ST. JOHN, N. B., THURSDAY, AUGUST 17, 1922.

TWELVE PAGES—ONE CENT

DRURY PREACHES "BROADENING OUT."

Grand Bend, Ont., Aug. 17.—At South Huron, U. F. O. picnic here yesterday Premier Drury preached anew the doctrine of "broadening out." It was the same idea he has enunciated before, expressed a little more emphatically and brought right up to date by references to the relief released a few days ago for publication, and to J. J. Morrison's comment thereon, published yesterday. There were 10,000 people about the picnic grounds, walks and beaches of the Bend and about 8,000 heard Mr. Drury.

SEARCHING FOR A COMPROMISE

Reparations Commission Trying to Meet Views of Both France and Britain—Poincaré's Plans.

(Canadian Press Cable.) Paris, Aug. 17.—The members of the reparations commission met informally today to discuss the possibility of reaching some compromise on the German reparations question which will be acceptable to both France and Great Britain. The commission is expected to give a hearing to representatives of the Berlin government on the matter of a moratorium. The French scheme. Premier Poincaré last night had a conversation with M. Dubois, French representative on the commission, and is understood to have instructed the latter to resign should the vote against France on the moratorium question be generally understood. Poincaré's plans comprise economic and financial measures within the scope of the proposals made by him at the London conference. Foremost among these plans probably will be the exploitation of the Rhinefeld forests, from which France could easily cut 100,000,000 francs' worth of wood yearly. France prepares. Hanover, Aug. 17.—Sitting under the presidency of President Millerand, the French cabinet yesterday, on the matter of a moratorium for Germany, decided to await the forthcoming decision of the reparations commission, but plans were perfected regarding the measures to be adopted should the decision of the commission fail to agree with the French viewpoint.

N. S. PLAYERS CAPTURE TWO

Take Ladies' Singles and Doubles in Maritime Tennis Meet—Absence of N. S. Champion Delays Men's Singles.

Tennis enthusiasts who assembled at Rothery this morning to witness the championship series between Short, the New Brunswick title holder, and Black, who recently captured premier honors in the Nova Scotia tournament, were doomed to be disappointed, as the latter failed to put in an appearance. Secretary L. A. Gattongway of the Nova Scotia Tennis Association explained that Black had missed connections at Halifax owing to his train from Bridgewater being delayed. He said that their championship was willing to come tonight and meet Short tomorrow to decide the issue. It will not be definitely known until later in the day whether or not these arrangements will materialize. George F. Holly, secretary of the New Brunswick Association, refused to discuss the matter. There was some talk of Short playing an exhibition match and being awarded the maritime title.

N. S. Ladies Winners

The honors of the day went to Nova Scotia players, who captured the ladies' double and single championships. In the former Mrs. Woodbury and Miss Currie of Nova Scotia defeated Mrs. D. L. MacLaren and Miss Barbara Jack, 6-1 and 6-0. In the ladies' singles Miss I. Vole of Nova Scotia defeated Miss Babbitt in straight sets, 6-0 and 6-1. In the first set the Nova Scotia champion had an easy falling, but was forced to extend herself in the second set, as Miss Babbitt settled down and "love" games were in order. This afternoon the men's doubles and mixed doubles are being played.

BACK TO OLD WAGES OCT. 1

Meanwhile Workers Will Accept 20 Per Cent. Cut and Return to Work—Priest Assists Settlement.

Lawrence, Mass., Aug. 17.—The Pacific Mills Company announce through Rev. Father James T. O'Reilly that, beginning October 1, it would restore the rates of wages that existed prior to March 27. Employees who return immediately will work under a twenty percent wage cut until October 1. The new scale will be retroactive to September 5. Father O'Reilly urged the workers to return to work.

Trainmen on Four Roads Call Off Their Walkout

Improvement in Outlook For Peace at N. Y. Meeting.

Fruit Shipments Now Moving—Train Bombed in California—Reports of Further Disturbances From Other Points.

Chicago, Aug. 17.—An end to the strike of "Big Four" transportation brotherhoods on western railroads, an improvement in the outlook for peace in the New York conference today, shootings, bombing and burning, were high lights in the nation's railway crisis during the last 24 hours. Blockades and tie-ups in the Atchison, Topeka and Santa Fe, the Union Pacific, Western Pacific and Southern Pacific cleared up when striking train crews called off their walkout and opened the way to immediate restoration of traffic.

Settlement of the trouble resulted in an immediate movement eastward of fruit shipments and other perishable freight.

Bombs Thrown. Bombs were thrown at a Santa Fe train which left San Bernardino for the first time in six days. The first bomb exploded in the railroad yards, and two more were hurled at the passengers.

George Stambaugh, a brakeman on the Great Northern, was shot and killed at Harve, Mont., by a railroad guard. William Craft, a blacksmith's helper, employed by the Denver and Rio Grande since the shopmen's strike, suffered a broken leg and other injuries when he was attacked on the streets of Pueblo, Col.

Mrs. Nels Hansen, wife of a Santa Fe shop foreman, was shot and killed in her home. Police took up the trail of two men who are said to have attacked her. James Lewis, a striking Pennsylvania railroad machinist, was shot to death by Charles Parsons, a wealthy real estate man, at Cape Charles, Va., during a dispute over the strike. Lewis escaped Parsons of "listening over the shoulders" of strikers when they gathered to discuss the strike.

Strikers Arrested. Three alleged strikers were arrested at Milwaukee following an outbreak, in which strikers were said to have stoned a passing train.

Outbreaks were reported from Cedar Rapids, Iowa, Superior and Janesville, Wis., Birmingham, Mobile, and Albany, Ala., and Scranton, Pa.

New York Conference. New York, Aug. 17.—The scene of negotiations toward peace on the railroads again shifted from Washington to New York today when railroad presidents and union chiefs assembled for a conference which will mark the fifth attempt of an outside agency to suggest an acceptable solution to the seniority riddle.

Twice the railroad labor board has failed to end the strike by direct negotiations, and twice President Harding has been unsuccessful in his attempts as a volunteer mediator, to end the controversy.

Chief of the Big Four said they were without a definite plan for solution of the seniority question.

Notwithstanding the futility of all negotiations to date, both sides recognized that the situation they have to meet is one in which the strikers, having agreed to return to their jobs on the basis of the labor board's call, insist that all be taken back with seniority and pension rights unimpaired.

The executives association, they also agree, has announced it will take back only as many as the various roads need to bring shop forces to normal, demanding that they return to work without seniority rights, remaining, however, free to bring their demands for reinstated seniority before the labor board later.

Question of Seniority.

Verdict Against N. B. Liquor Board

Judgment For \$8,954 in Favor of A. J. Violette, St. Leonard's—Board Will Appeal.

Fredericton, N. B., Aug. 17.—Mr. Justice Barry gave judgment today for \$8,954 and costs in favor of A. J. Violette, of St. Leonard's, who sued the New Brunswick board of liquor commissioners for damages of \$13,700 for liquors seized from his premises in Madawaska county in May, 1921, claiming that the liquor was for export purposes to the New England States.

Hon. J. F. Tweeddale, chairman of the liquor commission, said this afternoon that the board would certainly have an appeal entered.

NEW AIR RECORD

Clermont Ferrand, France, Aug. 17.—M. Bossoutrot, French aviator, set a new record in the international gliding contest at Camp Mouillard yesterday, remaining in the air two minutes, fifty seconds. He flew in a Farma monoplane, climbing well above the starting point.

Ottawa, Aug. 17.—While gathering in the harvest of grain, Thos. Liston, 42, of the Sixth Line of Huntley, fell in front of the wagon, both wheels passing over his body, death following in about twenty minutes.

As Hiram Sees It

Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I had a real good time yesterday afternoon visiting them there playgrounds."

"So have heard," said the reporter, "I hear that you and Terry were chummy when you had two lady reporters and having a whale of a time."

"We was, too," said Hiram.

"What did Mr. Hornbeam say about it?" queried the reporter.

"I bought her a bunch of artificial flowers," said Hiram, "that was made by a little gal ten years old, that you could tell from red bloom out of the garden. I bought her a sweater made by another little gal, an' a hat made by another one that you couldn't tell a millinery store. When she seen them she said 'I'd go round more with them gal reporters 'd learn a lot more an' mebbe git to be quite a manager, sir.'"

END OF ENGLISH PRINTERS' STRIKE

Resume Work Immediately at Reduction of Three Shillings a Week.

London, Aug. 17.—The printers strike which has long disorganized the English provincial newspaper world has been settled at a joint conference and an agreement signed under which the Typographical Association agrees to recommend that the strikers resume work immediately with a reduction of three shillings weekly and also to take a ballot on the recommendation of the reduction of 12 shillings, 6 pence, the wages then to be struck on December, 1922. The employers' organizations agree to recommend the reinstatement of strikers in their former positions.

MURDER ON HIGH SEAS CHARGED

Alleged That Seamen Died From Captain's Beating—Accusor Denies Charge.

New York, Aug. 17.—Charged with murder on the high seas, Captain George H. Miles, commander of the U. S. shipping board steamer President Vanburton, was arraigned yesterday before U. S. Commissioner Hitchcock and committed to "the Tombs." He was arrested by H. G. Baxter, a pantryman, that he died next day, June 26, from his injuries. This is denied by the captain, who said that Baxter died following collapse from taking drugs. He said that Capt. Miles, making his first voyage as commander of the vessel, so cruelly beat H. G. Baxter, that he died from his injuries. This is denied by the captain, who said that Baxter died following collapse from taking drugs. He said that Capt. Miles, making his first voyage as commander of the vessel, so cruelly beat H. G. Baxter, that he died from his injuries. This is denied by the captain, who said that Baxter died following collapse from taking drugs.

KEEN CONTEST IN QUEBEC TODAY

Vigorous Attack by Conservatives—Taschereau and Most of His Ministers in the Fight.

Papineauville, Que., Aug. 17.—(Canadian Press)—The provincial election in the city of Quebec today, which takes place today, has been featured by the vigorous attack by the Conservatives, led by Arthur Sauve, on what is regarded as a Liberal stronghold, and by the not less vigorous counter attack of the Liberals who have thrown a whole battery of speakers, including Premier Taschereau and all his cabinet ministers, into the constituency.

WEATHER REPORT

Parlx and Ferdinand

Issued by authority of the Department of Marine and Fisheries. E. F. S. G. P. S., director of meteorological services.

Synopsis.—The low area which was over Saskatchewan yesterday is now moving across northern Ontario while the disturbance over the Straits of Belle Isle is moving out to sea.

Scattered showers and local rains are reported from the west and a few thunderstorms are reported from Ontario and Nova Scotia. Elsewhere in Canada the weather has been fair.

Mostly Fair

Forecast: Fair.—Moderate northeasterly winds, mostly fair today. Friday, easterly winds, partly cloudy and moderately warm. Showers in a few districts.

Gulf and North Shore.—Decreasing winds, fair and moderately warm today and on Friday.

New England.—Partly cloudy tonight and Friday; little change in temperature; light to moderate variable winds.

Looks Like Long Struggle In Nova Scotia Coal Strike

Glace Bay Mayor and G. W. V. A. Protest to Dominion and Provincial Governments—Say No Need Yet.

Sydney, N. S., Aug. 17.—Supplementing the protests of Mayor D. W. Morrison, M. P. of Glace Bay, Cape Breton, was a mass meeting last night, here wired the federal and provincial governments asking them to recall the troops from the strike area.

The mayor and the veterans take the ground that no disturbances have yet occurred which could not be handled by the local police, and they declare the presence of the troops without the regulation of the local authorities is likely to aggravate the whole situation.

