PHYSICIAN SAYS HE CAN CURE PARESIS

Ohio Scientist Claims to Have Discovered That Paresis is a Germ Disease and Can Be Cured.

Mason, Ohio, May 19.—At the laboratory of the Mason State Hospital, Dr. John D. O'Brien today reiterated a statement made by him before the American Medical Association's convention at Cincinnati, that he had discovered the germ of paresis and that the disease is curable. He summed up the results of his experiments in these two declarations, that paresis is undoubtedly a germ disease, and that the germ has been discovered, that while in the experimental stage sufficient tests have been made to show that paresis is curable and that he has specific cases to point to as definite results.

Dr. O'Brien does not believe it would be proper to make public the names of these patients whom he claims the treatment has cured, but he gives the specific cases of a newspaper man of Washington, D. C., who was treated for paresis and again is at work; cured man, civil engineer of prominence in Nashville, Tenn., besides a number of people in Ohio who were brought to the hospital with severe forms of the disease and are cured. Hundreds who are still at the hospital under treatment are showing marked progress toward recovery. Dr. O'Brien has at hand, in addition to his own statements, and reports from hospitals in review, patients' photographs which show the historical form of attack when brought to the Mason Hospital, and the patients when discharged from the hospital as cured.

"I know," said Dr. O'Brien, "that it is a bold statement to make that the germ of paresis has been discovered. People may doubt it. Many scoffed when the germ theory of diphtheria and tuberculosis was disclosed. We are warranted from the number of cases cured from the satisfactory results of the experiments made in stating without qualification, that paresis is a germ disease, we have the bacillus, we have cured patients, are helping many now and expect to go forward with the work."

Dr. O'Brien has confined his work to living subjects, no pathological investigations have been made on post mortem subjects. He now has germs in "cultures." One of the favorite forms of culture used is bouillon. He says that the germs he is seeking to find the best "culture" in which to grow bacilli from serum extracted from patients and to that is doing considerable experimenting. Since Dr. O'Brien read his paper at Cincinnati he has received many letters from doctors urging him to recede from his treatment for paresis. Dr. O'Brien was graduated from the Jefferson Medical College Philadelphia in 1885. He has passed four and a half years at Mason State Hospital in hospital and laboratory work.

FIGHT STILL ON; NO CHANCE OF PEACE

The Deadlock at Ottawa May Continue Some Days—The Opposition in Caucus Declines to Accept Compromise

Ottawa, May 19 (Special).—The opposition had another caucus this morning presided over by Mr. Staples of Manitoba. The situation regarding the election bill was further discussed and "fight" is still the watchword. The compromise suggested by the premier was rejected, the opposition regarding it as "little or no better than the bill itself." Premier Roblin of Manitoba, addressed the gathering.

This afternoon he was closeted with Sir Wilfrid.

The debate on the bill is the order for the afternoon but should the government attempt to vote supply it is understood that Mr. Ames will bring up the western timber limits question.

MEN WILL NOT STRIKE

Montreal, Que., May 19 (Special).—The men in the Angus shops of the C. P. R. today refused all overtures on the part of western labor representatives to go on strike. They say that while they sympathize with their western allies, that it would be injudicial to go out on strike at present, as they would violate the spirit and letter of the Lemieux Act and prejudice their cause in the arbitration committee now sitting in Winnipeg.

DONOVAN IS SUSPENDED

Philadelphia, May 19.—President Buchanan of the American League who was here yesterday announced the suspension of Pitcher Donovan of Detroit, pending an investigation into the events which caused him to be put out of the game in New York on Saturday.

AMBASSADOR BRYCE SIGNS TREATY

Washington, May 19.—Acting secretary of state and Ambassador Bryce of Great Britain signed a treaty yesterday which provides regulations for the exchange of prisoners and for salvage and wrecks.

DE ORO WINS AT POOL

Philadelphia, May 19.—In a brilliant exhibition last night Albert De Oro defeated Frank Sherman in the first pool of 200 points of a 600 point pool match championship, making 200 to Sherman's 198.

The Eastern Steamship Company's steamer Calvin Austin is due tonight from Boston. She has been thoroughly overhauled. The Governor Cobb has been taken off the route to be cleaned up.

PLACE DYNAMITE ON THE CAR TRACKS

Serious Developments of the Street Car Strike in Cleveland—Strikers Cut Trolley Wires and Stone Cars.

Cleveland, O., May 19.—Shortly after one o'clock this morning a Detroit avenue car was dynamited near 100th street. The tracks were badly damaged, but the single passenger and the crew were not injured. At 12:30 o'clock a small box that the police found contained deadly explosives, was found on the tracks at Broadway and East 5th streets. The box was discovered with a car less than fifteen feet away.

Rioting began near the Windermere barns in East Cleveland early this morning when strikers cut six trolley wires. Linemen for the Municipal Traction Company turned out in force to repair the damage, but were driven back by a gang of three hundred men. A brick was thrown at a Woodland car while it was passing eastward at East 104th street and Woodland avenue. David Benjamin and his wife, who were on the car, were both struck by the missile. Mrs. Benjamin's jaw was broken, while her husband's face was laid open by the brick.

A mob stoned a Woodland-Loraine car at 9:45 o'clock and seriously injured the only passenger, Mrs. Elizabeth Meiser.

MUST NOT CHARGE FOR EXTRA WORK

Provided It is Done in Office Hours—Government Officials And Extra Pay Before Public Accounts Committee.

Fredrickton, N.B., May 19.—(Special).—The public accounts committee of the legislature held a short session this morning and after disposing of about twenty pages of the auditor-general's report adjourned until tomorrow when the officials will be heard.

Chairman Pinder called attention to the item of Deputy-Provincial Secretary Thibault for certifying to a copy of the general law. He thought that no official has a right to charge the government extra for work done in the office hours. Other members of the committee concurred in his views and it was decided to make a recommendation to the speaker.

There was some discussion over an item of \$3,183 for immigration and it was shown that Doctor Hannay received \$902 for preparing and printing the year book and \$380 for five thousand maps of the province. An item of \$3,382 on account of the judicature Act was allowed to pass after some adverse criticism.

Expenditures on account of the public health, printing and the survey, and surveys were allowed to pass after some discussion.

TODD IS DEAD

Noted Trotting Horse Well Known in St. John Died on Sunday of Pneumonia.

New York, May 19.—Todd, considered by horsemen to have been one of the greatest of trotting horses in American turf, died Sunday of pneumonia, at the stockfarm of William C. Bradley, near Somerville, N. J. He was bred by J. Malcolm Forbes, of Boston, in 1889, and was by Bergen Handicap. Among his brilliant get are Kentucky Todd, winner of the Kentucky Derby and other rich stakes, Cochato Douglas and Sir Todd. Nine of his fifteen three-year-old last year made records under 2:13 1/2. Todd was bought by Mr. Bradley at the Old Glory Horse Sale here last fall, the price paid for him being \$30,000.

ATTEMPTED SUICIDE IN HER CELL

New York, May 19.—Jennie J. Lunt, the young woman who yesterday was sentenced to four years in the penitentiary by Judge Dike in Brooklyn for shooting Charles M. Sanford, a lawyer, attempted suicide today. She was found unconscious in her cell in the Raymond street jail from inhaling illuminating gas. Her life was saved by the prompt action of a physician, who was hurriedly summoned.

NEW YORK STOCKS.

New York, May 19.—The opening deals in stocks were on a large scale and prices were higher throughout the day. The Harriman stocks, Northwestern Erie, General Electric and Am Loco were up a point. D. & H. J., Penna 1 5/8 and Erie 1/4. Gains generally did not exceed a small fraction, but in some of the prominent active stocks ran in excess of one half.

EVERY DAY CLUB

Members of the Every Day Club are urged to be at the grounds this evening. There are still many little matters to be attended to in order to make the grounds look well on Victoria Day.

Preliminary hearing in the case against Ella Crowley, charged with stealing from Elliott's hotel, has been set down for tomorrow afternoon at two o'clock, as the prisoner's mother is expected from Montreal by today's train.

CITY BILLS WERE TAKEN UP TODAY

Municipalities Committee of the Provincial Legislature Had Several St. John Bills Under Consideration This Morning.

