WOLFVILLE LOSES TO KENTVILLE

In Closely Contested Game of Valley Hockey League

In spite of the disagreeable state of the weather a good sized crowd turned out to witness the hockey game last Friday evening between the local team and Kentville. Although the visitors proved to have the better team and won by 6 goals to 2, the game was not as one-sided as the score would indicate. The more experienced Wolfville forwards greatly surprised their supporters by the brand of hockey displayed, and it was only their inability to score when the chance offered that made the final result so uneven.

The local defence men played their usual splendid game and broke up the Kentville attacks time and time again. With more practice the Wolfville boys will yet have a winning team. The ice was very soft on Friday night, which made good hockey impossible, but both teams kept up a fast pace throughout the game.

Wolfville started the scoring by a nice shot from center ice by Harvey but a rush by G. Kennedy soon evened up the score. Some brilliant rushes by Clarke were unsuccessful. Again G. Kennedy shot a nice goal. The first penalty was given Bennett which was soon followed by one for Harvey. The period ended with no further score.

A third score by G. Kennedy opened the second period, while after some minutes of play Barteaux on a pack off in front of the Kentville nets put in Wolfville's second and last score. Burke scored for Kentville. Clarke was injured early in this period and was forced to leave the game. This greatly weakened the locals. The third period began by a goal by W. Kennedy but for almost all of the remainder of the period neither side was able to score. A few minutes from the finish a last goal for Kentville made the score 6-2.

Kentville—Goal, Walsh; defence, Wigmore, Bennett; forwards, G. Kennedy, Burke, W. Kennedy; spares, Baxter and Corbin.

Wolfville—Goal, Eagles; defence, Harvey, Clarke; forwards, Dick, Murray, Rand; spares, Bishop, Barteaux, Woodman.

SUBJECTS AND RULES FOR PRIZE ESSAY CONTEST
 Nova Scotia W. C. T. U., 1923-1924

When S. T. I. was put in the schools in conjunction with Hygiene less than fifty years ago, alcohol was called a food; it was classed as a stimulant; it was considered essential as a medicine. Today alcohol is known to be not a food, not a stimulant, but a poison. It is not essential as a medicine. In our schools today we must teach these facts concerning alcohol, not only for the sake of our own boys and girls, but for the young children in our midst. We must help them to love Canada, to understand its laws, to understand, its laws to learn that sobriety is an advantage, to health and success.

HIGH SCHOOL CONTEST
 Subject.—Total Abstinence, and Modern Industrial Organization.
 Number of Words.—Maximum 800; Minimum 600.
 Markings.—Essays shall be graded three-fourths on subject, and one-fourth on style, and grammatical excellence.
 Prizes.—\$3.00, \$4.00.

COMMON SCHOOL CONTEST
 Subject.—Five reasons why one gains by Total Abstinence.
 Number of Words.—Maximum 400; Minimum 200.
 Prizes.—\$3.00, \$3.00.
 Notes.—In High and Common School Contests each pupil in the room is expected to write.
 The teacher decides upon the best five essays, which should be sent in to the County President, Mrs. Nelson Morton Berwick, by March 15, 1924.
 All essays should be sent by the County President to the Provincial Superintendent, not later than April 15, 1924.
 Mrs. E. C. ADAMS,
 Prov. Supt. S. T. I.

A LIST OF ROBERT WINKWORTH NORWOOD'S WORKS

Last week we noted that the celebrated poet, Robert Winkworth Norwood, would read selections from his poems in the auditorium of the Baptist Church on the evening of February 7th. Those who are looking forward eagerly to his coming will doubtless be glad to have the following list of his poetical works for reference:

- His Lady of the Sonnets, 1915. Sherman, French & Company.
- The Witch of Endor: a Tragedy, 1916. The George H. Doran Company.
- The Piper and the Reed, 1917. The George H. Doran Company.
- The Modernists, 1918. The George H. Doran Company.
- The Man of Kerioth, 1919. The Geo. H. Doran Company.
- Bill Boram, 1921. The George H. Doran Company.
- "The Witch of Endor" and "The Man of Kerioth" are plays; the others are books of poems. "Bill Boram" is an epic of seafaring life. Its hero is a blaspheming old Nova Scotian captain. It will be noted that all the above listed books save one are published by the George H. Doran Company, New York. Their Canadian agents are McClelland & Stewart, 215 Victoria Street, Toronto, Canada. I have not a doubt they could supply "His Lady of the Sonnets" also, if it is still in print. All these books save one, "The Modernists", are in the Library of Acadia University. The Librarian and her staff will gladly show them to visitors who wish to become acquainted with this poet's works before hearing him.

HON. NARCISSE PERODEAU

The new Lieutenant-Governor of Quebec, who will occupy historic Spencer Wood, succeeds Hon. L. P. Brodeur, who died recently.

OUT IN FRONT

- WE do not approve
- OF betting.
- AS a rule—
- WE seldom have
- SUFFICIENT funds.
- NEVERTHELESS
- WE dropped into the rink
- THE other night.
- OUR laundry bill wasn't
- PAID and
- OLD man dope placed
- KENTVILLE
- AS a sure tip.
- BESIDES
- WE always did like
- AMATEUR hockey.
- WE found the betting
- A LITTLE confusing.
- KENTVILLE were badly
- IN the minority.
- WE deserted them
- AT the start.
- OTTAWA sounded good to us.
- BUT their representation
- WAS also small.
- WINDSOR—
- OR is it Berwick—
- LOOKED tres bon
- BEFORE the game.
- WE didn't care for
- HIS style of hiding
- IN the nets.
- CANNING showed up well
- number—but
- IN the end
- WE put our money on
- WOLFVILLE.
- THEY at least had
- A MAJORITY.
- THAT'S where we
- SLIPPED up—
- SUPPOSE we all do
- AT times.
- NEXT time our fortune.
- SUCH as it is.
- GOES on Grand Pre.
- THEY'RE the pigs eyebrows.
- ALL right, all right.
- NOW
- WE would like to see
- THE home team
- PLAY Kentville.
- WE thank you.

CARD OF THANKS

The family of the late Mrs. Leonard Pick wish to thank all those who extended to them sympathy and help in their recent bereavement, also to thank those who rendered the beautiful music at the church.

Mrs. George Eye,
 Mrs. Carrie Hand,
 James Pick.

FRUIT GROWERS IN SESSION

Successful Convention Discusses Problems Facing Our Great Industry

Those responsible for the carrying on of the sixtieth annual meeting of the Nova Scotia Fruit Growers' Association were especially favored by weather conditions.

The first meeting convened at 7.30 o'clock on Tuesday evening in the Acadia Memorial Gymnasium, kindly placed at the disposal of the town and the association for these important gatherings. In the absence of the president, Mr. J. Elliot Smith, who is at present in London, England, the chair was occupied by the Vice-President, Mr. A. FitzRandolph, of Bridgetown. The opening prayer was made by the Rev. Dr. Patterson. In the unavoidable absence of Mayor Phinney a most cordial welcome was extended to the members of the Association by Councillor Balcom on behalf of the citizens of Wolfville.

In the course of his remarks reference was made to the Association's historical relation to our Town. This was its birthplace and for more than a generation the scene of its annual meetings. Citizens of our Town and immediate vicinity have always been prominent in the Association as officers and valued contributors to the discussions.

Then, too, it is fitting that the N. S. F. G. A. should meet at Wolfville, the educational centre of its constituency, since the aim and purpose of the Association is and always has been primarily educational. The benefits realized from the discussions and the papers presented at these meetings is incalculable. No small part of the remarkable progress of this valley in fruit culture and marketing is to be ascribed to the work of the N. S. F. G. A.

The address was replied to in fitting terms by Mr. H. S. Shaw, of Berwick, who assured the speaker that it was partook of the hospitality of this progressive town.

The annual report of the president was read by Mr. FitzRandolph and printed copies were distributed among the audience. This report, which is printed in full in another place in this paper, will be found of interest and profit.

Best speakers of the session were Rev. Dr. Patterson, who gave an address which was listened to with close attention; Dr. Cummings, who spoke on present agricultural conditions; and Prof. Macoun whose subject was "Beautifulizing home surroundings". This was to have been illustrated but owing to the lantern not working satisfactorily this feature had to be dispensed with. The address contained many valuable suggestions and was heartily enjoyed by those present.

A part of the evening's program that was greatly enjoyed by all was a concert solo by Harold Phinney with piano accompaniment by Verne Graham.

Wednesday morning's meeting was featured by two important addresses—one given by Colonel Innes, of the Soldier's Re-Establishment Board; another by A. Kelsall, of the Agricultural Department. The opinions expressed by these speakers gave rise to a most interesting discussion, from which it is hoped new interest will be aroused in the subject.

Colonel Innes took as his subject "The Settlement of the Annapolis Valley", and he was extremely frank in the expression of his views. He considered that the average farm is much too large to be productively cultivated, and advocated the division of such large farms into several smaller ones. In this way opportunity would be given to many new settlers, and they need not confine themselves to apples growing alone, but could engage in a full and varied agricultural programme.

At this point, Colonel Innes stressed the opportunity that Nova Scotia had of gaining the English dairy market, if her farmers would only apply themselves to this industry. Our greatest need, he said, in the handling of all farm produce is an efficient co-operative system and a business-like marketing organization. The immigrants whom we desire are those people who will work hard, and live simply. Such people will find many vacant farms and insure a steady labor supply. Furthermore, it is necessary that Nova Scotia farmers take a more kindly, helpful, and instructive attitude towards the new immigrants of this settlement as to be a success. The speaker dwelt a moment upon rural social conditions and mentioned the importance of beautiful home surroundings and the value they gave both materially and aesthetically.

In order to improve farm properties and to settle our own young men upon the land it would be a wise policy for the Government to initiate a long term loan association to advance money to enable the young men to purchase property. By such a procedure, one method of stopping the exodus of young people

ACADIA DELEGATES REPORT

The Sunday evening service at the Baptist church was held under the Student Christian Association of Acadia. Mr. C. M. Spidle, President of the Association, presided, and a student choir led the singing. The musical selections included a duet splendidly rendered by Misses Evelyn Duncanson and Amy Prescott. Mr. Wallace Forzye of the Sophomore Class offered prayer. The speakers of the occasion were Miss Alice H. MacLeod and Mr. W. Preston Warren, the Acadia delegates to the student Volunteer Convention held at Indianopolis, Dec. 28-Jan. 1. Miss MacLeod emphasized the nature and significance of the convention, stating in brief that the attendance, 6,151, was the largest in the history of this movement; that the speakers were eminent men representing the peoples of Europe, Asia, Africa, and America; and that the two topics subject to the most discussion at the Convention were the problems of War and Race Relations. In regard to the first problem, it was agreed by a large majority vote that the League of Nations is an absolute necessity for promoting world peace. Miss MacLeod concluded by saying that we ourselves constitute the real problem, and we must make a full application of our religion to every department of our lives.

