THE EVENING JOURNAL

ESTABLISHED 1859

ST. CATHARINES, ONTARIO WEDNESDAY, APRIL 23.

PRICE—TWO CENTS.

The City of Vilna has Been Captured by the Polish Troops

CITY COUNCIL GRANTS \$500 TOWARDS THE ROSE GARDEN

SEVERAL LIVELY DEBATES FEATURED REGULAR METING OF THE CITY FATHERS. DEPUTATIONS WERE PRESENT FROM THE REPARATION LEAGUE AND THE FACER STREET RATEPAYERS ASSOCIATION—CHRISTOPHER APPLICATION FOR POOL ROOM LICENSE WAS TURNED DOWN.

Spirited debate marked the regular meeting of the City Council last night and although an adjournment was made at an early hour, considerable business was transacted. The visitors benches were well filled when the Mayor took the chair at 8.15, Ex-Ald. L. C. Gray occupying a chair on the platform. All the members were in attendance with the exception of Ald. Nash who is still out of the city but he is expected home some time next week.

Deputations. Several deputations were present at the meeting, and on the suggestion of the Mayor the various speakers were allowed to present their case before the regular business of the Council was proceeded with.

Rev. Dr. Smith spoke on behalf of the Citizens' Reparation League Committee, pointing out that the League are contemplating holding a banquet in the Armoury on May 21st, to the returned men of St. Catharines and their wives, and that a suitable appropriation of money be made by the Council for this purpose. It is proposed to give a first-class dinner to about 800 men and women at a cost of 75c per plate.

Mr. J. E. Waterhouse, President of the Board of Trade, also spoke on behalf of the Committee, stating that he felt that the suggestion of holding such a banquet would appeal to the members of the Council, and the Committee were in hopes of receiving a favorable response to their request.

Mrs. McHugh and Mrs. Malcolmson also spoke, the latter stating that the women of the city will not be grudge the time and work necessary to make the affair a success.

Mayor Elson, replying to the delegation, said that he felt sure that the Council will take the matter up and that the Finance Committee will bring in a report on the question at the next regular meeting. His Worship also drew attention to the fact that it had been suggested that a

public service be held in Montebello Park next Sunday afternoon to commemorate the anniversary of the battles of Tyres and St. Julien, in which Canadian troops played such an important part.

As the Peace Treaty is expected to be signed almost any day now, Mayor Elson pointed out that the city should take cognizance of the occasion and arrange some form of celebration.

From Facer Street. A large deputation of ratepayers from the Facer street district were in attendance, and Mr. Ingelwood, who addressed the Council first, pointed out the urgent necessity of proceeding with the construction of the sewers in that district, and also the need of a pavement on Facer street. The residents of that section have been very patient for a long time under anything but ideal conditions, and he felt that some consideration was due them.

Ex-Ald. L. C. Gray also spoke in support of the request that the sewers be installed in that section, and pointed out that a person had to be healthy to live down there, for if he was not he would soon be dead. The ditches need cleaning out and it is impossible almost to haul coal there in bad weather. Regarding the collection of garbage in that section, Ald. Gray was of the opinion that the people do not want the garbage collected, as it comes in very handy to fill up holes.

Replying to the gentlemen who spoke, Ald. Smith stated that the Board of Works have already taken up the question of sewers for the Facer street district.

Mayor Elson pointed out that the city is limited financially and cannot exceed the borrowing power fixed by the statutes. With so many applications for money the finances of the city will apparently be taxed to the utmost, and there may have to be a

MR. MARKS BACK RESUMES HIS POSITION

Mr. Gerald Marks, lately returned from overseas, will resume his duties as organist and choirmaster of the First Methodist Church next Sabbath, April 27th, and will also be on hand for choir practice on Friday evening. Before going into military service Mr. Marks had gathered about him one of the best musical organizations in the city. His return will be welcomed by music lovers in general and especially by his many friends in St. Paul Street church.

LADY GOLFERS HOLD ANNUAL MEETING

The annual meeting of the ladies of the St. Catharines Golf Club was held last night with a large number of members present and on the enthusiasm shown, prospects look very bright for a splendid season. The report of the secretary showed that during the last year the ladies raised the sum of \$250 for patriotic purposes. This money was derived from afternoon teas given by Mrs. W. D. Woodruff and Mrs. John Sheehan and from the sale of a handsome ladies' sweater coat donated by Mrs. J. L. Weller and also from the foes of the Autumn tourney.

Officers Elected. The following officers were elected for the ensuing year: President—Mrs. D. W. Woodruff. Secretary—Mrs. Miss Eccles. Captain—Mrs. John Sheehan. Assistant Captains—Mrs. J. L. Weller and Mrs. J. H. Ingersoll. Committee—Mrs. E. H. Wright, Mrs. E. Munta, and Miss Marquis.

It is proposed to hold the opening days play on May 24th. The donations to the Thorold Memorial has reached \$2,146.77, and only thirteen days yet remain to make up the small balance required.

THE WEATHER

Toronto, April 23.—The Atlantic disturbance has remained almost stationary since yesterday and cold showery weather continues in eastern Nova Scotia and Newfoundland. A disturbance from the western states is now approaching the Great Lakes while a pronounced area of high pressure with low temperature is spreading southward over Manitoba.

BLOOMS; BON-BONS; LIMOUSINE TO TEMPT MAID INTO SERVICE

NEW YORK, April 23.—The "maid" problem has reached a terrifically acute stage, both in New York and New Jersey, and very high wages have been offered to persons willing to grace a household establishment with their services. But, so far as is known, this advertisement, which appears in The Times of Montclair, N.J., outbids all others in inducements offered:

"Wanted—Lady to assist in housework. Must be stylish; fingers well manicured. Willing to have breakfast served in bed. No washing, no cooking, no cleaning, no sweeping or dusting. Flowers and bon-bons provided. Salary or stipend \$200 a month. Limousine will call."

Most persons in Montclair think the advertisement was inserted by a humorous person trying to have some amusement out of the situation, but many of the afflicted are quite prepared to believe it is a serious attempt to obtain a maid. So far there have been no answers.

THE MEXICAN LEADER FACES FIRING SQUAD

General Alvarez, the Anti-Government Head was Captured When Blanquet was Killed—Execution was Delayed

Vera Cruz, April 23.—General Francisco Alvarez of the anti government forces was executed shortly before midnight Monday night. He met death at the hands of a firing squad with the utmost bravery.

General Francisco Alvarez of the anti government forces, was sentenced to death by a court martial here on Monday. Alvarez was captured here last Tuesday in the battle in which General Aureliano Blanquet, minister of war in the Huerta cabinet, was killed.

Many thousands of persons surrounded the barracks when the execution took place. Alvarez had been sentenced to die at an earlier hour, but on orders received from the supreme court, the execution was held up. The war department, however, ordered compliance with the sentence of the court-martial and the prisoner was brought out to face his executioners.

Two hours before the execution, the correspondent of The Associated Press visited Alvarez in his cell. He was absolutely calm and evinced no fear and declared he was prepared to die.

"I consider the sentence of the military court illegal," said Alvarez "as I ceased to be a soldier when the federal army disbanded and I left the country. If I am shot it will be illegal. If I were still a soldier, the court's sentence would have been just."

"My wife and children are in New Orleans and perhaps at this hour do not know of my impending fate. My mother lives in Queretaro. I am ready to die without fear, because I know man is born eventually to die. I am 47 years old. My friends have visited me in prison and their kind words have helped me to face death bravely. None of my old companions of the federal army, however, have come to see me."

Alvarez requested the correspondent to advise his family in New Orleans that his last thoughts were of them and that he had left letters for them.

Airman Says Shots Crippled Machine

Portland, Ore., April 23.—Captain Lowell Smith, Victory Loan flying circus aviator, after making a forced landing in a sham battle, said that the propeller blades of his machine had been shattered by rifle shots from the ground. The police are making a thorough investigation. The machine was wrecked, but the pilot escaped injury.

POLICE NEWS

Robert Lowery of St. David's was fined \$4 in the police court this morning on two charges of leaving his auto without having the tail light burning.

John Fiscoy faced a charge of being drunk and disorderly on Facer Street and was allowed to go after the Cad had read him a scorching lecture.

Four boys appeared for throwing stones one of which broke a window. They will pay \$2.00 each and have a new pane of glass put in.

TWENTY LOCAL MEN ON THE WAY HOME

The following St. Catharines men arrived on S. S. Olympic and are proceeding to their homes by special train:—

- Spr. Brown, 46 Beech St. Spr. H. J. Read, 14 Seneca St. Pte. W. C. Walters, Box 431. Cpl. J. Sullivan, 81 Albert St. Cpl. W. G. Stewart, 16 Antwerp St. Pte. G. White, 87 Henry St. Pte. B. Cowley, 36 William St. Pte. F. Bush, 116 Niagara St. Dvr. S. G. Schute, 35 1/2 Catherine St. Pte. J. Harkwright, Box 187. Gnr. Holeran, 10 Erie St. Pte. I. Allison, 84 Church St. Pte. Arbutnot, R.R. No. 2. Pte. H. Seward, 10 Edmond St. P. Swinstead, 52 Albert St. Pte. Patter, 57 Brock St. Pte. G. C. Immel, 22 Dexter St. Sgt. A. Large, Post Office. Pte. T. Walton, 15 1/2 Cherry St. Pte. W. Kiddell, 52 Lowell Ave.

THE LEAGUE OF NATIONS IS A CARICATURE

Dutch Socialist Leader Tells Congress of Social Labor Party That the Entente's Enemies are Being Annihilated.

Arnhem, Holland, April 23.—The league of nations is a caricature, and the Entente's enemies are simply being economically annihilated," said Pieter J. Troelstra, the Dutch Socialist leader, in addressing the congress of the Socialist Labor party here today.

"A vigorous protest must be made against the trickery of the Entente powers," he continued, "their peace of violence is worse than if Germany had won the war. A strong movement must be started against them if peace is to be made on a socialist basis. The speaker absolutely rejected the idea of Bolshevism in Holland, saying that if a revolution visited the Netherlands, it must come without the soldiers and horkmen's council.

EFFORT TO IMPROVE THE LOCAL CONDITIONS

Dr. Currey and Mrs. Thomas to Speak on Health Questions

A strong effort is being made in St. Catharines for the purpose of improving some conditions that exist here as do elsewhere in every local centre of population.

As for instance, the conserving of child life, improving of housing conditions, better medical inspection in schools, etc.

