Hudson Bay Ry. Proposed as Urgent

Hon. Frank Oliver Says Government Believes No Time Should Be Lost in Providing for Construction.

Ottawa, March 14.—(Special.)—The following announcement was made by Hon. Mr. Oliver this afternoon: "The government is fully convinced of the propriety of giving the Hudson Bay railway outlet by way of Hudson Bay at the earliest possible date. The government believes that with the increase in production of the west, now in progress, such an additional outlet will be urgently needed as soon as a railway can be built, even if it were commenced at once."

"At the same time it realizes that public opinion throughout Canada could scarcely be expected to be so favorable in view of the great obligations already incurred in connection with railway enterprises, to sanction the additional obligation that would be incurred by providing immediately for the construction of a railway to Hudson Bay, unless special provision were made to meet this obligation."

"It believes, however, there will be no objection from any quarter if the funds accruing from the disposal of pre-emption in the three prairie provinces, under the terms of the proposed land bill, should be considered as a whole, that must be assumed as a ready source—if not immediately—if a railway is to be in operation to Hudson Bay in time to meet the requirements that are now in plain sight for an additional and shorter railway route from the prairies to the west."

"The land grant in the act referred to is contained in section 76 of the bill to amend the acts respecting public lands, which authorizes the railway route to make a free grant of land, not exceeding in extent 6400 acres, for each mile of railway within Manitoba, and not exceeding in extent 3200 acres for each mile outside the Province of Manitoba, in aid of the construction of a railway from some point on the C. P. R. to Hudson Bay."

"In the senate to-day Senator Sullivan, resuming the debate on the Hudson Bay route, said that ever since Henry Hudson was murdered by his crew, Hudson Bay had been claiming victims. He said the west demanded this road at the government's expense. The people of the west would show patriotism and enterprise if the government did not build the road. The west was an important part of Canada, but the absurd demands of this district made him indignant."

"Kingston had occupied an important commercial position until the railroads had taken away business. Why spend money on the development of Hudson Bay or on the Georgian Bay Canal when existing routes were properly developed? The deepening and enlarging of the Welland Canal would greatly reduce the cost of grain carriage and would throw business in increased volume by the way of the St. Lawrence."

"One of the most eminent railway engineers in the world had written to him that on a route between Ontario and Quebec of 1250 miles wheat could be hauled at 76 cents per bushel, even if there were no return freight to be used."

New Schemes of Subsidies

Basis of Increased Grants to Provinces—An Extra \$100,000 Annually for British Columbia for 10 Years.

Ottawa, March 14.—(Special.)—The revenue and finance committee of the House of Commons has recommended that the annual grant to the provinces under the N.S.A. Act of 1867 be increased by \$100,000 annually, to be paid to the provinces for a period of ten years. The committee also recommended that the annual grant to British Columbia be increased by \$100,000 annually for a period of ten years. Flood Sweeping Over Pittsburgh

Fourteen Deaths Reported Already in Rise of Rivers That Has Routed Hundreds From Homes to Higher Levels.

Pittsburgh, March 14.—The greatest flood in the history of Western Pennsylvania, West Virginia and Eastern Ohio, is being experienced to-night. At 7 o'clock the water reached a stage of 34.6 feet at Herr's Island, and 34.3 feet at Market-street. The waters continue to rise steadily about two-tenths of an inch an hour. At the head waters, the rivers are stationary. This crest of the flood is expected here. About midnight 35 feet was recorded, 13 feet above the danger mark. At 4 o'clock this afternoon the 30 miles ice gorge at Parker, Pa., broke, and it is moving toward the city. The immense gorge in the Clinton River also had started down stream. Both gorges, however, are old and the ice is soft. On this account their arrival is not expected to cause much damage. Conditions in this city to-night are the worst ever recorded. The whole lower downtown district is under water and people are moving about in skirts. Duquesne, Pennsylvania-avenue and Liberty-street, running parallel with the Allegheny River, are submerged to a depth of several feet. Hundreds of business houses in this district are flooded, in a number of instances the water is almost up to the second floor. Theaters Surrounded. The Grand, Beacon, Alvin and Bijou Theaters are surrounded by water and will not be open for several days. Water has greatly damaged the power plants of all four theaters. The guests in the Colonial, Lincoln, Annex and Anderson Hotels are either marooned or compelled to use fifth-floor quarters. Trolley service between Pittsburgh and Allegheny was suspended to-day and to-night because of confusion at the Union Depot where the Pennsylvania Railway are almost beyond description. Great placards announcing a special train service to Allegheny were displayed all about town. At the Union Depot were crowded thousands of people, a chaotic mass of humanity, as the trains were being effort to board these trains for Allegheny or the many suburbs adjacent to the city. Patrolmen in large numbers endeavored to bring some kind of order out of the situation, but without avail. Telephone service was demoralized in different sections. Electric light plants and gas works buildings were out of commission and candles or gas light was being used. Fourteen Dead Already. Within the last 24 hours, fourteen fatalities, directly due to the flood, have occurred. The damage to perishable goods and property in the Pittsburgh district alone will amount to \$1,000,000. At Conneville, Pa., the damage to the coke region is estimated to-night at \$2,000,000. More than 100,000 persons are temporarily out of employment. The flood district covers over 2,000,000 acres. All railroads entering Pittsburgh are crippled. In the suburbs of Ashtabula, Sharpburg, Etna and Millville, more than 500 families are being driven from their homes. The greater portion of Monongahela, Pa., is under. All traffic is stopped and people are moving to higher ground. Hundreds of persons are marooned in Pittsburgh. Restaurants have been bedecked with flags and lanterns. The damage to the coke region is estimated to-night at \$2,000,000. More than 100,000 persons are temporarily out of employment. STOCKS SHRINK \$180,000,000 IN A DAY

Nearly 3,000,000 Shares Change Hands in Wall Street, Demoralization Vividly Recalling Panic of 1901.

TORONTO WEATHERS STORM Montreal Broker Forced to Sell His Seat for \$19,000—Liquidation Lighter Here Than in Any Other City.

TORONTO has weathered the financial storm so far, and, if positive assurances from leading bankers and brokers count for anything, will ride thru safely. It is true there may be a few scars, but not of the sort that are long in the healing from present indications. Stocks were hammered down severely yesterday, but it seems as though the decline was in sympathy with the panic break in Wall-street, rather than due to local conditions. Extensive enquiry last night brought declarations from all local financial quarters that not a house was in difficulties. Traders generally looked upon the situation as having reached the limit of perversity. They expect a more steady tone to-day all thru the list, with a possible exception of two. Montreal suffered more severely. Temporary embarrassment forced E. S. Rykert to sell his seat on the Stock Exchange. McQuig Bros. & Co. were the buyers, the consideration being \$19,000. The last seat sold brought \$15,000 four weeks ago.

Wall-street wrestled thru the agony of a financial nightmare. Even the announcement from Washington that \$46,000,000 of government funds would not be withdrawn from circulation, as contemplated, was met with incredulity, so frightened were the traders. They regarded the news as too good to be true. There were no failures reported in New York, despite the fact that sales nearly touched the \$300,000,000 mark. The shrinkage in values is estimated to have been more than \$180,000,000 between opening and closing. It is remarked as significant that the European markets, particularly in Great Britain, rallied from the sharp decline, as contemplated, more met with incredulity, so frightened were the traders. They regarded the news as too good to be true.

Wall Street Demoralized But rumors that E. H. Harriman had quarrelled with his bankers, also immediately denied, and another big jump in call money scared the traders so thoroughly that they alternately took to cover and attempted to get out from under, until the market was demoralized. A session followed immediately upon the opening yesterday. This helped to steady trading in Wall-street at first. The decline was much more drastic and the liquidation heavier in Montreal than it was in Toronto. In the local market, an attempt was made to protect prices, where it was already possible to hold off unnecessary selling, and this was effected in several of the less active stocks. The two issues allied to the New York Stock Exchange were principally influenced by that market, Twin City dropping to 85 on the Montreal Exchange and to 87 at Toronto.

