## ARTHUR O'KEEFE WAS ACCIDENTALLY KILLED

Explosion of Hand Grenade Severely Wounded Three—Everything Done For Him

Mrs. D. O'Keefe this week received two letters from France, which are a great comfort to her and the family. By kind permission we reproduce these.

Jan. 24, 1916

PTE. ART. O'KEEFE,  
 8th Battalion,  
 Killed in action Jan. 23rd, 1916.

was in the Grenadier Platoon, which was in my charge, and I have ever found him a most excellent soldier and a man. Major Anderson, in whose company your son was so long, has asked me to add his great sympathy also. It is needless to tell you how deeply all his old associates and companions have felt his loss and how much they miss his presence, but to you, who have lost so much more, all our hearts go out in a true and deep sympathy. Your son was killed by an accidental explosion of a Grenade in the front trenches while on duty, and although taken at once to the hospital, his life could not be saved and he died yesterday, being buried in a cemetery in the town of Baillieu.

Again expressing the sincere sympathy of all of us  
 I am  
 Yours very sincerely  
 W. E. C. IRWIN.  
 Jan. 24, 1916

Dear Mrs. O'Keefe:  
 I promised your son, Pte. A. O'Keefe, I would write and let you know we were taking care of him here at No. 2 Casualty Clearing Station. He sent his love to you.

He asked me to say at first it was slight as he did not wish you to be worried, but, as all need for worrying about his condition is gone, I am sorry to have to tell you he was very severely wounded in the abdomen and he passed peacefully away at 7.50 last evening, Sunday, January 23rd. The priest visited him several times. He will be buried tomorrow in a part of the cemetery reserved for our brave troops and a little wooden cross bearing the name and date marks each resting place. The name of place and number of his grave will be sent to you later from headquarters. I enclose a lock of his hair you may like to have. With much sympathy.  
 Yours sincerely  
 L. E. JOLLEY,  
 Sister in charge.

P. S.—Everything possible was done for him. We made him as comfortable and happy as we could, so you can feel quite satisfied about that.  
 L. E. J.

Austin McDonald has also received a letter from Lieut. Austin Murray, who was at the front as observation

## NIGHT OF SPORTS FRIDAY EVENING

The Campbellton Citizens Band Have Arranged a Big Programme for That Evening

The Campbellton Citizens Band intend holding a Night of Sports in the Campbellton Skating Rink on Friday evening, Feb. 18th. There will be a number of quarter mile races for boys and girls, barrel races, snowshoe races and bag races, in fact the evening will prove one of the best nights of sport ever put on in this province. In addition to the above the Band has prepared an excellent programme of music, which in itself will be a rare treat. The Ladies' Soldiers Comfort Association will serve refreshments so that all who attend may look forward to spending a most enjoyable evening. The price of admission too to the rink has been placed at just half the price usually charged for such sports, Adults 25c, Children 15c. Notwithstanding the big programme to be carried through, the Citizens Band have arranged with the managers of the rink to keep the rink open for half an hour after the sports, to allow all those who might desire to skate an opportunity to do so. Don't fail to reserve the date, Friday evening, Feb. 18th, and witness one of the greatest Winter Nights of Sport ever put on in this province.

**BOARD OF TRADE**  
 A meeting of the Campbellton Board of Trade will be held in the Council Chamber, Monday evening, February 21st, at 8 o'clock. As matters in connection with the Bay Chaleur steamer service will be discussed, it is hoped a large number of members will be present.

PRIVATE BOSWELL MALCOLM,

The above picture was taken "somewhere in Belgium". In writing home Boss says that he and his brother Ross are driving big motor trucks upon which ammunition and supplies are taken. They go up very near the trenches at night and see much of the activities of war. Both are enjoying good health.

The bag on the strap over the shoulder contains the gas helmet provided all men, and which is worn at all times.  
 officer on the day Art. O'Keefe was wounded. He was quite near the trench where the explosion took place, and heard the call for stretcher bearers. Three men were wounded. When Art. was being carried away on a stretcher, Lieut. Murray recognized him, and Art. knew Lieut. Murray and smiled at him. Neither previously knew that the other was in that vicinity.

## CAMPBELLTON COUNCIL BUYS HALL SITE

Corner of Andrew and Roseberry Favored.—I. C. R. Blocking Streets.—Other Business

A meeting of the town council was held last evening, His Worship Mayor A. A. Andrew presiding. Couns. Miller, Patterson, Goss, Alexander and Ellsworth present.

The Town Clerk submitted a list of persons qualified to vote whether or not licenses to sell liquor shall be granted in Ward II.  
 List was approved.  
 Coun. Miller from the Finance Committee submitted the following accounts, which were ordered paid.  
 N. B. Telephone Co., phone rent 8.00  
 H. P. Doyle, horse hire 1.50  
 Graphic, envelopes 5.00  
 Graphic, pencils 1.35  
 S. H. Lingley, salary and commission 1703.87  
 Coun. Goss from the Fire Protection Committee submitted the following accounts which were ordered paid.  
 N. B. Telephone Co., phone rent 5.00  
 N. B. Telephone Co., phone rent 6.25  
 W. J. Price, coal 11.40  
 H. Marquis, supplies 1.60  
 W. T. Cook, coal 7.75  
 Dunlop Tire and Rubber Co., Rubber coats 56.00  
 Dunlop Tire and Rubber Co., Hose 336.50  
 Goodyear Tire & Rubber Co., boots 5.50  
 Northern Electric Co., repairs 3.46  
 Coun. Miller stated that the committee appointed to look into the matter of selling bonds to wipe out overdraft had considered the matter fully, but had come to the conclusion that the time was not just right for selling bonds. The overdraft was now about \$32,000 or \$2000 less than last year.  
 Coun. Goss asked what interest the bank was charging and what they intimated they would require in future.  
 Coun. Miller—We are paying 5 per cent, and it had been intimated that 6 per cent would be the rate, but he felt that 5½ would be about what would have to be paid.  
 Coun. Goss expressed the opinion that nothing would be gained by selling bonds now, and nothing lost by waiting. The chances were for a betterment in a year or two.  
 The matter was allowed to stand.  
 Coun. Alexander brought to the attention of the Council the matter of the I. C. R. blocking Andrew street and other crossings. He spoke of Sunday evening when a number of ladies and gentlemen were held up for a time by a train of empty passenger cars. A brakeman came along and opened the vestibule door on one side, but the other would not open. While endeavoring to do this the train started and carried all to the west end of the yard when they had to walk home.  
 The Clerk was instructed to write to the Divisional Superintendent in reference to this matter.  
 Coun. Goss from the Fire Protection Committee submitted the committee's annual report, together with the Fire Chief's annual report.  
 These were received and ordered printed in the blue book.  
 In the Fire Chief's report he mentioned the fact that the lack of proper housing facilities for the department was a serious hindrance to efficient service.  
 Coun. Patterson said that the Chief was about right in this matter and the town should take steps at once to procure a site and build a Town Hall. He had made it his business to interview the heirs of the Wm. Andrew estate

## PTE. J. E. ARSENEAU KILLED IN ACTION

Popular Bonaventure Co. Boy Gives up Life For King and Country. Enlisted in West

We regret to record the death of Pte. J. E. Arseneau of St. Jean l'Evangeliste, son of Mrs. Henry Arseneau, who was killed in action on Jan. 23rd. He enlisted in Winnipeg in Nov. 1914, in the 32nd Batt., was transferred to the 8th Canadian Inf. Batt., when he landed in England and was in the trenches since the 7th of May. Besides his mother, he leaves five sisters and two brothers, one of them Henry, in the 26th Batt., in the trench-

es somewhere in France. He has fought his last fight and died on the battlefield. Although a great grief to his family, it is a great consolation for them to know that he died fighting for a righteous cause for his King and country, and to free Europe of Prussian militarism.

