ONLY ESSENTIALS TO BE GIVEN COAL

Pittsburg Distributing Committee is Drawing Line

War Time Rationing in Chicago Region—No Coal There For People Who Have Week's Supply; The Prospect of Wages Matter Settled

Pittsburg, Pa., Nov. 21.—The Pittsburg district fuel distributing committee of the United States railroad administration proceeded on government orders today to supply coal to essential consumers only. Officials of industrial concerns not classed as essential, viewed the new order with apprehension and expressed the belief that fuel supplies to so-called non-essentials would be cut off entirely.

Conflicting opinions came today from various persons interested in the situation on the question of a possible coal shortage here. Members of the fuel committee said there was no immediate danger of a shortage, but in industrial circles it was declared that in many districts the district were not soon re-opened many industries would feel the effects of a fuel famine.

Chicago, Nov. 21.—Chicago and the northwestern railroad region today placed on a wartime rationing of coal. Coal officials instructed retailers to refuse to make deliveries to persons on hand. The general situation was not improved and the tension in some districts was lighter.

Washington, Nov. 21.—In continuing their endeavor to draw a wage control which will get coal miners in the central competitive field back to work, operators and miners had before them today an offer of the operators to give the men a fifteen-cent-an-hour increase for piece workers in the mines, and twenty per cent additional in wages for day workers. The offer was made as a compromise of the miners' demands for the thirty-hour week and a sixty per cent increase compensation.

Outlying operators who have been following the negotiations confidently predicted that the agreement in the central field, if reached, would serve as a basis for wage scale contracts affecting them. P. W. Lukins, president of the Interstate Coal Operators' Association, today spokesman, said the central field offer was a very liberal one, and expressed hope for its acceptance.

Calculations as to the price of coal on the basis of the operator's offer indicated, it was said, that the consuming public would be asked to pay in excess of its acceptance about \$200,000,000 per annum additional for its coal.

CANADA'S FIRST INDEPENDENT TRADE COMMISSIONER TO U. S.

Lieut. Col. John A. Cooper's Appointment Reveals New Phase of Status of Colonies

(Special to Times.) Boston, Nov. 21.—The first representative of the Canadian government, acting independently of the British Empire, has ever sent to a foreign country has been to the United States and yesterday in Boston. Lieut.-Col. John A. Cooper of Toronto, a veteran of the world war, is Canada's commissioner and with the establishment of his first office in New York there is brought to the attention of the American public an entirely new phase of the self-government of the British colonies.

Colonel Cooper explained the new feature of Great Britain's government of her colonies which in effect means a sort of declaration of independence on the part of what once were the British colonies and which now may be termed the separate British nations of the British Empire. It amounts to this: The sovereign comprising the great family of the British Empire have grown up. They are fully able to shift for themselves. Instead of working for the head of the family they have taken into equal partnership each with rights equal to those of the head of the firm.

"DRY" ACT STANDS TILL PEACE IS FORMALLY DECLARED

Washington, Nov. 20.—While the supreme court was hearing argument on the validity of the war time prohibition act, word went out from the White House that President Wilson would not rescind the "dry" act until peace formally had been declared. This was expected to set at rest the ever-recurring rumors that the "dry" act would be lifted by the president irrespective of early ratification of the treaty of Versailles.

The Department of Labor at Ottawa has agreed to appoint separate conciliation boards to hear the wage disputes in the various Cape Breton collieries.

Pound Climbs A Bit; Exchange is Better Today

Quotation Today \$4.04 3/4—This Morning in Wall Street—Is Money Stringency Overcome?

New York, Nov. 21.—Foreign exchange rates were considerably improved at the opening of the local market today. The pound sterling, which fell yesterday to \$3.99 1/2, brought \$4.04 3/4, in today's initial transactions. France checks were quoted at 9.67 to the dollar, four centimes above yesterday's closing prices. Lire checks rose 3 centimes to 12.27 for the dollar. In Wall Street.

New York, Nov. 21.—Leading issues were one to three points higher at the opening of today's stock market, yesterday's late rallies being generally extended. Motors and shippings featured the advance, closely followed by oils, independent steels and equipments. High priced specialties were represented by Industrial Alcohol and Columbia Gas and Electric was unusually active at a gain of almost three points. Sugar shares were in better demand and textiles strengthened. Realizing for profits caused moderate reversals within the first half hour.

Noon Report. Another rally in foreign exchange and indications that the money stringency has been overcome facilitated the further advance of prices during the morning. Easier money conditions were confirmed by the opening rate of eight per cent for call loans. Crucible Steel, General Motors and high grade oils gained six to thirteen points in the first hour, accompanied by more urgent covering of shorts. Tobacco kept pace with the stronger food, leather and shippings issues, but rails were relatively dull and irregular. Steels, equipments and motors shared more actively in the broader buying at noon.

METHODIST MISSIONS Important General Meeting of Women's Societies Held in Exmouth Street Church

The twenty-fourth annual meeting of the Women's Missionary Societies of all the Methodist churches in the city was held yesterday afternoon and last evening in the Exmouth street Methodist church, with the president, Mrs. George Steel, in the chair. At the afternoon session Mrs. Nell J. MacLanolin led the devotional exercises and Mrs. George Morris read a very interesting paper on "New Members." The Fairville Mission Band gave an excellent rendition of "The Way" and other songs. The afternoon session was devoted to the reading of reports from the various societies. Mrs. G. F. Dawson, pastor of the Exmouth street Methodist church, presided at the evening session. The "Mite Box" circle gave an interesting exercise. One of the features of the meetings was an inspiring address given by Miss A. D. Stoddard, a returned missionary from Japan, on the work and the need of workers in that field. She made an urgent appeal for more workers. Miss Freda Jenkins presided at a solo, "My Task," after which Mrs. Sanford spoke on the extension of the mission work. The benediction was pronounced by Rev. George Steel, D. D.

RAILWAYS INCREASING PAPER FREIGHT RATES

Montreal, Nov. 21.—Notification was yesterday received by the transportation bureau of the board of trade, that the Canadian National Railways, the C. P. R., and the Grand Trunk, had issued a new set of tariffs, considerably increasing the rates on paper and paper products. The proposed increases will be discussed at a special meeting of the paper section of the board, called for next Tuesday, and a decision reached as to whether the railway commission should be appealed to.

TUBE OF RADIUM VALUED AT \$12,000 LOST DOWN DRAIN PIPE IN HOSPITAL

Chicago, Nov. 21.—Dr. Henry Schmitz reports that a tube of radium valued at \$12,000, became unfastened in a bathtub at St. Mary's Hospital and disappeared in the drain pipe, while being used in the treatment of a patient. The loss was protected by insurance.

GRAVES AUTHORITIES FOR CARE OF WAR GRAVES

London, Nov. 21.—Hon. G. P. Graham, with Mrs. Graham, has returned to England after visiting the grave of his son in France. He said that he was most favorably impressed with the care taken of the war graves, adding that the work of collecting those bodies buried in scattered places and reverently reinterring them in cemeteries had been colossal but had been carried out with great care.

SING SING FIRE

Oshington, N. Y., Nov. 21.—Three buildings in the Sing Sing prison yard were destroyed this morning by a fire believed to be of incendiary origin. The loss is estimated at more than \$200,000.

Some Ice Along The River Shores At Province Capital

Steamer Business Reported Brisk As Season Draws to Close—J. H. Holland Takes to Hospital

(Special to Times.) Fredericton, Nov. 21.—A drop in temperature last night caused ice to form along the shore and among the islands of the St. John river near here, but the ice was not heavy and soon drifted away. J. Southern, agent of the Crystal Star Steamer Company here, expects that navigation will continue for some days yet. The D. J. Purdy left on Thursday on her last run to St. John. The Majestic will make her last trip from the Washademoak to St. John and it is expected will go on the Fredericton route on Saturday. As she is a steel hulled vessel she will go through the light ice without trouble.

