OF THE

DIOCESAN CHURCH SOCIETY

OF NOVA SCOTIA.

VII. There shall be a Standing Committee of the Local Committees who can convene any members of the Local Committees who can convene, and who shall be invited to co-operate with the Diocesan Society, by joining Committees of it, which shall be formed, under the direction of their respective Ministers or Parish united, as shall be deemed most convenient, and in strict accordance with the and rules of the Society; but when the Local Committees are formed, they shall receive books of cost and charges of the

I. His Excellency the **LIEUTENANT GOVERNOR OF NOVA SCOTIA**, for the time being, and the **SOCIETIES FOR THE PROPAGATION OF THE GOSPEL**, and for **PROMOTING CHRISTIAN KNOWLEDGE** shall be respectfully requested to be the **PATRONS** of this Society.

II. The **BISHOP** of the Diocese shall be the **PRESIDENT** of the Society, with a control over all their proceedings. His approval shall be necessary for the completion of all important acts of the Society, and especially for the revocation or alteration of any of the standing rules, and for making any addition to them.

III. There shall be two or more **VICE-PRESIDENTS**, of whom the **Archdeacon of Nova Scotia** shall be the first; a **SECRETARY**, an **ASSISTANT SECRETARY**, when necessary, and a **TREASURER**.

IV. There shall be a **Standing Committee**, consisting of the **Officers**, all the **Clergy**, and as many **Laymen** as it shall be thought convenient to choose at the **Annual Meeting** of the Society. The **Lay Members** shall continue in the Committee for a year, or until other **Lay Members** be chosen in their place; and any or all of them may be re-elected. **Seven** of the Committee shall be a quorum, provided four of them be **Laymen**.

V. The Society shall be open to all **Members of the Church**; all of whom shall be invited to unite with it. **Ten pounds** paid at any one time, shall qualify a person to be a **Member** during his life; and the payment, in advance, of any sum, **however small**, shall qualify a person to be a **member** for a **year**.

VI. The Members of the Church, in every part of the Province, shall be invited to co-operate with the Diocesan Society, by joining Committees of it, which shall be formed, under the direction of their respective Clergymen, either in each Mission or Parish, or in more than one Mission or Parish united, as shall be deemed most convenient, and in strict accordance with the design and rules of the Diocesan Society; and it is recommended to the Committees to forward their funds, as they may be collected, to the General Committee, who will faithfully apply them to the general objects of the Society; but when the Local Committees desire it, they shall receive books, at cost and charges, to the amount of one-fourth of their remittances.

VII. There shall be one General Meeting of the whole Society, including any Members of the Local Committees who can conveniently attend, on such day and at such place as the President may name, of which due notice will be given, with an invitation to every Committee to send at least one Clergyman and two Laymen to represent such Committee, and with a recommendation that each Committee shall meet at some convenient time, immediately before the General Meeting of the Society, that any necessary suggestions may be offered to the representatives of the Committees for their guidance at the General Meeting. And a Special General Meeting may be called at any time and in any place, when the President, or, in his absence, two or more Vice Presidents, shall consider it desirable to appoint such Special General Meeting.

VIII. The objects to which the attention of the Society shall be directed, shall be, generally, those which have engaged the two great Church Societies, in England, for the Propagation of the Gospel, and for Promoting Christian Knowledge, and none other.

IX. The following objects shall more particularly engage the attention of the Society, as soon as their means may enable them to afford such attention:—

- 1.—Supplies of Books and Tracts from the stores of the Society for Promoting Christian Knowledge, and none other, except in cases where other Books or Tracts, in strict conformity with the principles of the Established Church, and particularly adapted to local circumstances, shall first be carefully examined and approved by a Committee of revision, to be appointed by the General Committee,—the approval of which General Committee shall be necessary in the next place,—after which, the books must likewise receive the written approbation of the Bishop.

