Empire's Homage To Those Who Gave Their Lives in the War

Solemn Scenes at the Cenotaph Today in London

Canadian Cities Join in Observance—The Ceremonies in Montreal—Monument Unveiled at Spot in Compeigne Forest Where Germans Signed the Fateful Paper.

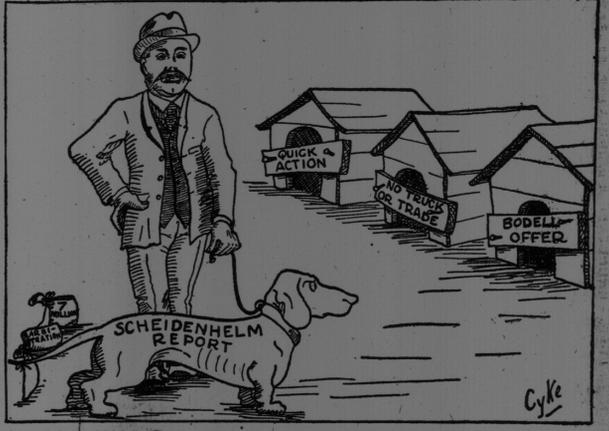

(Canadian Press Cable)

London, Nov. 11.—With solemnity that is heightened rather than diminished by the passage of years, Great Britain today rendered homage to those who "gave the most that man can give—life itself," in the great conflict which ended four years ago with the signing of the armistice in the battle-scarred forests of Compeigne. For the fourth time the anniversary of this event was observed by a great silence throughout the land, and in the distant dominions. The pulse of the great empire stopped its beat at 11 a. m. as a tribute to the memory of its fighters. There were no elaborate ceremonies in London today from numerous communities in Whitehall, the heart of the empire, the proceedings were of the most simple character. The king, entering the station, laid a wreath on the memorial to the silent sons of Britain. The ministry, representatives of the army, the navy and the dominions paid similar tribute, and then the people, coming in a great pilgrimage through Whitehall, began to offer tributes along the memorial. Through the day thousands passed in a constant stream by the tomb of the unknown warrior in Westminster Abbey. "This was poppy day, too, and millions wore the little symbols recalling the poppies that grew in Flanders fields, between the crosses row on row." The money received from the sale of the little flowers will go to help the ex-servicemen and their dependents.

As Hiram Sees It

"I'm glad," said Mr. Hiram Hornbeam to the Times reporter, "that old St. John is gittin' to be a winter resort as well as a summer resort. I don't follow you, Mr. Hiram, you got Mr. Mead an' Mr. Scheidhelm an' Mr. Bodell, they're all men of mark in their own towns an' I judge they're free spenders, too—but I don't see how they can't get tourists without puttin' your best foot forward. The eyes of the continent is on St. John. You ort to be proud that sich men that must hev a lot to tend to at hant come to the way down here to keep you on the track an' teach you the virtues of self-prince. I'd like to see you, Mr. Hiram, you got to put some life into him. I shouldn't be surprisid if they'd hev some experience along that line—Yes, he ort to—By Hen!"

ARMISTICE DAY SPIRIT IN CITY

Local Observances of Anniversary of Close of War

Ceremonial at Post Office—Replica of Grave Placed in King Square—Poppies Everywhere in Memory of the Men Who Died in World Conflict.

For a brief period this morning the wheels of industry in St. John ceased to turn, traffic came to a halt, business was suspended, the observance of the fourth anniversary of the close of hostilities in the great war. The day was marked in the city by several observances. In King Square honor was done at a replica of the grave of a dead soldier in France. At the post office a wreath was placed on the table erected to the memory of the men in the different units and drafts which left New Brunswick's shores. This afternoon in Trinity church a memorial service was held. Throughout the day poppies commemorating the occasion were distributed and every passer by wore the emblem of the sacrifice of those who gave all, regretting that it was all they had to give. The fire company announced the beginning of the period of silence, lasting for two minutes, and due observance was given on every hand.

At the Post Office. The ceremony in the post office was most impressive. The request of the Women's Canadian Club, Rev. H. B. Clarke placed a wreath of poppies on the tablet erected to the memory of the various units that went overseas from New Brunswick. His Honor Lieutenant-Governor Pugsley presided and with him on the steps were Mr. Clarke, Rev. Canon R. A. Armstrong, Mrs. Pugsley and Mrs. W. Edmond Raymond, president, and several members of the Women's Canadian Club, and Alexander McMillan, president of the G. W. V. A. Ex-servicemen on the post office staff opened the ceremony with the singing of "O Canada," which they sang in excellent voice. The lieutenant-governor then explained the occasion and introduced Rev. Mr. Clarke. After placing a large wreath of poppies on the tablet, Mr. Clarke said: "There are two days which men and women of this generation will never forget—August 4, 1914, and November 11, 1918—the day on which, as an empire, we were committed to the conflict and the day on which the armistice brought hostilities to an end; and they can recall the memory of these great days and all the intervening days and months and years with feelings of joy and honorable pride. "It can truly be said that on August 4, 1914, we were true to the imperishable ideals of honor, justice, liberty and good-will among men. It was the most righteous cause that ever called men forth to arms and it was why our citizens came forward in such vast numbers. "What they went through to write this chapter—the deadly mists of war! And how interminable they seemed, those years. "Then came November 11, 1918, with its wild deliverance. The news flashed over the wires that the hideous nightmare was over. "Again, Mr. Clarke said, we celebrate Armistice Day which is becoming one of the most sacred holidays of our year. It has become, not so much an end of the war, but rather a day on which is honored the memory of those

who gave up their lives in the great struggle.

He went back in memory over the events which marked the gigantic conflict and the many gallant comrades who had been laid to rest behind the trenches in which they fought while the guns and shells played a magnificent requiem over their graves—graves in ground which had been consecrated by the blood which they had shed for a noble cause.

He asked the people to honor the memory of those who fell by thinking of them, by talking of them and by striving to perpetuate the ideals for which their sacrifice was made.

He said that it was singular that Armistice Day, which marked the beginning of a temporary truce, should be celebrated rather than Peace Day. He said that the glorious dead fought and died to win more than an armistice; they fought for a realization of a true permanent and stable peace. "We will work for the fulfillment of the dream of the prophet of old who looked forward to the time when nations—shall beat their swords into ploughshares and their spears into pruning hooks; nation shall not lift up a sword against nation; neither shall we learn war any more."

SCOTLAND YARD CHIEF IS VICTIM OF POISONER

London, Nov. 11.—All night long master detectives from Scotland Yard scoured London for the perpetrators of an outrage upon their chief, Sir William Hornwood, who was seriously injured today from numerous stabs.

Sir William is not yet out of danger, but hopes for his recovery are entertained because of his great vitality.

Samuel Sealy was charged this morning in the police court with speeding in Douglas avenue on November 6. He pleaded not guilty. The charge was for speeding at 10.52 p. m. by Police man McBrien, who made the report, said the offence had been committed at 10.52 and that the accused had been travelling at a rate of between twenty-five and thirty miles an hour. To Mr. Sealy he admitted that he had not been later on the avenue at either the hour named but that he had been there later. He had not traveled faster than twelve miles an hour going out because he had known that the officer was there. Coming in he had seen a man standing by a telephone and had stopped to give him a ride but when he had seen that it was a policeman he had hastened on his way. The case was dismissed.

GRAIN IN ELEVATORS It is estimated that more than 80,000 bushels of grain have already been placed in the C. N. R. elevator at Reid's Point and that there is as much more on the trucks ready to be stored. From all indications the grain movement to and from this port during the coming season will be exceptionally heavy.

