The cantata given by the United Baptist Church at Canning last Monday will be repeated in the Church next Sunday evening, April 15th. Stable room will be provided for teams. All are welcome. Silver collection.

The cantata entitled, "The Glory of the Garden," given by the chorus and the Sunday School of the United Baptist Church of Canning on Monday evening was a complete success. In spite of the inclemency of the weather the church was crowded with an expectant and enthusiastic audience. In addition to the cantata, Miss Gaines of Acadia Seminary, gave a number of humorous readings which were greatly appreciated. Miss Ethel Miller and Mrs. Turner played a piano duet, this won particular applause. The silver collection amounted to slightly over twenty dollars. The success of concert is due to the untiring and enthusiastic efforts of the organizer and leader, Mrs. Turner, and her assistant in voice training, Mrs. Arthur Ward, also to the faithfulness of every member taking part. At the close of the cantata two little girls in white presented Mrs. Turner and Mrs. Gaines with bouquets of flowers.

Oh! What a relief! That's what you will say as soon as you have applied Sure-Pop Corn Cure to that aching corn. In a day or two your corn will be gone and your poor, tired, aching feet will feel easy, cool and comfortable. 25c at dealers or by mail postpaid. 25c. at all dealers or by mail.

**Reference to Death of F. B. Newcombe.**

Last Sunday evening, Easter Day the Rector of St. James Church preached on the "Master's Call" having particular reference to the death of the late Vestryman and church warden, F. B. Newcombe. He spoke of him as a churchman who worked zealously in the interests of the Church—as a Councillor of the town of Kentville, and his labors in the various departments that fell to his lot—especially as a chairman of the School Board; as an Oddfellow, exhibiting the real spirit of brotherhood and the significance of the last words he uttered in the midst of those among whom he counted it a delight to be with. The Rector closed as he began with quoting verses on the "Land of Rest" and "He giveth his beloved sleep."

Since the funeral of Mr. Newcombe several tokens of affection in the way of flowers have been sent in, which were very thoughtfully sent to the church for the Easter services among which were cut flowers from his cousin, Mrs. W. H. Magee of British Columbia.

Among those omitted in the acknowledgements made having sent floral tributes at the time of the funeral—were brother and wife and little nephew Howard, employees of the firm, Mr. and Mrs. Reginald Caldwell and Mr. and Mrs. Young.

# Great Spring Drive Against Enemy is Continued

London, April 9th—An advance of from two to three miles has been made by the British troops on a front extending from Henin-Sur-Cojeul, southeast of Arras, to Givenchy-en-Gobelle, a distance about 12 miles. The official report from Army Headquarters in France makes this statement to-night, and adds that the advance continues. The famous Vimy ridge was carried by Canadian troops.

Thousands of German prisoners were taken by the British. Up to two o'clock this afternoon 5,816, including 119 officers, passed through the receiving stations and according to the official report, many more remained to be counted.

The operations continue to be carried out successfully in accordance with the plan. Our troops have everywhere stormed the enemy defences, from Henin-Sur-Cojeul to the southern outskirts of Givenchy-en-Gobelle; to a depth of from two to three miles, and our advance continues.

The enemy's forward defences on this front, including Vimy Ridge, which was carried by the Canadian troops, were captured early in the morning. These defences comprise a network of trenches and fortified localities—Neuville-St. Vaast, Telegraph Hill, Tilloy Lex Moflaines, Observation Ridge, St. Laurent-Blangy, Les Tilleuls and Fohe Farm.

## Captured 5,816 Germans

Subsequently our troops moved forward and captured the enemy's rearward defences, including, in addition to other powerful trench systems, the fortified localities of Feuchy, Chapelle de Feuchy, Hyderbad Redoubt, Athies and Thelus.

Up to 2 p. m., 5,815 prisoners, including 119 officers passed through the stations and many more remain to be counted. Of these a large number belongs to the Bavarian Divisions, who have suffered heavy casualties in to-day's fighting.

The captured war material includes guns and a number of trench mortars and machine guns, which have not been counted. In the direction of Cambrai, further progress has been made in the neighborhood of Havrincourt Wood. We have captured the village of Domincourt.

In the direction of St. Quentin, we captured the villages of Pontra and Le Verquier.

The aerial activity of the past few days has continued with great energy. Several successful bombing raids were carried out by us, our machines co-operating with our artillery with excellent results. Two hostile machine guns were destroyed and fifteen others were driven down, and probably crashed. Two German kite balloons were brought down in flames. Ten of our airplanes are missing.

## Berwick Welcomes Kenneth Butler

Berwick, Apr 3rd. — The town was in holiday attire to welcome back J. Kenneth Butler, who had just returned from the front, and arrived in town on the express this morning. He was a member of the first Nova Scotia Battalion to go over as a unit, and was active as a scout. He left in November, 1914, and was before he enlisted teller in the Royal Bank here. As the train came in, the Berwick band played God Save the King, and the school children who were drawn in line, sang lustily and gave three cheers for the young man who had done his bit. A large concourse of people had gathered to welcome him home. The depot was gaily decked with bunting and flags were flying from the nearby buildings. Kenneth was taken to his home in an auto which was draped with flags.

