### HONEST TOM CRAWFORD IS CHOSEN FOR SPEAKER

Member for West Toronto is Formally Nominated, Appointed and Installed to Succeed the Late Hon. J. W. St. John.

TOUCHING TRIBUTES TO DEAD

Premier and Members of the House Join in Sincere Expressions of Regret-Allan Studholme Moved to Tears.

Thomas Crawford, M.L.A. for West Toronto, was yesterday selected as Speaker for the legislature in succession to the late Hon. J. W. St. John.

On assembling at 3 o'clock yesterday, Premier Whitney addressed the legislature. The circumstances under which they had met were well known to all of them, he said, as of an exceedingly mournful and sorrowful nature. He had an official duty to perform, which

honor the lieutenant governor,
"His honor the lieutenant governor "His honor the lieutenant-governor commands me to acquaint you that the Hon. Joseph Wesley St. John, member for the West Riding of the County of York, and recently Speaker of the legislative assembly, has departed this life, and that his seat in the assembly having thereby become yearn the special ing thereby become vacant, the appointment of another Speaker is rendered necessary. It is, therefore, his honor's pleasure that you do forthwith choose fit and proper person to be your Speak-er, and that you do present him whom you shall have so chosen to his honor in this house to-day, for his honor's appro-

Mr. Whitney, continuing, stated that as the circumstances varied under which vacancies might occur by death or absence, he had chosen to follow the precedent set when Hon. R. W. Scott resigned the Speakership and was appointed a minister of the crown. Sir J. D. Edgar died within ten days of the end of a piled that Sir Frederick Borden was still

Mr. Whitney then described the procedure which was immediately after-wards followed out, first announcing that the house would meet this after noon at 2 p.m. ,and on Thursday at 11 a.m. This afternoon it would be decided whether the house would close this week. If not, and he desired to do nothing in haste, they would all be willing to go over till next week.

Pleasant Words. He then moved, seconded by Hon.

"That Thomas Crawford, esquire, member of this house for the electoral district of West Toronto, do take the chair of the house as its Speaker."

It was quite unnecessary for him, he observed, to enlarge on the qualities of the gentleman selected by the government for the exalted position he was to only \$2800 a year because he had only fill. He had been well-known and well- 24 years of service to his credit. respected by them for some years. Beore entering the house he had gained the confidence of his fellow citizens in this metropolitan city, and from alderman he had graduated to the legislature or the vacancy in the railway portand become a valued member. His ex-

had been considerable. Hon. Mr. Foy, in seconding the motion, thought it would commend itself to the members on both sides. Mr. Crawford had had a large municipal experience and on the floor of the house. His excellent good sense and even mind qualified him to fill the high and disinguished office with impartiality and

Hon. Mr. Graham said the members on that side of the house heartily acquiesced in the choice of Mr. Crawford as Speaker, and he had no doubt he would continue to exemplify the fairness that had characterized the late occupant of the office.

The clerk of the house having declared the motion carried, Mr. Crawford, standing on the steps of the throne, acknowledged the election.

Returns Thanks. "No words of mine can express my feelings at the present moment. I may say the honorable position you have placed me in is to a large extent appreciated by me. The circumstances which have led up to this action bring a pain to my mind and heart, as I am sure the sudden demise of the gentleman who filled with fairness and acceptability this position does every member of the legislature. must say I realize to some extent the responsibility of the office. far as I am concerned I hope. I shall discharge the duties falling to me straightforwardly and creditably to the gentlemen who have placed me

Hon. Mr. Whitney then moved the adjournment of the house until 3.45, about 15 minutes. At the hour named His Honor the Lieutenant-Governor with the prime minister preceded by his honor's secletary and aide-de-camp, all in full dress, entered by the north door and marched slowly to the throne. Seating himself he asked the members to follow his example, and directed his attention to Mr. Crawford. ho stood nervously at the foot of

The Formalities. "May it please your honor," he said, "the legislative assembly have

DELAY ON I. C. R.

Montreal, April 8. Officials of the complain that the Empress mail steamer, which should have sailed from Halifax at 6 p.m. on Saturday, did not get away until 10 p.m. on account of the delay in the arrival of the Canadian mails over the I.C.R. It is claimed that while the government road shows diligence in running specials westward with the mails, only uses the ordinary trains east-

### The New Speaker

Hon. Thomas Crawford, who succeeds the late Hon. J. W. St. John. Born in Fermanagh, Ireland, in 1847, but resident in Toronto since 1854; prominent as a cattle merchant for nearly 40 years; three years in city council; M.L.A. for West Toronto

# was to deliver the message from his honor the lieutenant-governor.

Sir Mackenzie Bowell Speaks Out -Col. Vidal Has Passed Age Limit.

Ottawa, April 8.—(Special.)—The senate to-day discussed cabinet vacancies and recent changes in the militia In outspoken fashion.

Senator Landry said there had been session, and the only delay made was riled that Sir Frederick Borden was still with the certainty for the purpose of electing a new minister of militia. In regard to Lord ernment guarantee. Aylmer, when appointed, it was understood his appointment was to be that arrangement.

Sir Mackenzie Bowell said it was reported that Lord Aylmer had not voluntarily retired, but had been re-moved. Lord Aylmer was in spiendid health. Col. Vidal was only a year younger and was an invalid. The affair was an outrage on the militia. Senator Power said it was not true as reported that in a year Col. Vidal would retire at the same pension as Lord Aylmer did. Lord Aylmer had served the full term of 35 years in the militia, and had a retiring allow-ance of \$4200 from a \$6000 salary. If Col. Vidal was retired after a year's Senator Ferguson wanted to know if the acting premier had anything to communicate in regard to Mr. Hyman

perience on committees and as chair the Hon. Mr. Emmerson had made a man of committee of the whole house statement to the commons. He had no Sir Richard Cartwright said that doubt Mr. Emmerson would be able to vindicate himself.

Returning to the militia question Senator Landry said the King's regulation declared colonels were liable to retirement at the age of 63, not 65. Militia officers had their official birthday on the same day, the first of September. Col. Vital was returned as having been born May 16, 1843. He was actually 63 last May and officially 64 in September. Sir Mackenzie Bowell asked Hon. Mr. Scott if he was acting minister

Hon. Mr. Scott said that, the not officially appointed, he was consulted by the deputy minister of militia, and acted for the militia department.

Too Terrible to Live Amid Cries of Starving Thousands - Conditions Past Exaggeration.

Rev. Dr. Somerville, interim treasurer has received a letter from D. McGillivray of Shanghai, regarding the Chinese famine, in which he says: Many thanks for the enclosure for amine relief. I at once forwarded it to the committee here, who are

operating with the missionaries in the stricken area. The reports art not exaggerated; thousands must die, in any case.
"We greatly fear the missionaries will not stand the strain much longer.
"It is too formible to like mith the "It is too terrible to live with the

cries of the starving, night and day, ringing in their ears. They need our prayers as much as the Chinese.'

Dr. Somerville will forward any contributions sent to the church offices in the Confederation Life building.
In all \$2535.72 has been forwarded thru
the Presbyterian offices toward the relief of the famine sufferers. Eighteen hundred dollars of this amount was sent last week, and this has come in the form of purely voluntary subscriptions from parishioners of the Metho-dist and Presbyterian Churches. As yet no direct appeal has been made. The money is disbursed by missionaries in the field.

### AUSTRALIA'S SCHEME FOR OLD AGE PENSIONS

Ten Shillings a Week When Age of 65 is Attained - Drunkenness Debars Candidates for Aid.

Melbourne, Australia, April 8.-A retems at present in force are:

10s a week; for married people 7s 6d a week each; may be claimed at the age of 65. Income, including pension, must not exceed £52 a year. Cost to state of 22,000 pensioners £508,000.

Victoria: Maximum 8s a week; at 65, or earlier in cases of dangerous or unhealthy occupations; 20 years' residence. Income, including pension, must not exceed £26. Pensioners, 11, 452; cost, £205,000.

sons of drunken or disreputable habits shall be ineligible, and that in certain cases the allowances shall be suspended. They also suggest that a penalty shall be imposed for supplying a pensioner with intoxicating drink. They do not think the institution of pensions will discourage thrift, and suggest that government should encourage a spirit of independence by establishing an assurance system which would enable those wishing to provide for old age to do so with the certainty afforded by a gov

Attorney for Defence Begins His Address to Jury and Moves One to Tears-Proving Young Wife's Story True.

New York, April 8.—The curtain began to fall to-day on the dramatic trial of Harry K. Thaw, charged with the murder of Stanford White.

Attorney Delphin M. Delmas, the California advocate, began his long anticipated address to the jury this afternoon, and after he had spoken for mere than two hours and a half, adjournment was taken until to-morrow. morning. Mr. Delmas expects to finish his speech before the luncheon hour is

District Attorney Jerome will make District Attorney Jerome will make the closing address of the trial on Wednesday, and Thaw's fate should be in the hands of the jury by Wednesday evening. Justice Fitzgerald to-day ordered the jury locked up until the ent of the trial. The judge's charge to the jury will be delivered immediately after the district attorney concludes his speech, which will take up three or four hours.

Declaring that he would not base his plea upon the "unwritten law," because his client found ample justification in the written statutes of the State of New York, Mr. Deimas made a striking appeal to the support of the fury.

New York, Mr. Delmas made a striking appeal to the sympathy of the fury. But so far as he went to-day, the subject of Thaw's sanity or insanity at the time he committed the homicide was not even hinted at, Mr. Delmas grounded his argument solely upon the story of Evelyn Nesbit Thaw.

With flushed cheeks, but dry eyes, that young woman heard her life history repeated to the men who are to judge her husband, and bowed her head when her mother was denounced in the bitterest terms and tones the eloquent bitterest terms and tones the eloquent

lawyer could command. "Even a beast protects its young," he declared with scornful emphasis, "but this unnatural mother deserted her daughter in this city of millions to be betrayed by a false friend, to be lured into a gilded palace, and there left the victim of a grayhaired man wounded. victim of a grayhaired man, wounded, bleeding and devoured."

Jerome Not Present. The courtroom was crowded this afternoon with an eager throng. Justice Fitzgerald's injunction, that abou-lute quiet must be maintained, was hardly necessary, for there was interest in every utterance of the attorney. Outside the courtroom a long line of perof the court was exhausted no more auditors were admitted. In the throng to-day were many attorneys of note, some of whom had traveled hundred of

All of Thaw's family courtroom. They sat stolid, as usual, thruout Mr. Delmas' argument, their features betraying no emotion which they might feel. Thaw turned to them from time to time, as his attorney seemed to strike some telling blow and seemed to strike some telling blow, and they smiled back, reflecting his own pleasure. Thaw also turned frequently to his wife, who, in the last stages of the trial, as in the first seems to be bearing the stress of the trial. She had a responsive smile ready for his every

District Attorney Jerome was not in court to hear Mr. Delmas' speech. His assistant, Mr. Garvan, took voluminous notes, however. Mr. Jerome, it was seid, was busy with the preparation of his own address.

The "Real Facts." Mr. Delmas began his appeal to the jury by quoting from an utterance of District Attorney Jerome during the trial. He said: "We have no right if the real facts were known to be here trying this man, and would be absolutely prohibited by

the statutes. place where idle men resort to indulge in idle talk, instead of hearing them in the tribunal wherein justice presided in selemnity; had the occasion on which they were uttered been some trivial discussion on some insignificant topic in-stead of a debate, the issue of which is life or death, and had you, after so hearing them, heard the same lips make an appeal to prove that the law de-

### HAMILTON HAPPENINGS ALDERMEN QUIT CHEWING

J. M. Gibson Writes Proposing Erection of Car Building Industry and Better Car Service.

COUNCIL GOES TO WORK

Hamilton, April 8.—Every time they meet the aldermen scrap so much that to-night after quarreling for an hour and a half they got so disgusted with themselves that they decided to swear

Aid. Dickson took Ald. Farrar to task for sending Chief TenEyck away to Battle Creek, after criticising almost every deputation that has left the city this year. Ald. Allen and Peregrine buried the hatchet, and Mayor Stewart asked the aldermen to avoid strife and get down to business, instead of try ing to trip each other up. He said London stock broker, to the city to that both he and Ald. Dickson were determined that there should be no down, Williams & Co. of \$4000 on a overdraft this year.

A resolution was passed instructing secretaries of committees to present the finance committee monthly financial statements of the business | Rock. transacted; the most important was the decision to enquire into the cost installing a municipal lighting plant. It was decided to close the deal for the sand dredge.

