The Gay and the Solemn in Old Quebec

Mingled in Old Quebec Saturday and Sunday

Streets Present Picturesque Appearance—Soldiers and Sailors Attend Divine Service and Hear Inspiring Sermon.

YOUNG MEN STILL SPEAK LOVINGLY OF OLD FRANCE

QUEBEC, July 19.—(Staff Special.)—All the grey old ghosts of the Canadian centuries might have been parading the gloomy, rain-drenched streets of Quebec on Saturday night when the C.P.R. train which left Montreal at 9 o'clock in the morning rolled its hungry, weary load into the City of Champlain about 7 o'clock.

All nations and tongues seemed to be gathered in the shadowy atmosphere, and the gay peasant costumes fitted here and there, vivified by the youth of to-day and recalling the fathers of old Indians no longer savage but uniformed in the King's khaki; sailors of Britannia, with the solid physique and the accumulated glory of the ocean empire; sailors, too, with eager discipline, from across the channel, wearing their red-knobbed caps with Gallic graces; Canadian militia men of all classes and ranks, and variations of costume; civilians of every description, the majority feminine and young, undeterred by the downpour, and all overlooking with the animation and unwonted interest of an occasion that was not to be controlled by mere weather.

The streets were gradually discerned to be rich in studied color, with arches at every other street of hemlock or of brighter holiday material. Flags at every window, tropical in color, making a dazzle of changing light through the drizzle, broke up the heavy obscurity.

And when the rain ceased the narrow, precipitous streets grew more crowded and hilarious, and became a riotous sparkling patchwork of electric lights and thronging crowds.

A blaze of light around the Chateau Frontenac, thinning out thru the city, scatters by degrees into the starry darkness of this majestic river scene, and fittingly supplants the memories of the city's unwearying vigils. But the unwearying vigils, but the unwearying vigils were more particularly interested in the flight of some five balloons which were raised as soon as the rain permitted to each was attached a coupon, redeemable for \$1 or \$2.

Sunday morning broke with summer glory, and the river spread its wonderful vista with unrivalled splendor. The slaty blue grey washes of the steadily in the tide, and every flag and every decoration in the city strained light under the driving breeze. Every heart stirred and every condition fitted to enthusiasm. The world looked to be, for \$7,000,000 is what it will cost.

Earl Grey attended divine service on board H. M. S. Albemarle with Capt. Newton. The English cathedral of the Holy Trinity was crowded with dragoons, artillery and the garrison troops of the citadel, while the public, including Lord Roberts, in muff, the Countess and Lady Sybil Grey, Gen. and Lady Beatrice Pote Carey, the latter the most beautiful Irishwoman alive, the most distinguished and other distinguished citizens crowded the rest of the churches.

CHINESE BOYCOTT FOR BONGOTT

Retaliation for Canada's Prohibition of Opium Trade is Promised by Powerful Combine.

MONTREAL, July 19.—(Special.)—Private advices received here from the Pacific coast lead the mercantile classes in this city to believe that a very persistent boycott is at hand on the part of the most powerful commercial body in China against the Dominion of Canada and her trade.

All this has been brought about by the action of the Canadian Government against the opium trade. There is not much hostile criticism of the recent action of the authorities as far as the principle of the measure is concerned, but the fact that the government have made no allowance in the way of compensation for the severe injury they have inflicted upon the Chinese dealers on the Pacific coast, comes in for strong criticism on the part of the leading Chinese merchants of British Columbia.

The peculiar condition of the opium trade makes it necessary for the coast dealers to keep a five years' supply on hand, and the fact remains that they have already paid duties on these five years' supply. Consequently the cessation of opinion is that a very great hardship has been done.

Naturally the western merchants have communicated with their fellow-countrymen at home with the result that they are now carefully placed under a handkerchief, known as the "Seventy-two Companies," will take the matter up. It is promised that every possible effort will be made to secure a severe blow at the trade of this country.

The Chinese, so it is said, will strike back at every point where the opium trade we possess leading into the Flowery Kingdom.

Kaiser's Eyes TO BE REVIEW

'Tis Said He Wants Sultan in Triple Alliance as Offset to the Anglo-Russian Entente.

LONDON, July 19.—(Sun Cable.)—There has been much making of great alliances in the European press during the past week.

It is announced from Paris that the Emperor William's reply to the Anglo-Russian entente is to be the inclusion of Turkey in the triple alliance. This assumes a willingness to commit himself on the part of the Sultan, Abdul Hamid, which is quite inconsistent with all his previous policy. He has preserved his political independence heretofore largely by his skill in playing off first one and then another of the great powers against the other.

He is far too shrewd a statesman to have any confidence in the disinterestedness or permanency of the Kaiser's affection for him.

The impending agreement among the powers in regard to Macedonia has aroused an intense suspicion at the Yildiz Kiosk, but there is strong reason to believe that genuine reforms will really be insisted upon to end the present long continued crisis and that Germany will be forced by a sense of decency, if nothing else, to abandon her dog in the manger attitude, which on several occasions has prevented Austria from making any progress in the Balkans.

Another report deals with the relations between Austria and Turkey. It is said that the government is endeavoring to bring about an agreement in regard to the grave situation in Serbia, where some sort of coup d'etat seems imminent. It is quite evident that King Peter would be glad to retire to the obscurity whence he came. Abdication is common talk, but it is difficult to see how it could be carried into effect without involving an interregnum of dangerous violence.

It is with regard to the serious situation which may arise at any moment that the register must be looked after, and the other powers, Austria's long standing ambition in regard to Serbian territory, and the government's present position, and the other powers would not look with favor on any movement to take aggressive advantage of the Serbian troubles.

Laurier to Contest A SEAT IN TORONTO

Montreal Hears the Very Interesting Rumor That Prime Minister Will Make Spectacular Attempt to Break Tory Toronto.

MONTREAL, July 19.—(Special.)—Following the announcement that R. L. Borden would be offered a seat by the electors of an exclusively French county, comes the almost official declaration that Sir Wilfrid Laurier will contest one of the electoral divisions of Toronto.

It is said that the prime minister, while having no desire to take the nomination from any man possessing a legitimate claim upon the party, has intimated that if his acceptance of the government candidature in one of the Toronto divisions is looked upon with favor by the fighting men of the Liberal party, he will consider the matter.