A telephone report from Sheffield this morning was that there was no ice there and the river was as clear as in summer. Heavy freights both through and way are offering for the steamers. The river closed here last year on Nov. 27, which was later than the average. A late closing is expected this year. James H. Holland, registrar of probate, was taken to the St. John Public Hospital yesterday. He has been ill for some time.

WOULD HAVE US BUY LESS IN THE STATES

Finance Minister Speaks on Equalizing of Exchange

Ottawa, Nov. 21.—Sir Henry Duguid, finance minister, can see no practical way to equalize exchange between Canada and the United States except by the Canadians buying less from the United States. "As long as our people persist in purchasing unnecessary expensive luxuries from the United States," he said, "the adverse exchange rate will be maintained." He said the United States supplies the world with goods to the value of \$100,000,000. To remedy the exchange with the United States there are three propositions—Selling more goods to the United States, buying less from the United States, or floating a loan in that country equal to the adverse trade balance. The government recommends the second proposition.

TWO OTHER WAYS ARE SELLING MORE GOODS BELOW THE BORDER AND FLOATING A LOAN IN AMERICAN REPUBLIC

Ottawa, Nov. 21.—Sir Henry Duguid, finance minister, can see no practical way to equalize exchange between Canada and the United States except by the Canadians buying less from the United States. BONAR LAW SAYS ALLIES WILL CARRY ON WITHOUT STATES

London, Nov. 21.—The inability of the United States representative at Paris to deposit President Wilson's ratification of the German treaty at the same time those of other powers are filed will not prevent the remaining allied and neutral powers from proceeding to carry the treaty into effect, said Andrew Bonar Law, government leader in the House of Commons, yesterday in answering a question regarding the status of the treaty as a result of the American setback.

In answer to a question from Sir Donald MacLean, Mr. Law said: "Without doubt there will be no slackening in the determination of Great Britain to do all in her power to take the lead in seeing that the League of Nations becomes an effective instrument of human progress. I think it would be a mistake to assume that all possibility of help from the United States is gone."

As Hiram Sees It

"I wonder," said Mr. Hiram Hornbeam to the Times reporter, "if I couldn't get out some lumber this winter and sell it in the spring to the 'Old Men's Home'?" "I had not heard," said the reporter, "that the project had been revived. We are concentrating now on the children's homes. The Old Men's Home has been got beyond the pledge of a few thousands of dollars. There is need of such an institution, certainly—but I had not heard anything about it lately. Who is talking about it now?" "Well," said Hiram, "nobody says anything about it, but it's got to come—haint it?" "But why next spring?" queried the reporter. "Well," said Hiram, "by that time I'll call the Commercial Club 'I'll be gone'—strong—'an' I'll be a choice between Dr. Osler's chloroform or the Old Men's Home for a hill lot of the old fellows that's hangin' onto the reins now an' walkin' the boss when he orto be an' full gallop."

Freight Rates To Go Up 25 Per Cent; St. John Will Be Affected

Advance Tolls on Boston And Maine Road on Dec. 31

A BOSTON SUGAR CASE

(Special to Times.) Boston, Nov. 21.—There will be an increase of 25 per cent in the freight rates of the Boston and Maine, beginning Dec. 31, the day before the railroad will be returned to private control. The new rates is worked out by the interstate commerce commission, were received yesterday by the public service commission. Of course this will affect traffic with St. John on all rail shipments, as the Boston and Maine is a feeder for the Canadian Pacific.

MEXICO WARNED IN THE JENKINS CASE

Washington, Nov. 21.—Mexico was warned yesterday by the American government that any further molestation of William B. Jenkins, American consul at Puebla, who was recently kidnapped by bandits, would "seriously affect the relations between the United States and Mexico, for which the government of Mexico must assume sole responsibility." Coupled with the warning was a demand for the immediate release of the consul agent, who was re-arrested on Tuesday on charges in connection with his abduction and ransom in the sum of \$150,000 in gold.

CANADA'S NAVAL POLICY

Ottawa, Nov. 21.—Hon. C. C. Balfour has indicated that the future naval policy of Canada will probably be submitted to parliament at its next session, which will be in February. What that policy will be will be decided by the cabinet in the near future. Lord Jellicoe is due here on Nov. 27 to consult with the government on an advisory capacity, but not to recommend any particular plan of construction. Canada has 10,000 young men and boys who have undergone training in Canada during the war and been forwarded to the Canadian mercantile marine in home and European waters, and there is a feeling that that training should not be entirely lost. With the creation of a Canadian mercantile marine, such as Canada has begun with fifty-three ships launched or under construction, there arises the necessity of providing some sort of cadet system for the creation of an adequate supply of officers to man them. So scarce has the supply of officers become that he is being sent to the United States to be trained at the last session of parliament introduced a bill, which was afterwards withdrawn temporarily, providing for the training of a navy without certificated masters and mates. This is now allowed under order-in-council, and it was proposed to continue the practice.

LOOK TOWARDS COLONIES

London, Nov. 21.—The woes of middle-aged English people who find their incomes depleted through heavier taxation has been freely ventilated here in the press. Lately General Manley Sims, Agent General of the Dominion of India, has suggested that such people should turn their thoughts towards the dominions and not uncharitably suggested Ontario for preference.

The Canadian government vessels now make provisions for carrying two cadets on each vessel, but no preliminary training is given them. A suggestion has come from British Columbia that a training ship should be established where boys and girls of the mercantile marine would be trained, and this is still under consideration.

KID BARRETT CHALLENGES

Halifax Echo.—At last night's boxing festival at the Mayflower rink, Kid Blake, who has been coming along so well of late, seemed to be a man of the hour, though (through no fault of his own) he was not in the ring. A bunch of challenges were hurled at him, including one from Kid Barrett, of St. John, and Kid announced he was open to meet all comers at 125 pounds ring-side. A St. John-Halifax bout would be mighty interesting in sporting circles and would remind one of old times.

BRITAIN TO GET THE IMPERATOR

Shipping board officials indicated that action with regard to the seven other German steamers in the same status had not been determined.

Grand Jury to Deal With Twenty Cent a Pound Transaction—Seizure of Coal by Federal Authorities; The Police Situation

(Special to Times.) Boston, Nov. 21.—There will be an increase of 25 per cent in the freight rates of the Boston and Maine, beginning Dec. 31, the day before the railroad will be returned to private control. WILL EMPLOY 80,000 MEN ON RAILWAYS, HAVING 22,375 MILEAGE, OPERATING IN EVERY PROVINCE AND IN THE UNITED STATES—Daylight Saving Favored

Toronto, Nov. 21.—Speaking last night at a banquet of the Ontario Associated Boards of Trade D. B. Hanna, general manager of the Canadian National Railways, surveyed Canada's publicly owned transportation system and enthused his hearers with the project. "When all these railways are consolidated we will have 22,375 miles of railways operating in every province of the dominion, including 1,881 miles in the United States. That railway will be one of the most gigantic in the history of the world. It will employ 80,000 men and will have gross earnings of \$170,000,000 annually. I venture to predict that in five years we will have probably \$225,000,000 gross earnings and there is nothing to prevent the property being made a success if you and others will see to it that neither your member of parliament nor the government is permitted to have a hand in the management of the road. Sir Robert Borden has said this statement.

PRINCE HOST ON THE RENOWN TO THOUSAND N. Y. SCHOOL KIDDIES

Toronto, Nov. 21.—Addressing the Empire Club yesterday on "Ontario and the Railways," E. W. Beatty, president of the C. P. R., said there could be but one view as to the desirability of the success of the Canadian National railway system. No one desired its success more than he thought his hope would be re-echoed by everyone who desired the burthen of the dominion to be as light as possible.

