REPORT

OF THE

AUDITOR-GENERAL

ON

APPROPRIATION ACCOUNTS

FOR THE

YEAR ENDED 30th JUNE,

1887.

---

*FOR THE INFORMATION OF PARLIAMENT.*

OTTAWA:

PRINTED BY MACLEAN, ROGER & CO., WELLINGTON STREET.

1888.

I have the honor to submit my report for the fiscal year 1886-87, on Appropriation and other accounts.

J. L. McDOUGALL,  
*Auditor General.*

AUDIT OFFICE, February 14, 1888.

# AUDITOR GENERAL'S REPORT

FOR 1886-87.

TREASURY DECISIONS, CORRESPONDENCE AND STATEMENTS.

AUDIT OFFICE, OTTAWA, Dec. 15, 1887.

SIR,—You will perhaps remember that in 1880 there was a difficulty in carrying out section 36 of the Audit Act.

I have always understood that section to mean that an appropriation account could be kept open for any time fixed by Council, up to three months, for the purpose of charging against a vote all services or supplies for which the vote was taken; that is, those rendered before the 30th of June.

On page XIII of the report for 1879 I said: "The bringing down of the balances of the appropriation for three months, if it is supposed to lengthen the financial year to fifteen months (and the words of the statute appear to bear that construction alone), renders it impossible to have the accounts prepared for the subsequent session."

This was taken up by the Sub-Committee on Public Accounts, as follows:—  
"It" (*i.e.* carrying the balances of votes into the next fiscal year) "does not seem to be in accordance with the proviso, which points rather to the account of the appropriation being kept open, and closed only after the expenditure, thus coming when closed into the account of the expired year. It is expedient to amend the law so as to provide that such expenditure should be treated as a revote available for the limited time mentioned." (Votes and Proceedings, 1880, page 276).

In view of the imperfect communication at that time with the North-West Territories and British Columbia, the small staff of this office and the earlier average date of the meeting of Parliament, this recognition by the Public Accounts Committee of the only method at that time practicable was accepted as authority, although the Act was not changed as suggested.

The balance of a vote for services between July and June is now used to pay services rendered in the next July, August and September—a period outside of that for which the money was voted.

Section 36 of the Audit Act has been re-enacted without change, as Sec. 37 of the Consolidated Revenue and Audit Act, and must, as I am informed, be construed independently of the Public Accounts Committee's Report.

Any part of the Dominion can now be reached in a few days: the staff of this Office has increased in number and experience: and the practice of carrying forward the unexpended balances of votes has become so universal that the Appropriation Accounts are too complicated to be understood by any but an expert.

It will now, I see, be possible to revert to the wording of the Audit Act, and charge against any vote (taken for the fiscal year of 12 months) only the services rendered in the twelve months—closing the payments June 30, except for votes on which Council prolongs the date for any time up to three months. The most of the arrears would naturally come in July, and it would seldom be necessary to extend the time beyond July 31.

This will increase somewhat the expenditure for 1887-88 in those accounts for which Council extends the time, but for subsequent years the differences at the be-

ginning and end of each year will be about equal. For the purpose of comparison with 1886-87, I can publish in the Accounts of 1887-88 a statement showing the amounts paid after June 30, by services.

I write at this date to enable the Departments to frame their Estimates for 1888-89 without relying on the balances of 1887-88.

In conclusion: The handling of a whole fiscal year, ending September 30, would be preferable to the present complication of "Balances carried forward."

Yours truly,

J. L. McDOUGALL, A.G.

The Secy. Treasury Board,

P.S.—There is also a note on this subject on the first page of my report for 1882.

AUDIT OFFICE, OTTAWA, April 7, 1887.

SIR,—I have the honor to enclose a statement of payments in February and March to extra messengers who have not passed the preliminary examination.

You are aware that extra clerks are obliged by the Civil Service Act to pass the same qualifying examination that permanent employees are compelled to undergo. The Civil Service Act makes no allusion to extra messengers, and there is, therefore, no restriction as to their employment. A permanent messenger can be added to the staff of a Department only after he has passed the preliminary examination.

I have thought it well to let the Board know to what extent temporary messengers who have not passed the preliminary examination are employed by the various Departments, as the Government, with its attention drawn to the facts, might deem it advisable to place the same restriction on the employment of temporary messengers as exists with reference to the employment of permanent messengers.

Yours truly,

J. L. McDOUGALL, A.G.

The Secy. Treasury Board,

---

AUDIT OFFICE, OTTAWA, May 31, 1887.

SIR,—I beg to draw the attention of the Treasury Board to Clause 31 of the Order in Council of Nov. 11, 1870, regarding superannuation, and to point out that sec. 3, sub-sec. (a) cap. 18 of the Consolidated Statutes prevents the allowing of a year in calculating the superannuation allowance, for any less period than a year. The custom has been under authority of the Order in Council referred to, to count any period over six months as a year.

Yours truly,

J. L. McDOUGALL, A.G.

The Secy. Treasury Board,

AUDIT OFFICE, OTTAWA, Sept. 9, 1887.

SIR,—With reference to the Order in Council of August 25, restoring to John Logan, Excise Officer, Hamilton, Ont., \$70.81, being amount of salary deducted while he was on leave of absence from the Department in 1884, I beg to suggest that the consideration of the Treasury Board might be requested to the advisability of limiting every such restoration of salary, to the financial year following that in which deduction may be made.

Yours truly,

J. L. McDOUGALL, A.G.

The Secy. Treasury Board,

AUDIT OFFICE, OTTAWA, Sept. 20, 1887.

SIR,—I have the honour to report that civil servants who travel for the Government, are in the habit of charging Pullmans and Pullman portorage in addition to the ordinary railway fares and the per diem living allowance of \$3.50.

If the Pullmans are allowed, the person who travels much by rail is more liberally treated than the one who does not, as he is freed from the expenses of a hotel room; and if Pullmans are not allowed the case is reversed, as the charge for occupying a Pullman during twenty-four hours is more than the charge for a hotel room during the same time.

It would be convenient if this matter were disposed of soon, as there are several accounts which cannot be adjusted until the point is settled.

The Secy. Treasury Board.

Yours truly,  
J. L. McDOUGALL, A. G.

FINANCE DEPT., OTTAWA, Jan. 11, 1888.

SIR,—Referring to your communication of the 20th September, drawing the attention of the Treasury Board to the charges made by Civil servants (travelling on Government business) for Pullmans and Pullman portorage in addition to the ordinary railway fare and to the per diem allowance of \$3.50, I shall be glad to receive any suggestion you may have to make towards regulating such charges, as your communication does not contain any such suggestion.

The Auditor General.

Yours truly,  
J. M. COURTNEY, D. M. F.

AUDIT OFFICE, OTTAWA, Jany. 12, 1888.

SIR,—I have the honor to acknowledge the receipt of your letter of the 11th inst., asking for any suggestions I may have to make towards regulating the charges for Pullmans and Pullman portorage.

In reply I beg to say that under the circumstances I find it rather difficult to make a feasible suggestion. As the matter stands, by granting a fixed allowance, sometimes the Government is the gainer, and at other times, and indeed most frequently, the public officer travelling is the gainer, unless he be stopping in one of the larger cities. Were the starting point in this matter not a fixed allowance, I would suggest only the payment of actual travelling expenses. As, however, we are dealing with the granting of a fixed allowance for expenses, I would suggest that when a Pullman is used a reduction be made from the daily allowance equal to the average charge for a night's accommodation at a hotel, say 75 cents or a dollar.

The Secy. Treasury Board.

Yours truly,  
J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, April 1, 1887.

SIR,—On the authority of an Order in Council of Oct. 7, 1884, amending an Order in Council of June 30, 1884, the Department of Indian Affairs placed to the credit of the Indian Trust Fund, for the Mississaguas of the Credit, the amount of \$68,672.01, being the proceeds of the sale of certain lands, with interest thereon, to Dec. 31, 1883, which amount was to be included in the settlement between the Treasurers of Ontario and Quebec and the Dominion of Canada.

As at the settlement referred to the item in question was repudiated by the Provincial Treasurer, no transfer was made in the books, either of this office or of the

Finance Department, although the Indian Department has placed it to the credit of the Indian Fund, and has allowed interest on it from July 1, 1884.

As no transfer can be made until a final settlement of this matter is arrived at between the Dominion and the Province, I would suggest that in order to obviate any differences between the books of the several Departments, the Order in Council referred to be rescinded, and that the transfer be only sanctioned after the final settlement.

The difference between the books of the Indian Department and those of this office and of the Finance Department, amounted on June 30 last to \$74,275.63 which is made up as follows:—

Amount originally credited as per Order in Council....	\$ 68,672 01
Interest on same from July 1, 1884, to June 30, 1885, at 4 per cent.....	2,746 88
	<u>\$ 71,418 89</u>
Interest on \$71,418.89 to June 30, 1886, at 4 per cent.	2,856 74
	<u>2,856 74</u>
Total difference.....	<u>\$ 74,275 63</u>

Yours truly,

The Secy. Treasury Board.

J. L. McDOUGALL, A.G.

*MEMORANDUM by the Auditor General.*

It will be observed that the heads of expenditure do not appear in the usual order in Part II. In previous years the sequence of the Estimates was followed, but to get this report out in time (in consequence of the late Session of 1887) it was found necessary to send to the printers the work of each examiner as it was ready.

The chief additions this year are the statements of expenditure on Government Railways in operation, and the results of the Revenue Audit.

J. L. McDOUGALL.

Examined,  
A. B. HUDSON.

*Explanations by Deputy Minister of Finance:—*

a. Premiums on Canadian Securities greater than anticipated. b. Not estimated for. c. The Sinking Fund Estimates were made from the balances of the various funds as they stood June 30, 1885, and were as close as could be made two years in advance. The amount at the debit of the Sinking Fund Special Account is \$9,117.21, which, if taken into account, will leave a difference between the total estimate and expenditure of \$573.45. d. Loans not in existence when estimates were made up.—W. FITZGERALD, Acting D.M.F.

These accounts have been examined under my directions and are correct.

J. L. McDOUGALL,  
*Auditor-General.*

Examined,  
J. B. SIMPSON (Salaries).  
W. P. GARRETT (Contingencies).

*Explanations by Departments:—*

a. This saving to the public has been occasioned by the strict economy which, under His Excellency's directions, has been practised during the past fiscal year in this office, and by reducing as far as possible all items of expenditure within His Excellency's control.—(H. STREETFELD.)

d. The grant proved insufficient to meet the requirements of the Department, although the strictest economy was uniformly exercised.—(O. EUG. PANET.)

e. Although due economy was practised, it was found impossible to keep the expenditure within the grant, particularly as the continuation of work in connection with the Electoral Franchise Act rendered the continued employment of special extra clerks indispensable.—(G. POWELL.)

f. The Queen's Printer's Office was divided from the Department of State during the Session of 1886. In the estimates for 1886-87, passed that Session, no separate vote was taken, but a common vote for the two Departments. Of this, \$1,000 was formally transferred to this Department. The remaining \$4,460.79 was (through inadvertence or otherwise) paid out upon my cheques, as being entitled to draw against the vote for the Secretary of State's Department.—(B. CHAMBERLIN.)

g. Postage, telegrams, stationery, printing and lithographing make together a total of \$17,105.39, or within \$894.61 of the whole vote. These accounts have all been abnormally increased during the past two years, through the extraordinary demands made upon the Department under the several heads mentioned, in consequence of the issue of North-West half-breed scrip and of military bounty land warrants and scrip. The expenditure on account of the last mentioned item is now practically at an end, and I expect that the close of the present year will place the other in the same position.—(A. M. BURGESS.)

h. As close an estimate as was possible.—(L. VANKOUGHNET.)

k. Travelling expenses, investigating Returning Officers' accounts. Not estimated.—(J. L. McDOUGALL.)

l. Caused by travelling expenses not estimated for.—(J. M. COURTNEY.)

m. Contingencies can be only approximately estimated.—(P. M. ROBINS.)

p. The patent fees for last year amounted to \$77,792.47 against \$71,919.03 for 1885-86; and such augmentation of fees implies augmentation of patent and other cases, in which the fees are paid; each case implying a specific expense for printing, stationery and clerical services.—(J. LOWE.)

t. The estimates on this head, which were carefully prepared, had contemplated a less expenditure than in former years, and accordingly the grant was for a smaller sum. Owing, however, to unforeseen circumstances, over which the Department had little or no control, the grant proved insufficient.—(A. P. BRADLEY.)

AUDIT OFFICE, Dec. 31, 1887.

SIR,—Voucher 1280 is for \$112.50 to recoup Mr. Dick for deductions from accounts from June to October, 1886. What are the deductions for which he is thus recouped? Voucher 711—A. McDonald, Mississaguas, for work rendered necessary by contractor, Mr. Askwith, not completing his contract satisfactorily. Mr. Anderson states on the voucher that this sum (\$51.65) should be deducted from amount due Mr. Askwith. Has his recommendation been carried into effect? Voucher 1443—G. Wilson is allowed \$1,200 for losses alleged to have been sustained in endeavoring to carry out his contract at Colchester Reef. The authority under which this payment was made should be forwarded to me. Vouchers 828 to 835 and 11 others are for 50 per cent. of claim against John Waddell, North Channel Lights. It is important that I should be in possession of the causes which rendered these payments necessary, and also the authority under which they were made. Voucher 3—Dominion steamers, is for an allowance of 3 months' salary to L. Bolduc "to cover any loss sustained owing to delay in securing employment on the occasion of his dismissal from 'La Canadienne.'" The authority for this payment should be forwarded to me. Voucher 92—British Columbia. Steamboat inspection, is for \$100 paid W. A. Russell by order of the Department—Please inform me why this grant was made and on what authority?

Yours truly,

J. L. McDOUGALL, A.G.

The Dy. Minister of Marine.

MARINE DEPT., Jan. 16, 1888.

SIR,—The sum of \$112.50 paid Mr. Dick for deductions from account was authorized subsequently by the Minister. The allowance of \$1,200 to George Wilson on account of contract at Colchester Reef, was made under the authority of an Order in Council of the 27th January last. Vouchers 828 to 835, claim against John Waddell. These payments were made on the authority of the Minister of Marine and Fisheries, to meet claims against Mr. Waddell, who entered into a contract to build certain lighthouses on the North Channel and failed to complete the work. The contract was for \$9,033 and Mr. Waddell received \$6,700 on account. Voucher 3, \$175. This payment was made to Mr. Bolduc by authority of the Minister of Marine and Fisheries to cover a loss sustained on the occasion of his dismissal from the Dominion steamship "La Canadienne." Capt. Bolduc was sailing master of the vessel referred to at the time she ran into the brig "Alliance" at Gaspé Harbor, and his services were dispensed with as he was considered at fault in the matter, but it was subsequently considered advisable to allow him 3 months' salary to cover loss sustained in securing employment.

Yours truly,

WM. SMITH, D.M.M.

The Auditor General.

MARINE DEPT., Jan. 17, 1888.

SIR,—Referring to your letter of the 31st ultimo in which you enquire whether the recommendation made by Mr. Anderson that the sum paid A. McDonald, Voucher 711, had been deducted from the amount due Mr. Askwith, I beg to inform you that Mr. McDonald's account was not received until after the final settlement had been made with Mr. Askwith, and the amount consequently could not be deducted. With reference to grant of \$100 to W. A. Russell, I beg to inform you that Mr. Russell was appointed Inspector of Steamboats for British Columbia, and this sum was allowed him by the authority of the Minister of Marine and Fisheries for assistance in removing his family to that place.

Yours truly,

WM. SMITH, D.M.M.

The Auditor General.

AUDIT OFFICE, Jan. 20, 1888.

SIR,—Voucher 1443—I would point out to you that this voucher furnished by Mr. Wilson does not bear the certificate required by section 33 of the Audit Act. I presume Mr. Wilson was paid for work performed, and it is necessary that I should be in possession of the official certificate upon which the amount (\$1,200) authorized by the Order in Council quoted in your letter, is based.

Respecting the payments made on account of claims against John Waddell. Evidence should be given showing that the sum paid is not more than what he was entitled to for the work done in proportion to the contract price for the whole.

In reference to your letter of 17th inst., respecting Voucher 711, it appears somewhat irregular that Mr. Askwith should have received the full amount of his contract before the work performed by him had been inspected and certified by a proper official.

As to the payment of \$100 to W. A. Russell, I beg to point out to you that under an Order in Council of Sept. 8, 1871 no such allowances may be granted except on a recommendation from the Treasury Board.

Yours truly,

J. L. McDOUGALL, A.G.

The Dy. Minister of Marine.

MARINE DEPT., OTTAWA, Jan. 26, 1888.

SIR,—Voucher 1443. In regard to the payment made Mr. Wilson, I beg to inform you that Mr. Wilson entered into a contract with the Department to build a pier and lighthouse on Colchester Reef, Lake Erie, and had made considerable progress with the work when a very severe storm occurred which completely destroyed all the work done. He declined to proceed further and rebuild, but on his representation to the Minister of Marine and Fisheries, and subsequently to the Minister of Customs, who was acting for the Minister of Marine, they decided that some recompense should be made for the losses sustained, as Mr. Wilson satisfied them he had lost a large amount of money in endeavoring to carry out his contract.

I am of opinion that an Order of the Governor in Council might possibly be considered a sufficient certificate. At all events I am not aware how any other certificate could be given under the circumstances. With reference to payments made on account of claims against John Waddell. I may observe that the difficulty in this case has arisen from the fact that Mr. Waddell took the contract at too low a price and had not the means to carry it out. The Department was obliged to proceed and finish the work itself, and it was decided by the Minister of Marine to allow payments at the rate of 50 per cent. on certain claims for labor and material made against Mr. Waddell. Mr. Dawson, M.P., having represented to the Department that the men who supplied this labor and material were suffering great hardships for want of their pay.

Voucher No. 711. I beg to inform you that the sum of \$150 was retained from Mr. Askwith's account, and Mr. McDonald was instructed on the 20th Sept., 1884, to have the work made right and to state the cost for so doing. Mr. Askwith pressing for the payment of the amount retained and no word having been received from Mr. McDonald up to the 12th May, 1885, the sum of \$20 was deducted from the account and the balance paid to Mr. Askwith. When the account from Mr. McDonald came in some months later it was found that he had expended \$51.55 in the repairs, so that the amount to be refunded by Mr. Askwith is \$31.55.

With reference to the payment of \$100 to Mr. W. A. Russell, I beg to remark that the Minister of Marine and Fisheries decided to make this allowance, as a similar allowance had been made in a previous case.

Yours truly,

WM. SMITH, D.M.M.

The Auditor General.

## EXECUTIVE REGULATIONS.

I have thought it advisable to collect for reference several Orders in Council relating to economy in public expenditure, which are frequently quoted in the following pages.

J. L. McDOUGALL, A. G.

### Powers of Attorney.

*Rules prescribed by the Treasury Board, under sanction of the Governor General in Council, in reference to the mode of Acquittal of Warrants for the payment of money by the Government of Canada.*

1. No officer in the Civil Service shall, under any circumstances, be permitted to act as attorney for the receipt of public moneys.

2. No power of attorney will be recognized, received or acted upon by the Receiver General which is not printed, and of the form to be obtained from the office of the Receiver General, under which only payment can be made, and such power will operate as to any sum of money due only by the Government at the date of the power of attorney.

3. No powers of attorney will be received by the Government for the payments of moneys on warrants which partake of the character of an assignment of the moneys to another party or purport to be irrevocable or are in "*any respects qualified.*"

4. General powers of attorney, authorizing the receipt of money due, or which may become due after its date, by which any chartered bank or agent of a chartered bank, or any private individual, is constituted the attorney, will be received and acted upon if printed, and of the special form to be obtained from the office of the Receiver-General; and in the event of the power being to the agent of a chartered bank, the bank must declare itself, by a proper instrument in writing, responsible for the acts of such agent, in respect to the receipts of moneys thereunder.

It is, however, optional with the party executing any power of attorney to a bank or agent of a bank or any private individual, prior to the execution, to erase the words "or may hereafter become due."

5. All powers of attorney must be signed in the presence of a witness.

6. In case of the death of the person in whose behalf payment is claimed, the probate of will or other proof that the applicant is entitled to receive the money, must be furnished on application for such payments.

Blank forms of powers of attorney may be obtained from the office of the Receiver-General and at all the branches of the Bank of Montreal.

By order of the Board.

TREASURY, OTTAWA, February 1, 1870.

### Accounts for Advertising.

*Order in Council, December 17, 1875.*—On a memorandum from the Hon. Mr. Mackenzie, on the subject of Departmental advertising, proposing a scheme for adoption as absolutely necessary to prevent the recurrence of abuses which seem inseparable from isolated action, and an inefficient audit by those Departmental officers who may not have the means of ascertaining facts necessary to an accurate correction of advertising accounts.

Mr. Mackenzie states that if this scheme is adopted, he recommends that the Secretary of State shall at once communicate with each Department information of the mode of proceeding for the future.

The Committee advise that the scheme and recommendation submitted be adopted.

W. A. HIMSWORTH, *C.P.C.*

*Memorandum referred to above.*—With a view to similarity of action by the various Departments in respect of orders and accounts for advertising, it is recommended that all such orders as are issued at the Seat of Government be given through the Queen's Printer, and that the Queen's Printer certify to the accounts before payment.

The copy to be sent to the Queen's Printer, accompanied by Ministerial directions, naming the papers in which the advertisement is to be published, specifying whether in the daily or weekly issue, and the number of insertions in each paper respectively.

On receipt of these instructions the Queen's Printer to procure the printing by the contractors of a sufficient number of copies to enable him to furnish duplicates to the papers indicated. These to be forwarded by him to the publishers, accompanied by an intimation of the number of lines to which the advertisement is to be limited, himself establishing the space on a proper estimate of the solid matter of the notice, with a moderate allowance for purposes of display; and accompanied also by an instruction to the publishers to render the accounts to him, with a copy of the order attached, and with marked copies of the papers in which advertisements are printed.

The Queen's Printer to ascertain the established tariffs for advertising of the several papers on the list; and on receipt of the accounts, certify to the same in accordance with these rates, and to transmit the accounts for payment to the Departments from which the orders issued, having first satisfied himself that publication has been had as directed.

Accounts for advertising required by the outside services to be also rendered with the orders, and marked copies of the publications, to the Queen's Printer, and the advertisements to be by him measured, certified to, and transmitted for payment in accordance with the rules which obtain for advertisements issued at the Seat of Government.

The Queen's Printer to keep with each paper, accounts of the advertisements directed to be published in it, under the different Departmental headings, so as at all times to show the state of each account.

A. MACKENZIE.

### Printing, not under Contract.

*Order in Council, November 2, 1884.*—The Board had under consideration a letter from the Auditor-General referring to the discussion in the Public Accounts Committee respecting public printing done otherwise than by the contractors, and requesting a ruling from the Treasury Board thereon.

The Board, on careful consideration of the subject, recommend to Council that whenever printing is done by others than the contractors, the rates to be charged should be the current rates for work of the same magnitude at the place where the printing is performed.

### Stationery Office.

*Order in Council, November 17, 1877.*—The Committee of Council have had under consideration the items in the Public Accounts under the head of Departmental Contingencies, from which it appears that considerable sums are expended by the several Departments for books, maps and stationery, outside of the Stationery Branch. They are of opinion that these articles could be purchased more cheaply through the

Stationery Branch than by the system now pursued. They therefore recommend that hereafter those articles be purchased through the Government Stationery Office, by requisition from the Minister or Deputy Minister of each Department, and that the Stationery Office be directed to procure the articles when not kept in stock.

Certified. W. A. HIMSWORTH, *C.P.C.*

*Order in Council, October 8, 1880.*—On a memorandum dated October 2, 1880, from the Secretary of State, stating that it has been represented to him that the practice occasionally prevails in the Departments of ordering or purchasing stationery otherwise than through the Stationery Office—the accounts for which (accompanied by the orders for the same) are thereafter presented to the Clerk of the Stationery Office for payment.

That as it is impossible that the prices of the articles thus ordered can be properly checked, and as the practice appears to him (the Minister) to be otherwise objectionable, he recommends that it be discontinued, and that it be the duty henceforth of the clerk in charge of the Stationery Office to refuse to pay any accounts for articles which have not been ordered through him.

Certified. J. O. COTÉ, *C.P.C.*

*Order in Council, July 24, 1882.*—The Board had under consideration a letter from the Auditor General in connection with the purchase of stationery at Victoria, B.C., for the use of officers of the Dominion Government in that Province.

The Board recommend that the Order in Council of November 17, 1877, be amended, and that power be given to officers in British Columbia to purchase stationery at Victoria, and to officers in other Provinces, excepting Ontario and Quebec, to purchase mucilage and ink, viz., at St. John, Halifax, Charlottetown and Winnipeg.

Approved. JOHN J. MCGEE, *C.P.C.*

### Advertising in Pamphlets.

*Order in Council, April 16, 1880.*—The Committee of Council have had under consideration the subject of advertising in pamphlets, and the question of the subscription by Departments to books, and they recommend:—

(1.) That no advertisements be authorized in connection with the publication of any pamphlet or book whatever, save only that, where any Department of the Government causes to be published a pamphlet or book, the Head of such Department may cause to be inserted therein such advertisements connected with his own Department as he thinks expedient in the public service.

(2.) That as regards subscriptions to books, no Department be allowed to subscribe for or purchase any book whatever unless such book be deemed by the Head of the Department one which will be useful for reference in the administration of the Department, and that not more than four copies shall be taken in any such case.

The Committee further recommend that the foregoing Minute be published in the *Canada Gazette* for the information of the public.

Certified. J. O. COTÉ, *C.P.C.*

*Order in Council, November 1, 1881.*—Ordered that the Immigration Branch of the Department of Agriculture be excepted from the provisions of O.C., April 16, 1880, relative to the purchase of pamphlets, books or other publications, and that the same rule of exception be applied to advertisements.

J. O. COTÉ, *C.P.C.*

### Legal Services.

*Order in Council, April 12, 1879.*—On a report dated April 2, 1879, from the Hon. Minister of Justice, stating that it has been represented by the Auditor-General that it would facilitate the business of his office were an Order in Council passed making it necessary that the accounts rendered by any legal agent employed professionally by any of the Departments of the Government should be submitted to the Department of Justice for examination and approval before payment.

That at present the practice of the Departments appears to be to submit such accounts to the Department of Justice before paying the same, but no formal Order in Council exists on the subject.

That an Order in Council does exist providing that all accounts for printing and advertising are to be certified by the Queen's Printer before payment.

That he, the Minister, thinks that it would be proper that a formal Order should be passed with respect to legal agents. He recommends, therefore, that it be ordered that the accounts rendered by legal gentlemen employed professionally by any of the Departments of the Government be submitted to the Department of Justice for examination and approval before payment, and that a copy of the Order be transmitted to each of the Departments of the Government.

Certified. W. A. HIMSWORTH, C.P.C.

