SITUATION SERIOUS AT ADRIANOPLE

Fire, Famine, Flood and Anarchy Afflict The Turks

FIERCE BATTLE ON MONDAY

Both Sides Put up a Gallant Fight—All Provisions in Scutari Being Seized For Turks—More Massacres Reported

(Canadian Press)

Mustapha Pasha, Turkey, Nov. 27.—Fire, famine, flood and anarchy afflict the beleaguered Turkish forces at Adrianople, according to reports brought here by fugitives from that city.

Refugees who have managed to escape through the lines of investment, which are being drawn closer every day around the Turkish stronghold, declare that many buildings in the vicinity of the Selim Mosque are on fire. Other districts of the city are deeply inundated with the waters of the rivers Maritza, Tunga and Arda, which have overflowed their banks. The civilian population is declared to be short of food and among some classes a state approaching anarchy exists.

London, Nov. 27.—In a despatch from Mustafa Pasha, Bennett Burleigh, war correspondent, says a high tribute of admiration to the ability and hardihood of the Turks defending Adrianople and the courage and devotion of the Bulgarian besiegers. He speaks particularly of the ingenuity and completeness of all the Bulgarian operations and of the construction of the trench and the industry of the Bulgarians. He stated that he had seen the Bulgarians everywhere absolutely clean and orderly, plentiful supplies and wholesome food of considerable variety.

"The Turks," he added, "realize the danger of the closing movement and in a fierce battle at Duduzan on the right bank of the Arda on Monday made a desperate effort, sending out some 20,000 men to relieve the pressure. The battle continued furiously all day long. The Bulgarians were in flames, but the Bulgarians gave not an inch of ground. The losses on both sides were very heavy."

SEA GIVES UP WRECKAGE OF THE TITANIC

Barrel Bearing Name of Steamer Drifting 1000 Miles From Scene of Disaster

Hyannisport, Mass., Nov. 27.—An empty headless slush barrel with "Steamer Titanic" branded on its side, stands in the fish shed of Captain Eugene Coleman, who picked it up off Point Gammon, three miles from this port, and a thousand miles from the place in the Atlantic, where the white star liner sank seven months ago.

The barrel is one of the few pieces of wreckage bearing the name of the Titanic to drift ashore. A Titanic life preserver was taken from the water off Monomy Point last summer, and several fishermen have reported seeing other small objects marked with the steamer's name on coast.

Washington, Nov. 27.—The United States destroyer, Thetis, has reached Malta according to advices to the navy department today. After a short stop at the British coaling port she will proceed to Smyrna, Asiatic Turkey, to protect American interests there.

FIRST MATCH IN BOWLING SERIES IS EASY FOR FREDERICTON

Sussex Defeated in Annual Tournament—Halifax Drops Out, Leaving Four Teams

Bowling was begun this morning on Black's alley, North End, in the Brunswick Balke Colliery tournament, when the team from Fredericton took the first game from the team from Sussex, having a substantial lead with only average scores rolled in each case. Only four teams have entered in the tournament, Halifax having withdrawn at the last moment. This leaves the schedule to be rearranged among the Y. M. C. A., Black's, Sussex and Fredericton.

The following were the scores in the play this morning:—

Table with columns for Team, Runs, Wickets, Overs. Includes teams like Sussex, Fredericton, Black's, and Y. M. C. A. League.

AUSTRIA IS CALLING IN HER RESERVISTS

Call Issued and Money Sent to Those In Germany TENSION IS GREATER

Great Powers All Urging Moderate Course by Austria and Russia—A Significant Remark by Russian Minister to Serbia—Paris Papers Fear Rupture

Frankfurt-on-Main, Germany, Nov. 27.—Austria-Hungary subjects residing here who belong to the army reserve, have received orders to report to their regiments. Money has been sent to them to give them outfit of moderation both in their Austrian and Hungarian employments in the German mining districts, have received similar orders.

Berlin, Nov. 27.—Provision against the possibility of the outbreak of war has been made by the German government, according to the Socialist newspaper, Vorwarts. It is ready intended to pay for the enormous reserves of clothing and provisions for the army and navy which the army and navy have accumulated against the possible outbreak of war. This conclusion is derived from what is already known as the current budget of the government and the many expenditures in the past, \$30,000,000 instead of \$14,000,000 as stated by the government.

London, Nov. 27.—No change for the worse in the international political situation brought about by the war in the Balkans, is visible today except in so far as the constant tension decrease the ability of diplomacy to resist a rupture.

Great Britain, France and Germany are giving no sign of relaxing their vigilance in Vienna and St. Petersburg. There is also reason to believe that Great Britain has given Serbia as well as Russia and France the ultimatum to demand a port on the Adriatic Sea. She has also told Greece she has no intention of supporting Serbia's claim to the port of Salonica.

The fact that the Austro-Hungarian consul at Ploesti has arrived at Odessa, and is depositing the reports of his mission, ought to be helpful, in the opinion of diplomats, in bringing about a general improvement of the situation. It removes one of the thorny points which have caused particular exasperation to the Austrians and should tend to smooth their feelings.

The progress of the negotiations between the delegates of Turkey and the Balkan allies at Tebalta is still a sealed book. In diplomatic circles in London, it is said that Turkey has presented the following as an acceptable basis for an agreement:—

Second.—In return for Turkey of the territory bounded by the Maritza River, the fortress of Adrianople to be included.

Third.—The maintenance of the sovereignty of the Sultan of Turkey in Albania. May be sympathetic.

After several hours' conversation yesterday with King Peter, Baron Hatzfeldt, the Russian minister to Serbia, said to the leading Serbian newspaper, "Glasnik," he gets ready to pack your trunk now. The king shares my opinion in every respect.

These words are interpreted to imply that the situation is extremely serious.

London, Nov. 27.—Thirty more heavy guns were brought to the forts at Belgrade on Tuesday and strong forces have been recalled from the seat of war to the Serbian capital.