**CARNIVAL AT DALHOUSIE**  
 There will be a carnival at the Dalhousie Skating rink, Tuesday evening, Feb. 22nd. The rink management has lately installed one of the most up to date electric bands, and good music is assured.

## TODAY'S WAR NEWS

London, Feb. 16.—Tremendous activity is being shown by the Germans around Ypres. The salient has now reached those parts of the lines which the Canadians are holding. Three days and nights of incessant artillery fire were followed two nights ago by enemy infantry attacks through our barbed wire in several places in front of our trenches where they thought an attack would be possible.

The German raiding parties were decimated by machine guns in our trenches and motor batteries working along roads behind our lines.  
 From Canadian officers I hear that, despite the terrific fire that poured into them, several of the parties managed to gain our winter trenches, but as far as could be learned all were promptly driven out when men were rushed up from our main trenches.

## DEATH

and had procured an option on the corner lot on Andrew and Roseberry streets. The lot had a frontage of 65 feet on Andrew and 170 on Roseberry. This was freehold and could be bought for \$2500, part cash, the balance in equal yearly payments stretching over two or three years.  
 Coun. Alexander moved, seconded by Coun. Goss, that the town purchase the property from the Wm. Andrew estate on the best terms possible.

It was the unanimous opinion of the Councillors that this would be a good location and that the price was a very reasonable one.  
 The council then adjourned.

### I OWE MY HEALTH

To Lydia E. Pinkham's Vegetable Compound.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would ache all over and feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

—Mrs. ROBT. STROBEL, Moore Avenue, Washington Park, Illinois.

We wish every woman who suffers from female troubles, nervousness, backache or the blues could see the letters written by women made well by Lydia E. Pinkham's Vegetable Compound.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

The woodwork in the Parliament Buildings was much admired, but it turned out to be a dangerous kind of adornment.

Fireproof construction had not been generally adopted when Canada's Parliament Buildings were erected. There may be a small measure of consolation in the knowledge that the calamity will not be repeated.

### CAMPBELLTON CURLING CLUB AGAIN WINNERS IN BONSPIEL

Defeated Newcastle In Final Games Thursday Night and Bring Home Cup—Newcastle Put Up Great Fight

The North Shore Bonspiel opened at Newcastle on Wednesday and was participated in by the following clubs, 4 rinks from each, Campbellton, Bathurst, Dalhousie, Newcastle and Chatham. Bathurst drew the bye and Newcastle faced Dalhousie and Chatham faced Campbellton in the first round.

The results were victories for Newcastle and Campbellton, the former defeating Dalhousie easily by 76 to 42, and the latter winning out over Chatham only through Skip Shives' big victory over Skip L. W. Strang.

This left Campbellton, Newcastle and Bathurst for the second round which commenced Thursday morning and finished in the afternoon. Campbellton drew the bye and Newcastle defeated Bathurst by 5 points.

The winners then faced Campbellton for the final round, which was played Thursday evening.

The rink was crowded with interested spectators and much enthusiasm was manifested, especially during the first half of the games when Newcastle piled up a lead of 22 points over Campbellton. The game was going so strong for Newcastle that many spectators went home fully convinced that the cup would stay on the Miramichi.

At Campbellton a number of enthusiasts waited at the curling rink to get the score, and they too went home when Newcastle lead was announced as about 25 points.

But after the first half Campbellton got into their "stride" and came out victorious by a lead of 11 points.

The games and scores were as follows:—

**ALIEN EMPLOYEES NOT WANTED IN CALGARY**  
Calgary, Alta., Feb. 14.—A meeting of the City Council on Saturday, at which Brigadier General Cruickshank was present, passed a motion to the effect that the council had confidence in the military authorities. In case of any further trouble, should civilians interfere, the General said he would call on the magistrate to ask them to disperse. All civic employees of alien nationality were ordered immediately dismissed, all foreigners born in enemy countries employed in the street railway department were laid off by order of Commissioner Graves this morning. A rider was added to the motion to the effect that returned soldiers be employed where possible, in the places of the discharged men.

**FAILURE TO AFFIX STAMP COST HIM \$10**  
Toronto, Feb. 14.—J. F. Newsome is the first man in Toronto to be fined for failing to put a stamp on a check. Newsome sent a cheque to a man in payment for some work, but according to the man it was not for the correct amount. The cheque came into the hands of the crown authorities and the result was Newsome was summoned. He was fined \$10 and costs, or 30 days, although he claimed it was an oversight that he had not put it on. The Sterling Bank, who accepted the cheque without a war tax stamp, are to be summoned to the court to give their explanation for so doing.

### DEATH OF DR. CROCKET AT FREDERICTON

Was Identified With Educational Work For Many Years.—Taught Here

Fredericton, Feb. 13.—Principal Emeritus Crocket, LL. D., who for more than half a century was identified with the educational life of New Brunswick, and one of Canada's most prominent educationalists, died at his residence here on Saturday evening.

For a few days he had been suffering from pneumonia, which developed from an attack of la grippe, but the end came unexpectedly, but entirely without pain or suffering. Deceased had been confined to his home practically all the time for several years past as result of failing health, and at the age of 83 years he was unable to withstand such a serious illness.

The funeral will take place on Tuesday afternoon, leaving the house at 2:30 o'clock. The remains will be taken to St. Paul's Presbyterian church, deceased having been an elder of the church, and there will be a funeral service at 3 o'clock. Interment will be made at the rural cemetery.

As a mark of respect to the memory of deceased the flag over the Provincial Normal School is flying at half mast.

Principal William Crocket, who celebrated his 83rd birthday in April of last year, was born at Brechin, Scotland, in 1832, and after the ordinary school education entered Aberdeen University from which he graduated in due course. At the age of eighteen he came to New Brunswick, having been offered the position of Principal of the Superior School at Campbellton. Since that time Mr. Crocket's life had been practically entirely devoted to work along educational lines, and in that sphere he had for many years played a prominent part. From Campbellton Mr. Crocket went to the principalship of the Chatham Academy and some years later removed to Fredericton where he became Principal of the Normal School. This step was followed by his appointment to the position of superintendent of education for New Brunswick, and on his retirement from this office Dr. Crocket engaged as professor of classics in Morris College, Quebec. Subsequently he resigned from that staff, and returned to the principalship of the Normal School, which office he held at the time of his retirement from active service a few years ago. During the King administration Dr. Crocket was called upon to frame the free school bill, which became the point of contention in the subsequent provincial campaign, and on which was based the policy of the government in that memorable contest.

