SEMI-WEEKLY EDITION

NUMBER 12.

FIT THE SUNDAY SCHOOL PROGRAM TO THE SCHOLAR

Superintendent of Neglected Children Addresses the Sunday School Convention.

CHILDREN LED ASTRAY BY QUESTIONABLE AMUSEMENT

Penal Laws Have Absolutely Failed in Their Application to Delinquent Children.

R. B. Chadwick, superintendent of neglected children for Alberta, was one of the speakers at the session of the Sunday School convention in the McDougall Methodist Church yesterday morning. From wide experience with children outside the Sunday school, Mr. Chadwick spoke of what might be done in a practical way by the Sunday school to prevent additions being made to the ranks of juvenile lawbreakers.

Boys and girls were led astray from by seeking amusements of questionable character. The moving picture show, without supervision, the street without control, the cheap, bad theatre and the dance hall, had all proved mischievous workers. These amusements were generally sought because no better were offered. There was not a Sunday school in the province which lacked the equipment for providing interesting amusement for children of its own community. And if the right kind of amusement were provided the boys and girls would be attracted and drawn away from the harmful places.

Mr. Chadwick deprecated the tendency of many Sunday schools to put out a certain rigid program and to fit the child into it. The program should be made to fit the child, and not the child to the program, and as a child was more important than any program ever prepared. The work of the boys department of the Y. M. C. A. was commended as a program being made to fit the child. The physical work of the Y. M. C. A. boys department formed 90 per cent of the program, and was undoubtedly one reason for its popularity.

It was a mistake to regard delinquent children as being those outside the Sunday school. The records of juvenile crime showed that a large percentage of delinquent children dealt with were from the Sunday school and church. This was particularly true of large cities. So the Sunday school had to be more interested in the child who never went to Sunday school.

Methods of Dealing with Delinquents

Modern methods of dealing with delinquent children were briefly outlined by Mr. Chadwick in the course of his address. He gave examples from cases which had come under his observation. The penal laws had failed absolutely in dealing with juvenile crime. It was impossible to catch the right viewpoint of the child made in the juvenile court as the physician or the investigator. The child might be not long before the trained psychologist would be deemed as necessary in the juvenile court as the physician or the investigator.

Adult criminals, in general, were not juvenile criminals grown up. The speaker on methods of recruiting for the prison had been told by the warden that so far as was known, only two men of a total of 2,700 imprisoned there had started on a career of crime after their eighteenth year. The 700 prisoners were men of from 17 to 25 years of age. So the prevention of crime lay in the stopping of the source of supply. The home was the right place to deal with the child, and the Sunday school could lend valuable assistance.

Sunday School Recruiting.
Hugh Cork spoke at the morning's session on methods of recruiting for the Sunday school. With the present organization of the Sunday school there was no reason why every member of every family in the church should not be identified with it. In some way or other from the cradle roll to the home department, the too many homes today the family altar was a part of the family furniture. An active Sunday school campaign to start home department workers would do much to bring it back.

A feature of the musical program of the morning session was a diet by two little girls, Audrey and Eliza Calhoun.

A departmental luncheon was held at 12:15 noon in the basement of the church. It was followed by sectional conferences.

Subsidy Increase for Ontario.
Toronto, Nov. 8.—Ontario's legislative subsidy from the Federal Government will be \$270,000 more as a result of the increase of population as shown by the recent census. As the population of the province is over 2,500,000, the rate per capita will be sixty cents per head instead of eighty cents as formerly.

New Rates for Liveries.
Winnipeg, Nov. 9.—The city is drafting a new scale of rates for taxicab liveries. If adopted, Winnipeggers will pay higher rates than those now current in Chicago.

WHERE AN EMPEROR WIVES AND AWAIT THE FORTUNES OF WAR—Fantastically ornamented entrance to the Imperial Palace in Peking, where the infant Emperor of China has been writing edicts improving his people to recognize his infantile inability to govern them.

HANKOW CITY FALLS PREY TO THE FLAMES

The Total Loss is Estimated at Fifty Million Dollars—Horrible Stories of the Brutality—Red Cross Barriers Have Been Built and Abandoned.

Hankow, Nov. 5 (via Wu Hu, Nov. 8).—The city of Hankow has been destroyed by fire in over two thirds of its extent. The lowest estimate of the loss is \$50,000,000. Hundreds of half-burned bodies lie among the ruins. Many of them are bodies of women and children. The custom house and the American mission have been spared. The city has been looted, the imperialists taking a hand in the pillage. The imperialist officers tried to check this and executed a number of the soldiers. The refugees were deprived of their food on entering the British concession, cart loads of food, silk and jewelry being seized. It is suggested that the Red Cross receive the proceeds. Friday afternoon the consuls appealed to the Imperialists to cease burning the town.

The proclamation which was issued immediately declared that the rebels were responsible for the fire and ordered those to be checked. The following day new fires started in various quarters of the city. The British consular officer, Mr. W. C. Chang, who had been seized by the rebels, was freed, while in connection with this mission, Mr. W. C. Chang, who had been seized by the rebels, was freed, while in connection with this mission, Mr. W. C. Chang, who had been seized by the rebels, was freed.

G. T. P. STEEL NOW CLOSE TO SUMMIT OF ROCKIES

Last Friday the steel on the G.T.P. had reached mile 123, within six miles of the summit of the Rockies. The work is being done by the construction camps but the work has proved heavier than anticipated and it is not expected that the steel will be laid to the Fraser River until June of next year.

Adopt Steamer Methods.
Montreal, Nov. 8.—The repressing of Arab rebels in Tripoli will be sterner, according to General Frazon, who is centrally under General Canova, but who will probably take the chief command in that country. General Frazon, who is renowned for his frugality, expresses his determination to treat the rebels as brigands and to punish them without excessive scruples. He, the general says, will press the war in other quarters and will demand that Turkey pay the cost of the conquest of Tripoli.

CONSTRUCTION WORK ON CANADIAN NORTHERN

Nearly One Half of Big Building Program is Completed—Heavy Work on the Great Lines—Four Large Tunnels in Thirty Miles of the Railway.

Toronto, Nov. 8.—Reports just compiled at the head office of the Canadian Northern Railway show that 958 miles of new track out of the building program comprising 1982 miles had been completed in Alberta and Saskatchewan on the 30th September, and it is expected that at least 100 miles in addition would be constructed before the work was stopped by winter. On the new line from Edmonton to Calgary, the grading is now finished for the entire distance of 288 miles. It is likely that the rails will be laid to Calgary early next year. The site for the Calgary passenger station has been cleared.

On the main line westward from Edmonton, 62 miles of grading has been done from the present terminus, reaching to the Pembina river and tracks will be in position before January.

An important piece of work on the Pacific division of the Canadian Northern is from Spence's Bridge to Washburn, between Lytton and Ashcroft stations in British Columbia. On 29 miles of this are four tunnels of 1,000, 600 and 600 feet in length. About 1900 men are now working on the tunnels and boring is to continue throughout the cold winter. At present 16,836 men are employed in construction work on the various divisions, the largest parties being in British Columbia, where 8,000 are at work, and on the Port Arthur to Sellowville line in Ontario where 3,500 are building the new road.

Will Assist Competitors.
Ottawa, Nov. 9.—His Royal Highness, the Duke of Cornwall has shown great interest in the amateur public and dramatic competition which was started five years ago by Earl Gray, who donated two beautiful trophies. At a meeting of the executive committee, Col. Lowther, the Governor-General's military secretary, explained that H.R.H. was most desirous that the competition should be continued and that he would be pleased to extend the contests in person as was done by his predecessor Earl Grey. After some discussion it was decided that the next competition should be held in Ottawa at the Regal Theatre in this city during week-end of Nov. 11 and 12.

Sir Donald Mann Improving.
Toronto, Nov. 10.—It is reported that Sir Donald Mann is steadily improving since his recent operation and his complete recovery is only a matter of time.

Rev. Dr. Workman is Awarded \$5,500 Damages in Famous Heresy Case.

Montreal, Nov. 10.—Judge Weir, in a lengthy judgment today rendered his decision in the famous Workman case, condemning the defendants to pay Rev. Dr. Workman \$5,500 and all the costs in the case. The Workman case, the Wesleyan college for \$5,000 for wrongful dismissal and the case has been something of a sensation from the start, owing to the prominence of the clerical witnesses called upon to testify. During the reading of his judgment, Mr. Justice Weir commented rather severely upon the testimony given by some of the reverend gentlemen.