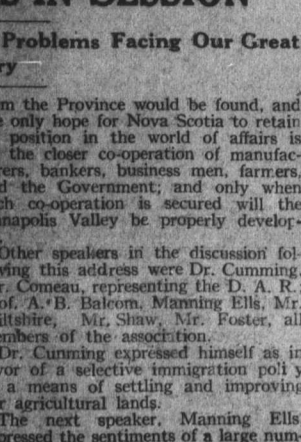

Mr. Warren pictured the existing world situation with its gigantic problems. Severe economic depression, Asiatic evils in our industrial system, and the continuance of a deadly militarism constitute a mighty challenge to the students of today. The speaker stated that it was the firm conviction of the Convention that the only solution to modern problems lies in the unqualified application of Christian principles and that the application must be world-wide. Missionaries must carry Christ to every part of the world and interpret Him and His teaching in concrete living. Furthermore there must be actual and determined living terms of Christ by the students of today.

The first regular meeting of the congregation of St. Andrew's United Church was held in the school room on Wednesday evening, with a good attendance. Rev. Dr. Hemmeon, the minister, conducted a brief and appropriate devotional service, after which Mr. J. D. Chambers was elected chairman and M. J. Tamplin secretary. The latter read the minutes of the first meeting of the united congregation, which included a very complete resume of the proceedings which culminated in the union.

A report of the Sunday School was presented by the superintendent, Prof. Sutherland, and Major Macpherson, the secretary. This was spoken to by a number of those present and adopted. The financial report was presented by Mr. P. W. Davidson, who also submitted the estimated receipts and expenditures for the current year, in which provision was made for a liberal and efficient support to the various departments.

Officers for the ensuing year were elected, hearty votes of thanks to the Sunday School workers, choir and office holders were passed, and the meeting closed with the benediction by the minister.

HON. WALTER C. NICHOL

Lieut.-Governor of British Columbia, who with Mrs. Nichol was among the prominent people on board the C. P. O. S. Empress of Scotland, which docked at Halifax on Wednesday to take off supplies for a cruise in the Mediterranean.

LIBERAL CONSERVATIVE ASSOCIATION

The annual meeting of the Liberal Conservative Association of the county was held at Kentville on Monday afternoon. The gathering proved to be most enthusiastic and the Court House was completely filled.

The president, H. W. Phinney, gave an excellent address, reviewing the work of the last year, and declaring that there was greater confidence in the party now than when they met a year ago.

The annual reports of the secretary-treasurer, G. H. Oakes, were presented, and a large number of new members added.

After a nomination committee had reported the following were elected as officers for the year:

Honorary President—T. P. Calkin.
 President—George Bishop.
 Vice-President—Miss A. Leontine Chipman, H. G. Harris, W. L. Nichols.
 Secretary—G. H. Oakes.
 Mr. Bishop took the chair amid applause and after thanking the members for their confidence in him, he predicted that before another annual meeting this province would have a new Premier.

A resolution endorsing the leadership of Right Hon. Arthur Meighen was moved by Dr. McNally, of Berwick, seconded by G. L. Bishop, and carried with enthusiasm. Another resolution, speaking in high terms of the ability and leadership of W. L. Hall, was moved by Ernest Eaton, of Canard, seconded by A. A. McNell, of Millville, and adopted. Votes of thanks for the arduous duties performed by the secretary, G. H. Oakes, and the retiring president, H. W. Phinney, were carried amidst applause.

Addresses were given by R. T. Caldwell, G. C. Nowlan and W. L. Hall, K. C., all of which were enthusiastically received.

ACADIA UNIVERSITY BUYS ADDITIONAL PROPERTY

An important real estate deal is announced in which citizens of this town are naturally interested. It is said that the Board of Governors of Acadia University have acquired the Stackhouse property, which is intended to use as the site of the new Seminary building when that is erected. The property, which is located at the west end of Main Street, is exceptionally adapted for the purpose for which it is intended and is one of the finest in town. It was formerly the old William DeWolfe farm and was for years the residence of the late Prof. D. F. Higgins. It comprises 45 acres of land and is exceedingly well located. The dwelling is one of the oldest and largest in Wolfville and years ago was used as a young ladies' school. The purchase price has not yet been made public.

It is understood to be the purpose of the University authorities in erecting new buildings to isolate so far as is possible the different schools and make each plant a distinct and separate unit.

MORSE'S SELECTED ORANGE PEKOE

MORSE'S SELECTED ORANGE PEKOE is the name of that delicious tea that is so well and favorably known in this province. It is important to buy the genuine because that has been making its reputation for years.

CARD OF THANKS

Mr. and Mrs. Harry Palmeter and family, North Grand Pre, wish to thank those friends who sent flowers and notes of sympathy in their recent bereavement.

Our pulpits are our work clothes. Each of us live some kind of a sermon every day.

NOVA SCOTIA FRUIT GROWERS' ASSOCIATION

This grand old organization, which has been in annual session in the town during the past week, is rounding out the sixtieth year of useful activity in the interest of the apple-growing industry of this province.

As an element necessary to the development and financial success of the apple industry the grouping together of progressive growers for the purpose of conferring on the best ways and means of improving conditions has proved a wise and well justified undertaking.

The activity displayed in fruit growing in the Annapolis Valley and in other parts of the province since the inauguration of the Nova Scotia Fruit Growers' Association is a high tribute to the initiative and energy of the pioneers of the long ago.

Among those who served as secretary were Dr. J. R. Hea, Andrew H. Johnson and C.R.H. Starr. The latter filled the office for nine successive years.

Wolfville was for many years regarded as the headquarters of the F. G. A. The annual meeting was held here, with quarterly meetings at different points in the fruit-growing sections.

The Nova Scotia Fruit Growers' Association has not outlived its usefulness as some are inclined to believe. It has yet much valuable service to render.

THE NOVA SCOTIA TEMPERANCE ACT

That a strenuous effort is being made in some quarters to disparage the Nova Scotia Temperance Act is very apparent. As a matter of fact the law is a very good one but shamefully neglected in its enforcement.

The element of personal profit in the old days was regarded as the motive behind the liquor business, and it was thought that if some means could be devised by which this could be eliminated the difficulty of fighting the evil would very largely vanish.

Some of these days the people of Nova Scotia will be asked to reverse their opinion regarding provincial prohibition on the ground that it has proved ineffective in controlling the liquor traffic in Nova Scotia.

AMUSING THE PUBLIC

The comment frequently made these days by those whose business it is to cater to the entertainment of the public is far from complimentary to the present generation. They pronounce it unprofitable in the extreme to attempt to put on anything of a dignified or intellectual character as only programs exceedingly light appeal to those who patronize present day places of amusement.

On the other hand the theatre man will scarcely be able to justify his course wholly on financial lines. Like the self-respecting newspaper those engaged in this sphere of usefulness should realize that they are responsible to their fellows for the kind of service

they are giving. They cannot afford to be always led but in a sense, at least, should be moulders of public opinion. No man liveth unto himself and we ought to be willing to contribute something to the general weal in return for the privilege of living and doing business in this good old world.

SCHOOL BOOK FICTIONS

Under some circumstances there is nothing more delusive than average figures. It is said, of course, that figures may be made to prove anything; and there is truth in the statement. Of all figures, averages are the most adaptable for tricking the mind.

That the cost of the common school books with all new books figured up for last year, spread over the number of children attending school in the province, average not over 92 cents per pupil.

The cold fact remains, however, that parents are actually paying in hard cash a good deal more than 92 cents for books. The parents know this. They know it because they have to have to hand over the cash. Receipts of average figures collated by the School Book Bureau will not convince parents that they do not have to pay--when they know that they are actually paying--far more than 92 cents.

There should be an end to this sort of "proving black white" by departments of government.--Halifax Herald.

ANOTHER SUFFERER AIDED

Mrs. Veniot Attributes Her Wonderful Improvement to Dreco, the Famous Herbal Remedy

Expressions of gratitude of the kind given by Mrs. Alex. Veniot, of Sunny Brae, N. S., tell their own story of the splendid tonic and corrective properties of Dreco. This lady had practically given up hope when she heard of Dreco and wisely decided to give it a trial. Here is her story, short, but testifying with interest for every sufferer:

"After having been in bed for four months without showing any signs of improvement, I thought I would give Dreco a trial. I was troubled with indigestion, constipation and nervousness. I could not eat any meats or heavy foods and also suffered from rheumatism. I felt miserable all the time, but Dreco has made a wonderful difference. I can eat almost anything now without feeling any after effects and feel fine generally. I give all my praise to Dreco, for it has put me on my feet so that I can go any place with comfort."

Mrs. Veniot's experience is that of everyone who has tried this grand remedy. It is particularly valuable as a system-builder, because of its beneficial action on all the organs of diges-

tion. Dreco puts them in proper working order. Dreco contains no mercury, potash or habit forming drugs. It is made from herbs, roots, bark and leaves that may always be relied on.

Dreco is being specially introduced in Wolfville by A. V. Rand, and is sold by a good druggist everywhere.

HABIT OF THE "TRADER RAT"

The trader rat is the common wood rat, the bushy-tailed rat of western and northern America. This rat does make a practice of leaving something in place of food, etc., that it may have stolen. This is not an intelligent act on the part of the rat, however, but is due to the fact that the rat sees the food when it is carrying bits of sticks or paper in its mouth, which it generally drops when finding the food.

AND HE GOT IT

PRESIDENT'S ANNUAL REPORT

TO MEMBERS OF THE NOVA SCOTIA FRUIT GROWERS' ASSOCIATION.

Ladies and Gentlemen:

As President I welcome you to the town of Wolfville, and wish to take this opportunity of expressing to the Association my deep anxiety for its welfare and my best wishes for a large and successful meeting. I have attended all annual meetings of the Association since January, 1897, and as your President regret my absence this Session.

