VARSIITY WON FROM QUEENS

Game Characterized by Brilliant Individual Play

VARSIITY 12—QUEENS 6

Score at Half time was 9-1—Blakely a Star

The Toronto University hockey team easily won the senior Inter-collegiate game from the Queen's seven, defeating them by a score of 12 to 6. There was very little effective combination work, especially on the part of the Kingston players. This proved very costly, as the puck was frequently passed across the ice when there was no one to receive it. Varsity did somewhat better, as far as combination playing went, and at times they worked an effective two-man combination game.

On the whole, however, the result resulted from brilliant individual rushes. The Queen's team played away below their usual form. "Bill" Parker's great work in goal for the winners was a feature of the contest, the Presbyterians finding it impossible to get one past him until just before half-time. "Pete" German and "Rat" Hanley, at cover and point respectively, made a defence that proved almost impregnable. Both Hanley and German made many brilliant rushes several of them ending in scores. Of the forwards, Blakely was perhaps the most conspicuous. He was always on the puck, and his shooting was deadly. Webster Clarkson and Caldwell, the other forward players, also did well. For the Kingston seven George was the best man, scoring the majority of their goals. Sliter in goal played a good game, but received poor support from the other defence men. Hunter, the former Frontenac centre, did not get into the game until the end of the first half, when he replaced Box, who was forced to retire. The game was comparatively clean, and the few players who were fenced committed only minor infractions of the rules.

Just after the second period commenced Hanley was accidentally hit over the eye, receiving a bad gash. He was forced to retire for repairs, taking a Kingston man with him.

In the second half Queen's bucked up and things became interesting around the blue and white goal as the score of 5-3 for Queen's in the final period shows. However the lead was too large and Varsity never really lost control of the situation as they did with McGill. The teams:—

Varsity—Goal, Parker; Point, Hanley; Cover, German; Rover, Webster, Centre, Clarkson; Right, Blakely; Left, Caldwell. Queen's—Goal, Sliter; Point, Blakely; Cover, Trimble; Rover, George; Centre, Box; Right, Smith; Left, McKinnon.

SIMPLY FINE!

East Residence Holds Dance on Friday Evening

A happier throng of young people never graced the Metropolitan Assembly Room than that which on Friday night assembled at the East Residence Dance.

There were sixty couples (they came out even) of most delightful people, beautiful music supplied by Fralick's orchestra with extras by the illustrious Freddie Foote and by Bill Boyd, both of whom deserve the greatest credit for their self-sacrifice when the dancing fever was at its height, and Mine Host Sage spread out all the goodnesses that he had at his command. Only one thing marred the dance, that it began too late and ended too soon, particularly from the Queen's Hall girls in attendance, whom stringent regulations tore away from the tenth dance; and there were eight more! It was shameful.

Dr. and Mrs. V. E. Henderson, Mr. and Mrs. A. D. LePan, Mrs. F. N. G. Starr and Dr. Graham received the guests.

The committee, consisting of Messrs C. A. McKay, Hutchinson, F. R. McConnell, Broddy Duggan and W. J. Boyd are to be complimented on the success of the dance which will linger long as one of the happiest of the remembrances of undergraduate life.

SMALL CROWD AT LIT.

Unionist Executive Takes Office—Speeches Criticized By Mr. McLarty

It was a small crowd that assembled at the U.C. Lit on Friday, hockey, dances, re-action from budget excitement and all kept the members away. The new Unionist Executive took office. They were picturesquely introduced with all due form and ceremony. Mr. Wood introduced Mr. Gordon. Mr. Gordon introduced Mr. Wood, and they both alternately introduced the others, Mr. MacQueen by proxy. The president gravely announced to each, "Let the honorable gentleman take his seat." But the honorable gentlemen did not take their seats. They hiked to the corridor to hand the solitary gown to the next man, so he could be properly clothed for the solemnity.

Despite the small attendance the meeting from point of view of debate was one of the most successful of the year. In the absence of President Gibson, Mr. Norman McLarty '10 occupied the chair. Mr. McLarty, always a welcome visitor at the Lit, was enthusiastically received. Mr. McLarty, as critic, found the speeches more logical than in his day, but rather lacking in style. He strongly endorsed the plan of making the Lit like the Oxford Union. This University was important enough to make an impress on the public life of Canada.

ST. HILDA'S 4—VARSIITY 0

Whirlwind Game at Trinity Presents Many Novel Features

Saturday's game in the Co-ed's hockey series was certainly a revelation of the possibilities of Canada's national game. Speedy individual rushes, brilliant combination work, strenuous back-checking on the part of the forwards and fearless "bodies" by the defence, deadly shooting by the wings foiled only by most spectacular stops—and the score stood 0-0 at half time in Varsity's favor.

