

MRS. CHADWICK'S WILL MADE PUBLIC.

Hundreds of Thousands Willed to Friends and Charitable Institutions By Her.

But She Made Another Will While In Jail and These Are Revoked.

Cleveland, O., Oct. 17.—While the body of Mrs. Cassie L. Chadwick was being lowered into the grave at her childhood home, Woodstock, Ont., yesterday, there was made public in this city a will she made two years before her strange criminal career was exposed.

all share to the extent of hundreds of thousands. Charitable institutions, ten of them, including three hospitals, were to receive from \$20,000 to \$100,000 each.

GIRL'S TESTIMONY FAVORS ALLEGED SLAYERS OF MOTHER.

Ordeal Fails to Shake Faith of Daughter in Her Father and Stepmother.

Decatur, Ill., Oct. 17.—Marguerite Magill was on the witness stand to-day in defence of her father and stepmother, accused of murdering her mother, Mrs. Pet Magill, on the night of May 30th last.

Rose Graham, mother of Fay, was on the stand. She is a kindly looking matron of forty. That she believes in the innocence of her daughter was shown by her embraces during the trial, and it was announced with convincing constancy when she testified to-day.

Former Judge Ingham, chief counsel for the Magills, took this bewitching daughter of the accused kindly by the hand and led her safely through a maze of circumstances that would have sent into hysterics the ordinary woman witness.

Strangely enough none of the relatives of Pet Magill has been in court. None has contributed to the prosecution. The Gandy family, of Dayton, Ohio, sisters and parents of the deceased, has remained passive.

CROSSED RIVER FOR LARK, BUT FIVE WERE DROWNED.

Efforts to Save Those Who Could Not Swim Proved Disastrous.

Chicago, Oct. 17.—Five men were drowned and thirty others narrowly escaped a like fate in the Illinois and Michigan Canal, twelve miles from Joliet, this afternoon.

The men drowned were: Charles Tracey, Chicago; Bert Anderson, Chicago; John Hydoe, Lockport, N. Y.; Peter Bosiek, Joliet; Frank Malka, Morris, Ill.

FIRMS SUSPEND.

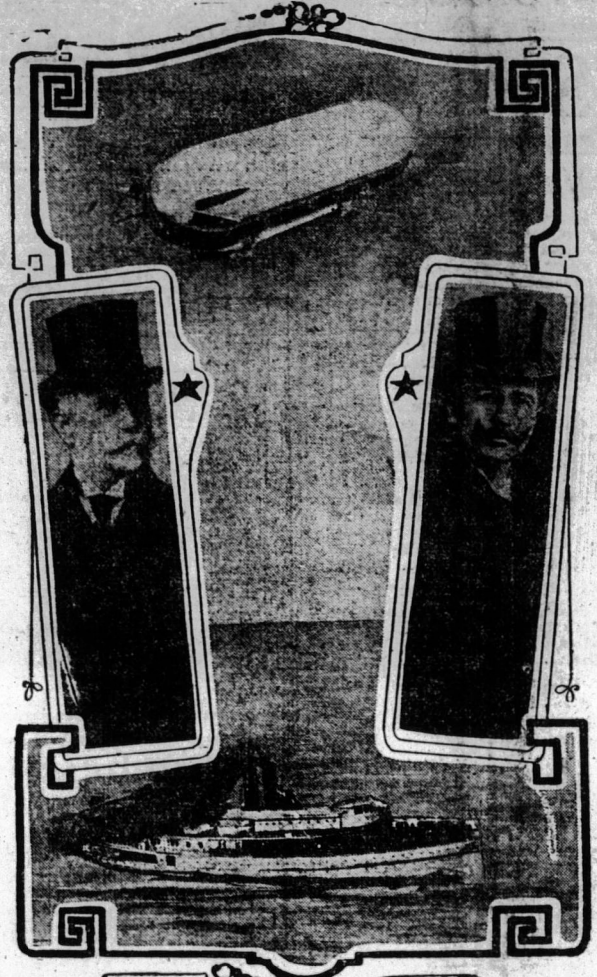

Manipulation of United Copper Blamed for Them.

New York, Oct. 17.—The sentiment in Wall street before the opening of the Stock Exchange was divided between a feeling of relief that the situation created by the United Copper manipulating had been cleared up, and a certain amount of nervousness lest the failure of Gross & Klieberg might have an unfavorable effect generally.

Heinz resigned the presidency of the Mercantile National Bank to-day. W. B. Ridgely, controller of the currency, has been invited to accept the presidency.

New York, Oct. 17.—E. Augustus Heinz, President of the United Copper Co., said to-day that he is considering the question of resigning the Presidency of the Mercantile National Bank, of this city.

When you talk quality in rubber goods you must have the goods to back up your assertions. We have a reputation of handling the best rubber goods in the city, and also the largest assortment to choose from, so come with the crowd, and buy your rubber goods from Parke & Parke, druggists.

DISASTROUS FLOODS.

Water Ten Feet Deep in Some French Cities.

Paris, Oct. 17.—Despatches from the centre and south of France to-day all confirm the worst reports of the disaster caused by the floods. The rivers Loire, Rhone and Saone and their tributaries are raging torrents, causing in some places the highest water ever recorded.

RUDYARD KIPLING

Will Speak in Ottawa and Be Earl Grey's Guest.

Ottawa, Oct. 17.—(Special.)—A telegram has been received from Mr. Kipling, from Toronto, stating that he will accept a luncheon from the Canadian Club in Ottawa. It will be on Saturday or Monday, and will take place in the Railway Committee room of the House of Commons, which has been granted by Dr. Pugsley and Speaker Sutherland for the occasion.

A LITTLE BETTER.

Emperor of Austria's Fever Has Disappeared.

Vienna, Oct. 17.—After a more restful night, which was only interrupted by repeated coughing, Emperor Francis Joseph rose slightly later than usual this morning. The medical examination of the patient resulted in a statement that the fever had disappeared and that the catarrhal symptoms had not increased, which was regarded as being somewhat favorable.

C. P. R. MACHINISTS.

Their Dispute With the Company About Wages Settled.

Montreal, Que., Oct. 17.—The matters in dispute between the machinists employed by the Canadian Pacific Railway and the management, which have been a subject of negotiation for some time past, have been satisfactorily adjusted, and in future the men will be paid 30 cents an hour, instead of 28 cents, as in the past.

The Man In Overalls

Leader MacKay will be here on Nov. 2. Keep the date open.

If the barbers kept open until 1 a. m. on Sunday morning customers would keep dropping in.

It must have been funny to see and hear Aleck Aikin giving Leader Borden fits at Saskatoon. Bully for the Hamilton boy.

Mr. Rutherford is right. The cemetery is getting more like a stone yard every year.

There should be a place in the Art School for almost any kind of an apprentice to improve himself. Things are moving in the right direction.

I wouldn't be surprised if Col. Gibson were to allow the war aldermen to be ambushed and cut down in the coming sham fight.

Owing to the slowness of the city authorities Mr. Platt may have to raffle off his offer of a public park to the city or Dundas may put in a bid.

If I have not said it before, I would like to say now that I am glad Hamilton possesses such a public-spirited gentleman as Mr. Cyrus A. Birge.

The early bird is already picking out its Christmas presents.

Don't deny it now. When you get a postal card from the Public Library telling you that your book is overdue and that there is three cents to pay over it, don't you say things to the cat?

People sometimes say to me, "I should go round and see So-and-so, but I'm a poor hand at visiting the sick." Why not say at once that you don't go because you are not interested enough—because you can't be bothered?

We seldom know what's to happen and should be prepared for the worst. You may be the next to get married, you know?

Col. Gibson may send the war aldermen to the barricades, where they will be sure to be shot down.

You should see how fat the overdraft is growing.

If the citizens were polled they might vote against any more poles being placed in the streets.

Have you noticed how gradually some of the drink victims go down the toboggan chute?

I have never heard of any objections to Harry Thaw shaving himself.

There will be much rejoicing on Thanksgiving Day if Col. Gibson saves the city and knocks the stuffing out of the enemy. Banzai!

The Brantford people will be able to come to Hamilton and do their shopping when the new road is open. Fine stores here.

The Cemetery Board would be excused were it to take an evening to discuss the headstone matter. Their multiplicity threatens to destroy and is even now destroying the beauty of the grounds.

Before dying in the last ditch, the sandusucker might be brought into play to repel the invaders on Thanksgiving Day.

I would make it a penal offence for any customer to ask a barber to shave him after 11 on Saturday night.

FRIDAY SPECIAL VALUE DAY.

Fourth Great Sale Event of its Kind at the Right House.

The wonderful success of the past three special value days demonstrate most forcibly that the people of Hamilton and vicinity appreciate the special offering days at Hamilton's dependable store—The Right House.

To-morrow's offerings are even better and greater in volume than on previous days. A few of the many offerings are detailed in the big Watkin's ad. in this paper. Read it carefully. You will find such chances to save as will stir the greatest enthusiasm.