Not knowing the programme to be presented, I offer you an address of a general nature, dealing briefly with my observations gathered in different parts of the country over here. As you know, I am one of several delegates on a lecture tour on Canada through the British Isles, each delegate putting forth the claims of his respective Province. At the Birmingham Fat Stock Show held on December 1, 3, 4, 5 and 6 I was in the Canadian booth, interviewing and giving information. Through the kindness of Mr. J. Howard, Agent-General for Nova Scotia, and Colonel Campbell, the Canadian Government Emigration Agent at Birmingham, I was able, on November 30, to purchase in the market a barrel of Nova Scotia No. 1 Kings, and to arrange the apples in baskets, making a fine display which was greatly admired and commented on. They cost 27 shillings, and bore the name of W. E. Young, White Rock. I may add they were honestly packed. The only other apples on view were a box of Ontario Greenings from the Imperial Fruit Show, which the Ontario Government Agent in London sent on. I had two cards printed, one stating—
"Grown in Nova Scotia, Canada"

Nova Scotia apples won first prize in the British Empire Section, Imperial Fruit Show, Crystal Palace, 1922, for best Cooker and Dessert varieties of 20 boxes each.

I find the Maritime Provinces handicapped by lack of suitable propaganda. The different agents comment on the fact. Apart from the booklet on Eastern Canada, published at Ottawa, there is nothing on Nova Scotia. Ontario and British Columbia Provinces have abundant literature, in addition to the booklet on Western Canada published at Ottawa. If each of the thirteen emigration agents for Canada in England, Scotland, Ireland and Wales had 1,000 copies of a booklet on Nova Scotia by the Royal Print, it would be a good investment. On the other hand, some excellent propaganda for Nova Scotia has been done by the Canadian Official Press Bureau which the Federal Dept. of Immigration recently established in London, under the direction of Mr. W. T. Cranfield, a journalist with a wide and intimate knowledge of Canada and a unique position on the British Press. During the past few weeks no fewer than four articles dealing with apple-growing in our Province have appeared in good class English papers with a combined circulation of 280,000. The Bureau was of assistance to me in making widely known my mission in England, and I regard the establishment of this Bureau by the Ottawa Government as an important step in the right direction.

I have met many people here who say they always buy Nova Scotia apples when they can get them. I had enquiries as to where they might be obtained. I referred them to J. H. Goodwin & Sons, Covent Garden, London. I also had an enquiry from a man in Wigan (Lancs.), who wrote:—

"This year I have purchased a large number of W. D. Burgess' No. 1 'Wagner' apples, of Sheffield Mills, N. S., and have found them most reliable, and evenly graded."

Our membership is the one vital part of our Association that must be carefully guarded. The members must be kept interested in the work. The cost is so small (\$1.00 per year) that I hope everyone who is not already a member will respond quickly. Unless the Agricultural Instruction Act of 1912 be re-enacted at the next session of Parliament, our Association will have to raise its membership dues, or forego the publication of its annual report.

We should note with pleasure the beginning of a survey of Nova Scotia's resources, in Hants County last summer, by F. H. Kitto of the Natural Resources Intelligence Branch, Ottawa. Many agricultural problems may be investigated at the Experimental Farms under the direct observation of the investigator, but there are other problems which cannot be so investigated. One is the determination of the status of the fruit-growing industry in any given section of the Province. We want to know if fruit growing offers better opportunities in such localities than stock-raising, dairying, or special lines of agriculture, or if certain combinations of these industries are more popular. The problem is not solved by striking a success here and a failure there. The only way is to get at the average. Such a survey should show:

- Farms for sale;
- Location of lands suitable for development;
- Successes and failures, and their underlying causes;
- Methods of orchard management, and the influence of each.

In spite of the two gales in August and October, we have gathered a good crop of apples, and, judging from sales which I have noticed over here, marketed them at satisfactory prices, considering the large increase of all apples imported this season over last season. The market was somewhat affected by the sending of so many windfalls; we should not encourage the marketing of any fruit of so low a grade as not to be recognizable as belonging to the species. This Association should put itself squarely on record as opposed to such a practice. It is ruinous to fruit-growing, because anyone who is trying to form a liking for some particular apple will be entirely discouraged by the taste of such stuff. Here the old saying will help us:—"The real worth of anything is just as much as it will bring."

Although our reputation for honesty of pack is being maintained, is it not a fact that more No. 3's and culls are caused by careless and improper handling than are produced by natural causes before the crop is harvested? I refer especially to

picking by the barrel. How often one sees in our local papers that a man has picked 50 barrels in a day for one grower. If the grower saw the apples in the warehouse, before packed, he would come to the conclusion that such a practice is not popular.

We cannot depend entirely on the reputation of our fruit unless we put it on the world's markets in the best possible condition. There is no doubt we are raising crops on cheaper land, and selling them for better prices with less expense, than in any other part of Canada, or America. Do you know the cost of laying down in boxes of British Columbia apples, in comparison with ours in barrels? The cost of laying down at Covent Garden of British Columbia apples in boxes, by way of the Panama Canal, is 4 shillings and 11 pence, and overland 5 shillings and 9 pence, against a Nova Scotia barrel at 6 shillings, which leaves an appreciable difference in our favour. Nova Scotia thus enjoys a distinct geographical advantage over the more distant Provinces of the Dominion.

For a long time to come we must continue to pack the bulk of our crop in barrels. But we should not be contented to pack all our fruit in this way. Our Gravensteins, Macintosh Reds, and Cox's Orange Pippins should be packed in boxes. When the barrel leaves the wholesaler and goes to the retailer, the identity of our apples is lost, because the retailer, either the barrow-luckster or the shop-keeper, turns out the apples. I ask these people what apples they are, and the invariable answer is "American". Now, in the case of the box, the consumer can see if they are Nova Scotia, British Columbia, or American. Although the Western fruit lacks flavour, you do not hear a word about lack of uniformity or grading, and honesty of pack. We have so many advantages that we should succeed if we just keep right at it, and we are thankful for the past and for the promise of the future.

Do we fruit growers give sufficient attention to advertising? Do we strive to create a demand for our produce? The Imperial Fruit Shows are one form of advertising and of creating a demand. But we must not be content merely with producing prize-winning boxes of apples; we must establish the reputation of our fruit firmly and securely, so that it will carry its trade mark everywhere in the markets of the world. We must exercise the greatest care in growing, packing, grading, and handling the fruit, so that when a merchant or an individual in any quarter of the world buys a barrel or a box of Nova Scotia apples he will find it exactly what it is represented to be.

At the different towns I have visited, I noticed some very attractive cards on all classes of dried fruits, which suggested the idea of having a display-card packed in our barrels, such as this:—

"If you wish to enjoy the best of health, eat Nova Scotia apples, the world's finest produce."
On the back of the card might be printed:
"Please place in window."

This would draw attention to our fruit.

I am afraid we do not sufficiently appreciate our geographical position as Nova Scotians, which must be a great factor in determining our future. In my lectures I have set forth the pre-eminent claims of Nova Scotia,—its ideal climate, the fertility of its soil, its enormous natural resources, the comforts, conveniences, and surroundings more closely resembling conditions in the Old Country, and, of course, its nearness to Britain.

Although Imperial Tariff Preference is for the moment a dead issue, and the voice of the people has made a decision, there can be no doubt that public interest will eventually revive it, possibly in days when the issues are less complicated, and then we may confidently hope for a more favorable decision.

The Nova Scotia Fruit Growers' Association is an educational organization, and educational work must therefore be its chief task. Any measure of success that may have attended our efforts in the past is due to the closeness with which we have followed this ideal. Whatever progress we make in the future,—and progress is essential to the very existence of such an organization as ours,—will likewise spring from the educational policies which we initiate and carry out.

It is only proper on this occasion to record our appreciation for the different agencies of the Departments of Agriculture, both Federal and Provincial, for the manner in which they have served the fruit-growing interests. They have been at all times responsive to our needs, and by legislation, demonstration and experiment have done much to protect and build up our industries. It is hard to realize what fruit growing in this Province would be today without the instruction and assistance of such agencies as the Experimental Farm, Kentville, the Agricultural College, Truro, and the Dominion and Provincial Entomological services. In particular, we regard the passing of the Agricultural Instruction Act, 1912, as a milestone in the agricultural development of this Dominion, and particularly of our own Province. We note with the utmost concern that, unless re-enacted at the next session, this important legislation will lapse. We would regard it as nothing short of a calamity to agriculture, and particularly to the fruit industry, if this beneficent legislation should fail of renewal, and we would most strongly resist any failure to provide for those lines of work which have been carried on so effectively in the past, by its aid. The least this Association can do under the circumstances is to express in a resolution its appreciation of the benefits that we have received, and its earnest desire that such essential support be continued. I hope such a resolution will be adopted and signed by the members present.

Both Federal and Provincial Governments are putting forth every effort to place immigrants upon the vacant land of our country, and it is obvious that new efforts in agricultural education is vital to the success of any such policy. If strangers to our agricultural practices are placed upon our land, without tuition and without assistance, many more failures are bound to result than would be the case were proper instruction first provided.

The success of the Three Counties Exhibition held in Kentville last October was due largely to Professor Blair. In spite of the season the fruit exhibit was one of the finest ever displayed. We were wise, I think, in not exhibiting at the Imperial Fruit Show held in Manchester, and in deciding to rest on our laurels of 1922. I understand that the Show next year is to be held in Birmingham. The United Fruit Company must be congratulated on their exhibit and the high honours they received

at Manchester this year. Everywhere I hear comments on the fine pack this Company is putting on the market, and its promotion of the principle of co-operation in fruit-growing has placed all fruit-growers in this Province under a real obligation.

I wish, on behalf of this Association, to offer congratulations to our valued friend and member, Mr. W. T. Macoun, for winning the medal donated by J. E. Carter, of Guelph, Ont., for the man doing the most during the year to advance horticulture; this medal was presented last March at the banquet of the Canadian Horticultural Council.

People often enquire about Dr. Cumming. I tell them of the esteem in which he is held by all, and say that he knows the needs of the people and the legislation required, and that so long as he holds the important position of Secretary of Agriculture for Nova Scotia, the farmers and fruit growers will always get any reasonable support.

I know that the Wolfville Board of Trade, under whose auspices this 60th annual meeting is held, and the town of Wolfville and its citizens generally, will make your visit pleasant and enjoyable.

J. ELLIOT SMITH.

Dec. 28, 1923.

PRUNING OF TREES

It is generally conceded by both scientific investigators and commercial growers that fruit trees should be pruned during the first two or three years of their life. This pruning is designed to produce a well balanced tree with a strong framework capable of carrying heavy crops as the tree grows older. Experiments have shown that as a rule unpruned trees come into bearing earlier than those which are pruned. Failure to prune trees when they are small however, commonly results in serious trouble in later years. Such trees frequently develop too many main branches, but crotchets are formed, and the percentage of breakage is heavy.