HEAVY LOSS FROM FIRE IN FIRST STREET RESTAURANT

LEWIS BROS.' CAFE A PREY TO FLAMES—INTERIOR COMPLETELY WRECKED—SETTLERS' SUPPLY STORE, ADJOINING, SUFFERED DAMAGE FROM WATER AND SMOKE—RESTAURANT FULLY INSURED.

A fire which occurred at an early hour yesterday did considerable damage to the Lewis Bros. restaurant, 627 First street, and to the building adjoining, occupied by M. Lurie & Company, settlers' supplies. The interior of the restaurant was completely destroyed by fire and water, while the damage sustained by the Settlers' Supply Store was solely from water and smoke. In below zero temperature it was a difficult fire to fight.

The fire broke out at seven o'clock in the basement of the restaurant, where a few minutes before one of the employees had lit up the furnace with coal. Evidently the furnace became overheated and ignited the woodwork nearby, starting a lively blaze. Bid Lewis, junior member of the firm, who had worked all night and was about to leave the place, was the first person to note something wrong below. He saw smoke curling up along a pipe leading into the basement, and he threw a bucket of water down through the small opening in the floor. This had the effect of a call was sent in for the fire department, which responded promptly.

Meanwhile the blaze had gained too great a head to be confined to the basement, despite the energetic work of the firemen. Several lines of hose were turned on the interior of the building and much of the water found its way into the Settlers' Supply Store. The firemen continued to pour in water for about three hours before the fire was finally extinguished, at the end of which time the interior of the restaurant was a wreck.

Frank Lewis, manager of the restaurant, said that his loss would amount to several thousand dollars, partly covered by insurance. Fortunately he had the stock and fixtures insured recently and received the policies only last Monday. The Hartford and Germania companies had insured for \$2,000 each, the Alberta Agencies being their local representative. Mr. Lewis said he would make no move to reopen the place until after the fire adjustors had estimated the loss. Then he expected it would be a month or six weeks before he could get the place thoroughly renovated and placed in readiness to resume business.

Lewis Brothers came here from Vancouver and opened the restaurant August 15th last. They have conducted one of the best eating houses in Edmonton and succeeded in building up a splendid business. As a result of the fire seventeen employees were thrown out of work.

Lewis Brothers carried no insurance on their stock in the Settlers' Supply Store, and the damage to them was therefore a total loss to them.

W.J. MAGRATH WILL BE MAYORALTY CANDIDATE

W. J. Magrath leaves today on a trip to Chicago and other eastern cities to look into the operation of civic enterprises and to secure ideas in connection with the local situation. He is expected to return to Edmonton next year. Greater aspirants in the city are Mr. Armstrong and Major Saunders.

Speaking to the Bulletin last night, Mr. Magrath intimated that his plan would be a progressive one. He would, if elected, use every influence to add to the industrial enterprises and wholesale houses of the city with the object of securing greater employment of labor.

He is in favor of the commission form of government as set out in the Charter of the present city. He does not believe in the council controlling the civic utilities. These should be operated by the city and the council should be free from sectional influences.

If elected, Mr. Magrath will give his chief attention to the civic water problem and would advocate doing something at once. His idea is to refer the question to the city council, and when they have secured all possible data to report to the city council, action in adopting the best system should then be taken at once.

2,500 BOILERMAKERS AND HELPERS STRIKE

Dunkirk, N.Y., Nov. 8.—J. R. Franklin, of Kansas City, president of the International Boiler Makers and Helpers' Union, today officially declared a strike against all the plants of the American Locomotive Company. About 2,500 men at Dunkirk, Schenectady, Richmond, Pittsburgh and Montreal will be affected.

The boiler makers at the Dunkirk plant have not worked for several weeks. They refused to do work on engines for the New York Central system, where the boiler makers have been on strike since last February, and the officials thereupon closed the plant here.

State Ownership of Terminal Elevators.
Ottawa, Ont., Nov. 8.—The government will shortly take into consideration the demand of the West for the state ownership of the terminal elevators at the head of the St. Lawrence. The cost of taking over the elevators is variously estimated at from eight to fourteen millions.

Nobel Prize for Physics.
Stockholm, Nov. 7.—The Nobel prize for physics has been awarded to Professor Wilhelm Wien, of Wurzburg University.

German Press Severely Critical.
Berlin, Nov. 10.—The attitude of Crown Prince Frederick during yesterday's debate in the Reichstag, when he openly demonstrated his pressure over and approval of the criticisms of Chancellor Von Bethmann-Hollweg's policy in the Moroccan affair with France, and supplied the saboteur passages in his speeches, is sharply condemned today by not only friends but opponents of the chancellor. The Berliner Tageblatt, the Vossische Zeitung, the Cologne Gazette and Frankfurter Zeitung join in describing the incident as a frivolous and dangerous exhibition.

The papers see an occasion for serious concern when the heir to the throne shows his disapproval of the policy of the Emperor and his responsible advisors, and express fear that the impression has been given abroad that the future emperor is heading a German war party. The Vossische Zeitung wonders why Herr Von Bethmann-Hollweg did not resign after such a demonstration.

HER FRIENDSHIPS NOT EXCLUSIVE OR JEALOUS

Great Britain Has No Cause to Quarrel With Any Nation Says Premier Asquith, in Dignified Speech in Guildhall, London.

London, Nov. 8.—A new lord mayor of London, Sir Thomas Moore Crosby, M.D., was inducted into office today, and at the lord mayor's banquet tonight Premier Asquith made his fourth successive speech in honor of such an occasion. The prime minister gave a clear exposition of Great Britain's foreign policy. The Moroccan agreement was the topic and it furnished a special opportunity for the premier's remarks, coming opportunely as a reply to the speech of the imperial German chancellor in the Reichstag today.

The Moroccan Question.

"The settlement of the questions involved," he said, "is a relief to Europe, for it removes perhaps the greatest obstacle to the smooth working of European diplomacy. Our own gratification at the result is none the less profane neutrality in the sense that we have been suspected in irresponsible quarters of looking coldly upon the negotiations and even of a disposition to hamper the treaty. Nothing can be farther from the truth. There is no secret about either the aims or the methods of British policy. Where British interests are involved it is our business to safeguard them. Where treaty obligations come in it is our duty to fulfill them. Where we have established friendships and understandings we seek to maintain them loyally and in fact. But friendships are not exclusive or jealous. We have no cause to quarrel with any nation nor with such a history and such an empire as our own, have we any disposition to curtail or set aside the natural and legitimate aspirations of others.

Referred to the Wars.

Mr. Asquith, referring to China, said that the British government had no desire and no disposition to interfere in the internal affairs of that country. The government would restrict its course to the protection of its subjects. He emphasized Great Britain's desire to co-operate with the other powers on the question of maintaining the peace and stability of the world. He said that the British government had no desire to quarrel with any nation, and that it was its duty to maintain the peace and stability of the world.

PATIENT IN CALGARY HOSPITAL SUICIDES

Arthur T. Driver, Suffering From Alcoholism, Found Lying Dead in Bath Tub at Institution With Throat Cut From Ear to Ear.

Calgary, Nov. 8.—Lying in a bath tub on the third floor at the General Hospital with his throat cut from ear to ear, Arthur T. Driver, a patient being treated for alcoholism, was found by the nurse at eight o'clock this morning.

Driver came in on Sunday suffering from alcoholism, but it seemed much better on Monday he was given the freedom of the ward. He went into the bath room this morning about eight o'clock and when he did not come out after considerable time had elapsed the nurse pounded on the door and getting no answer summoned Dr. Lincoln, who immediately burst in the door and found the man lying face down in the tub and quite dead.

A remarkable feature was that the man after cutting his throat had the presence of mind to put the razor back in its case and then laid it on the table by the bath tub. He was evidently sitting upon the side of the bath tub, which was weakened by loss of blood he slipped into the tub and cut his throat in his possession. Von brought in all his valuables were left in the office and the beds are always carefully examined by the nurses. But despite this fact the man had retained the razor, which in no way resembles any razors in use about the hospital. The patients in the same ward were carefully questioned, but all emphatically stated that they had not given Driver a razor.

Driver was without funds when he came into the hospital on Sunday last. He gave his address as 452 Indocot block, St. Paul, Minnesota, and as 44 years of age. He has one brother, Percy J. Driver, residing at 41 East Cleaveland, London, Eng., and was employed as a traveller by M. Roach of the Indocot block, St. Paul.

ESTIMATED GRAIN YIELD 404,127,600 BUSHELS

Winnipeg, Nov. 10.—The crop estimate of the Northwest Grain Dealers' Association for November 1st for Manitoba, Saskatchewan and Alberta, gives the following table:

Wheat—3,800,000 acres, at 18.2 bushels per acre; 69,160,000 bushels.

