VOL. XXXVIII.—No. 13,756 TWO CENTS

BRITISH AND FRENCH MAKE GAINS

Dominion Government Overrides Habeas Corpus Judgment by an Order-in-Council Allied Advance in Albania is Rapidly Approaching Berat

ALLIES CONTINUE TO ADVANCE UPON WIDE FRONT IN ALBANIA

Brilliant Success on Sixty-Mile Front Will Strengthen Austrian Slavs in Revolt Against Harsh Rulers-- Big Gains by Italians, French, Albanians.

Where Did the Nickel Come From? THE INTERNATIONAL NICKEL COMPANY

Rome, July 10.—The Italian troops on the offensive in Albania are continuing their advance, the war office announced today. The enemy in yesterday's fighting was beaten back on both sides of the Osum River.

Table with 3 columns: Name, Address, Position. Includes Edmund C. Converse, E. F. Wood, J. R. DeLamar, etc.

Paris, July 10.—A French official communication on the Balkan operations issued tonight says: "There was artillery and patrol activity west of the Vardar. Notwithstanding the costly checks of yesterday at the Cerna Bend, the enemy today again launched his assault troops against our positions north of Monastir, and was again repulsed with appreciable losses."

The above is a reproduction of a page of the official sixteenth annual report of the International Nickel Co. of New York for the year ending March last. It lists the names of directors elected at the annual meeting in May last.

London, July 10.—Successes won by the allied troops in Albania will add seriously to the troubles of the Austrians. They were won by a fresh, determined action in the Balkan area, where any military success must always have immediate and valuable political reaction.

How long in Canada to continue to see her nickel ore refined in outside countries by companies that have treated this country as they have done; by companies more or less interlocked at the outbreak of the war, and after, with the great German metal trust?

Altho the region of the allied advance is 70 miles from the Salonica front, there are already signs of nervousness among the enemy troops in that area. The advance in Albania is a serious threat to the right flank of the Bulgarian armies in the region of Monastir. This is evident if appreciated by the enemy and, too, it will have the effect of bringing to the side of the allies many from the hill tribes, which are among the finest fighters in the world. Every fresh success of the allies will hearten the South Slav races, who are already in revolt against their Austrian rulers.

It all constitutes one of the most insidious and most far-reaching blows that "the purring duplicity" of Germany has dealt to any of the allies.

Washington, July 10.—An official despatch to the Italian embassy today from Rome said that the Italian and French troops in their offensive in Albania, which is continuing to advance, captured 1000 prisoners, including 50 officers, several airplanes and much war material.

With the American Forces on the Marne, July 10.—American pursuit planes, flying in squadron formation penetrated German occupied territory north of Chateau Thierry, for a distance of 50 miles today, and chased several German machines which they encountered. The Americans secured considerable information and observed the preparations being made by the enemy.

TAX ON JEWS SOUGHT. Amsterdam, July 10.—The Jewish correspondence bureau of The Hague today says it learns from Berlin that the Pan-Germans are asitating for a tax on Jews.

DAMNABLE MISUSE

British Coroner's Jury in Verdict Condemns German Warfare. London, July 10.—"Lost, their lives thru the damnable misuse of warfare," was the verdict of a coroner's jury in an East Coast port, after investigating the deaths of British fishermen killed by shrapnel from a German submarine, which opened fire on an unarmed trawler without warning.

HABEAS CORPUS JUDGMENT NOW IS SET ASIDE

Order-in-Council Passed by Government Supersedes Civil Laws. EXEMPTIONS CANCELED

No Court in Canada Can Give Ruling Altering M.S.A. Principle. Calgary, July 10.—A writ of attachment issued by the supreme court, and Sheriff Graham was ordered to appear before the court for contempt of court.

NINE MACHINE GUNS CAPTURED BY BRITISH

Local Operation Succeeds Against Germans Near Marais in Flanders. London, July 10.—Field Marshal Haig's report from British headquarters in France tonight says: "In the successful minor operation carried out by us last night in the neighbourhood of Marais, we captured nine machine guns and two trench mortars, in addition to a number of prisoners. Further prisoners have been brought in during the day by our patrols on different parts of the front."

KONENKAMP TAKES CHARGE HIMSELF

President of Telegraphers' Union is Now on His Way to Toronto. C. E. Hill, general organizer for the International Union of Commercial Telegraphers in Canada, stated last night that the expected strike of the union in Toronto, which might not materialize until the arrival of S. J. Konenkamp, the president of the union, who had wired him to Toronto.

WHEAT SUBSTITUTES IN BREAKFAST FOODS

Food Board Reduces Quantity of Wheat to Be Used in Manufacturing. Ottawa, July 10.—The Canada Food Board today issued an order providing additional regulations in order to conserve wheat, by requiring the use of substitutes in the manufacture of breakfast foods, now made wholly or in part from wheat.

The order provides that no person shall manufacture any rolled wheat, wheat flakes, wheat meal or cracked wheat containing more than 80 per cent, by weight, of wheat. In manufacturing any of these products of wheat flour is prohibited.

ITALIANS RECTIFY LINE IN VALLEY OF BRENTA

Rome, July 10.—Italian troops in the Brenta Valley, on the mountain front, carried out operations yesterday by means of which the Italian line in this region was rectified, the war office announced today.

TO DEVELOP NORTH BY USE OF HYDRO

Sir Adam Beck Announces Plan to Generate 130,000 Horse-Power. RUSH CHIPPAWA SCHEME Ontario Government Authorizes Another Half Million Dollars for Work. London, Ont., July 10.—Speaking at a banquet tendered to boosters of hydro by the utilities commission at Fort Stanley tonight, Sir Adam Beck announced that the Ontario Hydro Commission planned to develop the vast resources of the north by the use of hydro. It is proposed, he said, to develop 130,000 horsepower on Lake Nipigon for Port Arthur and Fort William, and to open the way for the development of the pulp limits of that district and in the development of mineral resources.

GERMAN BOMBS KILL FIFTY BELGIAN GIRLS

London, July 10.—In a recent German raid on the Belgians, more than 50 girls were killed by air bombs launched upon an ambulance park at La Panne, behind the Yser front. According to a special despatch from The Hague, fifty bombs were dropped in the immediate neighborhood of the park and several struck a large villa about a hundred yards from the hospital.

FRENCH CAPTURE LA GRILLE FARM

Paris, July 10.—In the sector to the southwest of Soissons the French have continued their gains, occupying La Grille Farm, advancing to the outskirts of Longpont and penetrating the northern section of Corcy, according to the war office announcement tonight.

THE LABOR SITUATION

General Condition in Toronto Unsettled and Full of Serious Possibilities, Say Union Men. The general labor situation in Toronto was stated by labor men at the Labor Temple last night to be unsettled and full of the most serious possibilities.

NO ACTION TO FOLLOW AMBASSADOR'S MURDER

Germany Will Not Hold Bolsheviks Responsible for Action. London, July 10.—The German Government does not intend to hold the Soviet government responsible for the death of Count von Mirbach, the German ambassador, according to a semi-official announcement from Berlin, transmitted to the Exchange Telegraph Company by way of Amsterdam, it being evident that Russia is doing all that is possible to punish the murderers.

STAND-PATTERS DELAY DEBATE ON THE STRIKE

Necessary Two-Thirds Vote to Reopen Discussion Not Secured. MEETING TODAY Proposition From Men Ready for Submission to Council. Failing to secure the necessary two-thirds vote to suspend the rules so as to permit of the introduction of a resolution offered as a means of settling the civic employees' strike, council adjourned yesterday afternoon without taking any action.

TAKE PART OF CORCY

New Line Reaches Outskirts of Longpont on Aisne Front. Paris, July 10.—In the sector to the southwest of Soissons the French have continued their gains, occupying La Grille Farm, advancing to the outskirts of Longpont and penetrating the northern section of Corcy, according to the war office announcement tonight.

BRINGS DOWN FIRST

With the American Forces on the Marne, July 10.—Lieut. Quentin Roosevelt, the youngest son of ex-President Roosevelt, brought down his first German airplane this afternoon in a fight north of Chateau Thierry.

THE LABOR SITUATION

General Condition in Toronto Unsettled and Full of Serious Possibilities, Say Union Men. The general labor situation in Toronto was stated by labor men at the Labor Temple last night to be unsettled and full of the most serious possibilities.

OLD-TIMERS SURE Humber Has Moved

Dispute Over Ownership of Islands in River Continues in Court.

The early history of the Humber River was told by many white-haired old-timers yesterday when the case of the Purdy Springs Water Company was resumed before Mr. Justice Lennox in the non-jury assizes.

Alfred B. Cooper, aged 73 years, called by the petitioners, stated he had lived practically all his life in the neighborhood.

"The river has moved," "No, it was not," "Was it there prior to the flood?" "No, it was not."

William Patterson Cornell said he was 73 years of age and he bore out the previous witness' statement.

Mr. Nash declared he used to rent the east bank of the Humber River, and today the course of the river was quite different from what it used to be.

E. Hewitt, called by the crown, said he was a member of the city council from '85 to '94. He said he was now 66 years of age, and formerly lived at Lambton Mills on Dundas street.

"Your memory is not very good," remarked Justice Lennox. "I ought to know, I have visited the place," said the witness.

"So have I," replied Justice Lennox. After several other witnesses had heard the hearing was adjourned until Friday.

Lists of Military Service Act defaulters who failed to report on colors for training when called up on June 5, 7, and 10, have been issued for publication by the department.

Nominal roll of men who failed to report June 10, under M. S. A. to the 1st Depot Battalion, 1st C.O.R., Niagara Camp; Charles Braithwaite, 238 West Adelaide street; Peter Chalus, 1648 West Queen st., Toronto; David Dunlop, Parry Sound; Gordon Hicks, Newmarket; Frank Colton Quirk, Hotel Spadina, 72 West Queen, Toronto; Ronald Percy Tilling, 282 Sherbourne st., Toronto; Lawrence Lloyd Turnbull, 1000 Bloor street; Montgomery Westcott, Beaverton; Thomas Young, 26 Balmuto st., Toronto.

