PUGSLEY RAISED ISSUE

His Resolution Opposed by Government as Not Going Far Enough.

(Continued From Page 1.)

impressed upon my honorable friend (Mr. Pugsley), in presenting his motion. The Pugsley resolution was then declared lost on division. The yeas and nays were not demanded. The afternoon was taken up with a discussion of Dr. Steele's resolution to establish a department of public health. This resolution, after a brief discussion, was sidetracked by an adjournment of the debate, and a similar fate overtook a resolution offered by Mr. Boulay of Rimouski to require all civil servants getting \$200 a year or over to be versed in both official languages.

No Action on Report.
A number of questions on the order paper stood over. Among those answered was one propounded by Sir Wilfrid Laurier, as to what action had been taken by the government upon the letter addressed to the commissioner, Arthur Hawkes, in 1912 by the Hon. John Burns, proposing co-operation by the Imperial and Dominion Governments upon the subject of British immigration to Canada. Dr. Rube, minister of interior, said in effect that nothing had been done. The Dominion Government, he said, only encouraged immigration of farm laborers and domestic servants. The British Government, on the other hand, did not favor the immigration of farm laborers to Canada.

Public Health Department.
Dr. Steele then addressed the house in support of his resolution calling for the organization of a department of public health. He pointed out that the world had such a department. In the United States the great discoveries in medicine, Dr. Steele said, justified governments in bestirring themselves.

What Sanitation Does.
Pasteur, Koch, Lister and other leaders of science had taught civilized nations how to alleviate suffering and prolong human life. Smallpox had been largely stamped out, diphtheria had lost much of its terrors and a successful fight was being made against tuberculosis. Cuba, Porto Rico and the Panama Canal zone were shining examples of the wonders that could be accomplished by a government which earnestly addressed itself to the problems of sanitation.

In the present great conflict there were no epidemics and the mortality from disease was no higher among the soldiers than it would be in times of peace. The war had forced many governments to do many things which would probably teach them to properly conserve the health of the people. Infant mortality in this country was a public

scandal and there was a startling economic waste through preventable disease. "The first requisite for success in this life," said the member for Perth, in conclusion, "is to be a healthy animal and what is true of individuals is no less true of nations."
Must Consult Provinces.
Hon. J. D. Hazen, who is acting as minister of agriculture during the indisposition of Mr. Burrell, discussed the resolution from the standpoint of the government. He said there were probably no constitutional obstacles in the way of creating a department of public health under a responsible minister. Generally speaking, however, the Dominion and provincial governments had jurisdiction jointly. By common consent the provinces and municipalities had taken general charge of sanitation. He promised that the subject would receive careful consideration.

Mr. Hazen admitted that jurisdiction over subjects relating to public health was shared by the Dominion Government as at present distributed among a number of departments, instead of being centralized under one control. Mr. Boulay (Rimouski) then addressed the house at considerable length in the French language in support of a resolution declaring that in the opinion of this house, Canadians in the French language should hold positions in the employ of the Intercolonial Railway and in the public service of Canada in proportion to their number in the country, and that it is urgent and in the public interest that all civil servants holding higher offices and drawing salaries of \$200 and over should understand the two official languages of this country, and that no official waste through preventable disease should be admitted into the civil service in this unless he can fulfill such conditions.

Pugsley Ardent Suffragist.
At the request of the government the debate upon the Boulay resolution was adjourned and Mr. Pugsley then addressed the house upon his resolution respecting votes for women. He pointed out the present anomaly in the Dominion Elections Act, which requires a voter, if challenged, to swear that he is a British subject and of the male sex. The result is that, although the province may adopt female suffrage, the women of that province are still debarred from voting at federal elections.

Mr. Proulx: Why not amend the law so as to give women seats in this house?
Dr. Pugsley replied there was no amendment. The law should not be so amended.

Kyle Violently Opposed.
Mr. Kyle (Richmond, N.S.) declared himself vigorously against the resolution for women. He declared the right to vote would transform "tender, loving, motherly friends" into "stupid, ignorant and beardless Amazons." If women voted, he said, they must be educated to serve on the police force and in the militia, and to take their places in the trenches. Women, he said, did not need the franchise, and the majority of them did not want it.

Dr. Thompson (Yukon Territory) adjourned the debate.
To Cure A Cold in One Day.
Take LAXATIVE BROMO QUININE Tablets. Druggists refund money if it fails to cure. F. W. GROVES' signature is on each box. 25c.

WAR SUMMARY

Today's Events Reviewed

(Continued from Page 1.)

is illustrated the folly of prophecy in war. But as the reputation of the Hohenzollern family is at stake, and as the crown prince sorely needs rehabilitation in reputation at home, Germans chafing over his many past failures, the kaiser will be tempted to pile on more men and store up more munitions to feed his big guns, and attempt once more to press onward every inch of the way, and that the French will put up a brilliant defence if the German chariot is rolled further along down the banks of the Meuse.

The British official statement of last night on the fighting in France tells of the repulsing of a German attack against the British lines, which the exploding of a German mine against the British parapets south of La Bassee Canal, doing damage to the trenches. Some artillery firing is reported about Aubers and the Ypres-Comines Canal.

From Mesopotamia comes the news that the Tigris River is rising again, and that it will soon be at high flood. Gen. Aymler carried out the Turks to disclose their dispositions. Two aeroplanes have flown from Bagdad to join Gen. Aymler. A punitive expedition, which the British sent to fight, the British suffering no casualties.

Good news also comes out of Egypt, the victory of the South African troops against the Senusi tribesmen under Turkish officers on Sunday being greater than was first supposed. Nuri Bey, brother of Enver Pasha, the principal subordinate officer, being captured. Over 200 killed and wounded of the enemy numbered the ground. A machine gun, which the Turks and Germans had smuggled into Egypt, was captured.

The Austrians announced yesterday that their troops have occupied Durazzo, which the Italians had announced that they had evacuated on Saturday. The Italians kept the Austrians under fire every foot of the way into the town, and when an Austrian battalion entered it, it was burning. Trench fighting is reported from the Italian front.

PLAYS, PICTURES AND MUSIC

AUDIENCE SHRIEKED AT ROYAL ALEXANDRA FARCE

"The Night Before" Returns to the Grand and Receives Warm Welcome.