CLASH OF AUTHORITY AFFECTS MILK SUPPLY

Ottawa, Nov. 21.—In a statement last night the board of commerce announced that it is unable, owing to the refusal of its application to the Canadian Wheat Board for a reduction in the selling price of mill feeds, to control the advancing prices of milk and milk products other than by supervision of profits. In the opinion of the board there cannot be cheaper milk until the price of mill feeds is reduced. The power of fixing prices for these mill feeds, according to the statement, has been conferred upon the Canadian Wheat Board, and this body has refused to allow the reduction.

PREDICTS STERLING EXCHANGE AT \$4 FOR YEARS AND A TARIFF WALL BUILT UP

Vancouver, B. C., Nov. 21.—That sterling exchange will drop to \$4 and remain at that point for many years and that for Great Britain a tariff wall will be built up against the world, a noted British economist, who is here. We will have \$4 exchange for five and twenty years, declared Mr. Frewen, "only by removing all false props from the financial standing of a country can it reach a basis on which to build a solid monetary edifice." The natural tariff wall raised by the depressed value of sterling is the only thing which gradually builds up the industrial life of the British Empire and restore it to its pre-war position.

MANY OF THE HORSES ARE PUT OUT OF MISERY

Montreal, Nov. 21.—The Society for the Prevention of Cruelty to Animals yesterday destroyed 150 of the 250 decrepit horses which were found adrift on a farm north of the city on Wednesday.

EYE STRAIN

This is usually due to a defective formation of the eye ball, and not to a diseased condition.

While glasses do not cure this defect, they correct it by restoring normal vision without strain.

Eyestrain causes loss of nerve energy and physical disability. If bodily comfort is desired, together with ease in reading, glasses to correct this defect should be procured. If you are suffering from eye strain let us examine your eyes and fit you with the right kind of glasses.

Why not arrange an appointment today.

WHO IS THE AUTHOR

Hallifax, 18th Nov. To the Editor of the Halifax Recorder: Sir,—In connection with your praiseworthy work in reproducing in your columns the letters of "Agricola," I may say that I recently acquired an interesting pamphlet published in St. John, N. B., in 1893, entitled "Remarks on the Improvement of Live Stock." This is a small work of forty-seven pages, and the author's name is not given, but it refers freely to the works of "Agricola," and was undoubtedly inspired by the latter publication. It is written entirely for New Brunswick farmers, and goes minutely into the details for the improvement of live stock in that province.

I would be glad to learn the name of the author, and possibly your publication of this note may elicit that information.

Yours faithfully,
MAY LOSE GOWDY.
 New York, Nov. 19.—There is a belief in Eastern that Hank Gowdy, hero of the world's series of 1914 and of the world war of 1914-19, has played his last game as a member of the Braves. George Washington Grant is now formulating plans which will result in a thorough shaking up of the Braves, and Gowdy, it is said, will be one of the first of the club's veteran players to go. If he is placed on the market the bidding for his services is likely to be brisk.

Invidious is the word. It would be invidious to make comparisons between these coats because they are ALL so good. The best \$30. and the best \$65. we've seen.

Why so good?

Because they are all hand picked, and hand tailored where the human hand is better than the almost human machine. The new styles for young men are interesting. The makers have sent us many tailored models and you'll get a better choice now than later as none can be duplicated this season.

LOCAL NEWS

TO CAPITAL.
Chief Inspector W. D. Wilson left on the evening train yesterday for Fredericton. He expects to return to the city on Monday.

RETURNS TO CITY.
It was rumored this morning that William Webber was in the city yesterday afternoon, coming in on the noon train.

PROBATE.
Letters testamentary have been granted to H. W. Frink, executor of the estate of the late Walker W. Frink, total value \$15,156. John C. Delya is proctor.

THE NEW HOUSES.
The St. John Housing Commission has placed a contract for the erection of new houses now being erected on the west side in the widow of Oak Hall, King street.

IS BEING GREETED.
Daniel J. Carr, formerly of St. John, who has been residing in Montreal for the last few years, is in the city today and is being greeted by many of his old friends.

NOVELTY SHOWER.
A novelty shower for Miss Ida Costes of Rothesay was given last evening at the home of Mrs. Fred Johnston, Harrison street. Miss Costes received gifts of china, cut glass and silverware. A delightful evening was spent with games, dancing and refreshments.

SOUTH END SKATING RINK.
The work of preparing the south end skating rink will be continued tomorrow afternoon. Chairman C. M. Lingley of the South End Improvement League says the number of those who turned up last Saturday afternoon to help was entirely too small for effective work.

NEW LANDING WAITER.
Rolfe Y. Ganong of Sussex was sworn in this morning as an acting landing waiter by C. B. Lockhart, collector of customs. Mr. Ganong is a returned soldier. He will take over his new position today.

THEIR LITTLE GIRL DEAD.
The friends of Mr. and Mrs. Ervine H. Kiley will sympathize with them in the death of their infant daughter, Helen L., which occurred yesterday, aged eleven weeks. The funeral took place this afternoon from the residence of her parents, Spar Cove road.

NOW IN CHARGE.
J. P. Doherty, appointed port agent for the Canadian Mercantile Marine, arrived in the city on the Montreal train at noon today. He will open an office in the Royal Bank building, King street, and will take over his new duties immediately. The first steamer is due to arrive here about the first of December.

EXPORT PROHIBITED.
The collector of customs said this morning that a great many people were not aware of the fact that the export of wheat and wheat products, sugar, leather and hides from Canada was prohibited except by license from the Canadian Trade Commission at Ottawa. These orders have been in effect for some time but there are still some who are planning shipment without the required license.

AT THE ROLLING MILLS.
The Portland Rolling Mills have undergone a considerable change in the personnel of the office staff and George W. Day, who is now acting manager and superintendent, looks for a good winter. At present the twelve and eighteen inch mills are running two weeks alternately, whereas in the past they were running the two mills together and the employment was not steady. The employees now number fifty-three.

FAIRVILLE TRIANGLE CLUB.
The Men's Triangle Club of the Fairville Baptist church met at the residence of B. Gousoe, McKid street, and elected: Carey Black, president; H. Riecker, vice-president and G. Etey, secretary-treasurer. A membership committee, a social and entertainment committee, sick committee and a committee to look after community welfare were appointed. A social evening was enjoyed with songs and speeches. Rev. A. S. Bishop, pastor of the church, and J. Edmund gave interesting addresses. Refreshments were served.

HAYS CASE DEC. 4.
In the supreme court this morning D. M. Lillie, K. C., for the defendant, made application to have the case of the King vs. John Hays reserved. The application stands over until Dec. 4. The prisoner was remanded to jail. The court adjourned until December 4.

Chief Justice McKewen gave judgment this morning in the case of Fitzpatrick vs. Sordley, an action for alleged trespass to lands in Fredericton. Gregory and Winslow are for the plaintiff and P. J. Hughes for the defendant. Judgment for the defendant with costs was declared.

POLICE COURT.
In the absence of Police Magistrate Ritchie, Sitting Magistrate George A. Henderson presided at the police court this morning. Joseph Amburge of 2 Erin street, was charged with a serious offence. No evidence was taken, and the case was postponed until this afternoon. James Thomas, colored, was charged with assaulting Mrs. Lucinda McIntyre in 22 Brunswick street. Matters were explained and a satisfactory compromise resulted, but a report is to be made to the magistrate this afternoon regarding the case.

Two men charged with drunkenness were fined \$8 or two months in jail, while one was remanded to sober up.

THE DAIRY SHOW.
On December 3 and 4 the first annual convention and dairy show of the New Brunswick Dairywomen's Union is to be held in the Agricultural School Building, Sussex. Prominent speakers will be present from all parts of the dominion and everyone interested in the improvement of the dairy industry in New Brunswick should make it a point to attend the sessions of this convention.