### Gratuities.

*Order in Council, Feb. 1, 1868.*—As frequent instances occur of the death of officers in the service of the Government, leaving their families in circumstances of great and immediate want, and destitute of means to defray the expenses of illness and funeral, the Committee respectfully advise that in all cases of the decease of an officer of the Government on the permanent list a gratuity equal to his salary be paid to his widow or orphan children, or to such members of his family or household as His Excellency may approve, for two months from the day of his decease.

### Salaries.

*Order in Council, Feb. 9, 1875.*—On a memorandum dated Feb. 9, 1875, from the Hon. the Minister of Finance, reporting that there appears to be a want of uniformity in the manner of paying the salaries of deceased officers—that in some cases the salary is paid to the day of death, and in others the salary of the month in which the officer died is paid. He therefore recommends that for the future the whole month's salary be paid in all cases. The Committee submit the above recommendation for Your Excellency's approval.

Certified. W. A. HIMSWORTH, C.P.C.

*Order in Council, July 29, 1871.*—On a report, dated July 29, 1871, from the Minister of Finance, stating that considerable inconvenience having arisen from Orders in Council making promotions and other changes in the Civil Service, and granting superannuation allowances, not naming the time from which they shall count, and it being desirable that, excepting for special reasons, such changes shall always count from the first day of some month, and recommending that it be established as a general rule that unless some other date is specially named in the Order in Council, all such changes shall be held to count from the first day of the month next succeeding the date of the said Order. The Committee submit the above recommendation for Your Excellency's approval.

Approved. W. H. LEE.

*Order in Council, Jan. 13, 1887:—*

The Committee of the Privy Council have had a memorial from the members of the Civil Service, laid before them by the Right Honorable the Prime Minister, praying for relief of their financial embarrassment in reclaiming the advance of salary.

The Committee recommend, with a view to relieving the financial embarrassment, that the pay list for each month be authorized on the 15th day of the month, provided that when the day for passing any pay list under the provisions hereof shall be a Sunday, or a bank or departmental holiday, the pay list be issued on the previous day. The salaries of the Ministers to be paid at the end of each month.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, March 22, 1887.*—The Committee, on the recommendation of the President of the Privy Council, advise that the Order in Council of the 13th January last, authorizing the issue of the pay lists on the 15th day of each month, be amended so as to include the temporary clerks of the inside service who are continuously employed.

JOHN J. MCGEE, *C.P.C.*

AUDIT OFFICE, April 1, 1887.

SIR,—Please define the meaning which is to be attached to the word “continuous” in the O. C. of March 22, with reference to the time of paying certain extra clerks.

Yours truly,

The Clerk of the Council.

J. L. McDOUGALL, *A.G.*

PRIVY COUNCIL, April 2, 1887.

SIR,—In answer to yours of the 1st inst., respecting the O. C. of March 22, authorizing payment on the 15th of each month to temporary clerks who are continuously employed, I have the honor to state that it is only applicable to those employed by Order in Council.

Yours truly,

The Auditor General.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, November 14, 1885.*—The attention of the Board was called by the Deputy Minister of Finance, to the statements of the balances of the several Government accounts with the Bank of Montreal, on the 31st October, 1885, by which it appeared that some of the Departments had issued pay cheques in advance of the due date.

The Board recommend that the attention of the several Departments be called to the irregularity of such action, and the Board are of opinion and recommend that steps should be immediately taken to stop the practice for the future.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, July 1, 1886.*—The Board had under consideration the matter of payments for extra services, under various headings, paid to permanent officers of the Public Departments, as shown in the statements submitted to Parliament in the Report of the Auditor-General.

Taking these statements into consideration, the Board are of opinion, and recommend to Council, that, with the following exception, from and after the 1st July, 1886, no payment be made for any extra service of any kind whatever.

The exception referred to in the above, is the amount yearly allowed by Parliament for the computation of interest and balancing the accounts of the depositors in the several Post Office and Government Savings Banks, which has to be performed immediately after the close of the fiscal year, whereby no inconvenience should arise to depositors, and it may be added that an analogous vote for the same service is granted by the English House of Commons.

JOHN J. MCGEE, C.P.C.

*Order in Council, October 16, 1886.*—That the Order in Council of July 1, 1886, founded on a Minute of the Board dated June 24, 1886, providing that no payment be made for any Extra Service of any kind whatever, be amended by excluding from the operation thereof “payments for services performed by persons in the Customs and Fisheries Departments in connection with the distribution of the Fishing Bounty and collection of statistics,” for which a vote of Parliament is taken.

JOHN J. MCGEE, C.P.C.

### Superannuation.

*Order in Council, Jan. 7, 1884.*—The Board had under consideration the fact that several recommendations to place temporary officers on the permanent list have been referred to them for report.

The Board, in compliance with the law, have recommended favorably on the cases submitted to them, but at the same time the Board have to direct the notice of Council to the fact that placing these officers on the permanent list has the effect of bringing them under the operation of the Superannuation Act, and that hitherto no provision has been made for payment of abatements on the pay of these officers while temporarily employed, although their temporary service counts on retirement.

The Board now recommend to Council that from and after the 1st inst. it shall be optional with temporary officers, on receiving permanent appointments, to place themselves, as far as regards their temporary services, under the operations of the Superannuation Act; but that in the cases where officers desire to avail themselves of this privilege, the Board are of opinion that abatements should be paid on their past temporary salaries since the Superannuation Act came into force, when the officers have served for so long back; otherwise, from the commencement of their temporary services.

The Board further recommend that, as the immediate payment of abatements on past salaries would, in many cases, involve considerable hardship, a period of six months be allowed for paying the same, the deduction to be made in six equal parts, to be taken from each monthly pay for the first six months of the permanent appointments.

Certified.

JOHN J. MCGEE, C.P.C.

*Order in Council, May 3, 1886.*—That the 34th paragraph of the Treasury Minute of the 11th Nov., 1870, which paragraph is as follows:—

“(34.) When any officer has an official residence or other similar perquisite his salary shall be stated at such higher sum as may fairly represent these advantages, and he shall pay the abatements on such higher salary, otherwise his superannuation allowance shall only count on the salary on which he has paid abatement;”—be repealed, except in the case of those who now pay superannuation abatement on such allowance or perquisite in addition to the abatements from their salaries.

JOHN J. MCGEE, C.P.C.

TREASURY BOARD, OTTAWA, Dec. 7, 1883.

SIR,—I am directed by the Treasury Board to call your attention to your letter of October 9, 1882, on the subject of the reconsideration of cases of superannuations

of Public Servants, as published in the Book of the Rules of the Civil Service, page 52, and to state that many references are now made to the Board from the several Departments, recommending the postponement of the dates of superannuations as established by Council on the report of the Treasury Board, and to ask whether, under any circumstances, superannuations once established by Council may be reopened—always presuming that no clerical errors have been made.

Your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Sec. Treasury Board.*

DEPT. OF JUSTICE, OTTAWA, Dec. 12, 1883.

SIR,—I have the honor to acknowledge your letter of the 7th, asking whether under any circumstances, superannuation once established by Council may be reopened—always presuming that no clerical error has been made.

The Superannuation Act provides that under the circumstances mentioned therein the Governor in Council may grant to a person who has served in an established capacity in the Civil Service a superannuation allowance, and that the Order in Council made in the case shall be laid before Parliament. If the grant was made by Letters Patent, the latter could not be cancelled by authority of an Order in Council, except they had been issued in the name of the wrong party, or contained a clerical error or misnomer, or wrong description of a material fact. (*See 38 Vic., cap. 13.*) As the grant in the case of a member of the Civil Service is made by an Order in Council, I am of opinion that in practice it would be well to adhere to the same rule and not to cancel or amend the Order in Council, except in cases mentioned in the Act referred to (*38 Vic., cap. 13.*).

Your obedient servant,

The Secretary, Treasury Board. GEO. W. BURBIDGE, *D.M.J.*

### Special Qualifications.

TREASURY BOARD, OTTAWA, Nov. 13, 1883.

SIR,—I have been directed by the Hon. the Treasury Board to call your attention to the 5th sub-section of section 7 of 46 Victoria, chap. 7 (C. S. Act), wherein it is stated that "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed with on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary;" and in connection therewith I have to call your attention to the *Hansard* of last Session, page 1035, when in reply to an observation from Mr. Ross, of Middlesex, Sir Hector Langevin stated that these gentlemen are employed in the Service in the practice of their professions, and therefore an examination would not be required, as they had already passed technical examinations before their admission into the ranks of their professions.

I have now to ask whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act would allow of the examination being waived?

Your obedient servant,

The Deputy Minister of Justice. J. M. COURTNEY, *Sec. Treasury Board.*

DEPT. OF JUSTICE, OTTAWA, Nov. 15, 1883.

SIR,—I have the honor to acknowledge the receipt of your communication of the 13th instant, in which you call attention to sub section 5 of section 7 of 46 Victoria, chapter 7, wherein it is stated that, "In the case of attorneys, barristers, engineers, architects, actuaries and land surveyors, the examination may be dispensed

with, on a report from the Deputy Head, concurred in by the Head of the Department, that it is not necessary."

An opinion is requested as to whether, in case any of these professional gentlemen are employed in a Department where their professional attainments are not required, as, for instance, a barrister in the Finance Department, the spirit of the Act will allow of the examination being dispensed with?

I am of opinion that the spirit of the Act does not allow of the examination being dispensed with in the case mentioned, but that the examination can be dispensed with only in cases where the duties to be performed by the officer seeking promotion are those connected with his profession as an attorney, barrister, engineer, architect, actuary or land surveyor.

Your obedient servant,

The Deputy Minister of Finance.

GEO. W. BURBIDGE, *D.M.J.*

### Travelling Expenses.

*Order in Council, Sept. 8, 1871.*—The Committee of Council have had under consideration an extract from the minutes of a meeting of the Treasury Board held Sept. 7, recommending that the following rules be adopted for the payment of removal allowances to Government employés, and they respectfully advise that the recommendations therein submitted be approved and adopted:—

"*Removal Allowances.*—No removal allowance can be granted except on report of the Treasury Board. No removal allowance is to be granted if the salary is increased, except in special cases, and on a report of the Head of the Department. A removal allowance is not to exceed the actual cost on account rendered."

*Order in Council, Nov. 29, 1882.*—Ordered, that the Order in Council of May 6, 1876, governing travelling expenses, be modified, and that from July 1, 1882, with the exception of the Major General commanding the Militia, and the judges who are otherwise provided for, there be paid to all officers travelling on public service in the Dominion, except in those parts hereafter specified, over and above the actual moving expenses, a uniform rate of \$3.50 per diem—the days of leaving and arriving to be counted as full days—and that for those officers who may be called upon to travel in British Columbia, Manitoba, the North-West Territories or out of Canada, the rate of \$5 per diem.

Certified.

JOHN J. MCGEE, *C.P.C.*

*Order in Council, June 28, 1886.*—That from and after the 1st of July, 1886, the Order in Council of the 29th November, 1882, fixing the allowances of officers travelling in Manitoba and the North-West Territories be amended, by placing the *per diem* allowance at three dollars and fifty cents (\$3.50.)

JOHN J. MCGEE, *C.P.C.*

*Order in Council, Nov. 10, 1886.*—The Board having had their attention called by the Auditor-General to the subject of the payment of expenses incurred by officers in the employ of the Government while travelling on Government business, and also advances made to such officers on account of such expenses, after full consideration of the subject, recommend to Council as follows:—

1. The *per diem* allowance for maintenance shall not hereafter be paid to such officers for days spent on board steamers or steamships or other modes of conveyance, if the passage money includes meals and all other accommodation.

2. All advances made to such officers for travelling expenses shall be accounted for within one month from the conclusion of the trip, and the officer shall render to the Auditor-General a detailed statement of such travelling expenses.

JOHN J. MCGEE, *C.P.C.*

### Insurance.

*Order in Council, July 5, 1881.*—The Committee of the Privy Council have had under consideration, upon the suggestion of the Acting Minister of the Interior, the general question of insurance against fire of Government property; and they are of opinion and humbly advise Your Excellency, that in view of the large amount, varied character and widely separated position of the property in the Dominion belonging to the Crown, it is a wise economy for the Government to underwrite its own risks, as well on movable as on immovable property, and they recommend that all existing policies (if any such exist) be suffered to lapse and no new ones effected, and that a copy of this Order, should Your Excellency approve of it, be sent to every Department of the Government.

J. O. COTÉ, *C.P.C.*

### “ Copying.”

*Order in Council, April 1, 1886.*—That the rate to be paid for all copying done for the several Departments of the Government and in the preparation of returns for the Senate and House of Commons, be fixed at five cents (5c.) per folio of 100 words, to commence on the 1st April instant.

JOHN J. MCGEE, *C.P.C.*

### Revenue Accounts.

*Rules and Regulations in reference to the Receipt, Entry and accounting for Public Moneys.*

- (1.) Receipt Books with printed consecutive numbers should be used.
- (2.) A receipt should be given for each payment.
- (3.) All receipts should be entered in a Cash Book, and each entry should bear the same number as the receipt.
- (4.) The counterfoil of the receipt should bear its number, the name of payor, the amount, a short memo. of the object for which payment was made, and should be signed by the collector, and when payment is made in person, by the payor.
- (5.) A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \$25. If the daily receipts do not amount to \$25, a deposit should be made whenever that sum or more is on hand.
- (6.) As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the Cash Book should be transmitted to this office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

FINANCE DEPARTMENT, NOV. 9, 1886.

SIR,—With reference to the correspondence that passed between us during my visit to England on the question of the audit of the Inscribed Stock, I now have the honor to request that you will favor me with a communication stating from what date you desire to commence the audit, in order that I may write to the agents.

Yours truly,

J. M. COURTNEY, *D.M.F.*

The Auditor-General.

AUDIT OFFICE, November 9, 1886.

SIR,—In reply to your letter of to-day asking from what date I would desire to commence the audit of the interest on the Inscribed Stock, I have to say, that I would be glad to have vouchers covering the interest paid during the fiscal year ended June 30, last.

Yours truly,

J. L. McDOUGALL, *A. G.*

The Deputy Minister Finance.

FINANCE DEPARTMENT, OTTAWA, JAN. 14, 1887.

SIR,—I have the honor to enclose herewith a copy of a letter to the High Commissioner from Messrs. Glyn, Mills, Currie & Co., under date December 21, 1886, with reference to dividends on Dominion of Canada Inscribed Stock and also debit notes (3) showing appropriation of the dividend October, 1885, on \$97,333.33, Intercolonial Bonds, for which warrants were not printed.

Yours truly,

J. M. COURTNEY, *D. M. F.*

The Auditor-General.

67 LOMBARD ST., LONDON, Dec. 21, 1886.

SIR,—We beg to acknowledge the receipt of your favor dated 14th inst., handing us a copy of a letter from the Deputy Minister of Finance, with reference to dividends on "Dominion of Canada Inscribed Stock."

In accordance therewith we have the pleasure to hand you herewith warrants for the half yearly dividends, "November" and "December," 1885, and "January," 1886, with a memorandum on each half yearly parcel of the warrants outstanding.

We also send debit notes showing appropriation of the dividend, October, 1885, on \$97,333.33 Intercolonial Bonds, for which warrants were not printed.

We purpose sending similar documents in future nine months after the due date of each dividend, in accordance with the before mentioned letter.

Please acknowledge receipt.

Yours truly,

GLYN, MILLS, CURRIE & CO.

The High Commissioner, London.

AUDIT OFFICE, OTTAWA, May 3, 1887.

SIR,—In connection with the examination of the expenditure in England during the fiscal year 1885-86, I would beg to state:

(1.) No coupons have yet been received for the following dividends:—

Canada Reduced 4 per cent. loan dividend, July, 1886. Barings & Co.

Canada 4 per cent., 1885 do do do

New Brunswick loan, whole year. do do

(2.) I may state here that I have not yet received any vouchers for interest on inscribed stock.

(4.) Bonds of the 4 per cent. loan, 1885, amounting to \$13,383,333.33 were signed, but only to the amount of \$11,817,240 issued. Those remaining in the hands of the agents (\$1,566,093.33) should be returned and cancelled.

(5.) For the purpose of verifying the outstanding coupon account, the agents should be requested to send a statement of that account in detail with the next batch of coupons they forward, and with each subsequent batch a statement showing the balance merely, classified by loans.

(6.) There has been some difficulty in determining what bonds of the Consolidated Loan (now Canada Reduced) have been inscribed. It would be well to get a detailed list from the agents, showing what bonds were outstanding at the date of the conversion of the loan.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. Finance.

AUDIT OFFICE, OTTAWA, Aug. 29, 1887.

SIR.—Referring to my letter of May 3, last, I would beg to state that coupons for the following dividends on account of expenditure of fiscal year 1885-86, paid by Messrs. Baring & Co., have not yet been received at this office:—

Canada Reduced, 4 per cent loan, dividend, July, 1886.

do 4 per cent. loan, 1885.

New Brunswick loans, for whole year.

No coupons have yet reached me concerning the expenditure on account of fiscal year 1886-87, with the exception of those for the dividend of October, 1886, of the following loans:—

Intercolonial Railway guaranteed loan.

Guaranteed loans, 1875 and 1878.

Rupert's Land guaranteed loan.

Intercolonial Railway unguaranteed loan.

On the 14th January last you forwarded to me a copy of a letter from Messrs. Glyn & Co. to the High Commissioner, enclosing to him certain warrants covering part of interest on inscribed stock for fiscal year 1885-86. No warrants have yet been furnished to this office.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Minister Finance.

AUDIT OFFICE, OTTAWA, August 30, 1887.

SIR,—When the Canadian Consolidated 5 per cent. loans was converted into a 4 per cent. loan the amount of the sinking fund accrued for its redemption was \$7,791,221.01, and when calculating subsequent transactions in connection with the reduced loan, the English agents based them on the gross amount of the old loan, instead of on the difference after deducting the amount of the sinking fund. I called attention at the time to the increased charges for commission, brokerage and stamps which would be caused thereby, and I would refer you to the correspondence then had on the matter.

As the manuscript for my report to Parliament is now preparing, I would be glad to know what further action has been taken, and the present position of the question.

Yours truly,

J. L. McDOUGALL, A. G.

The Asst. Dep. Min. Finance.

FINANCE DEPT., OTTAWA, Sept. 14, 1887.

SIR,—I am in receipt of your letter of the 30th ult., *re* sinking fund on conversion of Canadian Consolidated 5 per cent. Loan, and in reply I beg to say, that pre-

sumably I am not cognizant of the circumstances beyond what is contained in the correspondence, but I believe the matter is under consideration by the Minister and Mr. Courtney.

Yours truly,  
 W. FITZGERALD, *A.D.M.F.*

The Auditor-General.

FINANCE DEPT., OTTAWA, Sept. 14, 1887.

SIR,—I am in receipt of yours of the 29th ult., respecting paid coupons and warrants for the interest on public debt.

All coupons which have been received have come under your notice. Messrs. Baring Bros. & Co. have been asked to forward those you refer to.

You were verbally informed some months ago that the warrants had come to hand, but as no lists or statements of income tax accompanied them, no satisfactory audit could be made. The income tax receipts have been sent to this Department. As soon as the lists are received the whole will be transmitted to you.

Yours truly,  
 W. FITZGERALD, *A.D.M.F.*

The Auditor-General.

AUDIT OFFICE, OTTAWA, Oct. 24, 1887.

DEAR SIR,—In further discussion of your expenditure for Civil Government contingencies in 1836-7 :

The payments to Holland Bros. for reporting and for travelling expenses while reporting, do not come under any sub-head of Contingencies as defined by the Contingency Act.

Similarly, \$125 paid to Mr. Schneider, of New York, for information concerning Iron Bridges, is not a proper charge on Contingencies.

I enclose a list of stationery (including books of reference and type-writers) which should have been procured through the Stationery Office. Also a list of articles which ought to have been ordered from the Public Works Dept. instead of being charged to Contingencies.

To make your control in this respect uniform, it would be well to define clearly the different articles which may be bought from "Petty Cash," excluding anything of the nature of Stationery and Furniture.

The payments to R. and S. Greenfield, of the Post Office Dept., for firing the Noon Gun should be excepted specially from the ruling of O. C., July 1, 1886, or the money refunded.

The vouchers for powder for the Noon Gun are not complete. They contain but requisitions by Mr. Griffin for payments to Col. White. Please obtain the bills rendered by the persons who furnished the powder.

The rent of the time ball line is charged under "Post Office Contingencies." It might perhaps be placed under Departments generally, along with the charges for firing the gun.

Although the item of "Gratuities to Telegraph Messengers" appears in the Contingencies of the Audit Office, as well as in those of the other Departments,—on reflection I find no justification for the outlay.

Several of the vouchers put in for cab hire are bills written out in the names of cabmen by clerks in the Departments, naming only the amount payable for one month, without giving the calculations. Every voucher should contain the handwriting of the creditor himself and the figuring by which the total is arrived at. In the case of cab hire, the date of each trip, the charge therefor and the name of the person driven should all be shown. It would be well also to exact from each person paying for cab hire a certificate that he has paid no more than city tariff rates.

As the part of my Report relating to Contingencies is now in proof, I would like to know what progress has been made in obtaining the refunds asked for in previous letters, namely: from Messrs. Pope and McKenna, and Miss Christie.

Yours truly,

J. L. McDOUGALL, A. G.

The Accountant of Contingencies.

AUDIT OFFICE, OTTAWA, Aug. 30, 1887.

SIR,—I have completed the examination of the vouchers for expenditure on account of the several Penitentiaries for the fiscal year 1886-87, and beg to draw your attention to the following remarks thereon:—

*St. Vincent de Paul Penitentiary.*—Why was Dr. Pominville paid \$42.00 for medical attendance from Feb. 1-12 when Dr. Gaudet was appointed surgeon on Feb. 1?

Details are required of the \$575.35 paid to Dr. Brien for medical attendance required, when Dr. Pominville was the salaried surgeon during the period in question.

*Manitoba.*—Is the payment of \$60.00 for a special car for the conveyance of Mrs. Bedson from Winnipeg to Stony Mountain a proper charge against the public service?

Yours truly,

J. L. McDOUGALL, A.G.

The Dy. Minister of Justice.

JUSTICE DEPT., OTTAWA, Sept. 16, 1887.

SIR,—I have the honour to acknowledge your letter of the 30th ultimo.

Respecting the payment of forty-two dollars (\$42.00) to Dr. Pominville for medical attendance at St. Vincent de Paul Penitentiary from 1st to 12th February last, "when Dr. Gaudet was appointed surgeon on Feb. 1," I beg to inform you that Dr. Gaudet was unable to enter upon his duties for the period named; consequently Dr. Pominville visited the men professionally, for which he was paid at the rate of 50 cts. per visit.

As regards the payment to Dr. Brien, it was for professional attendance at the Penitentiary during the time that Dr. Pominville was laid up, in consequence of a severe injury to his leg.

As for the amount paid for the removal of Mrs. Bedson from Winnipeg to Stony Mountain, I beg to say that in consequence of her severe illness she could not be removed in the ordinary way.

Yours truly,

A. POWER, for D.M.J.

The Auditor General.

AUDIT OFFICE, Oct. 8, 1887.

SIR,—With reference to your letters of the 16th ulto. (to which my attention has just been drawn), in reply to my letter of Aug. 30, concerning the Penitentiary expenditure, I would further say:—

1. With regard to the amount paid Dr. Pominville for medical services at the St. Vincent de Paul Penitentiary from February 1 to 12, Dr. Gaudet should not have received pay until he entered upon the duties of his position.

2. The expense of the removal of Mrs. Bedson from Winnipeg to Stony Mountain should have been met by Mr. Bedson as a private individual, instead of being paid out of Government funds.

Yours truly,

J. L. McDOUGALL, A.G.

The Dy. Minister of Justice.

JUSTICE DEPT., OTTAWA, Oct. 24, 1887.

SIR,—With reference to your letter of 8th inst., in which you say: "The expense of the removal of Mrs. Bedson from Winnipeg to Stony Mountain should have been met by Mr. Bedson as a private individual, instead of being paid out of Government moneys," I have the honor to inform you that the Warden vacated his quarters at the Penitentiary to accommodate the Government in connection with the enlargement of the prison. A temporary residence was provided for him in Winnipeg, to and from which removal was to be made, of his family and effects, at the public expense. I am authorized by the Minister of Justice to make this explanation.

Yours truly,

JAS. G. MOYLAN.

The Auditor General.

PENITENTIARY BRANCH, OTTAWA, Oct. 26, 1887.

SIR,—In reply to that portion of your letter of the 8th instant, which refers to the payment of Dr. Pominville and Dr. Gaudet for medical services at the St. Vincent de Paul Penitentiary, from the 1st until the 12th February, and stating that Dr. Gaudet should not have received pay until he entered upon his duties. I have the honor to state that the Orders in Council superannuating Dr. Pominville and appointing Dr. Gaudet were both approved by His Excellency the Governor General in Council on the 31st January, 1887. The letter notifying the Warden of Dr. Gaudet's appointment was written on the 5th February, and instructed the Warden to place the name of the newly appointed surgeon on the pay-list from the 1st of that month. Dr. Gaudet not having been able to take charge of his duties until the 12th of February, Dr. Pominville continued up to that date to fulfil those duties.

The account of Dr. Pominville was paid upon the certificate of the Deputy Minister of Justice.

It would appear that a mistake has been made in giving instructions to the Warden to pay Dr. Gaudet for a period in advance of the date upon which he entered upon his duties.

The Minister of Justice authorizes this letter.

Yours truly,

JAS. G. MÓYLAN.

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 2, 1887.

DEAR SIR,—With reference to the over-payment of \$42.00 to Dr. Gaudet, for services as surgeon at St. Vincent de Paul Penitentiary, from Feb. 1 to 12, 1887: It would be well to deduct the amount from the next or succeeding pay-lists.

Yours truly,

J. L. McDOUGALL, A.G.

The Inspector of Penitentiaries.

*Circular to Returning Officers.*

AUDIT OFFICE, OTTAWA, Jan. 18, 1887.

SIR,—The following suggestions are intended to help the speedy settlement of your account for holding the coming election in.....

1. The charges for mileage should be supported by a minutely detailed statement of actual travel, specifying the work done on each day, the names of persons travelling, the places passed through, and the distances from place to place. I send herewith a map on.....chains to the inch, showing all the roads in your county. You will please mark the route followed when posting proclamations, and return the map to me. The total of the detailed account will be paid, if it approximates to the measured length of the line. No statement of route will be of any use whatever unless it can be followed throughout on the map.

The practice is to make payments for posting notices and distributing boxes in one trip. If, from unusual and special circumstances, the returning officer is unable to have everything ready to send out at one time, full proof of the fact should accompany the charges for mileage.

2. Please see that a specimen of each form printed is sent with the printer's account. No item will be paid which is not supported by a sample of the work done. Enclosed is a list of the sums which will be allowed to the printer for necessary forms.