No wretched cause exists to enlist the energies of our women of Canada who during these years of war have nobly proved their capacity for unselfish service.

On Thursday evening, at 8 o'clock, in the Public Library Hall, Dr. Currey, Medical Health Officer, will speak of "Health Problems" in our city, also Mrs. Thomas, secretary of the Lincoln Women's Institutes, will tell of medical inspection in the schools. Mrs. Thomas comes here from addressing the educational convention in Toronto on the same subject.

The Local Council of Women, under whose auspices this meeting is being held, extends a hearty invitation to all interested to attend Thursday evening.

YOUTHS FOOL MILITARY AT OLD LIMERICK

Residents of Irish City Laughs at Outwitting of the British Troops who Barred them From the City. Had no Passes but They Reached Home.

Limerick, April 23.—The entire town of Limerick was set laughing yesterday afternoon over the manner in which the strikers, who on Monday afternoon attended a hurling contest across the river and in the evening were refused permission to return home over the Sarsfield bridge, outwitted the British troops and got home.

The 500 youths who went outside the military limits of the city yesterday and who were not permitted to return over the Sarsfield bridge because they would not show military permits, spent the night on the bridge.

Major O'Mara, accompanied by members of the clergy, went to the bridge and made a formal request of the officer in command that the people on the other side be allowed to cross into town. The officer referred them to General Griffin, in command at Limerick. The general offered to supply passes to those whom the constabulary would recommend. This offer was not accepted.

This morning marching from the Clare end of the bridge to a station they boarded a train for Limerick. When the city station was reached the four persons left the cars and tried to pass the soldiers at the gate. While the argument was proceeding the other passengers, who had remained concealed in the train, darted for other doors and windows and scattered in every direction. The guard was unable to halt them and they all soon were home.

The leaders promise further developments in the strike, but it is believed nothing will be done until the Irish labor congress leaders arrive from London. The time for their arrival is being kept secret.

VALUABLE RELICS ARE RECOVERED

Colmar, April 23.—Five bells taken from churches of Colmar during the war by the Germans have been found in Franfort and will be returned to their old places. Four of the bells were from the Church of St. Martin, while the fifth was the great bell from the Church of St. Joseph.

Valuable treasures stolen from the Museum have been found in Munich where they were taken by Bavarian soldiers. The treasurer include the painting of the "Madonna in an arbor of roses," by Schongauer, and the painted wings of the famous altar as Isenheim.

USE WINE LEFT BY ARMY.

Berlin, April 23.—Wine wholesalers are trying to release into the channels of trade enormous quantities of wine and spirits which were stored for the army when fighting ceased, and which are either being drunk by the soldiers' councils or are in danger of being ruined by the coming warm weather, owing to unsuitable storage conditions.

It is believed by the dealers that the high prices of wines can be materially reduced if the liquors are released before it is too late.

In order to keep maple syrup during the summer without spoiling, it should be boiled for an hour and then bottled and corked.

RUSSIAN GIRLS ABDUCTED UNDER NATIONALIZATION LAW

SUICIDES AND MURDERS FOLLOW ENFORCEMENT OF THIS ACT WHICH HAS BEEN SUSPENDED IN ONE PROVINCE AS A RESULT OF POPULAR OUTCRY. MANY FANTASTIC STORIES ARE TOLD.

London, April 23.—The law providing for the nationalization of women in Northeast Russia has been suspended in one province as the result of popular outcry, according to information reaching London from Stockholm.

The commissar of Vladimir has, by decree appointed a committee of women who are to inquire into the operations of the law and make a report with the least possible delay. His action has been approved by the local soviet.

The Krasnaya Gazeta publishes an account of the results of nationalization. The system provides that every girl on reaching the age of eighteen must register her name in the bureau of free love after which she is compelled to select a partner from among men between 19 and 50 years old. The law led to lamentable confusion, says the Gazeta, "in judicial notions as to personal inviolability."

A few days after the soviet decree, which women very generally ignored, two men, known to nobody, arrived in the town, and seized the two daughters of a "well known non-bourgeois comrade" declaring they had chosen them as wives and that the girls, without further ceremony must submit, as they had not observed the registration rule.

Comrades Yablonovski and Gurian, who sat as judges on the claim, decided the men were right and the girls were carried off. They have

BALD HEAD CLUB BANQUET

Greenwich, Conn., April 23.—The Bald Head Club of America, founded by John Rodemeyer, editor of The Greenwich News and Graphic, will hold its sixth annual banquet at the Hotel Garde, Now Haven, today. George Woodruff of Ithfield, President of the club, will preside as toastmaster. William H. Taft is a member and President Wilson is on the waiting list.

LUCKY FELLOW

Navy Ensign Miller of the U.S.N., Marries Andrew Carnegie's Only Daughter.

New York, April 23.—In the presence of only a few friends and relatives, Miss Margaret Carnegie, only daughter of Mr. and Mrs. Andrew Carnegie, and Ensign Roswell Miller, U. S. N. were married at noon yesterday in the Carnegie home. The officiating clergyman were R. William P. Merrill, pastor of the Brick Presbyterian church, and Dr. Henry Sloane Coffin of the Madison Avenue Presbyterian Church. The bride, who was without attendants, was given away by her father, C. Robert Miller, a brother of the bridegroom, was the best man.

Mr. and Mrs. Miller will probably spend their honeymoon at Shadow Brook, the Carnegie summer home in Lenox, Mass. They will make their home in Princeton, N. J., where the bridegroom is to take a two-year course in Princeton university.

LOCAL SOLDIERS ARRIVE

The following local soldiers arrived at Halifax on the S. S. Adriatic:— Pte. C. L. Bunting, R.R. 2. Pte. B. S. Comfort, 15 Wolesley Ave. Sgt. L. Dubeau, 175 St. Paul St. Pte. A. McKinley. Sapper L. Miller, 143 Russell Ave. Gunner C. A. Southcott, 24 Henry street. Gunner W. J. Wood, 154 St. Paul street. Those on the Gramplan were W. H. Caphorne, C. J. Cleverly and P. McKenzie.

SOLDIERS VOTED WET IN NEW ZEALAND

Wellington, N. Z., April 23.—The majority against prohibition in the New Zealand plebiscite is now placed at 1,800 by official figures. The soldiers' vote turned the scale.

not been heard of by the village folk. Many other instances of the fantastic operation of the law, not to speak of its inhumanities, are cited by the Jazeta. Enthusiasts for nationalization, naturally all males, raid villages, seize young girls and demand proof that they are not over eighteen. As this proof is difficult to give, many of the girls are carried off, and there have been suicides and murders as a result.

In the town of Kovrov, a campaign was waged between the vengeful relatives of an abducted girl and her abductors. In this town the "register of nationalized women" were opened on December 1st. but up to February 1st, only two women, both more than 40, neither of whom had ever been married, registered themselves as willing to accept the first husband the state sent along.

On the committee which is now to revise the nationalization decree or to recommend its complete abrogation, sits Mme. Vera Arkadiev, a Bolshevik enthusiast, who commanded a detachment of women soldiers during the recent operations against Admiral Kolchak's army at Perm. She has been twice wounded. The Krasnaya Gazeta, translated means the Red Gazette. It is a Bolshevik newspaper published in Petrograd.

GERMANS HIDE MUNITIONS AND MANY GUNS

Government is Building and Concealing Armoured Cars and Railway Engines in Upper Silesia.

Paris, April 23 (French wireless service).—The German government is building and concealing armored cars railway engines and guns in Upper Silesia, according to information received by the Munich correspondent of the Journal des Debats. The armored cars are being built in the car works at Gleiwitz. Each car is provided with two small guns. Twenty more cars have been ordered and the workmen have been promised a premium if they finish the cars rapidly.

In the Liebnitz and Stresnitz districts of Upper Silesia, the correspondent adds, between 250 and 300 guns have been hidden to avoid handing them over to the Allies. At Oppeln eighteen new railway engines have been concealed.

SEES CHEAP BREAD LONG WAY OFF

New York, April 23.—Julius H. Earnes, United States Wheat Director, issued a statement in which he said that the re-sale policy to be followed in regard to the 1919 wheat crop, which probably will be the largest ever grown had not been decided upon yet, and that such decision must wait until crop outlooks both here and abroad are more definitely known. He also said that the five-cent loaf of bread would not return for a long time. He said, too, that America must continue to feed the world for the remainder of this year and a good part of next, or until the other wheat-growing countries of the world are again producing their pre-war crops.

Pte. Edward Riddle, who has been with an Engineer Corps in Flanders received his discharge on Thursday and is home receiving the welcome of numerous friends.

Mrs. George Wood, of Thorold, who is in Hospital here is reported to be rapidly recovering from her illness.

BUILD THE COTTAGES.

If the erection of a hundred cottages under the provision of the Housing Act is held up until every alderman and half the citizens have proposed some different scheme, or devised some new way of transferring the risk to provincial or federal authority, it would be better to pass the credit on to some other community that is ready to use it.

Someone will come along, next, wishing to divert the advance to an orphan's home, or an abode for the disabled, or some new industry. Whatever is proposed, somebody else will want something else.

CITY COUNCIL GRANTS \$500

(Continued from page 1)
entailment in the proposed local improvements. But it is possible that this Council may be able to do something, but if the School Board succeeds in their demands and the by-law is passed by the people to provide \$158,000 for new schools, the residents of Facer street district will stand little chance of getting the sewers this year.

Your Committee further recommend that approval be given to the re-subdivision of the Mathews Plot in the Township of Grantham, and that the Mayor and City Clerk are hereby authorized to sign and seal the same on behalf of the Corporation.

Your Committee further recommend that the following works be constructed under Section 9 of the Local Improvement Act.
A concrete sidewalk four feet wide on the westerly side of Lloyd street, from Lincoln Avenue to St. Paul street west.

A concrete sidewalk and combined concrete curb four feet six inches wide on the northerly side of Lincoln Ave. from Lloyd street to Pelham street.

From John A. Norris and twelve other residents of Geneva street, petitioning against the laying of a pavement on Geneva street between Russell Avenue and Carleton street.

From James Parker and Son, stating that unless he receives a reply from the City Council to his last letter, he will instruct his agent to take proceedings to recover damages for damage to his auto.

From P. B. Yates, stating that the Public Utilities Commission had been instructed to hand over to the City Treasurer a refund to the amount of \$4,419.55 on account of street lighting within the city for the year ending Dec. 31, 1917, notifying the Council that the street lighting rate from April 1st will be reduced from \$7.50 to \$6.50 per 100 watt unit per year.