Col. J. M. Gibson sent a letter with reference to another conference between the Cataract Power Company and the city. In part it was as follows: "We have had in view under what we think from a business standpoint would be considered a reasonable arrangement with the city the erection, equipment and establishment of a car building industry, the general improvement of the street railway, and extensions, and a revision or modification of the street lighting contract, but we are not prepared and do not intend to make any propositions at all to the council unless we see some prospect of mutual conces-

Mr. Gibson asked for an early reply n view of the fact that he was going to England soon. The letter was referred to the board of works. The first annual report of the committee on the Grenfell Labrador fund was given this afternoon. It was established on Nov. 29, and the committee was organized this afternoon with the following officers: George Hope, president; C. S. Scott, vice-president; E. P. Aldous, secretary-treasurer.

Andrew Robb Dies. The congregation of the Church of St. Thomas agreed this evening to build a rectory and to extend the

It has been arranged that the 13th

inci- some clever clog dancing.

One of the most amusing and enter-taining comedies seen here this season is "A Lucky Dog." the new musical farce which Nat Wills and his clearer and "Fun in a Sanitarium." The clio capacity houses for the balance of the week. Mr. Wills has been here before in "The Duke of Duluth," but this piece did not contain the humorous situations, bright dialog or laugh-producing elements that his new offering does. It has a plot, simple, but sufficiently strong to carry the interest.

The trouble is all caused by an American service of the containing of the carry the interest. The trouble is all caused by an American who steals the "Ring of Desire."

REAU.

Those who love truly never die, Tho year by year the sad memorial A ring and flowers, types of life and Are laid upon their graves.

For death the pure life saves, And life all pure is love; and love can From Heaven to earth, and nobler

lesons teach. Than those by mortal read. Well blest is he who has a dear one

A dear companion that will 'not grow The anchor of love is death.

The blessed sweetness of a loving Will reach our cheek all fresh thru weary years:

She's thine unto the end. Thank God for one dear friend. With face still radiant with the light Whose love comes laden with the scent of youth. Thru twenty years of death.

not tears.

-John Boyle O'Reilly. DON'T MIX ROMANCE AND BUSI. NESS.

Business and love don't mix very well. If you are going to talk love, it is better to leave business entirely out of the question, and if you are going to attend strictly to business there is no

Women find it rather hard to understand that a man cannot mingle love-making with business, and many a young wife frets herself ill over what she imagines the loss of her husband's

Love is the best of all things, but run. Fortunately, he does not exist very often save in fiction. But there is no necessity of a man

becoming so absorbed in business that he can think and talk of nothing else. A woman never tires of being petted and made much of. A man is more inclined to take love for granted. He loves his wife and feels that she loves him, so what is the use of talking about it all the time, he argues.

The woman feels the difference between courtship and marriage. During the former nothing was good enough for her; her slightest whim was law: the stars, twinkled and the sun shone

There is no doubt that a man can become more absorbed by business than anything else in the world. Love to him is always more or less of a pastime. He can outgrow his interest in a woman, but he never outgrows his interest in business.

To woman, love is the most important of all things, and business will always seem of secondary considera-

Some girls find it very hard to realize that the business office is not a sort of school for love-making. Every man is a possible Romeo.

They should remember that their em ployer engages them to attend to his business, not to amuse his clerks. The man who spends most of his time flirting with some pretty stenographer not make a very reliable hus-He probably would go on flirt-

ing with pretty stenographers, and how would his wife like that? Courting hours come after business hours, and the man who can't get his mind off business long enough to do his love-making properly is not worth Mrs. Philip Robin has rented her calling a man. He is nothing but a flat at the St. George, and has left

dry old fogle.

But as for the young wife who
rearra all day because her husband

It does not mean that he loves h It does not mean that he loves her any less, but that the "race is to the swiftest," and if he is going to keep up with progress and earn a good living for her he must know what is going on and work his hardest. It's too bad, but that's the way in this modern, rushing world of ours.

She is quite in the right when she expects him to devote his after-business hours to her. It is the only time

ness hours to her. It is the only time she really sees him, and if she keeps his house neat and comfortable for him

dead;
A friend he has whose face will never mix, they can be distributed in very Beatrice Fairfax.

IN SOCIETY.

Mrs. A. C. Calder, 14 Shannon-street, wili not receive to-day, nor again this

For her who died long since, ah! waste By the gracious permission and under the patronage of Their Excel-lencies Earl and Countess Grey, and of Fis Henor the Lieut.-Governor and Mrs. Mortimer Clark, Mrs. Scott Raff will present the dramatic club in Stoops to Conquer," as prepared for his excellency's competition at Otta-wa, the presentation to be given in the Greek Theatrle of the Margaret Eaton School of Literature and Expression, Monday evening, April 15, at 8.15, in aid of the educational loan

> Mrs. Dick McGaw of Crescent-road is leaving soon for Atlantic City and will not receive again this season.

At Oshawa the marriage was solemnized by Rev. G. M. Sharpe of the Gospel Tabernacle of Miss Cora Levina Spark, formerly of Little Britain, to Mr. Corwin Edgar Andraus of Corbon. Oshawa. The ceremony was performed at the home of the bride's sisterin-law. The bride was attended by Miss Lora Lorence of Brooklin, while the bridegroom was assisted by his brother, Mr. A. Andraus of Whitby. the man who would neglect his business for love-making would be a highly unsatisfactory husband in the long wa.

One of the largest weddings ever solemnized in Cartwright Township took place at the home of Mr. and Mrs. George Marlowe, near Nestleton, when their eldest daughter, Miss Funice Mabel, was married to Mr. W. Hemming Thompson of Cadmus. About one hundred and sixty guests were present from Toronto, Lindsay, Port Perry and adjacent places. The bride entered the room with her father as the wedding march was played by Miss B. McNally of Blackstock She was attired in white embroidered for her, according to one young man's opinion.

After marriage the same young man loves her, perhaps even better, but he shows it in a more prosaic manner, and she, being a woman, cannot quite the bride wearing a handsome suit of the bride wearing a handsome suit of muslin and carried pink roses. The and she, being a woman, cannot quite the bride wearing a handsome suit of pearl grey with hat to match. The will reside near Cadmus.

WIFE WHIPPED HIM

In the non-jury assizes yesterday, Mrs. Forsythe of Altona, Pickering Township, brought suit against her nusband, Ralph Forsythe, to compel him to maintain her as his wife, She aileges non-support.

Forsythe says his wife's shortcomings are as follows: Refused to get dinner on Sundays, saying two meals were plenty. Left the cows for him to milk during Neglected to mend his clothes.

Spent two days a week from home. Struck him with a pair of horseshoes.

Lifted a plate to throw at him.

Lifted a plate to throw at him.

Threw a grantite teasteeper twice one morning, hitting him each time.

Called him a liar, a hog, a fool, a rogue, a worse thief than some in prison.

Threw part of a loaf of bread at him. Encouraged children to call him nick-The son stated that the house was a little hell on earth, and the daughter told of frequent punishment administered to her mother by her father.

The case goes on to-day.

DECLINES COMMISSIONERSHIP.

Ottawa, April 8.—Ralph Smith ha leclined the offer of commissionership of the Yukon, preferring to remain re-presentative of Yukon.

Teach the Girls. Mothers make a great mistake if they do not insist that their girls learn to make their own dresses. Dress is one of the necessities of the age. How to cut but and make an ordinary dress is easily learned in six lessons. See advertisement of the Cana-

dian School of Dress Cutting, 443 Bathurst-street, Toronto. A Trip to Ireland.

Detroit, April 8.-In connection with the annual pilgrimage to the Shrine of St. Anne de Beaupre, this year the Angelus, a Catholic weekly newspaper, has arranged for an excursion to Ireland

Wrest to Herself the Love and Happiness That Were Denied Her by Gruel Gircumstances.

and Lady Loggan—to give Isabeau her proper but unfamiliar title. And then Beatrix Buchanan and Miss Trevor went to the Engadine for August and

thanks to Lord Strope's and Isabeau dc Monsigny's efforts, installed in a very beautiful flat in Paris, in the quiet rue de Luxembourg, which borders the westward side of the shady Luxembourg Gardens. And about them there gathered naturally a little circle of intimates, who came, in the corre of intimates, who came, in the stea-of time, to regard themselves as tea-hour fixtures in the place, and seldom missed a day. Lord Strope came, and the Loggans—for between Mrs. Buchanan and the beautiful Monsigny heiros had sprung up one of those swift and intimate friendships which often occur among women with no apparent carries, and are affectively as the strong women with no apparent carries. and are afterwards, as circumstances fall, broken off with scarcely a pangand Stambolof came with regularity. bringing sometimes a friend of hiz, a young Englishman who had come out of the South African war with a D.S.O and an injured leg tendon, which did not noticeably lame him, but had ren-dered him unfit for further military service and had thrown him out of the army into a civilian world where he seemed a bit bewildered and at a bas a to how to occupy himself. And, like the others, this young man—his name was Braithwaite—soon formed a habit of dropping in at the rue de Lux-m-bourg without waiting for Stambolof to bring him, and there showed a truly soldierly aptitude for manoeuvring Mttle Alianor Trevor into a corner and extracting sympathy from that softhearted lady over his injured leg.
So in this quiet fashion the winter

wore on and spring came, but their events must not be set down here, be-cause, altho this is the story of Beatrix lives were for a time involved in hers, it is rather of the things which happened afterwards that the chronicle must concern itself—the bigger and stranger things. This year abroad was a year of waiting,
Still, the very waiting, the quiet, plea-

sant life among congenial friends, the absence of anything dramatic or trace. all these influences had their value as affecting Mrs.Buchanan's mind. It is Ralph Forsythe of Altona Tells real growth of character in her which must be established here, the growth out of a bewildered, a resentful, a ter-ror-haunted, and, finally, an exhausted girl into a woman whose calm soul looked upon life from a hill-top, who knew at last that happiness is not just freedom from care, who weighed her motives and her actions with serenity, and, in the end, was able to choose the way she should go, not perhaps wisely or very nighteously, but at least with a mind unclouded by fear or bewilderment, knowing the cost and the reward. In August, Mrs. Buchanan and Alianor Trevor went to Lord Strope's Pre ton castle near Audierne, but mid-Sopember brought them once more back

to Paris and to the apartment in the Just then, before they had fairly tled themselves, Beatrix had a letter from Harry Faring. He was in Lon-don, he said, just landed from Buenos She had known that he was in South America, somewhere on the up-

derness or such—rather formally, in-deed—if he might come over to Paris and see her.
She had been for a long time quiet and sheltered, distracted by pleasant occupation from too much brooding. And, with her newly-acquired, calm strength, she had been successful in ording out of her thoughts Harry Far-

as the tragedy which had driven her from her home. Unconsciously, she had connected them in her mind—Faring and the events which had nearly wreck ed her-and for this reason, perhaps, it had been the easier to keep houghts from him.

felt a sudden overwhelming flood of emotion which amazed and frightened her. It was her first experience with the truth that a great thing may for a long time even years-lie duite dor mant in a man's or a woman's mind subconscious, as it were, and at last, thru some trivial accident, burst forth in all its old, tremendous strength, She d and shaken, for an hour or more. Then she began to write letters to Faring. She wrote six, all very different and most of them absurd. Some told him to come and some begged him, as he loved her, to stay away. To-wards evening she tore them all up, and sent a servant out to the nearest bureau de poste with a telegram.

It was a message of one word, and He came by that night's train, reaching Paris at 5 in the morning, but it was not until afternoon, a little before formal hour, that he presented

playing with some book—she never knew what book—in the long front raion which overlooked the gardens, he No. 1881. All seams allowed.

A recent addition to the number of jumpers which have made their way with extreme haste to general popularity, is shown in this pretty model of shrimp-pak louisine. It is slipped on over the head and shows no fastening. On that account it is an extremely good model for decoration, either in the way of embroidery or painting.

Knew what book—in the long front knew was at last announced—"Monsieur Varang," the servant had it—her knews gave suddenly under her when she tried to rise, and she began a little, nervous, foolish laugh of sheer hysteria over the absurd sound of the name as rendered by a French tongue. Faring came quickly into the room, and some-how she got to her feet to meet him. The oft-rehearsed lines went quite from her mind, and she found herself say-

ing only:
"How—thin you are, Harry! Oh. how
thin ou are!" Indeed, he was alarmingly thin, and looked worn and ill. His cheeks were hollow and his eyes were like the eyes of a man who has suffered a long illness. They seemed much deeper set than usual, and they burned sombrely from their sockets. He was tanned and weather-beaten almost a burner burner this to the color of leather, but under this tan a grayish pallor of ill-health took the place of the blood's rich stain.

