

GREAT HAMILTON'S MOST RELIABLE NEWSPAPER

CHEERED FOR THE PRESIDENT.

An Hour's Uproar in the Republican Convention.

Boom Flattened Out and Taft Again the Favorite.

Committee Comes to Decision on Injunction Platform.

Chicago, June 18.—Whether the Republican National Convention will finish its work and reach the point of final adjournment this afternoon or evening, or whether it will extend over into tomorrow, as seems probable, or even longer, was the subject of much speculation today. Two hours of time were gained to begin with over the two preceding days, by fixing the hour of convening at 10 a. m. instead of noon, and an agreement was reached yesterday to the effect that the army of nominating speeches should be curtailed materially, so that only two speeches would be made for each nominee. The committee on resolutions, by continuing its session practically all night, in order to reach, as it did reach, just after 2 a. m., a final vote on the platform, obviated any further recess of the convention on account of unfinished committee work. Still, the explosive nature of the matters still to be acted upon by the convention itself, and the delicate political relationship and adjustments involved in the various aspects of the negotiations to be made, left it entirely possible that the convention might be one of those well planned gatherings at which, when all is well, it ends well, but at which the slipping of a cog in some unexpected place or at some apparently routine moment may precipitate one of those amazing eruptions that mark epochs in political history. There were three major matters left to be disposed of when the convention began the morning session—the nomination for the Presidency, the nomination for the Vice-Presidency, and the adoption of the platform. In point of general interest and possibility of lively developments the last is first. Nothing else has so divided sentiment among the delegates as the proposed plank in the platform dealing with the question of court procedure, better known as the "injunction plank," by reason of its special reference to the use of injunctions and restraining orders of courts in connection with controversies between employers and employees. The plank was finally adopted in the form agreed upon by the sub-committee of the committee on resolutions, after a meeting which began at 10 a. m. and lasted until grey dawn was creeping up in the east. Some of those who opposed the injunction plank in the committee served notice that if it was adopted they would resign their opposition on the floor of the convention. When the convention yesterday adopted the report of the Committee on Credentials it thereby confirmed the already evident control of the great body by the forces favorable to the nomination of Secretary of War Wm. H. Taft for the Presidency. The talk of a "Roosevelt stampede" has steadily diminished during the past 48 hours. The most enthusiastic admirers of the President must have been well satisfied with the ecstatic uproar of yesterday, following the mention of his name by Senator Lodge in his speech as permanent chairman of the convention. It lasted almost an hour without intermission, and there were moments during the ovation when those opposed to the presentation of the President's name for renomination may have been a bit apprehensive lest some one would seize that as the "psychological moment" for some such attempt, but nobody did, and the surface of affairs at the outset of today gave no reason to expect anything but that the well understood programme of the Taft people would be carried through in all respects.

The vice-presidential question was still unsettled when activities began this morning. The confidence of many that the close of the convention would find Vice-President Fairbanks in his old place on the ticket was decidedly shaken last night by the circulation of a letter from him to his campaign manager, Joseph B. Keating, in which he declared as "absolutely irrevocable" his determination, announced through Mr. Keating before the close of the last session, to decline the honor.

MARRIAGES IN ST. CATHARINES

Former St. Catharines Lady Dies in St. Olaf, Iowa.

Parents Scored For Allowing Girls on Street at Night.

(Special Despatch to the Times.) St. Catharines, June 18.—Miss Margaret McManus, fourth daughter of the late D. McManus, handmaster of the 19th Regiment Band, and Frank D. Wilson, of Toronto, were quietly married in St. Thomas' Church yesterday afternoon, at 5 o'clock, by the rector, Rev. N. I. Perry, M. A. Word has been received in the city of the death on May 31st, at St. Olaf, Iowa, of Jennie, wife of Dr. R. E. Hawkins, a former St. Catharines young man. Mrs. Hawkins was a Michigan lady. She leaves, besides her husband, an infant son aged one month. The marriage took place at the residence of the bride's mother, Lyman Street, yesterday afternoon, of Miss Birdie C. Ault, granddaughter of Col. Butler, of Butler's Rangers, and for some time a valued member of the public school teaching staff, and Robert L. Breckenridge, of Owen Sound, Rev. Dr. Smith, of Knox Church, conducted the ceremony. J. Bratt, of the St. Catharines men, charged with attempting to abduct a girl under 16 years of age, came up for trial before Judge Carman, this morning. After the evidence had been taken his honor came out strongly against parents allowing their girls, 15 to 16 years of age, to be on the streets at nine, and especially at ten o'clock and after, at night. They could not, he said, hope to have virtuous daughters if they permitted them to do so. He also censured Bratt for his manner of life and reminded him of the duty he owed to his wife and family and of the disgrace he had, by his actions, brought upon them. He reserved judgment until such time as he had time to go thoroughly into cases of a similar nature. Yesterday afternoon, while John Kinzel was riding his bicycle on Barton street east, the front forks broke off short, and he was thrown over the handlebars. His nose was broken and his face badly cut. He was rushed into the City Hospital, near where the accident took place, and his injuries were attended to.

ESCAPING INDIAN.

Tried to Disguise Himself as a Negro But Got Caught.

Port Huron, Mich., June 18.—Fleeing from Theford, Ont., where he was wanted for burglary, Charles James Henry, an Indian, aged 32, blacked his face, and, thus disguised, attempted to cross over into the United States. He thoughtlessly neglected to blacken his hands, and the supposed negro, with an ebony countenance and copper-colored hands, aroused the curiosity of the Port Huron immigration officers, who placed the man under arrest and washed his face. He will be sent back to Theford as soon as his extradition can be arranged.

Very Fair, Isn't It? If you purchase a pound of our twenty-eight cent tea, and after trying it, you find that it is not equal to any that you have been in the habit of paying forty cents for, bring it back and we will exchange it for any article in the store to the value of fifty cents. But you won't bring it back, you'll be back for another pound. Bain & Adams, 99, 91 King street east.

ROOSEVELT, The man the Republican convention cheered for.

Killed Husband

Little Falls, N. Y., June 18.—Thos. Finn, farmer, was instantly killed by his wife Elizabeth, as he lay asleep in his home in Salisbury, N. Y., early today. Mrs. Finn walked to the home of her mother, a mile distant, where she drank Paris green and chloroform. She probably will die. Mrs. Finn used an axe to kill her husband, striking him a terrible blow on the head as he lay in bed. When she reached her mother's home she told her mother what she had done, and announced her intention of committing suicide. Mrs. Finn is 41 years old, and her husband was 45. Mr. Finn had taken steps to secure a divorce from his wife, and it is believed that domestic difficulties were the cause of the tragedy.

CAMPAIGN CIRCULARS.

Complaints Against Liberal and Conservative Election Sheets.

Hon. Mr. Fielding's Dominion Notes Measure.

(Special Despatch to the Times.) Ottawa, Ont., June 18.—In the House this morning, before the orders of the day, Hon. Mr. Foster protested against what he said were Liberal circulars and a pamphlet of 21 pages, each making charges against him in connection with the Insurance Commission's report, being sent broadcast over the country at the public expense. In respect to the circular, he said he understood it was sent out bearing the frank of the Department of Justice. Both circular and pamphlet, he declared, contained statements that were absolute falsehood. He thought it a low-down thing for any party to make use of falsehoods in such a manner. Mr. Jackson, of Selkirk, a few minutes later, rose to protest against statements made in a pamphlet issued by the Conservatives. In particular, he criticised the statements made as regarding his own election, and that the circulars and pamphlets were for the purpose of assisting the movement of the western crop. The total amount of the notes issued and advanced, he said, was \$5,315,000. Advances were made in the period beginning November 21st, and ending January 2nd. A condition was that it should be repaid before May 1st, and it had all been repaid within that time. The Government had received by way of interest from the banks \$48,019. The only expense to the Government in the transaction was for services of the Bank of Montreal, which not only handled the money, but also guaranteed the Government against loss. The Bank of Montreal's charge was the nominal one of \$1,500, showing they had engaged in the matter not for profit, but with a desire to help the country in times of difficulty. Hon. Mr. Foster accepted the transaction on the ground that no case for interference by the Government had been shown, and that the Government had not gone about the matter in a proper manner, either before or after making advances. He argued that the Government had broken the law in making the advances to the banks, and that the situation was not so grave as to warrant the step they took. Mr. Fielding claimed that there was no warrant for Mr. Foster's statement that the Government had approached the banks. The facts set forth in the papers showed that the situation the Government were called upon to meet was a grave one, indeed. He quoted several letters from farmers and others in the west, showing that there was need of aid.

BROKE HIS ARM.

Daniel Culp, Crown Point, while working as a carpenter on Fairleigh avenue, yesterday afternoon, fell from a scaffold and had one of his arms broken. He was taken to the City Hospital where his injury was dressed and he is reported to be resting easily.

Attack New York

New York, June 18.—The attack upon New York City by a supposed foreign enemy, which has been so eagerly awaited for several days by the regular and national guard troops engaged in mimic warfare in the forts which guard the city and bay, was begun in earnest today. The first onslaught brought partial victory to the invaders, who fell upon Fort Hancock at Sandy Hook by sea and forced that stronghold to capitulate almost before a shot had been fired. Then, with the other fortifications effectually silenced, the "enemy's fleet" started up the channel toward the city in the face of a withering fire from Forts Hamilton and Wadsworth. The great ten and twelve-inch guns at the forts opened fire while the fleet was miles away, and an imaginary storm of imaginary shells went sweeping down the bay. Last night Dummett was making his rounds as watchman at the Bell Telephone Company's yards behind the Land Bank and Loan Company's new building, and he had with him a dog. Three men were driving down Main street in a single-seated buggy and as they passed the dog they started to whip it. Dummett told them to stop and the driver stopped the rig, jumped out and knocked Dummett down with a punch and then kicked him on the side. The other two young men also jumped out and kicked Dummett. The men then saw some people coming down the street so they jumped in the rig and drove off. The police were notified of the assault and Constable Halliday was sent to the scene. He took Mr. Dummett to Dr. Coleman's office where his injuries were dressed. Dummett described the men and the rig and told the constable that the rig was a black top buggy with a dark red gear. The animal which goes on duty at 11 o'clock were told to stop and given the description and Constables Cameron and Station were not long in coming across a buggy standing in front of the Horseshoe Inn, which answered the description given. They went inside, but could not find the men they wanted, so they drove to the street. They took a chance and went into the Marathon Cafe. Three men were in there and the constables took charge of them. Constable Cameron with Rock and Hight drove down in the buggy to No. 3 police station, while Station walked back down. Dummett had been brought up to the station there and when the men were lined up in front of him he picked Rock out immediately and said he was the man who had jumped out first and struck him, knocked him down and kicked him. He also said the other two were the men who were with Rock. The men were locked up and Dummett was taken home. This morning Crown Attorney Washington asked for a remand for a week, which was granted. Bail was not asked for the trio.

