

GOOD THINGS COMING TO THEATRES OF ST. JOHN  
FIVE BIG NOVELTIES IN OPERA HOUSE BILL

The new vaudeville programme at the Opera House tonight offers five big novelties, including Earle Pingree and Company in a comedy one act playlet, "Miss Thanksgiving"; Gus Nelson comedy cornetist; Bert and Lottie Walton, in original singing and dancing offering; Pease and Dawson, in a lively comedy skit, "The Tale of a Coat Tail"; Florenz Duo, in novelty magic and mystery; and the opening chapter of the new serial photo drama of romance and adventure, "The Perils of Thunder Mountain," with Antonio Moreno, last seen here in "The Iron Test," and Carol Holloway, in the leading roles. Tonight at 7:30 and 9, tomorrow afternoon at 2:30.

TROUBLE AT MINE

Seranton, Pa., Sept. 16.—When the Hudson Coal Company miners attempted to enter the Vontorch mine today, they were attacked by the lawless element of the strikers, who endeavored to prevent their return to work. Stones and clubs were used to drive the workers back and a riot call brought out the police. Six disturbers were arrested. The mine officials closed the colliery for the day.

The Lackawanna Company's strikers, 14,000, in this section will return to work tomorrow.

At Scapa Flow, the German battleship Bismarck, the cruisers Frankfurt, Nürnberg and Emden, and fifteen destroyers have been floated and three other destroyers probably will be raised.

IN MEMORIAM

WHALEN—In loving memory of our dear son and brother, Pte. Fred Whalen of the original 26th Battalion, killed between Sept. 15-17, 1916.  
If we but could have raised his dying head,  
Or heard his last farewell,  
The grief would not have been so bad  
For him we loved so well.

We think of him in silence  
And his name we oft recall,  
Yet there's nothing left to answer  
But his photo on the wall.

There are some things we may forget,  
But of this there is little chance,  
For our dear brother who for his country's sake  
Laid down his life in France.  
MOTHER, SISTERS, BROTHERS.

HERRINGTON—In loving memory of Don Herrington, died Sept. 16, 1915.

Dear Don, we never can forget  
One so kind and true;  
As long as Jesus gives us breath  
We will remember you.  
FATHERS, MOTHER, SISTERS AND BROTHERS.

CALLAHAN—In the loving memory of my dear mother, Jennie Callahan who departed this life Sept. 16, 1914.  
SON ROBERT.

FIREMEN WILL NOT GO ON STRIKE

Decline To Go Out To Aid Policemen

Little Change in the Situation Today—Marking Time Till Labor Unions Heard From—Increased Pay For the Policemen is Announced

THE FIREMEN WILL NOT STRIKE

Boston, Sept. 16.—(Canadian Press)—Officers of the fire department will not join in a sympathetic strike to aid the policemen. This was announced yesterday after a meeting of the directors of the officers' club which represents 16 per cent of the fire fighting forces of the city. The vote was unanimous. At the same time Fire Commissioner John E. Murphy announced that the firemen as a whole would remain loyal to the city, and the pleasure of listening to a very able and interesting address by Rev. Canon A. P. Shaford, who was a major and chaplain of the 14th Battalion of Montreal. The subject of the address was "War Virtues in Peace Time" and the speaker dealt with the question in a most fascinating manner, dwelling especially on the four virtues so prominent among our lads on the other side—cheerfulness, unity, loyalty and humility. He described each of them, and in connection with his description and spoke of their application to civilian life and what would be possible if they were more adhered to.

Among those present was Bishop Schofield of Melrose, who was warmly called upon by the chairman and gave some pleasant reminiscences of former days here as well as referring to his life in the west.

PERSONAL

Mrs. John Kerr arrived on Sunday from Montreal and is the guest of Mrs. S. C. Drury, 42 Cliff street.

Mr. and Mrs. James E. Bredson and Mr. and Mrs. John H. Erb have just returned from a motor trip to Boston and points in Maine.

Mrs. H. T. Bridge of Prince William is visiting her son, Harry, at Woodstock, N. B.

Miss Ruth Cameron, of West St. John, has returned from Calais, Me., where she has been visiting relatives.

Mrs. J. M. Brown, district medical health officer for the southern district, will take a well earned vacation for two weeks.

Miss Teresa Ready, daughter of Louis Ready, Lancaster, Highgate, left last evening for Mount St. Vincent, Halifax, where she will resume her studies.

Miss Agnes Dolan left last evening for Mount St. Vincent, Halifax, to continue her studies.

IN WALL STREET

New York, Sept. 16.—The more favorable aspects of the labor situation imparted further strength to the stock market at the opening of today's session. Oil, steel equipments and tobaccos were particularly favored at gains of one to three points. U. S. Steel was slightly irregular but soon recovered. Shippings were among the active and stronger shares, also low-priced rails, notably Texas Pacific, St. Paul and St. Louis and Southwestern Preferred. The few exceptions to the higher trends included Baldwin Locomotive and several of the motor specialties.

ASK INQUIRY INTO ACADIA SHUT-DOWN  
Sydney, N. S., Sept. 16.—The executive of district twenty-six of the United Mine Workers of America has telegraphed Hon. E. H. Armstrong, provincial commissioner of mines, asking for an investigation into the closing of the Acadia Coal Company's colliery at Thorburn, Pictou county. One hundred and twenty-five miners were thrown out of employment by the shut down which is claimed by the company to be due to inability to pay the present scale of wages.

FOREIGN EXCHANGE MARKET TODAY IS DEMORALIZED

New York Reports Further Collapse of French and Italian Remittances

New York, Sept. 16.—Utter demoralization is revealed in the foreign exchange market today as the further collapse of French and Italian remittances. Paris checks fell to a fraction over nine francs to the American dollar, and lire were quoted at 10.17 to the dollar, the latter representing a depreciation of virtually fifty per cent. Bills on Germany and Austria also were offered at new discounts, and the London rate fell to a level not much above its minimum of a few weeks ago.

CANADIAN CLUB

With Sir J. Douglas Hazen presiding, the members of the Canadian Club who attended today's meeting in Bond's had the pleasure of listening to a very able and interesting address by Rev. Canon A. P. Shaford, who was a major and chaplain of the 14th Battalion of Montreal. The subject of the address was "War Virtues in Peace Time" and the speaker dealt with the question in a most fascinating manner, dwelling especially on the four virtues so prominent among our lads on the other side—cheerfulness, unity, loyalty and humility. THE BEST QUALITY AT A REASONABLE PRICE

What is the Best Watch Made?  
That is a personal question. A watch that is best for George Smith may not be the best for John Brown.

You ought to have the personal advice of an expert when you buy a watch. You are much more likely to get a satisfactory timepiece if you do.

You get that advice here. We realize that having you satisfied is worth more to us than the profit on the watch. We want to fix you up so satisfactorily that you will tell your friends that Sharpe's is the best place to buy a watch.

Naturally that means that our prices as well as our watches and service, must be satisfactory.