1st Depot Battalion, 1st C.O.R., list of men ordered to report June 7, and who failed to do so: Russell Ernest Boreham, 172 Queenston st., St. Catharines; Harry Caplan, 347 West Dundas street, Toronto; Alexander Gilbaud, Nicholson siding; Alphonse Houle, Nushka Station; Samuel Simon Needles, 464 East Barton st., Hamilton; Robert Fierleick Nelson, 184 Cody ave., Toronto; John Joseph Purdie, 5 Turner ave., Toronto; Alex. Stewart Quin, Beaverton; Charles Rosefellow, R. No. 2, Port Rowan; Henry Joseph Stanley, 1179 Bathurst st., Toronto; John Harrison Stokes, 130 St. David st., Toronto; Herman Tannenbaum, 157 Ontario st., Toronto; Alexander Alexander Walton, 234 Berkeley st., Toronto; Harold C. Whiteside, Alliston.

Nominal roll of men who failed to report June 5, under M. S. A. to the 1st Depot Battalion, 1st C. O. R., Niagara Camp: Tony Pasani, 63 Beaverton; Toronto; Joseph McCarri, Kirkland Lake; Charles Harvey Whiby; Otto Schaus, Preston; Howard Seord, R. R. No. 2, Oakville.

HUNGARIAN WAR LOAN. Paris, July 10.—The period for subscribing to the eighth Hungarian war loan, which was to close on July 12, has been extended until July 24, according to advices from Basle.

One hundred and two Toronto churches to date, amount received in church campaign to date (July 8), \$15,886.32.

DOMESTIC SCIENCE FOR NORTH COUNTRY

The soldiers' and sailors' training school at Month, which was opened last spring, will not be required after the beginning of September, and the provincial department of agriculture is taking advantage of its splendid accommodation to arrange for a three-weeks' course in domestic science, to be started September 16.

The course, which will consist of cooking, canning, sewing and general housekeeping, will be conducted under the auspices of the Month experiments, in the Women's Institute branch of the department of agriculture, and will be supplemented by lectures on butter and cheese making and general housekeeping.

The buildings are admirably adapted for the proposed course, as they are modern in every detail, containing electric light, hot and cold water, baths, and every up-to-date convenience. There is accommodation for 45 students, and it is expected that all of it will be taken at an early date.

A staff of competent teachers will be engaged, and every effort will be made to make the course an instructive and pleasant one for the students, a pleasant one socially. No tuition fees will be charged. The only expense will be \$5 a week for board.

POINT AU BARIL SLEEPING CAR SERVICE CANADIAN PACIFIC. The Canadian Pacific will, commencing June 23rd, operate standard sleeping car, Toronto to Point au Baril, at 10.00 p.m. each Monday and Tuesday. Further particulars from Canadian Pacific Ticket Agents or W. B. Howard, District Passenger Agent, Toronto.

NO FEAR OF SHORTAGE OF STANDARD FEEDS. From contracts received from the millers up to date, according to C. F. Bailey, assistant deputy minister of agriculture, at least 12,500 tons of standard hog feed will be available by August 1 for the Ontario farmers, so that there is not the slightest fear of present of any shortage of standard feed for hogs, as the estimated quantity required was 15,000 tons.

Contracts for cattle standard feed are not just as satisfactory nor encouraging, but steps are being taken by the department of agriculture to solve the problem, and the farmers can be assured that the necessary amount of standard feed will be found available by October 1 of this year.

WOMEN'S DEPUTATION ASKS FOR DELAY. Mrs. Huestis and Dr. Patterson and a deputation of women introduced by Ald. H. H. Ball, asked council yesterday to defer action in the matter of the by-law permitting the conversion of old residences into three-storey apartment houses. The city should do nothing which might be regretted later on, they said. More reliable information should first be obtained.

Capt. Moran, of the G.W.V.A. protested against removing the restrictions of the curfew, as the centre of the city would be overcrowded and rendered unhealthy by reason of congestion. Council will secure further information before acting.

Controller O'Neill said the deputations of a representative one. Apartment houses, he added, were perfectly all right for the central part of the city. However, he was open to any suggestions that might be advanced.

EXEMPTION GIVEN TO FIFTY FARMERS

Business Man Must Wind Up His Affairs and Report for Duty.

At Justice Sutherland's exemption tribunal fifty more farmers of the district adjacent to Toronto were granted military exemption until November 1. Six other men either had their applications for exemption refused or were granted a month or two to clear up their business affairs. These latter included Abraham Michael Orpen, Jun., 174 Carlton street. He is factory superintendent for his father, with the Hesco Electric Manufacturing Co. He is 32 years of age, and was classified A2 in November, 1917.

A re-examination by the same board in December placed him in E class. He presented a certificate from Dr. Joachim Guinane to the effect that he was unfit for any active military duties. He asked re-examination.

Joseph Robert Morrison, Malton, to Nov. 1; Francis E. Harrison, Malton, to Nov. 1; Stanley Melville Rowland, Malton, to Nov. 1; Albert Wright, Etobicoke, to Nov. 1; Joseph Frost, Thistletown, to Nov. 1; Joseph Howard, Downsview, to Nov. 1; Lorne David Gooderham, Downsview, to Nov. 1; Lewis Frost, Thistletown, to Nov. 1; William Archibald, Stouffville, to Nov. 1; Samuel Clifford Jamieson, Kettleby, to Nov. 1; Daniel Wilson, Schomberg, to Nov. 1; John Stuart Baird, Scarborough Junction, to Nov. 1; Oscar John Hall, Scarborough Junction, to Nov. 1; Jeffrey David Hyslop, Gormley, to Nov. 1; Orla Albert Heise, Gormley, to Nov. 1; Wm. J. McKnight, Gormley, to Sept. 1; Samuel E. Egan, Kleinburg, to Nov. 1; Wm. J. Egan, Kleinburg, to Nov. 1; James Fletcher Bell, Milliken, to Nov. 1; Robert Douglas Matt, Hamilton, to Nov. 1; William John Brown, Schomberg, to Nov. 1; John Munro Davidson, Schomberg, to Nov. 1; John Alfred Jeans, Schomberg, to Nov. 1; Harold E. Eversley, to Nov. 1; Jos. James Tracy, Schomberg, to Nov. 1; Robert Newton Smith, Ringwood, to Nov. 1; Harry Hamilton, to Nov. 1; Stouffville, to Nov. 1; Albert Ernest Lager, Stouffville, to Nov. 1; James Richard Foot, Stouffville, to Nov. 1; William Ross Wilson, Stouffville, to Nov. 1; Llewellyn John Hamilton, Beaverton, to Nov. 1; James Sheile, Agincourt, to Sept. 1; Harry Victor, to Nov. 1; Thomas O'Leary, Franklin Charles Closson, Highland Creek, to Nov. 1; Hugh O. Elliott, Agincourt, to Nov. 1; Cecil Wilson, West Beaver, to Nov. 1; William Rowe, Agincourt, to Sept. 1; Albert William King, Agincourt, to Nov. 1; Frederic Thomas Chapman, Agincourt, to Nov. 1; Thomas O'Leary, West Hill, to Nov. 1; John Thomson, Scarborough Junction, to Nov. 1; Albert Elmore Westland, Agincourt, to Nov. 1; Joseph Smith, West Hill, to Nov. 1; Herbert Allan Green, Scarborough Junction, to Nov. 1; Alexander Scott Crichton, Scarborough Junction, to Nov. 1; Joseph Barber, Wexford, to Nov. 1; Joseph Greenfield, Unionville, to Aug. 10; Gordon George Tooley, Milliken, to Nov. 1.

Exemptions Refused. Marshall Mackie, Richmond Hill, after a month, subject to examination; Abraham Smith, to June 17, 174 Carlton street, after two months, and subject to examination; James Vetsell, to Henry Gordon R. S. Cameron, 187 Mutual street; Herbert Nelson, Cook, 2004 Yonge street.

MISS DENNIS IS SAFE. R. E. Dennis, 359 Lanedowne avenue, in receipt of a cable from his daughter, Gladys M. Dennis, who was a missing sister on board one of the troopships at the time the Llandovery Castle was sunk. It was at first thought that the young woman had been on board that ship, but the cable received yesterday stated that she, with her companion, had arrived safely on the other side.

Prof. Mulveney Answers Telephone Call. Hello! Is that Prof. Mulveney's, Parkdale 4897? Yes, lady. Is Prof. Mulveney there? Yes, Prof. Mulveney is speaking. Have you a remedy for children? Yes. Could you tell me, if I brought my little girl down, if I brought my child, if I have worms in my child? No, lady, I cannot tell by looking at children if they have worms. You can't. Could you tell me if I told you all the symptoms? No, madam. My remedy called Mother's Friend, expels worms, is an excellent Tonic and Builder, good for the Nerves, and is an excellent medicine for Regulating the bowels; it brings away all filth and small Intestinal Worms, is perfectly harmless and can be given to the smallest infant without fear of doing harm. A lady who is living on Shaw street got a bottle of this medicine for her baby, 2 years old. She said she had no peace with this child night or day for four months; the doctor was calling regularly and did not help the child; in the least, the little one took a bad spell of cholera; she opened its mouth and pulled out a stomach worm, which was strangling the child. She rushed over to me and bought this child, also the worm, which measured 8 inches long, with her. She purchased a bottle of Mother's Friend, and she said she had brought it 17 more away. She was horrified at the sight and brought the worms to me, which I have here in a bottle in my office, and many others from many happy mothers. So you think it is a good investment to try it, you think it is \$1.00 per bottle and 6c for postage in the city, and 8c for postage outside Toronto. Now, you understand it is not necessary to waste car fare bringing your children here, as I do not practice medicine, and have only the one remedy for sick children, which expels worms if they are there. It is an excellent medicine for children, and has cured many. Hit ones of St. Vitus' Dance and Convulsions, also fits. Call or send to 211 Ossington avenue (former-ly Dundas street), Toronto, Ont. Phone Park 4820. Mother's Friend in powder form each package makes twice as much medicine for \$1.00; no danger of breaking and no cost for sending. Just send \$1.00.