A New York despatch to J. M. Robinson & Sons gives a London cable as follows:—The Turkish minister of war has been ordered to protect their interests which they have been jeopardized by the strike of P. R. clerks. That the strike has caused a deficit of 75 per cent in the net earnings of local elevator houses and that the grain elevators were tied up an average of six hours a day was stated, and the grain men are said to be losing thousands of dollars a day.

Fort William, Nov. 27.—Elevator men of the two cities will form a grain shippers' association to protect their interests which they have been jeopardized by the strike of P. R. clerks. That the strike has caused a deficit of 75 per cent in the net earnings of local elevator houses and that the grain elevators were tied up an average of six hours a day was stated, and the grain men are said to be losing thousands of dollars a day.

CARNEGIE HAS IT ALL SETTLED; HAPPY TO GET IT OFF MIND

Bulk of Fortune to Corporation; \$25,000,000 Retained For Disposal Under Will—Finds "Earth Becoming More and More Heavenly"

Others upon my pension list. To meet these others on my pension list, I will, \$25,000,000 of bonds upon which the New York state tax has been paid, have been provided. But the New York Corporation has been made his residuary legatee and will carry on his educational and charitable work.

"I have found it desirable," he said, "to retain for a while, personal distribution of my United States military telegraph corps pensions and Pennsylvania railroad pensions to Pittsburgh division men and their widows, because my old boys would dislike the change and so, no doubt, would they be the best way to get it off my mind."

"I am happy in getting all this off my mind. It is a gruesome business, but I find that this earth is rapidly becoming more and more heavenly, so many good men and women I now feel for. Surely Luther, Franklin and their followers were right who held that 'Service to man is the best way to God.'"

SWARM OF FAST HOCKEY MEN ARE LOOKING EASTWARD

Halifax Signs Several and Moncton and New Glasgow Are After Players

Moncton, Nov. 27.—Three of the crack players who helped Moncton, N. B., land the championship of the maritime professional hockey league, last winter, will this year appear in Halifax uniforms, according to the announcement by Manager Jones of the Halifax Socias. He has consummated the year by securing the signatures of Fred Doherty, a wing man; Billy Hague, a goal tender; and Tommy Smith, captain of last year's Moncton team. There is a working agreement between Manager Jones and the Socias and Manager Murphy of the Halifax Crescents, so that it is not impossible that Doherty may be with the Crescents. Mr. Jones also said that Stoke Doran, with New Glasgow last year, and this season on the Montreal Wanderers' reserve, will also play in Halifax this year.

SIR RODOLPH AND ROGERS ARE AT ODDS

Former Wants Promises of The Bye-Election Kept MINISTER UNWILLING

A Pretty Row Develops—Nationalists and the Navy—Liberals in Caucus Prepare For the Contest of the Session

(Special to Times)

Ottawa, Nov. 27.—There is a snarly little row on between Hon. Robert Rogers and Sir Rodolph Forget. It has arisen over the pledges which Sir Rodolph gave the electors of Richelieu in the recent contest. Public works were promised in a good deal of profusion to the constituency. Hon. Mr. Rogers, it is understood, is not willing to deliver on the goods now, and ground that the election is over and the government candidate was defeated.

Sir Rodolph insists that there shall be at least some pretense of carrying out the pledges that he gave. He was especially definite in his promise of a marine park, and he insists that there shall be a vote in the estimates to provide for surveys and some preliminary work for the enterprise.

Last night he said that if the minister of public works did not do this there would be trouble in the camp for him. It is understood that the Nationalist group in the house are framing up an amendment to the address. It will express regret that the government has not seen fit to appeal to the people in a plebiscite before voting an emergency naval contribution. This is being done up by the Nationalists for the purpose of saving their faces before their electors.

It has been agreed among them that they will support the government on the budget but this question. Having expressed their regret over the failure to give a plebiscite it is certain that some of the votes for the naval proposal when it is brought into the house.

First Liberal Caucus

The first Liberal caucus of the session took place this morning. It was decided that there should be no relaxation of the criticism of government measures which marked last session. Committees were named to look after the various branches of the parliamentary work this session. Dr. Clark presided over the caucus.

RETRACTS EVIDENCE HE SAYS HE GAVE UNDER POLICE PRESSURE

Seoul, Korea, Nov. 27.—The outstanding feature of this morning's trial of Count Irazawa's life, was the wholesale retraction by Kimijunji of evidence he had given at the former trial. He had at that time admitted that he desired war in order to free Korea and that he desired to kill Governor General Terachi and implicated a number of leaders.

Kimijunji calmly asserted this morning that this was a case of lies. In explanation of Irazawa's life, was the wholesale retraction by Kimijunji of evidence he had given at the former trial. He had at that time admitted that he desired war in order to free Korea and that he desired to kill Governor General Terachi and implicated a number of leaders.

Report on The Children of Boston Schools Submitted

Association Committee Says Affected Should Be Removed to Prevent Spread - Social Service the Basic Factor, Says Dr. Knopf

Boston, Nov. 26—That many children with active pulmonary tuberculosis attend the public schools for whom no provision has been made, constituting a menace to the public welfare, and that it is to fight tuberculosis unless there is an advance in social service, were some of the statements made at the annual meeting of the Boston Association for the Relief and Control of Tuberculosis, held at the Twentieth Century Club here, Dr. S. Adolphus Knopf of New York was the speaker. He said in part:

"Tuberculosis is the most insidious of all diseases, and the most rapid in development, a single bacillus multiplying itself 1,000,000 times in twenty-four hours. People are predisposed to consumption by a variety of occupations, but mostly by poverty and ignorance, which involve underfeeding, want of proper clothing and lack of pure air.

"In combating this dread plague we must begin with the mother. In dealing with this matter we must speak of conditions as they are. No tubercular infection is inherited, but a child is born with a right to bring children into the world. Most often and dangerous, however, is the post-natal infection which comes from the kissing and handling of a child by its mother. The infection thus transmitted does not generally develop in infancy, but is dormant up to and during the school age, when it becomes active.

