CZERNOWITZ, CAPITAL OF BUKOWINA, REPORTED TO HAVE BEEN EVACUATED BY THE AUSTRIANS

RUSSIAN OFFENSIVE SHOWS NO SIGN OF SLACKENING

Twelfth Day of Big Drive, but Advance of Steam Roller Keeps Up—Total Number of Prisoners Estimated at 150,000, Several Austrian Units Surrendering in Their Entirety—Czar's Armies Now in Control of Nearly Whole Stripa Front.

Bulletin—Petrograd, via London, June 16.—The Austrians have evacuated Czernowitz, capital of Bukowina, according to despatches to the semi-official Petrograd news agency from Bukowina by way of Bucharest.

The twelfth day of the great Russian offensive against the Austro-Hungarian and Germans, from Volhynia to Bukowina, show nowhere any signs of slackening. All along the front fresh gains for the Russian troops and the capture of thousands of additional prisoners and of guns, machine guns and war supplies are claimed by the Russians. The aggregate of prisoners now exceeds 150,000.

While semi-official advices from Petrograd give a report that the Austrians have evacuated Czernowitz, capital of Bukowina, the latest official communication from Austrian headquarters says the troops of Emperor Francis Joseph are making a stand north and east of the city, and at both points have repulsed Russian attacks.

In the drive westward from the region of Lutsk the Austrians are counter-attacking or entrenching themselves in new positions for a stand against the Russians.

No reports of gains for either side in Galicia, in the region of Tarnopol, have come through. Here, apparently, there is still a deadlock between the Russians and Austrian and German forces.

On the German end of the northern front in Russia the Russians near Baronovichi attacked and carried German trenches, but later were forced to give them up under strong pressure by the Germans. Infantry attacks by the Germans have occurred along the Dvina river and in the lake region south of Dvinsk, but all of these were repulsed, according to Petrograd.

More Than 150,000 Captured.
Petrograd, June 16, via London.—More than 150,000 men have been captured by the Russians during the offensive movement on the Volhynian and Galician fronts, it was announced officially today.

The following statement was given out:
"Supplementary reports give the exact number of prisoners taken as 1 general, 3 commanders, 2,407 officers, 5 doctors and 150,000 men. We also captured 163 cannon, 266 machine guns, 139 bomb-throwers and 32 mine-throwers.

The offensive of General Brusiloff did not stop yesterday. In various regions on the front fresh prisoners were taken. The enemy continues to deliver counter-attacks at several points and elsewhere is busy entrenching himself in new positions.

"In the Baltic, on the night of May 31-June 1, our torpedo boats attacked a convoy of enemy steamers sailing under escort.

"During the engagement with the escort we sank two steamers of small type and one auxiliary cruiser, whose crew we captured.

"There was no loss of damage on our side. We refrained from pursuing the enemy steamers because during the engagement they took their course into Swedish territorial waters.

The Russian statement of yesterday announced the capture of 1,789 officers, nearly 120,000 men, 130 cannon and 260 machine guns. It is probable that the difference between these figures and the ones given in today's statement does not represent the captures made in the interval between the issuance of the two statements, but rather that the increases are due to the receipt of more detailed information from the front.

FRENCH TAKE GERMAN TRENCH NEAR VERDUN

Huns Still Shelling Position
Canadians Won Back but Without Success.

ITALIANS CAPTURE AUSTRIAN POSITION

Fighting on French and British Fronts in France and Belgium Confined Mostly to Artillery Work.

The French on the slopes south of Le Mort Homme, northwest of Verdun, have attacked and captured a German trench. The Germans are still violently bombing the sectors of Thiaumont and Fort Souville, northeast of Verdun, probably preparatory to another infantry attack, with the hope of a further advance toward the fort.

Only artillery activity is in progress on the remainder of the front in France and Belgium. The Canadians are still holding the positions captured from the Germans in the vicinity of Zillebeke, where there is intermittent shelling by both sides.

The fighting on the Austro-Italian line in Tyrol seemingly has died down in violence, only artillery bombardments and small infantry engagements have been reported. To the east of Monfalcone, which lies a short distance from the head of the Gulf of Trieste, the Italians have captured Austrian positions and made prisoners of 400 officers and men.

Near Felahie, on the Tigris river, the Turks have repulsed an attempt of the British to advance, according to Constantinople. The amphibious force of four hundred British troops on the Euphrates sector is also reported by the Turkish war office. Persian volunteers are declared to be attacking the Russians near the Persian border, inflicting heavy losses.

British Take Important Position in Africa.
London, June 15.—The British forces operating in Lake Victoria Nyanza have captured the German Islands of Ukwera, which constitute an important point for an attack on Mwanza, the principal German town on the southern shores of the lake.

The Hague, via London, June 15.—The naval department announces that in view of the extension of the English mine field in the North Sea the Noordhinder Lightship will be moved about eighteen sea miles northward.

French Take German Trench.
Paris, June 15.—The official communication, issued tonight by the war office, reads:

"On the left bank of the Meuse, after artillery preparation, our troops, in the course of a spirited attack, captured a German trench on the slopes south of Le Mort Homme. One hundred and thirty prisoners, including three officers, remained in our hands. There was intense artillery activity in the region of Chateaucourt and Hill 304.

"On the right bank the enemy violently bombarded the sectors of the Thiaumont fortified work and Souville. On the rest of the front the communication was 'intentional'.

The Belgian communication: "Except for the usual artillery actions there is nothing to report."

No Infantry Attacks on British Front.
London, June 15.—The British official statement, issued tonight reads:

"In the past twenty-four hours quiet has prevailed on most parts of the front. Last night there was intermittent shelling on both sides on the front lately retaken by us near Zillebeke, but no infantry action, and the situation is unchanged.

Crush Austria First, Push Back Germans, End War Next Year

Great Offensive by Entente Soon is the Expectation in London—Germany Made Bad Blunder in Strategy in Planning Verdun Affair—French Semi-Official Statement Interpreted as Hint of Early Drive by Allies on Western Front.

London, June 15.—Significance is attached to a sentence embodied in a semi-official French communication received in London today, inasmuch as it seems to draw the attention of the public to what is considered the serious failure of Germany's recent strategy.

"It seems, since the Yaux affair," the sentence reads, "that the Germans fronting Verdun are maintaining an attitude of expectation in view of the menace of events, which they feel are becoming increasingly imminent."

This statement is generally interpreted, in the light of public expectation, that the time is rapidly approaching for an important Entente allied offensive.

Professor Albert F. Pollard, of the University of London, lecturing here to-day on the progress of the war, said he anticipated a great offensive by the Allies on the western front before long, but that the people must not expect the war to end before next year. The utmost to be hoped for this year, he said, was the defeat of Austria, a virtual settlement of the Balkan difficulty and the driving back of the Germans a considerable distance on the western front. The final defeat of Germany could only come some time next year, the speaker added, after a winter of discontent such as Germany had never known, and after another naval battle.

Germany's Blunder.
Prof. Pollard's anticipations reflect the prevalent ideas in London. The view is held here that Germany made a serious mistake in strategy when she permitted Austria to withdraw half of her effectives from the Russian front for the operations against Italy, after having brought her own reserves from the Russian front to Verdun, which apparently has had the result of enabling Russia to make a surprisingly successful drive in Galicia and Volhynia. It is further considered that the recent naval battles deprived Germany, temporarily, of the means for prosecuting a combined military and naval offensive in the Riga region and thus counteracting the Russian drive, which it is now expected is likely to go on to fresh successes, as it is believed it will be extremely difficult to reinforce the Teutonic Allies on the Russian front.

SURVIVORS TELL STORY OF SINKING OF HAMPSHIRE

Ship Struck Mine and Went Down in 15 Minutes—Three Rafts Put off with Over 150 Men, but the Latter Became Exhausted—Others Died Trying to Land on Coast—Kitchener Last Seen Near Captain's Boat.

London, June 15.—Details of some of the incidents on board the British cruiser Hampshire just before she sank off the Orkneys last week, causing the death of Field Marshal Earl Kitchener, are given in an official statement issued tonight based on statements by the dozen survivors of the cruiser who were washed ashore on a raft.

"From the report of the twelve survivors of the Hampshire," says the statement, "the following conclusions were reached:
"As the men were going to their stations, before abandoning the ship, Lord Kitchener, accompanied by a naval officer, appeared. The latter said: 'Make way for Lord Kitchener,' both ascended to the quarter deck. Subsequently four military officers were seen there, walking aft on the port side.

"The captain called Lord Kitchener to the forebridge, near where the captain's boat was hoisted. The captain also called Lord Kitchener to enter the boat. It is unknown if Lord Kitchener entered it, or what happened to any boat."

"The Hampshire was proceeding along the west coast of the Orkneys. A heavy gale was blowing and seas were breaking over the ship, which proved effective in keeping the vessel down. Between 7.30 and 7.45 p. m. the vessel struck a mine and began to settle by the bows, heeling over to starboard before she finally went down, about fifteen minutes after.

"Orders were given by the captain for all hands to go to their established stations before abandoning the ship. Some of the hatches were opened and the ship's company went quickly to their stations. Efforts were made, without success, to lower some of the boats. One of them was broken in half and its occupants were thrown into the water.

"Large numbers of the crew used life-saving belts and waist coils, which proved effective in keeping them afloat. Three rafts were safely launched, and with about 50 to 70 men on each, got clear. It was daylight when the rafts were launched, and they drifted over to starboard before they were dropped off, even died aboard the rafts from exhaustion and exposure to cold. Some of the crew must have perished in trying to land on a rocky coast after such a long exposure. Some died after landing."

MOBILIZE RESOURCES OF CANADA

Both in Men and Material—Manufacturers Pass Important Resolutions at Closing Session.

Hamilton, Ont., June 15.—The closing business sessions of the Canadian Manufacturers' Association were held today on board the steamer Corona, on a trip to Niagara, where the camp was inspected. Among the resolutions passed were:

"That the association would approve any scheme for complete and effectual mobilization of the entire resources, in Canada of man and material, which should be placed unreservedly at the disposal of the country; that the government be memorialized to bring in legislation providing for daylight savings, with the least possible delay; that the federal government be requested to remove the excise duty on alcohol, under suitable regulations and restrictions, when employed in manufacturing processes, favoring preferential tariffs for closer economic union between the Allies; the development of inter-imperial trade and placing the products of enemy countries under such fiscal and other disabilities as will effectually restrict their sales in these markets."

