Banking Under a Tree.

Since the Indian village bank, a new departure for rural villages which have hitherto been dominated waich have hitherto been dominated by the individual money-lender, does business with the central bank through the medium of the post-office, no village bank building, no office with counters and wicketed windows and vaults and safes is needed. If you happen about seven in the morning to wander into one of the countless groves of trees that shelter the thousands of villages shelter the thousands of villages scattered over the plains of India, you may chance to come upon a meeting of the board of directors of the bank. In the very center of the village is a big, shady tree, with a little square platform two or three feet high built round the trunk. There exit the olders of the village, each sit the elders of the village, wrapped in a sheet, each with a twig tooth brush in his mouth, talking before dispersing for the work of the day. Possibly a villager who wishes to borrow money paid a visit to the house of the president the night before and obtained a promise that the matter should be further discussed in the morning. If he has gone off now to hunt up a missing director or two, the others remain comfortably on the platform, cross-legged or with feet resting on the ground, chewing betelnut, perhaps, or smoking, polishing their teeth with their tooth-brushes and discussing among other things the character and prospects of applicants for loans. If a man's grandfather has been in jail, or he himself has ever fallen foul of the police, or if his wife has quarrelled with the wife of one of the directors, those facts are taken into account.

Though non-members may deposit money in the bank, only persons who live in the village and belong to the co-operative society may borrow. A man who wishes to obtain a loan must bring two securities, and sometimes in addition must put up his land as collateral security. He must borrow for productive purposes and no more than he needs. If he says he wants 100 rupees for a cow, one

Grand Concert at Topsail

For some time we have been planning to raise funds for a railing to surround the beautiful War Memorial which stands—a mute but eloquent reminder of men's straffice, and a people's glory and tears—at the junction of the Main and Station Roads at Topsail. The splendid dignity of this monument demanded only the best, and an iron railing was our objective. So, on Wednesday, April 25th, the young people of the place united in giving a grand concert, tea and dance in the Orange Hall. Despite disagreeabe weather conditions they were greeted by a full house. Rev. A. Pittman occupied the chair, and the concert was under the direction of Mr. S. Vatcher, the music being in charge of Miss Florence ial which stands—a mute but elo-

NATIONAL ANTHEM. While every item sparkled with interest, special mention should be made of the Lauder songs, sung in costume, by Mr. Arthur Allen, who was recalled many times; and to the typical Negro song, "I seen her at de winda", sung by Mr. Reg. Hibbs who made such a hit that he had to "reappear again and again to sing and dance in his gorgeously be-flowered scarlet trousers with white crimped muslin frills! Another charming feature was the part song "No Sir," sung in Spanish costume by Mrs. Will Hibbs and Mr. Reg. Hibbs, which took the house by storm. Other solos and songs were very nicely rendered, and many of the recitations were gems of elocation that would have done credit to any platform. The acting in the farces was very skillfully executed, some of the new talent doing very well indeed. After the concert some crocheted and knitted articles, the work of three little school-girls, Misses Mary and Violet Somerton and May Fowler, were auctioned by Mr. P. L. Butler, after which supper was served in the gallery, and the main hall cleared for dancing, which was much enjoyed. The concert was repeated on Thursday night, with Mr. Joseph Miller as Chairman, total proceeds amounting to over \$90.

Our thanks are due to Rev. Pittman and Mr. Miller for acting as chairmen, to the L. O. A for their usual conricesy in loaning their hall free of charge, and to all kind friends who gave so fully and freely cakes, candy, and grabs, practical help, which went so far in making the affair an unqualified success. Education in Action.

It is frequently said that if the people of this country were better educated, they would vote more wisely. There are some persons who confound intelligence with education, and hold that nobody should be allowed to vote who is not able to read and write fluently. There are others, and we agree with them, who contend that neither ability to understand, nor conscience to govern, is necessarily absent from unlettered men.

The nomination of Brian Dunfield for St. John's East, strikingly illuminates this subject. An educated man, he was proposed and seconded by the headmasters of two colleges, and the nomination was witnessed by a clergyman. Here, then we see the flower of our local intelligentia in political action. Here, surely, we shall find proof of the suprème wisdom with which educated men and gentlemen use the franchise.