Don't miss a visit to the store. It will be a revelation in value-giving. The goods concerned are all fall and winter qualities of style and character. Scores of bargains—perhaps just the things you need—do not find mention in the ad. at all.

TO PRESTON TO-NIGHT.

To-night at 7 o'clock a special train will leave the G. T. R. Stuart street station for Preston. The excursion is under the auspices of the L. C. B. U., and it will give citizens a chance to take in Father Gehl's bazaar. Quite a good-sized crowd is going. There will be special music. The train returning will leave Preston at 11 p. m.

BANK SUSPENDS.

New York, Oct. 17.—A despatch from Butte, Mont., says that the State Savings Bank of Butte has temporarily suspended. This bank, according to a recent statement, owed depositors \$4,021,070. Although a savings bank, the institution transacted a general banking business.

SAME OLD STORY IN THE SAME OLD WAY.

Another Postponement in Giving Out Information of Hydro-Electric Scheme.

Arrangements Made for the Reception of the Lieutenant-Governor.

Although Chief Engineer Sothman, of the Hydro-Electric Commission, intimated to the Board of Works the other night that a definite announcement on the power policy would be made before the committee met next week to deal with the figures for a municipal lighting plant, a Toronto despatch says: Hon. Adam Beck had a long conference with Premier Whitney this afternoon on the power question in which it is understood every phase of the question was touched upon.

If the work is to be done by contract, he favors putting on a \$50 penalty for every day over the time specified. He favors doing the work by day labor.

After the meeting it was announced that Mr. Whitney will postpone the announcement of the Government's policy in the power question until later.

The Mayor and aldermen have been invited by the Ladies' Wentworth Historical Society to go to the battlefield at Stoney Creek on Tuesday next, when the ceremony of burning the mortgage will take place, Lieutenant-Governor Clark officiating.

It was stated that several matters, which were pointed out by Mr. Beck, made it advisable to postpone the statement until a few weeks later.

Mayor Stewart's name has been frequently mentioned as a possibility for the Provincial House in the east or west riding, but his Worship declared to-day that he would have none of it. "If I get another year in the Mayor's chair," he said, "I am through with it. I want to get out of it, and out of business. I am looking forward to a trip around the world when my term as Mayor is up."

Mayor Stewart is determined that there shall be no "monkeying" in fixing up the celebrated sandusucker. He says

The Finance Committee met at noon to make arrangements for the reception of Lieutenant-Governor Mortimer Clark, who will come here on Tuesday morning previous to going to the battlefield at Stoney Creek to burn the mortgage. The details of the programme will be left in the hands of Ald. Dickson, Ald. Bailey, Ald. Peebles, Ald. Kirkpatrick and Col. Gibson. The general scheme is to have a dozen of the aldermen meet the Lieutenant-Governor on his arrival at the station, and take him for a drive in automobiles through the manufacturing district. The Governor will have luncheon at Colonel Gibson's residence at 1 o'clock, and the whole party will go to Stoney Creek in the afternoon.

NON-SUIT GRANTED IN LAMOND VS. BANK HAMILTON.

Parents of Unfortunate Little Lad Not Entitled to Recover Damages.

At the Assizes this morning Chief Justice Falconbridge non-suited the plaintiff in the case of Lamond vs. the Bank of Hamilton, the evidence not being sufficient to warrant carrying it to the jury. The evidence, so far as was taken, convinced the Judge that young Lamond had himself to blame for his death, and that the bank was not to be held responsible.

John Conits, the pressman of the Herald, corroborated the evidence of Mr. Aitchison. He said that he had warned many of the boys that some of them would be hurt if they did not leave the elevator alone.

The first witness called was James Lamond, father of the boy who was killed. He told of the lad leaving the house on the morning of the accident, and of hearing of the accident while on a street car, of which he is a conductor.

The two important witnesses for the plaintiff were Fred Atkinson and Theo. Barker, companions of Wilfred Lamond. They told of the accident, and both said that while they knew that there was a button on the wall, that if touched would make the elevator go up, they swore that they did not see Lamond touch the button.

On cross-examination by Mr. Blackstock Mr. Lamond stated that the boy was of a bright and intelligent turn of mind, and he regarded him as being capable of taking care of himself.

This concluded the evidence for the plaintiff, and Mr. Blackstock asked for a non-suit, on the ground that the bank was not to blame, as the accident was caused by the boy's own negligence. Chief Justice Falconbridge granted the non-suit. Lewis & Arrell for the plaintiff; T. G. Blackstock, Toronto, and Lees, Hobson & Stephens for the defendants.

C. J. Aitchison, of the Herald news room, said that while at his work he was attracted by cries from people in the alley. He ran to the window and saw the elevator ascending with young Lamond hanging to it. After the elevator had gone up past the first story, he called to Lamond to let go, but the boy did not answer. Witness called to Lamond to let go, as he passed three of the land-

The case of Enright vs. G. T. R. for \$5,000 damages for the death of a workman, was taken up when the court resumed this afternoon. S. F. Washington for the plaintiff and W. H. Biggar, Montreal, for the defendants.

ASSAULTS ON WOMAN AND GIRL.

VENTILATED AT THE POLICE COURT THIS MORNING.

Harry Findlay Given Two Months—Alex. Murray Sent Down for Playing Jack-the-Hugger.

At Police Court this morning two cases of assault on an indecent nature were heard. Laeben Gaspar, charged by Mrs. Gago McAndriss with the above offence, was discharged, as the Magistrate thought the evidence showed he was encouraged by the complainant. Mrs. McAndriss stated that last Saturday she was in her room when the prisoner came and grabbed her and threw her down. She got up and attempted to get out of the room, but the prisoner caught her skirt and tore it off. She then got away and had him arrested.

The prisoner stated that the complainant had sat on his knee and that she asked him for money.

The Magistrate did not think the case was one to be sent to the High Court, and he discharged the prisoner.

A childish old man, 82 years of age, living with his wife and daughter in the west end, was charged by Ellen Sydenham, a ten-year-old girl, with a similar offence. He was defended by George C. Thomson, who pleaded not guilty for him. The girl stated that she saw the prisoner in a shed near the brick yards on Wednesday afternoon, and that he called to her and gave her two cents. He then grabbed her and threw her down. Her brother and sister interfered and she managed to get away.

Several other witnesses corroborated

Harry Findlay, 55 Liberty street, was charged by Alice Midwinter with using indecent language. Neither appeared, and the case was allowed to stand over.

John Andrews, Vine street, was fined \$2 for being drunk. Silas Martin, Dundas, was lying on the sidewalk on King William street last night when a Spectator reporter passed by, and it cost him \$2 for making the scribe walk in the road.

The finest cliff scenery in the United Kingdom is on the coast of Donegal, where the variety and grandeur of the cliffs are most thrilling and impressive.

THE HAMILTON TIMES

THURSDAY, OCT. 17, 1907.

A GREAT MAN GONE.

By the death of Rev. Dr. Potts in Toronto yesterday the Canadian pulpit loses one of its brightest ornaments and the Methodist Church one of its most valued leaders.

EDITORIAL NOTES.

The yellow and black will rise again.

The Tigers were always good winners, and they can lose as sportsmen. But they'll lose as seldom as possible.

Hon. G. P. Graham has been made an L.L.D. by Queen's. That ought to be good for repairs to that sanctum chair, George.

Toronto wholesalers say butter is likely to go to 50 cents a pound this winter, and eggs to 45 cents. Pretty prospect that!

A. G. MacKay, M. P. P., the Ontario Liberal leader, will talk to the Liberal Club on November 2. Put down the date, and keep it open.

Another disappointment to some of the weaker Tory organs. Hon. Mr. Aylesworth is resigning his hearing, and there is no thought of his quitting the Cabinet.

Kipling has concluded that British Columbia needs men for its development and must have them, and the way to keep out yellow labor is to encourage white labor to come to the Province.

Somebody up in Galt sends the Times a printed announcement that "in a few short weeks Satan will be loosed from his prison, for a short time before the judgment day." Can it be possible that he broke loose before schedule time and played the mischief with last Saturday's game of football?

There is a quarter of a million dollars a year margin between the cost and the value of Toronto's liquor licenses. Where does the money go?—Toronto to Globe.

Has it any connection with that other question, "Where does the money come from?"

It is estimated that one-third of the United States school children are suffering from remediable physical defects. In some of the larger cities much good is being done by methodical inspection by competent physicians. There is room for doing much along those lines in Canada too.

At 9.15 yesterday the Toronto seismograph showed a violent earth tremor and word was expected this morning of a great earthquake. It did not come. Probably the explanation is that that mighty Nimrod, Hon. Mr. Hanna, out in the north woods, had been thinking of Beattie Nesbitt's "twaddle" and was impelled to give brief expression to his feelings.

Kipling has seen something of public ownership in England; where it is at its best, and he is not enchanted with it. Asked about what he thought of it yesterday, he said: "Did you ever ride on a car where the conductor and motorman were both political appointees? It's lovely for everyone except the wretched public. The trouble is you're up against an administration every time when you want to kill a superintendent or have a roadmaster hung."