WHERE GERMAN Paris, Nov. 11.—All of France could not witness this afternoon the dedication of a monument upon the spot where the armistice was signed but at 11 a. m. the throbs of life halted throughout the length and breadth of the land, and one moment was given to silent meditation. At that hour President Millerand, accompanied by his ministers and the marshals of France and officers of the French and allied armies stood beside the tomb of the unknown soldier beneath the Arc d'Triomphe and paid homage to his symbolic dust. The visiting Canadian officials, Finance Minister W. S. Fielding and Ernest Lapointe, Minister of Fisheries, laid a wreath upon the tomb as a tribute to the Canadian government. Later Marshall Foch and Earl Haig and Vice-Admiral Sir Rosslyn Wemyss, war hero, stood again on the spot in the Campagne forest where the armistice was signed. There the chief magistrate unveiled a monument marking for all time the place where the world was saved.

MOTT SAYS HE IS NOT BEATEN IN MURDER CASE

New Brunswick, N. J., Nov. 11.—"I have all the evidence necessary," said the Special Deputy Attorney General Mott last night dismissed reports of a new bid in his investigation of the murder of Mrs. Edward J. Hall, and Mrs. Eleanor Selward Mills.

It is now only a question of procedure with Mr. Mott declared, indicating that he might not, as had been reported, await the swearing in of a new Somerset county grand jury on November 20 before taking further action. "I shall know, probably by Monday, what action is best," he added.

DALHOUSIE MATTER HALIFAX, N. S., Nov. 11.—Dalhousie students who protested against the one day strike in Montreal, began this morning with the unveiling, on Dominion Square, of a cenotaph erected by the Imperial Order Daughters of the Empire. The ceremony was performed by Admiral W. S. Sims, U. S. N., who yesterday received the honorary degree of Doctor of Laws from McGill and by Sir Arthur Currie. After the unveiling, Sir Arthur placed a wreath at the base of the structure by the drums and bugles of the Royal Canadian Regiment, which sounded the Last Post, which was the two minutes silence. Officials and private wreaths were then placed on the base of the structure by the war mothers and widows who were not ashamed of the tears that fell down their cheeks.

BIRKENHEAD IS MADE EARL

Lloyd George Honor List Issued—Baron Lee Becomes Viscount—Others Honored.

London, Nov. 11.—Viscount Birkenhead is created an earl by the honors

THE NEW EARL.

list of former Premier Lloyd George, issued today, and Baron Lee of Farnham is made a viscount. Viscount Farrar has created an Earl and Baron Leverhulme is made viscount. The following are made peers: Sir John Bethell, Sir Joseph MacLay, Lieutenant Colonel Francis Maitland and Sir Edward Goulton, barrister and member of parliament for Worcester.

Viscount Birkenhead is one of the foremost legal minds of the British Empire. As Sir Frederick Smith, he was attorney general during the greater part of the world war, and it was his conduct of this office that brought him into prominence, and won his the vicinity of the Lloyd George government, he later served as Lord High Chancellor, the highest judicial of the crown and custodian of the Great Seal. He was born in Birkenhead, County Chester, England, July 12, 1872, the eldest son of the late Frederick Smith, a barrister.

Baron Lee of Farnham, who became a viscount, was First Lord of the Admiralty under Lloyd George's premiership. Baroness Lee, whom he married in 1899, was Miss Ruth Moore of New York City. He was born Arthur Hamilton Lee, entered the Royal Artillery in 1888 at the age of twenty and was created baron in 1918, following war service in various government posts. Chequers Court, the official country residence for British prime ministers, was a gift to the nation from Baron Lee.

IRREGULARS LOST TWELVE IN 8 HOUR FIGHT

London, Nov. 11.—An eight hour battle between Free State troops and irregulars near Foxford, County Mayo, is reported in a Central News despatch. The irregulars are said to have been dislodged, and to have suffered about twenty men dead and many wounded. Two men on the Free State side were wounded.

GOLDEN WEDDING IS OBSERVED

Mr. and Mrs. Thomas McKenna of West St. John Honored on Anniversary.

Thomas McKenna, veteran C. P. R. engineer, now on the retired list, and his good wife will celebrate the golden anniversary of their wedding tomorrow. Last night their home at 294 Rodney street, West, was invaded by about seventy-five trainmen or former trainmen of the C. P. R. and their wives to compliment them on the occasion and to leave behind them two tangible remembrances of the event—a purse of gold and a magnificent floral bouquet.

It was on November 12, 1872, that Mr. McKenna was married to Miss Mary Ann O'Brien of West St. John, the ceremony being performed by Rev. E. J. Dunphy, Miss Elizabeth O'Brien, sister of the bride, was bridesmaid, and her brother, James, was best man. McKenna was then an engineer on the Consolidated European and North American Railway, operating between West St. John and Bangor, Maine. The locomotives at that time were not numbered, but bore the names of prominent people. It was before the days of the universal use of coal for engines, and the boilers were fired with cordwood. At the time of his wedding Mr. McKenna was handling the throttle of the locomotive L. A. Willard, and later took charge of the Alexander Jardine on an express between Carleton Place and Mattawamkeag.

Mr. and Mrs. McKenna have four children and nine grandchildren living. The eldest son, Edward, has followed in his father's footsteps, and is now one of the best known engineers on the C. P. R. There are three daughters—Edith, wife of J. Buckley of West St. John; Theresa, wife of Louis Armstrong of Albany, N. Y.; and Josephine, wife of Ted McCormay of West St. John.

Mr. and Mrs. McKenna have a host of friends on both sides of the harbor, who will extend to them congratulations on their arrival at the fiftieth anniversary of their wedding and wish them many more years of happiness together.

FOR NATIONAL ORGANIZATION OF PROGRESSIVES

Tentative Plan Discussed at Winnipeg Meeting.

Willing to Co-operate with All Who Believed in Their Principles—Cramer Speaks for Broad Outlook—Ontario Secretary Discusses Resignation.

(Canadian Press.) "I would like to see a Progressive organization in every constituency and in every hamlet which would send delegates to a national convention where the policies would be formulated," declared Hon. T. A. Cramer, in addressing the conference of Progressive members here last night.

It is stated in the official report of the proceedings that members generally were of the opinion that Progressives "would be willing to co-operate with all who believed in the principles for which they stood." Finally, a committee was appointed to report on plans for a national organization, and the discussion will be continued today. There has been no discussion of leadership as yet.

The caucus set until midnight, and the press committee then issued a statement to the effect that the need for a national organization to co-ordinate the efforts of all persons in Canada who support the new national policy of the Progressive party in Canada was emphasized, and a tentative plan for such an organization was outlined by Mr. Cramer and discussed. The meeting was generally of the opinion that a central body was necessary, particularly as the Canadian council of agriculture which formulated the platform of 1916 was not in pollen and it was necessary that the platform should be revised. Furthermore, missionary work in other parts of Canada was necessary, and other reasons were also advanced by various speakers who a national organization was desirable.