From J. S. French, secretary of the Dominion Association of Fire Chiefs, asking the Council to endorse and assist in the movement for a fire prevention and clean-up week in St. Catharines, commencing Monday, May 6th.

From S. L. Squire, president of the Canadian Good Roads Association, notifying the Council that the annual meeting will be held in Quebec on May 20, 21 and 22 next.

From O. Hill, secretary of the St. Catharines Football Club, making application for the use of the Civic Athletic grounds on May 3rd, 17th and 31st, and also one night each week for training.

From William's Jewelry store and other ratepayers of St. Paul street, petitioning the Council to grant a license to Alex. Christopher for a pool and billiard room to be carried on in the building, No. 142 St. Paul street.

Reports of Committees.
Ald. Eagle, chairman of the Finance Committee, presented the eighth report of the Committee, recommending payment of pay rolls and accounts amounting to \$5,080.73.

Moved by Ald. Eagle, seconded by Ald. Westwood, "that the report of the Finance Committee just read be received and adopted. Carried.

Ald. Smith presented the ninth report of the Board of Works, which recommended as follows:
That the approval of this Council be and is hereby given to the registration of a plan known as Meadowvale Plot, being a subdivision of part lots 20, 21 and 22, concession 3, Township of Grantham, and that the Mayor and Clerk are hereby authorized to sign and seal the same on behalf of the Corporation.

Your Committee further recommend that approval be given to the re-subdivision of the Mathews Plot in the Township of Grantham, and that the Mayor and City Clerk are hereby authorized to sign and seal the same on behalf of the Corporation.

Your Committee further recommend that the following works be constructed under Section 9 of the Local Improvement Act.
A concrete sidewalk four feet wide on the westerly side of Lloyd street, from Lincoln Avenue to St. Paul street west.

A concrete sidewalk and combined concrete curb four feet six inches wide on the northerly side of Lincoln Ave. from Lloyd street to Pelham street.

A concrete sidewalk and combined concrete curb four feet six inches wide on the easterly side of Concord Avenue from Delaware street to Facer Street.

A concrete sidewalk and combined concrete curb four feet six inches wide on the northerly side of Delaware street from Currie St. to St. George street.

A concrete sidewalk four feet wide on the southerly side of Carlton street, from Jones street to York street.

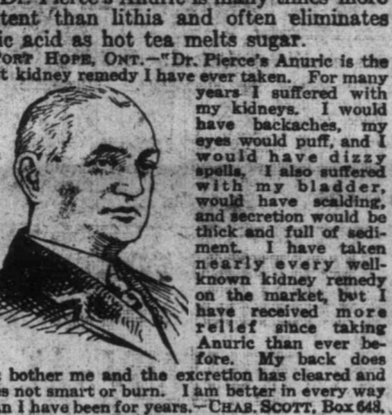

A concrete sidewalk and combined curb four feet six inches wide on the westerly side of Jones street from

From John A. Norris and twelve other residents of Geneva street, petitioning against the laying of a pavement on Geneva street between Russell Avenue and Carleton street.

From John A. Norris and twelve other residents of Geneva street, petitioning against the laying of a pavement on Geneva street between Russell Avenue and Carleton street.

Gooh! How my back aches!
After influenza or colds the kidneys and bladder are often affected—called "nephritis," or inflammation of the kidneys. This is the red-flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful new discovery of Dr. Pierce's known as "Amurio" (anti-uric), because "Amurio" expels the uric acid poison from the body and cures those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.
Dr. Pierce's Amurio is many times more potent than lithia and often eliminates uric acid as hot tea melts sugar.

Carleton street to Russell Avenue.
A concrete sidewalk three feet wide of the southerly side of Raymond street from Lyman street to a point

A concrete sidewalk and combined concrete curb four feet six inches wide on the westerly side of Buckland street from Westchester Ave. to the southerly end of street.

A concrete sidewalk and combined curb on the north side of Sherwood Ave. from Taylor Ave. to westerly end of street.

Your Committee also recommend that the following sections of sidewalk previously authorized be completed this year.
South side of Fernilla street from Dexter to McDonald street.

East side Kernahan street from Russell Ave. to St. Patrick street (partly built).

Completion of Pelham street sidewalk to Lincoln Ave.

Your Committee further recommend that concrete curbs be constructed under Section 9 of the Local Improvement Act on Woodland street from Maple street to Russell Ave. and that the curbs previously authorized to be built on Rodman street be proceeded with this season.

Your Committee further recommend that the form of agreement between the Township of Grantham and the City of St. Catharines re the construction of a sidewalk on the northerly side of Carlton Street, as prepared by the City Solicitor, be and is hereby approved, and that the Mayor and Clerk are hereby authorized to sign such agreement on behalf of the Corporation, and further that the City Solicitor be hereby requested to prepare the necessary construction by-law for same.

Moved by Ald. Smith, seconded by Ald. McDowell, that the ninth report of the Board of Works just read be received and adopted.

Ald. Eagle—If this program of works is carried out it will sink a long way into our borrowing power. A way out would be to have these improvements paid for in two years, with the privilege of paying for them in one year.

Fire and Light Committee just read and received and adopted. Carried.
Market and Buildings.
The fifth report of the Market, Buildings and License Committee was presented by Ald. Dakers, and recommended that:

That as an application has been received from Alex. Christopher to conduct a pool room at 142 St. Paul Street and your committee would recommend that the Chief of Police be instructed to refuse such application.

Your committee further report that an application has been received from Ah. George to conduct a laundry at No. 10 Queenston Street and your committee would recommend that the Chief of Police be instructed to refuse such application.

Moved by Ald. Dakers, seconded by Ald. Westwood, that the report of the Market, Buildings and License Committee be received and adopted.

Mr. ursoBn, solicitor for Mr. Christopher, submitted that his client was worthy of being granted such license. He had acquired the site at considerable expense. The report was adopted.

Ald. McDowell submitted the fourth report of the Parks, Cemetery and Civic Improvement Committee, which was as follows:

Your committee beg leave to report that the money set aside from the gift of Mr. W. B. Burgoyne for the grading and planting of the Civic Rose Garden in Montebello Park has been expended and it is estimated that it will require the sum of \$500.00 to complete and plant the Garden and your committee would therefore recommend that the work of grading and planting the Civic Rose Garden be completed and that the City Treasurer be and is hereby authorized to place the sum of \$500.00 to the credit of this account for this purpose.

Your committee further recommend that the services of Mr. Housell be engaged for the work of grading, planting and seeding for the period of one month from date at a salary of \$90.00 for such month.

Moved by Ald. McDowell, seconded by Ald. Hill, that the report of the Parks, Cemetery and Civic Improvement Committee just read be received and adopted.

In Committee.
On motion of Ald. Riffer and Dakers, the Council went into Committee offit he Whole to discuss the report, with Ald. Eagle in the chair.

Ald. Riffer started what for a few minutes promised to be the warmest debate this year. As soon as Ald. Eagle had taken the chair, Ald. Riffer was on his feet and after waiting a moment to get a hearing said: "It seems a strange thing to me that this committee should come back to the Council and ask for the money to finish the work on the Rose Garden. We were assured at the outset that the \$1000 donated would cover the cost of the roses and preparing the site. The Council granted a site in the corner of the Park at Midland and Queen streets but instead of using the site authorized they went ahead and tore up the best part of the Park without the sanction of the Council. There is no guarantee that \$500 will cover the cost of finishing the work and I strongly object to the granting of this money."

Ald. Dakers—"The Council passed a resolution authorizing the Midland and Queen Street location but the one man committee disregarded the Council's resolution and tore up the centre of the Park, and as far as I am concerned we will not spend one cent more on it. The committee don't know whether \$500 will cover the cost of putting the garden in shape or not."

Ald. Hill—"It is strange that every-time this Rose Garden question comes up, there is an argument over it. It is perhaps unfortunate the way things have turned out as the work has been gone on with and the ground torn up. Are you going to leave it as it is? Ald. Dakers speaks of a one-man committee. Well there is another one."

Ald. Riffer—"Where is it?"
Ald. Hill (pointing to Ald. Smith) "Right over there. He buys property and hires two men without asking the Council's permission."

Ald. Smith—"I don't know what he is talking about."

Ald. Hill—"And you don't want to know. Did you not buy the property for the dump?"
Ald. Dakers—"It was bought on a resolution passed by the Council."

Major Elson—"I would like to remind Ald. Hill that he must address the chair."

Ald. Hill—"Well the chairman of the committee is absent and I will stick by him."

there would be expenses incurred to have all the trees removed and the stumps pulled up."

Ald. Riffer—"When the Committee and the Representatives of the Horticultural Society met here, Mr. Moore stated that the Midland Street site was an ideal one which would make the rose garden the beauty spot of St. Catharines.

The \$1000 donated was to cover the entire cost but that is all gone and the Committee want \$500 more and they don't know whether that will pay for it or not. I say stop the work and convert the site into a Tennis Court."

Ald. Westwood—"I opposed the location at first and the circumstances makes it hard for the Council to decide what position to take on the matter. The Committee asks for \$500 to finish the work which has been gone on with and I don't see how we can back out of it now. It will probably cost \$500 to put the site back as it was before, so I am in favor of voting this money and making the best of a bad job. The term of Mr. Housell's services has been cut down so we will save that much anyway."

Ald. Dakers—"Mr. Housell was not engaged by this Council so we are not saving anything because we don't pay him."

Ald. Rose—"This is a delicate question for me as far as roses are concerned but I feel that we are placed in a peculiar position and as it would probably cost as much to put it back the way it was, I don't see where we have any alternative but to vote this money."

Ald. Smith—"This looks like a ground hog case to me, one where we have to run up a tree. We are not going to spend \$500 to put the site back as

it was before and I am going to support the Committee's recommendation."

This practically ended the discussion and at this stage the Committee rose and reported progress.

Mayor Elson on retaking his seat said: "I was instructed by some members of the Council the other night at a Committee meeting to get an estimate on the probable cost of completing the work. I asked Mr. McLellan for such an estimate and he gave me the information that \$500 would be ample to complete the work. The roses have been bought, but are not here yet. They will probably cost \$600."

Ald. Riffer—"I strongly object to the way in which this has been handled. The Council was disregarded when the site was chosen. Then the Chairman leaves the city, hires men and buys tools, without the consent of the Council."