Mackay Down Five Points Mackay also came under the same influence, and the common stock sold down from Wednesday over 5 points. Only a gross amount of liquidation came into effect in the Toronto American Traktion Companies, but these shares readily fell off when real stock was presented to the market. Sao Paulo declined sharply and received no support at the close. Mexican declined thru 50 and Rio as low as 40. Toronto Railway, which is heavily held in Montreal, came out in large blocks on that market and dropped from Wednesday's price of 109 to 104. Traders were exceedingly nervous during the afternoon session on rumors of trouble from results of the recent heavy declines, and a much greater volume of liquidation would have ensued had these rumors been circulated during the morning session.

WILDEST TRADING SINCE IN NEW YORK SINCE THE GREAT PANIC OF 1901 New York, March 14.—From the effect of 25 per cent. money and the generally pessimistic sentiment due to the recent heavy decline, trading on the stock market to-day reached a condition of demoralization bordering on panic. The worst period of the day was shortly before the closing, although there was an extremely violent fall-off in prices between 12 and 1 o'clock.

Essery and Lovelock Honored by Grand Lodge

New Grand Master and Deputy—Mount Forest is Next Place of Meeting.

Essery, D.G.M., was to-night elected grand master of the Grand Orange Lodge No. 176, at the time of the Kingston earthquake, was brought up in the house of commons to-day in a hypothetical question by Jesse Collings, Liberal-Unionist, member for the Berdesley division of Birmingham, who was in Kingston at the time of the disaster. The question brought out from Foreign Secretary Grey a hearty tribute to the American admiral. Mr. Collings asked if it was in accordance with international law and international etiquette for an admiral of a foreign country to land an armed force in a British colony without the permission of the governor. The foreign secretary, in reply said: "No, and I may add that no such rights were claimed in the incident referred to. What I am convinced of is that while, in the presence of such a catastrophe, there was a certain amount of misunderstanding, the American admiral was inspired by single-minded motives and a desire to relieve suffering. Any other construction placed on his action is most unworthy and untrue."

London, March 14.—The incident involving Governor Swettenham of Jamaica and Rear-Admiral Davis, U.S.N., at the time of the Kingston earthquake, was brought up in the house of commons to-day in a hypothetical question by Jesse Collings, Liberal-Unionist, member for the Berdesley division of Birmingham, who was in Kingston at the time of the disaster. GIRARD INVITES BRODEUR TO MEETINGS ON PLATFORM

Reiterates That His Statements Concerning the Senatorship Are Quite Correct.

Montreal, March 14.—(Special.)—Mr. Girard, M.L.A. (Rouville) will hold a mass meeting at Mariville on Sunday next after mass to protest against the appointment of Senator Dussault. He has specially invited Hon. Mr. Brodeur to be present, and a number of members of the legislature will be there also. La Patrie states, evidently on authority, that the minister of marine and fisheries has been challenged, and La Presse intimates that the minister, although not intending to go to Mariville on Sunday, will take his own time and will see his constituents on the subject at no remote period. La Patrie also publishes the following special from Quebec: "I have just seen Mr. Girard, who assured me in presence of five or six members that the interview published in the paper was absolutely correct. He also tells me that all has not been said and adds that he has no intention to retract from what he said in La Patrie."

POSTMASTERS IN SESSION TO GET HIGHER SALARIES

Carleton and Russell County Men Think They Ought to Be Paid Part of Surplus.

Ottawa, March 12.—(Special.)—The postmasters of Carleton and Russell counties met this afternoon to complete plans to ask an increase in wages. The meeting was presided over by Mr. Edden, M.P. for Carleton, Mr. Wilson, M.P. for Russell, H. S. Moore, of Norwich, president of the Dominion postmasters' association, and G. H. Burgar, of Welland, president of the provincial association. The various associations claim that of the 12,000 postmasters in Canada, 6000 are only allowed \$25 a year—and they want this at least doubled. They allege that the average daily allowance is eight cents a day and they ask increases commensurate with the work. Claiming to have helped to earn the \$2,000,000 surplus the postmaster-general announced, they ask for various increases, and say this could all be done and yet keep within \$1,000,000 mark. THAW ALIENIST ANSWERS QUESTION OF 15,000 WORDS

Jerome Makes Hypothetical Query Which Takes Hour and Twenty Minutes to Read.

New York, March 14.—After repeating to Dr. Flint the same question which Mr. Deimas put to the experts for the defence and having him say that Thaw was sane, on the basis of the facts therein, District Attorney Jerome had read to the witness the prosecution's hypothetical question, which contains some 15,000 words and which required one hour and eighteen minutes in the reading. Dr. Flint again said, without qualification, that Thaw knew his act was wrong and is therefore liable for murder in the first degree under the statutes of the State of New York. Jerome's statement, that the taking of evidence would be concluded by tomorrow night has been abandoned and those concerned in the case again look to April 1st as the earliest date for closing the trial. Abraham Hummel was on the stand again to-day. Before Deimas could object to a question put to him by Jerome, the witness stood up and read the statement that Evelyn Nesbit told him that she had informed Harry Thaw in Paris in 1902 that Stanford White positively did not harm her. Deimas at first moved to have the question and answer stricken out from the record, but when the district attorney seemed about to consent, the chief counsel for the defence insisted that the answer stand. Hummel's further testimony was halted until Mrs. Evelyn Nesbit Thaw can again take the stand to testify as to whether or not Hummel was acting as her attorney when she made the statements to him which were afterwards embodied in the affidavit. It was reported to-night that Jerome himself may be called to the witness stand in sur-rebuttal by the defence.

MICHIGAN DIVORCE NO USE

Court of Appeal Confirms Conviction for Bigamy.

Jasper K. Kimbley in April, 1897, married Rose Mary Card, in the County of Huron, where he still resides. His wife left him in August, 1905, and went to Michigan, where, on Jan. 15, 1906, she obtained a divorce. Afterwards on April 12, Brimley left with one Emily Florence Picot and was married at Detroit. Upon his return to Canada he was convicted of bigamy.

The first question submitted to the court of appeal was whether the decree of divorce granted to the wife Jan. 15, 1906, by the circuit court of Michigan, is valid and binding, and a good defence to the indictment for bigamy. The court decides in the negative.

The second question submitted was whether the culpability was removed by the fact of the defendant knowing that the decree of divorce was not granted, and his having been advised that he could legally marry again. The court answers this question in the affirmative.

The conviction is affirmed.

Remarkable Letter
From Ottawa

Describing a Severe Case of Pneumonia or Inflammation of the Lungs.

Woman Lingered for Three Days Between Life and Death and Her Doctor was Powerless to Help Her.

"My wife was taken with chronic inflammation of the lungs, and for three days was hovering between life and death," writes Mr. Fred Hawkins of 14 Young Street, Hingham, Carlton County, Ont. "Her doctor was prescribing for her all the time, but none of his medicines were doing her any good, and I was afraid I would lose her."

"I heard about Dr. Chase's Syrup of Linseed and Turpentine, and got it, unknown to the doctor. The first night she used a whole bottle, and the next morning she was up, and her doctor pronounced her cured. He thought his medicine was curing her, but she got nothing but Dr. Chase's Syrup of Linseed and Turpentine. This medicine is indispensable in every home, and I, for one, will never be without it. I cannot say enough in its praise, for no one can imagine what my wife suffered before using it."

Such cases as this have proven Dr. Chase's Syrup of Linseed and Turpentine to be far more than a mere cough mixture. They illustrate the thorough and far-reaching action of this treatment in the cure of the most serious cases of pneumonia, bronchitis, influenza, and lungs; 25 cents a bottle, at all dealers, or Edmondson, Bates & Co., Toronto.

HAMILTON HAPPENINGS
HAMILTON TO HAVE RACING MEETS, DESPITE NEW LAW

Betting or No Betting, Jockey Club is Determined to Hold Best Card in Its History.

Hamilton, March 14.—In spite of the decision of the supreme court, declaring betting as it has been conducted in the Dominion race tracks to be illegal, there will be racing this year at Hamilton as usual.

The Hamilton Jockey Club has never been dependent on the revenue derived from bookmakers for its existence. For the past three or four years there has been a noticeable increase in the attendance and at the last couple of meetings it was sufficiently large to warrant the continuance of the meetings even if there was no betting.

The club this year decided to make extensive improvements to the track and plant and to increase considerably the value of the stakes and purses.