The William Crocket Scholarship at the University of New Brunswick, for the highest mark in classics, (\$100 per year), which was established three years ago, is a fitting recognition of the valuable services rendered by Principal Crocket to the cause of education in this province.

Mr. Crocket was married to Miss Marion Caldwell, a sister of William Caldwell, M. P. for Restigouche, and to Dr. and Mrs. Crocket eleven children, a real old-fashioned family, were born, of whom two died. One of these boys, Thomas, died in infancy, while a daughter, Marion, passed away a few years ago at her home in Fredericton. Their surviving son, James H. Crocket, managing director of the Gleazer; Dr. William C. Crocket, ex-mayor and one of Fredericton's most eminent physicians; Allan A. Crocket, mechanical engineer of San Francisco; Charles S. O. Crocket, proprietor of the Campbellton Tribune; Oswald S. Crocket, of Fredericton, justice of the Supreme Court of New Brunswick and for some years representative of the University and the Provincial Normal School walked in a body immediately after the mourners. Following a short service at the home by Rev. Dr. W. H. Smith the remains were conveyed to St. Paul's Presbyterian church, deceased having been an elder and a public service was conducted there. The choir was in attendance and sang the hymns "Rock of Ages", "There is a Fountain Filled With Blood," and "Now the Laborer's Task is O'er." Rev. Dr. Smith paid a warm tribute to the deceased.

The mourners were: James H. Crocket, Dr. W. C. Crocket, Charles S. O. Crocket, Mr. Justice Oswald Crocket, S. Crocket, Dr. A. Pierce Crocket, Octavus Crocket, J. Alexander Crocket, W. Wallace Crocket, Gordon Crocket, Chief Justice Edmond W. S. Carter and Chancellor C. C. Jones. Six sons acted as pall-bearers. Interment was in the Rural Cemetery.

So far nobody seems to be taking advantage of lean year, and wary beholders are beginning to come out of their lairs and feed about.

Mr. McClaskey is one of our most popular commercial men in our Canada, having for years been representing the firm of J. Bruce Pay & Co. His thousands of friends wish him a speedy recovery.

**LOST AN ARM**  
Thos. Levesque of St. Anne de Res Gouche, who was working at a large board planer in the Chaleur Bay Mill met with a serious accident on Tuesday. As a result his left arm was put above the elbow yesterday morning. A. Martin, M. D., was attending physician and the operation was performed at the Hotel Dieu Hospital. The arm was drawn into a planer, and terribly lacerated to the elbow.

**PRaise FOR 15TH**  
This is what a soldier writing has to say in reference to the 15th, which there are a large number of Campbellton boys—"I heard some of the experienced officers from 1st saying that the 15th battalion was second best battalion that ever straggled; so that means something. Anyway we are pleased to get the front to do our share towards giving peace on earth once more, and see the British flag once more wave freely over the whole empire and Germans conquered at whatever cost."

**PROMOTED**  
We notice among the names of officers of the 104th Battalion published last week that Lieut. Clarke, formerly of Jacquet River has been promoted to Capt. and is with "D" Company, Woodstock. Capt. Clarke recently took the captain's course at Halifax. His many friends here will be pleased to learn of his promotion.

**AN IMPROVEMENT**  
There is a decided improvement in respect to the matter of drinking among the soldiers. The few men in the 132nd who are inclined to forget themselves now find it extremely difficult to procure liquor. The officers of the company, police, and Police Magistrate are determined to stamp out this traffic of intoxicants to soldiers and those caught will be severely dealt with.

**TRIBUTE TO LATE DR. CROCKET**  
Sir George E. Foster, Minister of Trade and Commerce, Monday paid the following tribute to the late William Crocket, L.L.D.:—"The death of Dr. Crocket removes an old and respected citizen and marks the passing of a life more than usually abundantly useful and important in the public service. Seldom has any one devoted more years of well directed intelligent effort to the cause of education or possessed a wider grasp and deeper understanding of the various problems connected therewith."

**FOUND BIG ROLL**

The sum of one thousand dollars was on Wednesday found lying on the floor of a car on an I. C. R. passenger train between Levis and Rimouski, and was turned over to the police at Levis. The roll of bank notes consisted of bills of various denominations and it is believed that they were lost by some military officer who had been travelling on the train.

**BUY AT HOME**

Last week a traveller for a city printing office visited town and despite the fact that his prices were no lower, and his work no better, he secured a number of orders for printing which should have gone to the local printers. A representative of the Graphic passes or is in these stores every week, yet work is sent out of town. These same merchants complain about the amount of business that is sent to mail order houses, yet they do not live up to the principles of "buy at home." Is this right? We trust our merchants will remember that our plant is equipped to print everything they need from monthly account forms to labels and counter check books. Phone or write us for samples and prices.

**HOCKEY NEWS**

In writing of the hockey game at St. John Wednesday evening, Feb. 9th, the Telegraph said:—  
Wallace is a "steam engine in a pair of skates" and he worked his head off last night for his team and is as pretty a stick handler as there is in the league. What is more he is a clean player and when he attacks the nets his opponents know that he is after a goal not a "cock."  
Gibson and Macaulay on the wings played good games, they combine well and seem to understand one another's tactics very well.  
The Siege Battery manager, however, made a mistake in not changing his men more often. He made the mistake of riding free horses to death and in the last period McNeil and Wallace had lost a great deal of their effectiveness through over exertion in the preceding periods.

**OBITUARY**

The death of Miss Catherine Ryan, sister of Mr. John Ryan took place Wednesday about noon, after an illness of about three weeks. Deceased was a native of Campbellton and is survived by two brothers, John of Campbellton and Joseph of Oconto, Wis., also two sisters, Mrs. Cowhig of Grand Anse and Miss Jane of St. John. The funeral will take place from the residence of Mr. John Ryan, Cedar St., Friday morning at 7.30 to the church of Our Lady of Snows. The bereaved family have the sympathy of all in their bereavement.

## A Lesson From The Clock

A CLOCK that strikes is better than a non-striking clock. It tells us the time through our ears as well as through our eyes. It saves our steps. It signals, spurs us on, rouses us, speaks to us in the dark and from far away. It is useful far beyond the usefulness of the silent clock.

So with a business that advertises. A shop or store that sends out its message to us in the form of advertisements in our newspaper serves us far beyond the shop or store that is silent—that must be visited before its service or merchandise can be known.

The shop or store that advertises saves our time and money, etc. Speaks to us at the right time, rouses us to attention, and stirs us to action. We buy more as the result of advertising, and we buy from advertisers.

### To the Merchants of Campbellton

Put a striker—an attention-getter, an arouser, an stimulator—on your business. In other words—advertise. Strike often and regularly by weekly advertisements in THE GRAPHIC. It reaches over 3000 homes weekly.