Ald. McDowell—"Drop the Chairman until he comes home. He is on the ocean now and when he gets back we can talk to him."

Ald. Riffer—"Drop the Rose Garden then."

The yeas and nays were called for and the motion to adopt the report carried on the following decision:

Yeas: Ald. Eagle, Westwood, Smith, Rose, Hill, McDowell.

Nays: Ald. Dakers and Riffer.

Other Reports.
When Ald. Rose notified the Mayor that the Conservation Committee had no report to submit Ald. Westwood up and with a twinkle in his eye said: "I thought the Committee would have brought in a report on the high cost of butter and I also looked for a petition from the citizens asking that the manufacture of oil margarine be allowed in order to relieve the high

CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-Lives"

For two years I suffered terribly from Severe Dyspepsia. I had constant pains after eating; pain down the sides and back; a horrible bitter stuff often came up into my mouth.

I tried doctors, but they did not help me. But as soon as I started taking "Fruit-a-Lives" I began to improve and this medicine, made of fruit juices, relieved me of everything else failed."

MRS. HUDSON MARSHBANK.

cost of butter. It is now over 50 cents a pound, I believe, and it looks like there is work for the Fair Price Commission.

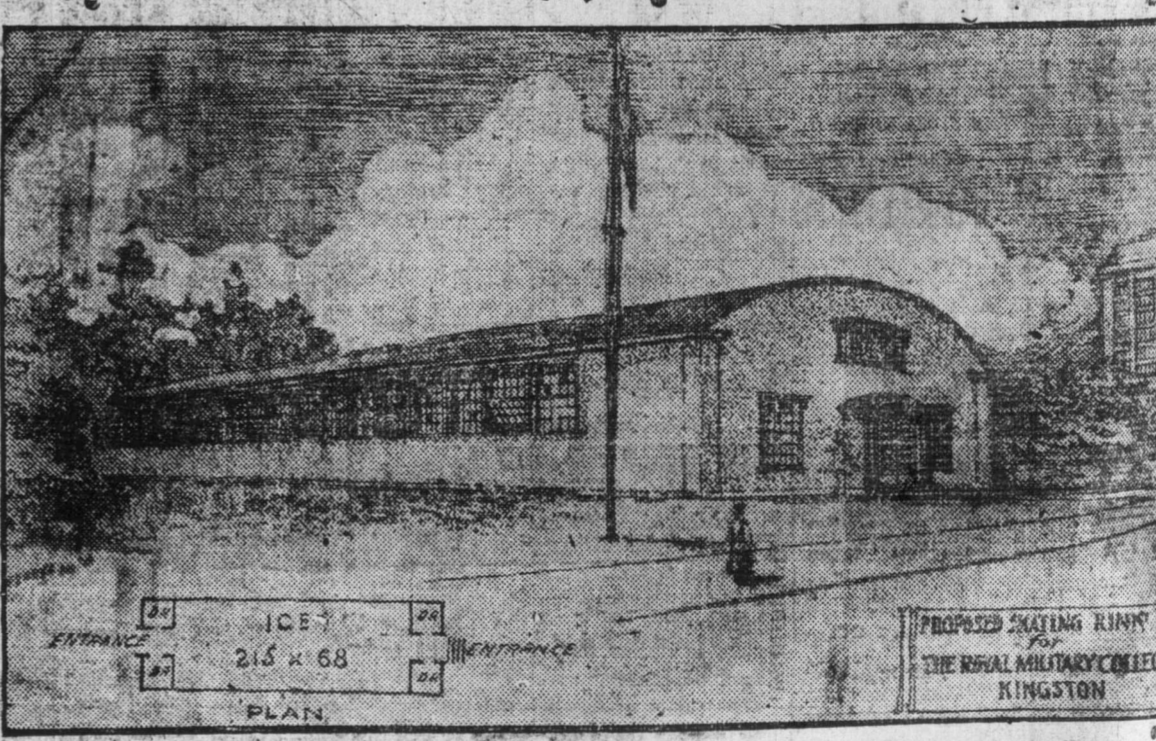

Ald. Rose—"The Commission acts only at the request of the Council. Mayor Elson: "Would it not be a good thing to bring something before them."

Ald. Rose: "I can request the Commission to enquire into this question. At the request of the Council Ald. Rose promised to take this matter up at once."

NEW USE FOR AVIATION SHEDS

AFTER many years of waiting a covered skating rink has been secured for the Gentlemen Cadets of the Royal Military College at Kingston, and the acquisition of this building will give a great impulse to our national game—"hockey."
Hitherto the Royal Military College hockey teams have had to get along the best they could, using the open ice on the lake and occasionally the city rink at Kingston. These limitations interfered materially with the quality of the game. On the demobilization of the Royal Air Force in Canada and the abandonment of the aviation camps at different points some suitable buildings, originally designed for and used as flight sheds (or hangars) became available, and through the kindness of Sir Joseph Flavelle, Bart., Chairman of the Imperial Munitions Board, under whose direction these aviation camps were originally established, two of the flight sheds, each 120 feet long by 68 feet wide, were secured to form the basis of the new covered skating rink. The many friends of the Royal Military College were not slow in taking advantage of this opportunity in coming forward to assist in carrying out the idea. The Canadian National Railways, through the courtesy of Mr. D. B. Hanna, its president, and the Grand Trunk Railway System, through the courtesy of Sir Herbert S. Holt, who is deeply interested in everything that makes for the welfare of the Royal Military College, have generously financed the undertaking, and a contract for the removal and re-erection of the flight sheds above referred to, has been let to the Kingston Construction Company, who now have the work in hand. The Minister of Militia and Defence has approved of a site within the college grounds on which the covered rink will be erected. Mr. F. L. Wanklyn, General Executive Assistant of the Canadian Pacific, who is also deeply interested in the welfare of the college, has taken charge of all the work in connection with the carrying out of the scheme. The rink, when completed, will be substantially as shown in the above illustration. The main building will be 240 feet by 48 feet wide, and the height from the underside of the roof trusses to the ice level will be 18 feet. Commodious dressing and locker rooms, 25 feet square, will be provided at one end, over which a gallery for spectators, capable of seating 300 persons, will be provided. The main sheet of ice will be 215 feet by 68 feet wide and this will, in the opinion of well-known hockey experts (Messrs. "Rifley" Horn and Col. Walker Mughan) make a most satisfactory hockey rink. The building will be well lighted by windows all round and with electric lights for the evening. The outside will be neatly finished in cement rough-cast and presented a generally attractive appearance. The originators of this project have received many congratulations from a host of friends interested in the Royal Military College.

CITY COUNCIL GRANTS \$500

(Continued from page 2)

Mayor Elton gave a verbal report saying: "An article appeared in one of the local papers on the Industrial Home and I feel that it is my duty to call attention to certain features in that report that may not be quite clear."

The statement was made that the cost of maintenance per inmate has been reduced from \$2.61 per day to 51c or \$2.57 per week.

The City has twenty two inmates at the home and last year paid out over \$6,000 for the maintenance of them and if there has been a reduction in the cost of operation, we as a municipality should know it.

And if this is the case we should take steps to find out why our rate should not be reduced. I would also point out that this Council should consider at an early date the advisability of having our industrial home however. I think we should ask the County Council for a reduction of our rate. I wish to compliment the management of the Industrial Home on their fine report."

Ald. Riffer: "This matter was brought to the attention of the Finance Committee some time ago. If this reduction in the cost of maintenance has been made we are paying over \$2,500 in excess of what we should."

Ald. Rose: "This question came to my attention at the first meeting of the Finance Committee and at that time I advocated that the City should establish an Industrial Home of its own. We have a farm on our hands that is lying waste and such a home might be established there. There is a brick building on the farm and while it may not be any good now for such a purpose it could be made suitable with perhaps a small addition. We would not require as large a building as is now in use for this purpose."

Ald. Eagle: "I feel sure that if we had an interview with the County representatives some adjustment could be made. I don't like the idea of an Industrial Home in the City as such an institution cannot be looked upon as an asset."

Resolutions Moved by Ald. Eagle, seconded by Alderman Westwood: "That Mr. Henry F. Nicholson be re-appointed assistant assessment commissioner from May 1st to Sept. 30th, next."

Ald. Smith: "May I ask what his salary is to be?"

Ald. Eagle: "I will bring in a report on that at the next regular meeting."

A resolution carried. Ald. Westwood: "There was a letter appeared in one of the local papers from a returned soldier who is an exciteman in which he complained that he was not given his position back again. In order to adopt the two-platoon system it was necessary for the committee to appoint eight new men. Six of those appointed are returned men and out of that number, four and possibly five are married. The reason this man was not appointed was because he was not reported upon favorably by the Fire Chief. The reason was that his record on the department was not very favorable. I make this statement in defence of the Council and of the Committee. We had all the applicants on the floor and examined them and I believe we made a good selection as the Chief tells me they are hard workers and are doing their best to give value for what they received. The firemen are all grateful over the adoption of the two-platoon system and say that they feel like free men now."

Taken Exception Rising to a point of privilege Ald. Dakers said: "At the last meeting of the Council a Committee was appointed to attend the banquet to the returned men at Toronto. The next day an item appeared in the Standard quoting Ald. Hill as saying that if he went to Toronto he would pay his own expenses. The item would lead people to believe that we also wanted our way paid. Ald. Hill never made such a statement in this Council. Ald. Riffer and myself did not receive one cent and don't expect to as we don't intend to ask for it."

Ald. Riffer: "I happened to be one of the unfortunate who went to Toronto and I was well repaid and I would have gladly paid \$25 of my own money to see such a sight. If more of the Committee had gone to Toronto they would have had better entertainment than was provided at the boxing matches that were on here that night and if they had gone they would have been in a better position to lend more assistance to the Repatriation League for the coming banquet."

Ald. Hill: "I did make that statement that if I went I would pay my own expenses and I also went to the boxing bouts and would go again to-night if there were some to see."

Ald. Dakers: "Ald. Hill did not make that statement until after the resolution was passed and before the meeting he asked to be placed on the Committee."

Demand for Grounds Ald. Westwood: "There was a communication received from one of the Football Clubs asking for the use of the lacrosse grounds on certain dates. As there will be a big demand for the use of the lacrosse grounds, I think it would be well for the Parks Committee to advertise the holding of the meeting and invite the various clubs to be present and arrange the dates accordingly. It is too bad that we have not got one or two other suitable grounds and any vacant lots offered the Clubs will be much appreciated. Gen. Gunn addressed the O. A. L. A. convention last Friday and pointed out that sports will have a prominent place in the Repatriation League program and perhaps when he comes here he will give an address on the same subject."