Mayor Morrison also declares that the town of Glace Bay will refuse to pay the expenses incurred in connection with the military occupation of New Aberdeen, which is one of its outlying wards.

EXPECT HARD COAL MINERS RETURN TO THEIR WORK TODAY

Both Sides Said to be Ready to Recede From Stand.

Many Mines in Bad Shape and Production Will be Held Up—Some Trouble Yet in Illinois.

Philadelphia, Aug. 17.—The return to the mines of anthracite workers was expected to follow today's conference between officials of the miners' union and the operators here. The miners, through their scale committee, have been asking a twenty per cent increase in their pay. The operators wanted a reduction in wages. Both sides indicated as the conference was closed to convene, but close observers declared that there was a likelihood of the 1921 wage scale being adopted for another term.

MANAGER ATTACKED

Indignation at the presence of armed forces at New Aberdeen has shown itself more markedly among the Great War Veterans who are now offering to form a protective battalion among their own numbers and guarantee to protect life and property during the strike.

One of the U. M. W. men assisted officials in firing a boiler at Reserve. He was badly used by strikers when on his way home, but not seriously injured.

MEMBERSHIP INCREASE

An increase of 842 members over last year was reported by the membership committee. There are now 2,287 members, as compared with 1,515 a year ago.

IN IRELAND

Reported Recapture of Dundalk by National Forces—More Peaceful in Cork Today.

Belfast, Aug. 17.—The recapture of Dundalk by National forces from Irish insurgents, who occupied the town a few days ago, was confirmed in Belfast this afternoon. Hundreds of irregulars were taken prisoner.

Belfast, Aug. 17.—Advices from Greenore, in Northeastern County Louth, are to the effect that the Republicans have occupied Carlingford, nearby. Carlingford is the favorite summer resort of Cardinal Logue. The cardinal left before the attack.

Dublin, Aug. 17.—The troops of the provisional government are continuing their successes. Latest reports tell of the capture of Mallow and Mitchellstown.

Belfast, Aug. 17.—The Newry correspondent for the Belfast Telegraph today stated he had learned that Dundalk was again in Free State hands. National troops from Drogheda drew a cordon around the town and heavy fighting occurred.

Dundalk Taken? Dublin early today that National army troops had recaptured Dundalk from the Republican insurgents, who occupied it a few days ago. The report has not yet been officially confirmed.

Dundalk, Aug. 17.—Persistent rumors are in circulation that the Free State forces were advancing on the town.

The Republicans have organized a large transport service, while they have to turn up the railroad between Endiskerry and Essford, on the South Ulster line.

There is great anxiety over the possibility of a Free State advance following the recent landing of National forces at Cork and Tralee.

The town was quiet yesterday. A Free State aeroplane dropped leaflets, warning the townsmen that any damage to barracks and property would be severely punished.

Cork County. London, Aug. 17.—Regular river boat service has been re-established between Cork and Queenstown and normal conditions have practically been restored throughout the district.

National troops on Monday arrested local leaders.

ASK RECALL OF THE TROOPS

No Hope Today For An Immediate Settlement.

Water Rising in Several Pits and World's Largest Soft Coal Shaft in Danger of Destruction—More Troops to Sydney—No Serious Violence.

(By Canadian Press Staff Correspondent.)

Sydney, N. S., Aug. 17.—Noon of the third day of the coal miners strike in Cape Breton brought no grounds for hope that the dispute would be settled soon. Neither did it bring news of any violence of a serious nature in spite of the presence of armed troops.

In the meantime, however, water is steadily rising in pits No. 2, 4, 10, 22 and 23 and No. 2, the largest coal shaft in the world, is in danger of complete destruction. Old timers are predicting a long drawn out fight with consequent hardship to all concerned.

Dan Livingstone, new U. M. W. president, was expected to have arrived in Cape Breton this morning but had not reported at the U. M. W. headquarters at noon.

So far there has been no decision to allow the pumpmen and firemen to return to work. The pumps are now idle. Since the rough handling of the carload of relief workers sent down to No. 2 area from Sydney last night no further attempts to place relief operators at the pumps and fans have been made. The troops, so far, have not exercised their authority. Minor hostilities have occurred between strikers and would-be strike breakers.

This morning 400 strikers assembled on Farquhar's wharf, North Sydney to await the arrival of the steamer Kyle from Newfoundland, under the impression that it was bringing a squad of strike breakers. However, no strike breakers were aboard.

One of the U. M. W. men assisted officials in firing a boiler at Reserve. He was badly used by strikers when on his way home, but not seriously injured.

Officer Protective Battalion.

Indignation at the presence of armed forces at New Aberdeen has shown itself more markedly among the Great War Veterans who are now offering to form a protective battalion among their own numbers and guarantee to protect life and property during the strike.

They will not, however, interfere with the pickets at the mines.

Manager Attacked. (By Canadian Press)

Sydney, N. S., Aug. 17.—(By Canadian Press) John Hargrave, underground manager of Number 2 mine here was attacked by a crowd of 200 strikers when leaving the works late last night and slightly injured. He had been manning the pumps. Three other officials were prevented by the pickets from re-entering the mines. The mayor is out of town and it was not known who was responsible for the order which is holding two companies of militia at Amherst in readiness to proceed to Springfield.

More Troops Called.

Amherst, N. S., Aug. 17.—Adjutant Hallett L. Richardson of the 198th Canadian Regiment has received word to hold "A" and "B" companies in readiness to proceed to Springfield.

Quebec, Aug. 17.—A detachment of the Royal 22nd Regiment left during the night for Sydney to do patrol duty at the mines from which the workers have walked out. About 150 men and twelve officers have left.

Ordered to Halifax.

Halifax, N. S., Aug. 17.—Three trans-Atlantic freighters have been ordered here from Sydney for bunker coal. These are the Dutch steamer Kolberg, Baltimore for Germany, British tanker Paux, New Orleans for Calais and Rouen, and the Norwegian steamer Gunnar, bound toward Chicoutimi, Quebec. There is a supply of about ten thousand tons of bunker coal at the south end terminals here.

(Continued on page 2, sixth column.)

POLICE COURT.

Florence Cliff, charged with adultery, appeared before the magistrate this morning in the police court and pleaded guilty. She was remanded. One man charged with drunkenness was fined 88 or two months in jail.

A case against Abraham Reicker, arrested yesterday afternoon on a warrant by Detectives Donahue and Biddiscombe, charged with threatening to do bodily injury, was expected to be taken up this afternoon.

A case against a juvenile arrested last evening by Detectives Biddiscombe and Donahue, charged on suspicion of stealing Victory bonds to the value of \$1,250, also a pocketbook containing insurance papers, the property of Mrs. Alicia Whitcomb Cushing, 56 Dorchester street, was also expected to be taken up today.

Gordon Paris, arrested for wandering about and not giving a satisfactory account of himself at the corner of Germain and Duke streets, appeared this morning and was remanded.

A case against Emmet Doherty, charged with assaulting and interfering with Robert Henderson, prohibition inspector, was not taken up this morning.

to barracks and property would be severely punished.

In Cork County. London, Aug. 17.—Regular river boat service has been re-established between Cork and Queenstown and normal conditions have practically been restored throughout the district.

REPORT ON THE STILLMAN CASE EXPECTED SOON

White Plains, N. Y., Aug. 17.—The report was current in the court house yesterday that Referee Gleason would file his report in the divorce proceedings instituted by James A. Stillman, New York banker, when supreme court Justice Morschauer convenes the special term of court at Poughkeepsie Sept. 9. Mr. Gleason had been allowed until October 1 to pass on the question of granting a degree to Mr. Stillman and the paternity of little Guy.

LAST TRIBUTE TO LORD NORTHCLIFFE

Many Prominent People Attend Funeral Service Today at Westminster Abbey.

(Canadian Press Cable.)

London, Aug. 17.—The funeral of Viscount Northcliffe took place at noon today in Westminster Abbey. Lord Northcliffe had the last tribute to any Englishman whose position was wholly personal and unofficial gathered such an assemblage.

The Dean of Westminster undoubtedly expressed the public wish when he asked Lady Northcliffe to permit the rites to be celebrated in the Abbey. A great company of eminent people gathered within the famous edifice as well as the crowds of humbler ones in the streets outside.

The U. S. ambassador, George Harvey, was among the host of mourners, chief of which were the widow, Viscount Northcliffe's aged mother and his six brothers.

Diplomats attending included the French ambassador, the Serbian minister, the Roumanian charge d'affaires, Colonial Secretary Churchill, and P. C. Larkin, Canadian high commissioner, Sir Joseph Cook, Australian commissioner, Premier Squires to Newfoundland and other prominent colonial.

Others present were Sir John Knell, acting Lord Mayor of London, the rectorate of the Times and the allied Northcliffe publications and representatives of all the London newspapers, news organizations, printing trades organizations and distributing agencies, prominent among whom were Viscount Crowder, Viscount Burnham, Lord Wainman, Baron Montagu, of Beaulieu, Baron Stratford, of Wootley, Sir Thomas Lipton, and Rudyard Kipling.

THE GROWING USE OF HYDRO ELECTRIC

Water Power Produced 41 Per Cent. of Total in N. S. In June.

Washington, Aug. 17.—The highest rate of daily production of electricity on record was reached in June when 127,700,000 kilowatt hours were made by public utilities power plants of the country. The Geological Survey announces. The largest daily production prior to June was in December, 1919, with an average daily output of 124,200,000 kilowatt hours.

Of the total June output, which totaled 3,811,000 kilowatt hours, water power produced a daily average of 41.4 per cent. of the total. The 2,246,681,000 kilowatt hours produced by fuels utilized 2,489,381 short tons of coal, 911,272 barrels of fuel oil and 2,352,150,000 cubic feet of natural gas.

PROTEST SENATE INCREASES

Washington, Aug. 17.—(Canadian Press)—Protests because the senate Republican leaders have increased tariff rates much above the house level are being made by many house Republicans who have just reassembled in Washington following the recess.

House leaders declare the senate rates will be reduced in a number of important respects when the bill goes to the conference committee of the two houses.

WM. HAWKER HOME

William Hawker and his two daughters, the Misses Ethel and Elizabeth Hawker, arrived in the city this afternoon after an extended trip to Mr. Mr. Hawker's former home in England. The party arrived at Quebec nearly a week ago, and have been visiting Mr. Hawker's brother, Thomas Hawker, in Montreal. Mr. Hawker said this afternoon that they had had a wonderful trip. He looks exceedingly well. The other two daughters, Mrs. Robertson and Mrs. Thompson, arrived home on Tuesday.

PRIOR DOCUMENT

2035

WM. HAWKER HON. PRESIDENT

Pharmaceutical Association
Elects Officers in Fort
William.

Fort William, Ont., Aug. 17.—The Canadian Pharmaceutical Association last night elected the following—
President, W. J. McMillan, Kerobert, Sask.; vice-president, B. Griffin of Hamilton; honorary president, Wm. Hawker of St. John, N. B.; Fuller of Amherst (re-elected); and J. W. Crooks of Fort Arthur.

LATE SPORT NEWS

Philadelphia, Aug. 17.—The programme of Grand Circuit racing at the Belmont Driving Club Park today included the William Penn stake of \$2,000 for two-year-old trotters, the C. C. C. purse of \$1,000 for 2,000 class trotters, the Bull's Head stake of \$2,500 for 2,135 trotters, and the Wilman \$1,000 purse, a free-for-all race. Included among today's entries were Thompson Dillon, 2:10 1/4, winner of the \$8,500 Rainy Day stake at North Randall last week; Ethelinda, the Great Gilly, the Senator, Rebecca Buck, Brandywine, Reyna Dillon, Bakie, the Australian champion stallion, Silver Brooke, last year's champion three-year-old, Peter the Brewer, Nat Bay's \$25,000 trotting stallion, and the wonderful Margaret Dillon, 1:59 1/2.