WAS RELIEVED OF \$300.
Moncton Transcript—Some time ago Oscar Roberts, a respectable citizen of Chipman, reached the city in quest of work. While here he lost \$300. Two arrests followed his loss. One of the accused is in jail awaiting his trial before Judge Bennett, the other is out on bail at \$500 set by two sureties. Later on Isaac McKenzie was arrested charged with assault on Mr. Roberts in a local livery stable on last Saturday evening. He paid a fine of \$15. Then this morning a second resident accused of aiding in the assault last Saturday evening, was arrested, and came before the court. As the former he paid a tax of \$15.

SENTIMENT GAVE WAY TO PROGRESS

St. John Man Recalls What Metropolis of Empire Did in Removal of Buildings

Appropos of the controversy over the "to be or not to be" of the old court house, a citizen who was for some years a resident of London told a Times reporter today of the action taken by the people of the "biggest city" when they sacrificed the very heart of their business section so that London might be a city worthy of its name. Sentiment, which abounds more perhaps among the people of the old world than it does on this side of the Atlantic, did not stop the wholesale work of tearing down buildings which stood in the way of better and wider streets and a more comprehensive scheme of town building.

The Kingsway, Shaftsbury avenue, Piccadilly and many more of the streets in their vicinity have been the result of the general movement for reconstruction, which took place around 1900, with the result that today the west end of London is a thriving business section with streets through which pass easily a great volume of traffic and with buildings pleasing to the eye and ample in proportions and appointments for the business carried on within their walls.

It was with a pang of regret, perhaps, that many of the Londoners saw the very heart torn from their city to meet the demands of progress, but they accepted the situation philosophically with an eye to the future, there is no doubt that many of the old buildings carried traditions that extended back through many generations and the classes and the masses realized that tradition and sentiment were subordinate to efficiency and necessity scored a victory. For years the people gazed through a veritable city of board fences which one by one gave way to the buildings which now grace the west end of London; no sky scraper to be sure, but good substantial, sensible business blocks, theatres, shops, hospitals, municipal buildings and apartment houses.

EIGHT GALLONS OF WHISKEY
Fredericton Gleaner—Although Fraser Saunders, assistant chief liquor inspector, was unable to catch the man who was carrying the "goods," he succeeded in capturing two suit cases containing eight gallons of whiskey from a man on the Maritime Express coming into Newcastle early yesterday morning. While the man made a successful getaway yesterday morning it is said that he did not escape identification and a warrant will be issued for his arrest. The inspector was a passenger on the train from Campbellton where he had attended the trial of John Noil, of Jacquet River, who was arrested on September 26 for running an illicit still. Noil appeared before Magistrate F. E. Matheson at Campbellton, and was fined \$200 and costs.

CITY WINS IN BELVEA CASE

Supreme Court Judgment in Matter Affecting Control of Harbor Fisheries

(Special to Times)—The Appeal Division, Supreme Court, met this morning and delivered judgment in several cases. Court adjourned until Nov. 25, when the St. John Power Co. case will be heard.

In the case of Edith Gauvin, plaintiff, appellant, vs. Joseph Dionne and Capriano Bonchard, defendant, respondent, appealed from a decision of Chief Justice Sir J. D. Hazen, Judge Barry read judgment dismissing the appeal with costs. Judge Grimmer the same, and Judge White agreed. Appeal dismissed with costs.

Hamilton vs. Letovsky, an appeal from Victoria County Court—Judge Grimmer read a judgment dismissing the appeal of the plaintiff and cross-appeal of the defendant. Chief Justice Hazen and Judge White concurred. Appeal is dismissed.

Hamilton vs. Taylor—Chief Justice Hazen read judgment. Motion refused with costs. Judge Grimmer read judgment to same effect. Judge White agreed to set aside verdict for plaintiff and enter verdict for plaintiff or for new trial refused with costs.

Dunbar H. Al vs. J. S. Hookins Lumber Co.—Judge White read judgment allowing new trial with costs and no costs of first trial. Judge Grimmer read judgment. Appeal allowed to enter verdict for defendant with costs, but no costs for first trial. This was a Woodcock case, an agent being given an appeal with costs. Chief Justice Hazen and Judge White concurred. Appeal dismissed with costs. This was a fisheries appeal from the judgment of Judge Grimmer granting an injunction to St. John city to prevent the appellant from fishing on the western side of St. John harbor over ground secured by lease for a fish-harbor establishment and suitable between high and low water marks. The judgment confirmed decision of the judge in chancery.

WORKING AT MINTO; DECISION AS TO A STRIKE MADE TONIGHT

Fredericton, Nov. 21.—The Minto Coal Company's mines at Minto were in full operation today, in spite of announcement that the miners were being ordered to strike at seven o'clock last evening.

Whether there will be a strike or not will be decided at a meeting of the branch of the U. M. W. there tonight.

"The only instruction I have received from the company were to put the recommendations of the conciliation board into effect," declared John Henderson, manager, today when asked whether there was any prospect of further concessions to avert a strike. "If the miners were left to themselves to decide," he said, "there would be no strike here."

NEARLY MILLION LOSS IN SAW MILL FIRE NEAR QUEBEC TOWN

Quebec, Nov. 21.—A saw mill near Trois Pistoles, Que., was destroyed by fire last night, together with millions of feet of lumber and nearly 100,000 cords of pulpwood. The mill was owned by the Brown Corporation of Berlin, N. H., and the damage will amount to nearly a million dollars.

The Brown Corporation have two mills there, only the smaller one was destroyed. The flames are still raging but it is hoped the larger mill will be saved.

Campbellton, N. B., Nov. 21.—Campbellton suffered a severe loss last night when the fine Roseberry street school, built about three years ago at a cost of about \$25,000, and the new ell in course of construction, were gutted by fire. The flames were breaking through the roof when the alarm was sounded and when the fire was extinguished, the building, despite three powerful streams of water it was seen from the beginning that the building was doomed.

The fire is supposed to have caught from the furnace pipe and ran up the woodwork about the chimney to the roof. Lyman Gilkey, one of the firemen, was hit on the head by a brick and seriously injured and taken to the hospital. This morning he is reported as doing well.

The loss is nearly covered by insurance. J. & D. A. Harquail, who have the contract for the erection of the new ell, will suffer some loss.

New Book List For the Week-End At McDonald's Library

An exceptionally attractive list of popular fiction is that offered by McDonald's Lending Library for this week-end. All are by favorite authors, and have been eagerly discussed by lovers of good stories. The list follows:

The Soul Scar (Arthur B. Reece); The Yellow Typhoon (MacGrath); Mare Nostrum (Ibanez); Storm in a Teapot (Phillipotts); Cipher Six (LeQueux).

Selections should be made early at McDonald's Lending Library (where the fee is yet 2 cents a day for all that is newest in fiction), 7 Market Square, Phone Main 1273.

NATIVE OF FREDERICTON

Word was received on Thursday last by T. C. L. Ketchum of Woodstock, of the death in New Jersey of his oldest brother, Rev. Charles J. Ketchum. The deceased was born in Fredericton and educated at the U. N. B. He had several charges in the New England states, and had been on the staff of the clergy in St. Paul's, Boston, and later was attached to the Church of the Advent. He is survived by his widow and two sons.

SCORED ANOTHER SUCCESS.

Wednesday night's success was more than duplicated last evening by the cast producing "Under Cover" in the St. Vincent Auditorium, under the auspices of the Y. M. C. A. There was a packed house, which expressed hearty approval of the amateurs' work and the presentation of several handsome bouquets to the lady members of the cast was a feature. The play will be repeated this evening and on Saturday afternoon.

**600,000 CONSUMERS
STRIKE IN NEW YORK**

An Effort to Bring Down The Price of Milk—Form a Council of Defence

More than 600,000 consumers in great New York went out on a "milk strike" the other day, according to Miss Mildred Taylor, executive secretary of the Community Council of Defense, which is directing the boycott to bring down the

price of milk. Two hundred delegates from the district councils at a meeting last Friday voted to abstain from the use of milk on Monday, Tuesday and Wednesday, each week, until the producers reduced prices. As a health precaution a concession was granted to exempt children under seven years of age.