Fredrickton, N. B., May 19.—(Special).—Before the corporation committee this morning the bill to amend and revise the act incorporating the Twin Tree Mines Railway Co. was taken up and after some discussion consideration was postponed until Thursday to allow of communication with the Drummond Mines Co.

The bill providing for an increased issue of stock for the Restigouche Boom Co. was recommended, also the bill providing for increased capital for the Sussex Manufacturing Co.

A joint meeting of the municipalities and corporations committees is arranged for tomorrow at 10 a.m. to consider various Moncton bills.

The municipalities committee had under consideration the bill relating to certain short term debentures issued by the city of Moncton to amend the charter of the city of St. John and to amend the charter of the city of Moncton to regulate the same on the hills of St. John; to amend the valuation of the county of Charlotte, also the bill authorizing the city council of the city of Moncton to issue debentures to the amount of \$100,000 for the purpose of civic taxation, and recognizing the same generally to the favorable consideration of the board.

The bill to authorize the board of school trustees of the city of Moncton to issue debentures, also the bill authorizing the city of Moncton to operate a street railway, and also the bill authorizing the city of Moncton to issue debentures to the amount of \$100,000 for the purpose of civic taxation, and recognizing the same generally to the favorable consideration of the board.

PRISONERS REMANDED

Case Against Amelia Francis And Others Taken Up in Police Court.

The Sheriff's report read case in which Amelia Francis figures as keeper of a house of life and Ernest Baird, Lucy Bayard and Lizzie Norman, charged with being inmates, was taken up in the police court this morning, when the Francis woman and Ernest Baird admitted the charges against them and the Bayard and Norman women protested innocence. After hearing of evidence, all were remanded for sentence.

Detective Killen was first sworn and stated that in consequence of a complaint from a man who had been relieved of \$30 in Amelia Francis' house on Sheffield street, he, with Deputy Chief Jenkins, visited the premises last Saturday and there found sufficient evidence to warrant them in arresting Amelia Francis, Ernest Baird and Lizzie Norman. He stated to him that he had a wife and family.

Deputy Chief Jenkins stated that on arrival with Detective Killen at the Francis woman's house, last Saturday afternoon, and in consequence of information received, he called at Alice O'Brien's house, where he found the Bayard woman.

In the evening he again went to Amelia Francis' house, where he saw Baird and Baird's wife, and he saw Baird open the door, to which a woman replied, "Don't you unlock the door, if you do, I'll tell Amelia."

"I can't help it," replied the man. "I'm going to open the door." The woman then said, "It may be the police."

The man, whose name he did not know, opened the door and he went in. "Man, see what you've done," said the Norman woman, addressing the man, "you shouldn't have opened the door."

"Why shouldn't he?" said the witness. "I don't know," replied the woman. "Nobody but Amelia opens the door after it has been fastened. The witness and the Norman woman (who was arrested later) escaped. Baird is a native of Antigua and Lucy Bayard comes from Boston.

Patrolmen Ross and Marshall also gave evidence, stating that both Lucy Bayard and Lizzie Norman had a bad reputation and had figured in police circles before.

Baird said he was a sailor and had gone to Amelia Francis' house with three of his shipmates, who he recalled had led him away.

The prisoners were all remanded for sentence. The police say that the Bayard woman has been known under several other names and is by no means a stranger to them.

William Clune was fined \$4 or ten days in jail for drunkenness.

The special committee of the common council appointed to deal with the various matters referred to in the mayor's inaugural address will meet this afternoon. No doubt many of the sections will be referred to the several boards and others will be discussed at some length.

MONCTON ACTION DISMISSED BY THE COURT

Suit of Geo. L. Harris, et al, vs. F. W. Sumner, et al, Turned Down by Judge in Equity This Morning.

The regular monthly session of the equity court was held this morning, Chief Justice Barker presiding.

In the case of George L. Harris, et al, on behalf of himself and other shareholders of the Moncton Exhibition Association vs. Frederick W. Sumner, David I. Welch and others, his honor dismissed the bill with costs.

In this case Mr. Harris sought to set aside the transfer of uncolored shares of the company, amounting to 407 shares, made by the directors to Mr. Welch, who subsequently divided up the stock among fifteen directors of the Exhibition Association.

The plaintiff contended that the transfer was improper, illegal and beyond the powers of the directors, also that the stock should have been divided pro rata among all the shareholders of the company.

The property, which was purchased by the company in 1903, consists of thirty acres of land in Moncton, and in consequence of the expansion of the city, is being made to preserve the property, as witnesses to be worth now from \$20,000 to \$75,000.

The defendants held that they had power to sell the stock to Mr. Welch, as the original stock subscription list had not been closed, also that Mr. Harris was not entitled to the property to divide into building lots and sell it. They upheld the sale to Mr. Welch and themselves as being made to preserve the property for its original purpose, Mr. Harris contending they had no authority in this respect.

F. R. Taylor and Hon. J. D. Hagan, K. C., for the plaintiffs, and Mr. G. Teed, K. C., for the defendants.

In the case of McGuffigan vs. Hunter, a bill to set aside a fraudulent conveyance argument on motion to continue judgment was fixed for Friday next at 2 p.m.

In the case of McKenna vs. McLeod an exception to referee's report, the report of the referee was ratified, and Mr. G. Teed, K. C., for the demurrer was overruled with costs.

In the case of O'Brien vs. Luno, George Gilbert, movit for appointment of committee and sale of real estate. Court considered.

The case of Mullin vs. Corbery, stands over until a later date.

In Drury vs. Drury an order was made setting down hearing for the July sitting.

In re J. B. Miller, an infant, C. F. Sanford, executor, and Edward J. D. P. Lewin for the plaintiff, consenting.

In the case of McKenna vs. McLeod an exception to referee's report, the report of the referee was ratified, and Mr. G. Teed, K. C., for the demurrer was overruled with costs.

In the case of O'Brien vs. Luno, George Gilbert, movit for appointment of committee and sale of real estate. Court considered.

The case of Mullin vs. Corbery, stands over until a later date.

In Drury vs. Drury an order was made setting down hearing for the July sitting.

In re J. B. Miller, an infant, C. F. Sanford, executor, and Edward J. D. P. Lewin for the plaintiff, consenting.

In the case of McKenna vs. McLeod an exception to referee's report, the report of the referee was ratified, and Mr. G. Teed, K. C., for the demurrer was overruled with costs.

CRAFT CAPSIZES; THREE MEN DROWN

Three Men Drowned While Crossing Swollen New York State River in a Small Boat Which Current Upset.

Watertown, N. Y., May 19.—Three men were drowned in a small boat which was capsized in midstream, throwing the occupants into the water.

John Towelski, along with the upturning boat and was rescued soon after. The bodies have not been recovered.

DRUG CLERK MADE A TERRIBLE MISTAKE

A Deadly Poison Placed in an Alleged Harmless Tonic Causes Death of a Wealthy Guest in New York Hotel.

New York, May 19.—Flying from plague-stricken Venezuela, Eduardo De Erazo, a coffee planter and reputed multi-millionaire, came to his death in a fashionable New York Hotel early today through taking what he believed to be a harmless tonic. His wife, who also took some of the medicine, is in a serious condition at their apartments in the hotel and the remainder of the party, including his wife, is without a directing hand. Whether they will now continue their journey to Europe or whether they planned to remain until the danger period from the yellow fever in Venezuela has passed, is yet to be determined. It is alleged that a drug clerk, who prescribes the medicine for Mr. De Erazo, made an error in compounding the drug, using strychnine, a deadly poison, instead of sarsaparilla, the description called for.

BODIES INTERRED IN POTTERS' FIELD

Seven Unidentified Victims of Mrs. Belle Guinness Buried Today—Another Story Regarding the Murders.

Laporte, Ind., May 19.—The issuing of a certificate of death of Jennie Oles and the turning over of the body by Corporal Mack to her relatives in Chicago, put to rest the mystery of the late Mrs. Belle Guinness' murders. The bodies of the seven unidentified bodies, one female, and the others males, exhumed from Mrs. Guinness' barnyard, were today buried in the Potters' Field.