Their candidate began by declaring (1) both existing parties are controlled by crooks, (2) One leader has "brought bad times," but will be put in again by a fellow crook, (3) he, himself, has "no policy," except to criticize, support or hinder the crooks," and (4) finally, he stands a candidate of one church against six candidates who are members of another denomina-

On the one hand there is a party crying: "Down with the Merchants," and appealing for support on a proposal and in a manner which amounts to an attempt to abruptly influence the whole electorate—a party palpably communistic in character, and obviously destined, if successful, to be subject to Soviet control. On the other hand, there is a party which seeks to maintain well-tried existing institutions, which counsels prudence in undertakings, and reform and retrenchment in the public service, and which, if in its composition not to every fair man's

liking, is, nevertheless, the wiser choice for prudent electors. Here, then, we have a grave national issue calling for the prompt decision and decided action of intelligent voters, and at this crisis the educated gentlemen we have referred to have dodged the issue, and invite the elctors to do the same, in favor of a man who has no politics, and openly avows his readiness to support either party for a consideration, to be given, of course, to his constituents. If this is the way education is to act upon voters, God forbid that there should be any more of it. No undo so badly. We hope that the common people at least will show. by their votes, more liberality, better judgment, and a higher regard for their country in her peril. Vote the Straight Ticket-HIGGINS, FOX and VINICOMBE!

Time for Inquiry.

The degradation of the public service is proceeding apace The use made of the telegraphs at public expense, by the Government, is scandalous. The original purpose of the daily public message was to convey to outport stations some intimation of world-wide events. It has been prostituted to the party uses of the Squires-Coaker gang, and is the vehicle for disseminating the grossest falsehoods. From Burgeo comes a private telegram saying that the public message tells the people that the Bennett party are using sectarianism to win the elections. The real purpose of this abominable lie is to create the very sectarian prejudice it denounces the Opposition for using. It is a manner by which Squires and Coaker are saying to the people of Burgeo "Bennett is appealing to the Roman Catholics." This sort of campaign would be scandalous enough if carried on at the private expense of the men who are guilty of it, but when broadcasted at public expense, by a public official, it is wholly unforgivable. Is it not time that His Excellency the Governor intervened, and demanded an explanation as to why the public officials and the public service are being used for such inflammatory purposes?

You Can't Trust Squires.

Fluency, industry and craftiness are qualities which it may be conceded are possessed in a large degree by Sir Richard leaders opposed to Whiteway and Bond, were not firebrand agi-Squires, but would any shrewd, unprejudiced observer care to go tators, as Squires and Coaker were in 1919 and are to-day. The much further in praising him? And do these conceded things one owns the Mail and the other the Advocate, and it is probable amount to virtues in a Premier? His fluency has exhibited itself that the actual control of both is exercised to-day by Squires, in exaggeration and vituperation, in misrepresentation and vulgar abuse, in a loss of all the dignity which should adorn his anism wickedly pursued by both organs. He has two Roman "with a party which countenances prove very popular. The must office, and has resulted in the degradation of public life. Is he truthful, is he honest, is he reliable, is he a statesman, or merely a politician, with a low type of cunning? Is he a man of quality, not denomination, and a party or candidates should be like Bond? How would he measure up with Hoyles or Whiteway? To ask these questions is to answer them. Would you lend money on a note of hand signed by one who had never paid his notes? Squires signed many notes of hand in favor of the people when he issued his notorious Manifesto, in 1919, and, as the News has shown in "The Great Betrayal," not one of those notes has been shown in the Cashin party was insisted for May 14th, before a special jury.

The Truth and Nothing but the Truth

After last election the people turned with expectant eyes to the present administration. Great things had been promised and a new era had dawned.

THE NEW ERA DAWNED AND IS NOW A REALITY—AN ERA OF POVERTY AND DISTRESS BENNETT AND THE STRONGEST POLITICAL PARTY IN THE HISTORY OF NEWFOUNDLAND HAS COME TO OUR AID TO LIGHTEN OUR DARK DAYS.