The Central Federated Union of Women's Clubs, representing a membership of 600,000, promised to co-operate in the boycott, Miss Taylor said. She estimated the decrease in sales caused by the "three-day abstinence" will result in a weekly loss of more than \$80,000 to the producers.

**FEEBLE-MINDED NEED
IMMEDIATE RELIEF**

Edward T. Devine of New York Also Condemns Child Labor—Adolescence School Age

(Toronto Globe.) That the feeble-minded of America must be cared for and public institutions provided for them in the near future in order to safeguard the public interests, was the opinion of Edward T. Devine, of the New York School of Social Work, in his address on "Social Work in America" at the Mining building of the Toronto University this afternoon. Mr. Devine said: "I do not know

much about this problem in Canada, except that no provision has been made to look after the feeble-minded. Your statistics are not anything like as startling as those in the United States, but you will realize the need of immediate action.

"In the United States a recent census revealed the fact that we have 46,000 feeble-minded in the States. Some 18,000 of this number should be placed in institutions, yet today we have only 1,500 of them being cared for.

"Another vital problem which must be dealt with is child labor. It must be abolished during the adolescent years. Children between the age of 14 and 18 do not belong to industry, but to education. During these years the mind of every child is in its most plastic state, and the child can learn easily. Their constitutions, however, cannot stand the strain of going into industry and studying at night also, and our educational system must be considered first. Illiteracy must be abolished. There is no reason in Canada or the United States why we should have illiterate citizens. The war has shown us that this evil does exist and is much worse than we ever dreamed. When the United States army was mobilized, it was found that from 20 to 40 per cent in the army could neither read a newspaper nor write a letter home. Of course, we have a great many negroes and immigrants, but even at that there is no excuse for such a condition existing.

"Another thing which must be looked into is the question of physical defects. We must have physical inspection, not only in our schools, but in our industrial world. Thousands of cases, if discovered in infancy or in early childhood, could be rectified if they were discovered in time. As evidence of how the standard of a nation can be lowered through this inspection being neglected there were 83 1-3 per cent of our soldiers disqualified for service when they were examined owing to physical defects, and I might say that the percentage would almost touch the fifty mark if all the cases were numbered of men who could not stand the hardship of trench life.

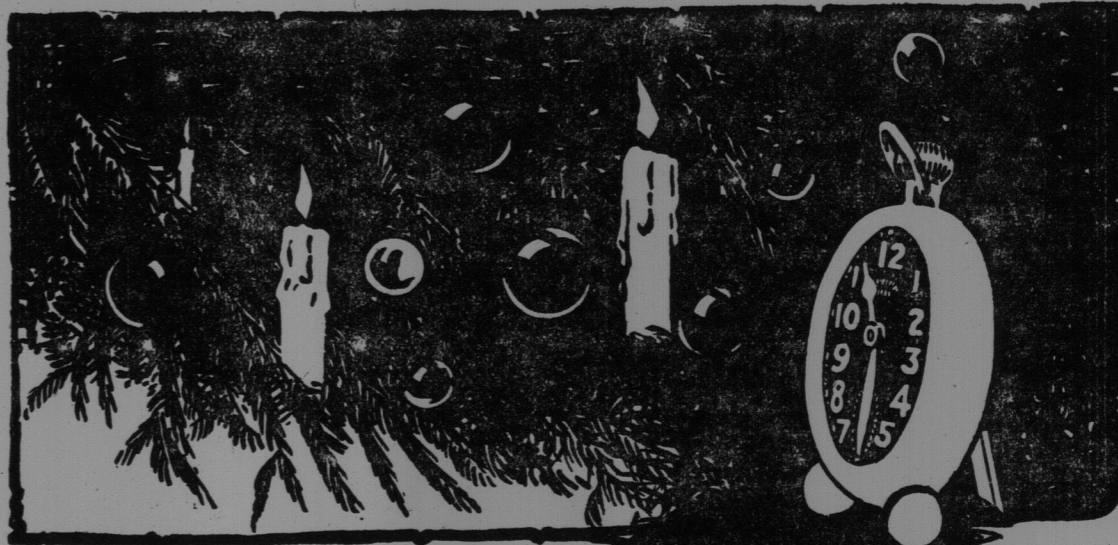

"Our county jails must also be transformed. They should not be maintained to keep those convicted of crime in seclusion. The English system should be inaugurated in America and let all convicts be dealt with by the state. All criminals should be examined morally, physically, and mentally, and if teachable they should be put in an educational institution where they are taught to be good, useful citizens. Through establishing examining institutions also a series of educational institutions and hospitals, I feel confident in time that we could develop an ideal system of caring for our criminals which in time will help to eliminate a great deal of the crime which is perpetrated today."

Transferred to San Domingo. Jack T. Saunders, of North Devon, who was in France with the 6th Canadian Mounted Rifles and was taken prisoner and was in a German prison camp for many months, has sailed from New York for San Domingo, West Indies. After his return from overseas he re-entered the service of the Royal Bank of Canada in Fredericton and was later transferred to St. John. His transfer from St. John comes in the way of a promotion.

Two-In-One Tells time in the dark, \$3.75

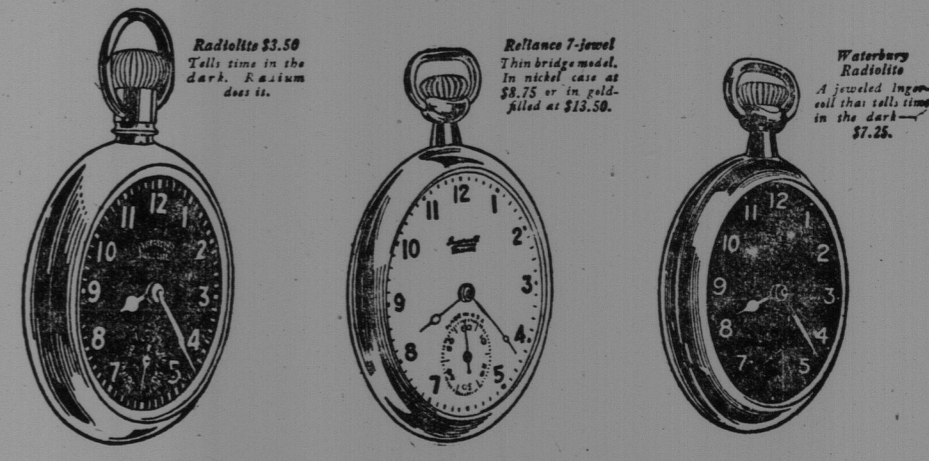

Give an Ingersoll

THERE'S no gift like a watch—nothing used so much, consulted so often, carried so long. The Ingersoll you give now will be ticking Christmas greetings next July—next September—and so on through the years to come.

There are fifteen different Ingersolls from which to choose, including jeweled watches and the famous Radiolites that tell time in the dark. They range in price from \$2.75 to \$13.50.