The abolition of bookmakers' stands has caused the directors to change their minds with regard to these matters. They will go right ahead just as if nothing had happened and promise that the spring meeting of 1907 will be the banner meeting in the history of the club.

W. C. Hawkins, manager of the Canadian Power Co., appeared before the board of works this evening to press the Street Railway Co.'s application for the right to widen the devil strip between the tracks from a width of four to five feet.

Mayor Stewart and the Aldermen demanded to know what the company would give the city for the right. They wanted to know how many cars it was going to buy, and what it was going to do in the way of improvements.

Mr. Hawkins said the company only wanted the privilege because the Railway Act called for wide cars, with centre sills, and the city would not let the company widen the strip, then the railway board would excuse the company from getting the aisle cars.

He said the company would buy new cars until the present cars were worn out. All the wanted now was to renew the special or curved work at the city engineer before doing anything.

The board refused to close up Taylor street between the Philip Carey Paper Co. It also decided to ask the Dominion Railway Commission to give its opinion on the H. and B. and Westinghouse spur matter. It will ask the board to compensate the property-owners in the district for damage done by the street widening.

Want to Lay Tracks.

John C. Gaud said the Brantford & Hamilton Railway would not use City Engineer Barrow's trunk line and asked for permission to start the work of laying tracks on Main and Hess-streets on May 1. The city engineer was instructed to report.

The hours of the city engineers were fixed at nine hours a day. Mr. Barrow reported that the Sawyer-Massey Co. was encroaching the sidewalk on Wellington-street, and the matter will be required to indemnify the city against damage actions.

The combined churches choir, consisting of about 175 voices, assisted by the Chicago Symphony Orchestra, gave the "Messiah" before a large audience this evening in the Grand Opera House.

The board of education this evening decided to entertain no applications for salary increases until next June.

Fire gongs will be placed in all the large schools.

Dr. Roberts, the medical health officer, was engaged as medical inspector of the schools at a salary of \$250 a year. Dr. Roberts has made a large dentist added to the staff of the City Hospital, so that the teeth of children and parents may be attended to free of charge.

Immense Shipment of Wall Paper.

Cloke & Son, stationers, 16 West King-street, received to-day one of the largest shipments of wall paper ever handled by a Hamilton firm.

The shipment consisted of 500,000 pounds, and weighed 17,000 pounds. Another shipment just as large will be received by the same firm Friday. It is of all the latest designs for the spring trade. The firm will live up to its reputation, and no store in the city will afford anything like the variety, at prices so low everywhere.

CURZON BEAT ROSEBERY
FOR OXFORD CHANCELLOR

Former Viceroys Gets 1111 Votes and His Opponent Only 430 in an Exciting Contest.

London, March 14.—Lord Curzon of Kedleston, former viceroy of India, was elected chancellor of Oxford University to-day by 1111 votes against 430 cast for Lord Rosebery.

Hitherto in the history of the university, chancellors had always been chosen without a contest. Although influential pressure was exerted to persuade Lord Rosebery to accept the nomination, there was some adverse criticism of his acceptance in the face of the almost certain election of Lord Curzon, who is a Conservative, on the ground that it gave the contest a political aspect, Lord Rosebery being a Liberal.

The polling was held in the Sheldonian Theatre this evening, and a constant succession of trains brought eminent voters from all parts of the country, peers, members of the house of commons, archbishops, bishops and other men who had attained prominence in all professions, the contest exciting the keenest interest.

WINNIPEG TO CURB COMPANIES

City to Ask Government for Control of Phones and Railway.

Winnipeg, March 14.—(Special.)—The civic authorities practically have decided to send a deputation to Ottawa to ask for an appropriation of \$125,000 toward the erection of new bridges between St. Boniface and Winnipeg; to ask that the charter of the Bell Telephone Co. be altered so that the city can say where poles may be placed; and to protest against the granting of a charter to the Winnipeg Radial Railway Co. without giving the city power over the company.

WOMAN'S WORLD.

THE WOMEN'S HISTORICAL SOCIETY.

The regular meeting of this society was held yesterday afternoon in the Hamilton Institute. Mrs. Forsythe, re-assigned in the chair. After the reading of the minutes by Miss Nichols, Miss Constance Paulson gave an eloquent account of the flag devotion to the premier, and a general discussion was indulged in. Miss Marjorie MacMurphy gave a very interesting address on "Toronto's Share in Canadian Letters," dealing more particularly with Isabella Valancy Crawford, Philip Stewart and Evelyn Durand. Afternoon tea was served.

A NOVEL ENTERTAINMENT.

The Yonge-street Methodist Church has hit upon a novel idea for raising funds for a new building in the Household Fair, which opened to-day at the residence of Mrs. Withrow, 4 Chisora-avenue. The drawing-room is in charge of Mesdames Redditt, Langford and Henderson and has for sale pictures, cushions, vases, jardinières, fancy work and other articles for drawing-room use. In the dining-room are sold, under the direction of Mrs. Wilson, Miss Revy, and Mrs. Robinson, all kinds of

table linen, hand painted china, glassware. In the kitchen afternoon tea is served, with candles and cakes also for sale, besides kitchen aprons, dusting caps, clothe-line bags, kitchen utensils and fruit. Mrs. Winter and Mrs. Geager preside. Upstairs are sold collars, ties, slippers, handkerchiefs, work-aprons, fancy work and sewing utensils, in charge of Mrs. Thomson, Mrs. Hunt, Mrs. Rice and Mrs. Williams. The fair will continue this afternoon and evening.

IN SOCIETY.

Mrs. T. Ward of Regina, who has been spending the winter with her sister, Mrs. J. L. Spink, 111 Avenue-road, returns to the west to-day. Mrs. (Dr.) Bradshaw of Portage la Prairie, who has been in Ontario with relatives for the past few months, returns home to-day. A pretty March wedding was solemnized at the home of Mr. and Mrs. Wm. McGibbon, Port Hope, when Mrs. McGibbon's sister, Miss Lillian A. Outram, youngest daughter of Mr. Fred Outram, Port Hope, N.S., was married to Mr. Frederic R. Curley, Canton. Rev. A. M. Irwin, B.D., pastor of the Methodist Church, Canton, officiating. The bride wore ivory lousine silk with

trimmings of lace and applique, and carried a shower bouquet of white roses. Miss Inez Mason of Bowmanville, the bridesmaid, wore a pretty gown of Persian lawn, with inserted with lace, and carried pink carnations. Miss Elsie McGibbon, flower girl, and Miss Laura Outram, ring-bearer, pieces of the bride, were gowned in ivory satin. Miss Stella Mason, Bowmanville, played the Wedding March, while Mr. William Bickie, Canton, was groomsmen. A dainty luncheon was served at the conclusion of the ceremony, the table decorations in the dining-room being carnations and smilax. Mr. and Mrs. Curley left on the evening train for the west, and upon their return will reside at the Curley home at Canton.

The University Alumnae Association meets to-night at Queen's Hall. A newspaper, compiled by the graduates, will be read. The Women's Literary Society of University College is holding an open meeting in the Margaret Eaton School of Expression to-night.

MUSICAL EVENT OF THE YEAR.

Joint Triumph of Canadian Artists and Canada's Greatest Piano. Many large and delighted audiences have gathered in Massey Hall, but the greatest triumphs of any occasion were easily paralleled in the Schubert concert of Tuesday evening. From the body of the hall it was a sight long to be remembered as one viewed the array of talented artists, men and women, who composed this choir, under the masterful direction of Prof. H. M. Fletcher. Those who were privileged to view the immense audience from the platform were surely impressed with its size and character, a high and well-deserved compliment to Mr. Fletcher from his own fellow-citizens. It would seem to matter little what number on the program one might select, each and every one of them art. The solo singing of Madame Zimmerman carried with it the enthusiasm of everyone present, and was evidence of Mr. Fletcher's excellent judgment in the selection of his leading soloist. Writing this appreciation of the Schubert choir and its leader, one must indeed include well-merited mention of the magnificent pianos of the old firm of Heintzman & Co., that were the exclusive choice of Mr. Fletcher, and that so largely added to the success and triumphs of the evening. A Canadian citizen; a choir of Toronto's ablest musicians; a piano made in Canada; and so many other occasions has met every want of the cultured musician—this is, indeed, victory.