Others in the secrets of the ministerial party say that the whole thing is already cut and dried, and that one of the Reform candidates in the City of Toronto will really be the prime minister of the Dominion.

The claim is set up that it will be a very picturesque action on the part of a picturesque leader to accept a nomination in a constituency where there is scarcely a French-Canadian voter, and that such a piece of strategy might appeal very favorably to the Toronto voters.

NEXT BRITISH ELECTION WORRY AND COMPLAINT ON THIS YEAR'S LISTS AT PARLIAMENT CLOSE

Sure Sign of Dissolution of Parliament—Work Ahead of the Government.

LONDON, July 19.—The Unionist whips are warning local agents that the general election will be fought on this year's register. There is a fresh register every year, and consequently this official tip is a forecast that Parliament will be dissolved next year. It is accompanied by the intimation that the licensing bill will be summarily rejected by the lords, and the education bill also, if it comes to them, and that the government will appeal to the country rather than face another budget.

These whips are easily convincing themselves of what they want to believe. They are also in the habit of saying that the register must be looked after, because the elections are likely to come in the early spring. There is no evidence that the government whips are advising or expecting an appeal to the country. They consider Premier Asquith a masterly tactician in having quibbled over both Mr. Balfour and the Marquis of Lansdowne. The pension bill has been sent to the lords virtually as a financial measure, and cannot be played with. If it be postponed, amended or rejected the right of the commons to initiate and regulate taxation will be violated. Premier Asquith has consented to give a practical exhibition of the supremacy of the commons over legislation. It is more effective than were the previous challenges of the veto power of the lords in the education and Scottish bills. The pensions bill becomes the main work of the sessions, and it is supported by a series of important non-controversial measures. An appeal to the country will not be involved by the rejection of the sessions, and it is supported by an education bill. The government will hold office for another year and will have abundant occupation in dealing with the poor law administration to the pension system, and in raising the straight issue of manhood, and, possibly, womanhood, suffrage in the new reform bill.

As for the champion of the exchequer, he will insist upon the privilege of bringing in at least one budget, and proving that the resources of direct taxation are not exhausted. Mr. Lloyd-George is the most ambitious man on the government benches, and is not likely to sacrifice the future, especially when the liquor trade can be punished for the defeat of the licensing bill. With the income tax differential, motor cars heavily taxed and blood drawn all around, the government is indeed in a better position at the end than it was at the beginning of the session. Wales, like Scotland, stands by it, and an effective change of increasing the rate of the income tax, the Liberal tactics are better than strategy, for the cost of the pensions scheme must ultimately be reckoned on the whole system of financial administration to be upset.

"BOBS" HERE THIS WEEK Will Be Guest of Robt. Meighen in Montreal.

MONTREAL, July 19.—(Special.)—Lord Roberts will be the guest of Robert Meighen, at his Drummond-street home, during the sojourn of the hero of Kandahar in the city.

The great field marshal will reach here on Thursday next, after which he will go to Toronto and Niagara Falls. Some years ago, when Lord Mountstephen occupied the same house, the Royal Standard floated over it, for within its walls were entertained at different occasions the Duke of Connaught and Prince Leopold.

TRAINS COLLIDE FOUR PEOPLE HURT

Rear-end Collision Near Port Arthur Damages Rolling Stock—Passengers Have Lucky Escape.

NORTH BAY, July 18.—(Special.)—The C.P.R. Toronto Express (94), which runs between Winnipeg and Toronto, left Fort William one hour and fifteen minutes late, and was wrecked three miles east of Port Arthur this afternoon at 2:30, colliding head-on with a freight train, the crew of which had evidently forgotten that they were encroaching on the passenger train's time.

Both engines, express, mail, baggage and passenger cars, were badly used up, besides several freight cars, and the loss to rolling stock will be heavy.

Mrs. J. Ritchie of New Liskeard, J. J. Walsh, Toronto, and two employees of the dining car, waiter and cook were painfully injured, but not seriously. Other passengers and trainmen were bruised and shaken, but no serious injuries are reported. Mrs. Ritchie was caught between seats and the limbs lacerated.

The collision occurred in a wild, rocky section, peculiarly adapted by nature for a railway cut, where many sharp curves and lofty cliffs prevent a clear view of the rails for any distance, and only the fact that both trains were running at reduced speed, owing to the recent washout in this locality, prevented a terrible calamity.

Responsibility for the collision must be ascribed to the freight crew whose business it was to keep out of the way of the approaching passenger train.

The list of injuries includes Engineer Morris and Fireman Bowles of Shreiner, the C.P.R. news agent and the dining car waiter.

Train Reaches Toronto. Number 94, the Winnipeg express in the head-on collision near Port Arthur on Saturday, came into the Union Station after midnight. There was no Harry Ellis' ambulances down to meet the train, and the crew of the engine to remove a Mr. McDougall, who had taken sick on the train. He was traveling with his wife from White River and was removed to the Grand Union Hotel.

The band of the 81st Highlanders of London, who were passing through the wrecked express. They had been coming from Calgary. A special train took them back to the Ambitious City last night, and they were expected there to join their regiment at Quebec to-day.

The passengers on the train reported that the pile-up was not a very serious one so far as the passengers were concerned.

Wreck in West Virginia. The Western Maryland Railroad express, from Elkins to Baltimore, was wrecked near here. Eleven passenger were seriously injured.

Belief That Lord Northcliffe is the Principal Owner. NEW YORK, July 19.—The Tribune's London cable says: The future of the Times has been the subject of much irresponsible gossip and conjecture since the failure of Arthur Pearson to obtain control of it. Lord Northcliffe, Lord Cromer and Lord Leconfield have been mentioned as the financial backers, and there have been persistent reports that Lord Northcliffe had also acquired a large share of the property. The last version is probably correct, although no official statement has been made either by Lord Northcliffe or Moberly Bell. There are informal statements from men who ought to know that the which can be regarded as trustworthy. Lord Northcliffe is the largest owner, but has no intention of taking the active management of the paper. This will remain in the hands of Moberly Bell for the present. The editor, George Buckle, is in inferior health and likely to retire. The late Mr. Moneypenny, a veteran member of the staff.