3. With this I send blank accounts for the deputies, containing full instructions as to the rendering of their bills. Claims for rent and constables will be recognized only when made in writing by the person to whom the money is due; please note this fact carefully. You should certify that each item charged is correct, and that the rent paid for the polling booth is a reasonable amount for the house used. Four dollars for rent is a limit, and not a fixed fee. Polls can generally be obtained for much less than that sum, and you are expected to make a reasonable effort for economy under this as well as every other head.

4. I send you by mail a specimen of a portable screen, designed by a prominent member of Parliament much experienced in elections. It is a piece of heavy grey cotton, 6 feet square, hemmed along the top, with a ring on each end of the hem, the

whole to be hung across the corner of the room. The size can be varied to suit your own notion of efficiency. Screens of this kind can be made under your direction at a cost of less than 75 cents each, and sent to the deputies (where needed) inside of the ballot boxes. After the polling day, they can be returned to you in the same manner. The voucher should be based on the quantity of material used for the number made. As the deputies are instructed to include only the actual cost of any screens erected by themselves, this item will disappear from their accounts entirely, and there will also be a second economy in the presence of the same screens at succeeding elections.

If, however, an election has lately been held in your county, these suggestions have been already offered and accepted; you will in that case find.....screens and .....ballot boxes in the possession of....., postmaster at..... These will be given to you on payment of a delivery fee of \$2 a year, counting from the time when the postmaster got them. You will please therefore pay him the sum of \$.....when taking the property over.

6. Any new ballot boxes obtained by you, together with the screens, should be securely packed up after the election, and left with a postmaster near the place of declaration. A storage allowance of \$2 a year will be made to him, payable when he gives them up. His receipt should be taken and transmitted to this office, specifying the number of screens and boxes.

7. The accounts of your creditors must be forwarded in original, without alteration, except your deductions and certificate in the margin. Please support the whole account by a declaration under 37 Vic., chap. 37, that you have made a reasonable examination of the claims, and are to the same extent satisfied of their correctness; that each voucher accurately describes the service performed; and that you do not know of any item for which the Government is asked to pay more than others would under circumstances of similar urgency. As the Dominion officer having most knowledge of the locality, we rely upon you for protection against overcharge.

8. Any voters' lists required for yourself or deputy returning officers are to be obtained from the Revisor for the district, under section 40 of Franchise Act.

9. Let me call your attention to the Dominion Election Act, sec. 126, sub-sec. 30, instructing returning officers to report through the Secretary of State the distribution made of money paid to them for election expenses. Since many of your claims on the Government are not completely established without receipts from your creditors, and you cannot be expected to advance the money, a subsequent verification is the only one possible. Your services will not be completed until the account is closed, and a part of your fee will therefore be withheld until this is done.

Yours respectfully,

J. L. McDOUGALL,

*Auditor General.*

.....

*Returning Officer.*

AUDIT OFFICE, OTTAWA, June 22, 1887.

SIR,—Payments of \$7,912.50 and \$8,156.25 were made to Thomas McCrea and Messrs. Clark and Norris, respectively, as compensation for cattle slaughtered at Point Lévis.

From my reading of section 13 of "The Animal Contagious Diseases Act," I would infer that the above payments were largely in excess of the sums due. My calculations are as follows :—

*Animal Contagious Diseases Act (49 Vic., chap. 43, sec. 13), as amended.*

The Governor in Council may order a compensation to be paid to the owners of animals slaughtered under the provisions of this Act; and whenever the animal slaughtered was affected by infectious or contagious disease, the compensation shall

be one-third of the value of the animal before it became so affected, but shall not in any such case exceed \$20; in every other case the compensation shall be three-fourths of the value of the animal, but shall not in any case of grade animals exceed \$50, and in any case of thoroughbred pedigree animals, two-thirds of the value of the animal, not to exceed \$150; and in all such cases the value of the animal shall be determined by the Minister of Agriculture or by some person appointed by him.

AUDIT OFFICE, OTTAWA, June 27, 1887.

SIR,—A payment of \$375 was made to Col. Blair, of Truro, in compensation for two cows slaughtered at Point Lévis under the "Animal Contagious Diseases Act." The appraised value of the cattle was \$500. The amount payable to Mr. Blair in accordance with section 13 of the Act referred to I estimate at \$300.

Please let me hear from you in regard to this payment.

Yours truly,

The Secy. Agriculture Dept.

J. L. McDOUGALL, A.G.

NOTE.—The over-payment of \$75 will be deducted from the salary of Mr. Blair, who is now employed at the Nepean Experimental Farm.

AUDIT OFFICE, OTTAWA, June 27, 1887.

SIR,—It seems to me that Andrew Allan was overpaid \$50 by your Department on cattle slaughter account.

NOTE.—The above over-payment was refunded by Mr. Allan, October 28, 1887.

AGRICULTURE DEPT., OTTAWA, Oct. 28, 1887.

SIR,—Adverting to your letter of June 22 last, in reference to payments to Mr. Thomas McCrae and Messrs. Clarke & Norris, of the amounts of \$7,912.50 and \$8,156.35 respectively, I have to say to you that an earlier answer was not sent, owing to the absence of Mr. D. McEachran, the Chief Veterinary Inspector of this Department, whose report was desired, it being on his certificates that these payments were made.

I enclose to you herewith, as constituting a reply to your letter, a copy of a report from Mr. McEachran, explaining the circumstances in which these payments were made.

It is not found that there has been any over-payment, as stated in your letter, but quite the reverse. The circumstances in relation to almost all these animals were most exceptional, and the owners, even after being allowed the maximum compensation authorized by the Act, on slaughter certificates, were still heavy losers, for a cause for which they were not responsible.

Yours truly,

The Auditor-General.

J. LOWE, Secretary.

AGRICULTURE DEPT., OTTAWA, Oct. 25, 1887.

SIR,—Referring to the letter of the Auditor-General of June 22 last, in which he alleges that an over payment was made in certain payments for compensation for cattle slaughtered at the Point Lévis Cattle Quarantine, viz., to Mr. Thomas McCrae and to Messrs. Clarke & Norris, I beg to make the following explanation:—

On discovering that some of McCrae's cattle presented symptoms suspicious of pleuro-pneumonia, a disease of a very insidious nature and so destructive of all live-stock interests, that it has ruined the farmers in every country into which it has been introduced; and, the whole live-stock trade and cattle interests of the Dominion being thus menaced, I felt it my duty to recommend the most thorough and prompt action, viz., the slaughtering and cremation of the cattle suspected and of those in yards contiguous to them, as well as everything with which they had come in contact.

This having been determined on, was thoroughly and successfully carried out under Departmental instructions, sanctioned by Order in Council. Thus, Mr. McCrae was deprived of all his cattle, while we could only pronounce some of them to be suspected; but for precautions and to secure safety, we concluded to kill them all, thus removing suspicion and danger to other valuable herds then in quarantine and those about to arrive.

After consultation with the Hon. J. H. Pope, then acting Minister of this Department, at which you were present with me, it was decided that under the extraordinary circumstances, the owners of the cattle should be allowed the highest limit under the Act, viz., \$150 each animal.

In point of fact the value of many of them was much more than one-third over this maximum, and the owners were heavy losers.

In Clark and Norris' case the animals were healthy when they entered the quarantine, but became suspected owing to proximity to McCrae's while detained in quarantine, and the Department was threatened with a lawsuit for damages, to avert which and arrive at an amicable settlement, it was thought advisable to pay the maximum allowance to them, viz., \$150 per head, which still left them heavy losers from a cause arising through no fault of theirs. I, therefore, on the advice of the Acting Minister, and with your own concurrence, made out my certificates at the rate of \$150 for each, except the calves. In filling up the appraisement forms, I put the appraisement at a low value purposely, in many cases under the then market value, my motive being to make the compensation allowed appear in the most favorable light to the owners of the cattle.

I can, however, with perfect honesty, make the appraisement equal to one-third more than the amount paid, and I herewith enclose certificates amended in this sense.

Yours truly,

D. McEACHRAN.

The Secy. Agriculture Dept.

AUDIT OFFICE, OTTAWA, Oct. 31, 1887.

SIR,—I have your favor of the 25th inst. with reference to the payments to Clarke and Norris, and to Thos. McCrea, and I regret to have to say that Mr. McEachran's explanation seems very unsatisfactory.

The Act of Parliament, 49 Vic., cap. 43, gives specific directions as to the course to be pursued and the amount to be given. Mr. McEachran was acting under the part of the clause which reads "and in all such cases the value of the animal shall be determined by the Minister of Agriculture or by some person appointed by him," and he now says, if I understand his explanation rightly, that he made a valuation which he knew to be less than what the cattle were worth.

Mr. McEachran says that "the owners of the cattle were not to get more than what the Act would permit if he had done what the Act directed him to do;" but that the men who had the intelligence to acquire all this valuable property were to be quieted by the manner in which the account was made out.

What chance would they have had of being successful in a suit for damages against the Department if the correct valuation had been made and the directions of the Act of Parliament carried out?

Besides, some of the cattle were actually diseased, according to Mr. McEachran's report. The allowance in such cases is limited to \$20. Therefore, an overpayment of \$130 was made in all such cases.

Yours truly,

The Secretary, Agriculture Dept.

J. L. McDOUGALL, A.G.

AGRICULTURE DEPT., OTTAWA, NOV. 7, 1887.

SIR,—There are points in your letter of the 21st ultimo, in reply to my letter to you of the 25th ultimo, in reference to the payments of Messrs. Clarke and Norris and Mr. Thos. McCrae, on which I think it well to make a further representation.

You state that the Act gives specific directions as to the course to be pursued and the amounts to be paid, and you further point out that, "in all cases the value of the animal shall be determined by the Minister of Agriculture or by some person appointed by him." within, of course, the limits prescribed by the Statute.

The reply is, that that is the precise course which has been followed. The Minister was authorized by Order in Council, and he "appointed" Mr. D. McEachran, the Chief Veterinary Inspector of the Department, as the proper person to "determine such value."

Without stopping to notice the remarks which you think it well to make on Mr. McEachran's mode of reasoning and his amendment of certificate, which, permit me to say, I do not think material, the only essential point being the actual fact of value,—I beg to state that this officer of the Department on his responsibility as such, as well as on that of a professional man, and also, as you have pointed, out on the special responsibility of the "person appointed to determine the value of the animals," has certified to such an amount as brings the compensation paid within the strict limits of the Statute. I do not find that the remarks in your letter affect the declaration of fact in Mr. McEachran's certificate, or even that it is competent for you to do so.

You ask me what chance would the parties have had of being successful in a suit for damages against the Department if the exact value had been made and the directions of the Act of Parliament carried out? In reply I have to say that I cannot answer as to what the chances would be in any suit for damages; but I have no difficulty whatever in stating that the amounts which were paid were in precise accord with the prescriptions of the Act, apportioned on the actual values.

Respecting your remark to the effect that some of the animals were actually diseased, I have to state that this is a point on which some difficulty was found. It was declared, however, by the Veterinary Inspector that the recommendation to slaughter, by him, was made on "suspicion of disease," under the 12th section of the Act, and the then Acting Minister, the Hon. J. H. Pope, in the temporary absence of the Minister of Agriculture, after careful consideration of all the facts and circumstances, and after a personal consultation with the Veterinary Inspector, authorized the certificates to be made, in accordance with the section of the Act referred to, as slaughter for suspicion of disease. The Veterinary Inspector states that he could not have taken these animals from their owners on any other ground.

Yours truly,

J. LOWE, *Secretary.*

The Auditor-General.

AUDIT OFFICE, OTTAWA, NOV. 15, 1887.

SIR,—In reply to your letter of the 7th instant, regarding the payments to Thos. McCrea and to Clarke and Norris, it seems necessary to say but a word or two.

Mr. McEachran was, you say, perfectly justified in putting down, as the valuation of the cattle, an amount which was not really his valuation, because the settlement with the owners was to be made easy by a low valuation. I do not understand you to contend that this was not in violation of the Act of Parliament. How do you account for the fact that of the McCrea cattle the bulls were valued at \$1,600 in the first instance (when Mr. McEachran was justified, according to your opinion, in putting them at less than their value) and at \$1,250 when he was putting them at their real and higher value?

How did it happen that your accounting officers (who could scarcely have assumed that Mr. McEachran meant \$13,163.75 when he said that the valuation was \$11,150,) passed the sum which the higher valuation would give, and which existed only in Mr. McEachran's mind: while that sum was contrary to Parliamentary direction on the basis of the \$11,150, the only amount before them.

Kindly let me know whether, (since you think Mr. McEachran's course in this matter, and that of the Department in endorsing it, are entirely correct,) you intend that they should be followed in future, should the Government unfortunately be again compelled to cause the slaughter of diseased cattle.

Yours truly,

J. L. McDOUGALL, A.G.

The Secretary Agriculture Dept.

AGRICULTURE DEPT., OTTAWA, Nov. 17, 1887.

SIR,—I have to acknowledge your letter of the 15th inst., in which you think it well to repeat the allegations which were sufficiently plainly stated in your two former letters, respecting the payments to Mr. T. McCrae and Messrs. Norris & Clarke.

I do not think it necessary to repeat the points in rebuttal, but there is one allegation in your letter which contains a misstatement which I think proper to ask you to correct. You state that I said Mr. McEachran was "perfectly justified in putting down as the valuation of the cattle an amount which was not really his valuation." I deny that I ever made any such statement. I did, on the contrary, say to you in express terms, that I declined to discuss either Mr. McEachran's reasons, or his amending of his certificates. I rested simply on the fact of value, as the only point which was material in the whole discussion, and permit me to say that I have not found anything in the repeated representations in these letters which in the slightest degree affects that.

Yours truly,

J. LOWE, Sec.

The Auditor General.

AUDIT OFFICE, OTTAWA, Sept. 30, 1887.

SIR,—I find that in adjusting Mr. J. H. Wood's account for services and expenses as Australian Agent you overpaid him \$100. An advance of \$160 (cheque 2675) was charged as \$60.

Please cause a refund to be made.

Yours truly,

J. L. McDOUGALL, A.G.

The Secretary Agriculture Dept.

AGRICULTURE DEPT., OTTAWA, Nov. 8, 1887.

SIR,—Referring to your letter of the 30th September last, respecting the payments to Mr. J. H. Wood, I have to inform you that on examination it was found that owing to a clerical error he has been over paid \$100. This fact has been communicated to Mr. Wood who will refund the amount.

Yours truly,

J. LOWE, Secretary.

The Auditor-General.

AUDIT OFFICE, OTTAWA, Oct. 25, 1887.

SIR,—I beg leave to call your attention to an overpayment of \$40 to C. R. H. Starr for services in connection with the Colonial Exhibition. Mr. Starr was paid \$995 for 191 days from May 4 to Nov. 10. The correct amount is \$955.

Yours truly,

The Secretary Agriculture Dept.

AUDIT OFFICE, Nov. 4, 1887.

SIR,—An entry has been passed, debiting "Election Expenses" and crediting "Refunds of Previous Years' Expenditure—Dominion Lands Account," with \$139.80, the amount of fees and mileage due F. J. Chadwick as Returning Officer for South Wellington.

This sum is to stand against the advance of \$200 made to Mr. Chadwick on Contract Survey No. 39, of 1882.

Yours truly,

J. L. McDOUGALL, A. G.

The Deputy Minister of Interior.

INTERIOR DEPT., OTTAWA, Dec. 6, 1887.

SIR,—I have lately had some verbal discussion with you about the proposal that the gratuity which was voted during the last Session of the Dominion Parliament to Mr. Donald Codd (now deceased), be charged to "Dominion Lands."

I enclose a copy of the estimate in this matter, which was sent to the Deputy of the Minister of Finance when the Estimates were preparing for Parliament last year. No heading was given to the estimate in question, but I took it for granted that the item would be charged to "Superannuation Fund," the percentage for that fund having been regularly deducted from Mr. Codd's salary during the time he was an employee of this Department.

I may add that the amount in question, \$1,607.31, will not, as a matter of course, be charged to "Dominion Lands" in the books of this Department.

I have officially advised Mr. Courtney to the foregoing effect; and I think a note should be inserted in your report directing attention to the item, and stating what I believe you agree with me in thinking, that it should have been charged to "Superannuation Fund."

Yours truly,

A. M. BURGESS, D. M. I.

J. L. McDOUGALL.

SUPPLEMENTARY ESTIMATES for the Financial year ending 30th June, 1887.

To pay gratuity to Mr. Donald Codd of one month's salary for every year of service from 11th May, 1872, to 31st December, 1881, when he ceased to be employed in the Department of the Interior, \$1,607.31.

AUDIT OFFICE, OTTAWA, Sept. 17, 1887.

SIR,—I have completed the examination of the vouchers for the expenditure on account of Insurance Superintendence during the year 1886-87, and ask your attention to the following remarks thereon:—

In your account for travelling expenses I notice charges amounting to \$38.00 for Pullmans and porters. These charges, which are for such accommodation as is ordinarily obtained at hotels, and which do not form part of the actual moving expenses, should be paid out of the per diem allowance of \$3.50 (as per Order in Council, Nov. 29, 1882), until specially authorized by Council.

In the petty expense account for the year there is a payment of 60 cents for men moving furniture. I see no reason for any expenditure of this nature, as the Department of Public Works has men specially employed for services of this kind. I also notice a payment of 50 cents as a gratuity to one of the Public Works employees on his retirement. As all gratuities are paid only on the authority of an Order in Council, any item of this nature is illegal.

Yours truly,

J. L. McDOUGALL, A. G.

W. FITZGERALD, M.A.,  
Supt. of Insurance.

NOTE BY THE AUDITOR-GENERAL, DEC. 16, 1887.—The question of paying for Pullmans and porters is before the Treasury Board for its determination.

AUDIT OFFICE, OTTAWA, Nov. 16, 1887.

SIR,—I beg to draw your attention to the following accounts of 1886-87, which appear to be not yet fully closed :—

1st. A. McArthur received in February last an advance of \$200, on account of the expenses of an expedition to the Arctic Coast. No return has been received here of the expenditure under this advance.

2nd. C. W. Willimott renders vouchers amounting to \$1,250.17 for his expenses at the Colonial Exhibition ; his advances are as follows :—

Advance of 1885-86 .....	\$ 100 00
From A. R. C. Selwyn .....	1,177 74
From Sir Chas. Tupper .....	48 67
From A. R. C. Selwyn (to close account) .....	23 76.
Total .....	<u>\$1,350 17</u>

It would thus appear that Mr. Willimott has \$100 unaccounted for, which should be deposited at once.

3rd. M. O'Farrell received for contingent expenses during the year the amount of \$595.63, which includes a balance of \$49.83 from 1885-86 ; his vouchers only amount to \$520.63 leaving \$75 still unaccounted for. He appears to have left out of consideration cheque No. 423 of April 13, for \$75.

Yours truly,

J. L. McDOUGALL, A.G.

The Director Geological Survey.

AUDIT OFFICE, OTTAWA, Nov. 24, 1887.

SIR,—I beg to draw your attention to the following remarks and queries on the expenditure on account of the Geological Survey during the fiscal year 1886 87.

Voucher 103. Mr. Ami charges \$6.85 for a ticket for himself from Point Levis to Ottawa, and afterwards buys a ticket from Montreal to Ottawa for \$3.50. I should like to be informed as to the reason of the double payment of fare between Montreal and Ottawa.

Voucher 227. J. A. Guignard, compiling index for report \$48.00. The calculation by which the amount is arrived at should be given.

Vouchers 352 and 421 ; payments to Geo. Low for blacksmithing. The last four items in the former of these accounts bear a striking resemblance to the first four in the latter account.

The following surveyors have in their accounts, charged the amounts indicated for washing :—

A. Bowman .....	\$11 75
E. Coste .....	12 05
R. W. Ells .....	5 00
A. S. Cochrane .....	9 70

No charge for washing personal effects should be allowed ; it would be quite as reasonable to allow charges for repairing and renewing clothing as to pass items of this nature.

I must again object to the payment of board to any of the surveyors on their return to Ottawa. I drew your attention to this matter in my letter of Dec. 16, 1886. The following are the charges for board in Ottawa :—

A. P. Brumell .....	\$3 50
R. McConnell .....	2 50
J. B. Tyrrell .....	4 00
E. Coste .....	3 75
A. C. Lawson .....	1 50

In J. B. Tyrrell's account is a charge of \$10 for two days' board allowance, in the North-West; under the Order in Council of June 28, 1886, Mr. Tyrrell cannot be paid more than \$3.50 a day; the over payment of \$3 should be refunded at once.

In E. Coste's account there is a charge (voucher 513) of \$5.25 for files and stamp procured in Ottawa; these should have been obtained through the Government Stationery Office. The same remark applies to the purchase of a seal stamp from Geo. Cox, which appears in M. O'Farrell's contingent accounts.

With regard to the purchase of a field glass by E. Coste from L. Coste, for \$25, I would ask who fixed the value of the glass; and suggest that the Government would, in general, be better served were all such purchases made from regular dealers.

I observe that you are still in the habit of paying various tradesmen for painting and repairs to the building and furniture, all of which should be ordered through the Public Works Department; I have already drawn your attention several times to this irregularity without success. I hope that you will see that in the future such payments are made in the regular way.

Yours truly,

The Director Geological Survey.

J. L. McDOUGALL, A. G.

GEOLOGICAL SURVEY, OTTAWA, NOV. 29, 1887.

SIR,—I am in receipt of your letters of the 16th and 24th November, in which you call attention to certain remarks and queries on the expenditure of this branch during the fiscal year 1886-87.

First, I may observe that the accounts upon which the remarks are made were all passed and paid during my absence in England, and therefore did not come under my notice.

1. A. McArthur.—The \$200 advanced this gentleman was towards defraying his expenses in connection with his exploration to the Arctic Circle. Since his return he died, not having rendered any account of his expenditure. On the 11th November I wrote Mr. W. B. Scarth, M. P., Winnipeg (copy enclosed), through whom he obtained the money, but as yet have received no reply.

2. Messrs. C. W. Willimott and M. O'Farrell, accounts and vouchers, covering the balances due by these gentlemen on the 30th June last, as well as advances subsequently made to them, will be rendered to you in the course of a few days.

3. Mr. Ami, Voucher No. 103.—On enquiry I find that he lost his ticket on reaching Montreal, and had to buy another for Ottawa. As this was clearly carelessness on his part, he should, of course, bear the loss, and I have so informed him. Voucher 227.—Dr. Dawson made this arrangement, and informs me that the rate was \$2 per page—24 pages. The account, of course, should have shown this.

Vouchers 352 and 421, George Low.—It appears that three of the items stated are twice charged, by an oversight, his son making out one account and himself the other. The overcharge (\$4.35) is deposited to the credit of the Receiver General.

Surveyors' Account, Washing.—I am surprised at this having been charged, as I have always refused to allow it, and should have done so last year had I been here. I entirely concur in your remarks on this point.

The amounts named are refunded—

Mr. E. Coste.....	\$12 05
A. S. Cochrane.....	9 70
A. Bowman, \$11.75, less one-half charged to and paid by British Columbia Government.....	5 88

In Dr. Ells' account there is a charge of \$1.75 instead of \$5 as stated, for washing blankets belonging to the Survey.

As regards the items of board in Ottawa, I have usually considered that in cases of the surveyors returning from the field who had no permanent residence, and had to seek for lodgings, it was not unreasonable to allow them the cost of one day at a hotel while doing so. I am not aware of any regulations on this point, and would be glad to be informed if there are any.

J. B. Tyrrell's account of \$10 for two days.—This charge was made on the scale allowed prior to June 28, 1886, no one here being aware of the Order in Council of the date mentioned, making the change.

I am sending the Receiver General duplicate of receipt for a deposit of \$34.69 placed to his credit to-day in the Bank of Montreal to cover the following items.—

George Low.....	\$ 4 35
Eugène Coste.....	14 50
A. S. Cochrane.....	9 70
A. Bowman.....	6 14

Yours truly,

ALFRED R. C. SELWYN.

Auditor General.

—————  
GEOLOGICAL SURVEY. Nov. 11, 1887.

MY DEAR SIR,—Last year, or rather in February, 1887, as you will remember, we advanced \$200 through you to Mr. McArthur, in aid of an expedition to the Arctic region. We also lent him some valuable instruments: one sextant, one artificial horizon, one clinometer, and prismatic compass.

I understand that Mr. McArthur has since died, and I now write to ask you whether you can inform me what has become of the instruments referred to. They should have been returned to us, as well as some statement and vouchers for the expenditure of the \$200.

Yours truly,

ALFRED R. C. SELWYN.

W. B. SCARTH, M. P., Winnipeg.

—————  
AUDIT OFFICE, Nov. 15, 1887.

SIR,—In Mr. E. Coste's accounts for 1886-87, I notice an item of \$53.85 for board of a horse in Ottawa during last winter, one-half of which charge has been assumed by Mr. Coste, in return for the occasional use of the horse.

I should like to be fully informed as to when and where this horse was bought, with the price paid, and also when and how it was disposed of, and the price realized.

Yours truly,

J. L. McDOUGALL, A.G.

A. R. C. SELWYN, LL. D., F. R. S.,  
Director Geol. Survey.

—————  
GEOLOGICAL SURVEY, OTTAWA, Nov. 16, 1887.

SIR,—I beg to acknowledge receipt of your letter of the 15th inst. The question asked can be ascertained by reference to the original voucher and accounts in your office. The horse was one of two purchased in Madoc in 1884, with harness, for \$340. It was sold in Ottawa in May, 1887, for \$50.

Yours truly,

ALFRED R. C. SELWYN.

Auditor General.

—————  
AUDIT OFFICE, OTTAWA, Dec. 1, 1887.

SIR,—With reference to my letter of the 15th ult., regarding the item in Mr. Coste's account of a horse kept in Ottawa, and your answer thereto, I would beg to make the following additional remarks:—

Although Mr. Buckley's account for horse keep only comes up to February 1st, the horse was not sold until May. I should like to know where and at whose expense the horse was kept during the interval, and also the name of the purchaser.

I should also like to know whether it was considered to be in the interests of the Government to bring a horse to Ottawa to be kept over winter and then sold in the spring. A glance at the figures will show that unless a better price be obtained, it would be more profitable to dispose of a horse at the close of the season. The cost of bringing the horse to Ottawa was \$10; Mr. Buckley's bill for keep, up to February 1st, was \$53.85, so that, omitting any charge for keep from that time up

to the time of sale, there would have been a dead loss of \$13.85, had not Mr. Coste paid half of the expenses in return for the use of the horse.

Yours truly,

J. L. McDOUGALL, A.G.

The Director Geological Survey.

GEOLOGICAL SURVEY, Dec. 5, 1887.

*Memo. in reply to query, Dec. 1, 1887.*

It appears to me that the queries in this letter are somewhat out of place. I fail to see why a calculation need be entered into as to what "would have been."