When the tree has passed the formative period the necessity for pruning is not quite so obvious, but most authorities are agreed that even after the tree reaches bearing age it is still advisable to pay it an annual visit with the pruning shears. The object of this is to remove all interfering branches and to open out the tree so that the sunlight can penetrate to each fruit spur. The labour thus expended is fully paid for by the improvement in the grade of fruit produced.

The dormant season is the logical time for pruning although when the wood is frozen the work may not be very agreeable to the grower. Where young trees or stone fruits are concerned it is probably advisable to delay the pruning until late winter or early spring, but bearing apple trees can be pruned in zero weather without apparent injury. Pruning is the one major orchard operation which can be performed to advantage during the winter months. At this time there are no leaves to interfere with the vision of the pruner and consequently he is better able to judge which branches should be removed. Furthermore, it is only during the winter that the grower has the time to give to this work.

Consistent and systematic annual pruning aid in producing more extra fancy fruit.

Ask for Minard's and take no other.

RAKWANA MAID TEA

Those who invite the Rakwana Maid to their homes have the finest tea to serve guests, and at the lowest cost per cup.

For the Golden Orange Pekow contains the most priceless tea on the market, yet because each package produces 450 cups (twice the usual number) it really is the least expensive tea.

R. E. HARRIS AND SONS

WOLFVILLE, NOVA SCOTIA

WHOLESALE AND RETAILERS

Personal and Social

Dr. J. H. MacDonald spent Sunday at Truro.

Miss Georgie C. Miner spent a few days in Halifax recently with friends.

Mr. Frank Deveau left for Montreal yesterday on account of the illness of Mrs. Deveau.

Messrs. Tanner Smith and James Baizer left for Kings Collegiate, Windsor, after the Christmas vacation.

Mr. Clarence A. Spinney left on Monday last for Yarmouth on business, and will remain until the first of next month.

Miss Gertrude Eaton, of Lower Canada, has accepted the position of assistant to the pastor of the First Baptist Church, Amherst.

Miss M. Hobson Smith left on Wednesday evening to spend some weeks with relatives and friends at Middleton and Bridgewater.

Mr. Maxwell Miller, of Bridgetown, is visiting Mr. Hollice R. Spinney. While here he attended the N. S. Fruit Growers' Association convention.

Mr. W. H. Chase left yesterday for Porto Rico where he will probably spend the rest of the winter. THE ACADIAN understands that the trip is largely a business one.

Rev. F. S. Porter, of St. John, N. B., who is retiring from the office of district secretary of the Bible Society, has accepted a call to the pulpit of Trinity Baptist Church, Oklahoma City, Okla.

One of the most pleasant social events of the week was the reception given on Tuesday afternoon by Mrs. Maxwell MacRae. Many ladies took the opportunity of meeting Mrs. MacRae, who is a new comer to the town and who was assisted by her friend, Mrs. I. A. Macpherson. Tea was poured by Mrs. C. M. Vaughn, and Mrs. Raymond Dill, of Windsor, Mrs. D. G. MacDonald, Mrs. J. D. Harris and Mrs. H. S. Major assisted in serving. The tables presented a most attractive appearance with their decorations of carnations and roses and a most enjoyable time was had.

DR. HUTCHINS SPEAKS AT ST. ANDREW'S CHURCH

Rev. Dr. Hutchins, who was the preacher at St. Andrew's church last Sunday morning, delivered a most thoughtful and helpful address, which was listened to with interest and profit by a large congregation, many of whom heard him for the first time since he became a resident of our town.

Dr. Hutchins spoke on "The extravagance of love", taking his sermon on the words "This ointment might have been sold". Mary's ointment was worth three hundred shillings. Yet Mary had poured it so lavishly over the head of Jesus that she had to wipe it up with her hair. Why squander with such careless hand a year's wages of a working man? Jesus endorses, and more than endorses Mary's act. He gives it eternal value and imperishable worth. Why did Jesus so decisively approve of her extravagance? That is a question worth consideration.

"It might have been sold!" but think what it would have cost Mary. What was Mary's extravagance worth to Jesus? Yet Jesus answers that question—"Me ye have not always with you." A distinguished preacher has said that one of the religious deficiencies of our time is a lack of love for Jesus Christ. Does not a reading of the New Testament convince us that he is Jesus? It might have been sold if Jesus was to be given no consideration.

"It might have been sold!" but what would it have cost Mary? Many a noble ideal and thrilling impulse has been exchanged for ease and comfort and conformity to social custom. Mary, selling her ointment would have been Mary selling out all that made her Mary. Love does not need to be always extravagant, but love must not be always calculating.

"It might have been sold!" but what would it have cost humanity? Would you take, would you give three hundred shillings and have Mary's box remain unbroken? Our moral progress, our spiritual development are the result of the deed that might have been left undone, the sacrifice that might have been evaded, the alabaster box that might have been preserved unbroken.

KENTVILLE DEFEATS ACADIA

KENTVILLE, Jan. 15.—In a fast game on good ice, the Kentville team tonight defeated Acadia by a score of 12 to 3. There was continuous good play on both sides, but the visitors were unable to break up the Kentville combination and for the most part, the play was in the Acadia territory.

One minute after the whistle, Oiler, for Kentville, scored the first goal from the ice. One of his team mates followed and the first period ended 2-0. Burke continued the scoring for Kentville in the second period with W. and G. Kennedy contributing a couple of successful shots each. Wright, of Acadia, scored the first goal for the visitors in this period. The visitors put two into the net in the third period and Kentville brought their total up to 12.

Kentville—Bernaby, goal; Wigmore, Baxter, Corbin, defence; W. Kennedy, Leach, G. Kennedy, Bennett, wings; Burke, centre, Ciler and Patterson, subs. Acadia—Crowl, goal; Wright, Jenkins, defence; Heaton, R. D. Johnson, R. W. Johnson, wings; Brady, McLatchy, Murray, subs.

Evening Worship at 7 o'clock Speaker: Rev. D. B. Hemmeon Special music at both services. 3 P.M.—Services at Greenwich and Grand Pre.

WINDSOR DEFEATS KENTVILLE

WINDSOR, Jan. 14.—Kentville made its first appearance on Windsor ice this evening and met with a warm reception from the locals, being on the short end of a 5 to 3 score. This is the first defeat suffered by the Kentville sextette this winter.

The visitors had the better of the territory, and a few minutes after play had started W. Kennedy scored from the wing, and about five minutes later Ruhn made a nice rush from his own end and scored unassisted. Five minutes before time Wigmore made a sensational rush from his end and scored a clean goal. Both net guardians stopped shot after shot. Kuhn had the more difficult ones, but turned them away like a veteran.

The second period opened with a rush, the rubber going from end to end. Kuhn and McCann played a fine game, breaking up many fine plays of combination. Shortly after this period opened J. McDonald shot from outside the defence and fooled Wigmore and Walsh with a finely placed shot. Burke carried the puck to the local defence and passed to W. Kennedy, who was five feet off-side, but the referee did not see it and the score was allowed. Vic McCann made a fine play when he drew the whole visiting front line and started for the visitor's net, and after drawing the defence passed to Chambers, who made a nice score. The remainder of the period was very fast, and when S. McDonald skated on the ice he got a great hand from the crowd, and showed that he is still the old "Sammy". His entering the fray caused the visitors to enter a protest, which will be dealt with by the proper officials.

The third period opened still faster, and the large crowd were treated to "the fastest" twenty minutes of hockey seen on local ice. The play had only been in progress a short time when McCann shot from outside the visitors' defence and placed a nice score in the corner of the net. The next and last score of the game was made by J. McDonald, who got in one of his famous scoops and shot a hot one at Walsh and Wigmore, who had no chance to save. Play went from end to end until the final gong and a fast snappy game was over. The line-up:

Kentville—Walsh, goal; Wigmore, Corbin, Baxter, defence; G. Kennedy, W. Kennedy, Burke, Leitch, Bennett, forwards. Windsor—C. Kuhn, goal; V. McCann, G. Kuhn, S. McDonald, defence; J. McDonald, W. Chambers, W. Singer, J. Hughes, F. Poole, forwards.

The Romance Club members can purchase their books at The Wolfville Book Store Wednesday, Jan. 23rd, from 3 to 6 o'clock.

Dr. F. W. Patterson gave his address on "Self-made Cripples" before the Teachers Association at Amherst last Friday evening. Dr. Patterson spent Sunday at Amherst and gave two addresses in the First Baptist Church.

At a special meeting of the executive of the Valley League held at Windsor on Monday evening, the protest presented by Wolfville against the playing of Wignore on the Kentville team, which defeated the Wolfville squad last week, received consideration and after a vote the game was ordered replayed. Kentville will appeal to the Nova Scotia executive.

The town assessment has been completed and during the past week has been under review. Valuations, we understand, are much the same as in the assessment of 1922. Naturally there will be some inequalities which will require attention by the Appeal Court, but it is hoped that no such drastic measure may be resorted to as was the case last year. The assessors are Messrs. T. J. Harvey, G. E. Prescott and E. S. Langille.

Word has been received of the death in India of Rev. Isaac Chipman Archibald, the veteran missionary to the Upper Stewiacke about 70 years ago. He graduated from Acadia in 1880 and was sent to India in 1882 by the Foreign Mission Board of the Baptist convention. He was a valuable worker, founding the Good Samaritan native hospital in Chicaoole, for which he and his wife secured an endowment of \$10,000 by voluntary subscription. He is survived by his wife, formerly Carolyn Hammond, Dr. W. L. Archibald, of this town is a nephew.

LAST NIGHT'S MEETING

Approved Expenditure of \$10,000 for Fire Engine

At the citizens' meeting last evening both of the propositions of the Council were approved. The town will spend ten thousand dollars for improved fire fighting apparatus and two thousand for improvements in the School building. The balance due on the light bill of the Boy Scouts was generously raised during the meeting by private subscription from those present.

TOURIST BUSINESS TO BE MAIN FEATURE OF HALIFAX BOARD OF TRADE MEETING

The Annual Meeting of the Halifax Board of Trade, to be held on Tuesday, 22nd inst., at 8:00 p.m., is to be addressed by Mr. Hiram W. Ricker, President of the State of Maine Publicity Bureau, probably the best authority on Tourist Matters in the United States. Tourist business will be one of the main features of the meeting. Many prominent men identified with the Tourist movement will be present. Among invited guests is Calvin Austen, President of the Eastern Steamship Lines. John F. Masters, Secretary of the Canadian Club, Boston, is also expected to attend.