Will Spencer Champion.
Newark, N. J., Aug. 17.—Will Spencer won the professional bicycling championship of the U. S. last night by finishing second to Alfred Gould, in the five mile championship, the last of a series of twelve races to decide the title. Ray Eaton was third and Arthur Spencer fourth.

The final standing of the championship contenders was as follows—Will Spencer, 35 points; Eaton, 31; Arthur Spencer, 24; Gould, 22.

The Big Leagues.
New York, Aug. 17.—The St. Louis Browns, by breaking even in a double-header at Washington, increased their lead in the American League race over the Yankees, who dropped a game to Detroit. In the National League the Giants moved still further away from the Cardinals, by beating the Pirates, while the Dodgers were trimming the St. Louis team.

At the Polo Grounds the Tigers won in the ninth inning when Carl Mays weakened, Ruth made his twenty-second homer. Detroit won 7 to 3. The Browns won one from the Senators, 7 to 0, and lost a second, 11 to 3.

The Giants took a hard game from the Pirates, 7 to 6, Brooklyn, with Grimes back in harness, left the Cardinals on the short end of a 9 to 2 score.

Chicago batted out a 9 to 4 victory over the Boston Braves, and the Athletics won from the Phillies, 2 to 1. A wild throw by Sewell in the ninth inning with two down set Cleveland a loss to the Athletics, 10 to 9. At Boston the Red Sox pounded the offerings of the White Sox recruit, Mack, and won, 5 to 3.

AMBUR'S NEW MILLINERY DEPT.

Mrs. Charles Henneberry, who will have charge of the new millinery department which will be opened by Ambur's Ltd., at their centre in King Square, left on Tuesday night on a buying trip to Upper Canadian and United States cities.

Mrs. Henneberry, nee Miss Doyle, was formerly head milliner with Marr's and later with Macaulay's, and is regarded as one of the leading authorities in the purchasing provinces in the purchasing and selling ladies' headgear.

LONDON PICTURES

Crouch End.
No place is half so dreary as Crouch End.
Where gutter-bands disconsolately play.
Row after row, mean houses stretch
away.
Sudly, and all their common sorrows
blend
With the sad skies above them—
Nor Wornwood Scrubs are desolate as they.
All of the streets are dirt-begrimed and gray.
No place is half so dreary as Crouch End.

Oh, I would hate Crouch End, nor think
It shame
To take a place so squallid and so mean.
Had I not been within a dooryard there,
Tended by love, a single rosebush seen
That its fragrance sweetened all the air
And stilled the summer darkness as a
flame.

RECORD COAL SHIPMENT

Fredericton, N. B., Aug. 17.—The biggest shipments which were ever made out of the Grand Lake coal area of New Brunswick in one day occurred yesterday, a train of 88 cars of coal arriving here over the Fredericton and Grand Lake Coal and Railway Company from Minto.

ON MOTOR TRIP

Moncton, N. B., Aug. 17.—D. and Mrs. Archibald and their two children, Miss Mary and Master Donald, of Bathurst, arrived in the city last evening from an auto trip through Nova Scotia. The trip included Amherst, Parrsboro, the Annapolis Valley, Truro and other places. From Moncton they go to Chipman to visit Mrs. Archibald's parents, Mr. and Mrs. John Harper.

ROBB SUCCEEDS HOWARD KELLEY

Appointed Grand Trunk
Vice-President and General
Manager and Will Carry on
Duties of President.

(By Canadian Press).
Montreal, Aug. 17.—At a meeting of the board of the Grand Trunk Railway system held here today W. D. Robb was appointed ranking vice-president of the company, with the title of vice-president and general manager.

Mr. Robb will take up the duties of the chief executive officer of the Grand Trunk Railway system. He is also the first chief executive of the Grand Trunk to have risen step by step, with unbroken service from an apprenticeship in the company.

Mr. Robb was born at Longueuil, Que., in 1857, his father having come to Canada from Scotland to join the Grand Trunk in its construction stages. He received his early education at Academy and at St. Francis College, Montreal, Quebec.

PERSONALS

Mr. and Mrs. F. E. Leonard, 5 Clarence street, announce the engagement of their daughter, Grace, to J. Edward Kelly, of Pasadena (Cal.), the wedding to take place in Pasadena.

Miss Georgia Moxon and Miss Carrie Holly, who are training in the General Hospital, are spending a vacation at Acadia.

John Rusak, maritime manager of the Ford company of Canada, has gone to Detroit to attend a grand convalescee of the maritime companies of the continent.

Mr. Woodman, general superintendent of the C. P. R. New Brunswick district, is on an inspection trip today over the Gibson sub-division.

C. W. Stables, of the C. P. R. staff, West St. John, is a guest at the "Out-of-the-Way Inn," Smith's Cove, N. S.

Miss Mary Melville, sister of Park Melville, of the Boston Globe, and a former St. John newspaper man, is visiting in the city.

Miss Annie Maxwell, grand mistress, records and seals, Mrs. Emma Campbell, Westville, grand protector, Mrs. H. H. Gray, Westville, grand treasurer, Stella Quebec, grand secretary, B. J. grand press correspondent, Grand Holmes, St. Stephen.

The grand lodge reported an increase of 281 members in the maritime provinces during the year, bringing the total to 5,425, with thirty-eight lodges.

Pythian Sisters Elect.

The Pythian Sisters at New Glasgow yesterday elected the following officers: Grand chief, Mrs. Jennie Southern, St. Stephen; grand senior, Mrs. Lovella Maclellan, Glasgow; grand junior, Miss Margaret Wadden, New Glasgow; grand manager, Miss Mary Trearney, Glasgow; grand secretary, Mrs. Stella Quebec; grand treasurer, Stella Quebec; grand press correspondent, Grand Holmes, St. Stephen.

Boys Arrested in Rockwood Park Dancerously Armed.

As one of the constables employed about Rockwood park was passing along one of the paths there this morning he heard the sound of shots and upon investigation discovered two lads potting away at nothing in particular with revolvers. He drove along the road in his car and the boys were firing down the road in his direction. He shouted to them and they stopped firing. Approaching them he confiscated their weapons one of which was 22 calibre and the other .38 and placed the boys under arrest. He lodged them into his car and started for the central police station. When passing along Wall street one of them made a flying leap over the back of the car and was seen to disappear in the direction of Rockwood road. Not wishing to lose both his charges the constable was unable to pursue him. Both were juveniles and said to hall from Sydney.

LOCAL BASEBALL.

The game of baseball between the Artillery of the Garrison League and the Fair Vale team on the Rotheay field this afternoon. The Artillery last night did not take place but will be played tonight. A good game is looked for as both teams are in good shape. The batteries will be: For the Artillery team, McBeath and Milligan; for Fair Vale, E. Higgins and J. Higgins.

St. Peter's Juniors wish to challenge the Rocklands to a game of baseball to be played on Elm street diamond Friday evening. If accepted they desire the manager to call Main 3491-11 to complete arrangements.

The Boston train was half an hour late this afternoon, arriving in the city behind the Montreal.

MOUNTED POLICE HERE.

A party of Royal Canadian Mounted police arrived in the city this afternoon from Winnipeg. They will act as guards on the harvest specialties which leave for the west tomorrow.

LOCAL COAL MATTERS.

Commissioner Bullock announced this morning that he is in receipt of a communication from the party in Vancouver offering to dispose of 6,000 tons of Scotch anthracite coal, on which he has an option. The commissioner called up local dealers and says that there is no question of its disposal providing the price and quality are satisfactory. He also held a conference with Premier Foster regarding the government taking over the shipment.

LOOKS LIKE LONG STRUGGLE IN NOVA SCOTIA COAL STRIKE

(Continued from page 1.)
New Glasgow, N. S., Aug. 17.—(By Canadian Press) All is quiet today throughout the Pictou coal fields. No untoward incident has marked the strike to date; there has been no demand for troops and it is confidently believed that none will develop. The pumps are being worked by company officials without hindrance.

No new developments in the situation are anticipated here pending the convening of the newly elected district executive of the U. M. W. under the presidency of Dan Livingstone, who left for Sydney today.

H. J. McCann has demanded that the city provide adequate protection for the workers and property and states that the company will seek compensation for damage in the event of the city failing to take all necessary measures. The district executive has asked Mayor Morrison to appoint fifty special police, the names of the personnel of the extra force to be submitted by the locals.

York County Man Dies as
Result of Haying Accident

Fredericton, Aug. 17.—(Special.)
James D. Hood of Acton Settlement, Parish of Manners Sutton, York county, died last night as the result of an accident Saturday. He was unloading hay by means of a pitching machine. The wagon started and he fell from it to the floor of the barn. He struck on his head and was rendered unconscious. He never regained consciousness. He is survived by three brothers, Alexander of Lower Queensbury, William of St. John, and Frederick of Acton. Also by three sisters, Mrs. Thomas A. Thompson of Millinocket, Maine, Mrs. Charles A. Davis of Sherman, Maine, and Miss Hood of Acton. He was aged fifty-five years and unmarried. The funeral will take place Friday.

WILL REPLY TO KAISER'S BOOK

HUMAN LIFE COULD BE LENGTHENED if people ate Kellogg's Bran regularly!

Eliminate constipation from your system through the use of nature's wonderful food—BRAN—Kellogg's Bran, cooked and kneaded; and you not only get every grain in your body working normally, but you have side-tracked disease! Eat Bran regularly at least two tablespoons daily; in chronic cases, with every meal!

Bran, through its mineral salts and ability to absorb water, giving bulk and moisture, is nature's way to assist in perfect elimination. Bran's work for health is wonderful; it sweeps the bowel tract, cleansing and purifying. Yet, Bran is not a "remedy." It forms no habit! Your physician will endorse Kellogg's Bran.

It is predicted that the consistent use of Kellogg's Bran will increase the average life from ten to fifteen years! Bran will make children grow bigger and more robust because it keeps the organs active and allows normal growth. Bran eliminates sluggishness from men and women and keeps the brain active. Bran is the most beneficial agent for constipation that can be given the aged!

Kellogg's Bran will permanently clear up a muddy or pimply complexion; it will relieve an obstinate breath!

Consider Kellogg's Bran as a delicious cereal—as well as a regulator! Kellogg's Bran is delightful eaten as a cereal or sprinkled over your favorite fruit. It adds the goodness of all foods. Or, use Bran in raisin bread, graham pan-cakes, etc. Rejoice on each package!

Go to your grocery today and get a package of Kellogg's Bran, cooked and kneaded! It's wrapped "WAXITE."

THE NEXT STEP

The United Organizations at their meeting last night indicated clearly the next step to be taken at City Hall in regard to hydro. The four commissioners who turned down the Bodell proposal should now insist upon conferences at once with the New Brunswick Electric Power Commission relative to the signing of the contract for the Musquash dam.

THE RECRUDESCENCE OF ROSS

The citizens are indebted to Commissioner Frink for one item of real and long sought information. They were unable to learn who recommended Engineer Ross to former mayor Schofield. Now they know. It was Commissioner Frink. He says so himself.

We had quite lost sight of Mr. Ross for a considerable period, until Mayor McLellan made the amazing discovery that there was something in the Ross report. Now Commissioner Frink drags Mr. Ross from the limbo of past crudities in hydro, varnishes him, and restores him to a pedestal in full view of the admiring populace.