## Answer the Call of Advertising

### 10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Stagnant Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

### THIS MAN ANXIOUS TO DO HIS BIT

Has Two Brothers With Boys in Khaki and Now Makes Third Try

Recruiting Officer A. McG. McDonald has received the following letter from a young man out of the I. N. R., and it is too bad there are not more in this county who feel as he does.

Here is the letter:  
Sydney, I. N. R.,  
Restigouche Co.,  
Feb. 10th, 1916.

A. McG. McDonald,  
Campbellton, N. B.

Dear Sir:

Will you kindly let me know if they are as strict on examinations for home service as they are for overseas. I have tried twice for the latter but could not pass. As I have two brothers there now, I feel as if I ought to do my little bit as well as they, for after the war the "cold feet" will have a cold name.

By answering you will greatly oblige Yours truly,

There are still many "cold feet" that have not yet made their first attempt to pass the examination. Now is the time to see the nearest recruiting officer.

### CAMPBELLTON IN MARITIME CIRCUIT

#### Plan to Hold Races on Local Track August 24th and 25th.—Improvements

That good horse-racing in the Maritime Provinces is assured for the coming season, was the unanimous verdict of those present at a meeting of horse-men in the Brunswick Hotel here, yesterday. It was an enthusiastic meeting and all present were most optimistic over the bright outlook, a most successful season being anticipated.

Those present were W. B. Lint, T. V. Monahan, H. O'Neil and V. E. Farrell, Fredericton; D. Stewart, M. P. P., and H. Cormier, Campbellton; H. J. Flemming, St. John; J. D. Johnson, Chatham; Hammond Kelly, Charlottetown; Ald. P. A. Bellevue and Sheriff G. B. Willett, Moncton.

Ad. Bellevue was appointed chairman of the meeting and Mr. W. E. Farrell, secretary.

It was decided to organize a circuit of races for the coming season, and the same was arranged as follows:

- Houlton—July 4th, 5th, 6th.
- Fredericton—July 11th, 12th, 13th.
- St. John—July 20th, 21st, 22nd.
- Charlottetown—July 27th, 28th, 29th.

- New Glasgow—August 3rd, 4th, 5th.
- Moncton—August 10th, 11th, 12th.
- Chatham—August 17th, 18th, 19th.
- Campbellton—August 24th, 25th, 26th.

The following stake races for all meetings were decided upon:  
2.30 pace, 2.30 trot, 2.19 pace and 2.16 trot.

It was decided that the purse for the stake races shall be \$400, and for the class races \$300, each track to nominate their own classes.

Entries for the stake races for the first four meetings, viz., Houlton, Fredericton, St. John and Charlottetown, will close on April 15th, and for the last four on May 1st. The payments for the first four tracks will be as follows: First payment, April 15th; second payment, May 15th, at which time horses shall be named; final payment, June 20th. For the last four tracks entries will close and first payment will be made on May 1st; second payment, June 1st, at which time the horses shall be named; final payment, July 1st. Further information will be given later in the press.

It was also resolved that the following shall compose an executive to which all questions arising for settlement shall be referred: H. O'Neil, Fredericton; Sheriff G. B. Willett, Moncton; H. J. Flemming, St. John; Hammond Kelly, Charlottetown; J. D. Johnson, Chatham.

Mr. J. D. Black of Fredericton, was appointed permanent secretary of the circuit.

### BANQUET TO SUNDAY SCHOOL WORKERS

Joint Banquet in St. Andrew's Hall.—Rev. Mr. Ross Gives Address

On Tuesday evening the Sunday School workers held a very successful rally in the Presbyterian S. S. hall, a goodly number attending. The workers gathered at about 6.30 o'clock and enjoyed a splendid banquet prepared by a joint committee from the different schools. After full justice had been done to the good things provided, Mr. J. M. MacLean, the Chairman, introduced Rev. W. A. Ross, the Field Secretary, who delivered a very practical and helpful address on "Factors in Sunday School Efficiency."

Mr. Ross, in opening his address stated that Efficiency was a word to conjure with these days. Nearly all nations were concentrating their thought along this line and the Sunday School forces would do well to do likewise. One of the factors that made for efficiency was Organization. The speaker then dealt with the various departments of S. S. effort and their organization, and pointed out that the successful school should have departmental superintendents chosen for their fitness for the work, who would form a sort of cabinet under the leadership of the S. S. Superintendent. This cabinet should be recognized by the church governing board as the most important department of church work. Too long has the Sunday School been allowed to take last place in the thought of church councils and governing boards and the church of the future will see that all possible is done to give the Sunday School first place.

Another factor in Efficiency was Equipment. This was being recognized more and more and the church building was being planned and furnished with a view to the needs of the pupil.

The speaker then dealt with the most important factor in Efficiency, namely Spirit. He estimated that this factor was equal to about 90 per cent. No good work could be done in a school, however well organized and admirably equipped, unless the Superintendent and officers were filled with a spirit of devotion and service.

Rev. J. E. Purdie spoke on the value of the missionary spirit in the school and Rev. Dr. Squires dealt with some of the phases of the child mind and how to approach it. He pointed out that the time was coming when there would be specially trained teachers to care for each particular type of child mind.

A vote of thanks, ably supported by Rev. John Squires was passed to the ladies who had provided the banquet, and after singing "Blest be the Tie that binds", the meeting adjourned.

### CONTRACT NEARLY COMPLETED

Mr. Thos. Ellsworth has had a large number of teams engaged in hauling ice to the I. C. R. ice house and the entire contract will be completed early next week.

### FISHING SEASON EXTENDED

The smelt fishing season has been extended ten days. This will allow the fishermen to take advantage of this weeks tides, which are right for fishing. While the catch has not been large, the price is exceptionally good, 7½ cents per pound, so that the fishermen will make a few dollars.

The managers of the local track are already making plans for improvements to accommodate the large number of horses expected to participate. The track will be put in first class shape, and large stables to accommodate twenty-five horses will be erected. A grand stand and other necessary buildings will be put up this summer.

When planning these improvements, plans should be made for the future and ground should be laid out with a view of having North Shore Exhibition buildings erected just as soon as the time seems opportune.

### DELIGHTFUL TEA IN DIMOCK'S TEA ROOMS

Ladies of Soldiers' Comfort Association Hold Enjoyable Function Tuesday

One of the most delightful as well as successful teas of the season was held on Tuesday afternoon in the Dimock Tea Rooms, when Mrs. Thomas Matheson and Mrs. A. D. MacKendrick were the joint hostesses for the benefit of the Soldiers' Comfort Association.

Mrs. S. H. Lingley and Mrs. H. R. Smith assisted by Mrs. W. H. Marquis and Mrs. F. E. Shephard poured tea, while Mrs. F. F. Matheson was in charge of the cake table. The rooms and tables were very prettily decorated with St. Valentine favors of hearts and cupids. Delicious candy was sold at the candy table by Mrs. Thos. Wran and a neat sum was realized from this source. A large number attended the affair and a delightful afternoon added much to the success of the tea. Among those who assisted in serving were Mrs. R. J. Lavoie, Mrs. Philip Dupuis, Miss Hazel Lingley, Miss Lena Graham, Miss Estelle McKenzie, Miss Margaret Gallagher and Miss Sadie Mowat.