Ald. Smith: "The Committee on Works have already taken up the question of playgrounds and have decided to develop a lot on the Western Hill for play purposes."

Ald. Westwood: "Hear, Hear."

Has Accepted. Mayor Elton: "I sent General Gunn an invitation to attend the banquet on May 21st and he has written me his acceptance. He is a bright energetic young officer and I am sure if he gives an address here it will be well worth hearing. I would also like to ask your permission to arrange for an open air service in the Park on Sunday. And I would like an expression of opinion as to what form of celebration we should arrange for when Peace is signed."

On a motion by Ald. Eagle, seconded by Ald. Rose, the Reception Committee was authorized to arrange for an open air service in the Park on Sunday to commemorate the anniversary of the Battles of Ypres and St. Julien.

Questions. Ald. Rose: "I would like to ask the Chairman of the Board of Works regarding the existing franchise between the city and the Lincoln Light and Power Company which I believe contains a clause which says that prior to May 1st this year the city has the right to order the wires of the company placed underground?"

Ald. Smith: "The question was taken up by the Railway and Industrial Committee."

Ald. Riffer: "The question was referred to the City Solicitor and I believe he is working on it now."

Before the Council adjourned Mayor Elton brought up the question of providing some assistance for the War Veterans to cover the cost of employing a stenographer to help Mr. Cunningham who is looking after the work of the Repatriation League free of charge.

After a short discussion the Mayor was authorized to tell Mr. Cunningham that the matter will be satisfactorily arranged.

The Council then adjourned.

SUICIDE BY STOP WATCH. New York, April 23.—Holding a split-second stop watch in one hand and a revolver in the other, Louis Finkel, 24 years old, of 1,589 Prospect Place, Brooklyn, a student at Cooper Union, shot himself through the head.

Hard study and brooding over financial troubles are believed to have unbalanced his mind.

Patrolman Decker, who was called, broke open the door and found the young man on the floor. The bullet had gone through his head and shattered a picture of a brother which hung on the wall.

The stop watch had split the second at 6.45. On a table was a note, unaddressed, which read: "I have decided to die at 6:45 Monday morning. I tried to make things meet, but I find it almost impossible. Please notify my brothers, Ben and Mack, phone number 1451 Cypress. The money for insurance for my death is to be used to send for my mother in Russia, if she is still alive. If not, my brothers may use the money as they please."

Council, Ald Riffer and myself did not receive one cent and don't expect to as we don't intend to ask for it."

Ald. Riffer: "I happened to be one of the unfortunate who went to Toronto and I was well repaid and I would have gladly paid \$25 of my own money to see such a sight. If more of the Committee had gone to Toronto they would have had better entertainment than was provided at the boxing matches that were on here that night and if they had gone they would have been in a better position to lend more assistance to the Repatriation League for the coming banquet."

Ald. Hill: "I did make that statement that if I went I would pay my own expenses and I also went to the boxing bouts and would go again to-night if there were some to see."

Ald. Dakers: "Ald. Hill did not make that statement until after the resolution was passed and before the meeting he asked to be placed on the Committee."

Demand for Grounds Ald. Westwood: "There was a communication received from one of the Football Clubs asking for the use of the lacrosse grounds on certain dates. As there will be a big demand for the use of the lacrosse grounds, I think it would be well for the Parks Committee to advertise the holding of the meeting and invite the various clubs to be present and arrange the dates accordingly. "PUT IT THERE, PAL!"

A speaker sent from Canada by the "Y" to speak to the troops in the campaign that followed the armistice, was billeted in an estaminet in a Belgian town. In the early hours of the morning he was awakened by a hammering at his door. As it persisted, he arose and admitted four Canadians, one of them a sergeant, all in a condition to be dangerous when roused. It appeared that one of the party had once been billeted in this room but had been removed, leaving a fancied grievance in his mind. What the plan of the party was did not appear—but it was not soothing to a sleeper awakened after midnight.
"Who are you?" demanded the leader.
"A Y.M.C.A. man," replied the occupant of the room, shivering in an atmosphere never intended for pyjamas.
"Like blazes you are!"
The "Y" man presented his proofs. To his surprise all four insisted on shaking hands with him. "You're all right," was the leader's compliment. The sergeant was more specific. "They say," he threatened "that back in Canada somebody's saying the 'Y' was a bomb-proof job. Wait till I get home! he fellow who says it before me won't be in a bomb-proof job! The 'Y' went over with me and they—and I know. I'm not a religious fellow—but the 'Y's' all right. It's been a friend of the boys. I've a wife and three kiddies back there in Canada, and the 'Y's' helped me out with them—got me to write home when I'd just about made an eternal fool of myself. Put it there, Pal!"

The regular gardeners around the city report the season so far as being backward and but little outdoor work done.
FOR SALE—One kitchen range, coal oil stove, coal oil heater and force pump. Apply 53 Wellington St.
Large quantities of hard coal is now being received in the city, a considerable amount of which has been purchased by The McKinnon and Welland Valve Companies, for their employees.

ST. CATHARINES TIRE CO.
42 Geneva Street

Doctor MacDonald, who owns the double white brick residence on the corner of King and William Street is having important changes made in the building which it is stated will become an annex to the Welland Hospital.

His many friends will be pleased to know that Mr. Robert Patterson, butcher, who has been through a severe attack of sickness is able to be out again, and is slowly improving.

Wrist Drive and Bucher under the auspices of the Ladies Auxiliary of the I.O.O.F., in Sons of England Hall, Queen Street, Friday evening, April 20th.

A Journal reporter was informed that the marked scarcity of potatoes is now being felt in this city with prices going upwards. Outside buyers from the U. S. have been operating in this section so the indispensable tuber is now quoted in car lots at \$1.20 per bushel on a firm market.

Choice cut flowers, potted plants and floral designs, at all times, at Walker's, Florist, 104 St. Paul street, Phone 763.

This being St. George's Day, the anniversary of the Patron Saint of England, it is being duly observed by members of the Sons of England, many of whom are wearing the emblematic rose of the tight little island. This evening several celebrations of the event will be held and, no doubt, a happy time spent in their Lodge Rooms.

The sod was broken this morning on the site of the new St. Catharines Lawn Bowling Club House and the work of construction will be proceeded with at once.

A large fleet of steamers arrived at Port Dalhousie upward bound yesterday.

Old residents of Port Dalhousie say the dog by-law was never better observed in that village than at present.

The bridge staff on the Canal at Port Colborne has been reduced to four men.

It is understood by old time citizens that owing to the death of the late Mrs. Curtis Haynes, St. Thomas Church of this city will fall in for a goodly sum. It is a bequest left by her husband at his death, over 20 years ago, which was not to become available until the death of his widow, which has now occurred.

Those amateur gardeners who were somewhat ahead in their sowing report some of their stuff nipped by the morning frosts.

Mr. W. Rose a well known engineer on the G. T. R., died lately at Bridgeburg.

The Peoples Press, of Welland, complains that several new industries have been left to that city for want of energy and a live industrial policy.

Mr. David Smith who lives at Font-hill, and is employed in the Welland Metal Works was seriously injured there by being caught in a belt.

A number of young women in Welland have organized a Club which they have named the "Omega." The name is an unlucky one as it literally means their last kick.

Ald. Walter Westwood received the hearty congratulations of his brother Aldermen last night on his election to the Presidency of the Ontario Amateur Lacrosse Association.

The Market and Buildings Committee held a meeting just before the City Council went into session last night.

PERSONAL

Mr. and Mrs. Harry Hill and Miss M. Furr, by were visiting relatives in Humberstone at Easter.

Unless some impediment to the contrary turns up, we should know all about the conclusion of the peace negotiations upon Saturday. That is, if Germany does not treat the whole thing as the scrap of paper.

Figures issued last week by the Dominion Provincial employment bureau in Winnipeg, show that there are 660 returned soldiers seeking work in the city, and there are only 189 vacancies.

WORTHY OF EARLY ATTENTION

With a farm of unusual value for the growing of small fruits, vegetables, etc., now owned by the municipality, available for conversion into industrial home uses, it is the duty of the City Council, as pointed out last night, to take early steps to ascertain if it would not be a wise thing for St. Catharines to establish a home for the old and infirm people who have to be taken care of by the corporation. At the present time the city is paying the county for the maintenance of 23 inmates who are sent to the Home by the city. The County charges \$5.50 per inmate per week although, according to a published statement, the cost of maintenance has been reduced to \$3.57 per week. The amount paid by the city to the county authorities for the keep of these inmates, exclusive of clothing was over \$6,000 for 1918.

While the county authorities are to be congratulated on the successful management of the institution and the good way in which it is kept, it cannot be overlooked that the city is paying enough annually into the county to go a long way toward the cost of the Home and the farm. There are forty nine inmates altogether, of which 22 are sent from the city.

It is possible that some arrangement can be made between the city and the county for a reduction in the cost of maintenance per inmate, but with the city growing as it is it stands to reason that the number of indigents will increase rather than decrease and provision must be made for all cases which arise. There is not room now to accommodate all the cases that the city has to take care of and the consequence is that homes have to be found for them at private dwellings in this city.

The question is one that has to be considered at an early date and it is possible that the solution, as proposed by some members of this year's Council, may be a sound one, namely that the present Elmwood farm should be converted into industrial home purposes.

A BLOOD-FOOD DISCOVERED THAT ENTIRELY OVERCOMES ANAEMIC WEAKNESS

CAFFEINOLLY, INVESTIGATED REPORTS ESTABLISH TRULY WONDERFUL RESULTS.

Heretofore it has often been a hopeless task for a thin-blooded person to gain either strength or weight. Neither food or medicine in many instances had beneficial effect.

What is practically a perfect blood-food, containing such elements as Iron, has at last been produced, and when taken after meals will put new life and vigor into people that have been deprived of ever being strong again. This truly wonder-working treatment consists of taking two small chocolate-coated Ferrozone Tablets at the close of every meal.

This wonderful blood-food supplies nourishment, vim, energy—sends a stream of vigorous, strength-making blood to every nook and corner of the body, makes every muscle and fibre sing with new-found life and health.

That gnawing tiredness leaves you—Ferrozone drives it away. Sleepless nights are turned into periods of rest, and you pick up fast. Day by day your appetite improves,—this means more food is transformed in nutriment that will build and energize weak organs. The inclination to worry passes away because Ferrozone imparts nerve—tone and bodily strength that prevents depression.