CO-OPERATIVE BILL DISCUSSED.

Money Lenders Extorting Two Hundred Per Cent.

Marine Department Agents Who Allowed Excessive Charges.

No Irregularities at Headquarters—Commander Spain's Bill.

(Special Despatch to the Times.) Ottawa, Ont., June 18.—The Banking and Commerce Committee this morning heard Mr. Alf. Desjardins in support of the Co-operative Bill. Among other things, he stated that the organization of co-operative societies was the only remedy for usury. In spite of the stringent usury law passed a few years ago, money lenders in Ottawa were declared to be extorting two hundred per cent. interest right under the shadow of the law. The bill was referred to the Minister of Justice for his opinion as to whether it infringed provincial rights. Accountant Owen and Deputy Minister Gourdeau were the chief witnesses this morning in the investigation of Marine Department affairs before Judge McQuinn. Owen declared that while he knew of no cases where the officials of the department had received commissions from contractors or others, yet there had been a number of instances of excessive prices paid for supplies. The officials who had allowed excessive prices, he said, included J. J. Gregory, a former Quebec agent, Parson, Nova Scotia, and Harding, of St. John. He knew of no officials at headquarters whose accounts he had to object to. The total annual expenditure of the Department, said Mr. Owen, was about \$6,000,000. He explained the new system of accounting for the department now being established, whereby the department had a double check on all accounts. The witness said he had no knowledge of any irregularities of any kind in accounts, vouchers, etc., of any of the headquarters. Commander Spain was recalled to answer a few questions from Mr. Watson with regard to the Auditor-General's statement yesterday that the commander had padded his accounts for traveling expenses to the extent of \$800 or more. Mr. Watson stated that he had explained that in 1904 and 1905 he had been almost continuously away from Ottawa and had later lost his note book, containing items of his travelling expenses. The Minister, Mr. Prefontaine, had told him to make up the accounts as correctly as possible from memory. Mr. Spain stated that he had not done so, but had been almost continuously away from Ottawa and had later lost his note book, containing items of his travelling expenses. The Minister, Mr. Prefontaine, had told him to make up the accounts as correctly as possible from memory. Mr. Spain stated that he had not done so, but had been almost continuously away from Ottawa and had later lost his note book, containing items of his travelling expenses.

FOR TERCENTENARY.

Arrangement for Boat Trip is Quite Probable.

Col. Logie received word this morning from Mr. Adam MacKay, manager of the Inland Navigation Company, of the terms upon which the company will transport the officers and men of the 91st Regiment and 13th Regiment to Quebec for the purpose of attending the Tercentenary. Mr. MacKay stated that the 91st could have the use of one of either the Dundee, Dumelin, Glenellish or Doric, but there must be a guarantee of 436 officers and men before the company will take up the proposition. The boats will be supplied in the form of hammocks between decks and the space that is used by these hammocks will be converted into the dining room capable of feeding 400 people at one time. The company asks that it be given the Government allowance for transportation of the men, horses and baggage; the allowance for the Pullman transportation of the officers; and also the allowance for the sustenance. The officers are to have the use of the captain's and ship's officers' quarters, and any additional quarters will be supplied under canvas, with steel cots. The company has promised a bill of fare that will meet with the approval of the officers. Col. Logie stated that with the exception of the guarantee the offer of the Navigation Company was perfectly satisfactory. In guaranteeing the number of men who are likely to attend the Tercentenary, there is a possibility that the officers would be required to pay for men who did not turn out. Col. Logie is hoping that at least 400 will parade for the trip, but there is no way of ascertaining until the morning of the journey.

EARLY CLOSING.

Should Twenty Per Cent. be Charged on Sales After 9.30 p. m.?

St. Catharines, June 18.—The St. Catharines District Trades and Labor Council at its meeting last evening adopted the following resolution: "That we recommend all merchants and business men to close their stores and places of business at 9.30 on Saturday evenings, as we consider that all necessary purchases can be made before that hour. Also that on all sales made after 9.30 an increase of 20 per cent. be charged."

ATTACK ON A WATCHMAN.

Edward Dummett Had Ribs Broken and Other Injuries.

Edward Rock, Robert Hight and William Gray Arrested.

Dummett Picked Out Rock as Chief Assailant.

Edward Rock, 13 Market Square, Robert Hight, Cathcart street, and William Gray, 51 Catherine street north, three young men well-known in the city, are under lock and key at the Barton street jail on charges of aggravated assault upon Henry Dummett, an elderly man. The assault was most brutal and the complainant is now at his home, 574 James street north, receiving attention from Dr. T. Coleman, for three broken ribs and sundry cuts and bruises caused by being kicked, it is alleged, by the three men under arrest. Last night Dummett was making his rounds as watchman at the Bell Telephone Company's yards behind the Land Bank and Loan Company's new building, and he had with him a dog. Three men were driving down Main street in a single-seated buggy and as they passed the dog they started to whip it. THE MAN IN OVERALLS

if Whitley is bold enough to be honest, and honest enough to be bold, why doesn't he bring in a civil service reform bill? The Foresters apparently think that it is better to be safe than sorry. Unlike some of the other fellows, Major Hodgins had grace enough to plead guilty to having been mistaken. Then again who is the architect of the snailpox hospital? Another question that is open for discussion is who is in charge of the city road night when the Mayor is at the Beach? It looks as if there won't be much of us left after W. A. H. Duff gets through. I like his style, but I hope the Mayor is not going to crawl. My W. W. C. A. lady friends are doing very well, thank you. A little more of the heedful and the thing is done. Is there anybody on behalf of the city inviting the annual conventions to meet here next year? Couldn't find a better place. Don't ask the people to vote on too many by-laws at one time or you may lose them all. It's Mr. Duff's intention to lay it all over the city. See him smile. Ald. Gardner might take another look at No. 3 police cells. When? Neither of the Socialist candidates has yet asked for a recount. They gracefully accepted defeat, just as if they expected it all along. Now what redress, if any, have the Transcontinental Railway Commissioners got against Major Hodgins for that hot air yarn of his? If you want an honest, reliable, clean newspaper in your home get the Times. No fakes to bother you or cause bother in the family. In the meantime the Central Prison prisoners are being paid 5 cents an hour by Mrs. Taylor. I hope the School Board will not keep the teachers any longer in suspense than it can help. If heads are to come off, the execution should not be unduly delayed. There are three things that Mr. Barker cannot be blamed for—the inactivity of the sandweaver, the delay in repairing the Westworth steps, and the awful condition of the Jolley Cut. They are making as much noise out of Chicago over the nomination of a Republican candidate for the Presidency as they are over the election of a President. A few bull-eyes with the Ross rifle at Niagara Camp and another Tory scandal will have been punctured. Would any kind of an offer from the Cataract people satisfy the Herald? I'm afraid not. Mr. Barker cannot understand why Major Hodgins withdrew his charges against the Transcontinental Commissioners, even if they were untrue. What difference did that make? Mr. Barker may well ask. The writer overheard a libidinous individual yesterday speak with many oaths that he did not and would not vote for Mr. Hendrie, but that he took his money. Honest, now, I heard this statement made on Prince's Square. A Dainty Toilet Article. Marlborough Skin Food for tan and scabrous, scented with violets. It is a greenless cream. When going out in the sun apply, and then dust off powder. It protects from scabrous. Sold in 50c jars by Parke & Peare, druggists, 17, 18, 19 and 20 Market square. WHIRLED TO DEATH. Malone, N. Y., June 18.—Collins Francis, aged 71 years, was caught in a heavy belt at H. Linn's feed mill at Whippleville yesterday and whirled to death on the shafting.

TOOK ADVICE FROM FARRAR

And it Cost Elias Fauman \$20 in Police Court.

Toronto Man Accused of Stealing Betting Tickets.

Trio of Alleged Touts From Toronto Arrested Yesterday.

