The copy filmed here has been reproduced thanks to the generosity of:

Stauffer Library  
Queen's University

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche sheet contains the symbol  $\rightarrow$  (meaning "CONTINUED"), or the symbol  $\nabla$  (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Stauffer Library

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole  $\rightarrow$  signifie "A SUIVRE", le symbole  $\nabla$  signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

# General Information

Glenwood Cemetery is within the Town Corporation limits, which means ease of access at all times.

Comprises about 150 acres with two miles of avenues and roads.

One of the great advantages which lot owners in this cemetery possess is the public character of the Trust, and the fact that its funds are used solely for purposes of administration and ornamentation and improvement of the grounds.

Persons desiring to purchase lots should visit the Cemetery where the Superintendent will be found in attendance and give all needed information. After selection has been made they should at once bring their lot tickets to the Secretary-Treasurer, for which a deed will be given.

Should any lot owner desire any extra care or labor on his lot, he can secure it by the payment to the Superintendent of such sum as may be agreed upon.

Schedule of charges in back pages of book.

The Trustees would particularly call the attention of all plot owners, who have not availed themselves of the perpetual care of plots, to the fact that the charges are moderate, and according to size of plots. All monies so received by the Trustees are receipted for in trust, for all time to come. The same is invested in bonds, and the interest only can be used and applied to the care of plots.

Many plot owners during their lives, pay for an annual care. We would strongly advise that in making their wills, they make provision for Perpetual Care; or if they have already made a will to attach a codicil bequeathing money for Perpetual Care of Cemetery Lot. A clause to the following effect will ensure care for all time:

Form for Clause in Will to Bequeath money for Perpetual Care of Lot:

I hereby direct my Executors to pay to the Trustees of Glenwood Cemetery Company, Picton, Ont., such sum of money as may be necessary to obtain from said Corporation an agreement

for the Perpetual Care of Lot No.....  
Plot....., Block....., in said  
Cemetery.

—  
Their plots will then be cared for  
and looked after when they and their  
children will have passed away to  
their quiet rest beneath the sod.

We are all anxious for our present  
welfare, but how few there are who  
are as willing and anxious to provide  
for the future care of their long rest-  
ing abode.

Then why not take a perpetual care  
at once? If you keep putting it off  
it is possible someone else will have  
to do it for you, if it's ever done at  
all.

All plot owners are equally interest-  
ed in Glenwood Cemetery, and it is  
necessary that they assist and help  
the Trustees who are each year striv-  
ing to work up to an ideal which will  
make our Glenwood Cemetery what it  
ever should be, worthy of the living,  
and a beautiful resting place for the  
dead, so that it may be said: "It  
makes one almost in love with death  
to be buried here."

Hallowed such grounds must always  
be, and surrounded they ever are with

associations so sacred that irreverence cannot intrude therein.

It is necessary that plot owners assist and help the Trustees to build up the Perpetual Care Fund, to keep up the future care and general appearance of Glenwood Cemetery.

In some of the larger towns and cities they do not sell a cemetery plot without Perpetual Care. We do not see our way clear to make that demand just yet. But unless we can create a good Perpetual Care Fund when our lots are all disposed of there will be no income to keep up the general appearance and care of our past and present beautiful Glenwood Cemetery. This fact is plain to be seen in the many cemeteries that are provided with no future care fund. The old U. E. Loyalist Burying Ground, as well as many others, bears silent testimony to the regrettable fact that no provision was ever made for Perpetual Care.

# Rules and Regulations

---

One of the objects to be secured being the improvement and embellishment of the Cemetery, it is with the utmost confidence that the Trustees appeal to the citizens to aid them in the carrying out of the following Rules and Regulations.

## SALE OF LOTS

1. Lots for burial purposes will be sold for cash exclusively at such prices as may be determined upon by the Trustees, and according to the plans on file in the office of the Secretary-Treasurer and Superintendent.

Purchasers of lots acquire simply the right and privilege of burial of the dead and of constructing vaults or tombs and other monuments, subject to the Rules and Regulations from time to time in force.

No lot will be considered sold or reserved from sale until reported at the Secretary's office and approved by him.

2. Lots purchased will be conveyed

by the Trustees to the purchase on the form adopted by the Trustees, and such deed will be subject to the following regulations or such regulations as may from time to time be determined upon by the Trustees, as if embodied therein in full :

(a) Trees, shrubs, flowering or other plants, may be cultivated on lots, but only such varieties as are in good taste and in keeping with the general plan of the grounds and subject to the approval of the Superintendent and Trustees.