Now, who is Engineer Ross? He is the gentleman who declared the necessary power was not available at Musquash, but who did not take the trouble to go and see. He is the brilliant expert who thought there must be a leakage from the Musquash basin to the Lepreau basin, although the latter is higher than the former, and the water would have to run up hill without any pressure behind it—just trickle up in a casual way to scrape acquaintance.

Consider further the matter of the Ross report. A mayor, who was convinced the only way to distribute Musquash power was through the New Brunswick Power Company, consulted an engineer who regards public ownership as folly. Having regard to the psychological aspect of the case, and the conferences held with the New Brunswick Power Company, what more natural than the Ross report—not as a result of any undue influences whatsoever, but as what may be termed a psychological effect?

Having generously given the workshops one last view, Commissioner Frink should now wrap the Ross fetish in crepe and present it to a museum to take its place among other discarded idols, mummies and other curios of the past.

The suggestion of a "white way" from King Square to the exhibition grounds during fair week should be carried out. It is a very marked feature of a former fair. The Retail Merchants' Association have decided to do their full share by illumination of their premises to make the city bright every evening, and the "white way" would be a great contribution to the generally cheering effect. The citizens and city council should heartily co-operate to make the city as attractive as possible in outward appearance during fair week. Visitors should not only be well looked after, but be so favorably impressed as to carry away a feeling that St. John is an enterprising as well as a hospitable city. The whole city should relax for that week and give itself up as much as possible to the pleasure of the visiting thousands from day to day. The fair is now an annual event and all the people are interested in its success.

Commissioner Frink made it clear yesterday that there was no cleavage between the business interests of the city and the rest of the people in the recent civic election. The vote for hydro in Kings, Queens and Dukes wards showed that a very large business vote was polled for hydro and in sympathy with the platform of the United Organizations. It will be the same in the recall.

The tag day results in connection with the drive for the Health Centre were large, and showed the popular interest, but there must be other large additions to the funds to make the Centre a complete success.

BECK AND MURRAY

Some further quotations from Sir Adam Beck's reply to the Murray report, which made it appear that public ownership of hydro was more costly to the people than private ownership, are worth while. In Sir Adam's foreword to the reply he says: "Mr. Murray has made definite statements purporting to be true, but which are at absolute variance with well-known facts. He has misquoted statements, even replacing significant words therein with others. He has presented grossly misleading statements respecting even physical facts within his knowledge, and he has made comparisons between entities radically different, when a proper recognition of the real differences would have created an impression entirely at variance with what he has represented. He has inflated costs in a manner which falsified the conclusions. Such procedure is characteristic of the use made of much of the material which Mr. Murray had adduced and upon which he has based his conclusions. This accounts for the worthless nature of such conclusions."

As one instance of inaccuracy, Sir Adam refers to Murray's assertion that the Ontario Hydro Commission has almost unlimited power, and cannot be sued, and replies that since 1912 the attorney general has granted fiat permitting 23 actions to be brought against the commission. Sir Adam gives another striking instance as follows: "According to Mr. Murray, the average cost of electrical energy to the citizens of Buffalo is 20 per cent lower than to the citizens of Toronto as supplied by their hydro system, whereas the data rightly employed show that the reverse is the fact, and that the energy costs in Buffalo are on the average higher than the costs of hydro service in Toronto by over 35 per cent."

After referring to the cost of the Chippewa development, Sir Adam continues: "By such artifices as we have been describing Mr. Murray has estimated a total annual production cost for power of \$12,000,000, as against a corrected total under his own assumption of \$7,200,000. Thus he has over-estimated the cost of generation by \$5,000,000, or 70 per cent. He arrives at a figure of \$28.60 per horsepower per year, whereas a correct estimate under his own assumption is only \$14 per horsepower per year."

The Beck refutation of Murray's statements is a book of over fifty pages, and it does the job so thoroughly that we shall probably hear very little more from the gentleman who staked his reputation on a report that is so thoroughly discredited.

The visit by members of the Playgrounds Associations to the six supervised playgrounds in the city yesterday was both interesting and instructive. Not only did they find large numbers of children enjoying free play under close supervision, but the samples of knitting and millinery and other hand work performed by mere children were an object lesson of great value. The playgrounds deserve universal support and should be visited by the citizens generally, since very few really appreciate what is being done for the little ones.

For the information of Commissioner Thornton and others, the Times prints today what the Ontario Hydro Commission, Sir Adam Beck, chairman, has to say about Mr. Gordon Krebs. Perhaps Mr. Phillips will add a word in due time, since Mayor McLellan put him in so bad a light in regard to this matter. It is true that Mr. Krebs is interested with his father in a manufacturing plant, but even a washing machine is not without its merits in a clean-up, such as the people of St. John have undertaken.

Now watch the power company come across with an attractive offer of reduced rates if it can get the hydro. Its ingenuity is by no means exhausted, and so long as the city does not sign up for the hydro and call for tenders for its own plant, the company will entertain hope of getting such a deal as will leave it in possession of the field and in a fair way to make that two millions of common stock pay a dividend. "No truck or trade" as a motto still has its driving force.

The Nova Scotia miners' strike, with troops on the scene at one colliery and some minor acts of violence already committed, is a very serious matter. The withdrawal of men needed to protect the mines from damage by water is a move that is against the interests of the men as well as of the owners, and is not easy to understand. The outlook for a coal supply at any price next winter grows more gloomy.

The papers for the recall of the mayor will be in circulation in a day or two. The announcement of a strong candidate for the mayoralty may also be expected, as that is essential and the importance of the selection is fully recognized.

FIFTEEN MINUTES OF RADIO EACH DAY

THE WIRELESS CODE AND ITS USES.

The wireless code may be readily learned by anyone, with a little practice, and may be employed in a variety of ways for signalling purposes. The best way to learn it is to secure a small buzzer, dry cell and cheap telegraph key and make the dots and dashes over from memory after memorizing the letters. Progress will be more rapid if some interested friend will send on the buzzer while the signals are copied down on paper.

The code can be used for signals from an ordinary flashlight and considerable distance may be covered at night. This system is often employed by campers and has been employed by radio operators for signalling from a stranded ship to shore after the radio apparatus was out of commission. The code going through the other all the time and the ambitious one may secure greater usefulness from his set by learning the wireless code and interpreting the many broadcasts made in code.

The wireless code as universally used is made up of dots and dashes, the dash equal to the length of three dots.

Table with 4 columns: A, H, O, U; B, I, P, W; C, J, Q, X; D, K, R, Y; E, L, S, Z; F, M, T; G, N, V.

The international signal for distress is "S. O. S." but the letters in themselves do not stand for any particular words. The speed required for commercial operators is at least twenty words per minute (five letters to the word). Operators of amateur radiophone and telegraph stations are required to be able to copy at least ten words per minute or a little less than one character a second.

The regular wireless or continental code is used by the army and navy for flag signalling employing a signal flag, the dots are made on one side of the sender's body and the dashes on the other. The army also employs a system of signalling with field buzzers over barb fences or other wires and a system of mirrors known as the heliograph, both of which are operated in the continental code.

Some of the characters of the wireless or continental code are the same as the characters of the American Morse code used on the land telegraph systems. A holder of the highest grade of radio operator's license is required to have knowledge of both codes. Many of the best commercial and government operators began as amateurs or as land telegraph operators, while the army and navy during the recent conflict worked with the heliograph. If there had not been many American youths skilled in the use of the continental code through practice on amateur radio sets, who were called upon to operate the radio station on land, sea and in the air.

Expert radio engineers experimenting with an underground system for the reception of radio signals predict that this method of reception will replace, to a great extent, the lofty towers supporting the long antenna wires which have been erected at great expense for the reception of intercepting waves.

The underground system of radio communication is credited to Dr. J. Harris Rogers, of Hyattsville (Md.), who conducted many of his experiments by suspending a coil antenna in a black-lined well.

Using wires buried in the earth, it was possible to receive radio signals radiated from the transmitting station at Nauen, Germany, and the Eiffel Tower in Paris.

An important feature in connection with this method of reception is that it eliminates to a great extent the interference caused by "static" which results from lightning, or other forms of atmospheric disturbances. This system operates with great success in under-sea communication, as submarines entirely submerged have clearly received radio signals sent out from stations thousands of miles distant.

THE OLD MAN

(Marjorie Austin, in the Outlook.) He sat one summer evening, just outside the golden circle that the lamp swung wide. Watching the merry group which, at his whim, stood by the organ there, and sang for him. Illness had torn him from his days of toil, from his loved flocks and well-attended soil, and set him there to wait with patience grim. Till time should pass and be no more for him.

He was an old man, bearing still the trace of wind and sun upon his rugged face. Long days of pain had made new furrows and whitened all the silver of his hair. His head was bent, his calloused hands lay still, his whole great body sagged, toll-worn and ill. But still his eyes burned with a steady gaze, piercing, yet kindly, as in younger days.

The group about the organ sang a psalm, then, from beneath an unused music pile, pulled out a book, long unremembered and played and sang an old camp-meeting air.

And I, a child drifting about the place, saw a slow tear slip down the old man's face. And felt ashamed for him—a mere child I. Who could not know why an old man should cry.

LIGHTER VEIN. A "Wrangler." A clergyman of a country parish had a great and deserved fame for learning. His career at Cambridge had been brilliant, but he had settled down to a useful rural life. A stranger who knew of the clergyman's reputation lately wandered into the village. "Your vicar is a very able man," said he to a parishioner. "Eh?" "Why, he is a wrangler!" "I never heard of that," was the rustic's reply, "but the missus is!"

Kipling's Break. Even clever Rudyard can put his foot in it. G. B. Burgin relates how Mr. Kipling at Simla was introduced to a lady he thought, a "grass widow." They called those ladies "grass widows" whose husbands were detained by work in the hot cities of the plain. Mr. Kipling remarked to her, "If suppose you can't help thinking of your poor husband grilling down there?" The lady gave him a strange look and it was not until afterwards that he learned that she was a real widow.—Boston Transcript.

It's a Gift. Flubb—He never misses an opportunity to save his money. "Dub"—No. Just now he's got his gift so frightened over polished food in restaurants that she hites him out to her house for dinner!

An Advantage. "The cross-eyed man has an advantage with so many pretty girls around." "What is it?" "His wife can't tell what he is looking at."—Louisville Courier-Journal.

BUILDERS' HARDWARE

Good Builders' Hardware is one of our specialties—we buy it carefully—we choose discriminately because we realize that it pays to put good hardware into a home.

We are prepared to furnish all your building needs, including: Door Hardware, Sash Hardware, Fire Brick, Fire Clay, Sheathing Paper, Prepared Roofing, Calced Plaster and other building material.

Let us give you an estimate—we will do our part in keeping the cost down.

MEAN THIEF SENTENCED

Hamilton Shopkeeper Stole From Farmer. Hamilton, Aug. 17.—For stealing two baskets of cucumbers worth forty cents, Alec Klein, a storekeeper, at 174 York street, was sent to jail for three months by Magistrate Jelis. He bought two baskets and tendered a ten-dollar bill in payment. The farmer could not change the ten and Klein was asked to return the money and pay for them. He did and helped himself to two baskets more than he paid for. The magistrate called it a very mean sort of theft.

told the police that they saw Montino running from the foot of the fire escape. A crowd joined in the pursuit of Montino, who ran up the street.

STRIKE REVIVES BOULEVARD VAMP

Chicago Pestered by the Girls Who Want Rides.

Chicago, Aug. 17.—After every great war, economists say, there may be expected a "wave" of something or other.