Gift Suggestions

- For the COLLEGE GIRL**
Stores located near the famous girls' colleges do a rushing business on Ingersolls. Why not give an Ingersoll? The dealer will show you several models; Wrist watch, "Two-In-One," the watch in the ivory-like case illustrated above, Midget.
- For the DOCTOR**
A doctor needs "spare" watches—on his desk—or his wrist. Give him a "Two-In-One," \$3.75 or a Wrist watch, \$6.00. Or one of the jeweled watches illustrated below.
- For the NURSE**
A Wrist watch that tells time in the dark—the Ingersoll Midget Wrist Radiolite—a useful gift \$6.00.
- For the MOTORIST**
Give a Wrist watch, \$6.00, or any one of the Radiolite models. The Waterbury Radiolite is a jeweled Radiolite.
- For the HOUSEKEEPER**
The Radiolite "Two-In-One" for desk, dressing table, on the piano or in the kitchen. Price \$3.75. Ingersolls are watches for the home.
- For the MAN WHO DOES HEAVY WORK**
Ingersolls are sturdy but they keep accurate time. The famous Maple Leaf at \$2.75, or the Eclipse at \$4.00 or a Radiolite. For "dress-up" a jeweled Ingersoll.
- For the BOY**
Nothing would please a boy as much as a Radiolite at \$3.50, or the Eclipse Radiolite at \$4.75. For older boys, too, a Waterbury Radiolite, as illustrated.
- For the SALESMAN**
Active men who have schedules to meet and trains to make will appreciate an Ingersoll jeweled watch. Select from those illustrated.
- For the SPORTSMAN**
A Radiolite Wrist watch, of course. The time is always in sight at a glance. Besides, it tells the time in the dark. Price \$6.00.
- For the FARMER**
A farmer needs two watches—a watch for "work" and one for "dress-up". In other words, one of the low-priced Ingersolls and a jeweled Ingersoll. He'd prefer a Radiolite.
- For the BUSINESS MAN**
The "Two-In-One" as a desk watch at \$3.75. And if he hasn't a good pocket watch, one of the jeweled models illustrated below.
- For the TEACHER**
"Two-In-One" pictured at the top. Or the Wrist watch at \$6.00. Or the Midget Radiolite, \$3.50, a small watch for women.

**MUSICAL SOCIETY HAS
A VERY FINE ST. R.**

The St. John Musical Society proved that its members are possessed of talent of no mean order. An impromptu programme while the scrutineers were acting in their capacity for the election of the directorate last evening was very fine. The meeting was held in Century Hall and was well attended. W. F. Hatheway presided and at the conclusion a hearty vote of thanks was tendered him. D. Arnold Fox said that he was desirous of establishing a concerted musical programme for St. John.

The nominating committee then presented its report which was unanimously agreed to. It was as follows: A. Chip Ritchie, Mrs. Kent Scovil, Miss F. Biederman, Miss Louise Anderson, J. Fraser Gregory, Mrs. D. P. Chisholm, Mortimer Robinson, Herbert Mayes, Mrs. A. J. Mulcahy, Mrs. A. C. D. Wilson, Mrs. LeClair, Louis Boyaner, Mrs. W. A. Clark, B. Fowler, H. Sivovolos. The ten other members of the directorate elected by ballot were as follows: Miss Louise Knight, A. N. McLean, Mrs. J. M. Barnes, F. G. Spencer, Thomas Guy, J. S. Ford, Mrs. A. P. Crockett, A. Poyras, D. Arnold Fox and L. LeClair. The directorate was given full authority to appoint its own officers, add to its numbers and draw up the constitution. It will meet this week.

The following took part in an impromptu programme: Miss Pauline Biederman, Mrs. J. M. Barnes, Miss Louise Knight, Mrs. L. M. LeClair, Miss Erminie Climo and Miss Valde Fenton. The membership is about 800.

ASSOCIATED CHARITIES

At a meeting of the Associated Charities last evening Hon. W. F. Roberts, provincial minister of health, announced that the provincial government had been promised by the Social Service Council of Canada that a survey of the province for determining the number of mental deficiencies would be made. Dr. Mabel Huntington, health officer for city schools, gave an interesting address. A vote of thanks was tendered the speakers.

The election of officers resulted as follows: president, W. S. Fisher; first vice-president, Mrs. G. F. Smith; second vice-president, Mrs. F. A. Stetson; third vice-president, J. Hunter White; fourth vice-president, Rev. Dr. Hutchinson; treasurer, William Young; board of management, A. M. Belding, H. C. Rankins, Mrs. T. N. Vincent, Mrs. Thomas Walker, Mrs. James Gerow and Mrs. F. E. Marvin. Twelve other members of the board will be selected by the officers named.

VOCATIONAL TRAINING

A meeting of the vocational training committee was held last evening at the residence of Dr. A. F. Emery, chairman. Those present besides Dr. Emery were G. P. Hennessey, J. D. P. Lewin, Mrs. W. Edmond Raymond, Mrs. Richard O'Brien and Alexander C. Wilson, Fletcher Peacock, director of vocational education for the province, was also present. Much pleasure was expressed that the grant of \$5,000 had been made by the city council for vocational training classes.

The home making classes will be held in Oddfellows' hall, corner of Hazen avenue and Union streets. Arrangements are being made to start industrial classes in Centennial school and it is expected that registration of pupils will commence on Dec. 1. Several applications for positions on the teaching staff have been received.

**SHIPWRECKED MEN HERE
HAD HARD EXPERIENCE**

Yesterday the Times noted the presence of the shipwrecked crew of the schooner Bianca in St. John on their way home to Newfoundland. They had had a rough time of it. The crew included Capt. Mark Burk, Mate James Davis, Steward Thomas Butt, Boatman William Batt, Seaman Wilson Clark, Hayward Burden and William Power, all of Carbonear, and Engineers Lawrence Power and Robert Clance of St. John's, Nfld.

According to the statement of Capt. Burk the Bianca, a vessel valued at \$100,000, left Indian Tickle, Labrador, on Oct. 21, with a cargo of dried codfish in bulk, bound for Gibraltar, for orders. On Oct. 24 the vessel ran into strong weather and it was not long before she sprang a leak.

On Oct. 30 a towering sea broke over the craft, leaving her a wreck. The men clung to the derelict until the next day, when the British steamer Lehigh, bound from Liverpool to Charleston, reached them.

SUDDEN DEATH OF F. W. SUMNER

While here to attend a meeting of the directors of the New Brunswick Telephone Company, Limited, Frederick W. Sumner, New Brunswick's agent-general to the British Isles, was stricken with acute indigestion in the Royal Hotel a little after noon yesterday and died soon afterwards.

Mr. Sumner was a highly successful business man and was well known throughout the country. He founded The Sumner Co. Limited of Moncton, one of the leading hardware concerns in the maritime provinces; was president of the New Brunswick Petroleum Co., Kent Freestone Co., New Brunswick Wire Fence Co. Limited; a director of the Moncton Tramways, Electricity and Gas Co. Limited, of the New Brunswick Telephone Co. Limited, the New Brunswick Gas and Oilfields Limited and the Humphrey Glass Co. Limited. At one time he was president of the board of directors of the St. John and Quebec Railway Company. He was for a time a member of the provincial legislature and in 1908, unsuccessfully contested Westmorland in the Conservative interests for the federal house. He was

mayor of Moncton for six terms, and always took a deep interest in the welfare of that thriving city. He was honorary president of the Canadian Club, Moncton, and was a member of the Moncton City Club, Union Club, St. John; Royal Automobile Club, London, England; the Masonic order and the Baptist church. While agent for the province in Great Britain Mr. Sumner served without salary.

Mr. Sumner leaves, besides his wife, one son and two daughters. The son is F. Roy Sumner, and the daughters, Mrs. H. W. Wood of Sackville (N. B.), and Mrs. Samuel G. McDougall of Moncton. His mother, Mrs. William S. T. Sumner, aged about ninety-two years, survives, as well as two brothers, Walter C. Sumner of Truro (N. S.), and Charles E. Sumner of Los Angeles, California, and

one sister, Mrs. J. C. Mahon of Moncton. Mr. Sumner was twice married. His first wife was Margaret McEwen and his second wife was Miss Hazel Mulholland of Toronto. They were married in Toronto in June, 1917.

Mr. and Mrs. F. Roy Sumner and Mrs. H. W. Wood are at present in New York.

Mr. Sumner was born in Moncton on April 12, 1855. His father was William H. T. Sumner. The son was educated at a private school in Moncton and attended the Model School, Truro (N. S.).

The body was removed to the undertaking parlors of N. M. Powers and taken to Mr. Sumner's home in Moncton on the Halifax train last night.