ANYWHERE, DAY OR NIGHT. NO CHARGE GOING OR COMING. OAKVILLE BRANCH: CORNWALL & SONS, Phone 334. SHANNON THE PLUMBER Phone Park 738-739. MACHINERY FOR PEAT HOLDING UP EXPERIMENT. The yearly increasing difficulty in getting adequate supplies of anthracite coal from the United States, and the consequent threatened shortage of fuel in various parts of the country, have been causing some anxiety, and means are taken to find every possible substitute for coal available on this side of the line.

At the last session of the provincial legislature certain amount of money was set aside for the conducting of experiments with the large peat deposits in the province, and in May last it had been expected that the necessary machinery which was to be used in the peat bogs, and which was being assembled in Montreal, would be ready to put into operation early this summer. Owing to the difficulty in getting certain parts of the machinery ready on time, the work has had to be postponed for some time. The experiments were first to be made in the Holland Landing bog, but will now have to be conducted in some other locality.

According to Hon. G. Howard Ferguson, minister of lands, forests and mines, the special machinery will be completed about the end of this month, and it is very likely that they will be tried out jointly by the federal and provincial governments in the peat bogs of the province. The experiments will be started very probably this fall, but it is not expected any peat will be available for commercial purposes before the preliminary work is also being conducted in a large peat deposit in the Cochrane district.

YONGE STREET. The volume of tourist traffic from the United States this year has been considerably lessened by misleading press despatches appearing in American and Canadian papers regarding the Canadian Registration Act. It was unwarrantably stated that visitors to Canada from the United States would be compelled to register at a postoffice before they could secure accommodation at a hotel, that passports were absolutely necessary, and more recently the absurd rumor was widely circulated that women from the United States would not be allowed to enter Canada. This latter ridiculous report is specifically denied by W. D. Scott, superintendent of immigration, who officially designated it as "absolutely without any foundation in fact." Senator Gordon Robertson, a member of the Dominion cabinet, and chairman of the registration board, is equally positive in his denials of the other mischievous reports. The actual facts are, according to the official statement of the registration board, that the Registration Act applies only to people permanently resident in Canada, and does not affect even remotely anyone living in the United States; that no registration at a postoffice is necessary, and that no passports are required. The possession of papers showing the holders to be American citizens is all that is necessary to cross into Canada. At the international boundary line the holders of these papers are given an identification card by the Canadian immigration officials, which enables the visitors to travel freely where they wish without any interference on the part of Canadian officials.

No Restrictions Whatever. Senator Robertson, chairman of the registration board, has announced that "neither in the regulations for Canadian registration, is there anything that would indicate desire or intention to impose restrictions upon Americans or aliens entering, traveling in, or leaving Canada."

OVERSEAS CLUB WORKING FOR EMPIRE EXPANSION. The Toronto branch of the Overseas Club is making a special effort through the medium of intercourse with chambers of commerce, boards of trade, government departments and similar channels, to collect for its members definite and accurate information concerning the commercial and financial conditions in various parts of British territory.

This is done with the idea that at the close of the war there will be a great interchange among the peoples of other countries and Canada, the expectation being that many Canadians will seek "fresh fields and pastures new" in the motherland, while beyond doubt many thousands will flock to Canada.

The department of colonization of the Ontario Government and the trades and labor bureau have both expressed themselves as in sympathy with the club in their efforts to send out information regarding the resources of Canada and other parts of the empire.

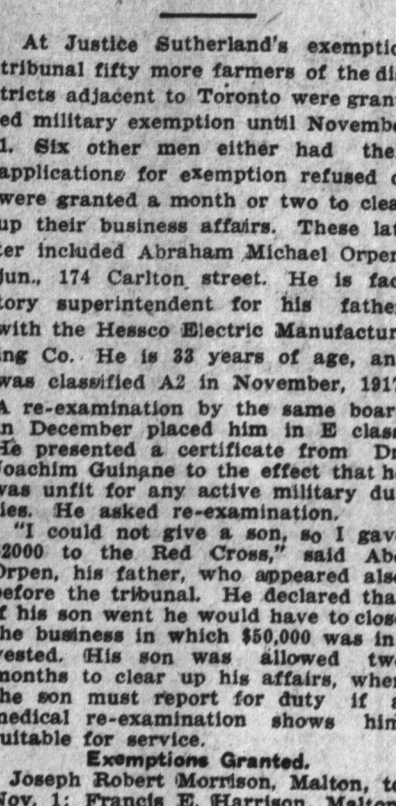

COULD NOT DISCUSS POLITICS. F. G. Pratt, acting provincial secretary of the G. W. V. A. for Ontario, was asked yesterday afternoon his opinion as to the desirability of contesting the seat of Northeast Toronto against the Hon. Dr. Cody. "I have no opinion to offer," replied Mr. Pratt. "You are, of course, aware of the fact that it is against the constitution of our association to take any sort of action relative to political activities. Individual members of the association are always at full liberty to take what action they see fit in these matters. Official representatives of the G. W. V. A. are not in a position to discuss politics."

TONIGHT! Come to the "Moonlight" on the steamer "Cayuga." Full Orchestra. Tickets 50 Cents. Boat Leaves Yonge Street Wharf, 3:45 p.m. Canada Steamship Lines, Limited.

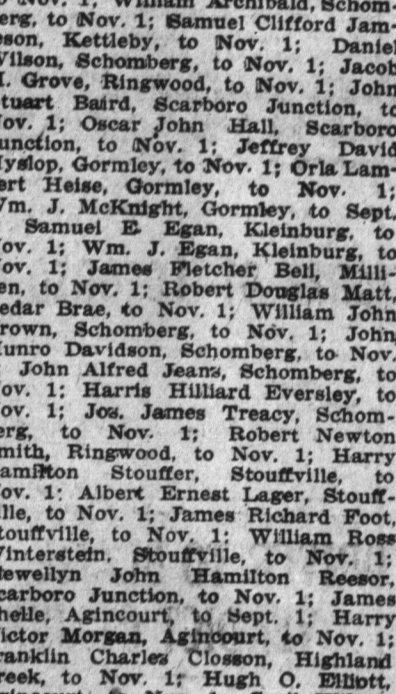

SHOE-SHINERS AND WAR PRICES. Downtown and central shoe-shine "parlors" report a slump in business after advancing the cost to ten cents. Customers that had a daily polish now visit the stands once a week, and have been buying their shoes outside this zone a shine may still be had for five cents. A Bloor street shoeshiner stated the jump to ten cents was not warranted, even by war times. Uptown establishments report an increase of patrons.

DEEDS OF THE SOLE

"Acme" Soles look at you through their pictures. "Acme" Soles speak to you through these words. "Acme" Soles appeal to you through deeds. And deeds are what count. The needs we refer to are those of Service. It costs money and entails many worries to stick to a high standard; yet any other standard would naturally be unsuitable for any product Dunlop-made. We have camped on all the trails that lead to the finished "Acme" Soles. The system by which they are made is as pliable as the sole. The result is a satisfactory product that can be successfully manufactured in large quantities, as well as in small ones; and, judging by the record of service, is unbeatable.

PHONES: Main 6354-5-6-7. DUNLOP TIRE & RUBBER GOODS CO., Limited. Toronto Uptown Branch - 210 Victoria Street.

TOURIST TRAFFIC HURT BY RUMORS

No Interference Whatever by Canadian Officials With United States Visitors.

The volume of tourist traffic from the United States this year has been considerably lessened by misleading press despatches appearing in American and Canadian papers regarding the Canadian Registration Act. It was unwarrantably stated that visitors to Canada from the United States would be compelled to register at a postoffice before they could secure accommodation at a hotel, that passports were absolutely necessary, and more recently the absurd rumor was widely circulated that women from the United States would not be allowed to enter Canada. This latter ridiculous report is specifically denied by W. D. Scott, superintendent of immigration, who officially designated it as "absolutely without any foundation in fact." Senator Gordon Robertson, a member of the Dominion cabinet, and chairman of the registration board, is equally positive in his denials of the other mischievous reports. The actual facts are, according to the official statement of the registration board, that the Registration Act applies only to people permanently resident in Canada, and does not affect even remotely anyone living in the United States; that no registration at a postoffice is necessary, and that no passports are required. The possession of papers showing the holders to be American citizens is all that is necessary to cross into Canada. At the international boundary line the holders of these papers are given an identification card by the Canadian immigration officials, which enables the visitors to travel freely where they wish without any interference on the part of Canadian officials.

NO RESTRICTIONS WHATEVER. Senator Robertson, chairman of the registration board, has announced that "neither in the regulations for Canadian registration, is there anything that would indicate desire or intention to impose restrictions upon Americans or aliens entering, traveling in, or leaving Canada."

OVERSEAS CLUB WORKING FOR EMPIRE EXPANSION. The Toronto branch of the Overseas Club is making a special effort through the medium of intercourse with chambers of commerce, boards of trade, government departments and similar channels, to collect for its members definite and accurate information concerning the commercial and financial conditions in various parts of British territory.

This is done with the idea that at the close of the war there will be a great interchange among the peoples of other countries and Canada, the expectation being that many Canadians will seek "fresh fields and pastures new" in the motherland, while beyond doubt many thousands will flock to Canada.

The department of colonization of the Ontario Government and the trades and labor bureau have both expressed themselves as in sympathy with the club in their efforts to send out information regarding the resources of Canada and other parts of the empire.

COULD NOT DISCUSS POLITICS. F. G. Pratt, acting provincial secretary of the G. W. V. A. for Ontario, was asked yesterday afternoon his opinion as to the desirability of contesting the seat of Northeast Toronto against the Hon. Dr. Cody. "I have no opinion to offer," replied Mr. Pratt. "You are, of course, aware of the fact that it is against the constitution of our association to take any sort of action relative to political activities. Individual members of the association are always at full liberty to take what action they see fit in these matters. Official representatives of the G. W. V. A. are not in a position to discuss politics."