BRITAIN AT WAR ON 24 FRONTS  
"The Sun Never Sets on the British Flag"—Here's Where Our Men Fought  
In connection with the war services of officers engaged in the various theatres of operation during the war of 1914 to 1918, as published in the Canada Royal Gazette, recently, these war services will be recorded in the Canadian Military List and all officers concerned should submit a certified statement of their services in accordance with the procedure laid down. It will be interesting to note in this connection that the British Empire carried on operations during the great war on twenty-four fronts and in many other minor engagements. This information has only been brought to the ears of authorities very recently and the general public will be able to realize more fully the authority for the quotation "The Sun never sets on the British Empire." In other words throughout the history of the world in which Britain has been engaged in has fulfilled her part and played it successfully, but in the recent great war she has not only protected her own subjects, but has protected other civilized nations from Prussian militarism that threaten the entire world in 1914. The following is a list of the fronts where operations of war were carried on and the dates:  
August 5, 1914, to November 11, 1918—France and Belgium.  
November 2, 1917 to November 4, 1918—Italy.  
October 5, 1915 to November 11, 1918—Greek Macedonia, Serbia, Bulgaria, European Turkey and the Islands of the Aegean Sea.  
April 25, 1915 to January 9, 1916—Gallipoli Peninsula.  
August 5, 1914, until present date—Russia.  
November 6, 1914 to March 13, 1916—Egypt.  
March 19, 1916 to October 31, 1918—With the Egyptian Expeditionary Force. This theatre of war is the operations carried on in Palestine.  
November 6, 1914 to October 31, 1918—operations in Hejaz.  
March 16, 1914 to November 22, 1916—Dardar operations.  
August 5, 1914 to November 25, 1918—In British German and Portuguese East Africa, Nyassaland and Northern Rhodesia.  
August 20, 1914, to July 9, 1915—Operations under General Botha in German South West Africa and on the adjacent borders of the Union of South Africa.  
August 24, 1914 to February 15, 1916—In Kamerun and Nigeria.  
January 5, 1917 to May 15, 1917—Nigeria.  
August 7, 1914 to August 25, 1914—operations in Togoland.  
November 6, 1914 to October 31, 1918—operations in Mesopotamia.  
November 6, 1914, until date—operations in Persia and the Persian Gulf.  
Operations in Trans-Caspia since July 19, 1918.  
July 3, 1915 to October 31, 1918—operations with the Aden Field Force.  
November 10, 1914—operations at Shaik Saïd (South West Arabia).  
November 28, 1914 to March 27, 1915—operations in the Tochi Valley and Derajat.  
The operations against the Mohmands and Swatis were as follows:  
Under the command of Major General C. F. G. Young, near Hafiz Kor, in April 1915.  
Under the command of Brigadier General N. G. Woodlyatt, in August 1915.  
Under the command of Brigadier General W. G. L. Benyon, C. B., D. S. O., on the Landakal Ridge, in August 1915.  
Under the command of Major General E. Campbell, C. B., D. S. O., in the vicinity of Hafiz Kor and Shakkadar from August to October, 1915.  
Against the Swatis carried out by the Malakand Mobile Column, which advanced from Chakdara Camp, October 27, 1915.  
In the Mashud operations between March 2, 1917 and August 10, 1917.  
Against the Maris between February 18, 1918 and April 8, 1918.  
September 23, 1917 to November 7, 1918—operations at Tsing-Tau.  
The operations against the German Pacific dependencies were as follows: September 11, 1914 to September 21, 1914—operations in New Britain.  
September 16, 1914 to October 18, 1914—operations in New Ireland.  
September 11, 1914 to September 21, 1914—Admiralty Islands, November 21, 1914, Nauru, November 6, 1915.  
German Samoa, August 29, 1914.  
Officers are entitled to war service if they have seen military service of any nature during the war of 1914-1918, provided they have held or have subsequently been appointed to commissioned rank in the Canadian Expeditionary Force or Canadian Militia, in England, Canada, Bermuda, St. Lucia, Siberia or the United States.  
Certain regulations govern these returns sent in by officers who are entitled to war services. They should be counter-

signed by a senior officer who has possible should certify that he has knowledge of the claimant's services; the period of operations in each case; the date when an officer has been wounded and when a casualty was listed above; also be stated. These returns should not be limited to officers under their present commanding officers, but include the whole of their services throughout the war.  
The publication of the theatres of operations during the war is in connection with the war service returns, but is of special interest to the Canadian people to know on how many different fronts the mother country carried on operation and were successful in same.

Prince of Wales Enjoys Pictures of His Trip Shown on Train

Edmonton, Sept. 16—The Prince of Wales saw himself in the movies last night, was delighted and wants more. When the show was over, Tracy McIlwain, the man who daily films the Prince's every act, said to him: "Now, if there is anything else you would like to see, Charlie Chaplin or anything like that, we could get them for you."

"No, thanks," replied the Prince. "This time, we have seen so much of Charlie Chaplin, you know, and these pictures of ourselves are so amusing."

The occasion was unique. Not only was the small audience most distinguished, but this is the first time moving pictures have ever been shown on a moving train. The little performance was staged on board the C. P. R. dining car Canada as the royal train rushed through the night. Tables were cleared away, chairs arranged, a table cloth was used as a screen, the camera was planted in the middle of the car and the pictures run off. R. Meadows, C. P. R. electrician, who is traveling with the party, acted as operator. The Prince thanked him very heartily.

The Prince arrived about 11 p.m., accompanied by his suite Hon. Martin Burrell, Lieut.-Col. H. G. Henderson and Col. Biggar, Mr. A. B. Calder and Mr. R. K. Chamberlain, of the C. P. R. The dining room stewards were also present. The Prince came in, a big briar pipe in one hand and a tobacco tin in the other.

He was in great spirits. "Watch my rival Vernon Castle as a movie star," he exclaimed to his laughing friends as he seated himself near the sheet. The Prince laughed delightedly as the weekly film showed his brother, Prince Albert, giving prizes to sailor boys at Portmouth.

Seldom has there been a more appreciative audience. Prince and party laughed without restraint, especially at themselves. "Oh! Look at Claude," exclaimed the Prince once. "Doesn't he look funny," as the screen showed a close-up of Lord Claude Hamilton, his quarry. The greatest hit was scored by a picture of Sir Godfrey Thomas, the Prince's private secretary. The caption read: "Sir Godfrey Thomas, in high hat, and officers of the Renown."

Watch Teeth Whiten When You Remove the Film

All Statements Approved by High Dental Authorities

This is to urge a ten-day test of a tooth paste which combats the film. High authorities have proved it. Five years of tests have placed it beyond question. Leading dentists everywhere are urging its adoption. Compare the results with your old methods, and let your own teeth decide.

Free A Ten-Day Tube of Pepsodent to show you its effects. Send the coupon for it. Film Destroys Teeth. That slimy film which you feel on your teeth causes most tooth troubles. Every modern dentist knows that. Dental science, for many years, has sought a way to end it. That film is what discolors, not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. So the major object in cleaning teeth is to keep them free from them. Old-time methods fail to do that. Teeth still discolor, still decay, as millions of people know. The reason is that brushing does not end the film. The film is clinging. It gets between the teeth, enters crevices and stays. Day and night, month after month, it is a potential source of danger.

IVES AFTER FALLING ELEVEN STORES

Girl Goes Through Ventilation Shaft While Watching Pershing Parade

New York, Sept. 16—A plunger of eleven stores down a ventilator shaft interfered with fifteen-year-old Cecilia Tannebaum's plans to return to night school. She escaped death, but surgeons say she will not be able to resume her studies for at least three months, which time she will spend in the hospital. The accident happened at 44 West Forty-fourth street as the Pershing parade was approaching.

Dr. Edward Sikes of Bellevue Hospital, where the girl was taken reported that she had sustained fractures of the right leg and thigh and bodily bruises. Miss Tannebaum had been employed by a feather pasting firm. Employees of the concern went to the roof of the thirteen-story building to view the parade. One of her friends who had a camera, suggested that she take a picture of Miss Tannebaum and a boy friend standing on the glass top of a ventilator shaft extending to the second floor of the building. As the pair reached the glass roof of the ventilator the glass cracked. The boy leaped to safety, the girl disappeared downward.

One agonized scream as she fell was heard by the tenants of the building, who called David Spencer of the feather firm, and Edward Tyson, superintendent of the building. Through a window on the second floor Spencer and Tyson removed the girl to an office. She was given first aid treatment by Dr. Sikes and then taken to the hospital.

During her fall down the shaft Miss Tannebaum passed through a network of pipes, and a pile of paper at the bottom acted as a mattress, which probably saved her from fatal injury.

Leave Fiume to Italy. Paris, Sept. 15—(By the Associated Press)—The Supreme Council decided today to let Italy deal with the situation created at Fiume by D'Annunzio's occupation of the city, deeming it purely an internal matter.

TRAVELING MARKETS AIM TO CUT PRICES

What New York is Doing to Lower Food Cost—Traveling Motor Trucks Eliminate Middlemen

New York, Sept. 16—A chain of traveling markets reaching every part of the city will be established within the next two weeks, unless prices show a marked downward tendency. Dr. Jonathan C. Day, commissioner of public markets, announced yesterday. Dr. Day is perfecting plans for the system, each market to be a huge auto-truck manned by active salesmen. The commissioner said the plan is to eliminate middlemen because of the failure of the campaign on the high cost of living to achieve desired results. Prices are still far too high, he said. Dr. Day will complete arrangements with exporters today to handle the system of food distribution by auto-truck salesmen. "Exporters have been invited to establish this system," Dr. Day said, "because they have cultivated the knack of purchasing vast stores of food at low prices. We want them to own and operate the trucks. We will aid them in obtaining licenses for the trucks, placing them at the disposal of the public. It will be a system of refined peddling. There will be no shouting of course, but the public will be informed of the time of the visit of the truck to each section. "We will eliminate two, four, or even more, middlemen. The consumers will save the amount of the margins which these men usually added to the price of commodities. It will mean a saving of perhaps 20 or 30 per cent."