Trondheim, Norway, May 19.—Mrs. Bella Guinness, the Leports, Ind., alleged murderer is believed here to be a daughter of Paul Pedersen, who was a farmer and quarryman at Storegard, on Lake Selbo. She was born in 1859 and emigrated to the United States about twenty-five years ago. Her brother, Fred, a stonemason, said she gave evidence of bad character when young. According to the foregoing the previous statement that Bella Guinness was the daughter of a travelling conjurer and magician is erroneous.

KILLED BY A FALL FROM LOAD OF HAY

Tragic Death of Elderly P. C. Island Farmer—The Cable Between Island and Mainland Was Repaired on Sunday.

Charlotte, P. E. I., May 19.—(Special).—Death has been busy among the elderly people of this province during the last few days. On Saturday night James Dunphy, aged seventy, a prominent farmer of Johnston River fell from a load of hay. He was binding when the binding pole broke, hurling him to the ground. His death was instantaneous, his neck being dislocated.

David Rogers, aged seventy, one of the most progressive and prosperous farmers on the island died at Preetown after several months illness.

On Sunday night Aubrey Fowles a retired produce dealer aged 79 died at Charlottetown.

The telegraphic cable across the strait was repaired Sunday by A. E. Morrison, electrician of the A. A. Telegraph Company operating on the steamer Stanley. The work was attended with considerable difficulty, owing to heavy sea running. A new piece of cable about six hundred yards long was inserted. The break was due to the fouling of the steamer Stanley's anchor. It occurred in eight and a half fathoms of water about two miles from the Cape Traverse shore.

Michael Shannon

Fredrickton, May 19.—(Special).—Michael Shannon, an aged resident of this city, died last evening after an extended illness, from general debility. He had reached the advanced age of 82 years and had resided in Fredrickton nearly all his life, having arrived here from Ireland when only two years old. He is survived by two daughters, Mrs. H. C. Mcintosh, of Boston, and Miss Shannon. He also leaves four sons—James, residing in this city, and Michael, Patrick and John, who are in the western states.

Mr. and Mrs. E. A. Titus, of St. Martin's, who have been visiting in the city, returned home today.

DREADFUL NEWS

Ottawa, May 19.—(Special).—The country is in danger. Its credit is being attacked. Anarchy is at hand. Blood will flow at Red River. Robins is a robber. Rogers is a rascal and Aylesworth wears a halo. The troops may be ordered out to defend the rights of the people, which are assailed by Borden. The situation is critical.

And the latter then discovered that his spirit of motion were of the sort that could only be prevailed on to keep quiet, society would have a fine old time. Several people started to death last week.

IMPORTANT DISCOVERY
The Times newspaper has entered for the 100 yards dash at the Victoria Day sports. His speed was not known even to himself until last evening, when he happened to say in presence of a Christian citizen that the chain gang system was a disgrace to St. John. The indie-ent citizen reached for the new reporter, and the latter then discovered that his spirit of motion were of the sort that could only be prevailed on to keep quiet, society would have a fine old time. Several people started to death last week.

NEW RAILWAY TO BE READY IN 1909

Trains Will Then Be Running Over the National Transcontinental Road From Fort William to the Rockies.

Winnipeg, Man., May 19 (Special).—Information given out by H. L. Beckie, divisional engineer of district F, National Transcontinental Railway, shows that by the summer of 1909 the new system will be in operation from Fort William to the Rockies.

Mr. Beckie says the route of the road has been definitely located as far as Superior Junction, and work will soon be in progress along the entire distance. There are but nine miles of grade to be completed on the Grand Trunk Pacific branch from Fort William to the junction, a total distance of 212 miles and the track is laid for 125 miles of this distance. It is expected that the line will be completed between St. Boniface and Winnipeg by this fall, and 138 miles between that point and the junction will surely be ready for next spring.

Trains will be running from Winnipeg to Fort William over the new line early next year.

FOUR CAUSES IN THE DIVORCE COURT

Prominent Residents of This Province Who Want to Be Released From Marriage Ties.

Fredrickton, May 19.—(Special).—Four divorce cases involving some of the best known people in the province have been entered for trial at the regular term of the divorce court which opens in this city on July 7th, Judge Gregory presiding. On that date judgment will be delivered in three other cases which were tried at the February term of the court.

Following is a list of the new cases: Dr. Wm. A. Ferguson vs. Bertha Ferguson; Madeline Douglas Edith Clarke vs. Robert Clarke; Bethal Longfellow Harris vs. Whitlock; Madeline Harris vs. Whitlock; Madeline Harris vs. Whitlock.

Dr. Ferguson, plaintiff in the first case, is a prominent physician practicing in the city of Moncton. His wife was daughter of the late Dr. J. H. Whitlock, of Newmarket, and obtained divorce from her husband some time ago in California and is now a resident in Illinois. An absolute divorce is asked for on the ground of adultery.

The plaintiff in the Clarke case was formerly Miss Gault, niece of the late Alexander Gault and resides in Moncton where her husband is agent of the Bank of Montreal. She is seeking for a divorce on the ground of adultery.

In the Harris case the plaintiff is the daughter of Peter S. Archibald and defendant is the son of the late Christopher Harris, of Moncton. The couple attained some notoriety over a shooting case which occurred in the west some years ago and have not since lived very happily together. An absolute divorce is asked for on the ground of adultery.

The plaintiff in the case of Whitlock vs. Whitlock is the daughter of the late Garvin Sisson of this city and her husband was the cashier of the St. Stephen bank and ex-mayor of that town. The defendant is about twenty-five years the senior of his wife. The grounds in the case are said to be somewhat out of the ordinary.

Judge Gregory held an adjourned sitting of the divorce court this morning, adjourned until July 7th, without transacting any business.

He stated that he had intended delivering judgment in the cases of Simonds vs. Simonds, Furge vs. Furge and Horseman vs. Horseman but owing to the court stenographer having met with an accident at the close of last term, which confined him to the hospital the record had been delayed in transcribing his notes.

The record had been handed in, but his honor had not sufficient time to prepare his judgments. He regretted the delay and the disappointment in the court cases, but there was no help for it.

Dr. MacRae and W. A. Ewing, who appeared for the parties in the Simonds case, stated that they had agreed on an even division of property for their clients, and his honor promised to bear that in mind in delivering judgment. Dr. MacRae stated that the defendant's income was \$800 instead of \$600, the figures he had given at the trial.

A QUESTION OF OWNERSHIP

Ottawa, May 19.—(Special).—The public accounts committee this morning engaged into a payment by the government of \$700 to Mr. Delisle, M.P., for Port Neuf for damages to a schooner of his owing to an ice crush in the Lachine Canal.

Mr. Monk, who conducted the investigation, said that the point was not so much the extent of the payment as to who was really the owner of the damaged vessel. There was nothing in the documents to show that Mr. Delisle was. He said he endorsed a note for \$300 for one Thibault, part owner of the boat and acquired his interest.

Afterwards, Carriere, the other owner, who transferred his holding to Delisle, testified that he was the registered owner of the schooner and that the amount was paid as a settlement after a similar test case in the exchequer court had been decided against the government.

The opposition endeavored to show that Delisle was not the real owner but only holder of a bill of sale of the schooner, but the M.P. insisted that he was and that there was long wrangle. The deeds were finally ordered to be produced.

KILLED ON THE S. S. INDRANI

Alex. Anderson Met Death This Afternoon.

He Was Jammed Under Falling Coal Staging and Death Was a Most Instantaneous—Second Tragedy in 24 Hours.

The second tragic death aboard the S. S. Indrani within twenty-four hours occurred about three o'clock this afternoon when Alex. Anderson was almost instantly killed by a falling coal staging on the deck of the ship. He was in the position of fixing a coal staging on the steamer when it fell and jammed him so badly that death was almost instantaneous. The ambulance was summoned and the body removed to the unfortunate man's home.

LATER.

Anderson was about 35 years of age and a native of Stavanger, Norway. He was boarding at Johnston's boarding house in this city.

It appears that he is in company with several other workmen who were engaged in moving a stage from one part of the ship to the other, when it was apparently in position it tipped over and jammed Anderson. Quickly it was raised and the injured man rescued from his terrible position but he died in fifteen minutes.

WENT ASHORE IN THE THICK FOG

The Plant Line Steamer A. W. Perry From Boston to Maritime Ports Wrecked Near Port Hastings, C. B.