Canon Welch has toned down his statements as given by the press about Toronto women's bibulousness. Now it is in order for Rev. S. J. Farmer to make life endurable to Brantfordites by modifying his statements about that city being the drunkenest he has ever visited. It is perhaps unfortunate that some preachers should not have the advantages of a newspaper training. Words which sound so well from the platform or pulpit sometimes look so very different in cold type.

The Newcastle Chronicle publishes a letter from the British Postmaster-General giving the new rates for telephone service. A subscription of 25 covers 500 calls; extra calls 1d. each, or may be contracted for in advance. The flat rate is abolished. The rates are regarded as very high and the service is said to be inferior to that given by the exchanges in America. In Hamilton the allowance on measured circuits is according to the franchise agreement 100 calls a month—just two and two-fifths times as much as the British Government service gives.

France is to legislate against the abstinence habit, which has become a national curse. Little of the liquor comes to America, and it is well for our people that it is so. Its manufacture and sale are forbidden in Belgium and in some of the cantons of Switzerland. Canada can get along very well without the green poison, and Parliament might do worse than confine its handling to the drug stores. These preparations of wormwood have medicinal use, and it should be possible to have any good in the drug without putting it on the market as a beverage.

Canada is getting its share of Britain's emigration. Of a total of 104,671 emigrants who left the shores of Britain last year, 105,178, or 54 per cent, went to British possessions, and of these Canada received 91,263. The remainder were destined for other countries, 85,941 going to the United States, and 9,920 to Australia and New Zealand. In 1901 Canada's share of such emigration was only 7,121. Nor do we admit all comers. Britain had 570 sent back last year, a good many of whom were rejected by our immigration authorities. We shall more and more carefully select those we admit.

Because the Times said that in the Brockville by-election the Tory candidate got only 4 votes more than at the general election while the Liberal got 480 fewer, showing that "apathy" lost the constituency to the Liberals, the Brockville Tory organ regards us as in-

consistent in saying that in accounting for results it forgot to mention "the Asylum patronage and the Whitney promise of further expenditure. In one breath," says the organ, "the Hamilton Times alleges apathy and in the next breath bribery and corruption." And there is no inconsistency, no confusion of thought in the paragraphs. Apathy caused the falling off in the Liberal vote; the bribery and corruption held the Tory vote solid and added four recipients of Government patronage. That's simple.

And what is the Pugsley statement? It is that Mr. Borden received the sum of half a million dollars to assist him in the Nova Scotia campaign of 1904—London Free Press.

A pretty bad statement, isn't it? It won't do for the organ to say that "Mr. Borden is under no obligation to set up a defence" to it. That is a mere lying done before it. Is it true? If Mr. Borden does not make Hon. Mr. Pugsley take it back there is a probability that many people—most people—will have suspicions that there is something in it. It is Borden's turn to play, and only the big trump of an action for libel against the Minister will satisfy the public that he has anything to offer from his side of the table. Has Borden thrown up his hands?

Engineer Sothman's estimate for an electric light distribution plant is in many respects greatly lacking. This is so evident to all that partisans of the scheme to commit the city blindly to the Hydro venture are trying to offer excuses and explanations. One apologist admits that an allowance of \$1,800 for wages of operation is absurd, but ventures the opinion that an additional sum for salaries is included in the \$18,247 for "fixed charges." But he would be a very incompetent man who would add into "fixed charges on plant" part of the cost of help to operate it, and then put in the other part under the head of "wages." Moreover, \$18,247 is not a very large sum to represent fixed charges on a plant to cost well on to \$200,000, for the renewals, repairs and general upkeep of which only the trifling sum of \$1,500 is allowed, is it? One accident, one flash of lightning, would eat up all that.

HERE AND THERE. Toronto Star: Hon. A. S. Aylesworth is troubled with deafness, and no word after the unearthing of Hon. George E. Foster has been raising in his ears. Montreal Herald: If working for others is Lord Methuen's conception of duty he has the satisfaction of knowing that a large percentage of his fellow beings live up to it, even against their will. Montreal Star: A snake five feet long was killed in Toronto. The temperance movement is spreading. There was a time when Toronto could see a dozen snakes that long.

Ottawa Journal: Now we learn from the leader of the Japanese Opposition that it was all politics anyway. We thought as much all along, but did not anticipate so frank a confession.

Kingston News: The Chicago preacher who declared that the man who led a girl or woman to drink should be branded as a debaucher and a devil gave utterance to a self-evident truth in language that was forcible if not elegant.

St. John Sun: Mr. Foster says that Dr. Pugsley's charge is a B.L.U.F.F. But nobody has displayed any keen anxiety to call it so far.

Montreal Star: The Marcel wave was invented in England. Britannia rules the waves.

Brantford Expositor: In other words, the News' estimate of the doughty Doctor [Beattie Nesbitt] is that he is very much of a puff-bill.

London Advertiser: The report that the Minister of Justice is troubled with deafness is the subject of facetious comment by our local contemporary. Can a public man in this country expect no chivalry from opponents?

Toronto News: Any law which allows a man to beat his wife must be common law indeed, not to say vulgar.

Toronto Star: Just as if Adam Beck wasn't having enough trouble with Niagara power without Dr. Beattie Nesbitt throwing Standard Oil on the troubled waters!

Go Slow. (Toronto Globe.) Auto operators have been warned by Chief Grassett that the speed law will be enforced. Here is a word to the wise.

A New Name for It. (Toronto Star.) Baptist minister declares Brantford is the most profane city he has ever been in. Has he ever been round, we wonder, when the editors of the Hamilton papers were holding a symposium?

Warning to Goggin. (Toronto News.) If Dr. Goggin dares to leave out of the new school readers "Curfew shall not ring to-night," or "Down by the Rio Grande," all his past successes will not save his reputation as an English scholar.

Y. M. C. A. SONG SERVICE. The Religious Work Committee of the Y. M. C. A. held another meeting last evening and completed arrangements for the Sunday afternoon meetings for the next four months. They decided to make a specialty of the Sunday 4.15 men's meeting, and have arranged a splendid programme. It was also decided to open up the song service again on Sunday nights, beginning the first Sunday in November. A sub-committee was appointed to make arrangements for the city choirs to assist in this song service. During the winter young people who are fond of singing can spend a pleasant and profitable hour after church services in the Association Hall.

The body of Albert Wilson was found in his room, 34 Baldwin street, Toronto, with the gas turned on.

An inquest is to be held into the death of James Robinson, who was brought from Mimico Asylum suffering from bruises.

REV. DR. POTTS.

WAS CONVERTED WHILE A RESIDENT OF HAMILTON.

"Oh, isn't that nice?" Was the Way He Received News of Mr. Birge's Gift—Tributes to Deceased by Rev. Dr. Carman, Dr. Briggs and Chancellor Burwash.

Rev. Dr. Potts, who died in Toronto yesterday, had been an unwell man for many years. Seventeen years ago he went to England to consult an eminent specialist on diabetes, and for some time after he seemed to improve and make considerable headway against the disease. Early this year he lost his wife, and this blow brought on a recurrence of his former physical weakness. He reluctantly relinquished the idea of going to Rome to attend the World's Sunday School Convention in April last, but he never gave up his active work in connection with the educational fund of the church. On Thursday last he was roused from the condition of coma and informed of a gift of \$50,000, Victoria University from Mr. Cyrus A. Birge, of Hamilton. "Oh, isn't that nice!" were the words that faintly came from the patient's lips, and from that time on he knew no more.

Some time previously reference was made to the gift, and the physician bent low to catch the words, uttered with a half consciousness: "I must go down to the office to-day and see about that \$50,000."

It was in Hamilton that he came under that influence which resulted in the changing the whole course of his life. As were his parents before him, he was a member of the Church of England, and in Hamilton he heard that great Methodist preacher, Charles Lavelle. To use his own words: "I was converted under the preaching of the late Charles Lavelle, M. A., of Hamilton. A very strong impression on my mind after conversion was made to the gift, and the physician bent low to catch the words, uttered with a half consciousness: 'I must go down to the office to-day and see about that \$50,000.'"

Particularly strong was he in his Methodist. To again quote his own words: "Methodist theology is to me the most precious heritage I have. I glory in our interpretation of the Scriptures because it finds the inspiration of hope to every poor sinner out of hell. It is as bright as the sunshine of God and generous as the heart of Jesus Christ."

Several men prominent in Canadian Methodism had tributes to pay to Rev. Dr. Potts' life and work yesterday.

Rev. Dr. Briggs said: "While Dr. Potts was a man of the broadest sympathy with other churches, he was a loyal and devoted Methodist. As a member of the International Lesson Committee he rendered valuable service to the Sunday school cause and was for some years Chairman of the committee. I lament his death as a personal bereavement and share in the general sorrow that this strong, heroic figure has been cut down by the ruthless, irresistible hand of an insidious and incurable malady."