DROWNING AT BARRIE. 14-Year-Old Joseph Rodgers Loses Life While Swimming. BARRIE, July 19.—(Special.)—Joseph Rodgers, the 14-year-old son of J. D. Rodgers, met his death about 7:30 last night while bathing. He and several others went into the water off the Barrie Aquatic Club's boathouse. Rodgers' absence was not noticed until they had completed their bath. The body was recovered after grappling for 20 minutes.

BOY DIES OF LOCKJAW. Stratford Lad Cut Throat in Accident. STRATFORD, July 19.—(Special.)—Suffering all the horrors of lockjaw, James Rosso, the 8-year-old son of Frank Rosso, fruit dealer, died at 9 o'clock this morning.

Young Rosso fell from a wagon last Wednesday, inflicting a long deep gash in his forehead and cutting his tongue. An operation was performed, but blood poisoning set in.

SLAYS THREE CHILDREN THEN POISONS HERSELF

Jealous and Insane Woman's Crime at Buffalo—Kills Family, Then Sends for Mare Paris Green.

BUFFALO, July 19.—Mrs. Isabella Schlen fed her three small children Paris green and then strangled each with a handkerchief to make her work sure. Then she sent to the grocery store for more Paris green, which she took herself. The three children were dead when the murder was discovered, and Mrs. Schlen was dying.

In a statement which Mrs. Schlen made to the police and the medical examiner, she claimed to have been in-law, who she said had caused her much domestic unhappiness.

Just after 4 o'clock Mrs. Schlen ran out into her yard and appeared to she next door neighbor, Mrs. Brown, that she had poisoned her three children and herself. Mrs. Brown rushed into the Schlen yard, and Mrs. Schlen turned back into the house, and met her with a bread knife as the frightened neighbor woman lunged at her. She thrust at the frantic mother madly thrust at Mrs. Brown, who retreated and called for help. Physicians and the police found the three children dead, and the mother under the first effects of the poison.

Frank, the 15-months-old baby, was dead in his cot in the dining-room with a handkerchief stuffed into his throat. Elizabeth, the three-year-old girl, had evidently been killed first, and Mrs. Schlen had taken the five-year-old boy Charles, out of bed from the dead body of his sister and placed him on the floor. Then she lay beside the lad and fed him first the poison dose and then strangled him in his bed.

The crazed woman had no more Paris green left, so she hailed her neighbor's help. While Brown sent him for more Paris green, she returned and hid her house in order while she waited. When the boy returned she took the poison dose and killed her neighbor.

Carbolic May Prove Fatal. NORFOLK, Va., July 19.—W. A. Brown, wife of the rector of St. John's Episcopal Church of this city, and their three-year-old son and eight-months-old daughter, may die as the result of an administration of carbolic acid by Mrs. Brown in a fit of temporary insanity.

MAN DROWNS IN DON-RESCUER'S CALL CLOSE

Michael Foley Perishes While in Swimming—Nearly Causes Drowning of Rescuer.

While taking a solitary swim in the Don River at a point near the old Belt Line station, Michael Foley, a young man of 24 years, who boarded with Harry Horne, 238 Carlton-street, was drowned at 1 o'clock Saturday evening.

John Dupre of Davisville, who was bathing nearby, saw him sink and plunged in to the rescue, but the drowning man grabbed him by the throat, and in order to save his own life Dupre had to shake him off.

The body was recovered by James Lawlor, 15 Trafalgar-street, and James Hall, 36 McCaul-street, who were passing by at the time.

There being absolutely no marks or letters in his pockets which it could be identified, the body was taken to the morgue. Yesterday afternoon R. E. Horne, who had seen in the Sunday World the recovery of the body, went down and identified the victim as a young man who boarded with his father on Carlton-street.

The unfortunate young man had no relatives in the city. A sister residing in Chicago was communicated with yesterday.

Foley had been in the city a year and was employed in McLaren & Spry's picture framing establishment, 130 West Richmond-street. He was of exemplary habits. Undertaker W. K. Murphy has taken charge of the remains.

AUTO STRUCK BY ENGINE SIX PEOPLE ARE KILLED

Ex-Member of Indiana Legislature, Wife, Two Daughters, Girl-Companion and Chauffeur.

WARSAW, Ind., July 18.—Chas. Sherman King of Fort Wayne, Ind., his wife and two daughters, Carl Pimmia, the chauffeur, and Miss Fayna Bradshaw, were killed this evening when the automobile in which they were riding was struck by a train on the Pennsylvania Railroad, west of Columbia City.

Mr. King was agent for the Prudential Life Co. and formerly a member of the Indiana Legislature from Wash County, being chairman of the ways and means committee. He was a member of the Columbia Club at Indianapolis, and was well-known throughout the state.

Mr. King was one of the best known Republicans of Indiana and had taken a prominent part in public affairs. His daughters were aged 12 and 14 years. Miss Bradshaw was 14 years of age and was a neighbor of the King family, whose guest she was to be over Sunday at the King Cottage at Lake Warsaw.

Bodies Scattered Along Track.

The accident happened one-half mile west of Columbia City. The automobile was stopped at a crossing by a freight train and drove on the tracks behind the caboose, the driver failing to see the eastbound Manhattan limited passenger train which was passing at high speed. The machine was wrecked. The six bodies were scattered along the track for 100 feet and all were badly mangled. The skulls were fractured, arms and legs were broken, chests crushed, and the clothing was stripped from the dead. The locomotive of the passenger train was derailed, but was replaced in the tracks without the aid of the wreck train. The daughters of Mr. King were Kathleen, aged 16, and Josephine, aged 12. Miss Bradshaw was 16 years old and was the daughter of Robert Bradshaw, general agent of a savings company at Fort Wayne. She was one of the most beautiful and popular society debutantes of that city.

20 BARTENDERS DISMISSED.

Result of the Campaign of Hotel Spotters.

As a result of a campaign carried on by various hotelmen thruout the city to ascertain the cause of a falling off in their revenue, it is said that upwards of twenty bartenders have been dismissed.

Business had been apparently very dull for some time, but a good many people seemed to be still buying wet goods and lining their inner man as usual. The campaign was carried on from the Licenseholders Association office, and a few spotters employed. Marked money was used and these coins have been found on the gullymen. The downtown hotels were the principal sufferers, the some of the more outlying houses did not wholly escape.

