COUNCIL MET BUT THAT IS ABOUT ALL THEY DID

City council fell down on its job last night. After consuming all afternoon and a half-hour after dinner on the board of control's report and passing upon 30 or 40 of its pages, the intense heat of the debate proved too much for the slender quorum and it wilted and died.

Evening Session Proved Too Much for Thirteen Civic Fathers, Who Abandoned Their Post and Left All the Day's Work to Be Done Over Again.

The present ward Mayor Hocken, Controller Church, Controller Simpson, Controller O'Neill, Ald. Dunn, Ald. McBride, Ald. Robins, Ald. Ryding, Ald. Smith, Ald. F. S. Spence, Ald. Walton, Ald. Whetter.

The absentees were Controller McCarthy, Ald. Cameron, Ald. Graham, Ald. Hiltz, Ald. McGuire, Ald. McKay, Ald. Meredith, Ald. Risk, Ald. Rowland, Ald. Singer, Ald. D. Spence, Ald. Wanless, Ald. Wickett.

Alderman Cameron was the last straw that broke the quorum's back. He fled at 8:45 to "catch a train."

A printed dodger found beside Controller McCarthy's desk may explain his disappearance after dinner and also that of Alderman Meredith.

It nettled Alderman McBride to see the meeting die. He declared the absentees were not living up to their oaths of office.

A report to give permission to the King Edward Hotel to build two bridges connecting their annex and the main building across Colborne street had just been referred back before the end came.

Those favoring it attempted to weave a halo about the head of the owner, George Gooderham, for the improvement his hotel had worked in the district, but others could not see why he should be granted a privilege denied others.

Location of a garbage collection plant and stables between Shaw street and Ossington avenue, above the C.P.R. tracks, was referred back until council visits the site.

PICKNICKERS IMMERSUED THRU BREAKING OF WALK.

SARNIA, Ont., July 2.—Fifty men, women and children were thrown into three feet of water in the River St. Clair at Stag Island last night at a picnic held under the auspices of the Corunna Board of Trade.

DRANK CARBOLIC—DIED.

Ernest Austin, a boarder at 35 Baldwin street drank the contents of a small bottle of carbolic acid on Baldwin street, near his home at 10 o'clock last evening, and died half an hour later in the Grace Hospital.

A LONG, LONG RUN.

The police motor patrol made a record run last night when they got a call to go away out to the city limits at York Mills for a drunk.

ELUDED POLICE SEVENTH TIME

Police Blame Lack of Automobile for Escape of Much Desired Man.

Detectives by two minutes missed capturing a much wanted man at the General Hospital yesterday.

Burglary, shopbreaking and motor thefts are included in the list of offences chalked up against this person, and in the past month he has evaded them no less than seven times.

The man's wife is sick in a private ward at the General Hospital, and the police learned that he would visit her yesterday.

A telephone message was sent to headquarters, but by the time two detectives had arrived via trolley car, the bird had flown once again, and most likely is by this time across the border.

The detectives say that if they had had an automobile they would have been at the hospital on time.

BODIES OF ARCHDUKE AND WIFE BORNE THRU VIENNA'S STREETS UNDER STRONG MILITARY GUARD

Darkness Was Relieved by Lanterns and Tapers as Cortege Wound Thru Lines of Moving Armed Escort to Royal Chapel—Mob Tried to Attack Servian Legation.

Canadian Press Despatch.

VIENNA, July 2.—The special court train from Trieste, conveying the bodies of the murdered Archduke Francis Ferdinand and his wife, the Duchess of Hohenberg, arrived at the Southern Railway station here at 10 o'clock tonight.

Escorted by Halbersters and Life Guardsmen, the coffins were carried to the court chamberlain and other high officials, were in waiting.

Two outriders, carrying lighted lanterns, led the cortege. They were followed by an advance guard of cavalry. Then came an official on horseback, known as the "Hofeinspänner," dressed in the picturesque costume of a Spanish cavalier.

Strong Military Guard.

The court carriages were next in line. Two outriders preceded the hearse, each of which was drawn by six black horses. On either side walked non-commissioned officers and court lackeys.

Carried Lighted Tapers.

The procession then advanced to the chapel with the Austrian and Hungarian Life Guards and Halbersters walking beside the coffins, which were attended by four noble pages dressed in sombre costumes and carrying huge lighted wax tapers.

After a short benediction, the chamberlain of the late archduke handed the keys to the coffin to Prince Montenuovo, the chapel was locked and all departed.

JURY SAY WHALEY DID NOT DRIVE CAREFULLY

Evidence at Inquest Into Death of Maud Marsh Shows That Girl Was Seen by Two Occupants of Motor Car Before She Was Fatally Struck.

After hearing the evidence of the men who were in the automobile when the accident occurred on Yonge street which resulted in the death of Miss Mabel Marsh on Saturday, June 20, the jury empaneled by Coroner M. M. Crawford at Thornhill yesterday returned the following verdict:

"We find that Mabel Marsh came to her death in the County of York on June 20, 1914, as the result of injuries in being struck by an automobile driven by John B. Whaley."

"We believe that the said John B. Whaley did not exercise due care in driving his car at the time of the accident or subsequently."

"Much of the evidence dealt with how the occupants of the car had spent the afternoon prior to the accident. It developed in testimony that John B. Whaley, Harry Kerwell, F. N. Dickson and Walter Harris left North Toronto and drove north in the car to Birrell's Hotel, York Mills, where they picked up Elwell Reade and Fred Tate. They left York Mills about 5 o'clock and went north to Aurora."

On the return journey they bought gasoline from Norman Buttle of Richmond Hill, who noticed that some of them had been drinking, but those witnesses who were in the car with Whaley testified that he was not intoxicated and was quite capable of driving the car.

JURY SAY WHALEY DID NOT DRIVE CAREFULLY

Evidence at Inquest Into Death of Maud Marsh Shows That Girl Was Seen by Two Occupants of Motor Car Before She Was Fatally Struck.

After hearing the evidence of the men who were in the automobile when the accident occurred on Yonge street which resulted in the death of Miss Mabel Marsh on Saturday, June 20, the jury empaneled by Coroner M. M. Crawford at Thornhill yesterday returned the following verdict:

"We find that Mabel Marsh came to her death in the County of York on June 20, 1914, as the result of injuries in being struck by an automobile driven by John B. Whaley."

"We believe that the said John B. Whaley did not exercise due care in driving his car at the time of the accident or subsequently."

Dickson and Walter Harris left North Toronto and drove north in the car to Birrell's Hotel, York Mills, where they picked up Elwell Reade and Fred Tate. They left York Mills about 5 o'clock and went north to Aurora."

On the return journey they bought gasoline from Norman Buttle of Richmond Hill, who noticed that some of them had been drinking, but those witnesses who were in the car with Whaley testified that he was not intoxicated and was quite capable of driving the car.

When the enquiry was resumed in Victoria Hall, Thornhill, yesterday afternoon Fred G. Finch, a motorcycle policeman, the first witness called, stated that when he visited the scene of the accident he found pieces of glass such as used in automobile headlights scattered on the road within a radius of 20 feet, some of the pieces being within three feet of the east rail of the radial.