The Superintendent of the Methodist Church, Rev. Dr. Carman, said: "Dr. Potts' influence was far-reaching to the church of his love and labor. In his genuine charity and magnanimity he embraced the circuit of our empire, and indeed the nations of the earth. He gave the best of grand capabilities in his consecration to the interests of humanity and the glory of his God. Multitudes will mourn because of the death of this good and worthy man."

Referring to the office of Treasurer of Victoria University, which was filled by Dr. Potts, Rev. Chancellor Burwash said: "For twelve years prior to his appointment as General Secretary of Education I occupied that position. The income was \$11,900 a year. The last full year in which Dr. Potts performed his duties the income was \$34,430. In the twenty-one years during which he held this post the income was multiplied by three. When he commenced his work for Victoria College, now Victoria University, the equipment, buildings and endowments were approximately worth \$200,000. Now they are close to \$1,000,000. The work of the church was pre-eminently a man of the church universal. In all the great movements of the day he took an active part, and was recognized as leader. In the pulpit and on the platform he had few equals, and the secret of his power lay in the depth of his sympathy, and in the felicity with which he gave expression to the convictions of many hearts. He will be missed in our world of Methodism alone, but by the cause of Christianity both in Canada and the United States."

DUFFIELD MISSION.

Pots of Jam are Wanted Just at This Time.

"I do not like to ask them for money, but if I refrain from doing so I feel I am doing them a grievous wrong." So spoke one who was collecting for religious work from those who were by no means rich in this world's goods. Perhaps the members of the Duffield Mission are in danger of doing the citizens of Hamilton a similar wrong in not asking their help more frequently for the good work they are trying to do at the City Hospital. The members of the mission visit the patients in the hospital every Tuesday afternoon, all the year round, giving out flowers and whatever fruit is in season, also passing around magazines and reading books in the library. The way in which the citizens could help just now is by sending a present of jam, any quantity will be thankfully received and highly appreciated by the patients, to whom it is given twice a week and to whose somewhat monotonous diet it makes a welcome change. Next Sunday, October 20th, the clergy and ministers of this city have consented to give out notices and a hearty response is looked for. In the majority of the churches the jam or canned fruit will be taken by the Sunday school children or to the school house on a day appointed by the minister. For the others the F. M. room in the Court House will be open on Tuesday and Wednesday next, October 22nd and 23rd. Those who wish their jars returned will please send their donation to the City Hospital on Tuesday afternoon, October 22nd.

BEAUTIFUL, LEARNED, RICH.

The Coming Bride of Prince George of Greece.

Paris—The marriage of Prince George of Greece and Princess Marie Bonaparte, which will take place here in October, interests Parisian society far more than the usual unions between persons of their rank. For, besides the position of Princess Marie's family, she has the additional advantages of large wealth and of personal beauty and charm. Her independent fortune of 35,000,000 francs makes her the greatest heiress in France.

For these reasons and because of her unusual upbringing she has always held a unique position in imperialist and royalist society. Since republican ideals have taken so firm a hold on the country that the prospect of a monarchy became hazier year by year, Orleansist and Bourbon princesses are being brought up in a much more democratic way than formerly, in fact, are enjoying to a certain degree the privileges of the lesser nobility.

Not so with Princess Marie. As her mother died in her infancy she was brought up by her grandmother, the Princess Pierre Bonaparte, who had exceptional notions about the duties and responsibilities of an imperial highness, with or without a throne.

Unlike the girls of her age and generation, Princess Marie was never allowed to make visits or to receive her acquaintances informally. At certain set times these acquaintances—they could scarcely be called friends—were bidden, as by royal command, to come to the Bonaparte's palatial home in the Avenue d'Antin.

They were ushered through a magnificent suite of reception halls to an inner apartment, where their small hostess stood beside her stately grandmother. Each newcomer was greeted with an appropriate and gracious speech, generally about her family's health. Certainly this ceremonious atmosphere was not encouraging to childish confidences.

So Princess Marie grew up in the strict intimacy of the home circle, where petty gossip never found its way, for Princess Pierre was faithful to her rigid ideas of a princess' education and always turned the conversation adroitly when some indiscreet caller started scandalous hearing. During her girlhood Princess Marie got into the habit of devoting most of her time to scientific studies.

Her father, Prince Roland, who became a member of the Institute because of certain exhaustive astronomical and geological works, undertook this branch of her education. So at the time when the average American girl is planning her first season's wardrobe, Princess Marie, in working apron, was spending hours in library and laboratory.

And she seemed thoroughly contented to substitute the quiet of the schoolroom for conventional gaieties. Her natural aptitude, coupled with constant study and intercourse with her father and his eminent friends have made her, beyond doubt, the most learned young woman of her age in France. It was to gratify her wish that Prince Roland converted the vast basement of his home into a laboratory.

There were long haired professors of the Sorbonne, world famous scientists, musicians, artists and authors with their wives and daughters. The Princess herself had made out the invitation list.

Beforehand she was coached as to the special hobby or latest achievement of each guest—like an American President she was ushered through a magnificent suite of reception halls to an inner apartment, where their small hostess stood beside her stately grandmother.

Mullin-Lazier Wedding in Centenary Church.

Brilliant Society Event Yesterday--Marriage of Alfred Ecclestone and Miss Leckie--Other Matrimonial Events.

Among the many fashionable weddings of a somewhat brilliant autumn season, that of Dr. J. Heurner Mullin, second son of Mr. Mullin and the late Dr. John A. Mullin, and Miss Ethel M. Lazier, elder daughter of Mr. S. F. Lazier, K. C., and Mrs. Lazier, in Centenary Church, yesterday afternoon, was one of the most charming. The event took place at 4 o'clock in the presence of a very large and elegantly gowned gathering of the fair sex and conventionally attired men. The body of the church was filled with guests, and the galleries with admirers and well wishers of the young couple.

aid relations of the contracting parties were present. Promptly at 3 o'clock, to the strains of the "Lohengrin" wedding march, played by Miss Jessie Leckie, cousin of the bride, the charming bride entered the room, leaning on the arm of her father, who gave her away. She looked sweet in a costume of white silk mulle. Both bride and groom were unattended. The parlor was tastefully decorated with ferns and palms.

Patriarche-O'Brien. The marriage of P. C. Patriarche, coal merchant, of Burlington, and Miss M. O'Brien, daughter of Hamilton, took place at Providence, Rhode Island, yesterday morning. On their return on a short wedding trip, they will take up their abode in Mr. Patriarche's new residence on Ontario street, Burlington.

Benner-Sneath. A quiet wedding took place in St. Luke's Church, Burlington, on Tuesday afternoon at 3 o'clock, when Miss Elizabeth Sneath, youngest daughter of Mr. and Mrs. Thos. Sneath, was united in marriage to Mr. Walter Benner. The ceremony was performed by Rev. F. W. Hovey, rector of the parish, in the presence of the immediate relatives. The bride, who was given away by her father, was attired in a travelling suit of brown, with hat to match. She was attended by her sister, Miss Fanny Sneath. Mr. Alfred Baverstock, of Hamilton, was groomsmen. After the ceremony the wedding party drove to the home of the bride's parents, where a dinner was served. The bride was the recipient of many beautiful presents. The happy couple left on the 6.30 train for Buffalo, where they will reside.

O'Brien-O'Connor. The marriage of Miss Elizabeth O'Connor, youngest daughter of the late Nicholas O'Connor and Mrs. Margaret O'Connor, to Mr. James O'Brien, of Hamilton, was celebrated in St. Paul's Church, Toronto, yesterday morning at 9 o'clock by Rev. Father Hand, Mr. Jack Leckie acting as best man, and the bride's niece, Miss Maggie Isobell, in pretty brown street suit, as bridesmaid.

Morrison Will. Defendant's Appeal Was Dismissed With Costs Yesterday. In re Morrison, Morrison vs. Johnston, W. M. McClelland, for defendant, at Toronto yesterday appealed from judgment of Judge of Surrogate Court of Wentworth establishing as the last will of Thomas Morrison, of this city, an undated instrument pronounced by the plaintiffs, as against an instrument dated 14th December, 1897, and executed on that day. The judge found that the undated instrument was executed in April or May, 1898. The testator died in January, 1907. The defendants contended that there was at least a doubt upon the evidence as to the date of the execution of the undated will, and it should not be admitted to probate. William Bell, for plaintiffs, contra. Appeal dismissed with costs.

GREAT WORK OF MISSIONS.

Splendid Meeting in the Church of the Ascension.

Leading Women Workers Speak on Great Fields of Labor.

Northwest, India and Japan Were Very Ably Dealt With.

Interesting addresses by prominent missionary workers in connection with the three-day convention of the Dominion Board of Management of the Anglican Church of Canada, which opened yesterday at Christ Church Cathedral, attracted an audience that filled the Sunday school room of the Church of the Ascension last evening.

Mrs. (Bishop) Newham, of Saskatchewan, taking as a text, Rudyard Kipling's recent utterance, "We are the trustees of the nation," emphasized Canada's responsibility towards the new comers to the west.

The conditions in India were unfortunately outlined by Miss Strickland, for years a zealous worker in that field. The great cry there was for workers and funds, she said.