MODEL SCHOOL ENTRANCE.

Results of Recent Exams for Third Class Certificates.

Results of the examination for entrance into the model school are announced as below: This examination forms the academic test of fitness for the new third-class certificates, which are to supersede the district certificates of past years. The certificates and marks will be sent to public school inspectors and high school principals in a week or ten days. Appeals will be made in one specific instance the drinks came to 80 cents, and the bartender remarked, putting the change in his pocket, "that that was a commission for him and was one of the ways he made his money." In another the hotel's portion was \$3.25. The till got the odd quack, and the bartender the lion's share, \$2.

THOUSANDS WATCHING RACE SEE MAN DROWN

Fatal Ending of Marathon Swim of the New Illinois Athletic Club.

CHICAGO, July 19.—One contestant was drowned and half a dozen others were seized with cramps and rescued with difficulty during the first annual "Marathon swim" of the new Illinois Athletic Club, on the Chicago River. The water proved far too cold for the swimmers and only 17 of a field of 60 managed to finish the two-mile course.

A. G. Freese, 55 years old, was seized with cramps and drowned near the Madison street bridge. In view of thousands of spectators, Freese sank after he had covered about two-thirds of the course. He was the oldest contestant at the event and for years has been noted as a distance swimmer at the local beaches.

EUROPE STILL CAUTIOUS.

London's Comment on the Week's Happenings in America.

NEW YORK, July 19.—The Post's London cable says: This market has shown no keen interest in your freight-rate controversy, although sympathies are chiefly with the stand taken by the Pennsylvania Railroad interests. It is considered here that Harrison is committed to an early bond issue, and that for that reason he is anxious to have freight rates raised, so as to have a ready-made market for the new bonds. The daily allusions in cable despatches read here, to American financial personalities, act as a constant reminder of the huge volume of unchanged Wall-street conditions.

The virtual absence of your finance bills in this market means that if the United States raises bond issues you may have power to attract gold from Europe in this market. It is considered here, however, whether you would exercise such a power at that time. There are about \$2,000,000,000 New York City 6 per cent. bonds in circulation, which were sold to the Morgan-National City Bank-First National Syndicate during the week of November 10 to 15, 1907, which mature in the fall. They are, however, a mere fleecy consolation with the huge volume of your produce bills.

There are indications that Europe is standing aloof from the best class of American bonds. Nevertheless, the rise in American shares is still depressed here. Some after displaying marked strength earlier in the week, on important buying by the continent, succumbed to fears of a September issue of short-term government bonds, in connection with the purpose to effect a rapid purchase of Irish land. It is true, this factor may incidentally affect temporarily the market here for high-grade American bonds. Irish land is being sold for 24 per cent. stock to exchange for mortgages yielding 2 1/2 and 4 per cent. on the investment.

The money outlook favors extreme ease in September, when moderate rises are anticipated. But the greatest perplexity is still caused by the weakness in Paris resulting from the enormous quantities of shipments to France, which have been continuing ever since the year opened.

FOR AND ABOUT WOMAN

TRIFLES. Since trifles make the sum of human things, And half our misery from our foolish springs; O let the ungentle spirit learn from hence, A small unkindness is a great offence! —Hannah More.

Serious Woman.

It takes a man to jest. Was a king's jester ever a woman? What great comic play has a woman written? Some look askance at the comic woman actor. Are there many women who compose comic songs? Is it not a woman who is privileged to laugh and grow fat? Why should Mr. Man do all the laughing over stories of the stone age? Stand before a news stand and see if a woman buys any of the comic publications. The poor dear is either waiting for some noble male to tell her the old, old story, or else he has told it and she is more than busy wondering what she will have for his dinner and keeping the baby safe from pins, cramps and other infant ills.

New Colors.

- Cerise. Sulphur. Iris pink. Fog gray. Malachite. Gull gray. Mist gray. Jade green. Lotus blue. Prawn pink. Tarnish blue. Spruce green. Cypress green. Russian violet. Sea holly blue. Ashes of violet. Sunset purple tints. Mordore (reddish brown). Delicate plumage blue. Deep rich lapis lazuli blue. Pimpernel (familiar watermelon) green. Sour brown, which isn't as bad as it sounds. Veronese green, which is really our old friend grasshopper.

Matching Belts.

Belts this summer invariably partake of the color of the costume, or rather of its trimmings, and crushed ribbons, particularly those with thin lines, stripes, are used largely. Sometimes they end in a sash. The two-inch width with a stripe running across makes a good hand belt, tho' a heavier embossed belt also comes in various colors. Many belts are made on the dress and begin at the back with three buttons, and stop short of the front; the intervening spaces being filled in either by a jacket effect or some ornamental device. This style recommends itself to stout persons, as the full girth is not visible at once. Sometimes the belt is made so neatly of the material as not to break the lines of the costume, and gives a princess effect; this is desirable for short persons if their proportions are good. The belt for a slight figure, to be worn with a full blouse, is broad and of a decided color.

In Society.

Mrs. R. Mearns and Miss L. Mearns of 201 Close-avenue have returned home after a visit to friends in Stratford. Mrs. T. A. Mitchell of Avenue-road has gone with her two young daughters to spend two months in Muskoka. Mr. Mitchell with Miss Marie Mitchell will join them the beginning of August. Mr. and Mrs. James Shand and son Jack sailed on Saturday from Montreal by the Allan Line for Scotland and England. Mrs. J. G. Forrester and family of Bryn Mawr College, Pennsylvania, are spending a few weeks with Mrs. T. R. Graves, 691 Church-street. Mr. Forrester will join them later on in the month. Mrs. M. Williamson of Port Hope has returned home from Toronto, after spending a few weeks with her aunt, Mrs. Devaney, 70 Murray-street. The Misses Nita and Rosie O'Hearn of North Church-street left for Ottawa to join their aunt, Mrs. T. J. Bracken, and will spend the summer at Opeongo Lodge, Lake Clear. Mrs. P. H. Sims has returned from St. Andrew's-by-the-Sea. Mrs. Jeany Paul, 896 College-street, and her uncle have gone to Philadelphia to attend the wedding of her cousin, Miss Evelyn Lynnet Paul, daughter of Dr. Walker L. Paul of that city. They propose staying some time in New York and Atlantic City before returning to Toronto. Mrs. William Wallace and family of Dawson-street are spending the summer at Beaver-ton. Mrs. R. Fleming has gone to England and the Continent. Next Friday the dance at Long Branch will be a colonial affair, everyone appearing in powdered hair and

A Modish Over-Waist.