It was also advocated that the government liberally encourage, by subventions or otherwise the establishment of a ship-building industry in Canada, on a permanent and profitable basis, and that a special committee press for action and work out details.

The association also recorded its belief that scientific and industrial research should be developed on a scale commensurate with Canada's resources. The following officers were elected: President, Hon. Col. Thos. Cantlay, president of the N. S. Steel company; first vice-president, S. R. Parson, Toronto; second vice-president, W. J. Bulman, Winnipeg; treasurer, Geo. Booth, Toronto.

An executive committee covering all industrial districts in the Dominion, was also appointed.

covering the compensation rules, but advised that their differences be submitted either to the Interstate Commerce Commission, or to a board of arbitration to operate under the provisions of the New Lands Act. The men declined both offers, and the decision to take a vote followed.

A. B. Garretson, president of the Brotherhood of Railroad Conductors, announced later that the ballot will be drafted tonight and rushed to the printer for distribution to all railroad men, whether members of the Brotherhood or not, before the close of the week.

The canvass will consume at least three weeks, Mr. Garretson and the other leaders agreed, and before August 1 the result will be known. If the men vote for a general strike the leaders will return here and again present the demands of the men to the railroads, in an effort either to gain their demands in full or a compromise offer, without the necessity of putting the strike actually into effect.

Rotarians To Visit Harbor.
On the invitation of Commissioner R. W. Wigmore the members of the Rotary Club of St. John, N. B., will meet at the East Side Ferry boats on Monday, June 19th, one o'clock, to take a trip around the harbor and view the many points of interest and works now going on, and to be shown these contemplated.

WILSON NOMINATED BY DEMOCRATIC CONVENTION

Democratic Convention Select Wilson and Marshall by Unanimous Vote — President's Announcement that He Wants Marshall Re-Nominated Kills off Other Vice-Presidential Aspirants.

St. Louis, June 15.—The Democratic National Convention tonight nominated President Woodrow Wilson as Democratic candidate. The president received an unanimous vote as did Mr. Marshall, who was re-nominated for vice-president.

St. Louis, June 15.—The Democratic national convention, shortly after nine o'clock, announced its purpose of remaining in continuous session until it had nominated Marshall, adopted a platform and transacted all other business brought before the representatives of the party.

All the vice-presidential bombs had been effectively killed off by President Wilson's announcement that he desired the re-nomination of Mr. Marshall. The platform committee, headed by an all-day session, remained at work drawing up the declaration of principles so that it might be brought in before an adjournment was taken and the work of the convention might be finished. A session lasting well into Friday morning was held.

Tonight, for the first time since the convention began, the big hall was completely filled. The convention's sudden decision to proceed with nominations and finish up tonight, instead of prolonging the session through to-morrow and probably into Saturday, as had been planned, let down the bars, and the speculators unloaded their tickets at considerable loss.

The crowd yielded to the rapping of the gavel long enough to hear the prayer, and then made repeated demands for a speech from Wm. J. Bryan.

Senator Thompson then moved a suspension of the rules to permit Mr. Bryan to speak. After the motion had been overwhelmingly carried, Mr. Bryan was escorted to the speaker's rostrum, while the floor and galleries roared their approval.

Senator James introduced Mr. Bryan as "one of the leading citizens of the world, and America's greatest Democrat."

Mr. Bryan's speech was a ringing endorsement of President Wilson's administration. He alluded to differences of opinion that may exist, or may have existed, as to particular measures or particular acts, but declared the party stood united in every state, and ready for the battle.

Touching on Mexico and the European war, Mr. Bryan said: "We inherited from a Republican administration an insurrection in Mexico. This administration has dealt with that situation, and the Republican party dare not challenge a verdict before the country on the Mexican situation."

"We have a few men interested in ranches, and a few interested in mines, who would use the blood of American soldiers to guarantee profits and their investments in a foreign land. But that is not the sentiment of the American people. The people of this country stand back of Woodrow Wilson in his determination not to intervene in the affairs of Mexico."

"But my friends, the president not only has had to deal with war to the south of us, but with war to the east of us. I have differed from our president on some of the methods employed in this war, but I am one of those who desire sincerely that this nation shall not become a participant in the dreadful conflict."

Mr. Bryan finished at 10:10 p.m., and nominations for president began a few minutes later. Alabama yielded to New Jersey, and Judge John Westcott, in an eloquent speech, nominated Woodrow Wilson. As Judge Westcott closed with the mention of the name "Woodrow Wilson" the crowd broke into a great demonstration. Moving picture flashlights blazed, and flags were paraded in front of the speaker's stand.

The hand played "The Star Spangled Banner," while a huge banner bearing the president's likeness was unfurled from the roof of the hall. The delegates began a parade, bearing state stanchions. The crowds on the floor and balconies rose to their feet. Many delegates stood on their chairs. The demonstration lasted thirteen minutes.

Former Governor Judson Harmon, of Ohio, seconded the nomination of Wilson.

He alluded to differences of opinion in the afternoon. He is on his way to Nova Scotia to attend the annual meetings of the various associations in that province.

George N. Pearson of Sussex was a guest at the Royal yesterday. A. W. Burnett of Sackville was registered at the Royal yesterday.

Harley S. Jones, of Apohaqui, was in the city yesterday and registered at the Victoria.

Miss Percy McCavour will leave by this morning's boat on an extended trip to the States.

Capt. Arthur McLean and family arrived in the city last night and will spend a couple of months with Mrs. Donald McLean. Capt. McLean will be remembered along the harbor front as he was for a number of years a popular tugboat captain.

Special to The Standard. Toronto, June 15.—The second annual meeting of the Canadian Bar Association opened with three hundred present, all provinces represented.

A. R. Slipp, president N. B. Bar, Replies to the Address of Welcome.

Special to The Standard. Toronto, June 15.—The second annual meeting of the Canadian Bar Association opened with three hundred present, all provinces represented.

Unity and uniformity in law and legislation were the insistent notes struck by speakers at the Canadian Bar Association annual meeting, which opened here today. Sir James Aikin, in his presidential address, spoke of the difficulties arising from the different races, ideals and languages in the Dominion, which militated against unity.

The secretary reported a membership of 500, and the treasurer's statement gave a cash balance of \$1,800. It was decided that each province should appoint two members to the bar council.

A proposal to remove the executive offices from Toronto to Winnipeg was referred to the council.

At the night session, held in University Convocation Hall, an address was delivered by Hon. J. M. Beck, formerly assistant attorney-general of the United States. His address was a powerful arraignment of Germany, its violation of pledges and outrages on humanity.

ASSEMBLY AGAIN STEAMER TURNS TURTLE, FOUR MEN LOSE LIVES

Dr. A. S. Grant, for Past Five Years Superintendent of Home Missions, Resigns from all Official Positions.

Winnipeg, June 15.—The Presbyterian General Assembly which has been a tumultuous and turbulent gathering for the past week, attempting to do business in a densely crowded church in an atmosphere of much excitement, today resumed its normal character as a deliberative religious body, attending to its routine business. A number of the commissioners had left for their homes, but a sufficient number remained to carry forward the work which had to be done.

At the afternoon session Dr. A. S. Grant, who for the past five years has been the most prominent executive of the denomination, and who carried out the most important changes in connection with the administration, resigned his office of superintendent of home missions, thus severing himself completely from the official positions which he held. In the forenoon he surrendered his post as chairman of the board of finance, which carried with it the position of chairman of the committee dealing with the church and manse affairs.

A special committee was named by the moderator to meet Rev. Dr. Grant, to ascertain whether his resignation was final. This committee reported during the afternoon that the resignation would not be recalled, but that Dr. Grant would continue to act as superintendent of home missions until a successor was named and entered on his work.

To Deal With Home Mission Problems. The assembly named a commission, with full powers to consider all home mission problems, including the selection of a new head for the work. This committee will have all the authority of the general assembly in connection with the matter. It consists of the following well known ministers of the denomination: Rev. Dr. Baird, Winnipeg; Dr. Love, Quebec; Dr. Herdridge, Ottawa; Bruce Taylor, Montreal; Rev. Dr. McCreedy, Riverview; Prof. Peterson, Toronto; Turnbull, Toronto; Neil, Toronto; Sedgwick, Hamilton; Sinclair, Winnipeg; and McKinnon, Regina, and the following elders: John Wilson, Toronto, as convener, to consider the matter; Dr. R. M. Martin, Port Hope; Prof. Matheson, Kingston; Alex. Auld, Toronto; President Falconer, Toronto; J. F. MacKay, Toronto; Prof. Patterson, London; Allan, Regina, and President Murray.

It is expected that this committee will be called together at once. A large committee was named, with President Falconer, of the University of Toronto, as convener, to consider all matters in connection with the union of the Presbyterian church with the Methodist and Congregational churches. It was explained that this committee would have two chief functions. In the first place it would secure legal advice and prepare legislation which in time will be required. In the second place it will confer with like committees from the other churches in discussion of various undertakings in which there was co-operation. It was obvious that as a result of the vote on union this co-operation would very vastly increase. This committee supersedes the old union committee which had been formed.

The new committee is made up of the following: Judge Forbes on Committee. President Falconer, Dr. Baird, Dr. Jack, Dr. Foster, Rev. McCarty, Rev. Ross, Rev. G. A. Sutherland, Rev. J. A. McKenzie, Dr. Forrest, Dr. W. J. Clark, Dr. Hanson, Dr. Herdridge, Dr. J. H. Turnbull, Dr. Wallace, Dr. Gandler, Dr. Drummond, Rev. D. McCreedy, Rev. R. Martin, Dr. D. Fraser, Dr. M. A. McKinnon, Dr. Dyde, Dr. W. J. Wilson and elders as follows: C. H. Mitchell, Judge Forbes, Mr. Justice Archibald, Prof. Matheson, Mr. Justice Sutherland, James Cassels, J. K. MacDonald, Isaac Pitblado, Mr. Justice Stewart and President Murray.

Rev. Dr. John Nell proposed that the moderator prepare a pastoral letter explaining exactly what the assembly had done in the matter of church union, this letter to be read in all the Presbyterian churches. This was agreed. A telegram was sent to the assembly from Rev. Dr. E. D. Silcox of the College church, extending congratulations on the success of the union movement.