- 2.—Missionary visits to neglected and destitute places, under the direction of the Bishop.
- 3.—Upholding, by all possible and proper means, the Collegiate Establishments at Windsor.
- 4.—Assistance to deserving young men, desirous of being qualified for the Ministry of the Church, but requiring aid in pursuing their studies, at the Collegiate Establishment at Windsor.
- 5.—Aid to Sunday and other Schools, in which due attention is paid to instruction in the principles of the Established Church.
- 6.—Encouragement to the instruction and training of respectable Teachers for Sunday and Daily Schools.
- 7.—Assistance to the erection or enlargement of Churches and Chapels belonging to the Established Religion, in peculiar or extreme cases.
- 8.—Assistance to the erection of Parsonage Houses.
- 9.—Provision for Assistant Missionaries.
- 10.—Assistance to the Endowment of Parishes.

To these objects, generally, the general contributions will be applied; while contributors, who desire it, may have their individual contributions scrupulously confined to any one or more of these objects. And as some Members of the Church, who are not unmindful of the great spiritual wants in their own neighbourhood, still feel constrained, in pious gratitude for the blessings they enjoy, to allot something, however small, from the means with which a gracious Providence has blessed them, towards the spread of the glorious Gospel among the nations which still sit in darkness—

X. This Society will gladly receive and forward to the Society for the Propagation of the Gospel, whatever sums may be given for the conversion and instruction of the Heathen—to which object such sums will be strictly confined by the East India Committee of that Society.

XI. Books and Tracts will generally be on sale, at cost and charges;—and whenever, in particular cases, a deviation from this rule is desired, it must be considered by the Standing Committee, and only permitted when recommended by them and approved by the President, or, in his absence, by two or more of the Vice Presidents.

XII. All Meetings of the Society and of the Committees shall be opened and closed with the prayers used by the two Societies in England, adapted to our situation under the direction of the Bishop.

APPENDIX.

The Standing Committee meets in Halifax on the third Friday in each month, from November to May inclusive; and all applications for aid should be forwarded to the Secretary, at least a week before either of those dates.

Every application for aid should contain the following information, in defect of which the application must be postponed for fuller particulars:

For aid in the erection of a Church—

- 1.—The precise situation, especially with reference to the nearest Church, and to the amount of population within five miles of the Church.
- 2.—The Title of the Ground, on which the building is to be erected.
- 3.—The size of the building; the numbers it can accommodate; and probable amount of the congregation that will usually attend it.
- 4.—The supposed cost of the building; the progress it has made toward completion; and the amount of contributions on the spot in money or labour.

The following Resolutions in reference to Church Schools, were drawn up by a Sub-Committee appointed for that purpose on the 17th of March, 1848; and adopted by the Society:

Resolved, That the General Committee of this Society having reconsidered the regulations under which the Grants to Church Schools shall hereafter be allowed,

It has been determined that the Schools already aided shall receive their usual grants for the current year; and that in future no Schools shall receive assistance from this Society but such as comply with the conditions following:

- 1.—That the School House be erected on ground, the title of which, with the buildings and appurtenances, is duly secured to the S. P. G., the Bishop of the Diocese, or the Church Corporation of the Parish.
- 2.—That the Church Catechism be taught in the School, and other religious instruction given in accordance with the principles of the Church, and under the direction of the Missionary.
- 3.—That no application for aid to Day Schools shall be considered at any Meeting of the General Committee, unless the Parish or District shall have subscribed and secured in addition to any public aid, at least the sum of £40, towards defraying the salary of the Schoolmaster.
- 4.—That any Parish or District complying with the foregoing conditions shall be entitled to receive one fourth of the sum, subscribed and secured as above, from the funds of this Society, so far as its means will allow.
- 5.—That all grants to Schools shall be deemed and considered to be annual.
- 6.—That every application shall contain the following information:

- I.—The title to the Ground on which the School House is erected.
- II.—The situation of the School as regards the nearest adjoining School.
- III.—The number of Scholars in usual attendance, and the general circumstances of their Parents.
- IV.—Is the Church Catechism taught, and the School generally conducted with a due regard to the principles of the Established Church?
- V.—The nature of the aid required; whether Books, assistance towards Master's salary, &c.
- VI.—The qualifications and religious profession of the Master; and the branches which he is capable of teaching.