Austin Mitchell, one of the occupants of the car, questioned by Crown-Attorney Greer, said that they were running down the hill towards the power house at about 15 miles an hour. He had felt a jolt at the time, but did not think anyone had been hit.

Not Quite Dark.

Motorman Ellis, who drove the first radial car which went north after the accident, said he arrived at the power house about 8.35 and that the automobile passed him going down, about 500 yards below the power house.

Questioned by Mr. Robinette as to how far the headlights of his car would light the road, he said about 50 yards, but that it was not quite fully a hundred yards ahead.

Fred Turlin, the motorman of an extra car which left Thornhill at 8 o'clock, testified that the party in the automobile had passed his car two or three times on Yonge street, and that in his opinion the auto was running at 30 miles an hour.

R. H. Gale, one of the men who was picked up by the party in the auto at York Mills Hotel, examined by Mr. Greer, stated that they all had some beer at the hotel and supper when they arrived at Aurora.

"Had you anything to drink there?" asked Mr. Greer.

"Nothing for Whaley," replied the witness.

Mr. Greer: Did Whaley have any? Witness: No, he didn't.

Continuing, he said that there were seven in the car, which was a five-passenger machine—two of the men having to sit on the others' knees.

Mr. Greer then questioned him closely as to what took place when the accident occurred, ending a long cross-examination with the question: "At any time have you ever had any doubt that you struck some person with the car that night?"

The witness did not answer directly, but admitted that he saw the girl immediately before the accident occurred.

"What was done by the driver to avert the accident?" asked Mr. Greer. "What did he do before he struck the girl? Did he change the direction of the car or stop the speed of it?"

"No," replied the witness.

Mr. Greer: Did you see her before she got into the light of the car? "No."

In answer to further questions Mr. Gale said that after the jolt he said to Mr. Whaley: "I believe you struck her."

DECLARE THAT LABOR CONDITIONS IN CANADA ARE MISREPRESENTED

Trades Council Will Start Campaign to Prevent Immigrants Being Brought Here by Luring Literature — J. Watt is Re-Elected President.

Alleged misrepresentations of labor conditions in Canada, by lecturers and writers in Great Britain, raised the ire of the delegates to the Toronto Trades and Labor Council last night, and after a heated discussion it was decided to ask the United A. Club of the World, Premier Borden and the federal government to help the labor men in their efforts to combat these statements and spread the truth about Canada.

Delegate Bancroft read a number of cuttings from English newspapers where J. Milton State of Canada had lectured in various cities in England, and is reported to have said that 50,000,000 immigrants were wanted for Canada. The reports quote Mr. State as saying that mechanics were wanted in the building trades and mounding trades at wages exceeding 50 cents per hour, and that farm help was wanted at \$30 per month with board, and that men said that trade was dull and Canadian conditions not demanding labor, were "ludicrous pignies," whose statements had been combated by Lord Charles Beresford and other great Britishers. The council resolved to ask the ad clubs to publish the truth and the government and the premier will be enlightened and asked to support the efforts of the labor men. The matter will also be dealt with by the Dominion Trades Congress next September.

Blame Shipping Agents. Some delegates blamed the British shipping agents for much of the deception and poverty experienced by immigrants in Canada, and grew warm in their condemnation of the glowing pictures that lured men from the old country to unemployment in this land.

Replying to the request of the labor men who wanted the mayor and city council to install a free dental hospital for poor people, the mayor said the matter was being considered by the M. O. H. and that children in schools were being treated gratis at present. Delegates said that this was incorrect, and several members declared that they had received a card from

DEFECTIVE MET FOR SHOOTING

Defectives in Mysterious Murder Case Hunt for Revolver Used by Culprit.

FREEPORT, N.Y., July 2.—While Mrs. Edwin Carman was in Hempstead this afternoon viewing the body of Mrs. Louise Bailey, the handsome Long Island matron who was shot to death through a window in Dr. Carman's office here last Tuesday night, detectives were pumping out a cesspool and a well in the rear of the residence and a cesspool in the cellar in search of a .38-caliber revolver with one exploded shell in it.

After viewing the body, Mrs. Carman said: "I have never seen that woman in my whole life."

Detectives today interviewed Miss Helen Combs, a lawyer's stenographer, who was in the office of the doctor at the time of the shooting. She was admitted to the house by Mrs. Carman, she added.

"Mrs. Bailey arrived. She did not knock or announce herself. She walked in and a few moments later went to the doctor's office. Brody, who was there, Mrs. Carman passed through the room and went into the kitchen. Later she went out on the porch and I heard her tell one of the children not to play the piano for the doctor had a patient in the office. That was about 10 minutes before I heard the shot."

Mrs. Carman had declared to the police that she had returned from New York about 7 o'clock on the night of the murder and had gone immediately to her room on the second floor of the house. She denied that she had come down to the ground floor even when the shot was fired.

Miss Combs, the detective also said, told him that it was a woman, and no Dr. Carman, who folded Mrs. Bailey's hands and placed her in the office couch. Dr. Carman told the police it was he who folded Mrs. Bailey's hands.

TAPERS WANTED

Impressive Funeral Procession Thru Streets of Vienna Last Night.

Even while the funeral cortege which on its way to Hofburg, hundreds of excited students were engaged in a desperate struggle with the police to reach the Serbian legation, within three blocks of the procession. Strong forces of mounted and foot gendarmes had guarded all the approaches to the legation ever since the serious demonstration on Tuesday, and when it was seen that the attack would be renewed 500 reinforcements were hastily summoned. They rushed to the scene, and the crowd hooted and jeered, but the police succeeded in controlling the situation and finally after a great struggle, dispersed the students.

Populace Deeply Affected. The populace displayed great emotion when the funeral cortege, which, except for the military display, was of an extremely simple character. The hearse was plain, square built vehicles, with lighted lamps on each corner and entirely devoid of ornamentation. They were far plainer in appearance than the pompous ones seen at middle-class funerals. The archduke's funeral ranks in court etiquette, demands of people and reserved exclusively for the emperor, and second-class for the empress.

At all the stations between Trieste and Vienna, the military display as the funeral train passed. At each of them were rows of people and representatives of the corporations and municipalities.

ONE STRIKERS SUIT UP AGENT

American Consular Deputy in Mexican Town Had Bad Time — Virtually Prisoner.

Canadian Press Despatch. NACO, Ariz., July 2.—C. L. Montague, American consular agent at Cananea, Sonora, Mexico, was virtually a prisoner today of 2500 striking miners employed by the Cananea Consolidated Copper Co., according to a telephone message here, in which Montague stated that President Wilson was notified.

Montague was confined in a house with George Kingdon, superintendent of the mine, whom the strikers wished to prevent leaving Cananea. Frightened, Kingdon, on the advice of President Garcia of Cananea, temporarily granted all the strikers' demands, and with three associates hurried in an automobile. He said little except that conditions in town are very bad.