William Price, 147 James street north, went into an ice cream parlor on James street north last night and had his order taken. While waiting to be served he got into a row with Louis Discean, the proprietor, and was thrown out. He took his revenge by going out into the road and throwing stones through the plate glass windows in the door and show window. In all about \$75 damage was done to the store, and he was arrested by Constable Hawthorne on a charge of wilful damage, but there is a pleaded guilty this morning to the charge of wilful damage, but there is a more serious phase to such charges when the damage amounts to more than \$25, and Price was remanded till Saturday to give the police a chance to look this up. Bail was fixed at \$200. Taking Ald. Farrar's advice cost Elias Fauman, King and Queen streets, an ice cream parlor keeper, \$20 this morning. Mr. Farrar, the defendant said, told the foreigner that ice cream was a food and that he had a right to sell it on Sundays. Fauman thought this was good enough, and he sold the ice cream on Sundays till Constable Pettit ran across him. Last Sunday he was caught in the act of selling the ice cream and this morning he pleaded guilty and was fined \$20. He was also ordered to discontinue his Sunday selling. Vincent Moran, 127 Wellington street, Toronto, was charged with picking Max Lippman's pocket of race tickets worth \$20. He was remanded till Saturday. Yesterday afternoon Lippman put up money on several horses in the last race and had the tickets in his pocket. Suddenly he saw Moran just start to run through the crowd. He caught him and called Constable Brannon. The constable brought Moran up to the cells. The case appeared rather weak, as the only thing against Moran was that he started to run when the complainant looked at him. He was held till after the races, however, whether the charge falls through or not. John McDonald, Pat Doherty and Robert Munn, all giving their addresses as "nil," were captured yesterday afternoon by G. T. R. Detective Brine as they were attempting to smuggle baggage they had hidden into two cars. They were fined \$5 and \$3 cents each or 21 days in jail. The police strongly suspect them of being touts who were locked up in Toronto till the races had left in hope to get enough money to take them to the States. Thomas Mitchell, Bethel, was going through some funny antics at his boarding house last night, and the proprietor decided to have him locked up for being insane. He was remanded for examination this morning. Thomas Barron, Catherine north, John Thompson, Toronto, and Alfred Parker, O'Reilly street, were each fined \$2 for being drunk.

A NARROW ESCAPE.

Mrs. Robt. Woods Fell and Broke Her Child's Leg.

Mrs. Woods, West avenue north, met with a painful accident while going home along Wilson street last evening. With her husband and three-year-old child, a freight train was standing on the track at Ferguson Avenue, and the trio walked down some distance, crossing the track at the switch. Mr. Woods picked up the go-cart and Mrs. Woods attempted to carry the child over. Her foot caught in the switch and she fell on the little one. Her ankle was sprained and one of the child's legs was broken. Just as she fell the train began to move down on them, and Mr. Woods had just time enough to pull his wife and child off the tracks. Dr. Cockburn was called in. The child's leg was so badly swollen that the doctor would not set the broken bone till this morning. Mrs. Woods is the wife of Mr. "Bob" Woods, the well-known tonsorial artist.

"Come, Margaret," pleaded her companion. "Yes, yes, I am coming, Franky. Mamma, dearest mamma! I do so dislike to leave you alone to-night..."

"Well, sir, your gallantry will not deny that it is very high praise." "Humph, yes! about as high as it would be to call a lady 'manly'..."

"You do not speak, Margaret; you do not say a word." "Oh, indeed I do, Franky! And you are very kind; but I am thinking of mamma; I am afraid she will be lonely to-night, and, in deed, I wish to return to her..."

"You only think so, Marguerite. I declare it is a monomania that your friends ought not to put up with," said Nellie, impatiently. "But her words were as vain then as they had been for many years past..."

"But then mamma will be alone all night," said Marguerite, uneasily. "Never think of me, sweet girl; I shall sleep," replied her mother.

INCANDESCENT LIGHTING.

Perhaps it is not worth while endeavoring to correct the falsehoods and half-truths by which the Hamilton Herald tries to make the appearance of a case for the Hydro power scheme. It declares that in its first report the Hydro Commission "promised that the price of electric incandescent lighting in Toronto would, under the Government project, be 5 cents per kilowatt hour. This is much less than the present Hamilton rate." The Hydro Commission at that time estimated the cost of incandescent lighting, under its scheme, in Toronto, would be 5 and 6 cents per kilowatt hour for commercial and residential purposes, respectively, provided—and this is important—that it would realize its estimate of the cost of Toronto's distribution plant and its operation, power at \$17 (the price now estimated is \$18.10), and 33,772 horse-power all to be utilized by the city. As the price of power is now estimated \$1.10 higher, the capital investment is much greater and only 10,000 h.p. service is furnished, the cost of the lighting will naturally be very much higher than the guess then made. Moreover, the Commission says it did not include lamp renewals in these rates, which alone would cost 1.2 to 3.4 cent per kilowatt hour extra. And even without considering that the changed factors of the estimate must make its offer very much higher, it is not, as a matter of competition, so attractive as to warrant municipal plunging.

EXCUSES THAT ACCUSE.

That zealous Tory organ, the Ottawa Journal, which masquerades in the disguise of an "independent," is diligently laboring to excuse the Opposition obstruction of Parliamentary business, which it can no longer deny. It says: "It is hard to see why anybody but the Government itself should be blamed for the delay in business this session. The initial cause of delay was the unreadiness of the Government at the beginning of the session. The end of the fiscal year falls now March 31st, instead of June 30th as formerly. But there was no good reason why the Government in the four months of session prior to March 31st should not have had its money for the then ensuing or the now current year voted."

A very reasonable proposition, isn't it? Is it at all likely that the Opposition would have facilitated any such programme? And even were it true that there was tardiness on the part of the Government—which there was not—would that initial tardiness be any excuse for the Opposition's deliberately obstructing and demoralizing Parliamentary business, to the great injury of the country, as a punishment or revenge for that delay? To suggest such a course is to render the Journal's excuse for the months of obstruction ridiculous to absurdity.

But the fact is that there was no initial delay on account of Government unreadiness. There was never a day nor an hour when Parliament was not provided with an ample programme of business. Opposition time-wasting was begun in the debate on the address in reply to the speech from the throne, eight days being devoted to it, although the Opposition did not venture to move the slightest amendment thereto. The main estimates were brought down on December 11, and on the 13th the obstructionists entered upon their organized campaign when the motion to go into Committee of Supply was made. From that time forward, the Parliamentary hoodlums continued their tactics, with the object of dictating to the majority what the legislation of Parliament should be. Leading members of the party openly declared that unless legislation to which they objected on purely partisan grounds was withdrawn, they would, by obstruction, hold up the supplies and prevent business being done. It was no question affecting the propriety of the supplies asked. That it was no desire upon the part of the Opposition to carefully inquire as to whether the supplies should be voted or not, was made clear by the shameless declarations by Whip Taylor, and others of the Opposition, that if the Dominion Elections Bill were not withdrawn the obstruction would be continued, but that if that measure were dropped the supplies would be voted in ten minutes. The obstructionists cared not a farthing whether the supplies asked for were required in the country's interest or not; they were ready to vote them without giving them any consideration on condition that the measure to provide for honest voters' lists in Manitoba were withdrawn; they were ready to carry out their determination by obstruction to demoralize Parliamentary business, and cause the country great loss to endeavor to retain for the Roblin Government an iniquitous system of preparing the voters' lists. There is no escape from their own confessions.

Jackal Tory organs of the Ottawa Journal stripe labor in vain to make it appear that, as the Opposition has consented to the passage of instalments of supplies while the Government still stands by its demand for a pure voters' list in Manitoba, Sir Wilfrid has not kept faith with the leaders of the obstructionists. This is mere dust-throwing. Sir Wilfrid has never deviated from his course. His demand has been for such an amendment to the law as will protect the Manitoba voters' franchise against the Roblin partisans. He expressed his willingness to leave the lists to the Judges. The Opposition refused. The recent Manitoba revision disclosed so many outrages on the part of the Government that the refusal of the Opposition to entrust the work to the

Judges, Mr. Borden himself felt constrained to appeal to Mr. Roblin to extend the time for revising the lists, and by this concession help the appearance of the case, and to some extent remove the grosser wrongs which Sir Wilfrid, by the new Elections Bill, proposed to prevent by empowering the Judges to make a revision. If the Manitoba voters' lists were prepared under a system that was fair, and that operated to protect the right of the voter to such an extent as warranted the Opposition in struggling to maintain it, why should Mr. R. L. Borden feel it incumbent upon him to make such an appeal against it to Mr. Roblin? Mr. Borden's course effectually disposes of the Journal's contention.

SOUND VIEWS.

In discussing "Socialism in Elections," the Catholic Record devotes some consideration to a manifesto issued by the Toronto Socialist Party, prior to the elections, in which it is alleged that "the two old capitalistic parties with their false issues, their lying literatures, their glib and smiling speakers who talk a great deal and say nothing (at least nothing in the interest of the working-man), will beguile you (the working-man) out of your vote." The Record is inclined to think that, judging by results, the Canadian workingmen have been beguiled, not by two parties, but by one, or that the Socialist experiment is an utter failure. "H," says the Record, "party stands for capitalism and socialism raises no stronger war-cries than an appeal to women to come to the rescue our Province should be in the death-throes of an over-capitalized conservative stock company." Dealing with the plea put forth by the Socialists, it proceeds: "You want a steady job?" is the question crucial and soul-appealing which it puts to us, along with all the other workmen and bread-winners of the Province. That is exactly what we want: a steady job with (we presume) a fair wage. That is what the Socialists are prepared to give. Surely the Conservatives must have had ever so many more jobs to offer, or Ontario has stood in its own light—eclipsed itself, so to speak, in a bestial condition. Every one of these supposed educators and enlighteners is a chain subjecting labor to its bid and price. Even representative government, the pretended boon of free countries like our own, is, according to this manifesto, an easier and cheaper method of accomplishing the same purpose—a clever device of Anglo-Saxon hypocrisy and capitalism. All that the Socialist party demands is that they be placed in power by the ballot and called to form a Government by the Lieutenant-Governor.

The Record does not think there is any reason to expect that human nature would be revolutionized by filling our Legislative chambers with Socialists, and declaring the workers in possession of the sources and means of production. It sees in title deeds something more than names. It says "they have their power deep seated in the ground and foundation of society. They are the signs of just rights which all respect, and without which all would be disorder. They were not made by any act of Parliament nor can they with justice be unmade by one—even though that one should be as Socialist as the newly-elected Ontario Legislature is Conservative. Right of property cannot be so easily swept away. It finds its guarantee in the nature of man as an individual and member of society, in the law which God has placed over him and in the duties which correspond to these rights. Whatever abuses may have arisen from the pride and selfishness of owners cannot be destroyed or weakened the just right. Might may steal again as it has done before. Majorities may vote themselves all the title deeds in the country. Minorities have a hard enough time as it is without complaining the material results of their labor—simply and quietly being asked to sign their names. What stability such legislation would bring to a country or what peace it would bestow upon the community we neither understand nor appreciate. The wedge which is deliberately inserted in the block to make a cleavage between classes is the cause of ruin promised to a divided kingdom. The eye which sees in the industrial capitalist, millionaire though he be, only the idler, is false to his vision and un-patriotic to his country—without characterizing his jealousy of the one class or his mendacious friendship for the other. Both capital and labor are a strength to the country, contributing their share towards its broad and deep foundation. This all the progress testifies.