Policy. The question of the breadth of the Progressive policy was also discussed. The general opinion being that Progressives would be willing to co-operate with all who believed in the principles for which they stood. The question of finances was also dealt with, and the necessity of a national fund for educational purposes. A committee was appointed, consisting of one member from each province, to take up the matter of a national Progressive organization and report to this committee on Saturday morning. Hon. T. A. Cramer spoke with reference to the necessity for a broad outlook in public affairs. "No citizen," he said, "can take the view that he is concerned with the interests of any one section or class, but must consider public questions from the broad viewpoint of the interests of Canada as a whole." Believing the Progressive policies to be in the interests of all Canada, it was their duty to consider how Progressive organization could be extended throughout Canada. Ontario Farmers' Secretary. Orillia, Ont., Nov. 11.—Speaking to the Orillia Canadian Club yesterday, J. J. Morrison, secretary of the United Farmers of Ontario, said that the cause temporarily loses by the resignation of Mr. Cramer, but Mr. Cramer has no other individual made incident, therefore, it is only an incident in the movement, and no mortal can say at this stage of its progress whether the result will be good or bad. One thing sure is that the movement will proceed on its course. The farmer is on his feet and it takes a lot to put him off his feet. "Mr. Cramer returns to private life and the United Grain Growers' business, that is his business. We are sorry, but cannot complain. If he returns to the Liberal party his future is easily written, and the cause he is trying to serve, honestly, I believe, will not be benefited."

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN
Seat Sale For Dumbells Starts Monday Morning

There has already been an extraordinary demand for seats for the Dumbells show next Wednesday and Thursday at the Imperial through the medium of the mails. On Monday morning at 10 o'clock the box office sale will begin. It is expected the house will be sold quickly as all previous eagerness to see this revue company has been eclipsed so far judging from the mail-order purchases. This time the Dumbells give an entirely new performance. There is nothing whatever of the old programme in their two and a half hour show. St. John people who saw it in Montreal early in the week say it is better and brighter than the other bills by the boys. The Montreal press substantiate what the Toronto papers said that it is the best show Dumbells have put on. Every member of the company is to be here, it is not a "vacation" tour with the boys for they are scheduled to sail from this port intact for Great Britain before Christmas.

HALF MILLION DAMAGE TO SHIP BY EXPLOSION

Chester, Pa., Nov. 11.—The steamer J. N. Pew, in drydock at the Sun Shipbuilding Company here, for repairs, was damaged to the extent of \$500,000 by an explosion early today. Two men were in a hospital seriously injured and two others are missing. The cause of the explosion has not yet been ascertained.

EARTHQUAKE AND TIDAL WAVE

Santiago, Chile, Nov. 11.—Severe earthquakes were felt in various parts of Chile, a little before midnight and again this morning. From various points in Central Chile came reports of houses falling and other damage. A report from Antofagasta, north of Valparaiso, said that a tidal wave came in soon after midnight, smashing small vessels and sweeping over the homes of fishermen and workers. So far no loss of life has been reported.

ONE CENT SALE DUE TO START AGAIN AT THE ROSS DRUG CO.

Not twenty—not forty—but hundreds of drug and toilet accessories are going to be given away regardless of whether worth a dollar or more in the regular way—for a single cent. You get one at normal price and take away a second for one cent. This is the value of the announcement due any day now from the Ross Drug Company. Watch for it. Only The Ross Drug at the Rexall Stores can buy to sell these articles so ridiculously, because the wholesaler who supplies them decides the loss and charges it up to advertising. Many toilet disinfectants and stationery gifts are included—many you save not only for now, but you buy for Christmas, at one cent.

BIGGEST BREAKS IN CLOTHING COST MADE BY HUNT SALE.

The honors for price-cutting and sale-giving at a time the goods give most service go to Don Hunt. Mr. Hunt has dropped a price bomb that has been a shock to the market and a decided gain for bargain hunters. Today his ten-day sale has but a week to go and his store is to the outward observer, crammed with sensational savings. The windows are well gotten up, but it is inside where the real shopping appears. All the counters are covered with grouped specials, all clearly indicated by signs, and quality by big show cards. In this way there is no mistaking the extent of the reductions. This week Mr. Hunt has exceeded himself.

IDEAL BAKERY
Charlotte St. Opp. Dufferin

More tea per person is drunk in Canada than in any country in the world save Great Britain and Australia.

The goodness of the Tea in Canada accounts for this. People like the delicate bouquet, the delicious flavor of The Bewitching Cup:

Blue Bird Tea Brings Happiness!

Refurnish One Room at a Time

According to a settled plan. How often have you said to yourself, "I'd like to go through this house and weed out about half of everything in it, and then refurnish it from top to bottom." But it would be much easier to do it gradually, taking one room at a time, and following a certain plan.

Commence with the parlor and buy a nice Chesterfield suite. Buy a fine stock of Parlor Suites at greatly reduced prices.

Beautiful Chesterfield Chairs, Marshall Sanitary Springs, etc., while they last only \$35 and \$40.

INTERNATIONAL BOWLING LEAGUE IS ORGANIZED FOR NATIONAL ORGANIZATION OF PROGRESSIVES

(Continued from page 1.)

Toronto, Nov. 11.—Premier King told the Canadian Press he regretted very much the resignation of Hon. T. A. Cresser, from the leadership of the Progressive Party. He believed that strong leadership of parties opposed to the government helped to make for good government and Mr. Cresser would be hard to replace in that capacity. The premier said he expected no political upheaval or any very startling changes in the line up of the party as a result of the change in leadership of the Progressives. "The government expects to be strengthened and go onward in any event," he asserted.

Calgary, Nov. 11.—In the opinion of H. W. Wood, president of the United Farmers of Alberta, the first thing the Progressives have to decide is whether they are going to commit "suicide" or not. When newspapers asked what he meant by this, Mr. Wood said that nobody seemed to know where they were going or what they are trying to do. "If they are not going to solidify their forces along definite lines, toward a definite purpose, they cannot hope to live," he commented, "at least I cannot see how they can."

Ottawa, Nov. 11.—By his action in Winnipeg Mr. Cresser will be free to act as a private member of the House and to come and go as he chooses without the burdens and restraints of party leadership. It is also felt here that the party in a position in the Liberal cabinet has been cleared of one of its large obstacles and that should be desirable to associate himself more closely with the government of the day his entry would be welcomed because of his high ability and his practical judgment and his mastery of parliamentary affairs.

As to the future of the Progressive Party without the guidance of Mr. Cresser the opinion expressed in government circles is that whoever it is that takes his place will have a difficult row to hoe and he it can.

Winnipeg, Nov. 11.—The Winnipeg Tribune says:—"The Progressive party has lost the services of its leader, Hon. T. A. Cresser, but it has gained in the process. It is free now to end a course of aimless drifting and setting itself a new objective work with wisdom and vigor to do it. There are bigger things in the Progressive movement than say we will not oppose." It must become again a fighting force, which under the leadership of Mr. Cresser it ceased to be an inert election day.

BRITISH EMPIRE STEEL APPOINTMENT.
Sydney, N. S., Nov. 11.—E. P. Merrill, former general manager of British Empire Steel Companies, Ltd., has been transferred to Montreal as head of the sales department, a post which has been vacant since the death of J. P. McNaughton two years ago. Local operations are for the present in charge of the ranking officials in Cape Breton—General Superintendent W. H. Bischoff, who will be in charge of the Sydney steel plant, and Assistant General Manager H. J. McCann who will have charge of the coal mining operations of the Dominion Coal Company.

Plot is Alleged in Liquor Case
Hotel Keeper Says Bottle Was Planted, and He is Acquitted.

Brentford, Nov. 11.—A dismissal was recorded in the case of Alex. Howarth, charged with keeping liquor for sale when it came before Magistrate Blake recently. Police raided the place, a former hotel, and found liquor in a glass and partially filled bottle. He contended that his small son had given it to him when the police came in as proof that he was not concerned in it. He was given the benefit of the doubt.