The following Resolution was passed at the General Meeting held on the 8th of March, 1848:

Resolved,—That the District Associations shall have the privilege of choosing Members of the General Committee resident in Halifax, as their Representatives in the General Committee.

At a Meeting of the General Committee on the 2nd of February, 1849, it was Resolved—

“That this Society employ at least six Clergymen to minister as Assistants in larger Missions, where from the extent of the mission it is impossible for the resident Pastor to render adequate service. That the Society will allow £50 to each of these Clergymen, so soon as a similar sum shall have been adequately secured by the People of the Mission.”

With reference to the above Resolution, it was Resolved on the 17th August, 1849—

“That no part of the funds of this Society shall be paid under that resolution until the first and each subsequent quarterly payment of the £50 to be provided by the People in such cases, is actually paid in advance to the Treasurer of the Local Committee.”

At a General Meeting of the Committee on the 21st February, 1850, the following propositions were received and adopted at the suggestion of a Sub-Committee appointed to take into consideration the subject of Endowment of Parishes in this Diocese—

“That as the preceding steps (relative to endowment), can only be regarded as preparatory to the object had in view, your Committee would suggest that in order to the actual commencement and prosecution of endowments, a certain annual sum out of the general income of the Society, to whatever amount or proportion may seem fitting to the Society, may be set apart toward the Endowment of Parishes, to be granted by the Standing Committee in such sums as may be proper, and to whatever Parishes exert themselves to raise a larger sum than that granted by the Society, towards their own endowment.”

Secondly—“That special grants be made by the Standing Committee to any Parish that shall raise a sum of money toward its own Endowment, to such amount as the funds of the Society will admit.”

Thirdly—"The Sub-Committee would beg to recommend to the General Committee the appointment annually of an ENDOWMENT SUB-COMMITTEE, to consist of Seven Members, to whom the care of the funds contributed for Endowments may be entrusted; and that as little change as possible be made in the members of such Sub-Committee to be so appointed, or only such change as may seem from time to time advisable, in order to ensure uniformity and permanence of action; that the Sub-Committee shall make an annual Report to the General Committee of the sums intrusted to them, which may be published in the general report of the Society."

In accordance with the above propositions, an ENDOWMENT SUB-COMMITTEE, consisting of seven members was appointed.

At a Meeting of the ENDOWMENT SUB-COMMITTEE 23rd February 1850, it was Resolved that the following notice should be published,

The Endowment Sub-Committee to whom the General Committee of the Diocesan Church Society has intrusted the care of funds contributed for Endowment, and the consideration of applications for Endowment, beg to state to the Parishes that they are ready to receive any sums contributed for Endowments, either by one fourth of the annual contributions that may be devoted to that purpose, or otherwise, and to take care of the same for the Endowment of Parishes for which they may be contributed: And the Sub-Committee are also ready to receive any applications or statements that may be made by any Parish respecting Endowments; such communications to be addressed to the Secretary of the General Committee."

The Venble. The Archdeacon then stated the objects of the Meeting, and earnestly called the attention of all present to, the labors and designs of the Diocesan Church Society. The Secretary then read the

## REPORT.

THE motto chosen for the first publication of this Society was "Behold how good and pleasant it is for brethren to dwell together in unity."

One of the primary objects of its founders appears to have been, the promotion of unity among the children of our beloved Church; and, to use their own words, "the knitting together of Pastors and people in closer bonds of mutual affection and regard." Through the blessing of Almighty God we trust that this truly Christian desire has not been utterly disappointed.

The idea of membership in a Society striving for one great and holy object conveys to the mind a feeling both of responsibility and pleasure.—Of responsibility while we admit that we are individually accountable for every word uttered in its deliberations; for advice and assistance given to its objects; and for the amount of exertion we have constantly made in its behalf—of pleasure while we reflect that we are one of an united number who perhaps before our time of incorporation were labouring in the good cause, and who after our day of toil is over will still continue to forward those objects which we have approved and cherished.