Report of the committee to strike the standing committees which was passed section by section after various amendments had been made. John A. Paterson, K. C., Toronto, was named chairman of the board of finance, succeeding Rev. Dr. A. S. Grant.

Principal Oliver of the Saskatchewan Theological College, who appeared to speak on the federal government to proceed immediately to mobilize all the resources of the country and to conserve them and to assist in new ways in recruiting and in all other respects. As Principal Oliver is not a member of the court, the actual motion was submitted by Principal MacKay of Vancouver, and was unanimously adopted.

At the evening session it was agreed that Rev. Dr. John Nell, of Toronto, should act as interim convener of the home mission committee, succeeding Rev. Dr. A. S. Grant. Dr. Nell will serve only until the special

WAR NOTES

Petrograd, June 15, via London.—The Russian advance along the whole southern border, the Austrians have had astonished the country. The success of the movement thus far is looked upon as the more remarkable in view of the strong defenses which had been erected by the Austrians during the long period of preparation, and their supposed readiness for resistance to any manner of assault.

The outstanding features are the steadily mounting number of prisoners, augmented by the surrender of large Austrian units in their entirety; the wholesale abandonment of military trains, and all sorts of field equipment in such enormous quantities that they cannot yet be estimated, and finally, so far as is known here, the comparatively small extent of Russian losses.

Except in the center of the front, which runs from Volynia to the Roumanian border, the Austrians have been wholly unable to resist the Russian drive.

London, June 15.—Confidence prevails among Russian observers of the re-establishment of contact with the front line that the catalogue of the successes won by Generals Brusiloff and Letichitsky is by no means complete, telegrapher Reuters' Petrograd correspondent. It is estimated that the Russian losses along the front from the Pripiet to the Roumanian border now total 300,000, or nearly half the original effective.

Great satisfaction is felt with the re-establishment of contact with the front from the Pripiet to the Roumanian border now total 300,000, or nearly half the original effective.

Telephones Left Intact By Fleeing Austrians. Northwest of Buczacz a number of good roads run westward to the Podgalie railway, which is regarded as accounting for the vigor of the resistance in this sector to the Russian advance. The village of Kosin, fifteen miles southwest of Dubno, captured by the Russians, is on the road to Brody, which leads thence to Lemberg.

The precipitancy of the record of the Austrians in many sectors is shown by the fact that the Russians found several telegraphic and telephone installations intact, and are now using them. The cartridges captured in the Stripa trenches would have sufficed for the use of the Austrians in the most intensive sort of firing for several weeks.

Turkish Report. Constantinople, June 15.—The text of the statement today says: "Iraq front: Near Felahie, during an engagement with a British squadron advancing on the right bank of the Tigris, the British were defeated and forced to retreat."

"Southern Iraq front: Persian volunteers have been attacking the Russian forces since the recent Russian defeat, inflicting heavy losses upon the enemy. In the Euphrates sector a detachment of 400 British was annihilated by our volunteers."

"Caucasus front: In the Tschorok sector an enemy battalion which had penetrated our advanced positions was defeated by our forces. On the left wing an enemy night attack against one of our advanced positions failed."

"On June 11, our aeroplanes attacked the British camp at the Suez Canal near Reman and Bentara, with bombs, causing great damage."

Berlin, June 15.—(Via Sayville wireless)—The German official statement issued today reads: "Western front: Aside from artillery duels and patrol engagements there have been no occurrences."

"Eastern front: The army of General Von Bothmer repulsed several attacks delivered in dense waves by the commission on home missions makes its decision. A special minute was presented expressing high appreciation of Rev. Dr. Grant's services, and this was passed by a standing vote. A committee was named to prepare a reply to the dissent recorded by Rev. Robert Campbell on the question of church union. The committee consists of the following: Rev. Principal Chandler, President Falconer, Rev. Dr. R. D. Fraser, Rev. Dr. D. M. Ramsay and John A. Paterson, K. C."

SOME SIDELIGHTS FROM GERMANY

(London Chronicle.) The "Hamburger Fremdenblatt" is exceedingly wroth with "The Daily Chronicle," and devotes more than a column to our castigation. In one of its numerous Easter articles this organ of Herr Ballin and the Hamburg-America Line said some rather cheerless things which we transferred to this column. It spoke of the shortage of potatoes and meat, of butchers closing their shops, of a difficulty in procuring Easter lamb, Easter eggs, and Easter cake, and of the disappointment felt by so many seeing no meat in their saucers at the great spring festival.

We quoted revelations made by the "Fremdenblatt" regarding the adulteration of coffee in Hamburg, and quoted its pious wish about Hope being a little branch which they had planted this Easter, hope of victory and peace, hope of a fine summer and bounteous harvest.

And now we are angrily told that we have misinterpreted the "Fremdenblatt," and have drawn wrong conclusions about the starvation of Hamburg. We are told that the object of that article of theirs was not to point out that the stocks of potatoes and eggs, meat and coffee were running perilously low, but that it was an exhortation to holding out. "Naturally," says the "Fremdenblatt," it is also demanded, in view of the shortage of meat, that the Easter lamb should be given up, and that in view of the

Important Conference Held Yesterday in Office of Premier Borden.

PRESENT PLAN A DRAIN ON INDUSTRIES Federal and Provincial Governments to Confer With View to Adopting More Satisfactory Scheme.

Special to The Standard. Ottawa, June 15.—A conference took place here today for the purpose of considering a better system of recruiting, so that important industries may not suffer unduly through the drawing off of men for service at the front.

The meeting, which was held in the Prime Minister's office, was attended by Sir Robert Borden, Hon. C. E. Campbell, Hon. Martin Burrell, Minister of Agriculture; C. C. James, Commissioner of Agriculture; F. A. Acland, Deputy Minister of Labor; Adjutant General Hodgins of the Militia Department, and Mr. A. H. Abbott, secretary of the Ontario war committee.

The latter told what that committee is doing to aid recruiting, always keeping in mind the conservation of sufficient agricultural labor and labor for essential manufacturing and munition work.

Mr. Abbott asked for the co-operation of the federal government along the same lines. He said that the present plan of recruiting was a serious drain on industries which are essential for the carrying on of the war. Adjutant General Hodgins stated that efforts had already been made to control enlistments so as not to seriously affect essential industries.

Sir Robert Borden afterward said that the conference would be followed by communications between the federal and provincial governments for the purpose of adopting a more satisfactory system of recruiting.

KING'S CO. MEN WOUNDED DURING RECENT FIGHT

Letters From Archie McKinnon and Richard Cole Tell of Injuries Received While Doing Their Bit.

LETTERS FROM ARCHIE MCKINNON AND RICHARD COLE TELL OF INJURIES RECEIVED WHILE DOING THEIR BIT.

Sussex, June 15.—That a number of Sussex boys have been up against the Hun of late is evident. Word was received this week to the effect that Archie McKinnon was in a hospital at Boulogne, France, suffering from a gunshot wound in the back and shoulder. The despatch did not state any further particulars.

A letter received from Archie by his brother, Duncan, under date of May 28th, stated he was well at the time of writing and had just played in a series of ball games between a team from his corps, the Princess Pats, and a field battery, in which he caught for his team, the pitcher on the opposing team being McEellan, of Moncton. The Pats' team won five out of six games played.

Mr. Richard Cole received a letter from his brother, who left here with the 65th, which stated that he had been wounded with shrapnel and was at a base hospital, and Billis Freese had a letter from Sid, Briggs stating that he had been shot through both legs. "Sid" at time of writing was in a hospital at Boulogne, but expected shortly to be removed to England and when sufficiently recovered to make the trip back to Canada.

Harley McArthur has had hard luck, having been sick practically all the time he has been in England, having undergone two operations. He is still in the hospital.

Two of the above mentioned, Archie E. McKinnon and Harley McArthur, were members of the Kings County Record mechanical staff previous to joining the colors.

Mr. and Mrs. Patterson, St. John, were week-end guests of Mr. and Mrs. E. V. Wetmore. Mrs. Patterson sang very acceptably, on Sunday evening in the Baptist Church.

Mr. C. W. Weyman, Sussex, was a guest at the Wayside Inn, on Saturday.

On Friday evening, Mr. J. S. Sutherland was presented with a Masonic ring by the members of the Corinthian Lodge, of which he was a valued brother.

Mrs. Wm. Forgave of Hampton Village, died on Monday afternoon, after a lingering illness at the home of her daughter, Mrs. Matthew Yeomans. She was thirty-nine years of age. She leaves to mourn one daughter and seven sons, also five sisters and five brothers.

The funeral took place on Wednesday afternoon at two o'clock. The Rev. A. H. Crowfoot officiated. Interment in the Rural Cemetery.

The Presbyterian pulpit was occupied on Sunday by the Rev. W. H. Auld of P. E. I., but lately of Columbia University.

Mrs. Herman Scribner is visiting friends in Waterford.

No Place For Alien Enemies.

London, June 15.—The Chamber of Commerce today passed a resolution requesting all members of German or Austrian birth, even if naturalized subjects of Great Britain, to resign.

BANQUET IN HONOR OF COL. FOWLER

Citizens of Sussex Will Honor Popular Officer Commanding the 104th Battalion to Bivouac Near Col. Fowler's Old Homestead.

CITIZENS OF SUSSEX WILL HONOR POPULAR OFFICER COMMANDING THE 104TH BATTALION TO BIVOUC NEAR COL. FOWLER'S OLD HOMESTEAD.

Special to The Standard.

Sussex, June 15.—At a meeting of prominent citizens held here tonight in the offices of the Municipal Magistrate it was decided to tender a complimentary banquet to Lieut. Col. George W. Fowler on Monday evening, the 26th inst. A strong committee of prominent citizens comprised of representatives of both political parties was appointed to complete arrangements. The banquet is to be held at the Depot House and will be entirely non-political, being intended solely as a tribute to Col. Fowler's worth as a citizen and in acknowledgement of the great sacrifices made by him in severing family ties and business relations in order to serve his King and country. Col. Fowler has always been a prominent factor in everything pertaining to the welfare of Sussex, and his safe return from the front will be earnestly hoped for by all citizens irrespective of creed or politics. The prospective banquet in Col. Fowler's honor promises to be one of the most successful affairs of its kind ever held in Sussex.