(To Be Continued.)

#### **Buchanan's Wife**

the Story of a Woman Who Dared to

By Dustus Miles Forman and Published by Fermissian of Harper & Bros., New York and Lenden. They spent a month there in com-pany with Lord Strope and with Lord part of September. But mid-autumn found the two

south America, somewhere on the up-per Orinoco with an exploring party, but this was all she knew, for they did not write to each other. And he asked, without any expression of ten-

But now, with his short, formally worded letter shaking in her hand, she

Beatrix had rehearsed with elaboration and care just how she was to meet him and what she was to say, for the was still very much disturbed and a bit frightened—by no means sure of herself. According to rehearsals she was to be exceedingly friendly-just that. She was to profess a great interest in what he had been doing during this past year, and she was to be voluble over her own wanderings. By the time they had finished with these topics other callers were sure to have dropped for other reasons, are inclin, and the situation would, from that to paying for their relief. point, take care of itself. LACROSSE NEWS AND GOSSIP Graham of Fergus Signs With Tecumschs-Other News

The North End Club in the senior C. L. A. have decided to call their team the Iro

Jimmy Murphy of the Torontos was over in St. Catharines recently interviewing Jimmy Kervin, and the chances are Kervin will turn out with the Torontos.

The North End Club are after an eastern inside home man who is reported a dandy Stubby Graham of Fergus was in the city

yesterday and signed with the Tectansens for the coming season. He will likely replace Si Pitcher at point. By the way, there is some talk that Pitcher has signed with the Iroquois.

Besides losing Kulls, the sterling little inside home player, Torontos stand to lose Charlie Lowe. Lowe has a good position in St. Catharines and can hardly spare the

One of the local N. L. U. teams has lines out for Kitten Henderson, the big Port

Pat McDonagh, who played with Beaverton last year, and whom Tecumsels were reported after, is said to have been corralled by Newmarket. And yet the intermediate C. L. A. series is amateur!

All of last year's Maitlands will be in The again, regardless of the report that Warwick and Greer will play senior. The team will play intermediate C. L. A. and will be picked from the following: Hooper, Rowland, Twiddle, Burton, Wood, Warwick, W. Yeaman, F. Lillie, J. Wright, Stroud, Braden, Woodley.

St. Simon's Lacrosse Club will practise on Tuesday and Thursday nights, at 5.30, and on Wednesday night at 8 o'clock. There be a meeting of the club at Prospect Hall, at which a full attendance is request

As yet the C. L. A. has not sought the advantage of affiliation with the C. A. A. U., and may not do so in the near future. The junior and intermediate lacrosse sections are recognized as amateurs, and have not asked the union to locate professionals for them to avoid. This is no athletic crime, and cannot be punishable, nor will the C. A. A. U. interfere.

The statement in an evening paper that President Stark had told it that C. L. A. players would be professionalized, is made out of the whole cloth. Mr. Stark states emphatically that he had not declared himself on the question, which was out of his jurisdiction, being a matter for the regis-

Dave Winkler and Doug. Munro who played with the Winnipeg team last year have gone to the coast. Both players playwith Durham a number of seasons ago.

There are 35 matches arranged to date, of which 12 are Toronto League and 18 exhibition games, with every prospect of the other dates being filled, so that there will be a record season, and it is hoped that all members and prospective members who want plenty of cricket will turn out to practice as soon as they can on or after April 20. The club practise every evening on the south lawn of Toronto University. Any clubs desiring to arrange matches will kindly address H. Carter, 4 Grange-avenue. Phone M. 6381.

Central Y. M. C. A. Fencing.

Old Country Soccer.

The main feature of the old country soccer season was the tie game between England and Wales. Both sides scored once but it must be said for Wales that they did not have their best men out. It is remarkable that Wales has never yet won the soccer crown, but she cannot lose this year. She has beaten Scodand and Ireland and and arrawn with England. England has beaten Ireland and drawn with Wales, but the result of the England would not give them the pide of place. On the year the pide of place. On the year of the countries at the moment can be seen by a glance at the subjoined faddle:

P. W. L. D. Pts.

Central V. M. C. A. Fencing.

The fencing tournament at Central Y. M. C. A. gymnasium on Thursday night is to be the most representative fencing competition ever held in Canada, as men from all over the country are likely to compete. There is some talk of the fencing clubs of Montreal meeting with the clubs of this city for the formation of a fencing league, who will organize and control fencing thruout the entire length and breadth of Canada, If this can be done it will be a step in the right direction.

The tournament on Thursday night will begin sharply at 8 o'cfock. The bublic can reserve seats if they wish. The plater, Nara b.f., 3, by Harvey— Omeo, owned by W. Hammall and trained by Allie Gâtes, broke her leg at Woodbine Park yesterday and was shot. See was being galloped at a good gait on the dry part of the track, when her left hind leg

#### CHAMPION LADY BOWLER Rolls at T. B. C.-Will Play a Match dame To-Night,

Miss Gertrude Hull of Chleago, champlont lady bowler of the world was the attraction at the Toronto Bowling Club lass night. Miss Hull rolled three games against W. V. Thompson of Chicago and them in doubles with the same gentleman against Woodbury and Fisher, two Chicago bowlers.

Bowlers Leave To-Night.

The Toronto bowlers and suppriers, who will compete in the Michigan State tournament at Detroit to-morrow, leave on the Grand Trunk to-night for that city on the 11.20 train. The Toronto teams have not been picked as yet, but it is likely one will be composed of Good, Capps, Johnston, Woodbury and Fisher.

Two teams will be picked up at Hamilton and two at London. To-morrow will be Canadians' day.

#### NEW ATHLETIC CLUB FORMED Canadian Irish Athletic and Field

Club Organized at Grand Central, Club Organized at Grand Central,

A large and enthusiastic meeting was held last night at the Grand Central Holtel, when the Canadian-Irish Athletic, Track and Field Club was organized.

The object of the club is to revive track sports, which, outside of the schools, are practically dead in Toronto. They purpose sending the best of the athletes to England next year to compete in the Olympic games there. Already \$1700 has been raised.

The following officers were elected:

President—T. C. Flanagan.
Secretary—George Owens. Secretary—George Owens. Treasurer—H. C. Heron.

### LIGHT HARNESS HORSES LOCAL NEWS AND GOSSIP

Butchers Purpose Racing in Summer Evenings on Speedway -Dufferin Park Purses.

The Butchers' Racing Association announced the donation or more silver cups to be contested for on the re-opening of the speedway, as soon as the track is in condition. Then one of the troyalls, the George Briggs Cup, will be using up for an open race for pacers. The buckness tropust to hold speedway races in the summer evenings, two each night, starting shorely after o o'clock.

The lovers of the light harness horses will bave an opportunity of witnessing races contested by some of the best ho seep patorning on the half-indle tracks, when the bufferin Driving Chio give their big meeting Aug. 20, 21 and 22. Three stakes are open, one for 2.35 pacers, one for 2.35 troiters and the other for 2.18 pacers, in it has value of each stake is \$1000, which is an assurance that Canadian owners will make liberal nominations and many houses that will race thru the Lake Eric Circuit will be over to contest in the sank's and for the class races, the purse for each of the latter being \$500.

The horsemen are very fortunate in the interest of the purse for each of the contest of the last of the purse for each of the long agood and as honest as good and as honest as this Port Hope Pale Ale,—brewed in the old-time way, made of pure things, kept pure and thoroughly ripened. Drink a bottle of Port Hope Pale Ale with your dinners—don't chill the ale too much—and you'llget a new zest for your food—and new power to digest it.

Port Hope Pale Ale is just as good as good ale

The horsemen are very fortunate in laring two weeks' racing at this time without a ship and in all \$0000 to compete for as the Industrial Exhibition gives \$3.00 in pirress for trotters and pacers the week following the Dufferin meeting.

The anticles for the state of the state

The entries for the stakes at Duferia close April 15, with Charles T. Snow, 1176 West Queen-street, Toronto. Horsemen should not overlook the fact, as this promises to be the best meeting ever held on a half mile track in Canada.

The fastest harness horse in Toronto to day, by records, is the black pacing gelding Baley B., 2.05¼, owned by Messrs. Burns & Sheppard of the Repository. Taking into consideration the fact that Riley B. was equally successful racing thru the Grand Circuit, competing against the fastest pacers in the United States, and again on the half mile tracks, and that he wears no extra rigging, such as hobbles etc. and also that his manners are perfect on the road, he is one of the really great hise; brought into this country. Altho raced for several seasons, he is to-day like a 2-year-old, fresh as a daisy and sound as a new milled dollar. Few horses there are that combine all the qualities of this black pacing gelding, for besides his extreme speed and good manners, he is as preity as a picture.

Cruickston Park Farm, Galt, Ont. right to called the home of Faturity witness.

only Remedy a will permanent re Gonorrhea. Stricture, etc. No Two bottles cure on avery bettle-who have tried will not be disaptle. Sole agency, ELM STREET,

Cruickston Park Farm, Galt, Ont., right by called the home of Futurity winners will have a candidate for the 2-year-old honors in the Kentucky Futurity this year of their own breeding. The youngster is the grey colt Oro Lumbert, by Oro Wilkes, 2.11, and if no bad luck should befall h metween pow and race day he is sure to give a good account of himself, as he have already trotted quarters as a yearling in 35 seconds, a 2.20 gait. His sie, Crowicks, was the first winner of the Kentucky classic and it would be fitting indeed should Oro Lumbert capture the rich plant this year. Kentucky Todd, also owned a year-old division last year and took a record of 2.14%, which, by the way, is exactly the same as his sire Todd's record for 2.14%, which, by the way, is exactly the same as his sire Todd's record for 2.14%, which, by the way, is exactly the same as his sire Todd's record for 2.14%, which, by the way, is exactly the same as his sire Todd's record for 2.14%, which, by the way, is exactly the same as his sire Todd's record for 2.14%, which, by the way, is exactly the same as his sire Todd's record for 2.14%, which, by the way, is exactly the same as his sire Todd's record for the slow class this year.

By a guite likely that the good will be a fandidate for the square of Maud Kiswick, 2.03%, etc. Tols if

It is quite likely that the good mar Josle, 2,084, owned by Mr. Chamdler of this city will be bred to the noted sire Sidney Pointer, 2,074, owned by W. II. Morat, V.S., Picton, Ont. Sidney Pointer has the distinction of siring the fastes hames horse ever bred in Canada, Angus Pointer, 2,024, and incidently just about the best free-for-all pacer in sight to-day. Much may reasonably be expected from a foal by Sidney Pointer out of Josle.

Before leaving Toronto this spring, Narky, the premier steeplechase rider sold his trotting mare, Hazel to go back into New Jersey. Hazel has no record but his been a mile over a mile ring in 2.12. Na reced her thru the ice circuit during the post winter and, while she showed phenomenal speed, was unstendy not being able to negotiate the turns on the intracks. Her sire, Red Lake, 2.15%, is fastecoming one of the most popular sires in the United States. Lake Quera, 2.08%, by him was a high-class trotter last year, case of the best out.

Hazel is a royally bred mare and it is a pity she was not bought by a Canadian to remain in this country as there are far too few mares of, her class here. We are fairly well suptilled with choicely bred stillons, but there is a great shortage of the same kind of mares and it seems too bad to see one like Hazel go out of the coin try.

Messrs. Burns & Sheppard have sold the white pacing gelding J. B. F., 2.1844, to reto vancouver. On account of his completions color J.B.F. was a very notice abborse on the street, and commanded attention wherever he appeared. His new owner has a nice one, sure enough.

It will be interesting to Canadians thow that Gallagher, 2.0314, is back in Cleveland from England, where he was taken in 1905, by Mr. Walter Whans. Hwill be raced this year by the well-know Cleveland reinsman, Vance Nucko's. Marold it, 2.033, is in the string of Havis Jrms at Hamilton and will be raced by him at Hamilton, and will be raced by him They will come together in the 2.04 class's and the free-for-alls on the Grand Circui and the outcome of their meeting will be watched with interest by horsemen on this side. Each horse is in good hands and will get everything coming in the way of preparation and driving.