No tree or shrub growing within the lot may be removed or injured without the consent of the Superintendent and Trustees.

If any trees or shrubs situate in any lot shall in the opinion of the Trustees become by means of their roots or branches, or in any other way detrimental to the adjacent lots, drains, roads or walks, or prejudicial to the general appearance of the grounds or inconvenient to the public, the Trustees shall have the right to enter the said lot and remove the said trees or shrubs, or any parts thereof as may be considered detrimental, prejudicial, dangerous or inconvenient.

The throwing of rubbish on the roads or walks or any part of the ground is prohibited. Proper wire baskets are provided at convenient points on the grounds for the deposit of weeds, decayed flowers and plants, etc.

(b) Proprietors shall not allow interments to be made in their lots for a remuneration.

(c) The grantee or grantees under such conveyance shall not sell, transfer, assign or convey any such lot, or any interest therein, without first notifying the Trustees in writing of their intention so to do, and furnishing full particulars as to the name, address, occupation or other description of the party to whom it is proposed to sell or transfer; and a register of such sale, transfer, assignment or conveyance shall be recorded by the Secretary; and no such transfer shall be made while there are any arrears due upon the said lot.

(d) If any monument, or any structure whatever, or any inscription be placed in or upon any lot, which shall be determined by the Trustees for the time being to be offensive or improper, the Trustees may enter upon

the lot and remove the said offensive or improper object or objects.

3. Owners against whose lots there are no unpaid charges may dispose of the same as above and have the transfer recorded by the payment of two dollars for each transfer, but no transfer will be permitted except with the consent of the Trustees, and in Greenwood Cemetery such consent will not be given without the lot being placed under the perpetual care system.

### BOUNDARIES OF LOTS

The owner shall, on the issue of the deed, erect at his expense, under the direction of the Superintendent, suitable landmarks of stone at the corners of the lot or lots mentioned in the deed between 5 inches and 6 inches square and not less than 12 inches deep, and shall also cause the number of the section and lot to be legib'y and permanently marked thereon.

If the owner shall omit for ninety days after the issue of the deed to erect such landmarks, with the number aforesaid, the Trustees may cause the same to be done at the expense of the owner and charged against the lot.

Borders, fences, railings, walls, cut-stone copings and hedges in or around lots, are prohibited.

Where fences, hedges, copings and other enclosures heretofore erected around any lot have, by reason of neglect or age become objectionable in the judgment of the Trustees, the Trustees may have such enclosures removed.

#### CARE AND IMPROVEMENT OF LOTS

1. All lots should be properly sodded, the grass regularly mown, and the trees and shrubs kept trimmed, so that the Cemetery may be kept in uniformly good order, and in order to protect the grounds from injury by the introduction of irresponsible workmen such work to be done by the Superintendent at the expense of lot owners where such lot is not under perpetual care plan.

2. All owners of lots are required to keep in proper repair, at their own cost and to the satisfaction of the Superintendent, all stones, monuments and other erections upon such lots, and must remove all rubbish occasioned by the putting up or repairing of such stones, monuments or erections

to such places of deposit as are provided by the Superintendent for that purpose.

3. The Superintendent shall from time to time report to the Secretary any lot upon which the stones, monuments or erections are out of repair; whereupon the Secretary shall notify the owner of such lot that the same is out of repair, and that the same must be put in proper repair, to the satisfaction of the Superintendent, and in case any lot owner shall, after such notice, refuse or neglect for the space of three months to put any such stones, monuments or erections in proper repair, then the Superintendent may if authorized by the Trustees repair, remove or otherwise deal with the same.

4. All notices required by any by-law, rule or regulation, to be given to lot owners, may be given personally to the owner; or may be mailed to such owner, or his legal personal representatives, at his or their post office address as appearing in the books of the Trustees.

5. Implements or materials used in performing any work within the Cemetery, which may be left on any lot

or adjacent ground, must be removed by the owner thereof without delay; otherwise the obstruction may be removed by the Superintendent, and the expense charged to the said owner.

6. If any lot owner shall make any change in his lot interfering with the grading of the same it may be regraded by the Trustees at the expense of the owner.

7. No person shall make any walk or cut any sod in the Cemetery.

11. All workmen employed in the construction of vaults, erection of monuments, etc., must be subject to the control and direction of the Superintendent; and if the Trustees so direct any workman failing to conform to this regulation shall not be permitted to work in the grounds afterwards. Masons and stonecutters are required to lay planks on the lots and paths over which heavy materials are to be moved, in order to protect them from injury.