ROYAL ARMS BALL

The Royal Arms Chapter, L. O. D. E., gave an Armistice ball in the Pythian Castle last evening under the patronage of Colonel John Houlston, D. M. S. O., general officer commanding M. D. No. 7. The hall was beautifully decorated for the occasion.

The regent, Mrs. W. H. Turner, and the first vice-regent, Mrs. Norman Gregory, received the guests. Mrs. T. M. Carter and Mrs. F. Z. Fowler were the general conveners. The decoration committee conveners were Mrs. Norman Gregory and Mrs. James Patterson. Those who presided over the pouring were Mrs. William Taylor and Mrs. James Christie. The fees were in charge of Mrs. W. H. Anderson.

OIL LIGHT BEATS ELECTRIC OR GAS Burns 94% Air A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 88 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (coal oil). The inventor, Johnson, 246 Craig St., W., Montreal, is offering to send a lamp on 10 day's FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month.

Going Away? A Trunk Tip

Every sort of trunk you can think of, and a few you haven't heard about yet—here they are in the larger variety and lower price you expect of specialists. Even \$3.75 gets a trunk that will stand the gaff of knocking about. Bigger ones start at \$6.75, while really worth while trunks, good for always, are around \$14. Wagon trunks that keep everything in perfect press begin at \$22.95. And remember, we never allow ourselves to be under-quoted, to say the least.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., SATURDAY, NOVEMBER 11, 1922

The Evening Times and Star

The St. John Evening Times is printed at 77 and 79 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

AT THE CROSS-ROADS.

On Monday the city of St. John will stand at the cross-roads. One road will lead to industrial expansion and greater comfort and convenience for the people. The other will lead to bondage and the burdens imposed by a grasping corporation which for years has stood in the path of progress.

Does anyone say we will get cheap light and power if Mr. McLellan is elected? The answer is that Mr. McLellan's strongest backer is the New Brunswick Power Company, which would leave no stone unturned to gain control of the Musquash current.

One by one the assertions of the New Brunswick Power Company's advocates have been shown to be without any basis in fact. The one that caused most concern in the minds of unthinking people was the reiterated assertion that the government of the province would not fulfil its contract.

Another assertion made in the interests of the power company has been that if the city took the Musquash power the people's taxes would be increased. The answer was promptly given that this has never happened in Ontario.

Then there was the assertion that certain persons stood to make a lot of money out of the sale of Musquash property to the government. The answer that came promptly was that no matter whether St. John takes or leases the Musquash power the owners of property taken will be paid, but said only what the courts of the land say as a fair price. They do not stand

to gain or lose one cent by the result of Monday's election, or the course the city decides to pursue in regard to Musquash power. All over the province, as water-powers are developed, property owners will be in exactly the same position.

But why are there any such insinuations regarding the aims of private individuals? Simply to create prejudice and divert public attention from the clutching hand of the New Brunswick Power Company reached out to seize the benefits of the hydro development at Musquash, which is paid for by the people's money and designed solely for the people's good.

The issue is not between Mr. Fisher and Mr. McLellan, but between the people and the power company. Can any citizen afford to be indifferent on Monday next? Surely there is so much at stake that none can afford to remain away from the polls.

Some people protest against a second system of distribution. Does any sane citizen believe, if Mr. Fisher is elected, and the New Brunswick Power Company is convinced the people mean business, that the company will enter into a competition which its spokesmen have declared would be ruinous?

St. John will stand on Monday at the cross-roads. Every voter will be responsible for the path chosen. Every possible vote should be polled. Those who are fighting in the city's interests have a cunning and unscrupulous foe. The polls must be well-managed, with every worker for the people's candidate keenly on the alert.

The spectacle of the mayor, backed to the limit by the power company, posing as the defender of the people is one to provoke hilarity if the issue were not that strikes at the very foundation of the city's progress.

SAVED FROM BLANKET BLAZE

Widow, Seeking Death, Rescued by Police and Firemen. New York, Nov. 11. — Mrs. Yetta Blatter, thirty-eight years old, a widow, living with her aunt, Mrs. Bella Hepper, at 810 Marcy avenue, Brooklyn, was found in the back yard of her home, wrapped in a blazing blanket which had been saturated with kerosene. The police, who saved the woman's life and summoned fire apparatus, declared that she had attempted suicide. In St. John's Hospital, where she was taken, it was said that she probably would recover.

G. FRED FISHER'S PLATFORM

- No. 1.—(a) The completion and signing of the contract with the New Brunswick Electric Power Commission for Musquash Power. (b) The appointment of an independent Civil Hydro Electric Commission to construct a Civic Distribution System and operate same. No. 2.—Completion of Plans and Specifications for a Civic Distribution System. No. 3.—That an offer be made by the city to purchase the entire property of the New Brunswick Power Company, at the sum named by the Supreme Court of New Brunswick, March 1920, \$2,577,655.26. This sum to be the maximum and the offer to remain open for ten days only. No. 4.—In the event of the offer not being accepted by the Power Company, in the time specified, the city to proceed immediately with the construction of its own distribution system.

BE STRONG, AND WAIT.

(By Agnes Joyce.) The cage is strong, your little wings are weak! Useless to beat against the senseless bars! O, captive bird! O, little brother mine! O, thy frightened, trembling, golden soul! Take heart, compose yourself and fold your wings—your bruised wings, and sing your song—and wait.

DOING BETTER IN LONDON THEATRES

Slump Believed Over and Prosperity Signs are Re-appearing. London, Oct. 25.—(Associated Press, by Mail)—The London theatrical district is doing better than it has done for some time. The slump which has been in progress since the outbreak of the war is believed to be over, and prosperity signs are re-appearing.

In the closing hours of the campaign Mayor McLellan has come as near to stealing the platform of his opponents as a due regard for the New Brunswick Power Company would permit. If Mr. McLellan could be elected he might discover that he had been "blinded" again, in which case all would be well worth the stockholders, including the holders of the \$2,000,000 of water and the balance of the \$7,000,000.

ASK "TIGER OF FRANCE" TO PAY OFFICIAL VISIT

Ottawa, Nov. 11.—Georges Clemenceau, "The Tiger of France," who will arrive in New York on November 18, and be the guest of Col. E. M. House, with whom he sat at the momentous Peace Conference at Versailles, has been invited by Premier King to come to the Canadian capital.

TO THE ELECTORS OF THE CITY OF ST. JOHN

Ladies and Gentlemen—Having been nominated by a large and representative body of citizens as a candidate for the office of Mayor at the coming election, and my platform on the Hydro question having been published, I respectfully solicit your support and vote. This is a crisis in the life of our city. Cost of electricity to the people must not include inflated valuation. Do not fail to vote for cheap electricity, as provided for in my platform.