The constitutionalist garrison at Cananea numbered but 200. More troops will be obtained. In the meantime, Kingdon has submitted the miners' demands to the directors of the company and will have five days to report back.

BIG DAY OF SPORTS AT AURORA GALA

Crowds Thronged Enclosure at Second Day's Celebrations.

Proceedings Close Tonight With Military Tattoo and Fireworks.

Altho the large crowd present at the opening ceremony of the Aurora Old Boys' reunion on Wednesday was in a way to the fact that was Dominion Day and allowed many to take advantage of the occasion, still the many visitors that thronged their way to the fair grounds yesterday is positive evidence that more than a passing interest is being taken in the event. When the gates opened at 10 o'clock in the morning the people commenced to stream into the grounds and continued steadily until late in the afternoon, when the enclosure presented a striking appearance with the many varied colors of the dresses and decorated automobiles, of which there were quite a number. About 1 o'clock the weather assumed a gloomy aspect and a little drizzling rain fell, but soon the clouds cleared away and the event turned out ideal for the big sport program.

The first game was a baseball match between Aurora representatives and Aurora Old Boys, and after an exciting contest it resulted in favor of the latter by 15 to 10.

The finest struggle of the day was the one between the football teams of Aurora and Dundas car barns. The match was for a massive silver cup, presented by the Old Boys' Association and which is to be contested for annually. Play was fairly even in the first half, but in the second Dundas team assumed the aggressive and gave an exhibition of the combination football, running out victory by 2-0. After the contest A. M. Brodie, president of the association, presented the trophy to the winning team and in a few well chosen remarks congratulated them on their victory and extended to them his good wishes of the residents of Aurora.

The afternoon finished with a late game match between Aurora and the Old Boys and after a game that proved more amusing than skillful, it ended with the honors in favor of Aurora, the score being 8 to 2.

The fair was generally agreed to have been a great success and every present expressed admiration for the excellent arrangements made by the different committees in charge, who have worked untiringly to make in the annals of the old town.

One thing it has accomplished, and that is evidence of the fact that Aurora has produced men whose names are familiar with the business and professional activities of the Dominion Aurora case point to the fact that claim as its very own. The gala has had almost become a tradition for those who had migrated to other parts, has brought acknowledgment to the pioneer efforts of the men who laid the foundation of the town's progress.

Military Tattoo. The night was taken up with a great military tattoo by the 1st Battalion, Governor-General's B. G. Band, Aurora Citizens' Band and Toronto City Band. The display of fireworks finished the performance and was thoroughly enjoyed by a vast attendance.

Tomorrow baseball will occupy the whole day, and the gala concludes with special attractions.

AMATOR MEETS DEATH IN RIVER

Halifax Airman Landed in Stream at Windsor From Balloon and Went Under.

Canadian Associated Press Cable. HALIFAX, July 2.—Joseph Stanley Purcell, the Halifax aviator and balloonist, tragically ended his career at 45 this evening by being drowned in the Avon river at Windsor while making a report at a balloon. The ascent had been postponed because of the sports of the day before to the inclement weather. The weather of the day was decidedly from the balloon which had risen to a height of several hundred yards, when a wind carried him over the river, but not far enough to reach the shore. He was likely to have survived, but was unable to reach shore, but within 30 yards from the Avondale shore he suddenly sank, supposedly because of cramps. The body has not been recovered.

STEAMER ASHORE IN GEORGIAN BAY

C.P.R. Vessel Assiniboia Stuck Fast With Hundred Passengers on Board.

MONTREAL, July 2.—The C.P.R. steamer Assiniboia went ashore at 1 a.m. today at Bad Neighbor Shoal, Cove Island, Georgian Bay. Her foremast is leaning a little. News of the grounding of the steamer reached the offices of the Marconi Wireless Telegraph Company here today from the radio station at Sault Ste. Marie, Ont. It was thought the Assiniboia could back off, as she was swinging and there were eleven fathoms of water under her stern. The weather was clammy and foggy. The steamer was called to the assistance of the stranded vessel, the she is in no danger. The Manitoba will stand by, however.

The steamer has 100 passengers on board and was bound for Sault Ste. Marie to Port McNicoll, Ont. The Assiniboia is a steel passenger steamer and one of the finest on the great lakes. She is of 3880 tons and was built at the Fairbank Ship Company's yards at Glasgow in 1907.

Toronto C. P. R. officials received word that the Alberta, due to leave Port McNicoll this evening, had been sent out to pull off the Assiniboia. They say the latter vessel merely touched land and sustained no damage.

RECOVER FOUR BODIES FROM EMPRESS WRECK

QUEBEC, July 2.—Dyer Schinens of Mr. Weatherston's diving crew recovered four more bodies from the Empress wreck today, these being those of two men and two women. One of the women had jewels on her fingers, otherwise owing to the condition of the bodies it was but little chance of identification.

DR. RICKETT'S MAJORITY RAISED TO TWENTY-ONE

HAMILTON, July 2.—The returning officer for North Westworth announced yesterday that the official count of the ballots gave Dr. Rickett, the Conservative candidate, a majority of 21 over Dr. McQueen, in the recent provincial election. It was at first thought that Dr. McQueen would make a recount, but he had decided not to ask for one, considering that the majority was 21, instead of 2 as at first announced.

STRING BEANS A LA POULETTE.

Prepare and cook the beans in the usual way. Meanwhile put in the stove in a small saucepan a tablespoonful each of butter and flour, and stir and cook a little. Add a cupful of boiling milk, a teaspoonful of chopped parsley and a few grains of salt, pepper and grated nutmeg. Remove from the stove and add a well-beaten egg, beating vigorously as you do this. Then add the beans, stir gently to mix, pour into a deep dish, made hot, and send to the table.

PREPARED FOR MOSQUITOES.

Because of the shifting of the trade routes owing to the opening of the Panama Canal, the possibility of a visit from the yellow fever mosquito is anticipated, and already efforts are being made to meet the pest half-way, and precautions have been taken to guard the country against it. Surveys have been made in many sections with the view of correcting and removing the breeding places, and rules and regulations are about to be put in force at all the ports which are calculated to keep the mosquito out.

LOOKING AFTER CONSUMPTIVES.

There are some 467 patients today in the Muskoka Hospitals for Consumptives and the allied institutions in the region of the number. Of these 351 are unable to pay anything towards the cost of their own maintenance, and are from the City of Toronto. During the month of June 56 patients were sent to the Muskoka by the visiting nurse of the National Sanatorium Association.

WOMAN BADLY HURT WHEN BOAT EXPLODED

QUEBEC, July 2.—When a bottle of ginger beer exploded in her hands, Mrs. Rosa Levoe, this city, was struck on the eye by a piece of glass and was so dangerously hurt that she was operated upon last night at St. Luke's Hospital. It is feared she will lose her eyesight.

WHALE SWAM INTO PORT AT CHARLOTTETOWN

QUEBEC, July 2.—There was considerable excitement about the harbor today owing to the appearance of a good-sized whale which seemed to be bewildered once he got in and took a trip part way into the harbor, before he found his way out again. A number of motorboats chased the strange visitor.