The proceeds amounted to the very substantial sum of fifty-five dollars, which will be handed over to the Association.

### DEMONSTRATION ARRIVES

E. Sullivan now has in his warehouse a Model D45 Special McLaughlin 1916 Automobile, which is being much admired by all. Persons interested or intending to purchase a car this year should call and see this.

### RECEIVES APPOINTMENT

Lieut. Art. Legere of the 26th has received the appointment of Major in the 165th Acadien regiment and will return from the front and take charge of the bombing section. Lieut. Legere's many friends here will be glad to learn of his promotion and appointment.

### FALSE ALARM

An alarm was rung in from Box 14, Ramsay street Saturday evening and the department responded promptly to find they had come on a false alarm. This box has been a source of annoyance to the department for some time, as a number of false alarms have been rung in from it. The Fire Department is considering the removal of the box if this continues. In the meantime there are strong suspicions as to the guilty party and if sufficient proof can be obtained he will be prosecuted and severely dealt with.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, dizziness, full of colic, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of your little bowels without griping, and you have a well, playful child again. Ask your druggist for a 37-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

PORT DANIEL It is about time for the P. D. correspondent to wake up and give us some news; let us hope that the bad storm and fierce cold of last week has not been the cause of your silence.

We are pleased to say that Mr. Thomas Enright, who has been sick for some time is getting better. Miss Annie Collard is in town for a while, the guest of Miss Julia Enright.

Mrs. Urquhart of Barachois is visiting her daughter, Eunice, and her many friends of Port Daniel West. We are sorry to have to report the departure of Mr. Chas. Enright, who is to undergo an operation; his many friends wish him a prompt and happy return.

Mr. and Mrs. Chas. Nadeau left on Friday to spend a few days in Cascapedia. Mr. Billy Anderson and Mr. Aubrey Blois of New Carlisle spent Sunday in Port Daniel West.

We are all pleased to see that our young and popular Dr. Brault has reached England in safety, after much hardships in Serbia.

Mrs. Urquhart, Miss Eunice Urquhart and Miss Ingonville paid a flying visit New Carlisle on Saturday. Dentist Gillis is spending a few weeks in Port Daniel West, where he is kept pretty busy.

Miss Irene Dea has returned home, after spending some time in New Port and Cascades. Miss Bella Caldwell spent the weekend at her home in New Carlisle. Wedding bells will ring in the near future; don't forget it is Leap Year!

DESIDIE

We are having fine weather and the roads are in good condition again. Mr. James Sharpe made a short trip to Matapedia on Saturday. Mr. and Mrs. James Walker were visiting friends in Desidie over Sunday.

Mr. Dugal Myles of Brandy Brook passed through here last week en route for Matapedia. Mr. Wheeler Roberts was in Matapedia on business on Saturday. Mr. Dudley O. Ferguson has returned from Campbellton, where he has been spending a few days with his brother, Alexander Ferguson.

While driving home a few nights ago, Mr. Purden Ferguson lost a valuable horse in the Cascades. The horse broke his leg and then drowned himself. Miss Dolly Fraser is spending a few days here with friends.

In view of the fact that United States exports for 1915 beat all previous records, Uncle Sam is not finding British interference with the freedom of the seas as great an obstacle to foreign trade as some people try to make out.

MARIA YOUNG MAN

FROZEN TO DEATH

Returning From Lumber Woods And Expired Near Residence at Little Cascapedia

New Richmond, Feb. 15.—A very sad event occurred last Thursday night the 10th instant, in the death of Jean B. Major of Maria, who was found on Friday morning frozen to death just a few acres from the residence of Mr. Gideon Gagne of Little Cascapedia North.

The coroner's verdict was death by exposure caused largely by his own carelessness.

The residents of New Richmond West received a very unwelcome valentine on the morning of the 14th, when the Post Office Department deprived them of their office.

It is understood steps will be immediately taken to have the post office reinstated, as the people of New Richmond West are greatly against the Rural Mail delivery.

The people of New Richmond West will receive mail at the New Richmond office until the matter is straightened out.

Saturday night saw a very large crowd at the skating rink, quite a number being over from Black Cape.

The members of the Black Cape Mission Band had lunch at Mrs. R. L. Montgomery's after the skating.

Owing to the boys having the rink for practice for their coming game with New Carlisle, the Ladies Hockey Team had to postpone their practice of Friday night until after the match.

This match was announced in last week's Graphic for Friday the 18th inst., but owing to unforeseen circumstances, the date has had to be changed to Thursday the 17th.

Quite a number of their friends dropped in at the home of Mr. and Mrs. Jas. L. Lynd on the evening of the silver anniversary of their wedding last Thursday, bringing them quite a number of presents. They spent a very enjoyable evening.

REPORT OF THE CONGREGATION OF NEW MILLS, Etc.

The Annual meeting of the congregation of New Mills was held on Jan. 18th. Owing to the severe cold, the attendance was not as large as usual.

The reports submitted showed a successful year work—in some respects the most prosperous in the history of the congregation.

Fifteen were added to the Communion Roll, making a total membership of 349, in increase of 117 during the three years of the present pastorate.

The Sunday Schools and Y. P. Societies have undertaken in support of a native Evangelist in Korea and also the education of a medical student in the same mission.

\$1454.00 was contributed for Missionary and benevolent purposes, an increase of \$360.00. Of this amount \$390.00 was raised by the W. M. Societies, \$130.00 by the Sunday Schools and \$154.00 by Y. P. Societies. \$802.00 was contributed to the budget, the largest amount in the history of Miramichi. For congregational purposes \$1831.00 was contributed and the total revenue was \$3285.00.

There are three active Red Cross Societies in the congregation. On Feb. 13th the pastor, Rev. F. L. Jobb presented a Roll of Honor, bearing the names of 18 young men who have enlisted for overseas service.

BLACK CAPE From two of our enterprising young men, Mr. Philip Fairservice and Mr. Edgar Campbell, who left in August for the harvest fields in the West, word has been received by their parents that they have enlisted for overseas service, joining the 128th Battalion in Swift Current, Sask. We are sure that they will prove to be good soldiers, but we can only ask God's blessing on them that they may be true to their King and country and yet return to their homes again.

Mr. H. M. Johnston, our enterprising station agent, has returned from Matapedia where he has been for some time in the employ of the Quebec Oriental Ry. Co.

Mr. Alexander Stewart has returned from a trip to Chandler. The friends of Mr. Duncan Campbell are pleased to see him about again, after his recent illness.

We are also glad to state that Mr. David McColm is gradually improving from his illness, much to the delight of his many friends.

