Mother of Men Who Tried
to Kill Cabrera Was Forced
to Give Them Up—Nineteen
Others Executed After
Court Martial**

MEXICO CITY, May 28.—Full confirmation of the four prominent Guatemalans and the imprisonment and sentencing to death of 19 men suspected of complicity in the attempted murder of President Cabrera early this morning, was received through official and private channels yesterday. The state department received a telegram stating that the Guatemalan people were so incensed at the sentence imposed on the 19 suspects, that President Cabrera has decided that these cases be taken to the court of account instance for revision. Pending the action of this tribunal the diplomatic corps is withholding the contemplated collective note demanding that the imprisoned men be set free. According to a private telegram received last night the four men who gave their lives because of the incident were Juan Y. Blanco, Dr. Jose A. Vila, Dr. Echeverria and Baltasar Rodri, a civil engineer. All of the men were wealthy and belonged to the first families of the republic. The story of the capture and subsequent death of these men is dramatic, and as soon as the mine was sprung they left Guatemala City because it is under Gen. Urrutia's control. The Guatemalan army heard of their return and going to the aged mother of Echeverria and the soldiers took their bodies and threw them in sewers in the suburbs of the city. This act so incensed the people that the diplomatic corps was appealed to and Minister Gamboa demanded the bodies. Upon these representations they were finally turned over and later buried with great honors. Later the 19 suspects were imprisoned and sentenced to death by court martial proceedings.

**CHICAGO COMMISSION MEN
SOLD CATTLE ELSEWHERE**

Struggle With the Packers Has Begun—No Cows Sold Locally Yesterday

CHICAGO, May 28.—Because of the enforcement by the big packers of their new rule requiring postmortem inspection of cows and heifers as a condition of sale, only the big class grades of beef were sold at the stockyards yesterday for the Chicago trade. It was the first day of the enforcement of the rule and the first skirmish between the packers and the shippers of live stock and the commission men. The big packing firms did not succeed in buying a solitary cow or heifer, but the 200 animals numbered in the list of the day's receipts as "cow stuff" remained unsold, however, all being sent to other points, and this showing the commission men insisted that the big firms were routed.

U. S. Officers Pay Visit to Boundary Near
Houlton and Meet With Results—
Need Immigrant Inspector

HOULTON, May 27.—There was something doing at the Boundary last Thursday night. There had been a good deal of "boozing" in town for several weeks and pocket peddlers have evidently been doing a good business. But though Uncle Sam's officers sometimes move slowly they moved to some purpose at this time. Victor Peters, of Bridgewater, and his brother, "Doc" Peters, came down and were joined by Deputy Perley Duffey and at a late hour Thursday evening made their way toward the line. They first encountered one of the ten-ten teams, driven by George Smith, and they proceeded to overtake him. He has three men aboard, but two of them were spry enough to spring out and run. Bottles could be heard smashing in the distance but the fugitives were able to make their escape into the woods. The officers also captured a team belonging to the Shell House livery and took into custody Hayward and a man named Paul to await a hearing before a United States commissioner. Immigrant Inspector Arndt has arrived and takes the place of Mr. Curtis, who has been transferred to some other place. Mr. Arndt has been stationed at St. John during the winter but was formerly at Quebec.

**ROTHSCHILD TAKES GLOOMY
VIEW OF MARKET SITUATION**

LONDON, May 28.—Lord Rothschild's views of the prospect of the Stock Markets are not encouraging. In an interview this afternoon, he said he could see no immediate prospect of improvement, adding—"The best that can be said is that the markets are no worse today. Perhaps they are slightly better. But with President Roosevelt attacking the railways in one part of the world, the Income Tax question and other problems, France, the Socialist movement in England, the public are killing the goose that laid the golden eggs and we can expect nothing more than what the market positions reveal."

EL PASO, Texas, May 28.—In spite of the fact that a similar charge was investigated and dismissed by a jury some time ago, another complaint has been filed with United States District Attorney Llewellyn on New Guayaco that a tribe of Indians in that territory are given to the worship of an enormous serpent, in which is fed the new born babes of Puebla, in which it is housed and carefully tended and guarded. The complaint was filed by a Catholic priest.

**FATHER KASPER
WAS A POLITICIAN**

More Light on the New York
Trunk Tragedy.

Bad Feeling Between Members of the
Armenian Revolutionary Party May
Have Led to Murder.

NEW YORK, May 28.—Notwithstanding that the motive for the murder of Father Kasper Variorian, was found on Sunday in a trunk in a West 7th street house, is not clear, some facts have been learned which may dispel all doubts as to why the priest was slain. Father Variorian, it is said, was a politician as well as a clergyman and was identified with an Armenian secret revolutionary society here. It appears further that recently the revolutionaries in the local Armenian colony split and that much bad blood was engendered by the division. Yuharem Sepposan, an Armenian restaurant proprietor in East 24th street, who knew Father Kasper well, hints that the affairs of the New York branch of the Honchekis Society may bear some relation to the murder. This society has for its object the liberation of Armenia and other Christian countries in the Far East from Turkish rule. The New York branch was formed some time ago, Sepposan says, and its members worked harmoniously until about two months ago, when a serious schism occurred. Sepposan says that the society has found some spies in its membership, who presumably have informed the Turkish authorities of revolutionary plans formed by the Honchekis with the result that independent Armenian revolutionaries have been suppressed. Sepposan says frankly that if Father Kasper was a spy he deserved to die. The editor of a Slavic paper here says Americans have no idea of the fierce jealousies and intrigues among Armenian revolutionaries here. He says that he knew of Father Kasper being an active politician and that it is more than likely his political proclivities led to his murder.