Oats—4,100,000 acres, 41.6 bushels per acre; 171,336,000 bushels.

Barley—1,125,000 acres, at 29.5 bushels per acre; 32,887,500 bushels.

Flax—638,000 acres, 8.5 bushels per acre; 5,422,500 bushels.

It is estimated in the report that the wheat in the farmers' hands, to be marketed, amounted to 86,350,000 bushels on November 7th.

The total acreage under crop is estimated at 16,052,000 acres, and the total yield of grain of four kinds, 404,127,600 bushels.

SIGHTED WRECKAGE

Edmonton, Calgary, Nov. 8.—A freight steamer arriving from Hamburg today reported having sighted wreckage, which seven bodies were salvaged. The wreck probably was that of the unidentified steamer which sank off Cuxhaven last Monday.

PREMIER ASQUITH, WHO DELIVERED A MOST DIGNIFIED REPLY TO THE SWORD-RATTING SPEECH OF THE IMPERIAL GERMAN CHANCELLOR.

This stand by the press may result in a strengthening of the position of the Chancellor, which was badly shaken when the pent-up fury, born of the popular feeling that Germany had backed down before the British menace, was vented in the Reichstag yesterday. The Chancellor sought to explain that Germany had not attained the object which she had in view when the gunboat Panther was sent to Agadir, that the Franco-German treaty terminated French hostility and that Germany had concluded the prolonged negotiations with honor and advantage. The response of the House was a broadside from the leaders of the Conservatives, Liberals, Socialists and Socialists, who attacked the Moroccan-Consongo agreement as humiliating, and approved the prolonged negotiations with honor and advantage. The response of the House was a broadside from the leaders of the Conservatives, Liberals, Socialists and Socialists, who attacked the Moroccan-Consongo agreement as humiliating, and approved the prolonged negotiations with honor and advantage. The response of the House was a broadside from the leaders of the Conservatives, Liberals, Socialists and Socialists, who attacked the Moroccan-Consongo agreement as humiliating, and approved the prolonged negotiations with honor and advantage.

THE NAVAL PROGRAM.

Winston Churchill, in his first speech for the navy as first lord of the admiralty, promised a reduction of expenditure without compromising the safety of the fleet. He said that the navy would be reduced to the point where it would be able to maintain its position in the world.

Spokane Refuses to Build City Hall.

Spokane, Wash., Nov. 8.—The voters of Spokane for the second time defeated a proposed bond issue of \$500,000 for the erection of a new city hall. The vote lacked about 200 of the required three-fifths to carry it. The city sold its present city hall and site for railroad purposes.

Winnipeg, Nov. 10.—The crop estimate of the Northwest Grain Dealers' Association for November 1st for Manitoba, Saskatchewan and Alberta, gives the following table:

Wheat—3,800,000 acres, at 18.2 bushels per acre; 69,160,000 bushels.

Oats—4,100,000 acres, 41.6 bushels per acre; 171,336,000 bushels.

Barley—1,125,000 acres, at 29.5 bushels per acre; 32,887,500 bushels.

Flax—638,000 acres, 8.5 bushels per acre; 5,422,500 bushels.

It is estimated in the report that the wheat in the farmers' hands, to be marketed, amounted to 86,350,000 bushels on November 7th.

The total acreage under crop is estimated at 16,052,000 acres, and the total yield of grain of four kinds, 404,127,600 bushels.

REVOLUTIONISTS START ASSAULT ON NANKING

Imperialist Forces Under Manchu General Offer Resistance—Rebels to Slay Tien Tsin City—City of Canton Declares Its Independence—Foreigners Safe.

Nanking, China, Nov. 8.—The people of this ancient city of China were awakened early today by the sound of heavy firing. The dreaded attack by the revolutionists had begun. The Manchu general in command of the imperial troops, occupying the heights of Purple Mountain, which overlooks the town, refused all the demands of the reformers. Several thousand new troops, equipped with the strongest rifles and field guns, but were equipped with a loss of more than one hundred killed. They are now occupying the lower ground and are prepared to renew the assault. The Manchu army strongly entrenched and well armed, while the reformers are short of ammunition. Several thousand Manchus, out of a garrison of ten thousand, have left the city on the pretense of joining the Royal army in the north. At Chung King, 2,000 Manchus have been turned over to the reformers.

Universities in Borden Cabinet

Out of Fourteen Ministers Premier Borden Has Selected Eleven College Graduates and Five Non-Collegiate Men in the List of New Ministers.

Montreal, Nov. 9.—Premier Borden had endeavored to select his Cabinet on a basis of representing Canadian colleges of all kinds he would have in no wise changed the list of Ministers at Ottawa. Of the fourteen ministers eleven are University graduates, and all but one from Canadian universities. McGill has two to her credit: Hon. C. J. Doherty, Minister of Justice, and Hon. F. D. Monk, Minister of Public Works.

The Hon. J. Doherty was a professor in the McGill Law Faculty as well as being a graduate. As a student he entered and left McGill with the class of 1908, just a year behind Sir Wilfrid Laurier. As an undergraduate he distinguished himself in the law by means of taking very strong stands on matters of national and imperial interest. The same applies to the Hon. F. D. Monk when an undergraduate at McGill.

Of the others in the Cabinet seven are University graduates and another six have been very intimately connected with academic work. Hon. T. W. Crothers is from Albert College, Victoria; Hon. W. B. Nantel is from Laval, Hon. W. J. Roche, (Secretary of State), Northwestern University; Hon. J. D. Hazen, New Brunswick University; Hon. J. D. Borden, Queen's University; Hon. J. D. Borden, Queen's University; Hon. J. D. Borden, Queen's University.

Dramatic Rescue of Imprisoned Miners

Were Shot in Mine by Blocking up Entrances—Rescuers Raced Scarcely Against Water Rapidly Rising in Mine.

Hoplin, Minn., Nov. 8.—Six miners were entombed in the Needmore mine near Hopkin this afternoon. Unless they were released within five hours, it is feared they would be drowned. The mine was flooded with water. The men were working in a drift 120 feet below the surface, when a large quantity of dirt together with the heavy machinery to fall. The dirt fell into the shaft cutting off all communication with the surface. The hoister man, seeing the weakness of the pillars supporting the hopper, leaped and escaped.

The price of the mining company near the shaft, Miss Besse, a bookkeeper, attempted to communicate with other mining plants in the vicinity, but the drop of the hopper had broken the wires. It was impossible for the rescuers to determine whether the dirt had choked in the shaft or fallen to the bottom. It was known that unless the rate of three feet an hour, after an hour's work, an opening in the pump shaft was made, permitting communication with the entombed men. The rescuers were told by the imprisoned ones that they were injured, but the water was rapidly rising.

Encouraged by news that the men were yet alive, the workmen labored hard and at the end of five hours a hole had been made to the bottom of the shaft. The men were lowered to the men. These were wrapped about their bodies and they were soon down to the surface. Hundreds of persons were assembled and a song and prayer service was begun. The rescued men joined in the service.

Canton Declares Independence

Hong Kong, Nov. 8.—Canton the capital of Kwang Tung province, and the largest city in China, formally declared its independence at noon today when the dragon flag was lowered and a salute in honor of the new government was fired.

Missionaries in Chengtu Safe

Toronto, Nov. 9.—Whist allaying the anxiety of friends of Canadian missionaries in West China, a letter received by Rev. D. Burns, of Omassee, from his daughter, one of the Methodist missionaries in Chengtu, explains why communication with the outside world was so difficult. The letter, which is dated September 21st, states that they could not get out of Chengtu for that city except by

EDMONTON BULLETIN

BAIFOUR RESIGNS AS LEADER OF OPPOSITION

Unionist Party in British House of Commons Drives Off Parliamentarianism From Ranks Because He Withholds Approval of Tax on Food Stuffs.

London, England, Nov. 8.—A. J. Baifour has resigned the leadership of the Unionist Opposition in the House of Commons. The news of his resignation is confirmed by his private secretary, who assigns health reasons as the primary cause. Throughout the day there had been rumors in the lobby of the House of Commons that Mr. Baifour had decided to retire from his position as chief of the Unionist party in consequence of the divergence of views regarding the efficacy of his leadership. This afternoon, however, it was definitely and officially confirmed.

WALTER LONG MAY SUCCEED BAIFOUR

He and Austin Chamberlain are for Unionist Leadership—Any Unionist Would Be Overshadowed by Baifour's Personality.