MR. DOOLEY ON ORATORY

By Finley Peter Dunne. "Did ye ever make a speech?" asked Mr. Hennessy. "I did," said Mr. Dooley. "I've three-born American regards myself as a great orator, and I always had a pitcher iv me in mind standin' before a large an' admiring crowd iv me fellow-patriots or convulsin' them with me indignation or convulsin' them with me wit. Many times have I lay in bed awake, seein' myself at th' head iv a table, pourin' out words iv golden eloquence fr'm th' depths iv me lungs. I made a pretty pitcher, I must say—ca'm, dignified, a perfect masher iv me in me audience. Th' concourse shivered with laughter wan minyit, an' rose to their feet in frenzied applause th' next mornin'." "In all me dreams I wore a white necktie an' a long-tailed coat, because I have a theory that all three eloquence comes fr'm th' tails iv th' coat, an' I made an orator change into a short

"I became blind, deff an' dumb. I rymember makin' a few grunts, fightin' an' imaginin' in my mind, a broken four-fush Patrick Hinner. "I've never got me reputation back. Mac-sayers fr' a poor man that ye ever drunk. Th' more charitable said I was only crazy. Th' impression still remains in th' ward that I'm a victim iv my epilepsy. "Well, sir, 'tis a strange thing this here oratory. Ye see a man that ye would ask to direct yet to th' post office get on his feet an' make a speech that wud melt th' money in ye're pocket. Another man comes along that ye think a regular little know-all an' when he tried to make a speech to a Sunday-school class he give an imitation iv a velle iv crows, delusions iv our an' Saint Vitus's dance. If he don't do that he bemoans his fellow man do with th' kind iv a composition that they keep boys after school fr'.

"I don't want at me fun'ral. Wan is an orator, an' th' other is wax-flowers. I class them alike. "Ye're only mad because ye talked," said Hennessy. "Well," said Mr. Dooley, "what better reason d'ye want? Besides, I didn't fall as bad as I might. I might have made th' speech." (Copyright 1922 By The Bell Syndicate, Inc.)

PUSHED DOWN STAIRS TO DEATH?

Grand Jury to Inquire Into Death of Canadian Veteran in New York Hospital.

New York, Nov. 11.—Circumstances surrounding the death of Thomas Scott, a Canadian war veteran who was found fatally injured at the foot of a stairway in Kingsbridge Veterans' Hospital three weeks ago, will be laid before a federal grand jury on Monday, Scott, under treatment in the institution by arrangement with the Canadian government, had been in good physical and mental condition a short time before his death, fell, one of the patients declared, and they believe he had been pushed down the stairs.

RECENT DEATHS

Sister Mary Majella.

The death of Sister Mary Majella occurred yesterday at the St. John Infirmary. Sister Mary Majella was a novice in the Community of the Sisters of Charity and made her religious profession on her death bed. The late sister was a native of St. Thomas, Carleton county (N. B.), and is survived by her parents, Mr. and Mrs. James Campbell, of that place; four brothers, Burns, William, Joseph and Daniel Campbell; and five sisters, Mrs. William Power, of Avondale; Mrs. Charles Hourigan and Misses Mary, Agatha and Tilda, at home. Miss Ellen Burke and Robert Burke, of this city, are near relatives. The funeral will take place from St. Vincent's Chapel, Cliff street, on Monday morning, after the requiem mass, which will begin at 8 o'clock.

Andre Richmond Cushing.

Andre Richmond Cushing died on Wednesday morning in Bangor. He left his wife, two children, three sisters and a brother, all in the United States. His grandfather was at one time a prominent lumberman in St. John.

Mrs. Rose Ann Brown Giggey.

Mrs. Rose Ann Brown Giggey died on Tuesday at the home of her son, Lincoln Giggey, in North Caribou, Maine. She was a native of Ireland and came to St. John in 1839 with her father. She was married about seventy years ago. She leaves six children.

GIRL GUIDE NOTES

The weather man was very kind on Tuesday—at least the 6th St. John and the 2nd Rothesay companies think so. The former felt rather sad for a few minutes when they found they had to "smile and sing" and let some one else have their room, but they changed their minds when they found themselves in the sunshine on the top of Mount Pleasant and realized that the afternoon was to be devoted to staking and tracking. The wonderful sunset was a fit ending to an exciting afternoon. "The Thanksgiving Tuesday hike" has become an annual event in the second Rothesay company, but never have they had such perfect day. They started off early in the morning, towards Hampton, turned in to the woods and picked up the hydro line and followed the poles until they were back behind the village again. The brook below the falls was smiling and singing in a very gude-like way, so they stopped there and built their fire and ate their frugal (?) lunch. After the traces were removed, a very thrilling staking game was played, in which the Robin patrol showed up very well. The great question now is "When is the next hike?"

In our own home towns and villages, hosts of satisfied friends buy RED ROSE TEA today, as they did 28 years ago—because it is still the same good Tea. RED ROSE TEA "is good tea". Buy a can of RED ROSE COFFEE—its flavour will surely please you.

LODGE ANNIVERSARY.

The twenty-eighth anniversary of Marlborough Lodge, Sons of England, was celebrated last evening in the Orange Hall, Germain street, with Portland and New Brunswick Lodges present. Two candidates were initiated by a team consisting of R. I. Carlous, E. A. Lawrenson, A. F. Webb, H. Thomas, G. H. Lewis, C. Ledford, William Bonnell and L. A. Belyea. Refreshments were served by B. W.

Thorne, E. A. Darby and others.

The post of honor on the programme was given to Charles Ledford, the founder of the society in St. John, who addressed those present telling of the growth of the lodge from twelve members when it was formed to 800 at one time. Others taking part were William Bonnell, W. C. Parker, T. F. Sibley, E. R. Hayer, R. A. Darby, B. W. Thorne, L. A. Belyea, McLean, R. S. Coupe and J. F. Halsall.

Miss Bessie C. Miles, of Fairville, has completed her three years' course in the training school for nurses in the General Public hospital and has graduated from that institution.

Mrs. J. D. Seelye, who has been attending the Dominion W. C. T. U. convention in Toronto, has been appointed a delegate from New Brunswick to the World's W. C. T. U. convention in Philadelphia next week.

The Worker's Right To A "Living Wage"

Every rational human being in the United States stands for a wage that will give American workers an American living. President Harding and Secretary of Labor Davis have recently gone further and declared publicly that American workmen should have not merely a "living" but a "savings" wage. In the face of this comes the ruling of the Railroad Labor Board which declares that "the theory of the living wage" if carried to its legitimate conclusion would wreck every railroad in the United States and if extended to other industries would carry them into communistic ruin." It will be noted that what the Board opposes is not "a living wage" but the theory of "the living wage." Read THE LITERARY DIGEST this week and learn what the press of the country thinks of the Labor Board's decision, and also the various interpretations of a living wage made by Labor journals and the press generally. WHAT'S DOING IN THE MONEY AND STOCK MARKETS TODAY

"BACK UP" OF GRAIN SERIOUS

Government on Monday to Announce Action to Relieve the Congestion.

(Special to The Times.)

Ottawa, Nov. 11.—The Dominion government will on Monday announce the action to be taken to relieve the grain congestion between the head of the Lakes and the seaboard. The situation is steadily growing worse and only drastic steps will serve now to remedy it. Reports reaching here from the Bay ports from Goderich, Port Colborne, and from Montreal, show that the "back-up" of grain is serious and that the shipping people were taken by surprise this year as regards the quantity of grain to be handled within the three or four months before the close of navigation.

LOADINGS OF FREIGHT CARS CONTINUE GAINS

Volume of traffic on the country's railroads again assumed record-breaking proportions with the end of October. The American Railway Association through its car service division reported this week that the total number of cars loaded with revenue freight by American roads in the week ended October 28 was 1,014,468, an increase of 10,721 over the previous week. On only one other week in railroad history during October in 1920, has more freight been carried, and the loadings this year resulted after several successive weeks of heavy freight business. The figures also showed that 602,018 cars out of the total loaded in the week given carried general merchandise or materials not usually classified as such freight ever moved in one week. The association reported further that the locomotive and car repairs were being turned out at a more rapid rate on most of the roads.