DENVER, Colo., May 28.—The Rocky Mountain News says today: That the federal investigation now in progress here involves some of the largest corporations in America and that indictments will be returned against men who are rated as multi-millionaires and captains of industry. No less than 120 secret service men now make their headquarters in Denver, this small army of government sleuths having rented a large portion of the fifth floor of an office building from where they are spreading the net that is tightening about victims in high places. C. C. Wheeler, in the service of the department of justice at Washington is in charge of the secret service men and he expresses the belief that there will be some startling revelations in the near future.

Eighty of his fellow passengers will be sent to Hoffman Island for observation. The Steadnam which arrived today from Rotterdam also was detained at quarantine for several hours, a case of smallpox having been found among her steerage passengers. The patient was removed to a hospital and 180 of his fellow passengers were taken to the detention station. The steamer will be fumigated and released later in the day.

MAN WAS MURDERED
BY HIS WIFE AND SON
They Had Suffered for Years From His
Cruelty and Could Stand It
No Longer.

PARKERSBURG, May 28.—Word was received here last night of a murder in Ritchie county near McFarlane in which a mother and son killed a husband and father while he lay asleep in his bed. The victim was Harvey Yobe, a farmer. According to the reports, Yobe, after a quarrel with his wife in which a son John participated, went to bed. It is alleged that he stole to his bedroom and fired two shots from a revolver one entering his head and the other his body. Mrs. Yobe and the son gave themselves up to the authorities and are now in jail in Parisville. They acknowledge the murder, it is reported. The Shah informed the assembly and ordered the penalty. They say they had been subject to torture for years.

**PERSIAN TROOPS KILL
HUNDREDS OF VILLAGERS**

The People Believe That the Massacre Was
Instigated by the Shah.

TEHERAN, May 28.—Authentic news from Tabriz reached here early this morning that Rahim Khan's son, with 8,000 Cossacks, had sacked and pillaged the village of Aboul, three miles from Tabriz, killing 250 of the villagers. The Shah informed the assembly and ordered that Rahim Khan, who is in Teheran, should be recalled here. The populace gave little credence to the Shah's words, attributing the massacre to him. The bazaars are closed, and the people gathered outside the assembly buildings to hear what the natives of Tabriz had to report. These men are all armed and they intend to avenge their comrades. There is great dissatisfaction with the Shah and the crisis is dangerous. The schools were closed, while the students, with banners flying, paraded the streets, shouting, "Down with the autocracy! Long live the constitution!"

**CANADIAN TO ARBITRATE
IN THE CUBAN STRIKE**

SANTIAGO, Cuba, May 28.—The State Department at Washington has declined to permit the United States Consul Mr. Holiday to act on the strike arbitration board and the latter has substituted for Mr. Holiday, George W. Howard, acting manager of the Royal Bank of Canada, a Canadian citizen. A company of artillery is guarding the dock and warehouses. The typographers have joined the strikers, and no newspapers were printed yesterday.

**SEEKING DAMAGES FROM
IROQUOIS THEATRE CO**

NEW YORK, May 27.—Application was made in the United States Circuit Court today, to have several actions for personal damages and loss of life as the result of the Iroquois Theatre fire in Chicago, postponed from the coming June term of the court until the October term. A representative of the attorney of record of Lotger, Koehler and other plaintiffs, against Marc Klaw, Abraham Erlanger and others, filed was ill and his principal associate Clarence S. Darrow, who had appeared in all the trials held in Chicago, was actively engaged in the Hayward trial in Idaho. Because of these facts, and because it would be a hardship to ask the plaintiffs, all poor persons, to bring their witnesses on from Chicago for no purpose, the affidavit asked that the court permit the cases to go over until the October term. Counsel for the defendants, it is understood, will oppose any delay, and ask that the cases be dismissed if the plaintiffs are not ready to proceed when the cases are called at the coming term.

SPORTING MATTERS

ST. PETERS DOUBLED

F. M. A.'s LAST NIGHT

About 500 spectators witnessed a fairly good game of ball on the Shamrock grounds last evening, when in the Inter-Society League series the St. Peters defeated the Father Matthew Association team by a score of 4 to 2.
The score would have undoubtedly been more even had it not been for the loose base running of some of the F. M. A. players. Bent pitched a good game for his team, but his errors helped to defeat them.
Homer McIntyre of last season's St. Johns, occupied the box for last night's winners, and like Bent, pitched good ball.

The others hit out to the infield. In the fifth the first three St. Peters men went out to the infield, while the F. M. A.'s scored one with two hits by Kelly and McGivern.
In the sixth and last inning Howe struck out; Doherty hit safe to centre and stole second; Rogers drew a base on balls; McIntyre struck out; Mahoney singled to second, but Doherty died on third, when Small flied out to right field.

The F. M. A.'s were retired in 1, 2, 3 order, and the game was won by St. Peters, 4 to 2. The following is the score and summary of the game:

HAUNTS OF THE MOOSE AND THE SALMON

One of the most recent publications of the Canadian Pacific Railway, entitled "Fishing and Shooting," is descriptive of the opportunities afforded the sportsman in the various sections of the Dominion reached by the Canadian Pacific.

The booklet is in three sections—"Fishing," "Shooting," "Canoes Trips and Camping." In all three sections the province of New Brunswick is mentioned frequently.