London, Nov. 8.—The news of Mr. Baifour's resignation caused the utmost surprise and in some quarters consternation. The Unionists do not attempt to disguise the seriousness of the loss of one who is admittedly the greatest asset of the party. It is understood that Mr. Baifour's decision is irrevocable. He advances the condition of his health as a reason for his withdrawal, but there is no doubt that the bickering in the party ranks was the primary cause. He will remain in parliament, representing the City of London. Mr. Austin Chamberlain and Walter B. Long, former member of parliament, are mentioned as likely to succeed Mr. Baifour.

WALTER LONG MAY SUCCEED BAIFOUR

He and Austin Chamberlain are for Unionist Leadership—Any Unionist Would Be Overshadowed by Baifour's Personality.

London, Nov. 8.—It is practically generally assumed that Mr. Baifour's resignation is irrevocable. He advances the condition of his health as a reason for his withdrawal, but there is no doubt that the bickering in the party ranks was the primary cause. He will remain in parliament, representing the City of London. Mr. Austin Chamberlain and Walter B. Long, former member of parliament, are mentioned as likely to succeed Mr. Baifour.

RIGHT HONORABLE A. J. BAIFOUR

Left the House of Commons Today After Resigning the Leadership of the Unionist Opposition in the British House of Commons, Because of His Refusal to Approve the Chamberlain Policy of Taxing Food Stuffs.

Section of the party has been fighting for the retirement of Baifour in favor of Austin Chamberlain, and the immediate adoption of a more moderate home rule which may have had the effect of driving Baifour from the party.

Chamberlain's Advice. Joseph Chamberlain, writing to the annual meeting of the Tariff Reform League, says: "The Tariff Reform party never met at a more critical period than the present. Not only has the recent election in Canada thrown a strong light on the present situation, but the Lancashire meeting proved that a great change has taken place in this country, which I confidently believe is fully prepared for a great alteration in our fiscal system."

WHEAT MARKET OPENS VERY STRONG TODAY

Reports of Storm in Prairie West With Rain in Missouri—Reports are that a heavy snow storm is approaching the West.

Winnipeg, Nov. 8.—The local wheat market opened strong and bullish on reports of heavy storms throughout the Prairie West, with rain in Missouri, but cold weather and snow in Saskatchewan and Alberta. Twelve degrees below zero was registered last night at Melville, Sask. Persistent views of the situation seem justified by reports, showing that in some sections of the country not half the threshing has been done, while an enormous amount of grain is still lying in the stack. Farmers who took time to stack are, of course, much better off, though the prolonged spell of wet and storm has done no good even there. Towards noon the market sagged again, but it is in a very nervous condition.

Two Die in Nelson Fire

Nelson, Nov. 7.—A light district tonight destroyed the house of Agnes West and resulted in the death of two inmates, Jessie Lush and Pauline Payne. Two others who made their escape by windows, were seriously injured.

PROF. LLOYD DEAD IN JAPAN

Tokyo, Japan, Nov. 9.—The death of Professor Arthur Lloyd, just announced, is a great loss to the foreign community in Tokyo, of which he was a prominent member. He came to Japan in 1874, engaged in teaching and missionary work. He was a man of broad and catholic spirit, and was noted as a scholar, attaining fame especially on account of his original researches into the historical relations between Buddhism and Christianity.

Arthur Lloyd was born in England, April 10, 1852, and was educated at Cambridge and Tubingen. He was ordained deacon and priest, and then went to Japan as a missionary. He, however, spent most of his time in teaching, being connected various times with the Imperial Naval Academy, the Higher Commercial School and the Imperial University. He wrote many books, and his work dealing with Japanese subjects.

WALTER LONG MAY SUCCEED BAIFOUR

He and Austin Chamberlain are for Unionist Leadership—Any Unionist Would Be Overshadowed by Baifour's Personality.

London, Nov. 8.—The news of Mr. Baifour's resignation caused the utmost surprise and in some quarters consternation. The Unionists do not attempt to disguise the seriousness of the loss of one who is admittedly the greatest asset of the party.

NO EXPORT DEMAND FOR CANADIAN WHEAT

Uncertainty as to Grades is Given as the Cause—Winnipeg Grain Exchange Inaugurates a Wheat Clearing House System.

Winnipeg, Man., Nov. 7.—The action of the Winnipeg Grain Exchange clearing houses in commercial grades of wheat is one of the most important moves made in connection with the present crop, and is one that will undoubtedly be of very great advantage to the farmers, as it will put the farmers in a position to hedge their purchases of low grade wheat by selling against them in the pit in precisely the same manner as they have heretofore done in the case of high grade wheat. The scheme is hardly in working order yet, and on the first day only the November prices of Nos. 1, 2, 3, 4 and 5 were posted. This matter is in charge of a committee and positions of the prices are made at the close of the regular market until such time as a clearing house can be arranged for, when they will be posted the same as contract grades.

BRITAIN ROUSED OVER ITALIAN MASSACRES

Italian Apologies at Tripoli Discussed in Commons—The Danger in Egypt—Italian Premier's Denials Have Failed to Satisfy Public Opinion in Britain.

London, Nov. 7.—Premier Lloyd George's denials of Italian atrocities at Tripoli have failed to eradicate the impression created by the reports of several correspondents and the absolute evidence of their correctness afforded by photographs. Protests have been made in parliament, but ineffectually, both Premier Asquith and Sir Edward Grey, the foreign secretary, deprecating questions phrased in such a form as to be offensive to a friendly nation.

MILITARY GOVERNMENT ISSUES PROCLAMATION

Revolutionists Call on All Chinese to Enter Life and Death Struggle Against Manchu Dynasty for Control of Empire.

Shanghai, Nov. 8.—The military government today issued a proclamation calling upon all Chinese to join in the life and death struggle and exhorting the population of the lower provinces to refrain from disorders and to regard the rights of foreigners. The proclamation further promises the abolition of many taxes heretofore imposed by the five million manchu tribes, which two hundred years ago were supported by the liver and skins of 400,000,000 descendants of Han.

GERMAN SPY SENT TO PRISON IN ENGLAND

Lord Alverstone Imposes a Sentence of Twelve Months on Lieutenant Schultz Who Was Obtaining Information for Germany.

Exeter, Eng., Nov. 7.—Lieut. Phillip M. Schultz, the 13th Hussars, stationed at Frankfurt-on-the-Main, Germany was convicted at the Devonshire Assizes today on the charge of spying. The German officer was sentenced by the Lord Chief Justice, Lord Alverstone to twelve months' imprisonment. Lieut. Schultz was arrested at Exeter by the prosecution that he was especially commissioned by the German authorities to obtain precise information as to how far the British Government was supporting France in the dispute over Morocco.

THE BAXTER PERJURY CASE.

W. E. Stubbs Pleads Guilty to House Breaking.

Calgary, Nov. 8.—The criminal session of the Supreme Court was resumed yesterday morning, after a week's adjournment. As the court room is being used for the civil court, the criminal sittings, under Mr. Justice Stuart, are being held in the judicial chambers.

LEAVE IT TO CANADA.

Foreign Secretary Says He Would Give Dominion Free Hand.

London, Nov. 7.—A determination to leave Canada an entirely free hand in dealing with the United States in matters concerning the Dominion was indicated today by Sir Edward Grey's answer in the House of Commons to a question regarding the naval activities of the United States on Lake Michigan.

MacKay Renominated.

Owen Sound, Nov. 8.—A. G. MacKay, ex-leader of the provincial Liberals, was unanimously nominated by North Grey Liberals today to defend his present seat in the Legislature.

THE COUNCIL OF COMMISSIONERS

Deadlock Over Water Cess—Last Night's Session of the Council of Commissioners Resulted in the Fact that the Council on the Water Regulation Remains Deadlocked.

The fact that the Council of Commissioners on the water regulation remains deadlocked was the result of a vote of 10 to 10 on a motion to refer the matter to a sub-committee. The Council met last night to consider the report of the sub-committee on the water regulation, which had been referred to them on October 24th.

The Council was divided 10 to 10 on a motion to refer the matter to a sub-committee. The Council met last night to consider the report of the sub-committee on the water regulation, which had been referred to them on October 24th.

THE COUNCIL VS. THE COMMISSIONERS AGAIN

Deadlock Over Water Question Discussed at Last Night's Meeting—Rescinded Vote to Alter—Discussion of "Snow Bylaw" Establishing Regulation Removal of Snow.

Protests against the provisions of the city charter and criticisms of the city commissioners were heard once more in the council chamber last evening, and recent decisions of those present the meetings of several months ago, in the time preceding the dismissal of the commissioners Boulton and Bitchard.