Think it over—Ferrozone is a wonderful tonic, in fact, it is more than a tonic, because it establishes health that lasts. Thousands use it and thereby cleanse and restore the entire system to a perfect condition. You'll feel the uplifting power of Ferrozone in a week,—it's bound to help you if you only give it the chance. Sold by all dealers, 50c a box or six boxes for \$2.50; be sure of the name Ferrozone. Forwarded by mail to any address if price is remitted to The Catarrhozone Co., Kingston, Ont.

Reports from the Grand Opera House indicates that the advance sale for the concert by the Baulist Choristers on Friday night is one of the heaviest in years. At noon to-day several large blocks of seats had been bought up.

PFERS—Miss Regina Leveys is spending her Easter holidays at Pittsburg, Scranton and Wilkesbury, Pa.

TO BRING TROOPS BACK
Paris, April 23.—The United States transport George Washington will return to the United States with troops, after repairs to her machinery, it was announced this afternoon.

GAVE FINE ADDRESS

Mr. Augustus Bridle, Editor of the Canadian Courier was the guest of honor at the regular dinner of the St. Catharines Canadian Club at the Welland last night and after ample justice had been done to tasty viands prepared by His Majesty the Chef, Mr. Bridle gave an interesting address on "The National Logging Bee" which was much appreciated. At the conclusion of the address a hearty vote of thanks to Mr. Bridle for his interesting remarks was moved by Mr. Inksater.

In the afternoon Mr. Bridle addressed the members of the Women's Canadian Club, taking as his subject "Jazz and Jill."

New York funds sold up to 2% per cent.

Holling's total income for twelve weeks to March 25 was \$1,368,980.

North American Pulp was heavily bought on the Toronto market and advanced to 6%, while in New York it reached 6%.

At the present time there are numerous indications that a most unwarranted crime wave is sweeping over the principal cities in the United States, and murders are almost hourly occurrence. A New York paper gives a list of about 25 cities wherein murders and other violent outrages have occurred during the past two days.

BIG VICTORY BOND INTEREST PAYMENT ON MAY DAY

May Day will see \$18,000,000 paid in interest to the holders of Victory Bonds issued in 1918. This will be by far the largest single interest payment ever made in Canada. Incidentally, it is only one of many, for Canadians will draw over \$70,000,000 in war bonds' interest this year.

The question arises, how much of this money will be saved? Will the over 1,000,000 holders of Victory Bonds in the Dominion become systematic savers, thus helping themselves and their country, or will they discontinue saving?

A large portion of these \$18,000,000 should be invested in War Savings Stamps, which are Government bonds and just as secure as Victory Bonds are. Victory Bonds started hundreds of thousands of people saving, who should continue the practice, which is made easy through War Savings and Thrift Stamps.

The Indian
—the veteran machine

Through four years of war—four years of supreme test—four years in which the inventive and mechanical power of the nation were taxed to the utmost—the Indian Motorcycle has been a vital physical force.

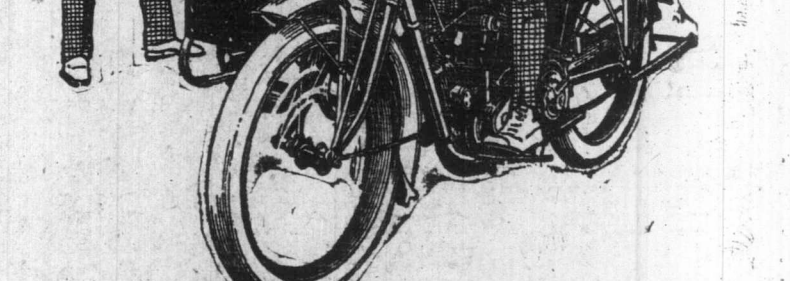

Steady-going, adaptable, trusty and enduring, this king of the motor field filled a great need in the nation's service—filled it in a way that has won universal esteem. In its war-time record the superlative merits of the Indian stand out in relief. Over 60% of the motorcycles used by the American Government in war were Indians.

The economic lessons of the war are illuminating and far reaching. It requires little foresight to realize the possibilities of the Indian and its value to the business world. The magnitude of present demand is evidence of its growth.

Now that the war is over we are turning the strength of our production to meet the great public demand. No effort is being spared to supply dealers with their full quota of machines, also Indian Bicycles.

The veteran machine that upheld the nation in war is restored to the public.

The outstanding features of our big Indian Power-plus are:
World-famous Powerplus motor that has no equal. Renowned and exclusive shock-absorbing Cradle Spring Frame and Fork.
Light Twin Indians, too.
And the roomy, handsome, coach-built Indian side-cars. Go now to the Indian dealer and have a demonstration.

SWEET EVENING

(ABENDSTUNDEN)

A Charming Lullaby, Sung by MILLY WOLF, of the Little Johnny Jones Co.

Musical score for 'Sweet Evening' with lyrics: I am wait-ing for the star-light, I am wait-ing for the star-light, I am wait-ing for the star-light, I am wait-ing for the star-light.

PLANT POTATOES NOW

Increased Yield Secured by Hilling Them.

Good Combs Beekeeper's Asset—Best Are Always Produced During Heavy Honey Flow—Best of Combs Should Be Taken of New Combs

EXTENSIVE experimental work under ordinary conditions has shown that it is a good plan to use good-sized seed potatoes, and to cut them into pieces of from one to two ounces in weight, and having two, three or four eyes in each piece.

Good Combs the Beekeeper's Asset. An asset to the extracted honey producer is combs, good combs and plenty of combs.

The best combs are always produced during a honey flow, yes, when there is a surplus coming in, good combs may be produced in the earlier part of the season, just prior to the cropping season.

Conversely, weak colonies, without the stimulation of the honey flow, fail to draw out the foundation evenly and fully; holes may even be gnawed in the foundations, which holes, when built in, will probably be filled with drone cells.

Having acquired new combs, good care should be taken of them. If they are intended for extracted honey production, they should be kept apart from the brood nest, not allowing brood to be reared in them.

Extravagant Use of Straw. The use of at least a limited amount of bedding for beef cattle is advisable, but the extravagant use of straw, coarse hays, etc., for this purpose should be discouraged.

The Militia Department intends to spend \$323,000 upon an addition to the Kingston Military College.

HINTS ON COOLING MILK

Three Essentials in Cooling Explained.

Make That Spring on Your Farm a Profit Question—It Should Be Enlarged, Cleaned Out Well and Cribbed in an Efficient Way.

BACTERIA in larger or smaller numbers are always present in freshly drawn milk. At temperatures between 60 deg. F. and 98 deg. F. (blood heat) they grow and multiply rapidly, causing the milk to become quickly spoiled.

The above table shows how low temperatures check bacterial multiplication in milk. This is the scientific fact upon which the practice of milk cooling is founded.

In practice a dairyman should bear in mind three things in connection with the cooling of milk. First—cool milk with as little delay as possible after it comes from the cow.

Fortunately a great many farmers of Canada can boast of a good spring of water on their farms. In some cases it is the only reliable and perennial source of water, and when this is the case it usually receives proper care.

Making the Farm Spring More Serviceable. Fortunately a great many farmers of Canada can boast of a good spring of water on their farms.

Air Mixing Necessary at Gas Burner Tip

Thursday, Much cooler Thursday night.

The combustible constituents of natural gas are made up of combinations of the elements carbon and hydrogen. When natural gas is burned so as to secure perfect combustion only carbon dioxide and water vapor are formed.

Each cubic foot of natural gas burned requires approximately 9 1/2 cubic feet of air, forming 10 1/2 cubic feet of combustion products, which are made up of 2 cubic feet of steam, 1 cubic foot of carbon dioxide and 7 1/2 cubic feet of nitrogen, all thoroughly diffused through each other.

ALTHOUGH NATURAL GAS IS CHEAP, DO NOT WASTE IT—THE SUPPLY IS NOT EVERLASTING.

THE UNITED GAS COMPANIES, Limited.

PRESIDENT DAVE FULTZ PREDICTS GOOD SEASON
 President David L. Fultz, of the International League, in a recent interview said:
 "The baseball season of 1919 should be the most successful that the International League has experienced since the beginning of the Federal League war. The invasion of several cities of the International League circuit by the Federal League with the attendant increase in salaries and discord worked a great hardship among our clubs and caused several to suffer heavy financial loss. This competition followed by the world war, which effectually put an end to interest in the game, was the climax of our difficulties. Government restrictions and financial strain proving a hardship which neither major nor minor leagues could withstand.
 "Now, happily, all these difficulties and restrictions are of the past and baseball, I am sure, is about to enter upon a new era of popularity surpassing anything of the kind that existed previous to the advent of the Federal League and International war. I base my belief upon certain outstanding facts which must be apparent to all followers of baseball and all other sports. In a general way they are as follows:
 "The public is naturally turning to pastimes and recreations as a relaxation from the strain and anxiety of the serious days when our chief duty was to check the threatened world ravages of the Germans. The nation appreciates the benefits of athletics and realizes that the progress and fighting ability of our young men abroad were due, in part, to their training for and participation in sport. The fact that baseball was played and encouraged in every camp and cantonment both in the United States and in Europe puts what amounts to an official sanction upon the national game.
 "Will Gain in Popularity.
 "Baseball will gain in popularity for other reasons. The daylight saving law gives an additional hour each afternoon in which to witness the games. The probable advent of prohibition within the next few months paves the way for a greater interest in sport and similar diversions. In addition the nation is entering upon a period of great prosperity. Industry is booming and high wages and salaries prevail. Conditions in these directions appear to walk hand-in-hand with the national tendencies and desires of the healthy American in the selection of his recreation.
 "The new International League, as reconstructed, is practically fitted to take advantage of these promising conditions. Our circuit is compact and well backed financially. Strong teams are to represent Toronto, Rochester, Binghamton, Reading, Newark, Jersey City, Buffalo and Baltimore. I look forward confidently for a close and interesting pennant race and a prosperous and enthusiastic season."