Halifax, N. S., May 19 (Special).—The Plant Line steamer A. W. Perry was wrecked about three o'clock this morning at McMillan's Point, a promontory, about six miles north of Port Hastings. The steamer ran ashore by 1:11 p.m. and was wrecked. The crew and passengers were saved without great difficulty.

The crew stood by the vessel and work of the midday was at once sent to Port Hastings.

A telegram was received from Capt. Haves by H. L. Chipman, manager of the Plant Line, that the steamer was wrecked. The steamer was in company with the A. W. Perry when it was wrecked. The steamer was carrying a large cargo of freight for Hawkebury and Charlottetown from Boston.

The A. W. Perry left Halifax at 11:30 o'clock yesterday morning. She made a good trip until the vessel was wrecked. The steamer was carrying a large cargo of freight for Hawkebury and Charlottetown from Boston.

BUDGET DEBATE ENDED IN THE PROVINCIAL HOUSE LAST NIGHT

Mr. Robinson Defends the Old Government and Solicitor General McLeod Subjects Him to a Scathing Attack in an Exceptionally Creditable Speech.

Fredericton, N. B., May 18.—The budget debate ended rather unexpectedly at 11 o'clock this evening and a motion to go into supply was carried without division. The house then went into committee with Mr. Sprague in the chair, but adjourned without passing any items. Members on both sides seem to be pleased that the debate was not unduly prolonged. Mr. Robinson, leader of the opposition, resumed the debate on the budget at 8.15 o'clock and continued for an hour and three-quarters after recess. He criticized the government for increasing the expenditure, and claimed that they had violated some of their pre-election promises. The latter part of his speech was devoted to a defence of acts of the old government.

Solicitor-General McLeod made an effective reply and was frequently applauded. It was his maiden speech in the house, but he acquitted himself like an old timer, and came in for many congratulations. It was the first important night session and the galleries were well filled during the progress of the debate.

Fredericton, May 18.—The house met at 8 p.m. Mr. Hazen, replying to Mr. Byrne, re Gloucester liquor license funds, said the inspector's report was not yet received. The balance at credit of the fund was \$860.54, subject to payment of salaries of \$385. \$190 is due the province and \$274 due the county.

Mr. Hazen, replying to Mr. Campbell, said there was no official information as to the population of the town of Campbellton, but that he had advised the license commissioners to ascertain the population of each ward as nearly as possible and issue licenses accordingly.

Mr. Hazen, replying to Mr. Robinson, said John McCormack had been dismissed as caretaker of the Metuxia bridge and Messrs. Glidden had been appointed at a salary of \$125 per year. His actions were taken on the recommendation of Messrs. Sprague and Mr. Robinson.

Mr. Hazen, replying to Mr. Robinson, said the government would not at the present session enact legislation to increase the salaries of the judges, but they hoped soon to be able to do so.

Mr. Hazen, replying to Mr. Robinson, said the suspension bridge at St. John was being refloored by day's work. The report of the engineer that it was in a dangerous condition and that delay might involve accidents, one already having occurred. The engineer also reported that in view of the conditions which could be ascertained by the removal of the top floor it was advisable to start at once.

Mr. Hazen, submitting a statement of the balance sheet of the province on the 31st Oct. of \$880,294; ordinary revenue, \$292,225.23; expenditure under authority of bond issues, \$199,111.93; balance against the province in the banks, \$18,552.72.

Mr. Sprague gave notice of enquiry re purchase of I.C.R. rails by the N.B. Coal & Ry., and Mr. LaBrosse in regard to the ferry service on the Restigouche. Mr. Sweeney, regarding the purchase of W. W. Melville of Peel, Carleton Co.

A number of petitions for acts were introduced and bills read for the first time. Mr. Hazen introduced an act to amend the law in regard to compulsory attendance at school so far as it related to the city of St. John. There were, he said, two difficulties with the present legislation which it was desirable to remove. The present act states that children must attend school between the ages of six and sixteen for at least one hundred and twenty days each year, while the factory act says children may go to work at the age of fourteen. It was therefore desirable that compulsory attendance should be between the ages of nine and fourteen years. In regard to the number of days attendance required in each year, it was felt that 120 days was entirely too short a term and that the act should state that attendance must be for the school year. He also introduced an act to amend the schools act providing that the secretary of a board of school trustees might appoint a deputy who would have all the powers of the secretary. Section 2 of this act further provides that when bonds, issued by any school board, are authorized by the board of education, the title shall be incontestable.

On the order of the day being called, Mr. Robinson said he desired to say a few words with reference to the budget speech which could not be read in the house. He thought it was a good example of the country in reply to some of the remarks of the provincial secretary.

The provincial secretary had drawn attention to what he described as the enormous liabilities of the province which he had succeeded in running up to about ten million. The terms made to me by him in his official capacity and consequently would carry a good deal of weight, but he noticed that he quite neglected to draw attention to the assets of the province and he made no attempt to set these great assets against the liabilities. It seemed to him (the speaker) that the hon. gentleman should recognize the importance of the utterance he made. It was his duty to make the best showing of the provincial finances possible. It would shortly be necessary for him to go into the money markets of the world to endeavor to make an issue of bonds to carry out his proposal to pay the outstanding debts of the province and for that reason he ought to make the best showing he could.

A good many remarks had been made about the agricultural policy of the late government. Hon. gentlemen would refer to the provincial secretary when in opposition. They had said that the money should go to the farmers. They did not seem to see it now in that light. They said the late government had juggled with the accounts relating to exhibitions and said that they did not pay the grants for exhibitions in 1907 till 1908.

The fiscal year closes on the 31st of October and the ordinary year does not close till 31st December. It had not been the custom to pay the exhibition grant till the close of the ordinary year. They had always been charged with the fiscal year.

The provincial secretary used very strong language with regard to the case of protection in Restigouche county. Referring to Dr. Hannay's handbook of the province, it would be seen that the county of Restigouche contained 184,000 acres while the county of Carleton contained only 69,000 acres. The county of Restigouche was practically one solid body of forest while a great portion of Carleton county was turnip fields and potato

PLAYS AND PAYSERS

MACBETH AND CHELSEA FIRE VIEWS AT NICKEL

The weather, the soldier turnout and the Nickel's gross mood made the big theatre in Carleton street the most popular place in St. John last evening and the seats were filled from 7 until 10 o'clock. The pictorial part of the show was unusually interesting. The leading feature being a sumptuous portrayal of Shakespeare's sublime tragedy Macbeth. Over ten scenes were shown depicting the Witches' Meeting, The Visit of King Duncan, The Murder, Lady Macbeth's Sleep Walk, The Battle, The Ambush of Banquo, Banquo's Ghost, etc., and each picture was artistically and with scenic detail and his torically correct costuming. It was a decided winner in popular photography and was loudly applauded at the finish of each showing. After a bit of a comedy, The Wine Waltz, was put on the last evening till the present government came into office.

UNDER THE NORTH STAR OPERA HOUSE TONIGHT

The play of "Under the North Star" deals with the mysterious power of second sight, by which its possessor is enabled to call up visions of persons and events in distant lands. It touches on many of the strange things that are arousing so much interest in psychic research in this country, but whose weird mysteries are familiar to the Hindu, Voodoo, Mahatmas and the high caste, Brahmin as household words. There are many things in our daily life that are strange to us, who are but children in our understanding of these things, but which we cannot deny exist as certainly as light, heat and electricity. This is brought out in a most interesting manner in this great play and is one of its many original charms. Everyone who sees "Under the North Star" will take away something to think about. It is a great play and put on the stage in a superb style. Gordon and Deans will present a light, bright and cheerful play, an elaborate scenery used in its metropolitan runs.