"A Pair of Slices" has enough vitality to preserve it alive for several seasons, and last night's reappearance at the Royal Alexandra brought out an audience that fairly shrieked over the comedy presented in the situation where two partners try to settle their disputes by a joker bet. The three acts of the farce are well acted, and it is difficult to say which causes most amusement. The company, headed by Nettleton and T. Boggs Johns, are played by Walter Fenner and Harry Stubbs, who are well supported by Dorothy and Freddy Mathews. They set better with the scene and were at all times in the part of Mr. Applegate very funny. Another part of the comedy is the first act in Sally Parker, the stenographer, and Mary Behan played this with much true dramatic feeling. The Mrs. Nettleton of the piece and she made an impressive costume part out of it, especially in the second act. Miss Fogarty was the Florence Cole and ably assisted Miss Quinn with a bright and vivacious representation. Local interest was keen about the appearance of Maude Eburne as "Coddie" in the farce. She has done all work, a portrait drawn on Dickens' lines with a modern mind, suggestive of the character of the original. Her dialogue and laughable study was elaborated by Miss Eburne into a full-length portrait and much of the very best vein of low comedy. Her work at the Royal Alexandra has been very successful, and her fans are very numerous. The comedy comes from a rare gem and mothers into ravine suffering. The first act is kept through, and the third act, long as it was, brought continuous laughter and applause. It is a house full of people, and the villagers sitting in their chairs facing the audience when they are not joining in the dances. The play is exceedingly well staged and the songs, typically Laurier, won instant popularity. Among the tuneful hits were "The Night Before," "The Gowan Legend," "We All Go the Same Way Home," and "Wee Bonnie Annie."

James Finlayson was seen as Rab, and the character of the play was that of a man who had lived among these homes. Peter MacArthur, a fine specimen of an American actor, makes a magnificent and a simple country fellow he was none the less manly. Gifted with a magnetic sonorous baritone, to him the most of the songs of the evening. His dialect was excellent, and at the same time understandable. The same night, the play "The Merchant of Venice" was presented by the same company.

John E. Kellard Comings.
CHICAGO, Feb. 28.—John E. Kellard, the distinguished Shakespearean actor, will play a special engagement next week at the Grand Opera House, presenting his three big successes, "Macbeth" and "The Merchant of Venice."

Officers Dine Well.
The mid-day luncheon of the Hotel Teck, served from 11:30 to 2:30, at 50c, is well patronized by officers and was as prominent downtown business men. In evening superior a la carte service at moderate prices.

At the Gayety.
Catchy songs, lively dancing numbers by a large chorus of attractive and lavishly costumed beauties are the chief features of the Gayety Theatre. Dollar Dolls extravaganza company, which opened a week's engagement at the Gayety Theatre yesterday afternoon, will play a special engagement next week. Runney and Elsie Meadows share the honors equally in leading the chorus. The funny part of the show is well looked after by Lew Hilton and Lester Allan. Hilton has been with this show for many years, and is easily recognized by his Hebrew sayings. "Shimsky, dot's me! Allan takes the part of a freight car traveler and works well with Hilton. The colored porter, proved a great favorite with the matinee audience. Saved, billed as a juggler, should be under the heading of a heavy balancer. Sawo, who is anything from a model of a horse to a large stepladder on his chin.

Good Bill at Shea's.
Heading an all-around good bill at Shea's this week, are Anna Wheaton and Harry Carroll who at the matinee performance yesterday had to respond to several enthusiastic curtain calls at the close of their combined vocal and instrumental musical act. Mr. Carroll has bright and original piano offerings and Miss Wheaton's interpretation of songs is both artistic and attractive. The one-act sketch of "The Meanest Man in the World" has the human touch, which never loses its charm. John, as the country sport, and Winkle Hennings, in the "Kill Kare Kouple," supply a continuous round of mirth in their laughable dialogue. Out of the ordinary are the voices of Eugene Emmett and Lucy Longe, the former having a very pleasing voice, which he uses pleasingly, and his partner possessing deep tones which are able to take selections out of the range of the average singer. That the Alexander Brothers are the world's greatest ball bouncers, no one doubts who sees the wonderful act of Maurice Burkhardt. In "The Thief," presents a clever comedy musical act, in which several of the sketches are graphically introduced. "Adonia" is a beautiful setting and with the assistance of a clever dog, does a series of graceful and wonderfully skilful gymnastic feats. Sally Fowler and Bert Gaspman are an agile and amusing team of singing and dancing comedians.

At the Hippodrome.
In a fascinating film version of Frances Hodgson Burnett's story, "That Lass O' Lowries," which has been

Official War Statements

British
The British official communication, issued last night, says:
"Last night we repulsed a small German attack southeast of Albert. During the night the enemy sprang a mine south of La Bassee Canal, causing some damage to our trenches."
"Today there has been some artillery activity about Aubers and the Ypres-Comines Canal."

French
The French war office reports:
"In Belgium our batteries have bombarded German organizations located opposite Steenstraet."
"In Champagne, in the region of the Navarin farm, to the north of Souain, the enemy was successful in launching an attack in occupying certain trenches of our advance line; they also took a supporting trench."
"In the region to the north of Verdun the bombardment has continued with intensity, particularly in the central sector and on our right. There has been no further attack on the Cote du Poivre."
"Yesterday evening German forces made several attempts to occupy the Village of Douaumont. These efforts were broken by the resistance of our troops, who withstood the most furious assaults."
"There is no change in the situation at the fort of Douaumont, which still remains closely encircled. The fighting is less spirited on the plateau to the north of the Village of Vaux."
"In the Woëvre district, the enemy yesterday evening and last night assumed an attitude of greater activity. The railroad station at Elx, captured and recaptured several times by the attacks and counter-attacks of the two opposing forces, now remains in our possession."
"All the attacks against Hill No. 265, to the southeast of Elx, were futile, failing to dislodge our troops. Further to the south a German attack against Manheulles resulted in complete failure."
"Our artillery is combating with energy the bombardment of the enemy along all this front."
"In the Vosges we have bombarded several German barracks in the region of Ban de Sapt."