THE STANDARD ACCEPTS
 Are Willing to Play Baseball for the Newspaper Championship and the East.
 There never was a fisherman who had such luck as The Journal staff, for the Standard crew swallowed our tempting bait, thrown foul in the shape of a challenge to play a series of baseball games for the honor of paying for a picnic—hook, line and sinker—and are going to meet us on the sand lot on a date to be settled by arbitration. In fact they fell for the proposition so hard that we are tempted to recommend a new boarding house for some of our fellow workers who must be hungry, for they have, according to the reply to our ultimatum, already got the majority of the picnic cake devoured.
 Time Will Tell
 But the result of the series will tell a different tale, for when we get through with them they will think they have been through a heavier barrage than was ever put on in France. True enough we are "has-beens." "Has been" soldiers and we are proud of it and are satisfied that after helping to take Vimy Ridge, Passchendaele, and other minor objectives it should be an easy task to take the Standard ball tossers into camp, and towards that end we would recommend that they bring along the office adding machine to tabulate the score, for the Journal "cripples" intend to make a multitude of runs right off the bat and as there is bound to be keen competition among the players as regards the best batting average, it is essential that no mistakes be made.
 Are Ready
 But in any event the overseas "cripples" are "standing-to," waiting for the Queen Street chair-warmers to name their envoys to the schedule meeting and to suggest a date when the war chiefs can meet in conference to arrange the details.

BIG LEAGUES COMMENCE ACTION TO-DAY
 Opening of the Majors 1919 Pennant Races ten Days Later This Season Have cut the Schedules.
 After an intermission of nearly eight months, the National and American leagues, foremost representatives of professional baseball, will get back into action today. The 1918 season was cut short on September 2nd last year, five weeks before the regular date of closing, while the opening this spring is ten days later than usual, the leagues having cut their schedule from 154 to 140 games as an economy measure.
 The 1919 season will be the 44th for the National league. Its teams will open as follows: New York in Philadelphia, Brooklyn in Boston, Pittsburgh in Chicago, Saint Louis in Cincinnati. The edge has already been taken off the opening in Boston, as the Boston and Brooklyn clubs have played two games there last Saturday. Patriots' day. Both contests were won by the Brooklyn team.
 Red Sox and the Yankees.
 In the American league, the Boston world's champions will open in New York with the Yankees. The other American league openings are Philadelphia in Washington, Cleveland in Detroit and Chicago in Saint Louis. This is the twentieth season for the American League.
 Major General Thomas H. Barry, commander of the department of the East, and Admiral Henry T. Mayo, commander of the Atlantic fleet, will attend the New York opening with their staffs.
 John Heydler, president of the National league, named the following umpires for the opening: Rigler and Moran, Philadelphia; O'Day and Quigley, Chicago, Byron and Harrison, Cincinnati.
 FAIL TO PICK REFEREE.
 Chicago, April 23.—Due to a mix-up of train schedules, the proposed meeting between Jess Willard and Jack Dempsey to discuss the selection of a referee, for their heavyweight championship fight July 4 did not materialize. Dempsey left for the West an hour after Willard arrived from Kansas City.
 Willard expressed disappointment over the failure of the boxing bill to pass in New York State, for he believed that the bill would pass and that the fight might be staged in New York. Willard said most of his training would consist of boxing, and that he planned to reduce to about 255. He believes that four weeks of hard work will put him in condition.
 The champion will remain here for a short stay and then leave for California. Dempsey plans to wind up his theatrical tour in Kansas City and then spend a few weeks at Excelsior Springs, Mo. He already has engaged eight sparring partners.

SICK--WEAK--MISERABLE THOUSANDS OF VICTIMS

Men! Are You In Doubt

Man feels bad all over—feels weak—feels nervous, irritable, gloomy—gets angry at little things that ordinarily would not be noticed! You feel tired mornings—Your sleep does not rest you! You feel nervous—You dream at night—Your memory is poor. You can't concentrate your mind. No appetite. You lose flesh—fall down. You can't understand why.

As to your trouble? Have you some skin eruption that is stubborn, has resisted treatment? Is there a nervous condition which does not improve in spite of rest, diet and medicine? Are you going down—falling steadily?

SYMPTOMS OF VARIOUS AILMENTS
 Weak and relaxed state of body, nervousness, despondency, poor memory, lack of will power, timid, irritable disposition, diminished power of application, energy and concentration, fear of impending danger or misfortune, drowsiness and tendency to sleep, unrefreshing sleep, dark ring under eyes, dizziness, pimples on face, palpitation of heart, easily tired, weakness or pain in back, lumbarago, dyspepsia, constipation, headache, loss of weight, indigestion, flatulence, gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

NERVE EXHAUSTION.
 The Great American Disease. There are numberless people who do not call themselves sick, and yet they feel nervous, weak, languid and tired most of the time. They have no ambition or endurance to work—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable; they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion, belching of gas, pains in the stomach present. Sleepless, wakeful and restless nights follow. They become drowsy after meals and the brain tires easily.

Sold by all druggists or mailed in plain case, on receipt of price. Non-proprietary medicine free. THE WOOD MEDICINE CO., TORONTO, ONT. (Formerly Weston's)

NOTICE OF REGISTRATION OF BY-LAW
 NOTICE IS HEREBY GIVEN that a By-law was passed by the Corporation of the County of Lincoln on the Fourth day of April, 1919, providing for the issue of debentures to the amount of Two Hundred Thousand (\$200,000) Dollars, to pay the County's share of the construction of roads in the County of Lincoln, pursuant to provisions of By-Law No. 600 and the Highway Improvement Act and Amendments thereto and that such By-law was registered in the Registry Office of the Registry Division of the County of Lincoln at St. Catharines on the Eighth day of April, 1919.
 Any motion to quash or set aside the same or any part thereof must be made within three months after the first publication of this notice, and cannot be made thereafter.
 DATED the ninth day of April, A. D. 1919, at the City of St. Catharines, in the County of Lincoln.
 (Sgd) JOHNSON CLENCH
 a9-16-23 County Clerk.

ALGONQUIN PARK.
 The Algonquin Provincial Park of Ontario (2,000 feet above sea level) is a region of expansive lakes abounding with the gamest of fish, of hurrying streams, primeval forests of pine, spruce and fir, where almost every species of Canadian fauna roams in freedom. Everything in fact that is dear to the heart of the lover of outdoor life. Splendid hotel and log cabin camps operated by the Grand Trunk Railway. A charming place to spend a summer holiday. For handsome illustrated booklet write to or call on C. E. Horning, D.P.A., Toronto, Ont. Apr 24

ROCHESTER TORONTO RACING.
 Yachtsmen of the Genesee B. C. of Rochester and Toronto yachtsmen will engage in a series of international sailing races. The Genesee club has challenged for the James Douglas fourteen foot dinghy cup and the races will be held on Toronto Bay. The Lake Skiff Sailing association has challenged for the Emerson 12-foot dinghy cup which will be sailed in Rochester.

THE LAKE OF BAYS
 There was never a region better designed for vacation purposes than the "Lake of Bays" district. Huntsville on the Grand Trunk Railway 145 miles north of Toronto is the gate way through which you pass to this lovely summer playground. Good fishing, high altitude (1000 feet above the sea) immunity from hay fever, lovely water trips, good hotel accommodation and golf are some of the many attractions. An interesting booklet telling you all about it sent free on application to C. E. Horning D.P.A., Toronto, Ont. a23

PUBLIC SCHOOL RACE AT HENLEY.
 The English regatta this year will include a race for public school boys in four-oared shells for a trophy.
EARL OF COTTENHAM DEAD
 London, April 23.—The Earl of Cottenham, who was married in 1916 to Miss Patricia Burke of California, died yesterday.
ADVERTISE IN THE JOURNAL.

YANKS READY FOR OPENING
 New York, April 23.—The distinction of throwing out the first ball at the opening of the baseball season between the Yankees and Red Sox at the Polo grounds to-day will go to Robert F. Moran, President of the Board of Aldermen. This task has fallen to many prominent men in the past, but only about once in ten times does the distinguished tosser throw the ball to the right place. President Moran is a baseball fan and used asonable to suppose that he will make an accurate heave in sending the season on its way.

MEAT INJURIOUS TO THE KIDNEYS

Take a tablespoonful of Salts if Back hurts or Bladder bothers.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine.

GERMANS TO LOSE GARRISONS.

Berlin, April 23.—Every German town and city which had its own garrison, of which it has been proud for decades, has been officially notified by the National Assembly that it has been decided to disband the German army.

The official notification, while referring to the creation of a new army in the future, says its strength is entirely unknown at present and that it is recognized that towns will be injured economically by the withdrawal of garrisons. They will have to accustom themselves to this, the message says, and the authorities will try to consider economic problems while regrouping army units.

WALLOONS OF PRUSSIA ASK THAT THEY BE DISANNEXED

Paris, April 23.—The Walloon of Prussia have sent a despatch to M. Clemenceau, chairman of the Peace Conference, requesting that their annexation to Prussia be cancelled. The message to M. Clemenceau follows: "The Walloons of Prussia, feeling great anxiety on account of the news lately published in the press, earnestly request you to decide for the pure and simple disannexation to Belgium, might be consulted by means of a referendum, as will be the case with the population of the Sarre Basin."

Niagara Falls, Ont., April 22.—"That will give people some idea of what things will be like around here if they allow liquor again," said Chief of Police Welch, commenting on the riot which took place at Falls View, when a lot of Austrians and Russians employed on the Hydro Canal who had procured liquor began quarreling among themselves, ending in a general fight.

The Provincial and City police arrived on the scene in time to stop the murder of two of the men, whom the others had got down and were beating unmercifully. The police gave it as their opinion that the foreigners had been drinking pure alcohol, judging from the smell.

Chief Welch said that while conditions here with reference to the foreigners were pretty bad now, they would be infinitely worse if liquor is again allowed in Ontario, and there were bound to be more murders even than now.

As a result of the rioting eight foreigners paid \$1000. Bruno Pino, was caught by the City Police, drawing tolls' home four gallons of native wine, in a small express wagon. He was fined \$300. The wine came from the St. of 11 Winery here. The law allows a five wine to be made in Ontario, but a man may take it to his own home. It must be consumed there.

TWO MONTHS FOR ROBERT

Ottawa, April 21.—Achille Robert, an employee of the Post Office Department convicted of perjury arising out of answers given by him under oath to members of the Civil Service Commission, was sentenced to two months in the common jail, by Mr. Justice Kelly, Saturday.

THROUGH CANAL CHUTE ONTO LOCOMOTIVE

Hornell, April 22, George LaGrange, of No. 116 West Genesee street, fell from the top of the Erie coal pockets to the bottom of one of the huge bins, more than 30 feet deep, and out through one of the chutes on to an engine Sunday afternoon, and was seriously hurt. He fell through a hole in the top of the bin and completed the trip down through the chute.