Sick all the Time with Kidney Trouble

4 BOXES CURED HIM

Mr. Whellam was a mighty ill man this spring. He had been ailing for almost a year. Sharp pains in the back and through the hips. Dull headaches and dizzy spells. Appetite poor—nothing seemed to taste right. Finally, an old friend told him about a friend who was in just that condition and who was cured by GIN PILLS. Mr. Whellam tried them. And you would not know him for the same man now. That worried, strained look about the face is gone. His eyes are bright—his complexion rosy. He enjoys what he eats—has gained in weight—sleeps like a top. He had kidney trouble. GIN PILLS (taking) gave new kidneys—beated and strengthened these vital organs—soothed the bladder—and freed the system of uric acid—was poisoning him. I received a sample of your GIN PILLS last fall. They are the best kidney medicine I know of. A neighbor of mine had kidney trouble and they did him more good than all the Doctor's Medicine he tried. I have never forgotten during my lifetime the benefit your GIN PILLS have done for me. I was going to introduce an audit act myself. Why, then, had his party continually opposed the efforts made by the present premier since 1890, to have this important matter rectified and the public accounts safeguarded? The leader of the opposition referred to the protection of the crown lands defending the large expenditure last year by saying the lands must be protected. With that sentiment every member of the government and supporting it would agree. He attempted to explain the large expenditure on game protection last year by stating it was for eighteen months' service. There was not the slightest evidence to support the honorable gentleman's statement. The sum was spent in 12 months. For the present year \$9,800 was already expended during a period before the real needs of the protection had begun, and this was why the appropriation could not be made smaller for the present year. The true explanation of the expenditure of over \$21,000 for this service last year was on account of the election campaign, when numbers of wardens were appointed for the express purpose of making votes. As a proof of this he held in his hand a report from the chief game commissioner containing the names of all wardens appointed by him. The comparison of this list with the men who received money in game wardens published in the auditor general's report proved this. Mr. LaBrosse—Every warden appointed in Restigouche county was appointed by Mr. Robinson. This document absolutely denies the statement made by my honorable friends and shows that fifty game wardens were appointed in Restigouche county were appointed for election purposes. Mr. LaBrosse—Not one. Hon. Mr. McLeod—Honorable members can judge which is the more likely to be correct, an official document or an extreme statement. The official document says there were six wardens in Restigouche while the honorable gentleman through the auditor general's report says fifty.

HAD THIRTY-TWO BOILS ON HIS BACK AT ONE TIME.

TWO BOTTLES OF BURDOCK BLOOD BITTERS CURED HIM.

Boils are simply evidence of the bad blood within coming to the surface. Just when you think you are cured of one, another seems ready to take its place and prolong your misery. The only way to rid yourself of boils, pimples, and all skin blotches and blemishes, so that they will never return to bother you again, is to have the blood thoroughly cleansed of all its impurities. For this purpose there is no other blood medicine so equal Burdock Blood Bitters. It has been on the market for over 25 years, and at that time we have received thousands of testimonials stating positively that it will cure the worst known cases of boils. Mr. James Combs, Eden, Ont., writes: "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly. For sale at all Druggists and Dealers."

A GREAT PROGRAMME AT THE PALACE

One of the highest hits of the season was made at the Palace last evening when Mr. Harrison and Miss Moffatt presented a bright and interesting play, "Jack's Return." A feature of this act was the singing of that popular song, "We parted as the sun went down," sung by Miss Moffatt, accompanied by Mr. Harrison with flute obligato. These were repeated to encore after encore, and all during their act and during the intermission were kept laughing from start to finish. Honeymoon Trip to Niagara Falls is an excellent picture, also For Hate of the Miller and the laughable picture Electricity.

Wednesday night is another night, and about 12 to 15 amateurs will be shown in a position to know the facts by as if it were that will please old and young. Last evening Miss Alicia Wren, of Montreal, a mezzo-soprano of much purity and sweetness made her bow to the Nickel's in Albert Von Elia's "The Girl in the Red Coat." The picture "Blocks Told" and received a most cordial welcome. Miss Wren is a decided acquisition to the Nickel staff. Mr. Maxwell started upon his farewell week with a hit-song of the first magnitude, When My Moonlight on the Prairie, Darling. He sang it and sang it in his usual excellent form.

As an extra special feature today the Nickel's presented an overture, having glimpses of the great works worked in Chelsea in the recent terrible fire. These are views that were shown in Keith's Bijou Dramatic picture house in Boston.

charged with gross extravagance when they had asked for an appropriation of \$600,000. Now this government comes down with the budget and asks for over a million dollars. They had charged graft and extravagance and now they are asking for more than they had asked for. The provincial secretary in his budget still attempted to figure up that the province had gone behind over \$400,000 last year. He had one estimate last year now he had another. The latter as published in the budget was \$400,000, but he had one hundred and ninety-two thousand only and to make his pre-election story good he had to go back over the appropriation of many years to find the balance. He had neglected to inform the house of this fact and although he was not asked to do so, he had the change of the overdraft on public works had been treated as a matter affecting the constituency.

The leader of the opposition had followed the St. John Sun in complaining of this going back into the past. The present government had relieved the leader of the opposition of a great deal of the blame for the state of affairs in the province. They were ready and anxious to admit that it was not his fault. The gentleman with whom he spent the Sabbath day, who had now gone to fresh fields and pastures new was the gentleman upon whom this burden of guilt should be placed. At the recent election he had not been asked to give up the province except York County, where there did not appear to have been any opposition. The speaker followed in the wake of the St. John Sun, when he charged the provincial secretary that he had given notice that he had the change of the overdraft on public works had been treated as a matter affecting the constituency.

The hon. gentleman had asked the provincial secretary if it was right for all that interest to be charged in one year. In the speech which he had just made he had said it was not all charged in one year. The interest on the London loan was not shown anywhere in the accounts. The government were told that they had to pay \$300,000 for interest this year. Yet if they added the \$70,000 due on the Central Railway and the \$72,000 on the London loan and the \$10,000 on public works department to the \$178,000 of the interest set out on page 90 of the auditor's report, it would make the amount \$580,000.

The leader of the opposition went out of his way to criticize the reception given to the government general and wondered if the government would complain about the cost. The government had not complained and would not be likely to do so, but he would have a very good opportunity to call upon to do so. The government general who arrived at five o'clock in the morning sized up rather loftily. It was absolutely out of all reason that a sum could have been incurred so easily, and the total of \$210,000 seemed an enormous amount to spend in the entertainment of the governor general during half a day. The leader of the opposition had gone out of his way to make some criticisms on the office of solicitor general. Mr. Robinson—I was not criticizing the man but the office.

Rankin of Charlottetown were registered at the Canadian government and in London during the week ended May 5.

of the present opposition. He had observed that the public press, and especially the St. John Sun, had been very kind to the provincial secretary, headed his article with the words, "Look ahead, Mr. Robinson," and went on to complain rather bitterly that he criticized and found fault with the late government for the policy which had been pursued and that he had succeeded to the treasury benches he still found fault.

The provincial secretary was to be commended for looking back into the past, and he did right in taking the people of the country into his confidence and letting them know what he had done in the past. He told them of its disastrous condition, but he told them only part and added that if he had the change of the overdraft on public works had been treated as a matter affecting the constituency.

The Evening Times.

ST. JOHN, N. B., MAY 19, 1908. The St. John Evening Times is published at 27 and 29 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd. A company incorporated under the Joint Stock Companies Act.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's Independent newspapers. These newspapers advocate: British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion. No graft! No deals! "The Thistle, Shamrock, Rose entwined, The Maple Leaf forever."

THE LEGISLATURE That Mr. Robinson's reply to the provincial budget speech was weak and ineffectual is not to the discredit of Mr. Robinson as a debater. The trouble was with the case he had to present. No man could rise in the face of the revelations made in the budget speech and make an effective reply. As Solicitor-General McLeod remarked, however, the blame for the conditions revealed does not lie so heavily upon the ex-premier as upon some other gentlemen who preceded him in office. There has been, ever since he became premier, a degree of sympathy for Mr. Robinson, because of the burden which he assumed, and which bore him down to disaster at the polls. He committed the fatal error of continuing the old policy instead of cutting loose from sinister influences and pursuing a policy of reform. As a result he went down to defeat, and the reforms are being instituted by a new government. Necessarily, he was heavily handicapped, therefore, in the budget debate.

In striking contrast was the vigorous speech of Hon. Mr. McLeod, who is a hard hitter, and who in this case found weapons ready to his hand. Mr. McLeod's exposure of such matters as the interest charge, the \$47,000 bill for the Central Railway, the fees of Dr. Pugsley, the Victoria county lands mortgage and the political game wardens of Restigouche was clear and complete. He pointed out, moreover, in reply to opposition criticism of proposed expenditures by the new government that they were bound hand and foot by the extravagance of their predecessors, and must meet the obligations incurred in the latter. Next year's budget speech will show a different state of affairs, although for some years to come the province must continue to pay the penalty for continuing so long at the head of its affairs the men who are responsible for the present very undesirable change.