PASSING AROUND THE BRAINS

Vancouver Sun.—Bonar Law, Canadian, becomes Prime Minister of Great Britain. Sir Henry Thornton, one-time American and now an Englishman honored by his king, is on his way to Canada to run the greatest railway in the world. Lloyd George, Welshman, thrown out of office because the British people are tired of crises and brilliancy and want political quiet for a change, becomes unofficial secretary of politics in Britain, a great dynamic force temporarily out of official harness that will see to it that quibbling Britons do not argue. Real brains well managed are always useful, no matter when or where they operate.

HEAVY SELLING AT THE OPENING

List Considerably Depressed in Wall Street.

New York, Nov. 11.—(10:30)—Resumption of yesterday's heavy selling movement took place at the opening of today's market, prices in all sections of the list being depressed 1/2 to nearly 3 points.

Financially, the market was influenced by overnight Washington news indicating the pressing of tax revision proposals in the new congress which would involve an impact on the undistributed surplus of corporations and would also affect stock dividends. Equipment, steel, copper and chemical shares were the hardest hit. Baldwin was in free supply, dropping two points, while Pullman yielded one point. American Locomotive and Westinghouse each lost 1/2 point. Lack of support in Crable caused it to react 2 1/2 points while Republic sold 1/2, and Bethlehem B and U. S. Steel 1 each. Dupont broke 1/2, apparently in reaction of the stock market, but it is not so immediate increase in dividends is contemplated on the new stock. Other conspicuous weak spots were Fisher Body, Studebaker, Corn Products, Coca Cola, Market Street Railway prior preferred, United Retail Stores, United States Alcohol, Continental Gas, Houston Oil, Standard Oil of New Jersey, Davison Chemical, Allied Chemical, Little and Superior, etc. The market was in free supply, dropping two points, while Pullman yielded one point. American Locomotive and Westinghouse each lost 1/2 point. Lack of support in Crable caused it to react 2 1/2 points while Republic sold 1/2, and Bethlehem B and U. S. Steel 1 each. Comment at Close.

New York, Nov. 11.—(Close)—Reversal of the market took place at the close of the day. The market was in free supply, dropping two points, while Pullman yielded one point. American Locomotive and Westinghouse each lost 1/2 point. Lack of support in Crable caused it to react 2 1/2 points while Republic sold 1/2, and Bethlehem B and U. S. Steel 1 each. CALIFORNIA AT LAST VOTES DRY

San Francisco, Nov. 11.—California, the chief wine grape growing state in the U. S. and which once had hopes of competing with the champagnes of France and the Rhine wines of Germany, has at last gone "dry," after ten years of voting down prohibition measures.

THE MAYOR'S MEETING.

Mayor McEellan held a well attended meeting in the Imperial Theatre last evening and spoke to the champions of one-half hour. There was no chairman and no other speaker. The mayor was well received but did not make a long-promised revision because, he said, a member of the Foster cabinet had pleaded with him to ease up on Musquatic. He reiterated that and changed from his stand in the last campaign one iota. He still held that there should be no truck nor trade with the power company. He made a very personal attack on Premier Foster and others. He read the summing up letter of the report of Messrs. Mead and Scheldenhelm. The meeting closed with the singing of the National Anthem.

Montreal.

Montreal, Nov. 11.—There was no change yesterday in the character of trading in the local market, business again being extremely dull and the price tendency again being downward. Basically because it cannot go aside and because there is at present no incentive for bullish operations. The market was in free supply, dropping two points, while Pullman yielded one point. American Locomotive and Westinghouse each lost 1/2 point. Lack of support in Crable caused it to react 2 1/2 points while Republic sold 1/2, and Bethlehem B and U. S. Steel 1 each. \$1,700 RECEIVED IN THE CAMPAIGN FOR MEMBERS

Reports Presented at Meeting of Red Cross, N. B. Division.

A meeting of the New Brunswick Division of the Red Cross Society was held yesterday afternoon in the depot on Prince William street with R. T. Hayes presiding. C. B. Allan, the treasurer, in his report showed that the balance on hand had decreased considerably. Communications were read from headquarters saying that contributions for Greece and Turkey were being received but that no more were being asked for, on account of the uncertainty of delivery. The report of the nursing committee recommended several things which were read by Miss Eitel Jarvis. The fact that \$16,000 was spent in publishing the Red Cross magazine was criticized. Miss Frances Allison reported for the sewing committee.

The junior supervisor, Mrs. Harold Lawrence, reported on her work at Woodstock. She asked that junior reports should be made every two months. It was decided to make the January meeting the annual meeting.

Mrs. Frank S. White, president of the St. John branch, reported on the membership campaign receipts for the year more than \$1,700. She also told of the arrangements for Poppy Day. Miss Melville reported for the public health nursing service telling of the work in St. John, Chatham, St. Stephen, Miramichi, Kelly's Beach, Bathurst and McAdam. Campbell had applied for a nurse. Dr. J. A. McCarthy reported for the general disease clinic.

Miss Eitel Jarvis, in her report as secretary, reviewed the membership campaign and told of the success met with in the province. She was where it was decided to form a Red Cross auxiliary. Reports from various parts of the province were spoken of by the C. P. R. that they had opened a ticket office in Moscow and it was hoped that the transportation difficulties would be lightened.

HYDRO REPORT IS PRESENTED

Lies on Table for Discussion Some Time Next Week—The Question of Publication Debated.

Personal confirmation of a preliminary report presented to the common council on Tuesday was given at a special meeting of the council yesterday by Daniel W. Mead and F. W. Scheidhelm, the New York experts engaged by Mayor McLellan to report on the Musquash hydro electric plant.

On opening the discussion the Mayor said he had called the meeting to allow the Council to hear from Messrs. Mead and Scheidhelm, personally. Another reason was that he wanted to use their report at his meeting.

Mr. Mead, senior member of the firm, then read what he termed the "transmission" letter, which prefaced the full report. He explained that his estimate of the capacity of the plant for the year 1921-22 was based on the run-off records kept at Musquash for 1921-22 and the figures for the year 1910-11, which was the driest year, were based on records of rivers in the State of Maine and at Van Buren on the upper reaches of the St. John river.

The Home Beautiful in one day!

The window draperies, portieres, lamp shades, bureau scarfs, furniture or cushion covers in your home—are they faded, soiled, dingy?

To wash them would mean a hard day's work for some one—rubbing, scrubbing, ironing, re-hanging.

To dye them in chosen, harmonious, fast colors, and to clean them thoroughly at the same time will actually be less bother and toil and ever so much more satisfactory. Every room will assume a fresh and rejuvenated atmosphere—much saving will be accomplished—much pleasure experienced.

It's a splendid suggestion—decide to have a SUNSET day in your Home!

of 14,000,000 k.w.h., Mr. Scheidhelm replied that that question had not been considered seriously. He had run against a serious stumbling block at the beginning of the investigations, namely, lack of water storage.

Mr. Frink—To sum up, the banner rop of the banner year would be about 1,000,000 k.w.h. Is that correct? Mr. Mead—It would depend a great deal on the market.

Mr. Frink followed with a declaration that so soon as the report was received it was public property. "That it lies on the table gives it no degree of privacy at all," he declared emphatically.