NEWS OF SPECIAL INTEREST TO WOMEN

EUGENICS NEEDED LESS THAN LOVE

Laws for New Method Must Be Universal to Count.

ATLANTIC CITY, N.J., July 2.—Less eugenics and more old-fashioned love is what the race needs, said Dr. J. McKey Horner of the Cleveland Homeopathic Medical College, who read a paper on eugenics today before the Bureau of Sanitary Science of the American Institute of Homoeopathy.

"Eugenics and Education go hand in hand," Dr. Horner said. "Children should, however, be instructed before the age of 10, and the instruction should be given individually rather than in class. The child should be taught to hold his mother in respect, else he will hold no other woman in respect. If laws for eugenics are passed they must be universal, else they will not count for much."

Dr. Horner said it was his belief that as long as man was attracted by beauty and woman by strength, eugenics would in a great measure take care of itself.

MANY VARIETIES OF FLOWERS.

Many new varieties of flowers will be shown at the exhibit of the Toronto Horticultural Society tonight at the Canadian Order of Foresters, building, 22 College street. Some of the varieties of flowers to be shown are: Newest varieties of roses, campanulas, larkspurs, Japanese iris and perennials. There will not be a charge made for admission, and the public are invited to attend. There will be an orchestra in attendance.

ENTERTAINED WOMEN WORKERS.

Yesterday afternoon at her beautiful home on the Lakeshore road, Mrs. Ormsby entertained a number of prominent workers in different activities of the city. The guests were received on the wide front veranda and afterwards had tea in the beautiful parlour of the conservatory. The grounds were in delightful condition and the outing very much enjoyed.

Among those present were: Mrs. Ward, president W.C.T.U.; Mrs. Stevens of the King's Daughters; Miss Bonance Boulton; Mrs. MacIvor, editor Woman's Century; Mrs. Horrich of Shanghai, China; Mrs. Swift, Mrs. Fotheringham, Mrs. Burnett, Mrs. Barker, president Woman's Business Club; Mrs. Fotheringham, Jr. and others.

BUSTER LAND, July 3.—(Special.)—Buster, the boy who amuses the kiddies in the four-color comic section of The Sunday World, gets hungry the same as other boys. In this week's issue of the comic section of The Sunday World he convinces his parents and their friends that he is resourceful enough to obtain something to eat, even tho he is deserted from the party. Be sure and take a Sunday World home with you on Saturday night. It is for sale by all newsdealers and newsboys.

CHIFFONADE DRESSING.

Mix together the following ingredients: One cup of olive oil, two tablespoons of elder vinegar, one-half teaspoon salt, one-quarter teaspoon of paprika, one-eighth teaspoon of black pepper, one tablespoon each of finely cut onion, parsley, green pepper, red pepper and one hard-cooked egg, finely cut. Thoroughly mix and serve on lettuce or any green salad.

MARKET BUILDING.

To reduce the cost of living at Regina is the aim of the local council of women. Their scheme of market building, the production locally of garden truck, and with this end in view have made suggestions to the city council with regard to the operation of the market building. They intend to get as many housewives as possible to do their marketing at the market building. It is expected in this way that a material reduction in the price of meats and vegetables will ultimately result.

TO CLEAN GILT.

When the gilt frames of pictures or looking glasses or the gilt mouldings of rooms have specks of dirt from flies or other causes, they can be cleaned with the white of an egg gently rubbed on with a camel's hair pencil or soft brush.

LARGE BROOM FACTORY.

A broom factory, with a capacity of 15,000 brooms per month, will in all probability be erected at Regina by the Western Broom Co. The agreement has been drawn up between the company and the city and has been recommended for acceptance by the finance committee.

GOOPS

Don't Be A Goop!

SATIN FLOWERS USED WITH EVENING GOWNS

Among the many details in which the well dressed woman reveals just now are the silk and satin flowers for evening gowns. Not only do they adorn the sleeves or corsage, but many beautiful floral specimens are used to catch up the bouffant draperies or to hold in place a soft fold. Wonderfully formed roses constitute the straps over the shoulders and others fall in chains of considerable length at the back of the costume. When roses adorn the frocks they also are seen on the hair, on shoes and even stockings. The blossom at the belt reigns as yet.

Many of the new sunshades are gathered in closely along the edges of the shirred border being separated from the inner part by hem-stitching. In evening capes picturequeness is the note. Quaint revivals are constantly appearing, flowers and tiny ostrich tips being chiefly used for trimming. Sashes are with and without fringed edges. One of the Directorate sashes finished with a handsome long fringe hangs in graceful folds from the shoulders. In Paris the favorite sash for the silk stilet costume is of striped Algerian silk with head fringe. Shantung is effectively employed in two tones, navy blue and tomato red, or Egyptian blue, lined with crimson pink, being two very popular combinations.

HOME HELPS.

The hair mattresses which are filled with black hair are much better than those filled with white hair, because the latter has generally been bleached and is deprived of its springiness. Holes in kid gloves can be mended by first buttonholing around the hole and then filling with white buttonhole stitch. This should be done with thread matching the glove.

FARMERS ORGANIZE.

Seventy-two farmers' co-operative organizations have been formed in Saskatchewan since the beginning of the year, their aim being the purchase of farm supplies and the marketing of farm produce. It is expected that an additional twenty-eight companies or more will be registered before the end of the year, making the total number of organizations in the province one hundred or more.

BAND CONCERT TONIGHT.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAVEL DOMESTIC SCIENCE LECTURER

Drinks That Clink

Nothing is better than home-made lemonade and no one ever tires of it. It really seems a liberty to suggest tampering with it, but it is a fact that a grating of nutmeg added just before it is served improves it. Some people like white egg beaten until thick, sweetened, beaten again and mixed in with it. Physicians say this is an excellent way in which to take raw eggs.

Lemon cream is really cream flavored with fresh lemon juices. Have it come packed in boxes covered with Chinese characters and is very sweet. Cut in tiny pieces and add a generous amount in each tall crystal glass. Fill almost to the top with powdered ice and then serve it and pass a bottle of charged water fitted with a siphon to each member, so that as much of the carbonated water may be added as is liked. This charged water and the siphon may be had from any druggist.

Mint leaves are sometimes used in the above beverage, but as everyone is not fond of the pronounced odor it is better to make crushed ice and add the sprigs of mint or crushed mint leaves. Then add three tablepoons of grape juice or grape juice and lime juice. Fill up with charged or plain water and serve with straw.

Both lime and lemon juice may be purchased bottled ready for use and these convenient articles are pure, but not so fine in flavor as the juice from fresh fruits. One of the most cooling and wholesome drinks is gingerade. This is sometimes called Canton punch. Buy a quarter pound of crystallized ginger; cut in tiny pieces and add a generous amount in each tall crystal glass. Stand an hour, then bring to the boiling point and boil until reduced one-half. Divide this ginger syrup into the glasses to be served, using the bits of ginger too. Add ice and cold water until they are filled. Fruit juices may be used with this, but the ginger alone is delightful.