The 104th Battalion will leave here tomorrow morning at 8 o'clock for Hammond, some 12 miles distant, and will bivouac there tomorrow night near the Fowler homestead where Col. Fowler spent his boyhood days. The regiment will return on Saturday afternoon.

The Tiger, by the way, has been "sunk" twice, once in the North Sea and once in the Aegean. Yet here was an uncommonly good imitation of her, looking smart and trim, and giving a good account of herself when the hour of action sounds. Those who had the pleasure and honor to be the guests of Sir David Beatty will testify to the trim of the Lion and the manner of her hospitality.

Passing the lines of the heavy vessels—they were not all battle-cruisers—we came upon ships of no less fame for their deeds off the German coast, the day of the Battle of Jutland. Right to some quite recent adventures which have made more than a little noise in the world. Indeed, it is hard to say which of these light cruisers look the most distinguished here in the distant Pacific or Indian Ocean, the Mediterranean or nearer home. Taken all round, the units assembled here make up a fleet which nothing but the full strength of the German navy could hope to encounter with success, and it would be good for very little afterwards if it did.

The tour of the fleet completed, we go alongside the ship on board which we have been graciously hidden to luncheon. She flies an admiral's flag, though not that of the Commander-in-Chief. She was also in the engagement off Dogger Bank and took her full share in that fight. Sure for a few small dents here and there, however, she shows no signs of that eventful morning, when our ships "began hitting at 17,000 yards."

The "Hussar Spirit."

Here we found ourselves among men in the worst of life, fit, hardy, full of the "hussar spirit" the Kaiser is fond of boasting about. Our host was a young admiral, known not only as a brilliant commander, but as one deck in the spirit of the lower ranks with homes in which they are bearing so noble and decisive a part.

Making Life Livable.

One thing I noticed with pleasure, and that is the greatly increased comfort of the newer ships over their predecessors of twelve or fifteen years ago. Then it seemed that the need of "habitability," if men were to stand the strain of war, was almost entirely overlooked. Quarters were cramped; bathrooms were not provided; ventilation and heating were neglected; and the bare steel sides of the ship clanged and rang like a hollow drum.

SPEARPOINT OF THE FLEET

Day With the World's Most Potent Sea Force—The Cat Squadron.

DAY WITH THE WORLD'S MOST POTENT SEA FORCE—THE CAT SQUADRON.

(By Gerard Fennes, special correspondent of the Daily Express).

We have been permitted to see the spear-point of the Fleet, the ships which rush first to the scene when the alarm is reported, at sea, which caught him once and sent him home minus a big unit and with other sorely battered and burned, and which hopes, in the not distant future, to compel him to stand and fight to a finish. In other words, we saw the "Cat" squadron, and some other not unimportant items of the British Navy which may not be more particularly named, but to which Fitz will be well advised to give a wide berth. Two lines of ships stretched away ahead of us, the heavy ships nearest our starting point, then light cruisers and destroyers. The lines stretched as far as eye could reach and beyond. Yes, this was merely a secondary base, and the ships a small, if important, section of the Grand Fleet. As the torpedo-boat slips quietly down the line I realize that about every second ship has been reported sunk either in the German official reports or by rumor. Assuredly when next the Hun meet them they will find many "Richmonds" in the field, which they have taught their credulous people to believe disposed of for ever. It will be "real lions and tigers," as the children say.

Lions and Tigers.

The Tiger, by the way, has been "sunk" twice, once in the North Sea and once in the Aegean. THE CASE AGAINST CARVELL.

The Times appears to think that the case of the People vs. F. B. Carvell rests solely on the statements of Lt. Col. Bullock and the affidavits of C. S. Rogers and August Trost, and that when Mr. Carvell "attended" to Lt. Col. Bullock he will have wiped the slate clean. That is not correct. Col. Bullock has made certain statements alleging conversations with Rogers and Carvell. Rogers has made affidavits as to illegal operations undertaken by him in New York which, may or may not have been at Carvell's direction, but certainly not without Carvell's knowledge.

Let us briefly examine the testimony already in Rogers' claim he could procure certain evidence in New York that could be used against the Shell Committee. Carvell admits that much, for it is known that he went to New York, either with Rogers or shortly after him, and Col. Bullock tells us the reason for the trip, as told by Carvell himself, was to see whether Rogers "could make good."

If Carvell believed the information that Rogers said he could get would be of value, he must also have known that it would not be freely given. How then was Rogers to obtain it? His own affidavit tells us that he attempted to steal it. Did Carvell know? Is there evidence to show that he did not? On the contrary will any man who knows F. B. Carvell and his political methods believe that he thought this material would be presented to Rogers as a free gift to be turned over to the fuse charge promoters for a price? Yet this is what the Times would have people believe. Can anything be more absurd?

Dropping the stealing end of the operation entirely and assuming that Rogers, by going to New York could have obtained the evidence desired, as a gift, what was the purpose for which it was to be used? To discredit the operations of the Shell Committee.

What was the Shell Committee, and of what nature were the operations Mr. Carvell was so eager to discredit and hamper? The Shell Committee was a small body of patriotic citizens, against whom Justice Duff says there is no evidence of dishonesty or corruption, and they were engaged in organizing and systematizing the production of munitions for use by the soldiers of the British Empire in the fight against the common enemy.

Was that a discreditable or an unworthy operation or one that should call forth the strenuous opposition of Mr. Muckraker Carvell? On the other hand was it not a very dangerous and unpatriotic enterprise in which Messrs. Carvell and Kite were engaged? Canada was at war. Could Canada's defence be improved or her prospects of victory increased by the spectacle of two men, supposed to be truly representative of Canadian thought and sentiment, devoting their undivided ability to the nasty task of proving one half of her citizens to be thieves and the other half grafters?

Let us suppose for a minute that every action of the Carleton county parliamentarian was within the letter and the spirit of the law, and could be defended in any court in the land, was it necessary? Was it decent? Was it the action of a patriot whose sole motive should be to assist in creating a feeling of confidence in the national ability to meet the problems Canada was called upon to face? Not for a minute. On the contrary, F. B. Carvell and George W. Kite have been guilty of most unpatriotic conduct, to call it by no worse name. And the Canadian people realize this fact despite all the efforts of the machine press to defend the operation.

Mr. Carvell is welcome to what comfort he can derive from the Times' assurance that he will "attend to the case of Lt. Col. Bullock," but that operation, even if performed as thoroughly as the Times appears to think it will be—will not remove the dirt stain—a stain that can only be eliminated when the people of Carleton county or the Parliament of Canada—whichever can first take the matter in hand—have "attended" to the case of F. B. Carvell and "attended" to it so thoroughly that it will never have to be done again.

MUZZLED GERMANY.

It is announced that Dr. Karl Leibknecht, the fearless, though often indiscreet, leader of the German Socialists, will be tried for treason by a military court. Dr. Leibknecht was arrested while speaking in the streets of Berlin during a May Day demonstration and for more than a month was kept an inmate of a German prison without trial.

The New York Sun prints a story written by an actual witness of the arrest and who also heard the words which gave offence to the authorities and led to the apprehension of the Socialist leader. The Sun says that in his speech Dr. Leibknecht referred sarcastically to the enforced necessity of "holding one's tongue," and goes on to quote his utterance as follows: "Keep your mouth shut tight when hungry, keep your mouth shut when your children are hungry, keep your mouth shut and when you write letters to the front. The old proverb says, 'The mouth speaketh out of the fulness of the heart.' And if your children's stomachs are empty it is hard for the wife not to mention the fact to her far-away soldier husband. It is difficult to provide his children with food while he is offering his life for his country. But if it is not found possible for your masters to prevail upon you to 'keep your mouths shut,' then they resort to a more practical means. They have a very simple means of stopping these annoying complaints. The Prussian censor is now supervising these letters of wives at home to their husbands at the front. They simply do not allow this objectionable correspondence to go through. Poor and unfortunate German soldier! He deserves pity! At the command of the militarist government he has gone into the enemy country, and at the command of the government he must steal from other nations. He is required to perform difficult services. The sufferings that he endures are past description. 'He must hold on and suffer' because the capitalists, the hurrah patriots and the armor-plate kings have killed it so. Every one must keep his or her mouth shut, for the war profiteers must make money out of the want and misery of the wives and their husband soldiers at the front. By a lie the German workingman was forced into the war, and by like lies they expect to induce him to go on with the war."

The same writer tells us, and it does not come as a surprise, that after Leibknecht's plain speaking there was a great commotion in the crowd of eager listeners, that the speaker was pulled from his improvised rostrum, that men fought and women screamed while mounted German soldiery rode through the crowd using their whips on the shoulders of those who dared to listen to such "reasonable mouthings." Yet, despite this harsh measure of repression, the Sun says that the same evening there was held in Berlin a secret meeting of Socialist leaders and lieutenants, including at least twenty-five soldiers in active service, the purpose of the meeting being to consider steps of effectually protesting against the continuance of the war.

It would have been particularly interesting if the Sun writer could have told the result of that meeting, but even though the information is not yet obtainable it is likely to make itself evident soon, for not forever—no even for long—can a nation, even the German nation, be scourged into silence. That, like many other German methods, is a custom of the middle ages and cannot always be tolerated even by those long used to it.

It has been said that Germany will be beaten as much by the action of her own people as by her enemies in arms. Incidents such as that leading to the arrest of Dr. Leibknecht go far to indicate the trend of thought of the German people. Guarded reports, unconfirmed but believed to be true, have appeared in the English papers telling of rioting and bloodshed in other German cities, of men and women shot down because they demanded more food than the government allotment, and rioting when they could not get it. This may well be the condition although official Germany takes good care to deny it. Germany, though officially muzzled, cannot long keep from the world the knowledge that her greatest menace does not come from the armed men facing her troops but from the starving people in her city streets. And a people hungry is a people dangerous.

THE DEMOCRATIC CONVENTION.
It is freely predicted that President Woodrow Wilson will be the unanimous presidential choice of the Democratic party in convention in St. Louis today and that he will be selected on the first ballot. If this prediction is fulfilled the result will afford irrefragable evidence of the improved state of that party as compared with 1912, when Mr. Wilson made his presidential debut. On that occasion it required no less than forty-six ballots to reach a decision on the candidate and the winner had very serious opposition, chief of which was that led by Champ Clark.