Queen Quality SHOES

\$3.75 & \$4.50

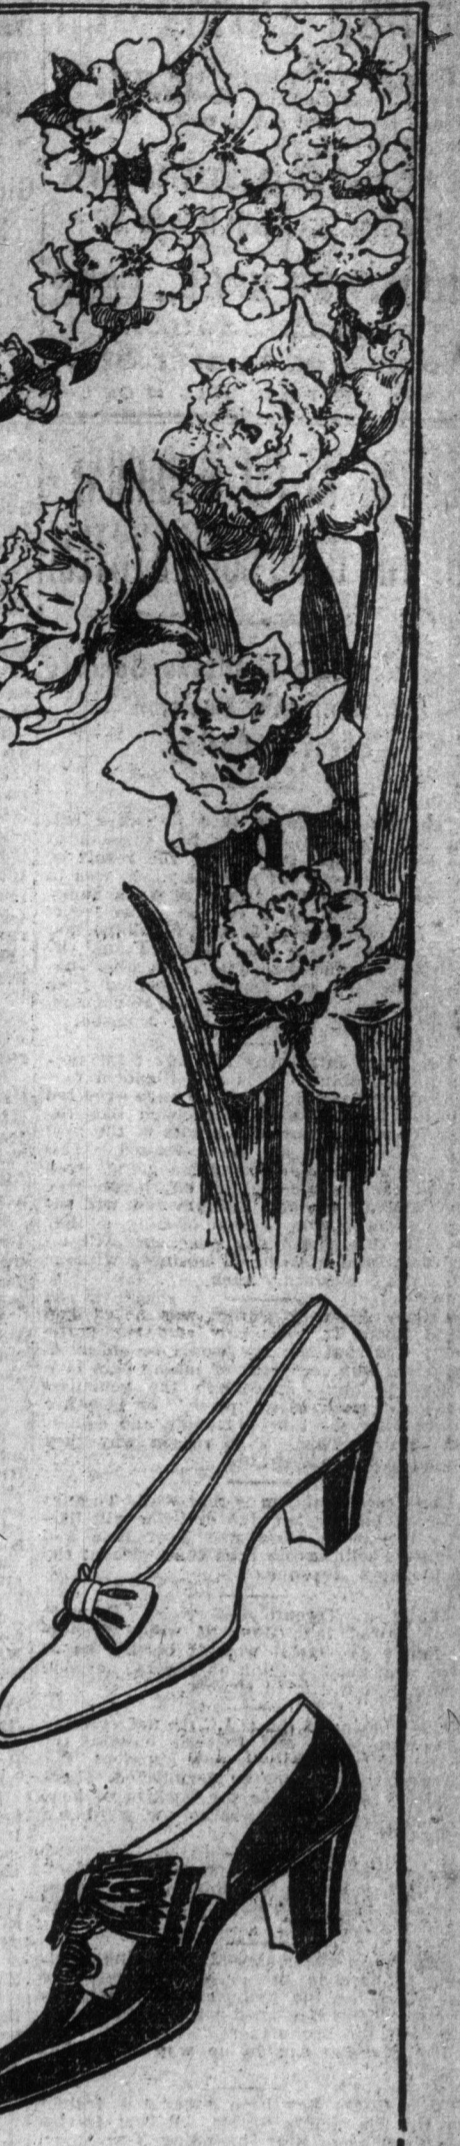

OPENING

THE new "Queen Quality" Shoe fashions for Spring are now ready. Needless to say, they are authoritative and correct beyond question. Why is it that "Queen Quality" Shoes are actually superior to many other makes that cost from One to Three Dollars per pair more? There is a perfectly logical reason for this.

The originator of the "Queen Quality" Shoe combines with a rare genius for creating beautiful shoes, the still rarer ability to create a factory organization capable of reproducing them in great volume—10,000 pairs per day.

The large savings this great output effects in buying materials and reducing manufacturing costs, enable the makers to offer these masterpieces of shoemaking at prices that are simply out of the question for the smaller manufacturer who makes but a few hundred pairs per day. We invite you to see our new assortment to prove this.

WORLD PATTERN DEPARTMENT

2429—SIMPLICITY AND GOOD STYLE FOR A GIRL. The most serviceable gown for the girl in her teens as well as for her mother is the shirt waist dress, which is not so elaborate as to be unsuitable for general wear. Here is sketched a gown of this style which will please the home sewer because of its excellent style and practicability. Made of serge or a cloth, the dress will prove durable and smart, while more than likely for such development. The broad tucks over the shoulder lend breadth to the shoulder line, and fullness to the front. The skirt is a inverted one with an inverted plait in black. Its smooth fit over the hips and generous flare at the hem render it at once smart and becoming. For the medium size 4-3-4 yards of 32-inch goods are needed. The price of this pattern is 10c.

Buchanan's Wife

The Story of a Woman Who Dared to Dress to Herself the Love and Happiness That Were Denied Her by Cruel Circumstances.

"You haven't told me," he said to Beatrix Buchanan, "whom you have here this week. Whom am I to meet? Any strangers?" He spoke in the ordinary conversational tone of half-intimate friendship, and that is a good evidence of his power of self-control, for he had probably never before in all his life been so deeply moved or under so severe a strain as during the past few minutes.

Mrs. Buchanan looked up at him for one swift instant, and then she said: "Oh, you're good, Harry! You're good!" she said, in a whisper. Then she said: "I think you know them all—don't you know the Eversleys? Colonel Eversley is the great swell on cavalry equipment—whatever that is—about here in London before she married and before—I did. She was the Duke of Sandon's youngest daughter, you know—the late Duke's. Then there is Aunt Arabella Crowley—Bless her!—and Stambolof. You like him, don't you, Harry? Do you know you're rather alike, you two? Then there's Ellen Trevor—Oh, I beg her pardon! I mean Allanor Trevor. And that's all. Did you ever hear of so ill-assorted a party? It's the Eversleys' party, really. I wanted them and she asked them, and they begged me not to have a lot of people. They said they wanted to sit in the sun for a week and rest, because they both were fagged out. So I got together used to know her in London before she married and do things. You, Harry, were a late inspiration of Herbert's. Ah, but we're not to talk about that are we? Ah, no!"

"She caught herself up with a laugh that was half a sob. Ellen Trevor is pretty little, childish, and she'll amuse Colonel Eversley when he wants amusement—and you, Harry, and you! And besides, the idea of to be here on Stambolof's account. She has conceived a sort of frightened, worshipful passion for Stambolof. Such kitten-like girls often do for men of

the tragic type, don't they? Of course, Stambolof doesn't know. If he did, he'd go away at once. "I hear you must go in, mustn't we?" "Oh, yes," she said. "Yes of course, I'll go with you. Come, Harry, we'll go in to them." She touched his arm for an instant as they turned.

"Do you suppose God is fond of practical jokes, Harry?" she asked. "How He must laugh, sometimes, mustn't He, at the hideously comic things people do every minute of their lives? Come in to the others."

THE FIRST CARD. A dinner, that is to say, a proper dinner, regarded in its aspect as a social function and not as a mere occasion for the consumption of food, has certain qualities in common with a theatrical or an operatic performance. There are times when even under the most unfavorable auspices, a certain spirit, a sympathy, a rapport falls upon the occasion and at once lifts it into the realm of perfection—when each thing goes wrong, when the poorest and meanest of integrals seem happy fashions, comes to form a flowing and concordant whole. On the other hand, when it would appear that deities of discord are abroad, when the most perfect of things seem to be in a state of disrepair, and no effort, however heroic, seems able to bring harmony out of chaos. Every hostess knows this, as does every musical conductor and stage manager, and none sits down to her perfectly appointed table without a desperate inward prayer that the gods of key and atmosphere will stand round and about her and save the day.