Iced coffee should be made stronger than usual to grow fatter and sweeter. Add rich cream until it is a fine color, pack in ice for several hours. Serve in tall glasses with whipped cream on top.

More About Your Rose Bushes

Our rose amateurs will notice now, that even while many of their bushes are in gorgeous bloom, something else equally as important is going on day by day. Have you noticed the sturdy thick with small green aphids, that often red-tinged, that are crawling up thru the flowering branches of the hardy perpetuals? These new canes of bloom next spring. In many cases, the tip per six or more inches are covered in this season, they are crawling up thru the flowering branches of the hardy perpetuals.

It is a sad promise for next year if your bushes are sending up no new shoots now. Spraying with it can be hung up and allowed to drain, instead of the water soaking into the back and then being dried. The Montreal Star item says, "The Montreal Star, for the same reason, do not leave the floor in the fall of water when the floor is being washed."

WHAT DYSEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE. Indigestion and practically all forms of stomach trouble arise, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on sixteen products, I would suggest that you should try a meal of any food or drink which may be, in moderate amount, taking immediately afterwards a teaspoonful of bismuthated magnesia in a glass of water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bismuthated magnesia does not irritate the stomach, it has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the stomach lining, it does more than could possibly be done by any drug or medicine. As a physician believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing a patient with medicine, or giving him drugs instead of getting rid of the acid cause of the trouble. Get a little bismuthated magnesia from your druggist, eat what you want at your next meal, and the cause of the bismuthated magnesia as directed above, and see if I'm not right."

GARDEN PARTY TOMORROW. On Saturday a garden party will be held on the grounds of Holy Rosary Church, corner of St. Clair and Knappton avenues. The North Toronto Citizens' Band will be in attendance and an interesting program is being prepared.

HOUSEKEEPERS: HOME MANAGERS:

The Toronto World has engaged Mrs. Christine Frederick, the famous efficiency expert on housekeeping, to contribute a series of articles for the Women's Page every day.

Mrs. Frederick was the only woman delegate to the Ad Men's Convention to give an address. She spoke on The Science of Housekeeping.

She spoke to several hundred women in Toronto and already has agreed to tell these women how to DO THINGS.

Mrs. Frederick conducts the housekeeping department of The Ladies' Home Journal of Philadelphia, and her name is known to millions of women throughout Canada and the United States.

She shortly will commence a series of housekeeping articles in two of the most widely circulated magazines in Canada.

Mrs. Frederick is the author of "The New Housekeeping," a book that thousands of housekeepers already have studied in order to place their home management on a scientific basis.

Mrs. Frederick's articles will appear in The World every morning, commencing Monday, July 6.

They will appear in no other newspaper. Every woman who wants to keep in touch with the greatest authority on the continent on the science of keeping house will want to read Mrs. Frederick's articles. One will appear every morning in

LAKE SHORE CLUB WILL SOON OPEN

The latest venture in club circles is the opening of a new club and clubhouse among the residents of Mimico district to be known as the Lakeshore Club. The old Humber Home, containing seven rooms, has been secured, and it is the intention to fit up the residence for social and recreational purposes. A library, piano, billiards and other games will be installed, and liquor, tipping and gambling in any form are tabooed. It is felt that the enterprise will fill a long-felt want amongst the residents of the district.

LUTHERAN MISSIONARY TO SPEAK.

Miss Melander, a Lutheran missionary, will give an address in the Lutheran Church, Glenora street, on Sunday morning at 11 o'clock.

HANG UP BRUSH.

Fasten a piece of tape or string to the end of your scrubbing brush, so that when finished with it can be hung up and allowed to drain, instead of the water soaking into the back and then being dried.

TO REMOVE RUST.

To remove rust from steel, the following is excellent: Cover the rusted surface with a wet cloth, stay on for a day. Then rub with a lump of fresh lime and polish in the ordinary way.

GREASE ON SHOES.

If one's tan shoes have been spotted with grease, rub the places with a piece of cut lemon. When dry, polish in the usual way.

Under executions against D. Kahn & Kahn Costume Mfg. Co., I will on Wednesday, the 8th day of July, at 11 o'clock a.m., at my office in the Court House in the City of Toronto, sell by public auction a stock of Ladies' Costumes, Cloaks, Mantles, various Cloths and Materials, Trimmings, etc., etc., with Sewing Machine, Shop Furniture, etc. Estimated value about \$4000.

MINUTE'S WORK.

Letting down hems for a fast-growing child takes much time. Did you ever try stitching in a tuck on the wrong side of the hem? If you are fortunate enough to own a chain-stitch machine, a minute's work will lengthen the garment the width of the tuck, says Modern Practical. Even with a lock-stitch machine it takes far less time than picking out a hem and turning it again.

SUMMER MATS.

If you have any odd bits of cretonne left from making summer draperies or pillow covers, make the pieces into round or square mats and edge them with the cheap Turkish lace one can buy on the bargain counter for five and ten cents a yard, says The Detroit Free Press. Bureau scarfs and table scarfs of cretonne, edged with lace, come in well with summer draperies at the windows and covers on the furniture.

Business Efficiency Pays In Kitchen as in Office

GIVING THE FARMER A CHANCE.

Mr. John Kennedy of Winnipeg, one of the directors of the Home Bank, seems to have made a valuable suggestion, not only to his own institution, but to all the Canadian banks having branches in the west. At the annual meeting of the stockholders of the Home Bank, held in this city on Tuesday afternoon, Mr. Kennedy stated that 75 per cent. of the entire western wheat crop of last year had been dumped on the market in three months. The result was that the price was forced down eight or ten cents a bushel and the farmers lost millions of dollars. As Mr. Kennedy put it:

You will find that No. 1 northern wheat about the beginning of last September was worth about 88 cents in store in Fort William or Port Arthur, but by the middle of October, owing to the tremendous receipts, prices had fallen to about 78 cents, a drop of 10 cents a bushel, which would warrant any such decline.

The western farmer rushes his wheat to market because he is pressed for money. He does not have money coming in every day or week in the year like the Ontario man engaged in mixed farming, but relies upon his wheat crop for everything. This condition, Mr. Kennedy said, must continue for a long time. He suggests that the banks should advance money to the farmer, say, up to 50 per cent. of the value of his grain in hand. The banks would be quite secure with the lien given by the Bank Act, and the farmer would not have to sell at a sacrifice. There may be some person cynical enough to agree with our old banker friend, Mr. J. B. Forgan, of Nova Scotia and Chicago, that "nothing makes a wheat bin leak like a chattel mortgage," but we are satisfied of the honesty of our western farmers, and so is Mr. Kennedy, who is prominent in the Home Bank and in the Grain Growers' Company. His suggestion merits careful consideration.

MOTOR BUSES NOT IN FAVOR.