Chicago has a wave, too, after its recent street car and elevated war. A wiggling wave of winsome witches, as it were, a wave stretching from the far end of the South Side up Michigan avenue and Sheridan road to Evanston.

Boulevard vamps are the girls who stand along the highways and vamp themselves into seats inside passing automobiles.

But when the cars started again a great many girls felt they had been missing something, and asked themselves why it wasn't a happy thought to continue riding to and from work in some one else's car.

"The boulevard vamp, both professional and amateur, must go," declared Judge Holmes, wrought up over a new batch of cases.

RECENT WEDDINGS

Miss Mary Davidson, Ottawa, and Charles Gavin, formerly of that city, were married on Monday afternoon at St. John the Baptist church by the pastor, Rev. J. J. McDermott.

Davidson, and Miss Marion Leahy, The happy couple will reside in Douglas Avenue. The groom, who represents in New Brunswick an English lumber firm, has been a resident here for a year or more.

RECENT DEATHS

Child of Mr. and Mrs. Walter Peacock. Sincere sympathy will be extended to Mr. and Mrs. Walter Peacock, of 109 City road, in the death of their infant daughter, Francis L., which occurred yesterday at the age of two weeks and three days.

E. J. Clarke

E. J. Clarke died at his home in Woodstock yesterday, aged 82 years. He is survived by two sons and two daughters. He was a native of this city.

Sampson Thomas.

Sampson Thomas, of Salisbury, died on Tuesday afternoon. He is survived by three daughters and six sons. Among the sons is Elmer Thomas, St. John.

Owing to the death of W. H. Biggar, vice-president and general counsel of the Grand Trunk Railway system, W. C. Chisholm, general solicitor, will assume the duties of head of the legal department, according to a circular issued from the office of the president of the company.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, AUGUST 17, 1922.

"MY WILD IRISH ROSE" VERY SWEET

Imperial Contributes One of the Real Gems of the Season, and Gives It Rich Musical Setting.

Midwinter—not midsummer—business ruled all day at the Imperial yesterday when the sweetest of Irish pictures, "My Wild Irish Rose," simply swept the vast gatherings with its appealing sentiment, charming scenes, tingling adventure and satisfactory retributions, counter-folled indeed by the lingering kisses of betrothals, etc. All the while the Imperial's fine orchestra kept playing a programme of the loveliest Irish airs which ran the gamut of Old Erin's lilting strains including the old tunes, the new ones and the lyrics made famous by John McCormack. It was a feast of good old comedy-drama told in lifelike movies and genuine brogueish sub-titles, something the people chattered about with glee as they passed from the theatre.

MEGANTIC
The Ship
Magnificent
of the
St. Lawrence
Route

Ever since she entered the Montreal-Quebec-Liverpool service, the Megantic has been the choice of those ocean travellers who demand the luxury and comfort obtainable only on a first class steamer.

The Megantic bears out the reputation of the White Star-Devonport Line for maintaining the highest standard obtainable in ocean service—a standard backed by 50 years of sailing the seas. The White Star, Red Star and American Lines maintain regular services from New York to Central Ports.

and Department stores

into the street. No doubt the decidedly fine impression made by this picture yesterday will create a still great rush at the Keith house today. It is truly most worthy of it. "My Wild Irish Rose" was directed by David Smith, an Englishman, and makes the third special production filmed under his direction which has a foreign country for its locale. The first was "Black Beauty" with its scenes laid in rural England; the second was "The Little Minister" with its action in and about the town of Thrum, in Scotland; and now "My Wild Irish Rose," with colorful Ireland as the background with a few scenes laid in Australia and on the famous prison ships of the period of the story. Vitagraph is confident that the new production is a worthy completion of the trio.

The recent agitation of the Irish question and the formation of the Irish Free State has given added impetus to the always present interest in the much-discussed island and its struggle for freedom.

The backgrounds and two engrossing love stories of "My Wild Irish Rose" intertwined, is more than timely—really an inspiration, and neither time nor money has been spared to make the photoplay as perfect as human hands and ingenuity can make it. The splendid cast for "My Wild Irish Rose" was selected for types, although due care was taken to insure capable actors. Pat O'Malley, who is of Irish lineage and has spent many years in Ireland has the leading male role of the

Shughraun, the happy-go-lucky, ne'er-do-well, and Pauline Starke is seen as his little Irish sweetheart, a role that fits her admirably. Little "Micky" Daniels, who created such a sensation in "The Little Minister," has an important role in this special, and "Micky" and his friends are sure to make thousands of new friends. The remainder of the cast, numbering a dozen, is equally capable and there are hundreds of extras for the soldiers, farmers and fishermen.

This charming Irish romance will be repeated today and tonight. It is a rare pictorial treat and should not be missed. The music alone is worth the price of admission.

BATHURST MAN
MAKES CREDITORS
INFORMAL OFFER

A meeting of the creditors of G. J. Doucett of Bathurst, was held in the office of the Canada Permanent Trust Company yesterday afternoon, with R. F. Wright in the chair. The assets were placed at \$3,990 and the liabilities at \$3,408. An informal offer was made by G. J. Doucett, the authorized assignee, and the meeting was postponed until September, in order that the offer may be properly placed before the creditors, who must be given ten days notice before the meeting. S. F. Jamieson, of George E. Barbour and Company, Ltd., and W. H. Gambin, of Jones and Schofield, Ltd., were appointed inspectors.

WESTFIELD CLUB'S
MASQUERADE BALL

The masquerade dance at the Westfield Outing club house last night was a splendid success. There were about 100 couples in costume and great originality and artistic taste were shown in the choice of costume. Many spectators were present also and the scene was a particularly brilliant one. It was the first masquerade which the club had held in two years as the Westfield fire last year put an end to all the arrangements for the masquerade. The members of the orchestra provided an excellent program of dances last night and they also received special mention for their costumes as they appeared dressed as girls. The members of the orchestra were Charles Burpee, Eric Thompson, Leslie Creighton, Redvers Massey and Lorne Pratt.

The judges for the costumes were as follows: Mrs. Frank L. Peters, Mrs. George L. Warwick, Mrs. Frank J. Likely, Col. W. H. Harrison and Hammond J. Evans. Their task was not an easy one as all of the costumes were remarkably good.

The prize winners were as follows for the best character costumes: Ladies, Miss Gwendolyn Ewing, "Turkish Har-em Girl"; men, H. Fielding Rankine, "Hobo"; combination costume, Mrs. W. E. Golding and Mrs. H. Fielding Rankine, organ grinder and his sweetheart; most original costume, R. A. Macaulay, "Bachus up-to-date"; children's character costume, girl, Jean Humphrey "Lark"; boys, Jimmie Foster "Frog".

The costumes receiving honorable mention were as follows: Girls, Miss Dorothy Evans, "Egyptian Lady"; Mrs. William Warwick as "Knitting bag"; Miss Lola Dykeman, "Tennis Girl"; Miss Edythe Mitchell, "Thunder-bird"; men, Harold Hising, "Mephisto"; R. H. L. Skinner, "Coster"; most original, Harry Humphrey, "Knight of the bath"; combination costume, Miss Margaret Nixon and Miss Mabel Currie, "Dice—come in"; Norman Sancton and Percy McAvity, "Police"; Miss Doris Barbour and Miss Marguerite Belyes, "Night"; Capt. McCordick and Mrs. Miss Gertrude Ewing and Miss Florence Warwick, "Rag Dolls".

PYTHIANS ELECT
GRAND OFFICERS

Several New Brunswick Men Among Those Chosen For Grand Lodge Positions.

(Canadian Press Despatch.)

TO LET

TO LET—GARAGE—APPLY 231 Main Street. 7378-8-18

NEW YORK AND CANADA.

(Thrift Magazine.)
Latest statistics of Canada's population show that the Dominion numbers about as many inhabitants as the metropolitan district of New York city. Here is something worth thinking about.
The Dominion has over 3,700,000 square miles of territory. Yet there are as many people huddled on and immediately around Manhattan Island as there are on all the glorious acres of Canada.
While many thousands of people live in the tenements of New York because they think they can't find a livelihood elsewhere or because they don't think about it at all, it is quite safe to assert that most of them are there because the city has more attractions and opportunities for personal advancement, according to their way of thinking, than the rural or semi-rural regions. They prefer urban associations, with all the good and bad that goes with them, to the silent splendor of the hills or the unspeakable beauty of the plains.
A great many indictments may be lodged against city life, but nevertheless, it has its lure and its golden promise of success. And to the persons especially who were born under alien skies there is a deep happiness in the companionship of those who speak the tongue and sing the songs of those distant lands that afford the finest joys that life can offer.

DOUBLE-SHIFT EDUCATION.

(Toronto Globe.)
Under the above title The Times-Journal of Fort William discusses the Education of Halleybury, whereby the Halleybury High School is to operate its lower school forms in two shifts, viz. eight a. m. to 12 noon, and one to five p. m. This decision is due to lack of room and the influx of students. The Times-Journal goes on to point out that the building and equipment of our schools run into heavy capital expenditure, and there is probably not another class of building, designed for public use, with the exception of our churches, which is used for so short a space of time as our school buildings. Out of the 8,700 hours of the year the average school is only used for 1100 hours, or one-eighth of its time, and the proposed innovation at Halleybury will bring this time up to a little less than one-fifth.
The problem raised here is not new, but is none the less important. Some day our Boards of Education will give serious consideration to this matter, and doubtless a much greater use will be made of our educational plants. In our cities especially there must be

MARINE NOTES. The barkentine Maud of England arrived at Lunenburg from this port in ballast yesterday. She will go on the marine railway there to point, after which she will go to Ingrahamport to load lumber for the Canary Isles.

The steamer Eastern King is expected to sail from New York on Saturday for this port, to complete cargo with refined sugar for the United Kingdom.

The steamer Lexington is due tomorrow from Philadelphia, to load for Glasgow. The steamer Chalour is due to sail from Halifax for Bermuda and the West Indies tomorrow morning.

The steamer Chignecto will sail for Halifax on Saturday morning. The steamer Bratland arrived at Montreal from Santiago yesterday.

The steamer Canadiana Harvester sailed from Montreal for the West Indies yesterday. The steamer Melita sailed from Montreal for Southampton yesterday.

The steamer Antonia arrived at London from Montreal yesterday. The steamer Empress of France arrived at Southampton from Quebec yesterday.

The schooner Peaceland arrived at Boston from Parrsboro yesterday. The schooner Frances Parsons arrived at Vineyard yesterday from Parrsboro. She is en-route to New Bedford.

The steamer Ballygally Head arrived at Cork from Montreal on Tuesday. (Canadian Machinery and Manufacturing News.)

Canadian markets are beginning to reflect some of the strike difficulties that is affecting business on the other side. Iron and steel deliveries are becoming more and more problematical and positive scarcity is developing in certain bar and sheet sizes. Prices are trending upward and for new orders carrying specific dates are meeting with a more or less indifferent reception in some quarters. It is said of one mill that it could draw steel from now until the middle of October on present orders alone.

To Holders of Five Year 5 1/2 per cent Canada's Victory Bonds
Issued in 1917 and Maturing 1st December, 1922.

CONVERSION PROPOSALS

THE MINISTER OF FINANCE offers to holders of these bonds who desire to continue their investment in Dominion of Canada securities the privilege of exchanging the maturing bonds for new bonds bearing 5 1/2 per cent interest, payable half yearly, of either of the following classes:
(a) Five year bonds, dated 1st November, 1922, to mature 1st November, 1927.
(b) Ten year bonds, dated 1st November, 1922, to mature 1st November, 1932.
While the maturing bonds will carry interest to 1st December, 1922, the new bonds will commence to earn interest from 1st November, 1922, GIVING A BONUS OF A FULL MONTH'S INTEREST TO THOSE AVAILING THEMSELVES OF THE CONVERSION PRIVILEGE.
This offer is made to holders of the maturing bonds and is not open to other investors. The bonds to be issued under this proposal will be substantially of the same character as those which are maturing, except that the exemption from taxation does not apply to the new issue.
Dated at Ottawa, 8th August, 1922.