A most pleasant and delightful afternoon was spent at the home of Mrs. Howatson, Mount View Cottage, Saturday, Feb. 12th. The guests included our most popular ladies from New Richmond and Black Cape, including Mrs. J. Little, Misses Harvey, Campbell, Montgomery, Pritchard and Johnston. Some very classical musical selections were much appreciated, especially a duet rendered very sweetly by the Misses Harvey and Howatson, after which a very dainty lunch was served. Mrs. Henry poured the tea.

Mothers should never allow a cold to run for twenty-four hours without attention. If this is made a rule there will be less sickness for young mothers to worry over. A good reliable medicine for coughs, colds, croup and bronchitis should always be kept in the home where there are children. You may say that you have no confidence in cough medicines, but that is because you have never tried Chamberlain's Cough Remedy. **W. G. T. U.**

This department is conducted by the Local Union, and is under the charge of an editor appointed by them. This Editor assumes the responsibility for his statements and articles which appear in this column.

At the regular Women's Christian Temperance meeting held Feb. 8th, in St. Andrew's Church Hall, Mrs. M. P. Moores showed in a very interesting and scholarly manner "Twelve ways we may make our town a better place to live in." This paper will be printed in this column at a later date.

**THE BENEFITS DERIVED BY THE TOWN FROM A Y. M. C. A.**

A Y. M. C. A. to be of benefit to a town must have a suitable building supplied with all the proper and needed equipment, and a leader. The building and equipment may lack many things and still do, but the leader must have certain definite qualifications for the work. He must be a Christian, able to control, direct and guide those under him, capable of being a boy among boys without losing dignity and able to see and appreciate to humorous side of things.

The aim of all right thinking people is to train boys to be good citizens, and the best means to this end is found in the Y. M. C. A. It aims to develop the boy in three ways, intellectually, physically and morally, so as to make him stand what we call square to the world.

1st. Intellectually. By means of the library and reading rooms the boy is encouraged to read the best and the love of good reading will be developed in some and stimulated in others. Night schools and lectures on current events do immense good. The conversations and talks carried on will be pure, interesting and instructive, thus raising and keeping the standard on a high plane. When a boy finds others read, study and speak correctly, he will soon follow their example and he is in this way prepared for that time in the future when he takes his part in public affairs. He can read, think and speak intelligently on matters as they come up.

2nd. Physically. We are all agreed that a sound and well developed body is half the battle in these days. In the gym of the Y. M. C. A. the boy is taught to exercise and develop his body by means of exercises, drills, swimming, etc. Competition soon tells and the weaker boy soon develops into a strong, rugged chap.

3rd. Morally. Nearly everything depends on the leader in this branch of the work. If he is in the right place, the boys will learn to talk and play cleanly. Profanity, indecent talk or stories, lying, bullying, cheating, etc., will be checked and must gradually die out. Smoking and all filthy habits will be discouraged. All legitimate games and amusements are encouraged. The desire to excel will accomplish much. The boy spends his spare time in a happy, chummy way in a bright, cheerful place among others who have the same rights and privileges as he, and he soon learns to consider the rights of others. Thus selfishness, kindness, fairness, etc., are inculcated to bear fruit in future years.

The older boys and men find in the Y. M. C. A. the nearest approach to home life. They can go in and read, write letters, talk to friends or enjoy themselves at some game. There are few, if any places open to the homeless ones. By homeless, I mean those strangers earning their living in the town. One of the strongest impulses in boys and men is to congregate in groups. If places such as the Y. M. C. A. are not open to them, they will go elsewhere and the devil always has places ready where they are made welcome. The streets, street corners, saloons, gambling dens or the low resort will not appeal to boys or men who have the opportunity of having a good time in a pleasant place with their friends.

Taken altogether then, the Y. M. C. A. trains the boys to be intelligent, educated, God-fearing, with sound bodies. Those trained in this way will do right in all things public or private. They will want good schools, clean streets and the affairs of the town carried on in an honest, economic and lawful manner. They will have and expect others to have the proper regard for law and order.

Lloyd George states that the British have discovered they "can hustle." Since the discovery has been made, hustling may become a characteristic of the British before long.

**THICK, GLOSSY HAIR FREE FROM DANDRUFF**

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderine.

If you care for heavy hair that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice wavy, healthy hair if you have dandruff. This destructive scour rids the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair root smites, and the hair falls out. Surely get a 25-cent bottle of Danderine's Danderine from any drug store and just try it.

**A SNOW STORM IN BERKELEY, CAL.**

Sackville Girl Writes of Scene When Snow Fell.—First in Years

As I lay dreaming and dozing in my bed this morning, January 28, I gradually became aware of a great and unusual excitement. I realized, dimly at first, that automobiles and carriages were rapidly passing, that children were calling in excited tones, and that there was much hurrying and running back and forth. I heard such remarks as, "There is no taste to it, is there?" "Oh, isn't it pretty?" "What is it, anyway?" "Don't touch it; you'll get the chilblains." At last my eyes opened, and I saw the cause of all the excitement. Berkeley hills were covered with snow. Nothing like this has been seen here for years before, and to have it come at a time when the fruit trees are in bloom makes it seem more unusual and unreal. Is it any wonder that people were amazed? Is it any wonder that small children were inquiring what it was? Is it any wonder that the whole neighborhood was filled with great excitement?

About nine o'clock I went down street. Here enthusiasm was running high. Street cars were crowded with passengers going up to the hills, for the snow was only on the hills; schools were dismissed to enable the children to see Earth clothed in her white robe; business was suspended for a time; automobiles, carriages, motor cycles—all found their way up, up to the topmost peaks where the snow lay one or two feet deep. All day long men, women and children, the older ones with kodaks and cameras slung over their shoulders, wended their way upward to see the new spectacle which had fallen. No climb was too hard, no hills too steep, no wall too great, no mud too deep for these pedestrians to satisfy their curiosity, and see the beautiful, snow-capped hills. Whole families came to see the snow. The children could play in the snow.

How the little ones did enjoy themselves! They learned how to make and throw snow-balls, how to form snow men, how to build forts, and how to do many other things which Eastern children love to do in the snow. As the day drew to a close, and all were forced to seek their homes on the lower plains, we could see many of the little people carrying down in their arms huge balls of snow, just as much as they could lift, in an effort to make the fun last as long as possible.

As I looked upon these children, realizing that they had been deprived of such pleasure as this all their lives, and seeing how much fun and merriment they could have with such a little bit of snow, I could not help wondering how they enjoy one winter, year, half a winter, in the delightful climate of the East, where they would be able to travel through great deep drifts of snow, to slide over the crusty hills; to skate over the smooth, glistening ice; to see the icicles hanging from the roofs; the ice-covered trees sparkling in the sunlight; and to see the whole earth as far as the eye could reach robed in the pure, white garment which Nature gives to her. Surely their innermost thoughts would be, "What a beautiful place this is to live in."

CATHERINE P. FAWCETT.