An appalling picture of the lepers of Japan was painted by Miss Riddell, whose long years of experience in that field have made her thoroughly conversant with its conditions.

Among the two hundred thousand lepers in the country there was a new field for work. The lepers, with their own people, were outcasts. Tended and cared for with loving Christian kindness in the hospital established there caused these people to ask, "What kind of a religion is this teaching of Jesus Christ that causes people to bestow love and care on such as these?"

LONDON BY-ELECTION

Gray Turned Down Because He Wanted Fund.

London, Oct. 17.—Many rumors are flying about concerning the way that William Gray was turned down by the Conservative convention last night.

The Free Press, in its report of the convention, says it was stated that Mr. Gray had made certain pledges not to run again. Nevertheless, his friends insisted upon putting him in nomination, and it was suggested that he could be called in case he was the choice of the convention, and given the opportunity to accept or decline.

Mr. Gray made the fight against Hon. Charles Hyman in 1905, and at the R. L. Borden meeting here a month ago Hon. Adam Beck declared that William Gray was the rightful member of Parliament for the city of London.

TOMATOES UP.

Don't Pay More to Farmers, But Say Help is Scarce.

Toronto, Oct. 17.—Canned tomatoes are going to be high this winter—some say a good deal higher than they should be, because of a union of packing houses known as the Canadian Packers, limited.

There was a time when one retailer could sell tomatoes at three cents a pound; later they were made the straight, but now now it looks as though the best will be two for a quarter.

Canned tomatoes can be bought in the States at 5¢ a dozen, while in Ontario the figure now quoted is what some say is the true price of 12¢ a dozen.

It is also stated that the Canadian Packers, limited, have a special way of doing business, in Toronto they only deal with wholesalers and only some of these.

Mr. Marshall was asked the reason for the high price, to which he replied: "The pack this season will only be from 60 per cent. to 65 per cent. of that of last year. The season was two weeks late and the time for operating at the packing plants was reduced to that extent."

MUST PLAN IN EMPIRES.

Dev. Dr. Sutherland on Future Missionary Work.

Woodstock, Oct. 18.—Rev. TEMPERANCE PEOPLE MOVE.

Seem to Be Preparing For Local Option in Dundas.

Annual Meeting of the Dundas Club Last Evening.

Citizen's Committee to Give Another Entertainment.

Dundas, Oct. 16.—The annual meeting of the Dundas Club was held in its rooms in Wilson's block last evening. The report of the Secretary-Treasurer, W. F. Moore, showed the past year to have been a prosperous one, there being a balance in the treasury of \$148 and unpaid fees amounting to \$57.50.

The temperance people of the town have, apparently, some movement in view. Whether it will result in joining with the adjoining townships in submitting a local option by-law in January does not seem clear.

The Citizens' Committee is arranging for an entertainment in the Town Hall, on Thursday evening, Nov. 14. The 77th Band, Miss Myrtle Donald, and Owen Smiley, of Toronto, and others, have been secured.

Among visitors in town during the past few days were the following: Miss Gerald, of Prescott; Mrs. J. G. Guelph; Wm. J. Cummings, of Buffalo; Mrs. Johnston, of Deseronto; P. C. Marshall, of Montreal; Mr. and Mrs. Wade, of Brantford; Mrs. (Rev. Dr.) Poole, of Detroit; Mrs. (Rev.) W. W. Walker and Mrs. Jackson Walker, of Toronto.

Miss Alice Bunnell leaves on Monday to make her home with her sister in Galt. Both her parents have recently died.

The town is to have another jeweller's store. Mr. Pearson, of Charlottetown, N. B., will open next week in Newitt's block.

Freeland, of Toronto, and Miss Dennis, of Huntville, have been visitors with Mrs. J. J. Steele.

Walter Binkley, whose parents live in Texas, is in town visiting his grandmother, Mrs. Wm. D. Binkley. On Monday while playing he had the misfortune to fall and break his leg.

John Bertram has resigned the position of Superintendent of the Pratt & Whitney Tool Works.

FINE TURNOUT

And Splendid Work Done By the Highland Regiment.

There was a rattling good turnout of the 91st Highlanders held last evening, and the manner in which the men went through the various movements was a delight to the eye, and Col. Logie was greatly pleased with the result of the night's work.

TO REACH MASSES.

President Warren's Address at Baptist Convention.

Great Problem Now Before the Christian Church—The Officers Elected—McMaster University—Degree for Judge Teetzel.

Woodstock, Oct. 16.—The Baptist convention of Ontario and Quebec this evening elected its officers for the ensuing year. The session was held in the First Baptist Church. Rev. J. A. Gordon, D. D., of Montreal, President; D. W. Karn, Woodstock, and Rev. L. S. Huggson, B. D., Windsor, Vice-Presidents; Rev. C. J. Cameron, B. A., Toronto, Secretary-Treasurer.

Mr. Warren placed "the supreme value of the soul" first as what should be taught. By the soul, he explained, he meant the thing that, thinks, feels, loves and hates, rejoices and grieves, and frets and worries.

A special convocation of McMaster University will be held in Woodstock on Friday, October 18, in connection with the celebration of the fiftieth anniversary of the founding of Woodstock College, an academic department of McMaster University.

Oliver Cromwell. Interesting Address in Erskine Church Last Evening.

Rev. M. Gray, of Dundas, was the speaker in the Erskine Church lecture hall last evening. The attendance was very good. Mr. Gray is no stranger in Erskine, and the many who were out to hear the reverend gentleman lecture on "Oliver Cromwell" were in no way disappointed.

Walter Binkley, whose parents live in Texas, is in town visiting his grandmother, Mrs. Wm. D. Binkley. On Monday while playing he had the misfortune to fall and break his leg.

John Bertram has resigned the position of Superintendent of the Pratt & Whitney Tool Works.

That the Company is negligent in allowing incompetent foreigners to work in dangerous places, such as around cars, but that death was accidental, was the verdict of Coroner Rennie's jury on the death of Elio Mark, who was crushed between two cars at the steel plant last Friday, and died on Saturday.

REMINISCENCES.

Another Interesting Evening in Charlton Ave. Church.

Last night's services at the Charlton Avenue Methodist Church closed the week's celebration of the Silver Anniversary of the church and another good crowd attended the church. Mr. Egerton Healey was on the programme for a twenty-minute talk on reminiscences, and what men and women had done for the church in the past.

Next Sunday Rev. Dr. Cleaver will preach at both services, and will give his celebrated lecture on Monday evening.

HAIR ANY STYLE.

Chicago Salesladies Free from Tyranny Like Pittsburg's.

Pompador Pass, Anyhow—But if a Girl Wants to Wear One, Let No Manager Dare to Interfere.

Chicago, Oct. 17.—If that perfectly horrible Pittsburg department store manager who got into all the papers yesterday would just come to Chicago, he would learn a few things that might interest him.

He would learn, in the first place, that any man who so far forgot himself as to try to tell a saleslady how she should do her hair might be all right in Pittsburg, but—well, comparisons are odious, always that is, and a Chicago man is always, mark you, gentleman, if nothing else.

The mere man was forced to admit that the girls seemed to be attending more or less strictly to business. Nevertheless, for the sake of thoroughness, he went down the street to dig up some evidence at another establishment.

MRS. SHARP'S TIRAL. DID SHE SHOOT YOUNG COATES NEAR SHERBROOKE, QUE? Some Idea That She Took Crime on Herself to Shield Others—Alleged That Shots Were Only Fired to Frighten Men Away.

Sherbrooke, Que., Oct. 16.—The trial of Nita Dorais, wife of Howard L. Sharp, of Kenora, Ont., for the shooting of Harold Coates at Birchton in October of last year, was resumed to-day. The evidence adduced the fact that Coates, with three others, was riding past the house of Alvin Bailey, singing jovially, and it is alleged, in the songs mingled familiar reference to the two daughters of Mr. Bailey, who, it is said, had warned Coates and others to keep away from his house.

IN THE WORLD OF AMUSEMENT

The forthcoming production here of Eugene W. Presbrey's dramatization of Sir Gilbert Parker's novel, "The Right of Way," is beginning to arouse curiosity. Readers of the book are curious to know if a really adequate dramatization of that enigma, that human question mark, Charley Steele, has really been made at last. It is some years since the instant success of the novel, and many attempts to give the story stage form have been made. None, however, were acceptable to Sir Gilbert Parker till Presbrey made a flying visit to London a year ago and told his personified version of Steele to the man who discovered the character and made the book. In ten minutes the dramatic rights were Presbrey's.

Presbrey calls "The Right of Way" a posthumous play, and says he never could have written the play if he hadn't "died" two years ago out in Indianapolis. It is asserted that Presbrey is on earth for the second time, thanks to miraculous surgery, and his statement that the play was made possible by some of his own personal experience arouses psychological interest.