W. S. FIELDING, Minister of Finance.

2,000 AMENDMENTS
TO U. S. TARIFF BILL
CONSIDERED IN ALL

Senate Now Speeding Ahead at Unwonted Rate in Endeavor to Dispose of Several Score Private Amendments Before Tonight's Adjournment.

(Canadian Press Despatch)
Washington, Aug. 16.—With the 2,000 odd committee amendments finally disposed of, the senate turned its attention today to proposals from individual senators for changes in the tariff bill. Several scores of such amendments have been offered and all of those that are pressed for consideration by their sponsors must be voted upon before the senate recesses tomorrow night.

The senate, driving forward at a speed it seldom attains, completed consideration last night of all committee amendments to the administration tariff bill. The senate approved last night a duty of fifteen cents a pound and sixty per cent. ad valorem on utensils made of aluminum, and a duty of fifty per cent. ad valorem on utensils of copper, brass, steel and other metal.

Several reductions in rates in the metal schedule were proposed by the committee and approved by the senate, these including pig iron from \$1.25 a ton to seventy-five cents a ton; steel rails, etc. from seven-fourths of a cent a pound to four-fifths of a cent, and beams, girders, angles, etc. from twenty-five per cent. ad valorem to twenty per cent.

On harness valued at more than \$70 a set, and saddles valued at more than \$40 each, with parts, except metal, for both a duty of thirty-five per cent. was voted. All harness and saddles had been transferred to the free list after the senate voted down the duty on hides and leather last week.

Senator Oddie, Republican, Nevada, offered an amendment to the newspaper section of the free list, proposing to eliminate the house provision for a duty of ten per cent. ad valorem against newspaper printed in countries which restrict the exportation of printing paper, wood pulp or wood for the making of pulp. Senator Oddie said this duty was aimed at Canada, which prevented exportation of pulpwood from its crown lands, and added that it was feared that this would "unnecessarily antagonize Canada without in the slightest affecting the situation."

SEN INTIMATES THAT HE IS ONLY LAWFUL RULER

Shanghai, Aug. 16.—Sun Yat Sen, deposed president of South China, issued a manifesto today implying that he is the only legal president of All-China, but refused, in reply to direct questions, to make the flat statement to that effect. Sun is preparing a statement to be addressed to the foreign powers.

RELEASE OF SHIPS SEIZED BY SOVIET ASKED BY BRITISH

London, Aug. 16.—In view of reports confirming the recently reported seizure by Russian Soviet authorities of four British steamships at Batun, engaged in carrying oil from the Caucasus, the British government is making further representation for the release of the vessels, it was learned today.

PLUSH GARTERS SPANGLED WITH PEARL BUTTONS!

New York, Aug. 17.—All the way over from Italy, aboard the liner Colombo of the Navigazione Generale Italiana, playing between Naples, Genoa and New York, crowds of passengers followed Teresiti Cantini of Milan about the deck.

When she stood by the rail, brisk breezes lifting her skirts, or sat a while in a steamer chair, crossing her legs, which were perhaps a bit tired, groups of men and women, particularly men, who started at her, grew denser.

Teresiti wondered what it was all about, but it wasn't until the Colombo docked that she learned the truth. They were looking at her garters.

Teresiti is a modest girl. In Milan she is a fashionable millinery designer. Her mind runs to hats, not hosiery support.

Disembarking of passengers ceased while the pretty Milanese took a chair and crossed her limbs. The garters proved to be of black plush, three inches wide and spangled with mother-of-pearl buttons, three in a row, set perpendicularly. These details are positive, the reporter made a close examination. They were worn just below the knee.

"But why," said Teresiti, "why should these excite the people? Every one is wearing them in Milan. I am surprised that any one should stare at a girl who is wearing something that any one else may have."

Mrs. Cantini is going to San Francisco to visit relatives living at No. 1208 Kearney street, that city. She is twenty-five years old. Veteran ship reporters agreed she was the prettiest girl they ever had seen land in this port.

Passengers voted Doro Barone, a pretty twelve-year-old girl, who came with her parents from Italy to visit relatives in Brooklyn, queen of the ship. Three girls were aboard the Colombo who came to this country to join fiancés gained through war romances. Their sweethearts came ahead of them.

Maria Buratti, twenty-two, of Novara, Italy, will go to Los Angeles to be married to Mario Bisetti. Irene Pento has a husband waiting for her at Newcastle, Pa., and Maria Petrioli will listen to wedding bells in Chicago.

Cavalieri Francisco Ansaldo, port captain for the Navigazione Generale Italiana at Genoa, and Dr. Cesare Servadia, vice-president of the line, arrived on the Colombo so as to be here for the docking of the new boat, Giulio Cesare, two weeks hence.

AUTHORITIES PROBING A PLOT TO DEFRAUD
Woman and Two Men Alleged to Be Involved.

Sault Ste. Marie, Mich., Aug. 17.—Authorities here are investigating an alleged plot to defraud a Canadian insurance company. A woman and two men, one of them said to be a Canadian physician, are involved. The woman in question carried life insurance. She was to disappear. The body of a woman was to be dug up from the cemetery on Drummond Island, taken to a house in Sault Ste. Marie, Ont., and the house set on fire. Further plans were to fraudulently collect the life insurance. The plot, it is said, was upset when the plotters were caught at the cemetery after having exhumed the body of an old woman.

GREAT AIR RACE FOR KING'S CUP

Will Be Held at London Early in September—Only British Airmen and Machines to Compete.

(Canadian Press, Limited.)
London, Aug. 17.—There is to be a great air race for a cup presented by the king some time during the first fortnight in September.

The race will occupy two days, one for the outward half of the course, and one for the return. It will start and finish at Croydon, and Glasgow will be its northernmost limit. Birmingham, Newcastle-on-Tyne, Manchester, and Bristol are among the cities that will be points on the route, and it is hoped that civic authorities will do all that is possible to facilitate the arrangements for the race, which will be in the hands of the Royal Aero Club.

The plans for the race so far are not advanced, but it is already settled that it shall be flown under a handicap, and that, in addition to the King's Cup, a trophy which many airmen have already declared it their keen ambition to win, there shall be certain subsidiary prizes. In the provision of these the promoters of the race have some expectations that the great industrial and commercial centres over which the racing aircraft will pass in the contest will take some part. The need for the encouragement of aviation is acute, and the race will provide an opportunity for the public who are coming more and more to realize their dependence at a time of national emergency on our airmen, to express their appreciation of them.

It is intended that only British airmen and machines shall compete. Any type of aeroplane will be eligible.

FORMER OFFICIAL OF C. P. R. IS DEAD

(Canadian Press Despatch.)
Winnipeg, Man., Aug. 16.—William Cross, eighty, formerly assistant to the vice-president Canadian Pacific Railway, died at his home here today. Mr. Cross was a native of England, coming to Canada in 1868. He was for many years connected with the mechanical department in the Montreal shops, and on his transfer west handled mechanical matters for western lines. After forty years' service with the C. P. R., Mr. Cross was superannuated in 1904.

Allwood's Expensive Thirst

Hamilton, Aug. 17.—Back benches sat back and gasped in police court when they heard James Allwood's drunk record. He had paid \$970 in drunk fines since the end of 1910 the magistrate reminded him, and he was back again. His novel plea for leniency, that he just got out of jail yesterday, only resulted in his getting another thirty-day stretch.

Preferred Purity

When you consider that PURITY Ice Cream was the kind selected to sell in the big drive of last Wednesday to raise funds for the Provincial Health Centre at St. John, you can form some idea of the popularity of Purity Ice Cream, and realize, as never before, that Purity Ice Cream is appropriately called "The Cream of Quality."

TROOPS FROM HALIFAX STONED AT NEW ABERDEEN

Sydney, N. S., Aug. 16.—After passing through a fusillade of stones hurled by energetic strike sympathizers on the outskirts of the town, Colonel Eldin's Halifax troops occupied No. 2 colliery at New Aberdeen late this afternoon.

About 1,000 steel workers were on hand at 2.15 this afternoon when the troop train from Halifax reached Sydney. Many uncomplimentary remarks were passed but no actual hostilities ensued and the passenger cars were quickly shunted from the Canadian National Railway main line to the Sydney and Louisburg tracks en route for Glace Bay.

Many of the soldiers appeared to be veterans of the Great War, and they were arrayed in full fighting kit, even down to the "tin hats." No further incidents occurred until the train was entering the outskirts of New Aberdeen where several windows were smashed by stones at the passing troops by a body of about 300 men lined up along

the right way. A large crowd was on hand at the colliery to see the troops detain, but no disturbance occurred. The crowd was in a jovial mood, apparently, and when the Sydney and Louisburg express from Louisburg pulled in bystanders shouted to the passengers, "we hope you're not scabs." Just before the train came along, some persons unknown tore up a section of the main line near the colliery, and traffic for a time had to be diverted through a siding. So soon as the troops got out of the cars, they formed up and pushed the crowd back to a certain distance. Sentries were posted tonight and organization of posts and pickets was going forward actively.

Magistrates J. C. Townsend, aged seventy-seven and A. G. McLean, aged seventy, were taken on board the troop train when Colonel Eldin's force passed through Sydney. These magistrates will be kept with the troops in readiness to read the "riot act" should future disturbance require it. Both are veterans of the Cape Breton coal strike of 1909 when they were stationed for a similar reason at two of the collieries of the district. At that time a magistrate was stationed with detachments of troops at each mine.

Workers' Train Stoned

Sydney, Aug. 16.—A carload of men en route from Sydney to man the pumps at No. 2 colliery, were attacked and stoned by strikers or strike sympathizers at New Aberdeen late this afternoon.

AFTER EVERY MEAL

WRIGLEYS

WRIGLEYS' JUICY FRUIT CHEWING GUM
THE FLAVOR LASTS

Juicy Fruit, Peppermint and Spearmint certainly make three delightful flavors to choose from.

And the new NIPS—the candy-coated peppermint gum, is a great treat for your sweet tooth.

All from the Wrigley factories where practice has made perfection.

Packed Tight—Kept Right

TROOPS FROM HALIFAX STONED AT NEW ABERDEEN

Sydney, N. S., Aug. 16.—After passing through a fusillade of stones hurled by energetic strike sympathizers on the outskirts of the town, Colonel Eldin's Halifax troops occupied No. 2 colliery at New Aberdeen late this afternoon.

About 1,000 steel workers were on hand at 2.15 this afternoon when the troop train from Halifax reached Sydney. Many uncomplimentary remarks were passed but no actual hostilities ensued and the passenger cars were quickly shunted from the Canadian National Railway main line to the Sydney and Louisburg tracks en route for Glace Bay.

Many of the soldiers appeared to be veterans of the Great War, and they were arrayed in full fighting kit, even down to the "tin hats." No further incidents occurred until the train was entering the outskirts of New Aberdeen where several windows were smashed by stones at the passing troops by a body of about 300 men lined up along

the right way. A large crowd was on hand at the colliery to see the troops detain, but no disturbance occurred. The crowd was in a jovial mood, apparently, and when the Sydney and Louisburg express from Louisburg pulled in bystanders shouted to the passengers, "we hope you're not scabs." Just before the train came along, some persons unknown tore up a section of the main line near the colliery, and traffic for a time had to be diverted through a siding. So soon as the troops got out of the cars, they formed up and pushed the crowd back to a certain distance. Sentries were posted tonight and organization of posts and pickets was going forward actively.