EDITORIAL NOTES.

Political conventions—United States political conventions, at any rate—can hardly be described as dignified assemblages. The collapse of Major Hodgins' "scandal" charges is a sore blow to the Opposition. "We have been thrown down," says the disgusted scandal-smeller. The Christian Science cult is making rapid progress. New churches have been established at the rate of one in every four and one half days during the last year. The senior Tory organ now wishes to dump Major Hodgins. He cannot be made to serve the purposes of the scandal-mongers. It declares that he is hedging on his charge, and couples it

self by reflecting that it is none of its funeral. But how eager it was to take Hodgins up and to make the most of his vapors!

Alas, for the socialistic faddists! In discussing Hon. Mr. Graham's declaration in favor of public control in preference to public ownership and operation of telegraph and telephone lines, Mr. R. L. Borden, author of the "Halifax Platform" (how he has backslidden, Mr. Maclean!), almost confessed that he himself shared Mr. Graham's views!

The new civil service bill is very far reaching in its provisions. It will tend to correct many evils which have existed in the Canadian system, and to free the service from party politics, while relieving the Government of the day from a pressure which too often has other results than the obtaining of the best for the country.

Toronto is meeting with the same difficulty that confronts many other Ontario municipalities, the law that limits aldermanic borrowing. The city has schemes outlined which will run her many millions beyond the ordinary legal limit. To the joy of the aldermen, a special act has been discovered which, it is thought, will enable them to exceed the limit by \$1,500,000. However satisfactory this may be to the aldermen, the ratepayers will still be held for any debentures issued under such an act.

Cecil Doutré, superintendent of wireless stations, and purchasing agent, testified on Tuesday before the Committee that he had a patronage list, and, to the surprise of the scandal-smellers, there were Conservatives on it and he did not discriminate. He said that, following instructions, he bought the best class of goods, and paid for what he got, receiving the usual cash and trade discounts, the business being done on strictly business principles. Mr. Doutré's testimony was far from being what the scandal-mongers hoped for.

The Ottawa Citizen is hardly a paragon of consistency. In its leading editorial, it expresses pretended horror at the amount of the year's expenditure by the Government. In the adjoining column it bitterly attacks the Government because it did not, as some members of the Opposition suggested, send 30,000 troops instead of 12,000 to the blow-out at Quebec, and ridicules the idea that the railways would have found difficulty in handling that number. The Tory organs, which are eager to increase unnecessarily the cost to the Government of the fete, gleefully look forward to the opportunity to condemn the expenditure it would entail.

Now reform the rules of Parliament. To the extent that they are responsible for shaping the procedure of Parliament by amending its rules so as to prevent the Liberals will be held to answer for any further sieges of obstruction by Parliamentary degenerates. Unrestricted debate may do for gentlemen, but as Parliament has to reckon with others, the closure should be adopted if Parliament has to be kept in session till Christmas to do so. Canada is already too far behind in this respect when the sworn servants of the people do not scruple to waste hundreds of thousands of dollars in obstruction avowedly intended to defeat the principle of majority rule.

New York is becoming alarmed at the decline of its grain shipping trade which it is rapidly losing to the St. Lawrence route. The New York Journal of Commerce says the Canadian railroads "do all they can by low charges to favor that port, while our railroads seem to be quite indifferent to the diversion of the traffic from New York. They have no excuse of car shortage this year, and there is no justification for the 5 1/2 cents a bushel rate from Buffalo, with the extra charge of 10 for putting on board sea-going vessels, which makes the cost before the ocean rate begins 2 1/2 cents higher here than at Montreal." Besides the killing competition of the Canadian route, New York has to reckon upon diversion by the Mississippi route.

The power monopoly organ sneers at "the Times' swallowing capacity," because it stated that the general terms of the Cataract power offer present many and great advantages over the Hydro scheme. Sneers are cheap; but they are a poor substitute for argument based on the facts, and the Herald is careful to avoid argument from the facts; it depends upon reckless assertion and misrepresentation. For instance, it introduced the Cataract power offer with the false statement that it insisted upon measurement by the yearly peak load, while the Hydro scheme proposal was for the monthly peak load. Its attention was called to this untruth, but instead of correcting it, it resorts to other falsehoods and sneers at the Times' "swallowing capacity." Can its case not bear the light of truth?

The Spectator is eagerly desirous that the tariff should be "taken out of politics," and it indicates that the way it would proceed to do it would be to "well regulate" it so as to "insure to Canadian manufacturers * * * the whole of the rapidly growing Canadian market" without "making the goods more expensive to the consumer." Brilliant idea! We have heard of it before, but never in any country has it been realized in practice. The tariff can no more be "taken out of politics" than can the protected interests be expected not to take advantage of the consumers when shut up within a tariff wall at their mercy. It indicates a very poor appreciation of human nature and the facts of political history to suggest such a

thing—unless, indeed, the suggestion is made with the idea of buncing the general public.

News from Niagara Camp indicates that the much-abused Ross rifle is making friends. The recruits who were sent to the ranges yesterday did excellent work with the new weapon. Less than 10 per cent. of the men fell short of the 50 per cent. efficiency required to qualify, although the wind was very variable.

The Canadian judges are beginning to discover that there is a punishment which better fits some criminals than feeding them on lollypops and making prisons places of perennial entertainment. In several recent cases in different Provinces, judges have sentenced convicts to be lashed for crimes of violence. There has been too much mawkish sympathy with the human brutes who prey upon society. The courts have felt its evil effects. Judges are coming to understand that the criminals who care very little how much mental and physical anguish, or material wrong they inflict upon others, have a wholesome dread of the lash, and they are reaching their sensibilities through it.

BAD RECORD.

Witness in Murder Trial Was Dismissed From British Army.

Havana, June 18.—At the trial of Private Gwynnell, of the 11th Cavalry, on the charge of murder, before the special military court at Camp Columbia yesterday, Lieut. Davis, counsel for the defense, placed in evidence a cablegram from Sir Edward Grey, the British Secretary for Foreign Affairs, which stated that Harry Pearnley had enlisted in the West Yorkshire Regiment, but was immediately discharged as incorrigible and worthless.

Fearnley, who was with Gwynnell and Corporal Cooper at the time the murder is alleged to have been committed, turned State's evidence in the case, and, among other things, swore that he had served in the British army in India and had been honorably discharged.

The prosecution in the present case relied mainly on his evidence to secure a conviction against Cooper and Gwynnell. After the summing up of the counsel for the defense and Judge Advocate Malone the trial closed. The court will report its findings to Governor Magdon.

INSTIGATOR OF CRIMES.

Revelations of Notorious Camorrist Intended to Baffle the Police.

Rome, June 17.—Abbate Maggio, the notorious Camorrist, whose revelations concerning the Cuccolo double murder led to the arrest of the chiefs of the Camorra, is now suspected of being the instigator of the Camorra crimes. His revelations were intended to baffle the work of the police. He was arrested after a six hours' siege of his home near Capua, and was taken to Naples under a strong guard, as his murder by members of the Camorra was feared. His arrest complicates the celebrated trial of Camorrist, which has not been concluded, owing to insufficient evidence.

Struck by Load of Iron.

St. Thomas, Ont., June 17.—A cable broke near the capulo in the Canadian Iron & Foundry Company to-day, and two men, Tom Tompkins and Arthur Pilgrim, who were hoisting a load of iron, were both seriously injured by the iron falling on their heads. They were hurried to the hospital, and hopes are held out for their recovery.

A special act has been resurrected empowering Toronto to issue debentures for \$1,500,000 without affecting its borrowing powers.

Going Home.

More than 300,000 steerage passengers left the United States in steamers bound for Europe during the first five months of this year than went away in the same period of 1907.

Agents of the various lines which cater to this business believe that the emigration is increasing. They say that May's record of 75,000 bids fair to be passed in June.

While the outgoing tide is on the flood the movement in the opposite direction is slackening in an even greater ratio. Up to June 1, only 166,000 immigrants had been registered against a total of more than 600,000 in the same time last year. Striking a balance between the two tables, a net loss of 232,000 is apparent.

Sir Hibbert's Retirement.

The supporters of Mr. McBride will doubtless contend that he and his dear friend and party manager, Mr. R. F. Green, between whom and Sir Hibbert Tupper there is a bitter feud, were instrumental in the political downfall of the only flower of British Columbia's knight-hood. But it is inconceivable that such a doughty champion as Sir Hibbert would ever lower his lance to such varlets. Again the idea is preposterous. There is but one reasonable explanation: that Sir Hibbert

CENTENARY.

Past Year Was One of the Best in History.

The annual meeting of Centenary Church was held last evening in the school room, and was largely attended. S. F. Lazier, K. C., was in the chair. The annual report of the various church funds was submitted in printed form, showing an increase in almost every branch of the church's work. Some of the larger amounts raised during the year were as follows: Trustee Board, \$5,411.06; Quarterly Board, \$3,388.01; debt and improvement, \$4,419.51; missionary, \$2,553.56; women's missionary, \$757.28; Sunday school, \$706; superannuation, \$427; educational, \$417.80. These with other amounts showed a grand total of \$19,210.23. Votes of thanks were given to Mr. W. W. Robinson, who retired from the office of pew steward after twenty-one years' service, and to Mr. George Sweet, the financial secretary, for their good work in the past. A cordial resolution of appreciation was also unanimously passed to the pastor, Rev. R. Whiting, B. A., for his capital work in every department of the church. It was stated that the past year had seen one of the most successful in the history of the church. In addition to the good financial work, the spiritual work had not been neglected, as shown by a net increase of seventy members, bringing the present membership up to 752.

