August 4th, 1914, served in our Military or Naval Forces, or in those of our allies, in any theatre of actual war, and have been honourably discharged therefrom.
5. Clergy, including members of any recognized order of an exclusively religious character, and ministers of all religious denominations existing in Canada at the date of the passing of our said Military Service Act.
6. Those persons exempted from military service by Order in Council of August 18th, 1873, and by Order in Council of December 6th, 1896:

And Whereas it is moreover provided by our said Military Service Act that our Governor-General of Canada in Council may from time to time by proclamation call out on active service as aforesaid any class of men in the said Act described, and that all men within the class so called out shall, from the date of such proclamation, be deemed to be soldiers enlisted in the military service of Canada and subject to military law, save as in the said Act otherwise provided; and that the men so called out shall report and shall be placed on active service in the Canadian Expeditionary Force as may be set out in such proclamation or in regulations; but that they shall, until so placed on active service, be deemed to be on leave of absence without pay:

And Whereas it is also provided by the said Act that at any time before a date to be fixed by proclamation an application may be made, by or in respect of any man in the class to be called out, to one of our local tribunals, established in the manner provided by the said Act in the province in which such man ordinarily resides, for a certificate of exemption from service upon any of the following

GROUND OF EXEMPTION:—

- (a) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he is habitually engaged;
- (b) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications;
- (c) That it is expedient in the national interest that, instead of being employed in military service, he should continue to be educated or trained for any work for which he is then being educated or trained;
- (d) That serious hardship would ensue, if the man were placed on active service, owing to his exceptional financial or business obligations or domestic position;
- (e) Ill health or infirmity;
- (f) That he conscientiously objects to the undertaking of combatant service, and is prohibited from so doing by the tenets and articles of faith in effect on the sixth day of July, 1917, of any organized religious denomination existing and well recognized in Canada at such date, and to which he in good faith belongs;

And that if any of the grounds of such application be established, a certificate of exemption shall be granted to such man.

And Whereas moreover it is enacted in and by the provisions of an Act of our Parliament of Canada, known as the War Time Elections Act, that certain persons thereby disqualified from voting with such of their sons as on polling day are not of legal age, shall be exempt from combatant military and naval service:

And Whereas it is further provided by our said Military Service Act that applications for exemption from service shall be determined by our said local tribunals, subject to appeal as in the said Act provided; and that any man, by or in respect of whom an application for exemption from service is made; shall, so long as such application or any appeal in connection therewith is pending, and during the currency of any exemption granted him, be deemed to be on leave of absence without pay:

And Whereas our Governor-General of Canada in Council has determined to call out upon active service as aforesaid the men included in Class 1; as in the said Act and hereinafter defined or described:

Now Therefore Know Ye that we do hereby call out the said Class 1 comprising the men in our said Military Service Act, 1917, and hereinafter defined or described as to the said class belonging, on active service in our Canadian Expeditionary Force for the defence of Canada, either within or beyond Canada, as we may, in the command or direction of our Military Forces, hereafter order or direct.

And we do hereby strictly command, require and enjoin that each man who is a member of the said class shall, on or before the 10th day of November, 1917, in the prescribed form and manner, report himself for military service, unless application for his exemption shall then have been made by him or by another person entitled to apply on his behalf; whereas our loving subjects, members of the said class, are especially charged not to fail since not only do their loyalty and allegiance require and impose the obligation of careful and implicit obedience to these our strict commands and injunctions; but moreover, lest our loving subjects should be ignorant of the consequences which will ensue if they fail to report within the time limited as aforesaid, we do hereby forewarn and admonish them that any one who is hereby called out, and who without reasonable excuse fails to report as aforesaid, shall thereby commit an offence, for which he shall be liable on summary conviction to imprisonment for any term not exceeding five years with hard labour, and he shall nevertheless, if we so require, be compelled to serve immediately in our said Expeditionary Force.

And we do hereby proclaim and announce that for the greater convenience of our subjects, we have directed that prescribed forms, for reporting for service, and for application for exemption from service, may, at any time on or before the said 10th day of November, 1917, be obtained at any post office in our Dominion of Canada; and that reports for service and applications for exemption from service, if obtained at any of our said post offices and properly executed, shall be forwarded by our postmaster at the post office from which the same are obtained to their proper destinations as by our regulations prescribed, free of postage or any other charge.

And we do further inform and notify our loving subjects that local tribunals have been established in convenient localities throughout our Dominion of Canada for the hearing of applications for exemption from service upon any of the statutory grounds, as hereinafter set out; that these our local tribunals so established will begin to sit in the discharge of their duties on the 8th day of November, 1917, and that they will continue to sit from day to day thereafter, so as may be necessary or convenient, at such times and places as shall be duly notified, until all applications for exemption from service shall have been heard and disposed of; also that men belonging to the class hereby called out who have not previously to the said 8th day of November, 1917, reported for service, or forwarded applications for exemption through any of our post offices as aforesaid, may make applications in person for exemption from service to any of our said tribunals on the 8th, 9th or 10th day of November, 1917.