Our correspondent, Mr. E. Colston Hill, yesterday pointed out some fairly obvious objections to a general adoption of buses for transportation purposes in Toronto. Even in London, where there is no competition in the central part of the city, it was only after ten or twelve years that small returns began to be made on the investment. He did not appear to be aware that the city officials had already reported on the use of buses, and pointed out that a loss of several hundreds of dollars a year on each bus was to be expected. Mr. John R. Robinson, who is at present in England, has written to The Telegram, confirming the view that buses are not likely to be an effective rival to street cars under the conditions that obtain in northern American or Canadian cities. They will supplement the street cars in the thinly populated outlying districts where the extension of the tramway system is rendered financially impossible owing to the heavy outlay in permanent way construction." This quotation is from a report by Mr. S. M. McElroy, general manager of the Manchester City Tramways, but Mr. Robinson himself testifies to the small earning power of buses comparatively, in stating that he could be urged by the experts. The citizens of Bristol voted for the purchase of the local street car system by a majority of 3000 in 30,000 votes.

Mr. Hill seems to have the impression that the citizens of Toronto would be willing to extend the franchise to the present company on a basis of more favorable terms. We can assure our correspondent that he is not in touch with local opinion if he regards such a possibility as at all probable. No doubt the shareholders of the railway might hail such a prospect with satisfaction, but the people are just as anxious for public ownership as the people of Bristol, and perhaps a little more so. Whatever may be done about buses will be after due consideration. The commissioner of works has the matter in hand, and if anything is done, it will be by way of

makeshift for some of the suburban districts, until the city and civic street car systems are unified.

This we may not give a wrong impression we should add that Mr. Robinson looks on a motor bus service or a railless electric traction service as "superior to the purchase insanity in the power of such service to afford prompt relief to the districts that are most sorely in need of prompt relief." This is, in discussing the Liverpool auxiliary service to the regular street car service, which is owned and operated by the City of Liverpool. Every city that has a chance to do so is glad to own and operate its street car system. Toronto is no exception to the rule, whatever prejudice may exist among individuals.

HORSES REPLACE STEAM.

One of the things that impressed a recent visitor to the northwest was the determination of a large number of the farmers to abandon steam plows. There is more importance to be attached to this decision than might appear at first sight. The reason for giving up the steam plows does not call for much comment. They break down and repairs are difficult to effect in isolated farms. It takes a long time sometimes to get broken parts replaced. It is difficult also to get men who are familiar with the operation of the machinery. Still more of a factor is the banking influence, which is not inclined to finance a farmer who is loaded up with a steam plow on which he has heavy payments to make, and which will be worn out by the time it is paid for.

In going back to the horse there is no retrogression in farm practice. Large plows with three to six horses are found to give better results in the long run. The stable products are found also to be of more value than the western farmer once thought. In an era when mixed farming is coming to its own in the northwest the advent of the horse is a factor of great importance to the country. As an investment the same amount of money in horses is a more productive one than an investment in steam plows. The horse is reproductive, enriching the soil as well as reoperating the capital invested. Nor will he be less interested to Ontario horse-breeders to know that prairie farmers are looking for draught teams.

NEW MEXICAN CRISIS.

With Carranza and Villa at loggerheads the Mexican situation has assumed a new phase. The constitutionalist president has refused to supply his general-in-chief with the munitions of war necessary for a further southward movement, and Villa has in consequence returned northward for the purpose of bringing his quarrel with Carranza to a decisive issue. This interlude will afford a breathing space to Huerta and in the meantime will have the effect of delaying the conference between representatives of the two factional leaders looking to the establishment of a provisional national government pending another attempt to elect a president. If it be the case that Carranza has been expressing himself openly and strongly against the later policy of the United States, the natural inference will be that he represents the apparent support Washington is extending to Gen. Villa and his land policy. About the only fact that is clear is that Carranza is seized with a settled determination to assert himself as the only possible successor to Huerta and regards Gen. Villa as a political rival.

With the probability of an unending series of complications if the existing situation is left to develop according to the jealousies and personal ambitions of the factional leaders, the time for United States intervention is steadily drawing nearer. That will no doubt be done reluctantly, but there is no other way out of the impasse. Along among the military captains Villa has never suffered defeat, and if driven to it he will operate against Carranza with the same vigor that has characterized his campaigns against the federalists. Whatever results may follow upon an open rupture in the constitutionalists' ranks, the elimination of Huerta will be delayed and pacification be set further back. Even if a reconciliation is patched up, it can have no element of permanence for the feud, unless all experience is belied, will be resumed on renewed provocation in an aggravated form. President Wilson has never denied that circumstances may compel the United States to enter upon the task of restoring order, and this must become imperative should the constitutionalist chiefs suspend operations against Huerta and seek to settle their personal differences by force of arms.

DIRECT NOMINATIONS.

Our good neighbors, The News, is unable to see how the primary plan of direct party nominations would greatly improve the conditions which are complained of under the present convention system. It asks how we can expect the electors to take part in primaries when at present so many of them refrain from taking part in elections. Again, we are told we want fewer, not more, elections in this country, and that the boss can dominate a primary with money and influence, just as he can dominate a convention.

News happenings from all over the world are pictured in the Art Section of this week's Sunday World. Among them are views of the Salvation Army Congress in London, the marriage of Kermit Roosevelt, the Hamilton Races, the King and Queen at the Royal Ascot Races, opening of the Riverdale Park Croquet Lawn, cadets of the De La Salle Institute, pupils of the Summer Librarian School, bathing scene in the Don, and a group of Ad Men at Hamilton.

The Sunday World is for sale by all Newsdealers and Newsboys.

KAISER ABANDONS TRIP TO ATTEND FUNERALS

Canadian Press Despatch.
POTSDAM, Germany, July 2.—Emperor William suddenly abandoned today his intended trip to Vienna to attend the funeral of the late Archduke Francis Ferdinand. It was announced that he was suffering from a severe cold, attended with symptoms of lumbago.

In court circles here it is said that the emperor's illness is of the slightest character and would not have prevented his trip to Vienna, the abandonment of which was dictated by his Majesty's wish to spare the aged Emperor Francis Joseph the trouble and agitation of entertaining.

It is surmised that a hint was received from Vienna indicating that the visit of Emperor William was not wished for under the circumstances.

DISCOVER MAN'S BODY BESIDE RAILWAY TRACK

Canadian Press Despatch.
AYLMER, Ont., July 2.—The body of a man believed to be Joseph Palmer, 65, was found alongside the Grand Trunk track about a mile east of this place this morning. His neck was broken and his head badly cut. It is thought that Palmer must have fallen from the train. He attended the horse races here last week and at London Tuesday.

CATFISH POND.

Editor World: What we would like to know is, how long the nuisance is going to be right in our midst? The pollution is still there and if the wind is blowing from the west, Keele street residents cannot stay out on their fronts in the evening at all and have to shut down doors and windows to keep the terrible odor out. It is true, thru some source a pump was installed and part of the water pumped out, but this hasn't done away with the nuisance. Does the health department want residents in this district to shut down doors and windows permanently, done away with?

At any rate, we venture to suggest that, if the people are once permitted to directly name the party candidates, this power will never be relinquished.

Annual Midsummer Sale. Fashion Craft Clothes Commences Saturday, July 4.