THE WHOLE COUNTRY IS AWAKE AND WAITING, AND THE SLOGAN IS BENNETT AND BETTER TIMES!

matter of pledges, is Squires a man to whom the future of this Roman Catholicism of Cashin. A pamphlet called "The Menac country should be entrusted? This is a serious question which of Morine," printed in the Star office, under the oversight of the you must seriously answer by your votes on Thursday next.

Hands Off Bay Roberts.

We enter a strong protest against the willul misrel lettered man in this Colony could do worse than this. Few will tion of Bay Roberts which the Mail and the Advocate have been guilty of, in their desire to gloss over Premier Squires' flight from that place. To represent its citizens as "inflamed with rum," to speak of them as "hooligans," and generally to denounce Bay Roberts as the home of savages, is an unworthy revenge by a "scion" of Harbor Grace district-for, of course, Squires himself is the author or inspirer of these diatribes. There is no better outport town in the Colony, no better citizens than its people, and they were justified in resenting the language which Sir Richard Squires used on the platform. They came to hear argument, not abuse, and refused to allow their gallant soldier and sailor boys to be abused by a "slacker," such as Squires, and they will resent the insults heaped upon themselves by the "slackers" who edit the Government papers.

Sectarian Appeal Made.

"Advocate" Sends Firebrand Message.

When Whiteway was supported by the powerful Ambrose Shea, was anybody heard to say that Whiteway was not really the leader? When the cleverest of local politicians, Morine, was with Bond, did anybody say that Bond was not leader? Did any person in these days bother to weigh the relative abilities of leader or follower, or try to make such a comparison an issue in a general election? Why, then, are the relative abilities of Bennett and Cashin, or the asserted inferiority of the former, made the subject of daily discussions by the Advocate and the Mail, and the false assertion made that Cashin, not Bennett, is the real leader?

The answer is this, that in the old days referred to, the personal organs are seeking to create votes for his candidates by fair play. We shall read with interest night, ing practices of a viler character than ever before disgraced this attacks based on the ground that dominance in the Opposition its remarks upon the misconduct of country. of it if it were true? The question of leadership should be one when Monroe holds his meeting supported or opposed upon the ground of policy not of creed.

In 1919 the sectarian policy of the Squires-Coaker gang was

redeemed. Untruthful, dishonest, unreliable, a defaulter in the on, and in the Protestant districts the charges were rung on the present Mail staff, and bound in a green cover, was circulate everywhere amongst Roman Catholic electors, and all sorts of sectarian charges against Cashin were just as widely circulate in Protestant districts. This dirty work had effect in 1919, how powerfully nobody knows, but evidently its shameless perpetra tors thought the work efficient, for they are at their vile effort

From the West Coast comes this telegraphic message:

BURGEO & LaPOILE, April 28, 1923. Candidate Small has received and has shown a messag from St. John's to the following effect, as far as one who heard it can repeat;

"The 'Telegram' has published a violent sectarian appeal to "the Roman Catholics against attacks upon Cashin, who is the "real leader of the Opposition, for Bennett is a pawn. The city nell sure, is ablaze. Use this discreetly."—(Sgd.) Advocate.

We cannot, of course, vouch for the accuracy of the repea to us, and we do not know who "Advocate" is, but if this ou rageous message, or anything like it, was sent from the Advocate newspaper office, we demand that the message actually sent shall be published.

The scoundrel who sent that message was afraid to pla his name to it. The shameful, cowardly and dangerous purpo of it is shown upon its face. Squires and Coaker are persona responsible. It is for their benefit the tool is doing the dirt work. They support the sectarian campaign if the specific ac is not theirs. Is it not insulting to the intelligence of this Co ony, and a brand of shame upon its present Government, th such tactics are pursued?

There are 4 grades of roofing felt selling in Newfoundland. "BARRETT'S" is guaranteed the highest grade.

"Barrett's" 1, 2 and 3-ply felts have been in use in Newfoundland for more than 50 years.

The best roof known in America is a "Barrett" roof, "Barrett's" felt ONLY is used in putting on a "Barrett" Roof. Ask any Architect.

"Barrett" 1, 2 and 3-ply felts are really made of felt saturated with genuine coal tar-the 2 and 3-ply felts have a layer of coal tar pitch between each ply.