A RANK "WILD-CAT."

The following were chosen by ballot to represent the church members on the Quarterly Official Board, the governing power of the church, namely: Messrs. Jas. Harrison, George Sweet, W. S. Moore, H. H. Fearnley, J. B. Griffith, Wm. Yeates and J. G. Cloke.

ROYAL LADY WITH DIAMOND-STUDDED TEETH.

Whether it is or is not good taste for a lady of rank to stud her teeth with diamonds is the question at present agitating the smart sets of Berlin and Vienna. This fashion, which has long been common among theatrical artists, has found a disciple in no less a person than the Princess of Thurn and Taxis, wife of the head of the illustrious family of that name, who before her marriage was well known in England as Archduchess Marguerite of Austria. The princess is the younger sister of the Duchess of Orleans.

Bailey, Antwerp, N. Y., and F. J. Darch, London. Medical Board—Dr. C. B. Dickson, Los Angeles, Cal., and Dr. C. Day Clark, Toronto.

The feature of the elections was the run for the Treasuryship, the office of Mr. Harry A. Collins. It was thought by many that his action in announcing last week that he would oppose the Supreme Chief Ranger, followed by his subsequent retirement from the field, would have aroused the animosity of the ardent admirers of Mr. Stevenson. This was not the case, however, for he was declared elected on the second ballot, notwithstanding that there were five running against him. Those who aspired to be Treasurer were Dr. W. A. Henderson, Scott; E. J. Heiser, of Nova Scotia; E. J. Heiser, of Toronto; H. A. Collins, of Toronto; Judge F. W. Emmerson, of New Brunswick; and J. R. S. McCann, of Kingston. Mr. Heiser dropped out after the first ballot, and the second ballot resulted as follows: Collins, 99; Henderson, 85; Emmerson, 18; Heiser, 6; and McCann, 4.

Dr. W. E. Crain, of Crayler, Ont., ran against Mr. Morin for the office of Past Supreme Chief Ranger, and was defeated by 114 votes. The one ballot for the office of Supreme Counsellor resulted as follows: Hunter, 107; Crain, 107; John G. H. Myers, New York, 67; G. A. Ellington, Chicago, 16. For the two offices of auditor there were four contestants, but Messrs. Bailly and Darch easily won from Messrs. Cochrane, of Kittingham, Pa., and E. Martin, of Belfast, Ireland.

It is announced that Mr. Stevenson in his speech on Tuesday night before the Supreme Court, had some severe criticisms to make of the Hon. Geo. E. Foster and that gentleman's connection with western land deals as investigated before the Royal Insurance Commission. The delegates are still averse to telling exactly what the Supreme Chief Ranger really said, but everyone seemed to agree that some rather strong talk was applied to Mr. Foster. Mr. Stevenson also told about having refused to pass a cheque signed by Treasurer Collins and payable to the Supreme Auditor Fitzgerald, this cheque was for \$500, and purported to be an expense money. Mr. Stevenson alleged that such an expense and others like it which it had been customary to pay were not quite unnecessary. The report of Dr. Millman, Supreme Physician, presents some unusually interesting features. He states that tuberculosis is responsible for 17.58 per cent of the deaths. Regarding intemperance, he adds that he tries to impress upon the minds of organizers and medical examiners that applicants for membership who use intoxicating liquors steadily, though not to excess in the ordinary acceptance of the term, are not safe risks. He regretted to report that there were many in the order, however, who came within this category.

Among the disbursements from the general fund were salaries of officers, \$104,534; organizers, \$343,704; expenses, \$282,247; bonuses and commissions, \$128,547; wages of employees, \$200,000; advertising, \$26,481; official publication, \$61,34. An increase of 31,391 members in the last three years was reported by the Supreme Secretary, Mr. Robert Mathison, making the total membership on December 31st, 1907, 257,207, carrying a balance of \$402,640, and \$294,960,142. Out of 119,391 applicants, the Supreme Physician passed 104,065 for \$85,580,000, and rejected 15,296 for \$12,550,000, which added to the amount refused to 706 applicants reduced, makes a total of \$13,335,500 declined by the Medical Board.

Among other reforms which will come up for discussion to-day, and which will probably be worked out, will be the abolition of the total disability department. Its functions will be transferred to the mortuary department. After September 30th next applicants will be considered to be the age of their nearest birthday to the date of their initiation. Last night the court held a banquet at Scarborough Beach. The court will hardly finish business to-day.

MURDERER ARRESTED. New York, June 18.—John Blaukney, who shot and killed his mother-in-law, Mrs. Christina Meininger, at her home here yesterday, and seriously wounded his wife at the same time, was arrested in Brooklyn last night.

PLAYED WITH BURNS.

Wyndorf, New Player Here, a Personal Friend of Tommy.

Local lacrosse enthusiasts are already interested in the big game here on June 27 with St. Catharines. Yesterday afternoon Roy McLinn, Tanguay, Finley, McPhail, Heffernan and some of the other players were out and had a "sun" practice, while the full team was out last night. Wyndorf, the new defence player, that Manager Huber has signed, will report here today, and it is likely that another good man will be signed before the sun sets to-night. The locals have two or three good men in view, and money will be a secondary consideration if the team can be strengthened so as to trim the champions.

At a meeting of the executive, held last evening, it was decided to sign a new goal keeper and to move A. Lalonde out on the defence, where he usually plays. That, in the opinion of the players and management, would help strengthen the team, and as there are several good men who can be signed for the nets, it is likely that a new man will figure in that position when St. Kitts plays here on June 27.

Wyndorf, the new defence player, is a personal friend of Tommy Burns, and played on the same team as the heavy-weight champion in Hanover. He is a tall fellow, and weighs 180 pounds, a pretty hunk for the St. Kitts home fielders to bump up against.

BETWEEN THE NETS.

In the City Lacrosse League last night the Y. M. C. A. was defeated by Burlington by a score of 5 to 2. The game was played at Burlington. The junior Tiger lacrosse team to play in Burlington on Friday night will be picked after to-night's practice. From St. Kitts reports, Nell Felker got himself generally disliked over in the Garden City. It is not an easy matter for an official to please the followers of St. Kitts, especially if the game is close. Greenman, of the Caps, has been selected for the Olympic team. He is a good one all right, and one of the finds of the season, even if he is a newspaper man.

GOOD WORK AT CAMP NIAGARA.

Special Attention Paid to Health and Sanitation.

Artillery Horses Are Considerably Below the Standard.

General Otter Will be at the Camp To-night.

Niagara Camp, June 18.—Twelve hours of good work were put in yesterday at the old historic camp, and the day passed off without mishap of any sort.

Despite the few hours' sleep they had been able to snatch, officers and men were up and doing cheerfully at reveille. The cavalry were the last to arrive and get settled in camp. The Governor-General's Body Guards were not in till 1:30, with Major Fleming in command of the last section.

Before 10 all the men had acquired a presentable seat, and the horses were no longer scared when they brushed withers. Lieut.-Colonel C. A. Denison is back here in camp after five years' enforced absence. He returns as commanding officer of the cavalry. He was making delighted comparisons between the camp as he knew it last and it is now. He dilated on the increased attention paid to the comfort of the men, and spoke retrospectively of the time when a soldier was jack of all trades, and he had attained the dignity of assistant cook. The sanitation and orderliness of the camp as a whole were also remarked upon favorably.

The artillery horses fell below the standard of last year. Lieut.-Col. W. B. Hall began his round-up of the horseless of the whole camp. The artillery had a hard day of routine, standing gun drill and harnessing. Lieut.-Col. J. S. Hendrie, C.V., whose twenty with the 12th Cavalry was well pleased with the showing of the opening day. To-day there will be manoeuvres and more advanced and interesting work.

Once in the duration of their ten days' soldiering the course of duty for every man leads to the rifle butts near old Fort Mississauga. The 12th Royal Rangers, the 34th, the 44th and the Mississauga Horse all had to be familiarized with the new rifle. The men were shown how to handle the Ross rifle, to point on the tripod, aim at the sub-targets, and finally to shoot at the butts. Quite a large percentage of the men, in a stiff, variable breeze, justified their instruction by making the 50 per cent. necessary to qualify the men for the pay. The medicals seem determined to cut down the chances of converting theory into practice by making the camp as sanitary as possible. There is a patent incinerator and a device for doing away with the slops. Preventing garbage was thrown in a deep trench. Now outside the lines clay ovens are being built, and when the process is complete nothing but feathered ashes remain. The incinerators, built at small expenditure of labour to serve the whole camp, are new, in common with other sanitary devices.

The chaplains attached to the various sections in camp are—34th, Rev. G. A. Rix; 20th, Rev. A. J. Bell; 37th, Rev. F. C. Ashton; 77th, Rev. R. Macnamara; Owen Sound Regiment, Rev. James Ardell; 38th, Rev. Dr. Wittan; 23rd, Rev. Chilcott; Mississauga Horse, Rev. W. L. Baynes-Reid; 7th Field Battery, Rev. N. I. Perry. To-night General Otter is expected at headquarters. He will inspect the camp on Friday. Lieut.-Col. W. Hamilton Meait will take charge of the Governor-General's Body Guards to-morrow.

There has so far been but one serious accident among the men. Farrier-Sergeant Kemp fell and broke his leg while entraining at Oakville and was, of course, unable to proceed.

\$2 TO ROCHESTER.

Fine Excursion Next Saturday on the Turbina.