## Martial Law in Guatemala

Washington, April 10—Reports that President Cabrera has proclaimed martial law in Guatemala strengthens the belief of State Department officials that Guatemala may soon join the United States in the war against Germany. President Cabrera's action in placing his army in position to suppress any plot, either on Mexican or Salvadoran borders, was regarded as preliminary to a more important step.

## How She Was Relieved from Pain by Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

## "Made-in-Canada" and Built for Canadian Roads

Studebaker cars are designed and built to meet all the emergencies and difficulties of driving which motorists in Canada are sure to encounter. Studebaker cars predominate in the eastern Provinces, where style and appearance are the chief requisites. Studebaker cars have made good in the prairie Provinces, where ability of a car to stand up under long, hard, continual service on the "gumbo" roads is the chief requirement.

And Studebaker cars have proven satisfactory in service in the mountains on the Coast, where endurance and grade-conquering power are the chief requisites.

That's because Studebaker cars are made in Canada—with the built-in stability that such a car requires in order to give the best of service on Canadian roads. Come in and see the new Series 18 models.

Canada's sons have won new laurels. The storming of the famous Vimy ridge where 100,000 French soldiers already sacrificed their lives constitutes one of the great deeds of the war, and we venture to think that when the whole story is told the brilliant exploits of the Canadians in capturing this enormously strong position contributed very importantly to the glorious victory which the British forces have won. -Morning Chronicle.

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. ## Victory for British Arms

### Eleven Thousand Germans Were Captured

London, April 10th — In the face of heavy snow storms, and in places strong resistance by the Germans, the British have pushed their lines as far as Monchy-Le-Prex, five miles east of Arras, and made further important gains on Vimy Ridge.

The official statement from British Headquarters, describing the operations now in progress on the Arras-Lens line, reports the capture up to this evening, of 11,000 prisoners, including 235 officers, more than 100 guns, including heavy guns up to 8 inches, 63 trench mortars and 163 machine guns. The text reads:

#### SCHOONER WRECKED IN THE BAY OF FUNDY

DIGBY, N.S., April 10—Another vessel came to grief last night, at Parkers Cove on the Bay of Fundy shore, 16 miles east of Digby Gut. This time it was the St. John schooner Cora May, Capt. Medley, Blenkhorn, which left that port on Sunday for Parrsboro. She had about reached her port of destination when last night's gale blew her back to Parker's Cove where she became a total wreck her master and crew saved with great difficulty.

"SOLD BY W. W. ROCKWELL"

Our operations have been continued energetically today, in spite of heavy snow storms and generally unfavorable weather. We have reached the outskirts of Monchy-Le-Prex, five miles east of Arras and have cleared Farbus and Farbus Wood.

Hard fighting took place again this afternoon on the northern end of Vimy Ridge, in which we gained further important positions and took a number of prisoners and machine guns.

In the direction of Cambrai we advanced our line north of the village of Louveral. Such counter-attacks as the enemy attempted at different points along our front met with no success.

The number of prisoners taken since the opening of our attack yesterday morning now exceeds 11,000, including 235 officers. We also captured over 100 guns, among them a number of heavy guns up to eight inches calibre, 60 trench mortars and 163 machine guns.

Our airplanes performed valuable work yesterday in co-operating with our infantry, and in a number of cases inflicted casualties with machine gun fire on hostile reinforcements. Bombing expeditions were also carried out, in which a number of hits were obtained upon a large railway station utilized by the enemy.

As a result of the air fighting, three German airplanes destroyed and four others were brought down. One of our machines is missing.

Victors of Courcellette Went Away at Dawn, Cheering and Singing, and at 6.30 Had Taken the Whole Front Line System of German Trenches—They Surged Up the Deadly Ridge in Wave After Wave With Bayonets and Won the Great Barrier Which Blocked the Path of Allied Armies.

(By Philip Gibbs—Special Cable to The Morning Chronicle)

WAR CORRESPONDENTS HEADQUARTERS, Tuesday—(Despatch to the London Chronicle)—The battle of Arras is the greatest victory we have yet gained in this war and is a staggering blow to the enemy. He has lost already over eleven thousand prisoners and more than a hundred guns, and, in dead and wounded, his losses are great. He is in retreat south of Vimy Ridge to defensive lines further back and, as he goes our guns are smashing him along the roads. It is a black day for the German armies and the German women who do not know yet, what it means to them.

During last night the Canadians gained the last point called Hill 145, on Vimy Ridge, where the Germans held out in a pocket with machine guns, and this morning the whole of that high ridge which dominates the plains to Douai is in our hands. So there is removed from our path the great barrier for which the French and ourselves have fought through the bloody years. Yesterday before daylight and afterwards I saw this ridge of Vimy all on fire with the light from the great guns fire. The enemy was there in strength and his guns were answering ours with a heavy barrage of high explosives.