"Certainly," says Presbrey, when questioned, "I am Charley Steele; so are you, so is every man in the world. I don't aver that we spend our time and energies wrecking faith, questioning the foundations of the universe, side tracking moral principles, doubting truth, upsetting justice and all of the conventions of correctness for perverted whim or quarrelling with the God who made us what we are, as Steele does; but in the journey from the cradle to the grave we do many or most of the things that we get any answer to our eternal questioning."

"Steele is a human question mark; so am I; so is everybody. Who knows? That's what we want to understand. To make a play out of a book that question had to be answered. It had to be answered in a way that would gratify the average auditor; the book did not answer that question, that is why a play was so long in coming."

Presbrey stoutly asserts that if he had not been near enough to death to realize that ambitions, desires, passions, the conventions that govern law, society, morals, religion and the usual relations of man to man, are of no importance, have no influence over the human soul at that supreme moment, he never could have known the Charley Steele that he is going to present in the play. This does not make the play a sermon; far from it. Those who have heard the play declare it a powerful psychological study of an intensely human character, appealing directly to the heart rather than to the head.

When asked for the story of "The Right of Way" Presbrey says that "The story of an emotional play can never be told; it must be seen and felt." He makes Charley Steele a psychological character, a "blue-eyed" man with a Methodist temperament, a man with a grey-haired soul or with no soul at all; a fine mechanism with one essential part lacking. A man, almost in God's image, but with a flaw. A man who dares to question the Almighty. And that questioning is the human reaching out for the missing something, that missing something is love. In Steele's search for his own soul his life becomes one of conflict. Conflict is drama.

The character of Charley Steele is remarkably peculiar for the hero of novel or play. A man of social position, culture, artistic refinement, a keen lawyer and a man of the world. A dangerous example, because on him all the vices rest pleasantly and apparently without consequence, but a man without guiding principle. Steele wows, wins, and marries, without loving and unloved, a beautiful woman, for whom, to take her from another to whom she is engaged. He plants the seeds of doubt in Presbrey's Brown, breaks down his faith with his "Who knows?" He sends Billy, his brother-in-law, galloping to the devil. He goes, drunken, to play with justice, and sets free a murderer, who should be hung, perhaps. He flouts social conventions and rivets gossip to frequenting low resorts. But everywhere he asks the immortal question, "Who knows?" And till he deliberately questions death he asks in vain. Presbrey says that is what caught his dramatic fancy. Those who have read the play declare that the treatment is both novel and daring. That is the purpose of the play, to show the spiritual unbuilding of a human soul through love. "The Right of Way" will be seen at the Grand here on Thursday and Friday of next week.

At the Bennett Theatre.
This week Bennett's theatre is sustaining its reputation as the home of all-star vaudeville and theatregoers are recognizing this fact judging by the way they have been crowding the house this week. Fanny Rice, the distinguished actress is heading the bill with her vaudeville innovation. It is a sort of cabinet act in connection with which Miss Rice operates a number of miniature figures supplanting her face in place of the one which would naturally appear on top of the figure. The act of Howard and Blaud, entitled "The Stage Manager," is receiving a lot of well deserved applause. It is a clever sketch put on by a pair of clever people. There is considerable to it which is novel and the entire act is unusually pleasing. Oscar Lorraine, who plays a violin and impersonates some of the great heroes in the "fiddling" line, is making a lot of friends. His playing has a finish and finesse which at once establishes him in the favor of the audience.

One experiences a lot of pleasure during the act of Callahan and St. George, entitled, "The Old Neighborhood." The act contains a pleasing combination of music and good dialogue, the former standing out conspicuously. Everything, including the stage settings, seem to work in with to make the act decidedly emotional. Harry and Kate Jackson make a hit in their farce entitled, "His Day Off," and they divide the honors with the Avon Comedy Four, a clever quartette of singers and fun makers. Brown and Wright, singers and dancers and the "Stage Brothers," in their sketch, "The Grand Old Time," last evening, were a hit with the audience. The "Stage Brothers" were a hit with the audience. The "Stage Brothers" were a hit with the audience.

one, and a greater personal success than he made in "The Girl From Kay's." Mr. Bernard Eugene Funnier and familiar with each performance of this play. He seems to add new laughs every night, or if he doesn't add laughs, he multiplies the reasons for them, and the result is just as satisfactory one way as another, to the man or woman in search of enjoyment. His "Piggy" is as artistic as it is amusing. The musical feature of the "Hoggenheimer" show are undeniably excellent. There are plenty of pretty girls, and any number of novelties. In the score or more of exhilarating songs, "The Bagpip Serenade," "Poker Love," "Don't You Want a Paper" are perhaps the most prominent.

At the Savoy.
The Savoy show this week continues to draw big business. Kara, the great European juggler; Klein, Ott Brothers and Nicholson, the four Emperors of Music; Aurie Dagwell, "The Girl Who Sings the Old Songs," and Wilton Brothers, with their great comedy bar act, proving a most attractive quartette of feature acts. The rest of the bill, comprising Quigley Brothers, in their breezily little singing and talking sketch; the LaVailles, a fine equilibrist act; Desroches and Bianca, a Parisian novelty and James Macdonald, monologue artist, is equally pleasing.

Two of vaudeville's greatest headline attractions will be seen here next week in the appearance of the Heras and Grace Hazard. The Heras family of nine people is said to be the finest acrobatic act of the kind playing vaudeville and has been one of the sensational hits of the season. Their work is said to be wonderful. Sweet little Grace Hazard of "Babes in Toyland" fame, has an act entirely original in its presentation. She is billed as "Five Feet of Comic Opera," as she is just five feet tall, and she gives a repertoire of appealing sketches from the old quiet favorites, such as "Fatinita," "Chimes of Normandy" and "Fra Diavolo." Her costuming is unique and is a mine of wonder and a joy forever to the ladies, as by clever transformations she turns various garments and adapts them for each character she represents.

It looks as if the house would be sold out in advance for cricket night, Thursday, October 29. No complimentary will be accepted that night.

Coming to the Grand.
Seats are now on sale for A. Q. Scammon's production of the old time favorite comedy, "The Red Widow Brown," which will be given at the Grand on Saturday afternoon and evening.

On next Monday Ben Greet will present "The Merchant of Venice" at the Grand, acting Shakespeare's play in the manner of presentation in vogue in Shakespeare's day. Mr. Greet's object is not merely to revive the theatrical conditions of a bygone age for the sake of a dramatic curiosity, but to show us the plays of Shakespeare as Shakespeare wrote them and as he intended them to be acted. The seats are on sale to-morrow.

With a tremendous success in the largest cities of the United States, "The Gingerbread Man" will be presented at the Grand next Tuesday and Wednesday. It is doubtful if there is a production on the road that in point of scenic splendor compares in any respect with "The Gingerbread Man." Five of the leading scenic artists in the country were engaged for seven months in getting up this production. Seats will be on sale on Saturday.

Rules for Ocean Theatres.
According to the New York Telegraph Loney has prepared rules and regulations for the trans-Atlantic circuit, as follows:
1—All artists must do three shows, first-class, second-class and matinee.
2—No salary for time lost. At end of voyage the boat will be docked.
3—Cut out all references to extra and little fish surrounding you. They may be agents trying to get a line on your act.
4—No tips allowed; but if you feel inclined, advance to the rail and give up.
5—Do not light turkish—if you can't see your act, look out for the searchlight. Keep your wardrobe in your stateroom so we can clothe in if necessary.
6—Don't knock the management or you will be escorted below and pushed out the circuit.
7—Cut out all reference to opposition houses; they are only mis-accus and canal boats.
8—You must be clear from in front of the pilot house.
9—Biscuits acts will make up in the staterooms. Helmsmen turn in the pursers' room; bar acts in the saloon; jugglers in the mess room; aerial acts will find their apparatus in the rigging; magicians doing card tricks will furnish their own decks.
10—Don't weaken; it's sink or swim. This is a new venture and we are all at sea.
11—Don't knock the board; you have stopped in sailors' boarding houses before.
12—Don't act as if you were spending ten minutes in a rough-house boat.
13—Sailors will perform supers' duties, but far be it for us to allow supers to act as sailors.
14—This is strictly a water wagon; no drunkards tolerated. Keep away from the waves and the foam or you will get seasick.
15—Do not mention in your act anything regarding poor business, even if you do see a lighthouse.
16—All artists must furnish three sheets for the masts; we don't guarantee scenery; not responsible for the crew.
17—Do not roast the audience or your passage will be canceled. It may be that the trip makes them cross.
18—Do not tell us about your big hit on the Mississippi River circuit. The tougher the weather the easier it will be for you to knock them off their seats.
19—We dare you to take your trunk down to the depot.
20—Playing clubs during this engagement strictly prohibited.

JAP WAR WITH THE STATES.

Are Both Combines Preparing For the Struggle?

Idea That is Coming in the Mind of Those in a Position to Judge

Washington, Oct. 16.—Preparations for a hostile emergency in the Pacific are occupying the time of military and naval authorities to such an extent that all other work has been suspended in some branches of the two services.

The idea that war is coming is apparently fixed in the minds of some of those having superior means of obtaining information as to the Government's attitude.