BUY PROBABLE REMBRANDT FOR \$150 IN PRETORIA

Johannesburg, South Africa, Aug. 12.—(Correspondence of Associated Press).—A British army officer recently purchased for seven and one-half shillings (\$180) in a Pretoria auction room a picture which art critics believe to be a missing Rembrandt—a work of priceless value. The picture, portraying the crucifixion, has been sent to advisors of the Great Art Gallery at The Hague for examination. The theory is that the picture was brought to South Africa by a member of a family of Dutch noblemen who were patrons of Rembrandt.

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain multi-fatted coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Just Apply This Paste and the Hairs Vanish

(Helps to Beauty.) A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered deodorant, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you use genuine deodorant.

LLOYD GEORGE

The Peace Conference will know Lloyd George no more. The British premier had been one of the very innermost circle of able men who have been consolidating the after-war matters, arranging the terms upon which the enemies of the Allies were to have peace, and seeking to lay the foundations of a new Europe; and he has seen the task well along. But affairs at home have been pressing and are pressing more today than ever. There are signs of an election; there is apparent a sturdy labor opposition to the coalition government; and even if these conditions did not obtain there are big matters of national interest that require more attention than even a Lloyd George can give them with one eye on London and the other on Paris.

The frequent trips to the French capital that have been and are necessary make for loss of much time and so the British premier has felt that he must delegate the Paris portion of his duties. Sir Eric Crowe will succeed him as British plenipotentiary and will have ambassadorial rank. He has been assistant under secretary for foreign affairs in the British cabinet.

Lloyd George did good work at the Paris conference table and his conferences of the Allies will miss him from the discussion of the great questions of the day.

COURCELLETTE

The different events which marked the operations of the Canadian forces in the great battles in Europe make for the people of Canada nearly every day in the calendar an anniversary. There are a few dates however which will stand out among all others and yesterday marked the anniversary of one of these.

It was four years ago that the Second Canadian Division, with which was identified our own "Fighting 26th" and the 2nd D. A. C., crossed from England to France and started up towards the battle line to swell the khaki tide that was gradually gaining strength in Flanders.

Twelve months later these two units formed a part of the force that effected the capture of Courcellette, the first major operation in which the Canadians participated in the Somme sector and their first really great offensive stroke in the war. Zero hour was at 4.30 a. m. At that hour, following the curtain of steel from the Canadian guns, our gallant infantry went over the top and across the rain-soaked, shell-pitted ground to victory. In less than an hour Courcellette had been captured, our men were in possession of the now famous "Sugar Refinery," and had raised the enemy posts in Mouquet Farm. The strength of the attack can be gauged by the fact that the 2nd Canadian Divisional Artillery fired through their field guns on that date more than 45,000 rounds of ammunition.

This battle is of special interest in the fact that British tanks, those great death-dealing, and enemy morale-reducing land ships, first made their appearance in action and, besides assisting both morally and materially in the success achieved, demonstrated their possibility and opened the way for the successful exploitation of this new weapon of warfare.

INDUSTRIAL CONDITIONS.

It was inevitable that the war and the readjustments which result from it should produce a certain feeling of unrest among the large proportion of the population affected. Industrial and economic conditions have been seriously disturbed and, until the issues which have been raised have been settled and until a reasonably satisfactory basis for conditions of living has been arrived at, the unrest may be expected to continue. This, in itself, is not an alarming situation. Unrest is preferable to stagnation and when wisely directed results in progress. So long as we retain our sanity and reasonableness we need not fear the outcome.

The first step towards the solution of the problems which demand attention is their recognition and careful consideration and the industrial conference now in session in Ottawa should do much to clear the air and let us see the situation as it actually exists, as a necessary preliminary to a decision on the question of what we are going to do about it. If these deliberations are to be productive of results which will be worth while it will be necessary to keep in mind the warning of Hon. W. L. Mackenzie King that there are four parties to all labor problems—labor, capital, management and the public interest. No substantial and permanent gain can be made by any one of these interests at the expense of the others and all must contribute to the common welfare.

The war has left a legacy of debt which must be shouldered by the people as a whole and it also has produced conditions which make it more difficult to secure the harmonious and united effort which is necessary if the burden is to be borne without disaster to the nation as a whole or to the individuals and classes which make up the nation. While the war was in progress there was but one objective, the defeat of the enemy with the preservation of ideals for which

the world was fighting. To preserve these ideals and to reap the full benefit of victory similar concentration on the most pressing of the immediate problems must be exercised.

A thoughtful report has been prepared by a committee of the New York State Federation of Labor appointed to inquire into the cost of rising prices, one of the chief causes of the present unrest and the findings of the committee form a valuable contribution to the fund of public opinion on the subject. In the course of the report appear these paragraphs:

"Uncertainty as to government regulations, uncertainty as to industrial conditions, uncertainty as to Labor's attitude, uncertainty as to future market conditions, have disturbed and dislocated industry to a degree never experienced before. These are facts which no body of men ought to dispute. Labor will certainly not question them.

"Your committee is convinced that this condition is all wrong and cannot be permitted to continue unless we—and by 'we' your committee means not Labor alone, but the people of the whole United States—wish to invite a disaster unparalleled in history. The people must be given a breathing spell.

"There must be a suspension of struggling for class and party advantage. All Americans must bend their backs to their oars and pull steadily together against the storm-tossed waters until our boat again rides safely on the placid sea of prosperity."

The arguments advanced and the finding arrived at apply as fully to Canada as to the United States. Increased production is the only way out and that should be the chief aim of the whole people. The adjustments in the method of distributing the product are incidental and must not be allowed to interfere with the main object or all will suffer.

Gabriel D'Amunzio, Italian poet and warrior, has taken charge of the Fiume case, wily nilly, and with a body of followers, has occupied the city. The Fiume question and that of the Adriatic in general nearly caused serious disruption in the Peace Conference some months ago, but trouble was averted, at least temporarily, while various plans as to the future of the city were presented and discussed but with no fully satisfactory solution of the difficulty.

D'Amunzio's spectacular action gives the situation a new phase. Despatches indicate that the supreme council means to keep clear of the matter in its new aspect and regard it as one for Italy herself to settle.

Government powers are great. In Australia the people are not subscribing to the peace loan as the authorities would like and there is now a threat that pressure will be brought to compel the reluctant coin to come out into the open.

By all means, let us have the bread wrapped.

SIR HERBERT AMES GOING TO GENEVA

Resigns Patriotic Fund Secretaryship—Drayton Succeeds White As Treasurer

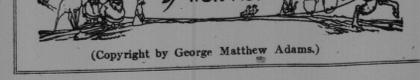

Ottawa, Sept. 16.—The executive council of the Canadian Patriotic Fund has received and accepted the resignation of Sir Herbert Ames who, since the inauguration of the fund, has been its honorary secretary. Sir Herbert Ames has been appointed financial controller to the League of Nations, and as this necessitates his residing in Geneva, Switzerland, he can no longer take an active part in the affairs of the fund.

His Excellency the Governor-General expressed to Sir Herbert the appreciation in which the executive committee held his services, and voiced his regret at his departure. It was unanimously resolved to ask Mr. W. F. Mackenzie King, recently member of Parliament for Kingston, to accept the post of honorary secretary and this Mr. Nickel has agreed to do.

At the same meeting there was received the resignation of Sir Thomas White as honorary treasurer. Owing to his retirement from the Government, Sir Thomas will no longer reside in the capital city. Sir Henry Drayton has agreed to become the new honorary treasurer.

The post-discharge relief work of the fund is beginning to assume considerable proportions, and many applications for assistance on different grounds have been received by the various branches throughout the Dominion. A number of these applications have been based solely on unemployment of the discharged soldier and these the committee have been obliged to reject. The money that the fund has at its disposal is limited and is to be used mainly to assist the dependents of ex-soldiers who, through sickness, accident or death, are in hard circumstances. The fund is also assisting many deserted wives and, as the allowances paid are all on the same generous scale as the Canadian pensions, a considerable annual expenditure has already been incurred. The officials of the fund feel, therefore, that they cannot assist the family of a man who is physically able to work, when there are so many families that do not even possess bread-winner.

MANY THEMES.

I talk all day of divers things, of pelicans and quinces, of cats and pterodactyls' wings, of cabbages and princes. With women I discourse of gowns, with kids I talk of candy, with kings I argue much of crowns, with soaks I speak of brandy. It is the tendency of age to have some mental hobby, and on that topic rant and rage until we call a bobble. The man with but a single theme calls forth no smiles or chorales; he makes his hearers wish to scream, and bop his fellow staffs. One talks of prehistoric days, and scorns the golden present. One talks forever of his ills, of tortures, and has memorized the pills and powders he has snatched that are achin', and he has memorized the pills and powders he has snatched that are achin', and he has memorized the pills and powders he has snatched that are achin'.