"You should have a markedly sanitary home for the poor working woman two months before and two after confinement. Children should be trained from the earliest moment of intelligence to the benefits of pure air, pure water, cleanliness and outdoor exercise. In the ordinary kindergarten you will find that every child has a cold—but there never is a cold. They have caught an infectious disease from each other.

"There are many steno or nervous children because of the lack of pure air and the same is true of young men and women in colleges and boarding houses. We must have hospitals for advanced cases and we must segregate cases which we find in homes. We haven't made our sanatoriums attractive enough. The patients must be as happy as at home, else you can't do them any good. They must be without troubles or care, for the one who knows his loved ones are in want will have no appetite for the best and most palatable food.

Little Beauty Chats

The Deadly Curling Iron

HOSE of my readers who crave a beautiful, soft hair must do away with the curling iron. It has always been a source of wonderment to me the way womankind will burn and twist and pull every inch of hair in their heads with red hot

curling irons. Either they do not see the beauty value of a mass of glossy hair or they fail to comprehend the fact that hot irons are dangerous toilet aids.

When the curling iron enthusiast wakes up some morning to find that the inevitable thinning process has begun and that ugly bald spots are plainly to be seen here and there on her head, she fills the air with her lamentations, then straightaway repairs to the dressing table and en-

deavors to make a hair mess worse by curling each hair until, if it had a voice, it would cry out for mercy.

The moral is plain, foolish users of the pernicious curling iron. You cannot make a practice of burning the hair off in chunks and wretchedly junk it out by

handful, without being that mark of beauty, pretty hair.

Don't you think it would be a splendid idea if you were substituting a soft, old-fashioned kid curler for the iron of mischievous propensities? These kid curlers make beautiful big soft waves and do not harm the hair one particle. Give them a trial and your hair troubles will cease, at least those which were caused by your curling iron habit.

Daily Hints For the Cook

LEMON PIE MADE WITH BREAD

Take one thick slice of bread, pour over one cup of cold water, let it stand 20 minutes. Beat smooth, add one cup of sugar, the rind and juice of one lemon, the yolks of two eggs and two tablespoons of melted butter. Mix well and bake in one crust. When done cover with a meringue made of the whites of the two eggs. Brown in the oven.

DELICIOUS CREAM PIE

One cup of sugar and 1/2 cup of butter creamed together; 2 eggs beaten very light; 1/2 cup of sweet milk, 2 cups of flour, and in it put 1-1/2 teaspoons of baking powder or 1 teaspoon of soda. Bake in two rather deep, Washington pie pans.

Cream for Filling—Two cups of sweet milk, 2 eggs, 2/3 cup sugar, 2 tablespoons flour and 1 of cornstarch. Put the milk into a double boiler or tin pan suspended in a kettle. Weigh the flour and starch with cold milk and beat out all lumps. Stir this well into the hot milk. Lastly, add the eggs well beaten, sugar, a pinch of salt and cook a few moments, then when thick as desired move from heat and when cool flavor with vanilla. When the cakes have cooled split them and fill with the cream. These pies should be made in the morning to be served for supper, as they should never stand after the cream is put in.

LETTER OF THANKS TO DYNAMITERS FROM UNION OFFICIAL
Indianapolis, Nov. 27.-Senator John W. Kern, counsel for the defence, continued the "Dynamite" case in the morning, and the cross examination of Orrie E. McManis.

IN HIS DIRECT TESTIMONY McManis named fifteen of the defendants as having helped him directly or indirectly, in arranging explosives. Senator Kern brought to the attention of the jury the fact that the dynamite was not used in the explosion, but was merely for the purpose of their being members of the I. W. O. K. club.

THE WITNESS insisted that proposed explosives were talked of by union officials in various cities. In one instance a defendant was named by McManis without having been named by him. McManis said on returning to Indianapolis after blowing up a job at Superior, Wis., in August, 1910 that J. J. McManis, a letter of thanks for the dynamite, was sent to J. J. McManis, who had been received from Fred Moore, business agent at Duluth, Minn.

THE BEST QUALITY AT A REASONABLE PRICE
DIAMOND RINGS
Do not think of buying a Diamond Ring as though it were an extravagance you could not afford.

Buying a Diamond is any investment-gilt-edged. Do you know that Diamonds in the rough are now seven and a half per cent higher than they were last year, and cut stones about fifteen per cent higher?

These increased values apply particularly to Diamonds of the better grades, and all the stones we show are in this class. Come in and see the fine assortment of Diamond Rings we are showing at the prices most people want \$20. to \$100.

PREACHING BEFORE THE SOVEREIGN
(London Tit-Bits)

I have had the honor of preaching before three of our sovereigns, said a well-known clergyman, and I can assure you I have never found any duty more pleasant. Nervous? Well, I must admit I had a big attack of nerves the first time I preached before a sovereign.

I shall never forget the day on which I received my first command to preach before Queen Victoria, when she was in the midst of her illness. I was not aware that Queen Victoria even knew this honor is for the most part confined to the royal chaplains, a select and august body from which I was removed as from the state. However, it seems that Her Majesty had read a very kind and gracious prologue to me, and she was quite untroubled and quite expected.

At Balmoral
So, on the Saturday before the day of the Balmoral, I was invited to Balmoral, feeling pretty much as a man must feel on his way to the gallies, and from thence I drove through the glorious Highland scenery to Crathie, where I found a warm hospitality at the Manse.

I had been one of the queen's chaplains, and I can still distinctly remember the day when I was invited to Crathie, where I have found a very kind and gracious prologue to me, and she was quite untroubled and quite expected.

On the following morning, with I confess "my heart in my mouth," I presented myself at the Castle, where a most genial and kindly gentleman—waiting took me in tow and conducted me to the vestry adjoining the "service-room." Here I put on my hat and my gloves, and nervously glanced through my manuscript, with an eye on the slow-moving hands of my watch. It was a quarter of ten, and I was in a hurry to get away the sectionman dropped his gloves and let them behind him, doing a record Marathon up the tracks. A little later his companion came along and the performance was repeated.

