Agriculture.

The "Maritime Farmer" for 1880.

We are pleased to know that our

readers like the MARITIME FARMER,

and we are free to admit that this

year has greatly encouraged us in our

future labors. As the MARITIME FARMER

is the only publication in the

Province whose special mission it is

to assist in developing the agricultural

interests of the country, and give it

due prominence, we hope to receive

the hearty support of the thirty

thousand farmers of New Brunswick,

who, we trust, will find the

Maritime Farmer an interest to follow

and to subscribe for it.

We shall strive to keep pace with

the time, and give our readers full

reports of the discussions at agricultural

gatherings, and present each

week something worthy of the consideration

of our readers. We do not

expect to deal in romance or finely

spun theories, but with practical

suggestions and useful hints such as

our farmers can work out for themselves

in every day life. What is just

now of the greatest importance is to

understand how we can most successfully

meet the necessities of the times. We

are strongly of the opinion that the

successful prosecution of our agricultural

industries will give material aid to our

country, and taken in connection with

the successful prosecution of our agricultural

A New Brunswick Breeding and

Stock Farm.

We shall at all times consider it a

pleasure to learn of the success of any

of our farmers in breeding and raising

stock of such a character as will con-

tribute to the general advancement of

our provincial agriculture. In the

new departure of making beef for the

English market, our people will find

it advantageous to secure thrifty grow-

ers, and those that come to maturity

at an early age.

Again our dairymen who have to

compete with the dairymen of the

upper Provinces or the United States

in foreign markets in their dairy pro-

duce, must secure the best class of

animals that is within their reach for

dairy purposes, otherwise they will be

left behind in the race, or rather they

will have to make butter and cheese

at a disadvantage.

This leads us to consider the im-

portance of a good class of stock and

the necessity that exists for its being

bred in our own Province, so that it

may be within the reach of all. We

are glad to know that some effort has

been made in this direction by a few

of our leading farmers, and we pur-

pose as soon as the facts are forth-

coming, to refer to those who have

shown so commendable a spirit of

enterprise. We desire our friends to

bear this in mind, and assist in secur-

ing the necessary information.

We are enabled this week to give

our readers a short sketch of the

"Breeding and Stock Farm" of John

Slipp, Esq., of Upper Hamlet, who ten

years ago commenced the breed-

ing of Short Horns. His first animals

were purchased from the "Queen's

Central Society," in 1869, and con-

sisted of one heifer, in calf, and one

bull calf, being a pair of an importa-

tion of stock made by the Society from

Western Ontario. Mr. Slipp being the

Society's agent in the purchase.

The "heifer" has proved a fine

breeder, and her descendants are quite

numerous. That our readers may

have some idea of Mr. Slipp's success,

we give the offspring of one of his

Short Horn cows, which is the first

calf dropped by his imported cow,

named "Mary Bell," calving April 12,

1870, and No. 16 in the New Brun-

swick Herd Book. Her first calf was

"Pink," calving March 8, 1872, No. 64,

N. B. H. B. Her second "Nora," No. 65,

N. B. H. B., since which time she has

had six others, (bells), the last one

calving May 1st, 1879. "Pink's" first

calf, "Lilly Dale," was calving May

11, 1874. No. 71, N. B. H. B. Since

which period she has dropped four

others, all bulls. "Nora's" first calf

"Daisy," No. 73, N. B. H. B., calving

April 13, 1878; her second calf was

dropped in May, and sold to Charles

Colwell, Esq., of Cambridge; her

third calf, "Lydia Ann," calving

March 31, 1877; her fourth calf "Rose

Bud," and fifth calf "Kate Darling,"

No. 135, calving April 5, 1879. "Lilly

Dale's" first calf was "Fancy," not

recorded, calving June 4, 1876; her

second calf "Baudy," at present

owned by Hon. W. E. Perley, Sanbury.

Her third calf was sold to Rev. B.

Colpitts of Carleton County. Fourth

calf "Lavinia 2nd," No. 134, N. B. H.

B., calving March 29, 1879. "Daisy's"

first calf "Prince Arthur," calving

March 20, 1877, was sold to Chipman

Agricultural Society. Second calf sold

to Andover Agricultural Society. Third

Farm Accounts.

We have on a former occasion re-

ferred to the advantage of keeping

farm accounts, and trust that many

of our readers have resolved to give

it a trial for their own personal satis-

faction. As we are now entering on

the new year, it is a very favorable

time to begin. At this comparatively

leisure season of the year, an account

of stock (as the merchants put it) can

be taken without seriously interfering

with the ordinary work on the farm.

Don't put the matter off until next

month or next year, but begin now

with a determination to carry it

through at least one year, and by that

time you will have become accus-

tomed to it that it will not be dis-

tasteful; and the satisfaction you will

receive from the course will doubly

repay you.