An event that is waited for by hundreds of men in Toronto, the annual price reduction of Fashion Craft clothes, will commence Saturday at all three of the company's stores, 22 King street west, 102 Yonge street, and 428 Yonge street. For one week every suit in the store (except evening dress, morning and frock suits) will be placed on sale at \$18. Involving, as it does, the highest class men's clothes sold in Canada, this sale will be of unusual interest to the men of Toronto and vicinity.

AND HE DID

AT OSGOODE HALL

July 2, 1914.
ANNOUNCEMENT.
Master's chambers will be held on Friday, 3rd inst., at 11 a.m.

Single Court.
Before Meredith, C. J.
Re. Harwich, Kent and Chatham—M. Wilson, K.C., for Township of Harwich, J. A. Walker, K.C., for County of Kent, O. L. Lewis, K.C., for City of Chatham. Motion for order determining the obligations of the City of Chatham, the County of Kent and the Township of Harwich or any of them to build and maintain a bridge over a river or stream, known as McQuog's Creek, where it crosses the boundary line between the Maple Leaf Cemetery in the City of Chatham and lot three, third concession, River Thames survey, in Township of Harwich. Judgment: The application is made for the purpose of relieving the township from all obligations to erect and maintain bridges over streams crossing the part of the road in question, in placing that obligation upon the county and city. The application fails. Its dismissal will leave the obligation on the township, which assumed and performed it many years ago, and has performed it to the present time. No other order is necessary. I make no order awarding costs. Application dismissed without costs.

Trial.
Before Meredith, C. J.
County of Wentworth v. Hamilton Road Electric Railway and City of Hamilton—G. Lynch-Staunton, K. C., and J. L. Counsell (Hamilton) for plaintiffs, A. H. Gibson (Hamilton) for the railway company, F. R. Waddell, K.C., for the city. Action to recover \$397.75, balance alleged to be due for tolls on two and three-tenths miles of road. Judgment: All the difficulties are comprised in the plain and single question: "Had the Ontario Railway and Municipal Board power to vest in the City of Hamilton any part of the road in question?" In my opinion the order vesting the county road in the city had no force or effect. Acquiescing in the order of the board, the county for several years consented to the payment of the tolls in respect of that part of the road in that part of the Township of Barton which was annexed to the city, but now having got new light on the subject they seek to recover from the railway company the whole of the annual sum for this year, and also all those portions of it which were paid to the city. As to the former they are entitled to succeed, but as to the latter, having consented to the payments made, they cannot. Whether or not they have any right to recover the latter from the city is not a question raised in this action, and it is not proper that I should consider it, the it may be said that at first sight it seems to be a case of payments consented to under a mistake of law, not of fact. After payment of all the money the city has spent in improving that part of the road which it was thought was vested in them, it would be hard if they should have to lose, too, those payments received by them. Judgment for the plaintiffs and \$200 damages, being the amount paid into court by the defendants, the railway company, which is to be paid out to

BOB DIBBLE IN SEMI-FINALS OF DIAMOND SCULLS
WINNIPEG EIGHT MEETS HARVARD CREW TODAY

DIBBLE ENTERS SEMI-FINALS
WINNIPEG DISPOSES OF THAMES

Toronto Sculler Meets Italian Today — Harvard and Winnipeg to Fight It Out — All the English Crews Are Eliminated — Henley Results.

HENLEY-ON-THAMES, July 2.—The Grand Challenge Cup, the "blue ribbon" of English rowing, is going abroad this year for the fifth time in nine years. The probabilities are that America will be its resting place for the ensuing year, after which it must be returned to the stewards of the Henley regatta, to be competed for again.

Winnipeg is better than Leander, and the Harvard eight will have to extend themselves tomorrow. The Boston crew also have a harder race ahead against the Germans, but Commodore Ables held: "Having succeeded today we are more confident of tomorrow's result."

DRAW IS MADE FOR O.B.A. TOURNAMENT

Preliminary Round Starts at Two o'Clock on Monday at Niagara Falls.

- The draw for the 26th annual tournament of the O.B.A. at Niagara Falls, commencing Monday, July 6, is as follows: Preliminary Round—2 p.m. Green. J. H. Burns (Niagara) v. J. A. Lockie (Buffalo) 1

BEAVERS ARE HOME

The Beavers come home today for a two-game series with the St. Thomas team, and unlike the other midweek games this afternoon's exhibition will be staged at the Motordrome, beginning at 2:15, while tomorrow's game will be played at the same place. This is ladies' day.

BOWLERS ATTENTION

The big tourney at the Granite Rink, in which so many famous bowlers were engaged, is pictured in this week's issue of The Sunday World. The World photographer has succeeded in obtaining pictures of the bowlers in many attitudes and poses. These pictures will interest the bowling fraternity everywhere.

LITTLE ALFRED IN STRAIGHT HEATS

Wins Pacing Stake at London With Ray Up — The Summary.

LONDON, Ont., July 2.—There was a good attendance at the third day of the London Turf Association races. Three good races were on the card and they were all well contested. Eleven heats in the three races and the slowest heat was 2:12 1/2. The time remained the same for the first of July over a half-mile track. The Little Alfred, who has won all except one heat, is the best showing that an American eight has yet made at Henley.

ST. MATTHEW'S BIG DAY

Four rinks from the Balmly Beach Bowling Club were defeated by a score of 55 to 39 by St. Matthew's yesterday afternoon at the latter's green. St. Barnabas Club, with three rinks, visited the St. Matthew's at night and were defeated by a score of 73 to 52.

EX-CHAMPIONS, LYON AND MARTIN, MEET IN SEMI-FINALS

Hard Battle Before Toronto Man Today — Reith of Montreal, and Evans of Boston, the Other Pair, Should Be Easy for Winner in Final.

OTTAWA, July 2.—Play in the Canadian amateur golf championship at the Ottawa Golf Club has narrowed down today to the third round. In the semi-final tomorrow, George Lyon of Toronto will play Fritz Martin of Hamilton, while T. B. Reith of Montreal will meet Bruce Evans of Boston, a mediocre player in other respects, whose wonderful driving has carried him thru the semi-finals with 18 holes, and it is freely predicted that George Lyon and T. B. Reith will clash in the final.

HOOPER'S RINK WINS GUELPH TOURNAMENT

GUELPH, Ont., July 2.—J. B. Hooper's crack Guelph rink won the trophy competition at the Guelph lawn bowling tournament this afternoon. He had a strong rink and they played a magnificent game from start to finish. Ramsey of Grand Valley skipped the runners-up, by Deans of Guelph, and the Wellington competition will be finished tomorrow. Following are the scores:

WYLIE WINS THE GRANITE TOURNEY

Defeated Muntz in Primary Competition Consolation Down to Semi-Finals.