Paul Armstrong was due to referee the match but (Paul's been there before) wisely got out from under and didn't show up. So that versatile artist, Herb. Taylor, was pressed into service, yielding in a moment of weakness to the importunities of the stranded fair ones. Poor old Herb! The best he could do was to dig up a pair of skates, dull and several sizes too small, on which he could manoeuvre only with the greatest difficulty and the graceful agility of a fat brown bear. He probably suffered more than any of the others from the checking (quibus referandumus supra—was what he muttered at intervals) and still presents a dazed and wondering appearance.

St. Hilda's had one corner of the rink roped off and equipped with blankets, cushions and a pail of coffee. And rumour is to the effect that at half-time ye valiant Herb was both bribed and drugged. Personally, we put no credence in this aspersions on the character of that highly upright youth; nevertheless we retail it that you may pass individual judgment. For—coincidence or not—the fact remains that the final score was made by one of the Bersheers siezing upon the puck from behind the nets and hurling it with deadly aim (and great manual labour) to the front, whereupon a wild slash from half-a-dozen sticks resulted in a score. During all this, Herb was looking longingly at the coffee-pot. Final score St. Hilda's 4, Varsity 0. The teams were:

St. Hilda's—Goal, Miss Reahder; Point, Miss Ponsford; Cover, Miss Ewart; Rover, Miss Elliott; Centre, Miss Denne; Right, Miss K. Elliott; Left, Miss Harstone.

Varsity—Goal, Miss Edgar; Point, Miss Barry; Cover, Miss Fairbairn; Rover, Miss Hunter; Centre, Miss Zeigler; Left, Miss Cameron; Right, Miss Murphy.

Conductor—Shall I help you to alight, madam?

College Girl—Much obliged, but I don't smoke.—The Teller.

VARSIITY 54 QUEENS 16

Score Tells Story of Basket Ball Game on Saturday

How Queen's defeated Varsity a week ago seems somewhat a puzzle after Saturday's game, for the blue and white boys completely outclassed the Presbyterians. The game seemed somewhat slow after that with McGill two weeks ago. Varsity put up a splendid exhibition but it was a little too one-sided for intense interest.

The game was called at 5 o'clock, and Varsity immediately took the offensive. Preston scored the first goal on a nice shot, and Boddy and Scott immediately followed. Four goals were made before Queen's found the basket, giving the home boys a nice lead. The first half was rather slow; neither team seeming to exert themselves overmuch. Varsity lead at half time 18-7.

The play in the second half was much faster. Varsity hit their stride and pulled off some nice combination. "Duff" Wood scored the first goal of the half. He had eyes for the basket, and scored a number of nice shots. Pound, who had been putting up a good game for Queen's was hurt early in this half. He was able to resume play, but his leg was too stiff to allow him to do his best. Varsity's combination was excellent, and every man helped to pile up the score. The tri-colour boys had a fair combination but the Varsity defence kept them from scoring and they seldom found the basket. Towards the end of the half Erskine dropped a beautiful basket from centre, which received deserved applause. Brock played a hard game, but his shooting was not quite as accurate as he put up Tuesday against West End. Boddy and Preston worked together nicely at forward, and Scott and Wood as guards were all that could be desired.

Messrs W. and J. Tait of West End Y.M.C.A. handled the game in a very satisfactory manner. The game itself was very clean throughout. About two hundred and fifty people including a good representation of the fair sex attended the game. The teams:

Queens—Meek and Pound, forwards; Gemmett, centre; Vansickle and Erskine, guards.

Varsity—Preston and Boddy, forwards; Brock, centre; Scott and Wood, guards.

IMPORTANT GAMES TO-MORROW.

Sr. School meet Sr. Dents to-morrow at 4.15 sharp. Mel Brock will referee. This is a semi-final in Group A. At 5 o'clock Jr. Arts meet Victoria in a semi-final game. They are winners of their groups. Simpson will referee this game. Everyone interested in basket ball should be on hand.

ARTS '12 SKATING PARTY

On Thursday evening last the class of 1912 U.C. held its annual skating party. After the skating refreshments were served and then the dignified seniors threw their austerity to the winds and gambolled about in a very enjoyable little dance.

The Varsity is obliged to appeal to those who have not risen to the occasion and paid their subscription to the paper to do so at once.

Address payments to the Business Manager, The Varsity, University of Toronto.

LOST

A silk knitted muffler, between Dining Hall and South Residence. Finder please leave at Varsity office.