No. 8261. Ladies' Waist. Cut in sizes 32 to 42 inches bust measure. Size 38 will require 2-3/4 yards of 27-inch material. This modish over-bouss is quite simple and extremely becoming. It is designed to slip on over the head, but if preferred, an opening could be made under the centre box-pleat. Deep tucks at the shoulders give a graceful amount of fullness in front, the back is plain, except for slight gathers at the waistline, which are adjusted by a belt of the material stitched to position in the centre of the back, and tied in front. Taffeta, pongee, foulard, broadcloth and voiles are suitable for reproduction. A pattern of this illustration will be mailed to any address on receipt of 10 cents in silver or stamps.

appropriate costume. A particularly delightful time is anticipated. It is to be compulsory for all who wish to dance to be in costume.

Mrs. F. Stewart and family of 553 Church-street are spending the summer at Wasaga Beach, Georgian Bay.

Mrs. Allan Sullivan has gone to visit friends in Quebec. She will take part in the twenty-first anniversary celebration, being a member of the Louis XIV. court scene.

Miss Laura B. McCully, B.A., addressed the Women's Political Club at High Park on Saturday afternoon.

Among the passengers sailing on the express steamship Kaiser Wilhelm II. of the North German Lloyd Line from New York to Europe on July 21 are Mr. Duncan Bell, N. Niemann and D. Weismiller of Toronto.

A TARANTULA BITE.

How the Attack of the Venomous Insect Can Be Cured.

There is a superstition in the tropics that if a person is bitten by a tarantula there is only one salvation from the venom. The sufferer must take violent exercise, and take it continuously, until he falls to the ground exhausted. For this reason a certain dance rhythm in music is called a tarantelle. It is generally written in a two-four measure, and the tempo is exceedingly rapid. It will be easily seen that the ordinary musician must make but few incursions among the tarantelles, because of their technical difficulty. The Liszt Tarantelle in A minor, for example, is work for a virtuoso. Thousands of music-lovers would be glad to hear it more frequently, but while the spirit is willing the fingers are weak—or else stiff. The fingers of the pianist, that wonderful pneumatic piano-player, are neither weak nor stiff. No tarantelle is too rapid for the pianist to play accurately. The whirling scales are beautifully even and as crisp as if they flowed from the fingers of Paderewski or Hofmann.

Yet execution is not the whole of the matter. A tarantelle like every other composition must be properly phrased and played with some appreciation of the spirit of the writer. The Angels of the Angeles, that wonderful pneumatic piano-player, are neither weak nor stiff. No tarantelle is too rapid for the pianist to play accurately. The whirling scales are beautifully even and as crisp as if they flowed from the fingers of Paderewski or Hofmann.

OPEN NOW. PRIVATE LESSONS FOREIGN ACROBATS AT ISLAND. Noted Performers Will be the Free Attractions at Hanlan's This Week.

The management of Hanlan's Point, as is well-known, never overlook an opportunity of securing the best attractions available. For the week they have obtained the famous European acrobats known as Les Theodorovicz. This marvelous company arrived in New York on Thursday last direct from Paris, France, where they have been the sensation at the Grand Circus for a long time. Their act, while conceded to be one of the most graceful of aerial performances, is also noted for being one of the most difficult, and while it is not a thriller which makes people turn away their heads, it is nevertheless one of the most dangerous exhibitions given by aerial artists. Their stay in Toronto is limited to the one week, as they go direct from here to the White City, Chicago, for an extended engagement. This will be their only appearance in Canada. Another feature in the gymnastic line, and one which has not been seen in Toronto before, will be The Bottomley Troupe, who have just concluded a two seasons' engagement at Luna Park, Coney Island, where their sensational flights thru space made millions of spectators marve at their daring and seemingly impossible feats. As all the ferry steamers are now in commission, travel to Hanlan's Point is quickly and easily accomplished.

NOTE AND COMMENT

Isn't it time the Capital Lacrosse Club were brought up with a sharp turn. Saturday's mutinous action at the island, following Taylor's barons...

Looking back over a decade, is it not the same gang of Ottawa sharps that have been riding rough shod over all opposition in Rugby hockey...

Are the N.L.U. officials so chicken-hearted that they fear to expel the Capital Lacrosse Club from the time for action. Yes, the crowd realized on rainchecks, or at least those who reached hockey grounds...

The Capitals looked at the field, did the baby act and declared they could not play. Referee Kearnes should have taken them at their word, given the game to the Teumessahs...

East Toronto may show lacrosse, lawn tennis, quills, baseball or any of the standard games and the people of the town had to become a part and parcel of the city...

Now Brother Chambers is in the limelight. How Garry VanZandt checked when he scored Saturday at the Toronto links by a low from Mr. Sharpe, a member of the rules committee of the Royal Amateur Club of St. Andrews.

The League of the Lower Lakes golf tourney were honored Saturday at the Toronto links by a low from Mr. Sharpe, a member of the rules committee of the Royal Amateur Club of St. Andrews.

Secretary Walter Woodward performed the duties of referee better than any one who has handled a final game for some time.

The home team missed Alf Dunn, their star out-right, his shoulder being a bad shape from the previous Saturday's game.

It was a fast clean game, only a few players penalized for minor offences. Campbell and Adams played a different game to what they did at the Pines.

LONDON, July 18.—If every day on which the Olympic games are held were only Saturday there would be some chance of their proving a success from the point of view of attendance.

The two great grandstands at either end of the stadium, the admission to which is fixed at a shilling, were completely filled with a crowd similar to that which attends football matches on half-holidays.

The covered stands, where the seats are reserved, also held a much larger number of persons than on other previous days, while the royal box, too, was occupied by a large party.

The officials of the Cyclists' Union today allowed the young men to conduct their riders, to start in the 100 kilometres race, for which they yesterday declared he had not qualified.

The only two other events decided, the 500 metres cycling event, and the 500 metres event. Schiller claimed a foul, but the protest was not allowed.