The excursion to Rochester next Saturday by the palace steamer Turbina promises to be one of the most enjoyable trips ever run out of Hamilton. Its success is already assured judging from the demand for tickets, and the committee which has charge of the arrangements is labouring to ensure the pleasure of those who go. The affair is under the auspices of Hamilton Camp, No. 30, W. O. W., and it is this organization's intention to make this first excursion an important event. The Turbina will be the foot of John street at 5 o'clock in the afternoon and will arrive at Charlotte about 10 p. m. Returning it will leave Charlotte at 10 o'clock Sunday evening. The tickets are only \$2 and good accommodation will be provided for all who go.

BEAMSVILLE WEDDING.

At Beamsville yesterday the marriage of Miss Mabel Ferguson, daughter of Mr. Donald Ferguson, and Mr. Edward N. Dunlop, Pembroke, ex-M.P.P., was solemnized by Rev. Dr. MacIntyre in the Presbyterian Church. Miss Madge McCulloch, Oranawa, was bridesmaid, and Mr. Louis Hall, Montreal, was best man. After the ceremony Mr. and Mrs. Dunlop left for New York.

APPEAL DISMISSED.

Some time ago Mr. H. P. Coburn, of this city, brought an action against E. R. Clarkson to recover money paid for stocks that Clarkson had induced him to buy on the alleged promise that afterwards he would take it off his hands. Coburn claimed \$5,000 for the stock and \$6,000 for damages for false and fraudulent representations. Chief Justice Mulock at the trial gave judgment for Coburn for \$5,000. Clarkson appealed to the divisional court, which yesterday dismissed the appeal with costs.

MISS TWEEDLE ELOPES.

New Brunswick Lieutenant-Governor's Daughter Marries Coachman. St. John, N. B., June 17.—Hon. L. J. Tweedle, Lieutenant-Governor of New Brunswick, and Mrs. Tweedle, who were in the city to-day to attend the wedding of the daughter of Hon. E. E. Barker, Chief Justice of the Province, met with a disagreeable surprise soon after they left the church, when the Lieutenant-Governor learned by telephone that his daughter, Miss Mary R. Tweedle, had made a runaway match at St. Stephen, N. B., eloping with David McKeown, Mr. Tweedle was utterly prostrated by the news, and the Lieutenant-Governor was greatly disturbed.

The man in the case came from Scotland about a year ago, and had been employed by Governor Tweedle up to ten days ago. He left then, and another coachman was engaged. Miss Tweedle had been visiting friends in St. Stephen, McKeown evidently had followed her to that place, and to-day they were married, subsequently leaving for Montreal to sail, it is thought, for the old country. As Miss Tweedle is nineteen and the man a few years older, nothing could be done by the parents.

Building of Dry Docks—G. T. Pacific Bonds—Nature of the Measure—Discussion on Amendments to Railway Act.

Ottawa, June 17.—The House of Commons went into committee on the bill amending the Chinese immigration act. It is aimed to give greater control over immigration of the nature mentioned, and to provide heavy punishment for persons aiding or abetting in infractions of the law.

Hon. Mr. Oliver promised to bring this view before and consult in regard to it with the Minister of Trade and Commerce, and the bill was reported with that understanding.

Hon. Mr. Fielding's measure to encourage the construction of dry docks was then taken into consideration.

Mr. Monk put in a plea for a dry dock at Montreal to be built and controlled by the Government. He asked whether the Government had given up the idea of constructing any dry docks.

Hon. Mr. Fielding said that for the present the bill represented the general policy of the Government, but if any exceptional case arose in which a departure from that policy would be advisable it would be considered on its merits.

The House went into committee and considered Hon. W. S. Fielding's bill respecting the Government guaranteed bonds of the Grand Trunk Pacific Railway Company.

Hon. Mr. Fielding explained that the bill had three purposes. The first was to enable the Grand Trunk Pacific Railway Company to pledge its bonds for the raising of money if the money market was unfavorable to a sale.

The second was to secure that the pledging of the bonds would not prejudice the right of sale, and the third providing for the granting to the company of a letter of credit up to one million dollars, the bonds being the security. The amount of the bonds issued was £14,000,000, of which \$3,200,000 had been sold to the Rothschilds family.

Mr. Foster commended the bill, which was reported and passed.

The third reading of the bill amending the railway act by bringing telephone and telegraph companies within the jurisdiction of the Board of Railway Commissioners was moved by Hon. Mr. Graham.

Mr. Northrup moved an amendment giving the board power to deal with any breach of contract to operate a railway, such as he maintained had occurred on the part of the Grand Trunk in taking over the Belleville & Hastings Railway, and failing to comply with the conditions upon which a subsidy had been granted.

He contended that as trustees of public money the Government should be in a position to demand the repayment of \$21,000, which, he said, the Grand Trunk had improperly obtained.

Mr. W. F. Maclean said that in South York a somewhat similar case existed, where from Leslie Junction to West Toronto, a distance of five miles, the C. P. R. did not operate its line, although it had been bonused by the country.

Hon. G. P. Graham preferred to leave the question raised by Mr. Northrup to the Minister of Justice owing to the legal points involved. He deprecated the inference thrown out by Mr. Northrup, that there was some infidelity in the acceptance of the subsidy.

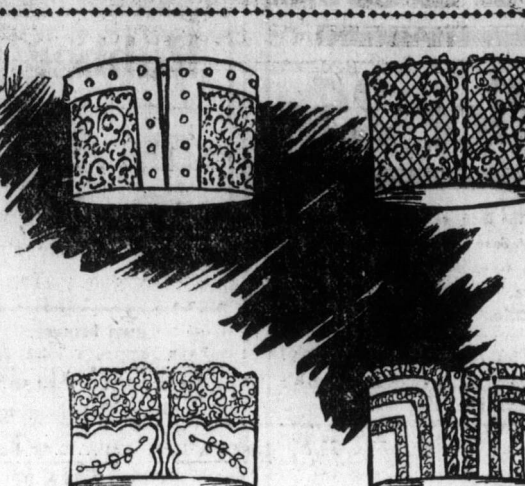

The whole idea was to get a measure that would enable the Railway Board to fulfil the work assumed to it of seeing that the commerce of the country was not impeded and as cheaply as possible. If they were to load the board with the investigation of contracts 20 or 30 years old in many cases their real work would have to be left aside.

Mr. Northrup interjected another remark about the case he had mentioned.

Hon. Mr. Graham said the case was twenty years old. No action had been taken by the municipalities or others interested, and he wondered how his hon. friend had lived within twenty-five miles of the railway for so long and had only just become acquainted with the matter. If the Government had any action against the Grand Trunk Railway in the case of the Government proceeded regardless of the Railway Board, it was a question of the board to see that contracts between municipalities and railways were carried out, but, as he had pointed out, was not retroactive. The debate was adjourned, and the House rose at 6 o'clock.

SMTOTHERED BY SAND.

Three-Year-Old Boy Killed; Two Little Fellows Hurt. Toronto, June 18.—Edward Billing, three years old of 6 Bridgeman street, was killed, and Arthur Billing, same address, and Allan Ralph, 12 Bridgeman street, both five years of age, were badly injured by the caving in of a sand pit at the head of Howland avenue, in Dovercourt village, last night. The accident happened about 9 o'clock. The children had been playing in the sand pit and were digging at the base of the pit, when they were suddenly buried beneath an avalanche of sand to the extent of ten feet. Three children who narrowly escaped being buried beneath the sand ran home and brought their parents to the scene of the accident.

The work of rescuing the children was commenced with all possible speed, but it was ten minutes before the rescuers succeeded in reaching the spot where the unfortunate little tots were penned in. Edward Billing, the youngest of the three, was the first to be taken out of the pit, but life was extinct. Efforts were made by others who had come to the rescue to revive the boy, but without success, while a second party of diggers continued the search for the other two, who were located about ten yards from the spot where the first lad was found.

Much Talk Still About the Recent Ancaster Fire.

Funerals of Two Old Residents of the Town.

Dundas, June 18.—(Special)—The fire on Sunday morning last, by which John J. Lyons, of the Ancaster road, lost all his buildings but his house, is still the leading topic hereabouts. That the tramp who was given shelter in the drive shed during the night set the place on fire is not the opinion of the police or the community. The prevalent opinion still is that it was the outcome of spite occasioned by the passing of local option in January last, Mr. Lyons being a leading worker in behalf of the act. A Provincial detective is said to be at work in the matter, and it may yet be that the perpetrator of the deed may be discovered.

EAT ORANGES

IF YOU WANT TO KEEP WELL

Careful tests have proved beyond question that orange juice has clearly defined medicinal virtues. Those who suffer with indigestion—are compelled "to die"—find that after eating oranges regularly for breakfast there is no distress, no palpitation.

Where there was a tendency towards constipation, the eating of oranges regulated the bowels.

In skin troubles, those who began the morning meal with an orange were noticeably improved.

There is, however, a quicker way to get better results. This is to take one or two "Fruit-a-tives" tablets at bedtime in addition to the juice of an orange before breakfast the next morning.

"Fruit-a-tives" are the juices of oranges, apples, figs and prunes, in which the medicinal action is many times intensified by the special way of combining them. Valuable tonics are then added.

Take the juice of an orange before breakfast—take "Fruit-a-tives" at night—and you will quickly be rid of Indigestion, Stomach Troubles, Constipation and Biliouneus. "Fruit-a-tives" are sold by all dealers at 50c a box—for \$2.50. Sent on receipt of price by "Fruit-a-tives," Limited, Ottawa.

Other matters were discussed by Past Grand Master J. B. Turner, P. N. G. O. Luke and others.

Grand Lodge Decides Against Optional Insurance.

London, June 18.—A good deal of business was transacted by the Grand Lodge of the Canadian Order of Oddfellows yesterday. Grand Master W. T. Junkin presided, and the Executive Committee reported that there are 136 members present at the session. Consideration of the revised constitution occupied the attention of the Grand Lodge during the morning.

Optional insurance was the first matter taken up, at the afternoon session. After Grand Lodge had decided that, if optional insurance was to be adopted for new members, it should also apply to the present members, the meeting voted on the main question and decided not to adopt the principle at all.