The facts are simply as follows:—

The horse was purchased for.....	\$150 00
It cost to bring it to Ottawa.....	10 00
It cost to keep it there.....	26 93

\$186 93

It was sold to J. Marshall for.....	50 00
-------------------------------------	-------

After having been used for three summers, and thus.....\$133 93 the "loss," represents the very moderate outlay for the hire of a horse for three seasons. It is very difficult to dispose of horses in the fall that have been worked all summer, and I do not see that Mr. Coste could have acted better than he did in the interests of the service.

Yours truly,

ALFRED R. C. SELWYN.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 7, 1887.

SIR,—Referring to previous correspondence on the subject of the horse sold in Ottawa by Mr. Coste, and more particularly to your memorandum of the 5th inst, I beg to state that what I endeavored to show was that it would have been as profitable to the Government if the horse had been sold in the fall for \$13, instead of bringing it to Ottawa and disposing of it for \$50, after keeping it all winter.

I would also ask if the J. Marshall, who purchased the horse, is the Accountant of the Geological Survey.

Yours truly,

J. L. McDOUGALL, A.G.

The Director Geological Survey.

GEOLOGICAL SURVEY, OTTAWA, Dec. 8, 1887.

SIR,—In reply to your letter of the 7th inst., I beg to state that the J. Marshall referred to is the Accountant of this Branch.

Further that Mr. Coste in the fall of 1886, being offered only \$90 for two horses, wagon and harness, decided to keep them until spring, with the intention of again using them the next season in the vicinity of Ottawa, where it then was intended he should work.

As soon as he could, he made arrangements to have the horse kept until spring without charge, for the use of it. He made this arrangement with Mr. Marshall.

Subsequently, Mr. Coste's proposed work for the season of 1887 was altered, and the horses not being required, Mr. Coste, in May last, was instructed by me to sell them, and transfer the rest of his outfit to Mr. Ingall. This was done, and the amount realized, he informs me, was all he could obtain.

The total loss on the outfit, viz., two horses, wagon and harness, \$325, represents team hire for three successive seasons, and looked at in that light does not seem excessive.

Yours truly,

ALFRED R. C. SELWYN.

The Auditor General.

AUDIT OFFICE, OTTAWA, Nov. 24, 1887.

SIR,—I beg to ask your attention to the following remarks on the expenditure on account of Indians in British Columbia during the year ended June 30 last.

Voucher 66, for legal services should be certified by the Department of Justice.

Voucher 67. Please give me more information with regard to the payment of \$200 for the refusal of Miss Weir's property.

Voucher 139. A payment of \$46 to Gordon Bros. for furniture for the Kamloops Agency. Is it the custom to provide the Agent with furniture?

Voucher 462. Please explain the payment of \$100 for the detention of the steamer.

Yours truly,

J. L. McDOUGALL, A. G.

The Supt. Gen. of Indian Affairs.

AUDIT OFFICE, OTTAWA, Sept. 7, 1887.

SIR,—I beg to draw your attention to the following remarks on the expenditure on account of the Indian Consolidated Fund, Manitoba and North-West Territories during the fiscal year 1886-87.

Industrial Schools, Voucher 195. This voucher contains among others a charge of \$75 by Thompson & Nelson for painting the old building at Fort Qu'Appelle.

Voucher No. 181 covered a similar payment to G. David. Please explain the two payments for apparently the same work.

Voucher 993. I must ask for full details and explanations of the sundries and presents purchased by Mr. McColl.

Voucher 1848. Kindly explain the nature of the payment of \$101.25 to J. Ritchie as compensation in full.

There are several charges during the year for the expenses connected with the visit of certain of the chiefs from the North-West Territories to the east. Please state your authority for this expenditure, as well as for the gratuities given them when in Ottawa. I am of opinion that all extraordinary expenditure of this and similar natures should be governed by an Order in Council.

In your letter dated Feb. 1, 1887, you stated that the share of Mr. Dewdney's reduced per diem allowance, chargeable against the Department of Indian Affairs, should be \$2.75. I give a statement of the payments since July 1, 1886, to Mr. Dewdney at the old rate, showing a total over payment of \$21.75, which amount should be refunded.

I would also draw your attention to the fact that Mr. Dewdney and Mr. Macrae have charged for Pullmans and porters when travelling on public service and receiving the maximum per diem allowance of \$3.50. These charges which do not form part of the *actual moving expenses* (*vide* O.C. Nov. 29, 1882, and June 28, 1886), but which are for such accommodation as is ordinarily obtained in hotels, should be covered by the per diem allowance until the charge is provided for by an Order in Council.

Yours truly,

The Dy. Supt. Gen. of Indian Affairs.

J. L. McDOUGALL, A. G.

INDIAN AFFAIRS, OTTAWA, Oct. 28, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of the 7th ultimo, relative to certain items of expenditure in connection with the Indian Consolidated Fund for Manitoba and the North-West Territories, during the fiscal year 1886-87.

In reply I beg to inform you, as follows:—

*Industrial Schools, Voucher 195.*—The Indian Commissioner for Manitoba and the North-West Territories has been requested to explain the similarity between the accounts in question, and as soon as his reply is received it will be forwarded to you.

*Voucher 993.*—It is impossible to give details for the supplies and presents issued by Mr. McColl, during his tour of inspection. It was considered by the Department, that owing to the exceptional circumstances as under which these supplies were issued, it would be exacting too much to require details. Mr. McColl has to make long canoe journeys and is compelled to buy his supplies, at very high rates, at the distant posts of the Hudson's Bay Company. When he holds interviews with the Indians, he issues food and tobacco in small quantities, which it would be impossible to weigh. Any statement of these supplies would, therefore, be merely an approximation, which could not be of much value.

*Voucher 1848.*—The details of this claim for improvements, on a piece of land required for the enlargement of O'Soup's Reserve, are as follows:—Ploughing, \$61.25; compensation for giving up land, \$40.

The visiting Chiefs from the North-West Territories were brought east by authority of the Superintendent General of Indian Affairs, and it was not considered necessary to obtain an Order in Council for the expenses in connection with the visit. Your opinion in the matter has, however, been noted.

As regards the overpayment of board allowance to the Hon. E. Dewdney, Indian Commissioner for Manitoba and the North-West Territories, mentioned by you, Mr. Dewdney's attention has been directed to the matter and a refund requested.

With reference to the last paragraph of your letter, concerning charges made by Mr. Dewdney and Mr. Macrae for Pullmans and porters when travelling on public services, and receiving the maximum per diem allowance of \$3.50, I beg to state that it has always been customary to allow fees for Pullmans and porters, besides the regular travelling allowance; and it is considered by the Department that such charges do form part of the *actual moving expenses*, and cannot be considered as accommodation similar to that obtained in hotels.

Yours truly,

R. SINCLAIR, *Acting S. G.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 7, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of Oct. 23, in reply to certain remarks made by me on the expenditure in connection with the Indian Consolidated Fund for the fiscal year 1886-87.

In reply I beg to state as follows:—

As regards the details of the supplies and presents issued by Mr. McColl, what I desired was the details of the purchases, not of the issues; it should be a matter of very little extra trouble for him to give full details of the goods purchased by him at the various Hudson Bay Company's posts for the purpose of issuing as presents.

You will note that the Order in Council of Nov. 8, giving Mr. Dewdney \$5 a day travelling allowance, allows him only \$3.50 a day up to that date. Any allowance received above this rate must be refunded.

The matter of charges for Pullmans has been referred to the Treasury Board for consideration. I will inform you as to the decision, when one is arrived at in the matter.

Yours truly,

J. L. McDOUGALL, *A. G.*

The Dy. Supt. General of Indian Affairs.

DEPT. OF INTERIOR, March 23, 1887.

SIR,—Referring to your letter of Jan. 24 last, respecting the division of Lieut. Gov. Dewdney's travelling expenses, I have the honor to inform you that, after communicating with the Department of Indian Affairs, it has been decided that the reduced per diem rate of allowance should be divided as follows:—Dept. of Interior, \$0.75; Dept. of Indian Affairs, \$2.75.

You will observe that the proportion of the expenses borne by each Department is the same as formerly.

Yours truly,

A. M. BURGESS, D. M. I.

The Auditor General.

AUDIT OFFICE, May 30, 1887.

SIR,—I beg to draw your attention to the following remarks on Lieut. Gov. Dewdney's expenditure on account of Government in the North-West Territories during the ten months ended April 30 last.

Lieut. Gov. Dewdney has drawn travelling allowance at the rate of \$1.50 for 71 days. The proper per diem amount payable by the Interior Department is 75c., as by your letter of March 23, 1887, making a total over payment to Mr. Dewdney of \$53.25, which should be refunded as soon as possible.

The following vouchers, enclosed herewith, require certification by the Queen's Printer. Please have them so certified and return to me.

The enclosed voucher, No. 947, being for a payment of \$52.74 to Messrs. Loughheed & McCarthy for legal services, should be certified by the Justice Department.

Voucher 89 covers a payment to Wm. Pratt, for services as special constable in November, 1884. I would ask why this payment has been delayed so long.

Voucher 117. In this case 4 poll clerks have been paid \$5.00 a day each, the rate by tariff being \$3.00. The charge of \$5.00 each for constable and interpreter is also excessive. The tariff for the Dominion elections allows \$1.00 per diem for constables, and makes no allowance for interpreters.

The Deputy Minister of Interior.

Yours truly,

J. L. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, Sept. 23, 1887.

SIR,—I have the honor to enclose herewith a copy of a letter received in this Department from the Lieutenant Governor of the N.W.T., which will serve as a reply to the communication you addressed to the Deputy Minister of this Department, May 30 last, a copy of which was forwarded to the Lieutenant Governor. The enclosures mentioned in His Honor's letter are forwarded herewith.

Yours truly,

The Auditor General.

P. B. DOUGLAS.

REGINA, July 18, 1887.

SIR,—I have the honor to acknowledge receipt of your letter of 6th inst., No. 137,227, and in reply to enclose you herewith for the information of the Auditor General, a Report as requested therein.

Your truly

To the Deputy Minister of Interior.

E. DEWDNEY.

#### *Travelling Allowance.*

With regard to my travelling allowance, I enclose you herewith a copy of an Order in Council, passed October 14, 1881, confirming the allowance made to me for travelling expenses at the rate of \$1.50 per diem, from the date of my appointment as Lieutenant-Governor of North-West Territories; also, copy of an extract from a letter received from the Deputy Superintendent General of Indian Affairs, informing me of an Order in Council, passed October 28, 1881, allowing me \$3.50 per diem for travelling expenses as Indian Commissioner.

As the Orders in Council above mentioned were passed respectively on the 14th and 28th October, 1881, and are covering my case only, and, as no Order has been passed since to reduce the amount of \$5 per diem allowed me for living expenses while absent from Headquarters on Departmental business connected with either the Indian Department or the North-West Government, I fail to understand why I should be called upon to refund the amount claimed by the Auditor General.

As regards Voucher 947, I may say, without denying the competency of the officers of the Department of Justice to certify to such accounts, that the sending of vouchers to Ottawa would cause a delay in the settlement of accounts which would be very unsatisfactory to parties interested. I would therefore suggest that the certificate of the Clerk of North-West Council, who is a member of the legal profession, be considered sufficient respecting such accounts.

Voucher 89.—Mr. Pratt's account for services as constable in *re* The Queen vs. Geo. Robinson, was only received in April, 1885, but as there was then no provision made in my estimates towards defraying such expenditure, this account, with a few others of like nature, were kept in abeyance until July, 1886, when an item for Incidental Justice was placed in my estimates for the year 1886-87.

I may also state that the delay brought in the settlement of this account, was caused partly by the correspondence I had with the Minister of Justice in reference to the matter.

*Voucher 117.*—As in the Electoral District of Macleod, the Poll Clerk had to travel long distances to attend on election day; they were allowed \$5, and as it will be found in the Voucher, no mileage nor outlay for stationery and postage were charged, as they usually are.

The amount charged in same voucher, for services as constable and interpreter, may appear high, but considering the difficulty there is sometimes in finding persons willing to leave their occupation for one day, to act in either capacity, I think the compensation is only adequate.

E. DEWDNEY, *Lieut.-Governor.*

AUDIT OFFICE, OTTAWA, Sept. 28, 1887.

SIR,—I beg to acknowledge the receipt of your letter of the 23rd inst., enclosing a copy of Lieut.-Governor Dewdney's answer to the questions raised by me in my letter of May 30, regarding the expenditure on account of Government in the North-West during the ten months ended April 30 last. In reply to Mr. Dewdney's explanations, I beg to state as follows:—

*Travelling Expenses*—The Order in Council under which Mr. Dewdney claims a per diem allowance of \$5.00 is dated Oct. 14, 1882. This Order was repealed by that of Nov. 29, 1882, which provided a per diem allowance of \$5.00 to *all officers* travelling in Manitoba and the North-West Territories, the Major General commanding the Militia, and the judges being the only exceptions. The Order was further modified by that of June 28th, 1886, which reduced the allowance in Manitoba and the North-West Territories to \$3.50 per day; which is, therefore, the maximum amount that can be allowed Mr. Dewdney.

*Printing and Advertising Accounts.*—The Queen's Printer referred to in the Order in Council of Dec. 17, 1875, which provides for the proper certifying of all accounts for advertising, is a Dominion officer, and must not be confounded with the Queen's Printer for the North-West Territories. When payments are made for advertising, out of moneys voted by the Parliament of Canada, the accounts must, in accordance with the Order in Council above referred to, be certified by the Queen's Printer for Canada.

*Voucher 947.* The Order in Council of April 12, 1879, admits of no exception being made to the rule that all accounts for legal services must be certified by the Justice Department.

*Voucher 117.* I am of opinion that it would be advisable to pay the poll clerks at the usual rate, and allow them for the number of miles actually travelled, instead of paying them \$5.00 a day. When a tariff is fixed upon for any service, as is the case in the present instance it should be adhered to throughout.

With regard to the payment of \$5.00 for constables and interpreters, I am of opinion, that in view of the fact that at a Dominion election constables are allowed only \$1.00 a day, while there is no allowance whatever for interpreters, the amount paid is excessive.

Yours truly,

The Dy. Minister of Interior.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Sept. 17, 1887.

SIR,—On the 28th of June, 1886, an Order in Council was passed, which amended the Order of the 29th of November by reducing the per diem allowance for officers travelling in Manitoba and the North-West Territories, from \$5 to \$3.50.

such change to take place from and after July 1st, 1886. Under this new rate the division as settled between the Department of Indian Affairs, and that of the Interior is \$2.75, payable out of the Indian vote, and 75 cents payable out of the vote for North-West Government.

During the year 1886-87, however, you have drawn the allowance at the former rates, I send herewith a statement shewing the amount overdrawn during the fiscal year 1886-87, as \$91.50; and, as I have no authority to sanction any allowance in excess of that granted by the Order in Council, referred to, I have to request that you will be good enough to refund the amount so overdrawn at your earliest convenience.

Lt. Gov. DEWDNEY, Regina.

Yours truly,

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 17, 1887.

SIR,—On the 18th October, 1886, an advance of \$2,000 was made to Mr. Alex. Woods, on account of Commercial Agencies. As I have received no statement of the expenditure under this advance, I beg to ask if you have yet received any such statement, and if not, what steps have been taken to get an account of Mr. Wood's expenditure.

The Depy. Minister of Finance.

Yours truly,

J. L. McDOUGALL, A.G.

FINANCE DEPT., Dec. 19, 1887.

SIR,—I am in receipt of your letter of the 17th instant respecting an advance of \$2,000 made to Mr. Alexander Woods in October, 1886. Some correspondence has taken place with Mr. Woods, and I am advised by him in his last letter that he was about to proceed to Canada by the next steamer. I trust on his arrival that we shall be enabled to have an adjustment of his accounts.

The Auditor General.

Yours truly,

J. M. COURTNEY, D.M.F.

AUDIT OFFICE, July 20, 1887.

SIR,—With reference to your application for the payment of G. A. Stewart's salary as Superintendent of the Banff Hot Springs Park, from Jan. 1, 1887, to May 31, I beg to say that before authorizing this payment I should like vouchers for the expenditure of the several advances made to him, as well as a statement of his letter of Credit expenditure to the end of last month.

The Deputy Minister of Interior.

Yours truly,

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Sept. 5, 1887.

SIR,—I beg to acknowledge receipt of your application of the 2nd inst., for the payment of the salary of Mr. Geo. A. Stewart, Superintendent of the Banff Springs Park, from Jan. 1, 1887, to Aug. 31.

In reply I beg to state that it is too late to charge any part of this salary into the fiscal year 1886-87, but that all of it must be charged into the current fiscal year.

Yours truly,

J. L. McDOUGALL, A.G.

The Accountant, Interior Dept.

AUDIT OFFICE, OTTAWA, Oct. 26, 1887.

SIR,—I have to request that you will forward me a statement showing the expenditure made of the \$10,000.00 placed to your credit on the 21st January, 1887, or the relief of sufferers by floods at Cornwall; also vouchers for the outlay made.

I hope you will comply with this request as soon as possible, so as not to delay the report which I am preparing for Parliament.

Yours truly,

J. L. McDOUGALL, A. G.

JAS. LEITCH, Esq.,  
Cornwall, Ont.

CORNWALL, Ont., Nov. 7, 1887.

SIR,—I have the honor of acknowledging the receipt of your esteemed favor of the 26th ult., requesting a statement of the expenditure of the \$10,000.00 placed in my hands for sufferers by the Cornwall flood. My engagements at the Assizes have prevented me from giving the matter my attention. It will give me much pleasure to submit a statement, along with my vouchers, at as early a date as possible.

Yours truly,

JAMES LEITCH.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 19, 1887.

SIR,—I beg to ask your attention to the payment of \$469.00 to J. A. Ouimet in connection with the consolidation of the Statutes (*Vide* Departmental Cheque No. 6, dated Oct. 13, 1886).

The Order in Council of Sept. 30, 1886, provides for the payment to Mr. Ouimet of \$200.00 for attendance before the Joint Committee in the Session 1885 in addition to his travelling expenses. Mr. Ouimet's account contains charges for travelling expenses amounting to \$69.00, and an item "Allowance for attendance before the Joint Committee in the Session 1885, \$200.00." In settling this account an additional \$200.00 has been added in accordance with the Order in Council of Sept. 30, 1886, referred to above.

It thus appears that Mr. Ouimet has been paid his allowance of \$200.00 twice. If such is the case, he should be asked to refund the over-payment immediately.

Yours truly,

J. L. McDOUGALL, A. G.

The Dy. Minister of Justice.

Net decrease in 1887, \$40,787 85.

*Open Accounts.*—Although the balance sheet of the Intercolonial Railway shows a large decrease in the outstanding debts to the Department on the 30th June, 1887, as compared with preceding year, there are still large sums at the debit of various accounts, which have been carried forward from year to year, known to be bad and uncollectable. Some of these accounts are owing by Departments at Ottawa and have been in dispute for many years. If they cannot be settled in any other way, they ought, in my opinion, to be written off, in order that the balance in the Dominion Ledger at debit of the railways should at all times only include *bonâ fide* balances of authorized current accounts, instead of as at present showing bad and doubtful debts, to the extent of at least \$50,000.

The balances at debit of open accounts were as follows on the 30th June, 1886 and 1887, respectively :—

	1886.	1887.
Intercolonial.....	\$409,563 56	\$342,542 82
Windsor Branch.....	2,391 36	2,382 00
Eastern Extension.....	5,029 15	3,625 69
Prince Edward Island Railway.....	13,493 70	8,608 76
	<u>\$430,477 77</u>	<u>\$357,059 27</u>

Net decrease, in 1887, of \$73,418.50.

I desire, in conclusion, to mention that the vouchers for expenditures, as well as the various returns relating to fiscal affairs, received from the Railway Department in the past year, and on which the accompanying tables have been compiled, have been thoroughly examined in my office, under my direction. Their accuracy has been further tested during my inspection of the general offices at Moncton and Charlottetown, where I found, as hitherto, business conducted in the most methodical manner, and every facility afforded for such examination of details on the spot as I considered it my duty to make.

Yours truly,

THOMAS D. TIMS, *Financial Inspector.*

THOMAS D. TIMS,  
*Financial Inspector.*

FINANCE DEPARTMENT,  
OTTAWA, October, 1887.

AUDIT OFFICE, Oct. 11, 1887.

DEAR SIR,—I would like to have details of the Income Expenditure for Inter-colonial Railway (1886-87) made out as fully as those for Capital.  
All the other services in my Report are now given by items.

The Financial Inspector.

Yours truly,  
J. L. McDOUGALL, A. G.

FINANCE DEPT., OTTAWA, Oct. 14, 1887.

DEAR SIR,—I received last evening your letter of the 11th instant, requesting me to furnish for your annual report details of working expenses of the Intercolonial Railway for 1886-87, "made out as fully as those for Capital."

It is to be regretted that this request was not made at an earlier date—owing to the peculiar character of the business and the voluminous nature of details necessary for its management, the time of several clerks is exclusively devoted to the work of classifying and writing up the subsidiary ledgers in the several Departments through which expenditures are made and accounted for and from which the final results are obtained and grouped together in the general ledger, and from which alone such a statement as you now ask for can be compiled.

Although I have written to Mr. Pottinger requesting that he would give the necessary instructions to have statements prepared in accordance with your wishes and forwarded to Ottawa as speedily as possible, I know enough already to satisfy me that the work cannot be done for the year just ended within a reasonable time or for the current year without an increase in his staff and special arrangements being made to compile the statements from month to month in such detail as I understand you will require for the future.

Mr. Pottinger has not yet written me in reply to my letter, but has given me to understand that in view of the labor and expense involved in carrying out your

request he will be obliged to communicate with the Department of Railways and Canals before he can issue any instructions in regard to the matter.

I may further mention that the copying of the details from the subsidiary ledgers will afford ample occupation for several clerks alone (exclusive of the time required for writing them up from the vouchers and other data filed in the Railway offices) and that the work of compiling such statements as you ask for from these will further take up the time of one or more trained clerks from month to month to ensure their completion within a reasonable time after the close of the fiscal year.

It is for the foregoing reasons that details of working expenses have never been hitherto asked for or furnished to any Department at Ottawa. My annual report accompanied by the usual statements is almost completed and shall be mailed in a day or two.

Yours truly,

THOMAS D. TIMS, *Financial Inspector*.

The Auditor General.

MONCTON, N.B., Oct. 14, 1887.

DEAR SIR,—I enclose a copy of a letter dated 11th instant received last evening from the Auditor General requesting me to furnish details of working expenses of the Intercolonial Railway for 1886–87, “made out as fully as those for Capital.”

As these details can only be compiled in the Railway offices and are required for publication by the Auditor General in his report for last fiscal year I would feel obliged by your giving the necessary instructions to have the statements asked for made out and forwarded to me at Ottawa as speedily as possible.

Yours truly,

THOMAS D. TIMS, *Financial Inspector*.

D. POTTINGER, Esq., Chief Superintendent, Intercolonial Railway.

FINANCE DEPT., OTTAWA, Oct. 15, 1887.

DEAR SIR,—I beg to enclose Mr. Pottinger's reply to my request to furnish details of Intercolonial Railway working expenses, received since I wrote you on the subject yesterday.

Yours truly,

THOMAS D. TIMS.

The Auditor General.

MONCTON, N.B., 15th Oct., 1887.

DEAR SIR,—I have your letter of the 14th, asking to be furnished with full details of working expenses of the Intercolonial Railway for 1886–87 for the Auditor General. I would like to give him the fullest information, but these details are so voluminous that it would require a considerable number of extra clerks to prepare the information in a reasonable time and I have not authority to make such an addition to the staff. You yourself can judge that it is a work of time and labor, as you have access to all books and papers. I will forward at once to the Department at Ottawa your letter on the subject.

Yours truly,

D. POTTINGER.

The Financial Inspector.

*Note by Auditor General, Dec. 20, 1887.*—After Mr. Pottinger's letter was received the vouchers were obtained from Mr. Tims and the statement printed in the following pages was compiled in this office.

The total shown is that of “Cheques Drawn,” the amount agreeing with that given by Mr. Tims in his report. As the statement includes Capital as well as Income Expenditure, the usual list of Capital payments was omitted.

Mr. Tims' letter shows that he thought a different classification from that expected by me was required.—J. L. McD.

AUDIT OFFICE, July 8, 1887.

SIR,—I beg to acknowledge receipt of your application to pay the balances of the accounts of the Commissioners appointed to investigate the Rebellion Losses.

I have examined the several accounts in question, and enclose herewith statements showing the amounts allowed, disallowed and held in suspense for further information.

The amounts disallowed consist (1) of railway fares when different from the rates over the Canadian Pacific Railway, as shown in Waghorn's Monthly Timetable, and (2) of charges for Pullman cars, which, being for such accommodation as is ordinarily obtained in hotels, form part of the living expenses, and should be covered by the \$5.00 per diem allowance.

The following are the remarks on the items placed in the suspense column:—

(1). *Thos. McKay* (a) Fare, Qu'Appelle to Prince Albert, \$100.00; an explanation should be given of this high charge, especially as only \$35.00 is charged for the return trip. (b) Telegrams, \$141.00; vouchers should be furnished in support of these charges for telegrams.

(2). *H. Muma* (a) Fare, Prince Albert to Battleford, \$50. General expenses voucher No. 19, is for a payment of \$90.00 for transport of three Commissioners and the Secretary from Prince Albert to Battleford. An explanation is asked of this extra charge of \$50.00. (b) Fare, Montreal to Drumbo and return, Dec. 24, 1886, \$30.20. Was this trip to Drumbo on business connected with the Commission? (c) Fare, Montreal to St. Catharines and return, \$24.80. Was this amount actually paid in fares, or was part of it for Pullman cars; any part so expended should be disallowed.

(3). *General Expenses* (a) Voucher No. 11 does not show how the amount of \$50.00 due W. Dickson is arrived at, neither the period over which the services extended nor the rate of pay being given. Previous to May he was paid at the rate of \$1.50 per diem. (b) Advertising, \$51.40. All advertising vouchers require to be certified by the Queen's Printer.

Yours truly,

J. L. McDOUGALL, A. G.

The Dy. Minister of Interior.

INTERIOR DEPT., July 11, 1887.

SIR,—I am in receipt of your letter of the 9th instant, objecting to certain items in the accounts rendered by the Commissioners appointed to investigate Rebellion Losses claims; and in reply I enclose herewith a copy of a letter of the same date from Mr. George H. Young, the Secretary of the Commission, in explanation of the charges in question, to which I will only now add that, from personal experience, I know Waghorn's Guide to be unreliable as to passenger rates; and, therefore, in the case of a trifling difference between the amount of a railway fare as stated in that Guide and the amount charged at the ticket offices of the railway company, I think the certificate of Judge Ouimet might be accepted as conclusive.

If you will return to me the vouchers for advertising I will submit them to the Queen's Printer.