The heavy rain of Friday came at a most opportune time for the St. Margaret's tournament. Except that the courts were a trifle slow they were in perfect condition on Saturday and played truly in every respect.

The Alexandra Yacht Club's race for the West Point Shield will start Saturday from 2.30 to 3 p.m., according to handicapper. A few surprises were sprung, as a hot gale blew from the east.

Capitals Refuse to Play Only An Exhibition Game

Many of the 7000 Saturday at Hanlan's Get Their Money Back--Teumessahs in Exhibition Game, 9 to 1.

The 7000 lacrosse fans who went over to Hanlan's to see the big N. L. U. championship game between the old rivals, Capitals of Ottawa and Charles Querre's Braves, were grievously disappointed. Because of the soggy grounds Clancey's men refused to play a game upon which so much was hanging, and Querre, rather than have the crowd leave the field, agreed the game be an exhibition game only, the a good one. Charlie holds a document, however, signed by Fred Thompson, the N. L. U. president, that the game be played on Island grounds before Sept. 7.

Capitals objected Saturday chiefly because of the mud, caused by the water on hearing the game was to be only an exhibition, Jack Kearns of Arthur and the C. L. A. president, refused to act as referee. So Eddie Baker officiated in his stead. The announcement that those who did not want to stay and see the game could get their money back, and a great portion of the crowd fled out amid calls of "Rotten Capitals." Had it been raining the game would simply have had to be played. The teams: Teumessahs—Goal, Clarke; point, Griffiths; cover, Graydon; defence, field, Pickering, Davidson, Rountree; centre, Pelker; home field, Querre, Murton, Gilbert; outside home, Durkin; inside home, Hutton; goal, Hutton; point, Frange; cover, Brennan; defence, Frange, Shea, Ashford; centre, Starrs; home, Butterworth; Eastwood; delay, outside, Gorman; inside, Taylor. Referee—Eddie Baker. Judge of play—Dr. Knight.

Maitlands Beat Young Toronto. The Maitlands look to have their district nearly clinched. The Young Toronto went over to Cottingham-square Saturday looking to wipe out the defeat the Maitlands handed them at Rosedale a couple of weeks ago. They looked to have a very good chance, strengthened with Bert Brown of Junction-farm and Hunter of Toronto. The Maitlands lined up with a such, nothing the first in a minute. The Maitland home then got working, and the end of the first quarter showed Maitlands 3 to 0. Toronto's home, Maitlands scored three more in the second quarter and two more in the last half. Toronto's score: Maitlands 5, Young Toronto 3. Teams: Maitlands (5)—Goal, Torrey; point, J. Torrey; cover, Hooper; first defence, Glover; second defence, Woodley; centre, Rowland; third home, Wright; second home, Broad; first home, Burton; outside home, Tweedie; inside home, Chapelle.

Wall Street Manipulators Start Another Upward Movement Local Stocks Try to Follow Wall Street.

World Office, Saturday Evening, July 18. Saturday Evening, July 18. In view of the manipulation which started Wall Street stocks into greater activity at the close of last week, it was not surprising that a buoyant market was maintained during the most of this week.

It is not impossible that the trust has so entrenched itself by its huge works, its mineral holdings and its financial position that the directors of the concern believe that declining business can be ameliorated at the expense of its competitors, or that a steady flow of production can be so brought about as not to interfere with any great extent with average profits.

With the publication of the government's statement for the last fiscal year a better aspect is placed upon the financial relations of the United States and Europe than has generally been conceded. The balance of trade during the period established a record rarely attained since 1890.

Abundance of money exists at the principal financial centres. Call money is a drug at London and New York and time money over the end of the year is obtainable at New York for about 3 per cent.

Attempts to form combines for advances in freight rates are not meeting with much success. The time is not opportune for anything of this kind and it is possible that some of the more enlightened railway men see this.

The new explanation of an upward movement in some of the speculative securities in the Canadian exchanges during the week is that large holders took advantage of the scarcity of holders public and outside the exchanges.

It would seem as if the strength in C.P.R. provided an incentive for helping up the prices of many stocks infinitely inferior in point of intrinsic worth. The foreign issues, as usual,

MEMORIAL SERVICE AT ALL SAINTS' CHURCH

Elloquent Tribute by Bishop Reeve to Life Work of Canon Baldwin.

All Saints' Church was thronged at the impressive memorial services held yesterday as a tribute to the long and successful pastorate of the late rector, Rev. Canon Baldwin, M.A. The pulpit, reading desk, and other appropriate portions of the church were suitably draped with black, purple and white crepe.

The morning service was conducted by Rt. Rev. Bishop Reeve, and Rev. H. C. Raymond, assistant minister. An affecting incident was the request by Rev. Mr. Raymond that the names and addresses of sick members of the congregation might be sent to him so that he could take up the work where it had so suddenly fallen from other shoulders.

Bishop Reeve made an eloquent memorial sermon on the text, "Whose image and superscription is this?" St. Luke xx, 24, "Our friend Lazarus has fallen asleep; but he calmly waits for the hour of his resurrection. It was not as if he had been suddenly stricken down at any moment, but he calmly awaited full directions respecting his wishes. The warning against going he felt it to be his duty as chaplain of his regiment to arrange to accompany it to Quebec. Only on last Sunday he was preaching as usual with accustomed vigor and amidst this heroic discharge of duties he was called higher by God for some nobler work. He was called, not to purgatory, but to paradise. Therefore, the congregation should be glad for him."

But the occasion was sad for those who mourned for the face that has vanished and the voice that is still. They had lost a friend. Who would fill his place on the committees where he was so active for the widows and orphans? How many will mourn for him who remembered how he had cheered them in their times of sickness and bereavement? He was a friend whom heart and hand and snow and cold never deterred. His last act to the preacher was to forward a cheque in aid of a distressed clergyman, but so unostentatious was he that no one but God knows how many will at the last rise up and call him blessed.

Bishop Reeve explained that about two weeks ago the late Canon Baldwin asked him to preach at All Saints on the text used in this sermon. How little, said the superintendent, did either of them think that it would be used under such changed circumstances! But in using this text at this time he asks each hearer to make a personal application. Let each look in his or her mirror and ask whose image and superscription is seen? Is it Christ's or the world's? The superintendent said that the late pastor had wrought day in and day out and the ultimate answer would show whether his long pastorate had failed.