The question of rates was then taken up. The order adopted the Hunter scale for all new members three years ago.

A motion was introduced by Delegate George H. Scott, of Montreal, to make the Hunter rates applicable to all members at the age of admission to the order.

After a lengthy discussion it was decided to postpone action pending the action of the Government in relation to the proposed insurance Act.

The order of business for the evening was the continuation of the discussion of the revised constitution. This question was submitted to the Grand Lodge on their opening session on Tuesday and was occupied considerable time since then.

The old constitution has been placed in the hands of the executive committee for a revision, and they, after some labor and time expended, completed their work and laid it before the meeting for approval.

This approval was given last night and the constitution was adopted by the order with the amendments that had been made. There was not a dissenting voice after the clauses and amendments had been explained.

"HOGTOWN AGAIN."

To the Editor of the Times:

Sir,—Another evidence of the smallness which seems to pervade the minds of some of the Torontonians in anything that concerns Hamilton was given at the Canadian gathering at Brantford yesterday. Among the numbers on the programme was a Highland dancing contest for the championship of Canada. The judge was from Toronto, and the first prize, a gold medal, went to a Toronto boy, notwithstanding that Master Gordon Flett, the Hamilton dancer, was palpably the Toronto boy's superior. The Hamilton boy was awarded second prize, a silver medal.

Independent Order: Had District Meeting Last Evening.

A meeting of District No. 9, I.O.O.F., was convened and presided over by D.D.G.M. C. H. Mann in the parlors of the I.O.O.F. hall on Tuesday evening, a large representation being present. Matters pertaining to the district and of the coming session of the Grand Lodge to be held in St. Thomas on August 11th, 12th and 13th were discussed. The principal feature of the meeting was to recommend a candidate for the office of D.D.G.M., which honor was conferred on Bro. H. Day, Past Grand of Excelsior Lodge, No. 44. Other matters were discussed by Past Grand Master J. B. Turner, P. N. G. O. Luke and others.

The members of the district will hold decoration services on Sunday afternoon, June 28th, when they will assemble at the I.O.O.F. hall at 2:30 and march to the cemetery, accompanied by the Rebekah and Encampment branches of the order, also Canton Hamilton, No. 4. P. M. under command of J. B. Turner, J. Faulkner. The 13th band will be in attendance.

Unity Lodge, No. 47, held its regular meeting last night when the initiatory degree was conferred, brethren being present from Guelph, London, Stratford and other points west.

A pleasing feature of the evening was the presentation by Past Grand Oliver Beatty to District Deputy Grand Master C. H. Mann of a group photograph, taken during the visit of Valley City Lodge, Dundas, on Nov. 30th, 1899, to the above lodge, which was received by Bro. Mann in fitting remarks.

Grand Lodge Decides Against Optional Insurance.

London, June 18.—A good deal of business was transacted by the Grand Lodge of the Canadian Order of Oddfellows yesterday. Grand Master W. T. Junkin presided, and the Executive Committee reported that there are 136 members present at the session. Consideration of the revised constitution occupied the attention of the Grand Lodge during the morning.

Optional insurance was the first matter taken up, at the afternoon session. After Grand Lodge had decided that, if optional insurance was to be adopted for new members, it should also apply to the present members, the meeting voted on the main question and decided not to adopt the principle at all.

The question of rates was then taken up. The order adopted the Hunter scale for all new members three years ago.

A motion was introduced by Delegate George H. Scott, of Montreal, to make the Hunter rates applicable to all members at the age of admission to the order.

After a lengthy discussion it was decided to postpone action pending the action of the Government in relation to the proposed insurance Act.

The order of business for the evening was the continuation of the discussion of the revised constitution. This question was submitted to the Grand Lodge on their opening session on Tuesday and was occupied considerable time since then.

The old constitution has been placed in the hands of the executive committee for a revision, and they, after some labor and time expended, completed their work and laid it before the meeting for approval.

This approval was given last night and the constitution was adopted by the order with the amendments that had been made. There was not a dissenting voice after the clauses and amendments had been explained.

"HOGTOWN AGAIN."

To the Editor of the Times:

Sir,—Another evidence of the smallness which seems to pervade the minds of some of the Torontonians in anything that concerns Hamilton was given at the Canadian gathering at Brantford yesterday. Among the numbers on the programme was a Highland dancing contest for the championship of Canada. The judge was from Toronto, and the first prize, a gold medal, went to a Toronto boy, notwithstanding that Master Gordon Flett, the Hamilton dancer, was palpably the Toronto boy's superior. The Hamilton boy was awarded second prize, a silver medal.

CORNER STONE TRULY LAID.

Important Function at Sherman Presbyterian Church.

Predictions of Great Things in the Future.

Credit to Dr. Lyle and Rev. J. R. VanWyck.

With fitting ceremony the cornerstone of the new Sherman Avenue Presbyterian Church was well and truly laid yesterday afternoon at 4 o'clock, by Dr. Lyle, pastor of Central Presbyterian Church. In the name of the Father and Holy Ghost, Dr. Lyle declared the stone laid, and the new church dedicated to the glory of God. Continuing, Dr. Lyle said that it gave him great pleasure to be present and have a part in the ceremony. He had been present the time the thought was conceived of the building of a new church in the city, and six or seven years ago, and in humble capacity had done all he could toward the furthering of the interests of Christ's Kingdom. It was because he had practically been the faith of the institution, that he had accepted the honor of laying the cornerstone. He stated that all the dreams in connection with the building of Sherman Avenue Church have not been carried out, owing to unforeseen difficulties that had cropped up, the fire that destroyed the Central Church, being the greatest difficulty, having the tendency of taking away the interest of the Central members from the church in the east.

that the congregation had had a hard time of it. He gave the members of Central Church a great deal of credit for the manner in which they supported the work when the church seemed to have its most discouraging moments. It was not his wish that in the building of the new church any members should be taken from any of the churches in the community. He looked for the time when church union would be a reality. Rev. John Young also spoke in a congratulatory tone. The services closed with the benediction by Rev. S. B. Russell.

LADIES' SHIRT-WAIST.

No. 1936.—All seems allowed.—A favorite form of embellishment for a shirtwaist is the narrow stitched box-pleat, and this latest development lends itself especially to the lighter woolen and silk materials, such as challis, voile, surah and taffeta silk, as well as to linen, pique and madras. In Nattie blue voile it is a neat and pretty style. There are three narrow box-pleats down the front, three stitched to bust depth on the shoulder, and two down the back. It would be a good model for Scotch flannel or gingham or it might be utilized for all-battos or Panama cloth. The pattern is in 7 sizes—32 to 44 inches, bust measure. For 36 bust the waist requires 3 3/4 yards of material 20 inches wide, or 3 1/4 yards 27 inches wide, or 2 1/8 yards 36 inches wide, or 2 yards 42 inches wide. Price of pattern, 10 cents.

PLACED NO BLAME.

Open Verdict In the Case of Gladys Garrold.

The jurors on the inquest on the death of Gladys Garrold, who died as a result of injuries sustained by running into an auto on King street east on Sunday last, brought in an open verdict last night, and affixed no blame for the accident. The evidence given by a large number of witnesses was the same as the story already published. Coroner McNicol presided. The evidence showed that the little girl ran around the front of the car when she got off at Wellington street with her mother and sister and brothers, and ran into an auto belonging to Mr. Thomas Crooks. She was knocked unconscious, and died at the City Hospital some hours later while undergoing an operation on the left side of her skull. The witnesses called were not all heard till about 11 o'clock. Those called were Maurice and Merion Garrold, brothers of the dead girl, and Macia, a sister; Drs. Balfe and Arnott, Harold Palmer, chauffeur; Mr. Leslie Crooks and Miss Grace Crooks, who were in the machine; D. E. Bell, conductor on the street railway; Robert Merrington, motorman; James Burrows, Gordon Colville, Ed. Reach, W. Venator, Fred Armitage, J. E. Hampson and Tracey E. Noble. The last seven witnesses were on the car at the time of the accident. About midnight the verdict was returned, stating that deceased had come to her death by being struck by an automobile.

GERMANIA CLUB.

Mr. Geo. Schnabel President For Fifth Year.

The third session of the Germania Club's annual meeting saw the end of the business on the programme. The meeting was held last evening, and the election of officers was proceeded with. Mr. George Schnabel was elected president, and Mr. J. B. Dinkel was chosen for the vice-president's chair; H. Backhouse, Financial Secretary; H. Bismarck, Recording and Corresponding Secretary; A. Ramsperger, Treasurer; A. Bartmann, Librarian. J. B. Dinkel, A. Martin and H. Rohmer, House Committee. Mr. Schnabel was elected by acclamation for his fifth term. He was also made an honorary member. The membership of the club is now 350, and extensive repairs through the year were reported. The new building is a great improvement on the old one, and when the pool tables are moved from the concert hall to the basement and a bowling alley put in, the club will be second to none in the city.

CEREMONY OF INSTALLATION.

Archbishop McEvey Refers to Sacrifice by Predecessors.

Mgr. Sbarretti Refers to Devotion of the People.

Event That Will Long Live In Church History.

As long as life lasts will the impressions created in the hearts and minds of those who attended the installation of Archbishop McEvey continue and the words spoken will never be forgotten. It was a solemn and imposing event, and the great crowd present was deeply impressed.

Shortly before 10 o'clock as the organ commenced to softly sound the first notes of the opening voluntary the altar flashed into a blaze of light, and the Vicar-General, with his attendant chaplains, arrayed in the golden vestments of office, passed down the centre aisle in order to meet the Archbishop's procession at the main entrance. Headed by acolytes, carrying book, candle and censor, and followed by the priests of the city, and the Archbishop's procession passed from the palace along Shuter and Bond streets to the main entrance of the cathedral. The choir route was quickly lined with many hundred spectators, and the greatest order was maintained without any interference from the small squad of police on duty, and the stately procession passed along without any difficulty. Following the diocesan clergy came a long array of high dignitaries of the Church, and Bishops of other dioceses, not only in the province of Toronto, but from far down by the sounding sea, who delighted to do honor by their presence to the new Archbishop. Escorted by a bodyguard of knights of St. John, in their quaint uniform, and wearing the armorial of the Archbishop, McEvey, clothed from head to toe in golden raiment, with his crozier in his hand, came immediately after the visiting Bishops, and the procession closed with another small body of the priesthood.