On account of the death of Mr. Sumner the meeting of directors of the telephone company was adjourned and an entertainment which was to have been held last evening was postponed.

The Moose

All Canada is the natural home of the "King" of Canada's big game, but New Brunswick, Quebec, Ontario and Manitoba afford the best moose hunting.

There are two methods followed in moose hunting—"calling" and "still hunting." During the rutting season the first method is the one usually followed, but there is more satisfaction in tracking. Absolute silence is the one great essential in still hunting and stalking must be done "up wind."

The tracks of a bull moose can be readily distinguished from those of the cow. The former are rounded and blunt—the cow's long and pointed.

During the winter, moose gather on the hardwood ridges between cedar and spruce swamps, through which they make beaten lanes. A "yard" sometimes contains twenty to forty animals.

Opinions differ as to the most suitable cartridge for moose hunting. Choose one with shocking power back of it and be sure the big "D" trade-mark is on the box.

DOMINION Ammunition

is always dependable for moose and other big game. Users of 30-30 rifles should look for the yellow label on the back of the box—it insures more speed, flatter trajectory and greater shocking power.

LET ST. JOHN GROW

Engineer F. W. Holt Writes of Some Matters Closely Affecting The Community

To the Editor of The Times: Sir—Perhaps suggestions by a well wisher to the spirit which inspires the forming of the Commercial Club, and who has noted many of the difficulties in the way of the city's growth, may touch some ground that has been previously ploughed but has lain fallow so long that it may be made fertile and possibly yield results.

No one will dispute that plenty of employment and happy homes are necessities in a growing city and that these will attract outsiders and give those already here a better chance and more to do. In other words make the city grow.

Has St. John employment to induce outsiders to come in and if they come can they have desirable homes as in other industrial towns? Is the placing of two to six families under the same roof with little or no privacy a home? Is this really living or only stopping? Will real live and ambitious men with bright families such as help a town grow be willing to live this way any longer than to acquire enough to go somewhere else where they can live by themselves and have a home of their own? Is a house with its front door opening on the public sidewalk a desirable residence the year around or does it tend to create a dissatisfied lot of knockers?

If these are negative facts can a remedy be applied? St. John has an area of twenty-one square miles and only one fifth is built upon and outside of these limits are other vacant lands. We know that, measured in a direct line, it is only a short distance from the principal street to these nearly vacant areas, yet for some reason they do not appeal to people and they prefer to be crowded until they can get somewhere else. Is it not a question of accessibility? Does it not cost so much in time, effort or money to get at these localities that they are undesirable as long as the business and amusement centres are south of the railway station? Is there any way of making them more accessible?

One desirable place of residence and future industries is on the west side of the harbor. If we go by ferry we can go only three times an hour for eighteen hours in the day; if by the street railway it takes so much time and the cost of fares for a year for every member of a family is such that unless with an exceptionally large income the possible home pleasure is destroyed and the long walk from the ferry is an added tax on the patience and time.

A bridge at Navy Island would place the greater part of this district within thirty minutes walk from Mill street at the station and only a few minutes by street cars if properly operated.

Might it not be worth while for the Commercial Club to look into this question unbiased by individual interests or other enterprise killers and possibly as business men interested in the real interests of the city they will find that to build the bridge will save taxes to the east and the west ends and give a free passage to all from one side of the harbor to the other with many other advantages which may be found if honestly looked for.

In the meantime how would it do to inquire into the question of building the highway portion of the bridge across the Buttermill Channel and change the ferry floats from North Rodney wharf

to Navy Island below the Rapid Wier? With your kind permission we may look again at other districts.

SEAL SCHOOL DOORS.

Wellsburg, W. Va., Nov. 20.—City officials and deputy sheriffs are searching the town for evidence that will lead to the identity of the students who plugged every lock in the high school with metal and concrete, hermetically sealing the big educational institution and there-

by getting for themselves a nice holiday.

When the 350 students assembled at the school every door in the building was found tightly locked. All efforts to insert keys proving abortive, an investigation revealed the fact that the locks had been filled with small pieces of metal and then filled with concrete, which hardening, literally closed all entrances to the building.

Each boy was closely questioned but stoutly denied any knowledge of the af-

fair. Before the school could be opened it was necessary to send for a locksmith to bore out the keyholes. After working a while on the job he said that the school authorities have sent for a crackman, that the job really called for nitroglycerine.

CONVICTS WIN STRIKE

Philadelphia, Pa., Nov. 20.—A "strike" by the convicts of the Eastern Penitentiary, who are required to do tinsmith work for substantial food, has resulted in the workmen being placed on a special diet by Warden Robert J. McKenty.

These convicts threw down their tools and struck. They maintained that they were unable to do the heavy work of tinsmithing on the regular prison fare and asked that they be given the same bill of fare which they said some other prisoners enjoyed. They were locked up in their cells and placed in solitary confinement as a result of their walkout.

Warden McKenty yielded to their demands and the prisoners have gone back to work on the "special diet" basis.

Ottawa, Nov. 20.—Major H. E. Chisholm, formerly of the 24th battalion, Montreal, has been appointed trade commissioner for Canada at Havana.

BOSTON WOMEN'S AID SOCIETY SPEND \$120,946 IN WORK IN LAST YEAR

The Boston Children's Aid Society disbursed \$120,946.34 during the last year, necessitating the use of \$3,097.16 from unrestricted funds, according to the report of Treasurer Richard Austin made at the annual meeting of the society this week.

Bequests and legacies aggregating \$35,63.50 were received during the year, while contributions netted \$42,619, payments by parents and relatives, \$23,823.63, receipts from other organizations, \$5,955.71.

The report of the general secretary, Prestice Murphy, showed 1,216 applications during the year, involving a total of 2,572 children whose needs were

considered. A total of 498 children were cared for in foster-homes, involving 15,807 weeks of care.

Special reference was made to the ne-

cessity for enlarging the work with the Judge Baker Foundation, to the necessity of a council of social agencies in Boston to research and study of methods and for a larger measure of social work being done by the state. Out of approximately 600 social agencies of various kinds operating in Boston there are in round numbers not more than 30 doing children's work of a general protective or foster-care type, and of these 30, six are supported out of public funds and the remainder include a number of day nurseries.

The necessity for larger funds for these agencies during the coming year was emphasized.

DUMP HUN GUNS IN RIVER.

London, Eng., Nov. 20.—Four German guns which had been presented to Farnham were removed from a park there, where they had been placed on exhibition, and thrown into the river. The "cannon party" is said to have been numerous, and, like the Boston tea party of American fame, they worked silently but effectively. Relatives of soldiers slain in the war had protested that the guns were objectionable and unpleasant reminders of their bereavement.

PIG HAS SIX LEGS.

Whitehouse, N. J., Nov. 20.—John Leichte, a farmer living near here, has a freak pig that is attracting much attention. The pig was born with six legs. The extras have grown from the inside of the front legs and are of good size, one of them being the same length as the normal leg on that side and the other extra leg is almost as long.

The Higher the Price of Milk the More Economical it is to Use KLIM

Milk is a necessary food. To do without plenty of it is a hardship upon every member of the family. The constantly increasing price of milk is taking a large amount of money from the household purse. Yet the bills must be paid or less milk consumed!

There is one practical satisfactory way of overcoming high milk bills and waste through souring.

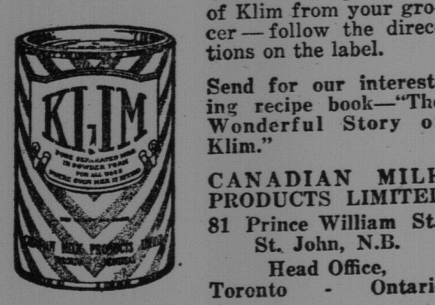

Use Klim—separated milk powder.