The fact was thrown into the fire by Acting Mayor Bellamy, who drew attention to the fact that the waterworks system be placed under the control of the council, but not have acted on by the commissioners.

Commissioner Chubb having refused to agree to this proposal at a recent meeting of the commissioners, he had suggested that the instructions of the council be given to the city solicitor, who was asked for an opinion upon the authority of the council in such matters.

It is interesting to note that the commissioners were supreme in the management of the utilities.

"It seems to me," said Ald. Bellamy, "that it was up to the commissioners to act on this matter, but they would not put themselves into antagonism with the council."

Ald. Gowen said he "didn't see much in being an alderman under this charter."

"It seems," he said, "that we have no power in this matter, however, my understanding was that the instructions of the council would be carried out."

"We are elected to act within the powers granted by the charter, whatever we may think of that charter," said Ald. Hinton.

"The present time we have only two commissioners appointed, one of whom was appointed merely for the purpose of out-voting the commissioner who was afterwards dismissed."

Ald. Grindley stated that he was a member of the committee appointed to recommend appointees for the vacant position on the board of commissioners.

This committee has been appointed several months ago and had interviewed several persons who had been asked to act, without exception, however they were not accepted.

The administration of the power plant was subject to some criticism by Ald. Grindley, who asked whether any steps had been taken by the city solicitor to make arrangements for the installation of a coal conveyor at the plant.

Rescinded Former Motion. On motion of Ald. Gowen, seconded by Ald. Hinton, the council passed two resolutions, one directing the payment to the individual aldermen of the costs incurred in the city.

The motion was passed practically without discussion. It received the support of Ald. Hyndman, Ald. Grindley, Ald. Hinton and Ald. Bellamy.

Acting Mayor Bellamy protested that it was a situation which should be left to the city solicitor to be handled.

Discussion of Snow Bylaw. The approach of winter occasioned a discussion as to the requirements to be made in a snow bylaw.

HON. R. RODGERS HAD NOTHING TO DO WITH SETTLEMENT

Provincial Secretary Declares Visit of Rogers to Scene of Trouble Had No Effect on Negotiations for Settlement—Asylum to be Enlarged—Taber's Big Crop.

Provincial Secretary Hon. A. J. McLean returned to Edmonton yesterday after an absence of ten days in Southern Alberta. He stated to the Bulletin, when questioned concerning the coal strike, that it was expected that work would be resumed in the mines either today or tomorrow.

The visit of the Hon. Robert Rogers to Lethbridge, Mr. McLean says, did not have a part in the settlement of the strike. The arrangements were effected quite independently of him.

Taber Markets Million Bushels. Crops have been marketed out of the south according to Mr. McLean, Taber, he says, has already marketed a half million bushels of grain and will market considerably over a million bushels of grain and a million bushels of wheat.

Visits Aid and Asylum. Mr. McLean visited the provincial jail at Lethbridge and the provincial asylum at Ponoka to make arrangements for the laying in of winter supplies at both these institutions.

One hundred prisoners are now incarcerated in the Lethbridge jail in which there are 192 cells. By marking use of the dormitories provided for female prisoners and not now in use, 125 prisoners could be kept.

Acting Mayor Bellamy protested that it was a situation which should be left to the city solicitor to be handled.

ENTERTAIN VISITORS TO A NOON LUNCH

Sessions of Young People's Societies of the Presbyterian Church in Alberta Are Held in First Presbyterian Church—Lectures, Addresses Given.

From Thursday's Daily Bulletin. The second session of the Young People's Societies of the Presbyterian Church in Alberta are held in the First Presbyterian Church last evening with a luncheon offered to the delegates by the city society.

About seventy-five delegates from all parts of the province sat down and enjoyed the excellent supper prepared by the young people of the First church.

Well-known speakers were invited to the dinner and a number of the city ministers and visiting delegates.

The afternoon session was well-attended and considerable work was transacted.

THE COUNCIL VS. THE COMMISSIONERS AGAIN

Deadlock Over Water Question Discussed at Last Night's Meeting—Rescinded Vote to Alter—Discussion of "Snow Bylaw" Establishing Regulation Removal of Snow.

Protests against the provisions of the city charter and criticisms of the city commissioners were heard once more in the council chamber last evening, and recent decisions of those present the meetings of several months ago, in the time preceding the dismissal of the commissioners Boulton and Bitchard.

The fact was thrown into the fire by Acting Mayor Bellamy, who drew attention to the fact that the waterworks system be placed under the control of the council, but not have acted on by the commissioners.

Commissioner Chubb having refused to agree to this proposal at a recent meeting of the commissioners, he had suggested that the instructions of the council be given to the city solicitor, who was asked for an opinion upon the authority of the council in such matters.

It is interesting to note that the commissioners were supreme in the management of the utilities.

"It seems to me," said Ald. Bellamy, "that it was up to the commissioners to act on this matter, but they would not put themselves into antagonism with the council."

Ald. Gowen said he "didn't see much in being an alderman under this charter."

"It seems," he said, "that we have no power in this matter, however, my understanding was that the instructions of the council would be carried out."

"We are elected to act within the powers granted by the charter, whatever we may think of that charter," said Ald. Hinton.

The administration of the power plant was subject to some criticism by Ald. Grindley, who asked whether any steps had been taken by the city solicitor to make arrangements for the installation of a coal conveyor at the plant.

Rescinded Former Motion. On motion of Ald. Gowen, seconded by Ald. Hinton, the council passed two resolutions, one directing the payment to the individual aldermen of the costs incurred in the city.

The motion was passed practically without discussion. It received the support of Ald. Hyndman, Ald. Grindley, Ald. Hinton and Ald. Bellamy.

Acting Mayor Bellamy protested that it was a situation which should be left to the city solicitor to be handled.

Discussion of Snow Bylaw. The approach of winter occasioned a discussion as to the requirements to be made in a snow bylaw.

HON. R. RODGERS HAD NOTHING TO DO WITH SETTLEMENT

Provincial Secretary Declares Visit of Rogers to Scene of Trouble Had No Effect on Negotiations for Settlement—Asylum to be Enlarged—Taber's Big Crop.

Provincial Secretary Hon. A. J. McLean returned to Edmonton yesterday after an absence of ten days in Southern Alberta. He stated to the Bulletin, when questioned concerning the coal strike, that it was expected that work would be resumed in the mines either today or tomorrow.

The visit of the Hon. Robert Rogers to Lethbridge, Mr. McLean says, did not have a part in the settlement of the strike. The arrangements were effected quite independently of him.

ADDRESSES AT THE SUNDAY SCHOOL CONVENTION

The great convention being held in the United States in the great Sunday school centres. The other address was delivered by Rev. W. D. Reid, M.A., B.D., superintendent of missions in Alberta for the Presbyterian Church.

Thursday has proved itself the biggest day of the Alberta Sunday School Convention, which convened on Wednesday night. The day opened with a morning watch in the prayer room of McDougall Methodist Church.

The morning session began at 8:30 with devotional exercises led by Rev. Thos. Powell, of Edmonton. His lion-or Lieutenant Governor Bayliss then gave the official address of welcome.

Teaching Training Conference. The first lecture period was devoted to a conference on "Teacher training in Alberta," led by Rev. C. T. Holman, M.A., of "Winnipeg," teacher superintendent of the Alberta Sunday School Association.

The second morning period was devoted to another phase of the same subject, "Teacher training: the need and remedy." This subject was handled in a masterly way by Rev. J. Westman, Methodist field secretary for Alberta and British Columbia.

High Cork of Chicago, assistant secretary of the International Sunday School Association, spoke on the subject, "Seeing truth through object lessons." Mr. Cork is first lieutenant to Marian Lawrence on the International committee, and all who heard during the day's proceedings know that he well deserves the position he holds.

School management and luncheon occupied the time between 12:15 and 1:30. After luncheon the afternoon conference, High Cork was the specialist consulted on knotty problems, and the subject was discussed from different points of view.

A paper was prepared by John Torrance, superintendent of the International Sunday school, Leithbridge, tying up the situation from a superintendent's point of view. Rev. C. A. Myers, of Westminster Church, Edinburgh, gave his opinions on Sunday school success as a pastor, and Rev. P. Roubin, of the "Teachers' view" point, and helped a discussion from that standpoint.

On the whole the conference was a helpful one, and with very few exceptions, about 150 people sitting down. The afternoon session. In the afternoon Rev. J. G. Graham, of Fort Saskatchewan, led the devotional exercises and the feature of the session was the address of the association president, B. E. Michener, M.L.A., of Red Deer.