WOMEN'S INSTITUTE

Mrs. J. W. V. Lawlor, president of the Women's Institute announced at its meeting last night that Hon. Dr. W. F. Roberts, minister of public health, had assured her that the wrapping of bread would be made compulsory.

The committee convened for the convention of Women's Institutes that will be held in St. John during the latter part of October, and in arranging to hold classes in sewing and cooking commencing this month. It was decided to hold a rummage sale in conjunction with the Free Kindergarten Association, the proceeds of which will be divided equally between both organizations.

The Y. M. C. I. is getting ready for a good steady season of sport. Gymnasium classes will open the first week in October under Joseph McNamara, physical director, and the bowling alleys are already going in full swing.

The board of directors met in the institute last evening with the president, Thomas Nagle, in the chair. The president appointed the following committees for 1919-1920 which were approved by the directors:

Executive, R. O'Brien, Judge H. O. McInerney, Alfred Dever, Dr. L. Fleam-

ing, M. Dolan; financial, D. W. Harper, Dr. William F. Broderick, R. Sullivan, J. Crowley, Dr. C. M. Kelley; social, M. Bohan, G. Anglin Gorman, J. U. Haggerty, F. D. McGuire, H. V. LONGSHOREMAN INJURED. While assisting in the loading of the Manchester Civilian yesterday afternoon Jack Hayman, of 193 St. James street, was badly injured when a bundle of laths fell on top of him. He was piling the chain bearing a bundle snapped and the laths in the hold of the vessel, when the bundle of laths fell on him, injuring his legs and abdomen. He was taken to the General Public Hospital where his wounds were attended to.

W. A. Shaw met with a serious accident recently and shattered his elbow, and on Saturday evening in the Infirmary an operation was performed and the shattered joint removed. In place of this steel joint has been fitted and it is hoped that the artificial joint will give Mr. Shaw good use of his arm.

RECENT DEATHS

Mrs. J. K. Taylor. The death of Mrs. Catherine Olive Taylor, widow of John K. Taylor, occurred yesterday morning after two days' illness. Mrs. Taylor was one of the oldest residents of West St. John and one of the oldest members of the Carleton Methodist congregation, of which she was all her life a devoted member and consistent worker. The daughter of Joseph Ponsford, she was born in Carleton eighty-five years ago and resided there all her life, winning the respect of all who knew her. Mrs. Taylor is survived by one daughter, Mrs. A. Arthur Clark, of Halifax, who is now at home, and four sons, George P. Taylor, in Los Angeles, California; Dr. Henry L. Taylor, M.P.F., St. George; Rev. Walter A. Taylor, of Point Berwick, New York, and E. R. Taylor, St. John West. The funeral will take place on Wednesday afternoon from her late residence, 228 Guilford street. Service at 2.30 o'clock.

Mrs. G. B. Manser. Woodstock, N. B., Sept. 15—The death of Mrs. Manser, wife of Dr. G. B. Manser, took place at her home here today. She had been in poor health for some time. She is survived by her husband, two sons, Wightman and Bayard, and one daughter, Patricia. The remains will be taken to her former home in Providence (R. I.), for burial.

Woodstock, Sept. 15—Charles Connell, one of our best known citizens, passed away on Sunday at his home in Northampton. He was about seventy-six years of age and a prosperous farmer.

STILL HOPE PRINCE WILL CHOOSE AMERICAN GIRL FOR HIS BRIDE

Speculation in U. S. Where They See Much in Such a Union

Boston, Sept. 16—Despite the rumor of the possibility of an engagement of the Prince of Wales to a daughter of the Duke of Devonshire, Uncle Sam has not given up hope that he will capture the prince for one of his fair daughters. The Boston Transcript, which has had a correspondent "sizing up" the prince in Canada, publishes the following speculation on the subject:

"There is still much speculation as to the possibility of the Prince of Wales taking unto himself a bride in the United States. With a certain class of Canadians and Englishmen such a match would not be popular. An American girl would not fit in with their ideas at all, but by a great portion of the population a marriage between the prospective king of England and an American girl would appeal as a tremendously spectacular event of far-reaching importance, not in any possibilities of formal alliance, but in the cementing of the friendship of the nations.

The Prince's Personality. Like everybody else, the Transcript's correspondent has been greatly impressed by the prince's personality, for he writes: "Canadians after seeing the Prince of Wales for themselves are looking forward with keen interest to his forthcoming visit to the United States, which is to take place at the conclusion of his Canadian tour at the end of October. It is freely predicted that he will make a hit, and that his associations with queen of England does not fit in with their ideas at all, but by a great portion of the population a marriage between the prospective king of England and an American girl would appeal as a tremendously spectacular event of far-reaching importance, not in any possibilities of formal alliance, but in the cementing of the friendship of the nations.

which had been prepared for him to read and has spoken from the heart. In these respects he has been acquitting himself in a way which few youths of twenty-five can equal. When his father, the present king, visited Canada the impression he unfortunately gave on many occasions was that he was extremely bored. The attitude of Prince Edward is the very antithesis of this.

"There is no doubt that the prince's visit is doing a great deal to strengthen the bond between Canada and the crown. It is not absent from the minds of public men in Canada and probably in other parts of the British Empire that a misfit on the British throne might jeopardize that institution. After see-

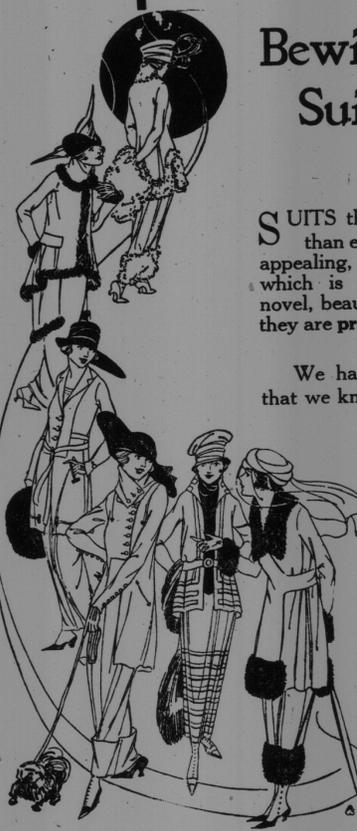

ing the heir apparent face to face Canadians have no hesitation in testifying that the British throne is secure for the lifetime of the present generation at least.

"Despite abuses which grow up around a court, most of which, such as the development of funkism and a tendency to exaggerate class distinction, are harmless, excepting to the persons indulging in them, the system of government under a monarchy is still the one to which Canadians give their loyal allegiance. The strength and the weakness of the system are both illustrated by the personal side of the prince's visit; its strength in demonstrating the tremendous loyalty of a whole people to its ruling family when

the personal of that family is as likable as Prince Edward; its weakness by deduction as to what might happen if the prince was of another type."

EARLY CLOSING BILL. London, Sept. 16—The early closing bill, sponsored in parliament by Sir Kingsley Wood empowers local authorities to set up an early closing council to look after the interests of small traders who may be hit by the bill. It provides for compulsory closing at seven o'clock on four nights of the week, one o'clock on one day, and eight o'clock on Saturdays. One hour later each night is allowed tobacconists and confectioners.

\$40,000 THEIR SHARE  
At the financial meeting of the St. John district of the Methodist church in Queen square church, yesterday, the spiritual programme recommended especially for the Methodist churches of the district was unanimously adopted. The district assumes responsibility for \$40,000 of the \$400,000 to be raised by the Methodist church in Canada. The afternoon session was occupied chiefly with a discussion of the inter-church movement and the united national campaign. Rev. H. J. D. Simpson, of Toronto was present and told the story of the beginning of this movement. Rev. E. F. McEn, the field secretary for the inter-church movement.

FREIGHT HANDLERS. The Marine Freight Handlers' Union, Local No. 232, met on Sunday afternoon in their hall on the West Side, with the president, Edward McGinnis, in the chair. The matter for consideration at the meeting was the unloading of care of lumber at West St. John and the city docks. This work was awarded to the Freight Handlers' Union by the decision of the Waterfront District Council, representative of all the waterfront unions, at a meeting last Thursday evening. A committee composed of J. A. Brittain, Wm. Hammond and Edward McGinnis was appointed to interview the shippers and railways to arrange for the transference of this work which was formerly done by the longshoremen.