German
The German War Office reports:
"There have been exceedingly violent artillery engagements at several places. On the front north of Arras there has been intermittent mining activity. The Germans blew up about forty metres of an enemy position."
"In the Champagne, the Germans, after efficient artillery preparation, began an attack on both sides of the road from Somme-Py to Souain. They captured the Navarin farm and French positions on both sides, about 1600 metres long, and took prisoner 28 officers and 1000 men and captured nine machine guns and one mine thrower."
"In the Verdun district, new masses concentrated by the enemy were exhausted in unsuccessful attempts to capture German positions in and near the fortresses of Douaumont and Hartmann."
"The Germans have cleared the Meuse Peninsula of enemy forces, and have advanced their lines further in the direction of Vacheraville and Bras."
"In the Woëvre, the foot of the Lorraine Heights was reached from the east at several places."

Austrian
The following Austrian official statement was issued yesterday:
"Austro-Hungarian troops have occupied Durazzo. During the forenoon one column, under the fire of the Italians, advanced across the northern salinus to Foros, six kilometres from Durazzo. Our troops advanced

The House of Service

188 Yonge St., Toronto, Ontario

WORLD-WIDE

GOOD YEAR MADE IN CANADA

THE Goodyear Tire & Rubber Co.—of Canada—of the United States—of Great Britain—of South Africa—of Australasia—of South America—of Mexico—have you ever realized the tremendous ramifications of these world-wide institutions that are supplying better tires for everv nation? All of these corporations do not, as yet, manufacture but purchase from The Goodyear Tire & Rubber Co. of Canada and the Goodyear Tire & Rubber Co. of Akron, tires being shipped continuously from Bowmanville, Ont., and Akron, Ohio.

KINGSWAY—Aramburu—Escolta—Calle del Bruch—Clarence Street, Sydney—Flinders Street, Melbourne—Burg Street, Capetown—Mercer Street, Wellington—Clive Street, Calcutta—just a few of the over fifty streets in over fifty countries where there are Goodyear centres. Goodyear service, like Goodyear Tires, is universal. Ninety per cent. of the motorists of the world are within less than 12 hours reach of Goodyear service.

From Every Corner of the Earth Comes the Call for Goodyear Tires

ON the sun-baked veldts of South Africa—on the snow-clad Himalayas—in the sands of Egypt's deserts—on the wind-swept steppes of Russia—in quiet hamlets—in the roaring metropolises—in the jungles and forests—on the plains and prairies—yes, and on the muddled battlefields of Flanders—wherever man has built a road you will find the track of the All-Weather Tread.

Goodyear tires have conquered every climate—conquered every condition an automobile tire has to meet. Goodyears spin merrily along the smooth roads of western countries. Goodyears plow sturdily through the sands of desert and southern lands. Goodyears cling close to the icy roads of the bitter north. Goodyears carry their precious load of wounded safely through the pitch-black night in rain-soaked France. Wherever you go you find Goodyears supreme. For Goodyears have won—won over Nature's greatest obstacles—won over man's abuse. Goodyear—the international tire.

From East to West—From North to South—The Proof of Goodyear Prestige

Here at home—in far countries—wherever and whenever men want a better tire they say Goodyear.

In this universal demand lies the proof of Goodyear supremacy—in every quality that makes for satisfaction—in value.

Because men know these qualities we must maintain representation in over fifty foreign cities.

In every great metropolis of the world—London, New York, Copenhagen, The Hague, Christiania, Lisbon, Bucharest, Stockholm, Calcutta, Mexico City, Tokio, Rio de Janeiro, Buenos Aires—a long list.

Go to the Far East. The demand for Goodyears has made the sign of the winged foot familiar in Gochome Kobikicho Kyobashi St., Tokio—in Escolta St., Manila—in Calcutta, in Madeira, in Java, in Suva, in Singapore—in every city and town—wherever the motor car has made its mark.

Note Europe. In the capitals of the warring nations—in the cities of those in peace—in Kingsway, London, and in Schweizergasse, Zurich—in Champs Elysees, Paris, and Calle del Bruch, Barcelona—north, south, east and west, the cry is for Goodyears.

And it is the same all over the world—in the two Americas, in Africa, in Australasia, in the islands of the south and of the north. Goodyears are praised in every language.

Goodyear—the universal tire.

The Tire That Stood the Tests

In every country—somewhere—you will find bad roads. And in every country you will find Goodyears to combat those bad roads.

Go north where snow attacks a tire—go south where water and mud are the bane of the motorist—go to the cities where oil creates havoc—

North, south—everywhere—Goodyears.

Note the costly cars—tired with Goodyears for aristocratic appearance. Note the low-priced cars—universal, on the road by hundreds—tired with Goodyears for economy.

In Winter—a tire that combats skidding. In Summer—a tire that will plow through sand and mud. All the year round—Goodyears.

The verdict of thousands of motorists is—Goodyears, the faultless tire.

Every Man's Tire—YOUR Tire

Can you afford to disregard this overwhelming approval? Can you honestly set at naught the experienced judgment of these thousands of motorists?

Follow the trail of the All-Weather Tread. Equip your car with Goodyears "Made in Canada." You will get more service, more mileage, more satisfaction. You will belong to a great international army that covers the globe.

**"Better Milk for Every Hour
from the
Spotless Dairy Bathed in Sunshine"**

Feb. 29-- An Extra Day-- To Get This Better Milk

Are you going to reap the advantage of the extra day Leap Year affords? Many Toronto mothers are doing so by trying this better, richer milk from The Farmers' Dairy.

The best and most sanitary farms in Ontario, keeping fine, healthy, inspected cows, give us a steady, constant supply of the richest and purest milk obtainable.

And our "Wonder Dairy" (which you should visit) ensures careful pasteurization of every drop of milk. Every known device for handling milk in a clean, efficient manner is to be found in this sunniest of dairies.

Use the "extra day" well by getting this better, purer, richer milk.

Order a trial bottle NOW by phone or card

Phone---
Hillcrest 4400 **THE FARMERS' DAIRY**
Walmer Road and Bridgeman St.

As the stork aeroplane left the aerodrome at 12 o'clock last night for its 24-hour trip, the passengers for stops in Ontario were seen to be exceptionally cheerful and elated, and for good reasons. Had not the wireless brought the gratifying news that every new arrival in Ontario on Feb. 29 would be presented by The Toronto World with a beautiful silver birthday mug, manufactured by Kents, Limited, silversmiths, of Toronto, the same being suitably engraved with the name of the passenger and the date of arrival?