PROF. ROBERTSON No other man has done as much in recent years for the development of agriculture in Canada as Prof. James W. Robertson, who will address the New Brunswick legislature this week, and may also speak before the Canadian Club of St. John at a noon luncheon.

One of the great benefits which the Conservative government in the days of its vigor and activity conferred on Canada was the engagement of Prof. Robertson as a counsellor and instructor in regard to dairying and general agricultural development. Mr. Robertson is not a mere enthusiast, but a practical man with a thorough knowledge of his subject and the ability not only to impart knowledge in a direct fashion but to arouse the enthusiasm of his hearers. His public addresses sparkle with terse sentences which present important truths in the most impressive manner. Therefore the New Brunswick legislature does well to hear him, and the government will do well to take counsel with him in connection with its agricultural policy. No man is better qualified to speak upon this subject and none is more willing to exert himself to advance the interest of that calling upon which so large an extent of the real progress of the country depends.

BUSINESS CONDITIONS A leading wholesale business man informs the Times that there are signs of a slight general improvement in trade conditions in this province. The volume of trade thus far this year has been fairly satisfactory. Money, owing to the action of the banks, is still rather scarce, but conditions are slowly improving in that respect. It is true that the lumber industry is still awaiting a turn for the

better, but nobody anticipates any turn for the worse. The lumber market is one that responds quickly to improved conditions. It is at least satisfactory to note that the log drives in many streams have been brought into safe working conditions, and therefore less expense than usual, and the prospects are said to be favorable also for the long drive. It has been generally conceded that this will be a rather quiet year in business, but conditions are healthy. The railroad construction work will distribute a large amount of money and to a large extent offset the dulness in the lumber trade. The weather has been somewhat backward for the farmers, until the last week or so, but the prospects are now favorable. On the whole, the province has come through a general financial depression remarkably well—much more so than many localities which make greater pretensions to enterprise and progress. Business generally in Canada is improving, and with a good crop year there will be the assurance of continued prosperity.

CONCERNING SPORTS General interest will be felt in the effort of St. John four-oared crews to get a place in the Olympic games. There are two crews in Carleton, and it is proposed by one to have a try-out in the harbor and that the winning team go to Halifax. Whether the other agrees to this course, which seems to be the most reasonable one, or whether both teams go, there will be a general feeling of satisfaction that we have young men who take an interest in the revival of aquatic sports, which once brought fame to St. John. The Times pointed out a year ago that the time had come for a revival of clean athletic sports, and there are evidences that the present summer will be marked by an awakened interest in many directions. There has been too much spajty since professional baseball supplanted the place of amateur sports and then collapsed itself. But a new generation is coming up, and St. John should regain its place among athletic cities as the home of clean sport. The Times might be charged with talking shop if its editor referred to what the Every Day Club is doing to encourage general sport, but that organization at least offers a medium through which athletes may get together and work together for the promotion of sports of various kinds. In taking steps to send its crew to Halifax, if they should be among those to compete in the trials there, the club is doing aquatic sports a genuine service.

THE DEADLOCK Premier Roblin of Manitoba is even more emphatic than Hon. Mr. Rogers in his denunciation of the Aylesworth election bill. He points out that in Greenway's time an effort was made to force a similar measure through the Manitoba legislature. He charges that for the passage of that bill the Manitoba lists were loaded with thousands of names which should not have been there, and that this iniquitous course was endorsed by men who are now clamoring at Ottawa for the Aylesworth bill. Mr. Roblin appeals to the men of eastern Canada to secure for the western provinces the same rights with regard to the federal franchise as are enjoyed by the eastern electors. This is a reasonable appeal and should be endorsed. The hysterical utterances of certain portions of the government press concerning the alleged obstructive tactics of the opposition will not deceive the people. A fair and honest ballot is demanded by the opposition. Sir Wilfrid Laurier is so little in love with the Aylesworth bill that he has offered compromises rather than appear as the champion of so unjust a measure. That for which the opposition fight in this case is the honest ballot. That and nothing more.

MARINE NOTES A silver watch was presented at Whitehead (N. S.), recently to Captain Alden Munroe for services rendered to the crew of the schooner Ada Mildred, which stranded on Gannam's Lodge on Jan. 20, by Enos L. Munroe, customs house officer, at the request of the dominion government. West India steamship Ocampo, Captain Buchanan, sailed last night at 12 o'clock for Halifax and the West Indies with a general cargo. Captain Iverson and Mate Rittcher of the abandoned bark Strathern arrived by the West India steamer Ocampo last Sunday on their way home from Nova Scotia. The bark Strathern was owned at Millland (N. S.), and left here on Dec. 17 for Rosario and was dismantled on Feb. 4 in a gale off the British West India Islands. She put into St. Vincent for repairs. Captain Gann, of Yarmouth, underwriter's agent, went to St. Vincent to look the vessel over, and decided to send her to Halifax. While on the voyage to that port the bark was abandoned at sea and set on fire, and the crew were rescued and taken back to St. Vincent. Her cargo of lumber when she left this port was valued at \$25,000. Vessel and cargo was insured for \$75,000. Zwicker & Co., of Lunenburg, bought the vessel and she was on first trip for new owners.

"Does your father know I love you?" "No, Papa isn't very well, and we've kept it from him," answered the lady.

WASN'T HE JUST THE MEANEST THING How Inventor Brewer Fooled His Wife When She Went to Look for Evidence. New York, May 19.—William S. Brewer, publisher and inventor, will probably be afforded another opportunity tomorrow to recite the details of the clever ruse by which he outwitted detectives employed by his wife, Edith Anselm Noble Brewer, and turned the divorce suit instituted by that lady into a roaring farce. At the former hearing Justice Pitlake declared a mistrial and the suit is scheduled for retrial tomorrow. At the previous hearing Brewer recounted a tale that should make the shade of Boccaccio and his modern French imitators hang their heads in shame at their lack of imagination and literary finesse.

According to Brewer's story, he made a trip to Pittsburgh last January, and expected that he was being followed by spies in the employ of Mrs. Brewer, who was anxious to secure evidence to be used against him in a suit for divorce. Being of an obliging nature, he decided to furnish the "evidence" to order, and wrote to his lawyer in New York outlining a plan which has seldom been equalled in literature or life. The details of this scheme are told in the letter from Brewer to his attorney, Harry Eckhard: "My Dear Eckhard—I have seen several parties that seem to be investigating me, and I have tried to detect if they are following me. I have a scheme to find out, which I hope will work with your approval. I will go to New York arriving at 8 o'clock Saturday evening. I will meet a lady in the parlor of the Astor House. Cedric my son, will be there with the lady and will introduce you. When I come, I will not recognize you, but will speak to the lady, and tell her that I am her husband, which means 'you are a fool.' I'll register so it won't be very plain. "The lady will go up on the elevator with me, and go down another way, when you and Cedric signal that no one can see her depart. Now, you can arrange for a room for me that has a connecting room, so that you and Cedric and any witnesses you want can be in the connecting room while they (the detectives) watch or break in on me." Brewer's little plan to confound his wife's detectives worked like a charm. The spy-cops, it is alleged, secured a room opposite that of Brewer and stood watch during the night, while Brewer and his friends made merry and waited for the grand denouement. The spies did not break into the room, however, but a short time later the divorce suit was brought.

During the previous hearing, which ended in a mistrial, an attorney for Mrs. Brewer testified on oath that he had seen a woman coming from the room occupied by Brewer. The latter, however, produced a large number of witnesses to prove that he had spent the night with male friends and that the "woman in the case" had been escorted out of the hotel immediately after playing her part in the little drama of domestic intellectuality. FELL TO HIS DEATH John Haley Killed on Donaldson Liner Inland Yesterday. John Haley, a longshoreman, fell through a lower deck hatch on the Donaldson liner Inland yesterday afternoon and received injuries from which he died later at the General Public Hospital. The hatches were being replaced on No. 4 hatchway on the lower deck, the work of unloading coal having been completed. Haley stepped on a part which was insecure and fell to the bottom of the hold, a distance of twenty-three feet, the piece of board falling on top of him. He was picked up unconscious, and Dr. Berryman was hastily summoned. He ordered the deck replaced and the hatchway measured, finding the board too short for safety. C. H. Graham, father-in-law of the deceased, intimates that action might be taken against the steamship company.