Under orders from the Navy Department, the entire working force at navy yards on the Atlantic coast is being employed in making ready the vessels of the battleship fleet for the so-called practice cruise to the Pacific.

Under equally imperative directions, new fire control systems are being installed on the battleships which will go to the Pacific.

The decision of the President to send the battleship fleet to the Pacific coast has its inception—at least its apparent inception—in disquieting information furnished to the military departments of the Government by confidential agents abroad.

WIFE WANTED.

CHICAGOAN'S "WANTED" SIGN BROUGHT RESULTS.

Now Asks: "Which One?"—Letters to Him Seeking Suggestions Foretell Popularity of His Plan.

Chicago, Oct. 17.—N. H. Matthews closed the lists of his individual matrimonial bureau last evening. He admits the number of "entries" is large.

He wishes to publish abroad to the feminine affinity seekers that no more candidates will be considered.

A number who did not know the exact state of affairs rang the bell of the Matthews flat, 1305 North Halsted street, last evening. In fact, women had been calling all day long.

"Tell all callers that I am considering no more applicants," he told his daughter. "I am going over to see two or three this evening."

He had no more than left the house than a woman wearing a long gray fur stole about her neck, a blue suit and hat with a blue feather in it, alighted from a Halsted street car at the corner of Dewey place, just north of the Matthews place.

"No, Mr. Matthews isn't in this evening. Did you want to see him about—out that advertisement?" the girl questioned.

"Well, ah—in a way, yes. I thought he might want to get a housekeeper," was the reply.

"Well, papa has engaged a housekeeper who will be here to-morrow. He instructed me to receive no further applicants."

"Is that so? I noticed that the parlor was all dark. I feared I should not have put it off so long. But it was so far—"

At this juncture the door was closed, for it was apparent that no welcome was forthcoming from the prim 20-year-old daughter.

"I am sick of this whole affair," said Miss Matthews. "Papa has been altogether too talkative. I don't see what business it is of anybody's. I do hope these callers will stop bothering us pretty soon."

The daughter expects to return to her school to-day. Just who the new housekeeper will be was not divulged. Considering the number of applicants, however, it is conceded that the accepted one should feel like a prize winner in that she outshone all the rest.

"Marry? No, no, not so hastily," said Mr. Matthews earlier in the evening. "I don't expect to get married for a few weeks. My plan to gain the acquaintance of women desiring to get married has been successful. There is no use of urdu haste."

Evidently Mr. Matthews' former desperation, signified by the window sign, "Wife wanted," has developed into a calm deliberation. It is now a question of "which one."

BLIND RIVER FIRE CHIEF GETS BENEFIT OF DOUBT.

The Magistrate Before Whom Was Tried the Case of George Raymond Decides That He Shall Go Free—Sensational Evidence Given by a Hotel Clerk.

Sault Ste. Marie, Ont., Oct. 16.—The case against George Raymond, the chief of the Blind River Fire Department, charged with causing a series of incendiary fires at Blind River, was closed last night, and Raymond was allowed to go.

For some time the authorities at Blind River have had three secret service men in the town endeavoring to locate the incendiaries. Important evidence was given by Charles Rogers, clerk at the Inverness Hotel, who swore that on the night of the Edwards fire he heard Raymond remark to two unknown men.

Magistrate Williams stated there was some doubt in his mind as to whether Raymond was the guilty party, and dismissed the case. He stated, however, that in his opinion all the fires had been of incendiary origin.

A WESTERN SENSATION.

GREAT YUKON ROBBERY FOLLOWED BY SUICIDE.

The Prisoner, Who Killed Himself After His Arrest, is George Kincaid, of the Public Works Department—Formerly Resident in Peterboro—Another Man Under Arrest.

Vancouver, Oct. 16.—A Dawson despatch says: "George Kincaid, head foreman of the Public Works Department in the Yukon Territory, 5th headquarters at Dawson, arrived on Sunday in charge of the police, at Selkirk, one hundred and seventy-five miles above Dawson. He was charged with stealing \$40,000 which mysteriously disappeared from the registered mail sack delivered in Dawson July 29 from Fairbanks by the steamer Seattle. Kincaid was placed aboard the steamer Prosperator yesterday morning on his way to Dawson and died three hours before the arrival of the boat. A vial supposed to contain poison was found in his bunk. On Monday night he was well and ate heartily. It is believed that the man was so overcome with shame because of his capture that he ended his life."

It is believed that Kincaid stole the gold from the Post Office when he worked in the Government service. He had confederates, who carried away the sacks, opened them, melted the gold, mixed it with Klondike dust and sold it to the banks. Only a small portion was recovered.

Richard L. Hall, bookkeeper of the M. & N. saloon of Dawson, a former restaurant proprietor, was arrested on Thursday on a similar charge to that on which Kincaid is held. Hall is confined in the barracks at Dawson. It is reported that he has made a confession implicating a number of Dawsonites. The arrest of Hall and Kincaid caused the biggest sensation here in years, both having been prominent Klondikers. Kincaid is a native of Peterboro and went to Dawson in 1898.

Peterboro Friends Shocked.

Peterboro, Oct. 16.—The Peterboro friends of Kincaid were shocked last night to learn of his tragic death. He was a native of this town, and all his family connections were highly respected.

BIG DAMAGE CLAIMS.

Fifty-Four Presented by Japs Aggregating \$13,900.

Ottawa, Oct. 16.—Fifty-four claims, ranging from one dollar to one thousand dollars, have been filed by Japanese residents of Vancouver for damages sustained by them during the recent riots. The damage to property, consisting mostly of broken glass, is placed at \$2,400 and the damages asked for business losses amount to \$11,500, making an aggregate of \$13,900.

Nothing could be more thorough than the manner in which the claims are presented. Each case is treated as a separate claim and is accompanied not only by an affidavit of the damage, but also by a photograph of the building, showing the injuries done by the mob.

WILL TIGERS TRIM ARGOS.

Southam and Martin Will be in Hamilton Line-Up.

Highfield Juniors Defeated Ridley Preparatory School Team Here Yesterday—Higball Won at Lexington in Fast Time—McFarland Knocked Out Gulligan.

That the Tigers realize that it was lack of training that was one of the principal causes for the loss of last Saturday's game with Montreal is quite apparent to the enthusiasts who are up at the football field these nights watching the players get into shape for next Saturday's hard contest with the Argonauts. The way the players turned out last night and the way they worked inspired the big crowd of supporters on hand with confidence, and a feeling that it will be a different team that steps onto the field on Saturday. After a hard hour's work at tackling, a signal practice was indulged in, and then the different players took in turn around the field at good speed to improve their wind, after which they were individually subjected to a hard run down by Trainer Devine and his corps of assistants.

Back, J. Merrick; halves, R. Fitch, G. E. Tinning, C. K. Martin; quarter, H. Thompson; scrimmage, W. F. Clarke, E. Wallace, R. MacKay; wings, G. Lynch-Staunton, W. Nicholson, A. J. Crerar, H. Colquhoun, T. B. Bradley, J. M. Young.

OTTAWA TO STRENGTHEN. Ottawa, Oct. 17.—The Argonaut-Ottawa game last Saturday revealed the fact that Ottawa is just a bit shaky behind the line, and unless improvement in that department is made during the next day or two, lines, Bonnier, the former St. Patrick and Ottawa College full back, who has been spending his holidays in Chicago, put on a uniform and played full. His appearance is significant, and probably means that he will play that position against Montreal next Saturday.

At Cornell—Cornell Freshmen 6, Ithaca School 0.

Y. M. C. A. FOOTBALLERS. There will be a practice to-night of the Y. M. C. A. City League at the Y. M. C. A. at 7:30. A full signal practice will be held. Any one wishing to play is requested to attend. After the practice the captain will be elected.

SOCCER TEAM. The Y. M. C. A. soccer football team has held a meeting last evening and had a practice in the outdoor gymnasium, under the electric light. Their next match will be with Dundas on Saturday, the following players were appointed to represent the team:

A. Lawrence, Sanders, Little, F. Lawrence, Marshall, Sales, Syer, Gould, H. Lawrence, Fleming, Graham, Saultman and Smith.

PLAYERS are asked to meet at the Y. M. C. A. at 2 o'clock sharp on Saturday afternoon.

FREE KICKS. Football is being played in every corner lot and field in Ottawa. Intercollegiate football in particular is rapidly gaining ground.

Guy Wallace, Varsity's outside wing, who had his knee injured some days since, will be in the game again next week, and his presence on the team will make up to some extent for the loss of Chad. Tom, who will not be able to play more this season. W. A. McPherson, the Blue and White centre-half of previous seasons, has taken a hand in coaching the team. He looked after the meridian yesterday afternoon, while Harry Griffith was putting Varsity Seniors through their paces. Murray Ken-

nedy was still on the injured list, but he will likely be out to-day.

The management of the Y. M. C. A. Senior City League team requests that every player be out to-night at 7:30 at the Y. M. C. A. as the team will be picked for Saturday's game. Any heavy man desiring to play is asked to turn out.