And we do hereby moreover notify and inform our loving subjects who are within the class hereby called out, that if, on or before the 10th day of November, 1917, they report themselves for military service, or if, on or before that day, application for exemption from service be made by them or on their behalf, they will not be required to report for duty, or be placed upon active service as aforesaid, until a day not earlier than the 10th day of December, 1917, which will be notified to them in writing by registered post at their respective addresses as given in their reports for service, or applications for exemption from service, or at such substituted addresses as they may have respectively signified to our said tribunals; and we do hereby inform, forewarn and admonish the men belonging to the class hereby called out that if any of them shall, without just and sufficient cause, fail to report for duty at the time and place required by notice in writing so posted, or shall fail to report for duty as otherwise by law required, he shall be subject to the procedure, pains and penalties by law prescribed as against military deserters.

Of all of which our loving subjects, and all others whom these presents may concern, are hereby required to take notice, rendering strict obedience to and compliance with all these our commands, directions and requirements, and governing themselves accordingly.

In Testimony Whereof We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. WITNESS: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley, Knight of Our Most Noble Order of the Garter; One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor-General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this TWELFTH day of OCTOBER, in the year of Our Lord one thousand nine hundred and seventeen, and in the eighth year of Our Reign.

By Command,

CONSCRIPTION NO DISGRACE

Rev. P. R. Hayward Corrects What He Believes Popular Misconception

Comfort, Courage and Conscription was the subject of an able sermon delivered by Rev. P. R. Hayward at the Fairville Baptist church. He claimed that conscription was a military necessity rather than a political move, as was the idea held by some people and pointed out the great need that there was for reinforcements at the front at the present time. He said that the young men who would be called upon as well as those whom they left behind should take comfort in the fact that they are doing their duty to their country.

The impression that the men who were to be conscripted would be treated differently from the regular recruits, was, Mr. Hayward said, a false one. They will have, he said, the same treatment and there would be no distinctive uniform or mark by which they would be distinguished from those who had enlisted under the voluntary system. He pointed out that there was no disgrace in a man being asked to fight under the provisions of the military service act, and showed that the act had been in force in Great Britain, as in other continental countries, as well as in most of the dominions and colonies from the start of the war, and that in those countries as well as United States it was considered no disgrace, but an honor, to fight for one's country under the selective draft system.

Mr. Hayward expressed the opinion that a mistake was made in not having the selective draft or a similar scheme for raising men in force from the first of the war.

He addressed a special message to the young men who would receive the call to arms under the same draft, appealing to them to conduct themselves under all circumstances as Christian soldiers, and as true men, and to remember their ideals, and the duty which they owed to their God, their country and themselves. He appealed to those who were left behind to be not depressed, but to have comfort in the fact that their sons and brothers were doing their duty in answering their country's call.

Rev. P. R. Hayward is a native of Ashland, a son of Orrin P. Hayward and a brother of M. L. Hayward.

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. The Observer wishes to secure a boy to assist around the office. This would be a good job for a lad of 12 to 16 years, who is going to school and who would like to both earn and learn something out of school hours. For further particulars call at the office any evening after 7 o'clock.

WILL NOT FIX POTATO PRICES

The food controller has decided not to fix an arbitrary price for potatoes. This decision has been arrived at as the result of a meeting of representatives of the eastern provinces, acting as a special sub-committee of the fruit and vegetable committee of the food controller's office.

Registration of wholesale handlers of potatoes has already been ordered and it will be unlawful for any person to engage in the wholesale potato business without a license. A resolution is now under consideration which will require such dealers to take out a license to do business and to file regular reports of all their transactions covering the purchase and sale of potatoes. The sub-committee decided not to fix the price at \$1.25 a bag to the consumer, after ascertaining that the cost of producing a 90-pound bag in each of the five eastern provinces was as follows: Ontario \$1.27; Quebec, \$1.50; New Brunswick, \$1.35 to \$1.50; Nova Scotia, \$1.05; Prince Edward Island, ninety cents. To these costs must be added a fair profit to the grower, freight and the profits necessary to the wholesaler and retailer.

With the Fingers! Says Corns Lift Out Without Any Pain

Soft corns, hard corns, soft corns or any kind of a corn can be lifted right out with the fingers if you will apply directly upon the corn a few drops of freezone, says a Cincinnati authority.

It is claimed that at small cost one can get a quarter of an ounce of freezone at any drug store, which is sufficient to rid one's feet of every corn or callus without pain or soreness or the danger of infection.

This new drug is an ether compound, and while strong, does not inflame or irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

WHY DREAD OLD AGE?