We delight to think that while absent from them the same spirit pervades their proceedings which we have loved to promote: and that although absent in person our heart unites with theirs in the earnest desire of advancing the welfare of our fellow mortals.

We have this evening to regret the absence of a member of this Society who was mainly instrumental in its formation; who has been its first and only President; of one who has always had the deepest regard for the welfare of the Society, who has ever taken the most lively interest in its proceedings; to whom we are under great obligations for his unwearied paternal care both with regard to the subject now before us, and also to all our dearest interests.

While we sincerely regret the cause of his absence, we are gratified by the conviction that his sympathies are with our endeavors, and that his prayers for the welfare of this Society are not omitted.

Of others who have rendered much and valuable service to the D. C. Society, one is at rest from earthly labors where he receives the reward of his diligence; another is about to transfer his attention to a different sphere of usefulness, and we pray that blessings may attend his efforts.

We all owe much gratitude to our Heavenly Father for his mercy in permitting us again to meet together and publicly testify that in every deed the Lord hath been gracious to his servants.

We offer to him our most humble and hearty thanks that he has so far graciously blessed our labors. We desire to express our sense of His protecting care which is manifested in the steady and regular increase of this Society, with regard to its numbers, its funds, the confidence with which it is regarded, and, we hope, its general usefulness.

Its arms are now extended to all parts of the Province. Every where an interest is taken in its proceedings. Everywhere it is held in affectionate esteem, and looked upon with feelings of confidence. From all the Local Committees which have been formed in the several missions we hear of the increasing attention which is given to this Society; while many testify by their contributions that their interest in its operations is not diminished, and that they are ready both with will and deed to further the good cause which it has undertaken. We have much pleasure in noticing the interest which it has awakened among the students of Kings College, Windsor, who have as a body contributed to our funds through the Rector of that parish.

Through the channel of this Society the bond of unity is strengthened throughout our land; while the weak are aided by their stronger brethren in those things which tend to their mutual welfare.

We also record our thanks to the Almighty that we have been enabled, through the increase of our means, somewhat to extend the objects of this Society, while we humbly and confidently rely upon his gracious assistance to accomplish those intentions.

One further object to which this Society has turned its attention is the provision for assistant Clergymen in the larger missions.

In many places the increasing duties of the Missionary make it impossible for him to attend to the spiritual wants of all his people, and to nourish the good seed already sown throughout the widely extended flock over which he presides.

Churches have been built whose doors would be but seldom opened if some encouragement to local exertion should not be offered by this Society.

We hope that the day may not be far distant when in every Church within the Province divine service may be performed at the least on every Lord's Day.

It has therefore become one of the objects of our attention to provide in part for the support of assistant Missionaries, where corresponding exertion is made by those who are to receive the benefit of their ministrations.

An account of the expenditure for this purpose will be given by your Committee, in its proper place.

We cannot pass on from this subject without gladly expressing our sense of the gratitude we owe to the Parent Society in England for the prompt and generous manner in which it has assisted this effort and aided the tottering steps of its offspring by promising to unite with the people, and this Society, in bearing equal portions of the expense thus incurred.

To the Society for the Propagation of the Gospel in Foreign Parts, we are already under greater obligations than we can express, and it has added this also to its past benefits. Our only relief beneath the weight of their kindness is the reflection

———"That a grateful mind  
"By owing owes not, but still pays, at once  
"Indebted and discharg'd;"——

We also pray for the assistance of our heavenly Father in the furtherance of another object, from the prosecution of which we hope that much and permanent good will accrue to our Church.

The conviction has for some time been upon the minds of the Churchmen of this Province, that the day is not far distant when the support of the Church among us must depend principally, if not wholly, upon local exertions.

The necessity of providing against that period has been more evident than the means of meeting the demand.

With the view however of anticipating, and in some measure lightening, the burden, the standing Committee of this Society, at the suggestion of a valuable member, turned its attention toward the endowment of the Church. A Sub-Committee was formed to take into consideration the best means of effecting so desirable an object. Upon whose report it was resolved "That the endowment of the Church should be one of the objects of this Society."