A pair of pince nez glasses. Will the finder please return to F. N. Read, IV Year School, South Residence.

COLLEGE SERMON

Prof. Peabody delivers Impressive Address Sunday Morning

"All things are yours"—this was the text on which Prof. Peabody spoke yesterday morning before an unusually large audience in Convocation Hall.

The speaker said that he received two letters on the same day, each of them asking him a different question. The first one was from a student and the question was "how many men in Harvard University go into Athletics?" The other was from a more mature man and had to do with deeper things. The writer of the first letter had a very limited conception of religion—to him there was a partition between the athletic life and the religious life. Each one was, so to speak, in a water-tight compartment. The writer of the second letter answered the question in the first. "The religious life is an athletic life as Paul so clearly showed."

The speaker took these letters as examples of Provincialism and Cosmopolitanism in religion. "In the New Testament the scribes and Pharisees set religion in a place of its own. Jesus gave religion room to breathe."

"In his letter to the Christians at Corinth Paul emphasized the fact that the problem of the church was not to be saved from the Corinth but to save Corinth. So the problem for us is to save others."

"What is needed in the world is spiritually minded men."

"Jesus Christ came not so much to save men from the theologians as to save the theologians themselves. What He demands is the personal communion of the individual soul with God. Human nature is incurably religious; but if the traditional religion does not expand to meet the new needs something else must take its place. The religious sentiment will utter itself, if not in Christian idealism, in economical spiritualism."

Prof. Peabody is evidently not in sympathy with church union. He says that to-day there is a unity of purpose and concurrence of desires, as never before. "Around the provincialism of our differences lies the cosmopolitanism of our faith."

SATURDAY LECTURE

Interesting Discourse by Professor Robertson—Good Attendance

The usual Saturday afternoon lecture was given in the large lecture room of the Physics Building at 3 p.m. by Professor J. C. Robertson, M.A., of Victoria College. He spoke on "Delphi and Olympia" accompanying his comments by splendid slides of many of the chief points of interest in these old cities.

President Falconer, in introducing the speaker, made reference to the charm that Greece had for students of the Classics and Ancient History.

Professor Robertson first spoke of Delphi, the seat of the famous oracle which the Greeks were wont to consult. He pointed out that the excavations here had been done by the French Government and proceeded to show views of the ruins of the old city which included a stadium, a shrine to commemorate the victory at Marathon and many interesting statues. Delphi is very picturesquely situated with a lofty mountain close to the city and the snow clad Parnassus looming in the distance.

Olympia was the seat of the famous athletic contests which have survived in the modern Olympic games. Unlike Delphi it is situated on a large plain along which a river winds. The excavations here were carried out by the German government and amongst the relics found were statues of Hermes and a statue of victory; these statues being some of the very few original of the great Greek masters.

The lecture was illustrated throughout by slides made from photographs, most of which had been taken by Professor Robertson on his recent visit there.

On the motion of Professor Carruthers a vote of thanks was tendered to the speaker for his very interesting lecture.

ANNOUNCEMENTS

The Executive of the Undergraduates' Parliament will meet this afternoon at 5 p.m. in the Writing-room of the Union.

The 1914 Skating Party will be held at Aura Lee Rink, February 13. Tickets may be obtained from members of the Executive and should be purchased early as owing to the smallness of the rink at Aura Lee a limited number only will be on sale.

In the "Y" building, next Wednesday at 5 o'clock, School men will have an opportunity of hearing Mr. Andrew Thompson, of Honan, China. Mr. Thompson is a colleague of Jimmy Menzie, B.A.Sc., '07 and will have something to say along engineering and missionary lines. School men keep the date open!

"Daffydil Night" to be provided by the Meds in Convocation Hall on February 22nd, promises to be as successful as it will be unique. The Committee in charge are actively engaged in drawing up a good programme. The affair will be open to friends, and gentlemen attending are urged to bring their lady friends.

The next regular meeting of the Toronto Society of the Archaeological Institute of America will be held in the Physics Building, University of Toronto, on Thursday evening, February 8th, at a quarter past eight o'clock. Professor William Fenwick Harris, formerly of Harvard University, Cambridge, Mass., will give an illustrated lecture on "The Greek Theatre and the Greek Drama."

Y.W. AND Y.M.

The University College Y.W.C.A. and Y.M.C.A. have commenced a program of joint open meetings. In this they plan to hold a meeting each month and have these addressed by prominent men on distinctively practical subjects. To the student such addresses, coming as they will from men who know the world and its needs, should be peculiarly impressive.