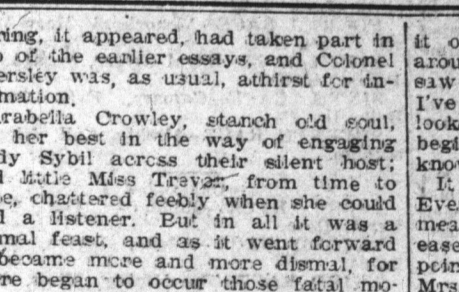

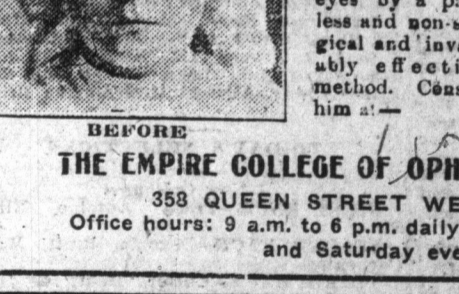

The first dinner at Buchanan Lodge was an unfortunate example of the latter class. It began with unharmonious elements, and the elements remained at discord thru the meal. In the first place, Beatrix Buchanan's feeling of relief—almost of rest—over her sister's visit had been at best a momentary matter. She was no sooner seated at the table, opposite her husband's mocking gaze, than the peace went from her with a sudden rush, giving way to a lamentable nervousness. She had been under strain too long.

Buchanan himself was ever the worst of dinner companions. There a natural disinclination and long disuse, he had almost entirely lost any command of small talk which he may once have possessed, and in consequence, Lady Sybil, who sat at his right, and Arabella Crowley, at his left, had a bad time of it.

Stambolof was by nature too silent to be of much use in such a crisis, and as a result the talk was almost entirely confined to Eversley and Harry Faring, who had found ground of common interest in certain African explorations, thru the Uganda country.

Our New Hair Vigor

Ayer's Hair Vigor was good, the best that was made. But Ayer's Hair Vigor, now improved formula, is better. It is the best preparation for falling hair. A new preparation in every way. Ask your druggist to show it to you, the new kind. Does not stain or change the color of the hair.

It only wants a dinner, and people around you and all. "What! I never saw such a difference in a few hours. I've got a sister like that, who never looks herself all evening. Then she begins to sit up and enjoy herself, you know."

"It will be reasonably evident that Eversley was not a tactful man. He meant well, but he was more at ease with men. His remark was to the point, however, even if better unmade. Mrs. Buchanan's extreme nervousness and depression, and the strong effort she was making to fade these, had sent an unnatural flood of color to her cheeks and a sort of restless fire to her dark eyes. The effect was extremely beautiful, but only the type of human being represented by Colonel Eversley could by any chance have mistaken it for well-being.

"She turned a swift, half-frightened glance toward Harry Faring's inscrutable face and thence to the brooding eyes of her husband across the table. Buchanan leaned forward with an odd little smile. One hand was playing at the stem of his wineglass.

"All phenomena may be traced to a cause," said he, looking down at the glass which he fingered. "My Mrs. Buchanan's high spirits this evening are easily traceable. She is, barking

LIGHT FROM MAYOR COATSWORTH Mayor Coatsworth's attitude towards the application of the Toronto Electric Light Company for power to increase its capitalization from \$3,000,000 to \$4,000,000, by the issue of \$1,000,000 to the present shareholders at par, has all along been anything but satisfactory. As the administrative head of our important city and at a time when questions regarding the position and operation of the public services are becoming increasingly in evidence, less could not be fairly expected from him than a vigilant watch upon the doings of the franchise holding companies with whom he is immediately and officially concerned. That not only as concerns the rights of the city under its formal agreement, but also and equally with reference to the stock dealings and all other of the many methods by which public service corporations seek to enhance their private profits at the expense of the common good.

When an important public issue emerges for consideration and disposal, the citizens have every right to expect from their civic head a clear and frank statement of his views and policy, and to know what is proposed to be done on their behalf. Nothing is more vital for the welfare and prosperity of the community than the supply of public necessities cheaply and efficiently, and no more important duty rests upon the mayor, controllers and aldermen of Toronto than to see that this is obtained. No man holding administrative office should ignore for one moment this responsibility of health to declare his views against each and every proposal that will or may prevent the attainment of that end. A private corporation that undertakes the operation of a public service is to all intents and purposes a public trustee, with duties, not to its shareholders alone, but to its shareholders and the citizens equally. This proposition is so fair and equitable as to carry its own evidence. If the shareholders are entitled to a fair return upon the legitimate capital expenditure necessary to establish and operate the undertaking, so the public are entitled to an efficient service at the cheapest possible rate.

If, as President Hadley of Yale says—and he is not favorable to public ownership—the managers of a franchise-holding corporation are trustees for the public as well as its stockholders and creditors, what is their plain duty—is it not to limit their capitalization to the legitimate cost of construction and equipment and to fix the rates charged the users and consumers on the lowest basis consistent with efficient operation and a fair return on the money invested? If that is not the obligation imposed on them as public trustees, what else can it be? And if extensions requiring additional capital expenditure are necessary, is it not also their duty to raise the money in that manner which will keep the capitalization at the lowest possible point? Now this proposal of the managers of the Toronto Electric Light Company is a flagrant breach of their duty to the public of Toronto. The shareholders are receiving now eight per cent. on the par value of their holdings—surely a fair return on an undertaking established to meet a public need. Yet in addition government sanction is asked to an issue of new capital stock on terms which will present the shareholders with a bonus of sixty per cent. of their holdings, if the quoted market value is maintained. The \$1,000,000 necessary for the extensions said to be necessary could be raised, and the capitalization proportionately restricted by issuing the new stock at the market value, and if the light company is a public trustee, the managers owe it to the public to issue it on that basis. It is the duty of Mayor Coatsworth and of every member of the city council to insist, if the increase of capital is to be sanctioned, that it be raised in the way least burdensome to the public consumer. It is no less incumbent on the government as representing the people of the

province to lay down and confirm, as a matter of principle applicable throughout Ontario, the proposition that every public service corporation must act fairly and squarely towards the public who have entrusted them with a franchise and whose needs they have undertaken to supply. And the citizens of Toronto have every right to know where their mayor stands on this question and whether he is determined, to the utmost of his ability, to protect them against this attempt to burden the light and power services with an unnecessary load of capitalization. The mayor has come out on the matter of expropriation—why his reticence on the matter of over-capitalization? The city must maintain a firm front at all points and his duty imperatively requires that he declare himself on the side of the citizens.

TARIFF REFORM AN ELECTORAL ISSUE. From the English newspapers now come to hand it appears that the by-election for the Brig Division of Lancashire, the result of which disclosed a remarkable reversal of public opinion, turned chiefly on the fiscal question. This gives the return of the Unionist a significance above ordinary, since the division has been Liberal since 1895, and has now turned a ministerial majority of 172 into a minority of 116, in the case of a candidate who made tariff reform the principal issue. Sir Berkeley Sheffield, in his election address, condemned the existing British duties as inadequate, even on the basis of a tariff for revenue, and advocated their transference from necessities such as tea and sugar to foreign manufactured imports. This, he maintained, would assist the working population, both by reducing the cost of the necessities of life and by ensuring greater stability of employment.

But the Unionist candidate went further and offered tariff reform as "the basis of a constructive social policy, especially of agrarian reform," much on the lines embodied in the recommendations made in the recent report of the agricultural committee of Mr. Chamberlain's commission. The principle favored by the committee was the taxation at low rates of imported grain and other articles of food now on the free list in order that a fund might be raised "for land purchase, the creation of small holdings, reform of local taxation, agricultural research, improvement of transport and other measures designed to improve agricultural conditions in England. That seems to have been the policy which carried a large agricultural constituency, and what it succeeded in doing there may be easily repeated in other farming countries. It is a notable fact that the Brig division was the first straight fight since the general elections, in which the Unionists have captured a liberal seat, the gain at Cockerworth being due to the triangular contest caused by the running of an independent Labor candidate.

PUBLICITY IN UNIVERSITY AFFAIRS. The Hon. A. G. MacKay is right in his contention that the proceedings of the university board of governors—and we would add, of the senate—should be open to the press. Indeed it is surprising that Mr. Whitney was not aware that all such proceedings are conducted behind closed doors. Premier Whitney cannot surely read the newspapers carefully or he would have been as much aware of this fact as Mr. MacKay. It is only a few weeks since The World discussed the secrecy in senate affairs, and gave unanswerable reasons why the press should be admitted. The board of governors is a standing body dealing with public funds and therefore should be under the public eye in all things. Because the senate is largely an elective body the electorate is entitled to full, free and unbiased information regarding the action of its representatives. Let the public know.