But as so grave a matter required mature deliberation, no permanent plan was agreed upon. It was however unanimously "Resolved, that each Parish or Mission should have the option of receiving back one fourth of its remittance, in Books as at present, or of applying such one fourth to the endowment of their own Parish or Mission."

It was also agreed \* that special benefactions made by any parish, mission, or individual, should be encouraged by such a grant from the funds of this Society as the General Committee may deem the state of the funds will admit of."

Several missions have already taken advantage of the former resolution to establish a permanent, though small endowment, toward the support of their Church.

We must also notice that among the resolutions adopted by several Local Committees, were some expressing approbation of this movement toward endowment.

We are all aware that the support hitherto granted by the Society for the Propagation of the Gospel in Foreign Parts, must before long be in a great measure withdrawn, owing to the increasing demands on its munificence. \*

By adding to its former objects, provision for assistant Missionaries, and partial endowment of missions, this Society has taken a great and decided step toward that high position which it seems destined yet to occupy.

It appears to be thus quietly and gradually preparing itself to fill the place, and follow the steps of the parent Society, and to relieve it of those responsibilities which it has so long supported with regard to the Church in this Province.

It is our hope that the high and noble aims which this Society has in view, will tend to increase and retain the confidence of all Churchmen; while they mark the visible and permanent effects of its exertions, and the decided stand which it is assuming with regard to provision for our Church.

We have reason also to expect that these movements will give a fresh stimulus to the exertions in every mission. They will perceive that by the present combination and timely effort, so desirable an ob-

\* The following general order has recently been made by the Society P. G. F. P.

"That the missions be carefully classified according to the means which they possess of maintaining or contributing towards the maintenance of their own Clergyman; such classification to be reviewed from time to time. And that after the death or removal of any incumbent, the mission shall be either withdrawn from the Society's list, or be allowed any annual grant in proportion to the necessities of the Colony, on condition of the congregation providing a parsonage house, and guaranteeing to the Missionary such a stipend as may be fairly required of them."

ject will be easily accomplished, and the honorable burden rest gently on our shoulders. So far as it is at present possible to judge, this expectation will not be disappointed.

To support these great undertakings, there is need of much and continued exertion, of labour and self-denial on the part of both Pastor and People. Certainly much has already been done, and many have cheerfully responded to the call made upon them by the Diocesan Church Society, yet the resources of the Province for such purposes have not yet been fully called into action. Our hope is that the wider aims and broader views which the Society has adopted, will induce many to increase the support already afforded.

Toward this subject your Committee would especially direct your serious attention. For such objects we earnestly solicit the assistance, the sympathy, and above all, the devout prayers of all the faithful, that our heavenly Father would "establish the work of our hands upon us."

## EXPENDITURE.

The Committee would turn your attention to the Expenditure of this Society during the past year.

**BOOKS.**—The amount expended in Books during the past year is £99 15 2½d. Of this sum £88 15 2½d. has been returned to the Local Committees as the fourth part of their several remittances, returnable in Books according to a rule of the Society.

The following Grants have also been made

|                                                                   |        |
|-------------------------------------------------------------------|--------|
| To the Rev. T. C. Leaver for Parochial Library at Lower Steviacke | £5 0 0 |
| To the Rev. Mr. Filluel for ditto at Mahone Bay                   | 3 10 0 |
| To the Rev. G. Townshend for ditto at Amherst                     | 2 10 0 |

There have been issued from the Depository in various ways during the past year, 39 Bibles, 133 Testaments, 1170 Prayer Books, 3529 Tracts, 1313 Bound Books and other publications.

The price of the Bibles, Testaments, and Prayer Books now in the Depository has been much reduced by a Sub-Committee appointed for that purpose.

It appears to the Committee that the value of many of the tracts in

the Depository is not duly appreciated, because they are not fully known; and that it is desirable that some means should be adopted in order to make their usefulness more fully understood.