Workers' Train Stoned

Sydney, Aug. 16.—A carload of men en route from Sydney to man the pumps at No. 2 colliery, were attacked and stoned by strikers or strike sympathizers at New Aberdeen late this afternoon.

Ready-to-Serve Shredded Wheat

Crisp, delicious, oven-baked, filmy shreds of whole wheat, salt-free and unsweetened—

Sun and soil produce nothing so good for man as the whole wheat—but you can't eat raw wheat—it would only be partially digested. Shredded Wheat is the whole wheat boiled in steam, drawn into filmy shreds, baked a crisp, golden brown. A Summer joy to the housewife.

Two Biscuits with milk or cream make a complete, nourishing meal. Eat it for breakfast with sliced bananas or prunes; for lunch with berries; for dinner with sliced peaches, apricots, stewed raisins, or fresh fruits. Ready-cooked, ready-to-eat.

SPORT NEWS OF A DAY: HOME AND ABROAD

BASEBALL

Travelers and Moncton.

The Boston Travelers divided honors with Moncton yesterday. The first game ended 3-2 in favor of the visitors and the second was won by Moncton, 9-5.

Newburyport Defeated St. John's last night, 11-4, in what was one of the sweetest games of the season. McInerney, Garnett and Sterling all essayed to twirl for the locals, and each received a terrific lacing. Wright finished the game in good shape. McNeil pitched a good game for the visitors.

Table with columns for player names and statistics (R, H, P, O, A, E).

Score by Innings: Newburyport 8 0 0 0 0-11 St. John's 0 0 3 0 1 0-4

Summary—Three-base hit, Clarke. Two-base hit, Ware. Sacrifice hits, Ramsey (2). Struck out by Wright, 3; by McNeil, 6. Bases on balls, off McInerney, 2; off Garnett, 1; off Sterling, 2; off McNeil, 2. Stolen bases, Ware (3), Hayes, McCarty and O'Leary. Double plays, Fraser, Ramsey and Clarke. Hit by pitched ball, by McNeil, Marshall; by McInerney, McCourt. Passed ball, T'nanman. Wild pitch, Sterling. Hits, off McInerney, 1 on 2-3 innings; off Garnett, 4 in 1-3 inning; off Sterling, 4 in 2 innings; off Wright, 1 in 3 innings. Left on bases, Newburyport, 7; St. John's, 6. Umpires, Smith and Howard. Time of game, 1 hour 30 minutes. Score, Carnet.

Royals Defeat Redferry.

The game between the Royals and the Sugar Refinery team which was played on the South End diamond last evening, was a well contested exhibition of ball with the exception of the second inning, when loose playing on the part of the Sugar men netted the Royals five runs.

Table with columns for player names and statistics (R, H, P, O, A, E).

Score by Innings: Sugar Refinery 0 1 0 0 0 0 0 0-1 Royals 0 5 0 3 0 0 0 0-8

Summary—Two-base hits, Hogan, Harper, Austin (2), Mountain. Struck out by Cummings, 1; by Nelson, 13. Bases on balls, by Tony, 1. Stolen bases, Rowley, Harper, Nelson, Diggs. Double play, Price (unassisted). Hit by pitched ball, by Cummings, Hogan. Passed ball, Austin. Left on bases, Royals, 8; Sugar Refinery, 5. Umpires, Cummins, 11 in 4-5 innings; off Tony, 5 in 4-2-3 innings. Umpires, Brittain and McDermott. Score, Kiley. The Imperial Oil and the Indians will play this evening on the South End diamond.

Two New Teams.

Two new baseball teams made their initial appearance on a city diamond last night when the Orioles met and defeated the Silver Dollars in a game on the King George grounds by a score of 15 to 3. A lone brand of ball was displayed by both teams, although the Silver Dollars weakened at times and allowed their opponents to gather in the runs.

The St. Rose's won the first game of their post season series with St. Peter's intermediates on the Nashwaak Park last evening by the score of 11 to 0. Dalton, who twirled for the winners, allowed only one lone hit, permitted only two men to reach the initial sack and fanned eight men. Martin, who pitched for the St. Peter's, was nicked for seven hits all of them for extra bases, and received terrible support at times from his teammates. These teams will meet again in the second game of the series on Friday evening when Murphy will pitch for the St. Rose's and Hannah for the St. Peter's.

Auburns Coming Here. The fast Auburn (Mass.) baseball team under the management of Eddie Fry, who brought the team here early last season, will be here on Saturday for a double header with the St. Peter's. This team is coming here with the reputation of being a fast and snappy aggregation of baseball tusslers. This outfit is not the same Auburn team as in barnstorming through Nova Scotia at the present time, although the latter on

team contains many of the same players who were here with Eddie Carr's team last season. A review of the line-up for Saturday's game shows that Glenholm is the only player, beside the manager, who made the trip here last year. The team will line-up and bat as follows: Short stop, Carr; left field, Downey; third base, Glenholm; catcher, Grace; centre field and pitcher, Rivard; second base, Duffey, first base, Lane; pitcher, Cole; right field, Culhane; pitcher, Hart. Hart is reputed to be one of the leading semi-pro pitchers in New England.

Civics Trimmed. The Civics were trounced by the West End Improvement League team in a benefit game on the Queen Square diamond in aid of the orphan home on the West Side. The score was 7 to 4, with all the counting being done in one inning the seventh. It is expected that time scoreless and errorless ball was played. Hatfield for the losers had nine strikeouts and Mayes, for the winners, had five. Blair was behind the bat for the Civics and Currie for the winners.

Regular Game Tonight. The St. John's and St. Peter's will meet tonight in a regular league game and a good contest is expected. Manager Evans, of the St. John's, has Parlee, who shut out the leaders with one lone hit on Monday night, carefully groomed for tonight's contest, and he hopes to see him administer another coat of whitewash to the wasters of the green and white. It is expected that either King or Lawlor will be the pitching choice of Manager Dever tonight.

Fourth Game. The fourth game of the series for the amateur championship of the city is scheduled for the Queen Square diamond this evening at seven o'clock sharp. The time had been changed in order to play a longer game. Willet and Cox is the probable battery for the Commercial and St. George's will depend on Ross and Gonnell. Acheson will umpire.

American League—Wednesday. Detroit, 7; New York, 3. St. Louis, 7; Washington, 3. Philadelphia, 11; St. Louis, 3. Philadelphia, 10; Cleveland, 9. Boston, 4; Chicago, 3.

National League—Wednesday. Brooklyn, 3; St. Louis, 2. Cincinnati, 3; Philadelphia, 1. Chicago, 9; Boston, 4. New York, 7; Pittsburgh, 6.

International League—Wednesday. Reading, 6; Syracuse, 1. Buffalo, 5; Newark, 2. Newark, 7; Buffalo, 6. Jersey City, 7; Toronto, 3. Baltimore, 8; Rochester, 7. Baltimore, 7; Rochester, 6.

AQUATIC. Maritime Rowing Championships. Halifax, N. S., Aug. 16.—The date of the maritime provinces rowing championships, originally set for Saturday, September 9, at Halifax, has been changed to Saturday, September 16, owing to the fact that the maritime track and field meet will be held on the first named date.

TURF. Grand Circuit. Jackson Grattan won the 207 event in fast time at the Grand Circuit racing at Philadelphia yesterday. Summary: The Newbuck Stake, \$15 class trotters, purse \$2,000 and A. B. Cox cup, won by Pope Frisco, straight heats, best time, 2:09 1/4.

The Gopher Abroad. The golfer went abroad in lands beyond the sea to roam, and wrote his honest sentiments in weekly letters home: "Grand holes in the Alps, but if the ball went in I doubt if brass, nickel, cork or skill could ever get it out."

Will Stop Bust. Indianapolis, Ind., Aug. 17.—Officials of Laporte county have until two p. m. Friday to order abandonment of the Mack Dempsey-Bill Brennan fight, scheduled for Labor Day, it was indicated at the office of Governor McCray. Unless the officials take action by that time the governor will order the bout stopped.

International Tournament. Philadelphia, Aug. 17.—(Canadian Press Despatch).—Gerald L. Patterson and Pat O'Hara-Wood of the Australian Davis Cup team have arrived for the final matches of the international tennis tournament with the Spanish team, which will be played today, Friday, and Saturday. The winning team will face America in the challenge round.

LOCAL BASEBALL. In a fast seven-inning game last night the East End Clippers defeated the East St. John Rovers by a score of 10 to 5 on the East St. John diamond. The batteries were: for the winners, Ramsey and Griffin; for the losers, Howard and Penny.

The North End Ramblers defeated the South End All-Stars last night by a score of 7 to 4. The batteries were: for the winners, Dinger and Williams; for the losers, Smith and Stone. The Ramblers challenge the North End Nationals to a game on the Millidge Avenue diamond next Wednesday evening at seven o'clock. The Fairville Canucks, leaders of the West Side junior league, challenge the East End Clippers to a game of baseball on the Rockwood Park diamond on Saturday afternoon. They will also play a game with the West St. John Rowing Club junior team on the Queen Square diamond on Friday night. If the Canucks win this game they will clinch the leadership of the West Side. If the Rowing Club win they will be tied for first place.

At Central Hall Westminster, a no more war conference was held. Delegates from all the principal countries in the world attended. They are seen under their new banner.

George's Juniors for a game Saturday evening on the South End diamond. They request an answer through the Times.

Elephant Wanted. REAL HINDOO TALK (London Times). The female elephant presented to the zoo by the Maharajah of Cooh Behar two years ago entirely got the better of the English keepers this spring. She showed no trace of vice or disposition to run away, but refused to work. She would not stand between the new riccio steps, and when the old wooden steps were replaced she was equally abdicatory, and in the end declined to be saddled but even to leave the enclosure and formally saluted the elephant yard. A Goanese, who although not a regular mahout, had experience with elephants, was obtained from the Asiatic Seaman's Home at the docks, and for some time had better success. He persuaded the elephant to get into the enclosure and at once entered the enclosure and formally saluted the mahout, standing first at her head, and then at her tail. Next he took off his shoes, and with the help of two Goanese knotted a rope loosely around the elephant's neck, which he afterwards used as a kind of stirrup. With little difficulty he persuaded her to kneel and mounted her neck. In less than two minutes, soothing, patting, and talking volubly to her. Hindustani, he had got on good terms, took her round to the elephant ride, and apparently had her almost in complete control.

Brother of Jenny Lind was Janitor. Dies in New York at Age of 73—Never Saw Famous Singer. New York, Aug. 17.—It became known this week that Claus Gustave William Lind, a brother of the famous Swedish nightingale, Jenny Lind, died in the Margaret Court apartment house, Flatbush, Brooklyn, where he was employed as a janitor.