#### Changed as a Miracle.

This morning the scene was changed as by a miracle. Snow was falling, blown gustily across the battlefields and powdering the caps and helmets of our men as they rode or marched forward to the front; but presently the sunlight broke through the storm clouds and flooded all the countryside, by Neuville, St. Vaast and Thelus and La Folie Farm, up to the crest of the ridge, where the Canadians had just fought their way with such high valor. Our batteries were firing from many hiding places revealed by short sharp flashes of light, but few answering shells came back, and the ridge itself patched with snowdrift was quiet as any hill of peace. It is astounding to think that not

a single German stayed up there out of all those who held it yesterday unless some poor wounded devils still cover in the great tunnels which pierce the hillside. It is almost unbelievable to me who have known the evil of this high ridge, month after month and year after year, and the deadly menace which lurked about its lower slopes. Yet I saw the proof below, where of all the Germans who had been there at dawn yesterday, thousands of them were now down in our lines, drawn up in battalions marshalling themselves, grinning at the fate which had come to them and spared their lives.

#### Heroic Valor of The Canadians

The Canadian attack yesterday was astounding successful and was carried out by high spirited men—the victors of Courcellette, in the battle of the Somme—who had before the advance an utter and joyous confidence of victory. They went away at dawn, cheering and laughing, through the mud and rain which made scarecrows of them. They followed closely and warily the barrage of our guns, the most stupendous line of fire ever seen, and by six-thirty they had taken their first goals, which included the whole front line system of the German trenches above Neuville-St. Vaast, by La Folie and La Folie Wood and up the Lus where they met fierce resistance. The German garrisons were, for the most part, in long deep tunnels pierced thru the hill as assembly ditches.

#### Charged With the Bayonet

There were hundreds of them in Prinz Arnault tunnel and hundreds more at the great Volker tunnel, but, as the Canadians surged up to them with wave after wave of bayonets, the German soldiers streamed out and came running forward with hands up. They were eager to surrender and their great desire was to get down from Vimy Ridge and the barrage of their own guns. That barrage fell heavily and fiercely upon Turco trench, but too late to do much damage to our men who had already gone beyond it.

#### Canadian Casualties Not Heavy

The Canadian casualties, were not heavy in comparison with the expected losses, but the German prisoners were glad to pay for the gift of life by carrying our wounded back. The eagerness of these men was pitiful and now and then laughable.

#### Useless

"Ma," said a discouraged little Mapleavenue urchin, "I ain't going to school any more." "Why dear?" tenderly inquired his mother. "Cause 'tain't no use. I can never learn to spell. The teacher keeps changing words on me all the time."—Occident.

KENTVILLE, FRIDAY, APRIL 13, 1917.

The correspondent from Canning in reference to holding the Canning train last Saturday night has caused some controversy especially as the Canning train is being advertised to be held over for two hours this afternoon to accommodate a large number who wish to get home after hearing the addresses in Pastime Hall.

In questioning the authorities of the railway we learn that a large number on the C. V. line had requested the agents at Canning and other stations for the train to be arranged to accommodate people who wished to see "The Birth of a Nation" here. That such accommodation was appreciated was shown that 128 passengers from Canning and other stations took advantage of the excursion rate. The people who arrived at Kentville on evening train for passage to Canning were looked after by the D.A.R. an supper provided them at the hotel and later a train was despatched with them.

The holding of the train today for two hours we feel sure will accommodate a large number and not disarrange the plans of any, as Canning will be reached by train before dark.

EASTER SERVICES AT THE BAPTIST CHURCH

The services at the Baptist Church were well attended on Easter Sunday. In the evening the house was crowded by those who came to hear the cantata given by the choir of thirty-five voices under the direction of Mr. Burpee R. Bishop who has given proof of his ability to train and lead a large choir in the interpretation of first class music. The cantata as announced was one of Lorenz's best choir cantatas and was really an Easter sermon in song. The first part was low and sad giving tidings of the resurrection, and ending in the full power of the promise of the Gift of God and the victory over death and the triumphant chorus of the Easter Angels.

The solo parts were taken by Miss Evelyn Spidell, a contralto of marvelous power and control; Miss Myrtle Neary, soprano, who has a voice of remarkable range and sweetness; Mr. Charlton, whose rich, full baritone introduced the cantata; Mr. Frank C. Bailey, whose thorough interpretation of the "Mystery" fairly entranced the audience; and Mr. John Cross whose beautiful tenor was unusually clear and sweet.

A very pleasing feature of the program was the double duet by Messrs. Cross and Hennigar, Miss Neary and Mrs. George Balsor. The ladies chorus and the male chorus were well rendered and among the most attractive parts of the cantata.