"Barrett's" felts are made to give good wear, therefore they cost more than roofings made of paper saturated with diluted asphalt.

If you use "Barrett's" felt instead of common felt, a new roof covering for your house may cost you \$2.00 more for the whole roof.

Roofs covered with "Barrett's" felt are secure, the extra cost of one or two dollars (for the entire roof) is money well spent.

Which felt do you intend to use?

Architects, Builders and Contractors prefer "Barrett's" Felt.

The Tablets Cured Her! Does Your Case Resemble Hers!

For twenty years I suffered from heart trouble and nervous prostration. I had constant pain in my left side, shoulder, left arm, and could not get my hand up to my head. Often times I was confined to my bed, and not able to do the least work had palpitation, that spells, cold hands and feet, shortness of breath, (often at night had to be propped up in bed to get my breath) and could not sleep on my left side. I could handly anything without its causing great pain and gas in my stomach. There was a great feeling of oppression about my heart which made it impossible to do even the lightest work, and I did mo know what it was to get a good night's sleep. I can hardly describe my serious condition when beginning to take your Tablets. I had consulted several of our best physicians and take many kinds of patent medicines without success. I sent your Tablets and took four boxes. I can truthfully say I now have no symptoms of my former troubles, can eat anything want, sleep well, do any kind of work and have gained fiften pounds in weight in three months. It is needless to say that your remedy is the best in the world.

Ode to Sir Richard Squires.

(Tune: All For The Love of Mike).
Sir Richard Squires held a meeting last night,
All of his committee were there,
He talked about this and he talked about that,
While raying and tearing his hair,
Old Joe Fitzgibbon, who used to sell ribbon.

ribbon,
Stood up and then started to hawl,
When a man who was knighted, got
wild and excited,
and started to sing in the hall.

CHORUS.

I'll give up all my treasures, my picnics and pleasures,
All for the Humber Deal
You may think me quite funny, but we need the money.

I'll get from the Humber Deal,
Now if BENNETT'S elected, and I am rejected,
You know just how Coaker will feel,
So Electors please mind me, and vote for me blindly,
And you won't have enough for a MEAL.

Say's Higgins, he'll fool you with this Humber Deal,
The same as he fooled you before,
Just show him you're wise to himself and his lies,
You can't trust that gang any more,
They'll again tax your sugar, and hold back your fish,
You'll never earn enough for a meal,
At the next public meetin' just show him he's beaten,
And you'll hear him whine out in the hall.

CHORUS.

I'll give you lots of employment, and also enjoyment. also enjoyment,

Unemployed Call

on Governor RELIEF GIVEN MEN YESTERDAY.

Several weeks ago the Telegram drew attention to the fact that proision should be made for the men employed on relief works. During the period of nomination and polling day. It was pointed out that the men could not make provision for a period of 10 days on the small amount of pay they were receiving. Had proper provision been made the spectacle as witnessed this morning of hundreds of men congregated around the employmen bureau waiting for relief cards, could have been avoided. It was clearly not the intention of the Government to do anything to tide the men over the ten days period and they were forced to act on their own behalf. They did so in a manner which reflected the highest credit on themselves. There was no fuss, no demonstration, simply a representative body of the men went directly to the highest authority in the directly to the highest authority in the land, His Excellency Sir William Allerdyce. The men paid their visit on Saturday afternoon. So the Telegram has been informed by phone message from Government house. This morning's move at the employment bureau shows the Government was forced to act. The humiliating spectacle could have been avoided had ordinary comnon sense been shown on the part of he powers that be,

You want the attraction, the added protection that it brings. Then won't you make this simple test to prove that you can get them?

You must fight film

It is film that makes teeth cloudy. It is film that ruins teeth. If you want prettier teeth and safer teeth you must fight that film.

Film is that viscous cost you feel. It clings to teeth, enters crevices and stays. It becomes discolored, then forms, dingy costs. Tartar is based on film.

Film also holds food substance which ferments and forms acids. It holds the acids in contact with he teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of syorches. Under old methods, few escaped those roubles. And beautiful teeth were seen less often

Now there's a new situation. Dental science has found two ways to fight film. One acts to curdle film, one to remove it, and without any harmful
