The copy filmed here has been reproduced thanks to the generosity of:

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol \rightarrow (meaning "CONTINUED"), or the symbol ∇ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la
générosité de:

Bibliothèque nationale du Canada

Les images suivantes ont été reproduites avec le
plus grand soin, compte tenu de la condition et
de la netteté de l'exemplaire filmé, et en
conformité avec les conditions du contrat de
filmage.

Les exemplaires originaux dont la couverture en
papier est imprimée sont filmés en commençant
par le premier plat et en terminant soit par la
dernière page qui comporte une empreinte
d'impression ou d'illustration, soit par le second
plat, selon le cas. Tous les autres exemplaires
originaux sont filmés en commençant par la
première page qui comporte une empreinte
d'impression ou d'illustration et en terminant par
la dernière page qui comporte une telle
empreinte.

Un des symboles suivants apparaîtra sur la
dernière image de chaque microfiche, selon le
cas: le symbole \rightarrow signifie "A SUIVRE", le
symbole ∇ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être
filmés à des taux de réduction différents.
Lorsque le document est trop grand pour être
reproduit en un seul cliché, il est filmé à partir
de l'angle supérieur gauche, de gauche à droite,
et de haut en bas, en prenant le nombre
d'images nécessaire. Les diagrammes suivants
illustrent la méthode.

Minister

T

TORONTO
POCKET STREET GUIDE

PRICE 25 CENTS.

S. MALCOMSON, Publisher,
181 PERTH AVENUE.

Entered, according to the Act of the Parliament of Canada, in the year one thousand eight hundred and ninety-three, by **STEWART MALCOMSON**, in the office of the Minister of Agriculture, at Ottawa.

EXPLANATION.

THE red numbers printed on the face of map are so arranged that any street in the city can be easily located at a glance.

In the alphabetical list of streets two reference numbers are given (square and car); the first number directs you to the squares on the map (which are arranged consecutively and printed in red ink) where the street is located, and the number at end of line directs you to the most convenient street car route to reach that or any street from the most central point at corner King and Yonge Streets (X).

For example, take 42 John Street 2-9, you will find that in square 42 this street is shown; the following numbers, 2-9 (in Car Index), signify that (2) is King Street car and (9) is Queen Street car, showing that either car can be taken to John Street.

Places of Interest, Public Buildings, Parks, etc.

Violins and Guitars

From \$5.00.

BANJOS FROM \$6.00.

Band Instruments, Violins, Etc., Repaired.

Violins for Boys, Girls, Ladies and Gentlemen.

197 YONGE STREET.

EXPLANATION.

THIS GUIDE is a compilation of all the numbers of streets etc., at their intersections with other streets, and will be found invariably correct.

All streets running North and South have the odd numbers on the east side of street and even numbers on the west side.

Also streets running East and West have odd numbers on south side of street and even numbers on north side.

It will be especially valuable in indicating quickly the situation of any street number, by a reference to the street intersecting numbers. It also shows where cross-streets cross and end.

For instance: Charlotte Street is required, the GUIDE shows that it starts from 351 Adelaide Street West. Again: Number 425 Parliament Street is wanted, turn to Parliament Street in the GUIDE, and that number will be found to be between Gerrard and Spruce Streets, as Gerrard Street intersects at 401 Parliament, and Spruce Street intersects at 443, so it will be seen at a glance that 425 is between those two numbers, and so on *ad infinitum*. The GUIDE shows at a glance on what side of the street, east or west, north or south, the odd and even numbers of houses are. This saves enquiry, and is a feature of the useful little book which will be appreciated.

There are other recommendations for this pocket book, which fills a want in business circles. In compact form it has all the information which the large office directory has.

It is issued at a price which should command a large sale. Nothing of the kind has been attempted heretofore.