The Democratic convention of 1912 was held in Baltimore with 1,084 delegates in attendance and, under the party constitution, it was necessary for a candidate to secure two-thirds of the total vote. On the first ballot Mr. Clark secured 440, while Mr. Wilson was in second place with 324, scarcely one-third of the total. After ten ballots Mr. Clark still led with 556 to Mr. Wilson's 350. The twenty-fifth ballot found Mr. Clark's strength represented by 469 against Wilson's 405. The forty-second ballot gave Wilson his first majority when the returns showed that he had 494 votes to 430 for Clark. The Clark supporters then recognized that their candidate had little chance of success and one by one the states came over to the Wilson banner until, on the forty-sixth ballot, he had secured 990 against 84 for Clark and 12 for Harmon of Ohio who had been a strong minor factor in the earlier voting.

At present Mr. Wilson dominates the Democratic party and it is recognized that no other candidate would have the slightest chance of success against Justice Hughes, the Republican nominee. If an election was held tomorrow it is regarded as certain that the President would be defeated but much may happen before polling day in November next and when that time arrives the war may not be the uppermost thought in the mind of the American people and the Wilson stock may have gained material strength. Certain it is that the Democrats will unite under Wilson as under no other living man.

Lord Kitchener
Written June 9th, 1916, St. John, N. B. Copyright pending.
A Nation mourns, the Man, the day, the hour,
Too great a loss to pass beyond earth's varied ken,
Just when the heavy war clouds seemed to lower,
And people questioned, where, and how, and when?
Would be the meeting of conflicting forces raging,
And looked to him, so firm, and tried, and true,
Knowing where duty called he'd faithfully stand,
And all commands his soldiers carried through.
Grand organizer, and great martial leader,
Respected alike, by foe as well as friend,
You little thought when leaving with your staff, Sir,
That a watery grave would be your sudden end.
A sailor's death, and not the battle-field of glory,
A soldier's death, we thought, would be your lot,
A lonely grave, with strangers bending o'er it—
Saying, here lies LORD KITCHENER who now is not.
A man who never asked for any sympathy,
Nor gave to others what was not his claim,
Firm in the faith of duty, and imperious,
To sit, rest, or talk, or praise, or blame.
"Till the sea gives up its dead" we sadly say it;
Missed, and with reverence, a nation
Not with a passing shadow, soon forgotten—
Ending with the falling of the leaves.
A sorrow deep, and oft, and oft returning,
Never to be forgotten, is "Soudan," "Soudan,"
And you, the hero, of their sorrows, question,
The world will never forget you lived, died, a hero, man!
Not a feather-weight, borne here and there,
By trick, and fancy, of every passing clan,
But midst the heaviest, deepest, storms of life,
You have lived, to finally die,—a man
If not beloved by people as a whole,—
Yet held in honor, valued for your worth,
And nations mourn for your untimely end,
And would that you were back again on earth.
That cannot be, but your respected name,
"Lord Kitchener" will ever live, in memories store,
And children's children, as the years roll on,
Will speak of you, and your sad fate deplore.
K. of K. they called you, for Khar-toum,
You loved God's flowers and their perfume sweet,
Above the martial strains, they spoke to you,
About another world, a golden street,
If hearts were right with God, war could not be,
"Love is the fulfilling of the law," the "Master" said,
And we believe in His power alone to re-create.

Little Benny's Note Book

It looked like rain yesterday, and I was looking out the parlor window wondering why it didn't start if it was going to, and then I started to see which chair I could lift with one hand, which wife I was doing it pop came in, saying, Who are you supposed to be—Sandow?
No sir, Samsin, I sed.
Well, as long as you are hitching your pushcart to a star, I suppose you mite as well grab a big one, sed pop.
Do you want to feel my mussel? I sed.
Well, I can think of several things I'd rather do, but in the absence of the opportunity, I don't mind feeling your mussel, sed pop. And I made a mussel in my rita arm and pop felt it, saying, Well, well, I declare, we have quite a white hope in the house, I guess I'd better begin a course in physical torture before you get to big for me.
Feel my left one, I got a big mussel in my left one, to I sed.
I don't believe it, sed pop.
Feel, I sed. Which pop did, saying, Well so you have, there some class to you, I was going to have a bergier alarm installed, but I guess we are safe with you around, let me see if you've got any mussel in your back.
And he felt my back and then he felt my stomach and ribs and all over, saying, Well, well, well, remarkable.
In pritty strong, aint I, pop, I sed. And pop felt the mussel in my legs, saying, It seems to me you are strong enuff to do it.
Do wait! I sed.
Carry up the plants out of the yard to the setting room, your mother doesn't want them to get storned on and she thaw I better do it because you mite not be strong enuff, sed pop.
I don't think I'm strong enuff for that, I sed. Being about 11 flower pots out in the yard, and pop sed, O yes you are, Samsin, hurry up, now, before the storm brakes.
Which I did. Proving that if you start to brag about a thing, you are libel to haf to prove it.

Or doubly sad would be the sorrow for our maimed dead.
This thought alone would stay the hand of man
Against another man in this world's strife.
Either annihilation of our bitter foes and friends,
Or God's great promise of "eternal life."
Soldier, warrior, rest you in the ocean's deep,
Your record is with Him who made you soul,
And keeps it now, beyond the eyes of flesh,
Waiting until His final resurrection maketh whole,
When wars shall be no more and time is not,
And we in harmony with Him shall dwell,
Understanding then the meaning of the new,
So terrible, we just can say, that "War is Hell."
It's lesson may the nations quickly learn,
War came of old, when people turned from Him;
Famine and plague goes always in its wake,
Lo, God spake then and said, because of "sin."
Our British Navy, crowned "Mistress of the Sea,"
Unless the God of Heaven and earth holds full control,
Helpless and impotent, alike you, art,
To fight the foe as ocean billows roll.
The arm of flesh will fall, in time of need.

The Fly Once More

Every time flies settle on food they leave a few disease germs behind to endanger the health, and even the lives, of those who eat the germ-laden food. Thus the first step toward protecting the family health is to have the windows and doors well screened and every part of the house, especially where food is stored or used, kept scrupulously clean.

ST. JOHN,

MARRIAGES.
A very pretty wedding was solemnized on Wednesday at 5.30 a.m. at the bride's home, Seal Cove, Grand Manan, when Grace Rebecca, only daughter of Mr. and Mrs. James Daiselle, was united in marriage to Mr. Harry Milton Akerley. The bride is one of Grand Manan's most popular young ladies and was formerly office assistant to Inspector of Fisheries, John F. Calder, at Campobello, in which capacity she made a host of friends. The groom is employed as chief clerk for the Eastern S. S. Co., St. John. The ceremony was performed by Rev. Mr. Wright, pastor of the Baptist church, in the presence of immediate families and relatives only. The bride was attended by Miss Mabel Morrison, of St. John; the groom was supported by the bride's brother, Vance Daiselle, of Moncton. The wedding march was played by Mrs. Milford Daiselle, a sister-in-law of the bride of St. John. Following the ceremony, breakfast was served and the couple left by automobile to the boat on route to St. John, via St. Stephen. The bride's travelling suit was navy blue with hat to match and ostrich ruff, and carried a bouquet of American blue roses. The presents were numerous and suitable, including a combination writing desk and bookcase from the office staff of the Eastern S. S. Co. In future they will reside at 139 Queen street, St. John, N. B.
Sharp-Young.
A wedding of much interest was solemnized on Wednesday evening, June 7th, at the home of Mr. and Mrs. Geo. Young, Sr., Millstream, by Rev. Mr. J. Tingley, when their youngest daughter, Mary Edith, became the bride of Marshall Newton Sharp, of Collins, Kings county. The bride, who was given away by her father, entered the parlor to the strains of Mendelssohn's wedding march, rendered by Mrs. Coy, and looked charming dressed in white silk, carrying a bouquet of apple blossoms. The house was tastefully decorated with apple blossoms and potted plants. After the ceremony the bridal party repaired to the dining room where a sumptuous supper was served. Only immediate relatives of the bride and groom were present. The bride and groom left for their future home in Collins amidst a shower of rice and confetti. Their many friends wish them every happiness throughout their wedded life.
Downing-Hayward.
A very pretty wedding took place at the residence of Mr. and Mrs. Jarvis S. Hayward, Riverside, on Wednesday morning, when their youngest daughter, Miss Hazel Valentine, became the bride of Arthur Starat Downing, of St. John, son of Conrad Starat and Mrs. Archibald Downing, of Albert. The double ring ceremony was performed at 10 p. m. by the Rev. H. B. DeWolfe, in the presence of the immediate relatives and friends under an arch of white lilacs and other flowers. The young couple were unattended. The bride entered a pretty travelling suit of blue broadcloth with large white picture hat, and carrying a beautiful bouquet of bride's roses and fern. After the ceremony a dainty breakfast was served in a dining room, which was beautifully decorated with flowers, an immense bowl of daffodils and narcissus form-

