1874. NEW YEAR'S CARD! J. CHALONER,

THE Manager of the Drug Store, brick building, corner King and Germain streets, begs most thankfully to acknowledge the numerous favors of the past year, especially that of the fourth of September, when a kind Providence permitted the efforts of the Fire Department and others to be successful.

He wishes all his customers health and happiness, and whenever necessary to visit the Drug Store during the coming year, asks a continuation of their favors: promises every care and attention, so that business in every department may be properly conducted.

were generally allowed to choose their own officers. In one of the companies formed in Calais there was considerable ontention over the positions of honor. No. 3 Brick Block? and an officer from the State Headquarters undertook to see that the election was conducted fairly. He drew the company up in line, and ordered all candidates for office to step to the front and allow the others to make the selection. All but three stepped prompt ly forward, and those three calmly preceded to elect themselves Captain, First Lieutenant and Second Lieutenant. If the selection of members of the House of Commons for this City and County belonged to the "Reform" party, and the candidates should be deprived of the right of suffrage, the two or three qualified men remaining in the ranks could elect themselves.

DeVeber's card, considering it undignified for a candidate to pledge his support so unreservedly to a policy of which only a vague outline is given, are talking, now that a contest has been pre cipitated by the Government party, of bringing out another candidate for the City. Several gentlemen, among them Mr. Tuck and Mr. McAvity, are named as sure to carry the constituency.