Make an Inventory.—One side of

your account put down everything

you possess, commencing with the

farm, valued at \$—, then value of

horses, cows, neat cattle, sheep, swine

and poultry; value of wagons, car-

riages, sleighs, sleds, harness, robes,

etc.; value of threshing ma-

chines, mowing machines, horse rakes,

plows, harrows, cultivators, horse

hoes, rakes, forks, scythes, horse

wheelbarrow, feed cutter, fanning

mill, grind stone, chains, and other

implements; value of saws, augers,

planes, and other carpenter tools,

which no farmer should be without.

Enter every item properly at a fair

valuation, and sum up the results,

which will show you at a glance the

amount you have invested in land,

buildings, and necessary farm im-

plements. Add to this the amount of

debts due you, and the amount of cash

on hand, and you have the total

assets.

On the opposite page of the Book—

Under the head of liabilities make a

record of every debt owed, and sum

up the result. The difference between

this column and the one on the oppo-

site page, will show the farmer the

value of his possessions, and just how

he stands at the commencement of the

year.

Purchases and sales should be enter-

ed in a separate book and should be

made up

F. B. EDGECOMBE,
Opp. Normal School
Queen Street.
F'lon, Dec. 11.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor discoloration and a small dark spot near the top center. A vertical crease or fold line is visible running down the middle of the page. The bottom edge is dark, suggesting the binding or the edge of the book.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. The left edge of the page is bound, showing the inner hinge and some stitching. The overall tone is a warm, off-white or light beige.

Local News.

The Municipal Council of York meets on Tuesday next.

THANKS.—Mr. J. L. Ingham has our thanks for a number of beautiful calendars, issued by the North British and Mercantile, Western, and other first-class Insurance Companies of which he is agent.

CURLING.—Mr. Loggie has won the Club points medal this year by the margin of 16. It was won last year by Mr. E. H. Allen with 10 points.

A ring with a latch key and apparently two ams. have been picked up in the street, and can be secured by the owner from the City Clerk.

PERSONAL.—Geo. W. Allen, M. D. left home on Saturday en route to England, to take a full course in law at the London University.

N. B. U. DEBATING SOCIETY.—At a meeting of the Debating Society of the University of N. B. held on Saturday night, the following were elected officers for the current year:

J. A. MacIntyre, 80, Pres.
H. V. B. Bridges, 82, Vice Pres.
C. J. Blair, 82, Secy.

THE COUNTRY MARKETS.—The supply of produce in the markets this week is rather small. The following prices were noted yesterday: Pork, 5 to 6 cents per lb.; Beef, 5 to 6; Mutton, 4 to 5; Lamb, 4 to 5; Chickens per pair, 30 to 40; Ducks per pair, 35 to 40; Turkeys per pair, 45 to 50; Butter per lb., 18 to 19; Eggs, 10 to 11; Hay, 60 to 70 per ton; Straw, 40 to 45 per ton.

COMPLIMENTARY BENEFIT TO MISS MARTIN.—A complimentary benefit to Miss Martin was given on Monday night, under the auspices of St. Daniel's T. A. Society, to a foot ball team. The entertainment is highly spoken of. The proceeds of the evening were \$100, and a grand concert will be given in the City Hall, on behalf of the same worthy young lady, and from the proceeds it will be observed that the same musical and literary talent in the city is to be expected. The names of Miss Robb, Miss Phelan, Miss Richards, Mrs. Dr. Curran, Mrs. J. B. Murphy, Mr. Wilson, Mr. Adams, Mr. C. H. Hunt, and other equally noted performers are sufficient to ensure the success of the concert. The concert will be given at the appearance of Mr. Fletcher in his go-to-the-top performance. Mr. Fletcher is to be seen at the "Babes," which will be a most interesting and entertaining. We hope the hall will be filled, as the object is a most worthy one.

INDUCTION OF REV. MR. MOWATT, AND HIS ASSOCIATES.—The induction of Rev. Mr. Mowatt, and his associates, took place on Saturday last, and was attended by a large number of the congregation. The service was conducted by Rev. Mr. Mowatt, and was of a most interesting character. The induction of Rev. Mr. Mowatt, and his associates, took place on Saturday last, and was attended by a large number of the congregation. The service was conducted by Rev. Mr. Mowatt, and was of a most interesting character. The induction of Rev. Mr. Mowatt, and his associates, took place on Saturday last, and was attended by a large number of the congregation. The service was conducted by Rev. Mr. Mowatt, and was of a most interesting character.

The musical part of the exercises were conducted under the direction of Mr. Perkins, the organist of the church. At the conclusion of the service, the new pastor was introduced individually to the members of the congregation. The church and Sunday School were adjourned on Friday evening, was the scene of a most pleasant gathering, when Mr. Mowatt was accorded a reception at once flattering and complete. The school room, elaborately and tastefully decorated with spruce, evergreens, flags, and mottoes, was set with tables loaded with the richest viands; and there pastor and people met in social intercourse.