Fred Metcalfe, V.S., of Kingston, Ont., son of J. H. Metcalfe, ex-M.P., recently purchased in Hamilton, a 3. year-old cold by the good horse Arbutewkan, 2004, which is said to possess a lot of natural speed. Since the South African war, where he did service, Fred has been a practising veterinary in England, and will leave for there gain shortly, taking one or two horses with him. He raced the grey trotting mare Cice, 2.15 thru the Conadian circuit a number of years ago, with good success. At Windsor she was timed a mile in 2.10, which was great doing for those days.

Port Hope Pale Ale

Gracle Pointer, 2.16%, by Sidney Pointe 2.07%, owned by Mr. P. Bourke, N. Fr. Bay, Ont., is in foal to Keswick, 2.18% sire of Maud Kiswick, 2.03%, etc. Tois i breeding on speed lines and the productional production of the produc

I. G. Bennett of Port Hope, who owned to fermer the champion, Jooking Glavien he was good, has a pacing mare called Hazel Wilkes, full sister to Marriel Wilkes, full sister to Marriel Wilkes, the can step faster than her more note sister.

George Powell, the Orillia horseman arme of the old guard, is soon to locaty to have a where he and his son. George J. will open up a public training stable. The Canama track is a new one, just built in year, but is complete in every way. It is the intention of the horsemen there to give a race meeting this summer and in cathey do, it is almost sure to be a successor there are a number of real gool sportner in that growing town.

LAWN BOWLERS' OFFICERS

A. Harrison President of Park dale-Canada's Ninth Annual.

n meeting of the Parkdale Bowli This the following officers were elected the coming season.

Tree dent James A. Harrison.

Vice-president—Dr. Clemens.

Lasker Still Chessa Champion.

New York, April 8.—The chess match for the championship of the world 'etween D'. Eminued Lasker and Frank J. Marshail which was begun on Jan. 28 was concluded in this city to-day. The champion west the eighth game of the contest, after 37 moves. The final score was: Lasker 8.

Marshail 0, drawn 7.

Don't You Think a Mine Which Yielded \$200,000 Net in the first two years of its existence, when it was 28 miles from the nearest railroad, is a good investment now the railroad has come within a mileand-a-half of it?

This is the opportunity which knocks at your door to-day. Not prospects—not claims—but actual mines on the equipment and working of which hundreds of thousands of dollars have already been spent, and in the shafts and levels of which \$1,500,000 to \$3,000,000 of rich ore is in sight.

These were paying properties under the most adverse conditions, the ores and supplies having to be carted over 28 miles of the roughest country.

With present transportation

# GROU

Is the Greatest Mining Proposition in Ganada.

The Rabbit Mountain group of mines includes "The Beaver," the "Rabbit Mountain," the "Black Fox" and the "North Bluff," comprising 2,000 acres in the heart of the Thunder Bay silver district, which has been proven to be unequalled in the richness of its silver deposits. The Rabbit Mountain group of mines are situated 1½ miles from Silver Creek station, which is on the Port Arthur, Duluth & Western branch of the Canadian Northern Railway.

Northern Railway.

The Thunder Bay mineral belt is from four to six miles wide and over 100 miles long, containing by far the largest silver-bearing veins yet discovered in Canada.

Immediately adjoining the Rabbit Mountain mines is the famous Badger mine, which has shipped \$368,000 worth of ore. They are also in the close vicinity of the Porcupine mine, also the Silver Mountain group of mines, which is now in full operation, having shipped \$500,000 worth of bullion. Reports by telegraph from the Silver Mountain mines yesterday state that Bonanza ore has been struck in three stopes in their second level, and in a cross-cut from the main vein in the third level they have struck good ore.

One of the Rabbit Mountain group of mines has already produced nearly 7 10,000 worth of ore, according to comomn reports, producing these results when the ore and supplies had to be carted through rough country for 28 miles. What must we expect of it with present railroad facilities? In this one property alone the value of the ore in sight has been variously estimated at from \$1,500,000 to \$3,000,000. This is not guesswork, but the carefully calculated figures of mining experts after thorough investigations of the shafts on this fully calculated figures of mining experts after thorough investigations of the shafts on this property, which have been sunk to a depth of 500 feet.

In his Government report on Mines and Mining on Lake Superior, Elfric Drew Ingall, M.E., Associate of the Royal School of Mines, mining geologist to the Geological Survey of Canada, says of one of the Rabbit Mountain group:—"Some idea of the richness of the ore body mentioned may be gleaned from the following statements: "The total value of ore body mentioned may be gleaned from the following statements: 'The total value of the products of this mine for the past two and a half months in smelting ore and concentrates from the mill is \$93,000. This may be relied upon as being authentic.' There is every reason to believe this to be correct, as I am informed that the customs export entries for Port Arthur showed that \$190,000 of ore were exported during the year, the greater part of which certainly came from this mine.'

The Rabbit Mountain Mines, Limited, which has been organized with a capital of \$3,000,000, have acquired and now own these rich properties. All that is required to put them on an early dividend-paying basis is sufficient money for equipment and for working the mines. For this purpose we offer

250,000 SHARES

# At 80 Cents

PAR VALUE \$1.00.

This is an opportunity rarely offered the public, as the ore in sight, as stated above, in one of our properties alone is equal to our entire capitalization.

DELAY IS DANGEROUS.

ney government has a definite and well-considered policy for ensuring to it intends to give speedy effect to that rollcy. We would greatly regret were power companies is now, and has been tion of their franchises, handing them for some time, busily engaged in get- back to a private corporation, they will ting contracts signed by prospective have something more tangible to preusers of power, and has corps of sur- sent than the assertions and assumpveyors thruout Western Ontario sur- tions that now do duty as arguments. veying locations for transmission lines and by this means greatly facilitating the work of obtaining contracts. It the light of this fact delay on the par of the government is fraught wit grave danger, for if the ground thus pre-empted and prospective user are bound by contract to a privat company it will become difficult t the verge of impossibility to put publicly-owned or controlled syster

in successful operation. We may be wrong, it is to be hope we are wrong, but we see no evidence that the government is doing any thing more than marking time. The report of the hydro-electric commission has been received, Mr. Beck has delivered speeches full of cheering information as to prospective cheapness of power but reports and speeches turn no wheels and light no lamps. So far as the public have been informed not a rod has been surveyed for a government line, and no plans have been made for the erection of one. It was reported some time ago. and the report appeared to be well founded, that some kind of an offer or proposal had been made to the gov. ernment, either by one of the companies, or by capitalists connected with them, which, if accepted and carried out, would have ensured power to the people at cheap or at least

THE TORONTO WORLD reasonable rates. If such an offer was made, was it rejected by the plan? If so, when is the public to be informed as to that policy, and when may we expect to see it put in operation? Is it likely that the same offer or one as good can be obtained now that another company has been given time to pre-empt the field, securing by contracts the cream of the business? Is it not certain that further delay will render increasingly difficult the inauguration of a system based upon public ownership or control?

BRITISH MUNICIPAL SECURITIES. Opponents of municipal ownership and operation of public utilities, for lack of other argument, have for some time back been contending that its remarkable extension in Great Britain has been the cause of the decline in the market price of municipal securities. It matters not to them that all gilt-edged securities even government stocks-yielding a low rate of interest, have fallen in price, and that the official quotations show that municipal bonds have suffered a smaller ratio of decline than any other investments of that class. In the same way the increase in the rates of most British cities, due to the requirements of national health acts; the provision of improvements of all kinds, and the cost LOS ANGELES, CAL .- Amos news stand of the higher standards of education

are attributed to municipal trading en-terprises, despite the fact that large sum are earned from their operation in relief of rates. But there is no end to the ingenious misrepresentations of the interested critics who desire to maintain public monopolies as a preserve for private profit. The trouble is that the great in generalities they never condescend to offer detailed proof-for the very good reason, indeed, that it is not to be found.

An interesting sidelight, bearing on Build up Ontario is an object worth the assertion that the credit of the the attention of the provincial govern- cities of Great Britain has declined in ment and the consideration of all citi- consequence of the prevalence of munizens. ### EXPRESS CRASHES INTO REAR OF STALLED FREIGHT

Other Train Men Injured on G.T.R. - Depot News.

Injured: Duke Weilington, Allandale, conductor, badly scalded. Brakeman T. Myers, Allandale, seriously injured.

Huntsville, April 8.—(Staff Special.)— The North Bay express, which left Toronto at 11.30 Sunday night, crashed into the rear of a stalled freight train three miles north of Huntsville early this morning, killing the brakeman of the freight and seriously injuring his assistant and the conductor.

When the collision occurred the three men were in the van, the escaping steam from the express locomotive causing the death of Richardson and the injury to the other two.

The van and several other cars were smashed to pieces, and the scattered ashes from the stove set fire to the debris. The engineer of the express, J. Firman, and his fireman, jumped from the cab of the engine just in time.

A few passengers in the smoking car

Broken window.

Richardson leaves a widow and child in Midland, where he was a member of the L.O.L., and his widow will receive \$1500 from the society. The two other injured men were conveyed to the General Hospital at Huntsville, and least reports ansure their recovery. latest reports ensure their recovery.

A miscalculation on the part of the

Huntsville, and it was thought that the latter could reach the siding at Novar in time to give the passenger train a clear right of way. The wrecking crew from Allandale had five hours' good work in clearing the tracks.

Trunk Railway was made yesterday. His successor is W. H. Farrell, who has been appointed acting superintendent, taking up his duties yesterday.

Billy Farrell joined the Grand Trunk early in the eighties, starting in as a brakeman. Promotion first came in

# BRITISH WELCOME LEAGUE

Deputation Waits on Ministers for

Increased Accommodation for New Comers.

A deputation of the executive of the British Welcome League waited upon the government yesterday morning to trge the necessity of increased facilities at the union depot for the large number of immigrants arriving almost daily. They were cordially re- BOGART-Suddenly, on Monday, April 8. ceived by Hon. Nelson Monteith, minister of agriculture, and Hon. Dr. Reaume, minister of public works, and his deputy. The premier and the provincial secretary were unavoidably absent, being engaged with another deputation.

J. M. Wilkinson, who opened the discussion, said that during the 25 years he had given to the ministry the church, he had never felt that he was engaged in a more Christian work in more needful philanthropic work than that work the league had undertaken of caring for the bodies (and incidentally for the souls) of the mer and women and little children invited to Canada. The facilities at the deport he had found to be altogether inadequate for the number of immigrants arriving. The room into which they are first ushered is far too small and positively filthy. He had been in a dozen horse stables in this city that are kept in a better condition. What is needed is a large two-storey building, or if a dormitory were added, a four-storey building, with one department for the men (with its separate sinoking room) and another and essential department for the women and children. The matron in charge of the women's department should be a

Compliments the Army. The home conducted by the Salvation Army at the corner of Peter and Wellington-streets had greatly pleased him, but they had had to turn cores away the night before for want of accommodation. The home was all right as a hospice or hotel where wou pay for lodging, but what is needed is shelter, large enough to accommo-

date at least 500 people at no expense to the immigrant. These poor people have very little money when they arrive, and having invited them to our shores, it was not right to take the little bit of money they had saved from the hardships of their long and tedious journey for the first night's lodging. Australia did not do it. The government should give them food as well as lodging for a couple of days till they are able to get work, or, better still, till the British Welcome League are able to get employment do it, he believed the people, especially those who were born in the dear old land, or their well-to-do children,

#### SUFFERED EIGHT YEARS FROM KIDNEYS Doctor's said Female Trouble.

Mrs. Charles Lewis, Collingwood, Ont., writes: "For eight years I suffered from Kidney Complaint, and until twelve months ago doctors' said I was suffering from 'Female Trouble.' Last November (1905), f was seriously ill, resulting I believe from kidney troubles. Finding doctor's medicine doing me no good, I persuaded my husband o purchase me a box of Doan's Kidney Pills, after having read of a case somewhat resembling mine. I commenced taking them according to directions (not taking the doctor's medicine), and on second day a swelling commenced in my feet, legs and body.

The following day I was so changed and swollen my husband, in alarm, hastened to Mr. Johnson's drug store, who told him to tell me he thought the pills were drawing something out of the blood, and to keep on

taking them. I did so and after taking them a week, the swelling disappeared leaving me with a complexion free from pimples, tired, weary feeling gone constipation, from which I suffered for years, gene, pain in the back, gone, and a general feeling of joy and light heartedness, I have not felt since a shill be suffered from the suffered from child, took place in me.

My sister-in-law (Mrs. Bryan), seeing the action of Doan's Kidney Pills, and the change for good they accomplished in me, sent for a box and they completely cured her. When there is an opportunity of telling people what Doan's Kidney Pills did for us, we always take advantage of it, and tell them to give them a fair trial."