THE BEEF-EATER MUST PAY.

Opening of British Ports to Canadian Cattle Opposed.

London, June 17.—It is stated that neither the Dominion nor the home Government is anxious to have British ports reopened to Canadian cattle. Any change in which an element of certainty exists, it is contended, would be prejudicial to the interests of the Canadian farmer. The view is also taken that so long as Canadian cattle are not protected against disease from the United States, it would be unwise to reopen British ports to them. The British beef-eater must, therefore, be content to pay St. Hyacinthe Recount. Montreal, June 17.—It was officially announced today that Mr. Henri Bourassa was elected in St. Hyacinthe. At one polling booth the ballots were numbered, and these were thrown out by the presiding Judge, Mr. Bourassa has 57 majority.

John; Rev. N. Roche, pastor of St. Michael's College; Father McKeon, of London; Father Glynn, of London; Father McMeane, representing the Sulpician Fathers of Montreal; Ven. Archbishop Casey, of Lindsay; Dean Mahoney, of Hamilton; Father Sinnett, secretary to the Pappal Ablegate; Father Morrow, of Toronto; Father Coyle, of Holy Family Church; Father Hand, of St. Paul's; Father Sullivan, of St. Catharines; Father O'Donnell, of St. Mary's, and many others, including an almost complete representation from Toronto.

In the body of the church were the Hon. R. W. Scott, Secretary of State, representing the Provincial Government; Hon. J. J. Foy and Dr. Ream, representing the Provincial Government; members of the Separate School Boards of Toronto and London, and representatives of the various societies and institutions connected with the Province.

The address of the clergy, as presented by Dean Morris, of St. Catharines, read in part as follows:— "May it please your Grace.—We the priests of the Archdiocese of Toronto are assembled to-day to bid you welcome as our spiritual chief. The Holy Father has been pleased to appoint you Archbishop of Toronto and Metropolitan of the ecclesiastical province. With respectful reverence we hail the appointment. Peter has spoken through Pius, the apostolic authority has been exercised and its decisions made with filial obedience from the clergy of the archdiocese. We recognize in your appointment the continuation of the world-wide commission of Christ to the apostles, 'Going therefore teach all nations.' ... I am with you all days. Your mission has its source in God. Your appointment is the choice of the Holy Ghost; your appointment was made by the Vicar of Christ in his office of ruler of the universal church. It is in this full Catholic sense of faith and love that we pay our homage to you to-day.

The See of Toronto has been blessed by a line of illustrious churchmen whose season and out of season, devoted their talents and their lives to the building of the Church in the archdiocese. They laid the foundations deep and broad. With them there was no trimming of Catholic faith, no minimizing of Catholic dogma. The lustre of their light was seen beyond the effect of their power felt beyond the most distant boundaries of the Dominion. To their valiant efforts in days of stress and struggle the excellent school system which the Catholic children of Ontario enjoy to-day is chiefly due. Institutions of learning and homes of charity were planted and fostered by them. Everywhere in the archdiocese may be seen monuments of their zeal and labors. Their teaching and example were productive of a people of strong faith and patriotic spirit.

Such, your Grace, is the heritage which comes into your hands to-day. The memory of the martyred missionaries, the fruits of the labors of five most devoted prelates, the garnered of several generations of Catholic priests make a precious trust. This trust, we are sure, will be safe in your keeping. May your own reign add to the store of noble achievements of the prelates of Toronto. In all your undertakings for the advancement of religion and the good of the country you may rely with absolute confidence on the unwavering loyalty and patriotic support of the priests of the Archdiocese of Toronto.

SEEN IN HALL OF HOTEL.

Evidence Against Chester Buckborough, Tillsonburg.

Tillsonburg, June 17.—If the statement of John Mero, proprietor of the Queen's Hotel, which was destroyed by fire recently, with the result that three persons lost their lives, is true, then Chester Buckborough, who is under arrest on the charge of incendiarism, was seen in the hall of the hotel by him when he discovered the fire. Mero's evidence will be the strongest testimony brought against Buckborough at the fire inquest, which will be opened by Crown Attorney R. M. Ball to-morrow. It will, however, be supported by the evidence of persons who have heard the accused say he would be revenged on Mero for placing him on the Indian list.

Expert evidence will also be had to show that the fire was not caused by defective electric wiring, and altogether twelve witnesses will be called for the Crown. It will be shown that it was customary to have the back door of the hotel unfastened, so that any person having knowledge of the place, such as the prisoner is alleged to have, could easily obtain access.

Subscriptions have been raised locally for the defence of Buckborough, who will be represented at the inquest by Messrs. James Kelly, of Simcoe, and C. W. Brown, of Tillsonburg. A round dozen of witnesses will be called for the defence, and an effort will be made to prove an alibi.

HOME MADE SPRING TONIC

This is the month in which to take something to clean the blood of impurities and build up the system. The following is the recipe of a well-known authority, and anyone can prepare it at home at very little cost. Fluid Extract Dandelion, one ounce. Compound Selenite, one ounce. Compound Syrup Sarsaparilla, four ounces. Get these simple ingredients from your druggist, mix all together, shake well and take in teaspoonful doses after meals and at bedtime. Everybody should take something to help the blood, which becomes impoverished, and almost sour after the winter season, especially those who are subject to rheumatism, catarrh, kidney and bladder trouble. It is said that one week's use of this mixture will clear the skin of sores, pimples or boils. This is sound, healthy advice, which will be appreciated by many readers.

he made reference to the resignation of Archbishop O'Connor owing to failing health, and said that he appreciated the great work which had been carried out by his predecessor for many years. Archbishop O'Connor's edifying devotion was well known, and it would always be a great pleasure for him to make happy the evening of his predecessor's well spent life. The service of God and the Church demanded a sacrifice in order that they might obtain salvation of the soul. Two of his illustrious predecessors had been so self-sacrificing in their devotion that their health had broken down, and as a consequence had retired to make preparation for that death which every man must face. The Archbishop expressed his gratification that the schools and colleges, and other institutions of the Province should be in such a satisfactory condition as he found them. The importance of education was touched upon by him, particularly the great need for all parents to see that their children received that religious instruction which should prepare them for the life to come. In this Province and in that of Quebec, the Legislatures had rendered it possible for children to receive both religious and secular training, and in that manner they had shown the world a splendid example in the treatment shown to minorities. It was the duty of every Catholic to take advantage of the rights they here enjoy. After Mass Vicar-General McCann addressed his Excellency the Pappal Ablegate, Mgr. Sbarretti. He assured him of the loyalty and homage of the entire diocese. He spoke briefly of Toronto as a city of great educational institutions and of charity, where the sick and poor found shelter. A touching reference was made to the resignation of Archbishop O'Connor, who had performed long and faithful service for the Church in the diocese. Mgr. Sbarretti made a very earnest appeal in the course of which he said: "Now I know that you are second to none in affection to the Holy Father. The beautiful address you have read to me is an expression of your filial devotion to the supreme head of the Church. I certainly did not expect for that very reason they are more acceptable to me. You love Peter and all to whom any portion of his authority is delegated. As you see the Saviour in Peter, and Peter in his successor, so you see the Holy Father in the person of his representative. Be always, my dear brethren, devoted to the Church and the Holy See, knowing that thereby you are ever devoted and attached to our Lord Jesus Christ. In conclusion, I desire to express another lively and ardent wish that I cherish, namely, that the faithful laity, the clergy and the Bishop, will be always united; that the bond between you will become stronger and stronger, and that you will be as a family in which all the members love each other, co-operate with each other, obeying cheerfully the guidance of his head."

THE FORESTERS.

Rate Committee Lays Three Proposals Before Meeting.

Trouble in Fixing Payments For the Old Members.

—Toronto, Ont., June 18.—The Independent Foresters this morning received the report of the Rate Committee which without making any recommendation, laid before the "Supreme Court" three different propositions for discussion. The first proposition and the one likely to be adopted is re-rating at the age of entry. The second proposition, that of Supreme Chief Ranger Stevenson, is a new rate to be paid in future, being a combination of the present rate at age of entry with the rate at the attained age of the member. The third proposition is the adoption of the strict actuarial rates on National Fraternal Congress basis for old and new members. The committee, while making no recommendation, criticizes the first proposition, and says that the payment of back dues by members may yet be necessary.

The report says the vice of the proposition to re-rate at the age of entry is more apparent where the duration of membership is longer, thus the member who entered twenty years ago at the age of 40 has been paying \$10.00 per annum into the mortality fund. In the twenty years, according to the table, it has cost \$234.73 to carry the insurance, and in the twenty years the mortality fund received \$206, leaving a deficit on account of the risk of \$34.16 without interest. If this member should now commence to pay at 60 years of age \$19.15 per annum into the mortality fund to secure \$10,000 if he dies before 70, and the old age benefit if he survives 70? According to the table it will cost the order \$21.87 to carry the risk during the first year of the new rate or a deficiency of \$2.82, and each year the new deficiency would grow by leaps, and yet he will expect, if he reach 70, to have all the deficiencies wiped out and to receive a benefit equal to a cash payment of \$865, just as if he had paid from the beginning an adequate rate from which the savings had been made to take care of his contract, such a readjustment is unsound in principle and lacks the essential element of equality among the members. The report was not discussed this morning, but will be taken up this afternoon. A memorial to the late Dr. Oronhyatekha was presented and will be engrossed.

He had \$25 in his pockets, which he missed when he awoke. Holland was fined \$3 for being drunk.