Under the head of "Big Game Shooting" the hunting possibilities of the entire Dominion from Nova Scotia to the Pacific are discussed. The best districts in which to get the moose, the caribou, the musk ox, the caribou, are all covered in detail. Concerning New Brunswick, the booklet says: "At least one third of the Province of New Brunswick is good hunting ground, and most easily reached by the Canadian Pacific Railway." This province is also mentioned as the home of the deer and the caribou. Ontario, Quebec, the West and the Rockies are also dealt with as far as big game shooting is concerned.

Under the head of "Fishing" all the noted salmon and trout rivers of Canada are touched upon. Lake fishing in grass boats with New Brunswick is again to the fore with the Tobique, Nepisiquit, Miramichi and other rivers. St. John, York County, is mentioned on account of its fame as a trout lake. The famous salmon streams of Northern Quebec and New Ontario have their advantages set forth in glowing colors, and the rivers of British Columbia are not forgotten. Besides salmon and trout districts the best localities for bass, pike, muskling and other fish are pointed out.

In the final section of the pamphlet, that devoted to canoe trips, many canoe routes are discussed. In New Brunswick the merits of the St. John and Tobique are portrayed. In the other parts of the Dominion are the Yoho Valley of British Columbia, the Okanagan in the same province, the Temiskaming and Kipawa in Ontario, as well as the Ottawa.

The booklet is handsomely illustrated with views of hunting, fishing and canoeing.

Under the head of "Big Game Shooting" the hunting possibilities of the entire Dominion from Nova Scotia to the Pacific are discussed. The best districts in which to get the moose, the caribou, the musk ox, the caribou, are all covered in detail. Concerning New Brunswick, the booklet says: "At least one third of the Province of New Brunswick is good hunting ground, and most easily reached by the Canadian Pacific Railway." This province is also mentioned as the home of the deer and the caribou. Ontario, Quebec, the West and the Rockies are also dealt with as far as big game shooting is concerned.

Under the head of "Fishing" all the noted salmon and trout rivers of Canada are touched upon. Lake fishing in grass boats with New Brunswick is again to the fore with the Tobique, Nepisiquit, Miramichi and other rivers. St. John, York County, is mentioned on account of its fame as a trout lake. The famous salmon streams of Northern Quebec and New Ontario have their advantages set forth in glowing colors, and the rivers of British Columbia are not forgotten. Besides salmon and trout districts the best localities for bass, pike, muskling and other fish are pointed out.

In the final section of the pamphlet, that devoted to canoe trips, many canoe routes are discussed. In New Brunswick the merits of the St. John and Tobique are portrayed. In the other parts of the Dominion are the Yoho Valley of British Columbia, the Okanagan in the same province, the Temiskaming and Kipawa in Ontario, as well as the Ottawa.

The booklet is handsomely illustrated with views of hunting, fishing and canoeing.

BRILLIANT DAY AT MT. ALLISON

Yesterday's Proceedings Were Very Successful

St. John Girls Have Prominent Part Twenty-Two Young Ladies Receive Diplomas—Banquet to Seniors.

SACKVILLE, N. B., May 27.—Mount Allison commencement exercises for the year 1907 are now going forward most successfully. The weather, which last year interfered materially with the pleasure of the occasion is this year all that can be desired, today being beautiful and bright.

At 9 o'clock the physical culture drill, under the direction of Miss Currier, was held on the Ladies' College grounds and was pleasingly beautiful. One hundred young ladies, gowned in pure white, marched, counter-marched and went through various evolutions, all to the rhythm and swing of the piano.

At 10.30 Hestonhall Hall was crowded to the doors to attend the concert by the students of the Conservatory. The programme was well arranged and was carried out as follows with flawless excellence:

- Piano—Le Fleusse... Helen Bower. Vocal trio—Charity... Rosalind J. Estabrook, M. Turner, S. Estabrook. Piano—Etude Arabesque... Lack Francis Pauline. Reading—What the Donkey Did... Mary R. S. Andrews. Piano—Trio in G Major... Helen Bower. Song—The Princess... Grief Elizabeth Anderson. Piano—La Casade... Pauer Robina Dunn. Song—My Dearest Heart... Sullivan Muriel Turner. Piano—Kamamao Ostrow... Rubinstein Beate London. Song—(a) Were My Songs with Wings Flying... Hahn (b) I Cannot Help Loving Thee... John Maria Tucker. Vocal duet—Nocturne... Denna M. Atkinson and B. Dunn. Piano—St. Onise... Henselt Ellen Smith. Song—Bertrane from Jocelyn... Godard Mary L. P. Smith. Piano—Hark! Hark the Lark... Schubert-Liszt Bertha Rogers. Reading—Helene Thane... Stenkovitz Mabel G. Dixon.

The exercises opened with elegant prayer by Rev. Wm. Johnson of Charlottetown. A violin solo by Miss Meda DeLong, New Germany, N. S., was well received. The difficulties of the concerto and harmonies were overcome with ease. Her tone was full and strong. The essay, "Gospel of Work" by Miss Alberta Craig, Auburn, Kings county, N. S., was specially good and well delivered. Miss Ethel Wilson, Fairville, St. John, read an entertaining and instructive essay on modern advertising. The orchestra number which was difficult, was given with a perfection seldom obtained by the hand of amateurs. In response to an insistent encore, the overture "The Oberon" was splendidly rendered.

Dr. Hestonhall's report: (The Sun's correspondent who wired of the forenoon, mailed a copy of Dr. Borden's report. Unfortunately it did not arrive in the mails and did not arrive in time for this issue.) The Lady Graduates. Twenty-two young ladies received diplomas. They are: GRADUATES IN M.E.A. PORTLAND CEMENT.

The great expansion of the building trades in Canada is indicated by the marked increase in the use of Portland cement, and the numbers of new companies taking up this line of manufacture. The increase in 1906 over the production of 1905 was approximately 40 per cent, while the imports show a marked decrease.