Mr. Michener has been actively engaged in Sunday school work and especially in the midst of his many activities he finds time to devote to the work of the Sunday school and the Alberta association.

General Secretary Kenny took the platform in the afternoon, and after calling the roll of district delegates, asked for departmental reports and the report of the commissioners. Geo. S. Dingle, chairman of the commission, had many kind things to say of general secretary Kenny. He believed him to be the right man in the right place and credited to him the success of the association.

A. E. Cushing, B.A., of Calgary, gave the report of the treasurer in which he announced a deficit, which upon General Secretary Kenny took the platform and in a few moments had secured pledges for nearly \$1,000. The association goes into the new year with very bright prospects and the committees are well pleased with the work of the past year.

Just before adjournment, High Cork conducted a conference, "How to create an active interest throughout an entire district." "Neighborhood organizations," and "District finances."

The mass meeting in the auditorium at 8 o'clock was the largest since the convention opened. Rev. J. E. Huchison, B.A., pastor of the church, was in the chair, and H. Y. Kenny led the praise service. A chorus of kind children's voices sang a chorus. Miss Patterson delighted her audience with a well rendered solo and the Misses Tom Green and Miss McLean and Mrs. McMillan sang a quartette.

High Cork was on the platform again at the association's session which was taken in Sunday school work and illustrated his points by references

BLAMES ARABS FOR TERRIBLE ATROCITIES

Italian General Charges Barbarities by the Enemy in Tripoli—Says That Turke' Worst Justifications 'Belongs That They Should Have Been Declared Outlawed.

Washington, D.C., Nov. 9.—San Giuliano, the Italian minister of war, forwarded to the Italian embassy today a message from General Caneva, relating to the battles of Nov. 6th and 7th in which the Italian general declared there was "indisputable evidence of violation of the articles of war" on the part of the Arabs.

General Caneva's message was as follows: "Our scouts on the field where the encounters of the 6th and 7th in which the Italian general declared there was 'indisputable evidence of violation of the articles of war' on the part of the Arabs."

Blames the Arabs. "It was ascertained that the Arabs were directed to fire on the Italian soldiers and transports of the wounded, but it was still uncertain if the Arabs were to be blamed for it or if the Turks should also have been declared outlaws for violation of war regulations. Now the doubt exists that they exist any more, because it had been ascertained in a most absolute way that on the battlefield of Fusha, regarding the Turkish command in violation of article 30 of the last convention ordered and had hanged without any trial, and some Arabs who were suspected of spying. There is indisputable evidence of violations of the articles of war on the part of the Arabs, directed by Turkish officials against the Italians."

Accept Explanation. Constantinople, Nov. 9.—The chamber of deputies today accepted by a large majority the explanation by the Turkish government for the violation of its action in forbidding the publication of war news and in ordering the arrest of the Turkish press.

Liberal Leader Will Tour the Province. N. W. Rowell Will Open His Campaign in Ontario With Great Liberal Rally in Massey Hall, Toronto, Tuesday Next.

Toronto, Nov. 9.—After the big Liberal rally in Massey Hall today, N. W. Rowell, K.C., will start on a tour of the province. The dates are not finally arranged yet, but he is expected to leave for his tour on Tuesday next.

North Toronto Wants Vote. Toronto, Nov. 9.—A deputation of North Toronto citizens today invited Hon. J. J. Fay to be a candidate in that constituency instead of South Toronto, which he has promised to visit.

Senatorship for Gordon. North Bay, Ont., Nov. 9.—Nipistaw Conservatives expect that George Gordon, ex-M.P., who gave up his seat to Hon. Frank Cochrane, will get the senatorship vacant by Sir John Carling's death.

FROM CHINESE MISSIONARY. Letter Received in Calgary Telling of Arrest in Abeyance Because of Cold Weather.

Winnipeg, Nov. 9.—The stormy weather of the last few days has prevented the Canadian west, the snowfall being heavy and the temperature below zero. The missionaries have given up hope of doing any more field work, while the operations are in abeyance. Tomorrow's forecast is very indefinite. We have received the snowfall cease, it is likely that some of the snowing at least may be resumed. Snow fell continuously throughout the day at Winnipeg, the fall becoming heavier towards night.

Brookville Conservatives. Brookville, Nov. 9.—Without a contest, A. E. Donovan, M.P.P., was today chosen by the Brookville Conservatives as their candidate for the Legislature. This will be Mr. Donovan's fourth campaign in six years, he having been defeated in 1905, elected as a by-election in 1906 and re-elected in 1908. The convention passed a resolution endorsing the taxation of land instead of improvements.

Premier Acquitted's Tribute to Balfour. London, Nov. 9.—The most distinguished member of the greatest deliberative assembly in the world's Premier, Mr. Balfour, his foremost opponent, at the Guild Hall banquet tonight.

John Redmond, leader of the Irish Nationalists, said today: "The restoration of Mr. Balfour gives the Nationalists a great advantage in the Home Rule fight. I am personally sorry to see Mr. Balfour four times, as he always fought fairly."

Will Prove a Success. Winnipeg, Nov. 9.—In an interview published today, D. W. McQueen, chairman of the Manitoba Elevator Commission, expressed the opinion that the government elevator system this year will prove a financial success. Up to date \$150,000 has been expended on the system.

Sir Max is a Bit Ill. London, Nov. 10.—Sir Max Aitken has gone into the country owing to ill health and has cancelled his morning immediate parliamentary engagements.

EDMONTON BULLETIN

DESIRE TAXATION SHIFTED. Everyone in B. C. Wants Other Fellow to Bear Burden.

Vancouver, B.C., Nov. 9.—The provincial taxation commission completed its session here yesterday. With the adjournment at Chilliwack and a second sitting at Victoria the board has accomplished its work. The literary of the commission extended over a large portion of the province, sittings being held in all the principal cities and towns. Evidence has been collected in connection with every maner of tax imposed by the government. "Few people seem to be in favour of taxation for themselves. Nearly everyone seems to desire the burden placed upon the other fellow's shoulders," remarked Chairman Hon. Price Ellison.

The evidence heard in Vancouver would tend to corroborate that opinion. The board, however, is not yet ready to wish to have a big proportion of the taxation shifted to other industries who representatives generally speak with equal determination to have them shifted back again with a little balance in their favor added thereto.

BIG HOTEL FOR CALGARY. Montreal, Nov. 9.—Messrs. P. Leal & Sons have secured a contract for the construction of the nine story C.P.R. hotel at Calgary, the building to be erected under the architectural supervision of E. and W. S. Maxwell of Montreal. This latest project in the chain of hotels, owned by the C.P.R., will be fully up to the company's standard and will cost in the neighborhood of \$1,500,000. The hotel will have four hundred rooms, while the grounds will be one of the largest on the American continent.

The ground floor also has been reserved for restaurants, cafes and everything that contributes to a modern hotel. The work was made by the rebels, the Tartar general has endeavored to terrorize the inhabitants by shooting every man, woman and child. Thousands of Chinese poured from the gates until at noon today it was estimated that fully 70,000 persons had escaped.

Many McKee Escaped. Before midnight, 20,000 people retreated to the Chinese city, the gentry and coolies had gotten away. Meanwhile, the Manchus were in the narrow streets of the city and the houses of wealthy merchants were sacked. Any queerness about the narrow streets of the city. The correspondent of the Associated Press saw several women executed and their children stabbed and thrown into the river. The order appeared to be that anyone wearing anything white which suggested the white flag should be killed forthwith. A white pocket handkerchief marked the possessor of a white shirt.

While shoes which are worn by the Chinese as a sign of mourning were a "sign" of mourning, the Chinese were killed. The horror of the massacre beggars description. An attempt is being made to estimate the number of innocent Chinese non-combatants slain. It would be futile. A Chinese found wearing foreign clothing immediately shot. Foreigners were not molested.

Their protests against the massacre were laughed at. The correspondents of the Associated Press worked throughout the day with the outer baggage vans, and some access through the courtesy of the railroad officials. Fires sprang up everywhere and in the midst of the chaos, the Manchus driven to bay and gutted with blood having been poured from the flaming city to the heights of Purple Mountain and await the morning.

FALL WORK STOPPED. Both Fire Ploughing and Threshing Are in Abeyance Because of Cold Weather.

Winnipeg, Nov. 9.—The stormy weather of the last few days has prevented the Canadian west, the snowfall being heavy and the temperature below zero. The missionaries have given up hope of doing any more field work, while the operations are in abeyance. Tomorrow's forecast is very indefinite. We have received the snowfall cease, it is likely that some of the snowing at least may be resumed. Snow fell continuously throughout the day at Winnipeg, the fall becoming heavier towards night.