A NEW JOURNAL. The Plumber and Steam Fitter, to be issued weekly, is a new publication of the McLean Publishing Co., taking the place of the department under that head, conducted for many years in Hardware and Metal. The introduction says: "The plumbers' work in preventing disease is becoming recognized to be as important as the doctor's in effecting cures and the work of the heating and ventilating engineer is as easily as important as the professional work of the architect." The new journal will endeavor to instruct the trade accordingly.

Among the contributors will be M. J. Quinn, formerly mechanical superintendent for Ontario; C. E. Oldacre, member of the American Society of Heating and Ventilating Engineers; Wm. Holley, an associate of the Royal Sanitary Institute of England; W. B. McKay, Toronto; F. R. Munro, Winnipeg; G. S. B. Perry, Vancouver; H. F. S. Paisley, St. John, and James Hickey, Halifax, assisting Weston, Wrigley, the managing editor.

PLUMBERS MUST PAY FINE TWO JUSTICES DISSENTING

Conviction on Combine Charges Upheld by Three Judges of Court of Appeal. The Central Supply Association (plumbers) have lost their appeal against the conviction for violating the law as regards combines, for which a fine of \$5000 was imposed. In giving decision, Justice Garrow said: "It is common knowledge that the majority of large operations in manufacturing and dealing in the articles and commodities of commerce are now carried on by joint stock companies. Can it be said that the legislation that the intention in preparing the act was to catch only the small fry? Surely not."

Chief Justice Moss asks: "What were the motives that led to the incorporation? The association has no stock in trade and carries on no business, nor does it buy or sell commodities. It does not profess to be an association formed for general benevolent purposes, and it can scarcely be regarded as a social club." Justice Maclean agrees with these opinions. Justice Oester, however, dissenting, says: "It cannot be too strongly insisted upon, nor too clearly borne in mind, that the appellants are not responsible, criminally or otherwise, for anything which took place before their incorporation on Sept. 9, 1905. The crown had the right to prove the incorporation, and acts done after the incorporation, as tending to prove a conspiracy between the appellants, and that the fact of incorporation alone would not be enough."

"In my opinion, the evidence of anything finally done or completed by these defendants after their incorporation is so slight and flimsy a nature, if not altogether wanting, that the learned trial judge, dealing with a criminal charge of so grave a character, ought to have held that the case was not made out, and should have acquitted the defendants." Justice Meredith, also dissenting, says: "It seems to me impossible to avoid the conclusion that they were tried, convicted, and sentenced, in a substantial measure at least, for the offences of others, committed long before the appellants had any sort of legal existence, and so were wholly incompetent to commit any crime or do any unlawful act."

BILEANS SHOULD BE ON ALL FARMSTEADS! "Handiest and Best Household Medicine."

Farmers and farmers' wives say that Bileans are the handiest and most effective family medicine ever discovered. It is a safe, reliable, and effective remedy for all ailments of the stomach and bowels, such as indigestion, flatulence, heart trouble, piles and all disorders arising from faulty living and stomach action, are cured quickly and surely by Bileans. Mrs. Y. Laventure of Beaumont, Alberta, says: "For over ten years I was ailing—could not sleep, had pains after food, constipation, headache and seemed without energy. A few boxes of Bileans gave me back my health." All druggists and stores sell Bileans at 50c per box, or from Bilean Co., Toronto, for price; 6 boxes for \$2.50.

Union Stock Underwriting Company—appeal dismissed with costs. Toronto General Trust Company and action against it dismissed. Judgment for Herbert Jones against Morton Company, \$1000, with costs. King v. Richardson—conviction quashed and new trial ordered. The Hamilton Wharf. Jessie Agnes Paul and her three children are suing the C.P.R. Company for damages for the death of Engineer John A. Paul, her husband and father of the plaintiffs, respectively. It is alleged Paul came to his death through the company's negligence. In leaving out of his cab his head struck a semaphore. Cobalt Stocks. The Erie Cobalt-Silver Mining Company and J. H. Jewell have been made defendants in two separate actions brought by A. H. Jackson and J. E. Miller, respectively, on certain contracts dealing with Cobalt stocks. Toronto Railway Co. Sued. Samuel George Ball and Ellen Ball have issued a writ against the Toronto Railway Company, claiming damages for negligence. Hamilton Action Falls. The action brought by one Mackie against the Hamilton Electric Light and Power Company for damages as a result of an accident has been dismissed with costs by the Hon. Justice Meredith. The action was tried at Hamilton. Dismissed. Chief Justice Meredith has given judgment dismissing the action of Armstrong against Wagner, to find out what property was left by the husband of the defendant, the plaintiff having been appointed executor. The case was tried at London. The dismissal is without costs. Judgment and Reference. The Royal Electric Light Company sued the Hamilton Electric Light and Cataract Power Co. to recover \$27,000 on an order of payment and a cross claim of \$36,940.85 for two generators, and \$40,000 on a promissory note. The trial lasted for ten days at the Toronto non-jury sittings. Judgment is now given for the plaintiff and a reference directed.

Trouble Over Rent. In the action brought by Elizabeth Joseph and others against the Anderson & Macbeth Company, Limited, to compel specific performance of an agreement for a lease by the plaintiffs to the defendants of a warehouse on the Toronto waterfront, the Hon. Justice Ritchie has given judgment in favor of the plaintiffs. The judgment has varied the judgment of the Hon. Justice Ritchie to the extent of allowing \$300 further expenditure, and with that amount the plaintiffs' claim for arrears of rent is dismissed without costs. His Lordship Justice Meredith dissented. The action was tried at Toronto. Does the Engineer Know. Madge R. Kelly has an action pending against the T.R. Company for damages for injuries received while a passenger on one of their trains, which ran off the track. Conductor Schackel, who was in charge of the train, was examined for discovery, but he could not give the information required. Upon application the master-in-chambers granted an order allowing the engineer to be examined to see if he can give the cause of the accident.

Lost the Appeal. Judgment has been pronounced by the Hon. Justice Riddell, dismissing the action of Findlay against the Hamilton Cataract Power Company, with costs. To Unseat a Councillor. Charles A. Rayson, a farmer of the Township of Bayham, in the County of Elgin, applied to the Master-in-Chambers Cartwright for an order to unseat Charles Turnbull, a "hog buyer" of the township, on the ground that the latter had not the proper qualifications and was not duly sworn the office. Judgment was reserved. Pleadings Not Sealed. John McNichol, a farmer of Perth County, has an action pending against McPherson and Davidson of Stratford and Mary McNichol over the sale of certain land under an order of application was made to Master-in-Chambers Cartwright to have certain paragraphs of the statements of defence struck out on the ground that the same are embarrassing, scandalous and irrelevant and tend to prejudice and embarrass. Judgment has now been given dismissing the motion with costs.

Judgment Reduced. Sarah Louise Muma recovered judgment against the T.R. Company on behalf of herself and five children for the death of her husband in a collision between two work trains. The jury assessed the damages at \$3500, to be apportioned between the widow and children. The company appealed to the court of appeal, who have now reduced the amount of the damages to \$2100. There are to be no costs of appeal. The Western Commission Company sued S. M. Moore, a mill owner, for damages alleged to have been suffered by reason of defendant's negligence in carrying out a certain contract, to sell to plaintiffs the defendant's cut of hemlock for the year 1906. Judge Foster dismissed the action and the divisional court affirmed it. The plaintiffs appealed, and now the court of appeal has dismissed the appeal with costs. Wins at Last. Catherine Welsh at last wins her suit. Richard M. Drouillard won, and on appeal the divisional court affirmed the judgment was upheld. The defendant appealed again and this time she is successful. The court of appeal allowed her appeal and dismissed the action with costs. Hamilton Property. The appeal of Laurin Whipple from the order of Judge Monck assigning a copy of certain lots in Hamilton has been allowed by the court of appeal without prejudice to a further ap-

NOW IT'S THE MEN'S TURN We Make our First Spring Showing on Saturday

Of course the ladies always come first, and, as you know, for some weeks past, we've been telling about and showing them all the magnificent new things that the store has garnered from the four corners of the earth.

Now we're ready for the men, and if the men do as the ladies did for the displays of their goods they'll show the deepest appreciation for the grand exhibits of new spring wearables.

However good the opinion you've formed of the Eaton clothing store, this opening will improve it. The new spring garments—the materials, the fine workmanship—will enthrall men of most critical tastes.