PASTOR RESIGNS TO WORK EXCLUSIVELY IN SOCIAL SERVICE

The resignation of Rev. A. J. Prosser, pastor of the Bridgetown Baptist Church, was read to the congregation last Sunday morning by M. C. Foster, Secretary of the Advisory Board of the church. While the resignation has not been formally accepted, it is generally understood that the decision is final. Mr. Prosser is to give himself exclusively to Social Service Work, with special emphasis upon Child Welfare. He is the Agent of the Annapolis County Children's Aid Society, and has been recently appointed Inspector for the Nova Scotia Temperance Act for the County.

Ruth MacDonald will take a limited number of VOCAL PUPILS Phone 246.

The Women's Institute of Grand Pre will hold a social evening in the vestry of the Methodist church on Friday evening, Jan. 25th, at 7:30 p. m. A very interesting program will be presented followed by refreshments and community singing. Admission 25c. All are welcome.

DEATH OF MRS. LEONARD PICK

The death took place on Tuesday, Jan. 8th, at the home of her son Fred in New York City, of Mrs. Leonard Pick, formerly of White Rock. Since the breaking up of the old home the deceased had spent her time among the members of the family. She had recently gone to New York to spend the winter with her sons, Lewis and Fred, intending to return to Nova Scotia next summer. On New Year's Day she was taken ill and rapidly failed until the end came. Before her marriage the deceased was Miss Rebecca Murray, of Greenfield. She was sixty-eight years of age and is survived by seven sons and six daughters, only one of whom, Mrs. George Eye, resides in this vicinity.

The remains were brought home for burial, arriving here last Friday afternoon. The funeral, which was held on the arrival of the train, was conducted by Rev. Mr. Roop, interment being in the cemetery at Gasperey.

REV. EDWARD BLEAKNEY RECEIVES APPOINTMENT

(From a Utica, N. Y., paper) Rev. Edward Bleakney, pastor of Tabernacle Baptist Church, who was Utica's representative at the Washington Citizenship Conference some time ago, has received and accepted an invitation to become a member of the national committee. Other Baptist members of the committee are President Clarence A. Barber, Dr. Harry Emerson Fosdick, Ex-Gov. Carl A. Milliken and Dr. Cornelius Woelfel. Mr. Bleakney will represent Central New York. He will attend a meeting for organization in New York in about a month. (Note.—Rev. Mr. Bleakney is a son of Mr. and Mrs. A. W. Bleakney, of this town.)

CANARD

The community was greatly shocked, to learn of the death of Miss Flora Burgess who passed away on Monday of heart trouble. Miss Burgess, on retiring was in her usual health and when visited by her sister the next day was found to have passed quietly away in sleep. Miss Burgess was a devoted and earnest member of Upper Canard Presbyterian church, beloved by all who knew her and stood for all that was for the best life of the community. She was the daughter of the late William F. Burgess, of Lakeville. Much sympathy is felt for her sisters Ella, wife of Mr. Hibbert Dickie, Lower Canard, and Adella wife of the late Dr. Fitch of Lakeville.

There passed away on Tuesday after a short illness, Adela, youngest child of Mr. and Mrs. David Ross, Canard.

GRAND PRE

Mrs. W. H. Langille, of Halifax, is the guest of Mrs. F. Chipman. Mrs. Langille has many friends here and all are glad to see her again. Mrs. W. C. Hamilton is the guest of Mr. and Mrs. R. L. Harvey. Mrs. R. R. Duncan has been the guest of her sister, Mrs. W. C. Trenholm. Miss Jennie Davison left on Monday for Halifax where she will visit friends.

The monthly meeting of the Hattie Jost Mission Circle was held at the home of Mrs. R. W. Woodman. Owing to the storm only a few members were present.

Miss Annie V. Martin, who has been nursing in St. John, N. B., is visiting here, guest of Miss Stuart.

Willow Bank Cemetery

The annual meeting of the shareholders of Willow Bank Cemetery will be held at the Town Hall, on Monday, January 28th, at 2:30 o'clock.

TOWN OF WOLFVILLE

Notice is hereby given that the assessment roll of the town of Wolfville, which the rates will be levied in and for the said town for the year 1924 has been filed in the office of the undersigned, the town clerk, and that the said roll is open to the inspection of the taxpayers of the town. And further, take notice that any person, firm, company, association or corporation assessed in such roll, who claims that he or it is over-assessed on such roll, may, on or before the tenth day of February next, give notice to the undersigned, the town clerk, that he or it appeals from such assessment, in whole or in part, and shall in such notice state particularly the grounds of objections to such assessment. And further take notice that if any person assessed in such roll claims that any person, firm, company, association or corporation has been omitted or wrongly inserted in such roll, he may, on or before the tenth day of February give notice in writing to the undersigned, the town clerk, that he appeals in respect to the assessment or non-assessment of the said person, firm, company, association or corporation and shall in such notice state particularly the grounds of his objection. Dated Wolfville, this 9th day of January, 1924.

R. W. FORD, Town Clerk.

PLEASANT "HOUSE WARMING"

The pretty and commodious new home of Mr. and Mrs. W. B. Eaton, Summer Street, was the scene of a very pleasant affair on Wednesday evening, when a number of their friends assembled for a "house warming". The function was arranged as a surprise and the unexpected guests were graciously welcomed by Mr. and Mrs. Eaton, always ideal hosts. With music, social intercourse and other entertainment the evening was very pleasantly spent, and at the close dainty refreshments were served by the ladies of the party. Those present had the opportunity of inspecting and admiring the many attractive and convenient features of the new home, and congratulating the fortunate owners. At a late hour the singing of "Auld Lang Syne" brought to an end an occasion that will long be remembered.

Have Perfect Floors

Clean, Smooth, Sanitary Beautiful There is no reason for having dirty, worn, unsightly floors. The "American Universal" Floor Surfacing Machine will clean out the ground-in dirt, take off stains, remove old varnish or paint, smooth up the worn spots and make the old floor as good as new. Oak, maple, hard pine, birch, or any wood is easily cleaned and made as smooth as glass. They can be refinished same as when first put down. Old Floors Made Like New New Floors Made Perfect Newly laid floors are easily and quickly brought to a clean smooth surface by the "American Universal" method. This method saves the builder or general contractor of back-breaking labor and does the work much quicker, better and at less cost. "American Universal" method finishes any floor beautifully and entirely without the usual mess. A Vacuum fan deposits all dirt in a bag, leaving the job clean as you go along. Let us explain the method and quote you prices. E. S. LANGILLE Contractor & Builder 14-131

ALICE BUYING POSTAGE STAMP IN HUNDERLAND

Berlin.—"This must be wrong," said Alice to herself when she got into a railway station...

"Verboten, verboten," shouted somebody, and Alice turned round and saw the Dutchess standing at the end of a long line of people...

"The more you push the quicker," said the Dutchess, and pushed so violently that the twenty people in front would have fallen down like a row of nine-pins...

"What's he doing?" asked Alice. "Sums," said the Dutchess. "Have you got your money ready?"

"I saw the pound first," shouted the Dutchess, so loud that everybody in the post office heard her. "In an instant the line of people waiting to buy stamps was broken up, and everybody crowded round Alice and made bids for her pound."

Learn More Earn More. In your own home, in your spare time, in easy stages you can master the career of your choice...

When Alice had picked up all the bits of paper she found the Queen had gone, and she ran up to the pigeonhole where the man in spectacles sold stamps.

REVOLUTION IN BRITAIN. In so far as political changes consequent on ballot box returns can be regarded as revolutionary, it is true that Great Britain is facing a revolution.

Washing Blankets.—When washing blankets remember it is important to keep all the rinsing waters the same temperature. Another thing—the rinsing water should be soapy if you wish to keep the blankets light and fluffy.

Phonograph Records.—A friend had some phonograph records which had become very soiled. She was about to give them up as hopeless when I suggested trying some alcohol with a soft cloth.

There is interesting reading for every sportsman in the February issue of Rod and Gun in Canada, including as it does stories and articles dealing with deer and moose hunting, fishing and canoeing...

"Please, your Majesty," said Alice, "they all want to buy my pound." "The words were hardly out of her mouth before the Dutchess and all the others had rushed out of the post office."

With the Olympic winter sports starting shortly, Canadians are becoming more and more enthused over the chances of the Dominion representatives overseas.

Scorching.—Here is a new one—that is, a new one on me, but as regards its working ability that I am sure of. If an article has been scorched while ironing, wash with cold water and lay where the sun will shine quickly on it.

Brass Beds.—The brass on beds may be cleaned if it is rubbed with a mixture of salt and vinegar or salt and lemon juice.

Cleaning Silver.—Try the following next time you clean your silver, and I believe you will always continue to use it. Boil the silver in an aluminum pan into which has been slaved almost a quarter of a bar of ivory soap, and

add a tablespoon of table salt. Boil for ten minutes, rinse with hot water, and then dry. This is said to be harmless, save labor, and make the silver look like new.

SPORTING BRIEFS. With the Olympic winter sports starting shortly, Canadians are becoming more and more enthused over the chances of the Dominion representatives overseas.

The United States Olympic hockey team has several Canadians on the line-up, including Synott formerly of Chatham, N. B.

EFFECTIVE ORGANIZATIONAL HANDLING THE AP... By W. S. Blair, Supt. Station, Kentville.

Better organization for the apple crop and for the orchard to supply our packers with quality produce in our orchards before the same apples appear in the warehouse market...

Clearly the responsibility of handling the fruit properly on the owner of the orchard is not to be neglected.

It is not proper to have our organization in a state of confusion at all times it is necessary to engage a man thorough in his charge of the work over wages if you know a capable man. You must figure out how much you give for you, but rest assured that the extra work you secure his services. If you are a capable and honest man you must spend enough to secure his work.

CHILLS. are the forerunners of colds and grippe. Inhale Minard's and rub it on throat and chest. A sure Preventative.

There is a feature in organization for effective work that is difficult to correct, and that is the tendency of many orchardists to attend to their various operations. They are inclined, so to speak, to talk. I have seen orchards where more pickers were employed than were needed. They themselves were busy picking, whereas had they all, but used their heads in the direction of operations, more could have been gathered and would have been better done. It is to pick apples than to talk at the work. There is a tendency to have the job of the orchard done by a few men. It is very important to have a few men employed to advise you place a man in charge of the orchard. Do not expect to get the best part of the actual work done by a few men. It is a great value in keeping the orchard to advantage. If you are exacting as to the quality of the fruit, you will be a favourite with the packers. It is supervising, but I finally get the fruit, and certainly the packer is the one to give the final word to every detail of the work.