ENGLISH NEWSPAPER REPRESENTATIVES IN TROUBLE IN RUSSIA

London, Sept. 16-According to a Reuters telegram received from Stockholm the Helsingfors newspaper Stockholm Demokrati states that the correspondent of the Manchester Guardian, Professor Goode, has been arrested by the Estonian authorities at Reval at the request of the British authorities. Some weeks ago Goode sent a message from London to Moscow showing that Goode was subsequently released and is now aboard a ship pending arrangements for his return to England. The labor paper, the Dally Herald, this morning suggests that Goode was bringing a fresh peace offer from the Soviet government to the Entente. It says that in well-informed circles in London it was generally believed that such a peace offer had been made personally by Lenin to a British journalist who was on his way home from Russia. The Daily Herald, commenting says: "Can it be that the government wants to suppress and deny news of proposals made to William Bullitt last March? If so, it adds, the final touch to the whole scandalous story of the Russian war."

When Henry Ford, John Burroughs and Thomas A. Edison were in Tilton, N. H. on their vacation trip, they joined the crowd at a Salvation Army meeting just as a Salvation lassie was about to pass the tambourine. Mr. Edison greeted her from her hand and took up the collection, getting unusually generous contributions from the townspeople, who recognized him. Seeing the tambourine full, Mr. Ford said: "Why don't you pass your hat now?" said Mr. Edison replied: "All right, Henry, if you'll start me off with a good-sized contribution." Both Ford and Burroughs emptied their pockets then into Mr. Edison's hat. So did Edison himself, and then he turned over to the Salvation Army a tambourine and a hat full of money-just how much has not been announced.

Judge Chesbro in Los Angeles was embarrassed when he found that a man whom he had held for a misdemeanor in \$25 bail and who did not have the \$25 had disappeared from the court room, leaving his wife as bail. The judge was much relieved when just before it was time to close the court, the man rushed in and put down \$25 in real money, and walked away with his wife.

WHEAT EMBARGO TO SAVE SEED AN EXAMPLE TO THE WORLD. Decision Reached at Conference of Experts in Winnipeg. Brotherhood Existing Between Canada and United States.

Winnipeg, Sept. 16-According to reliable information just received, definite steps are to be taken immediately to ensure an economical and equitable distribution of the seed grain that will be required for relief of farmers in drought-stricken areas of Alberta and Saskatchewan. My information is that an embargo would be put immediately upon all movement of wheat south of a line drawn from Lacombe, Alta., to Cory, Sask., and west of a line from Cory to the international boundary. This embargo, which will be announced officially within the course of a few days, is the result of a conference, held recently in Winnipeg, at which the Canadian Wheat Board, the Seed Commission's Branch and the Deputy Minister of Agriculture for Alberta and Saskatchewan were present. Its result will be to hold all wheat where it is until such time as the market of relief and local sales are thoroughly considered, and its working to be such as to effect a great saving of time and expense in supplying the needs of seedless districts of both provinces.

Industrial Conference. Ottawa, Sept. 15-The first day's proceedings of the National Industrial Conference came to rather abrupt close at 4:30 o'clock this afternoon, and the Wheat Board, the Seed Commission's Branch and the Deputy Minister of Agriculture for Alberta and Saskatchewan were present. Its result will be to hold all wheat where it is until such time as the market of relief and local sales are thoroughly considered, and its working to be such as to effect a great saving of time and expense in supplying the needs of seedless districts of both provinces.

WAR AND SEX BALANCE

Berlin, Sept. 16-Before the war there were in Prussia 1,005 women to every 1,000 men. In no other European country save Belgium, where the proportion was 1,002 to 1,000, were the numbers of marriageable persons of opposite sexes so nearly equal. In England the figures were 1,061 to 1,000. What the effect of the European struggle has been in this matter is shown by some interesting statistics published in the Berliner Tageblatt. Prussia now has 1,107 women to every 1,000 men. In 1915 the number of marriages in Prussia was 7.77 per 1,000 of the population. It was 10.4 at the end of the Franco-Prussian war. It is now 5. In all Germany the number of marriages in 1915, the last year for which statistics are available, decreased nearly 50 per cent as compared with 1914. So far as the actual number of marriages in Prussia is concerned, there were almost as many as far back as 1868 as there were last year, 216,000 and 229,000 respectively. The number of war marriages in Prussia in August, 1914, is given as 47,784.

HER LITTLE GIRL HAD DYSENTERY

Bowels Moved as Many as 25 Times a Day. Dysentery manifests itself with varying degrees of intensity, but in well marked cases the attack is commonly preceded by some amount of diarrhoea, which gradually increases in severity, and is accompanied with gripping pains in the abdomen. The discharges from the bowels succeed each other with great frequency, and the matter passed from the bowels, which at first resembles those of ordinary diarrhoea, soon change their character, becoming scanty, mucous or slimy, and subsequently mixed with or consisting wholly of blood. Never neglect what at first appears to be a slight attack of diarrhoea or dysentery may set in. Cure the first symptoms by the use of Dr. Fowler's Extract of Wild Strawberry. Mrs. John V. Tanton, R. R. No. 8, Watford, Ont., writes: "My daughter was taken down, two years ago, with dysentery, and I could find no help for her until I got a bottle of Dr. Fowler's Extract of Wild Strawberry. She was only two years old, and ate something different to what she was used to. She had as many as twenty-five movements a day, and mostly blood. We had the doctor several times, but no relief came until we used 'Dr. Fowler's.' I would not be without it in the house for a good bit. Be sure and get 'Dr. Fowler's' when you ask for it. Price, like a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

SHE BELIEVES IT SAVED HER LIFE

Winnipeg Woman's Recovery by Taking Tanlac Surprised All Her Friends.

"My wonderful recovery" has been a surprise to all who knew of my dreadful condition," said Mrs. Amelia Hooley of 863 Fleet avenue, Fort Rouge, Winnipeg, Canada recently, in one of the most interesting and remarkable statements yet published in connection with Tanlac.

"My system has been badly run down for several years," continued Mrs. Hooley, "and although everything was done for me that could be done for a person I got worse instead of better. I had begun to think Tanlac was going to fail me, too, as I could not see much improvement, if any, until I started on my third bottle. At one time I thought of giving it up, but if I had it would have been the mistake of my life for, really and truly, it has made a person of me. My appetite is in the worst kind of fix and my appetite left me entirely. Nothing tasted good and even the most delicate and tempting foods did not appeal to me. What little I did eat soured on my stomach and the gas from it would blow me up and make me miserable. Then I contracted rheumatism in my left leg, which finally affected my whole side, and it was as much as I could do to get around. In fact, I was lying down in bed for six weeks, hardly able to move. This leg would pain me so, especially at night, that I couldn't lie still. There was also a terrible pain that started in my right shoulder and went up the back of my neck clean to the top of my head. This pain was so severe at times I thought I would go distracted, and I have used mustard and the strongest kind of liniments until I actually burned the skin off trying to get relief. I would lie awake night after night just suffering agony, never getting a wink of sleep. I would get up mornings feeling like a wreck, unable to sew or do any housework, and would go so weak I would almost faint and feel like I was dying. I would have dizzy spells when I could hardly stand up, and these left me so weak and faint that I feared my heart was going to stop beating."

"Last year all arrangements were made to put my children in a convent, as I had been given up to die. My nerves were in such a shattered condition that I couldn't stand the slightest noise. Even the children playing around would almost make me frantic. I had fallen off in weight until I was scarcely more than a frame of skin and bones. At the time I began taking Tanlac I only weighed ninety-three pounds and my condition was really alarming. My husband advised me to stick to Tanlac until I had given it a fair trial and while I was taking my third bottle I commenced to get relief. I used five bottles now and my improvement has been nothing less than wonderful. A few days ago I went to visit a friend and she had so much to say about how well I look that I asked her if I had really been very sick and she said she never had any idea I would live. I have not only gotten relief from all my sufferings, but I have actually gained twelve pounds in weight besides, and I am just so happy and grateful over my recovery that I want to tell everybody about Tanlac."

Tanlac is sold in St. John by Ross Drug Company and P. W. Munro under the personal direction of a special Tanlac representative.

URGING GOVERNMENT TO ALLOW GERMANS TO BUY IN U. S.

London, Sept. 16.—A Berlin despatch to the Daily Mail reads: "In commercial circles it was told yesterday that American firms interested in the German trade are urging their government to take steps to make German buying in the United States possible. This coincides with the curious statement, also made to me, that the new Communist coup d'etat will be postponed until it becomes clear that even a big American loan cannot save the situation."