ENCOUNTERED BRUIN
A large bear has been seen frequently of late near Quispamsis, and its first appearance a couple of nights ago gave quite a scare to two section men on duty between that station and the farm. They were alone when they first saw Bruin and he gave them quite a scare. One of them was walking along the track with a lantern when he was startled to behold the large animal but a few feet away from him.

BRITISH BYE-ELECTION
London, Nov. 27.-The bye-election at Bow and Bromley, brought about by the resignation of Lansbury, resulted as follows: Blair, Unionist, 4,012; Lansbury, suffragist, 3,291; Unionist majority, 721.

PLAN BIGGEST STORE IN CANADA
Montreal, Nov. 27.-Plans for what is said by its owners will be the largest store in Canada, were given out this morning by Scroggie Limited. The new establishment will cover eight acres of floor space, the site which cost \$1,500,000. It is on the corner of Beary and St. Catherine streets. There will be five miles of aisles in the building, which will be six stories in height. Work on the building will be begun at once and will not stop night or day until the building is completed on September 1, 1913.

FERRY COMPLAINT
There are complaints from forty patrons of actions on the night trips, say after ten o'clock, which are not to be tolerated. Ladies must be shielded from such as have been reported to this paper. There is a demand for police on the ferry because of the winter travel.

BY APPOINTMENT
"I see that some professor says that the average man wastes fifteen years of his life," she said. "Yes, he is waiting for his wife, probably," he replied.

DEATH IN FAIRVILLE
The death of Mrs. Annie Rowe occurred at the home of her son-in-law Henry Bradley, North street, Fairville, on Tuesday night. She had been ill only a few days, pneumonia being the cause of her death. She is survived by two daughters, Mrs. Henry Bradley and Miss Annie Rowe, both of Fairville. The funeral will take place on Friday morning at 8 o'clock.

"NO TRUCK OR TRADE WITH THE YANKEES"

Tory Election Slogan Now Declared By Borden Not His Words

BROADSIDE IN PARLIAMENT

Liberal Speakers Continue Spirited Attacks—Failure of Saskatchewan Cement Bribe—Sir George Ross in the Senate on the Navy

Ottawa, Nov. 26.—Parliament was more peaceful today than on any other day. The two sides appeared to be feeling each other out for future hostilities. However, there were some things said which had a sting.

Finance Minister White had the floor at the opening and sought to defend his action in cutting off half the cement duty before the Saskatchewan election, and putting it on again when the election had passed into history. He declared that the reduction was made to meet a situation in the west and not to influence the Saskatchewan result.

"The order in council," he said, "was changed to synchronize with the election in Saskatchewan." "The action of the government was solely to influence the Saskatchewan election," said Hon. Frank Oliver.

"Does the member for Edmonton object to the action of the government in reducing the duty?" asked Mr. White.

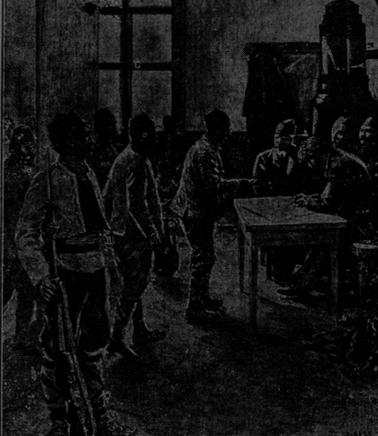

"I object to the government restoring the duty in October after the election in Saskatchewan," said Mr. Oliver.

Mr. White said that Sir Wilfrid's amendment was a criticism of the administration of justice in Manitoba, which was a thing parliament had no jurisdiction over. It was introduced to mark the defeat.

He said there was difference among Liberals over reciprocity, as the election of the George Ross to the Liberal leadership in the senate showed and reciprocity was dead in Canada. Canada had benefited by reciprocity with the United States, but the trade of the country this year was greater than ever before.

"The bulk of it was the bulk of the trade," he said. "The bulk of it was the bulk of the trade," he said. "The bulk of it was the bulk of the trade," he said.

ZAM-BUK CURES PILES

Read What Those Who Have Proven It Say!

Mr. Thomas Pearson, of Prince Albert, Sask., writes: "I must thank you for the benefit I received from Zam-Buk. Last summer I received greatly from piles. I started to use Zam-Buk and found it gave me relief, so I continued it and after using three or four boxes I am pleased to say that it completely cured me."

Mr. G. A. Dufrane, of 183-185 St. Joseph Street, St. Roch, Quebec, P. Q., writes: "I can highly recommend Zam-Buk to everyone who suffers from piles. I have also found it most effective in curing a sore thumb with which my little son was suffering. The thumb had begun to swell and fester and had lost the nail. I persevered in the application of Zam-Buk and the sore is now entirely healed. Zam-Buk is indispensable as a household remedy."

WHAT HE HAD TO SAY.

"Well, prisoner," said the Justice, "you have been found guilty by the jury and properly so on the evidence. The law says that you may be sentenced at hard labor for twenty years, but before passing sentence upon you I shall be glad to hear anything you may wish to say."

"I haven't anything to say, Judge," said the prisoner, "except that I hope your Honor will remember that there is a growing feeling in favor of a single term of four years. You might also bear in mind that I've already served two terms and there's a decided prejudice among thinking people against a third."

"Twenty-seven years," roared the Judge.

SERBIAN ARTILLERY AT USKUB

These pictures of scenes in the Balkan war were made during the hostilities and while the allied troops were scoring victory after victory against the Turkish troops. The prisoners are under the guard of Montenegrin soldiers in the open, as there was no stockade in which to confine them. As they were treated better as prisoners than while fighting for their country, it is not likely that any of them would have made a serious effort to escape. The Serbian artillery shown in the picture has proved tremendously effective in various engagements.

