SIR CHARLES TALKS

About the Reception Tendered to Him at Winnipeg.

HIS SPEECH WAS MISREPORTED.

Was Only an Alleged Verbatim of First

and Criticism of it is unfair and misleading. The Premier claims there has been a change in the public sentiment in the West.

Forward to favor of the Government. Lord Kenna congratulates Sir Charles and Mr. Chamberlain speaks highly of the Canadian Premier while filling the position of High Commissioner.

Ottawa, May 13.—(Special)—Sir Charles Tupper and his private secretary, Mr. Payne, returned from Winnipeg this afternoon. The Premier was met at the station by his son, Sir C. H. Tupper, and driven to the buildings. Your correspondent was immediately accorded an interview by the Premier, and found him in splendid spirits respecting the outlook in the west.

In reply to a question, he said: "The reception accorded Hugh John Macdonald and myself at Winnipeg was the finest I have seen during my long public life of 41 years. I have read the accounts of it telegraphed to the eastern papers, and can truthfully say that the apparently extravagant language employed was fully warranted. The people of the city seemed to have turned out in a body, and their enthusiasm was unbounded. I have seen many large crowds and great demonstrations, but never anything to equal the ovation at Winnipeg. At the public meeting again and again the vast audience rose to their feet and gave vent to the greatest enthusiasm which could leave no possible doubt as to the sentiments they held. The effect of such a meeting in Winnipeg must be very great throughout the entire Northwest. My only regret is that owing to interruptions, caused by the falling of rain on the roof of the rink, and the unfavorable location of the reporters, the alleged verbatim report of my speech was full of inaccuracies and blunders, in some instances conveying an opposite meaning to that which I intended. Both the Free Press and the Northwest have found it necessary to republish the speech in order to correct many errors, which marred the first report. Criticism, therefore, based on the first report must necessarily be unfair and misleading."

"What do you consider to be the outlook in Manitoba and the Northwest?" was asked. "I regard it as most encouraging. In Winnipeg, Mr. Martin's defeat is commended by well-informed men, and throughout the province of Manitoba and Northwest Territories we are warranted in expecting to carry every seat. I met the candidates and also many delegates from every constituency in the west, and to a man they are confident of victory. The prospects could not be brighter."

"Feeling on the school question?" "I found that public sentiment had undergone a great change from what it was represented to be some time ago. A large majority of the people seem to recognize the constitutional aspect of the matter and are prepared to endorse the course taken by the Government, rather than that taken by Mr. Laurier. I had been led to believe they were violently and unalterably opposed to the Government and would vote for Mr. Laurier, regardless of the other issues at stake, but I found them in quite a different mood. They understand all that is involved in the election, and are disposed to view the school matter in a judicial spirit. Pull and frank statements of the case, such as Mr. Macdonald's and I were able to make, have brought about a much better feeling, and I can see no reason for doubting that a most decisive verdict in our favor will be given by all the western constituencies. The people are enthusiastic in their approval of our general policy, and many conscientious and well-meaning men who do not see eye to eye with us on the school question will support the Government candidates on broad grounds."

"I have arranged," said Sir Charles, "to attend a demonstration at Somerset Park in Montreal on Friday, and address a mass meeting in Windsor Hall on Saturday night. On Monday following I am to speak in Quebec, and then go to the Maritime Provinces. I expect to return to Ontario in good time for a visit to most of the leading centres. I should have liked to have met the members of the Locomotive Brotherhood here to-morrow, but as I am leaving for Montreal early in the afternoon I find myself unable to accept the very kind invitation of His Worship the Mayor in this regard."

A Letter From Lord Lorne. On his arrival here the Premier found the following welcome letter awaiting him: Kensington Palace, April 23rd, 1896. My dear Sir Charles: Allow me to send you the best wishes of the Princess and myself on your assumption of the post of Prime Minister. Your party is greatly to be congratulated that it has so strong a leader for the forthcoming electoral campaign, and it is a pleasure to us to hear that you feel yourself well and able to undertake so heavy a task after so many years of distinguished public labor. Believe me, dear Sir Charles, with many kind

messages from both of us to Lady Tupper. Yours sincerely, LORNE.