"The Hamburg merchants, believing that the disastrous state of affairs will shortly become irreparable, resolved today to urgently petition the government to conduct a colossal publicity campaign throughout the country for work and rigid economy. Meanwhile, in Hamburg and all over the country Communists, Spartacists and Anarchists are pursuing a scheme for ridding Germany by elaborate and very insidious propaganda."

TORONTO IN "DRUG RING." St. Paul, Minn., Sept. 16.—A drug ring, said to centre in Toronto, with Montreal as a clearing house, which operated throughout the northwest, was disclosed following a raid on an opium den here and the arrest of Tony Serpa in New York.

The raid here arrested Serpa had twenty-five thousand dollars' worth of drugs and twenty thousand dollars in cash. The police learned it is declared, through tracing Serpa and his associates, of Canadian complicity.

Don't Hawk, Blow, Sneeze, or Cough Use "Catarrhzone"

When germs attack the lining of the nose, make you sneeze and gag—when later on they infect the bronchial tubes—how can you follow them with a cough syrup? You can't do it—that's all. Cough syrups go to the stomach—that's why they fail. But Catarrhzone goes everywhere—gets right after the germs—kills them—kills the mucus—cures the inflammation—makes Catarrh disappear. Not difficult for Catarrhzone to cure, because it contains the essence of pine balsams and other antiseptics that simply mean death to catarrh. Large size costs \$1 and contains two months' treatment; smaller size 50c. and 50c. all druggists and stockholders.

OKAPI IN ANTWERP NOT LONDON ZOO

Some Disappointment That Rare Animal Didn't Reach England.

London, Sept. 16.—British naturalists who have been confidently expecting that the only live okapi in captivity was to be brought to the Zoological Gardens in Regent's Park, were disappointed today when the news came from Antwerp that the animal had been brought there from the Congo by Dr. Lebrun. It was the gift of Mme. Landaghem, whose husband is in the Congo medical service. The okapi is the survivor of a distant ancestor of the giraffe. An adult stands about five feet high, and although it has the general shape of the giraffe its neck is relatively shorter and its forelegs are not so high in proportion to its hindquarters.

The sides of the animal's head are light fawn color and the general coloration of the body is a dark purple. The most striking character is that the rump and the upper part of the legs are transversely striped with black and white. It was first known in 1901, having been found in the Semliki forest, haunting low undergrowth and swamps. This particular specimen was in Mme. Landaghem's possession for a number of years and photographs of it received here show it eating out of her hand.

HOTEL SERVANTS INHERIT \$30,000

Death of Young Captain Leaves Them in Line for Fortune

White River Junction, Vt., Sept. 16.—For twenty years Mr. and Mrs. William Hallock have been employees of the Junction House, the man as fireman, the woman as chambermaid. Now they are heirs to a fortune approaching \$30,000. When the United States entered the world war, Roy E. Hallock of New Haven, Conn., the only son of Elmer Hallock, manager of an insurance company of that city, and a nephew of Mr. and Mrs. William Hallock, joined the army and later to a camp in Georgia. While at Washington he visited Atlantic City. There he met Miss Claire Degraffenier Yanssey, daughter of Col. Hamilton Yanssey of Rome, Ga. Captain Hallock married Miss Yanssey at Rome, Ga. Last December he was given a furlough and with his newly made bride started north to spend the holidays with his father at New Haven, Conn.

En route they stopped at Glenridge, N. J., where Captain Hallock was taken ill suddenly with influenza. He was hurried to Mountain Side Hospital at Montclair, N. J., where he died Dec. 27. The father, Elmer Hallock, died a week following, and the fortune which would have gone to Captain Hallock had he been living at the time of his father's death, now goes to Mr. and Mrs. William Hallock of this village.

RECORD NUMBER IN FREE KINDERGARTENS

At the meeting of the Free Kindergarten Association yesterday afternoon in the Union street room, it was reported that the opening attendance at the five kindergartens this year was the largest ever known and forty-five of the children are soldiers' orphans. The meeting was presided over by Mrs. T. N. Vincent, was largely attended and was most encouraging and the members were all enthusiastic. Reports told of twenty-six children having gone from one room of the kindergarten to the public schools this year. In all nearly one hundred children entered the public schools from the five kindergartens. It was said that the opening attendance on September 1 this year had amounted to 256, the largest known and that there were but few vacancies.

Mrs. W. F. Rowse, the secretary, reported on a special appeal for funds which had been made to a number of leading citizens. She said that so far the response had not been as cordial as had been hoped for but that it was expected that many people would still be heard from. She acknowledged with special thanks the following amounts: J. P. McIntyre, \$20; George Barbour, \$20; James Manchester, \$10; Misses MacLaren, \$5, and George Murray, \$1.

The teachers in the kindergartens are the same this year as last but Miss Mildred Barnes and Miss F. Keirstead have exchanged schools. The teachers are as follows: Mabel Peters kindergarten; Miss Marjorie McKim and Miss Mildred Barnes; Brussels street, Miss Trentowsky and Miss Keirstead; Union street, Miss Louise Estey and Miss Minnie Lawlor; South End, Miss Ruth Manks and Miss Mildred Parker; North End, Miss Edith Stevens and Miss Eleanor Cline.

JOBS FOR LOCAL MEN

The general monthly meeting of the G. W. V. A. was held last evening in their hall, with N. P. McLeod, the president in the chair. Reports from committees were read and a resolution adopted demanding that all offices in the province not already filled by New Brunswick men, should immediately be declared vacant and New Brunswickers appointed to fill the vacancies. The fair committee reported that a net balance of more than \$7,500 had been reserved from the fair, and it would be left to the association to decide what disposition should be made of this sum. It is understood that a large proportion of it will go towards paying off the mortgage on the G. W. V. A. building. It was decided, too, that the G. W. V. A. band should be the official band of the association and that the association should be responsible for its maintenance. In recognition of the valuable services rendered the organization by the G. W. V. A. it was decided that the G. W. V. A. should assist their coming dance a great success. About fifty new members were initiated.

CZECH IN DUEL WINS A JEWELLED SWORD

Valuable Trophy Taken After Killing Bolshevik.

Tokio, Sept. 16.—When the Archer sailed from Yokohama recently for the United States bearing to American hospitals and their far homes 2,000 Czech soldiers, she carried with her a jewelled sword which possibly is worth a noble ransom. Nobody knows the story of that weapon, although from the elaborateness of its workmanship it must have belonged to one of noble blood, but the eighteen-year-old Czech boy who cherishes it has a story enough connected with the getting of it to make up for all the rest that may be lacking.

The beautiful sword fell first into the hands of a young Bolshevik officer. They met on the field of battle, that endeavor to slay the Czech lad, in which he was probably out of his teens, and they fought a duel that meant life or death to one of the two, while the Czech and his comrades were busy with the young Russian had also a French model Browning gun with which he endeavored to slay the Czech lad. He fired and missed, the bullet going through the Czech's cap. Again he fired, the bullet hitting the Czech's sleeve. Bolshevik fired six times and missed. Then while the Russian was endeavoring to slip another clip into his gun the Czech slipped through with his bayonet and took the sword and the Browning.

ALL ROOMS IN Y. W. C. A. TAKEN

The Y. W. C. A. board of directors meeting yesterday, received some most encouraging reports of the great extension of the work of the association here. The secretary reported with regard to funds. Some expression was made that the work of the Y. W. C. A. was not receiving the sympathy, interest and support which it most justly deserved. In the absence of the president, Mrs. J. A. McAvity, Mrs. James F. Robertson occupied the chair. Miss A. Brock conducted the opening devotional exercises.

In the report of the King street home it was said that the home was now taken by permanent boarders, thirty-five being on the house register. The accommodation for transients was said to be confined at present to the lounge in the reception rooms but the home has no wish to turn away transients. It was said that all transients would be found accommodation somewhere else if not in the home itself. Announcement was made that Miss Colston, a graduate of Rochester (N. Y.), had taken over the duties of dietician of the cafeteria and was assisted by Miss Prescott. The travelers' aid report told of 264 trains and sixty-four boats met, of 199 people taken to the home and 200 meals served.

Much discussion took place regarding the convention to be held in the city early in October. The convention is of the city association council of the Y. W. C. A. of Canada and its aims are for the making of a strong ideal association with everyone taking part and everyone acting together.

Every Woman's Ambition For Rosy Cheeks Now Easily Satisfied

Hollow cheeks with dark lines under the eyes, how a woman hates them! But rosy cheeks, clear skin, and bright eyes, give them to a woman and she is happy. The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. Bad complexion always means bad blood. Girls, don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength. Many a woman who has allowed herself to run-down, to develop that tired, worried look has built up again in this simple way. Why don't you try it? At the close of every meal, just take two small chocolate-coated Ferronose Tablets—any person can do this in a minute. The action of Ferronose is apparent at once. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings that old-time feeling of youth into the system again.

Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferronose. As a tonic and restorative, as a health-bringer and body-builder, Ferronose is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. For better looks and better health try Ferronose yourself, sold everywhere, 50c per box, 6 boxes for \$2.50, or by mail from The Catarthzone Co., Kingston, Ont.

AUSTRALIANS BOOM HOME-MADE GOODS

Building Up of Industries Also Included in the Campaign.

Sydney, Australia, Sept. 16.—An active campaign will be instituted soon throughout New South Wales with the object of fostering sentiment in favor of Australian-made articles and the building up of Australian industries. This plan has the backing of the Chamber of Manufacturers, the Returned Sailors and Soldiers' Imperial League of Australia, the Australian Natives' Association, the National Economy Association in New South Wales and a number of other bodies. During the war many young industries, picturesque and accurately described as war-babies, were born. Other industries were extended, avenues of employment were widened, and there was consequently a greater circulation of money locally.

OBJECTS OF THE FORWARD MOVEMENT

A mass service in the interests of the United National Campaign and the Inter-Church Forward Movement was held in the Queen Square Methodist church last evening.

Rev. George Morris, the pastor, presided and on the platform with him were representatives of the different Protestant churches, represented by Archbishop Crowfoot, Rev. H. B. Thomas, E. F. McI. Smith and Rev. R. J. D. Simpson, of Toronto. E. F. McI. Smith, the representative of the inter-church movement, who is carrying on a campaign throughout the maritime provinces, gave the first address. Mr. Smith said that he would like to point out to the congregation that he represented alike the Church of England, the Methodist, Presbyterian and Congregational churches. Up until the present the Baptists had not yet joined in the campaign, but it was the fervent hope of the committee in charge that they would soon unite in this effort with the other Protestant churches.

Rev. H. E. Thomas, chairman of the conference, was the next speaker. He said that the great need of the Christian church today was the spiritual life. This indeed needs deepening. To do this the different Protestant churches are joining hands in a common cause and are trying to do their utmost to deepen the spiritual life of the church. The financial end of the campaign the speaker pointed out, was the easiest part and as trying to do this, it is hoped, was easy to accomplish the spiritual end of the campaign as it was the financial end.

Mr. Simpson then undertook to explain to his congregation what the inter-church forward movement really was. Five years ago, he said, when the British empire entered the war, she pledged her every dollar of her resources to protect the small countries and to conquer the enemy. Later when the United States entered the war on the side of the Allies she practically pledged herself to do the same thing. The two countries thus from the outset took the war with all seriousness. But when, asked the speaker, how they were to do this, he said, had he come across it. The inter-church forward movement is that an attempt on the part of some of the great Protestant churches to have the Christian church take her war with all seriousness so that the work of Christ can be accomplished.

HAIR HINTS

Helpful Advice for Care of the Hair Worthy the Attention of Everyone Who Would Avoid Dandruff, Itching Scalp, Gray Hair and Baldness.

If your hair is getting thin or you are troubled with dandruff or itching scalp use Parisian Sage daily for a week and you will surely be surprised to see how quickly it stops your hair from falling and removes every sign of dandruff and itching scalp.

"Before going to bed I rub a little Parisian Sage into my scalp," says a woman whose luxurious soft and fluffy hair is greatly admired. "This keeps my hair from being dry brittle or scraggly, helps it to retain its natural color and beauty, and makes it easy to dress attractively." Beautiful, soft, glossy, healthy hair, and lots of it, is a simple matter for those who use Parisian Sage. This harmless, inexpensive, delicately perfumed, and non-greasy invigorator cures. Be sure you get the genuine Parisian Sage (Giroux's) as that has the money-back guarantee printed on every package.

A CLERGYMAN'S RECOMMENDATION

The Zam-Buk Co. Dear Sirs: Appreciating what your balm has done for me, I should like an opportunity of recommending it to others who may be similarly afflicted. For the last forty years I have had a patch of eczema on my right hand. I tried in every possible way to get rid of it—had treatment from several doctors and tried innumerable remedies, but received no lasting benefit. If a remedy eased it or cured it for a time, it always returned as bad as ever. One of my friends is a great believer in Zam-Buk, so I decided to give it a trial and sent first for a sample. You can imagine my amazement when even this small quantity brought me more relief than anything I had ever before used. I continued the use of Zam-Buk for two weeks, by which time the eczema, although of forty years standing, had entirely disappeared. That was one year ago, and there has been no return of it. Yours sincerely, Yours sincerely, (Name of clergyman, from whom the above letter was received, will be given upon request)

ENGLISH MUSICIANS STARTLED BY PIANO VIRTUOSO OF SIX

London, Sept. 16.—The remarkable piano playing of Freda Hall, aged six, is astonishing musicians in all parts of the country. Freda has taken first class honors in the higher examinations at the London College of Music, where the examiner described her scale playing as marvellous. The youthful prodigy did not make a single mistake in her answers on theory. The girl's talent was first discovered when she was two years old. She surprised her parents by imitating on the piano a little tune she had heard at a school entertainment. No other member of her family displays musical talent.

Kolchak Breaks Through.

London, Sept. 15.—Admiral Kolchak, in pursuing his offensive against the Bolsheviks, has broken their front in three places, according to official information reaching here today. The all-Russian counter movement, it is stated, threatens to outflank the Bolshevik forces advancing from Tobolsk.

A Woman's Warning

Why will women continue to drag around in misery, suffering with the ailments peculiar to their sex, that drag them down to misery and despair, with backache, nervousness, the blues, derangements and irregularities, when there is a proved remedy for just such conditions?

For more than forty years Lydia E. Pinkham's Vegetable Compound has been overcoming these ailments until it is now recognized everywhere as the standard remedy for woman's ills.

For Twenty Years the Friend of This Woman

Akron, Ohio.—"I am fifty-one years old and going through the Change of Life, and Lydia E. Pinkham's Vegetable Compound is doing me lots of good. I felt run-down and weak but since taking the Vegetable Compound I am much stronger and better. I can eat and sleep, am gaining flesh and can do more work than I have for some time. Twenty years ago your Vegetable Compound helped me during childbirth. I wish you would print this in your paper so that other women may read it. There is nothing better for the relief of suffering womanhood than Lydia E. Pinkham's Vegetable Compound. It does away with sickness and nervousness which is very often responsible for the lack of perfect harmony in the home." Mrs. S. A. FRIEDLANDER, 840 Elmora St., Akron, Ohio.

A Tournament by Telegraph.  
To prevent a laxity of interest in sporting events amongst the industrial workers because of the cold winter season which is now almost upon us, an international industrial telegraphic bowling tournament has been suggested, which will no doubt create a great deal of enthusiasm in the industrial centers throughout the United States and Canada. A tournament similar to this one is proposed, because of the great expense of territory it covers, determine just which team is the real class of the ten pin game amongst the industrial workers.

BITRO-PHOSPHATE  
IS GOOD FOR THIN  
NERVOUS PEOPLE  
A PHYSICIAN'S ADVICE

Frederick S. Kelle, M.D., Editor of New York Physician "Who's Who" says that weak, nervous people who want increased weight, strength and nerve-force, should take a 6-grain tablet of Bitro-Phosphate just before or during each meal.  
This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.  
If you do not feel well; if you tire easily; do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two week's supply—it costs only fifty cents a week.  
Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing. It is sold by the Ross Drug Co., in St. John and all good druggists.

**Make the Home "Livable" these Chilly Nights**

However hot and good the dinner may be—a chilly dining-room spoils it; a cold bedroom is anything but pleasant in the morning, and at night it removes all pleasure of rest; a chilly bathroom is unbearable; and the living-room—the heart of the family circle—must be cherry and warm. You don't need coal fires just now; and what better than a **PERFECTION OIL HEATER?**

And not only in homes is the **PERFECTION OIL HEATER** found; in offices, restaurants, hotels, clubs—indeed it is welcome everywhere.

Think of it. With a **PERFECTION HEATER** you can convert—in a jiffy—the coldest spot of the coldest room in your house to radiant warmth and "livability."

The **PERFECTION** burns kerosene oil; is smokeless, odorless, clean; can be carried easily from room to room.

**LOCAL NEWS**

**NOVELTY SHOWER.**  
Her associates on the staff of Scovill Bros. Ltd. assembled last evening at the home of Miss Blanche Davis, 170 Queen street, and tendered her a novelty shower in anticipation of a coming nuptial event. She received many useful and pretty remembrances and a pleasant time was enjoyed by the gathering.