The first of these meetings is to be held in West Hall, on Thursday, February 8th, at 5 p.m. The committee have been able to secure as speaker for this occasion Dr. J. A. Macdonald. In this they consider themselves fortunate for Dr. Macdonald's services are very much in demand. He refuses hundreds of invitations, to speak, every month. Dr. Macdonald is not only one of the greatest living orators but he is also one who understands most thoroughly the forces underlying the movements of society; on this occasion on the subject of "The Call of the Nation" he will be peculiarly in his element. There is a treat in store for those who are in West Hall at 5 o'clock on Thursday, February 8. Special music is being provided. Everybody welcome.

COMING EVENTS

- Feb. 8—Dr. J. A. Macdonald, West Hall.
- 8—U.C. Oratorical Contest.
- 9—School Dance.
- 9—Wycliffe Conversation.
- 10—Carnival at Varsity Rink
- 12—Class '13 Skating Party.
- 13—Columbia Ball.
- 13—Class 1914 U.C. Skating Party.
- 15—Trinity Glee Club.
- 16—Queen's Hall Dance.
- 19—St. Hilda's Dance.
- 20—Class 1915 U.C. Skating Party.
- 22—Glee Club Concert.
- 23—Inoor Track Tournament.
- 24—Boxing Tournament.
- 26—Medical Daffydil Night.
- 26—Modern Language Club, Italian and Spanish Comedies.
- 27—University Oratorical Contest.
- 29—Trinity Oratorical Contest.
- Mar. 1—Assault-at-Arms.
- 8—Women's Dramatic Club, "Much Ado about Nothing."

TORONTO, FEBRUARY 5, 1912

ARE YOU AWAKE?

How many men, not Science men, have been through the "Strength Lab." at the School? How many, not Meds, have seen the Pathological Museum? How many, not in University College, have seen—or rather noticed—the interior decoration of the most beautiful of the University buildings? For the matter of that, how many in U.C. itself have noticed it?

Really, we are very very narrow and provincial, we at Toronto. The men of one College know lamentably little about the other colleges, in their studies and accomplishments, their surroundings, even their undergraduates. A good deal of our ignorance is due to lack of observation; more to sheer indifference. The Arts man boldly talks about his "general knowledge," but too often knows surprisingly little outside his course; he has the vaguest ideas on strength of materials and the potentialities of H₂SO₄, on the difference between the carotid and the cranium, on the number of board feet in a given pine. The School man boasts of being practical; does he, as a rule, know too much of the great principles of the origin, flux and reflux of the wealth that enables him to drive his lines, to sink his shafts, or to feed his batteries and dynamos? Does he appreciate the slow, age-long steps of development that have given him the knowledge that he has? We venture to think that, as a rule, he does not pay these things the attention that their importance warrants. The same sort of statement might be applied with equal justice to the other faculties. Very few of us have any but the faintest notion of what the men not in our own college are doing.

This is, it seems to us, a state of affairs that stands in the way of the greater unity of Toronto that those who have her interests at heart are so eager to see brought about. Ignorance precludes sympathy; we cannot have a real sympathy among the colleges, if they continue to hold aloof from each other as they seem to do. The great trouble—the source of this, as of nearly all our most crying evils—is indifference. If the undergraduates would begin to take an interest in colleges other than their own, the greatest step toward obtaining real unity in the University would be made. The new Union will help to make permanent the results thus reached; but the first move must come from the undergraduates themselves. The University needs the unity that such a move would lead to. Will her undergrads fail her?

Dr. MacDONALD TO SPEAK

University Students will have an exceptional opportunity of hearing one of the greatest orators of the Dominion in the person of Dr. J. A. MacDonald, who will deliver an address "The Call of the Nation" in the West Hall of the Main Building, Thursday, February 8th from 5 to 6 o'clock. This meeting is being held under the auspices of the University College Y.M.C.A. and every epicurean of the oratorical art should take advantage of the exceptional opportunity presented.

ONLOOKER'S CORNER

Let us remark the studious fellow. He is the recluse collater of texts, the ardent follower of time-tables, the honoured man in examinations. He is popularly termed 'swot', and is said to read the letter of academic work and to miss the spirit of it. But it is also he, prithe observe, who has a solitary interest in his college, and from him comes a loyal support in all its doings. It is the studious man who becomes the cultured man, with whom, in twenty years, you butterflies will claim acquaintance. You will hang his photograph in your studies, and speak of him affectionately as 'George.'

It is amusing to hear the number of men who calmly speak of their lack of application as a virtuous breadth of interest in University life. It is this generally accepted excuse that puts the student proper in his uncomfortable place. He should be more respected, because it is well known that men of great practical sense and of brilliant intellect are always students. Our greatest minds were distinguished at school. On the other hand, genius cannot be kept to the rails. But genius is not wanted yet. A young nation must do its teething on bone. One might almost say on bone-heads—at any rate hard heads, practical heads. Now look about for the man we need, who will be found on the rails, going strong—a student.