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences

Friends in St. John will be interested in a sketch of a former favorite, Miss Alice Fleming who played here with distinction in support of Daniel Ryan in his palm days. A portrait of her is published in a prominent dramatic exchange this week, looking prettier than ever, with the accompanying complimentary sketch:

"Alice Fleming is the interesting leading woman of the Grand Avenue Theatre, Philadelphia, about twelve years ago as an extra-actress. Her start in the profession was with Rose Stahl who was the leading woman of the Grand Avenue Theatre, Philadelphia, about twelve years ago as an extra-actress. Her start in the profession was with Rose Stahl who was the leading woman of the Grand Avenue Theatre, Philadelphia, about twelve years ago as an extra-actress.

Two years ago last September she joined the Baker stock company, Portland, Ore., and while with the company met her fate (a very enviable one, too). It was her intention to retire from the stage, but when she was asked to play a special engagement, she did, and followed that with short engagements in Ottawa, Canada, with the Dominion and Colonial Stock companies; also a number of S. Z. Poll's stocks in the White Star.

Last winter Miss Fleming was specially engaged by the Belasco management to create the leading role in City M. Greenwood's play, The Desert, produced at the Alhambra, San Francisco.

This season she was engaged again by Mr. Baker, and next season she expects to be a road star under George L. Baker's management. She is now looking for a suitable play.

Donald Mack, a former St. John favorite, is playing in "Madame X" in Boston this week, at the Castle Square theatre. Gaby Deslys, after all brought \$25,000 worth of jewels—not to mention \$25,000 worth of gowns—back to the states with her, according to the appraisal of the customs officials. In addition she had six trunks full of theatrical effects which, with their contents, were valued at \$25,000. Not being a resident she will not have to pay duties on her personal belongings, but she must give a bond for the stage effects. Being thus authenticated by Uncle Sam, this account disappears from the realm of conventional press agency activity.

Grace George is proving a decided success in her new play "Carnival," in upper Canada. It opened in Toronto last week. George Oper, who played here many years ago with Harkins, is dead. He passed away at his home in Hastings, Ont. He was born in Baltimore sixty-three years ago, and there began his stage career in boy's parts, at the old Ford Theatre. Later on he figured, variously, in companies supporting the most famous stars of the period, including Edwin Forrest, Edwin Booth, Charlotte Cushman, Frank Mayo, and E. L. Davenport. During the regime of Charles Hoyt, Mr. Oper was a member of the Madison Square Theatre, where he created the part of Uncle Toby in "A Contented Woman," making it an impressive hit. Subsequently he became known as an out-of-door producer of "As You Like It," "She Stoops to Conquer," and "The Rivals." Lately he became a famous figure at Summer resorts as "The Van Winkle," and was also identified with the moving pictures. Mr. Oper is survived by his wife, who was Adelaide Porter, of Chicago, and a niece, Miss Minnie Power.

Few people recognized in an item that was published in the newspapers a few days ago the William Courtenay whose name had been changed from William Hancock Kelley, which by an order signed by Judge Forbes became Courtenay. It is Courtenay of Winchester, N. w., an actor.

HANDS COVERED WITH PIMPLES

Itched So Kept from Sleeping, Passed the Nights Scratching, Cuticura Soap and Cuticura Ointment Stopped the Itching at Once and Entirely Cured.

69 3rd Ave., Ville Emard, Montreal, Que.—My trouble started with small pimples on my hands, which itched so that I kept me from sleeping, and I passed the nights scratching. I did not know what to do with myself. I became so discouraged that I did not have the heart to do my work. My hands were all covered with little watery pimples. For three weeks I had my hands done up to keep them from touching the bed, for I tossed and reached so that I made them all bloody on the bed-board. I saw an advertisement for Cuticura Soap and Cuticura Ointment. I decided to send for samples of them.

As soon as I received them, I applied the Cuticura Ointment and washed my hands with Cuticura Soap at night before going to bed. This stopped the itching at once. I continued to use them, using not quite two boxes of Cuticura Ointment with the Cuticura Soap, and it was entirely cured. My husband had a burn on one of his hands. He noticed it two nights with Cuticura Ointment and has not felt it since. We have ever since used Cuticura Soap and Ointment, and I assure you I have had all who suffer with the same disease about me. (Signed) Mrs. Roger Hebert, Dec. 28, 1911.

Three Day Cure For Drink Habit

The Neal Home Treatment Gives Perfect Relief From Drink Craving NO INJURY TO HEALTH. CURSED OF THE MORBID CRAVING for strong liquor in three days and forever freed from bondage—this is the marvelous work now being performed by the Neal Method.

This safe and effective remedy that affords suffering humanity this wonderful aid was first employed several years ago. Since then many hopeless human wrecks have been returned, clean men, to their families and have become useful and enterprising citizens by its aid. Year by year, also, the remedies employed have been improved upon, making the treatment even more effective, and absolutely safe. Sociologists long since realized that the epidemic liquor habit was rapidly gaining a fearful headway in Canada, particularly among young men, thereby robbing the country of untold millions of wealth yearly and that unless some radical method of check the evil could be discovered, the ravages of alcohol would soon amount to a national calamity.

The medical profession was appealed to and several so-called cures were placed at the disposal of the public. But in the majority of instances it was soon discovered that those who did not fill the bill. There were too many drawbacks of one kind or another. Several required too long time for the treatment, making it prohibitive to all but men of independent means, men who could afford to remain idle while being "cured." With others the cured man merely always returned to the life-supporting habit after a short time, every recurrent relapse leaving the victim with reduced will power to fight against the craving. Again, nearly all of them were made too expensive for the average man, and nearly all of them were more or less injurious to the patient's health, frequently resulting in moral disease.