The supper over, an adjournment was made to the church, where pleasing addresses were delivered, and a choice musical programme was presented by the choir. His Worship, the Mayor, called the meeting to order, when Prof. Fowler, of the Normal School, who had come in, in an affectionate speech on behalf of the congregation, Rev. Mr. Mowatt, who feelingly replied. Addresses followed from Rev. Messrs. Evans, McClelland, Stevens, Sykes, of Kewick, Roberts, of Harvey, and Melville, of Newburg. There were particularly happy, and gave the occasion a glow of interest that continued throughout the evening. It was pleasing to observe the sociability with which the large number present entered into the entertainment. However, it is characteristic of Presbyterians.

On Saturday afternoon the children of the Sunday School were entertained, and they spent a pleasant time. We are safe in saying that Rev. Mr. Mowatt has already made a most favorable impression on the people of his flock, and all who are interested in St. Paul's Church must sincerely wish that popularity to increase as the year goes by.

The Successive Mayors of Fredericton from the Date of Incorporation till the Present Time.

We are indebted to our regular and capable City Clerk, Chas. W. Beckwith, Esq., for the following information from the City Records regarding the elections to the Mayorship from the date of the incorporation of the city in 1848, up to the present time. We have no doubt it will prove interesting to every one of our city readers, and to many others who delight in talking over old times. Under the original charter of incorporation the Mayor was elected by the Council. The first Council was composed as follows:—

Wallington Ward—W. H. Odell, and Geo. Lee, Jr.
St. Ann's Ward—A. T. Coburn, late Sergeant-Arms in the House of Assembly, and Harvey Garcelon.

Carlton Ward—Spafford Barker and F. W. Hathaway.

Queen's Ward—John Simpson and John S. Coy.

King's Ward—James Robb, the late Dr. Robb, and Chas. Fisher, the present Judge.

The first meeting of the first Council was held in the old County Court House, on April 26th, 1848, when on motion of Mr. Odell, seconded by Mr. Hathaway, John Simpson, Esq., Councilor for Queen's Ward, was unanimously elected Mayor.

In 1849, on motion of Dr. Robb, Mr. Simpson was re-elected, and in 1850, on motion of Councilor Garcelon, Mr. Simpson was again chosen to fill the Civic Chair. During this year the late John J. Marsh, father of our present worthy Police Magistrate, and the late Henry Fisher, father of our fellow townsman, Messrs. C. H. B. and G. Fred. Fisher, were members of the Council.

In 1851, under the amended charter of incorporation, the Chief Magistrate was elected by the citizens themselves. The candidates that year were James Taylor, nominated by Mr. T. R. Robinson and John C. Allen, Esq., our present respected Chief Justice. Mr. Allen was elected, the vote standing—

Allen, 108
Taylor, 124

Majority for Allen, 16.

In 1852, Mr. Allen was re-elected without opposition. In 1853, John C. Allen was nominated by Geo. J. Dibble and seconded by Chas. Beaman, late City Marshall. He was again elected without opposition. In 1854, John C. Allen was nominated by E. W. Miller, and Wm. P. Hart by S. D. Macpherson. The vote stood—

Allen, 338
Hart, 282

Majority for Allen, 94.

In 1855, W. H. Needham was elected, and again in 1856, 1857, and 1858, the last year without opposition.

CHRISTMAS ANNUAL.

In presenting my *Book* before the people of Fredericton, I do so with a consciousness of my ability to do justice to the resource entertainment that is prepared for them at my Book Store.

M. S. HALL.

I have just received, not a *card* of *Cases*, but only a few—say eight or ten—in which we found *BOOKS* of all kinds for old and young; *TOYS* to please the boys and girls; *Photograph Albums*, *Autograph Albums*, *Scrap Books*, etc., a very complete stock, and *cheap*; the *Wax* and *Rubber* *DOLLS*—some of them speak for themselves; *Psalm* of David, *Church Services* and *Prayer Books*, *Methodist Hymn Books*, and *Baptist Hymn Books*, these books being bound in morocco, cloth, gilt, and leather.

Talk about *STATIONERY* being complete. I *always* keep a full and complete stock, and at all prices to suit purchasers. Please give me a call when you want any.

CHRISTMAS CARDS—Big! Bigger! Biggest! Best stock in the city. One Thousand Pieces of new and select *MUSIC*, and all the *Music Books* that are published.

Remember, you can get more for your money than at any other concern in town. Will you be so kind as to give me a call?

HALL'S BOOK STORE.

SCHOOL BOOKS sold lower than at any other place, and please "don't forget it." Fredericton, Dec. 4, 1878.

In 1855, W. H. Needham, nominated by Geo. J. Dibble, and John A. Beckwith, seconded by Chas. Beaman, was elected Mayor. The vote was as follows:—
