WERE'S A THRILLER OF HORSE WORLD

Railwayman Tells a Good Story of Kicking Steps Off on the Fly.

A horse that tried to get gay with Grand Trunk express No. 23 yesterday morning, when it was on its way to Detroit had a narrow escape from being killed, and its owner is probably wondering today what is wrong with it. According to the train crew the animal was standing by the side of the track a couple of miles west of Hyde Park, when No. 23, drawn by the engine "Longboat," came tearing by at about 55 miles an hour. The horse braced itself, and lashed out with its hind feet at the train.

The feet took effect on one of the steps and broke it off, but the speed head, and it turned about half a dozen somersaults before it could stop. The incident was most amusing to

NO CLUE YET IN THE TRUNK MURDER CASE

Celestial Arrested Under Suspi- THE CLASS RESULTS cion Easily, Proves Innocence.

New York, June 21. - After a bit of police flurry today, an hour or two of unverified reports and telephoning between cities, the murder of Elsie Sigel, daughter of Paul Sigel, of this city, and grand-daughter of Major-Gen. Franz Sigel, of civil war fame, resolved itself into an unsolved crime picture broadcast, and it is but a short time before he must be captured.

to clear up the case little, if any. At Schenectady, the Chinaman arrested two score of debutantes. today was thought to be Leon Ling, or Wm. L. Leon, who is sought as the girl's murderer, has, according to all indications, pretty well established that he is an unoffending Celestial, for a new \$2,000,000 station in who formerly worked in a restaurant in city. New York, and whose arrest was brought about merely through striking resemblance to Leon Ling. The disappearance of Chung Sin about the time of the murder was discovered here made the police eager for his apprehension, which was considered second in importance to that of Leon, but the interview with him at Amsterdam today seems to have brought out nothing of value to the authorities,

He maintains that he merely associated with Leon, and while acquainted with Elsie Sigel, knows nothing of the murder. Thus with his arrest of no great import, the case, aside from developments in New York today, is about where it was when Elsie Sigel's body was found crammed in the trunk in a room over the Eighth avenue chop suey restaurant on Friday night.

A FRIEND OF ELSIE'S.

New York, June 21.-Josie Suey, 23 years old, the white wife of Louis Suey, a Chinese laundryman, was arrested tonight with her husband, following a raid on Suey's laundry, where, the police allege, they found an opium den. A young white woman, who was found dreaming in one of the

bunks, was also taken into custody. Josie Suey, the police say, was for merly a missionary worker with Elsie Sigel and had been on friendly terms with Miss Sigel.

The Sueys, who were charged with maintaining an optum den, were questioned for over an hour by the police, following which an entry was made on the police blotter that they were want-ed "as witnesses in the Elsie Sigel homicide case."

Worth of laylor's Soap

This coupon with 5 cents will get you a regular 5 cent cake of Taylor's Borax Soap and also a full 10 cent cake of Infants' Delight Soap. You receive two cakes worth 15 cents for only 5 cents. One coupon only to each family and it must be presented to your dealer this week.

Taylor's Infants' Delight

Toilet soap should do just two things—remove the dirt and nourish the skin. Let us then show you how we have blended both qualities into a single cake.

For in 43 years we have learned the secret of perfect soap—one that leaves the skin as soft and pink as an infant's. So we call it Infants' Delight.

The olive oil in this soap comes from the gardens of France. There we pay the highest prices—often double what we might pay. But our oil is pure enough to use on your table.

Then we bring cocoanut oil over 12,000 miles from the isle of Ceylon. This oil has for centuries kept the Egyptian's skin soft and beautiful in spite of the tropical sun.

The oils are then filtered and boiled twice. After this they go through our own special milling process from which they flutter like flakes of snow into enormous bins.

These flakes are then crushed under a weight of 30 tons to press out the moisture.

Then they pass through granite rollers and come out in miles of silky ribbons.

The soap is then dried eight times and goes through an ageing process equal to standing six months in your pantry. So you don't need to age this soap. It comes to

you clear and firm—it is simply perfect soap.