The total quantity of Portland cement manufactured in Canada in 1906 was 1,541,568 barrels, as compared with 1,099,994 barrels in 1905, an increase of 40.99 per cent. The total sales of Portland cement were 1,119,741 barrels, as compared with 1,346,548 barrels in 1905, an increase of 75.218 barrels, or 5.4 per cent.

Fifteen companies were operating plants during 1906, with a total capacity of about 10,500 barrels, namely, one in Nova Scotia, two in Quebec, eleven in Ontario, and one in British Columbia. At least four plants were under construction during the year, of which the total initial daily capacity will be about 4,700 barrels.

The following is an estimate of the consumption of Portland cement in Canada for the last six years:—

Table with 3 columns: Year, Canadian, Bbls., U.S. Imported, Bbls. Rows for 1901, 1902, 1903, 1904, 1905, 1906.

ROCKWOOD.

There are not enough "adjectives" in the English language to fully describe the beauty of Rockwood Park; no one can appreciate, without a personal visit, what is to be seen there, and such visits must remain, for the larger number of St. John people, a practical impossibility. There is not a park in Canada which can at all compare with Rockwood, with the possible exception of Stanley Park at Vancouver, and it is in certain respects, in a class of its own. But Rockwood is of little value to St. John when the people cannot get out to it. The place is so far away from the street car lines that only strong men and restless children are able to stroll around after they pass the entrance. Those who leave their homes for a quiet walk through the park seldom get beyond the edge of Lily Lake, and they are thus compelled to forego the pleasure of seeing all the upper sections, Lily Lake and its surroundings are picturesque enough to suit most people, but that district is forgotten in contemplation of the marvelous natural beauties unfolded before a wanderer in the regions beyond the hills where nests all the new lakes, a wilderness of rock and wood and water scarcely yet opened, and even at its best practically beyond the reach of the person of ordinary strength.

Now at the beginning of summer, for a day of idleness under the trees around the lakes, St. John again finds itself without a car service to the park. Dusty and footsore citizens with their wives and children trudge over the long roads, and when at last the lake is reached they are too tired to proceed. Rockwood is a paradise, but without a car service it will never find its true value.

LAW STUDENTS' DINNER.

The student body of the St. John Law School held their second annual dinner at White's last night. The guests were Mayor Sears, Judge Ritchie and members of the faculty. Dean Silas Alward reported the closing of a very successful year. The members of this year's graduating class are: J. A. Barry, R. A. A. E. G. McKenzie, B. A. W. G. Purdy, B. A. J. M. Truman, B. A. and W. D. Turner, B. A. The toast list was as follows: The King, proposed by A. E. G. McKenzie, president of the class; The St. John Law School, proposed by W. B. Farris; an answer by Dr. Alward; Former graduates, proposed by J. A. Barry and responded to by A. J. B. Baxter; Canada, proposed by W. G. Purdy and responded to by Judge Ritchie; The faculty, proposed by J. P. Lunney and responded to by J. Roy Campbell; The City of St. John, proposed by J. M. Truman and responded to by Mayor Sears; The class of '07, proposed by J. E. Teit and responded to by A. E. G. McKenzie. The gathering broke up with the singing of "Auld Lang Syne."

THE BRAINY CIRCUS CLOWN.

"Your kangaroo has caught a cold," said I, "Just hear him cough! It'll let him use my sweater old To keep the weather off."

"We're much obliged," the clown replied.

"We shall not need the loan, That kangaroo can well provide A 'jumper' of his own!"

"I wonder why they call that queer And chunky beast we see A tapir. Can you make that clear?"

Said I, "It bothers me."

"The answer is as plain as cats To them as knows their biz," Quoth he, "They call him that for that's Exactly what he is!"

SAFEGUARD.

He (telling a hair-breadth adventure)—And in the bright moonlight we could see the dark masses of the wolves.

She (breathlessly)—Oh, how glad you must have been that they had muscles on!

DIDN'T COME UP TO EXPECTATIONS.

The Smiths had invited a neighbor to dinner. As the last course was reached little Willie, who had been closely watching the guest almost continually through the meal, looked over at him once more and said:

"You haven't changed a bit since you started eating, have you, Mr. Currier?"

"Why do you ask that question?"

"Because," blurted Willie, confused by the pairs of eyes focused on him, because I heard pa tell ma you'd make a big hog of yourself as soon as you got your eye on the corned beef and cabbage!"

EQUALLY GREAT.

A mountaineer of one of the back counties of North Carolina was arraigned with several others for illicit distilling. "Defendant," asked the court, "what is your name?"

"Joshua," was the reply.

"Are you the man who made the sun stand still?"

Quick as flash came the answer: "No, sir; I am the man who made the moonshine."

COULDN'T KEEP UP.

"When ex-Governor Pennypacker was with Rockwood," said an all-around reporter. "He showed me in his up-town house, his superb collection of old newspapers."

"As we turned over those faded pages I said:

"Do you think sir that our newspapers have improved?"

"He smiled, his shrewd and kindly eyes twinkled, and he answered: 'They have grown larger.'"

"Laughingly, I asked him what he thought of our Sunday papers."

"They are marvelous," he replied. "They are encyclopedic. Whenever I take one of them up I am reminded of the old Frenchman of the last century, who read his paper with great care and thoroughness, but whose progress was so slow, and whose paper was so large that he was always eight months behind the current issue."

Her son is now at jail here awaiting a hearing before Mr. Simonsen on a charge of manslaughter in connection with the father's death.