**VISITING MISSIONARIES.**—During the past year £388 15s. has been granted under the second object of this Society.

The two travelling Missionaries who have been for some time supported by this Society are still earnestly and diligently employed in the districts assigned them by the Bishop of the Diocese.

As a proof of their success it may be remarked that the inhabitants of one district which is poor and widely extended, are not only making application for another Missionary among them, but have actually offered £40 toward his maintenance.

For the support of these pioneers in the Church, the Society has paid £368 15s. The sum of £20 has also been granted to the Venble the Archdeacon to defray the expense of missionary visits by the Rev. H. Y. Porter in Cape Breton during 1848 and 1849.

**CHURCH SCHOOLS.**—This Society has granted during 1849 £25 toward the support of Schools in which due attention is paid to instruction in the principles of the Established Church.

There appears to be at present no School receiving aid from our funds.

Owing to the various embarrassments which have occurred in carrying out the Society's designs in this direction, and the numerous and pressing calls from other quarters on its resources, the Committee fear that little further progress can at present be made in this most useful part of our work.

**CHURCHES.**—Three Churches have received assistance during the past year from this Society, viz :—

|                                                                    |         |
|--------------------------------------------------------------------|---------|
| A Church at Jeddore under the care of Rev. Mr. Jamieson            | £10 0 0 |
| A Chapel at Cognagun under the care of Rev. R. J. Uniacke          | 22 10 0 |
| A Church at Hubbard's Cove under the care of Rev. J. Shreve, D. D. | 12 10 0 |

Making in all an expenditure of forty-five pounds.

There are now in the Province 53 Churches and Chapels, towards the building or enlargement of which this Society has contributed.

The Rev. the President of Lunenburg Local Committee, alluding to our past labours, writes "it will be satisfactory to know, that the grants so liberally made in former years, are yielding good interest of the right kind. That is, the Churches which I have been enabled to build, are well filled by numbers, who would but for the Society's aid, be new without the comforts and the blessings of regular service on the Lord's day. Who can estimate the amount of good that is thus effected, even by one small grant toward the erection of a little 'Church in the Wilderness.'"

**STUDENTS AT KING'S COLLEGE.**—The sum granted during the past year to this object of the Society is £105.

The two students who have for the past three years received aid from our funds, have finished their Collegiate studies, and are making further necessary preparation for the fulfilment of those intentions toward which they sought assistance.

Two more are now receiving some aid from the funds of this Society, and are preparing themselves for admission into Holy Orders.

It is our duty again earnestly to draw the attention of all Churchmen to the Collegiate establishments at Windsor.

Should the threat of withdrawing the Provincial grant be carried into execution, it will be incumbent on all children of our Church to make strenuous exertion for the support of an Institution, where the religion of Christ is recognised.

**ASSISTANT MISSIONARIES.**—The Society has but lately turned its attention to the partial support of assistant clergymen in the larger missions. This object was announced in the Report for last year.

The offer of this Society to grant £50 yearly where an equal sum is made up by the People, has been in several places thankfully received by both missionary and congregation.

Not much has indeed been thus expended. But this is owing rather to the want of laborers in the vineyard, than to unwillingness or inability on the part of the people to do their duty. In two places the money is now lying, ready to be paid as the first quarter's instalment to any assistant missionary whom they can obtain. One missionary, when making application for assistance in this object, writes "I am prepared to relinquish £50 of my own income, and to enter into any engagements to that effect, that the standing Committee may think necessary." The Parent Society in England has most generously assisted these efforts by granting another £50.

This is a branch of expenditure which we hope may be yearly increased.

Toward this object £12 10s. has been paid to the Society's first missionary under this head. The Rev. J. Dixon, additional missionary in the Parish of Truro.\*

**PARSONAGE HOUSES.**—As the building of a Parsonage is a species of endowment for the mission, and so materially tends to the comfort, and establishment of a missionary, it is to be hoped that the means of the Society may enable it to continue its efforts in this direction.