Burke, April 22.—The Commissary of Education has instructed the clergy to declare from pulpits during the next three Sundays that the Soviet Government guarantees full religious freedom to all; that there will be no interference with the clergy or churches or any religious buildings, and that the Soviet will not change the present order of marriage and family life nor communize women.

year-old Frederick Gump, of Kansas City, was postponed by Judge Finletter in the Common Pleas Court to a tentative date of May 19. The delay is due to absence from the United States of Frank P. Walsh, of Kansas City, a delegate to the Irish Race Congress to the Peace Conference, who will act with William A. Gray, of Philadelphia, a counsel for Gump.

SOLDIERS FOR SHOPWORK.

Sidney, N. S. W., April 23.—The State of New South Wales will bear the cost of training returned soldiers for the Government railway shops. The step will be taken in order to replace men who are leaving the shops through natural causes and also to meet contemplated extensions of the railway.

The price of wool is reported to be rapidly falling, and is at present 15 per cent. less than this time last year. The present price ranges from 40c to 75c per pound.

The Hospital Ship "Loyalty"

1915, ex-R.M.S. "Empress of India" Hospital ship "Loyalty," Bombay.

Quite recently the hospital ship "Loyalty" has been converted into a troopship, and the occasion appears to justify publication of some account of her career as a hospital ship, a career which was not only one of service but which reflects in a very remarkable way the great generosity of his Highness, the Maharajah of Gwalior.

The "Loyalty" sailed from the Persian Gulf on November 29th, 1914, having been renamed by Lady Willington on the previous day, and from that time up to nearly the end of last year she was in commission. On her first voyage she was detached to Karachi, where she stayed till December 24th, when she left for England. During this time the ship was bought out by the British Government, and subsequently remained their property.

In the four years she was in commission as a hospital ship she sailed 41 voyages and carried 15,406 patients British, Indian, Chinese, West Indian, East and West African, and German, Turkish and Arab prisoners of war.

"We are Ready for Duty on the Play Line, Mother"

TO MOTHERS! Keep your little pets physically fit, smiling, feeling their best always, by giving Cascarets, the candy cathartic, occasionally. Children love to take Cascarets. They are sweet candy-like tablets, but just wonderful to correct the little white tongue, feverish breath, sour stomach and colds. Cascarets gently "work" the bile, sour fermentations and poisons from a child's tender stomach, liver and bowels without griping or injury. Mothers who depend upon Cascarets as the children's laxative save trouble, worry and cost. Each 10 cent box of Cascarets contains directions and dose for kiddies aged one year old and upwards.

HAZEL EDEN, THE NEW NORDICA.

Famous Prima Donna of the Boston English Opera Company in the Musical Surprise of the Day.

The career of Hazel Eden reads like one of the Grimm Fairy Tales: It is the story of a gifted artist who refused to be spoiled by flattery of friends and to whom success only served as an inspiration for harder work and greater achievement.

Hazel Eden first came into public prominence with The Chicago Opera Company where, although handicapped by the fact of being an American, she, by dint of sheer merit, forced recognition from Camanini and was freely accorded the credit of being one of his most valued artists. But being "one off" however, was not part of the "Eden Creed", so she left the Chicago Company to accept the post of leading Soprano with The Boston English Opera Company, and it was here her real opportunity came. On the famous 40 weeks tour with that organization she time and again demonstrated by her brilliant voice, by her beauty and by her unusual dramatic sense, that there was an artist such as looms but once in a decade.

Critic after critic pronounced her the reincarnation of Lillian Nordica in her prime. Offer after offer came to her from big companies but Hazel Eden remembered that Opera in English gave her the first chance that it was this field the World first acknowledged her and to the Boston English Opera Company she remained faithful.

In this organization, the finest ever heard in the English language, she has found her big opportunity and Hazel Eden will bring back pleasant memories of the few truly great Lyric Sopranos of a decade.

To those who had the opportunity of hearing the great Nordica in her prime Hazel Eden will bring back pleasant memories. The present day opera lovers already have proclaimed her their idol. Miss Eden will sing the title role of MARTHA in the Opera of that name, on Wednesday, April 30th, at the Grand.

OLEOMARGERINE

While oleomargarine is comparatively a new food product, not having been discovered until 1870, its use has grown by leaps and bounds, until it is estimated at the present time the world's annual consumption amounts to from 1,600,000,000 to 2,000,000,000 pounds.

Ever since its introduction its manufacture and sale has been seriously hampered on the western hemisphere by legislative restrictions, designed ostensibly to protect the public against fraud because the product was made so good it could not be told from butter in some cases, but in reality to give the butter industry the monopoly on the business of furnishing a spread for bread. The very fact that the sale of oleomargarine has increased in the face of these difficulties is proof of its merit and the fact that it is an economic necessity. Its enemies no longer raise any question as to its purity and wholesomeness. The factories in which it is produced are models of cleanliness and sanitation and the manufacturing process is handled under the supervision of government inspectors, whose business it is to see the factory premises and utensils are kept clean and the processes of manufacture are sanitary and that only wholesome and suitable materials are used.

The materials are: Oleo oil (an oil pressed from choice beef fats), neutral (a somewhat similar product made from the leaf fat of the pig), vegetable oil (either cottonseed or peanut oil refined to a salad quality) and milk products (comprising milk, cream and sometimes butter, according to the grade of oleomargarine produced). Each of these materials in some form or other is in use in every household, every day, and no question is raised regarding its wholesomeness or food value. Surely, they are as wholesome and as good food when combined as when separate. They are churned together to form an emulsion which is crystallized by contact with ice water—then salted and worked the same as butter is salted and worked.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If cross, feverish, sick, bilious, give fruit laxative at once.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue. Mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing"

MILITARY WILL GUARD GERMANS

Paris, April 22.—The French Government has appointed a special Military Commission to look after the German delegates while in France. The Commission is headed by Lieutenant-Col. Hardey, with a staff of two Majors, three Captains and two Lieutenants. The Commission will meet the German delegates at the frontier and remain with them during their stay at Versailles.

The Canadian Consolidated Rubber Co. which is a combine of all the rubber factories in Canada sold \$18,785,640 worth of their goods during the past year and report a net profit of \$1,604,851 thereon.

BAD BREATH IS CAUSED BY CATARRH

Canadians suffer more from Catarrh than from any other disease. On this account Catarrh is dangerous and should be checked at the outset.

It isn't necessary to take internal medicine to cure Catarrh. There is a far better method.

Doctors now treat Catarrh by sending a purifying, healing vapor through the breathing organs. In this way the germs of Catarrh are destroyed.

The only successful vapor treatment is CATARRHOZONE, which the patient breathes through a special inhaler to the real seat of the trouble. The rich, piney essences of Catarrhozone heal and soothe all inflamed surfaces. They effectively treat the nose, throat and lungs with a powerful antiseptic that destroys irritation at once.

Catarrhozone brings into the system the balmy air of the pine forest. It cures completely colds, coughs, catarrh, weak throat, and bronchitis.

Once tried, Catarrhozone is always used. Nothing so pleasant, so simple, so quick to relieve, so absolutely sure to permanently cure. Accept no substitute. Large size lasts two months, and costs \$1.00; small size 50c; sample trial size 25c; at all dealers.

THE PAULIST CHORISTERS

Father Finn has brought a Paulist Choir to Rochester before and given plain proof of his remarkable powers as a trainer of boys' voices and as a choral director, but his present Paulist Choristers are a finer organization than he has before presented. This is a very fine choir indeed, and it gives a musical performance we have all too little of in our concert rooms. The voices are excellently chosen, trained to ability to produce tone and to fulfil the interpretative ideas of the director and practiced to getting ultimate refinement in effects. The boys' choir is the problem, and here it is finely solved. There is none of the shrillness to be feared in a boys' choir; instead there is a pure lightness of quality that has the peculiar impersonal charm of the boys' voice expanded to a massed tone that is compact and capable of much variety and forcefulness.—Rochester Post Express.

This musical organization will be at the Grand on Friday night next.

PORT DALHOUSIE

The annual Easter vestry meeting of St. John's Church was held Monday night in the choir vestry, the rector, Rev. A. B. Higginson in the chair. The meeting opened with prayer. On motion, Mr. T. O. Johnston was appointed secretary for the evening and minutes of the last meeting were read and approved.

Mr. Chas. Smiley read the Warden's report, which showed the past year one of the most successful in the history of the church, and a balance on hand of \$40. Mr. Smiley also read a report of the Parish Hall Fund, showing that there is enough cash on hand to pay off the mortgage on the Parish Hall. The balance on the furnace has been paid. Mr. John Johnston read the report of the Cemetery Committee, showing a balance on hand of \$68.48. It was decided to take action as to the purchase of some ground to add to the cemetery. Capt. John Read read the mission report which showed a balance of \$244.

Other Reports

Mrs. Paxton read the report of the Amateur Dramatic Club, showing that that organization had paid in \$87.00 to the Parish Hall debt. Rev. A. B. Higginson read the re-

BLAZE AT WELLAND.

Welland, April 23.—Fire, supposed to have been caused by crossed wires, did between four and five thousand dollars' damage tonight to the electrical shop owned by Charles McAlpine of Port Colborne and occupied by Geo. Reid and Co. It was an awkward blaze to fight, situated between the Woolworth building and the Dexter House. The storage room, where the fire chiefly was, being upstairs, the fixtures below were much damaged by water.

INDIGESTION

When the food does not digest—it sours in the stomach and ferments causing burning in the stomach, bloating of gas, headache and other things well known to the sufferer. Avoid charcoal, soda, etc., and anchor your faith to Walker's Indigestion Remedy and you will be cured—Year money back if it fails—We make it—We know the conditions—We guarantee it.

Price, 75c. Per Bottle

WALKER'S EAST END DRUG STORE

BEAUTIFY YOUR COMPLEXION

—and rid the skin of unsightly blemishes, quicker and surer, by putting your blood, stomach and liver in good order, than in any other way. Clear complexion, bright eyes, rosy cheeks and red lips follow the use of Beecham's Pills. They eliminate poisonous matter from the system, purify the blood and tone the organs of digestion—Use

Worth a Guinea a Box
Directions of Special Value to Women are with Every Box Sold everywhere. In boxes, 25 cents.

The librarians of this Province are now holding a well attended convention in Toronto. The general reports from the delegates indicate a healthy state for those institutions, which are growing in public favor. At present there are over 400 public libraries, and 5,000 school libraries in Ontario.