A large portrait of the late rector, draped with black crepe, faced the audience from the platform of the large Sunday school room at the afternoon service. The usual class lessons were omitted, and a memorial service held in their place. Mr. Despard, superintendent of the Sunday

School, in the opening address, said: "When we met here last Sunday we little expected the death of our beloved canon. It was only on flower Sunday that he was here expressing his joy that so many were in the class rooms studying the gospel of our Lord."

Teynson's hymn, "Crossing the Bar," was effectively rendered by a choir composed of twelve of the boy scholars.

Rev. H. C. Raymond, the esteemed acting rector, said that their late pastor would not wish the motto to be sad, for he had long watched with anticipation for this call to his heavenly home. Those who knew Canon Baldwin could not find in this world a more trusting and nobler life. All Saints' Church and Sunday school are a monument to his life, grander than any monument of marble, and the fruits of that religious teaching of the children would be his living monument in the years to come.

An eloquent tribute was paid to the late Canon Baldwin at the evening service by Rev. Canon Dixon.

Found Drowned.
SAULT STE. MARIE, Ont., July 19.—(Special.)—A party of men employed on A. F. Bowman's dredge at the government dock found the body of a man floating in the river. The body had been in the water some time, as the exposed flesh was all gone and identification impossible. In the pockets were found an agreement between H. or W. Bedard and the Amour and LaBelle Employment Agency, Susex-street, Ottawa, whereby the man was to work in the Algoma woods. The man was apparently about 50 years old, 5 feet 7 inches high, and dressed in the clothing of a lumberjack.

BIG CROWD WITNESS FINE FOOTBALL GAME

Little York Are Still Champions—Gruesome Find in Scarborough—County Notes.

WEST TORONTO, July 19.—The Socialists in West Toronto are having their own troubles. Saturday evening a few speakers gathered at the corner of Keele and Dundas-streets and were making great impressions on the crowds listening, when the meeting was interrupted by several members of the Industrial Workers of the World, who objected to some of the statements regarding wages made by the Socialist speakers. A dispute arose, and the arguments became so heated that the police stopped the meeting altogether and dispersed the crowd.

Interesting addresses were given today at the Annette-street Baptist Church, by James Moses, a missionary on the Tibetan West, for over 15 years. "Tibet is still a closed land," said he, "as far as the gospel is concerned. The religion is Buddhism. The people are a priest-ridden, nomadic race, and very superstitious, and on this account are very hard to reach."

One of the oldest residents of this city is Elias Wilds of 51 May-street, who has just received a life pension from the C. P. R. after being continuously in the company's employ for nearly 15 years.

At the meeting of the city council to-morrow evening, the artesian water question will be again discussed. The matter has taken up so much time and attention recently, without any definite results, that it is the intention of the council to discuss the question to a climax to-morrow evening.

There are 52 cars of stock in the Union Stock Yards for to-morrow's market.

In the West Toronto league games Saturday the All Stars defeated the comfort soap works in a close and exciting game by 5 to 3. Batteries for All Stars, Bolton and Carr; for soap works, Gwine and Lister. Both pitchers done grandly, Bolton getting the better support.

In the second game Davenport Stars and Bankers went five innings, when a close game was played. The game was given against the Stars. They left the field, refusing to finish the game. Batteries for Davenport, Shurtleff and Lavell; for Bankers, Gwynne and Hilday. Umpire, Jim Mahoney. Attendance 200.

LADIES HOLD RALLY.
York County Women's Institute Held Annual Picnic in High Park.

The York County Women's Institute "rally," held at High Park, was attended by over three hundred. After the luncheon Mrs. Farrand of Woodbine, president of the institute, presided, which was opened by singing "The Maple Leaf." Short addresses were given by members of the institute. Among the lecturers were Mrs. G. H. Mills, Ella, Thistlesdown and West Toronto. Miss Bertha Duncan, a member of West Toronto Institute, and the returned from a trip in connection with the "summer series" of institute meetings, spoke on the work, as viewed from a lecturer's standpoint. She also suggested topics for a varied program, speaking briefly on some of the subjects.

Mrs. Cooper spoke of the progress that has been made in the branch at Thornhill, of which she is president. The meetings are well attended and generally successful.

Mrs. H. Thompson, secretary of the Agincourt Institute, gave a good report of that branch. She also mentioned the work mapped out for the coming year, in which excellent topics are being considered.

Mrs. Doan of Newmarket, district president, told of the work done there. As yet the women's institute was in its infancy in that district. The first institute organized in North York was only two years old. There are now four branches with a total membership of about 150.

Miss Libby Duncan, secretary of West York, reported of the work done in the district during the past year. The institute was organized in West York two years ago. There are now nine branches in the district. The membership for last year was about 80. Over 60 meetings were held during the year with a total attendance of about 2000. The addresses given numbered 84, and the subjects were interesting, entertaining and instructive.

Miss Lulu Reynolds, secretary of East York, said that they were going at the work slowly and steadily. They have been organized for ten years, and have six branches, and about 250 members. She spoke particularly of the program of the Agincourt branch, of which she is a member. The meetings of that institute are held in the homes, and are most successful. Frequently the attendances at the meetings are large, and the work has been a decided success, and all are looking forward to another next year.

NORTH TORONTO.
Little Interest in By-laws—Fine Time at St. Catharine's Garden Party.

NORTH TORONTO, July 19.—Next Saturday the members of the North York town will be called upon to vote on two money by-laws, one for \$500, for the purpose of building a firehall, and to install a fire alarm system; the other for \$2000, to make up the loss on the sale of debentures. It is conceded that the latter by-law will carry, for it does not do so large a sum to be made up in this year's taxes, which would mean an additional one and one-quarter cent on the dollar.

For the purpose of discussing these two by-laws Mayor Fisher called a public meeting for last Saturday night, but it seems very little interest is tak-

en in the matter, as only 26 ratepayers presented themselves, including the mayor, two councilors, three civil officials and a couple of reporters.

Mayor Fisher presided over the meeting and explained that he was ordered by the council to call the mass meeting, and gave a general outline of the purpose of the two by-laws.