Who Said Linoleum for the Kitchen and Bathroom? Most men take endless delight in discussing politics. Women derive an equal pleasure in talking over the question of home furnishings. Both are important subjects, the latter being of especial interest while housecleaning is going on—that's to-day. We are showing exclusive patterns of English oilcloths and linoleums, pretty designs, from 25c, 30c, 35c, 40c, up to 70c. per square yard. Carpet Squares in all Sizes.

WILL PROBE THE BIG TOBACCO TRUST

Proceedings Commence Today Which May Result in Smashing the \$500,000,000 Combine.

New York, May 19.—Proceedings which may result in the entire dissolution of the \$500,000,000 combine which practically controls the tobacco business of the country were commenced today in the United States circuit court.

In addition to the American Tobacco Company, the government suits names as defendants more than sixty allied and subsidiary companies, and about twenty individuals connected therewith.

These eight men, or estates, by a characteristic exercise of their power, control the whole \$500,000,000 combine through their ownership of a majority of the \$40,000,000 of common stock of the American Tobacco Company, the parent concern.

These eight men, or estates, are James B. Duke, Thomas F. Ryan, Anthony N. Brady, Benjamin N. Duke, Col. Oliver H. Payne, the estate of the late William L. Elkins of Philadelphia; Peter A. B. Wid. Elkins of Philadelphia, and the estate of William C. Whitney.

HEADED TOWARD PROSPERITY IN THE UNITED STATES

That is the Way Baché & Co. Size Up the Situation, Despite the Present Dullness—Some Indications of Improved Business Conditions.

(J. S. Baché & Co.'s letter.) New York, May 16.—There is every indication that we are breathing the delicious new spring air of a bull market. The hard season of bare tree trunks and leafless branches, and air freezing with pessimism, has passed, and one stock after another is putting on little leaves that seem like promises of higher prices, and the roadside is sprinkled with what look to be coming spring flowers, and which turn out to be joyful tips on different stocks.

BURNS AFRAID OF JOHNSON

That is What Lord Lonsdale Intimates—His Lordship Disapproves of Any Arrangements Giving Burns £6000.

London, May 18.—Lord Lonsdale today expressed his disapproval of any arrangement that should give Tommy Burns, the pugilist, six thousand pounds for his fight with Jack Johnson. He stated that the general opinion was that Burns was indisposed to meet Johnson.

RING GOSSIP.

The signal victory of Joe Gans over Rudolph Uhlolz at San Francisco on Thursday night has set the sporting men talking. Nobody thought that Uhlolz had a chance to win the decision, but few thought that Joe would hand over a knockout to the little boxer. Gans' success against the Indian clubbinger means that he can take Macky McFarland and a lot of other aspirants for his title and honors and beat them all in the ring. The same day, McFarland would not last long as did Uhlolz if Joe was in a hurry to catch a train.

There is said to be some doubt about Bill Papke and Stanley Ketchell meeting and the Milwaukee promoters are ready to sign Frank Marshall to meet Papke if it is found impossible to do business with Ketchell. There is also talk of a bout between Ketchell and Mike Donovan of Rochester, N. Y., at the Jim Jeffries A. C. Vernon, Oal, next month.

Salior Burns and Tony Caponi will meet at the Sharkey A. C., New York, on Wednesday.

Philadelphia Jack O'Brien and Jack Blackburn (colored) will meet in a six round bout at the National A. C., Philadelphia, on Wednesday, June 3.

Harry Lewis and Unk Russell, who had a hot session a week ago Saturday night, will meet a week from tonight at Philadelphia.

Spillo Robson and Frank O'Toole will meet at Philadelphia on Friday, May 29.

Johnny Conlon, the Western bantam, undoubtedly the champion 105-pound man of the country, will be glad to come east for \$300 and two round trip tickets. The New York clubs can't see him, though.

WANT RACE WITH CARLETON CREW

The Every Day Club Has a Speedy Crew—Will Boom Sporting Interest.

The Every Day Club is coming to the front as a sporting organization. At last night's meeting the secretary was instructed to invite the Latour Rowing Club four to have a try out on the harbor with the Every Day Club four oared crew, between May 23 and 29, the winning crew to go to Halifax for the Olympic trials there. The Every Day Club four are Ross, Cunningham, Clark and Connors. They will wear suits showing the club colors, red, white and blue.

The nucleus of a good association football team was also got together last evening, and a committee of four will meet the representatives of other clubs at Carwell Hall this evening.

Entries are coming in rapidly for the club sports on the Victoria grounds on Victoria Day, and an especially good field of runners will compete.

The club's file and drum band will parade on Saturday evening and at the beginning of the sports on Monday.

A great crowd of ball players and runners will be on the grounds last evening, and club members at work. A strong and active grounds committee is in charge this season.

HALIFAX OARSMEN FOR ROWING TRIALS

Scullers O'Neil and Duggan and Possibly two Four Oared Crews for St. Catharines.

Toronto, Ont., May 18.—The Canadian Association of Amateur Oarsmen, at a meeting Friday afternoon, decided to hold the Olympic trials regatta at St. Catharines, on June 20th.

Halifax will have two scullers in the trials, O'Neil being accompanied by Duggan. A four will also be present from Halifax, and it is improbable that two fours may make the trip.

AMERICANS WANT CANADIAN TRAINER

They Are Unable to Find One of Their Own Good Enough to Handle Olympic Team.

Hamilton, Ont., May 18.—The Jas. E. Sullivan club, which seems to control the United States Amateur Association, is trying to secure services of "Dick" Robinson to prepare the American athletes for the Olympic games. Robinson surprised Americans by his clever handling of Caffery, when he won the Boston Marathon twice. It is believed he will decline the offer. Considerable dissatisfaction is expressed by the Hamilton runners over the delay in laying out the Marathon course in Toronto which has been intended going down this week to train, but had to call arrangements off on account of the course not having been selected.

THE TURF

CHASE MADE NEW SPEEDWAY RECORD.

Boston, May 18.—In the Metropolitan Driving Club's matinee races on the Charles River speedway, Chase, a bay gelding, 2:07 1/4, owned by C. H. Beaudin, made a new world's record for trotters for a half mile on a speedway. The first heat was trotted in one minute and 45 seconds, the second in 1:00 1/4, and the third in 1:00 1/4.

Fies are easily and quickly checked with Dr. Shoop's Magic Ointment. To prove it I will mail a small trial box to a convincing test. Simply address Dr. Shoop, Seattle, Wis. I surely would not send it free unless I was certain that Dr. Shoop's Magic Ointment would stand the test. Remember it is made expressly and alone for swollen, painful, bleeding or itching piles, either external or internal. Large jar 50c. Sold by all druggists.

PERSONAL

Mrs. Bedford Phillips, of Fredericton, is visiting her sister, Mrs. G. Wilbert Currie, Westworth street.

James Osborne, superintendent of the Ontario division of the C. P. R., formerly of St. John, has gone on a trip to England.

BUDGET DEBATE ENDED IN THE PROVINCIAL HOUSE LAST NIGHT

(Continued from page 3.)

The honorable gentleman also when referring to the matter of stumpage last year was should not get all the stumpage was should" and he now found fault with the reduction in the estimate of stumpage income but he should remember that the cut of lumber during the past winter had been reduced almost one-half. He could, however, assure him there would be more stumpage collected this year than if the late government had remained in power.

This year the government was bound hand and foot by the extravagance of its predecessors, but when full control was assumed the provincial secretary's announced policy of keeping the ordinary expenditure within the ordinary revenue would be strictly adhered to.

The house concurred in approving the chief game commissioner's report, that it did not mention a single game warden for Restigouche, therefore, it must be increased.

Hon. Mr. McLeod thought the conclusion rather would be that the members for Restigouche were not doing their duty of the wardens themselves and all for political purposes.

That the speaker do not leave the chair, was then put and carried. The house went into committee on supply. Mr. Foraker moved that the resolution for supply be carried by the committee and reported to the speaker. The house concurred and supply was made the order of the day tomorrow.