SUCCESSFUL CLOSING AT NETHERWOOD. Exercises Yesterday Were Largely Attended and Proved Most Interesting—The Prize Winners. The sun shone brightly for the Netherwood closing at Rothesay yesterday, an event which had been looked forward to for many days. The first part of the programme was held in St. Paul's schoolhouse, which was well filled with the parents and friends of the pupils of this popular school for girls. It was a very pretty sight to see the platform filled with girls whose white dresses and bright faces made a picture which well might have been labelled "youth". Rev. Canon Daniel was chairman and after a hymn sung by the school, and a short prayer, made a brief address. The programme was as follows: Hymn—"Heavenly Father Send Thy Blessing," school. "The Lord's Prayer," sung by the school. Song, "Will You Walk a Little Faster?" (Lewis Carroll), piano solo by Miss Dorothy LeRoy and Miss Bertha Snowball. Presentation of prizes and certificates by Rev. Canon Daniel. The prize for highest average made in examinations in senior school was presented by A. C. Skelton, who referred to his little address as his "maiden speech". The prize was won by Althea Hazen. Dr. Thos. Walker presented a prize with honors for spelling to Dorothy Teed, addressing the school and telling of the value of a thorough education in these days of such opportunities for women's work. Miss Ganong then called on the graduating class who were presented with certificates by Rev. Canon Daniel, who spoke briefly, telling the class what they could do by their good influence. A song by the school, a lullaby, followed. The musical part of the programme was in charge of Miss Alice Davidson, who deserves much praise for her sweet tone and excellent training of the class. The valedictory read by Joan Schofield showed deep thought and contained pretty references to the "Ruby-Crowned Kinglet" in great numbers. She also spoke of the work which they had undertaken of boot-blackening, silver cleaning, sweeping and dusting, thus earning money for Red Cross work. The paper ended with an appropriate quotation in character. Rev. Ralph Sherman then addressed the school, telling them of a scene he had witnessed in France where he had seen the women washing clothes on the shore. They had found a stream of fresh water and near this they had dug a pool for the daily washing which for them meant the support of the home. The idea of the stream was compared to religion and knowledge and the fact that it was there for all to use and that each life must be spent in service to be a happy one. After a song by the school, "Hark, Hark, the Lark," the guests adjourned to Netherwood grounds where they were made comfortable by Miss Pickher and Miss Ganong. The younger members of the school then gave a pretty drill with evergreen wreaths. A fine exhibition of club swinging followed under the direction of Sergeant Dooce, and a "company drill" with Christian Edwards and Mary Armstrong as captains, who put their company through the drill in a smart military way, giving the commands with a clearness that many young officers would envy. Miss McKimney played the accompaniment for the drill and marching. Refreshments were served and the visitors also had an opportunity to examine the clever drawings done by Miss Clara McKeown's class. Some fine work from the still life, and original sketches were shown, Miss Phyllis Kenny's being particularly good, as also drawings by Althea Hazen, Catherine Wilson, Christian Edwards and Kathleen McKean. A table filled with beautifully knitted socks and samples of the sewing also came in for its share of admiration. The heads of Netherwood are to be congratulated on another successful year.

COURTESY BAY CONTRACT WILL BE TRANSFERRED. (St. John Globe.) Plans that are on foot for the transfer of the Norton Griffith Courtesy Bay contract to a syndicate of New York and Canadian capitalists, including several St. John men, contemplate acquisition and operation of the dry dock by a subsidiary company. Incorporation of this company is announced in the last issue of the Canada Gazette. The new charter does not disclose the names of those interested in the project, the privileges sought being secured in the name of Montreal legal gentlemen who are acting for the syndicate. According to the Canada Gazette, the syndicate consists of Richard Tison Heneker, Henry Noel Chauvin, Harold Earle Walker, James Edouard Coulin, barristers, and Hugh Wylie, accountant, all of Montreal, having been incorporated by federal charter as the St. John Dry Dock and Shipbuilding Company, Ltd., with a capital of \$1,000,000, divided up in ten thousand shares of a hundred dollars each. The fact that it was there for all to use and that each life must be spent in service to be a happy one. After a song by the school, "Hark, Hark, the Lark," the guests adjourned to Netherwood grounds where they were made comfortable by Miss Pickher and Miss Ganong. The younger members of the school then gave a pretty drill with evergreen wreaths. A fine exhibition of club swinging followed under the direction of Sergeant Dooce, and a "company drill" with Christian Edwards and Mary Armstrong as captains, who put their company through the drill in a smart military way, giving the commands with a clearness that many young officers would envy. Miss McKimney played the accompaniment for the drill and marching. Refreshments were served and the visitors also had an opportunity to examine the clever drawings done by Miss Clara McKeown's class. Some fine work from the still life, and original sketches were shown, Miss Phyllis Kenny's being particularly good, as also drawings by Althea Hazen, Catherine Wilson, Christian Edwards and Kathleen McKean. A table filled with beautifully knitted socks and samples of the sewing also came in for its share of admiration. The heads of Netherwood are to be congratulated on another successful year.

DR. CHAS. MAYO, HEAD OF AMERICAN MEDICAL ASSN. Detroit, June 15.—Dr. Charles H. Mayo, of Rochester, Minn., was elected president of the American Medical Association at a meeting of the House of Delegates this afternoon.

HAD WEAK HEART NAD TO STAY IN BED. Many women are kept in a state of fear of death, become weak, worn and miserable, and are unable to attend to their household, social or business duties, on account of the unnatural action of the heart. To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief. They do this by their calming, strengthening and invigorating action on the heart, causing it to beat regularly and naturally, and in addition, they do this they give the whole nerve system. Mrs. J. Day, 234 John St. South, Hamilton, Ont., writes: "I was so run down with a weak heart that I could not even sweep the floor, nor could I sleep at night. I was so awfully sick sometimes I had to stay in bed all day as I was so weak. I used three and a half boxes of Milburn's Heart and Nerve Pills, and I am a carded woman today, and as strong as anyone could be, and am doing my own household, even my own washing. "I doctored for over two years, but got no help until I used your pills." Milburn's Heart and Nerve Pills are 50c per box, 3 boxes for \$1.25. They can be had at all druggists or operators, and will be mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

OBITUARY. Isaac C. Fraser. The death of Isaac C. Fraser occurred at his home, The Ridge, Chipman, N. B., on the 4th inst. He had been in poor health for over a year, yet his end came very suddenly. Deceased was 64 years of age, and had been an elder in the Presbyterian church at Chipman for a great many years. The late had been teacher of the Bible Class for twenty-eight years, will also sustain a great loss. He leaves to mourn the death of a great man. The late was a wife, two sisters, Mrs. M. S. Cox, of Intervale, and Mrs. Daniel Fowler, of Gaspareau Forks, five sons, Jas. L. of Plaster Rock; Wilson S. of Baker Brook; J. Edmund, of Chipman; Isaac L. of Cabano, and George C. at home, also three daughters, Mrs. H. B. Fowler, and Mrs. Wallace J. Fulton, both of Chipman, N. B., and Annie V. at home. The sympathy of the community is extended to Mr. Fraser and family. The Christian faith and hope of their loved one will be a comfort to them in their hour of sorrow. Capt. D. A. Harrington. The death of Captain D. A. Harrington, formerly of this city, took place at East Boston, on Tuesday, June 13, 1916. Captain Harrington was a native of Public Landing, and had been master of vessels for N. C. Scott during nineteen years. He left St. John ten years ago and had since been master of a coal barge in the New York-Boston route. His wife and children reside in East Boston.

MORE NEW BRUNSWICK BOYS ON HERO'S ROLL. Casualty List Yesterday Contained Names of Well Known Young Men From This Province. Yesterday added to the already long list of names of New Brunswick boys in the casualty list. A number of St. John homes were made sad by the information that members of the family circle were wounded or missing. Among them was Capt. J. P. Clary, of Fernalth Hill, who was killed in action at the front. He was reported missing. He both enlisted here with the Mounted Rifles and was with Lieut. George Mortissey who was reported missing some days ago. Pte. G. W. Campbell. Mrs. R. J. Campbell, 90 Kennedy street, received word from Ottawa that her son, Pte. G. W. Campbell, had been admitted to No. 14 General Hospital, Winnipeg, suffering from gunshot wounds in the arm and ulnar paralysis. He has been in the trenches since last September and has been through much heavy fighting. Sgt. M. S. Lynch. Mrs. H. S. Lynch, of Fredericton, has received word from Ottawa that her husband, Sgt. Harry S. Lynch, died at the front on June 5, suffering from shell shock. He left here for the 55th and was later drafted to another unit. He has been on the firing line for about two months. Pte. W. A. Hagan. Word was received yesterday that Pte. W. A. Hagan, of Hampton, had given his life in the effort to beat back the Germans. He was a member of the Mounted Rifles and was the father of one child, his parents and one sister. Pte. Thomas Elliott. A telegram received yesterday from Ottawa by Mr. Joseph Elliott, engineer of the Maritime Lumber Co., at Musquash, said that his son, No. 44587, Private Joseph Thomas Elliott, infantry, was officially reported missing on June 5. Private Elliott went from Market street with concrete to be ferried to another unit in France. The missing man was an engineer, employed for some time with T. S. Simms & Co. He has a brother employed in the C. P. R. Co. Gunner Campbell Wounded. Gunner Stewart W. Campbell, artillery, is wounded, according to reports current yesterday. His parents are Mr. and Mrs. Isaac Campbell, of the River, and he has four other brothers. He is about 24 years of age, and his father is employed on the Courtenay Bay operations. Wounded in Arms and Legs. Private Walter James Devoe, Fredericton, who has been at the front for some months past with an infantry battalion, has been admitted to No. 22 General Hospital at Cameroux, with slight wounds in the arm and leg, according to word received yesterday morning by his sister, Mrs. Robert McCorrick. He was a member of the 71st Company of composite regiment, and has been in the trenches for several months previous to going overseas, and after a period of training in England went to the front in a reinforcement draft. One brother, Private John Devoe, was formerly with the 12th Battalion, and was reported missing over a year ago, having been on the firing line with the Princess Pats. Son of Capt. J. T. Walsh. Lieut. George Victor Walsh, son of Captain J. T. Walsh, superintendent of the Marine Department of the C. P. R. (well known in St. John), is in Wednesday's casualty list. Lieut. Walsh has been wounded twice. The first time was at the beginning of May, when he got his upper lip split and his chin injured by a shell fragment. He quickly recovered and rejoined his battalion, and now has been sent to hospital at Boulogne, suffering from wounds and shell shock. Mr. Walsh is twenty-three years of age.

Be Careful in Using Soap on Your Hair. Don't use soaps and prepared shampoos that contain too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain mulified coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and brightly, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

How You Can Quickly Remove Hairy Growths. (Aids to Beauty.) A well known beauty specialist advises this treatment for the removal of hair from the face. Mix into a paste some powdered delatone and water, apply to hairy surface and after about 2 minutes rub off, wash the skin and every trace of hair has vanished. This method is quick and entirely safe. To avoid disappointment, however, it is well to make certain you get genuine delatone.

How to Save Your Eyes. Try This Free Prescription. Do your eyes give you trouble? Do you already wear eyeglasses or spectacles? Thousands of people wear these "windows" who might easily do without them. You may make one or two eyes before it is too late. The eyes are neglected more than any other organ of the entire body. You must do something for your eyes. Do you read or do something that keeps your eyes busy? Do you work your eyes until you go to bed? Do you know how many have strained eyes and finally other eye troubles that are cured by this free prescription, which has benefited the eyes of so many? Use it a short time. Would you like to see your eyes disappear? Try this magic! Try this prescription. Go to the nearest drug store and get a bottle of Bon-Opto tablets. Drop one tablet in 8 glasses of water and allow it to thoroughly dissolve. With this liquid bathe the eyes two or three times daily. Just note how quickly your eyes clear up and how soon the inflammation disappears. Don't be afraid to use it; it is absolutely harmless. Many who are now blind might have saved their eyes had they started to care for them in the Christian faith and hope of their loved one will be a comfort to them in their hour of sorrow.