THE ONLOOKER.

HABITUAL HIGH-BROW

The atmosphere of the Medical Building was disgusting in its fetidity. But my feet rang cheerful on the iron stairs, for I was confident that College Life lay at the end of the climb. Entering the amphitheatre, I made for the nearest seat and looked around.

"At last!" I murmured, "at last I have found it." For I saw a hundred men and four-score women, note-books open before them, drinking wisdom from the lips of a bewhiskered lecturer below. There was an incessant scratching of pens and the lecturer's voice was pleasant to hear. I did not know what he was talking about. I did not care. Enough for me that my quest was ended; after a while I heard the voice no more.

A book flopped to the floor and I awoke to find the lecturer still at his task. Apparently all was the same as when I had dropped out of consciousness; but on a second look—*quam mulatus ab illo*. The pens no longer raced; except that some few girls with true feminine conscientiousness, took down in detail the labored sentences, while an aesthetic youth nearby busied himself with the composition of a love sonnet. The majority had drooped into easy postures and conversed in whispers or stared around waiting until the interminable hour should end.

When this occurred, the dozing class pulled itself together and filed out, listless, enervated.

"Surely this is not College Life," I sighed, stumbling to the door. "I must seek elsewhere."

CORRESPONDENCE

REPLY TO O.D.S.

To the Editor of The Varsity:

Dear Sir:—I noticed in The Varsity of Friday last, a letter which surprises me, only in that it, or something like it has not appeared before. It is, unfortunately inevitable that there should be some undergraduates here, who are not only content but eager, that the virtues of their ancestors should cover up their own lack of virtue, and who consider that because their father's brother's great uncle by marriage once had some intention of joining the local militia, they themselves are free from any responsibility for the defence of their fellow-citizens. In order to persuade themselves of the righteousness of their position, they generally stigmatize those who realize and face their responsibility in this matter, as alarmists, and not uncommonly attribute to them, objects which no sane man would have.

Your correspondent, "O.D.S.", is apparently a person of this sort. In his eagerness to shirk his duty, he has made at least one statement which is absolutely

false. It is that it is the "avowed object" (the italics are his own) of the Canadian Defence League to make war with the neighbouring republic," if it will not come any other way." What absolutely foolish falsehood! The objects of the League are to maintain the Imperial tie and Canadian nationality, to increase the efficiency of the Canadian forces, and to encourage military training for every able-bodied man in the Dominion—objects at least legitimate, and in the opinion of many, entirely praiseworthy. I should suggest that before "O.D.S." again makes public his opinions on a subject, he will take a little care to get his facts correct. He might even go so far as to shew a little courtesy to gentlemen much his seniors; rudeness such as his indicates devoid of valid argument.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY,
Deputy of the Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

The Royal Military College of Canada

THERE are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government institution, designed primarily for the purpose of giving instruction in all branches of military science to cadets and officers of the Canadian Militia. In fact it corresponds to Woolwich and Sandhurst.

The Commandant and military instructors are all officers on the active list of the Imperial army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

Whilst the College is organized on a strictly military basis the cadets receive a practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and, in addition, the constant practice of gymnastics, drills, and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commissions in all branches of the Imperial service and Canadian Permanent Force are offered annually.

The diploma of graduation, is considered by the authorities conducting the examination for Dominion Land Surveyor to be equivalent to a university degree, and by the Regulations of the Law Society of Ontario, it obtains the same examinations as a B.A. degree.

The length of the course is three years, in three terms of 9 1/2 months each.

The total cost of the course, including board, uniform, instructional material, and all extras, is about \$800.

The annual competitive examination for admission to the College, takes place in May of each year, at the headquarters of the several military districts.

For full particulars regarding this examination and for any other information, application should be made to the Secretary of the Militia Council, Ottawa, Ont.; or to the Commandant, Royal Military College, Kingston, Ont.

H.Q. 94-5. 10-11.

KNOX COLLEGE

"A little ere the mightiest Julius fell
The graves stood tenantless, and the sheeted dead
Did squeak and gibber in the Roman Streets."

There appeared in a city church on Sunday a gentleman whom the world has been unconsciously expecting for a great number of years. Lo! this gentleman has undoubtedly ushered in the millennium. The week preceding the arrival of this gentleman was, needless to say, filled with uncommon occurrences. It was decided that the slides should be closed on Sundays and 'Old Mooley' was advised to give milk only six days in the week. Even a bashful gentleman became a bashful gentleman became as infatuated with Gertrude Hoffman that he was unable to sleep for a week.