Hon. Mr. Hazen presented a petition from the Moncton Street Railway Heat and Power Company praying that the legislation asked for in regard to incorporation of an electric railway company for that city might not pass and that the petition be read by the clerk of the house.

Hon. Mr. Hazen moved that the time for introduction of private bills be extended for three days.

Mr. McKown presented petitions from St. John city and county for legislation in regard to discount on rates, relating to the general public hospital, and to fees paid by foreigners.

The house adjourned at 11:35 p. m.

A NOTABLE GATHERING HELD AT WHITE HOUSE

The Natural Resources Conference Was Probably the Most Important Non-partisan Convention Ever Held in the United States.

(From our Regular Correspondent.)

Washington, D. C., May 14, 1908.

The Natural Resources conference which attends the president at the White House, besides being the most notable non-partisan gathering perhaps ever convened in this country since the constitutional convention, is taking hold of the various problems in a spirit which promises well for the outcome. All who have responded to the president's call, and there are few absentees, seem to realize the terrible waste of natural resources which attend their present utilization and all are anxious that some remedy be found. It is now realized that water transportation affords not only the best, but the only check on the rapacity of the railroads, that the methods pursued by the owners of mines is wasteful in the extreme, that the erosion of lands, the most valuable parts of which are being daily washed into the streams, to the infinite injury to the people of the land, is being dried out again at great expense to the country, is an inexcusable form of extravagance, and so on.

The problems presented by the conference are far-reaching, and it is not to be expected that satisfactory solutions can be immediately devised, but that this meeting will give tremendous impetus to their solution and will probably result in the formation of organizations which may effectively deal with them is the hope of everyone who is watching the proceedings. It is the president's idea that by familiarizing the governors and leading men of each state with the current status of the land, he will be cultivating a knowledge of them and a sympathy with proposed remedies which will go far toward making them effective.

As the congress approaches adjournment, legislative interest gives place to political discussion and enthusiasm and that harmony which goes so far toward making for Republican success seems again to be in evidence. Mr. Taft, immediately deputed, but that this meeting will give tremendous impetus to their solution and will probably result in the formation of organizations which may effectively deal with them is the hope of everyone who is watching the proceedings. It is the president's idea that by familiarizing the governors and leading men of each state with the current status of the land, he will be cultivating a knowledge of them and a sympathy with proposed remedies which will go far toward making them effective.

Tonight by special request, Mr. Mitchell will take his topic, "A Conscience - A Safe Guide."

TEACHERS TRIP TO EUROPE.

Dr. J. R. Inch, Chief Superintendent of Education, has received circulars relative to the National Civic Federation's tour of Europe for teachers of the United States and Canada between September, 1908 and March, 1909. Superintendent McKay of Nova Scotia, will have charge of the tour for the maritime provinces, and already Miss McKinnon, of St. John, has applied for a place on the tour. All applications must be sent in by June 1st. In all 500 teachers will take the trip, and while in England they will visit schools and other places of interest, being met on arrival in England by a member of the reception committee. The teachers will get a second cabin round trip for 25 and need not return by the same line by which they make the outward voyage.

THE ELAINE TO FREDERICTON.

It has been decided to place the steamer Elaine on the route between St. John and Fredericton and she will make the trip from Indiantown on Mondays, Wednesdays and Fridays, leaving at 8 a. m., and make the return trip on alternate days. This will give a daily service, between this city and the capital as the steamer Victoria of the Star line makes the trip from here on Tuesdays, Thursdays and Saturdays, returning alternate days. The Elaine makes her first trip on the new route tomorrow and considerable interest is being manifested to see how her time will compare with her rival steamer, the Victoria.

WANTS MODEST BURIAL.

Quebec, May 19. (Special)-The will of Sir L. N. Cassalt, who died yesterday afternoon, will be published in today's papers, at deceased's request. After leaving his entire estate to his wife Lady Cassalt, nee Elmira Jane Pangman, the deceased requests that the funeral services consist only of a libera, that only one bell and that the smallest, be tolled, that his coffin be made of pine, painted in black and that the hearse be like that furnished to the poorest man and that by one horse and that only six handles be placed around the bier.

A VALUABLE SOUVENIR.

The Times has received from the George D. Lawrence Company, photographers and art printers, 1370 Broadway, New York, a magnificent large photograph of the recent Canadian Club dinner in this city, at which so many distinguished Canadians assembled. The face of each guest stands out clear and easily recognizable to friends.

71ST MAY YET GET TO QUEBEC.

The officers of the 71st Regt. seem to feel that there is still a good chance for the regiment going to the Quebec Tercentenary celebration this summer. If the trip is called off it will be a great disappointment to those who had expected to enjoy the outing.-(Fredericton Gleaner.)

The funeral of Miss Edith McDonald, was held from her late home Millidge Lane, this afternoon at 3 o'clock. Service was conducted by the Plymouth Brethren and interment was in Cedar Hill.

TEN MONTHS FOR EMMA

Emma Lester sentenced on Several Charges in Police Court This Morning.

Emma Lester, who was yesterday taken into custody by Patrolman Ira D. Perry, on charge of drunkenness, profanity, and violently resisting the police, pleaded guilty to drunkenness for which she was fined \$8 or two months in jail. Of the other charges she professed ignorance but was nevertheless taxed \$8 or two months for profanity and \$80 or six months for resistance, and in default of payment of the fines struck against her went into jail for a term of ten months.

ANONYMOUS LETTERS AND DOG LICENSES

During this morning's session of the police court, Judge Ritchie announced that he had received an anonymous letter referring to some trouble in the vicinity of City Road, but would pay no attention to any such communication, and would tear it up and throw it into the waste paper-basket. He felt that if the writer had any complaint to make, he should be man enough to come out over his own name. Anonymous letters he regarded as a pretty mean kind of business and if there were any complaints to be made about the same officer, people should come forward and say so.

His honor, also referred again to the fact that the first of June was only a few days away and all persons having dogs should procure licenses, which are one dollar each. He also pointed out that a failure to pay dog licenses would result in a fine of four dollars in addition to which the license fee would have to be paid.

THE BAN ON FIRECRACKERS.

Those who explode fire-crackers in the streets and alleys of Fairville on holidays or other days hereafter will run the risk of severe punishment. The Times has been requested to state that the law respecting this offence will be rigidly enforced. For the information of any who do not know, the law relating to this offence is quoted, as follows:

"Whoever is guilty of an indictable offence and liable to fourteen years imprisonment who wilfully does any act with intent to cause by an explosive substance an explosion of a nature likely to endanger life or to cause serious injury to property, whether any explosion takes place or not and whether any injury to person or property is actually caused or not." (Criminal Code, Chap. 29, C. C. Sec. 100.)

GOVERNOR BULYEA HERE.

Hon. George H. Bulyea, Lieutenant-Governor of Alberta, with Mrs. Bulyea and her sister, Miss Pearl Babbitt, are at the Royal. They went up river this morning to Gageton, where the ladies will remain till July. The governor will return west in about two weeks. Talking of the west, Mr. Bulyea said that the crops in Alberta have been in for some time. The railways will be in a better position than ever he considers, to handle the crops next fall. The country had been developing too fast for the railway men, but they were catching up. The governor had met Peter Vergein, the "Donkshob" leader, and spoke of him as clever. The Mormons, he said, were a thrifty people and were doing well.

LEINSTER ST. ANNIVERSARY.

The young people's meeting in Leinster street church last night in connection with the fifth anniversary services was attended by many. C. J. Lake, president of the Young People's Society of the church, the pastor, Rev. Wellington Camp, and Rev. F. W. Alton, of Sussex, occupied seats on the platform. Addresses were delivered by Hunter-White, William Kingston and Rev. Mr. Alton. An excellent programme of musical and literary numbers was presented and refreshments were served.

WANT MORE RENT FOR SCHOOL.

The trustees of Leinster street Baptist Church are desirous of obtaining from the school board a rental of \$1,000 instead of \$800 for the five rooms in the church building used for school purposes. At the last meeting of the trustees a formal notice from the church authorities was read asking the school board to vacate, and it is stated that the reason was that the church people want more rent. The matter was informally discussed at a joint meeting, and there may be considerable opposition on the part of the school board to paying the extra \$200.