Yours truly,

JOHN R. HALL, *Secy.*

The Auditor-General.

OTTAWA, July 9, 1887.

SIR,—I have the honor to acknowledge receipt of a letter of yesterday's date from the Auditor-General in reference to the Accounts sent in by the Commissioners on Rebellion Losses.

The explanations that I would respectfully submit as regards the amounts which are questioned are as follows:—

1. Railway fares:—J. A. Ouimet's Account, Montreal to Winnipeg. Winter rate from personal enquiry at ticket office as well as memo. by Chairman \$48.70. J. A. Ouimet, Winnipeg to Qu'Appelle: Memo. of amount paid in Winnipeg on 16th of March is \$14.56. The "Waghorn" may be of a different date. Winnipeg to Ottawa—the amount charged is the amount as charged in memo. book.

Thomas McKay:—Railway fares. Same explanations as in Account of J. A. Ouimet.

Henry Muma's:—The amounts charged are as noted in Mr. Muma's memo. book as paid out by him. The \$24.80 is for a trip to St. Catharines, when he took the evidence of Mrs. Gowanlock on the claim of her late husband. The \$30.20 I am unable to explain.

Geo. H. Young's Account.—Same explanations as in account of Mr. Ouimet and Mr. McKay. The amounts charged are the actual amounts charged at the ticket offices at the local stations.

2. Pullman Cars, I have always understood, were allowed to be part of the "travelling expenses," and have been, I think, allowed in the past as such to others specially employed and receiving a like allowance per diem.

3. Thomas McKay, \$100, Special to P. Albert.—The stage leaves but once a week and is often heavily loaded with mail and express, and on this occasion Mr. McKay was delayed on the railroad and did not connect at Qu'Appelle with the stage, and therefore, as his mission was one of importance, had to secure a special at \$100.

Telegrams, \$141, are for messages sent and received by him at different dates and various points, to that amount. He found it impossible to secure vouchers for same in any connected form.

4. H. Muma, \$50.—He travelled by himself from Prince Albert to Battleford.

5. General Expenses, Voucher No. 11, W. Dickson.—Completes payment to him for services rendered and for small amounts paid out by him to others for services rendered the Commission during the same period.

Advertising, \$51.40.—As it was for special, not Departmental Work, the voucher was put in direct. I would most respectfully ask, that should the Auditor-General still decide to hold any of the items in suspense for further explanation, that the balance, as allowed by him, may be issued as soon as possible, so that I may mail the cheques to the Commissioners.

Yours truly,

The Dep. Minister of Interior.

GEO. H. YOUNG, *Secretary.*

AUDIT OFFICE, July 14, 1887.

SIR,—I beg to acknowledge receipt of your letter of the 11th inst., enclosing one from Mr. Geo. H. Young, on the objections taken by me to certain items in the claims of the Rebellion Losses Commissioners. With regard to Mr. Young's answer to my objections, I would make the following remarks:—

(1) *Differences in railway fares.* I must keep amounts in question in suspense until I obtain further information on the subject. The fact of the amounts claimed being those entered in the memo. books of the several claimants is hardly sufficient proof that the proper amounts were paid for tickets. As far as possible I compared the amounts charged with the amounts given in "Waghorn" for the month during which the travel took place, although the dates of the trips were not given in all cases in the accounts rendered.

(2) *Pullman fares.* The fact that such charges have been allowed in previous years is not sufficient argument for the continuance of the payment of such charges. If an official, travelling on public business, were to pass the night at an hotel, the amount so paid for sleeping accommodation would not be entered in his account, but would be paid out of his per diem allowance for living expenses; if instead of stopping at an hotel he were to pass the night on the train, the amount paid for sleeping

accommodation should in like manner be chargeable against the per diem allowances. It would be as reasonable to enter charges for meals taken on a dining car when a per diem allowance is given, as it would be for berths in a sleeping car.

(3.) *Thos. McKay's account.* The explanation given for the charge of \$100.00 for transport from Qu'Appelle to Prince Albert is sufficient. If vouchers cannot be given for the \$141.00 paid for telegrams, a statement should be furnished of the telegrams sent, showing from where they were sent, and to whom they were addressed.

(4.) *H. Muma's account.* (a) Fare Prince Albert to Battleford \$50.00, was it necessary that Mr. Muma should travel alone, and not with the other Commissioners? (b) The amount of \$30.20 trip to Drumbo and return must still be disallowed until further information is received. (c) The question with regard to the \$24.80 for a trip to St. Catharines and return was whether this amount was expended in fares or whether any part of it was for Pullman cars, as any such part should be disallowed.

(5.) *General expenses.* (a) W. Dickson, \$50.00. Mr. Dickson should give a statement of the amounts paid out by him for services rendered the Commission. (b) Advertising, \$51.40. I enclose advertising vouchers herewith in order that they may be certified by the Queen's Printer.

I have to-day authorized payments to the Secretary and Commissioners of the amounts set opposite their names in the accompanying statement.

The balances will be paid when my objections are satisfactorily answered.

Yours truly,

The Dy. Minister of Interior.

J. L. McDOUGALL, A G.

INTERIOR DEPT., OTTAWA, July 27, 1887.

SIR,—I am in receipt of your letter of the 14th instant, in further reference to certain items in the expense account of the Rebellion Losses Commissioners, and in reply to the 5th paragraph thereof, I beg to enclose herewith a copy of the explanation given me by the Secretary of the Commission, concerning the payment of \$50 to W. Dickson, from which you will see that Dickson was employed as office caretaker and messenger by the Commissioners while holding their meetings at Prince Albert, and this amount covers some small contingencies, as well as his wages at \$1.50 per diem.

*H. Muma's Account.*—Fare from Prince Albert to Battleford, \$50. Arrangements were made for the conveyance of the Commissioners from Prince Albert to Battleford, but Mr. Muma thought the vehicle hired for that purpose was too small to carry them all, in addition to his baggage, and he therefore travelled alone. I am unable to certify that his trip from Montreal to Drumbo and return (\$30.20), was made on the business of the Commission. His journey to St. Catharines (\$24.80) was necessary in order to take the evidence of Mrs. Gowanlock in the matter of the claim of Gowanlock and Laurie for the loss of their mill, as well as her evidence in her own private claim, she being unable to appear before the Commission at Montreal on account of ill health.

Yours truly,

The Auditor-General.

JOHN R. HALL, *Secretary.*

OTTAWA, July 22, 1887.

SIR,—I have the honor, in further explanation of the vouchers for \$50.00 from W. Dickson, of Prince Albert, to state as follows:—

W. Dickson acted as caretaker and messenger while the Commission was in Prince Albert, and this voucher covers the second payment made to him for his own services from 1st May, 1886, to the 26th May, 1886, at \$1.50 per diem, amounting to \$39.00, and another small amount of \$11, which was an amount already paid out by

him for labor and other small necessary contingencies, absolutely required for use of the Commission. Mr. Dickson is not at present within reach, and other vouchers for the amount of the \$11.00 cannot at present be obtained. The payment was made by the chairman through me to Mr. Dickson, and was honestly made, for necessary services rendered to the Commission. I would hope that in view of the circumstances, and the present impossibility of reaching W. Dickson, that the Auditor General will allow the cheque for the balance paid as general expenses to issue so that I may forward it to Mr. Justice Ouimet.

Yours truly,

GEO. H. YOUNG, *Secy.*

The Depty, Minister of Interior.

INTERIOR DEPT., OTTAWA, Sept. 17, 1887.

SIR,—Adverting further to your letter of July 14 last, respecting certain items in the accounts of the Rebellion Losses Commissioners, I have the honor to inform you that I have brought the question raised by you as to the payment of sleeping car fares to the attention of the Minister of the Interior, who has concluded that as allowances for travelling expenses are regulated by the Governor in Council, and do not pertain particularly to the business of any one Department, the whole subject should be dealt with by the Treasury Board.

As to the difference in railway fares, I have no doubt after the explanations which I personally offered to you in our recent conversation on this subject, that you will come to the conclusion that this part of the account should be paid immediately. Let me remind you that Waghorn's Guide for July shows the fare from Montreal to Winnipeg to be \$18.70, as charged in the account of the Commission, and not \$46.00 as allowed by you. In the same issue of the Guide, the railway fare from Winnipeg to Ottawa is shown to be \$47.40, instead of \$47.85, as charged, and \$43.50 as allowed. It is quite clear that the fares charged by the railway company vary from time to time, and I think the presumption in favor of the accuracy of the charges made in the account of the Commissioners, having in view the trifling character of the differences, is very strong.

Yours truly,

A. M. BURGESS, *D.M.I.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 28, 1887.

SIR,—I beg to ask your attention to the following remarks on the expenditure at Winnipeg during the year 1886-87, on account of militia on actual service.

Sept., Voucher No. 5, Lt.-Col. T. Scott, M.P., travelling expenses from Ottawa to Winnipeg, in March, 1885. Was not this trip provided for by the travelling allowances drawn by Mr. Scott as member of Parliament of 10c. per mile each way between Winnipeg and Ottawa?

Sept., Voucher No. 10, is for a payment to H. C. Reynell, of \$33.20, being difference between his pay as a private and as a hospital dresser for 83 days.

Nov., Voucher No. 6, is for a payment of \$37.35 to the same man for what is apparently the same service, the only difference being that in the second payment the pay as dresser is calculated on the basis of 95c. per day, instead of 90c., as in the first case. Please explain this apparently double payment.

Yours truly,

J. L. McDOUGALL, *A.G.*

Col. PANET, the Deputy Minister of Militia.

Treasury Minute June 21, 1886.—The Board had under consideration a communication from the Auditor General to the address of the Secretary of the Board, requesting to be informed whether the revenue accounts generally are to be submitted to him for examination and audit, and if so under what regulations.

The Board direct that these accounts be submitted to the Auditor General for examination and audit.

J. M. COURTNEY, Secretary.

(Circular.)

OTTAWA July 24th, 1886.

SIR,—I have the honor to inform you that the Treasury Board at a meeting held on the 21st of June last, directed that all revenue accounts should be submitted to the Auditor General for examination and audit, and I have to request that you will be good enough to give the necessary instructions to have all such accounts from your Department submitted to the Auditor General for examination and audit.

Yours truly,

The Deputy Minister of \_\_\_\_\_

W. FITZGERALD, Acting Secy.

(Circular.)

AUDIT OFFICE, OTTAWA, Oct. 13, 1886.

SIR,—I beg to refer you to the Minute of the Treasury Board of the 21st June last, directing me to audit the revenue accounts, and I have to request you to send to this office a copy of each regulation which has been established by the Government or your Department, to secure the collection of the revenue under your control, or its being regularly accounted for and deposited.

Yours truly,

J. L. McDOUGALL, A.G.

The Deputy Minister of \_\_\_\_\_

RULES AND REGULATIONS *in reference to the receipt, entry and accounting for public moneys.*

1. Receipt books with printed consecutive numbers should be used.
2. A receipt should be given for each payment.
3. All receipts should be entered in a cash book, and each entry should bear the same number as the receipt.
4. The counterfoil of the receipt should bear its number, the name of payer, the amount, a short memo. of the object for which payments were made, and be signed by the collector, and (when payment is made in person) by the payer.
5. A deposit should be made to the credit of the Receiver General daily if the receipts amount to \$25. If the daily receipts do not amount to \$25, a deposit should be made whenever that sum, or more, is on hand.
6. As soon as possible after the close of each month, and not later than the 10th of the succeeding month, a copy of the cash book should be transmitted to this office, with the corresponding counterfoils of receipts granted, and also the blank when a receipt has been spoiled or cancelled.

AUDIT OFFICE, OTTAWA, Dec. 31, 1886.

SIR,—In my letter of 20th April last I stated that, with the concurrence of the Deputy Minister concerned, certain of the miscellaneous receipts were now examined in this office.

I have the honor to enclose a copy of the rules and regulations drawn up for the observance of those engaged in collecting and accounting for these revenues.

The work of organizing and putting into operation a system of receipt audit, to apply to the whole revenue of the Dominion, under the Minute of the Treasury Board of the 21st June last, requires much thought and time, and it seems to me advisable first to deal completely with the less intricate classes, and in the meantime to analyze and examine the nature and sources of revenue in the more complicated and voluminous classes, and to postpone final regulations for the audit of this part of the revenue, until the analysis and examination have been finished.

I have been in communication with the Deputies of the different Departments, and am now beginning to arrange with them, that the statements and vouchers necessary for the examination and audit of the former class of revenues may be procured from the agents and collectors and forwarded to this office.

I shall be glad to receive any directions the Board may see fit to make as to the examination and audit of the latter classes, and any opinion it may consider called for on the work already done by me as above described.

Yours truly,

J. L. McDOUGALL, A.G.

The Secretary Treasury Board.

NOTE.—The correspondence with each Department on the examination of the Revenue accounts has been given in full detail, that Parliament may be informed of the exact progress which has been made in carrying out the directions of the Treasury Board that all the revenue accounts should be examined and audited in this office.

AUDIT OFFICE, OTTAWA, Feb. 11, 1886.

SIR,—Would you please send me details of the following balances due June 30 last: slides and booms revenue, \$64,301.16; minor public works revenue, \$18,663.54; hydraulic rents revenue, \$137,299.12: with the dates when the indebtedness occurred.

The Commr. Inland Revenue.

Yours truly,

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, July 5, 1886.

SIR,—I beg to call your attention to my letter of the 11th February last, asking for details of certain balances due June 30 previous, to which I have not as yet received any reply.

The Commr. Inland Revenue.

Yours truly,

J. L. McDOUGALL, A. G.

DEPT. OF INLAND REVENUE, OTTAWA, Sept. 27, 1886.

SIR,—In reply to your communications of the 11th February and the 5th July ult., I have the honor to enclose the statements desired.

The Auditor General.

Yours truly,

WM. HIMSWORTH, *Secretary*.

AUDIT OFFICE, OTTAWA, Oct. 13, 1886.

SIR,—Referring to the returns received with your letter of the 27th ultimo, I observe that many of the accounts for hydraulic rents and other dues are increasing, and that in some cases additions are made year by year without any payments. Kindly explain in each case the cause of non-collection.

The Commr. Inland Revenue.

Yours truly,

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, March 2, 1887.

SIR,—I would request a reply, as soon as convenient, to my letter of the 13th October, enquiring the cause of the non-payment of hydraulic rents and other dues.

The Commr. Inland Revenue.

Yours truly,

J. L. McDOUGALL, A. G.

INLAND REVENUE DEPT., OTTAWA, March 7, 1887.

SIR,—I have to acknowledge the receipt of your communication of the 4th inst., and in reply I have to inform you that details are compiling as fast as possible.

The Auditor General.

Yours truly,

WM. HIMSWORTH, *Secretary*.

AUDIT OFFICE, OTTAWA, March 9, 1887.

SIR,—I shall be obliged by your sending me the following :—(1.) The monthly or other periodical statements furnished by your collectors, of the revenue collected by them since the 1st July last. (2.) Your certificate of the correctness of each such statement. (3.) Your Departmental summary, classified under the different heads, for each period, of all such statements. (4.) A statement of any collections which, according to the rules of the Department, were in arrears on the 1st July last, and.

at the beginning of each subsequent period. (5.) A statement of sums collected and not paid over, by any persons who have ceased to be collectors. Sums which have been written off under requisite authority need not be mentioned.

Yours truly,

J. L. McDOUGALL, A.G.

The Commr. Inland Revenue.

INLAND REVENUE DEPT., OTTAWA, March 31, 1887.

SIR,—In reply to your communication of the 2d inst, I have the honor to state that all hydraulic rents in arrears were, during the fiscal year, placed in the hands of Messrs. O'Connor & Hogg, the agents of the Department of Justice, for collection by legal process.

Counter claims have been persistently sent forward, respecting which the Department has no data whereon to form a judicable opinion. This evil stands in the way of prompt and businesslike action by this Department as a "collector" wherever the indebtedness accrues through any other Department, and until the Department is authorized to collect under leases placed in its hands for that purpose, irrespective of any real or alleged set-offs, this difficulty must continue, and become worse and worse with every year's delay.

This is a matter which should be placed before the Committee on Public Accounts with a view to finding a remedy.

Your truly,

E. MIALL, Commr.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to ask you for a statement showing in detail:—1st. The arrears due by any persons other than collectors on the 30th June last. 2nd. The sums received in payment of these arrears up to the 30th September last. I shall need these details in future every year, and would request you to have them prepared and forwarded to me as soon as possible after the 30th September in each year.

Yours truly,

J. L. McDOUGALL, A.G.

The Commr. Inland Revenue.

INLAND REVENUE DEPT., OTTAWA, Jan. 5, 1888.

SIR,—I have to acknowledge the receipt of your communication of the 18th ult., and in reply thereto beg to enclose statement showing the arrears due by any persons other than collectors on the 30th June, 1887, and the sums received in payment of same up to 30th September, 1887.

Yours truly,

E. MIALL, Commr.

AUDIT OFFICE, OTTAWA, Sept. 8, 1886.

SIR,—I should be obliged by your sending me a copy of the regulations which have been made by the Postmaster General under 38 Vic., Cap. 7, Sec. 44, "An Act respecting the Postal Service."

The Dy. Postmaster General.

Yours truly,  
J. L. McDOUGALL, A. G.

POST OFFICE DEPT., OTTAWA, Sept. 10, 1886.

SIR,—The information sought for by your request of the 8th inst., will I think be best supplied by means of the enclosed list of Post Offices in operation on the 1st July, 1886.

As respects the periods at which their accounts are to be rendered—the Postmasters are divided into two classes—1st class, rendering accounts monthly; 2nd class, rendering accounts quarterly.

The 1st class includes all offices where the revenue appears to average \$100 a month. The other offices with a revenue of less than \$100 a month fall within the 2nd class, and as with the growth of correspondence, the revenue of any 2nd class office reaches the \$100 per month mark, the postmaster is called upon to make up and transmit his revenue accounts and balances monthly instead of quarterly.

On the accompanying list the monthly account offices are designated by a red mark in the margin.

The Auditor General.

Yours truly,  
W. H. GRIFFIN, Dy. P.M.G.

AUDIT OFFICE, OTTAWA, Sept. 13, 1886.

SIR,—I have the honor to acknowledge the receipt of your letter of the 10th inst., and also a copy of the Post Office Guide.

Please inform me on the following points: (1.) What time is allowed postmasters in which to furnish accounts and make deposits after the period has expired which they cover? (2.) What are the regulations of the Department, and the proceedings taken in regard to any in arrears? (3.) What steps have been taken to collect the arrears due on the 30th June, 1885, by postmasters who had ceased to be in office?

I have also to request you to furnish me a statement of any postmasters now in office, who are in arrears; and at the beginning of each month, a statement showing the amounts that should have been paid in the previous month and which were not, and any payments made on account of previous arrears.

This letter as well as the previous one regarding receipts, is written in consequence of the Minute of the Treasury Board of the 21st June last, regarding the examination of the revenue.

The Postmaster General.

Yours truly,  
J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA March 10, 1887.

SIR,—I shall be obliged to your sending me the following:—(1.) The monthly or other periodical statements furnished by postmasters and others, of the revenue transactions since the 1st July last, and similar statements for the future. (2.) Your certificate of the correctness of such statement. (3.) Your Departmental summary for each period of all such statements. (4.) A statement of sums which were in hands of postmasters or others on the 1st July last, or at the beginning of a subsequent period, and which according to the rules of the Department were in arrears. (5.) A statement of sums in the hands of ex-postmasters or others who have ceased to be

in office. Sums which have been written off under requisite authority need not be mentioned. (6) Monthly Departmental statements from the 1st July last, showing the amount of stamps on hand at the beginning of each month, the amount received from the engravers, the different sales, and distributions to postmasters during the month. In connection with this matter I beg to inform you that I have received no reply to my letter of 13th September last, asking for information as to arrears of revenue in hands of postmasters.

Yours truly,

J. L. McDOUGALL, A.G.

The Dy. Postmaster General.

POST OFFICE DEPT., OTTAWA, March 16, 1887.

*Memorandum.*

Herewith please find one general revenue book for March quarter 1886, showing in detail the balances due to and from postmasters in office on 30th June, 1886. One general revenue book for June quarter, 1886, Ontario and Quebec; four books accounts current for June quarter 1886, Ontario; four books, post stamp receipts for June quarter, 1886, Ontario; revenue statement for June quarter, 1886, Ontario; postage stamp statement for June quarter, 1886, Dominion. The list of balances due by retired postmasters will be forwarded as soon as copied. When the above books of accounts current and postage stamp receipts are returned, those for Quebec will be furnished, and so on with the other Provinces.

Yours truly,

W. H. SMITHSON, *Asst. Accountant.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 1, 1887.

SIR,—In reply to my letter of the 10th ultimo, I have received from your Department the statements and vouchers mentioned in Mr. Smithson's memo. of the 16th ultimo, and I beg to call your attention to the following points in connection herewith:—

(1.) I should like to have separate statements of the monthly and quarterly accounts of postmasters. (2.) All statements, certificates and returns should be signed by the Deputy Minister, and countersigned by the officer directly concerned. (3.) In my letter of the 10th ultimo, I asked for your certificates of correctness of statements. I have not received any such, and I would again request that they should be furnished. I am enclosing herewith forms which may be used. (4.) Mr. Smithson stated to me in conversation, that the amount of stamps issued could be checked by comparing the postmaster's receipts with the statements; but I do not find any place in the returns furnished me where the issues are entered in detail, so as to show the amounts for which credit is taken in the summary. (5.) The bound statements received show the balances due by each postmaster, but as some of these balances are probably for the period immediately preceding the date of statement, I would ask for a separate statement each quarter, showing those who are really in arrear according to the rules of the Department. (6.) I would also ask that a statement should be furnished regularly, certified by the respective Inspectors, showing the post offices inspected during the quarter, the date of inspection, the stamps in hands of postmasters at time of inspection and at the beginning of the period, and the steps taken to obtain payment from any postmasters in arrears. (7.) For the purpose of determining that the amount set down in the return as "cash received from postmasters" has come to account, it will be necessary to take steps to have each deposit receipt state the quarter or month to which it applies, and to have these receipts classified by quarters and months, on the statement sent in from day to day to the Receiver General.

Yours truly,

J. L. McDOUGALL, A.G.

The Dy. Postmaster General.

iv

*Form of Certificate No. 1.*—I certify that statements have been received from all postmasters of the Province of \_\_\_\_\_ for the quarter ended \_\_\_\_\_ and for the month ended \_\_\_\_\_, with the exception of those on list marked \_\_\_\_\_ attached; that the statement marked "C" herewith is a summary of the statements received; that the statement of each Postmaster has been examined by this Dept. and is correct in every respect, arithmetically and otherwise; that deposit Receipts covering \$ \_\_\_\_\_, the amount set down in said summary marked "C" as "Cash received from Postmasters," have been received and transmitted to the Receiver General and that the balances of stamps on hand claimed by the several Postmasters, have been compared with the returns made by the Inspectors.

*Form of Certificate No. 2.*—I certify that the statements marked \_\_\_\_\_ herewith showing the receipt and issue of postage stamps and post cards for the quarter ended \_\_\_\_\_ is correct, both arithmetically and otherwise; that the balance therein stated as on hand at the close of the quarter has been verified by actual count; that the details of amounts set down as issues to postmasters have been checked and compared with their receipts and found correct; that damaged stamps returned by postmasters amounting to \$ \_\_\_\_\_ were destroyed.

AUDIT OFFICE, OTTAWA, July 5, 1887.

SIR,—I will soon be making a report to the Treasury Board of the progress made towards complying with its Minute of 21st June, 1886, directing an examination and audit of the revenue accounts. I have not received any reply to my letter of April 1st, in reference thereto.

The Dep. Postmaster General.

Yours truly,

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to ask you for a statement showing in detail: 1st. The arrears, if any, due by collectors on the 30th June last. 2nd The sums received in payment of these arrears up to 30th September last. I shall need these details every year in future, and would request you to have them prepared and forwarded to me as soon as possible after the 30th September in each year.

The Dy. Postmaster General.

Yours truly,

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—I would again beg to remind you that I have not received any reply to my letter of the 1st of April last, in reference to the examination and audit of Post-Office revenue.

AUDIT OFFICE, Dec. 20, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to request you to send me a statement showing in detail the arrears due to the Government to 30th June last on such of the classes of revenue as come under the control of your Department, viz.:—Superannuations, Interest on Investments, Premium Discount and Exchange, and Insurance Superintendence.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. Finance.

FINANCE DEPT., OTTAWA, Jan. 9, 1888.

SIR,—I have yours of the 20th ult. in reference to the arrears due to the Government on account of the services under the supervision of this Department.

In reply I have to say:—1. Under the heads of Superannuation, and Premium, Discount and Exchange there are no arrears.

2. The assessments on the following companies are unpaid: Citizens' Insurance Co., \$224.83; Caledonian Insurance Co., \$74.46; Briton Life Association, \$2.06; total, \$301.35.

I am informed by the Superintendent of Insurance that these sums are collecting.

3. I am looking into the revenues from Interest on Investments, and as soon as I can report thereon I will duly advise you thereof.

Yours truly,

J. M. COURTNEY, D.M.F.

The Auditor General.

AUDIT OFFICE, Jan. 30, 1888.

SIR,—You state in your letter of the 9th inst., in reply to mine of the 20th December asking for a statement in detail of arrears due the Government, that you are looking into the revenue from interest on investments, and as soon as you can you will advise me thereof.

I am closing this part of my report this afternoon, and would be pleased to have the statement asked for, or any information or remarks on the subject you may deem proper to make.

Yours truly,

J. PATTERSON, for A.G.

PUBLIC WORKS DEPT., OTTAWA, Oct. 18, 1886.

SIR,—I beg leave to submit herewith for your inspection and information, and in compliance with your request, the complete returns of traffic from the several lines of telegraph operated by or for this Department for one month, January, 1886.

These statements show the amounts due to the Government as revenue from the several offices and districts. The District Superintendents (or agents, as the case may be) are charged with these amounts, and remittances are made in one way or another, as promptly as circumstances will permit, to Ottawa, and are here deposited to the credit of the Receiver General.

For explanation of the omission from these returns, of "check reports" from the offices upon the North Shore Line (west of Bersimis), the Grosse Isle Quarantine Line and the Chatham, Escuminac Line, which are operated under the supervision of Mr. Pope, Superintendent of the Great North Western Telegraph Company at Quebec: I have to state that these are retained for reference and comparison in Mr. Pope's office; and in response to an inquiry made a short time ago, Mr. Pope stated that these check reports, including copies of those from offices on the North Shore Line east of Bersimis, were compared by him each month, and the differences have been so small as to be not worth noticing.

Yours truly,

The Auditor General.

AUDITOR GENERAL'S REPORT, 1886-87. iv

PUBLIC WORKS DEPT., OTTAWA, Oct. 25, 1886.