Sir Max is a Bit Ill. London, Nov. 10.—Sir Max Aitken has gone into the country owing to ill health and has cancelled his morning immediate parliamentary engagements.

GREAT DESOLATION IN THE CITY OF NANKING

Terrific Massacre by the Manchus and Imperial Soldiers—All Burned, White Killed, Large Portion of Native Section of City Wrecked.

Nanking, Nov. 10.—Historic Nanking this evening is the shambles of the Manchus. The city is a scene of fire, desolation and out-cries of agony. The Manchus, old style soldiers hold Purple Hill, where they are entrenched, while from behind their stronghold they are driving out of the city hordes of Chinese with shrapnel and solid shot. Innocent Chinese, leaving everything behind, are fleeing to the shelter in the fields at the rear of the reform forces. The place between the 20,000 and 30,000 are impotent to check the slaughter or avenge the slain because of their lack of ammunition.

Reinforcements are also coming from every direction. They are raw and ragged recruits, but are determined to fight to the death. The Manchus are being treated with the utmost consideration. When the gates were opened this morning the people thronged toward the city, each carrying his belongings. Soon afterwards, the carriage began. Since the night of November 8th, the Manchus have been driving the rebels, the Tartar general has endeavored to terrorize the inhabitants by shooting every man, woman and child. Thousands of Chinese poured from the gates until at noon today it was estimated that fully 70,000 persons had escaped.

COLD WAVE CLOSES DOWN IN MANITOBA

Threshing and Fall Plowing is Stopped—Many Householders Caught Unprepared for the Weather.

Winnipeg, Nov. 10.—The cold wave which entered Northern Alberta on Wednesday night worked its way east into Manitoba this morning, and the thermometer, which had been standing around freezing point that day, dropped to below zero in a few hours. The weather is now a rapid change of temperature which caught many householders unprepared.

FIRST WOMAN JURY HAVE STORMY DAY

Fail to Agree on Anything and Finally They Are Discharged by Judge—Were Sitting Upon Case of Violation of Speed Ordinance.

Los Angeles, Nov. 10.—Unable to agree on anything the first woman jury sitting in Los Angeles was discharged today. The case was that of T. H. Nabors, accused of having violated the speed ordinance. He was arraigned in Justice Forbes' court.

It was a stormy day for the woman jury. After listening patiently for three hours to testimony and argument, the jury at 12:30 o'clock was told to get ready for luncheon. Twelve different eating places were selected by the twelve jurors. Then two said they did not want to eat at all. In vain Justice Forbes urged them to reach an agreement as to a place for luncheon. Finally at 1:30 o'clock, he ordered them locked up again.

At five o'clock after four and a half hours deliberation, the jury reported that they were unable to agree on a verdict and the court ordered them discharged.

Will Prove a Success. Winnipeg, Nov. 9.—In an interview published today, D. W. McQueen, chairman of the Manitoba Elevator Commission, expressed the opinion that the government elevator system this year will prove a financial success. Up to date \$150,000 has been expended on the system.

Sir Max is a Bit Ill. London, Nov. 10.—Sir Max Aitken has gone into the country owing to ill health and has cancelled his morning immediate parliamentary engagements.

EDMONTON BULLETIN

DESIRE TAXATION SHIFTED. Everyone in B. C. Wants Other Fellow to Bear Burden.

Vancouver, B.C., Nov. 9.—The provincial taxation commission completed its session here yesterday. With the adjournment at Chilliwack and a second sitting at Victoria the board has accomplished its work. The literary of the commission extended over a large portion of the province, sittings being held in all the principal cities and towns. Evidence has been collected in connection with every maner of tax imposed by the government. "Few people seem to be in favour of taxation for themselves. Nearly everyone seems to desire the burden placed upon the other fellow's shoulders," remarked Chairman Hon. Price Ellison.

The evidence heard in Vancouver would tend to corroborate that opinion. The board, however, is not yet ready to wish to have a big proportion of the taxation shifted to other industries who representatives generally speak with equal determination to have them shifted back again with a little balance in their favor added thereto.

BIG HOTEL FOR CALGARY. Montreal, Nov. 9.—Messrs. P. Leal & Sons have secured a contract for the construction of the nine story C.P.R. hotel at Calgary, the building to be erected under the architectural supervision of E. and W. S. Maxwell of Montreal. This latest project in the chain of hotels, owned by the C.P.R., will be fully up to the company's standard and will cost in the neighborhood of \$1,500,000. The hotel will have four hundred rooms, while the grounds will be one of the largest on the American continent.

The ground floor also has been reserved for restaurants, cafes and everything that contributes to a modern hotel. The work was made by the rebels, the Tartar general has endeavored to terrorize the inhabitants by shooting every man, woman and child. Thousands of Chinese poured from the gates until at noon today it was estimated that fully 70,000 persons had escaped.

Many McKee Escaped. Before midnight, 20,000 people retreated to the Chinese city, the gentry and coolies had gotten away. Meanwhile, the Manchus were in the narrow streets of the city and the houses of wealthy merchants were sacked. Any queerness about the narrow streets of the city. The correspondent of the Associated Press saw several women executed and their children stabbed and thrown into the river. The order appeared to be that anyone wearing anything white which suggested the white flag should be killed forthwith. A white pocket handkerchief marked the possessor of a white shirt.

While shoes which are worn by the Chinese as a sign of mourning were a "sign" of mourning, the Chinese were killed. The horror of the massacre beggars description. An attempt is being made to estimate the number of innocent Chinese non-combatants slain. It would be futile. A Chinese found wearing foreign clothing immediately shot. Foreigners were not molested.

Their protests against the massacre were laughed at. The correspondents of the Associated Press worked throughout the day with the outer baggage vans, and some access through the courtesy of the railroad officials. Fires sprang up everywhere and in the midst of the chaos, the Manchus driven to bay and gutted with blood having been poured from the flaming city to the heights of Purple Mountain and await the morning.

FALL WORK STOPPED. Both Fire Ploughing and Threshing Are in Abeyance Because of Cold Weather.

Winnipeg, Nov. 9.—The stormy weather of the last few days has prevented the Canadian west, the snowfall being heavy and the temperature below zero. The missionaries have given up hope of doing any more field work, while the operations are in abeyance. Tomorrow's forecast is very indefinite. We have received the snowfall cease, it is likely that some of the snowing at least may be resumed. Snow fell continuously throughout the day at Winnipeg, the fall becoming heavier towards night.

Brookville Conservatives. Brookville, Nov. 9.—Without a contest, A. E. Donovan, M.P.P., was today chosen by the Brookville Conservatives as their candidate for the Legislature. This will be Mr. Donovan's fourth campaign in six years, he having been defeated in 1905, elected as a by-election in 1906 and re-elected in 1908. The convention passed a resolution endorsing the taxation of land instead of improvements.

Premier Acquitted's Tribute to Balfour. London, Nov. 9.—The most distinguished member of the greatest deliberative assembly in the world's Premier, Mr. Balfour, his foremost opponent, at the Guild Hall banquet tonight.

John Redmond, leader of the Irish Nationalists, said today: "The restoration of Mr. Balfour gives the Nationalists a great advantage in the Home Rule fight. I am personally sorry to see Mr. Balfour four times, as he always fought fairly."

RELIGIOUS TRUTHS MAY BE TAUGHT BY OBJECTS

Hugh Cork, Secretary of International Sunday School Association, Gives Feature Address at Morning Session of Alberta Convention.

His Honor Lieutenant Governor Buley extended an official welcome to visiting delegates at the second session of the Tenth Annual Convention of the Alberta Sunday School Association in the McDougall church this morning.

"Teaching Truth through Object Lessons" was the subject of the feature address of the morning by Hugh Cork of Chicago, the assistant general secretary of the International Sunday School Association.

Mr. Cork illustrated his subject by showing how object lessons might be given. He did not use a blackboard. The method of instruction had become so common as to be little interest.

His first lesson he taught with the flower. A beautiful rose he picked in before the audience he pictured it in a symbol of the pure, young life.

Addresses were also given at the morning session by the Rev. C. T. Holman, M.A., Westsaskatoon, teacher training superintendent of the Alberta Sunday School Association, on the subject "Teacher Training in the Future."

After the appointment of nominating and resolution committees, and the singing of the National Anthem, the session adjourned in connection with the Ladies' Aid of the church in the basement room. A. Butchart presided following the singing of "Hallelujah." "Sunday school Success" was discussed.