Last Leap Year The World awarded silver mugs to 123 babies; eight years ago 81 was the number that qualified for the much-prized piece of silver. There are no entrance fees or other restrictions connected with the award. The only regulations to be observed are:

1. Only babies born in Ontario are eligible.
2. Babies born between the hours of 12 o'clock midnight, Feb. 28, 1916, and midnight, Feb. 29, 1916.
3. The entry for the award must be made by filling out a coupon which will be published in The World (Daily and Sunday) from Feb. 29 until March 31, inclusive.
4. The date of each child's birth, together with the name, must be vouched for in the place indicated on the coupon by the attending physician.
5. Entries not made on printed coupon will not be considered.

Leap Year Birthday Silver Mug Coupon For Silver Mug awarded by The Toronto World for babies born on Feb. 29, 1916.

Name of parents

Address of parents

Sex of baby

Date and hour of birth

I hereby declare the above facts are correct.

..... attending physician.
(Name and address)

All coupons must reach The World office by March 31, 1916.

Watch The World and clip the coupon.
The World invites all Leap Year Babies that were born in 1912, 1908 and 1904, and who were awarded a World Leap Year mug, to send a recent photograph, which will be reproduced in The Sunday World Art Section at an early date.

CHAIN OF SHOWERS.
The last of a chain of "showers" to the credit of the Women's Volunteer Corps was the successful gathering of tobacco, cigars and cigarettes, at the home of Mr. Root, 405 1/2 Yonge, for the Second Canadian Pioneer Battalion.

THE OLDEST ORANGEMAN.
BROCKVILLE, Feb. 28.—William Dixie, an Irishman by birth, who resides here with his daughter, Mrs.

Joseph Warren, today reached the century mark, in good health. He has been 76 years a member of the Orange Order and is conceded to be one of the oldest, if not the oldest, in Canada.

BACK FROM KINGSTON.
Arrested on a warrant a year old, Pte. James Lavalley, who enlisted in the 9th Battalion when the alias of James Ross, was brought back from Kingston yesterday afternoon by Acting Detective Elliot. The charge is non-support.

UNION JACK CHAPTER IS DOING GOOD WORK

Caring for Families, Helping Soldiers and Sending Supplies to the Front.

The annual meeting of the Union Jack Chapter, I.O.D.E., South Etobicoke, was held in Harrison's Hall, Mico.

The secretary, Mrs. E. J. Hutchins, gave an interesting report of the work. This is one of the recently formed chapters, having been organized since the war.

Seventy-eight families have been cared for. Like all other relief societies, the demand this year has been much smaller than last.

Mrs. Jas. Dunn, treasurer, reported an expenditure of \$2051.73, and balance of \$498.

Ten thousand surgical articles have been sent to the Red Cross, and 92 pairs of socks.

The chapter has also rented and equipped a club room for the platoon of the 127th 12th York Rangers' Battalion, stationed in Mimico, defraying all expenses in connection therewith.

The following officers were elected for 1916:

Regent, Mrs. Forbes Godfrey; first vice-regent, Miss Ina McCrimmon; second vice-regent, Mrs. M. J. O'Donnell; secretary, Mrs. E. J. Hutchins; treasurer, Mrs. Louis West; standard bearer, Miss Priest.

BRACELET FOR STAGE MISTRESS.
A presentation of a gold bracelet watch was made to Mrs. W. D. Barron, the popular stage mistress and dancing instructor, in the "Belles of Boo Loo."

MILITARY DANCE.
A successful military dance and euchre, was held by the eight members of the Allied Knitting Club at Davenport road, the proceeds to go for wool for socks.

WESTERN HOSPITAL NURSES.
A successful patriotic dance was given by the Western Hospital Nurses' Alumnae at Davenport Assembly Hall, for the 12th Battalion. Miss Waller, superintendent of the hospital, received with the president of the alumnae, Miss Jackson.

SOX FOR THE LEGION.
Two hundred pairs of socks, which will go to comfort the feet of the men of the 97th Battalion (American Legion), were gathered from the shower held at the home of Mrs. Galbraith, King street. Many members of the Patriotic Physicians' Wives' League attended.

DENTONIA PATRIOTIC TEA.
At the patriotic tea held at "Dentonia," of which Mrs. Walter Massey was hostess, each of the 150 guests gave a dollar for the benefit of the Military Hospital.

ACTIVITY IN ARGONNE.
The French batteries in the Argonne today suddenly became active in shelling the roads of access for the Germans, who were evidently bringing up reinforcements and supplies for an attack, particularly at Cheppy wood. The French also exploded a mine and occupied the crater on Hill 285. Marked activity by French artillery is noted in the sectors of Reillon, Domèvre, and Badonville, in Lorraine.

COMPARATIVE QUIETNESS PREVAILS along the British lines, where a small German attack was repulsed south of the Argonne. The Germans sprang a mine south of the La Bassee canal, doing considerable damage to the French. The usual artillery activity prevailed about Aubers and Ypres-Comines canal today.

GERMAN OFFICIAL ASSERTIONS.
The German statement issued at noon today says that in the Verdun district new masses concentrated by the French were exhausted in unsuccessful attempts to attack the German positions in and near the fortresses of Douaumont and Hardsaumont, and that the Germans have cleared the Meuse peninsula of French forces. The Germans also claimed that they captured about a mile of French trenches in the Champagne on both sides of the road from Somme-Py to Sonvion after an efficient artillery preparation, the not captured including the Navarin farm. They claim that they took prisoner 26 officers and 1000 men, and captured nine machine guns and one mine-thrower. Inter-mittent mining activity and the blowing up of about 40 yards of the hostile position about Arras is also claimed.

FRENCH OFFICIAL STATEMENT OF TONIGHT SAYS:
"In the Argonne our heavy batteries and field guns shelled the roads of access of the enemy, particularly in the region of the Cheppy Wood. This morning on Hill 285, we exploded a mine, the crater of which we occupied."

A BUSINESS CHANGE.

John Wanless, Jr., has sold out his entire interest in John Wanless & Co., Toronto's oldest jewelry firm, to John Wanless, Jr. Under the new arrangement the business will be continued for the time being under the name of The John Wanless Co. In order to reduce the stock liquid discounts will be given. All orders will receive the utmost attention.

VIEW OF PREMIER BRIAND.
In an interview given on Sunday, but deferred in publication until today, Premier Briand of France announced the turning of the tide and the inauguration of a second phase in the great battle for Verdun. He thus described how the tide was turned:

"Caught between two barraging fires," said M. Briand, "covered with shrapnel from all sides, attacked by our fresh divisions surging upon the field of battle at an unexpected moment, the Germans saw their efforts stopped."