SIR,—As called for in your circular of the 13th instant, I beg to enclose herewith forms explanatory of the method adopted by this Department for the collection of Government Telegraph Revenue.

Yours truly,  
A. GOBELL, *Supt.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Mar. 1, 1887.

SIR,—Referring to previous correspondence on the subject of the examination of telegraph revenue, I have to request you to send me a statement, covering the period from 1st July to 31 Dec., 1886, showing: (1) The gross revenue of each of the Government Telegraph Offices. (2) The amount of such revenue used in the payment of salaries and accounts. (3) The amount deposited to the credit of the Receiver General. It is desirable that these entries should be so made, that it may be convenient to check them with the statements from the different offices, and with the deposits transmitted to this office. For each month, commencing with January last, and continuing in the future, I would request you to furnish similar statements.

Yours truly,  
J. L. McDOUGALL, *A.G.*

The Supt. Govt. Telegraphs.

PUBLIC WORKS DEPT., OTTAWA, Mar. 23, 1887.

SIR,—In compliance with the request contained in your letter of the 1st inst., I submit herewith for your information a statement covering the period from 1st July to 31st December, 1886, showing:—

(1.) The gross and net revenue of each of the Gov. Tel. Offices, as far as statements have been received; those for the Anticosti and North West Lines being still due. (2.) The amount of such revenue used in payment of salaries and expense accounts at those offices with which we deal directly from Ottawa; and (3.) The amounts deposited to the credit of the Receiver General, on account of the above revenue, previous to and during the month of January.

I also submit a further statement for the month of February, showing the revenue, as far as statements received, for the month of January; and the deposits on account thereof during the month of February. This latter statement illustrates what appears to be the most practicable method for complying with your requirement of a monthly statement. A statement for a given month will comprise the revenue returns for the preceding month and the deposits made on account thereof during the month designated; for instance: of the two statements herewith that for January comprises the revenue to 31st December and deposits to 31st January; and that for February comprises the Revenue returns for January and deposits on account of same during February.

Later statements will be sent in monthly upon this plan, if it meets with your approval and is found to conform to the requirements set forth in your letter.

I would state, however, for your further information or better understanding of the circumstances attending the collection of the revenue, that we deal directly with but a few offices, those along the North Shore of the St. Lawrence east of Bersimis, 8 in all. The returns of traffic of all other offices are made to the District Superintendent having the several lines under their control. Accounts of revenue and expenditure are locally arranged between the District Superintendent and the offices. The District Superintendent in each instance sends to Ottawa a monthly statement comprising all of the returns (which are attached) from the offices on a given line, and showing the net receipts or revenue, due to the Government. We look to the District Superintendents for, and receive from them, the total remittances to balance

the revenue accounts for the respective lines, without any regard to the accounts of the several offices after having once compared the returns from those with the summarized statements. Maintenance accounts are separately kept with the District Superintendents and remittances made thereupon from Ottawa; no deductions are made from the revenue of the offices, as far as the statements to Ottawa are concerned except for postage and refunded tolls.

In consequence of this I might suggest that in our monthly statement to your office the total figures for every line might be given, without detailing the receipts of each office connected therewith, since our revenue account deals only with the totals as set forth in the district superintendent's statements. Further, as our accounts are necessarily so kept that the remittances on account of revenue are credited in the name of the district superintendents remitting, against the traffic receipts of any given line, and these remittances all resolve themselves into the cash account which is balanced by deposits to the credit of the Receiver General there is a considerable expenditure of time required to prepare a statement showing precisely what proportion of a given deposit should be credited to each of the lines in question. I would suggest that in my monthly statement the revenue due from each line might be shown, and the deposits of whatever kind entered to the credit of the whole without specifying each separate remittance—as is required, I understand, by your letter already referred to, and as has been observed in the preparation of statements sent herewith. I await your further instructions.

Yours truly,

The Auditor General.

F. N. GISBORNE, *Supt.*

AUDIT OFFICE, OTTAWA, April 21, 1867.

SIR,—I am in receipt of your letter of 23rd ult, with accompanying statements.

I understand that a considerable delay arises from the fact that operators make good the amounts due the Government for revenue, in whole or part, by the cheques issued by the Government to pay them for salaries and outlay, and that this practice is general, though the arrangement made with me was but for a limited number of offices in the Lower St. Lawrence. If it be deemed advisable under the circumstances to allow this procedure to continue, I would say that the issue of letter of credit cheques afterwards to cover the amounts should be stopped, and instead, an application should be made for a transfer warrant, debiting the expenditure and crediting the revenue.

The following regulations would then be practicable, and should be enforced :

(1.) Each operator should furnish the District Superintendent with the customary statement of a month's business within ten days after its termination; and to make good the amount due by him, he should be allowed to return a voucher in whole or part as may be required, for the amount of his salary, or outlay, and cash for the balance if any.

(2.) The District Superintendent should furnish to the Department, a summary of the statements of the operators in his district, with his certificate as per form enclosed; he should deposit the cash received from operators to the credit of the Receiver General, in a bank authorized to receive Government deposits, and send the receipts therefor, and the expenditure vouchers received from operators, with each summary. This return should reach the Department, unless in a few special cases, before the close of the month subsequent to that one which it covers.

(3.) At the beginning of each month, a statement should be furnished this office by the Department, showing the revenue which came to account during the previous month, and it should be accompanied by the certified summaries of the District Supt. and by an application for an entry warrant, crediting revenue and debiting expenditure by the amount of the vouchers furnished by operators, for which credit was

taken in making up their revenue account. In this way letter of credit cheques should be issued only for the balances due operators for salaries or outlay.

(4) Vouchers should be furnished covering the amount collected for other lines and paid over to them.

Yours truly,

J. L. McDOUGALL, A G.

Supt. Govt. Tel. Lines.

AUDIT OFFICE, OTTAWA, April 21, 1887.

SIR,—I am in receipt of Mr. Keely's letter of the 19th inst., accompanying statements of Tel. Rev., British Columbia, for July–Sept. and Tel. Rev., N. W. Territories, for July–Nov.

With reference to the former, I have to ask for a certified summary for each month as per form, and a detailed statement of the deposits made on settlement thereof. With reference to the latter, I would call your attention to the delay in furnishing these statements; those for Sept., Oct. and Nov. only reaching the Department on the 22nd March. I trust that as soon as the procedure suggested in my letter of this date gets into operation, there will be no further room for complaint.

Please have these statements certified by the District Supt., and a detailed statement given of the several deposits made in settlement thereof.

Yours truly,

J. L. McDOUGALL, A G.

The Supt. Govt. Tel. Lines.

PUBLIC WORKS DEPT., OTTAWA, April 27, 1887.

SIR,—In accordance with the latest understanding had with your office, I beg to enclose herewith a statement of the remittances made during the month of March on account of telegraph revenue, together with copies, or summarized accounts, of the traffic returns from the lines and for the months in connection with which these remittances were made.

Yours truly,

F. N. GISBORNE, Supt.

The Auditor General.

PUBLIC WORKS DEPT., OTTAWA, May 6, 1887.

SIR,—Having reference to your letter of instructions under date 21st ult., I am in communication with the Dist. Supt., N. W. Territories as to what appears to me to be the most practicable system for meeting your requirements, as I believe that what will be found practicable in the North-West will prove so elsewhere, and it would be very desirable to have some uniform system for conducting the affairs of the service. I shall address you fully upon receipt of information, which I now hope to receive very soon.

Yours truly,

F. N. GISBORNE, Supt.

The Auditor General.

AUDIT OFFICE, OTTAWA, July 5, 1887.

SIR,—I will soon be making a report to the Treasury Board of the progress made towards complying with its Minute of June 21, 1886, directing an examination and audit of the revenue accounts. I have not received any reply to my letter of April 21 in reference thereto.

Your truly,

J. L. McDOUGALL, A.G.

The Supt. Govt. Telegraphs.

iv

PUBLIC WORKS DEPT., OTTAWA, July 8, 1887.

SIR,—In reply to your letter of 5th inst., I have the honor to report that in endeavoring to comply with the requirements stated in your letter of April 21, 1887, I communicated with our District Supt. in the North-West Territories, asking if such requirements could be carried out.

Under date 17th May, the District Superintendent reports the impracticability of the plan suggested; and owing to the absence of my assistant, Mr. Keely, upon cable repairs; he has not yet been able to formulate another arrangement for your approval. He will however now attend to it with as little delay as possible.

Your truly,

The Auditor General.

F. N. GISBORNE, *Supt.*

PUBLIC WORKS DEPT., OTTAWA, Aug. 24, 1887.

SIR,—Having reference to Mr. Gisborne's letter of the 7th ult., I beg leave to state that I have had for sometime in readiness for your examination, a set of forms which I prepared with a view to facilitating a prompt, and as general as possible, monthly settlement of our telegraph revenue accounts. Owing to Mr. Gisborne's absence, however, I have been unable thus far to find an opportunity to submit these forms to you in person, and I now beg leave to enclose them, with the hope that you will kindly have them examined and approved—if they are found to be sufficiently self-explanatory and calculated to meet the requirements of the case; or, on the other hand, to have noted any objections to the plan, or modifications which may be considered advisable.

I should call your attention to the circumstance that the adoption of this plan of settlement will necessitate the obtaining of a general order providing for the expenditure of telegraph revenue, the amount of which is to be secured to the revenue account by transfer entries debiting the maintenance appropriations.

Yours truly,

The Auditor General.

D. H. KEELEY.

AUDIT OFFICE, OTTAWA, Sept. 8, 1887.

SIR,—I have your letter of the 24th ult., enclosing certain forms which I am returning herewith. From the examination I have been enabled to give them, and as far as my information on the details of the business extends, I have no doubt these forms will serve the purpose. I might say here that the requirements for purpose of audit are fully set forth in my letter of the 21st April last.

When applying to the Treasury Board for an Order in Council authorizing the using of the revenue in payment of salaries and outlay, to be subsequently recouped out of expenditure, care should be taken to fully explain the necessity of the course in this special case, in order that the returns and receipts from the different officers may reach the respective superintendents promptly, and by them be examined, summarized and forwarded to the Department.

Yours truly,

The Supt. Govt. Telegraphs.

MARINE DEPT., OTTAWA, October 29, 1887.

SIR,—Referring to your circular of the 13th instant, I have the honor to enclose herewith copies of Orders in Council and letters of this Department addressed to Collectors of Customs and other officers in regard to the collection of revenue under the control of this Department.

Yours truly,  
WM. SMITH, D. M. M.

The Auditor General.

MARINE DEPT., OTTAWA, Dec. 1, 1886.

SIR,—I have the honor to forward herewith, for your information, a list of the services from which revenue is received by this Department. I likewise transmit copies of the various Acts of Parliament, with the sections marked under which the revenue is collected.

Yours truly,  
WM. SMITH, D.M.M.

The Auditor General.

AUDIT OFFICE, OTTAWA, Feb. 2, 1887.

SIR,—Please send me the statements for September quarter rendered to your Department on account of the several sources of revenue coming under your control. I need them in connection with the examination of the receipts, and will return them in course.

Yours truly,  
J. L. McDOUGALL, A. G.

The Dy. Min. Marine.

AUDIT OFFICE, OTTAWA, March 31, 1887.

SIR,—I have not received any reply to my letter of the 2nd February last, asking for certain statements in connection with the revenue accounts coming under your control. Please have them forwarded to me as soon as possible.

Yours truly,  
J. L. McDOUGALL, A. G.

The Dy. Min. Marine.

MARINE DEPT., OTTAWA, June 6, 1887.

SIR,—I have the honor to transmit herewith in reply to your request, returns of Steamboat Inspection from different ports for the quarter ended 30th September, 1886, as far as they have been made to this Department, showing total receipts amounting to \$677.74. Also returns of fees collected at the Quebec shipping office for the months of August and September, 1886, to the amount of \$110.15 and \$96.10 respectively. The other returns for which you have asked will be prepared and forwarded as promptly as possible.

The Auditor General.

Yours truly,  
WM. SMITH, D.M.M.

MARINE DEPT., OTTAWA, June 7, 1887.

SIR,—Referring to your letters of the 2nd of February and 31st March last, requesting that statements for September quarter rendered to this Department on account of the several services of revenue coming under my control might be sent you, I have the honor to inform you that the statements in question, embracing returns received from the Shipping Master at Quebec, the Chairman of the Board of Steamboat Inspection, the Chairman of the Board of Examiners of Masters and Mates and the different Wharfingers, have already been forwarded to your Department. With reference, however, to the collections for Sick Mariners' Fund, River Police Fund, and Steamboat Inspection Fund, I beg to inform you that these collections are received by the Collectors of Customs at the different ports, and I understand monthly statements are rendered to you by these officers. I will send you in a few days the yearly statements, together with the returns received from the different harbor masters of the Dominion for the calendar year ended 31st December last.

The Auditor General.

Yours truly,  
WM. SMITH, D.M.M.

AUDIT OFFICE, OTTAWA, June 10, 1887.

SIR,—I am in receipt of your letter of the 6th inst., enclosing 8 returns made by Collectors of Customs on account of steamboat inspection, and 2 returns of Shipping Office, Quebec, those for August and September, 1886. I had previously received the returns of that office for July, 1886.

I am also in receipt of your letter of the 7th inst., in which you state "that the statements in question embracing returns received from the Shipping Masters at Quebec, the Chairman of the Board of Steamboat Inspection, the Chairman of the Board of Examiners of Masters and Mates, and the different Wharfingers have already been forwarded to your Department." I may say in reply, that returns of Shipping Masters at Quebec were received as stated above; that I have not received any statement of the Chairman of Board of Steamboat Inspection, nor of the Chairman of Board of Examiners of Masters and Mates; that the returns of two Wharfingers were left here with some other papers by an officer of your Department, and in handing back the latter, which were of no use for auditing purposes, the returns of the two Wharfingers were not retained. I would like to have those back, together with any other statements of Wharfingers for September quarter you may have.

You are mistaken in thinking I received any statements from Collectors of Customs, of collections on account of Sick Mariners Fund, River Police Fund, and Steamboat Inspection. The Customs Department does transmit daily to the Receiver General, triplicates of receipts of deposits made by their collectors, and these afterwards reach this office. You will please note that you sent me with your letter of the 6th instant some returns on account of Steamboat Inspection made by Collectors of Customs.

The Dy. Min. Marine.

Yours truly,  
J. L. McDOUGALL, A G.

MARINE DEPT., OTTAWA, June 10, 1887.

SIR.—Referring to my letter of the 7th inst., with regard to revenue statements for the September quarter, I now beg to forward statements of collection made by the wharfingers at Meteghan, N.S., and Cardigan, P. E. I., being the only two received by this Department during the quarter in question. Since the letter of the 7th was written it was found that the returns for fees paid by the engineers for certificates, and those received by Examiners of Masters and Mates, could not be prepared as promptly as I expected. They are now in course of preparation, however, and will be forwarded with the least possible delay.

Yours truly,

WM. SMITH, D.M.M.

The Auditor General.

MARINE DEPT., OTTAWA, June 13, 1887.

SIR.—Referring to your letter of the 10th inst., in the matter of revenue statements for the September quarter, I now beg to transmit herewith statements of fees received during the said quarter by Examiners of Masters and Mates, amounting to \$523. There were no receipts on account of Steamboat Inspection during the quarter in question.

Yours truly,

WM. SMITH, D.M.M.

The Auditor General.

AUDIT OFFICE, OTTAWA, June 17, 1887.

SIR.—As I have only received two returns for September quarter of collections on account of wharves and piers revenue, I would ask you to send me the returns for December quarter. When I have received and examined them, I shall communicate with you again in connection with this revenue.

I observe on the list of wharves and piers which you sent me, that the St. Lawrence Steam Navigation Company hold under lease the following wharves:—Les Eboulements, Berthier, L'Islet, Murray Bay, River Ouelle and River du Loup, at \$580 a year in all, and you state that there have been no receipts for these wharves for some years past.

Please inform me how much this company now owes for rent to the close of last season, and what steps have been taken to collect the same.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. Marine.

AUDIT OFFICE, OTTAWA, June 17, 1887.

SIR.—To enable me to examine the revenue accounts, which I have been instructed by Minute of Treasury Board of June 21, 1886, to undertake, I shall need to be supplied with copies of all Orders in Council appointing revenue officers, even though the salaries of such officers are paid by deductions from receipts. I have now to ask for copies of any Orders passed since 21st June, 1886, appointing wharfingers and harbor masters.

Yours truly,

J. L. McDOUGALL, A.G.

The Clerk Privy Council.

AUDIT OFFICE, OTTAWA, July 23, 1887.

SIR.—Referring to previous correspondence on this subject, I have now the honor to state that I have drawn up for submission to the Treasury Board a memorandum of rules which, in my opinion, are necessary to enable me to make an efficient audit of Steamboat Inspection Revenue. I enclose a copy, and will be glad

to consider, before transmitting my memorandum, any objection or changes you may deem fit to make.

I purpose taking up each class of revenue under control of your Department in a similar manner.

Yours truly,

The Dep. Min. Marine.

J. L. McDOUGALL, A. G.

**STEAMBOAT INSPECTION.**—*Rules and Regulations necessary to be enforced to render possible an efficient Audit.*

1. An official list of steamboat inspectors shall be furnished to the Audit Office. 2. All certificates issued by Inspectors shall be on forms prepared and furnished by the Department, bearing printed consecutive numbers, and whenever forms are sent to inspectors, a statement shall be furnished to the Audit Office stating numbers of those sent. 3. Each inspector shall return to the Department at the close of each season, any forms not used, any spoiled or cancelled, and a statement of same shall be furnished to the Audit Office. 4. Each inspector shall make a monthly return to the Department, stating :—(a) Date of inspection of each vessel; (b) No. of certificate issued; (c) name of vessel inspected; (d) gross tonnage; (e) registered tonnage; (f) charge of inspection; (g) charge of tonnage; (h) port where payable (if possible). 5. Collectors of Customs shall be furnished by the Department with books of receipts with stubs, and bearing printed consecutive numbers, and whenever any such books of receipts are forwarded to collectors, a statement shall be furnished to the Audit Office stating number of first and last receipts sent. 6. Each collector of Customs in receipt of fees for steamboat inspection shall make a monthly return of all such fees collected, stating :—(a) Date when received; (b) Name of vessel; (c) gross tonnage; (d) registered tonnage; (e) charge for inspection; (f) charge for tonnage; (g) date when deposited. 7. The returns of collectors of Customs together with the corresponding stubs of receipts issued and any receipts spoiled or cancelled shall be forwarded to the Department of Customs, and there compared with the deposits made, and the following certificates endorsed on each :—“ I certify that a deposit receipt (or receipts) has been received by this Department and forwarded to the Receiver General, with statement of receipts No. for the sum of \$ , in acquittance of this return.” To be countersigned by the officer directly engaged and signed by the Accountant. 8. The returns and corresponding stubs shall then be transmitted to the Department of Marine. 9. The Department of Marine shall examine and certify the returns of both the inspectors and collectors. 10. The Department of Marine shall forward monthly, and as early as possible in each month, the returns of both inspectors and collectors for the previous month, and a summary of each. 11. The summary of the inspectors' returns shall state : (a) The names of Inspectors; (b) the number of vessels inspected; (c) gross tonnage of vessels inspected; (d) registered tonnage of vessels inspected; (e) total charges for inspection; (f) total charges for tonnage; and the following certificate : “ I certify that each steamboat inspector has made a return of inspections made during the month of ; that the above is a correct summary of all the returns for said month; that each return has been examined and compared with the forms issued, and is arithmetically correct; and that the amounts charged are the amounts which should have been charged.” Countersigned by accountant, and signed by Deputy Minister. 12. The summary of collectors' returns shall state : (a) The names of Collectors; (b) the ports of collection; (c) the number of vessels on which fees were paid; (d) the gross tonnage; (e) the registered tonnage; (f) charges for inspection; (g) charges for tonnage; and the following certificate : “ I certify that each collector of Customs usually in receipt of fees for steamboat inspection has made a return of collections for the month of ; that the above is a correct summary of all the returns for the said month; that each return has been examined and compared

with the stubs of receipts issued, and is arithmetically correct; and that the amounts collected are the amounts which should have been collected." Countersigned by accountant and signed by Deputy Minister.

AUDIT OFFICE, OTTAWA, NOV. 15, 1887.

SIR,—In connection with the examination and audit of the revenue accounts under control of your Department, I beg to remind you that I have had no reply to my letter of the 17th June last enquiring as to arrears due by St. Lawrence Steam Nav. Co. for leases of wharves on Lower St. Lawrence; nor to my letter of the 23rd July last, enclosing copies of rules and regulations to ensure an efficient audit of steamboat inspection revenue. As I am now preparing my report to Parliament, I shall be glad to add any reply I may get from you if received in time.

Yours truly,

J. L. McDOUGALL, A. G.

The Dep. Min. Marine.

MARINE DEPT., OTTAWA, DEC. 2, 1887.

SIR,—I have to acknowledge the receipt of your letter of the 23rd of July last enclosing a draft of a plan which you propose should be adopted in connection with the inspection of steamboats and collection of inspection fees and tonnage dues, to enable you to audit that branch of the revenue. In reply, I have to inform you that I am of the opinion that the proposed plan is too complicated, especially as the Collectors of Customs who collect the fees and dues are not officers under the control of this Department.

As steamboat inspectors do not issue certificates of inspection until the owners of the vessels inspected exhibit the collectors' receipt for the fees and dues, I submit for your consideration the following plan, which while less complicated than the one proposed in your letter of the above mentioned date, will, it appears to me, enable you to make an efficient audit of the receipts of that branch of the public service, viz.: Each inspector shall make a monthly return showing, date of inspection, number of certificate, name of vessel, gross tonnage, registered tonnage, inspection fee, tonnage dues and port at which fees and dues were paid. Each collector of Customs shall make a monthly return of such fees and dues to this Department, showing, date when received, name of vessel, gross tonnage, registered tonnage, inspection fee, tonnage dues and date of deposit. Collectors shall hold the fees and dues until the end of the month, and deposit them separately from Customs receipts, and transmit the usual bank draft to this Department attached to the statement. Certificates of inspection shall be numbered consecutively in book form, and issued to inspectors from this Department. Inspectors shall return unused and defaced ones at the end of the season. The stubs in the office shall be filled in from the inspectors' monthly reports. Inspectors' reports shall be checked by collectors' reports and both along with the bank drafts, and a summary of the whole fees certified by the Deputy Minister of Marine and the accountant, transmitted to you.

With regard to certificates issued to steamboat engineers and masters and mates, the matter is much simpler. Engineers', masters' and mates' certificates are issued direct from this Department in the following manner, viz.: An applicant applies to an examiner, who examines him, and as a rule retains the fee till the end of the quarter. The examiner forwards a form to the Department, which is examined and the certificate issued from here. When the examiners send in their statements and deposit receipts, the statements are checked by the record of the certificates issued. If you prefer it, the examiners can make their returns monthly, as at present in some cases where the examinations are few the examiners remit the draft and receipt along with the application papers. To enable you to audit these two branches of the public revenue, I propose giving you either a monthly or quarterly statement, as

you may elect, of the certificates issued from here, to which will be attached bank drafts and triplicate receipts accounting for the whole.

As regards the current fiscal year, I will furnish you a statement of the certificates issued to engineers, masters and mates up to the 31st December, along with the receipts and drafts for the money collected and deposited for the present quarter, and a statement showing the drafts which have already been forwarded you since the 1st July last, and if you prefer monthly returns I will forward you monthly statements from the 1st January next. As the steamboat inspection returns are to be made monthly, I am of opinion that returns for engineers and masters and mates certificates had better be made monthly also.

I trust that the plan which I propose, in regard to the steamboat inspection and tonnage dues, will meet with your approval, as it appears to be simple, and sufficient to enable an efficient audit to be made.

Yours truly,

The Auditor General.

WM. SMITH, D. M. M.

AUDIT OFFICE, OTTAWA, Dec. 10, 1887.

SIR,—I am in receipt of your letter of the 2nd inst., in reply to mine of the 23rd July previous, in connection with the examination and audit of steamboat inspection and other revenue accounts.

I may state here, that the regulations which I prepared were based on the existing plan of collection and accounting for same followed by the Customs officers. In your reply, you propose to change these regulations by having the Customs officers report directly to your Department. To this I see no objection, as far as it concerns this office, but it is a subject of arrangement between yourself, the Customs Department and the Treasury Board. But I do think your proposal, that the collectors should hold the fees and dues until the end of the month, is very objectionable, and that the present plan of a daily deposit should be adhered to. Would it not suit your purpose if the Customs Department were to transmit the duplicates to your Department, sending the triplicates to the Receiver General as at present.

With reference to your suggestions as to fees from steamboat engineers and masters and mates, I would say that the examiners should deposit immediately after each examination, and that the deposit receipts should be forwarded by your Department, as they are now, once a month. The corresponding statements and vouchers need not necessarily accompany the receipts, but should be forwarded as soon as possible afterwards. I would request your early attention to this subject.

Yours truly,

The Dep. Min. Marine.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to ask you for a statement showing in detail: (1.) The arrears due by any persons other than collectors, on the 30th June last. (2.) The sums received in payment of these arrears up to the 30th September last. I shall need these details in future every year, and would request you to have them prepared and forwarded to me as soon as possible after the 30th September in each year.

Yours truly,

The Dy. Min. Marine.

J. L. McDOUGALL, A. G.

MARINE DEPT., Ottawa, Dec. 19, 1887.

SIR,—With further reference to your letter of the 23rd July last, relative to the plan for the better auditing of the fees and dues received in connection with steam-

boat Inspection, I beg leave now to acknowledge the receipt of your letter of the 10th instant, and in reply have to inform you that after consulting with Mr. Parmelee of the Customs Department I think that it will be preferable to allow the existing practice of making daily deposits of the fees to continue, and as a specification of the amounts deposited by each collector on account of the different revenues, accompanies the deposit receipt, there exists no necessity for a special deposit of inspection fees. As the deposit receipts received daily by the Customs Department are sent daily to you, and as statements in detail of the fees and dues received from this source of revenue, made by the collectors of Customs and the end of each month, giving the name of the vessel, her gross tonnage, the amount paid and the date of inspection, are forwarded monthly to you through the Customs Department, I am of opinion that the only requisite to enable your Department to make a satisfactory audit of the fees and dues received on account of steamboat inspection is, that steamboat inspectors be required to furnish monthly statements of the certificates of inspection issued, and that the statements may be forwarded to you through this Department as soon as received. I therefore suggest the following amended plan for your consideration:—Certificates of inspection should be consecutively numbered and issued in quantities from the Department to the inspectors. Inspectors should account for the certificates at the end of the season. Inspectors should make monthly statements of the certificates issued by them; these statements should be forwarded to you through this Department, and should contain the following particulars, viz.:—Date of inspection, No. of certificate, when issued, name of vessel, gross tonnage, inspection fee, tonnage dues, date on which paid, port at which paid. Collectors of Customs should continue the present practice of making daily deposits, specifying the amount which belongs to steamboat inspection. Triplicate receipts should be forwarded to you daily by the Customs Department. Collectors of Customs should continue their monthly statements, giving the name of the vessel, gross tonnage, amount of fees, amount of dues and date of inspection. Customs Department should continue the transmission of these statements to your Department.