TONIGHT! Come to the "Moonlight" on the steamer "Cayuga." Full Orchestra. Tickets 50 Cents. Boat Leaves Yonge Street Wharf, 3:45 p.m. Canada Steamship Lines, Limited.

SHOE-SHINERS AND WAR PRICES. Downtown and central shoe-shine "parlors" report a slump in business after advancing the cost to ten cents. Customers that had a daily polish now visit the stands once a week, and have been buying their shoes outside this zone a shine may still be had for five cents. A Bloor street shoeshiner stated the jump to ten cents was not warranted, even by war times. Uptown establishments report an increase of patrons.

MILITARY FUNERAL FOR LATE W. H. PARKER

Representative members of the Beaches Masonic Lodge and Court Cosmopolitan, A. O. F., attended the funeral of the late W. H. Parker, a veteran of the Burmah campaign and the present great war. He entered the British regular army when a youth, and served for ten years in gaining the Burmah "medal" in 1887-88. At the outbreak of the present war he was eager to volunteer, and was accepted for the band of the 127th Battalion, and served overseas for eight months. He was seriously injured in an accident at a rifle range and invalided back to Canada, and gradually succumbed to the effects of his injury.

Private Parker was an enthusiastic member of the Toronto militia, and served in the 48th Highlanders from September 17, 1897, to February 2, 1912. He came to Canada 26 years ago to reside in business with his father, the late G. H. Parker, and later member of the firm of Parker Brothers, printers. He was a resident of Kew Beach for about ten years, and is survived by a widow, two daughters and a son, who reside at 30 Kippendave avenue.

The military funeral yesterday was in charge of Capt. W. F. Seaman. The cortege was headed by a firing squad of infantry. The band from Exhibition Park Camp played the Dead March en route to Prospect Cemetery. Six comrades marched as pallbearers beside the gun carriage which bore the flag-covered casket. Many mourning relatives and friends followed in motor cars to the cemetery, where the interment took place in the family plot.

YOUNG WOMAN'S MOTHER SAYS GIRL IS TO BLAME. In the county judge's criminal court, before Judge Morson yesterday, Horatio Gratton was found guilty of the charge of having committed a serious offense against a young girl, and sentenced to three months in the jail. Extenuating circumstances caused the judge to take a lenient view of the crime. The girl, aged 16, was not in court, but her mother, Mrs. Elizabeth Chadman, was stated the girl would be 17 in September. She pleaded on behalf of the accused. "He has done more for us than my husband ever did," she said, and added she did not wish her punished, as it was not his fault, but it was her daughter who was to blame. "A most extraordinary case," remarked Judge Morson as he sentenced the accused.

The Toronto World

FOUNDED 1890. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

The Nationalization of Money.

We reprint on this page a despatch from London to The Montreal Star, which gives the comments and views of The London Daily News upon the British financial and banking situation.

The committee, it will be seen, commends the Federal Reserve Bank legislation passed by the United States Congress on the recommendation of President Wilson in 1913.

The government assumes the leadership in the banking business of the country, and as The Daily News points out establishes "an unbroken link between the state treasury at Washington and the smallest local bank in the remotest western state."

The foremost bankers in Canada are now on record as commending their fellow-bankers and to the government at Ottawa the principle of a state bank of rediscout.

That is as it may be. We may be pardoned for recalling that W. F. Maclean, M.P., thru the columns of The World and from his place in parliament, advocated a state bank of issue and rediscout for Canada six years ago.

Many utilities ought to be nationalized, but first of all there must be the nationalization of money. We must have no money trust, no currency corners, no money fannies, no "Black Fridays" in Canada.

There is still a disposition to wait with "bated breath" for the next great general German offensive on the west front. It may be a surprise to some people that there may be an allied offensive before the German one is ready.

IS A NATIONAL CREDIT SYSTEM DESIRABLE?

(Montreal Star, July 6.) London, July 6.—The report of the representative and influential committee of inquiry into the question of bank amalgamations raises issues much wider than its original terms of reference, notes The Daily News in a leader on the subject.

The committee was directed to consider whether such amalgamations were likely to be prejudicial to the interests of the industrial and mercantile community, and if so whether they should be prohibited altogether or permitted under supervision and restriction.

The essential feature of the report is the recognition of the need for an extension of government control over the banking system. The question the report suggests, but leaves unanswered, is to what point that control should be carried.

Such a process has advantages as well as disadvantages, but as a general principle the more imperial a combination becomes the less attractions, and troop trains. This has required about 100 secretaries entirely at Y.M.C.A. expense.

Now lamp-lit gardens in the blue dusk shine Thru dog-wood red and white And round the gray quadrangles, line by line.

Where red-coats used to pass, And round the bird-loved where Mercer died. And violets brook that ran so red of old.

But slings of friendship now, To feed the old enemy's harvest fifty-fold The green earth takes the plow.

Be sure he walks in shadowy buff and blue, Where those dim lilacs wave, He bends his head to bless, as dreams come true.

And smile from hearts at peace, And smile from hearts at peace, And smile from hearts at peace.

A Line of Cheer Each Day of the Year

By John Kendrick Bangs.

THE REALM OF YOU. You are a generalissimo in charge of forces great. The ruler of a splendid realm, a truly fine estate.

It is the realm of your own soul, with states of heart and mind. And as you think, and as you do, its power is inclined.

CHAPTER CXXX. We had a delightful dinner together, George and I. Then he proposed we go to a play.

WILL PARLIAMENT MEET THIS FALL? (Editorial, Toronto Telegram, July 10.) Will parliament meet this fall, or will it be postponed until next year?

CANADA NEEDS ITS GOVERNMENT. (Editorial, Toronto Star, July 10.) What is the meaning of agricultural law in Canada's part in the war?

Inter the Aliens. Editor, World: A British parliamentary committee appointed to investigate the alien question has recommended the internment of every alien enemy over the age of eighteen.

Order a case from your grocer. At hotels, cafes or restaurants, ask for O'Keefe's. O'Keefe's also make the very finest Ginger Ales, all flavors.

John Catto & Son Toronto... Ladies and Gentlemen's HATS... Work excellent. Price reasonable. NEW YORK HAT WORKS. Phone N. 5165. 556 Yonge St.

Entertain Old Folks... The old folks and orphans of the Oddfellows' Home, Davenport road, will be entertained Saturday by the members of Sovereign Lodge, No. 401, at a garden party and entertainment. The band of the 19th Regiment will give a concert from 3 to 5 p.m. and a number of high-class artists have promised their support. W. Johnston, past grand master, will preside.

Registration Figures Prove Satisfactory... Ottawa, July 10.—With approximately fifty per cent of the constituencies of the Dominion having been canvassed by the Registration Board, of which Hon. G. D. Robertson is the chairman, reports today that returns show the total number of Canadians registered on June 22. The number of males who registered in 122 constituencies, which comprise the entire country, has been received was 1,136,116, while female registrants numbered 1,212,389. These figures are considered as satisfactory by the registration board, particularly in view of the fact that returns have not yet been received from many of the city constituencies having a large population.

Registration in Dufferin... Orangeville, July 10.—C. E. McKeown, M.L.A., who acted as registrar for the manhood registration on June 22, today handed out the figures for the county of Dufferin. The returns show that 11,021 persons registered in Dufferin County, 5619 of whom were males and 5402 females.

THE WEATHER

Meteorological Office, Toronto, July 10.—(8 p.m.)—The general distribution of pressure remains much as it was last night, with the lowest barometer readings in the Ottawa Valley. The weather has been stormy in Ontario and Quebec, fair in the Maritime Provinces, and very fine in the western provinces.

Probabilities—Lower Lakes and Georgian Bay—Moderate westerly winds; mostly fair and a little warmer; a very few scattered showers. Ottawa Valley and Upper St. Lawrence—Light to moderate westerly winds; mostly fair and a little warmer. Lower St. Lawrence, Gulf and North Shore—Moderate to heavy westerly winds; partly fair and cool. Maritime—Moderate to heavy westerly winds; mostly fair and a little warmer. Lake Superior—Moderate westerly winds; fair and a little warmer. Manitoba—Thunderstorms in a few localities.

THE BAROMETER... Time. Ther. Bar. W. N. 8 a.m. 61 29.44 8 N. Noon 61 29.44 8 N. 2 p.m. 70 29.47 10 S.W. 4 p.m. 71 29.48 10 S.W. 6 p.m. 71 29.48 10 S.W. Mean of day, 65; difference from average, 3 below; highest, 75; lowest, 57; rain, 1.0.

STREET CAR DELAYS... Wednesday, July 10, 1918. Bathurst cars delayed at Front and Spadina, at 12.37 p.m., by train. Ashbridge Bay cars, both ways, delayed 1 hour, at 10.10 a.m., by pile driver on track.

RATES FOR NOTICES... Notices of Birth, Marriage and Death, not over 500 words... \$1.00. Additional words, each 50 No. of words, 10 cents. Notices of Funerals, not over 500 words... \$1.00. Additional words, each 50 No. of words, 10 cents. Notices of Deaths, not over 500 words... \$1.00. Additional words, each 50 No. of words, 10 cents. Cards of Thanks (Reverence)... \$1.00.

DEATHS... BRUMWELL.—At his residence, Victoria Square, July 9, 1918, Isaac Brumwell, in his 78th year, beloved husband of Mary J. Chester. Funeral service at the residence, at 2.30 p.m., Thursday, July 11. Interment at Victoria Square Cemetery.

BEBBINGTON.—At Grace Hospital, on Wednesday, July 10, 1918, Elizabeth Bebbington, wife of Walter Bebbington, aged 55 years. Funeral from her late residence, 101 Summerhill avenue, on Saturday, at 2.30 p.m., to Mount Pleasant Cemetery.

O'NEIL.—On the 11th of July, at Chicago, James M. O'Neil. He was born in Ireland, and resided in Toronto, Ontario, Canada, at his late residence, 22 Elm Grove.