Mr. Frink naively suggested that he saw no good in the engineers' remaining here because they have advised against any signing of the contract. Surely, they will not recede from that stand in the course of a few days," he

MOTORS And Their Care
Practical Suggestions for Insuring Longevity of the Car
A Storage Tip.
Dampness should be excluded as far as possible from the place where an automobile is stored.
Be Careful of Doors.
When getting in or out of an automobile do not bear any weight on the doors. These are not made to carry the weight of a person.
Look Out for Hold-Up.
Use the accelerator in place of the brake when a suspicious-looking form is seen on the road beside a car, or when one or more trucks are parked along the roadway at night.
Cranking the Motor.
When it is necessary to crank an engine by hand, use the left hand, and set the thumb on the same side of the axle as the fingers. In case of a backfire the handle will spin backward. The

left hand being weak, the handle flies out of it without doing any harm. Using the right hand, with its stronger grip, the driver's head is likely to be thrown against the radiator, and the hand is more apt to be hit by the revolving crank.
Hand and Automatic Signals.
Motorists who use the automatic "slow" and "stop" signals on the rear of their cars should not neglect to use the hand signal as well when about to turn either to the right or the left.
A Suggestion.
To keep the wind-silenced clear in rainy weather try rubbing a sliced onion over the glass, using an up-and-down stroke. Be sure to coat the entire surface of the glass with the juice of the onion.
Care of Terminals.
Corroded terminals should be first scraped and then cleaned with a strong solution of washing soda. After the corrosion has been removed and the terminals dried, grease the parts well with cup grease or vaseline.
Ignition Wire Connections.
To insure a firm contact and prevent wires breaking off, every ignition wire should have a terminal soldered at each end. If the terminal breaks off, be very careful in fastening wires, as a single strand of wire touching another metal part may ground the current, thus preventing the ignition system from working, or ruining the storage battery.
The Ideal Garage Entrance.
When planning a garage, especially if the door is narrow, construct two runs on the driveway, the exact width of the wheels. These runs will always keep the car straight, regardless of the experience of the driver.
A Handy Accessory.
A screw-driver that is magnetized is a great convenience for anyone working about the car. This tool will always keep the car straight, regardless of the experience of the driver.
What Every Operator Should Know.
Never have any person or bundle in your lap while operating.
Any motorist who drives without lights, or with only one light, is dangerous on the highway.
The owner of a truck, who permits an inexperienced boy to drive it, is a menace to the public.
Any driver, while teaching another person to operate a car, should keep off busy thoroughfares.
It is better to lose a few minutes than your life. Slow down if you cannot see where you are going.
The man who permits a car to be used on the highways with defective brakes has no regard for human life.
Never use the hood as a receptacle for luggage.
Do not judge the condition of a car by the mileage it has covered.
Brakes that have been adjusted too tight will cause loss of power.
When touring in strange cities watch native drivers and "follow the leader."
Unless in case of emergency, no motor vehicle should be stopped on the highway.
Fibre washers should never be used in the fuel line or any other part of the engine where the gasoline reaches.
The varnished surface of a car is ruined when it is allowed to stand outdoors during rain storms and throughout the night.
When two or more vehicles meet at an intersection of highways the vehicle to the driver's right should be given the right of way.
Do not permit the driving wheels of a car to slide, either in starting or stopping. This can be avoided by gradual engagement of the clutch and brake.

Brooklyn, Baltimore and finally Philadelphia.
State College, Pa., Nov. 11.—Hugo Bebek, director of athletics at Pennsylvania State College and coach of the baseball and football teams, refused to confirm or deny a report in circulation here that he had been offered the managership of the Philadelphia National League Baseball Club for 1923.
Bebek formerly managed the Pittsburgh National League team, coming to Penn State in 1918. Under his leadership the Pirates advanced from last place to a position in the first division.

WILHELM DEPOSED AS PHIL'S MANAGER
New York, Nov. 11.—Willam F. Baker, owner of the Philadelphia National League Baseball Club, has admitted to The Associated Press that he will not retain Irvin K. Wilhelm as manager of his team next year, but he denied that he is negotiating with Hugo Bebek to take charge, as reported from State College, Pa.
Mr. Baker returned yesterday from month's hunting trip and said he will go to Philadelphia today to begin plans for the 1923 season. "I haven't been in touch with anybody and haven't been negotiating with Bebek, but I've got to have a new manager, and I don't know who he will be," he declared. He declined to say whether Bebek will be considered for the job.
Wilhelm took charge of the Phillies during the season of 1921 and they finished last, climbing out of the cellar to seventh place last season. He formerly was a pitcher and has been in major league baseball since 1903, except from 1914 to 1921. He first was with Pittsburgh, and then with Boston,

LOCAL NEWS

ACCEPT CHALLENGE.
The Falling Stars of Vassie & Co. accept the challenge of the Rising Stars to a bowling game, but say it must be on a Saturday afternoon. Any alleys will be agreeable.

STORY TELLING.
Miss Ethel Shaw this morning told stories of Belgian and French children in the Natural History Society rooms. The two minutes of silence were observed and the children sat with bowed heads until the period was past.

WORKED FOR HYDRO.
Amongst those who did good work in connection with getting hydro current for South Bay was Gordon Allen of that place. Mr. Allen presided at one of the meetings at which the matter of distribution was discussed and assisted in circulating the petition. The resident the applications for the service.

BOUGHT BY CITY.
Under power of sale in a mortgage given to the city by Robert G. Andrew, a freehold property in West St. John was sold by public auction by F. L. Potts at Chubb's corner today. It was bid in by the city chamberlain, Duncan G. Lingley, for the city, at \$2,800. The property was one sold in 1920 by the city housing commission.

MAKES THEM WONDER.
A citizen who returned to the city this morning from a visit to South Bay, where he was in conversation with some of the householders who had installed the hydro-electric current in their homes, said that he found these people delighted with the quality of the light they were getting. They expressed wonder, he said, that the St. John people should be hesitating about the adoption of the Musquodiu power in the city.

DAUGHTER LIVES HERE.
Word was received here today of the death of Mrs. Nancy Carson, of Hammond River, which occurred at the home of her niece, Mrs. C. Mercereau, Station. Mrs. Carson was seventy-four years of age and is survived by two sons, Willard Carson of Passadung, and Heber, of Lamanda Park, California, and one daughter, Mrs. James Bayley of St. John. The funeral will take place at Hammond River on Monday afternoon after the arrival of the noon suburban train.

IN THE MARKET.
Business in the city market this morning was fairly good with supplies of everything but poultry, which was more scarce and higher than last week. The following prices were quoted—Beef, 20 to 22c; veal, 15 to 20c; lamb, 20 to 40c; mutton, 15 to 18c; pork, 25c; ham, 30 to 35c; bacon, 40 to 45c; chickens, 45 to 48c; fowl, 30 to 45c; geese, 45 to 60c; ducks, 35 to 60c; turkey, very scarce, about 55c a pound; potatoes, 20 to 35c; green tomatoes, 25c; apples, 40 to 60c a peck; onions, 10c; squash, 5 to 7c; pumpkin, 2 to 3c a pound; carrots, beets and parsnips, 7c; papaya, mint, lettuce and radishes, 5c; celery, 10 to 15c; cabbage, 8c a head; eggs, 45 to 75c a dozen; butter, 30 to 45c a pound.

NEWFOUNDLAND SOCIETY.
The annual meeting of the Newfoundland Mutual Benefit Society took place Thursday evening, Nov. 9. The reports of the officers showed the lodge to be flourishing. During the year a new set of regalia was received. The lodge received an invitation from the Sons of England to attend divine service on Sunday afternoon at 3.30 o'clock and accepted it. The following officers were elected for the coming year: President, Hugh Milley; vice president, Jacob Pynn; chaplain, George Oldford; recording secretary, Isaac Mercer; financial secretary, Silas Day; treasurer, Ebenezer Grey; sergeant at arms, John Pike; inside guard, Isaac Mercer; sick and visiting committee, Jacob Martin, Percy Gibbons and William Gobble; investigation committee, Gibbons, J. Martin and Fred Pike; Past President Isaac Mercer conducted the election of officers.