"The struggle was a titanic one. Our heroic troops went into the melee bravely. Our light and heavy artillery dug sanguinary furrows in the compact ranks of the Germans."

"Finally exhausted, their ranks decimated, their formations broken, under our furious counter-attacks, we have regained the advantage. Instead of our former positions, our heroic soldiers remained masters of the field of battle."

FIGHTING IN WOEVRÉ.
From the advanced lines Verdun the fighting, like a conflagration, has spread to Woëvre, where the French, when the attack coming, had suddenly retired to stronger positions. A furious fight raged all last night for miles in the direction of the Argonne, which was captured and recaptured several times, and finally remained in the possession of the French. The German forces made furious attacks on Hill 255, and on Manheulles, south-east and south of Elx, and suffered defeat. Two heavy attacks which were directed against Fromelles, the French say, completely failed today.

LOCAL SIGHTS FOR FOES.
Continued fighting broke out in the Champagne also in the course of the night when the Germans sprang a surprise attack on the Navarin farm and captured it in capturing some advanced trenches from the French defenders. Berlin claims that over 1000 prisoners were taken in this encounter with about a mile of trenches, nine machine guns and a mine-thrower, says Berlin, were also captured by the Germans. This success appears to be only of local significance.

ACTIVITY IN ARGONNE.
The French batteries in the Argonne today suddenly became active in shelling the roads of access for the Germans, who were evidently bringing up reinforcements and supplies for an attack, particularly at Cheppy wood. The French also exploded a mine and occupied the crater on Hill 285. Marked activity by French artillery is noted in the sectors of Reillon, Domèvre, and Badonville, in Lorraine.

COMPARATIVE QUIETNESS PREVAILS along the British lines, where a small German attack was repulsed south of the Argonne. The Germans sprang a mine south of the La Bassee canal, doing considerable damage to the French. The usual artillery activity prevailed about Aubers and Ypres-Comines canal today.

(Continued From Page 1.)

per Hill (Cote du Poivre) seem to have completely failed. However, attacks made repeatedly with such heavy masses as the Germans are constantly bringing up, it is admitted by military authorities, are always likely to make further gains, provided the officers are willing to pay the price in human life.

Great Achievement of War.
There is no exaggerated optimism to be found in military circles here, but the check of the Germans attacking in such formidable numbers is regarded by them as one of the great achievements of the war, and it is generally held that events have taken a turn quite favorable to the French arms in the last 24 hours.

Here is the view of the fighting at Verdun taken by Col. Espington of The London Times:

"We must regard Verdun as only part of the allied line, not as a fortress with its attributes. All that has happened is that a particularly vulnerable salient has been flattened out, as other salients have been before under an overwhelming mass of heavy projectiles. We must expect to hear that our allies have lost men and that the price paid by the Germans appears to be out of all proportion to the gains, and the general security of the allied lines is seriously menaced. Nor would it be were the whole right bank of the Meuse at Verdun to fall into German hands, as any position may, if the Germans are prepared to pay the price we exact from them. The loss of this little strip of ground would not be vital, while the price to be paid would be out of all proportion to the success."

View of Premier Briand.
In an interview given on Sunday, but deferred in publication until today, Premier Briand of France announced the turning of the tide and the inauguration of a second phase in the great battle for Verdun. He thus described how the tide was turned:

"Caught between two barraging fires," said M. Briand, "covered with shrapnel from all sides, attacked by our fresh divisions surging upon the field of battle at an unexpected moment, the Germans saw their efforts stopped."

"The struggle was a titanic one. Our heroic troops went into the melee bravely. Our light and heavy artillery dug sanguinary furrows in the compact ranks of the Germans."

LAST DAY OF WILLIAMS' SEVENTH ANNUAL PIANO CLUB

Only Ten of the Hundred and Fifty Pianos Left Today

CLUB WILL CLOSE IMMEDIATELY THESE ARE TAKEN—TUESDAY OR WEDNESDAY

Today, or Wednesday, the Williams Anniversary Seventh Annual Piano Club will be an event of the past. Up to today, 140 members have taken pianos, leaving only ten of the 150, which, if the past three weeks' record is maintained, will be entirely gone today or by Wednesday noon. This club is particularly timely this year in that it fits in with the spirit of economy and caution of the times and appeals strongly to the thrifty housewife and sound business man. Anyone can buy pianos at regular prices and terms when times are good, but in times like these, when economy is the watchword, the Williams Club, with its great saving and special privileges, has enabled many families to enjoy all the comfort and pleasure of a piano without the usual obligation. However, the Williams Piano Club is in itself such a splendid opportunity with its great savings, free trial, exchange privilege, terms, free trial, exchange privilege, five-year guarantee, protective insurance feature, free tuning, and delivery, that it could hardly help but appeal to a vast number of people and attract buyers. The Club Piano is an Emis & Co. \$500, 1916 model. After this club closes the special price of \$387.50 for the piano will be discontinued, and these instruments will be sold at their regular value—\$460. The Williams warehouses at 145 Yonge street, will be kept open Wednesday evening for the convenience of patrons who do not find it convenient to visit them during the day.

HENRY JAMES DEAD CAREER WAS NOTABLE

King George Conferred Order of Merit on Novelist Recently.

LONDON, Feb. 28, 10.55 p.m.—Henry James, the novelist, died today.

Henry James was born an American but died a British subject. In July, 1915, he took the oath of allegiance to the crown, explaining that he had lived and worked in England for 40 years and had developed such an attachment for the country and sympathy with its people that he desired to throw his moral weight and personal allegiance into the British cause in the European war.

The distinguished novelist, critic and playwright, was born in New York, April 15, 1843. His father, Henry James, Sr., was noted as a writer on ethics and religion; and his younger brother, William, was later to become distinguished as a psychologist. The family was possessed of an ample fortune.

After attending private schools in Europe, and courses at the University of Geneva and University of Bonn, Henry James entered Harvard Law School in 1862. Early in his studies there he began to contribute sketches to the magazines and began a literary career that produced close to a hundred novels and tales, together with critical essays and some play writings.

In the New Year honors which King George conferred in January, 1915, Mr. James was awarded the Order of Merit. The novelist had been from the first a staunch supporter of the British cause in the European war.

PROCEEDS FROM BAZAAR.
The proceeds from the bazaar held by the Windansis in Foresters' Hall amounted to the handsome sum of \$3,001.38, the expenses being only \$60.33. This amount will be used to carry on the work of the club during the next two years.