"Bah! Ready-made!" says some scuffer. So are the elegant Paris dresses we bring over, and what dressmaker could match them! The Eaton "Ready-made" standard is an inimitable one, and the thorough tailor work it demands can't be excelled at any price.

Three Other Things We Stand For— Materials from the best Fashions studied internally; then drafted in our own workrooms by highest skilled designers. Mills in the country, and one's at that; DOLLARS IN fine imported fabrics. YOUR FAVOR.

All these things you'll notice in Saturday's opening display. It's your move now; come and see. And if you buy your new Easter wear then, you'll choose positively best.

The New Eaton Hats for Spring

SECOND only to the incomparable excellence of Eaton hats for 1907 is the benefit to you of choosing from the finest and largest collection in the country. SCHOOL ACCOMMODATION. Principal Embree to Investigate Conditions and Report. A letter was received at the management committee of the board of education yesterday, from the city solicitor, asking if there was not really enough accommodation in the city high schools to meet the present demands, and if not a large number of city scholars were compelled to go to the Junction Collegiate at the expense of the city? The matter was referred to Senior Principal Embree. The committee decided to investigate privately into a difficulty at Harbord-street Collegiate, where it is said the senior students object to a science master, on account of alleged incompetency. The annual school games will be held Saturday, June 1. Inspector Hughes report was adopted. It notified the committee that application had been made to the minister of education for amendments to the school laws, to give the board authority to establish a superannuation fund; for permission to establish vacation schools; for permission to throw the schools open for public lectures and to conduct the same. Savings banks have been opened in Cottingham-street, Essex-street, Leslie-street, Pape-avenue, Rosedale, Withrow-avenue and York-street Schools. An offer from the Horticultural Society to present flower seeds to the schools was accepted. W. Bryce was appointed representative of the board of education on the entrance board of examiners.

HYMAN DIDN'T RESIGN ELECTION UNNECESSARY So Say the Committee—Twice Has Minister of Works Found Himself Foiled.

Ottawa, March 14.—(Special.)—The committee on privileges and elections this morning declared that Hon. Mr. Hyman's resignation as member for London was not valid, in that it had not been properly witnessed. This makes a by-election unnecessary. A telegram from Hyman to Jas. Duffield was sent Feb. 2 from California, asking that a seal be attached to his resignation, and the same properly witnessed. Another dated March 1, said that "my statements or intentions that my resignation either as member or minister were prompted by any other motive than was contained in my letter to Sir Wilfrid Laurier are absolutely untrue."

Winnipeg Wants \$2,500,000 City Seeding Mayor Ashdown to Toronto to Raise Loan.

Winnipeg, March 14.—(Special.)—At a special meeting of the city council to-night, it was decided to send Mayor Ashdown to Toronto and Montreal, to negotiate a loan of \$2,500,000 thru the Canadian Bank of Commerce, or other institutions, to be repaid out of the sale of debentures. The mayor, with John Aird, manager of the local Bank of Commerce, probably leaves on Saturday night for Toronto.

VANZANT CASE REVIEWED DEFENCE BLAMES POLITICS

Counsel for Government and for Governor Argue Their Cases Before Commissioner.

Argument in the Vanzant investigation was heard by Commissioner Judd at the city hall yesterday, and further argument will be submitted in writing within a few days. James Baird for the Government referred to the lack of discipline at the jail. Unwarranted attacks had been made on guard Aldy and steward McMillan. Vanzant had no business to act as bailiff for jail prisoners, nor to advance money to them.

GREENWAY LEADS ATTACK ON WESTERN LAND BILL

Says Restoration of Pre-Emption Rights Will Be a Detriment to Country.

Ottawa, March 14.—(Special.)—Mr. Oliver to-day moved for a second reading of his bill to amend the acts respecting public lands. The bill covers 52 printed pages. The salient feature is section 27, restoring pre-emption rights, so that a settler may acquire a second homestead. He was astonished to learn that a third homestead would be granted those who had made their entries prior to 1887. He believed that a third homestead of any man could settle down and acquire a competence. Mr. Oliver was spending money with one hand to bring in immigrants, and with the other giving away all the land upon which presumably they were to settle.

BOARD OF TRADE ELECTS OFFICERS IN PORT HOPE Attitude of Grand Trunk Toward the Town and the Rate Question Roundly Denounced.

Port Hope, March 14.—(Special.)—The board of trade at its annual meeting to-night elected the following officers: President, H. T. Bush; vice-president, R. A. Mulholland; secretary, A. H. C. Long; council, J. Hume, J. F. Johnston, Thomas Long, T. B. Chalk, E. Brown, E. M. Thurber, J. F. Honour, W. D. Stephens, J. E. Clark, H. Barrett, F. L. Curtis, J. Dunfee, J. Nicholson and H. Gray.

After the close of the market, considerable relief was expressed that there were no failures during the day and that of all the rumors in the street, there seemed to be none affecting the solvency of any banking or brokerage house of any importance.

The banks reported that their demands for further collateral from brokers met with prompt response and that, so far as they were concerned, their position as to the stock market was satisfactory. A remarkable feature of the present decline is that it was foreseen several months ago and that due warning was given. As a result, brokers generally have protected themselves by requiring customers to deposit and maintain ample margins on their trades.

Secretary Corteyou's announcement of government relief was greeted with much satisfaction. It was decided that the board should get into closer touch with the town council and the Retail Merchants' Association.

Indignation was expressed at the G. T. R. having tried without Port Hope's consent to fill in the viaduct separating the town from the lake and thereby preventing the entrance of competing roads into the town.

Reference was made to the organization of the Ten Thousand Club, with the result that this association will receive an impetus. The treasurer's report was duly adopted and proved satisfactory. It was decided that the board should get into closer touch with the town council and the Retail Merchants' Association.

According to advertisements all summer resorts are alike. They are the best ever—but if fishing is better anywhere else than it is in Georgian Bay, we do not know where it is. There is a greater variety of fish in this water than anywhere else, and they are always hungry. No one ever counted the fish in the Georgian Bay, but those that have been caught there have been counted and eaten, and if you read the fishermen's reports on fishing more than you know that Georgian Bay supplies more fish than any other equal body of water in the world. The only place you can afford to fish is where the fish are numerous, big and delicious in flavor, and that place is Georgian Bay—the fishermen say. Suppose you and your booklet, issued by Grand Trunk Railway System, free, telling about the home of the bass pickeronnie and the noble trout family. Address: J. D. TO PREVENT BRONCHITIS or CONSUMPTION

Do not neglect a cold or cough no matter how slight as the irritation spreading throughout the delicate lining of the sensitive passages sooner or later will lead to fatal results.

If on the first appearance of a cough or cold you would take a few doses of

Dr. Wood's Norway Pine Syrup

You would save yourself a great deal of unnecessary suffering.

Dr. Wood's Norway Pine Syrup contains all the lung healing virtues of the pine tree combined with Wild Cherry Bark and other powerful remedies.

It stimulates the weakened bronchial organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucous, and aids nature to easily dislodge the morbid accumulations.

Miss Belle Campbell, Long River, P. E. I., writes: "For some time I was troubled with bronchitis. A friend advised me to try Dr. Wood's Norway Pine Syrup. So I procured three bottles but it only took two to cure me."

Be careful when purchasing to see that you get the genuine Dr. Wood's Norway Pine Syrup.

It is put up in a yellow wrapper, three fine lines cross the trade mark and the price 25 cents at all dealers.

RUSSIA TRIES TO STAMP OUT UNIVERSITY REVOLT

Government Will Take Drastic Steps Against Schools to Put a Stop to Insurrection.

St. Petersburg, March 14.—The government has resolved to take drastic steps against the universities and other institutions of high learning to put an end to the revolutionary activity that prevails within these establishments.

Prince Andrew G. Gagarin, director of the Polytechnic Institute of St. Petersburg, in which establishment a number of arms, ammunition and bombs were found by the police on March 3, has been dishonorably discharged.

Together with the governing board of the institute, he will be prosecuted for criminal negligence for permitting the sheltering of arms and ammunition for revolutionary purposes.

The faculty of the institution will hand in their resignations in a body as a protest against the degradation of Prince Gagarin.