Doan's Kidney Pills are 50c. per box or 3 boxes for \$1.25, for sale at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

#### THE WEATHER

JOHN CATTO & SON

Meteorological Office, Toronto, April 8.—
(8 p.m.)—The disturbance centred last night over Southern Michigan has moved northward, and is now north of Lake Huron, Snow has fallen in Eastern Ontario and Western Quebec, and local showers have occurred in Southern Ontario. The weather has turned much milder in Alberta, but continues cool in Manitoba.

Minimum and maximum temperatures: Vancouver, 39—53; Kamloops, 30—56; Edmonton, 26—48; Calgary, 24—58; Battleford, 18—32; Qu'Appelle, 10—32; Winnipeg, 24—30; Port Arthur, 30—40; Parry Sound, 32—44; Toronto, 36—44; Ottawa, 30—32; Montpelle, 30—32; Quebec, 24—36; St. John, 22—44; Halifax, 18—40.

Probabilities.

Probabilities.

Lower Lakes and Georgian Bay-Strong westerly to northwesterly winds; mostly cloudy and colder with showers of rain or snow,

Ottawa and Upper St. Lawrence—Strong winds, shifting to westerly; unsettled and cool with a few showers.

Lower St. Lawrence and Gulf—Northeasterly winds, with snow.

Maritime—Strong winds or moderate gales from eastward; snow or rain.

Lake Superior—Northwesterly winds; fair and colder.

Manitoba—Fair; stationary or a little higher temperature.

Spring Rains.

None of us feel quite safe on leaving the house these days without our umbrellas. Many find the plan of having an umbrella at the office and one at home a great convenience. Perhaps it is interesting to know that East & Co. 300 Yonge-street, are at the present time the coming cycles roll. holding a spring sale of umbrellas, if "As a legislature we

expenses of the first day or two after arrival.

Ask for Building.

"We need an office at once in the vicinity of the unon station. The Toronto World has given us an office the last two weeks, but the work has outgrown the accommodation. More than 400 applicants have been furnished employment since the league was organized, and last Saturday af-ternoon The World had to close its doors against the people. We have lecided to open an office at once, and what we request of the government is not charity, but recognition and encouragement and help. Dozens of men have told us that the officials at the emigration office at the station old them to keep away from The

"We need an office and commodious waiting room easy to find by strangers. We, therefore, ask that the government either make us a grant to enable us to rent an office and suitable headquarters, or appoint a committee of the league to secure suitable premises and look after the proper management of the same."

President A. Chamberlain, S. Groves, ex-Ald. Dunn, C. R. Rundle and C. W. ex-Ald. Dunn, C. R. Rundle and C. W. Mogridge also spoke, the latter urging the necessity of providing free transportation for all classes of new arrivals to the desired away. At the opening of the legislature who among them appeared most robust might have been asked, and Mr. St. John and

In reply, the Hon. Mr. Monteith stated that he had long felt that additional accommodation was needed, and he thanked the deputation for the valuable suggestions made. The government was clasp an opponent by the hand after fully alive to the desirability of encouraging emigrants to settle in Ontario. He wished the league every success in the work they had undertaken. With regard matter adjusted, his relations with to the question of providing free trans children, his sorrowing colleagues and portation for new settlers other than those going on farms, he could not departed were touched on by Mr. Downey, who concluded with the repledge himself as it was outside his depledge himself as it was outside his department, but he would call the attenion of his colleagues to the matter. Hon. Dr. Reaume said the movement radiant uplands. had his most hearty sympathy and he felt that only those whose hearts were

elected me as their Speaker, tho I am but little able to fulfil the important duties thus assigned to me.
"If, in the performance of those duttes, I should at any time fall into error, I pray that the fault may be impurted to me and not to theassembly whose servant I am."

His honor said nothing, but signalled Premier Whitney, who rose,

"I am commanded by His Honor the Lieutenant-Governor to declare to you that he freely confides in the duty attachment of the assembly to His Majesty's person and govern

One of the pages described his honor's movements tersely.
"He walked right in, and turned

Prayers having been said by the new Speaker, Premier Whitney rose and addressed the house. Premier Whitney found himself, he

said, burdened with an unwonted duty, Personally, it was with a wounder heart that he spoke. Tho humanlike heart that he spoke. The humanlike as they all were, he who had passed away from the scenes of this world left a record behind him which the public and the great mass of the community in which he lived had reason to be proud of. In speaking of his personal qualities, none would be more displeased than Mr. St. John himself should he apply words of extravagant should he apply words of extravagant eulogy. But he found himself easily unable to do due appreciation to all

these phases of his character.
Mr. St. John had come from the yeomanry of the province, from that same source whence many other good men had come out to do battle in their country's service. It was useless to descant on the absolute fairness with which Mr. St. John had presided over the house. He had strong opinions on every subject, in which he took part, but he never carried hurt to the mind of any opponent.

Mr. Whitney, deeply affected, dwelt on the transparent honesty of the man whose life was like an open book; who so conducted himself as to have had the esteem, not only of his associates, but of those who differed with him on points of public policy. So broad and charitable was he that he had the same respect for those who differed with him as for those who agreed with him. If he saw the world about him happy he was happy.

"In all my experience of human ity," declared the prime minister, again evincing much emotion, "I never knew a man with so little of positive evil in his composition. While we may not enter on the sacred grief which is that of his family to-day, we may say that the Hon Mr. St. John so lived his life, so fought the good fight, so bore himself that hymentity her so bore himself, that humanity has been the gainer."

Hon. George P. Graham spoke also with feeling. He said: "In such a time as this, when the OURTIN-At St. George, West Indian Is- words form at best but a meaningless fever, James Curtin, dearly beloved husband of Mary Curtin, and youngest son of James Curtin, 12 Eden-place, Toronto. Immedium thru which to express the feelings that permeate every heart. would freely contribute to pay the expenses of the first day to pay the that consolation and comfort may from that Source which is over and above us all."

A Personal Eulogy.

W. H. Hoyle apologized for intruding, but the circumstances, he said, compelled him. Perhaps none more than himself had such long acquaintance with Mr. St. John. When he first left his native land Mr. Hoyle had been thrown into the Township of Brock, which gave Mr. St. John birth. The home training he had there re-ceived enabled him to display the social qualities, the hospitality dispensed with open hand which had all been learned at his mother's knee. On behalf of a numerous circle of relatives and townsmen Mr. Hoyle desired to return thanks to the prime minister and Hon. Mr. Graham for their kindly words. He knew that Mr. St. John had met the summons to depart to the other world with a tranquility that enabled him to wrap the draperies of his couch around him and the of his couch around him and lie down to pleasant dreams.

J. P. Downey was reminded that death had been busy with the legis-lature, Mr. Carscallen and Mr. Kidd having been called away. At the the necessity of providing free transportation for all classes of new arrivals to any point within the province where their services might be required.

Sympathetic Ministers.

The reals the Hon Mr. Montaith state the fine lines from "In Memoriam" on him "who breaks his birth's invidicus har." applying the canto to the battle. His grief at a temporary difference with a member of the house, and his pleasure at having the the home from which the light had flection that Mr. St. John's example inspired them to look towards the Col. Atkinson added a tribute of sympathy and regret for the man who

erations. The Tragic Story.

cree had determined to link together. to be united and walk thru life in the company of one another. story covers only a few years. It is the saddest, most mournful and most tragic which the tongue of man has ever uttered or ear of man ever heard."

He told of Evelyn's early life. "At 12 she became the family drudge, as-sisting her mother in the household duties. But nature had endowed her with the fatal gift of beauty-a beauty which manifested itself in early youth and a gift with which the mother soon saw means of supporting the family. At 14 years she was in Philadelphia, already embarked on the perilous sea of an artists' model," said the attorney. Then in New York, "brave and courageous," at 15 or 16 years of age she was rushing in the day time from studio to studio earning \$16 to \$18 a week, and at night appearing upon the boards and arms. soon saw means of supporting the appearing upon the boards and earning an equal salary.

Assails White.

"At this time," he said, "we find a man whose hair was tinged with gray, who had an excellent wife and an accomplished son, fixing his eyes upon the fated child and determining to make her his. To win her he had none of the graces or principles of the honorable suitor. He introduced himself into her family in the guise of an influential friend. He won his way into the confidence of the mother and established himself in a paternal and protecting attitude in the family, and when his footing was sure he persuaded the mother to absent herself from the city, assuring her that the child would be safe enough in his hands and telling her how fortunate it was that there was such a proector to watch over her. The was left alone. I wish it were in my power to pass over the scene which followed, I wish it did not have to be embodied in my argument to you, but my duty leaves me no choice. In one of those dens fitted up with all the beauty and taste which this man of genius possessed, into one of these dens this child was lured and found nerself alone with this man, old enough to be her father, the man who

was to be her protector."

He accused White of the crime, the penalty for which he declared that President Rooseveit had said in a President Roosevert nad said in a message to congress should be visited with death. This was one of the suggestions which Thaw himself made to his counsel for his summing up—one which counsel for his summing up—one which played so imof the suggestions which played so important a part in the proceedings be

ore the lunacy commission. The Divine Wrath.

The Divine Wrath.

Delmas quoted the Scriptures.

"Had this man," he said, "forgotten that when our Lord set down a child among his disciples, he said, 'Whoso-ecer receiveth such a little child in My name, he shall dwen with —e forever, but who shall offend a little child, one than the said, when so this it were better a millstone such as this, it were better a millstone were tied about his neck and he were drowned in the depths of the sea.' He, gentlemen, who had erected a temple to Abraham had forgotten the words of the great Jehovah to the Children of Israel, that he who afflicted a fatherless child should surely die.

"Oh, Stanford White, who entrapped

child who had no father, who had been deserted by her mother, and was left alone in a city of millions, had you ima-gined that God would not hear that

"Had you forgotten that retribution would be at hand? Better had it been for you that you died before that day, for then you might have died in the splendor of your dream; when your de-parture would have been deplored by your family; when all would have attended your obsequies; before your name was a by-word, and before your genius had been an aggravation of your

Providence had sent Thaw to avenge

the wrong.

The attorney paid a glowing tribute to the love which Thaw and his wife bear each other. He declared that Tnaw is the girl's only protector—that he came into her life when she was on the downward path and told her that no matter what the world thought of her, she was to him an angel. He took her to be his wife, ready to share the bur-dens that a mother had helped to place upon her daughter.

'Does a man who loves a woman?" exclaimed Mr. Delmas, "who has loved her for two years, who has lavished his whole being on her, who centred on her his happiness and his future, who want-ed her for his wife—does such a man, I say-invent a story which disgraces in his mind and in the minds of the world the woman he loves? Can any man tell you that Harry Thaw deliberately invented this most disgraceful and most debasing story ever told?"

Her Story True. "You have seen Evelyn Thaw on the tand," said the attorney. "You have for days watched her manner of testi-

cunning actress, who was repeating a to his final plea for his client's life. story she had learned and iehearsed. You saw her countenance, you saw how horror overspread it when she told that Jerome formally protested against the terrible story. Gladly she put herself in confirmation of the report of the lunacy that plight for the sake of the one percommission. He made no argument, son in the world who loves her, the one person she loves. Under the merciless cross-examination you heard from her unwilling, but truthful lips, that her relations with Stanford White once because opening with the property of the property of the property of the person of the person in the world with the property of the person of the per have been easier for her to say that the

truth.

Mr. Delmas accused Mrs. Nesbit of having lived upon the wages of her daughter's ruin. He sought to picture to the jury what he termed the sinister surroundings in which the girl was reared, and, in doing so, he mercilessly attacked her mother. Mr. Delmas made the climax of his address to-day, the statement that the girl's mother the one who furnished District Attorney Jerome with the arrows with which to wound the daughter on cross-examination, a cross-examination, he declared, which would live long in the annals of history, but which left the girl's story unshaken in all its essential details.
"Oh, shame on this woman!" he cried. Not content with what she has already done, she would take away the life of the one human being who came as an angel into the life of this girl on the downward path, who told the girl that whatever she might be in the eyes of a

sinful and debauched world he knew her soul was pure."

Mr. Delmas stopped for a few minutes at this point and sat down to rest. Juror No. 12 wiped his eyes with his handkerchief.