**IN THE HOSPITAL.**  
It was reported from the General Public Hospital today that Leslie Bewick of Brookville, who was seriously injured yesterday morning when he fell from the Sussex train at Island Yard, was resting comfortably.

It was also reported from the hospital that Jack Hayman, who was injured yesterday while assisting in the loading of the Manchester Civilian, being struck by a bundle of laths, was doing nicely.

**THE LIQUOR LAW.**  
Robert McAlinsh, sub-inspector under the prohibition act is again on duty. In speaking to a Times reporter this morning he said that he had been in Moncton and St. Stephen since his return after a vacation in Scotland. While in Moncton he said he obtained fifteen convictions under the act and in St. Stephen eight. His visit in Moncton included the Labor Day celebration and in St. Stephen he was there during the fair.

**WELCOME FOR BRIDE.**  
Friends of Thelma Young, who returned recently from England with a charming young bride to whom he had been married in London, England, gathered recently at the home of his sister, Mrs. H. B. Smith, 157 Queen street, to extend a welcome to Mr. and Mrs. Young, and to tender to the latter a novelty shower. About fifty were present and the evening was pleasantly spent with the usual pastimes.

**FINE OF \$25.**  
Magistrate Ritchie in the police court this morning gave his decision in the case against John Garrick, charged with being drunk, supplying liquor to Thomas Treadwell, a colored man, and with assaulting Inspector Linton while in the discharge of his duty. The magistrate said that he had reviewed the evidence and the defendant was liable to a fine totalling \$308. He found him not guilty however on the first two charges and guilty of the assault and reduced the fine to \$25. J. A. Barry appeared for the defendant.

**IN THE COURTS.**  
In the County Court in the case of Huey vs. Doody, in which the plaintiff sued the defendant for the sum of \$129 for extras in connection with the work on the new military hospital, West End, the jury returned a verdict in favor of the plaintiff for the full amount. Teed and Teed appeared for the plaintiff and Daniel Mallin, K. C., for the defendant. The monthly sitting of the Chancery Court opened this morning, with His Honor Judge White presiding, and was adjourned without any cases on the docket being taken up.

**HOME FROM CONVENTION.**  
Arthur S. Connor, vice-president of the maritime division returned at noon today from Denver, Col., where he was in attendance at the convention of the Association of Western Union employees. Much of interest had been dealt with at the meetings and he said that the best of goodwill prevailed among the members of the association and the company, with mutual service the keynote of the gathering. The delegates, of which Mr. Connor was the only Canadian—all the rest from the various states—were well entertained during their stay.

**A NICE AFFAIR, THIS.**  
News reaching the Times today is that on last Sunday an outing party at Lake Latimer—not all men—was well supplied with liquor and that a somewhat serious situation developed. Three young men from the city, the story goes, drove out that way in a hired rig and were held up and beaten by the joyous one and the horse taken from them. They are said to have come back to the city and gathered a band of cohorts, who started out for the lake to deal out summary justice to the others, but were unable to find them. It is said that the hunt was kept up in the city next day and the next, but without success up to the present. What are we coming to?

**BYE-LAW MATTERS.**  
Some bye-law matters were before the police court this morning in the violation of the new electric law being recently passed by the Common Council. George Clark, an electrician in the North End, was charged with installing wires in the home of D. Brown, 411 Main street, without having a permit. This matter was reported by the chief city electrician, Barry Wilson. A fine of \$40 was imposed but was allowed to stand.

Frederick McAdam and Richard Giles were charged with exceeding the speed limit in Sydney street on September 11. They pleaded guilty. Each was fined \$10.

**LAVOIE-GORMAN.**  
A very pretty wedding was solemnized this morning in the Cathedral of the Immaculate Conception when Rev. Father Moore with nuptial mass united in marriage Miss Maud Gertrude Gorman, daughter of Mr. and Mrs. P. H. Gorman, to Philip Arthur Lavoie, son of Mr. and Mrs. R. Lavoie, Moncton. The bride was very attractive, being handsomely gowned in a traveling suit of navy blue with picture hat to match of blue and gold and ermine cape, carried a bouquet of orchids. Miss Edith Gorman, sister of the bride, was bridesmaid and was becomingly attired in blue with picture hat to match and taupe fox tie, carried a bouquet of sweet peas. The groom was supported by his brother, Aurele Lavoie, of Moncton, while R. Arsenault, brother-in-law of the groom, also of Moncton, presided at the organ.

After the ceremony the bridal party drove to the home of the bride's parents where a delightful wedding breakfast was served. The home was prettily decorated for the occasion. Mr. and Mrs. Lavoie left on the C. N. R. for a trip through Prince Edward Island and on their return will reside in the city. Among the large array of beautiful presents received was a handsome Enterprise Magic range from the firm of Emerson & Fisher, Ltd., with whom the bride was employed, and an elaborate silver service with mahogany oak library table from the employees of the Eastern Electric Co., N. B. Power Company and electricians the associates of the groom. The many friends of Mr. and Mrs. Lavoie extend hearty congratulations and wish them much happiness in the future.

**KNIGHT TEMPLARS ARE IN SESSION**

**Governor and Mayor Extend Greetings—Nice Outings Trips For The Ladies**

The first session of the great priory, Knights Templar, was held this morning, starting at 9.30 o'clock in the Masonic hall, Germain street. The meeting was opened by Supreme Grand Master Charles H. Collins of Toronto, and Lieut.-Governor Pugsley and Mayor Hayes delivered addresses.

The lieutenant-governor on behalf of the province and the mayor on behalf of the city. Both expressed great pleasure in welcoming the knights to the city and wished them every success in their meetings and a pleasant time in their entertainments.

The grand master responded, thanking the Hon. Mr. Pugsley and the mayor for the welcome that had been extended to them. After they had withdrawn the annual address of the grand master was presented, outlining the work of the year. He spoke particularly of the grand conclave of the United States in Philadelphia, which he had attended last week. More delegates to the meetings arrived on the noon train today. Ten automobiles left the Royal Hotel at 10.30 o'clock this morning with the ladies who are accompanying the delegates to the city and took them for a delightful sight-seeing trip to the river, under the direction of a committee consisting of A. M. Rowan, R. S. Ritchie, Geo. H. Waring, H. M. Hopper and J. L. McAvity.

This afternoon the members with their lady friends left Indiantown for a sail on the St. John and Kennebecasis rivers. They intend stopping at Grand Falls for a clam bake, followed by an informal dance.

**ST. JOHN MATTERS AT OTTAWA**

R. W. Wigmore, M. P., will return to Ottawa this evening. Speaking to a Times reporter this morning he said that one of his first duties after arriving would be to take up the matter of an amendment to the harbor bill that would make provision for the ferry.

Speaking of the bill, which has now passed its first reading and which refers to the placing of the matter of ocean freight rates in the hands of the Canadian Railway Board, Mr. Wigmore said that both he and Mr. Elkin were opposed to the bill on the grounds that the railway board taking control of the rates would do away with competitive considerations. He said that there was great opposition to the bill, which had been shelved on one previous occasion and he was of the opinion that it would not pass if it came before the house for vote this session.

The board of trade this morning received a communication from an Ottawa organization asking them to take some action in support of the bill.

**IT WAS A BAD DAY FOR WHITE**

In the police court this morning George White, or, as the magistrate said he had christened him "The man in Brown," was charged with being drunk and also with accosting young ladies in the street on Monday afternoon. Policeman Corner told of seeing this man in King Square wandering about and saw him talk to some young fellows, who got up and walked away. He said he saw him accost some young ladies who were sitting in the square, and when they got up to walk away that he caught hold of one of them by the skirt. After a severe reprimanding by the magistrate, the accused was fined \$8 or two months in jail for being drunk, \$30 or three months in jail and six months in jail without a fine for accosting young ladies in the street and making himself a general nuisance.

One man charged with drunkenness was fined \$8 or two months in jail.

**THE TYPHOID SITUATION.**  
No new cases of typhoid were reported to the Board of Health today. It was announced at the Board of Health rooms this morning that two milk dealers of Kings County were shut off yesterday on account of water supply contamination. This is a result of the recent investigation regarding the source of the outbreak of typhoid. Every precautionary measure is being taken and the further spread of the disease to any extent is regarded as improbable.

**HOME FOR BURIAL.**  
The body of Mrs. Bertha Allen was brought to the city on the Boston train from Everett, Mass., accompanied by her son, Victor Allen. The funeral took place on the arrival of the train and service was conducted by Rev. F. S. Dowling. Interment was made in Cedar Hill.