SIXTEEN TRACK RECORDS.

The summer athletic season was prolific of new records, sixteen old ones having been shattered in the United States—most of them by members of clubs of the metropolitan district. Ralph Ross, the Californian, is the individual leader, having lowered records with the eight, twelve, fourteen, eighteen, twenty-one and twenty-eight pound shots.

The sixteen records which, it is said, the Record Committee of the A. A. U. will ratify next month, besides those made by Ross, include the following:

900-yard run—M. W. Sheppard, Irish-American A. C. Time, 1:01.4-5.

Four-mile run—George V. Bonhaz, Irish-American A. C. Time, 2:01.4-5.

Boston A. A. Marathon race (of twenty-five miles, approximately)—Thomas Longboat. Time, 2:24.4-5.

100-yard high hurdle race—S. C. Northbridge, Irish-American A. C. Time, 12.1-5 seconds.

Pole vault for height—W. R. Dray, Yale University, 12 feet 5/8 inches.

16-pound hammer throw—M. P. McGrath, N. Y. A. C., 173 feet 7 inches.

Throwing 56-pound weight—J. J. Flanagan, Irish-American A. C., 38 feet 8 inches.

Throwing the discus—Martin J. Sheridan, Irish-American A. C., 136 feet 10 inches.

Indianapolis, Ind., Oct. 17.—Jacky McFarland, of Chicago, knocked out Joe Galligan in the ninth round of a ten-round bout last night. The affair was tame until the eighth round, when McFarland began fighting in a fierce manner. He knocked Galligan down four times in the eighth and ninth rounds.

HIGHBALL IN 2.07.

Lexington, Ky., Oct. 17.—Highball added to his list of winnings for this year the famous McDowell Stakes for 2.09 trotters in easy fashion to-day. Much disappointment was felt because Lillian R. did not start against Highball, because it was generally conceded that she is the only horse here in Highball's class, except Sonoma Girl and Wilkes' heart, who were not eligible to race.

Highball was driven by Ed. Geers, and came within a quarter of a second of the track record.

Lady Maud and Hedgewood Boy, sister and brother, won the third race, 2.10 pace, and the fourth race, 2.07, in the most exciting finishes of the meeting.

Comment and Chat

The persistency with which the Swedish challenger goes after the America's Cup has led some people to think he has some wares to sell. How about Swedish turnips?

Colin's victory in the Champagne Stakes yesterday was his twelfth straight victory without a defeat, and the Commando—Pastorella colt retires for the season the unquestioned champion of the year. His time in the Champagne Stakes, 1:23, is not a record for Belmont, that honor belonging to Rosenben, who carried 126 lbs. last fall and did the seven furlongs in 1:22.

The directors of the Hamilton Jockey Club met last night and wound up the business connected with the fall meeting. The report of Secretary Loudon was very satisfactory.

Oro Lambert, the 2-year-old grey colt by Oro Wilkes (2:11)—Vanity W., owned by the Crickleton Park Farm, Galt, started against time on Tuesday at Lexington, Ky., and trotted a mile in 2:17 1/4, which was a most creditable performance.

The Toronto Telegram's sporting man must be off in his feed. He has used "the hammer" only once this week, and has not mentioned Jack Council's name for over a fortnight.

The greatest baseball season ever known has just closed. A careful compilation of the daily attendance figures, which have been kept ever since the American League expanded east, show that 1907 leads all other baseball years by more than 300,000. The figures show that the American and National Leagues drew a grand total of 1,336,537 persons. The American League again outdrew the National. Ban Johnson's organization showing a total of 3,398,764, while the National League shows a decrease of 400,000. Last year the Americans outdrew the Nationals by 156,863; this season the Americans outdrew the Nationals by more than 600,000.

Burn, the Calgary distance runner, who has beaten Chandler and all other runners of late in the west, wants to hook up with Tom Longboat. The westerner has never set up any remarkably good records, and the Irish-Canadians will inform him that if he wants a chance at the Indian he can get it in the Montreal Herald race.

Keep your eye on Montreal, say the easterners, while we in the west rather look to Tigers to repeat their trick of last season and pull out the championship. That Tigers have a strenuous task before them is as plain as the nose on your face, but the mountaineers have the happy faculty of gathering in all the horseshoes that are coming, for though Tigers played a great game last season it was not entirely all football that got them the pennant. There was a parcel of luck in it. Tigers must admit they were fortunate to get the rag away from Montreal, not to speak of their beating the Argos in Toronto.—Toronto Telegram.

The 2 T's For Quality

The 2 T's

In Apparel For Men

The line of demarcation between conservative and commonplace is as strongly drawn as the line between right and wrong. There are quiet tastes that take no cognizance of the extreme things and those tastes may be of the younger man, or the older.

It is a mistake, and one that we, at least, have never made, to suppose for a moment that an indication of a desire for a subdued tone, or a moderate cut, is also an indication of indifference to fashion. It has never been so regarded here.

With such unequalled facilities as belong to us, the production of a range of models that covers every possible variation of ideas and tastes is not difficult.

There is a style and distinction plainly marked, in every 2 T's garment, be it conservative or extreme.

WE ARE IN FINE ORDER FOR FITTING MEN WITH Underwear, Dress Shirts, Negligee Shirts, Travelling Bags, Sweaters, Scarfs and the rest of the fixings.

Derbies, Silk and Soft Hats, Stetson Soft Hats for all times. Footgear of every sort. Boys' outfitings is one of the finest fruits of our experience. Everything they wear.

See that your clothes bear the 2 T's label, "The symbol of all that is worth while in clothes."

Cockneys Ready For an International League.

London Free Press: Although the talk is a little rare, there seems to be some sort of a movement afoot to organize an international baseball league for next summer. The Canadian centre of the movement seem to be Hamilton with Auburn, N. Y., doing the pushing on the United States side.

When Walter Elliott, manager of the Britanniens, of Hamilton, was here with his team three weeks ago, he talked the matter over with some of the local baseball men, and said the Auburn men had been over to Hamilton to talk the thing over, and seemed to be very anxious to boom the thing along. Hamilton people became interested, and it is very probable that some concerted effort will be made during the winter.

Whether it would pay or not in Hamilton is the question, as each team in the City League this year will divide about \$130. Well, that will hardly support any kind of a professional team, even granting that professional ball would double the receipts. However, baseball is regaining something of its old prestige in Hamilton, and it is very likely that mra could be found who would finance such an undertaking.

Here in London success could be guaranteed from the start, and there are men who would only be too glad to get in such a proposition with the ready money. Each team will draw to be divided this year from the local city league approximately \$800, and this was a poor year on account of rainy holidays, and novel counter attractions, with a runaway race of it for the winning club thrown in.

London always was the best ball town for its population in the country, and operations in regard to forming an International Professional League will be watched here with great interest.

NO RECORD OF MARRIAGE.

Miss Maloney and Clarkson Probably Baulked at Bigamy. Montreal, Oct. 16.—The latest statement in the Maloney-Clarkson mystery is to the effect that the marriage was never celebrated. Mr. A. L. Bonin, lawyer for Miss Maloney, made this statement to-day. He believes, as do relatives of Miss Maloney, that although they were anxious to get married, on second thought the perils of bigamy frightened them. Mr. Bonin is prepared to admit that the license and the necessary bondsmen were secured, but a careful examination of all the Protestant ministers and all the rabbis in Montreal and Quebec, the only two places where the marriage could have reasonably been celebrated, did not show any proof that it had taken place.

Yeager is Not Broke, He is Not Even Bent.

New York Telegraph: Notwithstanding the sensational and highly colored yarns printed in the newspapers yesterday, Joe Yeager is not broke, neither is he a welsher, nor was the ring ever the least bit disturbed over his absence from racing for a couple of days.

Although the reports had it that he had overplayed himself for amounts ranging all the way from \$20,000 to \$40,000, Mr. Yeager's name appeared in the first yesterday and set man the outstanding markers, and his tab showed that they totaled a measly \$4,430. Mr. Yeager had been away on pleasure bent for two or three days, and the amounts he owed to the different layers were so trivial that it never occurred to him that his absence would cause any sort of a furor.

But the cashier of some book expressed wonder to his neighbor that Mr. Yeager was

not present, and before the news had traveled around the ring, the story of John Smith and the turnip had grown up. Mr. Yeager was indicted by every layer in the ring to the extent of his credit with them.

Then the story got beyond the boundary of the ring, and the "yellows," without ever stopping to confirm it, immediately pester Mr. Yeager to the world as a man who could not make good his debts of honor, and act as a matter of fact, Mr. Yeager has never overplayed himself and the layers to whom he was indebted never had an anxious moment, believing that he had merely absented himself from the track for some personal reason.

Of such is the kingdom of "Yellow Journalism."

Highfield Juniors defeated the Ridley Preparatory School football team here yesterday by a score of 23 to 2. The local crowd showed very good form, the most prominent being G. E. Tinning, R. Fitch, H. Colquhoun and W. F. Clarke.