It is needless to mention any more of these portents—suffice it to say that on the above mentioned day throngs gathered at this church saying with one accord, "we have seen your star over Knox College and we have come to worship you." The said gentleman answered with a lengthy discourse replete with brilliant witticisms and terse epigram. He ended by saying "the times are out of joint and I am come to set them right."

The fact is that Gilbert Gomm preached his academic sermon on Sunday.

The members of Prof. Davidson's class have decided to confine themselves to the study of "Socialism." The subject promises to be very interesting as it is a live subject at the present day. The leader is looking for someone to do some research work in the down town districts. This is a real opportunity for anyone possessing the spirit of adventure.

UNIVERSITY COLLEGE

Owing to the pressure of extraneous circumstances Mr. E. S. Farr has been obliged to resign his position as U. C. representative on the Varsity. Herb. Taylor who has taken over the work will be found in the rotunda every day from 9 to 9.10, from 10 to 10.10, from 11 to 11.10 just stroll around and tell him what is happening.

Friday morning Varsity Stock Exchange (The Rotunda) was greatly excited when at 11.05 Prof. Cudmore, with his gown flying, swept in, holding on high a crooked and well nicked scantling which appeared much as a shepherd's staff. The blue blood of U.C. (phrase from the Onlooker) immediately prepared to follow behind, but were forcibly restrained by Duff Wood who explained that the insignia was only a decoy used to entice innocents to an Economics Lecture.

TRINITY COLLEGE

Inter-year hockey opened at Trinity on Thursday morning, with great eclat, the participants in the struggle being the sophomores and the freshmen. The game was exceedingly close and only by an individual rush by Wilkes was the winning goal scored. Matheson was the star for the sophomores, while Wilkes played the best game for the winners. The teams:
Sophomores—R. Wing, Willis; L. Wing, Drew; Centre, Mills; Rover, Matheson; Cover Point, Caverhill; Point, Hayes; Goal, Wilkins.

Freshmen—R. Wing, Dixon; L. Wing, Howard; Centre, Somerville; Rover, Wilkes; Cover-Point, Cluff; Point, Wheatley; Goal, Spragge.

WANTED

To complete its file records of volume No. 30, year 1910-1911, The Varsity requires copies Nos. 18 to 27 inclusive, 30 and 31, 35 and 36, 38 and 39 of the paper. If there are any readers who have some of these copies, and can spare them, will they kindly forward the same to the Business Manager of The Varsity.

APPLIED SCIENCE

The second yr. hockey is now in full swing and the sophs are practicing on Tuesday from 3-4, and Saturday from 12-1. The last practice 17 men turned out, and much promising material has been unearthed from which Mgr. Perry expects to pick the championship team. Keen rivalry is being shown by the participants in the race to secure a place on the team, and it is having the effect of getting a large number of men actively engaged in hockey. This ought to be a rich hunting ground for the scouts of the senior and Jennings Cup teams.

Those that showed up best were Hayman, Lount, Rainey, Binns, Miller, Cameron and Ratz.

A jolly little sleighride party left the main building the other morning, and after a fast (?) drive around the campus stopped at the C. and M. building for a lecture on surveying. The sleighing was excellent, the air very invigorating, and once equus velox was started, everything went merrily. All of the II yr. Civils and Miners report having had a very fine outing.

The third game in the first year League was won by the Civils B team from the Miners and Arch. Score 2-0. Hockey is developing rapidly in the year as a result of these games.

Watch the columns of Varsity for news of the Inter-faculty Indoor Track Meet. As entries are limited to those who have never won either first or second place in any University meet, this presents a splendid chance for freshmen to get a start in University Athletics. Get out and help School win this meet.

Intending subscribers to the School dance are asked to send their applications in before Friday as no applications will be considered after that date.

F. J. Anderson '07 and F. C. Lamb '07 and F. Harvey '10 were visitors at the School this week.

After Feb. the 9th, "The Time, The Place and The Girl" will no longer interest 3rd Year Civils, instead it will be the time, the place and the observed altitude.

The fourth year Electricals hereby accept the challenge of their demonstrators for a high tension game of hockey at the Varsity Stadium on Monday (today), at 10.30 o'clock. Rusty Bell, owing to his high efficiency service as a referee, is willing to resuscitate any one during the contest, at the same time guarding the interests of both factions.

MEDICAL NOTES

Prof. J. J. McKenzie is able to lecture again after a weeks illness.

If some of the first and second year want their dances, etc., announced in this column, they ought to see that someone leaves notes in the Varsity news box in the reading room. That's what the box is there for.