**EXTRACTS FROM ORDER-IN-COUNCIL**

The following extracts from an order in council with regard to selling or giving of liquor to soldiers in uniform should be carefully avoided. Trouble in the future may be avoided by observance of these regulations:

"No person shall with the intent of eliciting information for the purpose of communicating it to the enemy or for any purpose calculated to assist the enemy, or which is a matter of any of His Majesty's forces any intoxicating liquor, and no person shall give or sell to a member of any of His Majesty's forces employed in the defence of any railway, dock, or harbour, any intoxicating liquor when not on duty, with intent to make him drunk, or when on sentry or other duty, either with or without any intent."

And the penalty is as follows:—

"Any person contravening any of the provisions of the foregoing orders and regulations shall be liable to a penalty not exceeding Five Thousand Dollars or imprisonment for any term not exceeding five years or to both fine and imprisonment; and such penalty may be recovered or enforced by summary proceedings and conviction under the provisions of Part 15 of the Criminal Code."

Turkey will be a handy ally for Austria and Germany to have around to take the blame for sub and other atrocities.

The Germans do not mind murder on any scale that they wish, but they shudder at the charge that they have done anything illegal.

Another example of the beneficent law of compensation—worrying about the high cost of gasoline makes one forget to worry about the huge price of eggs.

**NEW BRUNSWICKER NOW AT SALONKI**

Hartland Doctor's Experiences.—Fredericton Man Heard From

Mr. J. B. Daggott, Secretary for Agriculture, has received a number of letters lately from Dr. L. Dec. McIntosh, of Hartland, now with the British forces in the Balkans. Dr. McIntosh has with him in the hospital another New Brunswick man—Dr. Harry Lawson of Rollingand, Charlotte County. These two doctors have been together in Flanders and Egypt and are now in a casualty clearing hospital near Salonki.

Following are extracts from letters recently received:—

"We witnessed the evacuation of the big Greek army from here, nearly 200,000. We have been under shell fire from aeroplanes twice and had them dropping all around us, but not within our hospital lines. It was a fine sight and we enjoyed it, although we did not know what moment one would plunge into us. We saw our planes after them and saw and heard the machine gun battle between them, also the shelling by our guns. The last day they were keeping away from the guns on top of the mountain and came over us, but not knowing the French camp, next day, had a 75 auto aircraft camp, but when she opened on them they turned away mighty quick."

"We have a lot of Indian troops all around us, rather civil chaps, some in strength here and have a very good line fortified, and rather inviting attack. We are all disgusted with the way they handle the Greeks and the people about us. We saw our planes dropping all around us—but it is the only safe thing outside our lines and even in them. Our greatest danger is the loss of our rifles. Our chaplain saved his skin a short time ago by having his revolver handy and he carries it all the time now."

"I have been sent out here on the hills one of Paul's old Thessalonians. I shot sheep and goats in Bible times. Salonki was one of Paul's stopping places. We are in the midst of Macedonia. If I remember rightly, Paul was mobbed here. There have been massacres galore here and I guess there was one on foot before the consuls were arrested."

**MIRAMICHI PRESBYTERY MEETING AT CHATHAM**

Rev. Gordon Firth of Head Tide Resigns.—Other Business of Presbytery

The regular quarterly meeting of the Presbytery of Miramichi was held in the Hall of St. Andrew's Church, Chatham, on Tuesday. There were present Revs. D. Henderson, S. J. MacArthur, Alex. Rettee, Geo. Tattrie, J. F. McCurdy, J. R. McKay, W. M. Matthews, J. R. Miller, Hugh Miller, Alex. Craise, G. S. Gardner, Alex. Firth, Wilbur Rosborough, F. L. Jobb, ministers; and Messrs. Ralph Searle, A. R. Matthews, Daniel Baldwin, John Fowlie, elders.

Rev. E. Thorpe and Rev. J. H. McLean, being present, were invited to sit and correspond.

Rev. D. Henderson was appointed Moderator and Rev. Alex. Rettee, Clerk.

Rev. Prof. Baird, Manitoba College, was nominated for the Moderatorship of the General Assembly which is to meet in Winnipeg next June.

The resignation of Rev. George Wood, pastor of St. Andrew's Church, Chatham, was tabled by the Clerk. Commissioners from the congregation, viz: Messrs. Wm. Carruthers, David Sadler, John Fowlie, Alex. McEwen, H. B. McDonald and Wm. Scott, appeared and spoke kindly of Mr. Wood and the work accomplished by him during the eight years of his pastorate. In view, however, of the exceptional circumstances in the case, the congregation had decided by a majority vote to place no barrier in the way of Mr. Wood's resignation. On motion, duly seconded, Presbytery resolved to accept the resignation to take effect after the second Sunday in April.

The Clerk also laid on the table the resignation of Rev. Gordon Firth, Minister of Head Tide, who, owing to the state of his health, is compelled to take complete rest for a time, from the active duties of the ministry. Presbytery expressed sympathy for Mr. Firth and with regret agreed that the resignation should take effect after next Sunday.

Rev. Hugh Miller was appointed interim Moderator of Session during the vacancy and empowered to moderate in a call when the congregation was ready.

The following were appointed Commissioners to the General Assembly:—Rev. D. Henderson, Rev. Alex. Craise, Rev. John Harris and Rev. W. M. Matthews; and Messrs. Robertson, Matthews, Henderson and Dickie elders.

Rev. F. L. Jobb reported that he had moderated in a call at Dalhousie on Jan. 24th and that the call had come out in favor of Rev. John Hugh McLean. It was signed by 170 communicants and 152 adherents and accompanied by a guaranty of \$1100, a free manse, and four weeks' yearly holiday.

Mr. W. Miller, representative from the congregation, testified to the unanimity of the call and the desire for an early settlement. The call, on being placed in Mr. McLean's hands, was accepted by him and arrangements were made for the induction service on March 5th. Rev. F. L. Jobb to preside and induct, Rev. Hugh Miller to address the minister, and Rev. Mr. Jobb to address the people.

The Clerk intimated that the Rev. Louis King had signified his acceptance of the call extended to him by the Church Union, and read by the Clerk, and the vote taken by roll call was recorded as follows: For Union—Revs. S. J. MacArthur, Geo. Tattrie, F. L. Jobb, W. M. Matthews, J. R. Miller, Alex. Firth, Hugh Miller, Wilbur Rosborough, ministers; and Ralph Searle and Daniel Baldwin, elders. Against—Revs. D. Henderson, J. P. McCurdy, Alex. Rettee, J. R. McKay, Alex. Craise, ministers; and Mr. A. R. Matthews, elder.

Presbytery decided not to overture the Assembly further on the matter.

Mr. Wm. Carruthers, Mr. Alex. McKinnin, Mr. John Johnston and Rev. Geo. Tattrie were appointed a committee to organize if possible a session at Bartibogue and Mill Bank and report to next meeting of Presbytery.

Rev. Alex. Rettee presented the report on Statistics for 1915. St. Andrew's, Campbellton, showed the largest membership, and New Mills and Charlo made the largest contributions to church schemes, closely followed by Black River, Campbellton and St. Andrew's, Chatham.