SAWEN.—On Wednesday, July 10th, Margaret Brockwell, aged 73 years, relict of the late Thomas Sawden, at 1885 Queen St. East. Funeral Friday, 2 o'clock, from above address. Interment at Norway Cemetery.

WARDEN.—At Montreal, on Tuesday, July 9, 1918, Jemima M., widow of the late Rev. B. H. Warden, D.D., of Toronto. Funeral service (private) from the chapel of Hopkins-Burgess, 529 Yonge street, at 11 a.m. Interment Mt. Pleasant Cemetery.

MOTORISTS APPEARING IN OAKVILLE COURT... A number of Toronto motorists appeared yesterday at the speed court presided over by Magistrate Shields at Oakville. Twenty-five of the eighty-eight cases dealt with at court, Ernest Gibson, 52 Walker avenue, Toronto, said that his car did more than 25 miles an hour on the trip, although he had a constant clocked him at 22 1/2 miles and 24 on the return trip he was fined \$5. F. M. Mulkin, 122 Indian road, was fined with going 25 miles thru the village. Hilt, who stated that he was only travelling at 18 miles an hour, was fined \$5 for exceeding the limit.

MRS. LAWLESS DIES... Mrs. Emma Lawless died at the residence of her son, Arthur Lawless, 29 Parkhill avenue, yesterday in her 70th year. The late Mrs. Lawless is survived by her husband and son.

FUNERAL LATE MRS. STANTON... The funeral of the late Mrs. Eleanor Jane Stanton, who died at her late residence, 604 East Gerard street, will take place at St. John's Cemetery, Norway, tomorrow. Rev. Dr. Seager, rector of St. Matthew's Church, will officiate at the funeral.

GIVES FOOD LECTURE... Representative of Manufacturers' Association in the new Y.M.C.A. Under the auspices of the Women's Auxiliary, Broadview Y.M.C.A., a lecture on the value of food was given by J. F. Turner, a representative of the Manufacturers' Association, in the Broadview Y.M.C.A. rotunda, Broadview avenue, recently. The speaker, by his lecture, is serving samples of food to the audience.

MOTOR AND TRUCK COLLIDE... Yesterday morning, about nine o'clock, a collision between an auto truck driven by Harry Meeking, 85 Lakeview avenue, and a motor car driven by William Muir, 12 Herbert avenue, took place at the corner of Kenilworth avenue and East Queen street. The truck was damaged to some extent, but both drivers escaped injury.

YORK COUNTY AND SUBURBS

Riverdale... ST. MONICA'S CHURCH HOLDS ANNUAL PICNIC... The annual picnic in connection with St. Monica's Anglican Church Sunday school, corner of Ashdale avenue and East Gerard street, was held at Long Branch yesterday and the program and sports and games for boys and girls was successfully carried out. A special feature of the day's proceedings was the picnic on the water. The picnic was held in private cars from Greenwood avenue to the grounds. Refreshments were served and prizes were awarded to the successful competitors in the various events. The picnic was under the supervision of the superintendent, W. H. Smith, and the program committee, of which J. Robinson, D. Parkinson, general secretary, Rev. T. Summershays and Rev. Robert Gay, rector, were members. The national anthem was sung and the Rev. Robert Gay, rector, presided over the proceedings.

West Toronto... RAILWAY MEN OPPOSED TO WAITING ANY LONGER... The Brotherhood of Railroad Car-men of America, Beaver Lodge No. 256, met last night in St. James' Hall, Dundas street, to consider the circular sent out by division No. 4 of the railroad department of the Federation of Labor relative to their negotiations with the railroad war board in Montreal.

Brampton... BRAMPTON TO ADVERTISE BY SIGNBOARD MEANS... At the recent meeting of the Brampton Board of Trade the advisability of advertising the town by means of signs at the entrances by road and the two entrances of the C. T. R. was discussed. Mr. Chatterton has offered to defray the whole expense of the signs at the automobile entrances on condition that the name of the C. C. Company appear on the signs.

FUNERAL ARRANGEMENTS FOR THE TWO DROWNED... C. H. Stock, secretary Riverdale branch G.W.V.A., assisted by Sgt.-Maj. George Brighten, city hall, will be appointed to take charge of the funeral arrangements in connection with the late Mrs. Lettie Levan, who was drowned in the Centre Island on Monday last, which will take place this afternoon. The honorary pall-bearers will be: The Rev. W. H. Smith, rector of St. Monica's Church, Danforth avenue; the Rev. T. Summershays and Rev. Robert Gay, rector, of St. Matthew's Church, M.L.A. The Rev. W. H. Smith, rector of St. Monica's Church, Danforth avenue, will officiate at the funeral.

MRS. N. F. McKEOWN DIES AFTER MONTH'S ILLNESS... After a month's illness, the death occurred yesterday of Mrs. N. F. McKeown of 450 Pacific avenue, West Toronto, at the age of 50. Besides her husband and two small children, she is survived by her father, Henry Lever of Weston; two sisters, Mrs. W. King of Locust Hill, and Mrs. Calvin of Toronto; and two brothers, Frank Lever, also of Toronto, and James Lever of Cooks-ton.

FLOUR AND FEED BURNED... Richard Partly gave the alarm for what might have been a disastrous fire for Brampton, when the frame building used by A. E. Pearen, flour and feed merchant, caught fire last evening about six o'clock. The flames were promptly put out and the building was saved. The fire was caused by a gas leak in the boiler room.

SWITCH BREAKS WORKER'S ARM... While working at the Hydro station, Edwin avenue, yesterday at 1.15 p.m., Fred Howard, 122 Gladstone avenue, was struck by a switch blowing in the station. He was taken to the General Hospital in Spence's Ambulance, with Dr. A. T. MacNamara in attendance.

KNITTING FACTORY BUSY... McMurphy's Knitting Factory is so busy with a big war order for knitted gloves, that the employees are asked to undertake overtime almost every day. So pressing has the need for help, that the factory has had to employ women to take the work in their homes. The latest report is that the factory will be closed on Sundays until the work catches up.

ANDERSON-FLEMING... Two well known residents of Chinguacousy, Miss Gladys Fleming and Mrs. W. J. Anderson, were married yesterday afternoon at the home of the bride's parents, Sandhill, by Rev. F. N. B. Smith.

WILL PREACH IN WEST... Rev. A. P. Bruce, pastor, East Gerard street Methodist Church, will preach to western Canada to supply the pulpit at Zion Methodist Church, Mrs. Bruce and her family will be in Toronto for the next four Sundays.

RECTOR HAS RETURNED... Rev. Dr. Seager, rector of St. Matthew's Church, First avenue, who has been away attending the Port Hope Anglican summer school, has returned to the city and will resume his duties as usual on Sunday next.

PEERLESS ENCAMPMENT... Peerless Encampment, No. 104, I. O. O. F., held its regular meeting last night at Colvin's Hall.

OUTING TO AGINCOURT... The Women's Missionary Society in connection with Northview Presbyterian Church, Broadview, held an enjoyable outing to Agincourt last evening. The party went by motor car and were the guests of Mr. and Mrs. Larway, former members of North Broadview Church, and now residents of Agincourt. Miss Bella Elliott, returned missionary from Toronto, delivered an address on the work in that country.

SUMMER SCHOOL OPENS... Geneva Park Presbyterian Summer School, near Orillia, which will accommodate one week on Saturday next, has 120 applicants registered up to the present. Professor Taylor, Toronto University, takes the Bible study class and Rev. W. M. Mann, minister North Broadview Presbyterian Church, and Rev. C. A. Myers, pastor of the Sunday school and young people's work, Dr. Waters of India will lecture on mission work.

EARLSCOURT... Earlscourt citizens are not at all satisfied with the new arrangements made by the Hydro-Electric Co., by which two cents extra is to be charged on their light bills, in proof by the large number of complaints to the recently appointed local agents here.

WOODBRIDGE SERGEANT WOUNDED AND MISSING... Sgt. D. R. MacKenzie, Woodbridge, recently reported wounded, is now officially listed as wounded and missing. He is a prisoner in Germany, despite the fact that he has not been heard from since March. He was last seen at Woodbridge, where he helped to load out of the firing line to a dressing station. Sgt. MacKenzie was 30 years of age and had been overseas two years. An officer of the M.C. and his name has returned after winning the M.C. and being wounded at Vimy Ridge.

WOODBRIDGE... Constable Joseph Ford, New Toronto, is now comfortably settled in his new home, which is situated on Ninth street.

EARLSCOURT IS TALKING ABOUT COKE AND COAL... Coke and coal for consumption in Earlscourt the coming winter, instead of oil, which is now priced at \$13 a ton, seems to be the prevailing idea in this section.

WOODBRIDGE... Under the auspices of the Women's Auxiliary, Broadview Y.M.C.A., a lecture on the value of food was given by J. F. Turner, a representative of the Manufacturers' Association, in the Broadview Y.M.C.A. rotunda, Broadview avenue, recently. The speaker, by his lecture, is serving samples of food to the audience.

WOODBRIDGE... Under the auspices of the Women's Auxiliary, Broadview Y.M.C.A., a lecture on the value of food was given by J. F. Turner, a representative of the Manufacturers' Association, in the Broadview Y.M.C.A. rotunda, Broadview avenue, recently. The speaker, by his lecture, is serving samples of food to the audience.

MODEL TEACHERS IN ENGLISH-FRENCH

Results Announced From Several Ontario Centres.

The department of education announces herewith the results of the courses for teachers in training at the English-French model schools at Ottawa, Sandwich, Sturgeon Falls and Vankeek Hill.

The certificates of those who passed and the statement of marks of those who failed are being mailed to the individual addresses of the candidates.

Ottawa—Colombe Bourdeau, Berthe Castonguay, Colombe Pink, Valda Guindon, Irene Henri, Anola Labrosse, Gracie Lafortune, Irene Leclerc, Adel Martin, Irene Morin, Anita Raclet, Berthe Richer, Emergentienne Sauve.

Sandwich—Cecilia Bezaire, Bertha M. Benetou, Estario F. Benetou, Louis Monforton, Elizabeth Monforton, Minnie L. Mahoney, Rita M. Thibert.