There were also mixed choruses of wonderful power and beauty of tone. Mr. Enoch Harrington gave a beautiful rendered violin solo.

Too much praise cannot be given to the organist, Miss Viola Bishop, the talented daughter of the choir director, for the masterful way in which she executed her very difficult part.

Mr. Bishop is deservedly receiving hearty congratulations from the many lovers of good music who were present.

PROMOTION FOR THE SON OF REV. T. C. MELLOR

The Rev. T. C. Mellor has just received a letter from the Front stating that his son, Corporal W. E. Mellor, has been rewarded for long and continued services, by receiving a commission as Lieutenant in the Royal Engineers. He was one of the first to enlist at the outbreak of the war and relinquished the position of sergeant to enable him to go with the first contingent. Lieut Mellor has recently been over to England to join his new unit afterwards returning to France "to engage," as he says, "in the work of a pleasant character."

CARDS OF THANKS

Mr. William West and family wish to thank the kind friends of Kingsport, Medford and vicinity, who brightened the days of Mrs. West during her long illness, and who before and after her death showed many acts of kindness.

The family of the late Charles Lemon desire to give expression of their sincere thanks to all kind friends at Kentville and elsewhere who expressed their sympathy by words and deeds during the illness and after the death of the husband and father.

Dance—On April 26th in Pastime Hall, Kentville Hiawatha Band, will repeat the 'Old Fashioned Dance, given on St. Valentine's night. Fifty per cent of the net proceeds will go to Local Red Cross. Don't fail to keep this date open. A genuine good time is assured.

A paper is now being circulated among the citizens of the Town asking for subscriptions towards the erection of a permanent Band Stand to be placed in the Court Yard and to be owned by the Town. This matter of soliciting aid is with a committee composed of Messrs. C. B. Lockhart, R. T. Caldwell and C. S. Silver. Already subscriptions of \$30.00 and smaller amounts have been received and the public is asked to be as generous as possible when called on. The new band stand will be one similar to the one in Public Gardens at Halifax and will be a credit to the town and the citizens who helped to erect it.

"Canada in the Conflict" will be the subject of two able addresses to be given in Pastime Hall this afternoon from 4 to 6 o'clock. Special train arrangements for people from the West and over the C. V. R. branch. Hon. Messrs. F. B. McCurdy and Colonel Hugh Clark are able speakers and all interested in the events of the war should hear them. Pastime Hall will be beautifully draped for the occasion the decorations from the Church of England Tea remaining for the occasion.

RESIGNED FROM BOSTON YARMOUTH STEAMSHIP CO.

Mr. John F. Masters, formerly of Kentville, but for many years a resident of Boston, has resigned as Superintendent of the Yarmouth Line in Boston. He has been identified with the transportation of passengers and freight between Boston and the Maritime Provinces for the past twenty years, and has been associated with the development of tourist travel almost since its beginning, being considered an authority on that subject.

In fact, perhaps no man is more widely or more favorably known, not only to the great number of Canadians throughout New England, but in the Maritime Provinces as well, where he has many friends, and his frequent trips to all parts of the Province on the Company's business won him the esteem of the business men and public in general.

Mr. Masters will take a well earned rest for a while at least. A number of very important positions have been offered him but as yet he has not decided upon his future course.

PORT WILLIAMS

Mr. Silas Gates has been at St. John on a business trip.

A young son of Mr. George F. Watkins fell in the barn this week and broken his arm.

Port Williams has lost one of its esteemed residents, Hattie Masters, daughter of Mrs. T. B. Messinger, who was married last week at Halifax to Mr. John E. Burgess of Sheffield Mills.

CANNING

The death took place at Everett, Mass., on March 24th, of Rev. J. K. West, a former pastor here. He was 71 years of age.

In the report of Scotts Lodge officers on Tuesday last the name of C. R. Bigelow, W. M., was unfortunately omitted and the name of the secretary inserted twice.

Report of funeral of Captain Potter will appear next Tuesday.

AVONPORT

Roads are very bad in this vicinity. Miss Flora Lockhart, daughter of Mr. and Mrs. Henry Lockhart, Avonport, who has been a guest with her grand parents, Mr. and Mrs. James Starratt, for several months, spent Easter at her home, and her sister Miss Marian came to spend the holiday with Mr. and Mrs. Starratt.

Mr. Alfred Brooks spent Tuesday at Kentville.

Mr. and Mrs. George Brooks received a telegram from Ottawa, April 7th, stating: "Sincerely regret to inform you Private John W. Brooks, infantry, officially reported wounded, March 18th, 1917. Will send further particulars when received."