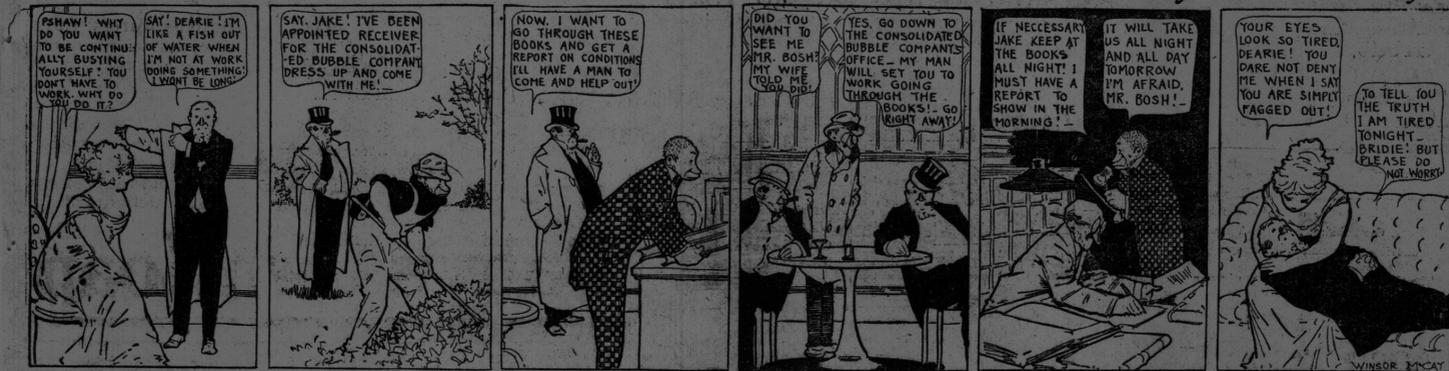

It was when humanitarians had almost despaired of obtaining relief by medical help that the Neal Method, short, safe and effective, was perfected and offered to the world. Since then the claims of the originator have been demonstrated and proven beyond all doubt so that the treatment stands today pre-eminent and unrivaled in its line. Institutes are being established in the principal cities of the world. St. John branch, 46 Crown street, corner King street east.

Baseball

The Hold-Out.

The Hold-Out League is beginning early this year. The first to make himself heard was Jimmy Archer, catcher of the Chicago Cubs. Archer announces he will retire from the national pastime next year unless he is tendered a contract calling for a salary of \$5,000.

Joe Finker, also of the Cubs, has also declared himself, but unless he is released to the Cincinnati Club he could manage that organization, he would give up baseball for good and start in selling automobiles. Later Tucker lodged to the extent of saying he would not be satisfied to play under the management of Johnny Evers. It is expected that the berth he wants at Cincinnati, but the matter has not yet been settled.

Joe Cobb was close behind Archer in his announcement. The world's series was hardly over before he caused to be published the fact that he would quit the game for good and engage in the cotton crockery business unless the Detroit Club paid him \$15,000 for next year. Up to this writing President Navin has not made any comment on Cobb's offer.

Next comes Joe Jackson, of the Cleveland Club, who wants a lot more money than he thinks President Spesser will offer him. It is said that Jackson can read and write no better than a five-year-old child just what Joe would do if he didn't play ball is a mystery.

But few ballplayers retire of their own accord. There are, of course, exceptions to the general rule. Big Jim McCormick, one of the greatest pitchers of his time, was lured by the turf when at the zenith of his career, and quit baseball for the 'ponies.' Bill Lange, of the Chicago Club, one of the greatest ball players the game ever produced, retired to private life in California. John M. Ward quit the game while he still had a few more years of good baseball life in him and took up the practice of law. Lewis, the Boston National pitcher, quit the game to teach at Amherst. Jack Stahl tried to retire, but came back after a year at banking.

The Batmen.

The official batting averages of the National League, as stated in the Times yesterday, gave Hime Zimmerman of the Chicago Cubs, the honors for 1912. Zimmerman's average for the season was .372. Next in line to the Cubs' slugger comes 'Big Chief' Meyers, the Indian catcher of the St. Louis Browns, who averaged .368 for the season. Third position among the batters fell to Bill Sweeney of the Pittsburgh Pirates, who made 294 hits for a total of .364. He made 294 hits for a total of .364. He made 294 hits for a total of .364.

NEW BARRIE PLAY IS NOT TO BE STAGED

Preparations Well Advanced And Now There is Keen Disappointment

The Theatre in London

Everyman Likely to Conclude Run at Drury Lane This Month—A Threat of Trouble to Follow Failure of Max Reinhardt's Spectacle

(Times Special Correspondent.)

London, Nov. 26.—We have just missed seeing a new play by J. M. Barrie. All arrangements were concluded for its presentation in ten days' time at the London Hippodrome, the article had been engaged, and some of them even had ordered their dresses. Then, quite unexpectedly, they were met with the devastating announcement that it had been determined to postpone production until early next year.

As several of the performers had refused other offers in order to enjoy the much desired opportunity of appearing in a Barrie play, they are now in a state of keen disappointment. However, there was no kicking.

The play is in three scenes and is the story of a young man who, after a sudden and unexpected confrontation with the big crisis of his life, the part was originally written for Mrs. Patrick Campbell, who, however, is at the present moment too busy to play. Maxine Elliott wanted the play, but declined to move unless she were assigned the American rights. These, however, belong to Charles Frohman, who refused to let them go. So the matter stands for the time being.

The end of this month will see the termination of H. B. Irving's engagement at Drury Lane; it is probable that it will also witness the conclusion of the run of 'The Black List' because tickets allotted to the distribution for the Yale-Harvard game were found in the hands of speculators. The football association printed duplicate tickets which it issued to cover those found in speculators' hands, and persons buying their tickets from speculators were unable to take the seats they had paid for.

Students on 'Blacklist'

New Haven, Conn., Nov. 26.—Fifty Yale and some Harvard students will be placed on "black list" because tickets allotted to them in the distribution for the Yale-Harvard game were found in the hands of speculators. The football association printed duplicate tickets which it issued to cover those found in speculators' hands, and persons buying their tickets from speculators were unable to take the seats they had paid for.