NEGRO CLAIMS ATTEMPT WAS MADE ON HIS LIFE

M. C. Harston, Boarding House Keeper, Queen's Avenue, Says Negro Named Johnson Firing a Shot at Him and Then Hit Him with the Butt of His Revolver.

Complaint that an attempt had been made upon his life by a negro who was indebted to him for board, was made at the police court yesterday by M. C. Harston, a colored man, who runs a boarding house and restaurant at 113 Queen's Avenue.

SURVEYED PORTION OF PRINCIPAL MERIDIAN

A. W. Ponton Returns From Eight Months' Work North of Manitoba in Country Tributary to Hudson Bay Railway Route—Much of Land is Muskeg.

(From Thursday's Daily Bulletin.) A. W. Ponton, D.L.S., has returned to Edmonton after spending the last eight months in survey work in the northern portion of the province of Manitoba.

Mr. Ponton was engaged with a party of men in running the principal meridian across Lake Winnipeg, a distance of eighty miles, and eighty miles further north on the east side of the lake as far as the Nelson river. The line was extended across the lake on the ice last March as far as Big Black river.

Mr. Ponton's party was engaged with a party of men in running the principal meridian across Lake Winnipeg, a distance of eighty miles, and eighty miles further north on the east side of the lake as far as the Nelson river.

The land to the north-east of Lake Winnipeg, traversed by Mr. Ponton's party last summer, was covered for the most part with muskeg. The forest growth was very light. Great quantities of muskeg were found, which consists of thousands of tons of hay could be cut.

Along the line of the principal meridian posts were erected on mounds at half mile intervals. As a result of the survey, it was found that the land to the north of the meridian is a muskeg plain, and that the land to the south is a prairie.

The meridian extended by Mr. Ponton will form the boundary between the provinces of Manitoba and Saskatchewan. The survey was completed on November 10th.

MAY CAUSE FRICTION WITH COMMISSIONERS

Acting Mayor Bellamy Will Insist on Having Report Which Commissioners Are Not Anxious to Make at Present Time.

(From Friday's Daily Bulletin.) Further cause of friction between the council and commissioners of the Hudson Bay Land Survey is expected to arise in the next few days.

80 MINERS QUIT WORK IN MINES AT CARDIFF

Alberta Coal Company's Mine Closed Down—Men Refuse to Submit Differences to Board of Conciliation—Company's Manager Willing to Settle the Differences.

(From Thursday's Daily Bulletin.) The miners employed by the Alberta Coal Mine, at Cardiff, quit work at five o'clock Wednesday afternoon. The morning the mine was closed. Eighty men are affected, and an output of coal varying from 350 to 400 tons per day is cut off from the supply of the Edmonton district.

Geo. S. Montgomery, managing director of the company, was interviewed by the Bulletin and asked regarding the situation. "The situation is simply this," he said. "A month ago the miners presented a series of demands to the company for increased wages. The company believed these demands to be unjustified, and an attempt was made for a board of conciliation under the Lemieux Act."

The board of conciliation under the Lemieux Act was appointed yesterday. The board and the miners have not yet met. The miners are willing to arbitrate their differences with the company, but the company is not willing to do so.

The miners say they are willing to arbitrate their differences with the company, but the company is not willing to do so. The miners are willing to arbitrate their differences with the company, but the company is not willing to do so.

WOULD ABOLISH ALL TAXES SAVE LAND TAX

City Council Will Apply to Legislature for Amendments to Charter Abolishing Business and Poll Tax and Land Tax Sole Source of Revenue.

(From Thursday's Daily Bulletin.) The establishment of the land tax as the sole source of revenue to the city will be one of the objects which the city council will seek in applying to the provincial legislature at the forthcoming session for amendments to the city charter.

ALD. BELLAMY URGES SUPREMACY OF COUNCIL

Acting Mayor in Statement to Press Advances Arguments Dealing With Relative Powers of Council and Commissioners—Will Not Be a Candidate Next Year.

(From Thursday's Daily Bulletin.) Acting Mayor Bellamy, in a statement to the press, today advanced arguments dealing with the relative powers of the council and the commissioners of the Hudson Bay Land Survey. He stated that the council should have the supremacy in the city government.

Mr. Bellamy stated that the council should have the supremacy in the city government. He stated that the council should have the supremacy in the city government. He stated that the council should have the supremacy in the city government.

LOST IN THE NORTH IN ZERO WEATHER

Harrowing Experience of Three Men on Their Way to Athabasca Landing From Fort McKay—Spent Three Days in the Woods.

(From Friday's Daily Bulletin.) Lost in the woods between the Calling river and Athabasca Landing on their way south from Fort McKay, Joseph Violette, Frank Violette and Joseph Gibb spent two days and three nights last week in zero weather, without food or sleep. The three men were rescued by the Canadian North-West Mounted Police.

DIRECTORS WILL NOT MEET UNTIL NOV. 14

Hudson's Bay Directors Meet on Tuesday Next When Action Will Be Taken on the Report of the Finance Reserve on the Market.

(From Thursday's Daily Bulletin.) No word has been received by Enery, Newell, Ford & Bolton, solicitors to the Hudson's Bay Co., regarding the action taken at the meeting of the directors of the company on Monday, November 6th, when it was decided to call a meeting of the directors on November 14th.

The directors of the Hudson's Bay Company will meet on Tuesday next, November 14th, at 10 o'clock in the morning. The meeting will be held at the company's office in the Bank Building.

AFFIRM THEIR FAITH IN LOCAL OPTION LAW

Methodist Young People's Societies of Alberta Put Themselves on Record in Favor of the Movement Tending Towards Prohibition.

(From Friday's Daily Bulletin.) Evidence of an unusual character for a civil action developed during the trial in Supreme Court yesterday of the case in which Mrs. Kate Gramman was the principal witness in the defence. Her statements under oath were of such a nature that counsel for both sides of the legal entanglement not only examined and cross-examined her at considerable length, but Chief Justice Harvey, before whom the suit was tried, took hand in questioning her.

Mrs. Gramman and her two sons, Burt and Reinhold Gramman, reside on a farm near Strathcona, signed the note, but refused to meet it on the ground that the note was not a promise of David Wilson, formerly manager of the bank, but now a resident of Vancouver, that John Gramman, husband and father of the defendant, would not be prosecuted on a criminal charge.

The foregoing is the text of a resolution which was passed at the closing session of the Methodist Young People's Societies of Alberta in the Methodist church Wednesday afternoon. Some discussion ensued upon its submission to the delegates. When the question was put the resolution carried unanimously by a standing vote.

Resolutions of thanks were passed to the members of McDougall church for the use of the building, to the people of Edmonton for the entertainment supplied, to Alberta College for the reception given to the delegates, and to the daily press of Edmonton for the reports of the sessions given.

At the morning session a strong state of officers were elected for the coming year. The following were chosen to look after the convention's work: Hon. president, Rev. A. Barren, Red Deer; President, E. J. Tate, Fort Saskatchewan; First Vice-President, Rev. J. Coulter, Second Vice-President, W. H. Pike, Edmonton; Third Vice-President, G. E. Armstrong; Fourth Vice-President, Miss Bailey; Secretary, J. Woodward.

The meeting opened with an address by Rev. A. Barren, president of the Alberta Conference on "Full Surrender in Relation to Equipment for the Work of the Church." At noon the delegates took luncheon at the Y.M.C.A., where a discussion was entered into with a view of adjusting the nominal and inter-denominational work in connection with the summer schools which will be established at several places in the province.

ONE OF THE MOST INTERESTING ADDRESSES OF THE CONFERENCE WAS DELIVERED BY DR. CHOWN, GENERAL SUPERINTENDENT OF THE METHODIST CHURCH OF CANADA, WHO ENTERTAINED THE DELEGATES AT HIS HOME IN TORONTO.

One of the most interesting addresses of the conference was delivered by Dr. Chown, general superintendent of the Methodist church of Canada, who entertained the delegates at his home in Toronto.

UNUSUAL EVIDENCE IN PROMISSORY NOTE CASE

Mrs. Kate Gramman and Two Sons Refuse to Meet \$800 Note in Favor of Dominion Bank, Strathcona, Claiming Their Signatures Were Secured by Force.

(From Friday's Daily Bulletin.) Evidence of an unusual character for a civil action developed during the trial in Supreme Court yesterday of the case in which Mrs. Kate Gramman was the principal witness in the defence. Her statements under oath were of such a nature that counsel for both sides of the legal entanglement not only examined and cross-examined her at considerable length, but Chief Justice Harvey, before whom the suit was tried, took hand in questioning her.