A pound of Klim in dry powder form equals the food value of ten-pounds of liquid separated milk. You buy Klim dry and add the water as you require a supply of separated milk for cooking, baking and giving the milk flavor to tea, coffee and cocoa. To make a pint of separated milk place 8 level tablespoons of Klim on top of a pint of cold water in a bowl or pitcher and whip briskly until dissolved—then you have sweet, pure, pasteurized separated milk just as it was originally.

Order a one-pound tin of Klim from your grocer—follow the directions on the label.

Send for our interesting recipe book—"The Wonderful Story of Klim."

MANAGER OF GIANTS NOT TO STEP DOWN

John McGraw Spikes Rumors That He Intends to Retire

New York, Nov. 18.—Manager John McGraw of the Giants, and also vice-president of the club, together with Charles Stoneham, president of the club, will leave for Havana tomorrow, where they will attend the opening of the race-track in the Cuban capital. They recently purchased the racing establishment, which will open its winter season on Thanksgiving Day. Manager McGraw tonight put at rest all rumors to the effect that he expected to retire from the active management of the club next season.

"I do not intend to give up baseball," said Manager McGraw. "I will be right out there on the field with the Giants next season as usual."

It has been rumored for some time that McGraw expected to give up his position as field general and pass the responsibility over to Larry Doyle or Christy Mathewson.

McGraw expects to be in Cuba but for a short time, as both he and President Stoneham hope to be back here in

time for the annual meeting of the National League on December 9. After the baseball meeting McGraw will go back to Cuba, but he will return before the end of February, when he expects to take the Giants south on their annual spring training jaunt.

FRANKIE BULL TO BOX HERMAN OF NEW YORK

(Toronto Globe.)

Frankie Bull, a local lightweight, has accepted an offer to box Joe Herman of New York in a fifteen-round bout at Halifax on November 22. Bull has been in hard training during the past three weeks. It is his intention to meet the best in his class, and either advance to the top of his profession or forsake the mitt game.

Bull received an offer to meet Schoell of Buffalo here on November 27, but he had closed arrangements to appear in Halifax and was unable to accept the local proposition.

"Dad" Bull last night received an offer from a club in Edmonton to bring Frank Bull out to that city and meet Clonie Tait, who claims the Canadian lightweight championship. The Edmonton promoters want the Tait-Bull match, but failing to sign Tait for the contest will bring Harry Anderson of Vancouver, who has been cleaning up the good lightweights on the coast.

WELTERWEIGHT KING GETS LION'S SHARE

O'Dowd Receives Major Portion of Purse in Bout Against Gibbons

New York, Nov. 18.—Mike Gibbons is taking a big gamble for his share of the gate receipts in his bout with Champion Mike O'Dowd in St. Paul Friday night. O'Dowd will get the first \$15,000 to be taken in. Out of the remainder Gibbons will take 35 per cent. A capacity house will net about \$50,000, which will give Gibbons about \$12,250.

O'Dowd learned his first boxing lessons from Gibbons. It is singular that the pupil has become champion even while his teacher had the same chance, and in a few years was drawing down the major portion of the purse in a bout for the title with the boxing mentor of his early days.

MARY PICKFORD IN COURT

The second trial of Mrs. Cora C. Wilkenning's suit against Mary Pickford to recover \$108,000 for services in arranging the contract with the Famous Players, by which Miss Pickford was paid

\$1,080,000, has been begun in New York before Supreme Court Justice Platzek and a jury. Mrs. Wilkenning obtained a verdict for \$108,000 on the first trial, but the Appellate Division set it aside on the ground that the testimony did not warrant the verdict.

The plaintiff testified that Miss Pickford in 1915 asked her to be her (Miss Pickford's) adviser and manager. She is alleged to have told the plaintiff that she didn't believe Adolph Zukor of the Famous Players realized her value and said that she was disturbed by a rumor

that Charlie Chaplin had a contract for a "fabulous" sum by which he was paid more than she received.

Earle Caddock.

Earle Caddock, the man with a thousand holds, who retired from the world's wrestling title a year or so ago because of ill health, is coming back after his title again. He lost his health and stamina while "over there." When he returned from France last June he hid himself in the mountains of Wyoming, where he has just sent a wire to his former manager, Gene Melady, informing him that his health and condition justify another whirl at the mat game.

He renounced the title over a year ago, saying that he was thought over, and the title has been juggled around by Blyssko, Stronger Lewis, and Stecher. Just at present Stecher is professor of the honor through successive defeats of Zbysko and Lewis.

ATHLETIC.

Team to Olympic.

Boston, Nov. 18.—The Amateur Athletic Union voted to send an American team of athletes to Antwerp for the renewal of the Olympic games to be held there next year. The union also voted to recommend to the international Olympic committee that the Antwerp games be held between August 15 and September 1. The records of the year were passed upon, and all but two allowed. The union threw out the claim of Thomas Campbell, Chicago University, and of the Yale team for the 200 yards relay swimming mark of one minute, forty-one seconds.

RING.

Johnson and Morris.

Yuma, Ariz., Nov. 20.—Jack Johnson, former heavyweight champion, has been matched to fight Carl Morris of Tulsa, Okla., at San Luis, fourteen miles south of here, in Mexico, according to an announcement by Al Jones, a Yuma boxing promoter. He said the bout will be some time in December. It will be to a finish. He said both boxers have signed articles and posted forfeits. Johnson is expected to train at San Luis and Morris at Yuma.

FOOTBALL.

League Opens Saturday.

The first game of the new soccer league will be played on the East End Grounds on Saturday afternoon between the Atlantic Seaside Refinery team and the G. W. V. A.

The Owls and Hawks will play to-night.

Shots at The King Pin. Considering the advanced age of some of the pins they stood up remarkably well, too well for some of the bowlers who wished to fatten their averages.

The Sparrows and Eagles belong to the quiet class. Upstart rooting is hot in their line. In spite of this they can each do some effective work in quiet chaff.

Some of the men on both teams would be better for some more practice between games.

The third string was going along very nicely when the veteran Cosgrove won immortal fame by making a spare and getting a strike on top of it, thirty-nine pins in two boxes is some help in a tight game.

Cut the Camouflage!

Let's go right down to rock-bottom facts. How much actual clothes value have you been getting for your money, and how much have you been paying for excessive rents, expensive free delivery and a score of other useless expenses which add nothing to the value and quality of clothing?

Beautiful show windows on a high rent street don't make your clothes fit any better, but you help pay the rent. Free delivery gives you no better material, but its cost is added to the price. All these unnecessary expenditures make tailoring no better, but you pay your share of the losses.

Our New Plan of Clothes Selling Eliminates Every Unnecessary Expense and You Get the Benefit of the Savings

We have no High Rent, Floor Rents, No Window Trimmers, No Useless Expense. This plan means a Saving to you of at least 25 to 33 1-2 Per Cent.

AWAY AGAIN
Champion Sleeper, Who Recently Came Out of 51-Day Slumber, Again Dozes

Norfolk, Va., Nov. 20.—Harry Joseph Harley, a sailor, who says he slept fifty-

one days without food or water, is again asleep. Doctors say his nap this time will not be of long duration. He has moments of partial wakefulness.

Harley, who has lost 101 pounds since Sept. 20, will be examined by a medical survey of nine naval surgeons and at least three physicians from civil life. Naval physicians say they cannot understand how Harley slept fifty-one days without water. He could live without food, they say, but they regard it as almost impossible for a person to sleep and live for fifty-one days without liquid.

Queen Visits Ex-Emporer?
Vienna, Nov. 21.—A report from Roumania is printed with reservations by Die Morgen, to the effect that Queen Marie of Roumania recently visited former Emperor Charles of Austria at his residence in Switzerland, and asked him to renounce all claims to the Hungarian throne, in order to accomplish consolidation of the two countries under the Roumanian crown. The queen is said to have offered Charles a large sum of money in return.