The final game in the primary competition of the Granite tournament attracted a large gallery yesterday afternoon. The finalists were Dr. Wylie, Rusholme, and Harold Muntz of Victoria. Seldom has such a final game been seen. Close, and that from the start, the game was a nip and tuck contest right up till the last bowl was played. Wylie had a nicely balanced rink, and after an excitingly supported doctor in an exceptional manner, Dr. Wylie, victor for Muntz, has shown wonderful form right thru the tournament, and yesterday his careful draw shots pulled the Victoria out of many a bad hole. Dr. Wylie played a great game. A strong, aggressive player, he never let up, but kept his bow just ahead of Muntz all the way. One up the last end, Muntz lay shot when Wylie went to play his last end and guaranteed a perfect bowl played by Wylie trailed the doctor's foot, and Rusholme lay two bowls and game. Muntz tried an over-shot, ticked the shot bowl and slipped thru. The game was over. The final score read: Wylie, Rusholme, 15; Muntz, Victoria, 11.

TRY SALTY WATER.
To clean willow furniture, scrub each piece well with a coarse brush and water that is strongly saturated with salt, then dry with a soft cloth.
Straw matting may be cleaned the same way. The salt not only cleans but prevents the straw from turning yellow.

CLOSE AT HAMILTON ED GRUMP'S FEATURE

Good Crowd and Fair Show of Favorites in Front — The Results.

HAMILTON, July 2.—(Staff Special).—A good crowd turned out today to witness the closing day races of the spring meet. The spring Brewery Stakes for two-year-olds at five furlongs was the feature race of the day. Ed Grump, carrying top weight, and the favorite in the betting, won the race easily from Crystal and Ormus. Back May was an easy winner in the Burlington Handicap at six furlongs over Fatism and Marjorie A. The steepchase was won by Frigole, a long shot, in the betting. He showed a lot of speed and fencing badly all the way. Ed Grump took the last race over the turf course after getting away slow from Good Day and Cliff Buse.

FIRST RACE—Purse \$500, 3-year-olds and up, foaled in Canada, 4 furlongs:
1. Slupper Day, 105 (Shaw), 3 to 1, 2 to 1 and 1 to 1.
2. Amphion, 115 (Ambrose), 20 to 1, 7 to 1 and 3 to 1.
3. Sea Lord, 110 (Claver), 15 to 1, 5 to 1 and 2 to 1.
Time 1:13 4/5. Marton Gately, Burser, Mausolus, Casper Saube, Ondramus, Locking Belle, Lad of Windsor and Kelrose also ran.

SECOND RACE—Purse \$500, maiden 2-year-olds and up, selling, 11 1/2 miles:
1. Sigma Alpha, 105 (Claver), 15 to 5, 7 to 5 and 3 to 5.
2. Collector, 102 (Ambrose), 7 to 3, even and 1 to 2.
3. Gen. Ben Ledt, 109 (Shilling), 5 to 5, 2 to 5 and 1 to 4.
Time 1:49 4/5. Curieux, Sykele and King Cotton also ran.

THIRD RACE—Purse \$600, Burlington Selling Handicap, 3-year-olds and up, 4 1/2 furlongs:
1. Back May, 115 (Claver), 3 to 2, 2 to 2 and out.
2. Natham, 102 (Callahan), 15 to 5, even and 3 to 5.
3. Marjorie A., 117 (Taplin), 15 to 5, 7 to 10 and out.
Time 1:06 3/5. Fascinating and U See 11 also ran.

FOURTH RACE—Purse \$600, maiden steepchase, 4-year-olds and up, about two miles:
1. Frigole, 142 (Gaddy), 10 to 1, 3 to 1 and 8 to 5.
2. Dorothy Webb, 150 (Dupee), 7 to 1, 5 to 2 and even.

ANNEXATION ORDER SURE TO GO THRU

Enough Names on Petition to Warrant Taking in of Northern Districts.

RATEPAYERS' CLAIMS

Delegation Filed Petition With Secretary of Ontario Railway Board.

A body of residents and ratepayers from the Cedarvale, Wychwood and Bracondale districts, who are interested in the proposed annexation of the part of York Township to the city, appeared before the Ontario Railway Board yesterday to appeal against the order being made until the facts were more clearly understood. They claimed that ninety-one of those who had signed the petition asking re-arranged so done so without understanding exactly what would be asked. Letters were presented to the board secretary stating that their signatures had been gained under misrepresentation and should not count.

CALLED POLICEMAN TO PRESERVE ORDER

Rival Deputations from Todmorden Created Scene in City Hall.

Mayor Hocken, at the meeting of the city council and residents of Todmorden this morning, considered the question of annexing that suburb, was obliged to call a policeman to keep the rival deputations from creating such a scene as would hinder the carrying on of business.

The arguments of the rival deputations reached such a heated point that Mayor Hocken had to declare the meeting closed and leave the chair. He was prevailed upon to resume his seat and the controversy commenced anew.

Dr. E. McDonald of North Riverdale precipitated matters when he charged that the water in the district was not fit to drink and stated that if sickness should break out there it would spread through the rest of the city. Several of the deputations thinking otherwise than Dr. McDonald, then started to cross-fire at the meeting.

CITY WILL ASSIST FAT STOCK SHOW

By Vote of Thirteen to Nine Council Decides to Make Up Deficit.

Toronto guarantees to meet its estimated deficit of the fat stock show to be held here during the coming winter, which sum is calculated to be \$25,000. Council took four hours of debate, discussion, and merely talk to arrive at this conclusion. One hour was consumed yesterday night and about three hours yesterday afternoon. Ald. McBride killed the giant's share of time. The vote was: For grant—Mayor Hocken, Rowland, Maguire, Smith, Risk, Robinson, Wickitt.—12. Against grant—Controller McCarthy, Ald. McBride, Cameron, Singer, Maybee, Hiltz, Whetter, Ryding, Walton, Dunn.—11.

THREE MEN MET DEATH IN LODGING HOUSE FIRE

Canadian Press Despatch. MANCHESTER, N.H., July 2.—A search of the lodging house of Mrs. David Mayo on North Elm street, which was damaged by fire early today, revealed the fact that three lives had been lost. John Reed was killed when he disregarded a policeman's warning and jumped from a second-story window. Mederic Caron and Albert Lachance were suffocated in the rooms on the top floor of the four-story frame building. Several lodgers were slightly hurt in jumping from windows. Some were taken down ladders and others escaped over the roof to an adjoining building. The fire started in the basement from an unknown cause.

NEED PIED PIPER TO RID NEW ORLEANS OF RATS

Canadian Press Despatch. NEW ORLEANS, July 2.—Six thousand baited rat traps set silent duty in the infected zone of this city, where they had been placed by direction of the health authorities, in their vigorous campaign to eradicate bubonic plague. Two hundred employees of the city placed the traps, rat proofed residences and business houses, and kept a general surveillance in the prescribed area.

LIBERAL PRESS LIKES LANSDOWNE'S SPEECH

Canadian Press Despatch. LONDON, July 2.—The Liberal press today is generally inclined to acknowledge that Lord Lansdowne's speech was conciliatory, and Unionist papers are inclined to support his declaration that the exclusion of Disher is no real way of settling the difficulty. Things, however, are really almost in the same negative position as before, especially as the Unionist press have given no certain indications what line their amendments will definitely take.