Please use a single cake—then let the results decide for the future.

See for yourself how it lathers into a rich creamy foam. Note how it wears as thin as a wafer—how it leaves the skin as soft as velvet and as smooth as silk.

Besides this it is the lovliest soap for the baby's skin. And if it is best for the sensitive pink skin of an infant, it surely is best for your own.

You will like the dainty perfume, too. We pay over \$100 a pound for pure Otto of Roses, but it requires 3,000 pounds of rose leaves to make a single ounce. The fragrance is simply exquisite for it is only the delicate scent of roses—the breath of a million flowers.

Taylor's Borax Soap

Here again is a soap different in every way from the ordinary—it contains borax. Where other soaps merely cleanse this goes further—it whitens and purifies. The effect of the borax is almost magical—it is the most wonderful soap ever made for the laundry.

In this soap we use only the finest grade of cocoanut oil, for it lathers with greatest abundance. Then we mix in the borax which softens the water and also softens the hands.

Soft water is p. .. but hard water contains mineral matters which prevent the soap from lathering. Borax makes the hardest water as soft as rain water, so you require only half the amount of soap.

With this soap you save most of the rubbing—it dissolves the dirt instantly and leaves the clothes with snowy whiteness.

It cleans the daintiest of laces as well as the heaviest of woolens—and it prevents shrinkage of both. Every odor is removed and the cloth is pure and sweet. This soap also prevents starch from sticking and adds greatly to the stiffness.

Glassware it cleanses in half the time, and leaves a lustre that fairly sparkles with brilliance. But it does even more; it sterilizes and destroys every germ so as to avoid any possibility of contagion. Send a bar with the laundry and protect the health of your family.

This powerful cleanser is utterly harmless to the hands—it leaves them whiter and softer than before.

Think then how harmless it must be to cloth. For if it benefits the skin, certainly it could not injure the fabric. This is the purest of soap. During the boiling process we run through the soap thousands of gallons of clean water which carries away every impurity.

It requires twenty-one days to make a single cake. The labor of more than 200 persons is needed. Yet this wonderful soap costs no more than the ordinary. Simply because we make every year millions of cakes—we can buy at the lowest prices and give you the highest quality. Try one bar and learn the facts yourself.

Get the Free Soap This Week

We ask you to do us a favor—we want you to learn for your own interests the difference between these soaps and the ordinary. You have been using some soaps in the past and you naturally consider them good. But now we ask that you compare them with these—try them both and note how vastly they differ. We gladly invite the comparison because we have made it ourselves and we know just what must be the result. But it would be unfair to ask you to bear the expense of the test so we have made you this generous offer. We only ask that you buy one soap and we'll buy the other. Cut out the circular coupon on this page and take it to your dealer this week. Pay him only 5 cents and you will then receive both cakes worth 15 cents.

ORIOLES TOOK TWO

Baltimore Took the First Yesterday by 4 to 1 and Second by 2 to 1.

Baltimore, June 21. - The Orioles took two games from the Montreals oday. The Royals could do little or nothing with Dessau's shoots in the first game, while the Birds found Smith for four singles and a double in the fifth inning, which netted them three runs and the game. Both pitchers received magnificent support. Although out-batted and out-fielded in the second contest, the Birds won by bunching their quartette of hits in

JOHNSON IS TO MEET KAUFMAN

Clarke's Pennant Chasers Take Negro Probably Will Tackle Delaney's Man in 20-Round Mill at Colma.

Raters Has Not Been at All Impressive.

New York, June 21. - After much backing and filling on the part of .745 Jack Johnson it is now said that he will fight Al Kaufman twenty .519 rounds at Colma, in September, .434 Coffroth. As in Ketchell's case .340 Johnson does not want to take part .271 in a bout of more than 20 rounds with Delaney's man because he be lieves he can stall and win on points in a batle of that kind. As it took 39 rounds for Kaufman to All called off because of funeral of make Jim Barry, a second-rater. stop, the opinion prevails on the coast that the big Californian can

> not make an impression on Johnson in 20 rounds.