There has been thus expended :

|                                                              |         |
|--------------------------------------------------------------|---------|
| In a grant to Rev. Mr. Brine for Parsonage at Petit Riviere, |         |
| To Rev. Mr. Filluel for do. at Mahone Bay,                   | £25 0 0 |
| To Rev. E. Nichols for do. at Liverpool,                     | 5 0 0   |
| Making together the sum of Fifty-five pounds.                | 25 0 0  |

**ENDOWMENT.**—Two missions have during the last year availed themselves of the resolution of this Society, permitting one-fourth of the remittance to be returned toward endowment.

The Rev. E. Nichols has received one-fourth of the remittance from Liverpool toward the endowment of that mission,

£8 2 6

The Rev. T. Leaver has made a similar appropriation of one-fourth the remittance from the Local Committee at Truro,

£3 0 0

Making in all £11 2 6 from the funds of this Society toward endowment. These missions have thus made the first step toward provision against the time when we must be thrown upon our own resources.

In addition to the disbursements already mentioned. The following sums have been paid by the Society agreeably to the expressed wishes of the donors—

The Rev. T. C. Leaver's subscription to King's College, £4 0 0  
Several subscriptions for conversion of the Heathen, 2 6 3

There has been also paid for printing Report £32, for Depository £27 2s. 6d., Masonic Hall, &c. £4 12s. 2d., for other incidental ex-

\* Through the assistance of Mr. Dixon the number of out stations has been doubled, and also the services in other parts of the mission of Truro have been much more frequent.

penses £6 15s. 1d., making a total expenditure for the past year of £818 18s. 8½d., and leaving in the Treasurer's hands to the credit of the present year £113 13s. 1d., more than which amount has been already appropriated.

## INCOME.

The Income of the Society for the present year is derived from the following sources.

From AMHERST has been received £10, which has been forwarded by the Rev. G. Townshend as an offering in his church.

The President of the Local Committee at ANNAPOLIS has forwarded £27 1 3, remarking "that it is a small increase over the last year's contributions; and that their offerings are entirely voluntary, and in no measure the result of personal application."

From ANTIGONISH £8. 5. 10. This was received during the last autumn, and therefore appears as part of our income for 1850.

The mission at Antigonish has also contributed £9 14 8, toward our income for the present year.

From AYLESFORD has been forwarded £16 15 8, including 20s from Mr. Tupper for the benefit of the Heathen.

The Rev. J. Forsyth has forwarded £5 5 8 from BARRINGTON.

From BRIDGETOWN we have received £14 10 8. This does not include any contribution from Wilmot, which place has during the last year been making great and successful exertions to secure provision for a missionary there, and for other local purposes connected with the church.

The Rev. J. Shreve, D. D., has sent £10 10s. from the Local Committee at CHESTER.

The contributions from CORNWALLIS & HORTON for the present year is £21 9, including £3 to aid in promoting Christianity among the Jews, and £2 6 for the same object among the Heathen.—The amount forwarded by this Local Committee is nearly double of their last year's contribution.

The DARTMOUTH Local Committee has sent £25 0 2. This is an increase over last year's contribution. It is accompanied with an assurance that "the members of the Society in that mission maintain a steady affection for its interests, and contribute willingly to its funds."

From DIGBY we have received £252 8, which is more than twice the amount forwarded last year. The Rev. T. Maynard writes "that there is a growing conviction in the minds of the members of the Church there, that upon the Church Society will mainly depend the support of the Church for many years to come."

The Rev. Mr. Bullock has brought as a contribution from FALKLAND £7 4 6. One subscriber there to our work, while paying his usual amount, remarked, that during the former year he had caught many barrels of fish, during this he had not secured one, but he would not on that account diminish his contribution to the Diocesan Church Society.

From GRANVILLE we have received £11. The Rev. Mr. Campbell, although forwarding a larger amount than last year, states that the exertion for a local object in one part of his mission has prevented the amount from being greater.