NEW YORK'S TRUNK MURDER

NEW YORK, May 27.—Developments later tonight in what has become known as the "trunk murder" of New York include: John Ermoyan, arrested in Chicago on suspicion of knowing something of the murder and later released when he satisfied the police that he knew nothing of the crime; the constant search by the police of New York for Sarkis Ermoyan and his brother Simon, who have been connected with the case through cards found in the trunk where the body was discovered; and of a third man, believed to have been connected with the case; the assertion that Father Kasper Variorian had recently inherited a snug fortune from a brother who died in Chicago and that he was in possession of a value in the form of a check or a cross, which was handed from generation to generation of priests; the money and jewel giving the police motive for the crime and the fact that Mr. Henry Sherer, in whose apartment at 23 West 57th street, the trunk with its body was found, was taken to police headquarters to identify the man who had been arrested, the "expressman" who took the trunk to her home and later announced that it was not the person who took the trunk in.

The body of the Armenian priest, Rev. Father Kasper Variorian, which was found yesterday doubled with the head strapped to the knees, lies in the morgue, positively this matter according to the police, but without any clue other than those already provided in the finding of the trunk. The news from Chicago that an arrest had been made there stirred police circles in this city, but the chief of New York detective bureau said he had nothing in the way of definite information from the western city. Moonlight, believed to have been taken into custody, but who later, it was found, was John Ermoyan, was formerly a dish-washer in a restaurant at 47 West 40th street, in which Sarkis Ermoyan was a part owner. The police said tonight, raised and finally called on Mooradian, another Armenian for money. The detective placed importance on this feature tonight as showing the financial condition of the men they desire to question.

The arrest in Brooklyn tonight of an Armenian, who answered the description of one of the men who were in the trunk, and the bringing of Mrs. Sherer to police headquarters, but she stated positively that she had nothing to do with the case, so far as she knew, and he was released.

SAFETY BOARD.

The safety board met at City Hall last evening. Jas. Lowell, M. P. P., appeared in behalf of the Fairville firm, who are asking the city for a piece of ground where they intend building a park. A track will be made in this park, and the firm can keep in good physical condition. On motion of Ald. Hamm the request was granted.

F. L. Potts asked that the scale of market fees be revised and he gave several illustrations showing the unfairness of the present scale to the farmers. Ald. Baskin moved that the director, the chairman of the board, be appointed a committee to revise the scale of fees. Carried.

Director Wisely stated that a new fire engine was needed as No. 2 engine gave out at the recent fire. Chief Kerr also stated that a new engine was needed, but the members of the board thought that repairs might be made to No. 2 engine, and a committee composed of the chairman, director, chief, and Ald. Fink was appointed to investigate more fully into the matter.

Ald. Baskin spoke of the disgraceful condition of City Hall, West End, and Ald. Hamm's opinion was that it should be torn down and the ground made into a square. Ald. Christie stated that the janitor, Mr. Ketchum, had long been in the service of the city, and he thought it advisable to appoint him "consulting janitor."

A number of bills were referred to the treasury board and the meeting adjourned.

Harvey's four stores on Union street, in the Opera House block, will be open until eight o'clock this evening and tomorrow evening, which will make it possible for those who have to work the day time to share in the hundreds of great big bargains now being handed out for the merest money in the Grand Clean-Up Sale of odds and ends after the remarkable trade extension run of last week. All day yesterday this clearance was largely attended, and a special feature of the day's business was the scores of buyers who appeared on the scene after supper.

Abraham Banks, of Central Blissett, was seriously burned recently. He was suffering from rheumatism in his leg and after rubbing the limb with spirits of turpentine threw the saturated cloth to the ground. He then lit his pipe and threw the lighted match on the cloth which burned fiercely and caught the rags on his legs. He attempted to put out the fire with his oiled hands which were also badly burned. Dr. A. J. Murray was summoned and hopes to be able to save the limbs which were badly burned. Murray has eleven small children dependent upon him. He is employed in Smith Bros' mill.

**WM. TAYLOR, BLISSFIELD FARMER,
ENTICED INTO EMPTY CAR AT
FAIRVILLE AND ROBBED OF \$17**

William Taylor, a farmer well along in years whose home is in Blissfield, Sunbury county, says he was the victim of a daring hold up in Fairville yesterday.

Taylor met two men during the afternoon, and had a few drinks with them. His story is that they decoyed him down to a car which was standing on the siding near the station, under the pretence that it was the proper car for him to take to go home, and they said that the train would leave very soon. This was about six o'clock. After they had enticed him into the car, he says one of them grabbed him and held his arms, while the other man went through his pockets and robbed him of his money, \$17 in all, consisting of one \$10 bill, one \$5 bill and a \$2 bill. They then ran out of the car and down the street.

Officer Lawson, who was about a quarter of a mile away, saw the men running, but thought nothing of it, when he met John Gayley, who told him of what had occurred. He made further inquiries, which led him to arrest Fred Hutton.

Hutton, who had been drinking, was taken into the presence of the old man, who at once identified him as the man who had held him.

**ROOSEVELT GOES BACK
TO THE DAYS OF HIS YOUTH**

Enjoyed a Horseback Ride Over Muddy Roads, and in the Face of a Severe Storm.

WASHINGTON, D. C., May 27.—A badly mud-battered party at the head of which was President Roosevelt, got off a car of the Washington, Alexandria and Mount Vernon Electric Railway here shortly before six o'clock this afternoon. They had been on a visit to Mount Vernon, part of the trip being by horse-back, and had been caught in a heavy shower. As the result of the storm, the roads were in fearful condition and as the riders progressed they were splashed from head to foot with mud. The other members of the party besides the President were Mrs. Roosevelt, Miss Ethel Roosevelt, Postmaster General Meyer and Captain Fitzhugh Lee, one of the President's military aides. The clothing of the entire party were drenched. The trip in many respects was a "rough riding" one.