With regard to engineers' certificates and certificates to masters and mates, I have embodied your suggestions of the 10th inst. in the following plan:—Examiners should deposit the fees at the conclusion of each examination. Examiners should retain the bank receipts until the end of the current month, and then attach them to a statement showing the date of examination, names of applicants, rank for which passed, and amount of fee. Statement also should show same particulars of applicants who paid the fee but failed to pass. Examiners' monthly statements, with bank receipts attached, should be checked by the record in this office and forwarded monthly to your Department.

The Auditor General.

Yours truly,

WM. SMITH, *D.M.M.*

AUDIT OFFICE, OTTAWA, Dec. 27, 1887.

SIR,—I am in receipt of your letter of the 19th inst. in further connection with this subject.

You now propose: (1.) That the deposit receipts should be passed to account daily by the Customs Department as at present. (2.) That the Customs Department should forward to this office the statements rendered by their collectors. (3.) That your Department should transmit to this office the statements rendered by the inspectors.

As it is incumbent on each Department to examine all accounts in the first instance and be responsible for their correctness, I am still of opinion that these statements should be transmitted by the Customs Department to your Department, and examined, compared with inspectors' statements, and certified: as specified in my letter of the 23rd July last.

The Customs Department, when sending statements of Customs revenue appertaining to 1886-87, included some statements covering steamboat inspection for that

year. I mention this as you seem to be under the impression that these statements are received regularly at this office each month.

The Dep. Min. Marine.

Yours truly,  
J. L. McDOUGALL, A. G.

MARINE DEPT., OTTAWA, Jan. 4, 1888.

SIR,—In reply to your letter of the 27th ultimo, I have to inform you that I will take steps to have collectors of customs forward monthly statements of the revenue received in connection with steamboat inspection, such statements to be checked by this Department before transmission to you along with the monthly statements of the inspectors.

The Auditor General

Yours truly,  
WM. SMITH, D. M. M.

AUDIT OFFICE, OTTAWA, Feb. 9, 1886.

SIR,—I have received to-day from your Department, deposit receipts of Bank of Montreal, Quebec, for deposit by P. Wells, M. D., for \$1,999.42, of which \$1,866.67 is for grant of Province of Quebec towards Quebec Marine Hospital for 1885-86.

Upon examination I find that previous to 1883-84 the annual grant was \$2,666.67, for that year only \$2,400 was paid, and for 1884-85 only \$2,133.33, and now this payment for 1885-86 of \$1,866.67. You will observe that a reduction of one-tenth of the original payment is made each year.

Would you please explain the reason for the reduction, and the authority upon which it has been made.

The Dep. Min. Marine.

Yours truly,  
J. L. McDOUGALL, A. G.

MARINE DEPT., OTTAWA, Feb. 11, 1886.

SIR,—I have the honor to acknowledge the receipt of your letter of the 9th instant, requesting explanations as to the reduction made in the grant allowed by the Local Government of Quebec towards the support of residents of Quebec in the Marine and Immigrant Hospital, and in reply I am to inform you that the reduction is probably owing to the falling off in the number of residents admitted to the hospital during the past two or three years. Inquiry is, however, at present making as to the cause of the reduction, and I will advise you as to the result of the inquiry as soon as known.

The Auditor General.

Yours truly,  
WM. SMITH, D. M. M.

AUDIT OFFICE, OTTAWA, April 15, 1886.

SIR,—I beg to inform you that I have not yet received the information promised in your letter of 11th February last, in reference to the grant of the Quebec Government towards the maintenance of the Marine and Immigrant Hospital, Quebec. I shall be glad to hear from you at your convenience.

The Dep. Min. Marine.

Yours truly,

MARINE DEPT., OTTAWA, April 16, 1886.

SIR,—I have the honor to acknowledge receipt of your letter of the 15th instant, in reference to the reduction in the grant made by the Quebec Government towards

the maintenance of the Marine Hospital at Quebec, and in reply beg to inform you that the secretary of the hospital on being written to, states that the Quebec Government since the year 1884 reduced all grants for charities to the extent of ten per cent for each year, but that he has reason to believe that the grant to the Marine Hospital will be placed at its former rate, viz., \$2,667 at the next meeting of the Local Parliament.

Yours truly,  
WM. SMITH, *D.M.M.*

The Auditor General.

AUDIT OFFICE, OTTAWA, April 19, 1886.

SIR,—I have the honor to acknowledge the receipt of your letter of the 16th inst., explaining the reduction in the grant of the Quebec Government towards maintenance of the Marine Hospital, Quebec, and stating that you expect it will be increased to its former rate, \$2,667, at the next meeting of the Local Parliament.

I would be glad to know why this grant was reduced from \$4,000, which I understand it was previous to 1875.

I learn from your report for fiscal year ended 30th June, 1885, that the number of days of patients in hospital were as follows:—Seamen, 7,778; emigrants, 1,823; residents, 7,434; and that the expenditure was in the neighborhood of \$20,000. According to these figures the grant, even if increased to its original amount, would not be one-half of the due proportion of the Local Government towards the cost of maintaining the hospital.

Yours truly,  
J. L. McDOUGALL, *A.G.*

The Dep. Min. Marine.

MARINE DEPT., OTTAWA, April 20, 1886.

SIR,—I have to acknowledge receipt of your letter of the 19th instant, inquiring why the grant made by the Government of Quebec to the Marine Hospital was reduced from \$4,000; and in reply, I beg to enclose for your information, copy of letter received from the Under Secretary of State, on 5th February, 1884, enclosing copy of despatch from the Lieut.-Governor of Quebec, on the subject of the reduction of the grant.

Yours truly,  
WM. SMITH, *D.M.M.*

The Auditor General.

HÔTEL DU GOUVERNEMENT, QUÉBEC, 1er février 1884.

MONSIEUR,—En réponse à votre dépêche du 26 décembre dernier, j'ai l'honneur de vous informer que, d'après les renseignements obtenus au bureau du secrétaire de la province, le nombre des malades résidents admis à l'hôpital de marine de Québec a toujours été en diminuant depuis 1867, ainsi que le constate l'état ci-inclus, ce nombre ayant diminué de plus de moitié, tandis que l'octroi de \$1,000 accordé par la Législature de Québec n'a été diminué que d'un tiers en 1874. Il est bon de remarquer que cet octroi n'a été ainsi réduit de \$1,333.33 que dans le but de donner cette somme à l'hospice de la Maternité, qui se chargeait moyennant ce paiement de recevoir les femmes enceintes, que l'on avait décidé de ne plus admettre à l'hôpital de Marine. La réduction n'a donc causé aucune injustice à l'hôpital, puisque c'est un autre établissement qui s'est chargé, à sa place, des femmes que l'hôpital recevait auparavant moyennant ces \$4,000. Il est bon aussi de remarquer que l'hôpital existe et est établi spécialement pour les *marins* et les *immigrants*, et que l'organisation de la maison, son entretien, le paiement des serviteurs, des médecins et autres employés ne sont pas augmentés par l'admission des malades résidents. Tout ceci

ne doit donc pas être pris en considération quand il s'agit de calculer le prix de la pension et l'entretien des malades. Or, en ne tenant compte que de la nourriture et des soins fournis aux malades résidents, il est évident que la somme accordée par la province est suffisante pour rencontrer à peu près les dépenses strictement nécessaires occasionnées par eux.

Ces malades ne peuvent pas en moyenne coûter plus de vingt centins par jour. Or, d'après ce calcul, la somme payée actuellement serait suffisante pour rencontrer les dépenses occasionnées par ces malades.

THÉODORE ROBITAILLE.

A l'honorable Secrétaire d'Etat,  
Ottawa.

AUDIT OFFICE, OTTAWA, April 21, 1886.

SIR,—I am in receipt of your letter of yesterday enclosing a copy of a despatch from the Lieutenant Governor of Quebec giving certain reasons for reduction in grant towards the maintenance of the Marine and Immigrant Hospital, Quebec.

Please inform me if any agreement was made by the two Governments fixing the shares of the Province of Quebec at \$2,666.67. If so, did the Dominion Government consent to the deductions of 10, 20 and 30 per cent. made in the grant for the last three years respectively?

If no agreement has yet been made, would it not be desirable that one should be made as early as possible, dealing not only with the grants in the past, but likewise with those for the future?

Is there any reason why the Province should not contribute *pro rata* for its share of the whole cost of maintenance?

Yours truly,

The Dep. Min. Marine.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 16, 1887.

SIR,—Referring to previous correspondence on the grant of the Quebec Government towards the maintenance of the Marine Hospital at Quebec, I beg to say that I have not yet received any reply to my letter of the 21st April last. I observe that the grant for 1886, which is just to hand, is the same as last year, viz., \$1,866.67. You stated in your letter of the 16th April, 1886, that the secretary of the hospital wrote you that he had reason to believe the grant would be placed at its former rate, viz., \$2,667, at the next meeting (now in session) of the Local Parliament.

Yours truly,  
J. L. McDOUGALL, A.G.

The Dep. Min. Marine.

MARINE DEPT., OTTAWA, March 23, 1887.

SIR,—I have the honor to acknowledge receipt of your letter of the 18th instant in further reference to the grant made by the Quebec Government towards the maintenance of the Marine Hospital at Quebec, and calling attention to the fact that you had received no reply to your letter of the 21st of April last, and in reply I am to inform you that as far as this Department is aware no agreement was made by the two Governments fixing the share of the Province of Quebec at \$2,666.67, nor did the Dominion Government consent to the deduction of 10, 20 and 30 per cent. made in the grant.

I am also to inform you that this Department proposes to recommend that the Quebec Government be asked for explanations of the deductions referred to.

There is no equitable reason, as far as I am aware, why the Province of Quebec should not contribute *pro rata* for their share of the whole cost of maintenance.

Your truly,  
WM. SMITH, D.M.M.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 29, 1887.

SIR,—In your letter of the 23rd March last, in reference to the grant of the Quebec Government towards maintenance of Marine Hospital, Quebec, you state that you proposed to recommend that the Quebec Government be asked for explanations of the deduction referred to. I am now preparing my report to Parliament, and will be glad to know what further steps have been taken in connection with the matter.

Yours truly,  
J. L. McDOUGALL, A.G.

The Deputy Minister of Marine.

MARINE DEPT., OTTAWA, Dec. 29, 1887.

SIR,—I have the honor to acknowledge receipt of your letter of the 29th instant, requesting to be informed what further steps had been taken in connection with the reduction of the grant made by the Quebec Government towards the maintenance of the Marine Hospital at Quebec, and in reply I am to inform you that an Order in Council was issued on the 28th March last, on a report made by the Minister of Marine and Fisheries, advising that the Secretary of State be authorized to communicate with the Lieutenant Governor of Quebec, making inquiry as to the cause for reducing the grant. No communication has been received by the Department since the above date in regard to the matter.

Yours truly,

AUDIT OFFICE, OTTAWA, Dec. 9, 1883.

SIR,—I would suggest that the following regulations in reference to the receipt and entry of fees should be adopted by your Department, viz.: 1. Receipt books with printed consecutive numbers should be used. 2. A receipt should be given for each payment. 3. The entry in cash book should bear the same number as the receipt. 4. The counterfoil of the receipt should bear its number, the name of depositor, and short memo. of object for which payment was made. 5. A deposit should be made to the credit of the Receiver General daily, if the receipts amount to \$25. 6. Returns made to this office should give the number of receipt set opposite each entry, and, in case a receipt has been spoiled or cancelled, the blank should accompany the return. 7. When a book of receipts is used the counterfoils should be sent to this office for inspection, after which they will be returned.

Yours truly,

J. L. McDOUGALL, A.G.

The Deputy Minister of Fisheries.

AUDIT OFFICE, OTTAWA, Jan. 12, 1887.

SIR,—I wrote you on the 9th ult. in reference to certain regulations as to the receipt and entry of fees, to which I have not received any reply. Observing by your statement for December that the regulation, as to a daily deposit when the receipts amounted to \$25 or over, was not adopted, I now write to inquire if my letter reached you.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. Fisheries.

AUDIT OFFICE, OTTAWA, Feb. 23, 1886.

SIR,—I wrote you on the 13th January, 1885, asking that the details of deposits made by your agents should be furnished me with each statement. I have again to request your attention to this matter.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. Fisheries.

(Circular.)

AUDIT OFFICE, OTTAWA, Oct. 13, 1886.

SIR,—I beg to refer you to the Minute of the Treasury Board of the 21st June last, directing me to audit the revenue accounts, and I have to request you to send to this office a copy of each regulation which has been established by the Government or your Department, to secure the collection of the revenue under your control, or its being regularly accounted for and deposited.

Yours truly,

J. L. McDOUGALL, A.G.

The Dept. Min. of Fisheries.

AUDIT OFFICE, OTTAWA, Jan. 24, 1887.

SIR,—I am enclosing herewith a copy of amended rules and regulations, in reference to the receipt, entry and accounting for public moneys. I would prefer that a statement, such as is asked for by Rule 6, should be furnished by the agent, instead of copying the names of payers on the backs of each receipt which I understand is done in your Department.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. of Fisheries.

DETAILS OF REVENUE.

FISHERIES DEPT., OTTAWA, April 2, 1887.

SIR,—I beg to send for your approval, the form of receipt book, which it is proposed shall be placed in the hands of such of the Fishery officers as collect any license fees. I shall be glad to have an expression of your wish as to whether these books should be sent out now, or at the beginning of the ensuing fiscal year.

Yours truly,

The Auditor General

JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, April 4, 1887.

SIR,—I am returning herewith the book of receipt forms sent me. I have examined it and it meets with my approval. As far as this office is concerned I do not see any reason why these books might not be issued at once. I trust you will have the other requirements of the rules and regulations observed as soon as possible. I may say that they apply to cash received at headquarters as well as to cash received by agents.

Yours truly,

The Dep. Min. Fisheries.

J. L. McDOUGALL, *A.G.*

FISHERIES DEPT., OTTAWA, 4th April, 1887.

SIR,—I have the honor to state for your information, in reply to the last paragraph of your letter of to-day's date, that the form of receipt suggested, has been in use at "Headquarters" since the first of January last, and the stub of the book will be sent you as soon as the receipts are exhausted.

Yours truly,

The Auditor General.

JOHN TILTON, *D.M.F.*

AUDIT OFFICE, OTTAWA, July 14, 1887.

SIR,—Referring to the copy of the rules and regulations sent you on the 24th January last, I learned from your letters of 2nd and 4th April last, that you had prepared receipt books with printed consecutive numbers, to be used by your agents and at headquarters. I would now call your attention to the statements which, to comply with these rules, should have been sent me and which I have not yet received, viz.: (1.) A list of agents or others authorized to collect moneys on account of your Department. (2.) A statement of books of receipts issued and to whom. (3.) A copy of agent's cash book monthly with corresponding counterfoils. As the fiscal year 1886-87 is now over, it might be as well to have statement of receipt books issued, and copy of agent's cash books cover the period to the 30th June last. In future, however, I would request that the rules should be followed. I would also point out that the rules with reference to frequency of deposit are not observed.

Yours truly,

The Dep. Min. Fisheries.

J. L. McDOUGALL, *A.G.*

MARINE DEPT., OTTAWA, Aug. 11, 1887.

SIR,—I beg to forward herewith the marginal part of receipts from No. 1 to 100 issued by this Department since the 1st January, 1887, for account of fisheries revenue. As the book is convenient for reference, I shall be obliged after you have done with it, if it can be returned.

Yours truly,

The Auditor General.

JOHN TILTON, *D.M.F.*

---

AUDIT OFFICE, OTTAWA, Nov. 14, 1887.

SIR,—Referring to my letter of 14th July last, pointing out that you had not furnished me with certain statements and vouchers asked for by my letter of 24th January previous, I beg again to remind you that I am yet without the statements in question, and that I have had no reply to my letter. You can understand that without the agents' statements and the stubs of receipts issued by them to check the statements, it is impossible to make any audit. I am now preparing my report for Parliament, and if you furnish me the statements asked for, I will make a note to that effect.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Minister Fisheries.

---

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to ask you for a statement showing in detail: 1st. The arrears, if any, due by collectors on the 30th June last. 2nd. The sums received in payment of these arrears up to 30th September last. I shall need these details every year in future, and would request you to have them prepared and forwarded to me as soon as possible after the 30th September in each year.

Yours truly,

J. L. McDOUGALL, A.G.

The Dep. Min. Fisheries.

The revenue from Patents, Trade Marks and Copyrights was the first to which was applied the system of Receipt Books and Stubs with printed consecutive numbers; and this had been effected previous to the passing of the minute of the Treasury Board of the 21st June, 1886. For this reason it has not been deemed necessary to give the correspondence that then took place.

INTERIOR DEPT., OTTAWA, Jan. 24, 1887.

SIR,—With reference to your letter of the 13th October last, in regard to the means adopted by this Department to secure the collection of the revenue under its control, I have the honor to state as follows: The moneys received by the several agents of the Department in the North-West on account of Dominion lands are deposited by them in a local bank in all cases where there is in the locality a branch of one of the chartered banks of Canada, to the credit of the Receiver General, and the bank receipts are forwarded to the head office. Each agent makes weekly returns to the head office and to the Commissioner's office of the transactions of his office, giving a statement of all moneys due and paid in. An account is opened

with him in the books of the head office, in which he is debited with the amounts shown by his return to be due and to have been received by him, and credited with the amounts for which bank receipts are fyled. By comparing the debit and credit sides of this account with each other, and with the reports of the Inspector of Dominion lands agencies, who visits each agency on an average once in every three months, for the purpose of examining the books and accounts, the Department is in a position to know whether the agent has deposited to the credit of the Receiver General all the moneys which have been paid into his hands.

The books in connection with the Ordnance and Admiralty Lands Branch of the Department are all kept at the head office, and tenants and purchasers are notified of the amounts due by them. Such amounts are paid either into a local bank to the credit of the Receiver General, in which case the bank receipts are forwarded to the head office, in the way already described, or directly into the head office.

All moneys which may be paid into the head office on account of Dominion or Ordnance lands, are deposited by the accountant of the Department in the Bank of Montreal at Ottawa, to the credit of the Receiver General, the account of the located agent is credited with the deposit, and he is always so informed. Any further or fuller information you may require, I shall be glad to furnish you.

Yours truly,

A. M. BURGESS, *D.M.I.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 27, 1887.

SIR,—Referring to your letter of the 24th inst., in connection with the collection of revenue under control of your Department, you state that the moneys received by the several agents are deposited in a local bank to credit of Receiver General. Please inform me how often such deposits are made, and if each deposit is made immediately after the termination of the period during which it was received.

In the weekly return made by agents the expression *due and paid* is used. Please explain what is meant by this expression.

Could not the payments made at head office, if made in person, be deposited in a bank by the payer, and the receipts handed in to the accountant? How often is deposit made of cash paid into the head office?

Yours truly,

J. L. McDOUGALL, *A.G.*

The Dep. Min. Interior.

INTERIOR DEPT., OTTAWA, Feb. 4, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of the 27th ultimo, and in reply to your enquiries beg to state:—

1. Where there is a local bank, agents make their deposits to the credit of the Receiver General every day as a general rule, but not less frequently than once a week in any case. If the amounts are small once a week is quite sufficient.

2. The expression "due and paid" is used because in a great many cases payments are due, especially upon the pre-emptions of actual settlers, which are not paid; and it is an instruction from the Department to all local agents not to press unduly for the payment of pre-emptions, especially in the case of a settler who is in *bonâ fide* occupation of his homestead.

3. Payments made in person at the head office are invariably deposited to the credit of the Receiver General in a bank by the payer, and the receipts are handed to the Accountant. Almost the only cash payments received here are those transmitted by registered letter from places where there are no local banking facilities, and where the payer thinks it is safer to remit direct to the Department through the Post Office.

Yours truly,

A. M. BURGESS, *D.M.I.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Feb. 10, 1887.

SIR,—Referring to previous correspondence on the subject of the examination of the revenue under the control of your Department, I have now the honor to enclose a copy of Rules and Regulations in reference to the receipt, entry and accounting for public moneys; and I have to request that you will take the necessary steps to have them observed by your agents as soon as possible.

I would also ask you to send me: (1.) A list of all agents or others authorized to collect moneys on account of Dominion and Ordnance Lands. (2.) A monthly statement showing to whom books of receipts have been furnished, and the numbers of the first and last receipts. (3.) A statement of all scrip outstanding on the 1st January, giving denomination, date of issue number. I should also be notified of any further issue of scrip. (4.) A report to be made by the inspector on each visit to an agency, and this report should state, in addition to any other information he may deem fit to give, the balance shown by the agent's book's on the date of the inspection, and on the last day of the previous month. (5.) A list of any agents or collectors in arrears, with the amounts.

Your truly,

The Dep. Min. Interior.

J. L. McDOUGALL, A.G.

INTERIOR DEPT., OTTAWA, June 29, 1887.

SIR,—The information asked for by your letter of the 10th February last, has been collected from the several branches of this Department, and I now beg to enclose a list of all agents or others authorized to collect moneys on account of Dominion or Ordnance lands.

It has not been the practice to number receipts given by the land agents, but that system will be inaugurated at once and monthly statements furnished you of the first and last receipt in each book of receipts.

The accountant of the Department is preparing a book, from which he expects to be able, on the 1st July next, to make a complete statement concerning the issue of scrip.

I enclose a statement of balances due by the agents of this Department on the 26th April, 1887.

The Inspector of Dominion Land Agencies will be instructed to report to you, after each inspection of an agency, the balances shown by his books on the date of such inspection and on the last day of the previous month.

Yours truly,

The Auditor General.

JOHN R. HALL, Acting D.M.I.

OTTAWA, September, 17, 1887.

SIR,—Referring to the letter of the Acting Deputy Minister of the 29th June last, I beg to say that it would appear from the statement of balances due by the agents of this Department enclosed with that letter, that J. A. Hays, agent at Turtle Mountain, was in arrear to the Department to the amount of \$2,407 55, but it having been found that Mr. Hays' account was in arrear to this amount, steps were at once taken to obtain security from him in the shape of an agreement between him and the Crown in regard to the north-west quarter of section 32, township 2, range 22, west of the 1st principal meridian, by which all the right, title and interest of Mr. Hays therein is hypothecated and charged in the hands of the Crown to secure payment of the amount of his deficit. No patent or recommendation for patent is to be issued to him until full payment of such deficit has been made.

Yours truly,

The Auditor General.

A. M. BURGESS, D.M.I.

AUDIT OFFICE, OTTAWA, Nov. 30, 1887.

SIR,—Referring to previous correspondence on the subject of the examination and audit of revenue under control of your Department, I now beg to state that I have not received any statements of the Land or Crown Timber Agents. Please have these statements forwarded to me as soon as possible.

Yours truly,

J. L. McDOUGALL, A. G.

The Dep. Min. Interior.

AUDIT OFFICE, OTTAWA, Dec. 1, 1887.

SIR,—I have received a letter from J. M. Gordon, Inspector of Agencies, stating that the balance in hands of the Crown Timber Agent at New Westminster, B.C., on the 31st October last was \$1,637.30.

The receipts for deposits made by that agent since that date that have reached this office are as follows:—

Receipt dated 11th November for.....	\$ 206 98
do 18th do .....	225 00
do 21st do .....	<u>4,744 75</u>

Consequently the greater part of the \$1,637.30, if not the whole of it, which was on hand on 31st October was not deposited till the 21st of November. I beg to call your attention to paragraph 5 of copy of Rules and Regulations, sent you on the 10th February last, which requires a deposit to be made daily if the receipts amount to \$25, and I have to request that you will take steps to have it followed by all the agents of your Department in receipt of public money.

Yours truly,

J. L. McDOUGALL, A. G.

The Dep. Min. Interior.

INTERIOR DEPT., OTTAWA, Dec. 12, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of the 30th ultimo, asking that the statements of returns of the land and Crown timber agents of this Department be forwarded to you as soon as possible, and to inform you that copies of all of the statements in question since the 1st July last are preparing, and will be transmitted to you as soon as they have been completed.

I may add that I have given the necessary instructions that such statements be forwarded to you regularly each month in future.

Yours truly,

A. M. BURGESS, D.M.I.

The Auditor General.

INTERIOR DEPT., OTTAWA, Dec. 12, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of the 1st instant, drawing attention to paragraph 5 of the Rules and Regulations referred to in that communication, under which a deposit is required to be made daily of all public moneys received by agents of this Department, if the day's receipts, in cash, amount to \$25.00; and to inform you that a circular letter directing compliance in future with the regulation in question will be sent from this Department to each of its agents in Manitoba, the North-West Territories and British Columbia. In those in which payments are made in scrip, the course now followed by the agents need not be departed from. I may also remind you that no chartered bank has yet established an agency in the towns at which the offices of several of our agents are respectively situated, and in such cases a daily deposit cannot well be made.

Yours truly,

A. M. BURGESS, D.M.I.

The Auditor General.

DETAILS OF REVENUE.

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to ask you for a statement showing in detail:—1st. The arrears, if any, due by Collectors on the 30th June last. 2nd. The sums received in payment of these arrears up to 30th September last. I shall need these details every year in future, and would request you to have them prepared and forwarded to me as soon as possible after the 30th September in each year.

Yours truly,

The Dy. Min. Interior.

J. L. McDOUGALL, A. G.

OTTAWA, Dec. 31, 1887.

SIR,—In answer to your letter of the 16th instant in which you asked for a statement showing in detail any arrears that may have been due by collectors on the 30th of June last, I am directed to say that there is no one who has been collecting for this Department in arrears excepting J. A. Hays, the late agent at Deloraine, and, as already explained to you by letter from this Department, Mr. Hays has transferred all his property to the Crown as security for the payment of his indebtedness. It is believed that the Department is in a position to realize the amount at any period, but it is thought that to sell the land at the present time, when the prices are somewhat low, would scarcely be just to Mr. Hays.

Yours truly,

The Auditor General.

MILITIA DEPT., OTTAWA, Nov. 10, 1886.

SIR,—In reply to your letter of the 13th ultimo on the subject of the audit of revenue accounts, I have the honor to state that the only revenue accounts which come under the control of this Department are those connected with the collection of rents from military properties, and payments made into the public treasury for purchase of extra ammunition, clothing or military stores.

1. *The Collection of Rent.*—A ledger is kept in the office of the director of stores, in which an account is opened with each individual holding a lease from the Department of military properties. When payments are made for rents the amounts are invariably made by deposit receipts to the credit of the Receiver General, or by post office order, and are duly credited to each account, a record being kept in the deposit receipt book; and at the end of each year the total amount received for rents during the year is shown in the annual report of the director of stores, as also the amount due for rents in arrears.