Michael Givens to Hungary. St. Petersburg, March 14.—The Grand Duke Michael, brother of Emperor Nicholas, has been offered the relief of the famine sufferers and has sold to the Peasants' Bank for distribution to the peasants 65,000 acres of his estates in Orël Province at an average price of \$14 per acre.

The Peasants' Bank has contracted to purchase 8,212,000 acres of land.

Seven slain by robbers. Yelisevetskiy, March 14.—An estate was attacked by robbers yesterday, who bound and decapitated the proprietor, five laborers and a woman. Two witnesses of the slaughter, a soldier who hid in a hay stack, and a child, lost their reason.

Troops Stop Attack on Jews. Yelisevetskiy, March 14.—On the occasion of the funeral yesterday of a prominent reactionary who was killed by revolutionists, rioters began beating Jews in the streets and sinking the bazaar and Jewish lodgings, but they were stopped by troops. A number of Jews were wounded, one of whom died in the hospital.

The local Rabbin has telegraphed complaints to the lower house of parliament and to Premier Stolypin.

Arsenal Paymasters Robbed. Brjansk, March 14.—The paymasters from the arsenal were attacked in a street to-day here by robbers, who opened fire on them with revolvers, seized their money bags containing \$6,000 and decamped.

GROWING OLD WHILE YET YOUNG

What a number of women there are who feel that these words exactly suit their case.

There are thousands of females all over our land, broken down in health and dragging out a miserable existence, overburdened with disease peculiar to their sex, apparently growing old while yet young.

From early morning till late at night they have been on the go year after year, attending to the household duties. Is it any wonder then that sooner or later there comes a general collapse? Fatigue of the heart, nervous prostration, smothering and sinking spells, weakness, dizziness, sleeplessness and many other troubles follow. What a woman wants is something to build up the system and for this purpose you cannot equal

Norman Macdonnell of Toronto Gets Award at Queen's.

Kingston, March 14.—The Rhodes scholarship, entitling the holder to a three years' course at Oxford University, its cash value being \$300 a year, has been awarded by Queen's senate to Norman Macdonnell, son of the late Rev. D. J. Macdonnell of Toronto.

Campbell Laidlaw, M.A., son of Rev. Dr. Laidlaw of Hamilton, has received the science research scholarship, valued at \$150 for two years.

WHERE THE SHOE PINCHES

Price-Stamped and Name-Branded Shoes Caught in the Rising Cost.

Even the Slater shoe dealer sometimes regrets the fact that the price of each shoe stamped on the genuine Slater shoe. Prices of leather and the materials advanced so during the past year that a man with \$10,000 stock of shoes bought before the rise had a stock really worth \$12,000. Yet the Slater shoe had to be sold for just what it was marked. The price mark could not be erased nor changed, for the Slater Shoe Co. would not permit it.

So that the rise in the cost of leather bears hardest on the price-stamped Slater shoe. The unnamed shoe dealer can impose, while the Slater shoe must be sold at the prices fixed by the maker.

ACCOUNTS FOR CITY HALL SETTLEMENT SOON REQUIRED

Mr. Lennox Will Render Certificates Within 60 Days—Will Sell Plans to City.

CITY HALL TO-DAY. 11 a.m.—Board of control. 3 p.m.—Works committee. 8 p.m.—Special council meeting.

It is promised that, the long delayed "show down" between Architect E. J. Lennox and the city is to take place within the next two months. Mr. Lennox has up to date received only a portion of his fees in connection with the plans for the civic hall, because he has not pressed for payment. A number of contracts were not carried out by the firms holding them, and the architect now says he expects within a couple of months to give his complete account for payment.

The subject of the relation between the city and the architect and contractor for work on the city hall was revived at yesterday afternoon's meeting of the civic portfolio committee, when an account of Benjamin W. Wright of \$188.50, for some plumbing repairs, was submitted.

Ald. Adams asked if the work had been tendered by an outside contractor. Harris admitted that it had not been, but explained that the roof had been leaking, and that it was necessary to avoid delay. He also stated that there were in the city's possession no plans of the city hall, Mr. Lennox alone having them.

The committee thought that the city was rather in the dark as to the work being done, and greatly disappointed thru the lack, and Ald. R. H. Graham moved that Mr. Lennox be asked to turn them over to the city, which motion was carried.

"I have never been asked for them," explained the architect last night. "Under the circumstances, it becomes my property. The city will have a nice time getting them." But he related next moment, adding that he might let the city have them if they would consent to pay for them.

"It looks to me like a necessary thing and I think we should vote for it," declared Ald. Adams, referring to the new registry office, petitioned for by 150 members of the legal profession.

There was some discussion on the uses of the present registry office. Commissioner Harris declared that the "only thing the city reaped from it was a deficit," and Ald. R. H. Graham asserted that the building was the only one who profited. Ald. Jas. Hales suggested that all the county registry offices should be accommodated in one building.

Mr. Harris will report on the request for a new pavilion.

A new pavilion in the Allan Gardens, to cost \$120,000, was a proposition laid before the parks and exhibition committee by Commissioners Harris and Adams and approved by the committee. There was another plan submitted for a pavilion to cost \$200,000.

The plan accepted is for a three-story brick, steel and glass structure, 100 feet by 50 feet in dimensions, and with a gallery, making room for 100 people. The building will include a conservatory and large kitchen.

Ald. R. H. Graham asserted that there was greater need for such a pavilion in Alexandra Park and suggested an appropriation of \$200,000 to cover both Mr. Chambers will report.

The removal of some of the Riverdale Zoo animals to the High Park collection was discussed, and the commissioner will report on what animals might best be transferred.

WORKS COMMITTEE TO-DAY.

In his report to the works committee the city engineer approves the proposition that a car line be laid from Gerrard-street down Victoria-street and Scott-street to Eglinton-street to relieve the pressure of traffic on Yonge-street.

Some what odd is the case of H. M. Seagram, 8 Elmer-avenue, whose house is half within the city and half outside. He is contending that half his water meter should be on the city's rate and half on that of the county; at present he is taxed entirely on the county rate, which is four times that of the city. The city solicitor will report on the legal aspect.

There are 19,531 feet of vacant land available for building within the city's limits, so the assessment commissioner calculates. He figures, on the basis of 25 feet for a building lot, that there is room for 19,530 houses, or allowing for five in a family, room for 97,650 more population without enlarging the city's limits. He is personally against any annexation at present.

GARMENT SHOW FOR MEN.

An Early Easter Means a Men's Easter in Town and City.

The milliners and habit-makers cannot have it all their own way this Easter. An early Easter usually means a men's Easter.

In the Semi-ready Tailoring this season the display of spring styles is more than ordinarily interesting by reason of the very handsome fabrics which the British worsted mills devised for the Semi-ready. The new clothes have all a distinctive touch. The sacque coats share in the change of styles with dainty rounded corners on the lapels.

The spring overcoats have the quiet, graceful expression appealing to a man of cultured tastes.

The frock coats are, of course, the chief attraction just before Easter, and one does not wonder that the Semi-ready stores have absorbed the whole of the trade in this line. Everyone is invited to the Garment Show at the Semi-ready store.

Novelist Praised Canada.

London, March 14.—(C.A.P.)—Three hundred Salvation Army emigrants left the station for Canada to-day. Rider Haggard addressed them on their departure, and said, at any rate, they were going to a land where every man could rise who put his back into the work.

THROUGH AT DOWIE'S FUNERAL

Scores Touch Him of Apostle's Robe to Be Cured of Disease.

Chicago, March 14.—John Alexander Dowie was buried to-day in Lake-mount Cemetery, Zion City.

A small portion of the magnificent choir that formerly officiated in Zion City Tabernacle sang several hymns. The body of Dowie was arrayed in the white robe he had worn since he assumed the title of "first apostle of the Christian Catholic Church."

The funeral cortege was attended by hundreds of members of the church

An Opening for a Carpet and Furniture Dealer

The proprietor of a large department store in Manitoba will sell the Carpet and Furniture Department. The capital required to handle this is about \$7,000. The store is in a large railway centre and has commanded a big trade for years. A lease will be given at a reasonable rate, and all other circumstances connected with this business are favorable. This is an excellent opening for a man who is a country where money is quickly made. BOX 37, WORLD OFFICE.