The President has explored, on horseback, much of the country about Washington lying north of the Potomac River. He also has made occasional visits across the river. He was anxious, however, to make the longer trip to Mount Vernon and several days ago planned today's excursion. The day broke cloudy and heavy, but by ten o'clock the sun began to shine dimly through the clouds, and the prospects seemed good for fair weather. The party accordingly started at 11 o'clock.

The distance from Washington to Mount Vernon is six and a half miles. They had catered along the road, however, but a few miles when a severe storm overtook them. They did not have time to find shelter, before all of them got drenched. Finally they espied an unoccupied farmhouse along the roadside and sought shelter under the "lean to" at the rear for half an hour.

Rain was still falling lightly as the party again took up the trip to Mount Vernon which was reached about two o'clock, almost an hour behind the scheduled time. Here Colonel Dodge, the superintendent of the grounds, gave them a cordial welcome, showed them over the grounds, about 2,000

**THE GENERAL ASSEMBLY OF
THE PRESBYTERIAN CHURCH**

(Montreal Star)

Next month the city will be invaded by Presbyterian divines and laymen, who will gather to take part in the deliberations of the General Assembly of the Presbyterian Church which opens on June 5. The meetings will take place in Erskine Church, of which Rev. Dr. Mowatt is pastor.

The fact that Rev. Dr. Scrimger, principal of the Montreal Presbyterian College, is among the Presbyterians nominees for that high office, naturally connects his name with the moderatorship of the coming year. There are several other doctors of divinity, from different parts of the Dominion in nomination, however, and the selection is generally a matter of uncertainty until the Assembly meets. In fact the gathering might go outside the nominees entirely and select what would be sporting phrase, be called "a dark horse."

Erskine Church, where the meetings will take place, is a large and commodious edifice, and might be classed as one of the most modern Presbyterian churches in the city, located well out to the west end of Sherbrooke street, in the fashionable residential section.

THE NEXT MODERATORSHIP.

The work of the Assembly will be far removed from the clutter and clamor of the business of the metropolis. No clanging of street car gongs or rattle of heavy carts and drays are to be heard in that section, the traffic of the thoroughfare being for the most part confined to light vehicles and cabs.

The church is large and airy and has excellent class rooms adjoining for committee work. The last Assembly in Montreal met in Knox Church, on Dorchester street.

Rev. Dr. Mowatt, the pastor of Erskine Church, a New Brunswicker by birth, has risen to a position of notable prominence in the councils of the church. On the death of the late Rev. Dr. MacVicar he was selected to take the post of chairman of the French Evangelization Board, a work which was very dear to the heart of the deceased divine, and in taking up that work Dr. Mowatt has proved himself not lacking in enthusiasm for that feature of the Church's endeavor.

Dr. Mowatt is in his sixteenth year as pastor of Erskine Church, having come here from Fredericton in 1891. He was educated for the ministry in Nova Scotia, and was ordained in 1886,

and afterwards filled several pastorates in the lower provinces. Mrs. Mowatt is a sister of Rev. Dr. Annand, the famous missionary. It is not a matter of surprise that the missionary spirit should seize one of Dr. Mowatt's two sons, who are in the Presbyterian ministry.

Rev. Principal Scrimger, who, as has been stated is in line for the moderatorship, succeeded the late Dr. MacVicar at the Presbyterian College, where he has been a lecturer and professor in turn since 1874. He was born at Galt, Ont., in 1848, and was educated there and at Toronto University, of which he is a graduate. He studied theology at Knox College, Toronto, graduating and being ordained in 1873, his first charge being St. Joseph Street Church in this city.

Rev. Robert Campbell, D. D., of this city, joint clerk of the Assembly, is well known to Montrealers as pastor of St. Gabriel Church, St. Catherine street. He is an Ontario man, a graduate of Queen's, and being ordained in 1861, first preached at Galt, Ont. He came to Montreal 41 years ago, and was the last pastor of St. Gabriel's, the oldest Presbyterian congregation in Montreal, and the first pastor of the new St. Gabriel's, on St. Catherine street. He is an enthusiastic naturalist, and a past president of the Natural History Society.

Rev. Dr. Falconer, the retiring moderator, like Dr. Mowatt has two sons who are qualified for the ministry, but one of them, Dr. Falconer of the Halifax Theological College, has devoted his time to educational work. He is the nominee for the presidency of Toronto University. Another son is pastor of Fort Massey Church, Halifax.

**PRISONER WAS SHOT
ATTEMPTING TO ESCAPE**

CHICAGO, May 28.—Private Herman Leroy, a prisoner at Fort Sheridan, in attempting to escape yesterday was shot and killed by one man of a squad of colored soldiers who had orders to take him dead or alive. Leroy was a white man, and was extracted one leg from its shackles and ran away. Five men drove the fugitive into a barn and ordered him to surrender. He replied by throwing stones. A shot was then fired by one of the soldiers and Leroy fell dead.

**ALBERTA CAPTOL
NOT YET STARTED**

But the Building Will be a Very Fine One

—Edmonton Planning for Great Improvements.

EDMONTON, Alberta, May 27.—It does not look as if the building of Alberta's new capitol will be begun this year. Delays, the reasons for which are not fully apparent, have arisen. The government has made arrangements for the erection of a temporary frame structure on the selected site to serve as departmental offices and assembly hall until the permanent building is ready.