The fourth year have at least one interesting subject to study, psychiatry. A couple of days ago they had a lecture on the "Significance of Dreams."

Dr. Wright '10, will read a paper at the Orthopaedic Clinic at 4.30 Saturday afternoon on "Enteroptosis and Rheumatism." For the past year he has been connected with Johns Hopkins.

There was a large meeting of those interested in the advancement of Mission Study in Medicine last Friday. One hundred Meds. are needed in the classes.

It may be that certain students in a sister faculty may not see the point in the following but the Fourth Year Meds in a lecture on Thursday afternoon, certainly enjoyed a remark made by one of the Professors. He was speaking of the process of mummification and said, "If you want to see some good mummies, go up to Victoria College any time and you can see them. Now of course he didn't mean live ones, but anyway, that's what he said and it sounded good."

Who's coming out for President of the Medical Society, next year? Nominations take place next Friday night.

MISS BRADFIELD LEAVES

Patrons of the Dining Hall will be sorry to learn of the loss of the services of Miss Riley's capable assistant, Miss Bradfield. Miss Bradfield graduated from the Department of Household Science last year and has ably filled a position in the Dining Hall since September. To-day she is leaving to take up a much better position in Kingston where she will be connected with the hospital staff of the Government Asylum. We wish her every success.

How Far Will a Dollar Go?

It is largely a question of food knowledge and food sense. An intelligent selection of food means less waste, smaller grocery bills, better health, better nourished bodies. For breakfast take two

Shredded Wheat

Biscuits and heat them in the oven to restore crispness and then pour hot milk over them, and you have a warm, nourishing meal that will supply all the strength for a half-day's work, at a cost of four or five cents.

Served with stewed prunes, baked apples, canned peaches, or sliced bananas the meal is even more wholesome and satisfying.

Correspondence—Continued

Continued from Page 2.
One may perhaps be pardoned for not seeing quite clearly the train of reasoning of your correspondent. He makes the statement that the object of the military lectures is not to benefit the militia, but is political; which, he says, is proven by the fact that the militia is woefully in need of improvement. Now, Sir, I have never studied logic; but it seems to me that the fact he adduces to prove his statement, not only does not prove it, but indicates very strongly that the converse is true; that is, that the undoubted fact that the Canadian forces are in a very inefficient condition points to the conclusion that the object of the lectures is in no way political, but is the betterment of the service. This, I have every reason for believing, is the case. The lectures have given to the men who have attended an excellent idea of some of the basic principles of strategy and tactics, both as applied in the British Home and Colonial services, and as exemplified by historic campaigns and engagements. They are supplying a real need; and if O.D.S. thinks that a general idea of the construction of field entrenchments, on a knowledge of fine discipline, will influence anyone's vote on economic questions, I should advise him to learn a little about those and kindred subjects, and note the change in his faith in the doctrines of Free Trade. It should not be great.
Thanking you, Sir, for space, I am,
Yours sincerely,
CINCINNATUS.

JENNINGS CUP

In only one of the four groups in the Jennings Cup series can a probable winner be picked. In Group C Victoria have a commanding lead at present and bid fair to win their group championship without a loss. They meet Faculty next Thursday from 4.30 to 5.30 p.m. at Little Vic rink, and with the added advantage of home ice and playing before "Vic's" justly famous bunch of co-ed rooters" should have little trouble in repeating Saturday's victory.
The standing at present is

	Won	Lost
Vic.....	3	0
F.O.E.....	1	1
Vets.....	0	3

In Group B Junior School are the likely winners but if Jr. Arts can trim them in their one remaining game, next Tuesday from 5-6 the whole series will be tied-up with 2 wins and 2 losses apiece. Group B standing:—

	Won	Loss
Jr. School.....	2	1
Jr. Meds.....	2	2
Jr. Arts.....	1	2

Dents and Forestry are the only teams in group D and have played only one match, Dents winning 8-7. The game scheduled for Saturday at Excelsior had to be postponed as Dents were unable to secure ice. Dents leave to-day for Markham to play the O.H.A. team there tonight and several of the woodsmen are going to Ottawa to attend the three days' Forestry convention beginning Wednesday. Evidently it will be some time before this group returns a winner but either one of them will take a lot of beating in the finals.