Sturgeon Falls—Yvonne Chretien, Victoria Demers, Bernadette Demers, Marguerite Parrell, Therese Fortier, Jeanne V. Grenon, Marie Jeauroud, Annette Lafontaine, Jean Levis, Rose Marenger, Stasie Proulx, Nellie Oullette, Marie Rousselle.

Vankeek Hill—L. Doree Beauvais, Winifred Dray, Marie T. Brunel, Marie A. Cadoux, Clara Chatelain, Laura Clement, Donald Hotte, Claude Hotte, Esmeralda Lachaine, Clara F. Lapensee, Aidana Massonneuve, Gertraine Martineau, Marie J. Portelance, Marie A. Sabourin, Jules F. A. Therien, Berthe Villeneuve.

HELP BEING RECRUITED THRU REGISTRATION

With a view to meeting the demands for labor, the Toronto Resources Committee and the Ontario Resources Committee are recruiting farm help thru the agency of the recent registration.

Those who have expressed their willingness to work on farms for short or long periods are being communicated with. It is expected there will be a heavy call for supplementary farm labor about the end of the month.

So far, requests for labor are far in excess of the supply of labor, but it is expected that as soon as the haying season is over a fairly large number of people will be available for other work on the farms.

Salt Water and Fresh Water

FREE DEMONSTRATION AT OAKWOOD HIGH SCHOOL

ST. CLAIR AND OAKWOOD To-day 10 A.M. AND 2 P.M.

Don't fail to see this free demonstration given by the Canada Food Board, in conjunction with the Ontario Department of Fisheries.

Free Admission. Come With Your Notebook.

An experienced Domestic Science expert will show how to prepare and cook fish and the sauces to serve with fish.

For further information apply Mrs. E. Gurnett, Secretary Women's Auxiliary, Organization of Resources Committee, 46 King street west, fifth floor, Main 5500.

The Safest Matches in the World

Also the Cheapest ARE

EDDY'S

"SILENT 500'S"

SAFEST because they are impregnated with a chemical solution which renders the stick "dead" immediately the match is extinguished.

CHEAPEST because there are more perfect matches to the single box than in any other box on the market.

War time economy and your own good sense will urge the necessity of buying none but EDDY'S MATCHES.

THE E. B. EDDY COMPANY LIMITED HULL, CANADA

War Garden Bulletin

STORAGE OF VEGETABLES.

As a war-time measure, no form of food conservation is more important than the home storage of vegetables for winter use.

Good results depend largely upon ventilation, the regulation of temperature, sufficient moisture, and the quality of the vegetables stored.

In some places several neighboring families form community clubs to provide storage facilities.

OBITUARIES

JAMES N. O'NEIL DIES WHILE IN CHICAGO

James N. O'Neil, for many years connected with the city medical health department, died in Chicago yesterday morning.

JOHN HARGRAFT DIES OF HEART TROUBLE

John Hargraft, 62 Glen road, died yesterday afternoon from heart trouble, at the age of 52.

BREAKS LEG IN FALL.

When he fell on the sidewalk while running yesterday Joseph Vicort, aged seven, 12 Marie street, fractured his left leg.

SOCIETY

United States, Miss Rebecca Pierson and Miss Smart, the party including Mrs. Frank Brentnall, Miss Zillah Worthington, Miss Jessie Gooderham, Capt. Cecil Snellgrove gave a dinner of twelve covers at the Royal Canadian Yacht Club last night.

Col. Gooderham, who has just returned from Indiana, leaves again the end of the week for the United States.

Mrs. Sidney Small, who has recently returned from Washington, where she was visiting her sister, leaves this week for her country house on the Georgian Bay.

Mrs. Alexander McPhedron is in Muskoka with her son.

The wedding takes place today at 3 o'clock in St. Paul's Church of Ethel Constance, daughter of the late Mr. E. F. Blake and Mrs. Blake, Prince Arthur avenue, to Capt. Ferdinand H. Marani, 2nd Battalion, Toronto, son of Mrs. S. Marani, Foxwar road.

Among those staying at the Wa-Wa, Lake of Bays, are Mrs. Rupert Bruce, Mr. and Mrs. T. F. Large, Miss Curlette.

Mrs. E. Frupp, Ottawa, is spending a few days in town.

Miss Freda Tripp is visiting Mrs. Percy Nelles at Niagara-on-the-Lake.

At two o'clock yesterday afternoon in the presence of the immediate relatives, the marriage of Miss Irene Helene Maguire, daughter of Mr. and Mrs. John Maguire, Dunvegan road, to Mr. Richard C. D. Tempest, C.E., Rochester N.Y., was solemnized by the Rev. John Mutch in the Dber Park Presbyterian Church.

The bride who was unattended, was brought in and given away by her father. She was wearing an oyster white silk gown with white hat and bouquet of Sweetheart roses.

After the ceremony Mr. and Mrs. Tempest left for the east before going to their home in Rochester.

FISH DEMONSTRATIONS OPENED IN TORONTO

Lovers of fish are to be shown many new ways of serving their pet dainties, and those hitherto not partial to the products of the deep are to have opportunity for tempting their appetite in ways known only to the epicure.

Fish demonstrations for Toronto were begun yesterday, the opening centre being at the Oakwood High School. Today at 10 o'clock and again this afternoon at 2, similar demonstrations will be given.

Following the fish demonstrations will be held Friday at the Technical High School. All women are invited.

This is "cod" week, the dishes under consideration are those of the "fish loaf" made from the remnants of the steak.

The food board is inaugurating the motto, "a pound of fish is worth two of mackerel." The cod used in the demonstrations is not the dry, salted article which is usually associated with the name.

It is brought in to the city in refrigerators and in fresh condition.

Cod will not be the only fish whose possibilities will be exemplified.

White fish, hake and mackerel will also receive attention, together with the sauces and other appetizers that go with each finny favorite.

Something entirely new is the use of barley and other substitutes for flour in the making of sauce. Just how much fish is gaining in popularity is shown by the increase in its use as illustrated last month when the Government brought in mackerel and there was more sold in a week than in a year in ordinary times.

Mrs. L. A. Gurnett, who has charge of the arrangements in connection with the demonstrations, is trying to have evening classes in response to the need of those who cannot attend during the day, and are yet anxious to avail themselves of the opportunity which the demonstrations afford.

FRENCH FLAG DAY BECOMES NECESSITY

French Flag Day this year is being undertaken under circumstances that urge all workers to zeal more than ordinary.

"Appeals are coming in every day from different organizations," said John M. Lyle, secretary of the Seafarers National, a representative of the best workers had made other arrangements. A special appeal from France, which told of distress as dire and as pressing as that of the early days of the war, made the flag day a pressing need, and it has been arranged for Monday next.

"Appeals are coming in every day from different organizations," said John M. Lyle, secretary of the Seafarers National, a representative of the best workers had made other arrangements. A special appeal from France, which told of distress as dire and as pressing as that of the early days of the war, made the flag day a pressing need, and it has been arranged for Monday next.

NEW GOLD BELT'S AREA MAY PROVE EXTENSIVE

Matachewan Field Gives Indications of Continuing Beyond Limits as at Present Known--Further Close Analysis of A. G. Burrows' Report.

By publishing their advance or special edition of the bureau of mines' report on the Matachewan gold area, the Ontario Government has shown that they are fully alive to the importance of the field.

A close study, however, shows that what Mr. Burrows calls orthoclase porphyry in the vicinity of the Davidson and Otisse in Powell Township, occurs in much greater volume in Cairo and Alma, than there is in the area described as orthoclase porphyry in the report.

Term "Porphyry" Misleads. In Cairo and Alma the orthoclase is sometimes accompanied by small quantities of hornblende, and this makes it technically a porphyry. It often holds in its structure crystals of feldspar half an inch in length.

Feldspar as Source of Potash. Mr. Burrows says that the feldspar in Cairo and Alma may at some future time be valuable as a source of potash. It certainly has the advantage of quantity, the entire batholith with a width of five miles. On analysis Mr. Burrows found 9.05 per cent of potash, or about three-quarters as much as the best feldspar in the orthoclase feldspar at the well-known Richardson feldspar mine in Pontonac County.

Igneous Intrusions Numerous. Mr. Burrows shows that the keel-vein complex has been the scene of many igneous intrusions. It is cut by granite dykes, syenite and porphyry. But diabase is a very common eruptive rock in the new field. It has broken through the original keel-vein as well as through the granite and other later intrusions. It has even found cutting the sediments of the cobalt series. This would indicate that diatase dykes have been forming over a very long period of geological time.

Dikes of this character are said by J. Malcolm MacLaren, D. Sc., the most prominent modern writer on gold, to be vehicles of heat, and heat has

much to do with the development of ore deposits. No doubt these dikes have been very pronounced factors in the mineralization of the region.

High Grade Ore on Otisse. Exceptionally rich ore has been lately reported on the Otisse. In fact, the figures are so high we refrain from quoting them. It is well known that the quartz masses at Porcupine the gold is "spotty." It is equally well known that on the McIntyre quartz veins the gold has nearly doubled below 600 feet, while at the same time the ore is becoming more basic, involving not only a decrease in silica, but also an increase in schist and iron pyrites with depth. And in connection with the last report of the Dome Mines Company, it is stated that this is a signal of an intimate admixture of quartz, schist and pyrite generally gives fairly uniform values.

Strike of Gold Belt. At Matachewan the strike of the diatase dikes is uniformly a little west of north. This brings them at right angles to the lines of schistosity and to that of the general direction of the gold belt. It is now fairly well established that this belt follows a northeast course from the Davidson and Otisse and cuts into the porphyry or syenite in the Township of Cairo. The contacts between the schists and the porphyry in this locality Mr. Burrows considers well worthy of careful study. Here also the porphyry has on cooling developed tension cracks which have filled with secondary silica and gold.