LATE NEWS AND VIEWS FROM SPORTING WORLD

THISTLES CAUGHT AND PASSED THE SHAMROCKS IN LAST NIGHT'S BALL GAME

Score Stood 9 to 7 When "Doings" on St. Peter's Ball Ground had Finished.

The story of the Hare and the Tortoise was reenacted last night on the old ball field. The Shamrocks by leaps and bounds succeeded in obtaining a lead of four runs in the first four innings and then sat down to have a rest. Finally overtaken by the Thistles they put on another spurt and again took a nap, the Thistles after tying the score by their steady playing and by a strong finish came out ahead, the score ending 9 to 7.

Elliot occupied the ant hill for the losers during the early stages of the game. He was removed in the sixth, as the Thistles were beginning to find him, and Phil Perry, the heady pitcher of the shamrocks, took his place.

Percy Howard was taken down from the shelf and shoved out to short where he played the remainder of the game in excellent style. Evidently that little intermission he had, did him some good.

Dick Perry was away on a short arduous last night. It was his first bad game, and it is to be hoped that it will be his last. His error cost his team several of the runs scored by the Thistles.

For the Thistles Lennihan was the slunderer. Doyle pitched the first innings for the winners, then the captain decided to make a change, putting Howard in the box.

Howard twirled good ball considering that he is not had any practice in the firing line.

Dever was the back stop for the Thistles, and "back stop" he did. The fielding of both teams was far from perfect, and as usual when a player missed a ball he looked up and scowled at Old Sol. One can blame the sun when missing a fly, but can't connect it with a grounder.

Following is the box score:

WALL ST. MARKET IN THE DOLDRUMS

Dealings Tapered Off To Smallest Total of Recent Weeks.

INTEREST IN WAR SHARES RENEWED

Extensive Offerings of Anglo-French Bonds in Forenoon Starts Prices on Downward Path.

New York, June 15.—The market was in the doldrums during the greater part of today's irregular session, dealings tapering off to the smallest total of recent weeks.

Copper shares, which so largely monopolized yesterday's operations, were comparatively inactive, but ruled, for the most part, at or near best quotations.

STANDARD GIRLS WILL START FOR ALASKA ON SATURDAY, JULY 15

Will Join the Rest of the Party in Toronto On Monday or Tuesday — All Arrangements Made Ahead For The Trip — Now, Who Will Be The Winners?

THE REAL WORK IS NOW ON

The Standard newspaper party on the trip to Alaska, whoever the winners may be, will leave St. John on Saturday, July 15th, going via I. C. R. in time to arrive in Montreal on Sunday morning, July 16th. All tickets will be prepared in advance covering the transportation of these tourists right from their homes to Montreal, Toronto, thence over the C.T.P. to Winnipeg, Edmonton, etc. from Prince Rupert by boat to Alaska, returning to Vancouver, Portland, Glacier National Park, Chicago, Detroit and home. There will be no bother whatever about making reservations, for all sleeping cars on separate lines have already been engaged and arrangements made for meals. The Grand Trunk Railroad handles this whole affair, and issues orders to other roads for sleeping cars, dining cars and everything in connection with the trip that may be desirable.

The party from St. John will be met in Montreal by a representative of the Newspaper Travel Club who will accompany the train throughout and also by one of the travelling passenger agents of the Grand Trunk. The chaperson will join the party at Toronto where all come together for the start.

Just as soon as the names of the winners are announced these chapersons who know the country and know the requirements of a journey such as this will write to the girls who intend going giving full particulars as to clothing, baggage, etc. required.

According to a recent notice The Standard is advised that up to the present it is understood that there will be between one hundred and twenty-five to one hundred and sixty girls in the party with possibly more to be added later on.

This paper has received a number of requests as to the cost of extra trips to be taken by friends of the winners who may desire to go along. These trips may be engaged with The Standard party at a cost of \$75.00 for each person. In spite of certain tinners in railroad rates this figure is twenty dollars less than the trip last year because of better arrangements.

The standing of the winners in the contest today is as follows:

FUNERALS.

The funeral of Mr. John Dryden took place at 8.30 o'clock yesterday morning from his parents' residence, 556 Chesley street, to St. Peter's church, where Requiem High Mass was celebrated by Rev. Joseph Borg-

mam, C. S. R. Interment was made at the New Catholic cemetery.

The funeral of Mrs. Henry Dixon took place yesterday afternoon from her late residence, Sandy Point Road, to the Methodist Burial Ground, Rev. J. B. Champion conducted the services.

Physical and Mental Labor

In this age of achievement, when people work hard, the problem of endurance is most vital.

Active men and women, whether their labor be physical or mental are enabled to achieve the greatest results only when their mind and body are alert and equal to the tasks that present themselves.

Pure, wholesome Beer, used in moderation, nourishes the body and soothes the nerves.

Physicians and Food Experts advocate the moderate use of good wholesome Beer. They appreciate its remarkable qualities as an appeti-

zant, digestive-aiding, body-building agent. The small percentage of alcohol it contains is completely oxidized without the slightest injury to the tissues.

Because of its delightful flavor, known food value and absolute purity, we recommend the moderate and regular use of

MAKES PUBLIC APOLOGY TO MEN OF THE 104TH

Resident of Picadilly who Expressed Hope That Battalion Would Not Reach Other Side Alive Taken in Charge.

Sussex, June 15.—On Saturday afternoon Lieut. Worell and a detachment of the 104th Battalion arrested Robert Snider, of Picadilly, on a charge of giving expression to strong pro-German sentiments. Snider is said to have expressed the wish that the members of the 104th Battalion would never reach the other side of the Atlantic alive. He was locked up at military headquarters and was later taken before Colonel Fowler, who pointed out to the man the enormity of his offense. Snider professed his regret for saying what he did and on Monday morning the battalion was lined up in a military square and he was forced to apologize to the men for his unseemly conduct. Snider was cautioned to behave himself and promised to give no further trouble. He was then allowed to go.

Other cases of pro-German utterances have been reported and it is possible that there may be further arrests.

Red Cross Society of Netherwood. An interesting account of the Red Cross Society is given in the new number of "The Tallow Dip," the school magazine which, by the way, is a very creditable publication. Meetings have been held every Friday afternoon when the work consisted of rolling bandages, cutting handkerchiefs and knitting socks. At Easter there were sent to the headquarters in St. John 38 pairs socks, 15 dozen bandages and 12 dozen handkerchiefs. Total amount of work during the year, 100 pairs of socks, 4 scarfs, 16 helmets, 16 pairs wristlets, 3 pairs knee-caps, 25 1/2 dozen bandages and 67 dozen handkerchiefs. During Lent money was made for the Red Cross by blacking boots, mending clothes, etc. \$32 was spent in the purchase of hot water bottles for hospital use. An entertainment raised \$22 for the funds. The treasurer, Dorothy Teed, reports that \$4,400 amount collected from all sources is \$125.78. For the Blue Cross was also collected.

Besides this the Red Cross work the Netherwood pupils also made a donation to Miss Le Cocq for hospital work in France.

Irvin Cobb Says War Won Him. Irvin Cobb, the well-known humorist from New York, recently told how he plunged into the European imbroglio a "passive" suffragist and emerged an "active" one. The sight of women suffering as he passed through the war-torn countries, effected the transformation.

"I saw them standing before the bullet boards," said the war correspondent, "watching as the list of the names of the dead was pasted up, and then, cry out once and go away weeping."

"I saw widows with little children. They came out of the villages and the cities, and sought the cemeteries. The men they mourned were not buried there. Perhaps they lay in rough trenches, far away on battlefields already old. But these weeping women went to the cemeteries with their memories."

"I saw women in rude hospitals at that front. They performed the most repulsive tasks in the most heroic manner."

"Then I realized that the burden of war lies with the women. Not the burden of sorrow alone; but the economic burden which remains with them after a war has passed. I realized that in countries that have representative governments the women should have a voice in choosing those men who decide if there is to be a war. I used to say I could see no real reason why women should have the vote," continued the writer. "At the same time I admitted that I could see no real reason against it. I could see the vote if they want it. In a word, I was a 'passive' suffragist."

"But all that is changed now. I do see reasons why women should vote, and very good reasons. The ballot should be given them in common with men. We men should not want to feel that our mothers, our wives and our sisters are without sufficient intelligence to use it wisely."

Around the City

Summer Visitors. A band of Gypsies arrived yesterday in the city and have encamped off the Red Head Road, where they are ready to trade horses, sell laces and other articles.

Ill-treating a Horse. Yesterday Police Constable McInnes arrested John Coblan on Brussels street for being drunk and ill-treating a horse by unmercifully beating the animal with a whip.

Engagement Announced. Mr. and Mrs. A. Hastings, 95 Hazen street, announce the engagement of their daughter, Ethel Maud, to James A. Moore, formerly of Sussex but now of this city. The wedding is to take place early in July.

Repairs to Municipal Home. Tenders closed Wednesday with H. C. Mott, architect, for repairs and improvements for the Municipal Home, including new concrete and floor in the kitchen, new stairway in the southern wing and new birch floors in several of the wards. The contract was awarded to B. Mooney and Sons.

Four Drunks Arrested. The local and military police arrested four drunks last night. One of the number, Michael Fleming, is making a record, as this is the third time this week that he has been placed under arrest on the charge of being intoxicated.

Four Prices Recede. There have been reductions in the prices of four during the week. Yesterday Manitoba was quoted by jobbers at \$7.35 per barrel, as against \$7.55 a week ago. Ontario flour dropped 2c, yesterday, the present quotation being \$6.60 as compared with \$6.85 last week.

Slight Fire Yesterday. A still alarm yesterday afternoon about three o'clock brought the motor engine to the Market Square, where a fire was found in the boiler near the laborers' bell tower, at the head of Market Slip. The damage done was trifling, but the fire was hard to get at, and it was fully half an hour before it could be extinguished. It is not known what was the cause.