Mr. Chamberlain's Appreciation. His Excellency has received the following despatch from the Colonial Secretary:

Downing-street, 26th April, 1896.

My Lord.—I have the honor to acknowledge the receipt of your telegram of 24th inst., informing me of the acceptance by Sir Donald Smith of the appointment of High Commissioner for Canada. It would be impossible for me not to feel that this change in the office of High Commissioner demands from me something more than an ordinary expression of regret that Sir Charles Tupper's connection with the appointment should have been brought to a close. It is not often that a statesman of the calibre of Sir Charles Tupper, whose name has for so many years been intimately associated with every event of political, and I may say national, importance in connection with the Dominion of Canada, can find it possible at the same time to exercise a close and masterly supervision over affairs of the High Commissioner's office in this country, and in placing on record my sense of advantage that I have derived from association with Sir Charles Tupper in connection with Canadian affairs, I am confident that I am also expressing the feelings of those of my predecessors in office who have enjoyed the same privilege. While it would be impossible that the presence of Sir Charles Tupper's connection with the High Commissionership in this country should not be keenly felt, it is a matter of great satisfaction to me to think that he is about to be replaced by a statesman of such known ability and experience as Sir Donald Smith. I have the honor, etc.

Winnipeg, May 13.—(Special)—It has been arranged that D'Alton McCarthy will speak in Winnipeg on the evening of May 25th, in Portage la Prairie, at 2 p.m., and at Brandon at 8 p.m. May 26, and at the following places, as may be arranged: Oak Lake, Virden, Haney, Souris and Dotselavain. When Mr. McCarthy speaks in Winnipeg, Hugh John Macdonald will ask the privilege of speaking on the same platform. The meeting is likely to be interesting.

WHAT THE DECREE IS

Interest in the Mandement of Sunday Next.

IT IS A GRAVE ERROR AND A FAULT

To Vote for a Candidate Who is Not Elected

To Support the Remedial Legislation Proposed by the Bishops—The Document Will Define the Rights of Bishops to Supervise and Control the Education of the Young—It Will Be Read in Two Committees in Ontario as Well as in Quebec.

Montreal, May 13.—(Special)—As intimated in this morning's World, the collected mandement of the hierarchy of the ecclesiastical provinces of Quebec, Montreal and Ottawa, bearing on the duties of Roman Catholics in the coming general Federal elections in connection with the Manitoba school question, will, it is understood, be read in all the churches on Sunday next. The document is one of the most important issued by the Roman Catholic authorities, and will be awaited with interest. As the Diocese of Ottawa includes two counties in Ontario, the mandement will be read in that district as well as throughout the Province of Quebec. It is understood that the Bishops of the other provinces, who have not signed the document, which is a provincial one, have promised to instruct the faithful to vote for candidates who are pledged to vote for Remedial Legislation. The mandement defines the rights of Bishops to supervise and control the education of the young, and after reciting the events in connection with school legislation in Manitoba expresses profound regret at the fact that the Catholic members of the Commons disagreed on a question of such vital interest to the church and religion. It is stated that the duty of Catholics is to maintain Catholic schools, and for this purpose the faithful are instructed to exact from candidates a pledge to vote for Remedial Legislation and to vote only for such as do so. It is decreed to be a grave error and fault to vote for any candidate unpledged to support the Remedial Legislation approved of by the Bishops or a fault for members of Parliament to refuse to vote for such.

J. A. Macdonald, Premier of the Province of Manitoba, stating that he had decided to accept the election to the Niagara diocese.