Hummel's Affidavit. That Evelyn Nesbit's story was true, and was told to Harry Thaw, formed the subject of the argument for more than an hour. Mr. Delmas declared that the only evidence the district at-torney had to bring against the girl was the "miscalled affidavit," conjured

by Abraham Hummel. Speaking of the latter, Mr. Delmas again drew heavily upon the bitterest adjectives of his wide vocabulary, and asserted with emphasis that it would require more than the word of a per-jured man to send Harry Thaw to an ignominious death. Hummel was charded by Mr. Delmas of having committed deliberate perjury upon the stand when he swore he was not acting as Evelyn Nesbit's counsel, and that no action was contemplated in her behalf. He said the so-called affidavit had itself convicted the man of falsebooks. convicted the man of falsehoods.

#### **BROKEN SLEEP** MORNING TIREDNESS

Unable to sleep indicates starved nerves and weak blood. You'll

never be well till the system is better nourished—that's sure. What you need is a nutritive tonic like FERROZONE, which vitalizes and enriches the blood, fortifies the nerves, instils new energy into worn-out organs. At once you feel better. Your spirits improve, and day by day you gain in strength and power.

# **FERROZONE**

**ALWAYS CURES** 

No remedy removes that gone, exhausted feeling like FERRO-ZONE. In every case it completely cures the cause of sleeplessness and restores the sufferer to robust health in a short time.

Use FERROZONE and your sleep will be as restful and sound as an infant's. In the morning you'll feel capable and ready for the day's toil. Don't lose the sound, vigorous health FERROZONE is sure to bring you. Get FERROZONE to-day and beware of substi-

Ferrozone is seld only in 50c boxes, or six boxes for \$2.50, as all dealers, or by mail from N. C. Polson & Co., Hartferd, Cons., U. S. A., and Kingsten, Ont.

# SPECIAL FARMING & LIVE STOCK EDITION

IMPORTED CLYDES The Clydesdale Association have done a wise thing in raising the standard whereby imported fillies can be recorded in the Canadian records. It is a farreaching innovation, and every oppor tunity ought to be given to the Canadian farmers to have their animals recorded

before it is too late. So many poor animals have been coming into Canada that the Clydesdale breed stands to be seriously injured by the big-legged, round-boned, sloppy mares imported in some instances, that it is a duty the association owes to the country to see that the quality and standard is steadily improved.

Importers and breeders of well-known repute do not, as a rule, risk their rerepute do not, as a rule, risk their reputation with a poor animal, but others most important operation of the year, who see a commercial catch-penny in a who see a commercial catch-penny in a hurried importation and sale, have perhaps not been as careful in the selection as they otherwise would have been. Big prices have a tendncy to carelessness of selection, and to the downward tendency of quality, while, on the contrary, poor prices like those at present prevailing in the Shorthorn world tend to raise the standard and to produce the

# IMPORTED CLYDE FILLIES

Fillies Without Two Registered ing outfits. Many associations already Dams Cannot Register in Canada After June.

After June 1 the importers of Clyde spraying of orchards during this and fillies will have to see to it that their coming seasons. Following are the selections are made with more care being taken as to pedigrees. The Clydesdale Association decided at a recent meeing of the executive to stop a fruit growers' association, for the

Farmers who have been attending the sales of imported fillies at the different stables in Ontario have been struck with the poor quality of many of the anioffered. In a great many cases the fillies have not been as good as the Canadian breeding, and the presence of paper has been the only inducement to buy. But this paper furnishes a very sorry tale in many cases. Fillies with only one registered dam, and others with no recorded dams. Such evidences be thoroly sprayed during of looseness among the Clyde horse season with each outfit, fold have had the effect of loading a A reasonable portion of number of poor imported mares on this ing must be done on the farms or or country, until the business has been hurt and the Canadian standard seriously affected. Consequently the breeders have been taking steps to remedy any portion of the grant shall satisfy the situation, and a new requirement been made for the registration of fillies imported from England and Scot-After June 1 all fillies imported from Scotland shall be given a chance to come into the Canadian National Records on the present terms, but after that date no fillies will be admitted that have not two numbered dams. This means that a large number of fillies imported and sold to Ontario farmers will not be eligible for registration in the Canadian records after June if it is not done before. This will make the importers more careful in their purchases in the old land, and the arriving at pedigrees of the offspring more easily.

#### O.A.C. DAIRY SCHOOL.

Results of the Term's Work is

Most Encouraging. From College.

The term which closed March 22 was one of the most successful in the history of the Dairy School. There was a larger proportion of those registering who took the final examinations than has been the case in any one year heretofore. The results in proficiency list only are given for the facfory, specialists in buttermaking and farm dairy classes. Students are ranked according to general standing in both practical and written examinations. Those students having a star will be required to poss a supplementary examination before they may receive their certificates.

TORONTO, CAR

COR. QUEEN & VICTORIA STS.

TORONTO HORSE MARKET **WORKERS ONLY IN DEMAND** 

Situation Generally Hardly Up to Expectations—Few Enquiries for Quality.

No important sales of high-class horses were reported during the past week in Toronto, except at The Reository, Simcoe-street, Messrs, Burns and Sheppard selling a couple of car riage pairs and several high-stepping at good but by no means exorbitant prices. Other dealers report matters rather quiet, due, they are inclined to think, to some extent to the flurry in stocks, which has kept men's minds off horses and rigidly on busi-ness. The dealers, however, are busy furblishing things up for the approach-ing horse show, and they predict a large and good entry in pretty well all classes.

Locally the demand is almost entirely for work horses, which are selling generally at good average, but not expectations are hardly being realized, the demand from the Northwest eing somewhat disappointing. The result is that dealers are complaining bitterly of the extremely small margin between prices on the farm and in the city. In fact several lots have it looked as if we were in for a boom but during the past week there was very apparent lull and more than over. A few good drivers and carriage horses brought fair prices, but here was no keenness apparent for heir possession, while for extra quality there was no sufficient money forthcoming. What demand there was was all for draughters, expressers and heavy delivery horses, but ever for them there were no extra big bids nade. In fact the market during the past week showed a tendency weakness and was hardly up to the average of the corresponding week

Messrs. Burns & Sheppard report the following as the prevailing prices: Single roadsters, 15 to 16 ...\$150 to \$17 Single cobs horses, 15 to 16.1 hands.. 150

Matched pairs, carriage horses, 15 to 16.1 hands—300 Delivery horses, 1100 to General purpose and ex-

press horses, 1200 to 1350 lbs. workers ..... 50 Serviceable drivers ..... 50

This week the shipments in are exand at The Exchange, Jarvis-street, 175.

One notices with interest that Australia to-day the critics who poss Westney Bros, of Pickering, who own as authorities on horse rations are good flock of Oxford Down sheep, redivided in their opinions as to wheson advanced in supporting crushed oats is that they are more thoroly digested than whole oats, remarks Th London Live Stock Journal. however, is not the reason which mainly influences the farmer. He finds that when his horse-feed is crushed the germinating power of the wild oats which may be mixed with it is destroyed, and thus his paddocks are kept clean longer than would be the case if the oats were not crushed. As a matter of fact the crushing of oats does not increase or promote their digestibility. The molar teeth of horses possess great grinding or crushing powers, and a horse whose teeth are in a normal condition is perfectly well able to chew or masticate whole oats in a thoro and complete manner Crushed oats require less grinding or the part of the horse than whole oats and the former are therefore more suitable than the latter for feeding to animals that are troubled with their teeth. Men with long experience of horses generally hold the faith that crushed oats are not so suitable as whole oats for horses that are required to be in hard condition and to do work at a fast pace.

> The average racehorse stallions of 1760 did not reach 15 hands. One auhority has fixed the average height of racehorses at 14 hands in 1700; at 14 h. 3 in. in 1800; and at 15 h. 2 1-2 in.

The Winnipeg industrial exhibition proposes this year to give \$7500 for trotting and pacing traces and \$3300 for running races. The premiums for Clydes and Shires have been considerably increased. Classes are given for Percherons, Suffoiks and Belgians, breeds that have no representation at The pony classes have been added to. Prizes are also to be given for the best five heavy horses owned by one exhibitor and the best ten heavy horses owned in any one pro-

Nine mares and two stallions will be used to start the Morgan horse experiment station at Waybridge, made possible by the gift to the United Joseph Battell, the well-known Vernear the town for that purpose.

From Kentucky William Shields has received word that his mare The Rogue has foaled a chestnut filly by Advance Guard. The Rogue is a full sister to the Lazzarone mare Geranum. She was bred to Advance Guard in Kentucky last spring before Francis R. Hitchcock purchased the Great Tom stallion and presented him to the Jockey Club's Breeding Bureau for service in New York State

New York advices say: "Between he slump in stocks and the spasm for automobiles something of a setback has been given to certain branches of the horse business this spring, as to every other line of trade which luxuries are bought and sold. That the main stream in the horse market is running as strong as

of horse is concerned, seems certain, however." This really represents in a nutshell the state of things also in

Nine noted draught horses owned by J. Ogden Armour, including six which won the international championship in December, 1906, at the In-ternational Live Stock Show, were shipped from Chicago last week to England, where they will be entered at the International Horse Show, Lon-don. The animals will also be exhibited thruout England and Scotland, and will participate in the May day parade in Liverpool, May 1, and the Royal Agricultural Show. Included mong them is Mr. Armour's Big Jim, the individual champion draught horse of America, which won over King Edward's draught horses at the live stock show in Chicago last December "Billy" Wales, who has handled the horses since they have been on ex-hibition, and Dr. William McLeod, special veterinary surgeon in the employ of Mr. Armour, will have charge of the animals on the trip. If all goes well the horses will be on view at

#### THE AGRICULTURAL HORSE.

What is the Height, Weight and Breeding of This Animal?

An enquirer from York County wants to know if there is such a thing as the there is no such class.

There has been considerable confusion among many persons and farmers also over this classification. There i no such classification on the live stock records, and no exact data of a distinct class that can be described and raised like, for instance, the Clydesdale or the Hackney.

Many fair boards have a class for entries known as the agricultural horse. As a general rule, the description of the animal accompanies the entry form in the prize lists of the fair. It generally understood that Canadian draught horses in use on our Cana-dian farms for general farming work are the ones to be drawn upon. other words, this animal is equivalent to the general purpose animal, which is spoken of more colloquially than offi-

A very warm discussion took place on this question at the Agricultural farmers. It was readily seen there that there was considerable divergence of opinion among leading horse judges as to what constituted a general purpose animal. A great many people draw a distinction between general purpose and agricultural. At any rate, there is no official agricultural horse. In the minds of farmers generally it consists of a horse good for all farm work, not too would weigh between 1200 and 1450 lbs As for the breeding of such horses any farmer would have to use his own a cross of blood in them would likely

OLD PAN The old pan way of raising cream don't DON'T pay-it's too mussy and fussy-too much

work for the women. And it don't pay in dollars and cents because you actually lose 50 per cent of the cream you ought to get. You can increase your cream product about 50 per cent over pan setting; 33 per cent over cans set in cold water; 25 per cent over patent creamers or dilution cans by using the

### SHARPLES TUBULAR SEPARATOR

Besides you can skim the milk immediately after milking-save the handling and the expense of storage. A od milk-house costs more than a Tubular and isn't half so profitable—even if you already have the milk-house it will pay in labor saved, in crocks and pans saved, and the increase in cream will be all clear profit. Of course, when you buy a separator, you want the one that will get you the most profit—you'll want the Tubular-the reasons why are all given in a book which you will want and which we want to send to you free if you will only write for it, ask

for book H. 219 Mr. Mac Tuttle, Danville, Ill., says "The first week we used the Tubular we made a gain of 12 lbs. of butter from five cows." THE SHARPLES SEPARATOR CO.,

Melady & Co. had the following at the close of the market:

Wheat Wheat ruled exceedingly strong thru the entire session, closing firm at practically the best figures of the day.

The chief influences were the discovery that the Saturday and Sunday rains in Kai sas, Oklahoma and Nebraska were light and limited to a small fringe near earsern bedracers, also the overwheaning increase in number and seriousness of the bug damage claims.

In addition to shorts covering to-day there was considered by hydrogers and ads here pay.

A. McIntosh bought 10 loads of exporters ads here pay.

### STOCKS ABOUT STEADY ON LESSENED BUSINESS

IO

Support at New York is Less Aggressive-Toronto Market Dull and Uninteresting.