We hear considerable talk of whether apple pickers should be paid by the barrel or by the bushel. I have seen many orchards where the pickers were paid by the bushel. It is a very common way of payment, but it is not the best. It is better to pay the pickers by the barrel. It is a more uniform in size. It is a more uniform in size. It is a more uniform in size.

Clearly the responsibility for the proper handling of the fruit rests directly upon the owner of the fruit, or the one entrusted with the harvesting of it. If it is not properly picked and handled our organization is faulty. What constitutes good organization? If a fruit grower cannot be with his orchard at all times it is necessary for him to engage a man thoroughly capable of taking charge of the work.

There is a difference in methods followed even by good orchardists but, if you will pardon me for again referring to Mr. FitzRandolph, I would say his system of handling the barrels at picking time has much in its favor. He takes the team to the field with him with a load of barrels, and a flat dray attached to the back of the wagon.

There is a feature in connection with organization for effective work which is difficult to correct, and that is that many orchardists would rather do anything than attend closely to details of various operations. They, in fact, are inclined, so to speak, to "slide by" the matter.

We hear considerable discussion as to whether apple pickers should be paid the day or by the barrel. This is a question of many sides. If all apples were uniform in size and crop, the same way of arriving at a fair rate per barrel, but under orchard conditions generally it is impossible to pay at all satisfactory except to see any at the day. This is a detail of management that must necessarily be a matter of bargain between operator and employee.

BREAD! Our bread has been reduced to 10 Cents per loaf. Our bread is mixed with up-to-date machinery and wrapped before leaving the mill. O. Pulfifer and F. W. Barteaux sell our bread at this price. A. M. YOUNG

There is a difference in methods followed even by good orchardists but, if you will pardon me for again referring to Mr. FitzRandolph, I would say his system of handling the barrels at picking time has much in its favor.

The Port Williams Acadian

PORT WILLIAMS AND VICINITY

Miss Reta Hiltz, teacher of advanced department of the school, spent the week end the guest of her friend Miss Claire Cogswell.

Mr. Longley, of Lawrencetown, who is a student at Acadia, spent the week end with his friend, Mr. Francis Daniels, of the Royal Bank, who had as her guest last week Miss Emma Smallman, of Dartmouth.

Mrs. Stoddart, of Halifax, is visiting her daughter Mrs. Stanley Barkhouse.

Mr. G. Cyrus Ellis returned to his home on Sunday Westwood Hospital, where he had been a patient for three weeks. He is gradually regaining his health.

Messrs. Ira Gates, Norman Chase, and Robert Watson have gone to Quebec to work at coopers for the winter. Mrs. Ira Gates has closed her house and gone to visit her mother in Chester for some weeks.

Mrs. Bell Harris and Miss Claire Cogswell spent a few days this week in Hantsport, the guest of Miss Cogswell's aunt Mrs. Alton Beckwith.

The extensive repairs on the auditorium of the Baptist Church are completed and it is expected that the reopening of church will be on the 20th. The room presents a most pleasing appearance. Listen to the ringing of the bell in its new quarters, calling to the 11 a. m. service, when Dr. Paterson of Acadia will preach. He will also be the speaker at the evening service.

A Box Social was held in Temperance Hall on Tuesday evening, under the auspices of "Lily of the Valley" Division. A pleasant evening was spent, the proceeds to be devoted to the painting of interior of hall and other needed improvements. It is expected the Grand Division will meet here in April.

Many of the farmers of the vicinity took advantage of the annual meeting of the Fruit Growers Association at Wolfville this week to hear their work as orchardists.

On Tuesday evening, Jan. 8th, the members of the "Delta Alpha" class met at the home of their teacher Mrs. O. G. Cogswell to extend their congratulations and best wishes accompanied by a shower of useful gifts to one of their number, Mrs. Martha Goldwell, who left the next day for Truro, where on Thursday evening she was married to Mr. McLennan of Gasperau. The members of "The Crusaders" class of young men were also invited and joined with the girls in bringing a present to the bride to be. A very enjoyable evening was spent with music and games, refreshments and goodbyes at the close.

The newly weds left Truro for Boston where they will for the present reside. The members of the Institute who were present at their meeting last Thursday enjoyed very much the pleasure of listening to the Rev. G. D. Hudson of Canard who spoke on "Opportunities of the New Year." Other numbers on the program were a solo by Mrs. O. G. Cogswell, and community singing.

Mr. L. N. Cogswell, Belcher Street, had the misfortune to lose a very valuable cow one day last week, it being choked to death with a piece of turnip.

Mr. A. F. Doll, Belcher Street, left last Tuesday for New York, en route to Virginia where he will visit his brother.

Miss Maud MacLatchey, of Starrs Point, is visiting relatives in Windsor. Mrs. Leverett Meister is reported quite ill with shingles.

Mrs. MacDonald and daughter, of Wolfville, spent the week end with Mr. and Mrs. Robt. Murphy, Church St.

Mr. and Mrs. Harry Cox, Canard, spent the week end with Mr. and Mrs. Carl Starr, of Starr's Point.

The annual business meeting of the United Baptist Church was held on Wednesday evening, and the reports were very satisfactory, especially from the Sunday School, under the effective leadership of Supt. T. S. Lockwood.

The total attendance for the year was 6645, average attendance 128; total offerings \$469.69, average offering \$9.03. The largest attendance for the year was on rally day, Sept. 30th, 175 being present; 176 members were in attendance every Sunday, and 3 missed only one Sunday during the year. There are enrolled at the present time 12 members, which are divided into 12 classes, and 14 teachers. 11 of these classes are organized.

The "Loyal Workers," S. S. class have earned over \$400.00, the "Kings Daughters" over \$800.00, and the "Delta Alphas" almost \$200.00 during this last year. This is not including their regular S. S. offerings.

Mr. Boardman Lantz is laid aside again suffering from a lame back. While shooting he fell, and wrenched his back quite badly.

The cleaning and painting of the interior of Temperance Hall has been begun. The work is being done by Mr. C. A. Thomson.

Miss Dorothy Lockhart, of Wolfville, spent the week end with Miss Mary Chase, Church Street.

The Bible Society, during its recent canvass, raised \$66 in the vicinity of Port Williams and Church Street. This in spite of the fact that several of the best contributors were not at home.

Miss Susie Chase and brother Robert arrived in Bermuda last week after a very enjoyable trip, and are delighted with the place.

Mrs. Avery, Church Street, had another son added to her list last week, making eight sons in all.

GREENWICH

A good many of our residents attended and enjoyed the lecture on "Self-Made Cripples", delivered by Dr. Paterson, of Acadia, last Wednesday evening in the Baptist Church, Wolfville.

Messrs. Philip and Robert Bishop returned home last Thursday, from a trip of a few days to Truro.

Miss Winona Betts, R. N., returned one day last week from Bridgetown, where she was for a few weeks at the home of her cousin, Mr. Chesley Forsythe. She is now a guest at the home of her aunt, Mrs. Lilla Forsythe.

Councillor George L. Bishop attended the meetings of the Council recently held in Kentville. We are all glad to read in local papers Mr. Bishop strongly favored having a County Nurse again.

We think a nurse for the County is a great necessity and are very sorry to learn the Council voted down the idea.

Mr. and Mrs. Percy Shaw recently had the arrival of a new baby boy at their home.

No meeting of the G. C. L. last Friday evening, owing to bad weather conditions. Hope for meeting as usual this week and it is social night. A good time for all present.

Miss Joyce Harvey and Mrs. John Fenwick spent last Saturday in Kentville.

Miss Bessie Fraser spent a few days last week, visiting at the home of her sister, Mrs. Ray Fraser, Canaan.

Mr. Humphrey Bishop is gradually improving from his bad accident, first of the winter. His many friends are very pleased to learn of his improvement.

CANNING

Mrs. C. F. Reynolds is spending a few days in Halifax.

Miss Ceva North, who has been ill for several weeks, is much improved and was out on Tuesday.

Mrs. James Maxwell, guest of Dr. F. F. Chute and Mrs. Chute, returned to Halifax on Friday.

Mr. and Mrs. Cleveland Porter, nee Ethel Manuel, are being congratulated on the birth of a daughter.

A large and enthusiastic following of hockey fans witnessed a fine, clean game in Canning rink on Wednesday evening between Canning and Centreville. The score being 5 to 5 in favor of Canning. The teams were as follows:

Canning—Ted Miller, goal; Harry Huston, Judson Miller, defence; Herbert Lyons, Ted Huston, K. Mitchell, forwards; Goldsmith, Spicer, Harris, Cox, substitutes.

Centreville—H. Murphy, goal; C. Whalen, J. Green, defence; J. Webb, A. Balser, A. Whalen, forwards; Leopold, Newcombe, Palmer, subs.

Clifford Bowlby refereed to the satisfaction of all.

UPPER CANARD

Mrs. Hannah Margeson is the guest of Mrs. David Ellis, Sheffield Mills.

Mrs. Joseph Harris was the hostess at an enjoyable dinner party this week.

Rev. G. A. Logan occupied the pulpit of the Presbyterian Church on Sabbath, his helpful sermon being followed by the sacrament of the Lords Supper.

Remember your friends on their birth day by sending them one of our pretty Birthday Cards or Booklets. THE ACADIAN Store.

FRUIT GROWERS IN SESSION

Successful Convention Discusses Problems Facing Our Great Industry

(Continued from page 1)

In the Canadian home market, our apples complete with oranges. The demand for the latter is on the increase, and this is mainly due to the fact that the consumer receives number two grade apples when he is paying for number one grade. The big mistake of the Canadian apple producer is not in production, but in marketing. A bad policy was initiated this year in attempting to export windfalls.

Mr. McIntosh considers that there is little danger of over-production in the Canadian apple industry, for there is a chance to use in Canada 8,000,000 barrels of apples, and there is a supply of only 4,000,000. Now is the time to advertise our apples so that this public demand will be stimulated. This advertising must be done by the various Fruit Growers Associations, and Mr. McIntosh made a strong plea to the Nova Scotia Fruit Growers to promote a strong advertising policy. It is not a generally known fact that the combined vegetable and fruit crop in Canada is nearly as valuable as the grain crop of wheat, oats, etc., and with such an important branch in agriculture, it is necessary that it be developed to its fullest capacity. The fruit farmer should apply himself to his task in a businesslike manner. Only the varieties in good demand should be marketed to any extent. Expenses should be kept down in every possible way, but the better and more costly methods of packing and labelling always pay in the long run.