Sentences of other members of the Reform Union, who were found guilty in connection with the conspiracy and raid, and were condemned to imprisonment and banishment and to pay a fine of \$10,000 each, have been reduced to one year's imprisonment. There has not been experienced with in memory such a rushing trade in hats as has been seen at King and Yonge-street since the inauguration of Dineen's rebuiling sale. Remarkable reductions have been made in very many lines, while the entire stock has been kept right up to date; including every new block and new shade. Remember this, and consider that Dineen's rebuiling sale prices are absolutely lower than any other firm can quote in good faith for the same goods, and you have the reason for the success which is marking the sale. There are constantly arriving consignments of new hats, contracted for before building was decided upon, and profits are being sacrificed. Dineen's, King and Yonge.

### PRUNING THE ESTIMATES.

**BOARD OF CONTROL TELLS ITS 'ESTIMATE' HAND.**

At one sitting it lays off \$20,000—Law and Librarian Cost Two Much—All School Grants Reduced—In Mr. Chamberlain's Defence—Band Concerts Arranged—Cinder Tracks and Bridge Paths—To Encourage More Manufacture.

The Board of Control met yesterday afternoon, Ald. McMurrich presiding in the absence of the Mayor. The other two members were present. Some discussion ensued in reference to the propriety of taking up the estimates in the absence of the Mayor, which was decided against. A deputation representing several of the charitable institutions was informed that the efforts for charitable purposes would not be taken up until a future meeting.

**Ten Thousand Off Law.**  
The board decided to take up the items classed as uncontrollable. The first item to suffer was that for Administration of Justice, which was reduced by \$10,200, which sum \$10,000 was taken of the City's proportion of jury and Court House, and \$200 off the item for examination and removal of lunatics. \$500 was taken off the item for contingencies in the Police Department.

The cost of general expenditure for the jail was placed at \$10,250, and the salaries of the officials at \$14,410. The board struck \$1000 off the item for general expenditure.

**Library Estimates Reduced.**  
The Public Library asked for \$34,963, including \$787 for books, \$1808 for binding same, and \$289 for newspapers and magazines. Ald. Lamb wished information in reference to the cost of the branch libraries. He had heard some of the members of the Library Board express the opinion that the branches could be closed if the council did not object; he expressed the opinion that the cost per subscriber of the branch libraries was greater than the annual subscription to the old Mechanics' Library.

In order that a return of the number of patients may be furnished to the council, the total reduction was \$20,513 on the items dealt with.

**Was There Favoritism?**  
Before the estimates were taken into consideration, the representative of The Globe complained to the board that favoritism had been shown by the City Treasurer in furnishing one of the morning papers with copies of his estimates at an earlier hour than the previous evening than the other papers received them.

**The Proposed Bicycle Tax.**  
The consideration of the suggestion by Ald. Frost's special committee to impose a tax of \$1 on all bicycles used by persons over 10 years of age, other than in the case of transient visitors not exceeding two weeks, was deferred until Ald. Frost is present.

**The Parks and Gardens Committee** yesterday afternoon discussed the question of constructing a cinder path around the Island Park. Ald. Hallam, the chairman, strongly supported the plan as a boon to the children. The Park Commissioner estimated the cost of constructing a 3-foot path at \$500.

**Will Stand by St. Chambers.**  
The resolution of the Horticultural Association protesting against the proposed abolition of the Parks Department and the reducing of the Park Commissioner to the position of a subordinate to the City Engineer was heartily endorsed by the committee and forwarded to the council.

**Queen's Park and Island Park.**  
The University authorities, having decided upon the plan of maintaining the fence between the Queen's Park and University grounds, an item of \$1100 will be placed in the estimates to cover the cost of renewal. The volunteers of 1886 is to be repaired and the inscription renewed at a cost of \$50.

**Factory** cotton, starch, sugar, and soap, pig iron, book binders' hardware, glass manufacturers, and other goods, valued at \$1,000,000, all manufactured in the city.

**Hand Concerts in the Parks.**  
The sub-committee of the Parks Department, which was organized to arrange for 35 concerts in the parks this summer, met yesterday afternoon. The committee was organized to arrange for 35 concerts in the parks this summer, met yesterday afternoon.