It should be the pleasantest time of life and if coupled with good health it is. Many of our most remarkable men and women have won fame and prominence after reaching the sixties, and in lots of cases they have not been robust in youth.

The secret of health in old age is the prevention of bowel disorder. Constipation is the foe to be dreaded. Care in diet is necessary, also the avoidance of harsh cathartics, which only aggravate the trouble.

The ideal laxative for aged people is Chamberlain's Tablets

On account of their mild and gentle action, you hardly realize that a medicine has been taken. Yet the effect is none the less certain, and the tonic properties of these Tablets so build up and strengthen the digestive system that the health is greatly benefited. Try a bottle today.

CENTREVILLE NEWS

The weather is the all-absorbing topic. It almost has precedence over the entry of Hon. F. B. Carvell into the Union Government. The snow of last week did a lot of damage. Many farmers had oats and buckwheat out, to say nothing of the potatoes not yet dug. The question now is—will the potatoes be frozen in the ground, or will we have another warm spell? A shower accompanied by thunder and lightning Saturday evening celebrated the formal proclamation of the Military Service Act, and put all the weather prophets on the bum.

The users of our sidewalks were somewhat surprised the other day to find the planks taken up between the rails at the crossing and the earth cleared away. Now we step into a hole, step over the rail (if you don't catch your toe) into another hole—and then repeat. Our road commissioner will kindly take notice.

Miss Dorothy Clark has accepted a position in the Kerr Business College at St. John.

Rev. H. F. Rigby arrived home by the Valley Saturday night.

Rev. Mr. Wightman of East Florenceville exchanged pulpits with Rev. J. B. Champion Sunday. Among the Methodists all over the Dominion this was missionary Sunday and the reverend gentleman preached a splendid, sensible missionary sermon.

There will certainly have to be some political readjustments in

this county now that Hon. F. B. Carvell has entered the union government. An editorial in Monday's Telegraph well says: "There will be no more graft in the administration of Public Works." Where will the former holder of the patronage of this county come in?

Mr. and Mrs. James O'Hara visited Woodstock by train on Monday.

Mrs. Fred Cheney of Portland is visiting her parents, Mr. and Mrs. Joseph Vandine.

Mr. and Mrs. John Henderson of St. John are visiting at S. W. Burt's.

Archie McDougall of Woodstock was acting station agent here last week. H. W. Smith taking his holiday.

Earl Stiles, J. A. Gilland, Renée Tracy and H. W. Smith were in St. John last week, witness in the O'Leary-Smith trial which was decided in favor of O'Leary.

For Baby's Tender Skin

A child's skin is tender as well as beautiful and eczema may be caused by chafing of clothing, the use of poor soap, exposure to cold or sudden change of temperature. Probably no treatment for eczema has ever proven so successful as Dr. Chase's Ointment, and this applies particularly to baby eczema. This ointment is soothing, stops the itching and consequently prevents scratching. Gradually the sores are healed and the skin is left soft and velvety.

The Late J. W. Griffiths

The funeral service of the late J. W. Griffiths was held at his home at Kilburn on Wednesday afternoon, Oct. 10. Rev. C. Fleming, pastor of the Methodist church, spoke in a very appropriate way, his text being part of Genesis 48:21—"Behold, I die, but God shall be with you." Rev. Gordon Pringle of Kincardine was also present and assisted in the service. The following hymns were sung: "Asleep in Jesus, Nearer my God to Thee," and "Alone with me." Interment was made in the Methodist cemetery.

Mr. Griffiths, who was 73 years of age, came from England, accompanied by his wife and family about 35 years ago, and settled in Kilburn. During his residence there he made many friends and won the respect and esteem of all. A few months ago he became ill with a severe form of heart trouble and became gradually worse until on Oct. 7 he suddenly passed away at midnight. He is survived by his wife, one daughter, Mrs. A. M. Chandler of Cambridge, Mass., and one son, Hornby of Kilburn, with whom he made his home. The bereaved ones have the sympathy of the whole community in their sorrow.

O'Leary vs B. F. Smith

In the supreme court at St. John hearing was commenced in

GILLETT'S LYE

case of Richard O'Leary vs. Hon. B. F. Smith. The plaintiff is suing for the sum of \$1,833.50, being the value of two carloads of potatoes to the defendant at the rate of \$3.25 a barrel, and that the defendant failed to carry out his contract in refusing to accept them.

The defendant alleges that the plaintiff agreed to ship the potatoes in good condition, and that when they arrived at their destination they were not merchantable, most of them frozen. The defendant says he agreed to assort the potatoes, and pay for any that were in good condition. This he says, was done, and offered \$625 in settlement, which the plaintiff refused to accept.

Verdict was rendered for O'Leary.

WHY WE ARE NERVOUS

In perfect health we hardly realize that we have a network of nerves, but when strength is declining the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability, and unless corrected, leads straight to a breakdown.

Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and so feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force.