The use of slack barrels caused last year a loss of \$40,000, and while the tendency this year has been not to use so many of these barrels, over 100,000 passed through Halifax.

D. McGillivray, of Halifax, was the third speaker of the evening, having as his subject "Relation of Banks to Agriculture." He spoke of the banking situation in Canada, and of the tendency to lessen the number of established banks. But this is a tendency towards centralization, and better service. The banks always desire to extend all possible services to the farmer, and they have done much good for the agricultural population of Canada. The bank has certain specific services which it must perform, including (1) Issuance of currency; (2) Branches to distribute currency; (3) Extension of credit in order to avert possible business failures. In concluding Mr. McGillivray drew attention to the importance of putting money into use. In order to stabilize conditions, we must get back to the spirit of thrift and economy of eight years ago.

A hearty vote of thanks was extended to Mr. MacGillivray by Dr. Cumming, and was seconded by H. S. Shaw.

At the session on Thursday morning the officers for the ensuing year were elected as follows:

President—A. FitzRandolph, Bridgetown.

Vice-President—Stanley Banks, Waterville.

Secretary—F. W. Foster, Kingston.

Treasurer—Prof. W. S. Blair, Kentville.

Directors—William C. Spurr, George Hutchinson, Earl Chute and Ray Clark.

This was the regular business session of the convention and a number of matters were dealt with. Among these was the proposal to secure permission to use a half barrel the shape of which would adapt itself to construction from such barrel stock as is used here, without affecting the cubic dimensions. Samples of the package now in use as well as of the one proposed were displayed. The outcome of the discussion was the appointment of two practical fruit growers to confer with a qualified cooper and arrange dimensions for same.

A resolution was passed expressing

the thanks of the Association to the town and college authorities for accommodation provided, and to citizens for hospitality.

Prof. W. S. Blair gave a very helpful address on "Effective Organization for Handling the Apple Crop," which is given in full in another part of this paper.

Mr. F. G. J. Comeau, general freight and passenger agent of the D. A. R., addressed the meeting with reference to a booklet recently issued by that railway on the fruit industry, a large number of which will be for free distribution.

One of the matters taken up at the afternoon session was the proposed elimination of No. 3 apples and confining the pack to No. 1, No. 2 and Domestic.

The Ontario growers are pressing for this change and the Association was asked to co-operate. The proposal elicited an interested discussion but no ac-

tion was decided upon pending further investigation.

The first of the series of vocational lectures, newly inaugurated by the faculty of Acadia University, was given Wednesday night by D. MacGillivray, Superintendent Bank of Commerce, to the students of the University. The purpose of these lectures is to bring before the students, the requirements of the various professions, and the lectures are given by the most competent men in the various professions. In the near future other lectures will be given on Medicine, Journalism, Law and other professions, and it is expected that they will be of great value in enabling the students to choose their life work.

WHAT IS CHIROPRACTIC ?

Chiropactic is the Science of Common Sense applied to the human machine, and the Art of Adjusting the machine when it is out of order. It is the Science of location and correction of the causes which produce ill health.

Chiropactic is the Science dealing with the cause of disease and how to eliminate it. The philosophy of Chiropactic points to the source of life and how it manifests itself in matter: the science of chiropactic locates precisely the point where the force is interrupted, producing disease. The art of chiropactic traces the relation between the point of interruption of power and the portion of anatomy which suffers because of the lack of power, and it is capable of removing the obstruction so as to give freedom to power to reach its destination.

The most frequent cause of nerve compression is a misalignment of the bones in the spinal column from between which the nerves pass as they leave to spinal cord.

INVESTIGATE

this wonderful science. It's a pleasure to tell you about it.

Has your insurance kept pace with new purchases?

From time to time you have made improvements on your house. You have also bought new things into your home. Does your insurance cover ALL these things? If fire came to-night would you be paid enough to replace with goods of like kind and character?

This agency of the Hartford Fire Insurance Company will help you estimate values and will so plan your fire insurance that, if loss should come, it would be made good.

For safe and sure insurance, call

HANTSPORT HAPPENINGS

Mrs. (Capt.) B. Davison entertained number of friends very pleasantly at her home on Tuesday evening. Choice refreshments were dispensed by the hostess, assisted by her daughter, Miss Phyllis Davison, and Mrs. (Capt.) W. Lawrence.

Dr. Campbell, of Halifax, will conduct a T. B. Clinic at the Hantsport hotel on Tuesday of next week.

The Rev. A. B. Higgins left on Saturday for his former home in Musquodibuit. The Rev. Dr. Mellick occupied the pulpit of the Methodist church during his absence.

The many friends of Mr. Blowers regret to learn of the loss he sustained by the death of his father, Mr. Joseph Kilcup of Windsor. Mrs. Inor, of Dartmouth, was a recent guest of her sister, Mrs. L. W. Masson.

Miss Bessie North left last week for New York where she will be the guest of her sister, Mrs. F. Eaton, for an indefinite period. Mr. David North is a guest at the Hantsport Hotel.

Mr. Guy Caldwell, of Trenton, visited his father, Mr. N. E. Caldwell, last week, leaving on Thursday for Waterville, Hants Co., where he will assist Mr. Strickland in conducting evangelistic meetings.

Mr. Laurie Fullerton, of Charlotte, P. E. I., is spending a vacation at the home of his parents, Mr. and Mrs. W. Fullerton.

Miss Mabel McConnel is spending a few days with friends in Halifax. Miss Gladys Frizzle entertained her Sunday School Class, "The Wideawakes" at her home one evening last week.

Mr. and Mrs. Lewis Caldwell are receiving congratulations on the birth of a daughter.

Miss Merle Yeaton is visiting her mother, Mrs. W. Curry, Wilmot, Nova Scotia. Mrs. John Rolph and son, Mr. Hugh Rolph, left recently for New Glasgow, where they will spend several weeks with relatives.

While coasting on Holmes Hill last week, Master Donald Cruikshanks was seriously injured. It was thought at first that he had sustained a broken ankle, but upon examination, it was found to be badly sprained.

The New Open Air Rink opened on Saturday with a good attendance. The rink is the regulation size and is brilliantly lighted with electric lights.

It is under the efficient management of Messrs. Geo. Currie and Everett Beckwith.

Mrs. W. T. Shaw was quite badly injured several days ago while at the depot, by a large piece of frozen snow thrown from the rear wheels of the evening express while passing.

Following the week of Prayer, special evangelistic services will be held at the Hantsport Baptist Church. Beginning on Sunday evening, Jan. 20th, meetings will be held on the following days, Tuesday and Thursday evenings, at 7.30 o'clock. The program will consist of an address followed by Prayer, Praise and Testimony. The singing will be from the new Hymn Books. The public are cordially invited.

A SERMON IN VERSE

No chastening for the present seemeth to be joyous but grievous; nevertheless afterward it yieldeth the reliable fruit of righteousness unto them which are exercised thereby.—Heb. 12:11.

Soy not the struggle naught availeth,
The labor and the wounds are vain,
The enemy faints not, nor faileth,
And as things have been they remain.

If hopes were dupes, fears may be liars;
It may be, in your smoke concealed,
Your comrades chose t'en now the fliers,
And, but for you, possess the field.

For while the tired waves, vainly breaking,
Seem here no painful inch to gain,
Far back, through creeks and inlets making,
Comes silent flooding in the main.

And not by eastern windows only,
When daylight comes, comes in the light;
In front the sun climbs slow, how slowly,
But westward, look, the land is bright!

—Arthur Hugh Clough

YEA, VERILY, BROTHER

A busy man once shocked his wheat.
Yes, shocked it with a win;
Then threshed and took it off to town;
The price he got shocked him.

JUST LIKE THAT

Wife: "Where have you been?"
Husband: "Shooting with Mike."
Wife: "Shoot anything?"
Husband: "Sure—Mike."

A CIVIC REVIEW

With the town elections so near at hand a brief review of the civic rulers of Hantsport is not out of place. Hantsport has always been fortunate in securing men willing to undertake the responsibilities of municipal affairs, and as a general rule the conduct of the business of the town has shown wise and efficient administration.

The town was incorporated in 1865, the first mayor being the late W. A. Porter, who served for two terms. Mr. Porter was for years an active business man of Hantsport and filled an important place in the life of the community. He died at Kempt Shore about six years ago.

Dr. C. I. Margeson, the second mayor, was a native of King's County who came to Hantsport to practice over fifty years ago. He was the "beloved physician" and had a host of friends. Some years ago he removed to Vancouver, B. C., where he still resides and performs the duties of a special doctor for the C. P. R. steamship line.

W. S. Whitman, who was the third mayor, and held the office for six successive terms, is still a resident of the town. He now fills the important post of Stipendiary Magistrate and is a highly esteemed citizen.

Capt. T. A. Masters, who was fourth incumbent of office, was a native of Burlington and a son of the late Capt. E. Masters of that place. He has been dead about ten years.

Capt. Delaney Faulkner was one of Hantsport's most successful ship-masters. He commanded a number of vessels belonging to J. B. North and Son, and also to George Lockhart Co., of New York. He presided over the town for four terms and passed away about four years ago.

Fred Pentz, who was the next to take up the work, was for many years a successful druggist of the place. He was a popular citizen and for three terms superintended our civic affairs satisfactorily. He now resides and does business in Shubenacadie.

A. W. Pattison, our enterprising stove and furnace man, was the next to preside at the council board and continued to hold office for four terms. Mr. Pattison is a native of St. John, N. B., but came to Windsor when a young man and has long been a successful business man of this town.

George Comstock, who had previously occupied the important post of Town Clerk, was Hantsport's next mayor. He held office for one term only, declining a second nomination. He is a native of Hantsport and remains a valued citizen of the place.

W. K. Sterling was the next to take up the reins of office. That his services were highly satisfactory is evidenced by the fact that for seven civic terms he has continued in office. Under his direction the town made very satisfactory progress. Mr. Sterling is a native of Cumberland County, who, during his eleven years of residence, has manifested a deep interest in local affairs.

Our present mayor is Dr. W. Murray, of the Hantsport Fruit Basket Company. Since coming to Hantsport Mr. Murray has ever evinced a deep interest in the affairs of the town. He is a citizen of the right type who is doing his bit to advance the moral and material interests of the community. Mr. Murray is just concluding his first term as mayor, and unless we mistake very much the temper of our citizens will be asked to "carry on."