World Office
Monday Evening, April 8.
An inanimate market, as far as traders
were concerned, was the result of the
day's doings on the Toronto Exchange. In day's doings on the Toronto Exchange. In his one instance were there sufficient transactions to attract attention, while the changes on the whole from those of the end of last week were not of material consequence to holders. The majority of dealings at the Toronto market at present consist of broken lots, and, assuming that these are investment orders, it should take some time to clean up the floating amount of are investment orders, it should take some time to clean up the floating amount of stock. The market received little assistance from outside exchanges to-day, and had to rely on itself for such quotations as were made. The outside demand for local securities is puzzling to the big holders. The comparatively low prices are not attracting the attention that was expected, and until more enthusiasm is shown the dull rut into which the market has worked is not expected to be broken. Some of the bank stocks evinced a little more buoyancy to-day, Imperial and Dominion railying on very limited buying. The market closed very limited buying. The market closed dull, and without the slightest indications

Twenty-one banks report less than 25 per cent. reserve in Saturday's bank statement, against 20 last week and 27 in the corresponding week of last year.

Rather lighter demand for stocks in loan rowd, but borrowing by shorts still heavy. London expects early reduction in bank

St. Paul officials report car situation Thirty-one roads for the fourth week of March show average gross increase of 10.26

Strength in exchange largely due to paying off loans in London.

J. S. Bache & Co. say: At the moment the market is showing much advancing activity. With the conditions throut the world as heretofore indicated, if the prospects as outlined materialize it is not reasonable to suppose that the conditions through the prospects as outlined materialize it is not reasonable to suppose that the conditions and recovering the conditions are supposed by the conditions of the conditions are supposed by the conditions are supposed by the conditions of the conditions of the conditions are supposed by the conditions of the conditions are supposed by the conditions of the co

has relieved the previously overburdened market of the stocks that were thrown upon it by foreign and American frightened bolders. This relief to the situation, together with the flood of money from the treasury, and the return of interior crop funds, ensuring an easy money market during the coming summer, forms a good, healthy basis for the present advance, and healthy basis for the present advance the up-movement is likely to go still far-

Waldorf stock gossip to R. R. Bongard : There is very little change in sentiment. A broker closely affiliated with important interests summed up the speculative situation by saying that the stock market is on new foundations; that technical fea-tures are exactly the reverse of those which existed three months ago. Money is cheap, while stocks, notwithstanding their substantial recovery from panic prices, are comparatively low. At the same time, business throut the country, the somewhat reduced in volume, remains highly prosperous. It is the belief of good judges that under these circumstances the trend t under these circumstances the trend values will continue upward, and that e new week will see an active market, which will absorb realizing sales withou serious sethack. Of course, reactions are to be expected. The big interests behind present movement will be pretty sure to supply enough stocks to prevent it from being overdone. Advices from leading rail-road officials are to the effect that the crop season is opening favorably, and this is a feature which is expected to greatly stimulate the buying movement in securities a little later on. Banking on experience, many speculators are disposed to take their chances on the crops, and are adding to their holdings of the granger stocks on every recession. Among this group, Atchi-son and Kansas & Texas are regarded with son and Kansas & Texas are regarded with special favor, partly for the reason that the harvest begins earlier in their territory-than elsewhere. Moreover, Atchison, on its 6 per cent. dividend, is considered too low. It will go at least to 105 before the gen-eral rise culminates, is the prediction of

TORONT ELECTRIC LIGHT CO. BONDS

AT EXCEPTIONALLY LOW PRICE. FULL PARTICULARS ON RE-QUEST, DOMINION SECURITIES CORPORAT'N. LIMITED.

Charles Head & Co, to R. R. Bongard:
To-day's market showed a considerable falling off in activity, and the trading was more professional than of late. Prices moved with extreme irregularity. The market opened at almost general declines: thereafter railies occurred, which amounted in some shares to 1½ to 3 points, and subsequently declines occurred from the best figures of nearly 3 points. Finally, in the last hour, irregular strength was again disclosed, which brought some issues to 8aturday's closing, while Canadian Pacific, Smelters, St. Paul, Anaconda and a few others scored net gains of from fractions to a point. Still others failed to rally to the highest figures of the day. Outside commission house business was declared to the highest figures of the day. Outside commission house business was declared to the very slim, and the western contingent was credited with sales. Further profit-taking on London account was noted. There was but little news of particular interest, aside from easier mometary conditions. In the last half-hour the market was dull and irregular, with heaviness in some stocks, and a firm tone in others.

In New York.

Joseph says: Pennsylvania will not decline much, and should be bought on all recessions. Chairman Gary says Steel Corporation is nine months behind on orders.

On any slight dip buy U. P. for 160. People's Gas will reach par. Buy B. R. T. on any break under 60, and keep long of Cotton Oil.

There is still a fight! recessions. Chairman Gary says Steel Corporation is nine months behind on orders. On any slight dip buy U. P. for 160, People's Gas will reach par. Buy B. R. T. on any break under 60, and keep long of Cotton Oil.

There is still a fighting bear contingent in Reading and other stocks, but it consists of experienced traders like the new street contingent, who covered up their shorts with small concessions on the first sign of a real raily. There is another bear set of a much weaker character which is holding on just now, but is not strong enough to drive the market the way it wants. Floor traders, even when they are bearish, regard this as an important element of strength to bull position.—Dow

incentive to support.
Ennis & Stoppaul wired to J. L. Mit-

world as herectofore indicated, if the prospects as outlined materialize it is not reasonable to suppose that the advance will continue indefinitely.

Henry Clews says: The market is now on a safer basis than for many months. Stocks have been somewhat scattered, and have fallen into stronger hands than a month ago. The advance of the week seems to have been much stimulated by easier money and by the driving in of shorts; the present low basis of values making it much easter to operate for the rise than for the fall. The former is likely to be the favorite, and more profitable side of the market, until a good recovery has followed the violent collapse of March. Stocks are likely to become scarcer than money—just the reverse of what has been the case for the past six months. This is due to the fact that at least 150,000 shares a day were taken out of the market in small lots and paid for in full during the ten days of very low prices. This aggregates 1,500,000 shares, and, together with a still larger amount bought in 100-share lots for investment, has relieved the previously overburdened market of the stocks that were thrown upon it by foreign and American, firebread for the market and ingo of the government fours of 1907 is proceeding smoothly, and time money rates to deal six months' money at 5 per cent. Local bank reserves are now exceptionally large for this season, and the English bank rate proceeding to the stocks that were thrown upon it by foreign and American firebread for the revenue and the previously overburdened market of the stocks that were thrown upon the form of the session were substantial in extent, some excellent, and recoveries from low solves more stocks showing net gains, as compared with closing prices of Saturday. There was good buying of Smelters in anticipation of all operated with closing prices of Saturday. There was good buying of Smelters in anticipation of all operated with closing prices of Saturday. There was good buying of Smelters in anticipation of all operated with closing p and has passed then a normal reaction, and in far-coming sessions an opportunity will be coming sessions an opportunity will be afforded for bullish interests to make a demonstration at the advanced level. We

Toronto Stocks. April 6. April 8. Ask. Bid. Ask. Bid. It will go at least to 105 before the general rise culminates, is the prediction of well-informed people. When, in the late panic, E. H. Harriman, told the reporters that the market would go up, "when the time came," it is thought he had in mind the current movement in Southern Pacific, which has acted as a tonic to the general list. Some large buyers predict par for it before June. Will the public utilities bill be enacted? The question is being discussed with increasing interest. It has a potent bearing on New York Central, Erie and Brooklyn Rapid Transit. Should the measure go thru without the provision for broad court review, for which the cor-97¼ 95½ Cousol. British Cattle Markets. London, April 8.—Liverpool and London cables are firmer at 11½c to 12½c per b. dressed weight; refrigerator beef is quoted at 8½c to 8½c per lb.

Montreal Live Stock. Montreal, April 8.—(Special.)—Cable advices from Liverpool and London on Canadian cattle were stronger and noted an advance in prices of 1-4c to 1-2c per pound, with sales at 121-2c, and Americans at 121-2c to 13c. Exports from St. John, N.B., and Portland last week were 868 cattle. At the Montreal Stock Yards' West End Market, the receipts of live stock for the week end-ing April 6 were 3050 cattle, 113 sheep and lambs, 2450 hogs and 1935 calves. while the offerings this morning for local consumption were 1016 cattle, 75 sheep and lambs, 978 hogs, and 314 calves. A feature of the trade was the weaker feeling in the market for cattle. and prices compared with those of a week ago showed a decline of 1-4c per A big snow storm lasting all morning prevented intending buyers in many instances from coming to the market. Cable advices from Liversool on Saturday for Canadian cattle noted a further advance in prices, as compared with a week ago, but this fact had no influence on the local situation, as exporters were not disposed to operas exporters were not disposed to operate any more freely than usual, and only a few loads were purchased at 5c to 51-4c per pound. Choice beeves sold at 51-4c to 51-2c; good, at 43-4c to 5c; Price of U11.

Pittsburg, April 8.—Oil closed at \$1.78.
Cleveland, April 8.—The Standard Oil Company to-day put up quotations on all grades of refined oil 1/2c per gallon. Quotations on gasoline and naphtha are unchanged.

Lair, at 41-2c to 41-2c, and lower grades from 3c to 4c per pound. A stronger feeling developed in the local market for hogs this morning, and prices advanced 10c, due to keen competition between local dealers for supplies. Sales fair, at 41-4c to 41-2c, and lower grades from 3c to 4c per pound. A stronger feeling developed in the local market of selected lots were made at \$7.40 to \$7.50, weighed off cars. Supplies of sheep and lambs continue limited, and as the demand is very keen from butchers for this class of stock, prices are firmly maintained. Sheep sold at 41-2c to 5c, and yearling lambs at 61-2c A few spring lambs

# FREE TO MEN UNTIL CURED

at \$2 to \$8 each.

With good, vigorous health everything is possible wealth. happiness, success. Without it there is only failure. Electricity furnishes all that goes to build up a strong, hale, confident, successful man-iron for the blood, vim and fire for the nerves and brain. strength for the muscles, good digestion. It does all that medicines do, as well as what they fail to do. In my forty years' success I have proven this hy the thousands of wrecks I have 20-stored after other treatments faced. To convince every sufferer from as ity, varicocele, loss of power, matism, lame back, etc., I give my famous Electric Beit absolutely

SILVER IN SLABS.

Bullion Recovered From the Nova Scotia at the 110, Ft, Level

The slabs of silver recently taken from the 110 ft. level of the Nova Scotia mine, were inspected yesterday by The World at the King Edward Hotel. D. M. Steindler of New York, who is president of the mine, is stopping at the King Edward, prepara-tory to paying a visit to the Cobait camp, and has the samples at his rooms. The ore, or more correctly speaking, bullion, is in slabs, one of which is 31 inches long ty 14 inches wide, and about ½ an inch thick. Several others range about a foot square and weigh in the neighborhood of 15 lbs. each. The silver slabs were attached to the wall rock, from which they were detached by a pry. The ore containing being the same and weigh in the neighborhood of 15 lbs. the wall rock, from which they were detached by a pry. The ore containing high values of silver is in about a six-inch vein, at the side. Mr. Steindler, who has had a wide experience in silver mines in the United States, says he never saw anything approaching the richness of the Nova Scotia and many other of the Cobait mines. He is confident that the people who have not yet seen the common causer. not yet seen the camp cannot form any appreciation of the immense wealth that is only awaiting development to bring it into existence

RECORD SHIPMENT.

34 Tons From the Kerr Lake Nets Over \$75,000.

J. A. Jacobs, secretary of the Jacobs, or Kerr Lake, Mane, is at the King Edward. In discussing this property, Mr. Jacobs sold that a recent shipment from the mine established a record for the camp. The shipment consisted of 34 tons, and the net return was slightly over \$75,000. "We shall be shipping another car this week!" said return was slightly over \$75,000. "We shall be shipping another cur this week," said Mr. Jacobs, "of about 40 tons, which will be equally as rich as that sent out a few weeks ago." The Kerr Lake dividend of 2 per cent, was paid on April 2, on a capital of \$3,000,000, and this was the six hof such payments made since the company was formed.

Following are the weekly shipments from Cobalt camp, and those from January 1 to date:

Week ending Mch. 23. Week ending Mch. 23. Since Jan. I. Ore in poutids Ore in pounds, Ore in pounds, Buffalo 600,000 Nipissing 117,720 Coniagas 65,070 411,700 Nova Scotia Cobali Central 101,877 O'Brien 145,990 . . . . . Colonial 1.212.417 34,250 Red Rock 100,350 Right of Way 129,580 Silver Queen ..... 3,800 Green-Mechan 3.800 220,577 Kerr Lake 101,650 (Jacobs) Trethewey 475,088 75,000 Townsite 43,000 373,567 University McKinley 61,383

60,000 The total shipments for the week were 477,230 pounds, or 238 tons. The total shipments since Jan. 1, 1907, are now 5,568,499 pounds, or 2784 tons. In 1904 the camp produced 158 tons, valued at \$136,217; in 1205, 2144 tons, valued at \$1,473,196; in 1906, 5129 tons, valued at \$3,900,000.