The Councillor Irwin, the father of the firehall debenture by-law, explained that the proposal was to erect a firehall at rear of the town hall, string wires and plant about 300 poles over the town and to install about 25 alarm boxes. This would mean about eight miles of wiring. If the by-law carries the hall will be built, a man will reside in the hall, and a horse, hose and hose reel will be the necessary requirements. The fire department will be purely voluntary and no salary will be attached to any member of the same. Gongs will be placed at different parts of the town, and where practical steam whistles will be installed.

Town Solicitor T. A. Gibson explained the by-laws and urged the passage of same.

Councillor Parke favored the plan, as it would only entail an annual expense of 45 cents on every \$1000 assessments.

Councillor Howe also favored the by-laws.

D. D. Reid favored a more elaborate system instead of "a one-horse affair," and suggested to add a couple of thousand dollars to the by-law and make it a "two-horse affair."

Herbert H. Ball (James Legit, A. J. Brown and John Reid also spoke briefly, the latter stating that if the money spent on the roads more good would result.

St. Catharine's garden party at Leaside is usually one of the most enjoyable events of the summer, and its recurrence on Saturday did not detract from its reputation. Upwards of 500 were present during the afternoon, and the pleasures provided by the active members of the church, on the pretty grounds surrounding the building. An orchestra, supplied by the members of the church, gave excellent entertainment between the various other events. Among those present were: Rev. T. W. Paterson and Rev. H. H. Brown (Christ Church, Deer Park), Rev. G. I. B. Johnston, Scarborough, and C. Clarke, the student in charge.

Music was conducted by Mr. Van Valkenberg, and altogether the innovation is likely to be popular during the heated term.

TALLY-HO DRIVER KILLED.
Wheel Jarred at Car Tracks and Threw Him Under Wheels.

GUELPH, July 19.—(Special.)—Fred Anderson, a driver for Hooper's livery stable, was killed almost instantly while driving a tally-ho load of printers to Puelish Lake, where they were to meet the printers of Galt. Anderson was about 37 years of age, and a resident for 7 years. It was in front of Ald. McAteer's residence, Waterloo-street, that the front wheels caught in an open switch on the car tracks, which at this point are not protected by planking of any kind. Anderson, who was heavily laden, reached the dashboard, was thrown out. The wheels ran over his legs and the hind wheels over his body. A doctor could not be secured for nearly half an hour. Anderson died at 5 o'clock, about an hour after the accident. He has a sister-in-law living here and some other relatives in Toronto.

CYCLONE IN OXFORD.
Great Damage to Crops From Wind, Rain and Hail.

INGERSOLL, July 18.—(Special.)—A cyclone accompanied by a terrific hail storm passed over a small section of North Oxford Township early this morning, causing thousands of dollars' damage to the crops, leveling trees and breaking hundreds of panes of glass on the south side of buildings. The storm is described as being typical of those experienced in some parts of the west.

The wind came with a roar from the south and the storm burst with all its fury in the part of the township adjoining this town. Several farmers' wheat farms were deluged, suffered heavy losses. Their crops were either cut down or pouged into the ground by the force of the wind. There was also a perfect deluge of rain, many of the fields being completely submerged.

On the farm of Jas. Comiskey the entire flock of geese were killed by the hailstones. Rising to close the bedroom window S. J. Prouse picked up a hailstone measuring an inch and a half in length. The cyclone lasted for about 20 minutes and took a southwesterly course.

Killed at Guelph.
GUELPH, July 18.—This afternoon Fred Anderson, an employe at Hooper's livery stable, while driving a four-horse tally-ho with a party of printers to play baseball at Puelish Lake with the Galt printers, was killed from his seat, and both the front and hind wheels ran over him, injuring him so badly that he died within a short time. His mother is a resident of Wyoming, Ont.

L'AMAROUX.
Popular Young Organist Kindly Remembered by Choir and Congregation.

L'AMAROUX, July 18.—A social event and presentation at once delightful and well merited was the gathering at the "Poplars," the beautiful home of Mr. and Mrs. Alfred Mason, on Friday evening of the congregation and members of the choir of St. Paul's Anglican Church, when Miss Edith was made the recipient of a kindly reminder. Miss Mason has been untiring in the position of organist of the church, where she has rendered most efficient aid. On behalf of the congregation and choir, Rev. Mr. Fenning read the address at the same time making the presentation, that of the former being a dozen pearl handled knives and forks, and the latter a dozen silver fruit knives. Mr. Mason replied on behalf of his daughter in a few well chosen words, after which refreshments were served and a pleasant evening spent.

The address from the congregation was:

Dear Miss Mason—We, the members and friends of St. Paul's Church, take this opportunity to express to you our fullest appreciation of your faithful and self-sacrificing services to us and the church.

We have always found you willing to help, not only as organist, but in any other way that was for the advancement of the church.

And as a memento we ask you to accept this case, not for its value, but as a remembrance of our regard and esteem.

We also add to this our best wishes for your happiness and prosperity in all your future life, wishing you many happy returns of the day.

Signed on behalf of the church,
Rev. James E. Fenning, Rector.

That from the members of the choir was as follows:

Dear Edith—We, the members of the choir, have felt it our duty and the duty of our approval of your kindness to us. We take the opportunity of expressing our gratitude towards you, which we have always found you willing to set, which we ask you accept, not for its intrinsic value so much, but as a mark of friendship, a something that will be remembered affectionately than words, and will serve as a reminder that your efforts were appreciated by us.

Signed on behalf of the choir,
M. A. Armstrong.

UNUSUAL

IT'S a rare thing to see three piece suits advertised by this store for six ninety-five. Our reputation for keeping the better class of men's clothes makes such a price, under ordinary circumstances, impossible. But this is not an ordinary circumstance; just ten days before stocktaking we find eighty 3-piece suits that we'd rather sell at this price than take into stock for dollars more—because they are few of them alike, with only eighty all told, the price range and the size range were large—to-morrow, we forget the price range and offer all for one price—

80 Men's Three-piece Imported Tweed and Worsted Suits, consisting of light and dark grey mixtures, two-tone brown effects, stripe and broken check patterns, showing colored intermixtures. The materials are smoothly finished and of reasonable weight, especially adapted for dress or business wear. The coat is the latest sack style, with three buttons and well tailored, with best linings and trimmings. Sizes 35 to 44. On sale Tuesday **\$6.95**