Yale Receipts \$70,000.

New Haven, Conn., Nov. 26.—Yale's football receipts for the season will amount to about \$70,000. This includes \$34,000 from the Harvard game; \$28,000 from the Princeton game; \$10,000 from the Brown game, and the remainder from minor contests. This will be easily increased by \$10,000 another year with the opening of the new concrete stadium at Yale and the game in the Harvard stadium.

Yale Outlook for Next Season is Fair.

Yale's outlook for next season is fair, with Talbot, Ketchum, Pendleton, Warren, Avery, Flynn, Carter, Arnold, Tully, and other veterans in the squad. One of the fall's veterans in the squad, Ketchum, centre, will probably be elected 1913 captain.

TRANSCONTINENTAL RAILWAY BEGUN

Line to Cross Australia Will Shorten Mail Route to England

Sydney, N. S. W., Nov. 27.—Port Augusta, at the head of Spencer's Gulf in South Australia, was recently the scene of a memorable event when the governor, general, Lord Dunmore, in the presence of the prime minister, Andrew Fisher; the governor of South Australia, Sir Day Bosanquet, and Sir John Forrest, for so many years premier of Western Australia, turned the first sod of the great transcontinental railway.

This, which has been long promised and which is to connect eastern and western Australia, is designed to promote the spirit of federation and of a common sentiment between outlying and hitherto disconnected states, and very largely to increase the efficiency of the government.

What the Canadian Pacific railway did for Canada, that, and perhaps more than that, the transcontinental railway is expected to do for Australia. It will link the different states and create a common interest, which, between some of them, at any rate, can hardly be said to exist.

Moreover, it will very considerably shorten the mail service between England and Sydney. It is to be constructed on a four foot eight and a half inch gauge at an estimated cost of \$22,000,000, and is to be finished in three years' time.

Gangs of from 500 to 700 men are working at each end with track laying machines, especially obtained from the United States, completing a mile a day from each end.

This is in marked contrast to the first railway constructed in Australia, from Sydney to Parramatta, a distance of only sixteen miles, which took fifty years to build. But that was fifty-seven years ago. As there are no rivers and only a few sandhills between Port Augusta and Kalbarri the work should be done in exceptionally short time.

A lot of the country to be traversed is not worth much, but about 40,000 square miles is said to be excellent grazing land. The shortening of the mail service between here and England should be an immense boon. At present the mail takes three and one-half days to traverse the 3,000 odd miles from Quebec to Vancouver, at an average speed of thirty-five miles per hour.

It is expected that the 2,800 odd miles between Sydney and Fremantle will be done in less than four days, or a saving of more than three. The line has yet to be constructed from Kalbarri to Fremantle, but a bill to authorize it has already been introduced into the Western Australian parliament.

London, Nov. 26.—We have just missed seeing a new play by J. M. Barrie. All arrangements were concluded for its presentation in ten days' time at the London Hippodrome, the article had been engaged, and some of them even had ordered their dresses. Then, quite unexpectedly, they were met with the devastating announcement that it had been determined to postpone production until early next year.

As several of the performers had refused other offers in order to enjoy the much desired opportunity of appearing in a Barrie play, they are now in a state of keen disappointment. However, there was no kicking.

The play is in three scenes and is the story of a young man who, after a sudden and unexpected confrontation with the big crisis of his life, the part was originally written for Mrs. Patrick Campbell, who, however, is at the present moment too busy to play. Maxine Elliott wanted the play, but declined to move unless she were assigned the American rights. These, however, belong to Charles Frohman, who refused to let them go. So the matter stands for the time being.

The end of this month will see the termination of H. B. Irving's engagement at Drury Lane; it is probable that it will also witness the conclusion of the run of 'The Black List' because tickets allotted to the distribution for the Yale-Harvard game were found in the hands of speculators. The football association printed duplicate tickets which it issued to cover those found in speculators' hands, and persons buying their tickets from speculators were unable to take the seats they had paid for.

Students on 'Blacklist'

New Haven, Conn., Nov. 26.—Fifty Yale and some Harvard students will be placed on "black list" because tickets allotted to them in the distribution for the Yale-Harvard game were found in the hands of speculators. The football association printed duplicate tickets which it issued to cover those found in speculators' hands, and persons buying their tickets from speculators were unable to take the seats they had paid for.

Yale Receipts \$70,000.

New Haven, Conn., Nov. 26.—Yale's football receipts for the season will amount to about \$70,000. This includes \$34,000 from the Harvard game; \$28,000 from the Princeton game; \$10,000 from the Brown game, and the remainder from minor contests. This will be easily increased by \$10,000 another year with the opening of the new concrete stadium at Yale and the game in the Harvard stadium.

Yale Outlook for Next Season is Fair.

Yale's outlook for next season is fair, with Talbot, Ketchum, Pendleton, Warren, Avery, Flynn, Carter, Arnold, Tully, and other veterans in the squad. One of the fall's veterans in the squad, Ketchum, centre, will probably be elected 1913 captain.

SCHOONER DAMAGED.

A Paraboro despatch says that a supply was held yesterday on the schooner Bostea, which was damaged here on Sunday, and the cargo was ordered discharged so that further examination might be made. The Bostea G. is owned by Perry Winters of Paraboro, and was bound from Windsor to Boston with lumber and lumber when she put into Paraboro and was crushed by another schooner so that she filled.

THINK END OF MAD KING NEAR AT HAND

Otto of Bavaria Ill in Castle Where He Has Been Prisoner

Munich, Nov. 26.—The end of one of the saddest careers in the history of European royalty is near at hand. Otto, the second mad king of Bavaria, who is a prisoner in the Castle of Fuesenstadt, is ill with inflammation of the lymphatic glands in the region of the collarbone, due to a carbuncle on the neck. Fever is setting in, and there is little hope for the patient's recovery.

His Majesty who is sixty-four years old, has been for years under close guard. On his birthday on April 27, each year he is examined by a medical commission, which regularly reports that the king continues unable to exercise his functions of rulership.