OBITUARY

CHARLES LEMON

The death occurred of Mr. Charles Lemon, April 5th, at the home of his son, Kentville. Although failing in health for years, his death came unexpectedly on Thursday, aged 67 years. He was a son of the late Thomas Lemon of Horton. A man much loved and trusted in the community, was held in the highest esteem by all. He leaves a widow, two daughters, Mrs. Garfield McDow and Annie at home, and one son John at Kentville, where he had been staying the past three months, also three sisters, Mrs. Fred Blakney of Windsor Junction; Mrs. Alex Bailey of Roxbury, Mass.; and Mrs. William Corbin of Kentville, two brothers, James, Steam Mill Village and William of Kentville. The remains were taken to his home at Lockhartville, Kings Co., on Friday afternoon. The funeral service was held at the residence Sunday afternoon and was largely attended.

MISS ETHEL MERSON

Many in Dartmouth will hear with genuine regret, news of the death of Miss Ethel Merson, daughter of Mr. and Mrs. Thomas Merson, who died at the home of her sister, Mrs. Budd Bishop, New Minas, Kings Co., on Sunday. Miss Merson had been ailing for a long time and about a year ago went to New Minas for the benefit of her health. Her condition showed some improvement at first and gave her friends great hopes of her recovery, but later she gradually failed. Her condition becoming worse each week, until yesterday she passed peacefully away.

Miss Merson was a popular young lady in Dartmouth. She was an ardent member of the 'Excelsior Y's, and the news of her death will be heard with genuine sorrow. Besides her parents, she leaves two sisters, and one brother to mourn their loss of a loving daughter and sister. The sisters are Grace wife of Budd Bishop of New Minas, Kings Co., and Mary, wife of John Cleveland, in Saskatoon. The brother Aubrey is in the West.

The remains will be brought to Dartmouth today, and the funeral will be held from her parents' residence, Portland Street, on Tuesday afternoon. — Dartmouth News in Herald.

"Legends and Traditions of Annapolis Valley," is the title of a paper that will be read at the Nova Scotia Historical Society's meeting in the Province Building, Halifax, on Friday evening, April 13th, by J. E. Woodworth, of Berwick, N.S. The election of officers for the current year will take place that evening.

All who possibly can should attend at the meeting in Pastime Hall this afternoon at 4 o'clock. Addresses will be given in Pastime Hall this afternoon. Secretary for Military Affairs, and Colonel Hugh Clark, Parliamentary Secretary for Exterior Affairs, on "Canada in the Conflict." These speakers are drawing crowded houses everywhere. Mayor A. L. Pelton will preside. If you want to make your home look fresh and bright without much expense. See Porters new stock of up to date Wall papers.

SEED WHEAT

Arrangements were made by the Kings County Farmers' Association whereby 400 bushels of Red Fife and Marquis wheat for seed is being held by the Woodworth Mills, Berwick, N.S., for Kings County Farmers at the reasonable price of \$2.75 per bushel. Order your supply early as later purchased seed wheat will be much higher. Indications are that flour will steadily advance in price and the only safe plan to insure a wheat supply is for Kings County to grow the wheat required for her own use.

### EASTER SERVICES

The services in St. James' Church on Easter Sunday were of an inspiring character. The church was beautifully decorated with cut flowers and were arranged very artistically. The music was very bright and showed that pains had been taken in the practices. It was of a high order, and was most gratifying as to results. The choir, led by the organist, quite excelled itself. The music will be repeated at both services on Sunday next. The sermons of the day, that in the morning, dealt with the Angel's message, "Fear not ye, for I know that ye seek Jesus which was crucified," and that in the evening, dealt with the "Master's Call." The offerings were exceedingly good. In the afternoon a Children's Service was held, when the children presented their Lenten offerings which amounted to over twenty-five dollars.

At four o'clock a baptismal service was held when two received the holy rite.

There was a large number attended the celebration of the Holy Communion at the 7, 9 and 11 o'clock services, and the congregations throughout the day, were very good.

Mrs. D. A. Campbell, 22 Chebucto Road, Halifax, writes:—There was not a bit of pain or soreness after I applied Sure-Pop Corn Cure to a corn that had troubled me greatly for three years. ### SMALL IRRIGATION PROJECTS ARE SUCCESSFUL

(1) Irrigation flume near Kamloops, B.C.  
 (2) Irrigating Small Farms.  
 (3) Small Irrigated Farm.

**S**PEAKING before the annual convention of the Western Canada Irrigation Association at Kamloops, B.C., A. S. Dawson, chief engineer of the Department of Natural Resources of the Canadian Pacific Railway, expressed the faith that is in him in the irrigation projects for which Western Canada is becoming famous. Although Mr. Dawson has been connected mainly with the big irrigation enterprise of the C. P. R. in Southern Alberta, he does not overlook the advantages of small projects operated by a community of farmers, or even by an individual.

"I have had fifteen years' experience on what is the largest irrigation project in the world," said Mr. Dawson, "and I am free to admit that the small prince on the hill you have in the farm is the most interesting and profitable project. These small projects should be considered as one of your greatest assets. The benefits of irrigation show their results in better farms; improved living conditions; improved social conditions and better citizenship. If conducted along proper lines it improves agriculture, saves the soil, inculcates industry, produces prosperity and should provide for posterity."