Rev. J. F. McCurdy submitted the report on Systematic Giving—which recommended visitation of the different congregations within the bounds of the presbytery, and the desirability in carrying on the work of the Church.

Rev. W. M. Matthews reported for the Home Mission Committee and asked leave to engage catechists for the seven mission fields of the Presbytery for the ensuing summer. This leave was granted.

Rev. W. M. Matthews was nominated for the Standing Committee of the Assembly on Home Missions, and Rev. J. R. McKay for the College Board for 1916.

The Presbytery adjourned to meet in Knox Church, Loggieville, on the third Tuesday in June at 11 a. m.

**NURSE CAVELL'S BETRAYAL WAS SPY SUSPECT**

De Rode's Body, Billet For Two Shots, Lay Before Father's Door. Germans Levy Fines

Amsterdam, January 28.—(Correspondence)—Further details are reported from the Belgian frontier of the assassination of Nels De Rode, the Belgian who is alleged to have betrayed Miss Edith Cavell, the English nurse executed at Brussels, to the German authorities.

According to this story, the body of a young man who had been killed by two revolver shots was found in a street at Scharbeek, a suburb of Brussels, early one morning. He was at once recognized as De Rode, a man of 25 years, son of a retired major of the Belgian army. The body lay before the door of the man's parents, but the father refused to receive it, and it was taken to the public mortuary.

Immediately the German authorities heard of the case they gave strict orders that the affair should be kept as quiet as possible, but instructed the police at the same time to make every effort to discover the assassin. The news spread like wildfire, however, and before noon all Brussels knew that a man regarded by the Belgians as a traitor had been put to death.

The slain man, it is said, had been suspected for a long time of spying for the Germans. It was reported that he, together with an individual of the same name, had made a specialty of enticing young men to take service in the Belgian army, and then, when they were on the point of leaving the country, delivering them to the Germans. But recently, it is stated, proof had been obtained that De Rode who betrayed Miss Cavell to the Germans, as well as the Architect Bauco, who was put to death with her. From that moment De Rode's death sentence was signed. There is, it appears, a sort of society in Belgium, whose members have sworn to levy "justice" on those who do spying service for the Germans. Those who shot De Rode are said to have found papers on him that will enable them to trace other such spies.

In reply to this challenge, General Von Bissing, the German governor of Belgium, not only imposed a fine of \$125,000 on Brussels, but levied a fine of \$12,500 against Scharbeek, where the deed was committed. Further, the civil police of the latter place, 400 strong, have been disbanded, and the municipal council has to appoint sixty sworn and paid agents in their place.

Suit for \$3,076.47 Was Entered for Balance Due on Lumber Contract

A suit for \$3,076.47 was entered today in the Superior Court at New Carlisle, by Peter Nadeau sr. of Grand Cascapevia, and William Edmund Nadeau, carrying on business under the name of "Peter Nadeau & Sons," against D. R. Hastings and the Skimming Land and Lumber Company, for balance due on contract for the manufacturing of lumber.

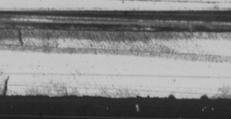

The action was taken by Honorable J. H. Kelly acting for Peter Nadeau & Sons.

**NOW AS A MOTHER**

don't you have the good of your family at heart? Don't you want to get for your family the very best? For internal ailments—the best medicine? For sores and skin diseases—the best ointment? If so, get Zam-Buk. Mothers who have used Zam-Buk say there is nothing to equal its soothing, healing power in cases of skin diseases and injuries, and nothing so suitable for sensitive skins.

This is because Zam-Buk is composed entirely of medicinal herbal essences and extracts, and is free from the poisonous coloring matter and harsh minerals found in ordinary ointments.

Children, having once used Zam-Buk, will cry for it when they get wet with an accident. They know how quickly it stops the pain, and how it soothes the skin.

1916 STUDEBAKER SIX FIFTY H.P. \$1395

---the FIRST 50 h. p. SIX at less than \$2000

And the best value in 6-cylinder cars on the market today at ANY price. We bar none. And we are thoroughly content if you will simply let us stand this new Studebaker Fifty H. P. SIX side by side with any car you like and compare it detail by detail. For never before has a car of such POWER, size and HIGH quality been priced so low.

It Has Greatly Increased Power  
The new motor, enlarged to 3 1/2 inch bore (5-inch stroke) develops 50 H. P. The carburetor has been hung high on the left side of the motor. The pistons are longer with 4 rings. The bearings are all larger. The crank shaft has been made larger, with larger bearing areas, and balanced better so that there isn't the slightest trace of vibration or loss of efficiency.

And with its irresistible, unbroken flow of power, its flexibility, its silence, is a wonder to drive. It throats down to walking speed on high. You touch the accelerator and—well, all of a sudden, you are going faster. There is no jolt; it just glides from one speed to another.

It's a handsomer car than ever. "It looks like a million dollars" said a man who was in recently. And it's the truth. It is one of the handsomest, one of the most stylish cars that you ever laid eyes on.  
Marvelously graceful—BIG, low

hung and massive—but in the best of taste. The lines of the car flow in unbroken curves from the radiator back to the tail-lamp. And this year's bodies are done in a rich, distinctive Blue—a color mixed exclusively for Studebaker.

A Bigger Car Than Ever  
This new Six is a BIGGER Car than ever—carries 7 passengers—carries them in COMFORT. The car is larger in every way—longer—roomier—it gives more leg room everywhere. The driver's seat is divided. The folding seats in the tonneau are large, fully cushioned, and disappear completely in the floor when not in use—Studebaker's exclusive design.

Following the latest European design, the body has been made deeper and the seats lower so that you sit down INSIDE the car and not up on it. The cushions, deeper and softer than ever, are tilted to throw you back into them.

The upholstery has been greatly improved. Deeper coil springs—a higher grade of curled hair—a new and exclusive method of cushion construction, that keeps the cushions springy—and the finest grade of hand-buffed, semi-bright straight-grained leather exactly the same as that used on a Detroit made car costing over \$2,000. All of these combine to make this new Studebaker SIX the most COMFORTABLE car that you ever sat in.

And with the longer chassis, and the better balance that has been achieved and the long flat three-quarter elliptic, UNDERSLUNG springs—well, you can't find a car with more delightful riding qualities than this new Studebaker SIX.

Sets a New Quality-Mark  
You take the upholstery for example—and the leather is the best grade of leather on the market. In the finish, five more operations have been added to the already long list of 20 finishing operations—just to make sure that the lustre is lasting. The steering knuckle is now forged of the highest grade chrome vanadium steel.

In endless other details, this insistence on higher quality than ever reveals itself. You get MORE than ever—you get BETTER quality than ever.

And Yet You Pay LESS  
You pay \$400 less than ever "because it's a Studebaker," because it's a product of one of the world's largest producers of cars.

See it—see for yourself what Studebaker resources and manufacturing facilities have accomplished. And judge if you need pay more for a SIX or if you dare pay less, unless you are willing to be content with a car that gives you less. Demonstration at any time. Come in. They are here today.