Not since the building of the national capitol at Ottawa has so much interest been attached to the building of any government block in Canada. The site was definitely chosen last October. It had rested between a location in the extreme west end of the city and the old Hudson's Bay fort, and because it was more central and more historic, rather than because the ground itself was particularly suitable, the later was decided upon. It is, moreover, a very pleasing situation, commanding a wide view of the valley of the Saskatchewan and in central sight of both the city and the neighboring town of Strathcona. As a capitol site it is very nearly ideal.

The building will be one of the four finest parliament buildings in the world. In design it will closely follow the British Columbia capitol, with some of the architectural features of the Minnesota state capitol at St. Paul. The minister of public works made a tour of inspection to the Minnesota, Wisconsin and British Columbia capitols last winter and the result of his investigations is expected to be embodied in certain changes in the plan of the new Alberta building as originally designed. The design will follow the general lines of the British Columbia model. It will be a costly structure, too, and will probably considerably overcost a million dollars.

Alberta's new parliament buildings will be the final descendants of a group of low buildings erected in 1876 when the Hudson's Bay Company established themselves at Edmonton. "Barr House" was the first of them. They have always called it, was first built on the flats of the river bank, but was soon after flooded, the initials of the present hill-site.

Within the past month or so a citizen's improvement guild has been organized, whose object it is to develop and put into effect a plan of general beautification throughout the city, in keeping with the idea of the government contemplates in its own particular field. The outcome of these combined efforts is to be a very attractive capital in the middle North.

As the result of eight weeks' work on the part of painters, decorators and upholsterers, the Clifton House is now one of the finest fitted up hotels in the city and an increase in the already large patronage which this house enjoys, is assured. The improvements have been made on a large scale and from the top of the house to the bottom the halls, rooms and stairways have been papered and painted. The most marked improvements have been made in the office and reading room. Large plate glass windows have been put in and a new door, in the centre of which is a glass panel, bearing the name of the house in frosted letters, adds greatly to the appearance. The offices received a share of the decorators' art. The walls have been done in pea green burlap, with a light drab about three inches above the burlap. The maple leaf designs have been painted. The basing in the office has been done in oak graining corresponding in shade with the doors, desks and chairs. The basing in the reading room was painted in dark brown. In this reading room a much commented upon chandelier has been installed. It is suspended from the ceiling by a chain. The five incandescent lamps installed beneath a large glass reflector send forth a very powerful light. This chandelier is the only one of its kind in the city. The main stairway walls have been painted in crimson with a green border. The guests' sleeping apartments have been renovated. The woodwork in the halls has been painted white and new paper has been put up. The cupola has been painted in red, green, and white and guests are able to secure an excellent view of the city and harbor from this room. Two valuable ornaments have been placed in the office. They are a large moose head and a deer head. The antlers on the moose measure 62 inches. The front of the house is to be painted in green with gold tint in a day or two. The inside improvements are now completed and W. Allan Black, the proprietor, is now in a better position to cater for the first class trade.

The theory of the detectives is that the Japanese believed Randolph Merrivether, who was arrested a week ago for assaulting a Japanese.

**FRENCH WINE DISTRICTS

PARIS, May 28.—The report of the commission the members of which personally investigated the situation in the wine districts of France and Algeria, was turned in yesterday. It shows the situation everywhere to be most grave and declares that unless remedial steps are taken most promptly, a condition similar to that which prevailed in the south will arise in the other wine producing districts. The commission recommends the prohibition of auguring and watering wines and says the prevention of the use of chemicals is absolutely essential. It adds a recommendation to the effect that distilling should be encouraged.

FOR A MILLION OF MONEY

By Arthur W. Marchmont.

(Continued.) He grinned in bleared astonishment. "What a little devil it is," he muttered, turning to Merridew.

"You are so intoxicated that you cannot even pronounce your own name; but perhaps too much so as not to understand me. I have power, and industrial friends who know that I would never consent to marry this man. I am being forced by him into this; and if you dare to lend your aid to be an accomplice in this villainy, you will have to answer for your crime to the law."

"We shall see," he answered, with a sneer. "You had better make haste and pray to Him, for a few hours will see whether you'll get help. I shall keep my word. That I swear. Nothing shall turn me from it now."

CHAPTER XXXV. Sentenced to die. When Gilbert Merridew left the room, Olive remained a few seconds gazing after him as still as if she had been rooted to the spot.

LOCAL NEWS.

The Artillery band is requested to meet at their room tonight at 7:30 o'clock, in uniform.

The executive of the Canadian Club will meet in the Times building at five o'clock this afternoon.

The police were called into Minnie Nairn's house in an alley off Brussels street last night to quell a disturbance. The police report finding the doors of three business houses open last night.

The 3rd Regiment, Canadian Artillery, was to have held a march on this evening, but on account of the inclement weather this has been postponed until Friday evening next. No 3 company will not meet this evening, but will meet at the armory at 7:45 o'clock on Friday evening.

This afternoon in the police court a case that will be of interest to the Carleton fishermen will be heard. John Christopher, one of the oldest and best known fishermen of the West Side, was in the police court this morning with his counsel, J. B. M. Baxter, and laid information against Harry Beatty, the well known Old Fort fisherman, charging him with placing a net in such a position yesterday that the fish were barred from reaching the plaintiffs' net on Navy Island.

FOUND A PIECE OF CANDY WHICH MAY BE POISONED

Nothing Doing in the Dog Cases—A Bench of Drunks in the Police Court.