Mr. Dawson's reference to the small irrigation schemes is of particular interest to the farmers of Western Canada, where there are hundreds—literally thousands—of creeks and streams which could be used in a small way for irrigation purposes. According to the opinion of an officer of the Western Canada Irrigation Association the day is coming when irrigation in Western Canada will be limited only by the amount of water available. The increasing interest in irrigation is indicated by the fact that the annual meeting of the association in 1917 will be held in Saskatchewan for the first time. In the past it has always been held in Alberta or British Columbia, but this year the association will meet at Maple Creek, Saskatchewan.

#### NEW ROSS ROAD

Mrs. Amos Costley who has been spending some weeks with Mrs. Joseph Lockhart has returned home.

The Lockhart Brothers are busily engaged in manufacturing sleighs at the mill on Beaver Brook.

Private Leslie Chase is once more cheerfully serving his King "Somewhere in France."

Five boys whose voices only a few years ago mingled within the four walls of the same little school-house went forth at their country's call from within a circuit of twenty families. Of these two have made the last great sacrifice, Sergeant Major Harold MacGarry, a beautiful, bright young life, whose sun seemed rising in the meridian splendor was taken, leaving behind a darkened home. And Private Ernest Bishop of a shy, retiring disposition and endowed with fewer of life's advantages, yet he gave all he had, and we would add passing tribute to his memory. Of the three remaining all bear battle scars but are reported recovering or recovered, from their wounds.

Miss Fannie Corbett and Mr. Bart Corbett have recently had telephones installed in their respective homes.

A party of worthy citizens gathered at the home of Mrs. Charles Jarvis on Thursday last and completed the "wood chopping" of last winter by manufacturing into stove-wood the huge pile which adorns her yard. At the close of day a sumptuous supper in keeping with the dawning Easter season was served by Mrs. Jarvis who gratefully acknowledged the goodness of these men who so kindly favored her with their time and labor.

Miss Eva Jones is visiting her parents at Woodside.

Miss Wamboldt is spending the Easter holidays at her home in Kentville.

 Foreign Minister Refuses to Receive German Ambassador and Washington Looks for Brazil to Join Allies at Once—The German Interned Ships

RIO JANEIRO, April 9—Dr. Lauro Muller, foreign minister, has refused to receive the German minister. Dr. Muller gave urgent orders that a steamer in Rio Janeiro be made ready at once for a mission abroad.

Dr. Muller conferred with the war minister and the chief of staff. He also urgently requested a report from the

Brazilian legation in Paris.  
 It Mean War.  
 WASHINGTON, April 9—In Latin-American diplomatic quarters here it was said late today, that Dr. Muller's refusal to receive the German minister to Brazil undoubtedly meant the government definitely had decided to sever diplomatic relations with Germany.

Dr. Muller's orders that a steamer be prepared "at once for a mission abroad" was interpreted as meaning that the Brazilian government also had determined to arrange for the immediate departure of the German officials. It was

### AUTOINTOXICATION OR SELF-POISONING

The Dangerous Condition Which Produces Many Well Known Diseases.

### HOW TO GUARD AGAINST THIS TROUBLE

"FRUIT-A-TIVES" — The Wonderful Fruit Medicine — will Protect You

Autointoxication means self-poisoning, caused by continuous or partial constipation, or insufficient action of the bowels.

Instead of the refuse matter passing daily from the body, it is absorbed by the blood. As a result, the Kidneys and Skin are overworked, in their efforts to rid the blood of this poisoning.

Poisoning of the blood in this way often causes Indigestion, Loss of Appetite and Disturbed Stomach. It may produce Headaches and Sleeplessness. It may irritate the Kidneys and bring on Pain in the Back, Rheumatism, Gout, and Rheumatic Pains. It is the chief cause of Eczema—and keeps the whole system unhealthy by the constant absorption into the blood of this refuse matter.

"Fruit-a-tives" will always cure Auto-intoxication or self-poisoning—as "Fruit-a-tives" acts gently on bowels, kidneys and skin, strengthens the bowels and tones up the nervous system. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Colonel Smith was under the painful necessity of administering a sound thrashing to his son, Samuel. After he had completed his labors he said sternly to his suffering victim.

A Good Medicine For the Spring

Do not use Harsh Purgatives—A Tonic is all you Need

Not exactly sick—but not feeling quite well. That is the way most people feel in the spring. Easily tired, appetite fickle, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order—that the indoor life of winter has left its mark upon you and may easily develop into more serious trouble.