King Otto nominally succeeded to the throne in 1886 when his brother, King Ludwig II, committed suicide by throwing himself into a lake three days after being deposed as insane.

The first symptoms of King Otto's illness became evident in the Franco-Prussian war in 1870, when he called out a squad of cavalry to charge a stone wall, which he mistook was a body of French infantry. He was then summoned by the Kaiser, and afterward, on the discovery that Sweeney proved his worth as a sacrifice hitter, having thirty-three to his credit. He pilfered the sacks twenty-seven

Hurt By Horse on Stage

A serious accident to Dan Rolay, a well-known comedian, places Arthur Collins in a somewhat awkward position. Rolay was playing in Newcastle in "The Arcadians." At the end of the second act he appeared, as usual, mounted on the supposed winner of a big race. Scared by the sound of applause the horse became nervous, reared, and finally fell backwards, crushing Rolay beneath it. It was at first thought that the actor was suffering from fracture of the spine; later bulletins are more reassuring, however. Still, there seems to be no possibility that Rolay will have sufficiently recovered to play in the Drury Lane pantomime, of which he and his wife, Florence Southon, were to be the particular stars. Genuie humorists do not grow upon every bush, and Collins will find it no easy task to obtain, at this late moment, even a passable substitute for Rolay, who in a comparatively brief time has worked his way up from the humble position of check-taker in a provincial theatre to the front rank of popular London comedians.

Two days ago I received a telegram from Mrs. Clement Scott telling me of the death of her sister, Mrs. Lewis Waller on, who she had seen in the West. It is public, not, in point of fact, was ever to be ranked among leading West End actresses. But on the road Florence West made for herself a considerable reputation and even in London she enjoyed more than a passing success. She took up, for example, the part of Zaza after its conquest by Mrs. Leslie Carter, and she followed her in the same part. She also looked heavily as Milady in "The Three Musketeers." On a few rare occasions she appeared under the management of, and she filled.

THE BANK MERGER

A Montreal despatch to J. M. Robinson & Sons quotes the Gazette of that city as saying today:—
"From present indications there will be no opposition to the plan of amalgamating with the Bank of Nova Scotia when the shareholders of the Bank of New Brunswick meet in St. John on December 11 to discuss the proposal. A few weeks ago there were reports that a considerable number of the New Brunswick shareholders were dissatisfied with the prospect of this bank losing its identity, and there was some speculation as to whether or not the proposed merger would secure the required seventy-five per cent. vote to make it law. Recent advices from St. John, however, state that this feeling, which was supposed to be mainly due to a misapprehension of the terms of amalgamation, had all blown over and that it was expected there would be no opposition to the proposal."

ALLEN TO THE PENITENTIARY

Two Years on Old Charge on Which Sentence Was Suspended

ALREADY IN JAIL

Reserved Case Asked For By His Counsel—Case of Greeks Over Several Fifty Dollar Notes

In the circuit court this morning, John Allen, who was previously allowed out on suspended sentence by Mr. Justice Barry, was sentenced by His Honor to serve two years in Dorchester Penitentiary.

When Allen was allowed the freedom by Judge Barry, he was afterwards arrested for a similar offence—obtaining money by false pretences—in Moncton, and again in St. John recently. For the latter offence he was sentenced to six months in jail, which term he is now serving.

Attorney-General Grimshaw this morning moved for the enforcement of the suspended sentence. E. C. Wymann, who appeared for the prisoner, asked for a reserved case. His Honor said he would grant the request.

The case of John G. Sperdake vs. Evangeline Craico, was opened this morning. This is an action to define on five promissory notes for \$50 each, and \$50 damages are claimed for the detention of the notes. It is alleged that the notes were stolen from the plaintiff, while the defendant says that he paid them and they are rightfully in his possession. The plaintiff and John Theodore were examined this morning. Hearing was resumed at 10 o'clock this afternoon.

D. Mullis, K. C., and Macrae, Sinclair & MacIsaac appeared for the plaintiff and R. M. Hargreave, K. C., and J. A. Barry for the defendant.

SAILORS ON THE CORSICAN SPEND A JOLLY EVENING

The members of the victualling department of the S. S. Corsican spent a most enjoyable evening on the occasion of the annual ball and entertainment and social held on board last night. There were 200 seated when the organizer, F. G. Baladen, presided over the evening with a most elaborate character. The first a massive fine piece won by Mr. Knapp, who was the victor in the prize, T. Brambler, with a score of 87.

The tournament closed at half past ten and the ship's band opened the musical part of the programme with a selection from "The Corsican" which was well received. This was followed by a Lancashire clog dance by the ship's bell boy, Pumper.

One of the features was an exhibition of Japanese juggling by A. Baladen, assisted by F. Keppel. It might be mentioned that a Japanese juggler, who was engaged by the Standard Oil company's sailing vessel, *Johanna*, was lost at sea when the ship *Piano Solo* of the Delaware capes during a terrific storm on November 25, 1909. Captain Wymann and part of the crew left the ship in a lifeboat which was submerged in the heavy sea. Thirteen other members of the crew, in a more fortunate lifeboat, were rescued.

Mrs. Wymann was the widow of Captain Almond Wallace Wymann, who, with sixteen other members of the crew of the *Standard Oil* company's sailing vessel, *Johanna*, was lost at sea when the ship *Piano Solo* of the Delaware capes during a terrific storm on November 25, 1909. Captain Wymann and part of the crew left the ship in a lifeboat which was submerged in the heavy sea. Thirteen other members of the crew, in a more fortunate lifeboat, were rescued.

I. C. R. CHANGES

Sears, who for many years has been a resident of Moncton. Those besides Mr. Sears who will be at Truro from Moncton are Joseph McLare, Loyal Belyea and J. A. McDonald. New Glasgow will be in charge of E. B. Haggarty, formerly of Moncton, with Walter Morton, Charles Brown and Charles Hannagan, all from Moncton, as assistants.