HYDRO WORK ON THE NEPISIGUIT

Engineer Weston Returns to City With Information from Which to Develop Report.

S. R. Weston, assistant chief engineer of New Brunswick Electric Power Commission, has returned to the city after spending the last two weeks or more on the Nepisiguit gathering data for further hydro electric development in the province.

Mr. Weston made a careful and detailed survey of that portion of the river called The Narrows, a rocky gorge which lies about four miles upstream from the hydro plant of the Bathurst Lumber Co. Ltd., at Nepisiguit Falls. He also made a survey of a proposed road from the end of steel to the suggested power site. He is now working on the information obtained and will report later as to the quantity of current available and the estimated cost of development. It is anticipated that the cost of the dam for this site will amount to about one half of the total cost of the development.

STABBED WITH BUTCHER'S KNIFE

Montreal, Nov. 11—Stabbed in the back near the spine with a butcher's knife which pierced the vital organs, Leopold Carter, aged 18, was rushed to the Notre Dame Hospital where he is believed to be dying. Donat Lacroix is being held by the police. It is alleged the men came to blows while in a butcher's shop at the corner of Rachel and Desjardins streets.

THINK THESE MATTERS OVER BY MONDAY

A GREAT OPPORTUNITY

Young men and women will vote for Mr. Fisher on Monday, because they want St. John to get out of the rut and go forward. Ontario towns that were villages a few years ago are forging ahead at a very rapid rate because they have hydro. The influences that have kept St. John stagnant are all behind Mayor McLellan. It is time to put an end to present conditions, and the young men and women will help on Monday.

IT IS VITAL TO ALL

Who should vote for Mr. Fisher on Monday? Every woman who wants cheap light and electrical conveniences in her home. Every manufacturer who wants cheap power. Every working man who wants more factories and more work for wage-earners.

Every business man who wants more trade. Every young man who has made or thinks of making a home for himself. Every parent who wants the boys and girls to find something to do in their home city.

Every taxpayer who wants the burden of taxation lessened. Every forward-looking citizen who has a vote.

A DAY OF DECISION.

Monday will be a day of decision in St. John that will greatly affect its whole future. If on Tuesday Mr. McLellan is still mayor, then it is good-bye to hopes of industrial expansion. The New Brunswick Power Company will have triumphed, and no citizen is in any doubt as to what that would mean. A vote for Mr. Fisher is a vote for a greater St. John.

THE NEW COLOSSUS.

Mayor McLellan announced last evening that if he were defeated and an attempt made to sign the hydro contract he would get an injunction. Who should rule in St. John—the majority of the people or Mr. McLellan? Is there a new Colossus, and must: "We petty men Walk under his huge legs and peep about To find ourselves dishonorable graves"?

WHY THE MAYOR WAS RECALLED

The November issue of the Clerk, after reviewing the hydro question and the history of events down to the election of Mr. McLellan as mayor, says: "But after a good start was made by the newly-elected mayor, for which he received a certain amount of credit from the electors, a new state of affairs commenced to exist. The birth of this new state of affairs took place shortly after the visit of Mr. Bodell and Mr. Sanderson to city hall. Their frequent visits seemed to have a remarkable effect on the mayor. They apparently mesmerized him to the extent of recommending the acceptance of the now famous Bodell offer, which struck the city like a thunder clap, and knocked the mayor's supporters right off their feet."

"Now, up to that point, the citizens were with the mayor, although some of them were getting a little worried at his evasive actions, but when the cloud burst, there was nothing to do but to recall the mayor, as he himself had asked them to do if they were not satisfied. This has been done, so up to this point everybody should be satisfied, and so far no harm or good has been done, only a little delay caused and one air castle of good intentions dashed to the ground. The time has now come for the citizens to return a candidate to city hall who will do what he says he will do, and it is believed that such a candidate has been found in Mr. G. Fred Fisher."

U.N.B. A SHADE IN FAVOR FOR GAME TODAY

Betting was Six to Five Last Evening, Then Swung to Even Money—The Line-up.

Amherst, N. S., Nov. 11.—Dalhousie and U. N. B. are both confident of winning the intercollegiate title in their game here this afternoon. Dopesters have given U. N. B. a slight preference, making their judgment according to the relative scores of the two teams during the season. At the hotels last evening, in small betting among commercial men, U. N. B. was a slight favorite over Dalhousie, probably six to five. After Manager Charles Baxter had made the statement that the Dalhousie team had shown great form in their last workout, the betting came back to even.

THIS SHOWS HOW WE HERE ARE MADE TO PAY

Two Months' Light in Montreal for About Half What N. B. Power Co. Charged for One Month.

A significant comparison of the costs of electric current for lighting can be made from two bills shown to a Times reporter this morning by W. H. Greene, manager of the St. John office of the Canadian Packing Co. Ltd. Mr. Greene lived in Montreal last year and used hydro power to light his home. His bill for two months—Sept. 3 to November 3, 1921, during which 76 kilowatt hours was used—was \$4.58, less 91 cents discount, net \$3.67, or about 4 1/2 cents a k. w. h. His bill from the N. B. Power Co. for the period September 29 to October 31 was \$9.18, less 92 cents discount, net \$8.26, or 18 1/2 cents a k. w. h.

CLOSE SEASON FOR SOCKEYE ON FRASER RIVER

Report of Majority of Commission Inquiring Into the British Columbia Fisheries.

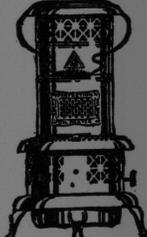

(Special to Times)
Ottawa, Nov. 11—It is definitely understood that the interim report submitted to the minister of marine and fisheries by the commission of members of the House of Commons, which inquired into British Columbia fisheries, contained a very drastic recommendation with regard to the Fraser River. Messrs. Duff, Dickie, Stork and Neill, the majority of the commissioners, agreed to recommend a close season of five years for sockeye salmon fishing on the Fraser and its tributaries and all coast waters leading up to the same, provided Americans do the same on Puget Sound and that an international commission be appointed to govern the matter of regulations during the period named and the term thereafter.

U. S. MAKES IT A WHOLESALE SHIP RELEASE

Washington, Nov. 10—Release of all foreign vessels seized outside the U. S. three mile limit, with liquor aboard where there is no evidence of communication with the shore by means of the vessel's own boats, was ordered today by U. S. Secretary of the Treasury Mellon.

BARRISTERS AGAINST A LAYMAN AS JUDGE OF JUVENILE COURT

Montreal, Nov. 11—Members of the bar of the district of Montreal yesterday entered an emphatic protest against a bill which the government of Quebec proposes to introduce to make it lawful for a layman to sit as president of the juvenile court of Montreal in place of Judge Choquette, who is about to resign.

Evenings at Home

—With the coming of the Fall and Winter seasons thoughts turn to evenings spent at home.

—Evenings rich in association with those we love.

—Evenings when friends are entertained.

—Naturally Fall is the time to make necessary changes and additions in the home. A few pieces of furniture, selected singly or in suites, perhaps a new rug or two, a new floor lamp and

—Behold!

—Home has a new charm—a new hospitality—at very little expense.

—The secret: good taste in the selecting of good furniture at the moderate pricings which prevail at Everett's.