ANDREW HAVLIN FELL DEAD ON THE STREET
Was Walking Along West Queen Street Yesterday When He Collapsed.

While walking along West Queen street about 7.55 yesterday morning Andrew Havlin, 715 Crawford street, suddenly collapsed and was taken into a store at 496. He was unconscious when Policeman 296 of Claremont police station happened along. The police ambulance was sent for and he was rushed to St. Michael's Hospital, but he died before arrival. The body was identified.

AMERICAN CLUB FIRE WAS NOT INCENDIARY

Superintendent Rogers' Report is Complete and Ready for Publication.

OFFICIALS BLAMELESS

Diffuse System of Wiring Probable Cause of Sensational Fire.

The report on the American Club fire of February definitely scots the theory of incendiarism, and also refutes all insinuations against the club or any of its members.

Many Wiring Systems. In the report, Coroner Rogers in refuting the incendiary argument points out that no less than five separate electric wiring systems were allowed to run between the false ceiling over the lounge room and below the first floor.

Explosions Explained. The explosions, Mr. Rogers reports, were in all probability caused by the sudden rush of fresh oxygen when the roof fell.

As the building regulations stand at present no change in building construction which does not affect the carrying walls or partitions, or structural changes, have to be passed upon by the city architect.

PLEADED GUILTY TO A NUISANCE CHARGE

Construction Companies Convicted of Endangering Life Appear on Lesser Indictment.

The George A. Fuller Company and the Dominion Bridge Company, who were convicted and fined \$500 each by Mr. Justice Letchford in the assizes as a charge of endangering life and failing to take proper precautions in connection with the building of the Royal Bank at the corner of King and Yonge streets, appeared again yesterday before Mr. Justice Middleton.

The case arose from the fact that in May and June, 1914, hammers, red-hot bolts and other dangerous things fell from the building, endangering the lives of people below.

PAYS PENALTY FOR VICTIMIZING WOMEN

Fred Rowley Sentenced to Two Year Term for Fraud.

On a charge of fraudulently obtaining \$120 from Addie Dymott and \$156 from Gertrude Trimm, Fred Rowley was sentenced to two years in the penitentiary by Col. Denison in the police court yesterday.

RETURNS INSTALMENTS.

In an action against the Dominion Permanent for the return of money paid on lands bought from J. C. Hayes and Co., Oliver Trotter was given judgment yesterday by Judge Coatsworth for \$102.

ECHO OF 'MOVIE' FIRE.

In the county court yesterday the Adams Furniture Company was awarded the \$112 claimed in its suit against James P. Beury by Judge Coatsworth.

PLEA OF GUILTY.

Pleading guilty to a charge of having obtained \$149 from James Storey six years ago, George, "Slim" Hamilton, came up in the police court yesterday when sentence was deferred till Friday.

BROKE LIQUOR LAW.

Henry Mosher was fined \$300 and costs or three months in jail for selling liquor to a soldier without a license, when he came before Col. Denison in the police court yesterday.

APPEARED AS COUNSEL.

Through an error in The World of Feb. 23 the name of T. R. Blewett, K.C., of Toronto, was mentioned as the plaintiff in a case at Osgoode Hall.

Why Ontario Should Condemn Prohibition

GOOD and valid arguments without number can be adduced against Prohibition, for the introduction of which the Citizens' Committee of One Hundred are at present so frantically working: arguments amply sufficient to convince anyone who really wishes to understand the subject in its various phases.

Question Settled June, 1914

This whole question was settled in June, 1914, when "No License" was overwhelmingly voted down. It is useless to say that this was not the issue at that election.

Thousands of Voters at Front

There are at present 60,000 soldiers from Canada in the fighting zone; there are 60,000 more in Britain, and the rest of the quarter of a million are in training in Canada, being gradually drafted abroad.

Energy Diverted from Winning War

The Empire is engaged in a life-and-death struggle between Liberty and Military Despotism, and to win this struggle every nerve must be strained, every ounce of force employed.

Dominion Parliament Avoids Election Strife

By a unanimous vote the Federal Parliament decided to ask for an extension of its life during the war so as to avoid the inevitable disturbance and inconvenience of an election.

DO not be carried away by opinions and statements unsupported by facts and figures. Study the question for yourself in all its moral, economic and political aspects.

Measures Adopted by Great Britain and Her Allies

Much has been said about so-called "Temperance" measures in other countries during the war, and Ontario is asked to follow their alleged example. What are the real facts, however, as opposed to the Committee's inaccurate statements? Here they are:

England: In certain munition areas only the sale of liquor has been curtailed to five and a half hours per day; but where the hours of sale have been so reduced, the Government has compensated those persons affected thereby; and, as to soldiers, "wet" canteens have been provided and rations of rum are served out.

Russia: The Government monopoly of vodka, a very cheap and dangerous spirit, has been abolished. Whether the results will be entirely satisfactory, is yet a question, owing to the enormous increase in the number of illicit stills producing various noxious preparations.

Labor Men Condemn Prohibition

As to Prohibition, per se, it may be said, to begin with, that Labor Unions in Great Britain and the United States are opposed to it. Samuel Gompers says: "Experience has shown the folly of prohibition wherever it has been tried."

Prohibition Brings Evils in Its Train

Prohibition does not prohibit. This is conclusively proven in the States that have tried it, even—one might say particularly—in the Banner States, Maine and Kansas. It encourages illicit dealing, with all its evils of adulterated liquor and sales to minors.

Athletes Opposed to Prohibition

The vast majority of Athletes and Sportsmen of all lands, including the great base-ball stars, have expressed themselves as in favor of the use of alcoholic beverages while in training, or as opposed to Prohibition.

Millions Lost in Revenue

There is, under Prohibition, an immense loss of revenue, which must somehow be replaced. The effect of such loss has been felt in certain States to so great an extent that public improvements have been held up, official salaries have remained unpaid, and payments on bond issues have not been met.