Do not dose yourself with purgatives, as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you this is true. What you need in spring is a tonic that will make new blood and build up the nerves. Dr. Williams' Pink Pills is the only medicine that can do this speedily, safely and surely. Every dose of this medicine makes new blood which cleans the skin, strengthens the appetite and makes tired, depressed men, women and children bright, active and strong. Mrs. Maude Bagg, Lemberg, Sask., says: "I can unhesitatingly recommend Dr. Williams' Pink Pills as a blood builder and tonic. I was very much run down when I began using the Pills, and a few boxes fully restored my health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

An opportunity offers as owner's sons have gone to the war, to acquire a compact farm on Church Street, Cornwallis. The land is part of a large farm (now too large for advertiser) all in block containing about 70 acres, has been well cared for and is in a high state of cultivation. 17 acres are in orchard, 7 in full bearing and 10 young; nearly 40 acres are in hay newly seeded, including several of good dyke, the remainder under cultivation, with house and barn on main road. For sale or would consider letting to satisfactory applicant. Apply to Geo. F. Watkins, Port Williams, N. S.

USE OF FOODSTUFFS FOR MANUFACTURE OF LIQUOR

LEEDS, Eng., April 10—At the conference here of the independent labor party a resolution was unanimously adopted calling on the Government to prohibit absolutely the use of foodstuffs in the manufacture of alcoholic liquors during the war.

WHEAT IN KINGS COUNTY.

It has been said that Kings Co. produces nothing but apples, whereas, as a matter of fact, the production of field crops per farm is only little below that of the best Counties of the Provinces.

In order to furnish the flour required in the County 140,000 bushels of wheat should be raised. There are 3500 farms and were every farm to produce 40 bushels, 2 acres, the above quantity would be raised. Many farms are so small and so situated that they cannot produce a wheat crop. Every farmer with possible conditions should aim for at least 3 acres to meet possible requirements.

There is nothing bright in the present wheat outlook and the wisdom of providing for our requirements is abundantly clear. L. T. Kings County be the banner wheat producing County in Nova Scotia in 1917. As stated elsewhere in this issue the farmers Association of Kings County through the assistance of the Provincial Department of Agriculture made sure of 400 bush of first quantity seed wheat which can be had from the Woodworth Mills, Berwick, at \$2.75 per bu. to farmers in the County and in addition there is considerable home grown wheat available. R. D. Lyons, Waterville, has some White Russians.

Seed wheat is advancing rapidly in price and the supply required should be secured as early as possible. From present indications flour is likely to be much higher in the future and every possible effort should be made to grow to the limit of our requirements.

W. S. BLAIR, PRESIDENT KINGS COUNTY FARMERS' ASSOCIATION.

Speeding back from Siberia

Tyumen, Siberia, March 31, via Petrograd, April 3—Fifty thousand sledges, carrying victims of the old regime back to freedom in the new Russia from the mines and convict settlements of Siberia, are speeding in endless chain across the snows of North Asia toward the nearest points on the Trans-Siberian railway. Their passengers range from members of the old terrorist societies to exiles who were banished by administrative decree without trial or even known offense. It is a race against time as the spring thaw is imminent and the roads, even in the coldest settlements of the Lower Lena, will soon be impassable. Exiles who do not reach the railroad within a fortnight must wait six weeks or two months until the ice melts and river navigation begins.

The engagement of Miss Florence Beatrice Morse daughter of Mr. and Mrs. D. J. Morse of Middleton, to Harold Tremaine Jost, M.D., of Guysboro, is announced. Marriage to take place at Easter tide.

IRRITATED & SORE?

There is something in Zam-Buk that makes this famous balm victorious over obstinate skin diseases. Mr. John L. Frenette, of Nigadoo, N.B., writes: "A rash appeared on my head and quickly spread until my head was entirely covered with sores. I was a shocking sight, and was suffering a great deal with the burning and irritation. I consulted a doctor, who told me I had eczema, and although he prescribed several medicines which I used, I did not seem to get any better."

"Then I tried Zam-Buk, which I had heard highly recommended, and was soon delighted with the improvement in the sores. The burning and irritation got less by degrees, and then disappeared. The inflammation was drawn out, and before long the sores were entirely healed."

Zam-Buk is the world's great Herbol skin cure, and is unequalled for ulcers, old sores, bad legs, boils, blood-poisoning, ringworm, and piles, as well as cuts, burns, scalds, and all skin injuries. All druggists or Zam-Buk Co., Toronto; 50c. box, 3 for \$1.25.

ZAM-BUK

No Strikes in U. S. During the war.

Washington, April 2—No strikes or labor disputes of any kind during the war is the programme of the Labor Committee of the Council of National Defences advisory commission, headed by Samuel Gompers president of the American Federation of Labor. In a report unanimously adopted by the Council and commission and made public tonight, the committee declares, "the defence and safety of the nation must be the first consideration of all patriotic citizens," and proposes that when ever emergencies arise requiring a change of standards, such changes should be only after investigation and after approval by the council of National Defence. Since the labor committee membership includes both leaders of organized labor and representatives of influential employers' interests its action in interpreted as giving the United States promise of complete freedom from industrial disputes, such as hampered England early in the war.

ACTION OF SINGLE SPOONFUL SURPRISES MANY

Kentville people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka are surprised at the INSTANT effect of a SINGLE SPOONFUL. ONE MINUTE after you take it the gasses rumble and pass out, The Clark Drug Store.