In the police court this morning the dog poisoning case was resumed. Mr. Patterson said he could not understand why Gardner Heathey had caused his appearance in court, as he had not used the words, "You old dog poisoner," and had only asked the gardener if he had any more of that kind of dog poison. Mr. Beatty informed the court that he had not been called an "old dog poisoner," and the magistrate dismissed the case.

This morning Mr. Wetmore of the S. P. C. A., while walking through the King Square enroute to the court court to look into the above case, found on one of the square walks a pink lozenge. He thought that probably this was one of the methods of destroying the dogs with poison and handed the piece of candy over to the chief of police for an investigation. It has not been ascertained as yet what the piece of candy contains, as there are no persons about the central station who will attempt to give an illustration at candy eating to determine whether or not there is any poison in it.

Three drunks were before the magistrate. One was told he was travelling on the road to destruction and was remanded to jail for the purpose of getting him into a fit condition to navigate for the water wagon. The second drunk paid \$8 and was advised to hustle to his work at Mispec. The third drunk came in for a new set of teeth, the dentist was not ready for him, so he got drunk. The third drunk went to jail to become a boarder for 30 days.

A young interdict was in court to give evidence against a recent drunk who was arrested and charged with giving the interdict liquor. The drunk had been liberated from jail on his fine being paid and the case was allowed to stand.

A NEW COMPOSITION BY A ST. JOHN MUSICIAN

Bandmaster Fred W. McNichol, of the Artillery band, has recently completed a composition which promises to make a hit. It is a military march and has been entitled "The Veteran." Sergeant McNichol has in the past produced other compositions but this is the first one which he has thought worthy of publication, and he will have it printed in the near future. He has, for the present, written the scores, and the selection has been studied by the Artillery band. It will be played for the first time in public at the concert which is to be held in the Opera House on June 11th. The "Veteran" is in two-four time, the lead being in F, changing to B flat in the trio. It is a bright, swinging composition, well adapted for marching, and in all respects pleasing as a concert selection.

The band, which has not been heard in public for some time, are greatly improved during the winter. It includes thirty-seven instruments, is well-balanced, and under the guidance of instructor Horsman the musicians have of late been making splendid progress.

TRUE BILLS WERE FOUND IN TWO CRIMINAL CASES

Golding and Smith, Both Charged With Theft, Will Be Tried This Week—Mahoney Prefers Speedy Trials—Few Civil Suits for the County Court

The regular sitting of the St. John County Court was opened in the court house this morning. His Honor Judge Forbes presiding. The docket for this term is as follows: Page Wire Fence Co. vs. F. E. McManus. Clark vs. Monahan. Tooke Bros, Ltd, vs. E. W. Patterson. Scotts White Lignum Co. vs. H. O. Betts. Martin vs. Joseph.

The first mentioned case is to come before the petit jury this afternoon and the others are non-jury cases. These criminal cases also come up before this court. They are: The King vs. Wm. Golding; the King vs. Charles Smith; and the King vs. Wm. Mahoney. Judge Forbes ordered that two of the prisoners, William Mahoney and Charles Smith, be brought into court. His Honor read the charge to Mahoney who has been in jail for some days charged with having unlawfully entered the warehouse of the McClary Manufacturing Co., and from there stolen goods. Mahoney chose to be tried under the Speedy Trial Act.

The charge against Charles Smith (colored) who was arrested for stealing several suits of clothing and a rifle was also read. He chose to be tried by jury. The grand jury then retired to select a foreman. On returning it was announced that George F. Barnes had been chosen to fill that position. Judge Forbes briefly addressed the grand jury. He stated that the criminal business to come before them was not of a very heavy nature. The case of the King vs. Wm. Golding was a serious one. He briefly reviewed the facts surrounding the case in which Mrs. Hamilton Wood was assaulted on the street and robbed. The grand jury retired and on returning Foreman Barnes stated that true bills had been found against William Golding and Charles Smith.

The trials of these two men will commence on Friday.

The grand jury is composed of the following: Geo. F. Barnes, foreman, R. McConnell, Wilfred Barlow, B. J. Dowling, T. J. Armstrong, (excused), F. Munde, F. W. Duffell, John Sealey, F. G. Bent, James G. Charlson, A. R. Melrose, John W. Sharn, W. F. Hathaway (excused), Samuel T. Hatfield, Joshua Ward, Charles Robinson, Joseph W. Noble, James G. Quinn, Samuel C. Drury, Charles H. Ramsay and James C. Doherty.

The civil cases to come before the petit jury will be tried during this week. Those composing the petit jury are as follows: Arthur Foster, James Wilson, Walter H. Bell, George W. Slocum, C. A. Clark, J. McMurray Reid, Thomas Graham, Samuel J. Withers, O. G. Withers, Henry Maher, Andrew McNeil, Richard R. Batchford, W. N. and Harold B. Robinson, excused.

Although the two criminal cases to come before the jury, were set down for trial on Friday next, it is possible that the case of the King vs. Smith may come up at this afternoon's session of the court. The prisoner has no counsel and the case will probably be disposed of in quick order.

MANY ENTRIES FOR THE PORTLAND ROAD RACE

It is understood that St. Peter's will enter two men and the Algonquin one. The race takes place on Saturday.

DENMARK NOT LIKELY TO SELL WEST INDIAN ISLANDS

COPENHAGEN, May 28.—It is stated here that the question of the acquisition of the Danish West Indian Islands by the United States has been informally broached again by the American Minister, Mr. O'Brien, in conversation with the Danish Foreign Minister Count Leitzau. It is considered, however, that political and other reasons will prevent Denmark from consenting to the sale. There is little probability that the government will be able to obtain a majority in parliament in the support of the proposition.
