DIRECTOR  
BERTHA HARMER, B.Sc., M.A., R.N.

November 20th, 1931

Professor W.H. Hatcher, Ph.D.,  
Department of Chemistry,  
McGill University.

Dear Dr. Hatcher,-

I regret very much the delay in responding to your request for the enclosed schedules. We have a secretary for only half-time, and there was already work on hand which it was essential that she complete before these schedules could be typed. I also regret very much that I was not in the office at the time that you were good enough to call on us. I should like some time to have a chat with you.

Hoping that this delay has not caused you any inconvenience, I am

Yours sincerely,

*Bertha Harmer*  
Director.

McGill University,  
Montreal.

My dear Dr. Hatcher:

Your letter to Dr. Lamb requesting the time tables was forwarded on to me.

I am sending what I hope is an absolutely complete list of the classes both in the School of Physical Education, and the classes in the Department of Physical Education for Women handling the 4 year Arts course. I think I have all the items asked for: the name of the course, name of lecturer, hours, number of students in each course, the building, and if possible the room. In the classes for the Department of Physical Education, namely those classes for the regular Arts students, I have given you the total of all students enrolled in a particular activity but have not given you the number enrolled in each class. If you desire the latter I can very easily supply it but considering that the schedule of activity classes for the Undergraduate women is a matter of scheduling within the building of R.V.C. either the Hall or Gymnasium, it appears to have very little bearing on the time table of the University as a whole. If, however, the number in the individual classes would be of any assistance whatsoever to you, I will send it on at once. I have underscored in red the courses of the McGill School of Physical Education students which are combined with those of any other department.

Yours very sincerely,

*Jesse S. Herriott*