Good Roads Congress

Ottawa, April 10—Encouraged by the presence of His Excellency, the Duke of Devonshire and inspired by the assurance of support from Sir George E. Foster, acting Premier; Sir Wilfrid Laurier, leader of the Opposition; His Lordship Bishop Roper of Ottawa, and officially welcomed by Mayor Fisher, the delegates assembled in the fourth annual Canadian and International Good Roads Congress proceeded to business this afternoon.

It was a notable opening for an event which will be of far-reaching importance in dictating the future road making policy to be pursued, not only in Ottawa and its environs, but throughout the Dominion.

Liner New York Struck Mine off Liverpool.

Liverpool, April 10—The American Line steamer New York, bound from New York for Liverpool, struck a mine last night when nearing her destination. The explosion occurred on the port bow of the vessel, and distress signals were immediately sent out.

Nearby vessels went to the assistance of the liner, and all her passengers were taken off and brought to the landing stage here. It was found that the damage, which was confined to the fore part of the vessel was not serious.

Explosion in Munition Building

Chester, Penna.,—April 10—One hundred and twelve persons, most of them women and girls, are known to have lost their lives, and 121 were injured, by a series of terrific explosions today in the shrapnel building of the Eddystone Ammunition Corporation at Eddystone, one mile from the city. Many of the injured were mortally hurt, and it is feared the final death list will reach 150 while others probably will be maimed for life.

### FOUR THOUSAND GERMANS TAKEN BY THE CANADIANS.

CANADIAN ARMY HEADQUARTERS, April 11—The victory of the Canadians in the battle for Vimy Ridge is much more complete than the first reports indicated.

Much war material was left behind by the flying foe including an as yet un-stated number of heavy guns. The yield of prisoners is much larger than the first reports indicated. Already 3,380 men, including sixty officers, have been recorded and many more are to come. The final total may reach 4,000 prisoners to the Canadian troops alone.

To a young Texan, who came to Ontario to enlist, and who is now lying wounded in the hospital, belongs the honor of first carrying the American flag into the battle in the European war, into which the United States as a belligerent has just entered. He went up to the assault at Thelus carrying the Stars and Stripes on his bayonet and fell thus.

### Swept Away Enemy's Line.

The ground won in Monday's great battle gives evidence of the terrific effect of the artillery preparation on scale believed never before to have been attempted. The German tactics in withdrawing from the first line to their deep dugouts when the bombardment began, and leaving only their patrol exposed, is fully explained by the condition of the enemy's points. Our barrage and direct fire were so intense that the Germans sought to escape it by advancing. The number of their dead found well forward in the front lines in such positions as indicate hand-to-hand fighting, and the utter sweeping away of their protective wire, which the enemy believed impregnable, must have had a most depressing effect on them.

### Canadian Gunners Good Work.

Their wire was practically no obstacle, so splendidly was the artillery preparation carried out. The co-operation of the British, with their heavier guns, with the Canadian gunners, added much to the effectiveness of, and confidence in, our infantry's ability to keep the Germans on the move. This confidence is greatly strengthened by this latest demonstration that the German barb-wire is no longer a bar to a carefully prepared advance.

The spoils in war material is large, and it will increase as the remaining unexplored ground is cleared up. A partial list of the guns taken by the Canadian Corps at the front shows two eight-inch, seven 5.9, two 4.2, eleven field guns and several nondescripts, including one gun of four inch calibre dated 1881. This indicates that the enemy is using everything in the shape of guns at his disposal. Fifty machine guns are already enumerated as taken, and many more may come this (Tuesday) afternoon.

### BRITISH CAPTURE

#### TWO MORE POSITIONS

LONDON, April 12—The British captured early this morning two important positions in the enemy's lines, North of the Vimy Ridge, and are now astride of the River Souchez, according to an official statement issued by the War Office. A number of prisoners were taken. The statement says the weather continues wet and stormy. Two German counter attacks on Vimy Ridge were broken to the attackers.

Some of the hottest fighting along the fire battle front is taking place at Vimy where the Canadians are slowly but surely pressing forward down the Eastern slopes, their patrols scouring the forests which screen that side of the ridge. All efforts on the part of the Germans to shell them off the crest or out of the woods have failed.

### CANADIAN CASUALTIES IN

#### THE VIMY RIDGE

Ottawa, April 11—The victorious battle at Vimy Ridge, in which the Canadians played such a prominent part, has not been accomplished without a resultant loss of life, but in proportion to the numbers engaged and the severity of the fighting the loss is not heavy. The militia department this morning received a private cable stating that in the big battle the officers' casualties all told, killed and wounded, totalled 89. A hundred casualties from the ranks are reported but this is thought to be incomplete. It is understood that some officers of high rank were hit, including a brigadier-general, whose injuries were so slight as to permit return to duty.