Extent of Gold Belt. The total width of the auriferous schists is not yet known. Many claims have been staked, and several claims reports are as yet to hand from any of them. The work done by F. C. Sutherland & Co. and others on the ore zone between the Otisse and Montreal River, has established the existence of gold in that vicinity, and gold has also been found in many places on the claims staked by Campbell and Dransfield in Cairo, north of Moynour Lake. On these claims the porphyry and schist are identical with that on the Otisse.

This would show that the gold belt, in that vicinity, has a total length of about four miles from the west side of the Davidson, in Powell, to Moynour Lake, in Cairo. Thirty miles west of this point the direction of the mines of Kirkland Lake, where porphyry is the prevailing rock, and it is likely that the auriferous schists in Cairo may be still further prolonged.

Orders-in-Council. The orders-in-council extending this year's work under 1916 will naturally affect the activity in certain parts of the district, but owing to the favor with which it is regarded by mining men, these orders will not likely prevent the exploration of claims known to be exceptionally good. Owners of such claims are naturally anxious, not only to see what they have got, but also to see when they can begin development as soon as possible.

S. R. Clarke.

"ASSESSMENT-WORK" (P)

The carrying out of assessment work on mining claims, to comply with government regulations, is frequently regarded as more of a holiday occasion than a period of toilsome endeavor; hence it is contended that, in view of the scarcity of help at the mines, the customary requirements might well be relaxed.

High Price to Be Paid To Secure the Otisse

Big U. S. Interests Decide to Exercise Option on Remarkably Promising Property in Matachewan--Price Greatest Ever Paid for Ontario Mining Prospect.

Mines are very rarely purchased and successfully developed and fully financed through the medium of the stock market. Although some other forms of capital they are generally doomed to failure. The Davidson may, however, be pointed out as a signal case. The most of its working capital has been obtained from the general public. The stock-selling and the prospecting, however, been in very skillful hands, and besides, even prior to the present regime, the property was a considerable expenditure on the property in the way of mine buildings, a power plant and underground work, and then there is a rich pay streak along the foot wall and the ore is largely free milling, however, something of an achievement "bricks" are being turned out at present.

Davidson's success in securing the property has been a source of encouragement to the smaller mine owners. For the mill used amalgam, a very small comparatively small sum. The result both of mining and milling is, however, something of an achievement in these belittled times.

The task of paying for a property and providing funds for its development is one that cannot be safely undertaken by moderate capital even in ordinary times. To stake or buy a property and then prepare it for sale as an undeveloped prospect is a much more sensible project. The Davidson property is a reasonably certain success. There are plenty of buyers for prospects that give indications of making paying mines. The Otisse in the Matachewan area was snapped up by big capital at a time when it was not possible to have it properly examined. When Frank Loring, Esq., arrived at the property about the first of this year the mantle of snow was at least three feet thick. All that he could do was to take samples from the various points indicated by the owner. In fact, the engineer was largely at the mercy of the latter's word.

And furthermore gold mining is now laboring under a serious handicap because the price of the metal is not responsive to the increased cost of production. We are thus faced with the alternative that either the property is a wonder or Mr. Loring is a veritable alchemist. It would seem, however, that the almost incredibly high assays were the principal agency in bringing about this revolution in the ordinary methods

of doing business. The reliability of these determinations on value was debated among mining men until the property could be fairly examined this spring. It was then seen that Mr. Loring had been very conservative. He had understated the facts as any honest engineer would naturally when called upon to report on a mere prospect under such adverse conditions. There is no doubt that the porphyry and gold in the schist. Mr. Loring found good values over a total width of 600 feet. On his report an option was taken on the entire interest in the two claims at \$1,500,000. This was implemented by the payment of \$100,000, followed by operations as vigorous and extensive as the circumstances have permitted. And the property is now realizing the most sanguine hopes of all those interested therein. The Davidson property, which had been proved in the schist over 600 feet, is now being developed in the porphyry and the remainder of the schist, and as yet there is no warrant for doing so, the 150 feet makes the Otisse the premier prospect of the world. The consummation came into its own at a single bound.

Optimistic Deal. The circumstances attending the deal for the Otisse are exceptional there is no doubt that capital is always ready to take up valuable prospects. Visible gold alone is not sufficient. There must be a reasonable certainty of tonnage. But prospects as a rule are not thoroughly grounded in the science of ore deposits. In a gold region the primary object of their search is visible gold, which is generally found in quartz in chert. But the routine work of the Otisse is something to think of, and it brings many financially powerful interests into the field. Interests in the Otisse are now justified in looking for heavy expenditure under able direction on the Otisse, and we are also certain of another and perhaps even a greater Porcupine.

Mr. Otisse must be congratulated on the wonderful success of his operations, but, then, he had a phenomenal property. Absolute Purchase. Since the option on the Otisse is being converted into an absolute purchase at a price far in excess of anything heretofore paid for a prospect in Ontario, the consummation of the deal is no less spectacular than its inception. That an established mining company, with an invested capital of \$15,000,000, and an enormous plant, should come thousands of miles in order to rejuvenate the Otisse, is a feat of business. It is something to think of, and it brings many financially powerful interests into the field. Interests in the Otisse are now justified in looking for heavy expenditure under able direction on the Otisse, and we are also certain of another and perhaps even a greater Porcupine.

LITTLE SUCCESS GAINED BY BEARS

Attempts to Depress Mining Stocks Have Small Effect on the Market.

Renewal of bearish operations on a small scale was evident in yesterday's mining market, which otherwise, was tranquil and featureless after the style of preceding days. The efforts of professional bearers to depress these stocks which they had singled out for their endeavors were but indifferently successful, and little real effect was brought out. The chief drive appeared to be directed against McIntyre, which, having been moving up quietly for some time, presented a shining mark to the bear coterie. The net result of the short selling was to depress McIntyre two points to 1.25, but attempts to cover are likely to cause a rebound. Lake Shore has been conspicuous for the past week or so as the strongest stock on either the gold or silver list, and it was not remarkable that, after its pronounced rise, it should sell off a couple of points yesterday to 68. The first sales of Teck-Hughes since the announcement that the mine would be closed were at from 25 to 26, and ten points below the level of the previous week, but as the bid on Monday and Tuesday had not gone above ten, yesterday's quotations show that the stock is not without some support, despite the discouraging outlook. Firm stocks among the Europeans were: Hollinger, a small lot bringing 4.75; Thompson-Krist at 5-5-8 and West Dome at 7-1-2.

The Cobalts, as a whole, showed little change. Beaver, after being depressed at 1-2, rallied sharply to 24, closing with a net gain of a point. Peterson Lake was off 1-4-9, but the bid later firmed up to 9-3-8. Reports from the camp are to the effect that the Peterson Lake mill is doing good work and that the returns are higher than had been anticipated. The announcement that a new sale of treasury stock would permit active carrying on of operations on the Ophir did not cause any further rise in the stock, which closed at 1-1-8. Mining Corporation made a low for the year at 2.00, with only 2.90 bid for more, and McKinley closed at 1-2 to 38 1-2. Timiskaming was, however, firmer at 20 3-4.

It is understood that drifting on Thompson-Krist from the Vipond on the 400-foot level continue to be favorable, and that a good grade of ore is being encountered. This is the only underground work being done at the Vipond.

A good vein, running about five inches width and carrying cobalt and nicotite is being followed at the Timiskaming. The indications are favorable.

The plant to re-treat tails from McKinley-Darragh milling operations prior to the installation of flotation is now running at about one-half capacity. The second tube mill is being installed, which is expected to bring the tonnage up to about 200 tons a day. The tails are taken by drag line conveyor from the lake to the mill. The combined capacity will run about four hundred tons a day.

The discovery on the Hattie property in Coulson Township is made up of a large number of stringers across a width of about two hundred feet. In many of these stringers free gold can be seen, and in some places it has been demonstrated that the rock between the quartz stringers carries value. Whether these values are sufficient to make the whole deposit valuable has not been determined.

CRUDE OIL HIGHER. Sarnia, July 10--Canadian crude oil advanced ten cents yesterday, making the present price \$2.78 per barrel.

ELK BASIN DIVIDEND. New York, July 10--The Elk Basin Petroleum Company declared usual quarterly dividend of 21-2 per cent, payable August 1, to stock of record July 15.

FOR SALE. At sacrifice, a half interest in one of the best undeveloped properties in Cobalt--a company formed but no stock issued. Box 25, World.

STRONG EFFORT IN U. S. TO ASSIST GOLD MINES

Better Mining Conditions Likely to Result in Canada if Campaign Across the Border is Successful--Many Recommendations to Secretary McAdoo.

The slump in value of gold is steadily growing more acute, not only in Canada, but elsewhere. The Rand mines, for instance, in South Africa, during the first six months of this year, turned out between 700,000 and 800,000 ounces, minus a profit. In the United States there is an effort being put forth to have all labor engaged in gold mining placed in a deferred class as to the drafts, and to secure preference in treatment for mining companies as to taxes. The Americans are also trying to secure from the government a reduction in the present price of \$20 per ounce for all gold produced. While nothing has as yet been accomplished these matters are being pressed by the western congressmen, and should any measure be passed which would relieve labor shortage, the present operating deficits of various gold mining companies in the United States will be replaced by dividend possibilities. If success is attained by the American gold miners there is every possibility of better mining conditions in Canada. At the present time, however, Charles D. Keesling's words summarize the gold mining conditions in Canada when he said regarding the Dome mine: "The economic fallacy of operating a gold mine under existing conditions, even were there a sufficient supply of labor, is hardly necessary to point out the decreasing profit per ounce of gold, the increasing cost of production and the fixed price of this standard. It will not be possible to resume operations until conditions become more favorable."

Proposa Made. Recognizing this as an industry essential to the prosecution of the war and direct government aid of the industry is advocated in strong terms.