2. *Purchase of Ammunition.*—The sale of ammunition is provided for by Regulations and Orders for the Militia, paragraphs 431 and 432, and approved by Order in Council dated 17th December, 1883, in accordance with the 96th sec. of the Act 46 Vict. Chap. 11. R. and O. par. 431.—“Officers in command of corps who may require extra small arm ammunition are informed that the price of Snider-Enfield ball ammunition is \$10 per 1,000 rounds, provided the ammunition is received by the purchaser at the magazine and removed in boxes supplied at his expense; no quantities less than 500 rounds will be sold.” R. and O., par. 432.—“Such extra ammunition may be obtained in N. S., N. B., P. E. I., Man., and B. C. on application to the deputy adjutants-general at Halifax, St. John, Charlottetown, Winnipeg and Victoria, B.C., respectively—in Ontario and Quebec on application direct to headquarters; and payment therefor, in all cases, is to be made by depositing the money in the Bank of Montreal or other chartered bank in which Government deposits are made to the credit of the Receiver General, and transmitting the certificate of deposit for the same with the requisition asking for the issue of the ammunition.”

3. *Clothing or other Military Stores* required from time to time to complete deficiencies from losses, when required by officers of militia, are issued on repayment upon approved requisition, payment for the same being made by deposit receipt to

the credit of the Receiver General, under similar regulations as provided for the purchase of ammunition. R. and O. par 948, provides for the annual inspection of all stores in Militia charge in each Military District, during the month of January in each year. R. and O., par. 949, provides that, in Ontario, Quebec, Nova Scotia and New Brunswick, boards of survey shall be composed of the Deputy Adjutant General, the Brigade Major and the Inspector or Asst. Inspector of Artillery, as the case may be, for each Province. R. and O., par. 967, provides that obsolete or unserviceable stores are to be disposed of as condemned by such boards; when approved of by the Minister of Militia, all condemned stores are sold by public auction. When this is done the auctioneer renders an account of sales, showing the net proceeds, which is forwarded to headquarters with a deposit receipt, to the credit of the Receiver General for the amount.

All deposit receipts received by the store branch are regularly entered in a book kept for that purpose; copies of such deposit receipts, after being recorded, are regularly forwarded to the accountant of the Department, who again enters them in that branch, prior to transmission to the Finance Department with the usual statement, showing the respective services to which the receipts have been credited. A full detailed statement of all deposit receipts received as above is published, in tabular form, in the annual report of the Militia Department in each year.

In view of the above, it is submitted that should it be considered desirable to make any change in the mode at present in operation, in this Department, for the purpose of audit, I shall be glad to receive any suggestion you may be pleased to offer in respect to the revenue account.

Yours truly,

C. EUG. PANET, *D.M.M.D.*

AUDIT OFFICE, OTTAWA. April 16, 1866.

SIR,—I have the honor to enclose herewith a copy of certain regulations in reference to the receipt and entry of cash, now in force in several of the Departments, which I would suggest, should be observed by the accountants of the different penitentiaries.

The Dep. Min. Justice.

Yours truly,

J. L. McDOUGALL, A.G.

JUSTICE DEPT., OTTAWA, April 29, 1886.

SIR,—I have the honor to acknowledge the receipt of your letter of the 16th inst., enclosing a copy of certain regulations in reference to the receipt and entry of cash, now in force in several of the Departments. In reply, I beg to say that I shall endeavor to have them carried out at the several penitentiaries.

The Auditor General.

Yours truly,

GEO. W. BURBIDGE, D.M.J.

JUSTICE DEPT., OTTAWA, Oct. 26, 1886.

SIR,—I have the honor to acknowledge the receipt of your letter of the 13th inst., respecting the collection of the revenue under the control of the Department. In reply, I beg to say that instructions have been sent to the wardens at the several penitentiaries to collect and deposit the revenue received at the end of every month, and to send a statement to this Department as soon after as possible.

Yours truly,  
A. POWER, *for D.M.J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, June 18, 1887.

SIR,—I understood at the time of our conversation on the question of Penitentiary Revenue in February last, that it was your intention to have the Rules and Regulations, a copy of which I had previously sent you, observed by the accountants of the different penitentiaries. This does not appear to have been done, judging from any statements to hand. I may add that no statements or receipts have been received from penitentiaries at Kingston, St. Vincent de Paul, or Manitoba. A statement has been received from British Columbia, but no receipt.

Yours truly,  
J. L. McDOUGALL, A. G.

The Dep. Min. Justice.

JUSTICE DEPT., OTTAWA, June 28, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of the 18th instant, with reference to the Rules and Regulations to be observed in connection with the revenue collected at the several penitentiaries. In reply I beg to state, that in consequence of the delay in getting the receipt books bound, I was unable to have them complied with up to the present time. I have instructed the accountant, however, to have all necessary arrangements made for the adoption of your suggestions from the 1st July next.

Yours truly,  
GEO. W. BURBIDGE, *D.M.J.*

The Auditor General.

AUDIT OFFICE, OTTAWA, Jan. 18, 1886.

SIR,—I enclose herewith a copy of the Regulations as to entry and deposit of fees which are enforced by the Departments, and have to suggest that you should be guided by them too.

Yours truly,  
J. L. McDOUGALL, A. G.

The Registrar, Supreme Court.

AUDIT OFFICE, OTTAWA, Sept. 2, 1886.

SIR,—I would again call your attention to copy of regulations sent you with my letter of 18th January last, and I have to request that they may be followed.

Yours truly,  
J. L. McDOUGALL, A. G.

DEPT. OF STATE, OTTAWA, NOV. 3, 1886.

SIR,—In reply to your letter of the 13th ultimo, relative to regulations for the collection of and accounting for the revenue under control of this Department, I have the honor to inform you that such revenue consists almost entirely of fees upon applications for Incorporation of Joint Stock Companies under the Canada Joint Stock Companies Act, 1877, and upon commissions issued to public officers, exemplifications of patents, certificates of legalization, passports, certified copies of documents, and searches imposed under authority of Order in Council.

In order to secure collection, it is a strict rule that no such instrument or document shall leave the Department until the fee upon the same shall have been received. With regard to the account and deposit of such fees, every amount is entered in a cash book, and a printed and numbered receipt given therefor, deposit being made in the Bank of Montreal, whenever the total sum reaches twenty-five dollars or over and the usual triplicate receipts taken for the same, one of which is sent to the Receiver General, the other being placed on record in this Department,—all moneys being in the meantime retained in my personal custody. A statement in detail of the receipts and deposits, being a copy of the cash book, is transmitted to you monthly at the close of each month. These regulations are in accordance with suggestions in your letter of the 24th November, 1885, and have been in force since the first of March last.

The Auditor General.

Yours truly,

G. POWELL, U. S. S.

AUDIT OFFICE, OTTAWA, Feb. 25, 1887.

SIR,—I enclose herewith a copy of rules and regulations in reference to the receipt, entry and accounting for public moneys, drawn up with the object of carrying out a minute of the Treasury Board of 20th of June last. I would request you to have them observed in connection with the receipt of fees for future examinations.

Yours truly,

The Secy. C. S. Examiners.

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, Feb. 25, 1887.

SIR,—I have yours of the 18th instant enclosing list of twenty-two candidates who applied for admission to the examinations of November, 1885, but who have not presented themselves. I note your statement that you have now deposited the fees paid by these candidates. I assume that there are no fees in your hands of candidates who applied for admission to examinations previous to November, 1885, but who have not presented themselves. With reference to the question of refunding fees, I may say that several reasons occur to me why no refunds should be made. However, I think the better way would be to have a general Order in Council passed determining clearly the wish of the Government in the matter. But even if it should be necessary afterwards to refund any fees, the rule is strict, that the gross revenue should be deposited to credit of the Receiver General. (Sec. 27 of Audit Act.) Please favor me with a reply to my letter of the 28th August last.

Yours truly,

The Sec. C. S. Examiners.

J. L. McDOUGALL, A. G.

BOARD OF CIVIL SERVICE EXAMINERS, March 2, 1887.

SIR,—I have your letter of 25th, with enclosures, but having been engaged in preparing for, and being now engaged in holding, certain special promotion examinations ordered by the Privy Council, which we will have to report upon without delay, I shall have to defer the reply you desire, especially as it involves references to old examination records, which will require time.

Yours truly,

The Auditor General.

P. LeSUEUR, Secy.

AUDIT OFFICE, OTTAWA, July 5, 1887.

SIR,—I beg to inform you that I will soon be making a report to the Treasury Board of the progress made towards complying with its Minute of 21st June, 1886, directing an examination and audit of the revenue accounts. I have not received any reply to my letter of the 25th of February last, in reference thereto.

Yours truly,

The Sec. C. S. Examiners.

J. L. McDOUGALL, A. G.

BOARD OF CIVIL SERVICE EXAMINERS, July 13, 1887.

SIR,—Referring to your letter of 5th instant, I beg to say that, as you are aware, this Board is under the legal supervision and control of the Secretary of State, and receives its instructions from that Minister.

In respect of the deposit to the credit of the Receiver General, of examination fees, the Board are governed by the letter of which the enclosed is a copy. I may, however, say that the Board have not withheld the fees of one examination until after the next one was over, but have deposited to the credit of the Receiver General, in part before, and in part shortly after, each examination, the fees of the candidates

in attendance, reserving only those of the few persons who had been unable to come in order to repay said fees, or to apply them to future examinations, as the parties might think fit, and as they had and have the admitted right to determine.

I may, however, say that as a great deal of inconvenience and unpleasantness has attended the collection of fees beforehand, the Board intend hereafter to take them at the Entrance examination (as they have always done at the examinations for Promotion) from the candidates present—the only ones in fact from whom we have a legal right to ask them.

Yours truly,

P. LESUEUR, *Sec.*

The Auditor General.

DEPT. OF STATE, OTTAWA, May 10, 1884.

SIR,—I have the honor to inform you for the information of the Board of Civil Service examiners, that His Excellency the Governor General in Council has been pleased to order that the Board be instructed to withhold deposits, in favor of the Receiver General, of all fees coming into the hands of the Board until after the termination of each ensuing examination, and that the Board be also instructed to return the fees to any candidate demanding the same who was prevented from attending or did not attend such examination.

Yours truly,

G. POWELL, *U. S. S.*

The Sec. C. S. Examiners.

AUDIT OFFICE, OTTAWA, July 15, 1887.

SIR,—I am in receipt of your letter of the 13th inst., in reply to my letter of the 5th inst. In that letter I referred to my letter of the 25th February last. I now observe that I wrote you two letters on that day, the one to which you reply in your present letter, and another enclosing copy of "rules and regulations as to the receipt, entry and accounting for public moneys," with a request that they should be enforced. Without entering into the question of refunds of fees (concerning which I would refer you to Chapter 29, Section 78 of the Consolidated Statutes) or your present purpose of collecting the fees at the entrance examinations from those present; I would be pleased to know what steps you have taken to carry out the requirements of the rules and regulations mentioned above.

Yours truly,

J. L. McDOUGALL *A.G.*

The Sec. C. S. Examiners.

BOARD OF CIVIL SERVICE EXAMINERS, July 20, 1887.

SIR,—Referring to your letter of the 15th inst., I beg leave to report, that this Board is made subject, by law, to the Secretary of State, and therefore is under obligation to conduct its operations in conformity with his instructions. The only instructions received from that Minister respecting the collection and deposit of examination fees, were contained in the letter of which I sent you a copy, and if you will compare it with yours of 25th February, you will find that both cannot be complied with.

I may add that wishing to treat your letters with due respect, I purposely consulted the Secretary of State as to our duty in the premises, and was informed that any proposition to interfere with the procedures of the Board, must first obtain his concurrence, and that without it, the Board are not at liberty to make any material changes.

The Board intend hereafter to collect the fees from the candidates present at the examinations, so that the whole amount will be received in one day. In this way each examiner will be responsible for a sum representing the exact number of persons

in attendance, which sum he will be instructed to deposit forthwith. This change has the entire approbation of the Hon. Mr. Chapleau.

It is proposed to send to applicants tickets of admission, who will hand them, with their fees, to the examiners, and these tickets, with the counterfoils, will clearly establish the sums required to be lodged. We are naturally desirous of doing our work with as little friction as possible, and hope, at the same time to meet your views.

The Auditor General.

Yours truly,

P. LESUEUR, *Sec.*

AUDIT OFFICE, OTTAWA, July 27, 1887.

SIR,—I have the honor to acknowledge the receipt of your letter of the 20th inst., and I am now submitting a copy of the whole correspondence to the Department of the Secretary of State. I might remind you that I never got any reply to my letter of the 28th August, 1886, pointing out some seeming inaccuracies in former returns. I would be glad to have a reply thereto as soon as convenient.

The Sec. C. S. Examiners.

Yours truly,

J. L. McDOUGALL, A. G.

AUDIT OFFICE, OTTAWA, July 27th, 1887.

SIR,—I beg to enclose a copy of the correspondence with Mr. Le Sueur, Secretary of the Board of Civil Service Examiners, in connection with the examination and audit of the fees collected by him. I beg to state that it was not with any intention of ignoring the Department that I wrote directly to Mr. LeSueur. For some years past he has sent returns of fees directly to this office, and in replying in connection therewith I have addressed him directly. The letter enclosing copies of rules and regulations should have been addressed to you. I shall be pleased if you take steps as soon as possible to have these rules enforced.

The Under Secretary of State.

Yours truly,

J. L. McDOUGALL, A. G.

OTTAWA, Sept. 10, 1887.

SIR,—I have at last managed to go through the mass of back work necessary to answer your letter of August 28, 1886, and find you were right in stating that one candidate at Charlottetown had been omitted from the list, and also that one candidate in excess had been reported as attending both examinations. The 5 candidates admitted on the ground of absence at former May examinations were: O. Dessert and C. A. Thompson, Ottawa, 1883; L. Henry, Ottawa, 1884; C. A. Garveau, Montreal, 1885; and A. Gillespie, Halifax, 1885. As to the 2 who paid no fee, they claimed that they had sent the money, which was of course possible, as in 2 or 3 other cases letters represented as enclosing \$2 each failed to reach this office—not a very large proportion out of some 6,000 or 7,000 addressed to the Board. The course we propose to pursue in future will effectually prevent the recurrence of such mishaps. When I next deposit I will add the \$4 for the two fees first mentioned.

The Auditor General.

Yours truly,

P. LESUEUR, *Secy.*

AUDIT OFFICE, OTTAWA, Dec. 22, 1886.

SIR,—I have the honor to enclose a copy of rules and regulations in reference to the receipt, entry and accounting for public moneys, which I have to request may be observed by your Department.

Yours truly,

The Queen's Printer.

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, March 3, 1887.

SIR.—Referring to the statement of receipts on account of *Canada Gazette* and sale of Statutes for February, I would beg to point out that receipt No. 48, which is marked cancelled, should be returned with the counterfoils. It is desirable that the rule regarding frequency of deposit should be closely followed. Would you please explain why you do not deposit the cash and postage stamps which were on hand at the close of the month?

Yours truly,

The Queen's Printer.

J. L. McDOUGALL, A.G.

QUEEN'S PRINTER'S OFFICE, OTTAWA, March 4, 1887.

SIR,—In reply to your letter of 3rd instant, I beg to state that care will be taken hereafter to preserve cancelled receipts. I will also make deposits more frequently, but as there are two accounts open in accordance with your instructions, I must wait for a respectable amount to accumulate to the credit of either. Change is necessarily kept in the office seeing that people often come in with \$5, or even \$10 bills to buy Statutes or even *Gazettes* or separate Acts, and to pay accounts, hence we cannot conveniently deposit the last farthing. I found I made a blunder in this respect as to the January deposit.

Yours truly,

The Auditor General.

B. CHAMBERLIN, Q. P.

AUDIT OFFICE, OTTAWA, Nov. 21, 1887.

QUEEN'S PRINTER'S OFFICE, January 9, 1888.

SIR,—With reference to your letter of the 21st November, requesting to be furnished with statements showing balances due on 30th June, 1887, on account of Statutes and *Canada Gazette*, I have the honor to state that having made up a preliminary list of defaulters and sent them further notice, I have received several remittances already, and am expecting more. Under the circumstances I have felt it not advisable to send in names of persons whose remittances may very likely reach me just after your report, affixing the stigma of default upon them, is put in print. This will account for the delay which has occurred in the completion and transmission of the list asked for.

Yours truly,

INDIAN AFFAIRS, OTTAWA, Oct. 22, 1886.

SIR,—I have the honor to acknowledge the receipt of your letter of the 13th instant, asking to be furnished with a copy of each regulation which has been established by the Government, or this Department, to secure the collection of revenue under the control of the Department of Indian Affairs, or its being regularly accounted for and deposited.

In reply I beg to inform you that all the accounts of this Department, both of receipt and expenditure, are submitted for audit monthly. This Department collects no revenue, properly so called, but with regard to receipts which are credited to the Indian Fund, I may say that each Indian Lands Agent is required by his instructions to account to the Department once every month for all moneys collected by him for land in course of payment, for timber dues, or for rents on account of leased lands.

Yours truly,

The Auditor General.

R. SINCLAIR, *Acct.*

AUDIT OFFICE, OTTAWA, Feb. 17, 1887.

SIR,—Referring to previous correspondence on the subject of the examination of the revenue under control of your Department, I have now the honor to enclose a copy of rules and regulations in reference to the receipt, entry, and accounting for public moneys; and I have to request that you will take the necessary steps to have them observed by your agents as soon as possible.

I would also ask you to send me: (1.) A list of all agents or others authorized to collect moneys on account of the Indian Fund. (2.) A monthly statement showing to whom books of receipts have been forwarded, giving the numbers of the first and the last receipts. (3.) A periodical report from the Inspector, and this report should state, in addition to any other information he may deem fit to give, the balance shown by the agents' books on the date of the inspection, and on the last day of the previous month. (4.) A list of any agents or collectors in arrears, with the amounts.

Yours truly,

The Dep. Supt. Gen. Indian Affairs.

J. L. McDOUGALL, *A. G.*

AUDIT OFFICE, OTTAWA, May 17, 1887.

SIR,—I have had no reply to my letter of the 17th February last enclosing rules and regulations in connection with the examination of the Indian fund revenue, and asking for certain statements. I would be glad to know what progress has been made towards having these rules and regulations enforced. I assume that the monthly statements received from the agents are examined in your Department, and that steps are taken to have a statement from each agent each month. I have to request that a certificate of examination be made on each statement, and I am enclosing a form which might be used. I may say that the January statement of revenue is the last received, and that only a few days ago.

Yours truly,

J. L. McDOUGALL, A. G.

The Dep. Supt.-Gen. Ind. Affairs.

INDIAN AFFAIRS, OTTAWA, July 12, 1887.

SIR,—I have the honor to acknowledge the receipt of your further letter dated May 17 last on the subject of the collection of revenue under the control of this Department, and to inform you in reply that steps have been taken to enable you to carry into effect the wishes of the Treasury Board as expressed in their Minute of the 21st June, 1886, as far as this Department is concerned.

In your letter of Feb. 17 last you request: 1. A list of all agents and others authorized to collect moneys on account of the Indian fund. 2. A monthly statement showing to whom books of receipts have been forwarded, giving the numbers of the first and last receipts. 3. A periodical report from the inspector, stating, in addition to any other information he may deem fit to give, the balance shown by the agent's books on the date of the inspection and on the last day of the previous month. 4. A list of any agents or collectors in arrear, with the amounts.

In compliance with the first of these requests, I beg to transmit to you herewith a list of agents and others authorized by this Department to collect moneys on account of the Indian fund, and to whom books of official receipts will be furnished as soon as they can be prepared; these receipts will be of the form submitted to and approved by you, and will, for the present, consist of four series, viz., "A," "B," "C," and "D"; each series numbered consecutively throughout from 1 up; and when they are issued you will be furnished with a statement of the agents to whom they have been issued, showing the first and last number of each book so issued, and a monthly statement thereafter of subsequent issues of such receipt books, or, if no issues have been made, a "nil" return.

An Inspector does not visit Indian agencies in Ontario, Quebec, or the Maritime Provinces at stated intervals, but on such occasions only as may be considered proper by the Department, and on those occasions you will be furnished with a copy of his report showing any unpaid balance of revenue which may, at the date of inspection, appear on the agent's books, and the balance, if any, on the last day of the previous month.

The regulations of the Department require agents to remit all their collections to the Department once each month; in the majority of cases the remittances are in the form of certificates of deposit to the credit of the Receiver General, but at some remote agencies where there are no banking facilities, payments are made in cash, which are deposited to the credit of the Receiver General on account of Indian Funds in Ottawa, while the receipts granted to the payer would be signed by the agent. In some cases moneys are remitted to the Department direct by purchasers of land, or timber, and in such cases a receipt will issue from the Department; the numbers of the receipt books used by the Department for this purpose will be communicated.

At the foot of each statement submitted to you of moneys collected will be appended a certificate by the examiner in the following form:—

1V

2-6\*\*\*\*

DETAILS OF REVENUE.

"I certify that this account has been examined by this Department; that it is arithmetically correct; that it shows the amount deposited to the credit of the Receiver General, and the sums collected were amounts which should have been collected."

May I suggest that with a view to making the use of these receipts obligatory not only by an agent but also by a payer that the widest publicity to the system to be adopted should be given through the medium of the press by the publication of an order of the Treasury Board or otherwise, and that, as soon as may be possible, it should be enacted that any public officer failing to give an official receipt for moneys paid to him on Government account should be guilty of a misdemeanor, and that any person paying money to such officer on behalf of the Government and failing to exact such official receipt should, in the event of loss, have no recourse against the Government on account of such loss.

The Auditor General.

Yours truly,

L. VANKOUGHNET, *D.S.G.*

AUDIT OFFICE, OTTAWA, Dec. 16, 1887.

SIR,—In connection with the examination and audit of the revenue accounts, I have to ask you for a statement showing in detail: 1st. The arrears, if any, due by collectors on the 30 June last. 2nd. The sums received in payment of these arrears up to September 30th last. I shall need these details every year in future, and would request you to have them prepared and forwarded to me as soon as possible after the 30th September in each year.

Yours truly,

The Dep. Supt. Gen. Indian Affairs.

J. L. McDOUGALL, *A. G.*

INDIAN AFFAIRS, OTTAWA, Jan. 9, 1886.

SIR,—I have the honor to enclose, in compliance with the request made in your letter of the 16th ultimo, a statement showing approximately: 1st. The arrears due by collectors on the 30th June last. 2nd. The sums (*nil*) received in payment of those arrears up to the 30th September last.

1st. Approximate statement of moneys received by Chas. B. Savage, late agent at Gore Bay, on account of Indian lands; but not returned by him to the Department, as far as can be ascertained, to 30th June, 1857, \$2,675.48. There has been nothing paid on the above since that date.

2nd. Approximate statement of moneys received by A. LeBel, Indian Agent, River du Loup, on account of Indian lands in the township of Viger; but not returned by him to the Department, as far as can be ascertained to 30th June, 1887, \$441.29. There has been nothing paid on the above either since that date.

Yours truly,

The Auditor General.

AUDIT OFFICE, Jan. 18, 1888.

SIR,—Referring to previous correspondence in connection with the examination and audit of Private Bills fees, and the explanation you gave me verbally, that you purposed bringing the matter before the Internal Economy Committee; I would request you to write me to that effect, as I intend publishing the correspondence. Your early attention will much oblige.

Yours truly,

HOUSE OF COMMONS, OTTAWA, Jan. 18, 1888.

SIR,—In answer to yours of this day's date, regarding the examination and audit of the Private Bills fees, House of Commons. I beg to say that I had, some time ago, brought the matter under the notice of His Honor the Speaker, who stated he would submit the same to the Honorable the Board of Commissioners of Internal Economy.

Yours truly,  
HENRY HARTNEY, Acct.

The Auditor General.

AUDIT OFFICE, OTTAWA, Dec. 16, 1886.

SIR,—The Treasury Board, by a Minute of 21st June last, directed that the revenue accounts should be submitted to this office for examination and audit. For

the purpose of carrying out these instructions, I have to request you to adopt the regulations, a copy of which is enclosed.

The Clerk of the Senate.

Yours truly,

J. L. McDOUGALL, A.G.

AUDIT OFFICE, OTTAWA, Dec. 20, 1887.

SIR,—Referring to my letter of the 16th December, 1886, informing you that I had been instructed by the Treasury Board to examine and audit the revenue, and enclosing certain rules and regulations to be put in force, with the view of carrying out these instructions, I would now beg to remind you that I have had no reply to my letter, nor have I received any statement or details of the fees collected by you. I shall be pleased to hear from you on the subject as soon as convenient.

The Clerk of the Senate.

Yours truly,

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, December 27, 1887.

SIR,—I regret to find that the subject matter of your letter of 16th December, 1886, was overlooked, the letter having been mislaid. However, in order to comply as far as possible with the request therein expressed, I send you herewith a statement of cash received by me for fees from 1st January to 31st December, 1886, and from 1st January to 30th June, 1887, and for the future will see that the regulations suggested by you be adopted.

The Auditor General.

Yours truly,

E. J. LANGEVIN, Clerk.

AUDIT OFFICE, OTTAWA, Jan. 26, 1888.

SIR,—I have your favor of the 27th ult., with statements in reply to my letters in reference to audit and examination of the fees, &c., collected by you.

I observe, from an examination of the statements, that the balance on hand, 30th June, was \$17.80, and the receipts during the year were \$2,953.24, making \$2,971.04; out of which you made outlay for advertising, reporting Private Bills and reporting commissions, amounting to \$1,823.30, leaving a balance on hand, 30th January, 1887, of \$1,147.74.

I would beg to call your attention to section 27, Consolidated Statutes, which directs that the gross revenues shall be deposited to the credit of the Minister of Finance and Receiver General, in some bank authorized to receive public moneys; and I have to request that you will be good enough to do so in future. In the meantime the balance on hand, 30th June last, \$1,147.74, and any sums since received, should be deposited at once.

The outlay which you have been accustomed to make out of these receipts should be made by you in the first place through your ordinary letter of credit. When making returns of the letter of credit cheques drawn during any month you could specify those for advertising and reporting Private Bills, and the amount will be placed as a charge against casual revenue, to which these fees will be credited.

The expenses in connection with commissions are, in my opinion, properly chargeable to the grant for Senate.

I am pleased to learn that your purpose having the regulations suggested by me adopted.

The Clerk of the Senate.

Yours truly,

J. L. McDOUGALL, A.G.

THE SENATE, OTTAWA, Jan. 30, 1888.

SIR,—Referring to your letter of the 26th inst., I may say that by resolution of the Senate passed on 1st of June (page 273), I am fully instructed as to the disposal of moneys received by me as fees.

The Auditor General.

Yours truly,

E. J. LANGEVIN, Clerk.