Great Thinkers Against Prohibition

The number of men eminent in the Church, on the Bench, in Literature and in Public Life, who have expressed themselves against compulsory abstinence is legion. Among them may be mentioned: Cardinal Gibbons, Bishop Donohue of West Virginia, Bishop Gailor of Tennessee, Bishop Hall of Vermont, Bishop Grafton of Wisconsin, Rev. Dr. Hainford, Rabbi Hirsch, Rev. Lyman Abbott, Rev. S. Parkes Cadman, Rt. Hon. John Bright, Joseph Chamberlain, Justin McCarthy, Lord Bramwell, Frederic Harrison, Hon. Joseph Howe, Sir Richard Cartwright, Goldwin Smith, ex-Chancellor Grant, Abraham Lincoln, Jefferson Davis, ex-President Taft, ex-President Chas. W. Eliot of Harvard.

Cannot Legislate Into Sobriety

Education in its full sense, and not compulsory legislation, is the cure for intemperance. As Frances E. Willard, late President of the W. C. T. U., has said: "The only way to have a sober people is to strike at the root of the evil. Poverty, many hours of labor, the nerve strain under which men toil, the anxiety from the insecurity of their jobs—remove all these, and in a short time drunkenness will be unknown."

The Issue is Not "Wet" or "Dry"

Finally: The real issue is not "Wet" or "Dry"; it is "License" or "No License"; for even if the Province be voted "Dry," it will remain "Wet" as it is now, with, however, these marked differences: Liquors of very inferior quality will be shipped in and illegally distributed and dispensed, and all Government revenue from legitimate sales and licenses will disappear.

SOCIETY Conducted by Mrs. Edmund Phillips

His Honor the Lieutenant-Governor will open the second session of the fourteenth legislature this afternoon at 3 o'clock.

A very successful farwell dance was given last night in Columbus Hall for the officers of the 75th Battalion.

The girls of the Big Eyes Club are giving a Leap Year dance this evening at the Orchard Parlors.

Representatives of Various Boards at Conference in City Hall Yesterday.

Committee Will Plan How to Attract Big Industries and Increase Population.

On January 13 the board of control authorized Mayor Church to arrange a conference between representatives of the city council, harbor board,

A meeting was held in the mayor's office yesterday afternoon at which the mayor, Arthur Hewitt, president of the board of trade; James Richards, president of the Trades and Labor Council; Alex. Lewis, secretary of the Walker House; and Jos. Hay, publicity agent for the Canadian National Exhibition.

Mayor Church gave it as his opinion that the city had great possibilities, and that the idea of the conference was to arrange for some kind of publicity campaign for the city with a view to attracting industries and extending the trade of the city.

“In times of peace there is a national policy of protection and conservation, but in these war times it has fallen down,” declared the mayor, who stated that Cleveland had received contracts for war munitions to the extent of twenty-seven million dollars, while Toronto had only received about twenty-five millions.

Mr. Hewitt urged the getting of a big and influential man to do the work of trying to get new industries.

In order to get the work started a sub-committee was appointed to outline a course of action, those on the committee being Messrs. Hewitt, Richards, Hay, Wright, R. S. Gourlay, Controller Cameron and Ald. Maguire, the latter as chairman.

Controller Thompson was missed around the hall yesterday. He is confined to his home through sickness.

The city's legal department will hurry the Metropolitan appeal before the privy council in order that legislation may be arranged for at this session.

and take a chance on collecting. The mayor says it will be collected all right.

NURSING SISTER E. ROSS ACCORDED FULL HONORS

Military Funeral Yesterday Was Touching and Impressive.

The funeral of Nursing Sister Elsie G. Ross of the camp hospital, who died from pleuro-pneumonia, took place yesterday.

Following the service the casket, draped with the Union Jack, was carried by six lieutenants of the Army Medical Corps through the military guard of honor to the gun carriage of the 47th Battery.

3. Coos, 107 (Johnson), 3 to 1, even and 1 to 2.

DENY KNOWLEDGE OF BRIBERY CONSPIRACY

More Evidence Was Given Before Select Committee at Regina.

BRUNNER WAS SLEUTH
He Was Employed by Conservatives for Collection of Evidence.

REGINA, Sask., Feb. 28.—Evidence before the select committee investigating the bribery charges was given this morning by H. S. McClung, C. B. Keenlyside, C. Kocot and Harry Brunner saw Hon. Mr. Calder and Keenlyside denied any knowledge whatever in regard to the statement that Keenlyside had received from H. C. Pierce and H. S. McClung \$4000 for opposing the banish-the-bar bill in 1912.

Kocot stated that he knew nothing about the alleged 1913 bribery, but at a meeting in Saskatoon Mr. Cross, a Calgary brewer, had said \$50,000 would defeat the bill coming before the legislature in 1915. Kocot said he had sent Premier Scott a letter telling him of this, and that the premier had, in the presence of Kocot, destroyed the letter, and asked Kocot to destroy the copy. Kocot is manager of the Regina brewery.

Frank Brunner was recalled and cross-examined by H. E. Mare of Moose Jaw. He stated that for four months he had been employed by the Conservative Association to collect evidence about the bribery charges.

Grant Waddell was recalled, and said that when H. C. Pierce saw Hon. Mr. Calder, a member of the cabinet, before the 1915 session, Calder said the government had enough evidence to put many men in jail in regard to the 1913 bribery.

WILLS PROBATED

Application for probate of the will of Richard Titus Peregrine, a farmer of East Gwillimbury, who died on Oct. 7, 1915, leaving an estate of \$15,135, has been made by Albert S. W. and Hannah M. Peregrine. The beneficiaries are: Albert S. W. Peregrine, a son; George E. Richardson, son-in-law; Hannah M. Peregrine, the widow, and three grandchildren, Ruth E. Priscilla V. and Charles Titus Richardson.

Joseph H. Raybould, a former member of the board of education of Toronto Junction, left an estate of \$15,155 when he died on Feb. 15.

Ernest H. Raybould, Mrs. Lavina Raybould, Ethel Maest Simpson, John P. Raybould, Ada Sharpe, Joseph H. Raybould and Ernest Joseph and John Raybould inherited.

Walter Scott of Saskatchewan, who is in the city today, denied that he was "running away" from the Regina investigation. He says that he is making a trip to Kansas with his wife in accordance with plans made some time ago. He claims that the Bradshaw charges were inspired by a member of the Borden Government.

WESTERN NEWS ITEMS

The indications are that the farmers will start in seeding in parts of Saskatchewan and Alberta within a week, as all indications point to an early spring.

There is a very large movement of grain from points in western Canada towards Fort William and Port Arthur; the embargo that existed some weeks ago has been removed. Grain is also being stored in the new government elevator at Calgary, much to the advantage of the farmers.