Kaufman Is Game. Kaufman lacks Ketchell's aggressiveness and speed. He is a hard puncher, but is lacking in generalship and quickness of thought. He is as tall and as heavy as Johnson, and is dead game, but that is about all. If Kaufman should get a decision over Johnson he would doubtless claim the heavyweight title, but such an incident would not interfere with the negro's fight with Ketchell in October.

If Ketchell should stop Johnson, sporting men agree, Kaufman would be in line for a fight with the Michigan lion for the ring's highest honors, and Ketchell would be heavily backed to win.

Big Al's Chances.

"If Ross, a third-rater, could stay ten rounds with Kaufman, and have the latter groggy at one period of the mill." said a veteran referee today. "you can bet that Ketchell would beat Kaufman decisively. The dops shows that O'Brien knocked Kaufman out in seventeen rounds, and yet was beaten to a pulp in less than three rounds by the Montana cowboy. Johnson will beat Kaufman on points and 0 0 0 1 1 0 1 0 0-3 Ketchell. MONEY BYLAWS WERE NUMEROUS

City Council Did Not Do Much Last Night But Increase City's Liabilities.

More Money for the Hospital and Two More Items for the Waterworks System.

Money bylaws were the feature of the council's meeting last evening, five of them being passed or given two readings, aggregating almost \$300,000. The largest, of course, was that referred to elsewhere, \$123,700, to take over the Beck scheme.

The next most expensive was that for \$95,000 to extend the mains system in the city. This was given two readings last night, with no discussion, as it was considered necessary.

Schools Improvements.

\$37,500 to make repairs and alterations to the schools of the city. "It is time to put a stop to the board of education expenditure," said Ald. Cooper. "I think there is a way to do it. Our taxes are kept at an awfor rate on account of these two things.'

P. R., who are also planning to spend over a million dollars on enlarged and improved terminals

The Grand Trunk station will be built after the style of the large terminal station at St. Louis, Mo., and will cost, together with the necessary arrangement of tracks, well over two million dollars. Conditions at Bonaventure station have been anything but favorable for the proper handling of traffic for some time past, owing to the congested condition existing at this terminal. At the present time this station is providing terminal facilities for four large railways-namely,

the Grand Trunk, the Delaware and Hudson, the Intercolonial and the Central Vermont. With the new station will come the elevation of tracks through the city and the abolition of all level crossings. It is understood that the work will be commenced on The bylaw passed without further this new station as soon as arangechanging the street crossings.

Despite the Fact That Showers Interlered With the Crowd.

OFFICERS ARE HOPEFUL

Believe That Picnickers Will Total Between 3,000 and 4,000-Plenty of Music Today.

The heavy shower that fell this af ternoon interfered to some extent with the English picknickers at Port Stanley and prevented them from being out of doors as much as they otherwise would. Notwithstanding the rain, however, the Pere Marquette specials which left at 10 o'clock, 1 clock and 1:30 were filled to over flowing. The first special was made up or

eight coaches and the two afternoon trains of ten coaches each. In addition large numbers of people went down on the Southwestern Traction Company.

Big Crowd Anticipated. We expect between 3,000 and 4,000

people to go with us to Port today," Pera and Reva, and one son, Percy, Secretary P. E. Widdicombe told The of Saskatoon, Sask., as well as one Advertiser today. "The picnic will easily surpass anything that we have ever had before"

The Cobalt Camp's Big Shippers Are Toronto, June 21.-There were again ten shippers among the Cobalt mines last were conspicuous among the picnickers week, and the tonnage was heavier than by their badges, and St. George's Soin the week preceding, being 1,217,954 ciety and the Sons of England were ounds, or 608.97 tons, against 505.48 tons very very largely represented. Nearly on Saturday last of Miss And Links every one of the richickers wore a Raymond, youngest daughter of Col. the week before. Nipissing was the heaviest shipper, and, it will be noted, has just about caught up in tonnage to the ried little Union Jacks. La Rose, which has been leading all the year.