HALIFAX.—From St. Paul's we have received as follows—

|                                                                                          |           |
|------------------------------------------------------------------------------------------|-----------|
| From the Rev. the Rector, an offering in the Churches under his charge,                  | £87 14 3  |
| " Sir John Harvey,                                                                       | 10 0 0    |
| " The Local Committee,                                                                   | 154 0 0   |
| " Miss Cleary, Miss Stevens, and Miss Major, being part of the proceeds of their Bazaar, | 4 0 0     |
| Total,                                                                                   | £205 14 3 |

The Church Wardens of St. George's Parish have paid £76 3 and the amount collected by the Local Committee there, namely—

|                                     |         |
|-------------------------------------|---------|
| District collections in the Parish, | £62 3 0 |
| Collection at 3 Mile Church,        | 1 7 6   |
| After Sermon at St. George's,       | 12 12 6 |
| Total,                              | £76 3 0 |

The Rev. E. Nichols has remitted £32 10 from the Local Committee at LIVERPOOL. While thanking the Society for past grants to his mission, Mr. Nichols remarks "that he is happy to state that these several acts on the part of the general Committee have been already productive of the best results."

From LUNENBURG the Rev. J. C. Cochran has sent £21 17 9 toward our income for this year.

From MANCHESTER & MILFORD we have received £8 5 8.

The Rev. T. Brine has forwarded £8 15 from NEW DUBLIN,

From NEWPORT & WALTON the Rev. R. J. Uniacke has remitted £14 2 5. He assures us of the lively interest which is taken by his people in this Society, and anticipates "with the return of former harvests an encouraging increase in the contributions from his mission."

From PICTOU we have received £17 17. This amount includes £1 5 to King's College, and 2s. 6d. for benefit of the Heathen.

The Local Committee at RAWDON & DOUGLAS has remitted £12 4.

From SACKVILLE there has been sent the sum of £9 6 3.

The Local Committee at SHELBURNE has sent £14 10. The Rev. T. White, after describing the many out stations which are under his care, expresses "an earnest hope that the time is not far distant when his hands shall be upheld by an additional missionary."

From St. MARGARET'S BAY we have received £9 15. The President of the Local Committee at that place expresses his sincere regret that his people have not ability in proportion to their desire of contributing to this Society.

The Local Committee at CLEMENTS has forwarded £7 5. We also now acknowledge £1 7 10 which was received too late for the last Report.

From SYDNEY, C. B. we have £33. This amount was received during last summer too late to appear in the Report of that year. It is therefore counted part of our income for 1850.

The Rev. T. C. Leaver has remitted the sum of £12 as the contributions from the Local Committee at TRURO.

The Secretary of the Local Committee at WINDSOR has forwarded £27 15. Of this amount £14 7 6 has been contributed by "Members of King's College" through the Rector of Windsor.

With reference to the above subscription, we have great pleasure in quoting the remarks of the Rev. the President of the College, who writes "that the contribution which has been made by the students of the College to the funds of the Diocesan Church Society, has been the result of a private association among themselves, and is in no way suggested or directed by Collegiate authority. The merit is therefore entirely their own." This subscription by the "members of King's College" Windsor, suggests the idea, that if the members of the Universities in England were to contribute something to our College in its present extremity, it might be productive of much permanent advantage.

From YARMOUTH we have received £35. An amount equal to that contributed last year. We also acknowledge the receipt of three several donations of £3 each from the Rev. Dr. Rowland.

From Capt. Maynard, - - - - - £2 10 0

Rev. B. Smith, Windsor, for endowment, - - - - - 2 0 0

Rev. J. Mulholland, Windsor, - - - - - 1 0 0

Collection at Annual Meeting, - - - - - 22 0 0

Total amount for this year, - - - - - £775 8 1

With these funds at its disposal, your Committee commences the labours of the present year, and may it please Almighty God to bestow his abundant blessing upon our endeavors.

The Rev. J. Breathing writes that £14 10 has been collected in his mission.

The Rev. Mr. Jamieson acknowledges the receipt of £15 in the district under his charge. These amounts will be acknowledged in our next Report.