Hantsport's first Town Clerk was J. R. E. Churchill, who was succeeded in turn by George Comstock, C. H. Dunbar and the present incumbent, George Ferguson. Mr. Ferguson is a capable and obliging official.

FARMERS LEAD IN AUTOS

WINNIPEG, Jan. 11.—Reports showing that 41,500 automobiles were licensed in Manitoba last year also show statistics that 37 per cent. of all automobiles in the Dominion are owned by farmers, with 16 per cent. owned by business men, 16 per cent. by travellers, and the balance of scattered ownership.

HANTSPORT WOMEN'S INSTITUTE

The January Business Meeting of the Hantsport Women's Institute was held on Friday afternoon at the home of Mrs. Asa Newcombe, with a good attendance. The President, Mrs. Davison, presided. Minutes of last meeting were read and approved. The various committees gave very satisfactory reports. A number of communications were read and discussed, one being from Dr. Patterson, President of Acadia University, re a course of lectures for Hantsport. After thoroughly discussing the question, while we know they would be intensely interesting and instructive, it was decided not to have them as the organization has so much business to look after during the remainder of the season. The tourist question was brought up and discussed, as to ways and means the Institute might assist in this matter. The President was instructed to confer with the agent of the "Evangeline Hotel" to ascertain if there is a possibility of it being reopened the coming season, for the accommodation of tourists. A committee will be appointed at a later date, to also confer with the Town Council.

The Dental Clinic, under the auspices of the Institute, closed on Monday Jan. 13th, for the season, a large number of scholars from grades I to VIII having taken advantage of it. The organization are extremely grateful to Dr. McLellan for his hearty co-operation in this matter, who did the work free of charge, the Institute providing the materials for fillings, etc. At this meeting the secretary read a large number of cards, expressing thanks, from shut-ins, who were recipients of Christmas Sunshine Boxes, nineteen in all, being sent out. This being the first meeting of the New Year, the entertainment was of that nature. Mrs. (Dr.) Dickie gave a very interesting reading, the subject being, "A New Year Resolution." The sewing will be resumed on Friday next. The responses and readings for the February meeting will be miscellaneous. The meeting closed with the Institute Ode.

Application from the Canadian Bank of Commerce for a new lease with an option of three years was granted. Application from Mr. J. Hancock, for lights for houses on Main St., Kings Co., and for power at his farms was considered. On motion by Coun. Lawrence, seconded by Coun. Bishop, that application be considered. Mr. Hancock to pay all cost of installation and furnish poles to house. J. H. Newcombe and Geo. Comstock were appointed polling officers and L. M. Wall and Geo. Ferguson, polling clerks.

We have from 500 to 1000 empty Sugar Barrels, with heads, for sale. These are practically new barrels.

Also nice lot of barrels suitable for Cyder barrels or salting meats.

Geo. H. Yeaton & Son LIMITED
HANTSPORT, Nova Scotia

THE SILVER SCREEN

"To say that the First National will spend \$3,500,000 on productions in the next two months is incorrect," say Richard A. Rowland, general manager of the concern. "On the contrary we intend to retrench as much as we can with the pictures we are producing ourselves. The move of Famous Players in shutting down temporarily is a sensible one. It is certain that there must be a complete revision downward in the cost of production."

Spiritualism plays an important part in "Borderland", the latest Paramount picture to be released in London. It tells of a modern girl who is saved from wrecking her life by a visit from the spirit of an ancestor. The supernatural side of the play is delicately presented, there is plenty of drama in the plot, and there is excellent acting by Milton Sills, Agnes Ayres, Casson Ferguson, and Berham Grassly.

Mr. David Smith, the Vitagraph producer, has produced "The Midnight Alarm" featuring Percy Marmont. This picture, which will be showing early this year, introduces a mighty fire spectacle. Mr. Smith is an Englishman, who started his career as a mechanical draughtsman, drifted into stage work, and then to the famous Vitagraph film studios in the United States.

Edwin Carewe, the United States film producer, has passed through London for Algiers and the Sahara desert, in order to secure correct atmosphere for his forthcoming First National picture, "A Son of the Sahara." Prominent in Mr. Carewe's company are Bert Lytell, Claire Windsor, Walter McGrail, and Rosemary Theby.

Butcher's Film Service will shortly hold a private show of the Walter West production "The Great Turf Mystery". Although it has racing as a theme, the film contains a mystery which is unsolved until the end of the picture. Violet Hopson plays the leading part in the film.

There is said to be no curtailment in the Mack Sennett studios in the production of two-reel comedies, Sennett says that his productions will not be cheapened, and that he does not intend to suspend operations. He intends, moreover, to invest more time and capital in future films.

A new effect is promised in the new George Clark picture, "Diana of the Islands", in the form of a waterspout. How Mr. Martin Thornton secured the film of the phenomenon is his own secret.

Miss Norma Talmadge, the First National film star, has accepted an invitation from the French Government to play the part of Marie Antoinette in an "official" film story of the life and times of Louis XVI.

"NO, BUT I'LL"

Polly: "How many sisters have you?"
Voo (ruefully): "One by birth and three by promise."

PRINTED ENVELOPES cost little more than plain envelopes, and they give a much better impression to your customers and correspondents. Ask THE ACADIAN Job Department for samples and prices.

BURNT ORANGE

Ralph Ordway shut the door of the little shop, causing the bell to ring. Mrs. Williamson came at once from the inner shop and stood waiting. Ralph seemed lost in thought. "Can I show you something?" Mrs. Williamson said at last. He looked flushed and troubled. "I want some embroidery silk—or is it satin?"

ROYAL YEAST CAKES

Good home-made bread is the finest food on earth—the one food that everybody eats—that everybody likes—and that agrees with everybody.

"I have lost my purse," she answered simply. "What a shame! This place is full of sneak thieves. I'll notify the police at once!" "Oh, no! I had only three dimes left, but my return ticket to Wakefield was in the purse."

WHY LETTER POSTAGE IN CANADA IS BEING CONTINUED AT THREE CENTS

That the Canadian postal rate remains at 3 cents on letters is not the result of the Canadian Postmaster-General can be illustrated by an excerpt from an address which the Honorable Charles Murphy made at the International Postal Conference at Ottawa on December 25th last year as follows: "There is another subject not included in the program to which brief allusion may be made. I refer to the suggestion that the domestic rate of postage on letters in Canada might be reduced from 3 to 2 cents. The fact that such a reduction was made in the United States a few years ago is often cited as a reason for similar action being taken in this country. As there seems to be an impression that the suggested reduction is a matter within the jurisdiction of the Post Office Department, it is desirable to point out that such is not the case. The increase from 2 cents to 3 cents in the Canadian domestic rate on letters was due to the Special War Revenue Act of 1915, which provided that in addition to the postage payable in the form of a postage stamp, there should be a tax of one cent imposed on every letter and postcard mailed within Canada. A return to the former rate of 2 cents is therefore possible only when the special war tax of 1 cent is repealed. That is a matter to be determined by the Finance Department, and not by the Post Office Department. Its determination rests, of course, on considerations of revenue and policy that are within the special purview of the Finance Department. While such are the facts, the Post Office Department is both willing and eager to assist in removing the one-cent war tax and restoring the 2-cent postage rate."

The 3-cent rate in Canada is a war tax to the extent at least of the 1-cent additional rate which was added to our letter postage during the war. It is time that a good many of these war taxes were abolished, but first of all, we think, the extra postal rate. The war is over and while there still remains a great deal of expense bequeathed to us by it, that expense is nothing like

New Lamp Burns 94% Air

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple clean, safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

CANADA'S LIQUOR CONSUMPTION

According to a return just made by the Dominion Bureau of Statistics, the total consumption of liquor in Canada is steadily decreasing. During the last fifty years the average consumption of spirits has been 0.922 gallons per head of population. But during the influx of immigrants it rose far beyond this, and so we find as follows:

Table with 2 columns: Year (1913-1922) and Gallons. Shows a decreasing trend in liquor consumption over the decade.

equal to the extra taxation which was imposed during the war and still remains. The species of feathered creatures mentioned in the Bible are osprey, osprey, ostrich, partridge, peacock, peacock, pigeon, quail, raven, sparrow, stock, swallow, swan, swift, turtle-dove, vulture, bittern, cock, cormorant, crane, crow, cuckoo, dove, eagle, gier, fowl, glede, hawk, heron, hoopoe, kite, lapwing, owl, great owl, little owl, owl of the desert, screech owl, and nightjar.

BIRDS IN THE BIBLE. The species of feathered creatures mentioned in the Bible are osprey, osprey, ostrich, partridge, peacock, peacock, pigeon, quail, raven, sparrow, stock, swallow, swan, swift, turtle-dove, vulture, bittern, cock, cormorant, crane, crow, cuckoo, dove, eagle, gier, fowl, glede, hawk, heron, hoopoe, kite, lapwing, owl, great owl, little owl, owl of the desert, screech owl, and nightjar.

Think of it! A big 200 page book with 700 well tested recipes and household pointers for about the cost of paper, printing and postage! No wonder they are going rapidly—edition limited. Send 30c for yours to-day [postpaid].

For all your baking—for big loaves that rise right up out of the pans—for delicious pastry, always insist upon Purity Flour. Tested, economical recipes you can depend upon. Weights and measures. Household information.

PURITY FLOUR

NOVA SCOTIA FERTILIZER CO., LIMITED. ESTABLISHED 1878

Office: Royal Bank Chambers, HALIFAX. Works: FAIRVIEW, N. S.

Manufacturers of High Grade Complete Fertilizers, Ground Bone Meal, Fish and Animal Tankage.

SERVICE We particularly draw your attention to the fact that we can ship from our factory, Complete Fertilizers, Fertilizer Materials and Belgian Basic Slag in mixed cars. The basic of our Complete Fertilizers is bone, meat, blood and fish tankage, manufactured in our own plant. Particular attention is paid to the mechanical condition of our goods and our Acid Phosphate is freshly ground and screened upon day of shipment. Complete Stock of goods on hand Ready for Immediate Shipment.

Dealers in Acid Phosphate, Belgian Basic Slag, Muriate of Potash, Nitrate of Soda, Sulphate of Ammonia. Correspondence Solicited. AGENTS WANTED In Unrepresented Districts.

NOVA SCOTIA OWNED, MANAGED and OPERATED. Send for Our prices before placing Your Order.

Whom Med They have No verities, it's Saying They thing to Sell.

Vol. XLII.