City Bathing House. Commissioner Russell yesterday announced that the bathing house and scow have been placed at No. 5 berth, off Union street, West St. John, and will be open to the public tomorrow. A swimming instructor will be present to instruct those wishing to learn to swim. This bathing privilege was largely taken advantage of last season.

Thorne's Companion Arrested. County Policeman Saunders, armed with a warrant, yesterday arrested Harry Trenholm on Dorchester street and lodged him in the county jail. Trenholm is charged with abusing a horse owned by Alexander Long a few weeks ago, with the result that the animal died. The prisoner was a companion of Vernon Thorne who was arrested the day after the horse died, and who was fined \$25 and costs. Trenholm will appear before Magistrate Conlon in the court at Fairville this morning.

Home from Convention. Allan W. French, of Winter street, returned yesterday from Detroit, where he had been attending the triennial meeting of the Brotherhood of Railway Trainmen which was in session for four weeks. The big issue before the meeting was the eight hour day. It was decided not to take any action in Canada until after the war, but conferences with some of the railroads in the United States have already been arranged in the matter, and it is the intention of the union to press the question, and if possible get shorter hours for those employed on the railroads there.

WEDDING BELLS SOUNDED IN THE POLICE COURT

Union Alley Raid Culminates in Wedding With Prisoners as Principals and Court Officials as Witnesses.

A bawdy house case had a happy ending in the police court yesterday, when before the Magistrate, the court officials and a few other spectators, two of the principals were united in marriage by Rev. D. J. McPherson of Central Baptist church.

At an early morning raid yesterday Detectives Barrett and Briggs arrested John Dougan on the charge of being the proprietor of a house in Union Alley, Arthur Crigwell and Lillian Brown, who were looked upon by some as a married couple, and who had with them a four months' old boy, along with Lillian Pencheon and Monica Richardson, all colored, and hailing from the West Indies, were taken into custody as being inmates of the house.

The case was tried in the court and Mamie Ferrish was the star witness for the crown, and gave damaging evidence against the prisoners. When all the evidence was in the five prisoners presented a sorry spectacle as the magistrate ordered that the proprietor of the house be remanded to jail, and then informed the four inmates that they would go to jail and were each liable to a term of six months.

This announcement caused the colored women to weep bitterly, and just before they were to leave the court room Crigwell spoke up and pointing to the Brown woman said: "Your Honor, I'll marry that woman." This announcement put a different light on the case, and when asked if they were willing to be married, the male and female prisoners answered in the affirmative and appeared to be anxious to become man and wife.

A telephone message brought Rev. Mr. McPherson to the court room. Detective Barrett presented a bouquet of flowers which he presented to Miss Brown, and holding the bridal bouquet, and with all present appearing very solemn the ceremony was performed. After the usual handshaking the magistrate gave the bride and groom and the other inmates their liberty, but not the keeper of the house, who was remanded to jail.

SEEKING RECRUITS ACROSS THE BORDER

How Empire's Call is Being Advertised in the United States—Sample Posters from Michigan.

Although recruiting stations are not open in the United States where men can enlist in Canadian battalions for overseas duty, recruiting lithographs are displayed in a number of the American cities calling upon Canadians who are residing across the border to come over the line and join the colors.

William H. Doherty, a customs officer who resides in West St. John, yesterday received from his brother, Hon. Archibald K. Doherty, of Lansing, Michigan, two large recruiting lithographs which have been shown with many others in that section calling on men to enlist. One of the posters has the legend: "The Empire Needs Men, Answer the Call, Enlist Now; Canada." It shows the British lion calling across the ocean to Canada for recruits.

Another poster shows the Canadian flag with a Canadian soldier pointing to the names, Langemarche, St. Julien, Festubert, Givenchy. Under the flag is the inscription "New Names in Canadian History. More are Coming—Will You be There. Enlist."

Wash Silks. Just received at F. A. Dykeman & Co.'s from New York another repeat order of these famous washable silks, known as Tub Silks, on account of their fast colors. These wash silks are only 50 cts. per yard, and are one yard wide. They are shown in stripes and small floral effect. They make very pretty waists and dresses.

FOR URE FROM THE FAR WEST FOR NORTH END MEN

A. G. McMullin and W. E. Gunter Principal Beneficiaries by Will of Uncle in British Columbia.

The goddess of fortune has turned her smiling face on two young St. John men, A. G. McMullin, of the Chamberlain's staff, City Hall, and W. E. Gunter, of Murray & Gregory, who will in the near future receive, it is understood, a substantial sum from the estate of an uncle, Abram Gunter, who died about a month ago in British Columbia.

Mr. Gunter left his native province a number of years ago and journeyed to the west. British Columbia looked good to him and he decided to settle there. He was very successful and amassed a handsome fortune. Mr. Gunter never forgot his early home in the land of the "buenos," and it is understood he was making preparations to return to this city, when death called him away. It is believed that the entire estate, which will probably amount to \$40,000 or over, will be divided between these two young men, his nephews.

A. G. McMullin is a son of the late John McMullin, and his mother was a sister of Mr. Gunter. He is a native son of this city. Full details have not yet been received in connection with the matter, and it is not known as yet just what the estate consists of, real estate or personal property.

FINAL ORDERS FOR DEPARTURE OF LOCAL UNITS

115th First to Leave for Camp, Others Following at Short Intervals—Farewell Reception on Sunday.

The 115th Battalion will leave for Valcartier camp on Monday, June 13, according to official advice received at headquarters of the New Brunswick command yesterday.

The 132nd Battalion will be the next to follow, leaving on the 22nd; the 140th will leave on the 22nd; the 145th, stationed at Moncton, will leave on the 25th; the 165th, also in this city, will leave for Valcartier on the 28th. This announcement means that the 104th is the only battalion to remain in New Brunswick until the date for them to sail overseas, which will be before many days, probably the last week in June.

Sunday will be the last day for the battalion to parade in St. John, and for that reason a special farewell celebration has been arranged for. At 10 o'clock on Sunday morning the men will form up in company order with the band as the centre in King Square. Here they will be addressed by Mayor Hayes and other prominent gentlemen.

The local branch of the Canadian B.E.F. Association have made arrangements to present each member with a shield covered copy of the Testament at the conclusion of the speeches.

This is positively the last appearance of the 115th Battalion in the city and citizens possessing flags and bunting should not be sparing in displaying the flags and colors of the allies.

At the conclusion of the address the battalions headed by their regimental band will proceed to their place of worship.

Sports on Barrack Square. The European War Veterans' Association have completed arrangements for their sports which are to be held on July 1st at the Barrack Square. The Minister of Militia having given the association permission to use the military grounds for that day. It is understood Commissioner McLellan was instrumental to a great extent in obtaining the grounds for the association. Besides the regular field sports there will be numerous other amusements upon the grounds.

The 140th. The battalion held a route march yesterday out as far as Seaside Park. After a short rest the battalion engaged in field tactics. As the whole battalion are now together the men hope to make rapid strides in perfecting the different drills and field movements.

The battalion carpenters were busily engaged yesterday in the construction of chests for containing the band instruments and other goods for transportation. The battalion will hold another route march today at Seaside. The orderly officer for today will be Lieut. A. W. G. Good.

LT. MORRISEY SENDS THANKS FOR TOBACCO

This Letter is One of the Latest Received from St. John Officer Since Reported as "Missing."

The West Side Soldiers' Comfort Association received the following letter from Lieut. George Morrisey in acknowledgement of the tobacco sent by the association to him. This is probably one of the last letters written by Lieutenant Morrisey as he has been reported missing since June 3rd and no word has been heard of him up to date.

Somewhere in Belgium, May 22nd, 1916. Dear Mrs. Tobin. This is to let you know that the tobacco you sent through the Soldiers' Comfort has arrived safely, and to thank you ever so much for the same. Although chewing tobacco is not considered by some people to be a very pretty habit, nevertheless to some of the boys out here it is their greatest comfort, and as far as smoking is concerned men say out here that they would almost rather run out of food than be without tobacco and I don't doubt it in the least.

The weather out here is a lot milder than has been and the rain seems to have let up till next winter. So that which is perhaps one of the worst hardships of the campaign in Flanders is over for awhile at least. There is very little to say, or that we are allowed to say, so I will simply thank you most sincerely for the tobacco, which I will distribute to any St. John men in my company.

Sincerely yours, GEORGE MORRISEY, Lieut. 4th C. M. R. Bat.

FIFTY YEARS SERVICE IN THE ORANGE ORDER

Handsome Collar Presented to John Kerr of Havelock L. O. L. No. 27.

An unique and interesting ceremony took place at the meeting of Havelock Lodge No. 27, L. O. L., last night, when a collar was presented to John Kerr, of the Grand Lodge, in honor of his having given fifty years of service to the order. It is understood that this is the first collar ever presented in New Brunswick. In the absence of Grand Master Clarkson the presentation was made by Grand Secretary Neil J. Morrison, and Past Grand Master Dr. W. B. Wallace. Addresses were delivered by Mr. Justice McKeown, Past Grand Master David Hipwell, County Master C. B. Ward and Past County Master J. King Kelly. Music, instrumental and vocal, was furnished by members of the lodge. Refreshments were served, and the large number present thoroughly enjoyed the occasion.

the preparations for embarkation. The embarkation will be carried out with the least possible confusion. It is not known whether the cooking ranges and utensils will be left here or removed to Valcartier.

Three of the M. P.'s of the 140th left last night for Moncton to bring back eight members who have stayed over their pass. The longest man away is now 48 days overseas.

STRIPS OF KHAKI. Lieut. S. Grimmer has been discharged from the military hospital. His report for duty today to the 140th Battalion.

The Canadian Garrison Artillery at Halifax requires 15 men. Recruits will be enlisted at the recruiting office on Prince William street for this service.

Lieut.-Col. Guthrie is in St. John. He will take over the command of the New Brunswick units next week.

C. M. Kerrison, who is taking the officers' training course, was presented with a silver shaving set by the New Brunswick Lodge F. and A. M. Memorial services will be held this evening at St. Andrew's church for Lord Kitchener at 8:15 o'clock.

Captain C. F. Gallant, 165th Battalion, at Moncton, passed through the city last night en route from Madawaska county to Moncton. While in Madawaska county Captain Gallant assisted in the recruiting campaign.