Adopted by the Northwest Mining Association at a recent special meeting in Spokane. At that meeting it was declared that an emergency exists in the production of gold for war purposes, that Secretary McAdoo has issued a call for increased production while the rising cost of labor, supplies and taxes is causing a suspension of mining activities, the resolutions to congress urge the following:

"That all war taxes be remitted in so far as the production of gold is concerned; that the present advance in freight rates be abrogated in respect to the gold mines that are unable to operate at a profit under the present rates. That commercially inaccessible gold properties of merit be made accessible through the building of motor roads. That the gold mining industry be placed upon the same basis as other war industries in respect to financial assistance to be extended through the war finance corporation or by means of rediscounts through the federal reserve bank, or by any other means that may be devised. That operations of gold properties be given government guaranty, instead of a bonus, which guaranty shall assure to gold mine operators profit commensurate with those that would have accrued to them under pre-war conditions and other items of general expense. That any and all acts of the government directed to the financial aid of the gold mining industry, as above set forth, shall be subject to the examinations, reports and recommendations of expert qualified mining and accounting experts acting on behalf of the government. That the resolutions be forwarded to Secretary McAdoo and to the various representatives of the various mining states."

only 61,649 tons were from properties other than the company's.

ORE RECEIPTS AT TRAIL. The ore receipts at the Trail Smelter of the Consolidated Mining and Smelting Company for the week of June 24 to 30, total 4510 tons, of which 3612 tons were from the company's mines. These figures compare with 1443 tons in the previous week. The tonnage from other mines amounted to 2897. Since the first of October the total receipts have amounted to 249,242 tons, of which

NEW ROCKWOOD WELL NEARLY DOUBLES YIELD

Well's Flow One Hundred and Eighty Barrels in Twenty-Four Hours.

With the daily output averaging 185 barrels, the product four pump-jacking wells, news was received late yesterday afternoon from Glenoee, Ont., that the Rockwood Oil and Gas Company had brought in its No. 5 well, and that the first 24 hours pumping had resulted in a flow of 180 barrels. This new well will about double the company's output and, as the oil is strictly high-grade, netting \$1.00 per barrel, experienced oil men who have examined the O'nece field situated close to London, Ont., agree that this will develop into the largest oil pool yet discovered in the province.

TO CLOSE ON SATURDAY. The members of the Standard Stock Exchange have decided to dispense with the Saturday session this week, but this change does not imply that the exchange will close on following Saturdays during July and August. The policy to be pursued will depend upon the degree of activity in mining stocks in the coming weeks.

GOLD STOCKS TO RISE WITH DAWN OF PEACE

Goodbody and Co., members of the New York Stock Exchange, says: "We have frequently expressed confidence in gold-mining stocks, as a class, after the war is over and labor and chemical conditions are back to normal. The gold stocks are, in fact, the greatest peace stocks, especially in hard times. Because the price of gold is fixed and neither goes up nor down with other prices, gold stocks are among the worst, in times of prosperity, and among the best, when business is depressed. There is always a market for gold and labor can find employment in the gold mines, when other industries are idle."

Table with columns: MINES ON CURB, Closing prices yesterday, Bid, Asked, Beaver, Buffalo, Brown Reserve, Dome Lake, Eastern Extension, Hollinger, Kerr Lake, McKinley-Darragh, McIntyre, Nipissing, Peterson Lake, Timiskaming, Vipond, West Dome Cons.

Rapid Development of Kirkland Lake

The rapidity with which the Kirkland Lake Gold Camp has grown into a full-fledged mining district, with three producing mines and several others just approaching that stage, has been one of the bright pages in the history of the development of Northern Ontario.

To successfully overcome the present difficulties attendant upon gold mining is in itself a highly creditable performance, but to develop a camp from a rather doubtful proposition into the state where it is generally recognized as the second largest gold district in the Dominion, adds lustre to the record.

A couple of years ago the Kirkland Lake Gold Camp was struggling along without adequate power. Yet it can now be truthfully said that where exploration and development has been sincerely carried out, there has not as yet been a failure. That is to say, that at about a dozen different properties in the district, which are at present under development, the showings have, without exception, been favorable, gold has been found, and the underground work has not proceeded to the advanced stage reached at Porcupine, yet there are three producing mines and several others near producers, and large tonnages of high-grade commercial ore have been put in sight at the different properties.

Another feature of the Kirkland Lake Camp is the fact that the securing of capital to carry on development on the different properties has been singularly free from what is popularly known as "wild-cattling," in other words, the proceeds of stock floated in connection with Kirkland Lake companies have been used in legitimate mining.

The first claims were staked in Kirkland Lake in 1910, by prospectors, who were looking for another silver camp of the Cobalt type. Finding no silver showings on the surface they left the district in disappointment, and practically every claim staked was later abandoned. In 1912 exploration and development of the Tough Oakes was commenced, which was carried on largely by English capital. The wonderfully rich ore bodies discovered on the Tough Oakes attracted considerable attention, and prospecting on a comparatively large scale resulted in the staking of many of the properties, which today are coming into prominence.

Until a few months ago, when the power line, to supply the mines with electric power, was constructed, the progress was necessarily slow, but in the spring of 1917 the camp developed its second producer in the Teck-Hughes, and now the Lake Shore has been added, while in the fall there is every likelihood that others will be added to the list. As the camp grows there are those who freely predict that the Kirkland Lake district will eventually be Porcupine's greatest rival. Certain it is that under present conditions, high costs and scarcity of labor, the mines in this camp are less handicapped than the mines of Porcupine, on account of the higher average grade of ore found in the former.

While the ore bodies in Kirkland Lake are not so regular and large as in Porcupine, the grade of ore is higher, and though cost of production is also more than in Porcupine, the net profit is greater per ton. It has also been found that as depth is attained in Kirkland Lake, the ore bodies have grown in width and consistency, and by the time that development has reached the present stage of that in Porcupine, the bodies of commercial ore put in sight may be in no way less promising than those in the bigger camp.

The Kirkland Lake Gold Camp undoubtedly offers opportunities for profitable investment equal to any field on the continent. Given a plentiful supply of labor, normal costs and sufficient capital, all of which will be forthcoming, we believe, at no distant date, the camp will forge ahead at a rate that will surprise even its most ardent supporters.

WE HAVE ALREADY INTIMATED THAT WE POSSESS ACCURATE KNOWLEDGE OF A MINING SECURITY, ABOUT TO BE LISTED, WHICH WE BELIEVE HAS MORE THAN ORDINARY POSSIBILITIES FOR THE CAREFUL INVESTOR. THE PROPERTIES OF THIS COMPANY ARE LOCATED IN THE KIRKLAND LAKE DISTRICT AND ARE EXCEPTIONALLY PROMISING.

WE WILL BE PLEASED TO GIVE MORE COMPLETE DATA CONCERNING THIS SECURITY UPON REQUEST.

STREET NOT IN CHEERFUL MOOD

Day's News is Largely Unfavorable and Stocks Show Weakness.

New York, July 10.—Midsummer madness prevailed during the greater part of today's stock market session, but the final hour was enlivened by an active selling movement, with numerous net losses.

United States Steel and relative industries, as well as shippings and various specialties, were carried down in the abrupt decline, Sumatra Tobacco being the weakest issue at an extreme reversal of 7 points.

Standard rails were at their best in the later callings, but forfeited their moderate gains with many of the low-priced transportations. Reports that some of the important railway companies would defer dividend payments pending adjustment of contractual relations with the government met with prompt denial.

Larger Steel Orders. The cost of new corporate financing was emphasized by reports that the forthcoming issue of Bethlehem Steel notes would be offered at a 7 per cent basis, exclusive of the syndicate's commission.

These and other adverse conditions were partly neutralized by the United States Steel June statement, showing an increase of almost 600,000 tons in unfilled orders, the first gain since last January.

Utilities, notably gas shares, were heavy at all times. People's Gas being a striking exception at a 2-point advance. Sales amounted to 310,000 shares.

Bonds were steady on light trading. Liberty issues making partial recoveries from their early setback. Sales, per value, aggregated \$4,500,000.

Old United States bonds were unchanged on call.

COMPROMISE MAY END CANADIAN CAR BATTLE

Two Members of Board May Retire Voluntarily—Substantial Profits Shown.

Montreal, July 10.—It is stated that a compromise arrangement between the opposing factions in Canada Car and Foundry may be negotiated between now and Monday.

At a special meeting of the shareholders of the Oxford Foreman Loan and Savings Society, held at Woodstock, Ont., yesterday, the proposal to merge with the Canada Permanent Loan and Mortgage Company of Toronto, was ratified by unanimous vote.

TORONTO MARKET QUIET BUT FIRM

Dominion Iron Sells at Higher Level—Buying for Investment Account.

Trading in broken lots continues to be the chief characteristic of the Toronto market, the buying being almost entirely confined to purchases for investment account.

Unfavorable crop hopes from the west have lessened hopes of the inauguration of a full campaign in stocks in the fall, and as the new Victory Loan will absorb a great deal of the available funds, there is little in the market outlook to attract the speculatively inclined.

The underlying tone yesterday was steady to firm, and recessions were kept within small bounds. Dominion Iron was comparatively strong, selling around 61-1/2, an advance of 1-1/4.

Russell common sold again at 75, and Russell preferred repeated its high C.P.R. came out at 130-1/4, or 1-1/4 higher, and Canada Permanent, which only recently rose above the minimum price, was marketed yesterday at 165, the highest quotation of the year to date.

Maple Leaf and Canadian General Electric were unchanged, and trading losses were shown by Brazilian at 24 and Cangeat at 61.

The war loans had no certain trend, the first issue selling 1-1/4 higher at 95-3/4, the second 1-1/4 lower at 94-7/8, and the third 1-1/4 lower at 93-1/2.

The day's transactions: Shares, 548; war loans, \$6200.

SUDDEN DEMAND FOR CANADIAN CAR

Stocks of Company Furnish Half of Trade at Montreal.

Montreal, July 10.—Canadian Car stocks accounted for half the turnover in shares in the Montreal exchange today, both common and preferred attracting buying in response to the good earnings statement for the first seven months of the company's fiscal year.

On purchases of 50 shares, the common rose 1/4, to 32 1/2, and the preferred, on a smaller turnover, 2, to 79, both new high prices for the year.

Last sale of the common was made at 32 1/2, the preferred at 79, with 2 1/2% of the best bid. The preferred lost one point of its advance.