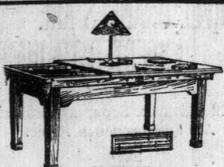

Prospects for a big rush of immigrants into the Canadian west from the United States are encouraging.

The school question is up both in Saskatchewan and Manitoba, and the nature of the amendments now in the hands of the legislatures is in the direction of the teaching of English and the advancement of the public schools.

The Vancouver Sun of Feb. 23 says that Sir William Mackenzie was then in St. Paul's in conference with the officials of the Canadian Northern Railway in respect to a union depot for Vancouver for the use of both systems; and that Sir William was to come on to Vancouver to confer further in the matter with the city and the provincial government.

FOUND DEAD IN BED

Robert H. McCrea, aged 50, 72 Afton avenue, was found in bed by his landlady yesterday afternoon. This landlady called McCrea to go to his work, and when he did not answer she became alarmed and notified the police. It is not likely that an inquest will be held.

Brain-fag and Exhaustion

Tired, Nerve-jaded Folk Find New Strength and Living Energy in Dr. Cassell's Tablets

There is nothing in medicine more certain than the strength-giving power of Dr. Cassell's Tablets. Everything they contain makes for strength and vital power—strength for nerves and muscles, richness for the blood, living energy for the whole system. In every part of the world, the incomparable efficacy of this great British remedy has been proved beyond any shadow of doubt. Dr. Cassell's Tablets can and do bring health and vigour to the weak—often when every other means has failed. They brace up and reinvigorate all the bodily organs, restore their natural action, and build up new health and fitness for the worn-out man or woman. They are equally suitable for children, even for infants.

Sir John Campbell, Bart., C.B., formerly Major-General in the Royal Artillery, said:—"I have pleasure in stating that I have derived great benefit from Dr. Cassell's Tablets, and have found them remarkably effective in restoring the nerve energy and physical vigour which advancing years naturally impair. They suit me admirably and I have every confidence in recommending them as a safe and reliable bodily restorative."

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-Spasmotic, and of great Therapeutic value in all derangements of the Nerve and Functional Systems in old or young. They are the recognised modern home remedy for Nervous Breakdown, Nerve and Spinal Paralysis, Infantile Paralysis, Rickets, St. Vitus' Dance, Anemia, Sleeplessness, Kidney Disease, Dyspepsia, Stomach Catarrh, Brain Fatigue, Headache, Palpitation, Wasting Diseases, Vital Exhaustion, Loss of Flesh, and Premature Decay. Specially valuable for Nursing Mothers and during the Critical Periods of Life.

Druggists and Dealers throughout Canada sell Dr. Cassell's Tablets. If not procurable in your city send to the sole agents, Harold F. Ritchie & Co., Ltd., 10, McCaul Street, Toronto; one tube, 50 cents, 6 tubes for the price of five. War Tax Extra, 2 cents per tube.
Sole Proprietors—Dr. Cassell's Co., Ltd., Manchester, Eng.

STOCK MARKET WEAKER ON FOREIGN SITUATION

War Group and Other Specialities Recorded Losses at New York.

Recurrence of Revolutionary Movements Also Affected Wall Street Adversely.

NEW YORK, Feb. 28.—The foreign situation as reflected by the delicate situation of the submarine controversy and Germany's offensive in France, has shadowed over Wall Street.

Yet another unsettling feature was found in the renewal of heavy selling of Anglo-French 5's, which fell to a new minimum of 93 5/8.

Speculation Small PRICES ARE EASIER

Trading on Toronto Exchange Very Limited and Buyers Hold Preferred Position.

The pall which hung over the Toronto Stock Exchange at the week-end was still in evidence yesterday.

LONDON STOCK EXCHANGE. LONDON, Feb. 28.—The struggle in the western theatre of war and dealings on the stock exchange today were dominated by the news of the day.

LEADING STOCKS DOWN ON MONTREAL MARKET

New York's Weakness Instrumental in Depressing Prices All Thru List.

MONTREAL, Feb. 28.—New York's weakness today was effective in depressing prices all thru the local stock list, but the volume was firm.

MONTREAL STOCK MARKET. MONTREAL, Feb. 28.—A decline in the price of wheat featured today's market, a drop of 3c being noted.

CHICAGO LIVE STOCK. CHICAGO, Feb. 28.—Cattle—Receipts 10,000. Market unsettled.

CHICAGO METAL MARKET. LONDON, Feb. 28.—Spot copper, £105, up 2 1/2; tin, £118, up 1 1/2.

PRICE OF SILVER. LONDON, Feb. 28.—Bar silver is off 1-16 at 20 15-16 d.

MUCH UNCERTAINTY IN STOCKS

Uncertainty of War Situation Militates Against Prices, Causing Declines.

Nervousness on the part of the public over the battle raging in France and the situation in Washington, combined to bring about considerable liquidation in mining stocks at the Standard Stock Exchange yesterday.

In addition to the uncertainty caused by the war news, the weakness of outside markets had a depressing effect. There has been also an effort on the part of certain New York curb brokers to bring disfavor on the Canadian mine stocks by reason of the war tax.

Apex sold in the morning session at 6. There was no activity in this stock in the afternoon. Dome Extension came in for a share of selling, closing off from 23 1-2 to 22 3-4.

Speculation Small PRICES ARE EASIER

Trading on Toronto Exchange Very Limited and Buyers Hold Preferred Position.

The annual meeting of the Timskaming Mines was held in the Trades' Bank Building yesterday.

Is it any wonder that American holders of Canadian mining stocks have been selling their holdings ever since the budget announcement?

At the directors' meeting held at the Trades' Bank Building yesterday, President Frank L. Culver occupying the chair.

According to stories from Le Pas considerable activity in the way of prospecting is likely to result with the opening of spring.

At the directors' meeting held at the Trades' Bank Building yesterday, President Frank L. Culver occupying the chair.

While this bill, if it becomes a law, provides for a tax of 25 per cent on earnings above the per cent on earnings, it is probable that if the war continues indefinitely the tax will ultimately be increased to 50 per cent.

WINNIPEG GRAIN MARKET. WINNIPEG, Feb. 28.—With a fluctuation of 5/8c between high and low, wheat closed at \$1.07 today.

WINNIPEG GRAIN MARKET. WINNIPEG, Feb. 28.—With a fluctuation of 5/8c between high and low, wheat closed at \$1.07 today.