Sr. Meds appear to have the best team in group A but Pharmacy are coming strong and have a grand chance to win out. The druggists were unfortunate in losing one to Sr. Arts before they got going and will have to trim the doctors in both games to get into the semi-finals. Group A standing:—

	Won	Lost
Sr. Meds.....	1	0
Pharmacy.....	2	1
Sr. School.....	1	2
Sr. Arts.....	1	2

JR. SCHOOL 11—JR. ARTS 5.
On Friday, Jr. School won a hardly-contested match from Jr. Arts by a score of 11-5. "Pete" Campbell put his shoulder out early in the first half and was forced to retire, Firth going off to even up. The teams were:

"VIC" STILL WINNING.

In one of the most strenuous matches of the inter faculty hockey series, Vics defeated F.O.E. on Saturday by 7-2. The game was very rough and Chidley kept the fence decorated with the worst of fenders. Vic's forwards worked well together and with a little more practice ought to develop a first-class combination.

The Dope Sheet

The race for the intercollegiate hockey championship taking on interesting features, and the teams are now on the home stretch, with Queen's hopelessly an also-ran and a probable dead heat between McGill and Varsity. Queen's have won none and lost three, Varsity won two and lost one, and McGill with two wins and no defeats are at present in the lead. Queen's play McGill on Friday night and Varsity finish up their American tour at Montreal on the 16th, and need this game to have even a look-in for the premier honours. Assuming that the Blue and White win this game, a victory for McGill over Queen's this coming Friday, will leave the two former teams tied with one loss apiece, while a win for Queen's will give Varsity the Championship.

And any other result save a decisive win for Parker's "colts" will be a decided surprise. In that disastrous McGill game at the beginning of the season, the team was completely disorganized at the last moment by Frith's sudden illness. Hanley was called on to play the point position, with absolutely no practice as a defence man. The combination of the forward line was broken up entirely and there was a general lack of that confidence that characterize Varsity teams and was only lacking on this occasion because of the eleventh hour loss of their captain. Yet in spite of these handicaps, they piled up a score of 10-3 before McGill's superior condition, acquired in the four games already played, began to tell and there started that memorable procession of goals that turned an apparently hopeless defeat into a long-to-be-remembered victory.

The situation is now entirely different. Hanley and German's defence game on Friday night was a feature of the match and the combination of the forward line, while leaving much to be desired, was far ahead of anything yet displayed. But above all every member of the team is in the "pink of condition" and able to either stand or give the most strenuous back-checking all the way.

Clarkson filled Strome's place at centre most acceptably. The latter injured his knee again on Friday, wrenching his knee severely by falling on the stone steps leading up to the main building.

In the Juniors' match with Simcoes Friday night, Harry Reynolds pulled off one of the neatest plays recorded this season. With every Simcoe player on the ice and only three Varsity men (Goal, Bolder playing point, and himself) he carried the puck through alone and scored, besides checking so hard and faithfully that Simcoes didn't even get a chance. And Harry is not the only one who is there in a pinch, which fact explains the Junior's great record to date.

In a review of the O.H.A. situation, published in Saturday's "Star Weekly" Mr. W. H. Hewitt makes a composite quotation from the Dope Sheet and news columns re the Kingston team and their chances in the finals, commenting briefly that this "sums up the situation exactly."

We are now convinced that Mr. Hewitt is the ablest, sanest and most accurate observer of sporting writers. If only he had never said that the Winnipeg Vics were champions of a "one-horse league, a two by four league." We really believe he must have been misquoted. He must have said "an eight by ten league."

JUNIORS TRIM SIMCOES

The Juniors won the final match in their district on Friday night at Excelsior rink, beating the Simcoes 15-2; the half way score was 9-2. Simcoes brought along only 6 men and the teams played one man short. Sinclair played a spectacular game.

The Juniors did not lose one match in their group and have a score to-date of 99-16. The teams were:—

Varsity—Goal, Armstrong; Point, Clarkson; Cover, Boulter, centre, Reynolds; Right, Sinclair; Left, Gouinlock.

Simcoes—Goal, Howe; Point, Narrett; Cover, Lavery; Centre, Ellis; Right, Tuck; Left, Warwick.

Referee—W. S. Hancock.

A WISE COURSE.—*The Author*—"Would you advise me to get out a small edition?"

STUDENTS' EYES AND THEIR NEEDS

University men and women should be very particular about their eyes. If vision is poor, or reading tires, or eye-strain is suspected, the matter should be looked into at once and a remedy found. Time and nervous energy should not be wasted in student days.

Don't let matters simply take their course—do something—the finest service is at your command at the "Potter" optical house. Call if you will and Mr. Petry will advise with you—will answer your questions freely and help in every possible way.

Let him test your eyes and supply glasses—the test will be conducted with the utmost care and accuracy, and the glasses will be made as well as it is possible to make them anywhere.

There is a discount to students from the regular prices (twenty per cent.) which you may as well have.