Automobile Exports Growing Rapidly. May Become the Greatest Motor Exporting Country in the World. "It is predicted that within a decade Canada will be the greatest automobile exporting country in the world," says the Industrial Digest, New York. "Several of the world's largest producers of motor vehicles, according to recent reports, are now handling all their export business through the Dominion, while the largest individual manufacturer of motor cars has for some years filled all orders for the British Dominions and export business in Canada has been comparable to the remarkable development of the automobile in the home market. With a population of about 9,000,000, Canada owns and operates over 400,000 automobiles and trucks. A decade has witnessed an increase in automobile ownership of twenty fold. While such a phenomenal advance is not to be expected again, continuous replacement of motor vehicles is assured. Within the next ten years, Canada will offer a home market for more than 800,000 motor vehicles for replacement purposes only. In that time, it is believed the market will expand its demand from 50,000 to 60,000 motor vehicles per annum, which it now offers, to beyond 100,000 motor vehicles. "In the automobile manufacturing business alone employment is given to about 8,000 wage earners and 1,200 or 1,500 salaried hands. Wages paid total about \$10,000,000 and salaries about \$3,000,000. Manufacturers of automobile supplies pay salaries amounting to near

BARON'S SUICIDE FOR LADY'S LOVE. Husband Handed Him Revolver and Left Him Alone 10 Minutes. Berlin, July 25.—(By mail)—Medieval ideas of honor die hard in circles of the old Prussian army, but German society in the republic is beginning to be shocked by them. A glaring example occurred last night in Schonberg, one of Berlin's most fashionable quarters, when Baron Walter von Schloffer, a former officer of the old army, shot himself in the house of Major Hanna Herbert von Borcke.

At the residence of Mr. and Mrs. Hanning Gillmor, Bonny River, on Thursday evening, a reception was held for Mrs. Roy Burton Colwell, who was recently married in this city. She was formerly a member of the staff of the General Public Hospital. Mrs. Colwell is a daughter of Mr. and Mrs. Gillmor. The bridal couple will reside in St. John after their return from a honeymoon trip.

LOCAL NEWS

THE RECALL.

All citizens who are anxious to assist in the circulation of petitions for the recall of the Mayor are requested to call Main 1400.

VISITING HER MOTHER.

Miss Margaret Belyea, superintendent of the Psychopathic Hospital of Iowa University, Iowa City, is in town visiting her mother, Mrs. T. M. Belyea, who recently underwent a successful operation at the General Public Hospital, and who is convalescing rapidly.

NO MEETING.

There was no committee meeting of the common council this morning. Mayor McEllen and Commissioner Fries just received were present, but the mayor decided that three did not constitute a quorum.

BANK CLEARINGS.

The St. John bank clearings for the week ending August 17 were \$2,101,959. For the corresponding week last year they were \$2,642,502 and for the same week in 1920, \$3,351,778. In Halifax the total was \$2,595,718.

RALSTON-CARTER.

On Wednesday, August 9, the marriage of James Ralston and Miss Carter took place at 319 City Road, Rev. J. Charles B. Appel officiating. They were the recipients of many beautiful and useful presents.

AWAY FOR OLD LAND.

Captain Warner of the R. M. S. P. Chignecto, left last night for Montreal, where he will sail for Liverpool on the steamer Victorian tomorrow on a short tour. Captain Parker, who has just recovered from a serious illness, will take command of the Chignecto when she leaves here on Saturday.

ORPHANS' GARDEN PARTY.

The garden party at the West St. John orphan's home in aid of the institutions of the New Brunswick Protestant Orphanage, was continued this afternoon, starting at 2 o'clock, with all the attractions and booths in full swing. The home was thrown open for inspection this morning and afternoon until five o'clock and a great many interested people were shown through the building. The music for the garden party this evening will be furnished by the Carleton Cornet Band.

WILL VISIT SON.

Fred E. Whelpley of 82 Sydney street left yesterday for Chicago, via Montreal and Toronto, where he will visit his son, Ernest A. Whelpley, late with the Famous Players Lasky Corporation in New York city, and who three months ago was in the employ of E. A. Goodwin, here. Mr. Moore is an electrical engineer and district manager for the Grainland Electric Company of Pittsburgh, Penn. He is in charge of their Boston headquarters and directs the branch offices in Massachusetts, Maine, New Hampshire and Rhode Island. Mr. and Mrs. Moore will make Boston their home.

MAKING GOOD IN WEST.

Baseball fans in this city will be interested to learn that Chestnut, who was the star pitcher of the Wolves and who later joined St. Peter's team, is making good in the west. At the time ago he pitched a double header in Arcola at the Arcola Agricultural Fair and had twenty-three strike-outs. A write-up in one of the western papers credits him with having his opponents at his mercy. He was pitching for the William team, which won both games. He left here about a year ago.

MARRIED IN BOSTON.

Miss Emma M. Clark, formerly of West St. John, daughter of Mr. and Mrs. Geo. A. Clark, and Stanley Moore were married on August 12 at the residence of James Cann, Marlboro Baptist church, and left immediately by motor for a trip through New England. Mrs. Moore was for several years in the employ of E. A. Goodwin, here. Mr. Moore is an electrical engineer and district manager for the Grainland Electric Company of Pittsburgh, Penn. He is in charge of their Boston headquarters and directs the branch offices in Massachusetts, Maine, New Hampshire and Rhode Island. Mr. and Mrs. Moore will make Boston their home.

JACOB S. BROWN.

The death of Jacob S. Brown occurred in the city this morning at the age of 82 years. He was a lifelong resident of the city and conducted a tin-smith business on Dock street until the last fifteen years, when he has been employed with John Wilson. Mr. Brown was a member of St. Matthew's Presbyterian church, and was one of the oldest members of the Knights of Pythias, and a past chancellor of New Brunswick Lodge. Besides his wife, Mr. Brown is survived by one brother, Douglas Brown, and one sister, Mrs. James Stark, of Boston, Mass. The funeral will be held from his late residence, 176 Douglas avenue. Time will be announced later.

PHELAN-RAFFERTY.

A very pretty wedding was solemnized on Wednesday, August 9, at eight p.m., in the Church of the Immaculate Conception, Calais, when Rev. George P. Pettit united with nuptial mass Miss Florence Madeline Rafferty, daughter of Mr. and Mrs. James J. Rafferty, and Joseph Phelan, son of Mr. and Mrs. John Phelan. The bride looked charming in a dress of white georgette with satin trimming and a white satin hat, and carried sweet peas and bride's daisies. She was attended by her sister, Miss Phyllis Rafferty, who wore a dress of apple green silk and a white hat. After the ceremony, the happy couple drove to the home of the bride's parents, where a breakfast was served. They received many beautiful and useful presents. Among the out of town guests was Miss Florence Stevens of St. John.

CASE WITHDRAWN.

In the County Court Chambers this morning before His Honor Judge Armstrong the case of King & MacDonald versus Arthur Campbell was taken up. This is an action arising from injuries received by the horse of the plaintiffs on October 29th last when it was run over by a sloven with horse attached owned by the defendant. The accident happened in Smythe street. The horse of the defendant was hauling a load of sardines and was unable to make the grade causing it to back up and the sloven to run over the fore hoof of the plaintiff's horse. Dr. I. A. Donovan attended the animal for about three weeks but finally it had to be shot as its injuries were too severe. The defence claimed that the horse slipped and fell and that the sloven had not been overloaded. The plaintiff entered action for \$325 damages. Evidence was given this morning by Dr. Donovan, James Slattery, teamster for the plaintiffs, and I. J. MacDonald. The judge suggested a compromise settlement and the parties acting upon the suggestion the case was withdrawn.

GORDON KRIBS' CREDENTIALS

What The Hydro Electric Power Commission of Ontario Says of Him.

In view of the doubts designedly expressed in some quarters as to the standing of Gordon Kribs as a hydro-electric engineer, the Telegraph and Times wired an enquiry to the Ontario Hydro-Electric Power Commission, and this morning received the following reply:—"Replying to your enquiry re Gordon Kribs, he has been known to us for about thirteen years, during which time he has had charge of some very important engineering work. Mr. Kribs worked for the commission for approximately six years, leaving to go into the manufacturing business with his father. His work while with the commission was entirely satisfactory, and in our opinion the City of St. John is fortunate in securing his services.

"HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO."

It may be added that the Ontario hydro system is divided into three districts, and that for some five years Mr. Kribs was the engineer for the eastern district, his work being "entirely satisfactory." He is one of the outstanding hydro-engineers of the country.

RAIN INSURANCE FOR EXHIBITION

Matter is Now Receiving Attention of Directors—\$600 Insures Fine Day or \$5,000 Payment.

The management of the exhibition is considering another innovation in connection with the coming fair, the matter of rain insurance. The matter was discussed at a meeting of the exhibition commission recently, and as a result of inquiries a local insurance firm have signified themselves ready to give a policy covering against rain for any number of hours which may be required, on Labor Day or any other day. The contract would pay the full amount of the policy in case of two-tenths of an inch of rain, or one-half of the policy in case of rain, full amounting to one-tenth of an inch, during the specified hours. The amount or number of hours may be varied in any way. The policy must be delivered and the premium collected at least five days in advance of the date of the risk. The advantage of the whole matter is that for something under \$600 the management can collect \$5,000 in case of a heavy rain, and half that amount in case of a lighter rainfall, in either of which cases the attendance at the fair is seriously interfered with.

Hailfall insurance has never been employed in St. John before.

TWO ST. JOHN MEN FIGURE

Are Among The High Scores In Governor General's Match at D. R. A. Meet.

Ottawa, Aug. 17 (Canadian Press)—At the Dominion Rifle Association meeting yesterday, the Jubilee trophy, for teams of ten men, five of whom are tyros, is understood to have been won by the Saskatchewan team. This is for the first time in the history of the trophy. Governor General's prize, first stage, 500 and 600 yards, seven rounds at each range, highest 150 competitors to shoot in the second stage. Best score, D. C. R. A. silver medal, Sgt. Haddock, R. R. Hamilton Regiment, 59; A. Emery, St. John R. C., 96; Lieut. J. Downey, St. John R. C., 94.

WATER MATTERS.

The work of replacing the old four-inch water main in Sydney street with a new eight-inch pipe will be completed tonight. Satisfactory progress is being made by the installation of a new twelve-inch main in Queen street. To give the commissioners an idea how badly the pipe was entirely closed, Commissioner Wigmore had a piece of the old four-inch main sent to city hall. It was so badly corroded that in some parts it was almost completely closed, and in others only leaving about an inch space. In Queen street near Wentworth some of the pipe was entirely closed, and the houses were only being fed from the Pitt street main. Commissioner Wigmore explained that by putting in larger mains the capacity is increased four times for every additional inch.

The trouble with the main in East St. John has been rectified. Commissioner Wigmore said that no less than eight leaks were discovered about the joints. Repairs to these were completed last night.

JUDGMENT RESERVED.

In the case of Willard Foster, charged yesterday with a second offence in connection with a violation of the prohibition law, J. A. Barry this morning, for the defence, argued that the accused was not a subject for conviction as a second offence case, in that he did not come within the provisions of the law. Mr. Barry held that only licensees are amenable to the law regarding second offence cases providing from six to twelve months in jail in addition to a fine, and that Foster would not come within the scope of that section, but rather within the scope of the section dealing with persistent violators. W. M. Ryan, for the prosecution, argued that the section referred to dealt with any and all violators, including licensees, and not exclusive of them, the section providing that on second conviction the licenses of licensees would ipso facto be cancelled. Several sections were cited, and the magistrate reserved judgment until he had looked into the law as cited.

Cashes Woven Names and Initials

We wish to advise our customers that now is the time for them to order their requirements of Cashes woven tape names and initials and so save themselves disappointment near the end of the holiday season. By leaving your order now you will give yourself ample time to sew tapes to clothing and so avoid the usual rush just previous to school and college opening. We can have any name woven distinctly on fine white or black tape. This is the neatest and most effective way of marking all kinds of clothing whether in school or home.

Names can be woven in Red, Blue, Lavender or Black on white tape in several different styles of lettering.

Price, 3 dozen for \$1.50; 6 dozen for \$2.00; 12 dozen for \$3.00.

These we can deliver in about two weeks from date of order.