Monday Evening, April 8.

The markets for Cobalt mining stock were tame to-day, with the public participating only to a small extent in transactions. Prices on the whole were firm, one advances at the end of last week being maintained in every instance. Floor trailers who have assisted in depressing prices are still contesting the advances, and will continue to do so until the outside buying power is largely in excess of the liquidation. The tendency to easier conditions in the meney markets is assisting in bringing about a more buoyant sentiment and leading to the withdrawal of selling orders, which are already on the markets. Today's business was largely taken up with Fester, Trethewey, Peterson Lake and Silver Leaf, each of which, with the exception of the latter, was steady, if not slightly ligher. Green-Mechan was duil, but buyers found more difficulty in getting these shares. The close was steady and the market without definite trend.

COBALT ORE SHIPMENTS.

Summer schools for instruction in nature study, art, manual training and household science for teachers and educationalists, will be held during the summer vacation. Circulars of explanation are being printed, and further particulars may be obtained by communicating with the principal of the normal school at London Ottawa or To-

six months each.

mal school at London, Ottawa or Toronto. No fees are charged to those Ore in pounds who desire to avail themselves of the privileges thus open for receiving instruction in these subjects. Holds Sister for Boy's Death.

Quebec, April 8.—The jury in the matter of the 14-year-old boy named Amedee Carrier, who was killed on Monday last at St. Charles, Belchasse, rendered a verdict holding Alexena Carrier, sister of the boy, responsible for her brother's The young prisoner is only 14 years of age.

In Index Expurgatorius. Rome, April 8.—It is reported that the new syllabus being prepared by the holy office will contain a solemn condemna ion of the works of the Abbe Houtin and of Fonazzaro, in addition to con-demnation of the writings of the Abbe Loisy, the Rev. Dr. William Barry and the former Jesuit priest, Terrill.

Broke His Leg.

TO HELP ALGOMA CENTRAL ONT. WOULD REAP REWARD

> Local Government Would Benefit the Older Part of Province by Timely Assistance.

124 221 The following appeared in a recent 137 ssue of The Sault Star: The territory thru which the Algoma Central is being constructed and is projected is rich in timber, mineral and agricultural lands. Immense deposits of nickel, iron and copper extend from Sudbury westerly to Michipicoten and further to the north. There have also been discovered quantities of the precious metals. These resources can never be fully developed and the benefit thereof obtained for the Province of Ontario as a whole, except by railways unning north and south, having their terminals at lake ports, so as to afford cheap and easy water transportation from the nearest possible lake ports to the nearest industrial centres of Ontario for the timber, mineral and farm products of these districts, and also aur nishing in return cheap transportation from older Ontario for the immense supplies of all kinds of manufactured products as well as many products of the farm which will be required in the de-velopment and opening up of the great territory in Northern Ontario. The first and most important work in

the opening up of the territory named is the construction of those portions of the Algoma Central Railway above Western & Northern Lands. 125

As pointed out, this railway traverses one of the richest mineral sections in the whole of Northern Ontario, crosses many important streams and rivers, down which will naturally come immense quantities of timber and other products of all kinds, piercing the heart of the clay belt, the lands of which are said to be equal to the best of older Onfario, and the timber of which is practi-cally inexhaustible, and will make Michipicoten harbor and Sault Ste. Marie great lake ports and shipping centres, similar to Port Arthur and Fort William. There is no harbor on Lake Superior so Colonial Investment—13 at 7.40.

of Motion.

CITY HALL TO-DAY. 10 a.m.-City council waits on pri-

vate bills committee of the legislature re expropriation bill. 3 p.m.-Board of control.

By a decisive majority the city council yesterday afternoon placed itself on record as strongly opposed to any interference with the progressive bylaw passed by the council of last year forwarded promptly to Judge Win-chester, who will announce the scheme of assessment within the next few

The vote, taken after an hour's sur vey of the situation, was upon Ald. McBride's motion that the proposed work be abandoned, and resulted as

follows: For James-street extension: The Miss Furey, a sister of B. O. Furey and Ward, Ald. McGhie, Adams, R. H. of Brooklyn-avenue, died in Cavan, Ire-Graham. Geary, Church, Foster, E. Hales and Wilson—12. Against: Ald. McBride, J. J. Graham, Vaughan, J. Hales, Bengough; Lytle and Whytock-7.

Ald. Keeler, who is one of the strongest extensionists, was in and hence didn't vote. Ald Chisholm and McMurrich, both of whom are also

### ARE YOU SUBJECT TO **HEADACHE?**

If you are, and have never tried Burdock Blood Bitters it will pay you to profit by the experience of others and give it a trial. A healthy stomach, right acting liver and bowels that properly perform their importheadache. If these organs are not in perfect condition, headache must follow. The proper course is obvious-restore the stomach, liver and bowels, to health, and head-ache cannot exist. For this purpose ne

#### BURDOCK BLOOD BITTERS

It removes the cause of the headache by its splendid cleansing, strengthening and tonio roperties, whereby the entire system is brought into healthy action. Miss Celina Dubal, Letellier, Man., writes: "I suffered for fifteen years from sick headache. To the advice of a friend I owe my complete cure, and it is with great pleasure that I testify to you that I have not suffered since using your wonderful remedy, Burdock Blood Bitters. I can recommend it as an efficacious remedy for sick headache, which caused me so much misery. Price \$1.00 per bottle or 6 bottles for \$5.00 at all dealers."

in favor, were unavoidably absent. Controller Harrison, who would like-wise have supported, was called away from the meeting earlier in the after-

84-86 Yonge Street

reviewed the arguments advanced that conditions had so changed since the the extension was no longer desirable.

In reply, W. F. Maclean, M.P., asked merely that the council should keep faith by upholding the existing bylaw and pointed out the existing bylaw ed. and pointed out that there was need of relief of the traffic congestion at the corner of Queen and Yonge-streets, and that Judge Winchester, after hearing all the evidence, had decided the extension would be a great public improvement. Tributes.

A warm tribute to the late Hon. Mr. St. John was paid by the mayor, in inviting the council to assemble on Wednesday afternoon to attend the fureral ceremonies.

A pleasant feature, preceding the regular business of the afternoon, was address to Dr. A. S. Vogt, conductor of the Mendelssohn choir. Dr. Vogt spoke of the personal sacrifice of valuable time made by members of the organization, and the financial loss of housands of dollars inevitable under the circumstances.

Liquor License at Island. Ald. Bengough with Ald. E. Hales as seconder gave notice of motion that council "respectfully and earnestly request the board of license commisoners to refuse to entertain any ap-

plication for license to sell liquor in any public amusement place in the City of Toronto." Ald. Foster drew attention to the \$4000 asked by Mr. Forman for the purchase of lots on Lee-avenue and Cinque Ports-avenue from Jos. Wiliams, in connection with the purchase of Kew Beach Park, and asked if this amount was additional to the \$125,000 included in the bulk sum.

On motion of Ald. McGhie it was

decided to allow the free use of the lar vein, the second cutting his face. exhibition track to the Toronto Driving Club one afternoon per week for speeding competitions on the definite understanding that no gambling or mala. other improper practices are to be The fire and light committee will be

asked to consider a report on the advisability of erecting electric lights at all street railway stops. The Greater Toronto. The board of control on motion of

Ald. Foster will consider applying to the Ontario government for an order in council to annex to the city "that portion of the Township of York situated on the north side of Danforthavenue." Also on Ald. Foster's motion the property committee will conant duties, will render anyone free from and retail fruit market in the north sider establishing a public wholesale section of St. Lawrence market, and five other teachers from New York. that a railway siding be run into the market Ald. Church's motion was "that the

board of control be requested to confer with the Township of York and other municipalities interested in the erection of the Bloor-street viaduct and report the result of such negotiations to council at an early date.

Three More Squadrons.

Militia orders announce that authority has been given for the organization of three squadrons of cavilry in Oxford County and of a considerable increase in the mounted forces of the western provinces. In Manitoba a new regiment to be known as the 18th Mounted Rifles will be

Two squadrons of cavalry will also be recruited in the Province of Sas-katchewan, and three additional squadrons of the Canadian Mounted

### CLOSE TO A COOL MILLION CITY'S BALANCE FROM '06

Treasurer Coady's Statement of How Toronto Fared Financially Last Year.

City Treasurer Coady yesterday issued a detailed financial statement covering 1906, showing an excess of receipts over disbursements of \$981,- 911.21.

911.21.

The receipts of \$11,929,484.62 include \$759,563.28 on hand Jan. 1, 1906; \$2,447,-220.51 debentures negotiated, \$269,018.28 contractors' deposits (contra), 3107,-996.68 exhibition fire insurance, \$111,-133.99 liquor and \$46,132.80 general licenses; \$229,997.36 property rentals and sundry receipts, \$348,963.48 street railway receipts and \$78,445.08 mileage; \$2,064,189.66 matured investments and \$180,760.31 interest on investments; \$3,719.78 taxes, including arrears: \$3,719.78 taxes, including arrears; \$485,913.21 water rates and \$17,344.94 special services; \$63,408.89 private drains and \$619,716.18 in bank ad-

The disbursements total \$10,947,573.41. Among the large items in the expenditure column are: \$406,869.88 in bank loans and advances, Jan. 1, 1906; \$111,-979.17 administration of justice; \$117,-747.01, charitable, hospital and other grants; \$256.057.72, contractors' deposits (contra); \$1,170,400.34, debentures redeemed; \$103,953.73, permanent improvements to exhibition buildings. provements to exhibition buildings; \$180,662.35, high pressure fire system; \$278,584.04, fire department; \$888,532.48, interest on debenture debt, general and interest on debenture debt, general and local improvement loans, special deposits, etc.; \$32,684.53, Jail maintenace; \$39,053, public library maintenance; \$58,237.11, local board of health; \$63,506.35, maintenance and repairs to markets; \$388,185.65, police department; \$202,878.99, repairs to public buildings, city hall maintenance, insurance, fire hall additions, etc.; \$163,125.93, parks requisition; \$74,664.58, public walks and gardens; \$150.000, provincial hospital grant; \$85,262.81, municipal salaries; \$977,817.50, maintenance of schools and new schools; \$2,431,128.34, sinking fund investments (contra); \$124,242.34, street schools; \$2,431,128.34, sinking fund investments (contra); \$124,242.34, street and park lighting; \$21,460.86, tax collection; \$190,995.56, maintenance waterworks; \$260,408.29, extensions, additions and renewals; \$255,783.34, sundry works and services; \$993,833.17, local improvements; \$75,556.05, roadways and repairs; \$119,067.49, street and snow-cleaning; \$51,078.29, street watering; \$130,146.09, scavenging, and \$171,392.05, street railway track allowance.

#### SECOND UNKNOWN SUICIDE. ound at Centre Island Yesterday

Morning by Island Policeman. The body of an unknown man was found dead in the men's lavatory at Centre Island yesterday morning, with a

bullet wound in his head. Deceased was clean shaven, about 5 feet and a half in height, and of fair Raymond, who represented the petitioners against the extension, briefly reviewed the arguments advanced in the street car ticket and one return ticket to the interest of the carried a nickel watch and 11 cents in money. Three street car tickets and one return ticket to the interest of the carried a nickel watch and 11 cents in money. Irish frieze overcoat, pepper-and-salt advent of the street railway loops that coat and vest and striped trousers. A

FLOODS IN SERVIA

Belgrade, Servia, April 8.-Widespread floods, caused by the melting of the snow, have wrought devastation in nany Servian towns. Railway traffic is interrupted, and number of fatalities have been report-

Memorial Lodge, I. O. F. The second meeting of Memorial Lodge, I-O.F., so named, to perpetuate the memory of the late Dr. Oron-hyatekha, was held last evening at the Temple. The occasion was taken to present sashes to the officers by Maj. McMurtry, H.S.C.R., the gift of the supreme executive. Twenty new mem-bers were initiated, and it is thought that Memorial bids fair to become the "banner lodge" of the Toronto Foresters. A flashlight portrait was taken of the officers, prominent among whom were G. H. Mitchell, superintendent field work; Alex. Stewart, high treasurer; J. H. Heron, D.S.C.R., and John Gray, D.S.C.R. and John Gray, D.S.C.R.
